

ROOSEVELT SEEKS 4 BILLIONS MORE FOR ARMY USES

\$612,261,000 IS REQUESTED FOR AIR FORCE HELP

WASHINGTON, Feb. 24 (AP)—President Roosevelt today asked Congress for additional army appropriations and contract authorizations totaling \$612,261,000.

The request included \$46,250,000 cash and \$24,000,000 in contract authority for expansion of the air corps. There was no breakdown on how the air corp allotment would be spent. Informal sources believed the program called for 15,500 additional planes, including trainers, fighters and bombers. This would boost to 24,000 the number of army planes now on order.

The new request was reported to be the first portion of supplemental army requests for the current fiscal year which were expected to reach about \$5,400,000,000.

Current Budget

Several of the items in the President's request had been included in the 1942 budget, which he submitted to Congress early in January. Apparently because of the seriousness of the emergency, the President today requested they be added to the current budget for immediate use instead of waiting until the start of the next fiscal year July 1.

He requested elimination of the duplicating items from the 1942 budget.

Mr. Roosevelt's request today included these items:

To expedite production of equipment and supplies, including construction of new plants and acquisition of land, \$29,000,000. Of this, \$10,000,000 would be for payments under contracts authorized in previous appropriation acts for this year. In addition, new contractual authority up to \$19,000,000 would be given the war department.

Regular Supplies

Regular supplies of the army: \$10,000,000 of which \$2,000,000 would be in contract authority.

Clothing and equipment: \$70,000,000. Of this, \$40,700,000 would be for previous contract authorizations.

Army transportation: \$139,130,000 and \$2,500,000 in contractual authority.

Military posts including construction, maintenance and acquisition of land: \$23,000,000 cash and \$11,250,000 in contractual authority.

Signal corps: \$46,714,000 cash and \$17,040,000 in contractual authority.

Medical and hospital department: Contract authority up to \$3,601,819.

Army engineering services: \$19,944,000 cash and \$13,929,500 in authorizations.

WRITER BLASTS UNIONS' LEADERS

(From Page One)

man Nathan W. Summers, D. Tex., asked him whether it was relevant to the inquiry. Summers said the union practices that slow up defense.

Pegler replied he sought to show no restriction, all it contained reading the statement, saying he wanted to disclose the instrumentalities through which the work was done.

Explains Character

He added he felt his testimony should explain the character of the men who have the power to declare strikes.

Rep. Francis E. Walter, D. Penn., told Pegler he recently had been proposed that men employed in essential war industry be deprived by legislation of their preferential status under the draft if they strike. He asked whether such legislation would be "heuristic."

"No," said Pegler. "I think there's a threat in it. It would abridge a worker's right to strike."

Do you consider your investigations and exposure anti-labor?" asked Rep. Sam Hobbs, D. Ala.

"No," said Pegler.

"You believe in organized labor?"

"Yes, I do."

"And the right to strike?"

"That's right."

Pegler said he did not know to what extent labor has impacted national defense, although he knew of some specific instances. He said the type of labor leader against whom he complained was the type of man who would order workers to strike the job in return for an employer's bribe.

Pigeon-Fancier to Bricklayer: That's Ex-Servicemen's Range

Ex-service men filling out questionnaires as regards their availability and adaptability for service in case of national emergency may be anything from a homing pigeon fancier to a bricklayer.

This was revealed today after a check of the Twin Falls questionnaires was made and the vocations which might be used in case of an emergency were noted.

There are 67 vocations or activities listed on the registration blank and each ex-service man is asked to check those for which he is fitted. The registration, which was held for the first time Tuesday, will be continued at the American Legion Hall Tuesday from 7 to 9 p. m. W. W. Francis, chairman in charge, said today.

More Varied Vocations

Printer, professional fireman, public librarian, stenographer, surgeon, telegrapher, telephone line operator, telephone switchboard operator, bus driver, city engineer, typewriter, typist, writer, volunteer fireman, weightlifter and X-ray operator.

Each ex-service man, after listing his qualifications, checks whether he is ready for service in state troops, local militia, driver, tractor operator or part-time home service. He also lists his general physical condition.

Senate Gives Approval

Members of the Senate gave their approval to a house measure creating the Idaho mining securities board. The vote was 25 to 13. If signed by the governor, it will establish a man mining stock board made up of the governor, attorney general, secretary of state, mine inspector and commissioner of public investments.

Sen. Howard Sims, D. Lemhi, spoke in favor of the bill and said it would permit the state to regulate mine stock issues of less than \$100,000. The federal securities exchange commission does not regulate issues below that figure, he said.

Opposed to the bill was Sen. T. R. Hanson, D. Shoshone, who said there is "too much red tape" was created by the measure. Sen. S. L. Thorpe, R. Jerome, asserted SPC jurisdiction was sufficient, and that the bill would curtail Idaho's mining industry.

The senate passed six other measures during the morning session and sent two back to committee.

Bills Passed

Bills passed were designed to simplify procedure for application and voting of an absentee ballot; provide for the employees of the state who take leave of absence to serve in the nation's military forces must be given their old job or an equivalent position when they return; authorize confiscation of firearms, bombs and other explosives found in possession of a delinquent; and that the bill would reduce to six per cent the interest on delinquent certificates of municipal improvement districts; define community property of husband and wife, and establish filing fees for ditches and canals to correspond with the amount of water conveyed by the ditch.

SEN. CLARK RAPS BRITISH AID BILL

(From Page One)

"But when in furtherance of this white-hot patriotism of theirs they come here and try to drag you into a war which is not declared, when they seek to take the young boys of American mothers as they did in 1918—and they will do it again as soon as they need them—I then I reserve the right at least to try... to tell the mothers and fathers and boys and taxpayers of this country precisely what is being done to them," he said.

"Coddling to Stalin"

"If that is being anti-British, make the most of it!"

"Stark charged Britain did not declare war in the name of democracy and she didn't declare it to save Poland," because, he added, "at the time, Russia was justifying itself and took the half that Hitler didn't take."

"England not only did not declare war in 1918 but she is still coddling up to Stalin ever since," he said.

He said it was "beside the point" to argue whether Hitler was justifying or not—"probably he was not"—in invading Poland, or whether Britain was justified in going to war or not in declaring war on Germany.

Tried Blockade

"They tried a blockade of France," he said. "They thought they could starve the Germans into submission." He said, "They thought they could starve the Germans, again, in Germany and again re-establish their own commercial supremacy."

He said, "They are now in a devil of a fix. And that is about all there is to this war."

Clark closed his speech by warning that he would do all in his power to keep the United States out of the war in the United States; that while trying to save democracy abroad he "will surely lose it at home."

TWIN FALLS - BURLEY

RITES ARRANGED FOR LEVI SINEMA

Funeral services for Levi Sinema, 71, since 1905 a resident of Twin Falls, will be held Tuesday at 11 a. m. at the Reynolds funeral home chapel. Rev. O. L. Clark, pastor of the Presbyterian church, officiating. Interment will be in Twin Falls cemetery.

Mr. Sinema died early Sunday morning at the Twin Falls county general hospital, where he had been a patient a short time, being taken there from his home, 1405 Heyburn avenue east, last Friday.

Mr. Sinema came to Twin Falls with his family from Adams, Idaho, operating one of Twin Falls' first groceries, and then establishing the Twin Falls Feed store on Second avenue south.

He continued in this business until 1921, and from that time until he retired in 1931, he was identified with an orchard business.

