BRITISH OPEN "BATTLE OF GREECE"

BEF Meets Nazis In Vital Conflict At Monastir Pass

By HARRISON SALISBURY
United Press Staff Correspondent

Britain's expeditionary force opened the battle for Greece today south of the vital Monastir pass where Nazi panzer divisions threatened to knife through and smash Greco-British defense lines from the rear.

Jugoslavia crumbled under knock-out blows from north and south. Belgrade's fall appeared imminent and Hungary, Rumania, Italy and fifth column Croats raced in to divide up the spoils.

In Africa the German threat to Egypt and the Suez canal was building up too fast for British comfort. German troops, claiming that British resistance had been broken in the region of Derna, poured east toward Tobruk.

And in the Pacific front of the British Isles the German U-boats kept the pressure on the eastern side in which several hundred German submarines had been broken in the Atlantic.

At any rate, Mr. Roosevelt will be able to carry supplies from belligerent countries up to the southern margin of the canal. He dismissed as not pertinent and a matter of argument whether Port Said on the Mediterranean end of the canal should be open to American ships, explaining he does not know whether Port Said's docks lie in the Mediterranean which is the southern margin of the canal. He said that the question of whether Port Said is a combat zone is a matter of argument whether Port Said on the Mediterranean end of the canal should be open to American ships, explaining he does not know whether Port Said's docks lie in the Mediterranean which is the southern margin of the canal. Late FLASHES

BERLIN, April 11 (U.P.)—A fast German column apparently was learned today.

Official German dispatches indicated the German column had entered the unshattered Jugoslav capital of Belgrade, but a report that German troops under Gen. Guderian were near Weicha, a German column of the Drava, and that the German column might be near the city.

BUDAPEST—Hungarian troops marched into northern Yugoslavia today and began occupying the Vojvodina area and it was reported that the Rumanian army had moved into the Banat area south and east of the territory to which Hungary has laid claim.

ZURICH—The radio station at Graz, just west of the Jugoslav frontier, was heard broadcasting in the Croat language today that Gen. Dussak, commander of the Yugoslav premier, had ordered all his divisional commanders to act on their own initiative henceforth.

SOFIA, Bulgaria—All Bulgarian railway employees up to 62 years of age possessing technical experience will be called up tomorrow for military training, it was announced today.

LONDON—The Exchange Telegraph agency reported from Baghdad today that the Iraq parliament had elected a new cabinet. The cabinet was headed by the late Prime Minister, and it was reported that the cabinet would meet tomorrow.

LONDON—Air military reports from Cairo said today that more than 20 enemy planes were shot down or destroyed in ground strafing by the royal air force in Cyrenaica last week.

ISTANBUL—French consular officials today warned their nationals in Istanbul they should be prepared to evacuate to Anatolia in Asiatic Turkey "on short notice."

LONDON—Radio Budapest reported tonight the German army occupied Belgrade last night.

LONDON—Informed British quarters said today that United States' decision to permit its vessels to ply the Red sea and gulf of Aden was the latest welcome sign of American determination to do everything possible to assist the cause of democracy.

ROME—The newspaper Popolo di Roma said today that President Roosevelt had a "liberal" and "dangerous international precedent" in extending United States protection to Greenland.

ARMY CRAFT IN HAULING SERVICE

WASHINGTON, April 11 (U.P.)—Authoritative sources disclosed today that army cargo ships are being used to bring rubber, hemp and other defense materials from the Dutch East Indies and other ports in the Orient in a move designed to free more commercial ships for service in the Atlantic.

Officials said the army freighters, which formerly returned from routine runs to Hawaii and the Philippines with mail and other loads, now are going to the far east to pick up cargo that private trading companies have accumulated in the past. The present schedule provides for one trip every 25 days, it was said.

The arrangement, worked out at conferences among war department and maritime commission officials, and ship operators, was disclosed as administration legislation studied several proposals to ship American war supplies closer to the European war front.

Bank Loans Near Ten-Year Record

WASHINGTON, April 11 (U.P.)—Commercial bank loans are near a 10-year high because of the defense program, the Federal Reserve board reported today.

The federal reserve said 1940 of the nation's largest commercial banks had a total of \$74,000,000 in loans for defense purposes at start of the present calendar year.

U. S. TO HANDLE SLAVS' LEGATION

ROME, April 11 (U.P.)—United States Ambassador William Phillips was turned back by Italian police yesterday when he went to the Italian legation to take over Yugoslav interests in Italy, it was learned today.

Phillips said Phillips he must have a special foreign office permit to enter the legation. Phillips obtained the necessary permit and returned. He then formally took over from Yugoslav Minister Roshko Christie.

Nazi Drive to Albania Through Greece

Racing German panzer divisions apparently paved the way for another blitzkrieg victory, as they marched through shaded areas mapped above. 1—Took control of Greek Macedonia, captured Salonika and Xanthi, planted the wreath on the Aegean sea, cut off the Turks from the Greeks; 2—Swept across mountains to capture Yugoslav cities, split Serbian army from allies, took control of Vardar valley and slashed to Albania to join with the Italians.

U.S. Rushes Plans to Build Defenses for Greenland Outposts

WASHINGTON, April 11 (U.P.)—The United States rushed plans today for Greenland outposts of hemispheric defense and for intermediate landing fields for short-range American fighting planes flying to Britain.

An emergency coast guard survey of accessible terrain and harbors on the vast ice-capped Danish island was completed some time ago and is being studied by army and naval officials.

The movement of men and materials to construct bases and limited port facilities was expected almost immediately.

Officials said funds for the initial work would be allocated from President Roosevelt's "blank check" defense funds.

Signed by Minister J. Greenland came under United States "protective custody" by an agreement with the Danish minister here made public yesterday. At the same time, Mr. Roosevelt asked congress for authority to requisition all immobilized foreign ships in American ports, including 16 Danish, 20 Italian and two German vessels seized two weeks ago.

The Greenland agreement was signed by Minister Henrik de Kauffmann, who also has been negotiating for the sale of the United States to the United States. The German-dominated Danish government at Copenhagen was expected to protest and de Kauffmann was expected to ignore it as he had ignored its protest against the ship deal.

Stopping Field

Informed authorities said American-built landing fields in Greenland for the use of military planes to Britain was one of the objectives of the agreement. American bombers now fly from Newfoundland, refuel at Greenland, hop to Iceland, where it held by the British, and then to the British Isles. The longest hop would be less than 1,000 miles. Most fighting craft can easily fly that distance.

"Wrecks" at Five Corners Feature Safety Drive Here

"Was anybody hurt?" That was probably the "most asked" question of the day today as members of the Twin Falls Junior Chamber of Commerce staged a safety drive for safety in cooperation with state, county and city police officers.

Reason for the question was that wrecked cars were strategically placed at Five Points east, west and north and also at the Shoshone street bridge across Rock creek. This afternoon a wrecked machine was placed at the intersection of Main and Shoshone.

