NATIONAL FARM INCOME NEARS POST-DEPRESSION RECORD

JANUARY SALES SHOW BIG CLIMB OVER YEAR AGO

WASHINGTON, Feb. 25 (AP)—Farm income is showing sharp upward trend as bureau of agricultural economics experts predict will be a post-depression high in prosperity this year.

Farmers marketed \$683,000,000 worth of crops and livestock in January, an increase of \$46,000,000 over January, 1940.

Virtually all of the January increase, the bureau reported, was due to higher livestock prices. Livestock sales brought farmers a January income of \$434,000,000, an increase of \$83,000,000 over that month of last year.

Higher prices

Smaller marketings of hogs was not an offset by sharply higher prices. Cattle marketings and prices were higher, and lamb sales increased.

Cash income from crops and from government benefit payments were slightly smaller than they were a year earlier. Farmers received \$229,000,000 from sale of crops compared with \$238,000,000 in January, 1940. Government benefit payments declined \$129,000,000 to \$457,000,000.

Total farm income

Total farm income, including government payments, in January was \$700,000,000, compared with \$743,000,000 in January, 1940, the bureau reported. The decline in income from crops was attributed to the smaller amount of corn going into government loan and lower potato prices.

The bureau said income from sale of crops may be slightly smaller during the first part of 1941 than for 1940. However, higher prices for the 1941 crop are expected to boost total farm income to the highest point since start of the depression.

CONTRACT TERMS LISTED FOR WOOL

Contract agreements now being signed for the Twin Falls county wool pool make the Livestock Marketing association the exclusive agent in the move to secure higher prices for farm flock owners, committeemen said today in explaining the agreement.

Sold on bids

Under the pool program—similar to the cooperative plan now used in some other Idaho valley counties—the farm fleeces will be stored in a Twin Falls warehouse and will be sold on bid here. Choice of the warehouse has not yet been made.

The contract specifies that all wool is to be delivered in "good, merchantable condition, well and honestly packed, dry and free from burrs, dip, speer grass, assal twine and excessive sand and dirt." Dead wool and clippings before shearing are to be packed separately. If not, one per cent will be deducted from the net weight of the entire clip.

Best Sale Times

Sale of the wool pool will be made at such time or times and at such place or places as the association shall deem advantageous, for the best price or prices obtainable.

Proceeds received by the association from the sale of wool are to be paid to the growers within 15 days after the date of receipt by the pool. Association and marketing charges will be deducted, and each grower will receive an itemized statement.

All wool delivered for the pool will be insured against fire and theft, with the cost to form part of the association charges.

The contract declares flatly that neither the association nor any of its officers are to be interested directly or indirectly in purchase of wool sold through the pool. Discrimination against growers is emphatically ruled out.

No More Evasion, Say Challengers To Sheriff's Pistol Challenges

Deciding that they want no more beating around the bush, the prosecutor's office and the draft board hurried a renewed blast today at pistol experts of the sheriff's office.

Prosecutor Everett M. Sweeley and Capt. J. H. Beaver, jr., draft board clerk, claimed victory by default in a challenge match supposed to have been held last evening. They claimed that when they marched into the sheriff's office, armed with their weapons, the two challengers—Deputies Ed Hall and Virgil Borden—had "flood the coop."

Issue "Communique"

So Sweeley and Beaver issued a communique this morning, daring Hall and Borden to "take your medicine like men."

If the deputies aren't on hand this evening to shoot at the pistol range in the courthouse basement, Sweeley-Beaver and Co. will claim the soft drink prize at stake in the challenge.

The challenge originally came from the sheriff's deputies, who hurled it at Ray D. Ager, deputy prosecutor. When the reply came, however, Ager had mysteriously vanished from the picture. The sheriff's crew opined that maybe he wasn't tall enough to see the target.

No Small Guns

Sweeley insisted today that no mere .22 caliber pistols will be accepted. He and Beaver want .45 caliber guns but indicated they might compromise on .38s.

"And we'll have no swearing in of 'special' deputies for the match, either," said they.

