WILKIE WILL VISIT LONDON TO COLLECT HIS OWN VIEWS

1940 CANDIDATE BACKS EXECUTIVE BRITISH AID PLAN

NEW YORK, Jan. 13 (AP)—Wendell Willkie, Republican presidential candidate, today declared in a speech at Tulsa, Okla., Saturday night, he did not believe the United States security depended on British victory, even though he favored all aid to Britain during the war. In his statement yesterday, Willkie said he "retorted the statement that our national security is not involved in a British defeat. The difference between a British defeat or victory is not only military but economic."

Wrote Willkie, "Rep. Kenneth F. Simpson, former chairman of the New York county Republican committee, said he agreed with Willkie's 'fine analysis of domestic and international conditions.'"

Willkie said the grant of power to the President proposed in the bill was necessary to democracy. He urged, however, a time limit be set on the President's extraordinary powers, that he be elected by Congress, and that Congress retain the fundamental power to declare war.

He said he had been sincere in charging during the recent political campaign that Mr. Roosevelt's reelection would justify democracy, and he said that many of Mr. Roosevelt's acts since the election had borne out the charge.

"The People Choose"

"Yet the people choose the administration and we must abide by that choice," he said. "We must not fall into the fallacy of depriving it of powers necessary to defend us in order to preserve the mere forms of democratic procedure. We must give it the power to act in this emergency, while at the same time assuring that the emergency amendments of a reversion of that power to us after the emergency is over."

Willkie, 1940 Republican presidential candidate, said he had obtained permission from the state department to go to England by Pan-American Airways, and would not represent anyone but himself. He said he knew none of the leading British officials but expected to confer with "most important men who are willing to see me." He plans to stay about two weeks.

WHEELER TO AID BATTLE ON FDR

WASHINGTON, Jan. 13 (AP)—Congressional opponents of President Roosevelt's bill for all-out aid to Great Britain, today announced that C. Wheeler, D. Mont., today to be co-leader of their bi-partisan strategy group.

At a meeting planned for early this week, they will name a Republican—either Sen. Robert A. Taft of Ohio, or Sen. Arthur W. Capper of Michigan—to help Wheeler lead the bill against the bill they charge is equal to a "declaration of war" and a "disfranchisement of the United States." Their first objective will be to limit drastically the powers to be granted the President.

Organization of the opposition group is similar to the one set up in 1937 to fight Mr. Roosevelt's proposal to reorganize the supreme court. Wheeler directed the strategy then, too.

Hoover Has Real Idaho Spud, All as Result of Potato Bet

Ex-President Herbert Hoover enjoyed a real "Idaho baker" the latter part of December while stopping at the Waldorf-Astoria hotel in New York City, thanks to the cooperation of the hotel manager, the general counsel for the American Bankers association and a Twin Falls banker, it was learned this afternoon.

The series of events which finally resulted in Hoover having the best Idaho potato available from the Magic Valley section started last Nov. 12. On that date Delos J. Needham, Washington, D. C., general counsel for the bankers' association, wrote Roy Painter, of the Fidelity National bank in Twin Falls, urging him aid in setting up a little argument.

Potato Argument

"Some time ago in New York I had an argument with the manager of the Waldorf hotel about Idaho potatoes," the Washington banker-lawyer wrote. "The potatoes they had were very small, although they were done up in a wrapper which indicated they were from Idaho. The only place you can get a real Idaho is on the Northern Pacific railroad. As I understand, they don't accept any potatoes unless each and every one weighs two pounds."

"As the manager of the Waldorf hotel is a good friend of mine his as well as mine, ordinary quality, and we will have to trouble in finding plants that will weigh two pounds."

Mr. Needham answered this letter by sending the addresses of four men, including himself, to which the "big" potatoes were to be sent. One was Renee Black, the hotel manager, while the other two, in addition to Needham, were bankers in Boston, Mass., and Bucyrus, O.

Best Best Rise

Through a local dealer the potatoes were delivered to the hotel in great quantities, including a regular gift box which Painter sent to Needham and of which Painter wrote:

Traffic Crashes Cost Each Idaho Resident \$14.48

BOISE, Jan. 13 (AP)—The state department of law enforcement reported today Idaho traffic accidents cost \$1,000,000 during 1940.

