

Weather Forecast

Partly cloudy with scattered showers and occasional drizzle and Wednesday. Continued moderate temperature. High yesterday 64, low 46. Precipitation .14. Low this morning 46.

F. B. R. SPEAKS

President Roosevelt's vital explanation of American foreign policy comes at 7:30 p. m. MPT today over all networks.

BISMARCK SUNK AS BRITISH GET VENGEANCE IN ATLANTIC

LONDON, May 27 (UP)—British aerial torpedoes and shellfire sank the new German battleship Bismarck in the Atlantic at 11 a. m. (5 a. m. EDT) today.

The royal navy thus exacted vengeance for the Bismarck's sinking 72 hours ago of Britain's pride, the world's largest warship, the 42,100-ton Hood.

His eyes gleaming with excitement, Prime Minister Winston Churchill personally announced the end of the Bismarck.

A British announcement revealed the Bismarck was accompanied by Prince Eugen, a new 10,000 ton cruiser, when the action commenced Saturday. It said measures to finish off the cruiser which had left the company of

the Bismarck before the final action were being taken.

The Bismarck went to her death in the Atlantic as she ran for the protection of the Nazi-held French coast.

German communiques located the scene of the action 400 sea miles west of Brest, some 2,000 miles from Denmark straits between Greenland and Iceland where the encounter started Saturday morning with the sinking of Hood.

An American plane signalled the word that brought British torpedo planes and whips racing in to end the Bismarck's crowded, brief career.

The plane, a Consolidated

four-motored flying boat, sighted the Bismarck about noon yesterday and cracked out an urgent wireless warning, advising the royal navy of her position and that she was racing for the French coast.

Charging across the sea came units of the royal navy, the ancient aircraft carrier Ark Royal, often sunk in Nazi communiques but still in action—apparently well up in front.

Within flying range of the Bismarck, the Ark Royal released a covey of Swordfish torpedo planes, the aerial destroyers which have wrought such great destruction against the Italian fleet in the Mediterranean.

The planes swooped down

Whole British Home Fleet Took Part in Ocean Chase

LONDON, May 27 (UP)—The British admiralty revealed today the 35,000-ton pride of the Nazi navy, Bismarck, was run down and sunk by probably the highest naval force mobilized for a single action since start of the war.

This force included the British home fleet, guardian of the waters around the British Isles which went into action with the new battleship George V, 35,000-tonner, as its flagship. It included the George V's sister ship, Prince of Wales, which fought at the side of the British warship Hood in the initial encounter Saturday morning and suffered slight damage. It included

the western Mediterranean fleet which sped away from Gibraltar at full steam with the 32,000 ton battle cruiser, Renown, at its head. It included the two slow but powerful battleships, 33,850-ton Rodney and 33,150-ton Ramilies, which were cut loose from the valuable convoys they were escorting across the Atlantic and turned into the chase.

It included the new 22,000-ton aircraft carrier Victorious and the ancient aircraft carrier Ark Royal, the bulwark destroyers, Norfolk and Suffolk which first sighted the Bismarck in the snow and sleet of the Denmark straits at six-mile range last Friday night.

These vast forces, aided by many other destroyers, cruisers, and scouting airplanes swept the North Atlantic waters for the Bismarck as the Nazi warship attempted to reach the protective lee of the West-Indies French coast.

British warships held the trail of the Bismarck after she had the Hood all through Saturday night and Sunday morning.

Finally at 10:30 a. m. yesterday after extensive patrols by planes, including those of Canadian forces stationed in Newfoundland, the Bismarck was relocated.

An American two-motored Consolidated-Catalina flying boat spotted (Continued on Page 14, Column 4)

3 BILLIONS ASKED FOR U. S. PLANES

British and Nazis Boost Crete Army

LONDON, May 27 (UP)—Great Britain and Germany both are throwing continuous reinforcements into the battle of Crete, it was stated authoritatively today, and despite the loss of two British cruisers and four destroyers the outcome of the conflict now "hangs in the balance."

Fighting on the Mediterranean island is "most bitter" as a result of German penetration of British-Greek lines west of Canica in a drive toward vital Suda bay, according to British sources, but the Nazi losses so far are much heavier than the British casualties.

German forces massed new and bigger air-borne tanks around their base at Mairani on the western end of the island for the present offensive in an effort to drive to Suda bay and then along the north coast of Crete, it was understood.

AFL HEAD RAPS LABOR STRIKE ON WESTERN COAST

WASHINGTON, May 27 (UP)—President William Green of the American Federation of Labor today denounced and disavowed the strike of 1,700 machinists in San Francisco shipyards and declared it placed the "good name and reputation" of the AFL in jeopardy.

The strike, which has tied up \$500,000,000 worth of defense shipbuilding contracts in the area, was called in violation of the "pledged word" of the International Association of Machinists (IAM), which has jurisdiction over 1,200 of the strikers, Green told the senate committee investigating national defense.

"They pledged their sacred honor and their good name to carry out this agreement," Green exclaimed.

"Can Only Appeal"

The agreement to which Green referred contained "no-strike, no-lockout" provisions and specified that labor disputes be referred to arbitration. Green said it was agreed by every AFL union involved.

Green explained that under the contract and structure of the IAM, he could do no more than appeal to the strikers to return to work. The international union has actual jurisdiction.