He was born in Holland, coming to the United States in his teens. He was married to Mrs. Marie Van Klompenburg, of Orange City, Ia., 52 years ago. Mr. and Mrs. Sinema celebrated their golden wedding anniversary Feb. 21, 1939.

Surviving are four sons, J. D. Sinema, Twin Falls highway district engineer; John E. Sinema, Lee Sinema and Harold Sinema, all of Twin Falls, and one daughter, Mrs. Lewis Lefevre, New Orleans, La. Another daughter, Miss Jean Sinema, died in 1934.

Mr. Sinema was affiliated with the Presbyterian church and the Yeoman lodge.

SWEENEY RITES TO BE TUESDAY

Funeral services for Thomas Sweeney, 71, will be held at 8 a. m. Tuesday at St. Edward's Catholic church, with Father H. E. Helman as the celebrant. Mr. Sweeney died at 3:30 p. m. Saturday at the Twin Falls county farm, following several weeks' illness.

Interment will be in Twin Falls cemetery, under the direction of the Reynolds funeral home chapel.

Mr. Sweeney's wife died in 1927. Mr. Sweeney was born in 1864 in Minnesota, and was among the first settlers on the Twin Falls tract. A boot-maker by trade, he engaged in farming during his 35 years' residence in Twin Falls county.

Surviving are two nephews, Albert and Ralph Smith, Redwood City, Calif., and a niece, Mrs. Veronica Lawler, also of Redwood City.

5 BOYS ACCUSED IN CAR ESCAPE

Local police today reported they had apprehended five youths, all minors, believed to have been responsible for the escape of an automobile here last Thursday night.

The five boys were brought before Probate Judge C. E. Doolittle this morning but no action on the case was taken pending the filing of charges by the officers of the car owner.

The machine was the property of Otto Steinberg, Twin Falls, and was taken from a parking place in the downtown section. The keys had been left in the car. It was found several hours after it was stolen, abandoned near Jerome when it was overturned in a lateral canal.

DEATH SUMMONS WILLIAM FELBUSH

William Felbush, resident of Twin Falls since 1913, and operator of a transfer company here for a number of years, died Sunday at 4:30 p. m. at his home on an average south east of Twin Falls, where he had lived the past four years.

He was born Sept. 15, 1875, at Cleveland, O., and as a child moved to Abilene, Kan. He was married there July 8, 1898, to Miss Laura M. Starr.

Surviving are his wife and the following brothers and sisters, Mrs. Mary Yingling, Naperville, Ill.; Fred, Ben, Obed and Herman Felbush and Mrs. Dora Haney and Mrs. Louise Huffman, all of Abilene, and Mrs. Margaret Buchanan, Opeyun, Kan.

Funeral services are pending. The body rests at the Twin Falls mortuary.

Undeclared Dairy Ball Nine Winner

The undeclared Young's Dairy baseball team kept its Pre-Wee league record intact here Saturday when it drubbed the Idaho Southern Gas club by a count of 50-18 in a game played at Washington field.

Led by Bud Fover, Husted, Lonny Dewey and Tomlin, all of whom closed home runs, the winners were struck from the first inning. Charles and Donald Kelley and O'Neill closed four-base blows for the losers.

The tourney was conducted on a handicap basis and all scores included the handicaps.

CHARGE DROPPED AGAINST TRUCKER

Because the complaining witness—a resident of Pocatello—did not wish to prosecute, Robert E. Bower, Twin Falls, was cleared today of charges that he violated highway regulations.

Misdemeanor complaint against Bower was dismissed by Probate Judge C. A. Bailey on request of Thomas P. Beahly, driver of an Oregon car involved in a collision with the Pocatello truck driven by Bower last Feb. 11 on U. S. 30 two miles west of Twin Falls.

Hearing in the matter had been postponed once because Beahly, with his father, mother and other relatives, was en route to Kansas to attend a funeral. Today, on their way back to Oregon, they stopped in Twin Falls and requested that the accusation against Bower be dropped because they believed the Feb. 11 mishap "was purely accidental."

State police had claimed Bower did not halt at a highway stop.

Dismissal of the case came on payment of \$3 costs by Bower. He had pleaded not guilty.

Lowery Seeks to Extradite Check Writer From Utah

Sheriff Warren W. Lowery was in Salt Lake City today to seek extradition of Paul A. Roth, traveling now in custody there on a Twin Falls felony complaint.

Lowery went to the Utah capital Sunday with Lee McCracken, acting chief of police. They were to confer with Gov. Herbert B. Maw today, and Maw was expected to approve extradition of the prisoner. Gov. Maw's clerk of Idaho delayed the formal extradition request.

Roth is accused of presenting a fraudulent check to a local hotel.

LAST CALL COMES TO HENRY WHITE

Henry White, 66, who had been engaged with Herman Yarborough in operating the Idaho Shoe Shining parlor here for a number of years, died at 11 p. m. Sunday at 216 Sixth avenue north, following a brief illness. He had lived in Twin Falls for the past 40 years.

Mr. White was born in Houston, Tex. His wife, Mrs. Isabelle White, died here in April, 1940.

Surviving are the following brothers and sisters, Walter White, Oakland, Calif.; William White, Brownsville, Tex.; and Marie White, El Paso, Tex.; Mrs. Anna Jackson and Mrs. Cora Hurd, Houston.

The body rests at the Reynolds funeral home, arrangements pending the arrival of relatives.

THIEF OF PELTS TRACED TO TRIO

Theft of sheep pelts from the J. M. Jamerson ranch near Filer had been solved today—with result that one youth of that district is going into the army, another is leaving south Idaho and a third has been released on good behavior.

Sheriff's officers solved the pelt thefts after working quietly on the matter for several weeks. Deputies said today that six pelts were involved, two of lambs and four of larger sheep. Stolen the night of Jan. 27, the skins were traced to Gooding, in which town the youths had sold the pelts Jan. 28.

All three youths live in the Piler district. Their names were not made public since no formal complaints were signed in court.

LAFOLLETTE HITS AID BILL POWER

WASHINGTON, Feb. 24 (UP)—Sen. Robert M. LaFollette, Prog. Wis. charged today the British aid bill would give President Roosevelt "the green light for war" and permit "to strip the military and naval defenses of the United States to support a quixotic adventure overseas."

LaFollette is an isolationist like his famous father—Sen. Robert M. LaFollette, sr., who was one of six senators to vote against the 1917 declaration of war.

"This bill means war," LaFollette told the senate.

"Whatever fine trappings it is decked with—it hides the skull and bones of death on old world battlefields and death on the seven seas. Who will assume to limit where the graveyards of this war will be?"

"As for myself, I am opposed to our entering the war. I will not give my vote for any bill which is admittedly one step nearer another blood bath for six youth one step nearer totalitarianism for the United States. I am not willing to add my vote to help in such a course of action which I am convinced can only end in the same bitter disillusionment and futile disaster of the last war."

"This bill gives the President power to create a state of war, leaving only to congress the permission to say 'No' with a formal declaration of war recognizing the situation created by the executive."

THREE TEACHERS HURT IN CRASH

JEROME, Feb. 24 (Special)—Miss Virginia Cooke and Miss Becky Barber, two of three Jerome county school teachers injured in an automobile accident Friday at 7:30 p. m., eight miles west of Gooding, were back in their class rooms today.

Miss Calypso Hawley, most seriously injured of the trio, was taken to Boise by her father, Bird Hawley, Melba, for X-rays. She is an instructor at the Lincoln school.