On a basis of population, the accidents cost \$14.48 per person each year, the report said. The cost equaled 101 per cent of the state's potato crop, or 83 per cent of the income from sheep and lamb production.

Compared with other states, the report showed Idaho was far behind other western states in the number of officers available for highway patrol work. The ratio was one officer for every 142 miles of highway, while in one state for each 28 miles, Oregon one for each 64.5 miles.

HOUSING PROJECT SURVEY PLANNED

Possibly that all residents in the section of Twin Falls near the proposed site of the low-income housing program sponsored by the Twin Falls housing authority would be contacted personally and their views learned as to whether or not they wanted the project to go through in that section, was seen this afternoon.

Officials of the authority announced that more than 20 persons who signed protest petitions which were presented to the city council at session last Monday, and a week prior to that, have since come to the housing office in the Orpheum building and have announced that they are not now against the project but are willing to sign a petition asking that the council reverse its action of this week. Last week councilmen turned down the proposal which would have seen the annexation of 20 acres of land to the city for use in the low-income project, after more than 100 persons had signed petitions against the move.

Survey Area

Officials of the housing authority pointed out that the survey, made by a disinterested person or persons, would be made in that area between Kimberly road and Sixth avenue east and Locust street and Blue Lakes boulevard. These residents, who would be next to the project and therefore, should be the first ones contacted.

When the building project goes through, whether in that section of the city or in some other section, it will contain approximately 56 homes in one zone plus 20 on property near the old baseball park area, one of which would be torn down and destroyed.

Plan Specific Name

Whoever erect it would be given a specific name such as Harmon park court, Magic City court, Magic Valley courts, Eastside homes, Locust street courts or William E. Borah courts.

If the door-to-door canvass is made in the district mentioned and the results show a majority of the actual property owners—100, renters—to be in favor of it, the city council could, of course, reverse its decision last Monday and permit the 20-acre plot to be admitted to the city. That would pave the way for the project which would see \$331,000 expended, mostly among local persons.

BEER AND LIQUOR BRING IN \$32,196

Beer licenses and the apportionment of state liquor commission funds brought \$2,100.41 during 1940 in Twin Falls county and in cities and villages, according to a summary issued today by Jess Parsons, county auditor.

The beer license revenue to the county was \$4,781.25. The county's general fund share of state liquor money apportionment was \$12,707.58. And cities and villages shared another \$13,707.58 from that state source.

In addition, incorporated towns selling their own municipal beer licenses received additional revenue.

State Paralysis Head Urges Record-Smashing 1941 Drive

Mrs. John E. Hayes, Idaho state chairman of the 1941 "Fight Infantile Paralysis" campaign, which opened today and will close Jan. 30 with the birthday of the President, appealed for a record-smashing drive against the crippling disease which this year struck down thousands of men, women and children in the United States.

With 6,855 cases reported by the nation by the United States public health service during the first 50 weeks of 1940, the chairman declared that every county must put forth its fullest effort to combat this ignominious enemy.

44 Chairmen

Forty-four county chairmen have been appointed in the state, and they in turn have appointed local chairmen for each village and town in each county to assist in the President's birthday balls, boxing matches, basketball games, concerts, plays, socials and country dances in rural school houses, planned to raise funds.

In conjunction with a "march of dimes" campaign is being conducted, coin collectors placed in public places, stores, picture theatres, amusement halls, postoffices, railroad stations, Home Benevolent parties are planned everywhere under the direction of the woman's activity chairman.

Half for Local Use

One-half of all funds remains in the county where collected. Funds are used for treatment of the paralytic victims, braces, hospitalization, transportation, to War in Springs sanitarium. Two patients from Idaho were sent there last year.

AUCTIONEERS TRY FOR LAW CHANGE

Inaugurating a drive to secure changes in state laws regarding auctioneering, Twin Falls auctioneers today had called a statewide meeting at Boise for 10 a. m., Sunday, Jan. 19.

Col. Roy E. Hopkins, Bull, Idaho, secretary, said the Magic Valley auctioneers met in Twin Falls Jan. 9 and decided to attempt to organize all auctioneers of the state.

The Jan. 19 meeting at Boise will be held at the Osborne hotel. Purpose is to perfect organization of an Idaho association.