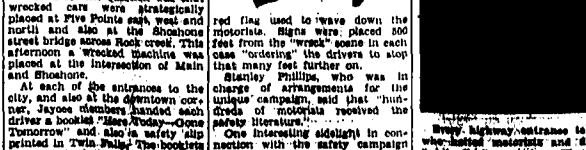

At each of the entrances to the city, and also at the downtown corner, Jayce members handed each driver a booklet "Five Points—Come Tomorrow" and also a safety sign printed in Twin Falls. The booklets were provided through courtesy of the state department of law enforcement, Boise.

Jayce members taking part in the distribution, which started at 9 a. m. and lasted until 3 p. m., wore large "silver" stars and carried a red flag used to wave down the motorists. Signs were placed 500 feet from the "wreck" scene in each case "ordering" the drivers to stop that many feet further on.

Stanley Phillips, who was in charge of arrangements for the unique campaign, said that "hundreds" of motorists received the safety literature.

One interesting incident in connection with the safety campaign occurred at the Five Points was intersection during the morning and afternoon. A motorist who was driving on the main highway, entrance to Twin Falls, was detained today by Junior Chamber of Commerce members who handed "motorist" and distributed "safety" literature in an unusual manner. The motorist was stopped by the day by Junior Chamber members. After Chamber members returned to the safety appeal to Bob Strickland, Call Lake City motorist.

Passing Along the Safety Message

Order Follows Success of British Ethiopian Armies; Non-Belligerents Get Aid

WASHINGTON, April 11 (U.P.)—President Roosevelt by proclamation today reopened the Red sea and the gulf of Aden to American shipping, permitting United States commercial vessels to come up the east side of Africa to the Suez canal.

Announcing his action at a press conference, Mr. Roosevelt revealed also he has proclaimed that a state of war now exists between Germany and Italy on the one hand and Jugoslavia on the other.

Reopening of the Red sea and Aden to American shipping follows virtually complete success of British armies in Ethiopia and Italian territory lying along the eastern coast of the Red sea and the Aden gulf.

These sea lanes originally had been barred to American shipping by proclamation of a narrow combat zone from the eastern tip of Africa to the Arabian coast. Revocation of this combat zone in effect removes the "stopper" which kept American vessels away from Suez.

Mr. Roosevelt said that under the new order, American ships will be able to carry supplies from belligerent countries up to the southern margin of the canal. He dismissed as not pertinent and a matter of argument whether Port Said on the Mediterranean end of the canal should be open to American ships, explaining he does not know whether Port Said's docks lie in the Mediterranean which is the southern margin of the canal. STRIKE AT FORD PLANT SETTLED; OPENS MONDAY

DETROIT, April 11 (U.P.)—Gov. Murray Van Wagner announced today "the Ford strike is settled and 125,000 workers will start returning to production in Ford Motor Company plants all over the country beginning Monday.

The path to production was cleared by acceptance by officials of the United Automobile workers (UAW) of the reservation which Henry Ford made to the governor's triple-point terms.

It amounts to a truce under which the union will return to the job, when every good American citizen without prejudice and fundamental wage and working condition issues on which the strike was called April 1 will be negotiated. The Ford workers have determined their bargaining agent in an election ordered at the River Rouge and Lincoln plants.

Prayers Answered? "Gentlemen, the governor announced to newsmen, "the Ford strike has been settled. "Our prayers for peace have been answered because there was will for peace.

"This is a historic step in establishing industrial peace in our country. The governor did not announce immediately all details of the settlement.

"A basic American sense of fair play prevailed around the conference table and brought results at a time when every good American citizen must place his country ahead of self."

Reopen Plant Monday

I. A. Capital, Ford counsel, announced that the plant would reopen Monday.

The governor announced that Dr. Harry A. Mills, chairman of the NLRB had adjourned until after an NLRB election for bargaining agent at Ford's River Rouge and Lincoln plants a hearing by the NLRB on charges Ford engaged in unfair labor practices.

Van Wagner said both parties had "set an example for the nation" in their willingness to meet around the conference table, to "give and take, and make possible this settlement."

OPEN AREA

WASHINGTON, April 11 (U.P.)—President Roosevelt today designated the "open area" as follows:

Beginning at the intersection of the north coast of the Italian Peninsula with the meridian of 50 degrees longitude east of Greenwich;

Thence due north to the mainland of Arabia;

Thence eastward along the coast of Arabia to the Meridian of 31 degrees east longitude;

Thence due south to the mainland of Italian Somaliland;

Thence westward along the coast of the Italian Somaliland to the point of departure.

FDR in Shape For Throwing Out 1st Ball

WASHINGTON, April 11 (U.P.)—President Roosevelt today told Clark Griffith, owner of the Washington baseball club, that his arm is in good shape to throw the first ball when the Senators open the season here Monday with the New York Yankees.

The President, as usual, will attend the opening game at the nation's No. 1 baseball park.

Griffith called at the White House to present Mr. Roosevelt with a gold pass, good for any major league baseball game, and to leave for Mrs. Roosevelt a handsome black handbag with a similar pass.

The President told him that his arm is in good shape, Griffith said. "He said he got it all loosened up (fishing on his last cruise and he is ready to put a curve on that ball."

AUTHOR, COMPOSER DIES

ANNAPOLIS, Md., April 11 (U.P.)—Henry Edward Warner, 65, author and composer, died today after a long illness. He had been associated with the Baltimore Sun newspaper for 31 years. One of Warner's compositions was the doll song "I've Got a Pain in My Sawdust."

ENGINEER NAMED TO STUDY SITES

Investigation of proposed power sites on the Snake River will be made by M. P. Coudy, plant superintendent at Idaho Falls, the Wyoming Times was advised today by V. Berg, state commissioner of reclamation.

Request for the disinterested report was presented to Mr. Berg at a Jerome hearing March 28 by south Idahoans who oppose permission for power sites on the Snake River.

Coudy will make the study this week-end and report his findings. Berg who is expected to announce whether or not the right was granted next week.

Proposed power plants on the Snake River are owned by the Snake River Power company to obtain rights to their hydroelectric sites on the Snake River.

NAZIS CLAIM SERBIAN TROOPS HAVE BEEN ANNIHILATED

GERMANS IN HOT PURSUIT OF FOE IN BALKAN AREA

By Joseph W. Grigg, Jr.
 BEELIN, April 11 (UP)—Enemy troops in southern Serbia have been annihilated, the German high command said today.

A communiqué said more than 10,000 prisoners, 20 guns and "much booty" had been captured in central Serbia.

The one last group of the Jugoslav army still fighting was smashed in south Serbia yesterday. Part of it was crushed and the remainder captured near Krivopalce, the high command said.

German forces were described as in "hot pursuit" of Jugoslav forces in eastern Macedonia as "conclusive fighting" according to plan, the informant said.

"Anti-tank and anti-aircraft guns, spare aircraft parts and other equipment have been captured in enormous quantities, the informant said.

"The Jugoslav army no longer exists as a fighting force," the informant said.