She sustained cracked ribs, a broken collar bone, a back injury and bruises. Miss Hawley was driving the car en route to Boise, when it skidded on a slippery stretch of road, rolling over several times.

Miss Cooke, also an instructor at the Lincoln school, Jerome, suffered shock and minor bruises. Miss Barber, who teaches at the Greenwood school, sustained a cut hand.

KIRKMAN TRIBUTE SET FOR TUESDAY

L. G. Kirkman, 66, patriarch of the Twin Falls slacks, Latter Day Saints, and the first bishop of the Twin Falls ward, will be accorded final tribute Tuesday at 2:30 p. m. at the second ward L. D. S. chapel.

Mr. Kirkman died early Saturday afternoon at his home, 601 Third avenue west, after a long illness.

Bishop Claude Brown will officiate at the services in the chapel at the corner of Fourth avenue north and Fourth street north, and interment will be in Twin Falls cemetery, under the direction of the Reynolds funeral home.

You'll find its SOFT AND QUIET RIDE

WE INVITE YOU to compare the ride of your present car, no matter what it is, with the ride of this year's Ford.

Never before in Ford history have we devoted so many improvements at once to producing increased comfort.

We lengthened both wheelbase and springbase. We designed entirely new bodies of greater length and width than ever before. Bodies with as much as seven inches added to seating width. Bodies with wider doors and bigger windows than ever before.

Then we equipped this big 1941 Ford with softer "Slow-Motion" springs. With a new frame that is 100% more rigid. With improved shock absorbers. And with a perfected ride stabilizer for steadiness on turns and in high winds.

The result is a ride that many say is new for a car of any size!

DEATH COMES TO S. P. NIELSON, 71

PATL, Feb. 24 (Special)—S. P. Nielson, 71, prominent resident of Paul for many years, died at 4 p. m. Saturday at the Rupert general hospital after a lingering illness. He had been taken to the hospital in an unconscious condition from which he never rallied.

The body rests at Goodman mortuary in Rupert pending funeral services, which will be held Tuesday, Feb. 25, at 10 a. m. at the L. D. S. church in Paul. Following the services the body will be taken to Ririe, Ida., where short rites will be conducted at 1:30 p. m. Tuesday.

Burial Near Ririe

His wife is to be in Shelton cemetery near Ririe, beside the grave of his infant.

Mr. Nielson was born in Lillefugede, Holbeck, Denmark, April 17, 1869. He left there and came to the United States with his parents when he was 10 years old, settling in Manitwa, Utah, later moving to Ovid, Ida. They lived in Ovid until he was married, at the age of 19, to Stena Johnson, in the Logan L. D. S. temple. The couple moved to Blackfoot where it lived about one year. Mr. Nielson's wife and infant daughter died at Blackfoot.

He then went back to Ovid, and worked there a year or so. He then married Annie Charlotte Peterson, daughter of Orasmus Peterson and Minnie Johnson Peterson, at the Logan L. D. S. temple, May 27, 1891. A few months later they moved to Ririe, Ida., in the upper Snake river valley being among the early settlers there. He homesteaded a claim there and lived in that home nearly 30 years. Seven of their eight children were born there.

Because of illness of his wife he became a citizen of the United States about 35 years ago.

He always has been a leading member of the community in which he lived, and a member of the L. D. S. church. He held the Melchizedek priesthood, being ordained a high priest Sept. 11, 1927.

His wife preceded him in death April 20, 1930. The following fall he moved to Paul where he has since lived.

He is survived by four children—Mrs. J. E. Hansen, Paul; Mrs. William A. Shaffer, New Meadows, Ida.; Mrs. T. Ezra Morgan, Lehi, Utah; and one son, Morgan A. Nielson, at home. Ten grandchildren and six great-grandchildren, and one brother, Andrew Nielson, Brigham City, Utah, also survive.

FORMER OFFICIAL IN COUNCIL RACE

Twin Falls wide-open race for two council positions and the mayor's post continued to attract candidates today with the result O. H. Coleman, a former councilman, threw his hat into the ring.

Coleman is the initial candidate to announce for the council in addition to the two present councilmen—Paul R. Faber and Leonard Avant—who seek to succeed them.

"Great talk" has it that at least three more candidates will announce for the two council openings before the March 1 deadline.

Four mayors—Merrill E. Lenn, Lem A. Chapin, Reese M. Williams and Hamer Adams—have announced for mayor. Koehler seeks another two-year term while Chapin is a former mayor.

Coleman announced he would run for a council post by taking out papers of nomination late Saturday.

He served on the council from 1931 to 1937, being police commissioner and fire department head. A former grocer, he is now president of the Southern Idaho Fish and Game association.

Patriotic Theme for Baptist Auxiliary

GOODING, Feb. 24 (Special)—Baptist auxiliary met at the church Wednesday for a dessert luncheon, followed by a business meeting and program. Mrs. Lola Price conducted the business meeting. Devotionals were led by Mrs. Beate Pae who read a scripture lesson and a poem, "Look Aloft."

A patriotic program was presented by Mrs. Edna Pahl. Patriotic songs were sung by the group, with Mrs. Loyd Shively accompanying Mrs. Pahl. She gave a talk on patriotism which included a summary of what American women can do in the national defense program. She also conducted a questionnaire on the American flag.

Mrs. O. D. Heiler and Mrs. Earl Smith were hostesses.

JAPAN ASKS WHITE RACES TO CEDE SOUTH PACIFIC SECTOR

1,000 MILE AREA CALLED 'OCEANIA' AIM OF NIPPONS

TOKYO, Feb. 24 (AP)—Foreign Minister Yonuke Matsukata today asked upon "the white races" to cede Oceania—the more than 1,000-mile square region of the south Pacific—to the Asiatics.

Matsukata declared "it has always been my theory that Oceania, which is 12,000 miles from north to south and 1,000 miles from east to west, must be made a place for the Asiatic peoples to migrate."

Matsukata did not elaborate on his conception of "Oceania" which is ordinarily used to describe only the scattered small islands of the south Pacific. His statement of the area was capable of supporting 600,000,000 to 800,000,000 people, however, would indicate he meant the whole south Pacific in "Oceania," even including the Netherlands East Indies, the Philippines and possibly Australia and New Zealand.

The Japanese foreign minister made his statement to a committee of the lower house of the Diet. He spoke after Japanese leaders had assured the house Japan is watching Anglo-American moves closely, and the Japanese navy already has determined upon counter-measures to any such moves.

Matsukata again offered an explanation of his memorandum to British Foreign Secretary Anthony Eden. He said he submitted his proposal without any connection with Germany and related to it is not designed as a mediation offer but as a statement of Japanese position.

However, Matsukata admitted by a "stretch of the imagination" his memorandum possibly might have been interpreted as a mediation proposal for the European war.

In the statements, made by Vice Foreign Minister Chutichi Ohashi and Vice Admiral Tetsuo Toyoda, vice navy minister, a strong note of suspicion was apparent as to American motives in fortifying far eastern bases and American and British policy toward Japan's attempt to mediate between Thailand and French Indo-China to negotiate a "Lords" agreement with the Netherlands East Indies.

Duce Blunders; Admits Africa Force Is Bigger Than British

By J. W. T. MASON
United Press War Expert
Mussolini, looking the Italian people "firmly in the eye" has explained the Libyan catastrophe in a manner that normally would increase rather than diminish Italy's uneasiness concerning Fascist military competence. While declaring the Italian general staff's work in Libya had resulted in a "miracle," Duce incautiously let out the fact that the victorious British army in Libya was outnumbered by the Italians, by more than two to one.