Sheriff Warren W. Lowery, who came back from Salt Lake City to find the challenge "war," swirling merrily, issued a stern pronouncement to his men.

"You challenged 'em," quoth he. "Now back up your challenge. If not, black marks will go down in the books against you."

Chicago had its heaviest rainfall on Aug. 11, 1883, when two and two-fifths inches of rain fell in 30 minutes.

Airmen Plan To Speak on Field

To keep businessmen, members of various service clubs and citizens in general informed of the importance of airport development here, and also with the equipment has taken place, members of the Twin Falls chapter of the Idaho Pilots association today had made plans for having club members speak at civic club sessions in the near future.

The educational discussions were planned for 8 p. m. last night at the Rogerson hotel. President Frank Geisler presided.

The plan to contact leaders of the various clubs and arrange a meeting date at which a pilot can speak to members of that particular group.

Seven members of the local club plan to attend the semi-annual state session which will be held at Caldwell next Saturday night starting at 9 p. m. Those declaring their intentions to attend the Caldwell meeting were: L. G. Wylie, Ivan Skinner, Bill Woods, Arnie Oelund, Frank Geisler and Merritt Showell. Geisler and Oelund plan to fly to Caldwell Saturday afternoon with the rest of the group making the trip by motor.

Mother Charges Physical Cruelty

The mother of a 21-month-old son filed divorce suit in district court today on grounds that her husband struck and kicked her Sept. 20, 1939 and at other times.

She is Mrs. Ruth O'Brien, who sued Robert Diving. They married Oct. 18, 1938 at Jerome.

The mother says custody of the young child should be given to her. She requests a restraining order to prevent her husband from molestating her. O. O. Hall is counsel for the petitioner.

Conferees Announced

Paul Hanson, Twin Falls, president of the Northwest Conference of Highways, will be in town to hold March 21-22 at the College.

Idaho, Caldwell, has announced the speakers for the meeting. Dr. Dexter Keener, president of Road Collectors, Portland, Ore.; Dr. Scott Quigley, University of Minnesota, an authority on affairs of the East, and Miss May Jones, New York, division representative of Carnegie Endowment Institution, will be the speakers.

STRIKES TIE UP STEEL, CLOTHES, PARTS PRODUCTION

17 PLANTS HURT AS UNIONS SEEK INCREASE IN PAY

National defense orders were delayed today by strikes at 17 plants. Disputes halted production of steel, clothes, heavy machinery, automotive and aviation parts and other materials. They were called by organized workers, demanding a greater share of defense spending, union recognition and adjustment of other grievances. Most of the nation's defense program was proceeding normally, however, with hundreds of plants working at capacity.

A strike of 3,000 steel workers (CIO) was scheduled for p. m. at the Lackawanna, N. Y., plant of the Bethlehem Steel Corp. Van A. Bitter, regional SWOC director, urged union recognition and adjustment of other grievances. Bethlehem plant we can "anti-labor policy" and "unfair labor policy" and "unfair union dues."

Three thousand United Automobile Workers (AFL) voted last night to accept a one-year contract and a 15-day strike delaying work on \$4,000,000 worth of defense orders at the Lansing, Mich., Motor Wheel Corp. plant. The settlement provided for wage increases.

AFL textile workers on strike at the Utica Knitting mills, Amsterdam, Ala., refused to return to work pending further study of an agreement reached by leaders. About 250 CIO workers returned to work under the proper machinery for the adjustment of disputes.

Three army reserve officers from Haverhill, Mass., correspondents for the Chicago Daily News, was informed by Italian authorities he must leave Italy. This makes the "Daily News" in correspondent expelled from Rome. The officers were Frank Smothers and Richard Morrow.

Former King Alfonso of Spain lingered near death from another in a long series of heart attacks. He steps fitfully last night but is still conscious.

Funeral services were held in Hollywood for Mrs. Clara T. Tracy, 64, general manager of the New York and London stage. The rites were conducted by Irving White, chaplain of the Troopers organization. Mrs. Tracy was the mother of actor Sidney Bracy and the aunt of Zella Fyffe.

Ing, co-discoverer of insulin who died with two companions in an airplane crash, will be flown to Toronto for burial.

