

# DEATH TAKES J. W. T. MASON, UNITED PRESS WAR EXPERT

## WORLD FAMOUS COLUMNIST DIES IN N. Y. HOSPITAL

NEW YORK, May 13 (U.P.)—J. W. T. Mason, United Press war expert and author of books on philosophy, died of a heart attack today at Doctors hospital. He was 67.

After recovering from his famous column, "Today's War Moves," at the offices of the United Press yesterday morning, Mason returned to his hotel in Manhattan. There he suffered a heart attack. His wife called a physician and Mason was taken to the hospital where he died today at 3 a. m.

He had returned to New York from his trip in May 1940, to resume writing for the United Press the daily war column which he had written during the World War from July, 1914, until November, 1918. As during the previous war Mason's column again received world-wide recognition as an outstanding analysis. It was printed in daily newspapers throughout the United States and abroad.

### Student of Strategy

Mason had been a student of military strategy ever since the war. Since the outbreak of the World War he had observed closely all phases of the European situation as it developed in both military and political ways.

Travel on the continent and in the British Isles and many interviews with statesmen, soldiers and prominent industrialists in all the countries now at war gave him an insight into the aims and purposes of their leaders and a first-hand knowledge of their military preparations.

The study of German, British and French military strategy and tactics and the development of the new form of warfare, together with a knowledge of the military terrain of Europe qualified him to elucidate and translate the significance and importance of the day-by-day military moves of the war.

Born in New York State, Mason was born in Newburgh, N. Y., Jan. 3, 1873. He started his journalistic career as a reporter for the *Harlem Sun*. Local newspaper in 1888. Eventually he became European manager of the *Scraps*, *Melroe* and *Publishers' Press* associations and served as European manager of the *United Press* in 1907-08.

In 1914-16 he was the *United Press* war expert. After the World War he wrote on foreign affairs for the *La Prensa* of Buenos Aires and other newspapers and traveled extensively on foreign assignments.

He made a special study of western and far eastern philosophies and religions, lectured widely, and was made an officer of the order of the British Empire and a member of the Order of the Rising Sun, fourth class, of Japan.

There now are more than 700 schools in the United States for flight training and about as many schools for teaching affiliated activities.

## Manual Arts Room Draws Throng at H. S. Exhibit

One of the major centers of attraction last night at the Twin Falls Junior and senior-high school annual exhibit was the manual arts shop. Here's a balcony view of the shop and some of the visitors. Furniture, cedar chests, serving dishes and scores of other wooden articles were on display—all made by the students. (Times Photo and Engraving)

## 500 SEE EXHIBIT OF SCHOOL WORK

Five hundred persons toured Twin Falls senior and junior high school last night in the annual open house exhibit of work done by students in practically all departments.

All rooms in the big buildings were packed with displays. In the manual arts department, all rooms where such displays were practicable.

Highlights in the opinion of most of those who made the tour of exhibits, were the high school manual arts shop, under Lawrence Mayer; the high school art exhibits, under Miss Agnes Schubert; the auction sale staged by high school speech students under Miss Florence Hess; the high school home economics display and style show, under Miss Juanita Sulliff; the junior high manual arts room, under Earl B. Peck; and the junior high art department under Robert Joyce.

The speech department's auction sale proved an entertaining affair at which throngs of the visitors gathered, many of them purchasing articles offered by the students. The sale disposed of accumulated articles left over from various high school plays as well as items found by students and left at the school office.

The auction "look in" a substantial amount of cash.

The home economics display was featured by the style review at which the high school girls modeled clothing they made themselves.

One week's supply of boots for England's army is equal to 18 months' entire peacetime output.

## Draft Oddity Replies Show Lengthy List

Twin Falls started the ball rolling—and where it will stop nobody knows.

It's this matter of draft number coincidences. Area No. 1 board sent in one of its coincidences for publication in "Selective Service" national magazine for draft board officials.

Came three replies very swiftly. One board in New Jersey copied Twin Falls by reporting it had a youth whose serial and order numbers were both 2222—and the registrant is also 22 years old.