This confession, which finds place in Mussolini's long speech before the black abrics of Rome, hardly sustains his promise of victory. It is difficult to understand how Duce hopes to stimulate Italian morale by such a public confession of the combat and leadership qualities of the Fascist army.

East to Africa
Mussolini declared that only during the period between October, 1927 and January, 1930, 14,000 officers and 323,218 soldiers, with great quantities of supplies, were sent to Libya. Since January, 1930, while Italy was preparing to enter the war, it is only reasonable to suppose that further reinforcements were transported to the Libyan front.

In addition, Italy is known to have had considerable forces of native troops in Libya. The total combat strength of the Italians under Marshal Graziani thus must have been between 400,000 and 500,000. Duce further declared in his speech that the British had 18 divisions in Egypt. That is to say, British troops numbered approximately 200,000 while the Italians facing them outnumbered them considerably more than 400,000, according to Duce's figures.

Figures backward
It is usually estimated an attacking force should outnumber a defending army by three to one. If it hopes to achieve success. In Libya, however, the defenders outnumbered the attackers by more than two to one.

cause they had not enough "machines," yet they were about to start a major offensive, with the same deficient equipment.

Northern Lights
At infrequent intervals, the aurora borealis, or "northern lights," is seen as far south as 20 degrees north latitude.

MUTINY CHARGE HITS CCC BOYS

YAKIMA, Wash., Feb. 24 (AP)—Sixteen civilian conservation corps workers, who were reported to have mutinied, were held in county jail today on open charges.

Highway patrolmen and deputy sheriffs brought them in from the Naches camp, 25 miles from Yakima. Sheriff Jasper Day said camp officials had not made any charges, and military authorities from Fort Lewis might take over the case.

Some of the boys said their superior officer, "Major Dill," had mistreated them. Ray Whitaker, 19, of Easley, S. C., said most of the 180 boys in camp were from Georgia and South Carolina, that Dill had kicked them around in the mess hall and when they asked him about it "in a nice way," he got mad.

WICKS TO TAKE OVER TOP UNIVERSITY POST

Engen Retains National Combined Title; Fails to Set Jump Mark

WICKS TO TAKE OVER—Guy Wicks, director of athletics, football and basketball coach at the University of Idaho, southern branch, today prepared to move to Moscow where he will serve as University of Idaho athletics director.

Wicks was appointed to the post by the state board of education. He succeeds Ted Bank, who resigned recently.

A graduate of the Moscow school, Wicks will also handle the physical education department. His position will be a new one, inasmuch as the head football coach was formerly director of other sports.

No action was taken at the meeting to fill vacancies in the vanguard of the new staff.

The appointment of Wicks was made by the state board of education at a Boise meeting Saturday and announced by President Harrison O. Dale of the university.

The meeting lasted all day, and a special committee was assigned the following official statement:

"State board of education at a meeting Saturday night appointed Guy Wicks, director of athletics and physical education at the University of Idaho, southern branch, as director of athletics and physical education at the University of Idaho. The appointment was made on the recommendation of President Harrison O. Dale and was based on a report and a special committee of faculty, students, and alumni to advise on the selection of athletic personnel. Mr. Wicks having been one of the persons recommended for consideration."

"Mr. Wicks graduated from the University of Idaho in 1914. He received his master's degree from the same institution in 1924. He has advanced work at Idaho and Northwestern universities. Mr. Wicks was coach at Genesee high school for two years, at Spokane high school for three years, and at the southern branch, and for the past five years director of athletics and also head football coach."

"A separate director of athletics and physical education is a new position at the University of Idaho. Wicks will handle the head football coach has also been director of all other athletic sports, as well as president of the board of directors of physical education."

"The director will handle the duties for all athletics, thereby relieving the coaches of all their responsibilities. The position of the graduate manager as set forth in the constitution of the athletic association remains unchanged except that in administering student funds allotted to athletics, the director directly with the athletic director and not with the individual coaches as heretofore."

North-Siders Set Finals for Friday Night

DIETRICH, Feb. 24 (Special)—Plans had been completed today for the sub-district tournament to be held here Feb. 26, 27, 28.

Stanford Club Cinches South Division Title

(By United Press)

Stanford's basketball team won the southern division Pacific Coast conference championship by defeating the week-end while Washington State college moved within easy reach of the northern title.

Playoff plans, however, were still indefinite. Stanford refuses to play on the week-end of March 15 because of final examinations. That regular northern division schedule runs to March 8, but WBS may be able to cancel its final games if it clinches the title.

Stanford won its ninth victory in 10 starts Saturday night by beating U.C.L.A. 56 to 34 at Palo Alto.

Washington State won its 11th consecutive game, after dropping its first two, by 62-47 trouncing a Washington, Oregon State nose out Oregon 24-23 to retain a mathematics title.

The new standings, released by Secretary Fred Stone of the Twin Falls Bowling association, show Jones with a seasonal average of 128 compared with Carlson's 164. Last week these standings were reversed.

These high scores give Jones leadership in the city league, Carlson's tie with D. Sogn for tops in the Commercial. In the Magic City Ladies' loop Ruth Rogers has the high mark of 168. R. Watson topped the Merchants' loop with 118.

Leading 10 bowlers in each league follow:

Commercial league—Carlson 184, D. Sogn, 184, Adkins 171, Brooks 171, Timmons 170, Cox 169, Wendling 166, King 165, Kilborn 156, Clark 156.

City league—Jones 125, Cox 123, Boone 118, Stone 116, Hager 116, Berles 116, Weller 114, Clark 113, Reed 113, Ross 110.

Magic City league—Rogers 168, Vanegas 145, Weller 145, M. Gilkey 139, L. Bulher 139, I. Sieber 139, D. Beroch 138, R. Henry 138, M. Gre 135, S. Allan 131.

SOUTHERN IDAHO GETS BLAME FOR NEAR EXTINCTION OF TRUMPETER SWAN... DRIVE STARTS TO GET COOPERATION

Sanctuary (in Montana) have made the Trumpeters their special charge, and for the past seven years have protected them through successful breeding seasons during which 27 cygnets (young) have been raised," continued Mr. Marler.

"I was considerably hoped that mating among these young birds would result in a compound increase. But, in spite of success in raising the young, the increase in Trumpeters over a period of seven years has been only 69 individuals, as against 48 Trumpeters at the opening of the 1934 season—in spite of 27 cygnets raised during the seven years.

"The reason why a greater number of Trumpeters have not survived is not far to seek. We find it in our adjoining state—Idaho. In autumn, the few remaining Trumpeters migrate to Idaho, and in the spring return to the sanctuaries in Idaho. But when the shallow pools and lakes where they have nested freeze over, they move southward to the valleys of Idaho and into a corner of Idaho, along the Snake and Bear rivers.

"Here their increase is making them conspicuous. Though specifically protected in the migratory bird treaties, they are shot in numbers, whether in malice or through ignorance. Hunters usually offer the excuse they believe their quarry to be a Snow Goose. A game warden recently permitted a Trumpeter to be shot and killed in the window of a butcher shop.

"New arrests are made in proportion to the numbers of Trumpeters that are shot. Because of this, the Trumpeters are removed from the care given them at Red Rock sanctuary and are sent to the state penitentiary to be kept in cages until they can be released. It is the only hope of saving them from extinction lies in a campaign of education undertaken by a private organization, the Idaho Trumpeter Society, which is working to educate the people of Idaho to the tragedy of destruction perpetrated by a few gunners. Mr. Marler continues:

"So that's the situation. It appears that it's up to southern Idaho sportsmen to 'go to bat' for the Trumpeter Swan.