Attorney General Robert H. Jackson reportedly will ask congress to tighten the Hatch "clean politics" and corrupt practices act to prevent abuses revealed by an investigation of the 1940 campaign.

Rudky Dzhylva, new production head at Pacific film studios, paid \$150,000 for movie rights to "Lulliana Purchase," the Broadway play—written by Delvia, produced originally while still in New York. This price is three times what Margaret Mitchell received for "Gone With the Wind" and half again as much as paid for Ernest Hemingway's "For Women the Bell Tolls."

Thaddeus H. Brown, 54, former member of the federal communications commission and a prominent figure in Republican politics for many years, died last night in Cleveland.

Sir Walter Gilrine, secretary of the British trade union council who has just returned to London from Alaska, refused to return to work pending further study of an agreement reached by leaders. About 250 CIO workers returned to work under the proper machinery for the adjustment of disputes.

CHEERING TURKS WELCOME EDEN

ANKARA, Turkey, Feb. 26 (UPI)—Two thousand cheering Turks broke through police lines today to welcome Anthony Eden, British foreign secretary. Gen. Sir John Dill, chief of the imperial staff, and a big party of aides to the British for conferences with Turkish leaders on political and military problems.

The cheering continued while Foreign Minister Sukru Saracoglu and other Turkish and foreign notables were greeting the visitors and incurring a displeasure Germans showed openly.

Eden at once made an appointment to visit John Van A. MacArthur, American minister to Turkey. Eden and Dill came to Turkey after conferences with British military leaders in Cairo. Eden also conferred there with Sir Reginald Hoare, British minister recalled from Budapest when British broke relations with Rumania because of the German occupation.

It was expected Eden, Dill and their aides would continue on from Ankara to discuss with Greek leaders implications of the German threat to the Balkans.

Willkie Denies Support for Britain Means He Favors War

NEW YORK, Feb. 26 (UPI)—Wendell L. Willkie last night called for an end of isolationist thought in America and denounced the "isolationist" doctrine that those who favor aid to Britain favor war.

Willkie was a principal speaker at dinner in honor of William Allen White, Emporia, Kan., editor and former chairman of the committee to defend America by aiding the allies. Willkie was given the annual award of The Churchman, Protestant Episcopal publication, "for promotion of good will and understanding."

Under Pressure
Willkie said he had been under "terrible" pressure during the last presidential campaign to take an isolationist stand and that White had convinced him in his determination to oppose isolation even before he delivered his speech accepting the Republican presidential nomination.

Grange at Buhl Hits Power Plan
BOHLE, Feb. 26 (Special)—Voting among opposites to further power sites at Snake river scenic area, the Buhl Grange last night joined the North Side Pomona Grange of Jerome county in lending support to the battle against filings at Box Canyon and at Crystal and Niagara springs.

Hearing Friday
Hearing on the power site filings will be held at Boise Friday. Basing its action on the democratic principle of "the greatest good to the greatest number," the Grange voted.

Whereas, it has been proposed to build a scenic route along the Snake river canyon from Shoshone falls to Hagerman for the benefit of local people, and to cater to a tourist trade which annually passes through this territory, and which would be worth thousands of dollars to this section at large, and

Whereas, a decision by the commissioner of reclamation to let the Idaho Power company purchase would blast forever all hope of making a recreation park of this area; would blast all hope of making a scenic route along the canyon would injure spawning and fishing to a great extent, and would destroy the scenic beauty of the last of our most remaining springs much as it did Thousand Springs, and this is particularly true of Niagara Springs, the largest and most impressive of them all.

Now, therefore, be it resolved that the Buhl Grange and E. V. Berg, commissioner of reclamation, not to grant the Idaho Power company permission to proceed, and be it further resolved that we ask our representatives in the legislature to support the bill asking for the setting aside of this strip as a recreational center (enate bill 145).

Roosevelt Friend Named as Canada Minister to U. S.

OTTAWA, Ont., Feb. 26 (UPI)—Leighton McCarthy, 71, friend of President Roosevelt and a trustee of the Georgia Warm Springs foundation, has been appointed Canadian minister to the United States, replacing Loring Christie, who has been ill.

