## LEGISLATORS DEMAND NEW SESSION

### Burley and Twin Falls Meet for Right to Oppose Oakley Club

#### Heyburn, Shoshone Tangle for Class B Honors at Wendell

Oakley Hornets, who took an early-tournament defeat, came back today with a resounding thud to dispose of Buhl Indians this morning, draw a bye through the semi-finals tonight and land a spot right in the state tournament.

Twin Falls, defeated by Burley this morning by a 30-25 score, must meet the Bobcats again at 8 p. m. tonight, with the winner scheduled to meet Oakley in the championship this morning.

The morning game saw the Burley Bobcats, beaten once earlier in the tournament by Oakley, stay in a tie with Falls all the way to annex the game. The defeat was the first loss of the meet for Dede Cranney and sent the meet into a temporary lull.

Oakley look on Buhl, and after a light first quarter, raced up and down the floor for a 32-27 triumph. The game eliminated the Indians.

#### River Pilots, Pirates Lose Morning Tiffs

WENDELL, March 8 (Special)—Undeclared Heyburn and once-beaten Shoshone this morning worked their way into the finals of the Class B district tournament and will clash tonight at 8 o'clock for the championship of the area.

Morning victories sent the two clubs into the finals of the tournament. Heyburn, who had already assured of places in the state tournament.

#### WOODCUTTER, 30, KILLED AS SAW BLADE SHATTERS

BUHL, March 8 (Special)—Leonard Rose, 30, was instantly killed near here this morning when a power saw blade broke and practically severed his head from his body.

The mishap occurred about 10:20 a. m. on the Elmer Harmon place, two miles south and one-quarter of a mile west. Rose, who was married, was a farm worker.

The man was saving green cottonwood when something caused the saw blade to shatter. One piece struck him and severed the jaw bone on the left side, cut the jugular vein and then cut open his body about eight inches down the spine. The saw was powered from an automobile.

#### These Lassies Urge Lead-Lease Passage

Sen. Alben Barkley, senate majority leader, looks pleased as Marjorie Ault, left, Maryland, and Le Morn Piggara, of Florida, finishing school students, kiss him after presenting a huge telegram urging speedy passage of the lead-lease bill.

#### Idaho Houses End 26th Meet; Pass Ad Valorem Levy

BOISE, March 8 (UP)—Action of Idaho's 26th legislative session moved into history today as both the senate and house of representatives adjourned sine die amidst declarations by members of the majority party Gov. Chase A. Clark should call a special session to study tax measures.

The hour of sine die adjournment was 1:30 a. m. today, but actually the senate did not close its books until 2:03 a. m. and the house remained in session until 2:10 a. m.

End of the session, which carried over into a dist day because of a last minute tangle, came after the senate passed a bill to raise the state income tax to raise \$2,150,000 for each of the next two years.

House approval of a compromise ad valorem levy bill broke the jam which had carried the session over into an extra day and provided Democratic leaders with a political triumph.

The state workers' organizing committee threatened today to disrupt production on \$1,500,000 worth of material destined for the state government unless President Roosevelt makes immediate action to compel the Bethlehem Steel Co. to comply with terms of a settlement reached just one week ago.

SWOC representatives sent a telegram to the president with copies to members of the office of production management charging the Lackawanna, N. Y., Bethlehem management refused to receive a union committee appointed to negotiate pending grievances in accordance with the OPA settlement.

The dispute was the largest involving defense industries. Strikes were in progress at 23 plants and four U. S. Army projects. They involved all types of defense production, from essential parts to heavy machinery needed for navy vessels and for jet powder production.

#### ETHIOPIAN ARMY CHASES ITALIANS

KHARTOUM, Anglo-Egyptian Sudan, March 8 (UP)—Ethiopian guerrilla warriors and British detachments of the Buffs and the Buffs have driven the Italian army to the village of Dambicha, 27 miles from Debra Markos, capital of Gojjam province.

The Italian army, which has rallied Gojjam province in revolt against Italian forces of occupation in the East, is now in only 170 miles by road from Addis Ababa. Dambicha is 30 miles from Burj, which the Ethiopians occupied last week.

More than 300 Italians and much war material and transport was captured by the guerrillas. The captured, formerly in the service of the Italian-British army. Of these 100 were captured Italian soldiers, and was one of the last major opposition challenges to the administration.

Other news: Sen. Millard E. Tydings, D., Md., urged senators to be "honest" in the debate and entering the complete list of men as well as material aid. Tydings, a supporter of the bill, backed the Walsh amendment on the floor.

#### Initial Entries Arrive For Invention Contest

Initial entries in the unique "invention" contest which will be held in conjunction with the Farmer-Congress in Twin Falls on Thursday, March 13, were announced this morning by the contest committee.

The contest, an annual affair, is sponsored by the Idaho Evening Times and local inventors and farm machinery, are expected to be entered in the contest before it opens Thursday at 10 a. m.