Power Company Tries Again

Because of widespread public interest in the controversy which arose over the Idaho Power company's proposal to build generating plants on several springs in Snake river canyon a year ago, special attention should be called to the fact the company has again filed on the power sites in question—Box canyon, Crystal springs and Niagara springs.

As a result of opposition, the power company held its original plans in abeyance. Many sportsmen and nature lovers fought the development of these springs as previously planned because they believed such construction would amount to needless destruction.

The opponents pointed out that it is time for people of this vicinity to begin thinking about the conservation of the few remaining beauty spots along Snake river, these springs in question included. They expressed doubt as to whether the additional power was actually needed by the company. They criticized the exploitation of smaller springs when power is available in much greater amounts at other locations having little value as scenic attractions.

The Idaho Evening Times and Twin Falls News took an active part in this opposition and as a result of the combined objections, many protests were filed with the state department of reclamation. A number of sportsmen's organizations, the Twin Falls county planning board and scores of individuals were included among those making protest.

Now, after extensive engineering studies, the Idaho Power company believes these same springs may be developed in such a way as to answer all previous objections. The new plans for Box canyon, around which centered most of the opposition, are widely different from the original specifications which gave no consideration for the surroundings of this natural beauty spot.

Before, the power company would have diverted most of the water from Box canyon and dumped it into the river through a power plant which would have been located beyond the mouth of the harnessed stream. One of the finest stretches of fly fishing water in this vicinity would have been ruined and a natural alcove of rugged grandeur cluttered up with a mass of power development construction and equipment.

Now the power company proposes to locate its plant in Box canyon proper, several hundred feet back from the mouth of the stream, so that water diverted from the head of the canyon will be returned to its normal stream bed where it may continue its natural flow into Snake river. Not only that. The power plant will be built behind a natural ridge which will hide most of the building from view. Most of the connecting flume from Banbury springs will be buried underground. And company engineers promise that every effort will be made to keep the entire layout as inconspicuous as possible.

If the power company will fulfill these promises, the Times and News can see no serious objection to the development of Box canyon. The revision of plans is proof in itself that indiscriminate destruction of natural beauty is not always necessary, and the sparing of Box canyon removes our principal cause for protest.

In the event the general public should disagree, however, or there is any other reason for opposing the development of these three springs, the Times and News call attention to the fact that new applications to develop these power sites were filed Dec. 31. Law provides a period of 40 days in which protests may be filed. If protests are made, the state department of reclamation must have a hearing before granting any permits. If not, the permits could be granted automatically.

If any event, the Times and News will watch closely all developments in this connection so as to keep the public advised.

Washington, Jan. 15.—Shakeup of the whole government youth program is expected soon. Out of it will come a merging of the civilian conservation corps and the national youth administration into one agency.

Both Aubrey Williams, head of N. Y. A., and J. J. McEntee, head of C. C. G., may be replaced, though who will head the new agency is not known.

Parallels between the work of C. C. G. and N. Y. A. are obvious. C. C. G. has approximately 1,250 camps, in which 200,000 enrollees are getting training for life.

Both men have been in the military. Some of the boys are eligible for C. C. G. and N. Y. A. programs.

Views in Verse

POETRY OF TIME The December days are gone. The year is stored away. But like a family album, We'll take it up someday...

Readers of "Views in Verse" have met Daniel B. Straley several times through his verse. Today we give you further production to Mr. Straley, a native of York county, Penn., and a graduate of Washington and Lee university, Va., 1912, with further study at Harvard college, he is a member of the Virginia and Indiana bars. He practiced law in Indiana for 18 years, amounting to last eight years ago, and since then has devoted nearly all of his time to writing. It has been working two years on a history which is not yet finished. Some of his verse has appeared in anthologies, American and English, and in various newspapers and magazines in the United States and Canada. He prefers the out-of-doors; plays golf, and is very partial to old books; preferably first editions.

Andy Harrington Purchase Points to Club Rebuilding

Tie-up Plans Next on Program Here

The drive to lift the Twin Falls Cowboys out of the Pioneer league cellar during the 1941 season was definitely underway today as President Frank Magel announced the purchase of Andy Harrington, most popular manager in the league, from the Boise team. The deal, long reported to be hanging fire, was completed Saturday night and the new top wrangler for the Cowboys was reported ready to step into the saddle here immediately.

