IDAHO HOUSE VOTES PENSION FOR RETIRING FIREMEN

MEASURE MEETS HARD OPPOSITION BUT WINS, 32-30

BOISE, Jan. 25 (UP)—The Idaho house of representatives late yesterday approved a vote of 32 to 30 a bill providing pensions for firemen after debate in which one hopes member threatened to introduce a measure to "pension all taxpayers of the state."

The measure provides for a firemen's pension fund to be created under the state government from revenues derived by contributions from firemen's salaries, contributions from first and second class cities, and one-fourth of the money received annually from the tax on fire insurance.

Rep. Moses Christensen, R., Owyhee, protested against the bill and asked "who is going to pension the persons who are pensioning the others?"

"It is almost becoming a racket," he declared.

Three other bills passed without opposition. They are bills to amend federal officers and employees liable for income taxes. Previously, these governmental officers had been exempt from the state tax.

The other measure would permit the state commissioner of labor enforcement to revoke licenses of labor serving liquor who operator was convicted of breaking state laws, and would permit judges to make juvenile offenders to any agency provided for by the state to act as probation officers.

Baltzer-Lopez Vows Pledged at St. Edward's Church Ceremony

Dignified solemnity marked the marriage at 8 o'clock last evening of Miss Myrtle Irene Lopez, daughter of Mr. and Mrs. David Lopez, Twin Falls, and Darrell H. Baltzer, Twin Falls, son of Mrs. Ola Conder, Novelty, Mo., at St. Edward's Catholic church. Father H. E. Heitman was the celebrant.

White lilies were the altar flowers, and myriad tapers burned in brass candelabra. In addition to the ecclesiastical tapers, the chancel rail was outlined with many tapers in foot-and-one-half high brass candelabra.

The wedding gown was styled with a four-tiered skirt of white net and a white satin bodice, mounted at the waistline and fashioned with a modified sweetheart neckline and short puffed sleeves.

A floral screen design in iridescent sequins was a striking detail of the skirt, and the fingertip veil was attached to a regal coronet of white satin and pearls.

She wore a cameo locket, gift of the bridegroom, and carried a collection of bouquets of white flowers. Her father gave her in marriage. The bride's three sisters were in the wedding party: Miss Lorette Lopez, the role of maid of honor, and Miss Charlotte Lopez and Miss Phyllis Lopez acting as junior bridesmaids.

Bridesmaids were Mrs. Clarence Bagnall, Rupert, and Miss Charlotte Irene, Rathfron, Mrs. E. E. Bagnall, former Miss "Red" Lickler, Twin Falls, is also a recent bride. Donald Stidley was best man, and Stanley Fritzer, Jerome, and John Stidley, Twin Falls, were the bridesmaids. One of the bridesmaids, carried the ring on a jeweled pillow of white satin.

Beautifully blending were the pastel gowns of the bride's attendants.

Mrs. Bagnall wore a blue net gown and Miss Ruthhart a pink net gown, both designed with voluminous skirts, and their colonial bouquets were of pastel sweet peas.

Mrs. Lopez wore a navy blue ensemble with black accessories, and a corsage. Mrs. Laura Denny, grandmother of the bride, wore a black ensemble and a corsage.

A wedding reception for 100 guests took place at the parish hall following the wedding. A three-tiered wedding cake centered the refreshment table, which was covered with a hand-drawn blue linen cloth. They clusters of white freesias and fern encircled the base of the cake, which was flanked by triple-branch ivory candelabra holding ivory tapers.

Iamit Group Scores Triumph for Comedy

Buhl, Jan. 25 (Special)—"What Husbands Don't Know," a hilarious comedy in one act, was acclaimed a grand success as presented by 15 members of the Buhl Iamit club Friday afternoon at a special guest day entertainment.

The first one of the oldest in the county, is recognized for its outstanding achievements. It was through their efforts a year ago that the iron lung was purchased for use at the Twin Falls county hospital. The club met last evening at the home of Mrs. P. F. Koch and the play was presented in her living room. The actors all came in costume of the day—1930s and held character for the entire 90 minutes of human nature depiction, true enough to be "side splitting."

There was the woman who always brought her children, and during the club meeting that was called for the express purpose of electing a new president one of the twins persisted in hanging on her central and interrupting the play. Being able to hear only what wasn't meant for the ears of the audience, meanings and sentences in a fashion hilariously entertaining.