In order that the contest be of value to each exhibitor, those planning to enter their inventions should telephone the contest committee at 10 a. m. with the following information: Name of inventor, address, and a brief description of the invention.

Those in charge of the event said this afternoon that other inventors, who have shown their inventions in farm machinery, are expected to be entered in the contest before it opens Thursday at 10 a. m.

#### HOLLISTER MUST SHUT UP SCHOOL

Because of financial difficulties the Hollister independent school board must close the school next Friday afternoon, March 21, and shut down for the remainder of the school year.

This was announced here today by Mrs. Mrs. Stradley, county superintendent of public instruction, with receipt of word from State Supt. C. E. Roberts that no way exists to prevent the shutdown.

Hollister's seven-month school term will be the shortest in Twin Falls county in years. Mrs. Stradley said in 1928 the Riverston common school had an eight-month year by vote of its electors.

Two Teachers The Hollister independent school has two teachers, T. B. Ewin in supervision of the institution and also of the Hollister rural high school, which will not be affected by the shutdown.

State law provides that when the school is closed, the teachers must be paid for the period of the shutdown.

They recalled Germany had been active in the negotiation of a Hungarian-Japanese friendly agreement and that Hungary's good offices in connection with German-Japanese relations might prove useful.

#### Opening of Fish Season Set May 25

BOISE, Idaho, March 8 (UP)—The Idaho fish and game commission today set May 25 as date for the opening of trout fishing season.

The date for opening of the fishing season was 25 days later than in 1940, but the closing date will remain the same.

John Morris, state director of fish and game, said the later date was fixed because it was found that the season had opened earlier by May 1, the date set last year.

The commission also changed the possession limit from one to two fish, and the daily limit from 10 to 15 pounds and one fish. Regulations prohibiting possession of fish less than six inches in length were repealed at the meeting.

SKIING AT A GLANCE Magic mountains—No new snow, but did not complete opening. No new hills will be covered.

#### Jugoslavia May Sign Non-Aggression Pact With Germany, Italy

BELGRADE, Yugoslavia, March 8 (UP)—Well informed quarters reported today Yugoslavia would sign a non-aggression treaty with Germany at Berlin Tuesday.

Diplomatic quarters at the same time were prepared for a German attack on Greece at any time.

There were indications Germany had given Greece a last chance to make peace with Italy and adhere to the German-Italian-Japanese alliance and that Greece had refused.

Greece was said to be evacuating the last civilians from Thrace, in the path of a German advance, and to be forming a defense line extending westward from Salonika.

Jugoslavia's acceptance of a German-Italian-Japanese "non-aggression" treaty with Germany, and a joint declaration providing for closer political and economic collaboration, apparently was merely a matter of arranging for the diplomatic ceremony.

Similar reports from all over the Balkans, while lacking any official substantiation, indicated German word was spread at any hour, possibly starting with a plane bombardment of Salonika.

There were reports also that Bulgaria, as a new subordinate partner in the German-Italian-Japanese axis, had lost no time in demanding territory from Yugoslavia and Greece, and that this had hastened the Yugoslav decision to bow to Germany.

Belgrade police in sudden raids on the headquarters of the democratic party of the opposition and the home of the party chief, Branislav Kasic, seized all copies of a manifesto and an opposition manifesto protesting against the government's foreign policy.

The manifesto called on the government to withdraw its army of 60,000 men from the frontiers and defend them at any cost.

#### LEWIS WILLIAMS GETS STATE POST

BOISE, Idaho, March 8 (UP)—Lewis Williams, Boise, today took over duties as director of the state department of charitable institutions, a position created by recently enacted legislation.

The appointment was made by Gov. Chase A. Clark. The post was proposed for in a bill abolishing the public welfare board and creating three separate departments—public health, public welfare and charitable institutions.

#### ATLANTIC STORM BLOCKS TRAFFIC

Driving hazards send the Atlantic seaboard today, snafu traffic in metropolitan New York where more than 10 inches of snow had fallen.

The storm had moved across the nation from California where last week-end it caused widespread damage and torrents of rain.

It was the second heavy snowfall in the east in the last week. Last Saturday gales tore up Chesapeake Bay and carried heavy snow over the Atlantic and New England states.

The storm which had pounded the California coast, carrying torrents of rain, was finally over.

#### Seattle's "Blackout" Is Termed Success

By GEORGE E. JOHNS SEATTLE, March 8 (UP)—It was 10:30 last night. The lights of Seattle were out for 15 minutes and far out across Puget sound.

Suddenly, a hundred sirens wailed. A-1's rang out, and in 10 minutes, Seattle, with population of 368,000, was in darkness.

Air raid wardens, with "ARP" armbands, scouted every block, looking for stray lights.

Motorists stopped their automobiles and switched off motors and lights. Pedestrians mashed out their cigarettes.

Coast guard cutters, and private launches patrolled the sound. High overhead, airplanes draped.

Observers of the first complete practice blackout in a big city of the United States was a "complete success."