German air formations continued devastating attacks on Jugoslav and Greek troops, informants said, bombing and machine gunning. In eastern Macedonia, German planes bombed railroads and derailed a military train in the Ljubljana area, it was said.

Informants said they did not know whether the German army in Greece had made contact with the British army.

They asserted, however, Adolf Hitler was determined not only to defeat but to destroy the British army.

They said German forces pursuing the Jugoslavs west of Nish had captured anti-aircraft guns, machine guns, machine pistols, gasolines supplies, hundreds of trucks and columns of military wagons laden with food of all sorts.

Inspired newspapers bitterly attacked the United States and British, mentioning President Roosevelt personally for "instigating a hopeless resistance" by Jugoslavia. A billiard playing campaign against Jugoslavia by Germany and its Balkan satellites gained momentum.

A special high command communiqué announced German armored forces entered Zagreb, capital of Croatia, last night—the publication of the populace.

Axis plans had been announced for creation of a crown state under Ante Pavelich, who was denounced in 1934 as the brain behind the assassination of King Alexander of Yugoslavia and French Foreign Minister Louis Barthou.

PRESIDENT CREATES AGENCY FOR CONTROL OF PRICES

NEW SET-UP WILL PLACE RESTRAINT ON PROFITEERING

WASHINGTON, April 11 (AP)—President Roosevelt today signed an executive order creating a new price control agency to be known as the office of price administration and civilian supply. He named Leon Henderson as head of the new agency, and the new price control unit will be a part of the office of emergency management, the coordinating organization which now includes the office of production management and the national defense advisory commission.

The order merged into the office of price administration and civilian supply the existing defense organization originally set up by the President to deal with price problems growing out of the rearmament program.

These officers include the defense commissioner, consumer division headed by Miss Harriet Elliot and the price stabilization division headed by Henderson.

To Avoid Profiteering.

The order pointed out the new agency was set up "for the purpose of avoiding profiteering and unwarranted price raises, and of facilitating adequate supplies and the equitable distribution of materials and commodities."

Summarizing the powers granted under the order, the President directed the administrator "take all lawful steps necessary or appropriate" in order to:

- 1—To prevent price spiraling, rising cost of living, profiteering, and inflation resulting from hoarding of goods.
- 2—To prevent speculative accumulation, withholding, and hoarding of materials and commodities.
- 3—To stimulate production of the necessary supply of materials and commodities required for civilian uses in such manner as to avoid conflict with defense requirements of this and foreign governments.
- 4—After the satisfaction of military defense needs, to provide for equitable distribution of the residual supply of such materials and commodities among competing civilian demands.
- 5—To prevent profiteering and inflation.

The proclamation sets up a price administration control board composed of eight government agencies, which apparently forms the nucleus of the actual working unit.

Leon Henderson, secretary of the treasury, the secretary of agriculture, the secretary of commerce, the chairman of the labor and trade commissions and the director general and associate director general of the office of production management, are empowered to make the recommendations for establishing of maximum prices and other elements of price control.

The telegram said the union had served notice of its intention to call a general strike in General Motors production works unless union demands, understood to include a closed shop agreement, are met.

E. D. Kunkle signed the telegram sent from Detroit for General Motors.

The U. S. conciliation service said a conciliator will be assigned to the threatened strike immediately.

This new threat came when labor and defense officials for the first time in several weeks expressed optimism over what appeared to be an approach to general industrial peace in the nation's defense plants.

GMC THREATENED BY UNION STRIKE

WASHINGTON, April 11 (AP)—General Motors corporation officials telegraphed Secretary of Labor Frances Perkins today the United Auto Workers' intention to call a general strike on April 20 unless a new agreement is reached.

The telegram said the union had served notice of its intention to call a general strike in General Motors production works unless union demands, understood to include a closed shop agreement, are met.

E. D. Kunkle signed the telegram sent from Detroit for General Motors.

The U. S. conciliation service said a conciliator will be assigned to the threatened strike immediately.

Clark Threatens to Put State Into Gas Business

BOISE, Idaho, April 11 (AP)—Admiral Clark is in efforts to have major oil companies regulate oil prices per gallon increase in gasoline prices, Gov. Chase A. Clark said today the state of Idaho would go into the gasoline retail business to secure reduced prices.

After a conference with representatives of major oil companies, the governor admitted he had made "very little headway" in efforts to obtain a reduction in advance made last week.

"A good many of the dealers are supporting me in holding the prices at their own level," Clark declared. "However, it appears that everyone is more or less controlled at prices fixed by the major oil companies. I don't want to buy the dealers, but if the major oil companies will make no concessions on this rate, I think it is the duty of the state to act."

"It is entirely possible we will be able to act without calling a special session of the legislature by the state actually going into the gas business. The matter is now in the hands of the attorney general and while I am waiting for an opinion, we are figuring at just what points storage tanks should be placed throughout the state, and we will try to work out some method of handling gasoline which will not hurt the dealers and small operators."

Controversy over gasoline prices started last week when Gov. Clark wired presidents of major oil companies, urging them to withhold proposed price advances because of the condition of markets for agricultural products.

7 YOUTHS LEAVE FOR U.S. ARMY

Twin Falls county area No. 4 has "short" two more stragglers today at seven-man contingent today arrived last night for induction at Salt Lake City.

The quota called for nine registrants but one of the nine was injured at Nampa and couldn't go while another was transferred to Ohio for induction. A possible third registrant is being held to accompany the contingent because his transfer papers were not complete.

As a result, the area No. 4 contingent for April 22 will include two stragglers as the official call plus three replacements. The latter may exceed three if any of the seven men who arrived in Salt Lake City today is rejected at induction.

Trainees who were going through the induction center today from this area included James A. Sinclair, Jr., named as leader for the trip to Utah; Nancy R. Johnston, assistant leader; Elden Dell Frason, Hankon Maxwell, Walter Elmer Griffith, Sylvester Cleo Handy and Ricardo Madrid. The latter is a Salt Lake City transfer.

Due to transfers:

Carl F. Thinsler, Rogers' COO youth, was transferred to Ohio, his home state, for induction.

Ceremonies at the draft board office preceded departure of the April 10 quota. Speakers included Chairman Walter C. Musgrave and three board members, Lem A. Chaska, W. Thomas and George A. Childs.

Grade Pupils Give Musical Program

BUHL, April 11 (Special)—Fourth, fifth and sixth grades from the Intermediate Lincoln school of Buhl presented a musical program at the special assembly at the high school Wednesday.

The fourth grade sang "Chinese Vegetable Man," "Smiling We Will Go," "The Grocer and the Housewife" and concluded with "He Didn't Think." Willis Downing sang a number and little Gerry Neffner played a piano solo. Carolyn Curtis and Evelyn Nejezchle sang a duet, "I Don't Want to Play in Your Yard."

Velis Lee Maughn entertained with an accordion solo and Eugene Moore gave a reading. Clyde Pearson concluded that section of the program with a violin solo number, with Marilee Nelson playing the accompaniment.