Cowboy's Top Wrangler

MANAGER ANDY HARRINGTON

Business Manager Carl Anderson, today announced that the deal was a "straight cash transaction" and that no other players were involved in the bargain. While no price was reported, it was claimed at Boise that the sum was somewhere between \$10,000 and \$15,000.

Gets Young Ball Players

In leaving Boise, Harrington bids goodbye to a crew of veteran ball players to take over a group of youngsters who will probably form the nucleus of the 1941 Cowboy gang. He will have a string of seven good men to start the season with from last year's team. To them he will have to add the other players—probably mostly pitchers.

Returning he has Tommy Bell, Verne Reynolds and Bill Randall, pitchers; Ed Hagan, catcher; Ed March, shortstop; John Americh; second baseman Ernie Bishop; and pitcher Art Carpenter.

Bishop Will Go

Arrival of Harrington on the job here will see the end of Ernie Bishop as manager of the Twin Falls Cowboys. Harrington and Bishop were generally rated as the class of the second basemen in the league for the past two years. Neither are great hitters, but they are both great fielders. Bishop was leading the second basemen of the league at that post with a seasonal average of .38, while Bishop was second among the pitchers.

Harrington stated, on being informed of his sale to the Cowboys: "I'm more than happy to have an opportunity to manage a club in the best town I know—Twin Falls."

Noted as one of the most fiery coaches in the league, Harrington nevertheless was a favorite around the circuit and his Boise team were always one of the better drawing cards.

Next Move is Tie-up

With the purchase of the new manager, the next move for the local organization is to secure a full tie-up or a working agreement with an outside baseball firm and this may be worked out this week when R. C. Torrey, vice-president of the Boise team, is scheduled for a visit here.

Seattle had an indirect tie-up with the Cowboys the first two years of the league but with the better players stopping off at Spokane last year, there wasn't much success with the arrangement. This year a tie-up is made this year with the chances are there will be a stipulation on the "minimum" team gets the cream of the talent.

Jerome Trims Gooding to Annex Title

KING HILL, Jan. 13 (Special)—Following the hope that they were scheduled to win, the Jerome Jaycees today had annexed the annual King Hill outlaw tournament championship.

The Jerome club, member of the Snake Valley Outlaw League, triumphed Gooding Jaycees, a brother league team, by a score of 31-17 in the championship contest.

Jerome gained the flank by downing Wendell, defending champion, by a score of 27-24 in the semi-final, after trimming Bliss earlier in the day by a 35-17 score. Gooding got to the championship game by downing Mountain Home 42-38 in the semi-final and trimming Bliss and Wendell in earlier games.

In the preliminary to the championship game, Cliff Perry edged King Hill in a close high school battle, 15-13.

Results of other games during Saturday's play follow:

Camas 25-10, King Hill 22, Jerome Jaycees 30, Bliss 17, Mountain Home 35, Clenna Ferry 41.

Fairfield town team 84, Camas 25-10, Clenna Ferry 41, Mountain Home 35, Clenna Ferry 41.

Gooding 46, Wendell 35.

More than 100 Canadian training camp and a record number of about half the 800 required are expected.

Three Tie for 1st Place in Oakland Meet

OAKLAND, Calif., Jan. 13 (UP)—The first three prizes of \$1,200, \$750 and \$500 in the 45,000 Oakland open golf tournament will be awarded today after the 18-hole playoff between Ben Hogan of New York, Dutch Harrison of Little Rock, Ark., and Leonard Dodson of Kansas City.

Hogan, who set a new P. O. A. competitive record with a spectacular eight under par 62 Saturday, had a wide-open chance to take the \$1,200 top money yesterday but missed a two-foot putt on the 18th green to slide into a tie with Harrison and Dodson with a total of 218 for the 72 holes, four strokes under par.

None Better Par

None of the three bettered par in yesterday's final round. Hogan, who turned in a 72, two over par; Harrison made a 73, while Dodson carded a 70.

Fourth money of \$450 went to Harry Cooper with 77. Frank Fry, home course pro, and Jimmy Hines registered even par 280's and collected \$100 each.

Bud Ward of Spokane, former national amateur champion, was low amateur with 282. He tied with professionals Jimmy Demaret, Jack McSpuden and Fred Wood of Vancouver, B. C.