There were some things impossible to black out. There was, for instance, a half moon. Lights gleamed brightly at the big Boeing aircraft plant and the Todd-Seattle shipyards on Lake Washington, both so busy on national defense orders that they could not stop for 15 minutes for a practice blackout.

Military and civilian observers, cruising over the city in a big plane reported the moonlight picked out tall buildings and waterfront structures in detail. But they said there were no artificial lights.

Radio stations broadcast descriptions from street corners throughout the blackout as was their "air raid" duty to listen to radio. But no announcer mentioned the word "air raid" for fear of creating a panic in a ballroom which had advertised a "blackout dance"—18 minutes of dancing without the aid of any lights.

Police said there were no robberies or violators. When a diabolical motorist tried to go on, crowds gathered around him and he was forced to the curb. Newspapers, taking a lesson from London, had lighted their windows, and went on with their work. There was one complaint: A motorist who had a flat tire had a breakdown.

#### Tourney Toll: Set of Teeth Found at Gym

One basketball fan was minus his teeth today.

But as far as Twin Falls high school officials are concerned, the fan can have his teeth back—and without.

School employes, cleaning up under the gymnasium bleachers after last night's tournament session, found a set of false teeth already below the rubber section.

Optical Gerald Wallace, vice-principal of the high school, said that Rupert vs. Burley overtime game was a thriller.

Employees at the school said they've found many things in the past under the bleachers after hockey tournament sessions, but never teeth.

The toothless fan can collect his piece at the high school office.

WOMEN STUDENTS BOYCOTTED Mrs. J. M. March 8 (UP)—Miss Mary, junior student from Carey, Wyo., has prepared to take over the presidency next semester of the University of Idaho's association of women students.

COMPOSES DIES MADRID, March 8 (UP)—Jose Serrano, famous composer, died today. He had long been ill.

When the "blackout" opened in Seattle last night, Mrs. E. J. Jones was in bed and taking no chances. Any kind of "needles" she had in her room, while she was sleeping, and while she was up, she had in the darkness.

WITH  
The Gentleman in the Third Row

**BY RUTH AYERS**

YESTERDAY, April 24, she was at Carter's and her last chance to win. In Carter's, Kent was in a bad mood. He was drunk, and she was trying to get him to stop. She was shouting at him, and he was shouting back. She was shouting at him, and he was shouting back. She was shouting at him, and he was shouting back.

thing depends on it, the beginning and the end, I guess, of our future. I've got to know if you fell in love with me or if you were only playing a part, sorry for me, as you said once. If you love me, I'll have the courage for anything, even to facing Ann." His voice broke, every line in his face showed the pain these words had cost him.

# Heroism Without Heroics

Can death be remarkable in a time like this, when men are dying daily in wholesale heaps from Chungking to Cheren?

Yes. What heroisms are hidden between the lines of casualty lists, what unseen deeds of selflessness are daily fare in half of England's cities, on Albanian mountain slopes, or in the glaring Libyan deserts, we cannot know.

Dr. Matias Duque is dead. He seized the privilege of dying with a difference.

Dr. Duque was a Havana physician, at one time Cuba's director of public health. As a physician, he was accustomed to look death in the face.

He volunteered to be inoculated with cancerous tissue, to make of himself a human guinea pig, in the hope that study of a case from its first inception would reveal a means of fighting this dread disease which has yielded so slowly to the assault of the medical profession.

Death and disease won this victory. Dr. Duque is dead, dying in the tradition of his Cuban colleague who helped defeat yellow fever, and of thousands of other physicians who have knowingly given their lives to save others.

Assisting Dr. and Mrs. Fox in arranging the event are Dr. and Mrs. Dean H. Affleck, Mr. and Mrs. John Soden, Mr. and Mrs. R. L. Roberts, Mr. and Mrs. W. B. Brooks and Mr. and Mrs. Gordon Gray.

The club is dispensing with the informal hour for this dance.

Decorations will be in keeping with St. Patrick's day. There will be one motz dance for the club this season, a spring finale, unencumbered in the original dance plans.

# L. V. Morgans Feted At Farewell Courtesy

Mr. and Mrs. L. V. Morgan, who are moving to Burley the latter part of the month, were honored at an attractively appointed dinner last evening at the home of Mr. and Mrs. George Warberg, 561 Fourth avenue north.

The event was arranged by club to which Mr. and Mrs. Morgan have belonged for a number of years. The group presaged a gift to the honor guests.

Mr. Morgan has purchased a hardware store in Burley, and with his wife and two daughters, Janice and Elizabeth Ann, will establish residence there within a few days. He has been associated with the Kregel Hardware company here for many years.

A dinner was served at a single table, centered with an arrangement of roses and sweet peas in vases.

Covers were marked for Mr. and Mrs. Loyal Perry, Mr. and Mrs. Don Young, Mr. and Mrs. Clarence Warner, Mr. and Mrs. Carl Sherwood, Mr. and Mrs. Morgan and Mr. and Mrs. Warberg.