Chairman Harry B. Truman, D. Mo., asked whether the AFL could not "do more than appeal to these workers." He asked whether some of them shouldn't be expelled.

"These are extreme steps," Green said.

Extreme Situation

"This is an extreme situation," Truman replied.

"I think we can do more by persuasion, in the long run, than by trying to crack down," Green said.

"We have been persuading for two weeks," Truman declared. "So far we have achieved exactly nothing."

Green added he had repeatedly warned union men of the "growing trend of congress and the public" against "unwarranted strikes" and that the situation might lead to "the passing of anti-union legislation."

Drawing Slated to Number New Men for Draft

WASHINGTON, May 27 (UP)—Selective service officials today planned to dust off the historic World War draft "goldfish bowl" again for a second peace-time national lottery in mid-July to determine order numbers for new 21-year-old registrants to be classified into the new registrants at the bottom of the list of men 21 to 35 who registered last Oct. 16 and whose order numbers were drawn in the first peace time lottery last Oct. 29.

Unless the army requests a big allotment of men under 30 or 25, it was said, the new registrants will not be called up for induction until the President's remarks around the world in seven languages—(German, Italian, French, Spanish, Polish, Japanese and Portuguese).

During the address, Spanish and Portuguese translations will be short-saved to both America. Canada will be cut in directly.

France Renews Pledge to Keep Navy, Colonies

WASHINGTON, May 27 (UP)—President Roosevelt today asked congress for \$3,319,000,000 in new appropriations to provide more planes for the army and navy.

The request, in a letter to Speaker Sam Rayburn, Tex., asked for \$2,790,000,000 for planes for the army and \$529,000,000 for navy planes.

The request reflected an imminent tremendous expansion of aircraft production schedules, but gave no details on the number and type of planes to be produced.

It was understood the army request included an item for several thousand heavy bombers.

BEET PARASITES 'ABOVE AVERAGE'

The 1941 spring generation of beet leafhopper in southern Idaho is above average, it was shown today in the second statement of beet leafhopper conditions for 1941 which was released by J. R. Douglas, associate entomologist, bureau of entomology and plant quarantine.

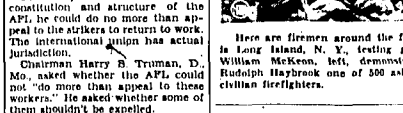

"Cause of the above average generation was given as being the comparatively high population of overwintered leafhoppers and great abundance of favorable host plants on which to reproduce."

Peak May 16 June 6

Unless cool, rainy weather retards development, a peak of the movement into the market area should be reached about June 9, Douglas said in the report.

The report, in full, follows:

"The 1941 spring generation of beet leafhoppers in southern Idaho is above average due to the comparatively high population of overwintered leafhoppers and great abundance of favorable host plants on which to reproduce. These conditions were described in the statement which was issued on May 22. (Continued on Page 2, Column 4)

Here are firemen around the familiar pile of rubble, but the scene is Long Island, N. Y., testing ground, not bomb-ravaged London. William McKean, left, demonstrates to bearded British fireman how to use 300 asbestos suits to be shipped to British civilian firefighters.

Clark Confers With Oil Chiefs in Utah

BOISE, May 27 (UP)—Gov. Chase A. Clark's battle to obtain reduced gasoline prices for Idaho is expected to come to a climax at a meeting with major oil company representatives in Salt Lake City tomorrow.

The meeting came as gasoline prices went up one-half cent in the Boise area and set a new schedule of prices at 22.1 cents per gallon for third structure gasoline, 24.1 cents and 26.1 cents for other grades.

Outcome of the Salt Lake City session will determine whether the Clark will call a special session of the Idaho legislature to enact bills permitting the state to engage in the gasoline business and to establish maximum gasoline prices.

Clark, who is going to the Utah city to address the Salt Lake Chamber of Commerce, met with oil company representatives informally yesterday and it was reported they asked him to delay a call for a special session until after the meeting.

It was indicated Clark would demand at least a six-cent per gallon slash in prices and assurance of no further increases before he would give up his previously announced plan to call legislators together for enactment of price-fixing laws.

The half-cent boost in gas prices was the second in less than two months. The first increase lifted prices one cent per gallon.

While in Salt Lake City, Clark will speak at a luncheon meeting of the Chamber of Commerce and will deliver a radio address over station KSL at 8 p. m. tomorrow.

On his return, the governor will meet with highway commissioners and other groups to discuss a county road building program.

POLICE SPEAKER SEES WAR NEAR

Marshall Chapman, local attorney, this morning told police officers "we are already started down the road of war."

Chapman was speaker at a public portion of the conference, which was held in the Idaho Power company auditorium. The balance of the conference was open only to authorized police officers. I. E. (Bill) Nitschke, FBI agent with headquarters in Twin Falls, presided at the session. He spoke to the officers on technical subjects as did V. J. Garvey, FBI agent at the Butte, Mont. regional office.

"It is our realization that this country is in the midst of the greatest crisis of its history," Chapman said.

(Continued on Page 18, Column 3)

Ballet Set on Spud Marketing

BOISE, Ida., May 27 (UP)—The surplus marketing administration today announced elections will be held in Idaho potato-producing areas next month to determine whether a federal plan regulating sale and shipment of potatoes will be adopted.