"And that's where the southern Idaho game associations will come in."

"We believe Mr. Marler, who will show the film here Wednesday evening, will have no trouble in getting support of organizations of this sector.

Weather Spoils Try For New Record on Ecker Hill Course

ECKER, HILL, Utah, Feb. 24 (U.P.)—Alf Engen does not hold a new North American Ski jumping record today. But it's not his fault—blame it on the weather.

Here's what Engen did this week-end at Ecker hill:

1. Took second place in an 11 kilometer cross country run over the Wasatch mountains.
2. Made jumps of 236 and 225 feet in official competition over the regular class A Ecker hill jump.
3. Through his cross country placing and his victory in the jumps, he actually surpassed the combined skiing champion.
4. Scored 285 feet in an unofficial jump over 'new super' jump at Ecker hill. This is 12 feet past the existing North American record. But the jump didn't count because it was after the regular meet was over.

The weatherman was Engen's enemy all week-end.

120 Miles Per Hour

Saturday—during jumping event that concluded the combined meet—it was too cloudy early in the afternoon for Engen to use the super take-off in a try for a record. Perfect visibility is necessary because Engen estimated he would have to be traveling around 120 miles an hour to make a new record.

After making his official jumps over the smaller Lakoff, Engen made four practice leaps over the super-jump. The sun had come out. It was on the fourth of these that he actually surpassed the record.

Sunday, Engen was back at Ecker, determined to make the record this time. But a heavy rain reduced the jumping course to slush. Engen made one jump over the Class A Lakoff—and then recommended that meet officials cancel all Class A jumping for the day because conditions were too dangerous.

The officials agreed and called off the major competition.

However, Class B and C jumps were made yesterday. Officially the purpose was to determine the Utah state champions in these two events. Both were second in national combined standings. All registered from Sun Valley, Ida.; Kaare from Payette Lakes.

Public accidents killed approximately 15,000 persons in the United States in 1940.

Golden Gloves Boxers in Meet Finals

CHICAGO, Feb. 24 (U.P.)—Survivors of amateur boxing tournaments in 23 states open their Golden Gloves tournament of champions tonight.

Fighting in three rings, the field of 352 will be cut to 32 during the next three nights at the stadium and in the finals on March 7 eight champions will be crowned.

Competition on the opening night will be between amateurs from the 112, 118, 128 and 135 pound classes, representing cities from the Rockies to the Alleghenies.

Rupert Cage Club Wins Regional M-Men Tourney

RUPERT, Feb. 24 (Special)—The strong Rupert cage club basketball team today prepared to represent this Idaho state in the annual regional M-men tournament in Salt Lake City, starting March 12.

The local quintet came through with a 7-24 victory in the finals of the regional tournament here Saturday night over the Hebrun entry. Rupert led 16-6 at the end of the first half.

Eliminated went to the Boise club by a 46-20 score over the Unity cagers.

New Contracts Expected by Cowboy Bosses

New contracts were expected in the mail today by the bosses of the Twin Falls Cowboys as they started the "stretch drive" before the opening of their spring training camp in Prosser, Wash., April 7.

With about six weeks left before the start of the conditioning season, Business Manager Carl Anderson today stated that there are many contracts yet to be returned. However, several of these are expected within the next few days.

Manager Alf Harrington today stated that Hal O'Harrington, veteran catcher, had asked for his release—and it will probably be granted. However, he has not yet given a reply to accept his freedom.

O'Harrington, who has a job in California, wants to play in the semi-pro ranks. He also has a low draft number.

The passenger death rate in 1940 at transport accidents was 3.1 persons per 100,000,000 miles.

American League Empire Killed in Automobile Crash

HOOPOLM, Ill., Feb. 24 (U.P.)—Louis C. Kolls of Rock Island, Ill., former American League baseball umpire, and four other persons were killed last night when two automobiles crashed head-on in the city's downtown.

Kolls, who had umpired in the Mississippi valley circuit and in the Western and Pacific Coast leagues, began his American league career in 1927. His contract was not renewed at end of last season.

Class A Drawings to Be Held on Thursday

Officials were named today and drawings will be made Thursday for the annual district Class A basketball tourney to be staged here on Wednesday, Thursday, Friday and Saturday, March 6-7-8.

Officials for the meet, as announced by Tournament Manager Ed Rogel, will be Howard Paul of Boise and Bill Cunningham of Nampa. Paul worked the tournament here last year.

Coaches and officials from each of the eight competing schools—Jerome, Ellet, Buhl, Gooding, Mackay, Hager and Teton Falls—will be present at the Thursday morning for the drawing. The gathering will get underway at 7:30 p. m. room 123 of Twin Falls high school.

Practice Schedules

At the parlay a schedule will also be drawn up for practice sessions by outside teams and bulletin board information regarding the tournament will be passed out. A form will also be issued for the doctors' meet. This will be present at the Thursday morning for the drawing. The gathering will get underway at 7:30 p. m. room 123 of Twin Falls high school.

Bengals Win Over Montana As Wicks' Gift

POCATELLO, Feb. 24 (Special)—The Western Twin Falls high school athletes to be here Wednesday night as the University of Idaho, southern branch, scored a 42-24 victory over University of Montana.

The victory was in the nature of a celebration for Guy Wicks, Bengal coach, who is leaving for the University of Idaho, southern branch, as director of athletics at the University of Idaho, southern branch.

Wicks scored 11 points for his club in the hard-fought game. Idaho southern led 23-8 at the half and stayed off the fighting Oriskany last-period rally.

Mac Visits Masquers Club and Pens a Few "Big" Names for You

By HENRY MALMORSE
HOLLYWOOD, Calif., Feb. 24 (UP)—Wants to be a sportswriter, son?

Wants to write a sports column? Okay, then step right up, because you are the young man I'm looking for. You can do mine on the Sunday night of February 28th. Come right over to the Masquers club of Hollywood.

The Masquers are giving a dinner to George M. Cohan and Gene Buck, and everyone is here.

You won't feel lonesome, son. Every time you turn your head you'll see a face that is familiar. There's Gene Truemy, the former heavyweight champion of the world, weighing only 10 pounds more than when he beat Jack Dempsey at Chicago. Gene just took his physical examination for the army. The fellow next to him is Quenon Reynolds. He can give you a story—a story of courage and the Maginot line and the R. A. F. He's leaving for England again in a few weeks, this time on a bomber.

The grey haired fellow with the big smile is Buck, the former champion of the ASOA and BMI, and the little fellow talking to him is Frankie Albert, Stanford's great quarterback. I'll give

you a lead for a yarn on Albert. He just told me he believes a lot of teams who turn on the T' formation in football next year, are going to be disappointed by the results. Frankie thinks the T' formation is good only when a coach has exactly the right material.

The big fellow over there in the corner is Oliver (Babe) Hardy. You might ask him about the trials and tribulations of a racing owner. Babe says he spent \$75,000 on his stable and all he wound up with was a saddle blanket and a whip.

Next to him, singing old time songs, are Frank Craven and Tom Chesser. Winners of Show Boat, Charlie Butterworth, the dead paned comic and Ralph Bellamy. Craven, who is in the pool room, can give you a golf lesson if you want one.

Want to do a story on cartooning? Well, see that fellow with the horn rimmed glasses who is arguing baseball with Harry Grant, the writer of the White Sox? Well, that's Frank Willard, the creator of Moon Mullins, and in that group next to him is Duke Vanduser, who does P. M. Son-in-Law and George McManus, who handles the affairs of Jiggs and Maggie.