And there was the village seamstress who persisted in talking through her mouth full of pins and the woman who enjoyed poor health and expected an attack of dyspepsia at any moment, and the waitresses and most influential woman in town, with all her finery.

The village gossip continued to embarrass the blushing bride who coyly smiled and continued to talk about her new husband much to the amusement of the expectant brides and the embarrassment of the engaged young lady.

Fortlake, the Negro maid supposedly busy in the kitchen, was hidden behind a screen not to miss a word of the important, business meeting. Alone on the stage after the club was dismissed by the president and after nominating everyone present and listening to their excuses not to be able to accept the honored position, were side-tracked in gooping and giving advice to the bride-elect.

The part of Portulaca the Negro maid was played by Mrs. Hazel Olsen and little Phyllis Ann Tanner; Quire; the twins, Mrs. Harry Barry, Mrs. Nellie Chelmer, Mrs. B. G. Orr and Mrs. Worthy Olds.

The play was directed by Mrs. Nellie Chelmer, a new member of the Iamit club. The concluding number on the program for the entertainment of their guests was a humorous solo, "When Love Is King," by Mrs. E. H. Johnson. Mrs. Tanner played the piano accompaniment.

Theta Rho Girls' club members will meet at 8:30 p. m. today at the Odd Fellows hall. They will have a motorcade to Gooding where they will be guests this evening of the Gooding Junior Odd Fellows at a dinner dance.

"Oh, John, I'm so happy we had new plumbing installed. It's cut housework in half." "Yes, dear, these new fixtures from Krengel's make life a lot more enjoyable."

Go Modern In Your Plumbing!

Your grandparents heated bath water on the stove in the kitchen and you could probably get hot water and quicker if you did the same thing. Either do that or throw out that old plumbing. And speaking of old plumbing—if you've ever had the feeling of bathing in a full size modern tub and then gone home to your own 2x4 basin you probably felt like you were back in the old tin wash tub.

There's that wash day bugaboo too, and the old kitchen sink that catches all the dirt. You are not much further advanced in plumbing from the wooden washtub days if you "tote" your water and put up with that dilapidated relic of a sink. Visualize a modern kitchen installation of plumbing in your kitchen. Think how nice it would be to have laundry tubs in your basement and cold water.

THEN do something about your dream improvements and come down to Krengel's and find out how little it will cost to put new plumbing in your house. Of course every new home should have the best in plumbing—but so should older homes. Good plumbing saves work, protects health and makes living more fun.

New Pitchers Needed to Assist Attack

By GEORGE KIRKSEY
NEW YORK, Jan. 25 (UP)—The Boston Red Sox are one of the most top-sided clubs in baseball. They have championship power and bargain basement pitching.

There are hopes for improvement in the pitching for the coming season, but the outlook isn't bright enough to let the Red Sox rob pennant contenders. The Red Sox had one of the best attacks in baseball last season but to scramble wins was last year of the race to the White Sox for fourth place. Even so, the Red Sox were only eight games behind the pennant-winning Tigers at the finish.

19 Pitchers to Camp

Manager Joe Cronin will have 19 pitchers in camp, and only four are veterans who've been seen in uniform of service with the Red Sox. The old guard includes Lefty Grove, Joe Evers, Jack Wilson and Emerson Derr.

The bulk of the pitching is likely to be done by such youngsters as Earl Johnson, brilliant southpaw who came up late last season and won 6 and lost 2; Leslie Felminka, 17 and lost 12 for Hollywood; Oscar Judd, who won 22 and lost 13 for Sacramento; Dick Newcomb, who won 23 and lost 11 for San Diego; Mickey Harris, back from Scranton, where he won 10 and lost 8; Charlie Wagner, who led the American association in percent of earned runs, and Joe Dobson, obtained in the six-player deal with the Indians.

Ryba May Help

Not a youngster but a newcomer likely to help the Red Sox is Mike Ryba, who's 36 and been kicking around organized baseball since 1927. He won 24 and lost 8 for Rochester last season and was named the International league's best pitcher. Ryba has ought to find himself and help some. Others who will bid for jobs include Woody Rich, Scranton, Bill Hillman, who had a score last season, Harry Powell and Frank Thome from San Francisco.