By today's replies had come from 16 boards which listed a total of 22 coincidences of one kind or another. Here's a summary, with headquarters of the boards, the names of their draft registrants and the digits duplicated as serial and order numbers:

Des Moines, Ia.—John S. McNichol, 1320; Lancaster, Wis.—William Harrison Erwin, 604; Marysville, Kan.—Henry Cook Miller, 694; Henry C. Feldhaus, 1543; and Walter Bergen, 1626; Marion, South Carolina—John Bethel, 1549.

Logan, Utah—Dwaine McAllister.

## COUNCILMEN SET CITY WAGE LIST

Both by resolution and ordinance, members of the city council last night in regular session fixed the salaries of city officials and employees for the fiscal year 1941-42.

Changes in the pay of the various department heads were few and far between as was pay for the workers. Practically the only changes noted were slight raises in pay for the members of the police and fire departments.

During the session the councilmen approved appointment of Kenneth Barclay as assistant chief of police, as announced in yesterday's Times. The nomination was made by the Councilman O. H. Coleman and the vote was in favor. Barclay's appointment became effective immediately. He has been a patrolman for more than three years.

J. D. Shuans, highway district engineer, reported on the cilling program of the Twin Falls highway district and said that the district would cut \$117,400 from the budget for Blue Lakes north and also West Hebrun from Washington to the road leading to the hospital. Some of this territory is partly in the city limits.

City officials, a representative of the industrial association, a representative of the Idaho Power company and also of the Inter-Church Young administration this week will investigate possibility of erecting a permanent rock cross near Shoshone Falls which could be used for Easter sunrise services each year.

The inspection trip was arranged after Clifford Pratt, representative of the youth administration, announced at the session that the organization is ready to construct such a cross.

## Escaped Convicts Caught in Butte

BLACKFOOT, Ida., May 13 (U.P.)—The Blingham county sheriff's office reported today that two prisoners who cut their way out of the Blackfoot jail have been apprehended in Butte, Mont.

According to word received here, Ted Coburn, 20, Idaho Falls, and Ewyn Williams, 18, Ely, Nev., were captured. A third prisoner, Earl Bybee, 31, Idaho Falls, was still at large.

The trio escaped last Wednesday by cutting bars in the main cell block shortly before they were to enter pleas on burglary charges.

## G. T. Duerig Buys Peter Pan Shop

G. T. Duerig, operator of a confectionery and fishing tackle establishment beside the Idaho theater for many years, has purchased the Peter Pan ice cream and food shop at 154 Main avenue north.

Mr. Duerig completed the transaction yesterday, according to Jack Sieh, who has been operating the Peter Pan.

The new owner plans to continue the present features and also to introduce a line of fishing tackle and the hand-tied flies he makes himself.

## Pictures Shown at Buhl Townsend Meet

Buhl, May 13 (Special)—Visual education pictures on the Townsend plan were presented last week at the Community hall by H. A. Chappell, executive secretary of the local club reported 24 new members had been received since the last meeting.

Mrs. Ermina Hall, president, and Mrs. Amanda Nelson were elected as delegates to the state meeting of Townsend plan clubs to be held in Boise Sunday, May 18.

## Sully Discovers How to Sip

Each night after work Sully would drop in at the club and say, "I'll have a whiskey!" Then he'd just "toss it off."

One day, Hendrick suggested Gibson's and said, "Take it easy! Gibson's is too good to gulp. Taste this whiskey. Sip it a little at a time!"

Sully sipped and smiled "Man, that's the smoothest, cheeriest whiskey I ever drank." Now Sully sips his Gibson's Straight Bourbon. Tonight experiment and discover why Gibson's is "Great from the First Sip."

## JOB WEEK'S AIM CALLED SUCCESS

W. Clyde Williams, local office manager for the Idaho state employment service, said this afternoon that results of efforts made to secure employment for older workers during the past week "were very successful."

Last week was observed over the nation as National Employment week with emphasis being placed on the task of securing jobs for workers around the 40-year-old bracket.

The campaign here was backed by the American Legion under the direction of W. W. Thomas, post commander.