If you happen to be good looking, son, and want to get in the movies, you might ease up on the dead table and start making conversation with the pretty girls. Skating would be a good topic of conversation to use on Zanuck, having just won a race at Sun Valley.

If it's baseball you want to write about, there's Ed. Brown over by the pool table. He'll not only talk it, but start playing it on the rightest excuse. If you have an inventive bent you can get a story from Alan Hale, the big bluff actor. Alan has patented something like 100 inventions.

The fat fellow over in the card room can give you the low down on the Italian situation. His name's Oakie, and he plays a mean Mussolini.

Want the dope on Notre Dame coaching situation? All right, there's Pat (Knute) Rockne O'Brien standing there with Spencer Tracy.

That's enough, son? Okay, set in there at that typewriter and start writing. "When you're in the pool room, call me." United Press, 230 E. 42nd St., New York.

But don't make it too good, son. I gotta live.

New Coach Is Chosen for Declo School

DECLO, Feb. 24 (Special)—Cy Anderson, University of Idaho, has been chosen as head coach at Declo high school. It was announced here following the resignation of Leonard James.

Anderson, who has been coach since the start of the season, quit to accept a post as physical education director at the NYA school at Weiser. A party was tendered him before he left here by the high school.

Mikkelsen Takes First in Coast Jumping Contest

SHASTA CITY, Calif., Feb. 24 (UP)—Roy Mikkelsen, veteran jumper from the Auburn Ski club, won the California Class A Jumping championship yesterday in a heavy rain that cut down distances.

Mikkelsen made jumps of 134 and 140 feet and a winning point total of 241. The Class A jumpers were forced to use the Class B takeoff.

Mikkelsen will represent California in the national ski championships at Seattle March 2-8.

ICAA Track, Field Stars Set for Meet

NEW YORK, Feb. 24 (UP)—Indoor intercollegiate track and field stars take over Madison Square Garden's boards this Saturday in the 20th annual ICAA championships, semi-final event of the annual four-meet indoor season.

New York university, three-time winner and three-time runner-up in the varsity division, will host the 1941 title against five talented competitors—Penn, Penn State, Princeton, Pitt, and Ohio State.

Greg Rice, South Bend, Ind., capped his fine track career by leading the midway point on the local circuit with a world record performance in the three mile race. Rice's event of the national A.A.U.'s third annual championships last Saturday.

Rice bettered his own three-mile mark by clipping two other figures while en route to his eighth consecutive triumph this winter and spring. He won the three-mile race in 13:51 for the three miles, posted 11:55 for 2 1/2 miles and 12:49 for 2 1/2 while beating Don Casper, former Indiana great, by a full lap.

The three marks eclipsed by Rice were the 12:52 set by the Finnish runner last year, the 13:40 for the 2 1/2 and 12:53 for the 2 1/2. He also came within 4/10 of a second of the latest world outdoor record.

TRAINING BRIEFS

By United Press

ST. PETERSBURG, Fla.—Five New York Yankees still were unassigned today as the club opened spring training camp for 1941.

Others Charley Ruffing, Johnny Murphy, Spud Chandler and Catcher Bill Dickey.

Wants to do a story on cartooning? Well, see that fellow with the horn rimmed glasses who is arguing baseball with Harry Grant, the writer of the White Sox? Well, that's Frank Willard, the creator of Moon Mullins, and in that group next to him is Duke Vanduser, who does P. M. Son-in-Law and George McManus, who handles the affairs of Jiggs and Maggie.

MIAMI, Fla.—The McCarthy's defeated the Youngs, 5-1, in an intra-squad baseball game yesterday at the White Sox camp. The New York Giants squad was the stellar performance of shortstop Billy Jurge. Jurge, backed by Bucky Walters' latest season, hammered out two hits and played brilliantly at field.

TAMPA, Fla.—The world champion Cincinnati Reds took their first workout today with "doubt" pitcher Johnny Vander Meer, holding the spotlight. Vandy arrived at the Reds camp with the club in a 45-44 score, virtually assuring the Aggies the cellar position in the standings.

ST. PETERSBURG, Fla.—Three key battery men were absent from the St. Louis Cardinals training camp today as manager Billy Southworth prepared to send pitchers and catchers through their initial workouts.

The three were catcher Joe Mauer, Catcher Don Padgett, and Pitcher Bill McCoy and Clyde Shoun.

Colorado Club Closes in On Wyoming

SALT LAKE CITY, Feb. 24 (UP)—The Big Seven basketball leaders, Wyoming Cowboys, came out of the week-end's contests with a slim half-game over Colorado university.

The league-leading Cowboys were given a scare at Logan Friday night when the Aggies held them to a close 40-38.

The Saturday night, the Brigham Young Cougars, came out on top in the closing minutes of the game to the things up, went on in the overtime period to hand Wyoming its second defeat of the season, 40-48.

Utah's Redkins, knocked out of second place Friday night when Colorado handed them 33-22 setback, came back with vengeance Saturday night to beat Colorado State 20 to 29 and creep to within a half a game of second place.

Denver's western invasion was a close 40-38.

3 Home Games On Vandals' Grid Schedule

MOOSEWIC, Feb. 24 (UP)—The University of Idaho today announced its 1941 football schedule, featuring three home games, two in the neighborhood, and a season wind-up in Boise.

The homecoming game will be against Utah, Sept. 27.

On Oct. 4 the Vandals will meet Oregon at the 10th, then Idaho at Spokane on the 12th, that state at Logan, and on the 25th, Williams at Moscow. Nov. 1 calls for Oregon State at Corvallis, the 8th, Washington State at Pullman, the 15th, Montana at Moscow, and on the 22nd, Montana State at Bozeman.

Legless Swimmer Sets New World Endurance Record

HONOLULU, Feb. 24 (UP)—Charles Zimm, 45-year-old, legless swimmer from New York, climbed out of Waikiki natatorium last night with a new world's endurance swimming record of seven days and five minutes.

Except for sunburn around his face from swimming in the open air, pool Zimm showed no ill effects from his long swim.

Zimm passed on world's record of 148 hours, 25 minutes Sunday. He set the record in 1937 by having swam non-stop from Albany to New York down the Hudson river.

For five minutes more than a week Zimm pedaled slowly up and down the pool, most of the time smoking a cigar.

Heseman Wins First Money In Dog Derby

ASHTON, Ida., Feb. 24 (UP)—Everett Heseman, 34, the second consecutive winner today of the American Dog derby championship—achieved here on Washington's track before a crowd estimated at 6,000.

The Heseman team, the same dogs that won the championship last year, set a new record for the course Saturday by going over the six-lap distance in 40 minutes and 21 seconds. The best previous mark was also set by Heseman—41 minutes flat.

In second place was Coley Baum, Heseman's neighbor and partner, with a time of 41:17. Third place went to Gayle Singleton, St. Anthony.

The victory was worth \$500 to the champion.

South Idaho Girls Win Posts in Idaho WAA Group

UNIVERSITY OF IDAHO, Feb. 24 (Special)—Three southern Idaho girls were elected officers of the Women's Athletic association for the remainder of the school year.

Vera Nell James, Gooding, was re-elected presiding secretary of the group.

Ruth Ellen Jackson, Bliss, was chosen treasurer, and Marjorie Thompson, Gooding, horseshoe manager.

80 View Colored Films at Gooding Depicting Wildlife

GOODING, Feb. 24 (Special)—Gooding County Rod and Gun club friends numbering about 80 saw two full color films at the court room Thursday evening.