Miss Norma Smith's room entertained with a choral reading and the fifth and sixth grades of Miss Marsh and Miss Ray sang "Island Song" and "O Dear What Can the Matter Be."

The piano entertainers all stood to sing the concluding number, "The Silver Theme Song." Accompaniments were played by Miss Eleanor Pulley and the program was directed by Miss Barbara West.

THE MORNING

AAA CHIEF SEES U.S.-LATIN TRADE

Pan-American day—Monday, April 14—should be of greater interest this year to Twin Falls community farmers than ever before, Walter Reese, chairman of the county AAA committee, said today in commenting on the 51st anniversary of the founding of the Pan-American union.

"With export markets and cultural relationships in Europe and Asia limited by war, the neighborhood of the western hemisphere countries has been developing rapidly from a speaking acquaintance into a working partnership during the past year," the county AAA chairman said.

The United States has been observing Pan-American day nationally during the last 10 years, with school ceremonies and flags flown from public buildings. No formal observance, however, is planned in Twin Falls.

"We use any number of commodities from the South American region every day, and a number more products made of rubber and tin which are vital to us, could be obtained in South America if Pan-American trade solidarity were stimulated," Reese said. "Possibilities are good for increasing production of important minerals and agricultural products which we need but are not able to produce ourselves."

"Good opportunities for exporting farm products and manufactured goods are better in South America than anywhere else at present."

WINTER WHEAT FORECAST GAINS

WASHINGTON, April 11 (AP)—The agriculture department reported today that the condition of winter wheat on April 1 indicated a crop of 816,128,000 bushels, compared with 589,151,000 bushels last year.

The department said conditions indicated an average yield of 13.3 bushels an acre compared with 13.4 bushels last year and a 1930-38 average of 11.8 bushels.

The condition of rye on April 1 was at 77 per cent normal, compared with 71 per cent a year ago.

Southern states potatoes were listed at 78 per cent of normal.

Condition of pastures was reported at 77 per cent normal, compared with 71 per cent a year ago.

GAINS NOTED IN STORAGE WATERS

All three major reservoirs serving this section of Idaho showed substantial gains in storage water during the past two weeks, a report received today from Lynn Grandall, watermaster, showed.

Jackson Lake, at the present time, is impounding 104,140 acre feet of water, the reading of 294,832 two weeks ago. American falls reservoir now impounds 1,827,800 acre feet against the former reading of 1,461,470 and Lake Walcott rose to 24,829 against the previous 22,720 acre feet.

Precipitation for the week ending April 8 totaled 21 of an inch at Moran, 48 of an inch at Idaho Falls, 40 of an inch at Jerome; 1.16 inches at Ashton and 07 at Island Park. Snow depth readings show nine inches at Moran, 58 inches at Grassy Lake and 17 inches at Island Park.

VOICE

JOLIET, Ill., April 11 (AP)—The announcement went through the loudspeaker at Central bus depot today that the city of Joliet, Ill., is offering a reward for information leading to the arrest of the man who shot and killed a police officer in Joliet, Ill., on April 10.

Passengers started leaving, and another voice called them back and police arrested James Masters, 66, a ventriloquist, who had been standing near the loudspeaker.

In the police station Capt. Ernest Overby, listening to the arrested ventriloquist's story, suddenly heard himself exclaim: "Let's get a case of beer up here; we all need it."

Overby and the other policemen stared at each other in amazement. Then the subnormal ventriloquist said, "Captain, you're drunk."

Masters was sighted in a corner there and brought to the dock.

"What are you here for?" Overby asked him.

"Just an old man trying to ease his arthritis," came the reply, but it seemed to come from the arresting officer's mouth.

"Look him up," Overby told the policeman.

Came a voice from the unlighted basement cell block: "No, not down here, it's crawling with vermin."

But that's where Masters went, anyhow.

Laying in Judge William McCard's court a voice, not Masters', said: "Find \$3 and coals."

Nazis May Test Anglo-Greek Power in Monastir Pass Fight

The double advantage that would result if Philina were taken and the opposing army thrown back. Nevertheless, the Germans should be at a difficult task, hampered by a narrow front.

Moves in Depth

The German columns, coming down along the stem of the T, must move in depth, instead of being broadly distributed. They thus offer for an unequal task, especially for plane attack.

Anglo-Greek dispositions, along the crossbar at the base of the T, should be made with the utmost care on the German, not only from frontal positions, but also from both flanks. Under previous conditions of warfare, such a defense would prove adequate, for an infantry advance could scarcely endure the high percentage of casualties that would be inevitable.

But, today, the German advance ought to be led by heavy tanks, able to withstand all fire except from artillery and anti-tank guns. If a break through occurs and the German mass with initial success, it will be because the Anglo-Greek defensive guns are not in adequate number nor in advantageous positions to repel the tank assault.

Should the Germans be halted, their own positions will be unfortunate. They will be unable to spread themselves along a broad front and will have to remain in conspicuous mass formations. A retreat back through the Monastir pass might mean a local disaster for them.

The choice of the Monastir pass, therefore, for the German push into Greece, has been made because of

Management of New Idaho Theatre Thanks Public

In a statement today, the management of the new Idaho Theatre which is celebrating its reopening with the all-family smash hit "Life With Henry" starring Jackie Cooper, gave sincere thanks to the patrons of this pioneer house and to those builders who participated in bringing to the Magic City one of the west's most outstanding theaters.

Mr. Brock Fagin, manager, said, "We are sure that the public will feel well repaid for their endured absence from one of Magic Valley's most popular theaters, the Idaho. With our reopening Saturday, our audiences will find a theater entirely new—changed throughout in every detail. In fact the only thing they will recognize will be the location and our policy on prices. 15c and 20c prices will be the rule despite the fact the Idaho is the Intermountain west's newest and most modern theater.

"We are especially appreciative," he added, "of the loyalty and cooperation of those artisans who were instrumental in the construction and completion of the new amusement home... many of them have added their congratulations to those we are receiving from our public and we are deeply appreciative."

Special dedication ceremonies are planned for a few minutes before 7 p. m., Saturday, when the Idaho will be thrown open to the public.

STREAMLINED IDAHO THEATER OFFERS BEAUTY, LUXURY

Impressive Modern Improvements Mark Family-Price House

A streamlined, completely rebuilt Idaho theater will greet Twin Falls fans Saturday when the modern, smartly appointed showhouse opens its doors following a 60-day building program.

Completely new from the red and green checkered sidewalk to the stage, and from the luxurious downstairs lounges to the sound-treated ceiling, the new Idaho is Intermountain's salute to Twin Falls' advancement, a comfortable and beautiful new amusement center where showgoers will see choice pictures from the major studios at the same popular prices that have always distinguished the theater.

The rebuilding program was conducted by A. D. Bobier, who also beautified the Orpheum. Heading the list of installations for the perfect comfort and relaxation of the Idaho patrons is a 30-ton Trane air-conditioning unit which will regulate temperatures throughout the year. The entire theater has also been given the latest acoustical treatment. Lined with sound-absorbing celotex, it gives perfect hearing in every seat. Improved Western Electric sound equipment has been installed.