## BRUINS, HEYBURN LEAD TOP CAGE OUTFITS

### 8 Teams Still in Running For Championships of Class A and B Tourneys

#### Burley, Buhl, Oakley Seek Spot in Finals

(Morning Results on Page 1)  
There were still four teams competing in the Class A tournament here as play opened this morning—but three of these quintets each had one defeat and the fourth was expected to have at least one loss tacked on its record before the meet is over.

The lone undefeated club was the Twin Falls Bruins, who yesterday handed the Oakley Homies their first defeat, 32-25.

With Oakley and Twin Falls still in the running as the morning's play opened, were Buhl and Buhl. The two clubs faced eliminations this morning—along with Oakley. At 10 a. m., Burley tackled the upstart Bruins and in an elimination contest.

As the Bruins finish out the contest without a loss, the championship contest will be completed tonight. However, if Burley trims Twin Falls this evening, the meet will be thrown into a three-way tie, with the championship game on Monday night.

**Rupert Loss**  
Last night's play saw the end of the Rupert Pirates, minus the services of Buhl and Buhl. Despite a defeat of 32-25, the club put up a great battle before going down to the Buhl Bobcats, 21-20 in an overtime period. Burley led 4-2 at the quarter and 8-4 at the half. Third period count was 13-9, but in the final frame the Pirates came back strong to knot the count at 16-11. Rupert held a 19-17 lead at 10:00 in the final seconds of the game but Jones connected to knot the count before the end of the game. The overtime was a narrow race, the Pirates temporarily ahead, Harold Woods won the game for the Bobcats with a field goal.

**Oakley Leads**  
Oakley took a 6-4 lead in the first quarter over Twin Falls, but after that the Bruins led a narrow race all the way through. Half-time count was 14-11, Twin Falls third period score was 22-17, Twin Falls made 10 points in the final frame.

In the lone afternoon contest, Gooding topped the hardest-fought battle of the tourney as the Buhl Indians scored 28-24. Buhl got away to a wide 10-0 lead in the first stanza, but the Senators recovered to make a battle of it from there on. They trailed 16-16 at the half and 20-24 at the third quarter, but in the closing minutes they made the comeback many times in the middle quarters.

SIDELIGHTS ON TWO CAGE TOURNAMENTS

picked up on the sidelines at two different points.

Fasnet game we've watched in the two meets—Class A at Twin Falls and Class B at Wendell—were figured to be "also rans"—Buhl and Gooding.

This game was played yesterday afternoon in the Twin Falls gym and the pace set was something terrific. It was a war-time style of play, neither team stowed up from start to finish. If either club had made a good percentage of shots the score would have reached something like 28 to 18 instead of 24 to 22 for Buhl.

Another club that had the same trouble was the Paul quintet. One of the meet favorites. Against Glens Ferry last night Paul could do a little better and the game progressed the worse it got—for three quarters.

Two of the hottest shots in the Class B tourney are Joe Flato of Paul and Eldon Murray of Kimberly. They sink the sphere from a half to three feet. They are two of the leading scorers for the Wendell meet.

And speaking of pairs, the two best "apartite" jobs in the Class A tournament have been turned in by Glenn Speer and Roy Jones of Buhl, who usually play well over half of any contest, but who seem to make the starting call, and Peter Gooding, who usually plays the gooding club into the race with Buhl Friday afternoon.

Another interesting bit of news is the fact that Buhl and Adamson of Gooding—two of the outstanding sophomores in the Shoshone Indians.

Over Shoshone way they are just about used to having a Buhl boy play on their side. It was Tommy, now a professional basketball player. There came Lee, who currently is starting with the University of Montana freshman basketball team.

And now, on the high school scene, the Buhl boys are about as smooth as his older brothers—and with a little edge in size. He's one of the stand-outs on an otherwise off-putting Indian crew.

If there was anything to that Biblical gag about the man winning all his strength in his left hand—the Paul and Twin Falls boys shouldn't be very strong. In fact, they should be noticed for helplessness by weakness.

Members of both clubs have generally been equally anxious—and well have admit that it's one way to cut down the hazards of basketball.

We had just about made up our mind to write something about the accuracy with which the Class B boys have been sinking free throws—when along comes a game last night that makes us forget all about our line of reasoning.

Flahar, star center on the title-bound Heyburn quintet, missed six consecutive free throws as the Heyburn team scored 18 out of 14 free throws against Hagerman.

Check up another war record.

#### Glens Ferry, Shoshone and Hagerman Play

(Morning Results on Page 1)

WENDELL, March 8 (Special)—Coach Dick Stevens Heyburn basketball team, defending district champion and runner-up for the state crown last year, today was a head-on favorite to win its second consecutive crown in the south central Idaho district.

However, each of these clubs already has one loss and the loser of the Hagerman-Shoshone battle this morning at 10 o'clock was sent to the sidelines for keep. At 11 a. m. Heyburn and Glens Ferry tangled.