Perhaps the Red Sox pitching will improve with Frankie Pytkak from Cleveland, who pitched for the Pytkak, who caught more than 100 games for the Tribe in 1937 and 1938 and hit over 300 each season, promising to pitch one of the weak spots in Jimmy Fox's mind. Johnny Peacock will be the No. 9 reliever.

Good Infield

With Pytkak in the harness, Fox can concentrate on playing first and not have to worry about being drafted as a catcher. The rest of the infield will have Bobby Doerr at second, Cronin at short and Jim Thayer at third. Lamar Newsome, from Baltimore, will play left field when necessary and Odele Hill, obtained in the Cleveland deal, can play either second or third and do a good pinch-hitting job.

With Roger Cramer traded to Washington, the Red Sox outlined new lines up with the weak spots in left, Don Diamond in center and Lou Pinney in right. It has been estimated that the Red Sox will buy Fox, bought from the Tigers, and Stanley Spence will do the utility chores.

New Golf Star Always Born at Bing Crosby's Open Tournament

By HENRY McLEMORE
SAN FRANCISCO, Calif., Jan. 25 (UP)—Crosby's golf tournament is underway here again, which means that by Sunday night a new golf star will have been born.

This is the cradle of champions. It was in the inaugural of this combined tournament and house party, five seasons ago, that a second boy from the Bing Crosby family, the late Bing Crosby's son, started his march to fame. His name was Sam Snead, and until he won the Crosby championship in 1936, he was known in show of golf, no one took him seriously. Sam repeated a year later and went on to win more money in a single year than any pro golfer in history.

In 1938 the winner was another Crosby, the late Bing Crosby's son, (Dwight) Crosby, who was fresh from the University of Arkansas. He won the title by a margin of 18 holes, 218 to 216.

Buhl Indians Edge Filer In Defensive Battle, 17-11

BUHL, Jan. 25 (Special)—Filer and Buhl high schools staged a defensive battle here last night with the home club finally coming out on top by a score of 17-11—one of the lowest scores in Idaho high school ball games in southern Idaho this year.

The Wildcats used a zone defense that outered the Indians considerably through the first three quarters, but the home club finally broke through in the final stanza to chalk up a six-point decision.

The score at the end of the first quarter was 5-4 and then the Indians took a 12-5 lead in favor of Buhl. The Indians still led at the start of the last quarter—12-9.

Filer's chances for victory were hampered when Walker, scoring leader, suffered a sprained ankle and had to be replaced by Gary—

Youthful Pro Shoots 67 in Crosby Meet

RANCHO SANTA FE, Calif., Jan. 25 (UP)—The tradition that a new golfing star is born in every Bing Crosby pro-amateur tournament held again today as young Bill Harry, a caddy just three years ago, chalked up a brilliant 67 for 18 holes of play over rain-lashed Santa Fe course and took a lead which never may be headed.

Following in the footsteps of Sam Snead, E. J. Harrison and Ed Oliver, the lad put together a 25 and 23 for his par-shattering effort to equal the competitive record of the tournament which he is the home professional.

Although Harry was shooting against only the lesser half of the field when he broke par by five strokes in the first half of the first round, his effort appeared strong enough to start against the best of the illustrious performers who tee off on their first trip today.

In second position was Marvin Stahl, and behind him came Gordon Brunton of Riverside, Calif., and Lon Kelly of Philadelphia. Jimmy Zimman of Portland, Ore., was able to equal or break par figures. Zimman was in the team competition, run simultaneously with medal play on a best-ball basis. Harry and Ed Oliver, Jr. J. J. Novak were tied for first with Fred Sherman of Chula Vista, Calif., and Andy Boring with nearly 100 holes in the score in the department was 67.

No prominent professional was eliminated during the first round.

B-Club Holds Up Action on Consolidation

Although the proposal was discussed from all angles, members of the B-Club of Sportmen last night took no action regarding consolidation with the Southern Idaho High School association.

The discussion was held at a special meeting at the Chamber of Commerce rooms. Deadline for action on the consolidation proposal to select three men for the board of directors of the Idaho unit, if the B-Club members, has been set as Sunday night.

At that time the Southern Idaho board meets to reorganize. If the B-Club members decide to consolidate, the resignation of two members in the Idaho unit, which are now in file, will be withdrawn and reorganization will proceed.

Observers point out that a great majority of the members of both organizations are in favor of the consolidation, but that "one or two" persons are "holding up the move."

