LAVAL CERTAIN TO BE RETURNED TO CABINET POST

FRANCE ACCEPTS NAZIS' ORDER TO ERASE DEADLOCK

By KALPF HEINZEN
 VICHY, France, Feb. 4 (AP)—Admiral Francois Darlan, Marshal Philippe Petain's special envoy to Paris, has reached an agreement in principle with Pierre Laval to end the political dispute which has caused a dangerous deadlock in relations with Germany. It was reported today.

Laval's return to power as a member of a reorganized and highly centralized cabinet was regarded as a matter of days, with the Darlan, Gen. Charles Huntzinger, war minister, and probably Paul Baudouin, former foreign minister, sharing executive control under Petain as a four-man inner council.

Darlan, Laval Center

The German official news agency reported from Paris that Darlan made a long talk with Laval yesterday.

It was indicated Laval would have a good deal to say regarding the reorganization of the Vichy cabinet. Presumably Pierre-Flaudin, who succeeded Laval as foreign minister, would go. Apparently it was up to Laval whether Baudouin became a member of a four-man inner council or Laval, Darlan and Huntzinger formed a three-man executive body.

Foreign Affairs

It was believed here Laval most likely would take charge of foreign affairs and propaganda, Darlan, home affairs, and Huntzinger, national defense. Baudouin, if he is taken into inner council, would take charge of technical services such as finance, labor, production, agriculture and provisioning.

There remained to be settled Darlan's own status as compared to that of Laval, before Petain dismissed him Dec. 13 and angered Adolf Hitler, the official heir apparent to Petain. Recently Darlan had been chief of an informal inner council and had in effect taken Laval's place as heir to supreme power.

BURLEY HELPS IN YOUTH'S CAPTURE

BURLEY, Feb. 4 (Special)—Reports received at Sheriff Bert Mahoney's office tell of the capture of Donald E. Knight at Kearney, Neb., after Knight—a COO boy stationed at Pinedale, Wyo., stole a car and fled to Burley, Idaho, where he bought a bus ticket for his home in Akron, O.

On Jan. 24, the sheriff's office received a call from a local garage stating that a car had been abandoned near their place of business. The car had been wrecked and stolen in the day Dave Hutchinson, Malta, reported that he helped a young fellow "right the car" after it had turned over near Cozwell, about 10 miles east of Burley.

The young fellow was uninjured and drove the car to Burley, where he abandoned it. The car belonged to the lieutenant of the COO camp where young Knight was stationed. Knight also allegedly stole a small safe containing \$50 in cash and express and money orders from the camp.

By checking descriptions of the young fellow it was learned that he had purchased a bus ticket for his home in Akron, and was upon this information that he was apprehended as he stepped from the bus at Kearney, where he was returned to Wyoming, where he was turned over to F.B.I. men.

Burley police officers assisted with the case.

LAYDEN QUILTS NOTRE DAME FOR PRO POST

REDS STILL FAVORED TO CAPTURE THIRD TITLE IN ROW

Irish Coach Gets \$20,000 Yearly as Grid Commissioner

CHICAGO, Feb. 4 (UP)—Elmer Layden, Notre Dame's second Rockne, traded uncertainties of his coaching profession today for a five year contract as commissioner of the National Football league at an annual salary of \$20,000.

In his seven years as athletic director and head coach at Notre Dame, Layden recaptured the football glory Knute Rockne had achieved for his little school at South Bend, Ind.

But like Rock, Layden is a family man—with a wife and four children—and their security influenced his decision to abandon a highly successful coaching career at its peak.

Salary important

Layden said: "But the future welfare of my family is my uppermost thought. The salary and a long term contract naturally figured in my plans for the future."

As National league commissioner Layden will have powers never before placed in hands of any football official. His will be the last word in all league matters and the eight club owners are said to run their sport with the same mailed fist Kennesaw Mountain Landis thrust over the "lightweights" two decades ago.

A majority of the league's club owners agreed to Layden's selection Saturday, on Monday Layden conferred with Notre Dame's president, the Rev. J. Hugh O'Donnell, to "seal" his connection with his alma mater. The final contract was in April, the club owners officially will confirm his appointment as commissioner at their annual spring meeting in Chicago.

No Candidates Yet

The move was so sudden Notre Dame officials have had no time to consider candidates for Layden's position.

Only three weeks ago league owners voted to elect a general manager. The job first was offered to Arch Ward, Chicago sports editor, who turned down a 10-year contract. Ward, a great friend of Notre Dame, conferred at length with the owners during the January session and may have suggested Layden as a substitute candidate.

"I believe in the future of pro football," Layden said in contacts with National league owners revealed a lot about their business, as a college coach, never before understood. They have the welfare of the college boys at heart and I'll do all I can to promote that interest."

Member of "Four Horsemen"

Layden said he will remain at Notre Dame "for some time" to assist in the general business. He said he will make his headquarters in some National league city probably Chicago.

Layden was a great football player at Notre Dame—and was a member of Rockne's famous "Four Horsemen" backfield.

In seven seasons under Layden, Notre Dame won 41 games, lost 12 and drew three. In 1935 the team won eight and lost one, best record since Rockne's death. Last season, the Irish appeared overrated but won seven of nine games.

Albion Normal Quint Meets Boise Jaycees

ALBION, Feb. 4 (Special)—The West Albion Normal Quint met the Boise Jaycees in their fourth and fifth cage contests in seven days on Wednesday and Thursday.