Lighting throughout the theater follows the most efficient and decorative modern systems. Fluorescent, indirect lighting tubes are used decoratively in the auditorium. Sand-blasted glass coverings will give the interior lights an attractive effect.

During the rebuilding much comment has been aroused by the installation of Montana rose-iron travertine on the theater front. The effect is striking and is further emphasized by the trimming in stainless steel. The box-office is in stainless steel and a brilliant effect is created with latest fluoron neon lighting of the marquee. Green, rose and white accents are used throughout the house.

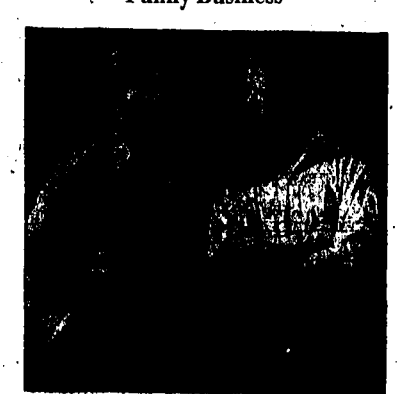

A smart new ladies' cosmetic room and a gentlemen's lounge have been built downstairs below the foyer. An artistic daylight blue mirror will decorate the foyer. Draperies of green crushed-velour will be used in the foyer and on the stage.

Eddie Bracken and Jackie Cooper are always cooking up something in Paramount's new Aldrich Family picture, "Life With Henry," which opens Saturday at the new Idaho theater. This time they cook up soap, but are forced to wash their hands of it when the neighbors complain. Jackie plays the title role of Henry Aldrich, the leading lady is a newcomer to the screen from Broadway, Lella Brant. Other featured players are Kay Stewart, Hedda Hopper and Fred Nibbe, Jr.

When Idaho Theater Aided Christmas Cheer

This rare photo, approximately 24 years old, recalls a scene that Twin Falls residents of the 'teen decade will remember. Salvation Army leaders are pictured with the food and produce turned in at the "bring anything" matinee at the Idaho theater in Christmas season. One of the posters in the lobby advertises a motion picture starring Gloria Swanson. At extreme right is Joe Madson, then manager of the Idaho. (Times Engraving)

HISTORY

The Idaho theater building was constructed in 1916, early records of Twin Falls show. It was first operated by Twin Falls residents, namely E. B. Williams and Harry Allen, both now deceased.

At a later date it was sold to the late Bert Magel, brother of Frank Magel, local automobile dealer, who operated it for several years until it was taken over by the present management, Intermountain Theaters.

4 SHOWS WEEKLY SLATED AT IDAHO

The further adventures of America's "favorite boy" will be portrayed on the screen in Twin Falls Saturday night when Jackie Cooper in "Life With Henry" appears as the initial feature attraction at the opening of the newly remodeled Idaho theater.

Announcement that "Life With Henry" would be the initial feature was made this afternoon by Brock Fagin, city manager for Twin Falls' Intermountain Theaters. The opening performance starts at 7 p. m. Shows at the new Idaho, Fagin said, will run Sunday and Monday, Tuesday and Wednesday, Thursday and Friday, and Saturday of each week. The Saturday show will remain one day with the other shows setting a two-day run.

Scheduled for the opening week of the theater, in addition to Saturday's attraction, will be Errol Flynn in "The Sea Hawk," the technicolor picture "Down Argentine Way" starring Don Ameche, Betty Grable and Carmen Miranda, and William Boyd as Hopalong Cassidy in "Border Vigilantes," on the one day, a week from Saturday.

Other showings set for the new theater in the immediate future follow:

- April 20-21: "Victory" with Fredric March.
- April 22-23: "The Return of Frank James," with Henry Fonda.
- April 24-25: "The Real Glory" with Gary Cooper, a return feature.
- April 26: "Caesar Romero as the Cisco Kid in "Ride on Vagabond."

GIRL WINS STAR BILLING AT 16

HOLLYWOOD, Calif. — Joan Leslie, 16-year-old Warner Bros. "find," will get her first star billing upon the release of "The Wagons Roll at Night," which also stars Humphrey Bogart and Sylvia Sydney. Signed to a term contract less than a year ago, the young actress was immediately given featured roles in "High Sierra" and "The Great Mr. Nobody" and acquitted herself so well that she was given an important part in the carnival picture originally intended to costar only Bogart and Miss Sidney. Then the studio set her opposite Gary Cooper in "Sergeant York," intending to raise her to stardom on the release of that picture. Meanwhile the studio officials viewed "The Wagons Roll at Night" in complete form and were so enthusiastic about her performance that they decided to give her the promotion at once.

Production Starts On 'Navy Blues'

HOLLYWOOD, Calif. — Martha Raye has been signed by Warner Bros. for the second feminine lead in "Navy Blues," forthcoming service musical. Previously set for top roles were Ann Sheridan, Eddie Albert, Jack Oakie and Jack Haley. Production is slated to start April 15, with Lloyd Bacon directing. Times for the show are being written by Arthur Schwartz and the lyrics by Al Dubin.

Jerry Wald and Richard Macaulay wrote the screen play from an original story by Arthur Forman. Wald will also be associate producer.

In order to save the pilot's eyes from glare, soft fluorescent lighting is used to illuminate the instrument panel of army planes. Luminous paint is applied to instrument dials and the invisible fluorescent light causes the paint to glow.

Carlsbad Caverns Selected For Film's World Premiere

HOLLYWOOD, Calif. — "Underground" will have its world premiere in Carlsbad, N. Mex. This announcement is literally true. The studio which inaugurated the policy of holding special world premieres at unusual locations and with spectacular garniture has chosen the famous Carlsbad Caverns in New Mexico as the scene for the first showing of "Underground." The date tentatively set is the latter part of May.

Attending the premiere will be a large party from Hollywood, made up of film stars, including the "Underground" cast, newspaper and magazine writers and photographers, and studio executives. In the picture's cast are Jeffrey Lynn, Phillip Dorn, Mona Maris and Karen Verne. The trip will enable the premiere party to see one of the world's greatest natural wonders. The caverns were discovered in 1901 and made a national monument in 1923. Some of the separate caves, or rooms, are big enough to hold the largest motion picture theatre in the world in one corner. Several of the underground fairy-land's chambers are completely wired, leaving only the installation of a screen, projector and chairs as requisites for the premiere showing.

The Carlsbad Caverns lie about 28 miles from the town of Carlsbad in the southeast corner of New Mexico. The town is on a spur line of the Santa Fe railway running off the road's transcontinental main line.

Star Selected for Easter Salutation
HOLLYWOOD, Calif.—The Hollywood Bowl committee in charge of the Easter sunrise services has selected Jeffrey Lynn, Warner Bros. star, to deliver the "Salutation to the Dawn" on Easter morning. Lynn is currently working in Warner's "Underground" with Phillip Dorn, Mona Maris and Karen Verne.