Asks for Farr To Take on Louis Again

NEW YORK, Jan. 25 (UP)—Promoter Mike Jacobs was trying to arrange today a series of six war bouts in six United States cities between the best American and British professional fighters for benefit of the British Red Cross and canteen service.

The matches would include a return, heavyweight championship battle between Joe Louis and Tommy Farr of Wales. . .

Cables were sent last night to London asking six suggested British pugilists would be granted four-fights for a team trip to the United States to be followed by the four-fights to be obtained because the proposal of the war matches originated in England.

Jacobs said he was eager to promote these bouts in New York, Los Angeles, Detroit, Boston, Philadelphia and Chicago.

The British team would include Tommy Farr, who gave Louis a hard 6-round fight back in 1927, and five current British champions: Len Harvey, heavyweight; Jack McAvoy, middleweight; Eric Roderick, welterweight; Eric Boon, lightweight; and Jackie Patterson, flyweight.

In addition to the Louis-Farr match, Jacobs said he would like to see world pair Harvey and either Lou Nova or Maxie Baer.

THE SCOREBOARD

BY HARRY GRAYSON
(NBA Sports Editor)

BAN FRANCISCO, Jan. 25 (Special)—The former Stanford All-American returned to the arena after an absence of two years as the biggest individual athletic attraction in California last night at the Municipal Auditorium.

Performing with the Olympic club in his first effort in two campaigns, Lutesett turned more than 1,000 persons away in the crowd before a San Francisco civic auditorium. Though definitely on the spot, the star definitely satisfied all hands by scoring 20 points.

Again the auditorium was big enough to accommodate the throng when Lutesett was in the wings and to overflow in a center-raiser to a Stanford-Nebraska "feature." Half the crowd departed when the "most event staged." The customers came to see the "preliminary boy"—jammed the place by 11:30 o'clock.

Until Lutesett returned to the arena, 2,500 paid admissions was a big turnout for basketball in the bay district.

Although it was announced that Lutesett might not appear in a third game at the Oakland auditorium, business boomed.

When it was announced that Lutesett's leg infection would not permit him to take part, and that those who did not come in the crowd could have their money back, half the crowd ran ... not walked ... to the ticket windows.

Lutesett, who once scored 50 points against Duquesne in a college game in Cleveland, is now employed by an oil company in Richmond, Calif.

He was barred for two years by the A. A. U. for participating on his basketball talents in a modern culture.

It is pleasing to report that Little Hill Journal has completely regained his health after having had a tough time with his lungs. The famous county player sells insurance. Mrs. Helen Vinton says she has quit the bay area to keep house in southern California. Her ex is married to a former night club girl.

Byrus Raymond Cobb, a country gentleman of suburban Albemarle, plays golf. The ex-club man of War of American League parks hasn't seen five baseball games in as many seasons.

Bill Lange—Little Eva of the old Chicago White Stockings—lives at 2000 W. 11th St., 20 miles down the line.

GOOD WAVE BLANKETS MID-WEST; STORMS STRIKE EAST

CITY IN CANADA REPORTS LOW OF 42 UNDER ZERO

By United Press
The edge of a heavy cold wave cut across Minnesota today bringing sub-zero temperatures to northern plain states while heavy snow fell in the east.
The cold moved out of Montana and stretched southward to western Nebraska, covering the Dakotas and most of Minnesota as it slid eastward in the wake of lifting pressure areas and the U. S. weather bureau forecast it would nip the entire north-central region by tomorrow. Temperatures were below zero in the Montana region and in the Dakotas. D. reported 15 degrees below. The coldest weather of the winter was reported in northern Canada. The mercury fell to 42 degrees below zero at Battleford, Sask., and 39 below at Winnipeg.
Most of the snow from the Rocky mountains to the eastern coast and rain or snow was reported on the Pacific slope and in the northern section of the nation. More snow was forecast for the week-end in most northern regions.
The first snowfall of the winter struck upstate New York where the fall ranged in depth from two to 12 inches. The heavy snowfalls were impeded and in some outlying districts were at a standstill.

Taken by Death

LYNN C. BEAUCHAMP former Twin Falls resident and war veteran dies in Brazil of auto accident injuries.

