Legalizing Slot Machines Brings Debate in House

By LLOYD TUPLING BOISE, Feb. 21 (UP) - Members of the Idaho house of representatives today debated a measure to legalize operation of slot machines and other coin operated devices as a means of providing new state revenue.

Rep. Arthur Murphy, D., Shoshone, urged passage of the bill to regulate the device which now operates illegally without restrictions. He said licensing of the machines at the rate of \$10 per month per machine would provide the state with \$500,000 during the next two years.

Under provisions of the act, 50 percent of the net revenue would revert to the county in which the license was issued and the other half would go to the state. Cities would also be permitted to levy a license fee on the device.

Rep. Murphy said the bill would protect laborers on small mining operations, who are often victimized by operators closing mines after a few months of operation without paying wages.

SERIAL STORY
CHAPTER IX
NOW the thing to do was to harden her heart.

Hitler Almost Hears From Idaho
Pol Shota has tried twice in the past to get a rise out of Adolf Hitler personally. We dispersed a lot of clippings from the column to Berlin and to German embassy at Washington. But nobody got mad at it.

Politics, Pistols and Plolets
To begin with, it is quite useless for Americans to try to understand the death of Samuel-Walter Ginsburg-Krivitsky. The detective-thriller aspect of a former Russian secret service man found dead in a Washington hotel is E. Phillips Oppenheim-ish enough, and there will be a wild and violent discussion in radical circles about whether he was the victim of political revenge.

CHINESE EXPECT FULL REDS HELP

CHUNGKING, Feb. 21 (AP)—China's Foreign Minister, Wang Chung Hui, declared today Russia's aid to Gen. Chiang Kai-Shek is expected to continue at full strength and expressed doubt Russia and Japan will sign any non-aggression agreement in the near future.

Russia, he said, prefers to maintain her present "favorable position" in the far east and hence an agreement with Japan which would modify the Soviet relations with China does not seem likely.

Wang reiterated Chinese denial that the Soviet has presented any demands to the government of Gen. Chiang Kai-Shek concerning the relations between the central government and Chinese Communist groups.

He said Japanese allegations to this effect have no foundation in fact.

The Soviet, he said, recognizes that the relation between the Changting government and the Communists is entirely an internal matter.

He said there had been no signs of any reduction in Russian aid to China.

Dr. Ralph L. Mayberry, Los Angeles, secretary of the Baptist City Mission society of Los Angeles, arrived in Twin Falls Saturday and will conduct an eight-day preaching mission at the Baptist church, beginning Sunday morning. Services will be held each week night, except Saturday at 7:30 p. m., according to Rev. Roy E. Barnett, pastor. Special music will be featured during the meetings.

BUS DRIVERS TO VOTE FOR UNION

SAN FRANCISCO, Feb. 21 (AP)—Bus drivers for Pacific Greyhound lines in six western states will vote in May to determine whether they wish to be represented by the Brotherhood of Railway Trainmen or the Amalgamated Association of Street, Electric Railway and Motor Coach Employees of America.

The election was ordered by the national labor relations board in an intermediate report released by Mrs. Alice M. Roosevelt, regional director, which settled a labor controversy existing for six years.

The company and the two unions approved the settlement, but final approval must come from the NLRB in Washington before it is effective.

The settlement provides:

1.—A representation election early in May.

2.—Reinstatement of the 300 brotherhood members.

3.—Opportunity for the 300 men who joined a strike from May 16 to Sept. 26, 1940, to bid for better jobs than the ones they have, since only 250 have returned to the jobs they left when the strike was terminated.

4.—The company will distribute \$15,000 in back pay to the 300 brotherhood men.

Mrs. Roosevelt estimated 900 drivers in Washington between Seattle and El Paso, Tex.

Utah Legislature Willing to Face Truth—Not "Bare" Facts

By RICHARD W. JOHNSON SALT LAKE CITY, Feb. 21 (AP)—The Utah legislature is willing to face the truth—but not the bare facts.

Officially, Gov. Maw's reorganization bill supposedly holds the entire attention of legislators today, but behind the scenes the No. 1 topic of conversation is Salt Lake City's proposed nudist camp. So far, the question of the nudist camp has made only one appearance on the floor.