"Efforts in Twin Falls along this line were very successful," Williams said today. "However, it might be said to say at this time that qualified workers, although classed in the 'older' brackets, register with us and are given jobs if the jobs are available and if they can qualify. This holds good any day of the year."

Unemployment Melts Away

The blanketing unemployment problem, which spread over the whole country for the past 10 years like the glaciers which came down from the north aeons ago, is beginning to melt away as those great glaciers melted under a warmer sun.

The unemployed today are estimated at 6,142,000 by the National Industrial Conference board.

That would be another 1929. In that boom year there were almost 2,000,000 without work.

Once more let it be said that the sun of defense activity which is melting away unemployment does not necessarily mean a permanent change of climate.

Some day all that will end. Then the United States will be squarely up against the problem of whether it can run a \$5,000,000-job economy or whether it must slump sputinely back to a 45,000,000-job economy with 10,000,000 unemployed.

Nobody has the blue prints in simple terms of just how that is to be done. But it will be done.

America is getting into a mood in which it believes that what is necessary to be done, it can, and will do.

We Begin to Help

In April, the airplane industry produced 1,493 planes, 1,415 of them military. Of these, about half were trainers, half fighters.

Roughly 700 fighters, 700 trainers, then. Probably more than half of each class went to Britain or its far-flung dependencies and allies.

It isn't "clouds of planes" yet. But it isn't hay, either. The raids which have devastated cities like Glasgow have been accomplished by what is estimated to be about two or three hundred planes each.

When you realize that American plane production will have been practically doubled, that is, have reached 2,500 by September 1, it is easy to see why Hitler hopes so desperately to win this year. It is a time to hold steady, and play for the long pull.

Forever Was Five Years

Just five years ago, with the ragged tribesmen beaten and scattered by aerial bomb and tank and "Emperor" Halle Selassie in flight, Mussolini thumped on his chest and shouted "this simple, irrevocable, definite phrase—Ethiopia is Italian. It is Italian in fact because it is occupied by our victorious armies."

Spanish Resistance

Ramon Serrano Suner, Franco's foreign minister in Spain, doesn't like the United States or any free democratic country. He is proud, however, of the Franco government's defense of Spain from outside influences.

"Just as on May 2, 1808, Spain did not request to become French; similarly on July 18, 1936, Spain did not want to become either Russian or British," he said in a recent speech.

Proud words, and it will be interesting to see how strongly and how effectively Franco Spain defends itself in 1941 from becoming German. He might ask the Italians how they're doing.

LOVE POWER

BY OREN ARNOLD COPYRIHT 1941, NFA SERVICE, INC. YESTERDAY, Leana had made her preparations well. During her ride with Bob and Carol, she is definitely worried. Later, Leana seems to have relaxed and is smiling broadly.

WHEN X-99 EXPLODES— KNOWLEDGE of her power at this moment, and of the vengeance she is about to wreak on the Tyler girl, gave Leana Sorini's face a wild look of exhilaration. She threw her transmitter switch as if the act were a definite little finale.

And finale it was! Not even Leana Sorini, brilliant scientist, had known the extreme potency of X-99H11! Multaneously with her touch of that switch, all of the tallies touched on the instruments, and the earth shook in a staccato of doom. Tonto Mountain, it appeared, was lifted skyward.

FROM other points of view: (as told countless times in the months and years years to follow) the explosion of Tonto Mountain was that of a volcano, no less. Except that this particular volcano spewed fire from only one side of its mouth, and after first bursting out as an explosion early tomorrow morning, it really wanted to be thought. It was due on the main stage today and the blast of power closes at 6. I wouldn't wonder if you could hear it from here.

In Washington

By PETER EDSON Evening Times Washington Correspondent WASHINGTON, May 13 — The spirit of war hangs over Washington with all the oppressive heaviness of a heat wave ready to break with a crash of lightning, a boom of thunder, a ruin of wind and then a torrent of driving rain from cloudburst.

Official tempers are tense. Men in key posts are in a high fever. The President cannot see a regular semi-weekly press conference. Appointments made days ahead are unkept.