Score 283's

The 283's were Denny Shute, Claude Harmon, Orlando Fife, Paul Struan, and Herman Kiser. Kiser in O. Ted at 284 were George Schneider, Ogden, Utah, and Jim Walkup, Odessa, Tex.; Lawrence Little and John McLaughlin, Ind. 285.

Sam Snead in 10th place at start of the final round at 211, completed of illness yesterday, a high hole and tore up his card.

Cassia Quintet Edges Broncos By One Point

BURLEY, Jan. 13 (Special)—Coach Rulon Budge's Burley Broncos today won a close battle with the Cassia Quintet here Saturday as they came from behind to turn back the Broncos and thereby end the four of the eastern Idaho quintet on a four one.

The game was the second in a row lost by the Cassia club by a one-point margin. They dropped the Saturday encounter by a 23-28 count, but they were beaten by the Cassia club by a 23-24 score.

Saturday's game here saw the visitors ahead 13-0 at the quarter, but the count tied 11-11 at the half. Third frame found the Bobcats in front by a 23-22 margin. The lead changed hands on every point of the final frame, but when the game ended the Bobcats were in front.

Montana state college, turned in an outstanding defensive game for the winners. Roberts, Burley sophomore, won high point man with 13 points, the same number scored by Johnson for the invaders.

Preliminary saw the Declo first team lose to the Burley juniors by a 26-15 count. Woods was high scorer for the winning club with seven points, while Haxton got four to lead Declo.

White Sox Look Weak—But They Always Surprise

BY GEORGE KIRKSEY

NEW YORK, Jan. 13 (UP)—The Chicago White Sox are always one of the hardest clubs in the majors to dope. Nobody ever expects much out of them but they usually have a surprise in store when the payoff comes.

The 1941 outfit runs true to form. It doesn't look too impressive on paper. On the material at hand it seems doubtful the White Sox can equal their 1940 record when they won 82 games, lost 72 and tied with the Red Sox for fourth place.

Lou Salica Defends Title in Bout With Tommy Forte

PHILADELPHIA, Jan. 13 (UP)—Lou Salica of Brooklyn defended his world bantamweight championship against Tommy Forte of Philadelphia at the arena tonight in this city's first title bout since Gene Tunney won the heavyweight championship from Jack Dempsey in 1926.

Salica was an early 2-to-1 favorite but he was a slow money taker and the odds to 8 to 1 for the roundout.

Salica scored a 10-round decision over Forte in a non-title bout here last October.

HERE and THERE in the SPORTS WORLD

(By United Press)

Andy Harrington, who has had considerable success managing the Boise team in the Pioneer League, will be named to manage the Twin Falls entry in the Pioneer League. He will be in charge of the team for weeks to purchase Harrington, who piloted the Boise club to third place in 1939, and to second place in the Pacific coast pro title at Oakland, a second baseman, played several years in the Pacific coast league. He plans to be a playing manager at Twin Falls.

Nova Manager Wants Bout With Conn

NEW YORK, Jan. 13 (UP)—Promoter Mike Jacobs, still side-stepping the Nova-Conn heavyweight challengers' match that he and public demand, went into another little today with Ray Carlen, Nova's manager.

Carlen, rejected last night a little bit between Lou and Champion Joe Louis at Madison Square Garden in March.

Carlen said, "Nova is not a member of Louis' fight—only a club. Nova wants to meet Louis in a big outdoor fight at Yankee stadium in June. He doesn't want to fight Louis for peanuts in the Garden."

Promoter Jacobs offered Nova the indoor March fight with Louis because he is in the Garden.

Carlen's demands for a challengers' battle with Billy Conn, Jacobs explained again that a Nova-Conn battle is impossible because Conn is supposed to fight Louis for the heavyweight title in June. Jacobs insisted Lou cannot break that Conn-Louis contract.

Carlen is not impressed by the Conn-Louis contract. Carlen insists that Jacobs and Conn's manager, Johnny Ray, guaranteed that if Nova beat Pat Combs, he would be given a challengers' bout with Conn.

Burley Youths Lead Albion Normal to Win

ALBION, Jan. 13 (Special)—The worst fears of southern Idaho Albion Normal fans that the Panthers might present a weak basketball team this year, were proved to be unfounded on Saturday night.

For Coach Orville Hill's eagles started in their 1941 campaign by upsetting the invading Weber college five of Ogden by a score of 45-43 in a game that was featured by the work of two former Burley high school students.