A representative arose and made a motion that the legislature include in its program of joint and inspection trips, a visit to the camp—and when it is completed, the house vote to cut out the word "aye," but the chairman ruled the motion out of order.

Hinkley Opposes
But, lest you think the nudist menace is purely facetious, consider the testimony of Rep. Parrell Hinkley, D., Salt Lake City. Rep. Hinkley reportedly is co-sponsoring a bill to bar such organizations—and he also is against publicity for the enterprises. A one-man Comstock league, Rep. Hinkley would like to bar pictures of beautiful girls smoking cigarettes while here at it. Admittedly, Rep. Hinkley is against everything that appeals to the "base" instinct.

Meanwhile, Salt Lake authorities are musing behind the representative two or three strong. County Attorney Harold E. Wallace believed existing county or state laws would bar the nudists. He said there wasn't a spot in the county " secluded enough to permit the lewdness that would manifest in the nudist camp."

Wallace entered the fray after Sheriff James Burk. Sheriff Young passed the buck. The sheriff got a letter from Henry B. Higgins, a Salt Lake, asking him what the county's attitude would be toward establishment of the camp.

Particularly, Higgins wanted to know if the sheriff's office would cooperate in keeping away peeping Toms.

Apparently Higgins hadn't contemplated the possibility of an official visit by the legislature.

MISSOURI FIGHTS 4-RIVER PROJECT

ST. LOUIS (UP)—Creation of an Arkansas River Authority, proposed in a measure pending before congress, is "unilaterally opposed" by the board of directors of the conservation federation of Missouri. The board claims such an authority would be most harmful and destructive to economic, recreational and wildlife interests in the state. Under terms of the pending bill the authority would have jurisdiction over the basins of the White, St. Francis, Arkansas and Red rivers in Arkansas, Louisiana, Missouri, Kansas, Oklahoma, Texas, Colorado and New Mexico. It would construct power and flood control reservoirs and take over operation of all dams and reservoirs in the Arkansas river valley situated in Missouri. The directors of the conservation federation held that there was no possible objection to the construction of control and dual purpose projects now which were reported not economically justified in 1932 by war department engineers. In addition, the board said that there was no need for additional electric power; that the proposed reservoirs would destroy the heart of "one of the finest playgrounds in North America and under no circumstances would be afforded Missouri and that removal of land from cultivation and taxation in the Arkansas White river valley would cause economic ruin. If there is a market for electric power, they said, the authority has the too easy way to get it, and asserted that the possibility of employment in construction work under no circumstances could be classified as a national defense. As four to six years would be required to complete the work, the board maintained that under no circumstances could the war department classify the work as national defense.

However, I can not sympathize with him or any other who leaves Twin Falls seeking work elsewhere under similar circumstances. We have organized a Building Trades Council to help those who wish to seek work in other places. It is of the utmost importance that tradesmen among the local union officials be loyal to their home town when they leave. The tradesman who Mr. Bohm has been developed to protect local tradesmen and contractors from undesirable floaters. Moreover, the same situation will be found from Twin Falls east, west and south.