NEW YORK, March 8 (U.P.)—Billy Soose, the ex-collegiate "pretty boy" who suddenly turned killer, will get a crack at Ken Overlin's middleweight crown on May 9 by virtue of his magnificent performance last night at Madison Square Garden.

No longer can the Farrell, Penn., flash be maneuvered out of a title tilt with veteran Overlin after last night's impressive 12-round victory over rugged Ernie Vigh.

Billy's second triumph with a month over the "Iron man" from Newburgh, N. Y.

In this return match, Soose not only won a top-sided and unanimous decision, but he also unleashed an expected dynamite that floored Vigh in the first round, for the first time in Vigh's career.

Soose seemed a different man last night from the last who took a half-hour to knock out "Iron man" Vigh. He smashed the fans by dynamiting Vigh to the canvas after 30 seconds of the opening round. He was notably slow starter and Vigh had him on the floor in the eighth round of their previous encounter.

Billy almost knocked Vigh dead that first round. When that straight right connected with the canvas, Vigh fell forward. If he had been hit with a double-Jack, his chin actually bounced off the canvas.

Vigh was down for 10 seconds, but he got up and fought back. He was down for 10 seconds, but he got up and fought back. He was down for 10 seconds, but he got up and fought back.

### Local Boxers Easily Down Oregon State

CORVALLIS, Ore., March 8 (U.P.)—University of Idaho's national intercollegiate boxing team last night found the Oregon State midgets were not too tough and annexed a 5-1 decision over the local team.

In the heavyweight bout, Vito Bevilacqua, Vandal heavyweight, scored the only knockout of the evening—over Bob Rambo in the first round.

Only Oregon State victory came when Arnold Hildebrandt took a decision over Don Reed, Idaho, in the 145-pound class.

Other results: 120 pounds—Ted Kara, Idaho, decision over Phil Lane, O.S.U. (decision); 137 pounds—Frank Kara, Idaho, decision over Dick Livingston, O.S.U. (decision); 145 pounds—Norman Jensen, Idaho, decision over Wally Lago, O.S.U. (decision); 165 pounds—Claude Hagen, Idaho, and Joe Corvallis, O.S.U., draw; 180 pounds—Charles Anderson, Idaho, a decision over Bill McCaffrey, O.S.U. ## National Ski Meet Opens

### National Ski Meet Opens

Aspen, Colo., March 8 (U.P.)—Sixty-nine contenders were entered today in the national downhill and slalom ski championships, to be run over the next two days at the University of Colorado.

Men and women open the meet today with downhill competition, which will close the meet tomorrow on the alpine course.

Mrs. Gretchen Frazer of Denver, twice Pacific northwest champion, was the chief rival of Marilyn Shaw of Stone, Vt., in the women's downhill-ski event. Miss Shaw won the championship last year at Sun Valley.

epok, because Schmitz was considered the outstanding ball player in southern Idaho. Then he collapsed with an appendicitis attack after the Twin Falls game and was sent to the hospital.

Last night nobody conceded the pitcher's chances against the Burley club, with Schmitz missing from the lineup. But the Minidoka boys put up a battle that warmed the hearts of the spectators before going down by one point in an overtime battle.

It's performances like that which pack 'em in at basketball tournaments.

Guy Wicks, general head coach at the University of Idaho, southern branch, was in town yesterday to look over the cage setup in the Class A tournament—but returned to his home city last night.

Guy had "nothing to say" on the University of Idaho athletic situation—and has probably decided the "less the better."

It was his opinion that play in both the Kootenai and Twin Falls tournaments was slightly below the average standard for these two meets—an opinion with which most of the coaches of this area agree.

Wayne Fagg, outstanding Rupert player, came up with the "most embarrassing moment" in the game against Burley.

Jumping high in the air for the ball, Fagg apparently landed sitting down—and he refused to get up.

Time out was called as the crowd looked on in wonderment and players gathered around to see what was wrong.

Just about the time everybody thought he was seriously injured, the Rupert players crowded around him and he rose up as if the time his pants split from top to bottom—and even the referees' faces were red.

The crowd roared—but Wayne came back today in a jiffy with a new pair of pants—and played a better game than ever.

### Record Crowd Expected at Trap Shoot

A record turn-out is expected at the Snake River Gun Club grounds on Sunday as sportsmen turn-out for the weekly shoot—with a new program lined up by officers of the organization.

It was announced today that a telegraphic shoot will be arranged with Pocatello, Coeur d'Alene, Boise and Huntington and will be staged Sunday.

Firing will start Sunday at 10 a.m.

### Injured Skiing

BUN VALLEY, Ida., March 8 (AP)—Count Hughwits Reventlow, recently divorced husband of Woolworth heiress Barbara Hutton, suffered a fractured left shoulder and a flaccid brain concussion yesterday while skiing at this winter playground.

The accident occurred when the Danish count swerved to avoid another person as he was racing over the ridge run on Baldy mountain. One of his skis caught, causing him to take a hard fall on the crushed snow.