Each new speech or utterance from a key man in the administration seems to give a little closer to an inflammatory gesture. The chip on the shoulder is made just a little more visible by the close doctico speech and anyone who will is dared to knock it off.

BOLD WORDS BY THE BUSHEL In congress, the speeches of the hour are daily made by Senator Wheeler and more progressively. They come to two climates. First, Speaker of the House Sam Rayburn rules down an emphatic contract for an army air field in Florida.

Oratorical screaming reaches new heights as the speaker makes the "I am ready to give Japan one week with withdrawal from the axis."

HAZELTON

More than 800 people attended the grade school band festival at Hazelton Saturday. Thirteen bands participated. Hazelton band was the guest of honor.

The village water department is putting in several blocks of new water pipes, replacing the old water pipes, which were of iron.

COLLISION The Hazelton country has come a long way from that in years, in less than six months. It is now, in fact, a major center of the west.

CONGRASSIONAL COMMITTEES The mistakes of these six months ago were made because the Hazelton area was not in the center of the Hazelton country.

QUESTION In treasury, the question of freezing Germany's assets in America is of importance. It is the problem of export control and convoys are balanced against the declared policy of neutrality. In agriculture, a British official is named to a committee to control food shipments to England.

## Housework Was a Task, I Was Unable to Sleep, But Thanks to Hoyt's My Health Has Been Benefited Says Mrs. Cahoon.

Mrs. Dennis Cahoon, 1918 Ridenbaugh St. Boise, Idaho, says: "I'm so thankful for relief which I received from Hoyt's. A year ago I had an operation which left me very nervous. I was afraid to go riding in our car. My housework seemed to be a task, and when night came I was tired out, and couldn't get restful sleep.

"After taking Hoyt's Compound, my mind took to its normal state. I'm now, today, practically all nervousness is gone. I am feeling better in general, my way and enjoy a full night of refreshing sleep. My housework seems light and easy. I recommend Hoyt's to others!"

Hoyt's Compound is manufactured and sold by the Majestic Pharmacy and by all druggists in this section.

## League Finishes Year's Activity

Last regular meeting for the girls' league of Twin Falls high school was held today in the high school auditorium.

Sponsorship unit of the league was in charge of the program, which was given in honor of the senior girls, with several senior girls taking part. General chairman was Miss Marian Griggs.

Miss Mildred Robertson, president of the sophomore unit gave the welcome. Music was played by Miss Joan LeClair.

An original poem, "To the Seniors," was read by Miss Betty Isha Stewart. Under the direction of Miss Helen Tenker, a group of girls sang "Farewell Seniors," to the tune of "Will You Remember."

Miss Lillian Laubenheim sang a solo and Miss Mary Jean Shipman and Miss Loren Fuller played a piano duet. A short talk was given by Mrs. Rose M. North, dean of girls and general league sponsor.

Miss Griggs and Miss Grace Wegener read a list of girls who have been outstanding in different departments this year, including scholarship, attendance, and punctuality, and who have been active in special groups.

At the end of the program, small scrolls were given to the senior girls wishing them happiness from the other members of the league.

Sponsors of the sophomore unit is Miss Josephine Throckmorton.

The election followed a luncheon at the home of Mrs. H. J. Wall, Seventh avenue east. Other hostesses were Mrs. M. B. Gannib, Mrs. Nettie Baitch, Mrs. Scott, Mrs. G. W. Parsons and Mrs. Collier.

Red roses and lilies of the valley covered the buffet table, and quantities of tulips, including rose-filled Orchid tulips, were arranged throughout the rooms.

Mrs. W. H. Eldridge was chairman of the nominating committee. Mrs. Sweeley and Mrs. J. H. Beaver were named from the floor as members of the board of management.

Mrs. Elverson McCoy, Mrs. William S. Hill, Mrs. L. L. Breckenridge, Mrs. R. H. Spafford, Mrs. M. Z. Warner and Mrs. Eldridge gave reports on the Continental Congress sessions. Mrs. Marshall Jeffries, Twin Falls chapter delegate to the Washington, D. C. meet, has not returned from the east.