War Veteran Aids In Battle Filming

HOLLYWOOD, Calif. — Capt. Eugene P. Walters, World war veteran and now a U. S. army reserve officer has been signed by Warner Bros. as technical advisor on the battle sequences in "Sergeant York" starring Gary Cooper and Joan Leslie. During the first World War, Capt. Walters served with the 148th Field Artillery and was a liaison officer with the infantry in the Argonne Forest drive during which Sergeant York performed the notable feat of heroism that established him as America's foremost war hero.

STUDIO TO FILM 'IRON CAVALRY'

HOLLYWOOD, Calif. — Development and current operations of the U. S. army tank corps will form the theme of a Warner Bros. special production to be entitled "Iron Cavalry." If the picture can be fitted into James Cagney's schedule, he will head the cast, and it will also include George Brent, Ronald Reagan and Alan Hale. Its locale will be Fort Knox, Ky., the home of the tank corps. Norman Betty Raine has been assigned to write the screen play and the director will be William Keighley, who recently finished "The Bride Came C. O. D.," co-starring Cagney and Betty Davis. The Nile valley of Egypt contains about 80 pyramids.

CITY "ACCEPTS" NEWEST THEATER

Mayor Joe Koehler, himself operator of a motion picture house, the Roxy, will officially accept the new Idaho theater as a "place of entertainment for citizens of Twin Falls and the Magic Valley" at special ceremonies which will be held Saturday night at the theater.

The acceptance ceremony will take place promptly at 7 p. m. with the initial motion picture to be shown in the theater to follow. The acceptance ceremony will be brief. Mayor Koehler will "accept" the theater from Brock Fagin, city manager for the Twin Falls Intermountain Theaters. This ceremony will take place on the stage.

Among officials from the theater company, and also those interested in the improvement program, who will be present that evening will be the following:

- Harry David, Salt Lake City, vice-president and general manager of Intermountain Theaters; Ray Egan, Salt Lake City, assistant general manager; Fred J. Ewald, treasurer; E. W. McCham, Salt Lake, in charge of maintenance; Stuart Winburn, Salt Lake City, architect; A. D. Bobier, Twin Falls, contractor; Glen and Wally Williams, owners of the theater building and members of the lumber concern furnishing the materials.

Studio Gets Actor From Stage Hit

HOLLYWOOD, Calif. — Michael Ames, New York stage actor, has been signed to a term contract by Warner Bros. and cast immediately in an important role in "The Fight Patrol," starring James Stephenson and Ronald Reagan.

It was while he was playing the juvenile lead in the current Broadway hit, "My Sister Eileen," that Ames was seen by J. L. Warner, vice-president of Warner Bros. in charge of production, who signed up the young actor without waiting to have him tested.

DISTRICT SESSION DRAWS, KIWANIS

Twin Falls Kiwanis club will be represented at the district meeting in Pocatello April 22, according to plans drafted Thursday at the club luncheon in the Park hotel.

Walsh has been doing that sort of thing for years, but his reputation was for bang-bang epics as "What Price Glory?" and spectacles such as "The Thief of Bagdad." Only lately, since "The Roaring Twenties" and "Saratoga Tramp," has Hollywood been noticing that Walsh has a nice, quiet quality about him.

Novelty Features Rebekah Bazaar

Beginning with a tea and concluding with a card party, the all-day bazaar arranged by the Primrose Rebekah lodge yesterday at the Odd Fellows hall, was regarded as a success in every detail.

More than 150 persons were served during the southern baked ham dinner, and scores called during the day to visit the attractive array of booths.

Mrs. Tary Directa, Mrs. Hilda Tarr was general chairman of arrangements; Mrs. O. Merrill, noble grand, was active in assistance, and all women of the lodge cooperated.

Handsome prizes were awarded at the card party to both men and women.

Mrs. Ella Chase and Mrs. Eleanor Wegerer were in charge of the tea, table being centered with forsythia and daffodils and covered with a lace cloth.

Mrs. Loren Fuller, Miss Lillian Laubenhelm, Miss Edna Foster, Catherine Dudley and Miss Pearson were in charge of the card party.

Mrs. Clara Parks and Mrs. Ella Long had the fancy work booth; Mrs. Myrtle Balthasar, Mrs. Gladys Wolter and Mrs. Nora Wilks the apron booth; Mrs. Maude Seal and Mrs. Annette Mankinen the cooked food stand; Mrs. W. J. Hollenbeck, Mrs. Thelma Dean, Mrs. Hazel Hill, Mrs. Mary Wally, Mrs. Bear and Mrs. Fern Whitte were members of the kitchen committee.

"The Queen Was in the Garden"

First dances were being "re-ed" on programs when this picture was taken last evening at the "Moonlight Gardens" dance of Twin Falls. Left to right are Dick Hammond, Miss Grace Wegener, junior princess; Miss Mary Jane Shearer, honored queen and guest of honor at the dance; Dick Ballard, Miss Barbara Randall, senior princess, and Paul Taber. (Times Photo and Engraving)

Mary Jane Shearer Honored by Job's Daughters at Gay Dance

In a garden setting of authentic reality, Twin Falls bethel of Job's Daughters entertained at a "Moonlight Gardens" formal last evening at the American Legion Memorial hall, honoring Miss Mary Jane Shearer, honored queen. The event was attended by 130 couples.

Leading the grand march were Miss Shearer and her escort, Dick Salladay; Miss Barbara Randall, senior princess, and her escort, Paul Taber, and Miss Grace Wegener, junior princess, and her escort, Dick Hammond.

Bethel members from Jerome, Burley, Wendell, Gooding and the new bethel at Buhl and their co-betles were among the guests. Three Boise girls, here for the Easter holiday, also attending were Miss Patricia Daubner, guest of Miss Doris Ann Sherwood, Miss Betty Hill, guest of Miss Ann Parry, and Miss Patricia Eshin, guest of Miss Dorothy Kregel.

A huge moon swung above the orchestra stand, sending the rays to the center, and pastel flowers and a sun dial attracted attention, backgrounded by a garden trellis and garden furniture. In the foreground was a white picket fence.

Spring flurries and forsythia were arranged in floor baskets, while crepe paper streamers overhead were accented by a blue and white bird cage suspended from the ceiling, and pastel flowers and wall arrangements of floors completed the setting.

Miss Patricia Campbell, Miss Gene Osterander, Miss Georgia Burges and Miss Barbara Beymer directed the programs to the guests following the grand march, and also dispensed punch throughout the evening from a table centered with pink and white carnations and covered with a lace cloth.

Intermission Miss Patricia Smith was in general charge of the intermission program, which featured a quartet, Miss Mary Jean Shipman, Miss Hilma Swart, Miss Doris Ann Sherwood and Miss Pat Groves, who sang "Moonlight and Roses," and "Georgia Time."

Miss Wegener and Miss Julia McBride played "Moonlight and Roses" as a violin duet, and Miss Valeria Gates gave a solo shoe dance.

Miss Wegener, assisted by Miss Sherwood, was in general charge of the dancing during the evening. Eastern Star members and Masons and their wives and husbands were special guests during the evening.