## SIDE GLANCES

By Galbraith

Competing on them will be a total of 26,776 bowlers from 39 states and four Canadian provinces—more participants than are attracted by any other sports event in the country. More than 90 tons of new pins—10,000 of them—will be used in the tournament.

Elmer H. Baumgarten says the registration of 5,700 teams makes this the second largest A. B. C. tournament on record, being surpassed only by last year's meeting in Detroit, which had 673 teams.

Registration Tops Estimates

The tournament will run 35 days to May 5. The schedule had to be extended three separate times when an unexpected flood of entries sent registration way above early estimates. Officials expected attendance to top off with the A. B. C. first invasion of the northwest.

Defending champions this year are Plover, all-events; Brown, singles; Herb Freitag and Joe Slinke of Chicago, doubles; and the Montreal Beers of Chicago, team.

All-A. B. C. tournament records, none of which was established at Detroit in 1940, are: team total of \$234 made by Birk Brothers of Chicago in 1938; doubles total of 1,419 led by Jake Gil Zumber of Milwaukee and Frank Benkovic, now of Cincinnati, at Columbus in 1932; the singles record of 778 made by Larry Shovel of Canton, Ky., at Cleveland in 1930; and the all-events total of 2,070 established by Max Stein at New York in 1937.

members of his coaching staff.

Three-year-old John Edward Zager of Chicago's Dwight Hill, will use his own special ball when he competes.

Peter Howley and George Bangart, both of Chicago, who took part in the first A. B. C. tournament in 1901, will be on hand for the 41st consecutive time, commencing April 4.

Monroe Bletto of Oaak, Minn., who averages 150 pins despite his two artificial legs, will roll in the singles event March 25.

There will be a team of five left-handers representing the Minnesota Federal Savings & Loan Co. of St. Paul... two teams of brothers—the Winniks and the Barrs—from St. Paul... a team of five policemen from Tacoma, Wash.

Unknown Keglers Often Win

Freddie Pacher, sr., the Buffalo bowling alley proprietor who ran away with the coveted all-events title last year, will be back.

But Joe Oakes of Seaside, Ore., has just a good chance at the prize money.

Because one of the distinctive things about A. B. C. tournaments is that, whenever a big-time competition often nab the awards. Last year at Detroit, for example, Ray Brown of Terre Haute, Ind., competing in his first A. B. C. tournament, rapped out a score of 742 for the singles crown. Alex Colman, a Detroit, finished in the money for the all-events title. It was his first tournament.

No A. B. C. Ullist has ever repeated in consecutive years, and in tournament after tournament newcomers have made names for themselves.

The tournament is a great leveler. Teams that make phenomenal scores on their home alleys often find trouble in tourist competition... on new alleys and with new pins.

No A. B. C. Ullist has ever repeated in consecutive years, and in tournament after tournament newcomers have made names for themselves.

# JAPAN FOREIGN MINISTER WILL VISIT MOSCOW, BERLIN

## NON-AGGRESSION PACT WITH REDS IS JOURNEY AIM

By H. O. THOMPSON  
 TOKYO, March 8 (Special)—Foreign Minister Yonaka Matsukata has decided to leave immediately on a diplomatic mission to Russia and Germany in an attempt to improve Japanese-Russian relations and clarify Japan's relationship with the German and Italian allies. It was understood today.

Matsukata was expected to fly from Tokyo to the Trans-Siberian express and travel across Asia and Europe in company with Gen. Eugen Ott, the German ambassador, who left by train for Berlin today.

It was understood Matsukata would make the most vigorous efforts to conclude an immediate non-aggression treaty with Russia which would relieve Japan of any anxiety regarding a possible flank attack while it pursued its South seas expansion program.

The news that despite growing opposition Matsukata had decided to go through with his plan to visit Moscow and Berlin, explained Japanese urgent haste in trying to push through a peace agreement with Thailand and French Indo-China. It was now predicted a definite peace agreement might be initiated tomorrow.

It was believed that Matsukata would leave by plane to overtake Ott, as soon as the agreement had been finalized.

Special Adviser  
 Presumably in anticipation of Matsukata's departure, it was announced today that Kazuo Aoki, former finance minister, had been named a special diplomatic adviser to the foreign office during Matsukata's absence. They are Tochi Shiroatori, former ambassador to Rome, and Dr. Yoshie Sato, former director of the South Manchuria railroad. Shiroatori lost his job at Rome because of his insistence on Japanese alliance with Germany and Italy. Now he has been re-elected to favor.

## SORE

SALT LAKE CITY, March 8 (UP)—Billy Noflinger, two, has a severe pain in his chest today—but he doesn't realize how close he came to drowning.

The child, who had been home from his father, William Noflinger, noted his absence a few hours later and started searching. One of Billy's playmates said she'd seen Billy laying down in a neighbor's backyard.

Noflinger found his son in the pond—face down and unconscious. He pulled him out, resuscitated him and placed the child on the kitchen table. The father remembered his own training as a Boy Scout and started artificial respiration while his wife called the fire department rescue squad.