Grange Gleanings

By A. HARVESTER

Well, as one Granger remarked, if these crowds keep getting bigger, they'll have to build some large halls to accommodate the people. That was sure some meeting at the Pioneer hall for their own hall would hardly have held the people. When Master Dossert dropped the gavel to open the meeting, there was little more than standing room left in the hall. And with some 12 Granges and the Pomona representative, the group was a good crowd. Report of the committee on the reduction in the price of hardware to Grange members was very favorable and it is felt this will be of much benefit to the Grangers. Mountain-Rock Grange was notified of the meeting at the Pomona Grange, having 27, and Piler with 20. Only Hansen, Pleasant Valley and Knollville failed to have members present. Master of the latter two Granges is participating in the gravel contest. It seems that those who wonder what the Grange is doing could see these crowds at the gavel meetings they might want to belong to the Grange. Well, at present, why don't you? The various tests required by the rules were done in very crowded conditions. Brothel, Dossert and Brother Bateman had gotten over the stage fright that beset the masters at the last meeting at Cedar Grove, so they performed very well. And Hollar, anxious to get rid of the gavel as soon as possible, well present at Twin Falls at the Grange 19th hall, Wednesday night, March 13, at which time all good Grangers are cordially asked to be present. A varied, complete and excellent program was presented by Mrs. Pierce, followed by piano solos, "Rustic Dance" and "Gypsy Dance," Julia Shepherd, "Honor Washington," L. L. Holloway, "Our Milk," Mr. and Mrs. Jack Wilson, Mrs. Kevan and Mrs. Lopez, Mrs. Dossert, Mrs. Holloway, Mrs. Gandy Sweet Adon and "Drink to Me Only With Thine Eyes," accompanied by Mrs. Holloway, talk on glass and its uses, Mrs. Witherspoon, "In the Gloaming," Mrs. Dossert and Mr. Griev, accompanied by Mrs. Shepherd at the Steinway; and "Reuben and Rachel" brought up to date in Grange circles. Mrs. Dossert and Mr. Griev were in costume for this song and took off several more or less prominent Grangers in a comical way; poem, "High Treason" Book to Grow, read by Mrs. Griev. Master Dossert of Knoll Grange led in the singing of the first and second verses of the "God Bless America." This was quite inspiring with 100 voices joining. Refreshments of sandwiches, cookies, cake and coffee with Knoll Grange taking as hosts. This was another grand meeting and those who failed to be present missed more than they know.

Silas Deas, Democratic county chairman of Blaine, was a visitor from Blaine on the night of the week. Sightseeing has occurred at intervals during the past few days. A total absence of snow. The hills in the city are covered with the snow for the first time in a long time. In the streets, however, the water runoff each day is comparatively heavy, and there is some mud in spots. Days bear few remnants of snow.

The accompaniments were played by Mrs. Manning for Shamrock numbers and by Mr. Jamie for Mountain View pupils. Refreshments were served by the Grangers and the motive present. This was a grand program and is a fine example of what can be done when the school and Grange work together. FORD COMPANY ORDERED TO REINSTATE 142 WORKERS

BOARD DEMANDS FIRM PAY BACK LABOR SALARIES

WASHINGTON, Feb. 21 (AP)—The national labor relations board today ordered the Ford Motor company to reinstate 142 employees at its Richmond, Calif., plant and to award them back pay for the period of their allegedly discriminatory discharges.

The board also ordered the company to stop discouraging membership in the CIO's United Automobile Workers union; to bargain with the union upon request; and, if an understanding is reached, to embody the terms in a signed agreement.

The board's ruling is the seventh issued against the Ford company, four of which have been appealed in the courts. Appeals are now pending concerning the Dallas, Tex., Long Beach, Calif., and Buffalo, N. Y., plants.

Charges Upheld

Board charges that the company was guilty of coercion and intimidation of workers at the River Rouge plant were upheld by the sixth circuit court of appeals and appealed by the company to the supreme court. The high court, however, refused to review the lower court decision.

Board orders also have been issued in connection with membership at the Somerville, Mass., St. Louis, Mo., and Kansas City, Mo., plants.

The order today dismissed allegations that the company had discriminated against seven employees, but directed the company to transfer one employee to his former position and to offer back pay to another who does not desire reinstatement.

Stop Prepayments

In addition the company was directed to stop circulating any written or printed material among its employees which interferes with or coerces the employees in the exercise of rights guaranteed by the national labor relations act.

In computing the payment of back wages the board concluded that since the payment of the plant was reduced from 1.90 to 65¢ during the 1937 shutdown, it was probable that even had the company committed no discriminatory act some of the union members would not have received employment.

Therefore the board directed the company to compute a lump sum consisting of all wages paid from Jan. 2, 1938 to the date of the company's compliance with the board order.

Of this sum \$44,126.00 shall be credited to the discharged employees and apportioned in accordance with their hourly wage-rate prior to the plant shutdown.

Preferential Lists

In ordering the reinstatements the board directed that all employees presently working for the company who were hired since Jan. 3, 1938 shall, if necessary, be dismissed to provide employment for those to be reinstated. Those employees remaining shall be placed on preferential hiring lists.