## REDS, YANKEES HOSTS IN CRUCIAL CONTESTS

### Lefty Groves Wins 295th Victory; Cards Tip Pirates

NEW YORK, May 13 (U.P.)—The second set of east-west games open in the majors today and the two focal points of interest are Crosley field, Cincinnati, and Yankee stadium, New York.

At Crosley field the pace-making Brooklyn Dodgers tangle with the world champion Reds. At Yankee stadium the front-running Cleveland Indians meet the spitting Yankees.

Cincinnati 100-100-100  
Chicago 100-100-100

The Indians, after running off 11 straight, have lost five of their last seven and have been losing steadily in the pitching box, supposedly Cleveland's most formidable department. Roger Peckinpaugh has had to call 10 pitchers in the Tribe's last seven games, and hasn't had a starter go the route since Ben Palou's three-hitter against Washington May 6.

Out Indian's Lead  
The Red Sox reduced the Indians' lead to 2 1/2 games yesterday by beating the Yankees, 8-4. Lefty Groves gave up 10 hits but lightened in the clutch to win his 295th career game. Lefty Groves' wildness prepared his downfall. Jimmy Fox homered with two on.

Washington won 11 of the 12 games of the season from the Athletics, 6-1, and regained sixth place. Dutch Leonard was the star pitcher, holding the A's to six hits. Jim Bernon's homer tied the score and four successive outs preceded a four-run rally to the Washington fourth.

Monte Pearson's first start for the Reds proved to be a dud. The Cubs knocked him out in the second inning and went to win Cincinnati 4-0.  
Lon Warneke won his fourth straight as the Cardinal beat the Pirates 5-0. Winning three Pittsburgh pitchers led to hits Jimmy Brown and Gus Mancuso made three hits each.

**Cowboys Meet Cardinals Here Tonight**  
The Pioneer league opens its new series today with Ogden, sharing first place with Pocatello, playing the Boston Pilots in the Red's home grounds. Pocatello will play the Twin Falls Cowboys who share the lead position with Idaho Falls. Salt Lake will play Idaho Falls in the Russet park.

Probable pitchers for the Boise-Cotton Outlanders are Larry Boness and Vernon Stone. Ernest Peters is expected to take the mound for Pocatello against Merrill Round of Twin Falls. Mel Ristau and Walter Keamonty will fight it out in the Salt Lake-Idaho Falls contest.

Managers of the various league teams yesterday announced the release of several players and the hiring of others.  
Here in Twin Falls, Manager Andy Harrington placed Orville Williams, from Salem, Ore., of the WJ league, on the payroll and stated that another infielder, Eddie George, from another league, will fight it out in the Salt Lake-Idaho Falls contest.  
Managers of the Pioneer league teams yesterday announced the release of several players and the hiring of others.  
At Boise, Manager Jim Keasey released three men: Lefty Larry Rone, veteran southpaw; Jack Kallio, Portland rookie; and Jimmy Donovan, Oakland, Calif., infielder.  
Butte Manager Carl Aronson announced today that all games start at 8:15 p. m.

### Filer, Hailey, Rupert, Wendell Are Visiting Teams for 1st Games

The roster of the South Central Idaho league was complete today and eight teams will pair off for opening contests on Sunday at 2:30 p. m., it was announced by President John Barker, Buhl.  
The city personnel was completed with the entry of a Hagerman team which will be composed of stars in that territory and which is expected to rate as one of the toughest in the loop.  
The eight teams which will compete in the loop are—Hagerman, Hailey, Shoshone, Jerome, Rupert, Murtaugh, Filer and Wendell.  
Pairings of the eight teams for Sunday's engagements will send Hailey to Shoshone, Rupert to Murtaugh, Filer to Hagerman and Filer to Wendell.  
The schedule calls for a round-robin of 14 games for each team with a split season. Games will be played only on Sundays.  
Secretary-Treasurer Hal Wood reported that all 423 football and divisional fees must be posted before any team can take the field. The deadline was set for Monday, May 12, but early this morning only Jerome, Shoshone, Rupert, Filer and Hailey had posted their money.  
It was announced today by Charles Sprittles, manager, that the Hailey and Wendell will be the Tripp's Mines club.  
The season's complete schedule follows:

### Qualification Courses Set For Golf Meet

NEW YORK, May 13 (U.P.)—Qualifying trials for the National Public Links Golf tournament will be held in 38 districts from June 27 to June 30, the United States Golf association announced today.  
Entries for the qualifying trials close June 8 and the tournament will be played July 14-19 at the Indian canyon golf course, Spokane, Wash.  
The field for the tournament proper will be 194 with all except former champions permitted to transfer, each entrant competes in the round played nearest his residence.  
The qualifying points include Tucson, Ariz.; Los Angeles; San Francisco; Denver; Boise; Helena, Mont.; Portland, Ore.; Salt Lake City; Idaho Falls, Ida.; Seattle and Spokane, Wash.

### VANDAL KITTERS WIN MOSCOW, IDA.

MOSCOW, Ida., May 13 (U.P.)—In his final match of the season, the University of Idaho tennis team scored a 7-0 victory over Montana State university yesterday.

### Archibald Regains Crown

WASHINGTON, May 13 (U.P.)—Joey Archibald regained his old position today — the featherweight championship.  
The pint-sized Providence, R. I., puncher moved back into the throne room (New York state title) by beating out a 15-round victory over Harry Jeffra of Baltimore, the man who captured the crown from him a year ago.  
The title transfer was witnessed by scarcely a quorum of fans huddled around Griffith stadium's home plate.  
The 1,800 spectators, who contribute a meager gate of \$2,700, likewise witnessed the perpetuation of one of the most unusual winning streaks in sports. It was the 21st consecutive victory Archibald has scored in a Washington ring. He never has lost a fight here.  
Joey entered the ring an 8-to-5 underdog for the better part of the first eight rounds, the odds seemed justified. But when it appeared that Archibald's contest was doomed to failure, the Jumping-Jack New Englander turned on the heat. He withstood a desperate last-round attack by Jeffra who had nailed him with a crashing left to the jaw. When the firing ceased, Joey was proclaimed the winner on a split decision, with the referee voting for Jeffra and the two judges for Archibald. The official score sheet gave Archibald six rounds, Jeffra five and called four even.

### 2,600 Magpies Are Killed by Boys In Lincoln County

SHOSHONE, May 13 (Special)—E. C. Hahn, chairman of the committee from Shoshone, Idaho, and Gun club in charge of the project for eradication of magpies, reports that already 2,670 young magpies have been brought in by Shoshone youngsters.  
A bounty of two cents per head is being paid. The money is advanced by the Shoshone club and will later be reimbursed by the state game commission, which has authorized the bounty.  
The field for the tournament proper will be 194 with all except former champions permitted to transfer, each entrant competes in the round played nearest his residence.  
The qualifying points include Tucson, Ariz.; Los Angeles; San Francisco; Denver; Boise; Helena, Mont.; Portland, Ore.; Salt Lake City; Idaho Falls, Ida.; Seattle and Spokane, Wash.

### Out of petroleum — CHICKENS

VITAMIN E is being added to commercial poultry feeds to make them lay better and increase the "hatchability" of eggs.  
Scientists at the "University of Petroleum," Shell's \$5,000,000 research laboratories, observed some peculiar crystals in a new product they had made from petroleum — crystals that were valuable in the artificial creation of Vitamin E—essential to animal fertility!  
Also in petroleum, Shell scientists have found a key to synthetic rubber — glycerine — fertilizers — plastics — scores of named things. These are by-products of their main assignment: finer Shell gasoline.

LARRY BENE MIGHT DO COWBOYS  
SOME GOOD... COAST LOOP  
MAY BE SORRY IF IT DECIDES  
TO OUST IDAHO AND MONTANA

Short shot:  
We see where the Boise-Polo have released the "veteran" (age 35) Larry Bene, who has been with the Cowboys—at least for a short while. Several years ago he was playing in the Northern League—bouncing around from Grand Forks to Fargo to Duluth to Winnipeg, and every time he bounced he would come up with about three near-shout victories in a row for the club he hooked up with. Of course, after that he couldn't get anybody out for the next three—and so he would bounce again.