One was Ernie Millard, veteran center on Bobcat five; the other was Glenn Cannell, who had no high school basketball experience.

Weber held a 21-17 advantage at the intermission, but the Panthers struck hard in the second half to come out on top at 34-27 and Cannell held the scoring pad. Scoring honors went to Millard, who got 12 points, but Cannell, who went in as substitute, stole the show by making nine counters in first game. Williams, Albion forward, was right in the mix with the leaders, scoring points.

Next man for Weber was DeVries, Cannell (9), Wisniewski (2). Hiller struck hard in the second half to come out on top at 34-27 and Cannell held the scoring pad. Scoring honors went to Millard, who got 12 points, but Cannell, who went in as substitute, stole the show by making nine counters in first game. Williams, Albion forward, was right in the mix with the leaders, scoring points.

21 Contests Slated In Class B Ranks; Pirates Meet Bruins

For fans who follow the maple courts around the south central Idaho district, there is a cage game most any night in almost any town this week.

Shifting from their set policy of playing most of their engagements on Tuesday and Friday nights, high school quintets of the area have spread out to include four days in the middle of the week.

However, with all these games, there won't be a Class A game on Tuesday for the first time in many years for this late in January. One contest, Bliss vs. Oakley, had been scheduled, but was postponed after death of Ed G. Wheeler, Bluff gridiron coach.

Filer Invades Burley

In Class A ranks on other days, Filer invades Burley on Wednesday, Rupert goes to American Falls on Thursday and on Friday Gooding tackles Bliss, Filer goes to Jerome and Rupert comes to Twin Falls. Oakley meets Declo in an inter-classification contest.

Class B schedule is heavy this week, with a total of 21 double headers scheduled during Tuesday, Wednesday and Friday.

Tuesday Play

Tuesday finds Heyburn at Albion, Mountain Home at Clenna Ferry, Eden at Paul, Hagerman at Wendell, Holter at Hanger, Murrough en-tertaining Gooding and Hazelton tackling the Kimberly Bulldogs.

On Wednesday Acqua invades Declo for the lone game of the evening.

Friday finds Heyburn at Albion, Mountain Home at Clenna Ferry, Eden at Paul, Hagerman at Wendell, Holter at Hanger, Murrough entertaining Gooding and Hazelton tackling the Kimberly Bulldogs.

On Wednesday Acqua invades Declo for the lone game of the evening.

Albion Boxers Meet Rupert Foes Tonight

RUPERT, Jan. 13 (Special)—Albion Normal school boxers will invade the Rupert Civic auditorium here tonight to meet the Rupert Athletic club battlers in a series of seven bouts.

The show will get under way at 8:30 p. m., with the following bouts listed on the card (Albion, lighter named first):

Jack Boden, 122, vs. Gene Dick, 120.

Arvid Ward, 135, vs. Bergen Scott, 135.

Kenneth Merritt, 135, vs. Mike Agrillo, 135.

Kelli Wilson, 135, vs. Trent Hayden, 135.

Carl Richardson, 147, vs. Bill Awe, 147.

Moore May, 158, vs. Angelo Del Nargo, 158.

Al Harshbarger, 160, vs. Sleepy Hardy, 160.

Declo Cagers Win Over Malta Club

DECLO, Jan. 13 (Special)—Declo high school basketball team edged Malta here Friday in a hard-fought battle. The final score was 28-27 after the home club had led 15-10 at the half.

Pickett was high point man with eight counters for Declo.

CENTRALIZED FEDERAL MEDIATION SERVICE PROPOSED

OUTLAWING FOR STRIKES OPPOSED BY NLRB LEADER

WASHINGTON, Jan. 13 (Special)—National labor relations board member William M. Leiserson today suggested a new defense labor policy based on a centralized federal mediation service.

He would have management and labor voluntarily agree to give 30 days notice of any proposed changes in contracts or working conditions, but is opposed to outlawing strikes and to proposals for a "waiting period" before a strike can be effected.

He opposed compulsion of labor to return to work because, he said, men work best and produce more without compulsion. Further, he contended, laws to prohibit strikes would not prevent them and would be unnecessary if machinery is provided for prompt adjustment of grievances and regulations of reasonable demands.