The decision issued today was signed by Board Chairman Harry A. Mills and Board Member Edwin B. Smith. Dr. William M. Leterson dissented. In a separate opinion, Leterson said he agreed with the majority in the entire order except as to the reinstatement of 14 employees. In his opinion, Leterson upheld the trial examiner's report which recommended the dismissal of complainants concerning these 14 workers.

Webb, Tucker Battle for Shot at Title

NEW YORK, Feb. 21 (AP)—Jimmy Webb of St. Louis and Tommy Tucker of New York, outstanding young heavyweights, battle 10 rounds tonight at Madison Square Garden in opening of an elimination to determine Champion Billy Conia's successor.

THE SCOREBOARD

By HARRY GRAYSON NEA Service Sports Editor Frank Leahy, noted college football coach, now considers the knee injury he suffered at the start of his final season as a player a blessing.

When is an amateur golfer not an amateur golfer? Big Jim Ferris, former Australian champion, was barred from the national amateur last fall as a professional, but since has participated in most of the important amateur tournaments.

As good as Johnny Berardino is, he'll have competition at the top with the St. Louis Browns this spring.

Mary McManus, the old American league infielder who managed him in San Antonio last year, calls 20-year-old Vernon Stephens the most promising prospect he has ever seen.

Stephens, a right-hand hitter, led the Texas, a pitchers' circuit in driving in runs with 27 and manufactured 23 homers.

Fred Hazy may have to find himself room for both Johnny Beckwith and Vernon Stephens.

Edi Delaney has been made manager of the Pocatello, Ida., club of the league.

He caught the Deans and all seven world series games for the Cardinals against the Tigers in '34.

His brave attempt to come back as a big leaguer was one of the great stories of 1940.

Tommy Tucker, the New York boy now figuring in the light-heavy-weight scheme, was christened Robert.

His first name was changed by Jimmy Johnston because, when he worked with Peat and the manager yelled for Bob to stop, both pulled up.

Play Starts in Pee-Wee League; Score Is 50 to 8

The major leagues are just starting their spring treks to training camps, the Pioneer league are still sitting close to the home slopes, and the middle west and east are still shoveling the snow—but yesterday in Twin Falls play got under way in a pee-wee league.

The league is the Pee-Wee loop which functioned all last summer after not getting started until the first of April—too late, the boys decided, as they took the field for the first encounter yesterday.

The competing teams were Young's Dairy and the Sky Pilots with the Dairy winning by the "regulation" score—50 to 8.

Home runs were socked by the usual number, also being Tomlin, Turner, Geton, Sinters, Lore and Blustead for the winning club and Martin, Smith, Dewey and Whitehead for the losers.

Batteries: Young's Dairy—Long, Tomlin, Huston and Geton, Harder and Long; Sky Pilots—Martin, Arrington, Smith and Smith, Whitehead.

LITVINOV EXPELLED FROM REDS' CENTRAL PARTY RANKS

SHAKE-UP SHIFTS RANKS OF SOVIET INNER COUNCILS

By HENRY SHAFIRO
MOSCOW, Feb. 21 (Special)—Maxim Litvinov, former foreign commissar who was for years ace diplomat of the Soviet union, and two others have been expelled from the central committee of the Comintern party. It was announced today that Litvinov has been demoted to the rank of alternate.

Paulina Zhemchuzhina, an alternate, was elected to that position. In all cases, "inability to discharge obligations," was given as the reason.

M. Anislovich and S. A. Merkulov were dismissed with Litvinov. E. A. Shadenko and I. A. Bendictov were demoted to lower rank.

V. G. DeKanzov, new Russian ambassador to Germany, and Otto Kuusinen, Finnish ambassador to London, were elected full members of the committee and Ivan Masluy, Russian ambassador to London, was named alternate.

In "Ill" Health
The expulsions were voted last night at the concluding meeting of the all-Soviet Union Communist party conference.

Litvinov's star, long in ascendance, began to wane two years ago when Russia started its withdrawal from full cooperation with the world democracies and when he was named to Moscow at official functions. He had been little in the news, however, since a year ago when he suffered a heart ailment.

The party conference sternly reprimanded M. M. Kaganovich, former commissar of the aircraft industry, for "bad work."

Leaders Warned
The conference decided reprimands and possible expulsions await the commissars of the police, bureau of internal affairs, the chemical, ammunition, fish and electrical industries and the river fleet "unless they improve their work and learn the proper lessons from the party's criticism."