Members of the guardians' council, including Mrs. H. A. Sallbury, guardian; Ray Shuyter, associate guardian; Mrs. O. R. Sherwood, secretary; Mrs. Ray Agre, treasurer, and Mrs. A. F. Ostlund, music, and their wives and husbands, were present during the evening.

Mrs. Gordon Goff, accompanied at the piano by Mrs. Floyd Britt, and solo by Mrs. Philip Ann Arman. The afternoon concluded with a social hour over refreshments served by the hostesses.

Nurses Plan Benefit Dance for McClusky

Annual dance for the benefit of the McClusky Memorial health camp at Buhl, has been arranged by the First District Nurses' association for next Wednesday evening, April 16, at the American Legion Memorial hall, which will be decorated to represent a spring garden.

Tickets are now on sale for the event, one of the larger social events of Easter week, according to Mrs. Harry Poyer, general chairman of arrangements.

She was appointed by Mrs. Jane Wrenching, president of the association, when Mrs. Tracy Hastings was obliged to resign the chairmanship because of illness.

Benefit Dance In addition to the McClusky health camp, contributions from the dance proceeds will also go to the Twin Falls county chapter of the American Red Cross, the American Field Army of the American Society for the Control of Cancer, and other charitable organizations.

Tickets will also be sold at the door. Dancing will begin at 9 o'clock. Mrs. Evelyn Peterson, Mrs. Dorothy Thomas and Mrs. Lillian Oles are co-chairmen. Mrs. Poyer on the arrangements committee.

Grandson Feted At McAtee Home

Honoring the seventh birthday anniversary of her young grandson, Fayne Lee McAtee, Mrs. F. McAtee entertained a small group of "youngest set" members at a luncheon this afternoon at her home on Seventh avenue east.

The honoree and his mother, Mrs. Ann McAtee, Spokane, Wash., have been guests the past week at the McAtee home here.

They were accompanied by Igho by Arthur Waller and young son, Hubert, who continued to call Lake City, but who returned today for the festivities.

All appointments were in the Easter motif.

Other guests were John and Betty Ann Foster, Boise, and young son, John Chapman, Catherine Beymer, Alvin Beach, Natalie Robertson and John Warner.

Friendly Circle Elects Officers

Mrs. Mary Smith is new president of the Friendly Circle. She and other officers were elected yesterday at a meeting of the group at the home of Mrs. Gora Murphy.

Miss Alice Murphy, home economist major at Washington State college, Pullman, Wash., spoke of the curriculum she is taking, and other activities on the Pullman campus.

She is spending spring vacation with her mother, Mrs. J. O. Murphy, at the home of Mrs. Gora Murphy.

Mrs. E. R. Shinn, Mrs. Murphy and Mrs. Murphy were guests.

The Easter motif was featured in refreshments.

Mr. and Mrs. Ellingford will be hosts at the next meeting.

Lighted Tapers, Lilies To Background Oratorio

Second ward chapel of the Latter Day Saints church will be illuminated by tapers and decorated with Easter lilies for the presentation of the oratorio, "The Holy City," by A. R. Gaul, Sunday evening.

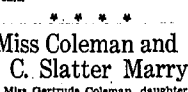

The special Easter offering is presented by the Twin Falls stake M. I. A.

Preliminary music by Jay Spracher at the organ, will begin at 7:30 o'clock, and invocation will be pronounced by Melvin Cutler. The oratorio will be directed by Charles Shirley.

The oratorio is presented in 14 numbers, and with the exception of one hymn, a verse from Milton, and three verses from the De Deo, the words are entirely scriptural.

Recent Bride

Mrs. Clyde Slatter, who was Miss Gertrude Coleman, Filer, before her marriage this week. She will join the brides-elect of Jerome.

Mrs. Gertrude Coleman, daughter of Mrs. David Sharp, Filer, and Clyde Slatter, also of Filer, were united in marriage at a simple ring ceremony Wednesday evening at 8:30 o'clock at the home of Mrs. Sharp. The bridegroom is the son of Mr. and Mrs. D. B. Slatter, Filer.

The officiating minister, Rev. Mark C. Cronenberg, pastor of the First Christian church, Twin Falls, officiated.

Miss Marjorie Slatter and Orville Slatter, sister and brother of the bridegroom attended the couple.

The bride wore a dark blue dress, possibly with pink accessories and a corsage of pink roses and sweetpeas. Miss Slatter wore a blue velvet dress and a similar corsage.

Mrs. Ralph Sharp, Mrs. Floyd Sharp, Wade Sharp and Mrs. Edna Phillips assisted Mrs. David Sharp in arranging an informal reception following the ceremony.

The wedding cake, placed on a crystal, antique cake stand, more than 100 years old, was cut by Mrs. Slatter.

Forsythia, carnations, snapdragons and stocks were arranged as a background for the wedding.

Mr. and Mrs. Slatter will live near Jerome.

Miss Coleman and C. Slatter Marry

Miss Gertrude Coleman, daughter of Mrs. David Sharp, Filer, and Clyde Slatter, also of Filer, were united in marriage at a simple ring ceremony Wednesday evening at 8:30 o'clock at the home of Mrs. Sharp.

HUNGARIAN TROOPS MARCH INTO JUGOSLAVIA AREA

ARMY MOVES TO 'PROTECTION' OF OWN NATIONALS

By HAROLD PETERS
BUDAPEST, Hungary, April 11 (U.P.)—A state of emergency has been declared today as Hungarian troops marched into the Banat region of Yugoslavia between the Danube and Tisza rivers.

The Banat area is a small body of land lying to the west of the Danube on the frontier.
Follows Peace Treaty
The old Austro-Hungarian empire had the Banat area about 100 square miles and the smaller Hungary triangle to the new kingdom of Serbs, Croats and Slovenes as the result of the last war.

The march into Yugoslavia came not quite four months after the signature Dec. 12 of the treaty of commerce and perpetual friendship between Hungary and Yugoslavia.
In a special order of the day to the army shortly called on it to "march to the aid of your Yugoslav brethren."

Horvath said that since start of the war his pre-occupation has been to protect the Hungarian nation from bloodshed.
(There are about 3,500,000 people in the area Hungary.)

Grange Cleanings

By A. HARVESTER

TWIN FALLS
We'll have to give the top spot to Twin Falls Grange this time, and well do so because it is the biggest crowd so far to attend a gavel concert, despite the rain, and a fine musical gallery of Grangers. Some are wondering what they will do with the crowd if the attendance gets larger with each meeting, as it has done the case so far. The upper floor of the Odd Fellows hall was full to capacity when Master Jacky called the Grange to order and when Roy Havering had completed the roll call of Granges, the total was 327.

Representatives from 14 Granges were in attendance, with Twin Falls, the host Grange, having 48, Mountain Rock, 38, and the Grange, second place, 31. Kimberly had 24, Hollister 23, Hansen 21, Buhl 18, Knoll 16, Prier 15, Woodview 14, Deer Creek 11, Fairview & Cedar Draw 7, Lucerne 6, and Excelsior 1.