Cope With Disputes

His proposal came while congressmen were discussing plans to introduce legislation to cope with labor disputes in defense industries and which range from a "wait period" before strike action to legal prohibition of strikes.

There were authorities reports that Sen. Charles McNary, D., N. Y., sponsor of much of the administration's social legislation, would delay introduction of a new federal mediation bill until after conferences with defense chiefs William S. Knudsen and Sidney Hillman.

No Strikes Epidemic

Leiserson contended that "contrary to popular belief," there is not an epidemic of strikes. Rather, he said, there is a decline of them. The time lost in 1940 because of strikes being only about one-half of the 1939 figure. He attributed the general belief that there had been an "outbreak" of strikes to an increase in diligence in reporting them because of the nation-wide interest in defense production.

Leiserson, who was commissioned by President Roosevelt to "clean up" the labor laws in 1939, suggested the defense commission call representative employers and union leaders together to consider the problems of maintaining uninterrupted and increasing production and proper standards of employment, wages and working rules for securing the greatest possible efficiency.

JOB FINDING UNIT TO MAKE SURVEY

The Idaho state employment service office in Twin Falls today received requests to make a survey of available persons in this section who are qualified to act as instructors in vocational training subjects in connection with the national defense program.

W. O. Williams, office manager, said that the occupations for which the instructors are desired include welders, machinists and sheet metal men. Those selected will teach in schools to be established by the federal government.

Applicants, or those who come to the local employment office to register, must have had at least five years experience in the vocation for which they are registering.

The employment office here, Mr. Williams said, has also received clearance orders for fit-up men, boilermaking, iron workers in lay-out, millwrighting, and sheet metal men, structural steel.

Williams pointed out that the refresher courses, which last from six to 10 weeks, are not vocational and men enrolling must, at one time or another, have been skilled in the particular line they accept. They will be placed at Blackfoot,ampa, Moscow and Weiser and must be able to finance themselves during the course of instruction. Three contracts are likewise in effect for the national defense program.

RITES PAY HONOR TO MRS. WADDELL

Mrs. Sarah A. Waddell, Kimberly, was paid final tribute Friday at Kimberly Christian church, Rev. E. D. Smith, Twin Falls Nazarene minister, and Rev. Milton Power, Kimberly Christian minister, officiating.

Throng of 320 Flocks to Magic Mountain Ski Run

With a bright sun, beating down on the courses all day, causing active skiers to shed parkas and other like equipment, at least 320 persons yesterday participated in activities in the Magic mountain area up Rock Creek.

The official count of 320 participants was announced by O. E. Barnard, senior foreman at the Rock Creek CCC camp. A close count was made of cars and occupants as they passed the camp on route to the ski field. The check listing made by three CCC youths.

Mr. Barnard said that total cars entering the ski area up until 5:30 p. m. yesterday numbered 111. Several went up after that time but were termed "look ons."

The new ski lift was put into operation yesterday although those constructing it worked hard to get the "skinks" out of it. Two small power lifts, however, were in operation and proved popular.

Two of the six available runs were in use yesterday. A few skiers took to the other four runs of the Magic mountain course but packed snow suitable for fast skiing was best on the two runs.

Trips Through Woods

Other groups on skis took side-trips through the adjoining woods, making a gentle ascent to the top of nearby mountains and then coming down in the same manner.

Road to the area was in good condition with the exception of about half a mile which was muddy. This muddy section came before the CCC camp was reached on the way up. That portion of the road in the forest area was good. Adequate parking space was found at the ski area, having been cleared of deep snow. Snow was approximately two feet deep on the level.

BULGARIA READY TO BATTLE FOES

SOFIA, Bulgaria, Jan. 13 (AP)—A stiffening of Bulgaria's foreign policy was seen today in Premier Bogdan Filov's declaration that the nation would, if necessary, "defend her interests and freedom by force of arms."

Speaking Sunday at Rusehuk, on the Bulgarian-Rumanian border, a town frequently mentioned in the Balkan conflict as a possible starting place for a German drive across Bulgaria to Turkey or Greece, Filov said the nation "must be forever ready" to defend its interests, unless it was to be "dominated by slavery."

He said President Roosevelt's bill to aid Great Britain meant that the chances of Bulgarian involvement would be increased. His remarks were not interpreted as criticism of the United States, but rather as a statement of fact.