LYNN BEAUCHAMP DIES OF INJURIES

Mr. and Mrs. J. C. Beauchamp, 102 Tenth avenue north, today had received word of the death of their son, Lynn Charles Beauchamp, 46, at Sao Paulo, Brazil, on Jan. 14.
Mr. Beauchamp, according to the word which was received from Thomas Johnson, manager of the Texas company (South American) Ltd., at that point where the former local resident was employed as a construction engineer, was injured in an automobile accident Jan. 9 but failed to rally to treatment at the Samaritan hospital, where he was taken, and died the evening of Jan. 14. He was buried in the Edenholm cemetery the following day.
Graduated Here
He came to Twin Falls with his parents at the age of 15 years and graduated from the local high school in 1915. He served overseas in the World War and also in the army of occupation in Germany. Returning to America after his service he attended the University of Idaho, Moscow, for two years.
Shortly after that he became associated with the Whetstone Oil company in Mexico and the Martin Construction company in Mexico and Venezuela. For two and one-half years he was a purchasing agent for the Electric Bond and Share company in Brazil and for the past two years was with the Texas company, first in Rio de Janeiro and for the past six months at Sao Paulo. He had worked in South America for nearly 20 years.

NEW YORK, Jan. 25 (AP)—World silver production in 1940 broke all records in history, while silver prices in the world market held practically unchanged, according to the 25th annual report of the silver market by Handy and Harman, bullion brokers, released today.
A record also was set during the year in the use of silver in the arts and industries in the United States and Canada, the report stated.
Production of silver in 1940 amounted to 278,000,000 ounces, against 264,200,000 ounces in 1939, and 250,000,000 ounces in 1938. The 1940 total was apportioned as follows: United States, 80,000,000 ounces; Mexico, 140,000,000 ounces; Canada, 20,000,000 ounces; South America, 32,500,000 ounces; and all other countries, 70,500,000 ounces.

According to the silver purchase act one-fourth of the total monetary value of the gold and all other stocks of the country shall be in silver.
According to Handy and Harman, "even if not another dollar's worth of gold were added to the \$22,000,000,000 now on hand, it will be necessary to purchase a further 2,235,000,000 ounces of silver in order to reach the goal set by the act."

DAIRYMEN FAVOR NEW STUD UNIT

BURLEY, Jan. 25 (Special)—Approximately 50 dairymen attending a meeting held here this week endorsed a plan to establish a dairy stud bull association on the Minidoka project in Cassia county.
A committee consisting of Kimball Barney, I. A. Proet, J. Fred Adams, J. L. Stocking and Herman Stoker were named by the group to investigate the formation of the association further, to prepare an agreement for signature by members, and to secure signers to the plan.
Farmers attending the meeting tentatively agreed for 121 Holsteins, 39 Guernseys, 11 Jerseys, 23 milking Shorthorns and 35 mixed breeds.
Patronage agreements for signature of the dairymen were also at the farm security office and the county agent's office. Farmers who are interested in the plan going through should contact one of these committees or call at one of the offices to sign right away. Signatures at the meeting were only temporary and were gotten to secure the opinions of dairymen as to whether further attempts should be made to establish the organization.
Ivan Loughery, extension dairyman, who attended the meeting, stated that stud bull organizations were growing and were found to be very much worthwhile throughout the state.
The committee is now receiving applications from farmers who would like to serve as caretakers in the organization is established.
Since practically all of the interested dairymen were members in the Burley section, the committee established an area for the organization to cover all the areas on the Minidoka project in Cassia county lying west of the north and south road two miles west of Declo. Fees for farmers within this area will be smaller, but for dairymen outside of this area additional fee will be charged from the boundary line to the farmer's place.

POTATOES, ONIONS TOPIC FOR CLUB

JEROME, Jan. 25 (Special)—The problems confronting the potato and onion dealers and growers were reviewed in an interesting talk this week by H. L. Ellis, north side grower-dealer, at the Jerome Rotary club meeting.
Ellis suggested that Idaho potatoes be shipped to market in sealed containers so the consumer will know he is actually purchasing Idaho potatoes of the grade and quality guaranteed by the grower. Housewives can be educated, he said, to refuse to accept Idaho potatoes advertised as Idaho spuds. If the sacks have been tampered with the quality is broken.
Speaking of onions, Mr. Ellis pointed out that onions are the brightest spot in the picture of Idaho agriculture at the present time. Prices range from \$1.75 up per 100 pounds, he stated.
If sufficient amounts of onions are grown in this territory, there are men who might propose to construct a first class onion warehouse which would be better than any existing one, and which will keep the produce in the best of condition all during the winter season until the late spring, he commented.