When the firemen arrived, Billy was breathing normally. The only thing he couldn't figure out was why his father had pushed on his chest until he was sore.

## AROUND the WORLD

By United Press  
 LONDON—Three German bombers were destroyed by anti-aircraft fighters today. Two bombers were shot down by RAF fighters off the east coast of England and a British Spitfire destroyed a four-engine Heinkel off Lowestoft. The Heinkel had attacked an east coast town.

BERLIN—An official news agency dispatch from Bucharest reported today that German damage had been done to the Rumanian district of Rumania by an earthquake. Three hundred homes, a church and a school were destroyed at the town of Cateschul, it was said. Extent of casualties was not known.

LONDON—The home security ministry announced today 789 civilians were killed in air raids in the United Kingdom during February and that 1,068 were injured.

GRANTHAM, Eng.—Large and small warship construction for the year ending April 1, will total 480 vessels, War Office officials today said. The secretary of the admiralty said today.

## COFFIN RENAMED AS WATER CHIEF

KETCHUM, March 8 (Special)—The annual meeting of deeded water users in District 7AB was held Monday afternoon at Ketchum court house.

The lower Wood River water users were present in considerable number, headed by Guy Blissell. It appeared that there might be some fireworks in the gathering, such as characterized the Shoshone session last year.

Lawrence Battis presided, with R. B. Buchanan as secretary. Disposing of the budget, the meeting decided to limit the watermaster's term to Nov. 1, but Mans Coffin was re-elected by unanimous ballot, there being no other present.

Attempt to increase his bond from \$500 to \$10,000 was defeated. Some felt that the lesser sum did not adequately provide for damages in case a watermaster should err.

It is stated that the upper river users were divided in their opinion, though no material clashes resulted. As a rule the upper river users were passive and not voting.

## Explosion Blows Plant Into Ruins

CINCINNATI, O., March 8 (UP)—An outlying glass mill crib of the King Powder company at King's Mill, O., was blown to ruins today by an explosion of unexplained origin.

There was no one working near the mill at the time and no injuries were reported. The plant, which covers 500 acres about 13 miles northwest of Cincinnati, has been engaged mostly in fulfillment of government defense contracts.

## ROADS SHOWN AS 'GOOD' TO 'FAIR'

Charting road conditions throughout the state, the Idaho highway bureau bulletin to the Twin Falls Chamber of Commerce showed today that major routes range from good to fair.

All high passes are still subject to closure by snow, and motorists taking such routes were urged to stop for local inquiries. Truck load limits are still in effect, with both U. S. 30 and U. S. 93 fixed at 400 pounds per inch of load width. The U. S. 30 load limit is for the entire route; U. S. 93 applies from Nevada to Twin Falls and again from Shoshone to Ketchum.

Summary of highway conditions:

- National Routes
- U. S. 30—Good—But shoulders are poor.
  - U. S. 93—Good from Nevada line to Ketchum; fair from Ketchum to Coonau post office; closed from Coonau post office to Coonau. Conditions north of Shoshone.
  - U. S. 91, the Idaho, Montana and Yellowstone routes—Good to fair. Utah line to McCammon; balance fair.
  - U. S. 95 (northern) route via Palouse country—Good but possible slide in canyons.
  - U. S. 95 alternate, the north and south Idaho routes but chains advised over Harvard hill; slippery in spots.
  - U. S. 191, Yellowstone park highway—Good; inquiry beyond Ashton; traffic has been maintained without interruption.
- State Routes
- No. 15, Payette highway—Good; Gardner to Smiths Ferry possible slides, caution; snow banks in New Meadows.
  - No. 16, Boise-Lowman highway—Fair; Banks-Garden Valley; passable to Lowman but not recommended.
  - No. 20, Owyhee highway—Good, but possible slide in canyon.
  - No. 21, Boise-Stanley—Fair but with possible slides; closed beyond Idaho Falls.
  - No. 22, Idaho central—Dixie to Hill City not recommended; Fairfield to Hailey closed; balance fair.
  - No. 23, Sawtooth park highway, Richfield branch—Shoshone to Yellowstone closed.
  - No. 24, Roosevelt highway—Good; east of Dietrich open but not recommended.
  - Murphy-Silver City—Fair to Murphy; closed beyond.
  - Atlanta road—Fair via Arrow Rockham; inquiry locally as to route via Rocky Bar.
  - Roads not listed in the report were termed "in satisfactory condition."

## BOY DIES FROM KITCHEN BURNS

SALT LAKE CITY, March 8 (UP)—Sherwin Peterson, 8, and Paul Peterson, 11, died today after their father sleep late—and that they should get up and build the fire in the kitchen of their father's home.

The boys got up, piled dry sugar-bush in the stove, poured gasoline on the brush and lit a match. The gasoline exploded. The father got up hurriedly—and found the clothes of both his sons in flames.

The father, Sherwin Peterson, rolled Paul in the dirt first, then Sherwin. While neighbors extinguished the fire in the kitchen, the boys were taken to the Lethi hospital.