(At Belgrade, Yugoslavia, there were reports German troops moved around Transylvania, Transylvania, but were moving for several days toward the Danube, opposite Bulgaria.)

CLARK APPOINTS STATE HISTORIAN

BOISE, Jan. 13 (AP)—Gov. Clegg A. Clark has appointed Mrs. J. V. Hawkins of Coeur d'Alene as state historian. It was announced today.

Mrs. Hawkins will be assisted by Mrs. Gladis Ross,ampa, and Mrs. Hawkins will succeed Mrs. M. N. Noel, Coeur d'Alene.

The Elks will hold a bridge party on Thursday, Jan. 19, at 8 p. m.

Snake Destroys Pests

A full-grown gopher snake, a Midwest farm, is estimated to be worth \$40 annually as a pest destroyer. They are valuable to farmers because of the great number of harmful rodents that go to make up their menu.

VIOLIN DEADLINE COMES TUESDAY

All entries in the Rubloff violin contest for Magic Valley high school students must be in by Tuesday evening, according to Twin Falls high school officials in charge of the contest.

Rubloff himself will present gold, silver and bronze medals to the three young violins selected as top trio in the contest. The medals bear the engraved likeness of Rubloff and his famed \$100,000 Stradivarius violin.

Must Be Certified

Edward Rogel, high school principal, said today that entries must be certified by the principal or superintendent of the school attended by each violin competitor.

The contest will be held at 8 p. m. Tuesday, Jan. 21, at the high school auditorium. No admission fee will be charged and tickets are being sold at 25c.

Smith in Charge

Mr. Roger will attend the violin auditions.

Medals donated by Rubloff went on display today in windows of the Dumas-Warner Music company store in downtown Twin Falls.

Richard R. Smith, orchestra director at the high school, is in charge of the contest. He said each entrant may play a number of his own selection; each will be allowed use of an accompanist.

Rubloff will award medals at the Jan. 24 matinee concert for students.

Pioneer Recalls Of Early Times

KIMBERLY, Jan. 13 (Special)—Lacy Stricker, Rock Creek pioneer, was guest speaker Thursday afternoon when the Pioneer club held its regular monthly meeting at the home of Mrs. Harry Hamilton.

Mrs. Stricker described the Twin Falls tract as she first saw it. She related her own childhood memories, about 600 of them at that time, came to place mine after the while men had panned most of the gold along Snake river.

Mr. and Mrs. Stricker owned a store and managed the stage line at Rock Creek and the business had to trek across the country to get their supplies. The yellow pine forests, was very adept at adulterating the gold dust, and cleverly passed it to unsuspecting pioneers and miners.

Past Hobby

Mrs. Stricker also described in detail, and in a humorous manner the first store robbery, and the coming of the freight and stage coaches. Mrs. Stricker came to Idaho to visit a young girl, and stayed to marry and settle in the Rock Creek area.

Master Stanley Pierce, Twin Falls, also added variety to the program which was arranged by Mrs. A. J. Wilson. Dressed as Uncle Sam and carrying an American flag, he sang "God Bless America." A quartet of high school students, Bob Stumiller, Buster Stepp, Lloyd and Willie Weddeman, gave three selections under the direction of Grant Herrell, band instructor.

Mrs. J. C. Clinebourn, vice-president, presided at the business meeting and the club voted to serve a dinner to the Lion's club in February. Plans for arrangements were made for the library benefit card parties next week.

Guests

Mrs. Lacy Stricker, Miss Gladys Stricker, Hansen, and Mrs. W. C. Pierce, Twin Falls, were guests. Mrs. Stanley D. Treffer and Mrs. J. H. Henry were introduced as new members.

The tea table was attractive with pink and white snapdragons, ferns, in a silver bowl. Mrs. Herbert Ewen, Mrs. H. T. West, Mrs. W. A. Ewen, and Mrs. E. E. Ewen assisted the hostess.

Mrs. Carl Emerson will entertain the club Feb. 13, Mrs. H. T. West will present a program on fine arts.

Mr. A. E. Peterson, 3250 Lincoln Ave., Ogden, Utah, states: "I have been suffering severe pains in my stomach, and was very careful what I ate. It felt as if I had eaten iron filings. I would bloat and burch sour liquids. My heart would flutter and I had dizzy spells and nervous chills. I also fought a bad case of constipation."