During the business meeting, Yale called on to read the resolution which was adopted by the Grange, and the resolution was introduced reading the amount of land that one person or corporation could hold. Mr. Metz presided and there the motion in favor of the resolution and reviewed the history of the human race from Adam on to the present time. Mr. Metz was equally vehement in his opposition to the resolution, though somewhat humorous about it all.

LAST RITES HELD FOR MRS. QUALE

LOS RIOS, April 11 (Special)—Last rites for Mrs. Onie Quale, 90 years of age, were conducted from the home of her daughter, Mrs. W. H. Burgess, April 7, at 10:30 a. m., with Rev. G. G. Davis, Minister Virginia Cooke, Mrs. Stella Moore, and Mrs. William A. Peters, sang "Abide With Me," "Heaven My God, My Father and My Home," and "Jesus Lover of My Soul," accompanied at the piano by Mrs. K. G. Mallard.

Lucerne Grange met last week with a good crowd and 100 per cent attendance in attendance. The ladies luncheon of the Grange was taken care of the lecturer took charge. It was ladies' night and the ladies furnished the program of songs home-made Easter bonnets. Mrs. Chester Irving had the most attractive bonnet and was awarded the prize. The ladies put on a burlesque, "Lucerne Grange, a burlesque," in which a Grange meeting was enacted.

Cleveland Picked to Win Flag; Johnson Faster Than Feller

By HARRY FERGUSON
United Press Sports Editor
NEW YORK, April 11 (UP)—Facing out a few prophecies and predictions about the coming baseball season with the fervent hope nobody will remember to check on them in September.

The Cleveland Indians will win the American league pennant and Bob Feller will win at least 28 games.

There will be 2,146,734 man-hours of sleep lost in this country by people who sit up all night arguing whether Feller is faster than Walter Johnson. After listening to baseball experts, young and old, debate the question for hours your correspondent leans to the belief Johnson was faster but that Feller will develop into the better pitcher because he has a curve—something Johnson never bothered with.

Cincinnati will win the National league pennant, but along about

the first week in August the St. Louis Cardinals will get hot and start tearing the league to pieces. One of the hottest races in baseball will be between the Cardinals and the Brooklyn Dodgers for second place.

Cleveland will win the world series from Cincinnati in six games.

Baseball attendance will be terrific, particularly in such industrial centers as Detroit where there is national defense money being paid out for wages and where night-shift workers will flock to the ball parks.

Hank Lelber, most stubborn of holdouts this season, finally will report to the Chicago Cubs and get two singles and a double the first day he plays, thereby raising the question of how much good a long training grind does a ball player.

The comeback of the year will be made by Monte Pearson, the

right-handed pitcher sold by the New York Yankees to the Cincinnati Reds.

The surprise of the American League will be the St. Louis Browns, who have fighting chance to get into first division.

Manager Jimmy Dyess of the White Sox will take plus two safety pins and a roll of adhesive tape and come up on July 4 with a good ball club, thereby proving again that he is one of the smartest managers in the business.

Manager Leo Durocher of the Dodgers and Manager Frankie Frisch of the Pirates will be used on Aug. 1 for the number of times they have been chased out of ball games.

President Roosevelt's opening pitch to Washington Wednesday will be nowhere in the vicinity of home plate or whatever objective he chooses.

Chapman Wins Amateur Tilt

BATTERY A GIVEN FAREWELL DINNER

GOODING, April 11 (Special)—Gooding citizens gave a farewell banquet Monday evening at the Flamingo for the members of battery A, 133rd field artillery, who will leave next week for their active service. P. F. Swan was toastmaster.

Talks were given by Mayor Frank James; Emerson Pugmire, chairman of the county commissioners; Harley Crispin, representing the Jaycees; Edwin Baer, president of the Lions club; and Sam Sullivan, president of the Rotary club. St. Elmo Faith, member of company K which left Gooding in April of 1917, and representing Perry Ryan post of the American Legion, spoke and presented to Captain Fred Vandergraff a check for \$150 which was the profit on the dance held Saturday evening. This will be added to the battery recreation fund. Announcement was made that \$500 would be given the troop from rent on the cavalry barn.

Captain Vandergraff responded for the battery and introduced each of his officers and men. He expressed special appreciation to Dr. H. Cronwell, Schubert, treasurer of the American Legion and others who had given special help to his organization.

Musical numbers on the program included two vocal selections by John Alexander, accompanied by Le E. Cronwell; "The Swan Song" by Floyd Uria and a trumpet solo by George Proctor, accompanied by Mrs. C. A. Reynolds.

Rupert Vicinity Visits CCC Units

RUPERT, April 11 (Special)—Hundreds of people of Rupert and vicinity were guests at Kimama and Minidoka CCC camps Sunday. These institutions held open house in honor of the eighth anniversary of the beginning of the movement.

Music was provided at the Kimama camp by the Rupert high school band directed by George Callum, head of the high school music department. In both camps the guests were shown over the entire plants. Refreshments were served in afternoon at Kimama and a buffet supper, following evening parade, concluded the day at Camp Minidoka.

STATE WILL PAY \$800 SHOP SHARE

BOISE, April 11 (SP)—Attorney General Bert H. Miller has ruled the state should pay an \$800 claim filed as the state's share in construction of an airplane repair shop at the Twin Falls airport.

The claim was filed by the city of Twin Falls. Before payments were made, however, he advised State Auditor Calvin E. Wright to obtain from the city council an instrument conveying to the state its undivided interest in the building.

In another opinion, Miller held that county commissioners may in process county relief taxes on property from two to three mills by adoption of an unanimous resolution.

Super-Streamlined "Auto of Future" Will Be Shown Here

You've never seen anything like it because it's the first of its kind ever created—and this super-streamlined "auto of the future" will be on display in Twin Falls from 3 to 10 p. m. Saturday.

It's the Chrysler Thunderbolt, which comes to Twin Falls as part of a nationwide exhibition tour which has created a wide sensation.

The Thunderbolt will be shown at the Barnard Auto company display room. Its seven-hour stop here is expected to attract throngs. Exhibit of the Thunderbolt at Boise proved a smashing success, according to W. H. Barnard, proprietor of the Barnard Auto concern.

Thunderbolt design is derived from the record-breaking racing cars of the past few years. Chrysler engineers have closely followed the performance of such speed marvels as Sir Henry Seagraves' "Golden Arrow," Capt. George Eyston's "Thunderbolt" and John Cobb's "Railton" and learned much from them concerning the importance of design in increasing speed and roadability.

The many features of the Chrysler Thunderbolt will be explained by a specially trained lecturer when it is exhibited at the Barnard show-room. This lecturer will illustrate his remarks with pictures of the leading racing cars over a period of four decades.

It is believed that the Thunderbolt is destined to exert as great an influence on the automobile of the future as did the original Airflow, which completely revolutionized design, according to Mr. Barnard.