His appointment was announced by Prime Minister W. L. Mackenzie King. McCarthy is from Toronto. He is chairman of the board of the Canada Life Assurance company and the National Trust company.

IDAHO HOUSE VOTES 1 PER CENT LEVY ON CAR VALUE

MEASURE GAINS APPROVAL AFTER HOTTEST DEBATE

BOISE, Feb. 26 (UP)—The Idaho house of representatives today voted to levy a one per cent tax on privately-owned automobiles as part of a new tax program replacing real and personal property taxes and the senate gave final legislative approval to a measure placing control of relief agencies under Gov. Chas. A. Clark.

The administration bill abolishing the welfare board also created in its place three new civil administrative departments—public health, public assistance and charitable institutions. Power to appoint directors of the new departments was granted to the governor.

The bill had already passed the house and was sent to the governor for his signature.

Hard-Fought Battle

House approval of the new auto license tax brought a Republican filibuster and the hardest fought parliamentary battles of the session. The final vote was 34 to 28. It was the first Democratic revenue measure to be passed in either house and was expected to bring the state \$1,500,000 more than received from the former flat \$3 license fee.

The new license proposal abolishes the flat \$3 fee and sets up a new schedule. Owners of vehicles with a "book value" of less than \$100 will still only pay the \$3 fee. Owners of cars valued at more than \$100 will pay the \$3 fee plus a one per cent tax on the auto valuation.

Under the bill, a license for a car valued at \$1,000 would cost \$13—the flat \$3 and an additional \$10.

Finally Win Vote

Republicans maneuvered most of the afternoon to prevent the measure from coming to a vote, but passage was finally won after a Democratic caucus.

Running up the opinion of the Bourbons representatives, Rep. Allen Newman, D., Net Perce, said intent of the new auto license tax was to be in lieu of the oppressive ad valorem tax and to revive the farm-to-market road building program which has been so conspicuously in evidence during the last two years.

Other measures which passed the house today for registration of all firearms when purchased, and making unpaid portions of the mine license tax a lien on mine property until paid.

Welfare Bill

Senate vote on the bill abolishing the public welfare board was 35 to 17.

Sen. Thomas Heath, R., Franklin, argued "one-man rule" in welfare department here 1938 had been deplorable. He pointed out the board had been set up to meet federal relief agency's questions and declared "every Republican and Democrat" voted for creating the commission two years ago.

"The senate also passed bills providing reciprocal use of Idaho and Oregon hunting and fishing licenses on islands of the Snake river and revising the law on fresh pursuit of criminals."

JEROME

Mr. and Mrs. William O. Phoenix spent a few days last week in Portland on business.

Mr. and Mrs. O. L. Thoreson, Utah, will visit here next week-end with relatives for a brief period, prior to leaving for the home state where Mr. Thoreson, fieldman for the American National Red Cross, will conduct first aid classes.

Last Friday evening at the home of Mrs. L. T. Burdick, members of the P. E. O. chapter, Jerome Sisterhood, met for a pot-luck dinner and program. Assisting hosts were Mrs. O. L. Thoreson, Mrs. William Booth, and Mrs. Sam Eakin. Mrs. F. H. Bayard read a paper on the lives and customs of the Quakers. A skit was presented by the hostesses. A patriotic selection was sung by members in keeping with Washington's birthday theme.

More than 100 adults enjoyed the second penny dinner sponsored by the members of the W.S.O.S. last Saturday evening at the Jerome Methodist church. Patrons came between the hours of 5 and 8 p. m. and were served dinner at long tables decorated in the patriotic theme, red, white and blue. Small American flags being used.

Disney Plays Part in National Defense

Along with practically every other industry in the country, Walt Disney is playing his part in national defense. Prompted by requests for help made by all branches of Uncle Sam's service, Disney artists are now working on defense orders for army, navy and air corps insignia. Above, Disney, left, shows Lieut. Claude Peery the design recently made for the navy's torpedobomber (insert), known as the "mosquito fleet."