Business Manager Carl Anderson of the Cowboys mentions that Bene is a "hot" pitcher. His record last year was 11-11 with a 3.15 p. m.—in 15 starts.

The Spokane Indians, parent club of the Cowboys last year, are doing all right with ex-Cowboys in the Western International League. To date they have had only one game this season, are leading the league by a substantial margin. Leading pitcher in the drive is manager Ray Jacobs—up from Twin Falls also—also Bob Kinnaman, Cowboy from Carson Hayes, 40; and Pete Hughes, 40.

Hughes and Kinnaman combined to score a 10-1 triumph over the Indians in the first game of the pitching six-hit ball and Pete clothing a home run.

The case of Pete Hughes, incidentally, is a tough one to ponder. Pete is up against the finest pitcher around Class B outfielders in the business at Spokane.

In center field is Dwight Adams, noted as one of the greatest fielding experts in the minor leagues today—but a strictly Class B hitter. Adams bats well over the 300 mark—but gets most of his average from bunts, beating out infield hits and singles. In left field is McCormick, the Indiana college athlete, who was with the Seattle Rainiers for quite a spell before coming to the Cowboys. McCormick is a year ago. An AA fielder, McCormick was weak on curve ball pitching but has been improved and appeared to overcome that handicap. Now he is expected to have a batting average in the .300's about on a "pat" when it comes to fielding.

Looks like Jockey Eddie Arcaro won't be in the saddle when Whitway tries to ride it three in a row in the Belmont stakes on June 7. He is under contract to the late, late Whitway who has a couple of horses in there herself, in which case she will want Arcaro to be up on one of them. The switch in horses is to throw some light on whether Whitway has been cured of dithering. The switch in horses is doing it consistently until Arcaro took him over in the Kentucky derby and the Freshness.

You can look for some great stories to come out of Buddy Baer's training camp for the week previous to his fight in Washington with Joe Louis. Harry Mendel, who used to think up a lot of those gags for Tony Galento, has been retained to handle Buddy's bathhouse.

Golf fans are looking forward to the Goodall round robin tournament, because it will feature a match that might have been played in the Union Square clubhouse last year. Lawson Little, Gene Sarason and Ed Oliver will be up to the fight in Washington at the end of the open last year they were tied for the championship, but Oliver was disqualified for starting his final round too soon. Little beat Sarason next day in the play-off. It may be a different story this time.

Clark Strangnessy, who brought riotousness from the bottom to the heights last season, is going to conduct a school for football coaches this summer. That means that the autumn season will see a swing in the T-formation attack all over the country. Strangnessy and George Hahn of the Chicago Bears are the ones who swept the college and professional ranks last year with the Model T.

POISON IVY GUARDS SOLACE  
Pete Plaine, N. Y. City, Prof. William J. Bouvier, of Fordham University had a unique way of insuring unbroken meditation at his farm here. He has planted wide poison ivy patches in the center of which is his easy chair. He is immune to ivy poisoning.

## Seals Take on Sacs; Stars Meet Rainiers

The league-leading Sacramento Senators are host this week to the San Francisco Seals who, eight games behind, are in the first division for the first time in weeks. The Seals, six and a half games ahead of the second-place Seattle Rainiers, are exhibiting the daring and speed of their parent club, the St. Louis Cardinals, under the management of Pepper Martin, and apparently won't be headed. San Francisco has been expected to report for duty shortly.

George Donnelly, Boise, was in camp on business Wednesday. He is a former classmate at Oakland of George Utrah, and renewed acquaintance.