The films, "Big Game in Yellowstone Park" and "The Trumpeter Swan," were furnished by the New York Wildlife association. George Mackay, director of the United States park service, visited at Yellowstone park, gave a talk as the films were shown. The purpose of showing the films was to interest sportsmen in helping to prevent the killing of birds, a variety which is almost extinct.

A. F. Smith, president of the Rod and Gun club, presided.

JOB RETURN FOR REJECTEE ASKED

Although the situation hasn't arisen in regard to selectees from Twin Falls county draft area No. 1...

...any registrants who may be rejected for physical reasons at the Boise induction center "have a moral right to be reinstated in their civilian jobs."

...Chairman Walter C. Musgrave was advised today by Brig.-Gen. G. J. McConnell, state director.

...The state director's previous call was received by the local board on the eve of final ceremonies which will see 22 young men depart early Wednesday morning for induction at Boise.

None Yet Rejected

None of the six youths sent by area No. 1 in the Twin Falls area was rejected because of failure to meet army physical standards.

...The state director's message to Chairman Musgrave today pointed out that some might be thus rejected in the future and added that these are as much in their civilian jobs as they are in their military training.

Employers Cooperating

Employers in other areas, the local board was advised, are cooperating in reinstatement of rejected selectees.

...The selective service act requires reinstatement by former employers of men inducted into the armed forces and satisfactorily completing their military training.

...When a man responds to a call for military training, he is fulfilling his obligation to his country," said Gen. McConnell.

...When, for some reason beyond his control, he is prevented from military training, he is not, therefore, to be considered as having discharged his responsibility and should be protected in doing so.

Every effort must be made to avoid hardship and suffering in these cases.

Rites Arranged For Mrs. Reed

Funeral services for Mrs. Ethel M. Reed, 51, resident of Piler, route 1, will be held at the White mortuary chapel Wednesday at 2:30 p. m.

...Mrs. Reed died Saturday at the Twin Falls county general hospital where she had been a patient for 10 days.

Surviving are her husband, W. W. Reed, Piler; a brother, Almon Foreman, Rockville, Conn.; and a sister, Mrs. Pearl Kenworthy, Los Angeles.

PANTS

Clarence Bole, 22, today called for assistance. Last night someone entered his room and made off with a pair of green slacks, said slacks containing license and social security card.

He reported the loss to the police this morning. He came to the station again, he said, and found his pants in an alley and the billfold, containing only the card and no money, was missing.

Said Bole to police: "I hope whoever did this will at least return the social security card and the license. If they didn't want them I can't see any reason for their keeping the pants."

Police opined, however, that whoever took the pants just missed finding the watch as they went through the pockets.

FUND ASKED FOR DEFENSE AREAS

WASHINGTON, Feb. 24 (UP)—President Roosevelt today asked congress for an appropriation of \$150,000,000 to provide needed "community defense program has caused national defense population increases."

In some of these communities, the President said, improved streets, additional water and sewerage systems, and better health, safety and welfare facilities are needed for "the new workers and their families."

The government already is trying to provide housing for them.

He said the communities themselves cannot be expected to finance all the needed improvements, and their lack of "handicapped our rearmament efforts in some areas."

MEET "DOC" VAWDREY

Mr. Vawdrey has been selling tractors and farm equipment for quite a few years, and he has been with our organization in Magic Valley for several years. In his own words, backed by his own experience in meeting farmers' demands.

MR. VAWDREY SAYS:

"I'm mighty pleased to recommend FORD TRACTORS and FERGUSON SYSTEM IMPLEMENTS

"This combination is the ideal answer to Magic Valley diversified farming problems.

"Here's why—

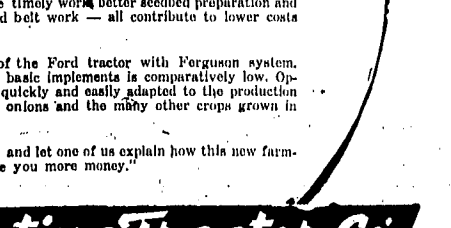

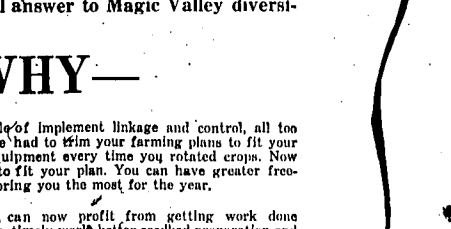

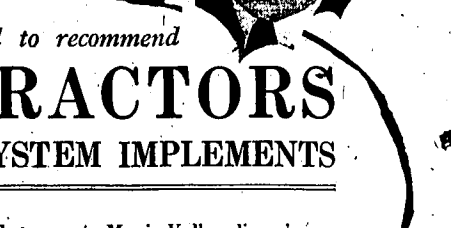

"Until development of this new principle of implement linkage and control, all too often you Magic Valley Farmers have had to trim your farming plans to fit your equipment or buy expensive new equipment every time you rotated crops. Now you can adapt tractor and implements to fit your plan. You can have greater freedom in choosing the crop that will bring you the most for the year.

"The small farm, as well as the large, can now profit from getting work done quickly, when the time is right. More timely work, better seeded preparation and tillage, ample power for harvesting and belt work — all contribute to lower costs and increase income.

"Best of all is the economic flexibility of the Ford tractor with Ferguson system. The cost of the Ford tractor with its basic implements is comparatively low. Operating costs are similarly low. It is quickly and easily adapted to the production requirements of beans, beets, grains, onions and the many other crops grown in this area.

"Stop at our showroom in Twin Falls and let one of us explain how this new farming system can do your job and make you more money."

It is surely enough to be much good, but after they have used it to our program, selling every thing else reasonable, such as axle grease, a nickel a pound, hot water tank, as cheap as 25c per 100, and oak flooring so cheap that you can't afford to buy pine or fir, then they began to figure out what they were doing. They were beginning to be reasonable and he also sells the highest quality motor oil that money can buy and like it was our oldest western oil.

DUCE ADMITS ITALIAN REVERSES, BUT PREDICTS WIN

MUSSOLINI SAYS GERMAN TROOPS IN AFRICA FIGHT

By Reynolds Packard. Rome, Feb. 24 (U.P.)—Benito Mussolini bitterly denounced the United States' admission of Italian reverses but predicted the axis must win the war in a 44-minute speech Sunday.

There was no explanation of the reason for Mussolini's speech which was not only unscripted but was one of the longest and most comprehensive he had ever made.

Addressing a meeting of Fascist leaders at the Adriatic theater he disclosed German forces including not only air forces but armored forces, were now in Libya.

He asserted Italy was indivisible from Germany but would fight to the last man.

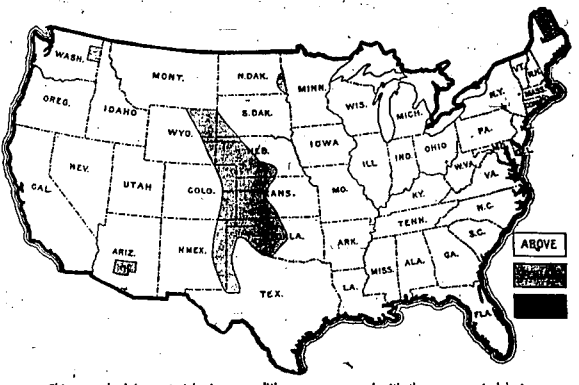

Intimating Greece would soon be crushed, he said Italy had lost only a few thousand men, mostly wounded, as prisoners to the Greeks and added, as a hint of an Italian offensive: "Soon it will be spring time for us."