The conference nominated 17 new candidates for the central committee, including Gen. I. V. Tulenev, chief of the general staff, Ivan Masluy, Soviet ambassador to London, and E. Yermolov, commander of the Black sea fleet.

Came to U. S.
Litvinov came to the United States in 1933 to negotiate renewal of diplomatic relations between America and Russia.

His arrival in the terrible Russian "purge" which killed off the old Bolsheviks who had fought with Lenin and Trotsky was regarded as almost miraculous. Many times his disgrace or liquidation had been rumored, but he always bobbed up smiling.

Thomas Fairchild Paid Final Honor

BURLEY, Feb. 21 (Special)—Final tribute was paid Tuesday at the Burley First ward L.D.S. church, Bishop Sidney Larson officiating, to Thomas Fairchild, well-known Burley man, who died here last week following a short illness.

The women's chorus sang "Rock of Ages," and Charles W. Dwyer gave the invocation. Mrs. Hugh Clark and daughter, Rose, sang "When I Take My Vacation in Heaven" and "There's a Cold Mine in the Sky." Speakers were Clarence Gibson, George Ferring, John E. Fairchild and Bishop Larson.

Owen McBride sang "Face to Face" and a quartet, Herrick Drake, Bernice Smith, Merle Drake and Clarence Gibson, sang "O My Father." David E. Tracy gave the benediction.

Fullbearers were Ernest Kidd, Felix Williams, G. L. Hodge, Leonard Johnson, Wallace C. Jamison, Melvin R. Johnson, Alma Paulick and Alfred Paulick. Flowers were in charge of Isabel Powell, Mayme Dudley and Pearl Barr.

END NEARS FOR MUSIC CONFLICT

NEW YORK, Feb. 21 (Special)—A quick settlement of the music racket between the American Society of Composers, Authors and Publishers and the radio broadcasters was predicted today as ASCAP members rallied to support a decree by which the society will end a government anti-trust suit.

Approximately 700 members of the society ratified the decree unanimously last night and Gene Buck, president, said: "I honestly believe there will be a settlement with the broadcasters in a very short time."

Pacific coast members will ratify it Saturday, but ratification by the membership is unnecessary since the society's laws give the directors, which already had approved it, full powers. It will be filed in federal district court here Monday.

ASCAP controls the copyrights on most of the music written during the past 30 years. This music has been used on the radio networks and by most of the independent stations since Jan. 1 when a contract between the society and the broadcasters expired.

The consent decree was said to eliminate ASCAP practices which would make the negotiation of a new contract possible.

Japanese Youth, First Volunteer, Writes of Army

PAUL, Feb. 21 (Special)—Mr. and Mrs. S. Abo, Paul, have received word from their son, Tamao, who was the first Japanese boy in Idaho to volunteer in the U. S. army leaving Jan. 22 for a year's military training.

Tamao tells of first being stationed at Monterey, Calif., where they remained until Q1 exams were given, and from where they were to be transferred to different stations, Monterey being only a receiving camp.

From there he has been transferred to Camp McQuade, Calif., where he will be stationed for some time. Here he relates that they have a set-up of sheds with wood floors, screen doors and about four and a half feet of screen all around. They are up at 6:30, then have breakfast, and drill from 8 to 11:30 a. m., then come lunch, exercise and class instructions on 155 m. guns until 4:30 p. m., with supper at 5:30 p. m., Saturday afternoons and Sundays are free. He also reports that he expects to get office assignment in the near future.

Mr. Abo is situated with high honors from the University of Idaho, Moscow, with the class of '40.

STRIKES SETTLED AT TWO PLANTS

By United Press
Settlement of two strikes in national defense industries was announced today, leaving 19 walkouts still in progress.

The settlements involved \$10,000,000 worth of navy contracts at the strike of 2,500 workers at the Allison Manufacturing Co. plant, shut down by a United Automobile Workers' (CIO) strike since Jan. 22, and delaying production on defense orders totaling \$40,000,000. Negotiations hinged on interpretation of a "discipline clause" in an agreement reached last week in conferences at Washington. The strikes are demanding an all-union shop.