"Two-thirds of the growers and at least 50 per cent of the potato shippers must approve the plan to make it operative."

The agreement would prohibit shipment of potatoes until they are regulated by administrative committees to regulate shipments and grades. The agreement would operate in designated Idaho counties and in Washington, Oregon.

A series of meetings to explain the plan will precede the election.

Author Tells of 'Real' Power Behind U. S. Reds

WASHINGTON, May 27 (UP)—Richard Krebs (Jan Vallin), former German Communist author of "Out of the Night," told a Dies subcommittee today that Tommy Ray, whom he identifies as an international spy, is the "real power" in the National Maritime Union (N.M.U.).

Krebs, who wrote the book to expose Communist activities after he had renounced his Red affiliations, told the subcommittee that Joseph Curran is not the real head of the maritime union but "only a marionette for Tommy Ray." He said Ray is also head of the "Communist faction" in the N.M.U.

Senators' clubs were organized in most principal seaports of the United States and functioned as Communist cells, he said. In 1935 the Communists attacked their policy from revolution to "Trojan horse" tactics, disbanded the clubs and ordered the members to penetrate trade unions and "conquer them," Krebs said. They were instructed to join all AFL seaport unions on the west coast with the object of "overthrowing every union leadership that did not follow the party line," he testified.

The Communists failed to win their battle against AFL unions on the west coast, but did succeed in taking over whole unions along the east coast, Krebs said.

Tommy Ray, he added, is now in the West Indies organizing Communist activities.

Krebs said the Communists are organized and instructed to use every means to "obstruct" the loading and shipment of war materials.

House of Commons Goes Wild As Bismarck Sinking Is Told

LONDON, May 27 (UP)—Prime Minister Winston Churchill set a mass meeting with excitement today when he announced that the German dreadnought, Bismarck, had been sunk.

Churchill had completed his statement on the war, telling of the sinking of the Bismarck and promising that the warship soon would be finished off, and the house had passed on to other matters of routine business.

In the midst of these dull proceedings Churchill asked permission to speak for a few minutes on the subject of the Bismarck's sinking.

He stood a moment and then began to read from a slip of paper.

"I don't know whether I might

SOLON PROTEST PLANNED SPEECH

WASHINGTON, May 27 (UP)—A group of seven congressional isolationists, headed by Sen. Burton K. Wheeler, D. Mont., and appointed by a mass meeting of senate and house interventionists last night, today drafted and sent a letter to President Roosevelt in an effort to present the views of opponents of administration foreign policy before the President's speech occurs tonight.

"We call attention," they said, "to the great hazard of bringing about a war, and the difficulty of conducting that war successfully, when public sentiment is as sharply divided."

They maintained that "over 80 per cent of the people" oppose any course that leads into the European war.

POT SHOTS

WITH
The Gentleman in the Third Row

Honesty—This, Brethren, Is It!

If the following notation is any recommendation to actual practice and circumstances, it is not unintentional and is certainly not coincidental.

From which you will probably deduce that the following actually happened. And it proves that honest men still live in these times. Two elderly fishermen climbed into a boat and hied forth to do some angling Saturday. Their life licenses were in order (they're both over 70 years of age) but they were waiting just a little before the season opened at 12:01 p. m. Sunday.

Feeling as fickle as the sea, our two elderly heroes proceeded to meet the district game warden. He pointed out a few matters relative to this and that, with a slight reference to statutes.

Came Monday morning. Into court marched the elderly fishermen, properly repentant and anxious to do the right thing.

They brought in their prized bamboo fishing poles and surrendered these to the astonished judge.

Evidently feeling the matter was his fault, one of the pair insisted on paying \$25 fine and \$3 costs.

This astonished the judge even more.

All this occurred before any complaint was even filed!

WORLD RECORD; IF NOT, IT

Pot shots would award the platinum-gilded snood, if he had a platinum-gilded snood and if there are any platinum-gilded snoods, to the lady married in these parts recently, and who had no one minister for the ceremony. . . .

INTRUDER

Third Man: I am positive now that spring is here to stay, along with spring fever. I walked into a downtown Twin Falls store, and the clerk looked at me languidly as if he was wondering who the hell let a customer in.

THIS FILLS SPACE BUT IT'S NOT VERY IMPORTANT!

Pot: musical friend of mine tells me that hemlockbenjamin is a 64th note in the musical scale. . . .

Questionnaire, Slightly Odd

Because an aunt-to-be wanted to know what to expect, I prepared a questionnaire. But it cut out in pieces—so-to-be. Pot: Should offers to an education of you constituents today the oddest questionnaire I encountered in many an encounter.

We won't say where we got hold of the questionnaire, but it cut out in pieces—so-to-be. Pot: Should offers to an education of you constituents today the oddest questionnaire I encountered in many an encounter.

Swords Into—Bombs

The ancient vision of a people beating their swords into plowshares was given just a flicker of new life the other day by news that in Britain 10,000 swords, no longer of military value, are to be melted up. Not into plowshares, however, but into newer and deadlier forms of munitions.

The sword no longer kills with efficiency. Therefore, the luxury of sporting them, and the fine steel they contain, is no longer to be indulged in. The swords, many of World War vintage, are to be called in and melted down for airplane motors or whatever a modern age of modern war decides is most deadly. The world looks wistfully ahead to a day when the peoples shall convert their tanks into tractors, and their bombers into transport planes.