Of the United States, Mussolini said: "I mean to say that that which is occurring in the United States is one of the most colossal mystifications which history recalls."

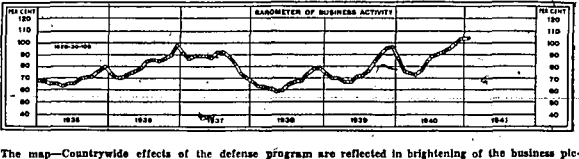

"The illusion is that the United States is still a democracy. Instead it is a political and financial oligarchy dominated by Jewry and a personal form of dictatorship."

"Americans should be calm" he said. "I am sure that what I say should be calm and not believe the big bad wolf which is mostly the United States, sooner than being attacked by axis soldiers, will be attacked by the not well known but very warlike inhabitants of the planet Mars who would descend from the stratosphere in unimaginable flying craft."

Idaho in Bright Spot on Business Map

This map depicts current business conditions as compared with the same period last year. It will appear in the March number of "Nation's Business," published by the United States Chamber of Commerce.

The map—Countrywide effects of the defense program are reflected in brightening of the business picture. Idaho retains its place among the "bright spots." The barometer—Continuing the upward trend during the eight months from May to December, the general level of business activity in January indicated a further slight rise to the highest for more than a decade past.

FORMER RUSSIAN COLONEL KILLED

NEW YORK, Feb. 24 (U.P.)—Michael Borislavsky, 35, former colonel in the Czarist Russian army and inventor of military devices reported to be under study by war department officials, was found dead on a sidewalk today, shot through the eye.

He lay face down beside the wall surrounding the convent of the Sacred Heart. His spectacles lay nearby. He had a bullet hole in the back of his head. No sun or bullet was found at the scene.

Recalls Kriyatky Shooting. The case recalled the fatal shooting in a Washington hotel Feb. 10 of Gen. Walter G. Kriyatky, former chief of the Soviet military intelligence for western Europe and author of a series of magazine articles purporting to expose Soviet espionage.

Washington police called Kriyatky's death a suicide but his friends stated he had been murdered by the Soviet secret police.

Police believed there was no connection between the two deaths, however. They did attach significance to an anonymous warning which Borislavsky's wife said he received in the mail three years ago. She said he ignored the warning, but detectives were inclined to believe it important.

In Imperial Army. Col. Peter Zouboff, a friend of Borislavsky and treasurer of the Russian cadets, said Borislavsky was a graduate of the Russian military academy and had been a colonel in the engineering corps of the Imperial army. He said Borislavsky had been working on a device for eliminating smoke and that he had invented a bomb, the patent on which he had submitted to the war department. Army officials had replied favorably but had not accepted the invention. Zouboff said he asked whether he believed there might have been a political motive to Borislavsky's assassination. Zouboff said, "No, he had no political affiliations. He was a man of science."

FLIGHT STUDENTS ACTIVE AT FIELD

Civilian pilot training program aircraft at the Twin Falls airport last week flew a total of 39 hours, it was announced today by Frank Gieseler, director of the school and training school operator.

Gieseler also announced that Waldo Wadsworth Burchard successfully passed his private license flight test Saturday under the direction of Jack McCannell, flight instructor for this area. With Burchard receiving his license, only two other students remain to take the test, Gieseler said. Seven have now secured licenses.

BEET MEN SEEK ADDED ACREAGE

SALT LAKE CITY, Feb. 24 (U.P.)—An increase by at least 200,000 acres in the 1941 sugar beet acreage allotment was recommended today by members of the National Beet Growers' association, following a two-day conference here of western directors.

The announced 1941 acreage is 820,000 acres, a decrease of 14.2 percent from a 1940 allotment. The cut was ordered by government authorities, who contended there was a large surplus from previous seasons.

Charles M. Kearney, Morrill, Neb., association president, said a concrete legislative program would be prepared by the executive committee for presentation to congress in an attempt to make the allotment "commensurate with demonstration production."

W.S.C.S. of Gooding Has General Meeting. GOODING, Feb. 24 (Special)—General meeting of the W.S.C.S. (Special)—General meeting of the W.S.C.S. was held at the Methodist church Wednesday, with Mrs. V. W. Carson presiding. Mrs. Maimie Harnett led the devotional period using the subject "Brotherly Love."

MEASLES. CHAPEL HILL, N. C., Feb. 24 (U.P.)—Billy Webb, reporter who covers influenza for the Daily Tar Heel, student publication of the University of North Carolina, ran into the office with a scowp.

"Just heard there's an outbreak of measles in the infirmary," he gasped. The editor sent Webb out to investigate. Ten minutes later he telephoned. "It's terrible, all right. They just put me to bed with it."

Co-Eds Treat "U" Males in Spinster Skip

UNIVERSITY OF IDAHO, Feb. 24 (Special)—Pocketbooks of male students were treated to a vacation Saturday as the women had their turn to walk on the outside of the sidewalks and step up the tickle stick. Unfolded a cap dollar bill, and say "Two please."

Saturday the women called for their "dates" and paid all the bills at the traditional Spinsters' Skip. The custom was started in 1926 and every Washington's birthday has been held with the women to treat the men.

No. 1 Test. Supreme test of male popularity is being asked to the Skip. Despite the fact that there are three men to every woman on the campus, getting a date to the traditional dance is a simple compared to finding enough clothes to attend.

Men not asked to the Skip make life miserable for the chaperones. The lucky man singled out by a skipping spinster to be escorted to the dance usually awakes a morning or two before Washington's birthday to find that during the night pranksters have sneaked into his room, stolen his clothes, and penned a note wishing him luck in jumping out the third story window to obtain more clothes.

Shows Dangerous. Lucky is the man who has carefully hidden his suit and other necessary wearing apparel a week in advance, taking a shower in a different matter. Showers can't be taken a week in advance, and many men have spent the spinster Skip day hanging on the shower room door pleading and threatening for freedom.

Women also "take a beating" on Skip day. Imagine their chagrin when they call at the men's group house and coyly ask for Johnny, then sit and wait for two or three hours while Johnny jinks more than a towel to wear downstairs and explain why it is better that they don't attend the Skip.

It's all in fun, though, and since 1926 it has been an opportunity for women to show how they can manage the finances and meet odd situations.

MOOSE ARRANGES INITIATION EVENT

Twin Falls Moose lodge will meet Tuesday at 8 p. m. at the Odd Fellows hall. Wives of members are invited to attend a card party while the lodge is in session.

Refreshments will be served. Initiation of a class of candidates will take place during the business session. They joined during the recent membership campaign.

Those who secured new members during the campaign will be presented with American flags, three by five feet, as special awards. The lodge will be presented with velvet altar and station covers for completing a 20-member quota during the membership campaign.

Plans will be completed for a public dance Friday, March 7, at the American Legion Memorial hall. Committee on arrangements includes Harold Halverson, Percy Smith and John Jones.

Evangelicals Open Mountain Sessions. SALT LAKE CITY, Feb. 24 (U.P.)—The place of religion in turbulent current events was being discussed today by 150 representatives of Utah, Idaho and Montana Evangelical churches at their annual four-day conference here.

Denominations represented were the Presbyterian, Methodist, Baptist, Congregational, Episcopal and Disciples of Christ. Conference president is Dr. Robert D. Steele, president of Westminster college in Salt Lake.