Reporter Goes on Induction Trip With Idaho Selectees

By MURRAY M. MOLES
SALT LAKE CITY, Feb. 26 (UP)—Southern Idaho men who are joining Uncle Sam's new conscript army in ever increasing numbers are making their first army "home" in a group of ivory-palatial frame buildings which have risen out of the mud on a corner of the vast Fort Douglas army reservation.

As the selective service program is speeded up all southern Idaho, Utah and Nevada youths drafted must pass through this new army camp—The Fort Douglas army reception center.

Eighty days ago the site of the center was the first baseball diamond. Now 18 buildings cover the area—18 buildings put up in record time despite winter rain and snow that turned the soft gumbo of the former ball park into a mud bath.

Go Through Mill

The first group of southern Idaho selectees—that's the official army designation for the drafted men—went through the "mill" at the new reception center last week. Officers, commanded by Lieut. Col. H. P. Kayser, veteran regular army officer, were well pleased with smooth functioning of their hastily put together processing machine.

A United Press correspondent followed the first group of selectees from one building to another and finally to their temporary barracks where they exchanged civilian clothes for the khaki they wear for another year—at least.

The selectees came from all three states. The Idaho selectees had taken on their army oaths at the Boise induction center. Those from Utah and Nevada had been inducted at the Salt Lake reception office.

Came In Army Tracks

The men were brought to the center—one of 22 in the nation—in army trucks. They disembarked at the center theater and trooped in for their first army lecture.

The lecture, delivered by Lieut. Harry Oetler, was called an "Orientation" lecture. It was designed to acquaint the selectees with the army they were going to serve, to advise them what branches of service they might enter; in general to make them feel at home.

Then each selectee was assigned a bunk in one of the 10 barracks—two-story buildings with army cot beds.

NAVY SCHEDULES PROBE OF CRASH

SAN DIEGO, Calif., Feb. 26 (UP)—The navy today investigated the crash of one light bombing plane and sought a second, missing more than 24 hours.

The wreckage of the first bomber was discovered late yesterday, 15 miles from San Diego naval base, near a dive bombing practice field. The pilot, Ensign C. P. Maxwell, 23, of Roanoke, Va., and the radio man, E. W. Clary, 15, second class seaman of Baltimore, Md., were killed. The plane burned, badly charring the bodies.

A destroyer and a coast guard power-boat searched the sea off the base yesterday for the second bomber. Two youths reported Monday night they had seen a plane "power dive" into the surf "with its motors wide open." Police saw flames burning in the sea.

Aboard the missing plane were Ensign W. A. Dault, 24, of Greenburg, Nev., and Radioman E. S. Lambert, 21, of Greenville, S. C. The youths were from an aircraft carrier Enterprise. It was believed they had been practicing night bombing.

24-HOUR GUARDS SET ON CAPITOL

WASHINGTON, Feb. 26 (UP)—Virtual war-time precautions to protect the capitol were taken today with assignment of 24-hour guard duty to all entrances.

Regular capitol police heretofore have been assigned to guard duty from 8 a. m. until midnight. The midnight to 6 a. m. shift was taken over today by the Washington metropolitan police force.

Under new regulations, no package of any description—except those sent by employes or shipped in by mail—will be permitted in the building.

New precautions were taken as demonstrations against the British aid bill now pending in congress continued. Most of them are being slayed by elderly women concerned with possibility their sons may go to war.

Two Chosen for Board of 20-30

Bud Taylor and Charles Cook were named as new directors last night by the Twin Falls 20-30 club. Frank Cline and Taylor were named delegates to the sub-district conference at Boise March 8-9, with J. C. Williams as alternate.

It was announced that J. P. Cordes, pioneer, will talk at next Tuesday's dinner session. Mr. Cordes will present reminiscences of the Yukon gold rush.

Engineer's Luck Runs out as He Meets Death in Accident

KREMHLING, Colo., Feb. 26 (UP)—The luck that rode the rails with "Takeoff" Willingham ran out when the "Ute"—Denver and Rio Grande Western—last night plowed into a huge boulder and tumbled 100 feet down over a canyon to the edge of Colorado River.