We Grow

It seems—nay, it was—only yesterday that the 1940 census was being taken. Yet the United States already has 1,200,000 more people than it had then.

That's the estimate of the census bureau, based on immigration and excess of births over deaths. We now number 138,000,000 people, according to this, the best guess.

Somehow that doesn't fit into the picture that has been drawn of a static people which has stopped growing, expanding, progressing. It always was a cock-eyed picture.

Maybe a hill is just a mountain that lacked ambition.

One of the best but hardest things to remember is to forget your troubles.

SERIAL STORY
THREE TO MAKE READY
BY W. H. PEARS

YESTERDAY: When Paula, via his wife in the hospital, was told that his wife was in the hospital, he was told that his wife was in the hospital. . . .

CHRIS IS ARRESTED

CHAPTER XI
WHEN Paula went to breakfast next morning she knew that the news of Tony's injury had broken into print. A group of Gamma Tau girls, in various colorful stages of morning attire, fluttered about the table newspaper like butterflies around a blossom—a blossom of sensationism created by the news of Tony's injury.

Paula viewed the headline with dismay: **CARDMAN TORN BY BITTER FEUD.**

Rapidly Paula scanned the story, written under Bill Jenks' by-line. His description of the accident was accurate. She had even learned about the blue scarf, but gave only the initials.

Then, keeping well within the lines of propriety, she learned that Van Horn was at fault; that an impartial man in the president's chair would soon settle the matter.

Paula threw down the paper in disgust and fled from the house to escape an avalanche of queries from the other girls.

RESTLESS, lonely, Paula turned

toward the Swedish. She had no appetite, but a cup of coffee, she felt, would be accurate. She had taken place between the League and the fraternity boys, for a few times it was someone calling for a meeting.

At midnight she went to bed, dreading to hope all would be quiet on the campus. . . .

HISTORY Of Twin Falls City & County

As Gleaned from Files of The Times

15 YEARS AGO

MAY 27, 1926
Members of the 1926 graduating class of the Twin Falls high school who rated highest during their high school careers were: Griffith, following name according to rank: Jerome June Kirwanek, Evelyn Bolander, Dahl R. Rootwell, Nellie Agnes O'Leary, Edith Butler, Dorothy Mae Barger, Mary Isabelle Clark, Gladys Jean Griffith, Betty Virginia Hart, Betty Jean Wilson, Margaret Hill, John Clinton Evans, Lovell Hill Perry, Beth Brown, Edna Marie Johnson, Lenore Johnson, Wilma Meier, Patricia Wilson.

27 YEARS AGO

MAY 27, 1914
J. N. Jensen and family and Franklin Brown and wife spent the week-end at Grady and Creek fishing. Here is the story they tell. One of the party had a seven hook fish on a night fish. The seventh fish was a small one, and was swallowed by the big eighth one, which was also caught on the same hook. . . .

Memorial Rites Planned at Filer

FILER, May 27, (Special)—Prater American Legion post will be in charge of memorial services for the late Mrs. J. H. Filer, who died Friday at 11 a. m. at the Odd Fellows cemetery. . . .

HAZELTON

Mrs. Dora Lindley returned Tuesday from a visit of several months in north Idaho, California and Utah, and finally with her daughter in her new home here. . . .

EDSON IN WASHINGTON
BY PETER EDSON
Evening Times Washington Correspondent

WASHINGTON, May 27—In eight years, the civilian conservation corps, more familiarly known as CCC, has cost about \$2.8 billion. It seems like a lot of money. And as the house appropriations committee prepares to make its recommendations for the next fiscal year, there are again heard cries that something should be done to it.

President Roosevelt has indicated the outfit might be integrated a little more closely with the defense effort, but what he has proposed is to even the CCC heads themselves profess to know.

Secretary of Treasury Morgenthau has indicated this is one of the agencies where cuts might be made to help save that billion. . . .

CCC NOW LOOKS FOR THE BOYS

But for this time and cry, CCC goes about its business as usual, has sized up its situation quite well and found it is some cutting of its own. For this year, CCC has had \$280 million, permitting it to operate 1,481 camps for a peak of 40,000 boys. . . .

ROOSEVELT TO OUTLINE FOREIGN PLANS IN TALK TONIGHT

NATIONAL POLICY WILL BE STATED, SAYS SECRETARY

By LYLE C. WILSON
WASHINGTON, May 27 (AP)—White House Secretary Stephen Early indicated today President Roosevelt will outline American foreign policy in detail in his first radio talk tonight. The speech will be extended 15 minutes longer than previously anticipated to 45 minutes.

"On the speech," Early said, "I think you can say that by Wednesday morning there will no longer be any doubt as to what the national policy of this government is."

Early asked radio networks, which previously had granted the President 30 minutes for tonight's address, to give him an additional 15 minutes. He explained that the speech was being completed, the President found that he could not compress what he wants to say into half an hour.

Expert Help
The President cancelled all engagements today, including his press conference, to concentrate on preparation of the address.

Early's disclosures came as congressional isolationists challenged administration foreign policy with a plan for a national "peace or war referendum." They also addressed a go-slow appeal to Mr. Roosevelt.