Sherwin was transferred to a Salt Lake City hospital—but died Tuesday afternoon. Paul died today, reportedly recovering at Lethi.

The U. S. naval academy at Annapolis was formally opened in 1819.

## WEST END FORMS 4-H CLUB COUNCIL

Formation of a 4-H club council for the west end has been carried out at Buhl. County Agent Ben Bollingbroke said today.

Miss Lynn Garner was named president. Mr. Bollingbroke announced, with Frank Southwick as vice-president and Miss Wilma Kaecher as secretary.

A. E. Duke, district club agent, Pocatello, attended the organization session at the Buhl 'C' of C. headquarters Wednesday night and addressed the club leaders and representatives of city groups. Goal of the 4-H council is to coordinate and intensify farm youth activities.

Plans were mapped to set up an individual committee in each west end community to pick 1000 leaders and to assist in getting the club program underway for 1941.

Mr. Duke outlined the statewide 4-H club program, and asserted that membership of more than 7,100 in Idaho last year set a new all-time record. The Twin Falls county enrollment, about 340, is also believed to be a new mark.

## TRAIN DERAILING SUSPECT IS HELD

REDDING, Calif., March 8 (UP)—A 38-year-old Iowa transient was held today for questioning in connection with derailment of the streamliner "City of San Francisco" in Nevada, Aug. 12, 1939, in which 24 persons were killed.

The man, Fred Taylor, is charged with placing railroad ties across the tracks of the Southern Pacific railroad.

Deputy District Attorney John Spann said Elmer Fry, the transient, had confessed he placed the ties on the tracks near Dolan, a mile from the site of the train wreck.

Spann said, claimed to be without knowledge of the streamliner wreck. He said he was herding sheep near Dolan at the time.

A southbound freight train hit ties placed by Fry at 10:40 p. m., and a northbound freight hit another obstruction 45 minutes later, authorities said. Neither train was derailed.

## Twin Falls Sergeant Found By Police at Illinois Capital

SPRINGFIELD, Ill., March 8 (UP)—Police have arrested and turned over to army authorities Sgt. Derrill G. Warren, 20, Twin Falls, Id., on a charge of deserting the 11th engineers at Camp Murray, Wash. Warren disappeared last December, and the federal bureau of investigation entered the case because the soldier's family at Twin Falls feared he had met with foul play.

A member of the Idaho national guard, Warren went to Camp Murray for a year's active duty with the 41st division.

The sergeant's superior officers marked him AWOL, but said it was difficult for them to do so because Warren's conduct as a soldier had been exemplary and he appeared to like army life.

## British Report 408 Fighting Ships Built During Last Year

By J. W. T. MASON  
 Official announcement in London today that British warship construction for the year ending April 1 will total 408 fighting craft, emphasizes the decisive manner in which the British navy is holding its command of the seas, and maintaining an unbroken blockade of the whole European continent. From northern Norway southward through the Atlantic and eastward into the Mediterranean, approximately five thousand miles of coastline are prohibited areas for enemy overseas commerce.

It is customary to speak of the British Isles as a fortress, under siege. In reality, however, the continent of Europe is more accurately described by that phrase.

Britain Not Besieged  
 Great Britain is not besieged because it is open to shipping from the western world and the orient. The European continent, however, is shut out by the British fleet, unable to maintain commercial intercourse with the rest of the world because of the British navy's control of the ocean traffic lanes.

The new additions to the British fleet not only are lightening the Atlantic and Mediterranean blockade but also allow Great Britain to add something to the strength of her fighting craft in the orient. The relentless pressure of sea power, ever increasing, is destined to play a vital part in the eventual outcome of the war.

First Lord of the Admiralty Alexander told The House of Commons on Wednesday that new warships coming into service during the present year make a formidable force.

## ORSAT

BOSTON, March 8 (UP)—Until William G. Robbins reported that a thief stole his Orsat last night, even the crossword puzzle experts at the police station had not heard of that one. Robbins explained the \$100 instrument was used by heating experts to measure the intensity of drafts when seeking to reduce a coal or oil bill.

## GOODING AIRPORT WORK UNDERWAY

GOODING, March 8 (Special)—Work at the Gooding airport located on the butte southwest of Gooding began this week under direction of W. C. Burns, Idaho Falls, who has the contract for grading, scraping and fencing the plot of land set aside by the city for the airport. The contract for this initial work was let to Burns by the civil aeronautics authority in Seattle last month and amounts to more than \$5,000 with work to be completed by May 1.

One runway, a mile in length and 500 feet wide will be graded by this company. This runway extends east and west. Later the city will grade a second runway extending north and south and being the other at the west; this runway will be 3,500 feet long and 500 feet wide. The entire field will be graded as part of the contract let to Burns. Other improvements including graveling, construction of hangar will be carried out later this year.

Idaho Power company, according to Sam Sullivan, local manager, will remove the power transmission lines which now cross the field.