One last Sunday, Willingham—Rolly Warren Thomas Willingham, according to the birth certificate—was at the throttle of the locomotive when a 10-ton boulder loomed ahead.

He brought the train under control and only the tender of his locomotive was damaged.

Narrow escapes weren't new to him. He had plenty of them in 38 years of railroading. Only three years before he was at the throttle of a locomotive that "collided" with another in Denver. One man was killed but Willingham came out unscathed.

"Die" was running behind schedule from Denver to Salt Lake City late yesterday when it struck the snow-laden boulder. The massive, mountain-top locomotive plowed 100 feet of track and plunged to the bottom of the canyon. The 68-year-old engineer was crushed.

His fireman, C. C. Hamilton, 45, came out with minor injuries, just as he did three years ago when the locomotive he was firing derailed.

The tender, auxiliary water tank and two cars of the 50-car freight were derailed and traffic was rerouted to the south by way of Pueblo, Colo. While section crews cleared away the wreckage, Willingham lay the past two days was believed to have loomed the huge rock which caused the derailment.

"Willingham obtained a student pilot's training license last year and planned to buy a plane this summer. He got his nickname from his enthusiasm for flying.

"I told him he shouldn't buy a plane because he'd get killed quite enough in a locomotive," his widow said today.

Relief Society Makes Elaborate Birthday Plans

An outstanding celebration in observance of the 100th anniversary of the founding of the L. D. S. Relief Society, in March, 1941, will be financed through funds obtained in a "penny bank" plan, to be carried out by ward branches and stake boards, Mrs. Afton Hunt, Buhl stake Relief society president, announced Sunday.

She presided at a union meeting of Relief societies from Buhl, Piler, Twin Falls, Kimberly, Murthaugh and Castledale, at the Twin Falls tabernacle. The Relief society, oldest existing women's organization in the world, now has a membership of nearly 80,000 and its goal by 1942 is 100,000. Celebrating the 100th anniversary, a four-day observance party will be held in Salt Lake City.

Each ward and branch announced plans for elaborate entertainment on March 17, observing the 95th anniversary, at the Relief society hall.

Two three-year-old children illustrated child development by homemakers, being accompanied at the piano by their mothers.

A Sally Reed Peterson, Castledale, daughter of Mrs. Orpha Peterson, sang "Sleepy Head" and Kent Robinson, son of Mrs. Chris Robinson, Twin Falls, gave the pledge to the flag and sang "I Am an American."

Mrs. Pearl Allenbach, stake chorister, led the group singing, and gave a short talk on "The Power of Music." Class work for all departments of the organization was conducted by regular members of the stake board, assisted by Mrs. Maude Mosby, Mrs. Edna Hyde and Mrs. Bertha Lawrence.

Rupert League Plans For Dinner Session

RUPERT, Feb. 26 (Special)—According to announcement by L. A. French, president of the Layman's League of the local Christian church, that organization will meet in a dinner session in the church annex at 7 p. m. Monday, March 8. During the dinner hour a short program will be given under the direction of C. C. Anderson, chairman of the program committee.

At 8 p. m. a play, "Be Thank," will be given in the main auditorium of the church by a group of young people of the Christian Endeavor societies of the Rupert and Burley Christian churches.

This play was presented in Pocatello last week at the winter youth conference and by special request is to be presented here. The general public is invited.

Thirty-two young men from Twin Falls county area No. 1 left at 6 a. m. today for Boise, where they were inducted this afternoon into the U. S. army.

The youths, all volunteers, went to Boise by stage. From there they will go to Fort Douglas, Utah, prior to assignment to other training centers.

At ceremonies yesterday afternoon in draft board offices, speakers included Chairman Walter C. Muehlgrave; Lem A. Chapin and George A. Childs, board members, and Harry Benoit, government appeal agent.

Legionnaires Sign For Home Defense

BUIEL, Feb. 26 (Special)—C. W. Wilson, commander of the Clark County post No. 43 of the American Legion, announced Monday 30 west end Legion men and World War veterans registered for national defense Saturday at the local hall.

The members of the committee in charge of the registration were Rev. J. A. Rowan, Carl E. Day, E. E. Freeman, Glen Taylor, Harvey Grisham and others.