Mr. Roosevelt was assisted in preparing his speech by Harry L. Hopkins, Judge Samuel J. Rosenman of the New York state supreme court, and playwright Robert E. Sherwood.

On present indications the address will not be completed before 4 p. m. MST. Mr. Roosevelt goes on the air at 7:30 p. m. MST.

Heavy Mail
Early said one factor in preparation of the address had been Mr. Roosevelt's effort to study the great number of letters and telegrams pouring into the White House. Early said that there were from 12,000 to 14,000 letters and telegrams, most of them suggesting policy for tonight's speech and reflecting the cross-section of American opinion.

Early said that "naturally" these letters and telegrams varied over the extreme range from full support of the President's policies, to rabid opposition. He said, however, that it was impossible to estimate the ratio of support to opposition.

Dick Irwin Wins At Ticket Sales

Dick Irwin, troop 66, today was named winner in a contest to sell tickets to the Boy Scout dinner which will be presented at Lincoln field tomorrow at 8 p. m., weather permitting.

As a result of his selling more tickets than any other Scout he will receive a sleeping bag, or its equivalent.

Second place in the contest went to Gerald Painter, troop 66. He will receive a Boy Scout dinner. Dwaine Harder, troop 66, will receive a toilet kit for third place. Vernon Davidson, troop 64, a large hunting knife for fourth place, and Virgil Patchell, troop 6, a Scout flashlight for fifth place.

Tickets for the event will also be offered at the gate preceding the show.

Damage Minor in Motor Accidents

Two automobile mishaps, both of a minor nature, were reported to local police last night, records at the station show.

Cars operated by George W. Clapper, Jr. and John C. Prater crashed at the intersection of Eighth avenue east and Second street. Prater was driving a truck owned by the Troy Laundry company.

Records also show that when Roy E. Moon, Twin Falls, stopped for a stop sign at Sixth avenue east and Third street east, a car operated by Oliver W. Johnson, Jr., 14, Murtaugh, crashed into the rear of his machine.

England's Navy Shows It Is Still Boss of Atlantic Ocean

By United Press
The British navy showed today it is still boss of the Atlantic.

The loss of the Bismarck is a severe blow to the inferior German fleet, far out of proportion to Britain's loss of the Hood.

What the engagement between the British and German forces demonstrated is that surface sea power has not been made "obsolete" by development of air power, but that the two are now interlocked as essential partners. Neither alone can win.

It was gunfire from the Bismarck that sank the Hood. It was the fire of British warships that eventually sent the Bismarck to the bottom. But planes played an important preliminary part. First they spotted the fleeing Bismarck, making for Brest, to the east of the British fleet. Then, apparently, aerial torpedoes struck the crippled bismarck which made the Bismarck easy prey for the steel battleheads of the surface.

Important Role
German aviation has played a similarly important part in the battle of the eastern Mediterranean, but the result there has not been conclusive. Airlifts of the British fleet there may be considered destroyed should be taken with reserve.

It is worth noting that despite the German claim, there is no evidence the Nazis have been able to land troops or supplies on Crete by sea. The British admit only loss of two cruisers and four destroyers, with minor damage to two battleships and several other cruisers, some of which are already back in service.

The loss of two cruisers is not a staggering blow to the British navy, which has about 70 of them. Previously in the war, the British have conceded the loss of only six cruisers.

There will have to be further developments in the Mediterranean before it can be suggested that British naval power has been broken there.

Air Superiority
Germany has attained overwhelming air superiority, and has used it effectively, but is outmatched on the surface. The Italian fleet and air arm combined have proved no match for the British. If the Germans could get the French fleet, the combination of the French and Italian fleets and the Italian and German air arms might turn the balance, but they have said again and again that the fleet will never be turned against the British.

Letting out of the British fleet should be able to take care of the surface in the Mediterranean. Their change in the air. If the British air force eventually can overcome the British fleet there, then estimates of air versus sea power must be revised.

As far as the Atlantic is concerned, Germany is hopelessly outmanned. Britain in all has at least 18 capital ships. She has at least eight aircraft carriers, and the 70 cruisers.

Germany has three capital ships and two pocket battleships, two aircraft carriers and not more than seven cruisers.

AROUND the WORLD

By United Press
BERLIN—Germany today reported Nazi air forces "attacking" the British naval unit which sank the German dreadnaught Bismarck.

ROME—Mahafoff Vaal Lael, young Greek who fired on King Victor Emmanuel and the Albanian king, was executed at dawn today in the Tirana prison court yard, it was announced officially.

BERLIN—German submarines operating off west Africa have sunk 14 heavily laden merchant ships totaling 71,600 tons, the German high command said today.

FOR ORD, Calif.—The U. S. army's seventh division, operating for the first time as a complete combat team, today opened a three-day maneuver with a dawn attack on a mythical enemy approaching from the south.

LONDON—The British destroyer Kelly, lost during the battle of Crete, was commanded by Lord Louis Mountbatten, cousin of King George VI, an admiralty communiqué disclosed today.

LANING, Kan.—Five long term convicts, as charged as dangerous, escaped from the Kansas state penitentiary today by using a tunnel they had dug in the prison coal mine. After reaching the surface they fled in the 1937 model coach of a prison mine officer.