The local quintet, defeated in its last three starts, tackled Boise Junior college here in its next two games.

Last night the Panthers lost to Nampa Nazarene college by a score of 55-41 after losing on Friday and Saturday to Ricko college Vikings in conference clashes.

Until this last few minutes of play, the local Stamps was a close affair. Albion was ahead 21-20 at the half and kept the lead until 10 minutes to play. Then the Nazarene quintet took on the hoop and nothing could stop them. Loss of Ernie Millard, big center, on fouls during the local defense line and the Nampa club really erupted when he left the game midway in the second half.

Scoring honors went to Yeend of Nampa with 20 points, while Vanderpool got 13 for the same club. Mattie Lopez led the Normal spenders with 10 points.

Cincy Faces Jinx of World Championship Clubs in Senior Loop

NEW YORK, Feb. 4 (UP)—It's generally not healthy for a National league club to win the world's title. They get knocked off fast in their own circuit the next season. You have to go all the way back to McGraw's Giants of 1922 to find a National league world champion that was good enough to win the flag in its own loop the following year.

But the Cincinnati Reds have high designs on winning their third straight pennant in 1941 despite the fact they'll have to lug along their world's championship crown as excess baggage.

Most championship clubs blow their titles because of overconfidence, old injuries or injuries and other mishaps.

If there are any ball players on the Reds who are going to try to ride the last season's laurels, it's easy in 1941, they'll be gone elsewhere quick. Bill McKechnie won't tolerate a lazy, indifferent ball player on the club any past '32, and only those of these are undependable: Paul Derringer, who's 34, and Ernie Lombardi, who's 37.

Lineups:

ALBION: For NAZARENE: Williams (6), F (13) Vanderpool, Matthews (10), O (8), Yeend Millard (4), O (9) Mangum KESTER: (2) Wilson (2), Butler, Richards, Hood.

When the Twin Falls Cowboys head for spring training camp they will probably have from 25 to 30 players on the roster. The roster of 15 that will be retained, Business Manager Carl Anderson announced here today.

White no definite post has yet been selected for the training site, it is probable that it will be in Washington or Oregon where there are many Pioneer and Western International league clubs already scheduled for spring conditioning camps.

Nearness of opposition clubs will promote the local aggregation plenty of competition without traveling too far thereby reducing training costs, said Mr. Anderson.

Boxers from Shelley open an invasion of seats tonight at the Kimberly Boxing night against the tough Bulldogs of that city and their move to Jerome on Thursday to take on the Tigers in their second appearance of the week in this area.

The visiting fighters, runner-up for the state championship team honors, expect to put up the best battles to be presented in this area during the 1941 season and fans of both Jerome and Kimberly are expected to pack the gymnasium for the mid-nighting.

In the earlier followers of the three teams may get a fairly good line on just what can be expected in the state meet this year. Last season at Albion Normal college, Kimberly finished in first place, Shelley ended in second and Jerome was close to the top in third.

Signs Contract

Work of signing up new players on the Cowboy contract is already underway and the first contract in the hands of Mr. Anderson was that of Tommy Betts, who was signed by the Wranglers all of the 1940 season—but who saw action in only 21 games due to a hand injury. He batted .276 and was one of the leading sluggers of the team with 50 bases on 32 hits. The Shoshone youngster didn't make an error all through the season.

It was announced here also that Earl Fallon, Jerome youngster who was signed to a contract for a while last year, will be taken to the spring training camp and will be given a shot at the third base job by Manager Andy Harrington.

Fallon, after working with the Cardinals, was shipped to Albuquerque where he was taken to a doctor's league. While there he had blood poisoning and got to play very little.

Fallon is regarded as a fine fielder, although a little light on stock.

Another "contract" was in the bag for the home team—that of young Larry Daly, mascot, who will handle his duty for the third consecutive season.

Negotiations are still going forward in an attempt to land a team with a major league club—but with no success to date.

It was believed here that the contract for handling concessions at the ball park would go to Glenn Watson, Boise restaurateur, who is scheduled for a visit to Twin Falls today to talk over the contract with Mr. Anderson.

SOMETHING NEEDS TO BE DONE TO STRAIGHTEN OUT HIGH SCHOOL BOXING SITUATION...

"RAW" DECISIONS IRK FANS

We've heard so much beating, crying, howling and yelling about the decisions handed down in high school boxing that we're just starting to wonder if the yelling isn't the way to killing the sport in south central Idaho schools.

We've got plenty of any city in particular—do any special coaches—the decisions in general, it appears to us, that no matter where a team goes, if it loses the fight it was won because it was "beaten" to it—and it stayed to it day in and day out week after week for at least three years.

More than is there going to be something done about the situation?

It's worth pointing out a few decisions handed down in high school boxing game.

Some on a fighter who was knocked out by a punch that was not a legal blow. The referee of the fight refused to stop the fight, and the fighter who was thrown out by a punch that was not a legal blow.

STRIKE

KELOGGS, Ida., Feb. 4 (UP)—It's usually the bowlers who claim credit for the "strikers" and appear, but Al Beck and Oliver Applebaugh have a different story to tell.

The automobile—a coupe—turned over near Kellogg. On the shelf back of the seat were two bowling balls struck, knocking him out. The other flew at Applebaugh, who suffered a cut under the right ear.