Heavy Losses Force Germans To Seek New Bombing Tactics By J. W. T. MASON United Press War Expert Reich Marshal Goering, as commander-in-chief of the German air force, is now being compelled to consider new tactics in night bombing as it brings down the increasingly heavy casualty toll being inflicted by the royal air force. Whether he will order the cessation of mass attacks during bright moonlight nights cannot be known in advance, but the cessation of some method of moderating the German losses or else admit the British night defense means German night bombing of the air may stop. Last night the Germans stopped mass raids on British cities for the first time since the beginning of the war. It is not clear whether they are scattered their attacks. There can be no doubt they took this action because of the unprecedented losses of bombers during the night raid. A total of 120 planes brought down in the course of the raid, including a number in flames. It is also dangerous to the Germans from the fact that the city of London is now being bombed.

Pattern 9702 may be ordered only in children's sizes 4, 4 1/2, 5 and 5 1/2. ### OIL MEN HEAR OF NEW LUBRICANT

With a turkey dinner featured, 125 dealers, service station operators and workers of the Conoco oil company, as well as other interested local persons, last night attended a banquet at the American Legion hall which marked introduction of a new type motor oil in this territory.

The motor oil, manufactured by Conoco, will be known as "Nth" motor oil and will make entry into the field on June 4. Company officials last night told of the development of the oil during the past seven years, through laboratory tests and also road tests.

Presiding at the meeting was H. J. Siddoway, district superintendent. Speakers included L. R. Kump, Salt Lake City, assistant division manager; G. K. Ludwig, sales engineer, Salt Lake City, and Edward Peer, marketing clerk. The latter also displayed company motion pictures.

The dinner was served by members of the American Legion auxiliary.

### FIELD LABORERS MUCH IN DEMAND

Beet and onion thinners are in demand at the present time for work on both the north and south side tracts. Clyde Williams, manager of the local office of the Idaho state employment service, said this afternoon.

Williams pointed out that at the present time there was a shortage in this type of labor. Individuals or crews desiring work in the field should register at the Jerome or Twin Falls offices of the employment service at once.

"The workers are particularly in demand on the north side right now," Williams said. "They are also in demand in the Twin Falls and Burley districts."

### Recruiting Unit Receives Praise

A. F. Anderson, lieutenant-commander in the United States navy and officer in charge of the Salt Lake City recruiting station, today had inspected the local recruiting office in the postoffice building and back, he termed it "one of the best."

### STUDENT VOTING PICKS BOB JONES

Student body officers for next year were elected by students of Twin Falls high school yesterday. Nominations were made last week and final voting took place after a student assembly yesterday afternoon.

Bob Jones was elected student body president; Lucile Thomas, secretary, and Norman Johnson, treasurer.

Other students who had been nominated for the offices were Ed Chapman, president; Margaret Detweiler, secretary, and Mary Jane Shearer and Dorothy Van Engelen, treasurer.

The two candidates for president made speeches at the assembly yesterday.

Class officers and other student body officers will be elected after school takes up next fall.

Anthony Eden, British foreign minister, took honors in Oriental languages when a student at Oxford.

### Screen Test!

The handsome Masland Argonne Rug in the lobby at the Orpheum theater is the same quality that's passed Hollywood's screen tests for beauty . . . we're testing it to prove its amazing wearing quality.

We're going to leave this rug in the lobby for ten days—subject it to more abuse than it would get in a home in years — thousands of tramping feet — dirt and dust. Then we'll take it up and clean it to show that it is still like new . . .

### And Give It Away...

. . . to the person who estimates most accurately the number of people who will walk across it in the ten days. Place your estimates in the box at the Orpheum, or bring them to Sweet's Furniture Store.

If you want a rug sturdy enough to stand the lobby test . . . beautiful enough to have been selected by Paramount as "Setting of the Stars" in 1941 feature pictures, you'll find it in Sweet's rug department. Oriental and Chinese reproductions, Tone-on-Tone effects, Period and Modern patterns to choose from. Each in a wide range of sizes. Each guaranteed for 3 years.

**SEE "THE LADY EVE"**  
Sunday, Monday and Tuesday . . . Orpheum Theater

Masland Wilton Carpets and Argonne Rugs are used as backgrounds for the charming Paramount stars, Barbara Stanwyck and Henry Fonda in "The Lady Eve". When you see the movie notice the beauty of the settings . . . notice the rug in the lobby, too.