LONDON—The British government has decided not to apply censorship to Hitler at present, it was learned reliably today.

TOKYO—The Japan Times and Advertiser, one of the fewest offices, said today the 180th meridian, lying between Hawaii and Wake Island, was an "imperious and unassailable" barrier between the Japanese and United States navies. "Either navy that should venture beyond this line," it said, "would undermine the balance of the naval power over the Pacific," it said.

NAMPAN NAMED CHEMURGY HEAD

NAMPA, Ida., May 27 (AP)—Organization of the Idaho Chemurgic council to coordinate efforts of manufacturing use of the state agricultural products was complete today.

Windsor J. Lloyd, Nampa, was elected president of the council at the first meeting held yesterday. Other officers were R. E. Gale, Boise, secretary and John A. Churchill, Boise, vice-president.

Arnold P. Yerkes, Chicago, representative of the National Farm Chemurgic council, led off the group. American importation of many products could be eliminated by chemical treatment of farm products to convert them to new uses.

He said there was a need for chemurgy to make up for the present shortage of drying oils needed for national defense.

"We don't need imported starches and oils," Yerkes declared. "Chemurgic can now take agricultural oils and put them back together again to make any grade of either product to meet the most exacting demands of industry."

Idaho to Furnish 197 in 12th Call

SAN FRANCISCO, May 27 (AP)—The 12th draft call will take 2,458 selective service trainees from western states into the army June 23, the 12th army corps area headquarters announced today.

California will supply 1,054 of the men, Washington 282, Idaho 197, Montana 185, Oregon 177, Utah 171 and Nevada 42.

The 12th call brings to 31,408 the number of men drawn in the 12th corps area. California has furnished 25,534 of these, Washington 5,581, Oregon 210, Montana 2,544, Idaho 2,183, Utah 1,987 and Nevada 632.

SHELL DEALERS IN CIVIC MOVE
Local oil men will do their part to impress visitors

With Western travel authorities predicting 195% more automobile tourists in the West this year, local Shell dealers today urged preparations for the record-burging thousands who will pass through Twin Falls.

"We are sure every Twin Falls business house will freshen up the 'welcome mat' show out signs that we are glad to have them stop and shop," they said.

"While we oil dealers make a practice of keeping our restrooms 'home-clean' for regular customers, we are taking extra pains with this convention during the rush season. In this way we intend to do our part toward making a good impression on visitors."

Shell Service Station Dealers maintaining restroom facilities that measure up to specifications are awarded the Good Housekeeping Magazine "White Cross of Cleanliness."

Local Shell Dealers who have the "White Cross" and an "oil" have pledged themselves to uphold civic pride are:

NAVAL RESERVES ENLISTING OPENS

Under the newly announced policy of the navy department, all navy recruiting stations are accepting applications for enlistment in the naval reserve at all ratings corresponding to those of the regular navy. C. A. Edmonson, officer in charge of the local recruiting station at the postoffice building.

Edmonson pointed out that this offer should appeal to any civilian who may be considering a military service shortly as it offers the opportunity to enlist in the rating for which the applicant is already qualified and in which he could expect most rapid advancement.

Trade Opportunity
"To those who have not yet learned a trade, it offers the opportunity to learn the trade of their choice, provided, of course, they possess the fundamental qualifications for such assignment," Edmonson said.

For the patriotic individual who desires to serve his country during a national emergency, but who does not desire to make a career of service, the naval reserve is an excellent solution as the navy department has stated that men enlisting in the reserve will be retained in active duty during the period of the emergency but will be released to inactive duty as soon as the emergency is over, Edmonson pointed out.

The requirements for enlistment in the naval reserve are as follows:

- 1—Be a male citizen between their 17th and 50th birthdays.
- 2—Be of good character.
- 3—Possess the moral, educational and physical requirements specified for enlistment in the regular navy.
- 4—Requests for waiver of physical defects may be submitted if defects are not insistent with type of duty to be performed by applicant.
- 5—Must have no dependents or be able to support those he has on the pay of the rate for which he is enlisted.

In addition to monthly pay there is, of course, food and lodging, medical and dental care, and an original outfit of uniforms.

Men accepted at the local recruiting station will be furnished government transportation to Salt Lake City for final enlistment and, if not immediately ordered to duty, will be furnished transportation to their homes to await orders. Men must be prepared for immediate active duty.

NAMES in the NEWS

By United Press
Playwright Orson Welles has won deferment under the selective service program because of bronchial asthma. Hollywood Board Chairman Max Valtin announces Welles has been placed in class 1-B.

Dr. E. N. van Kleffens, the foreign minister of the exiled Netherlands government, returned today from a tour of the south Pacific. He said the spirit of native residents and Dutch colonists in The Netherlands Indies was "excellent."

Will Rogers Jr., 25-year-old son of the late comedian and columnist, is honeymooning today in New Mexico with his bride, the former Collier Connelley. They were married yesterday at Las Vegas, Nev.

No one knows what kind of role Rudolf Hess is going to hold in history, but if Warner Brothers are still making pictures they'll be able to duplicate his voice. Several hundred feet of sound track containing the

voice of the No. 3 Nazi is en route to Hollywood.

An 84-year-old man who once owned the largest ranch in Nevada died last night. He was John G. Taylor, whose great holdings covered 810,000 acres.