They were assisted during the day by other post officers.

The local registration was a part of the nationwide program of the American Legion to catalog the qualifications and talents for future possible home defense service of all Legionnaires and war veterans.

GREAT FROM THE FIRST SIP

WE CALL IT THE FINLEY SIP!

EVERY time Finley saw one of us gulp his whiskey, he'd lecture us: "You can't taste what you're drinking, if you'd sip your whiskey, you'd enjoy the flavor!"

One day he handed us some Gibson's Straight Bourbon. "Here's a bourbon too good to gulp," he said. He insisted that we sip it. Well, sir, Gibson's Bourbon suited us on "The Finley Sip!"

Try sipping Gibson's Straight Bourbon tonight. You'll see why it's "Great from the First Sip!"

Laid End to End They Add up to a Swell Idea

We mean these Four New Additions to the Buick SPECIAL Series that Give you Big-Car Thrill in less Curbside Space

THE way cars have been stretching out lately, it usually takes only a couple of cars to occupy the curb space of an extension-ladder fire truck.

Not so with the newest additions to the 1941 Buick line.

Here you've reversed the trend—just to prove that an honest-to-golly BIG car can be built without going overboard on bumper-to-bumper distance.

The four new models now adorning the Buick SPECIAL Series fit neatly into modest garages without putting a permanent crimp in the doors.

They slip into parking places smoothly as a rowboat nestles up to a dock—and the way they fit through traffic is a delight to wheel-weary drivers.

When it comes to action—well, they've got a 115-hp. FIREBALL eight under their bonnets that skims you down the road like a mallard heading home. You can add Compound Carburetion at small extra cost and have 125 horsepower that does things we hardly dare hint about in print.

But they're a handy six inches shorter, bumper to bumper, than other Buicks—a quartet of top-quality cars in an easily-handled size that hasn't known such merit before.

The price? It's lower too. So better take a look—it'll be the first time you've ever seen a really BIG car wrapped up in this bumper-to-bumper distance.

Cookie Lavagotto, left, is assured by Pee Wee Reese that third baseman will have flying pair of heels along him this season, the young shortstop having completely recovered from heel injury suffered last summer. The Brooklyn Dodgers obtained early start in Havana.

Ambers, though 27, is confident of victory because he has never been licked. During his nine years of warfare, all four opponents who beat him and fought him again were defeated in return engagements: Steve Hasko, Tony Cantone, Pedro Montanez and Henry Armstrong. The latter three even had Lou on the floor.

Bruins Look Strong in Trimming Gooding

Couch Dodo Cranney's Twin Falls Bruins today were confidently pointing at the district tournament—a winning streak of three in a row against conference teams. Hill inflect and a potential attack that looked as though it would be exceptionally tough to stop.

Last night the Bruins showed power in overwhelming the Gooding Senators by a 40-31 score—the margin being held down by the Twin Falls, the local youngsters being hot on the heels—and never seeming to cool down. They were on the heels of Gooding, they went to work to win a 12-4 advantage in the final round. Coach Cranney used a second team for the second game and the Senators scored six points in the last two frames to help to make the Bruins' lead.

MELLETT DENIES CENSORSHIP PLAN

WASHINGTON, Feb. 26 (U.S.)—Lowell Mellett, chief of the office of government reports, said today the administration has "absolutely no plans" for censorship of the press or radio.

Mellett testified in support of a bill to make his agency permanent and authorize \$1,500,000 annual appropriations for its operation. Mellett said certain newspapers had criticized the bill, and had "feared it might bring about a censorship."

"If any censorship is contemplated by this administration I believe our organization would not be particularly opposed to direct it," Mellett said.

Rep. George H. Bender, R. O., asked if that applied also to "wartime."

MURTAUGH

Francis M. Egbert, Jr., son of Mr. and Mrs. F. M. Egbert, and Reid T. Earl, son of Mr. and Mrs. Claud Earl, were home from Albion over the week-end. Both boys have been selected to sing with the Cardinals, male chorus of the A. B. M., consisting of eight voices.