Shirley Temple has a new job. David G. Seimick has announced in Hollywood that Miss Temple will serve as treasurer of a national appeal to children for donations to the Chinese war relief fund. She is to join Claudette Colbert, Tyrone Power and others in a broadcast to help asking for funds.

Actress Marjorie Woodworth today explained the barrage of tomatoes hurled at her when she attended a Harvard Lampon

88 GRADUATE AT RUPERT PROGRAM

RUPERT, May 27 (Special)—Certificates of graduation were presented to 88 senior students of the Rupert high school at the L.D.B. stake tabernacle Friday morning, May 23.

Commencement program began at 10 a. m. with a procession, "March from Atlanta," played by Donna Jean Schoenhals as the rest of the class, in white and blue caps and gowns, entered the rear of the auditorium and in formal procession advanced to reserved seats at the front.

A vocal solo, "In My Garden," Firestone, was sung by Bette Lee French.

H. M. Carter, superintendent of city schools, invited Dr. C. W. Chenoweth, professor of philosophy at the University of Idaho, Moscow, who delivered the commencement address on "The Two-fold Task of the Graduate."

This was followed by a vocal solo, "Without a Song," Youman, by Paul Kohler, Ray D. Armstrong, principal of the high school, then presented the class by John C. Gorman, chairman of the board of Independent school district number one, who awarded diplomas to the following:

George Abo, Albert Baker, Robert LeBreton Balch, Gayle J. T. Barnes, Earl LeRoy Ballard, John B. Bateman, Willard J. Betz, Earl Blacker, Alice Blainey, Bernice Bowditch, Edwin M. Bowden, Wanda Bowditch, Claudia Broadhead, Margaret Jane Burnside, Charles E. Burt, Campbell, Lloyd H. Cannon, William Carpenter, Jean Wilma Carson.

Verl Chamberlain, Alta Fern Clay, Dorothy Elaine Coffman, Nellie Mae Culley, George C. DeWald, William A. Doan, Robert A. Dockter, Roy Fido, Jr., James T. Fink, Bette Lee French, Lola C. Garner, Selma Julia Garner, Norma F. Garner, Weldon Samuel Graham, Eric L. Guckenburg, Velma Haskell, Thelma T. Hayward.

Betty Jane Hennefer, Robert Neil Irving, Mary Jane Isenbaur, Marjorie E. Jamison, Edward L. Johnson, Helen Jolly, George G. Knight, Kathryn Kohler, Paul George Kohler, Clark E. Kivanc, Ethel Rhodora Kivanc, Ray Lindauer, Elro C. Lindvall, Nancy Liewelby, Phyllis C. Mather, Wayne M. May, Keith G. Noble.

Richard Arthur Noble, Julia Lorenz Pearson, Alice Dorothy Praeger, Juanita C. Poindexter, Blanche Rainey, Betty L. Ralls, Helen G. Rausch, Elsie Louise Rice, James J. Roberts, Norma F. Rogers, Joseph E. Ryan, Dorothy Leola Saylor, Ruby Rae Schenck, Donna Jean Schoenhals, Beth L. Schofield, Keith Bailey Schofield, Vera Schofield, Burrell Owen Seaman, Eldon J. Smith, Frank W. Snyder, Ray D. Armstrong, Henry John Stark, Violet Steneck, Vera Anna Stone, Louis M. Storey, Doni Warrington Taylor, Jr., Winnie Lena Thieszen, John G. Throckmorton, Mae Anne Toeves, Glen H. Tolman, John K. Tracy, Maxina L. Tyler, W. Frank Walker, Ruth Anne Ward, Minnie Warwood, Walter Willford.

Honors Awarded

Torch Honor society awards were presented by the society president, Zoanena Rentro, to George Abo, Robert Balch, Alice Blainey, Wanda Bowditch, Margaret Burnside, Robert Dockter, George DeWald, Bette Lee French, Bernice Guckenburg, Mary Jane Isenbaur, Edward L. Pezoldt, Donna Jean Schoenhals, Violet Steneck, Mae Anna Toeves and Ruth Anne Ward.

Special student council awards were presented by the 1941-42 student body president, James Brockie, to William Carpenter for having served as drum major of the high school band for four years; to George Abo, Earl LeRoy Ballard, Earl Blacker, Bette Lee French, Bernice L. Guckenburg, Paul George Kohler, Edward L. Pezoldt and Henry John Stark for special work

Marian Martin Pattern

"AG" STUDENTS TRAVEL

UNIVERSITY OF IDAHO, May 27 (Special)—Two of the 10 agricultural husbandry students making a three-day trip through Washington to judge livestock were Doran Butler, Bliss, and Shelby Williams, Buhl.

BURLEY SENIORS PLAN GRADUATION

BURLEY, May 27 (Special)—"Pages of History" will be the commencement theme on Wednesday evening at 8 o'clock when 141 seniors, clad in the traditional caps and gowns, will receive the graduation diplomas from Burley high school.

Morris E. Swanson, senior class president, will have charge of the program which will include the procession by the high school band, followed by the invocation by Ellisor Lavon Winward. Maxine Weiden has been selected to give the salutatory address, and Edna Dorothy Brown, class secretary, will present the senior class memorial.

Maxine Weiden and James Roper will sing "O That We Two Were Maying," and the three commencement addresses will be given as follows: "Conservation, the Life Blood of America," James Roper; "Democratic Reflections," Perry Eichenlaub; "Can Peace Bring World Security?" Helen Beverly Luke.

M. W. McLaughlin, principal; George E. Dennan, superintendent; C. W. Ross, board chairman, and Mary Louise Barclay, class advisor, will give the diploma presentation ceremony.

Sylvia Jean Gochour will play a piano solo, "Scotlands." Scioletto; Henry Wayne Van Engelen, valedictorian, will speak on "Our American Heritage" and Nona Patricia Walker will give the benediction. The high school band will play the recessional

Former Norwegian Freighter Is Used to Sink Zamzam Ship

BIARRITZ, France, May 27 (AP)—American survivors of the Egyptian freighter Zamzam said today the German raider which sank their ship in the south Atlantic April 17 was the former Norwegian freighter Tamesis, 7,296 tons, and that the merchant ship to which the Germans transferred them was the North German Lloyd liner Dresden, 8,597 tons.

The 330 passengers and crew members of the Zamzam were kept aboard the Dresden 22 days—the 22 men cramped into one 51-foot square room, sleeping shoulder to shoulder, and the 73 women and 35 children divided among the Dresden's 35 available cabins.

They complained to the German captain about food and the sanitary facilities, especially for the men, were bad, but the Germans on the whole treated them courteously, they said.

The Tamesis, registered out of Tomberg, Norway, came upon them at dawn April 17, eight days after they had left Recife, Brazil, and four days before they were due at Capetown, Africa, and opened fire without warning, according to Charles J. V. Murphy, and editor of Fortune magazine and former liaison officer for the Byrd Antarctic expedition, who acted as spokesman for the American here.

Nine shells struck the ship during a 10-minute bombardment. Two Americans, Francis Vicovari, New York, and Ned Laughlin, New York, and Ned Laughlin, New York, were seriously wounded and were kept aboard the raider. The others had narrow escapes. Some of them, including Mrs. Lillian Davidson of Vilas, Kan., and her six children, were thrown into the water and had to keep afloat almost half an hour before the raider picked them up.

Hazelton Faculty Plans Vacations

HAZELTON, May 27 (Special)—Most of the members of the faculty of the local grade and rural high schools who are not remaining in Hazelton for the summer, have returned to their homes. Harold Mesland has gone to his home in Minot, S. D.; Mr. and Mrs. George Nelson and Miss Iris Swartz to north Idaho, and Miss Eva Nice to her home in North Powder, Ore. Supt. and Mrs. W. W. Stokesberry will soon leave

for their ranch near Payette to spend the summer.

Prin. Ernest Albertson and family will remain in Hazelton most of the summer, as will Mr. and Mrs. Boyd Earl. Mrs. Louis Dupain will be in Hazelton until the opening of the McCluskey health camp, where she will be employed. Miss Florence Heckl has gone to her home at Rogerson and Miss Coleman to her home at Burley.

With the exception of Miss Nice, who has contracted to teach elsewhere, all teachers are returning to the Hazelton schools next fall.

Gibson's

WE CALL IT THE FINLEY SIP!

EVERY time Finley saw one of us gulp his whiskey, he'd lecture us: "You can't taste what you're drinking. If you'd sip your whiskey, you'd enjoy the flavor!"

One day he handed us some Gibson's Straight Bourbon. "Here's a bourbon too good to gulp," he said. He insisted that we sip it! Well, sir, Gibson's Bourbon sold us on "The Finley Sip."

Try sipping Gibson's Straight Bourbon tonight. You'll see why it's "Great from the First Sip!"

PT. No. 138 QT. No. 137

Gibson's Straight Bourbon Whiskey—40 proof. This whiskey is 4 YEARS OLD. The Gibson Distilling Co., New York, N. Y.

WINNING HOMERS GIVE CARDS 7TH WIN

Tigers Rally To Turn Back Cleveland, 5-3

By GEORGE KIRKSEY
NEW YORK, May 27 (U.P.)—The St. Louis Cardinals are showing the stuff of which champions are made these days. They gave tough breaks but kept right on going. They never know when they're licked.

Victory No. 7 in the Cardinals' current winning streak showed how tough the St. Louis boys are to lick. They had the Cubs beaten, 9-0, but blew the lead and went into the last of the ninth, leading 10-9. They tied the count and sent the game into extra innings. Then Bill Nicholson homered for the Cubs in the 11th but the Cards still refused to quit.

Cubs Take Lead
Jimmy Brown hit a homer to tie the score in the 10th and then Don Padgett blasted another round-tripper which won the game, 12-11. Most clubs, after blowing a nine-run lead, would have gone to pieces and never had enough drive left to stage a winning surge.

In the last eight days the Cardinals have lost two regulars—Second Baseman Creepy Greep with a fractured finger Sunday and Catcher Morton Cooper with a dislocated shoulder a week before. Despite those breaks the Cards have run off seven victories in their last eight games.

The American league leading Indians weren't as lucky as the Cards. They folded in the ninth and lost to the Tigers, 5-3. Trailing by one run in the ninth, Detroit staged a nine-run rally. Buck Newsum, who though relieved for a pinch-hitter in the ninth, was credited with his third victory. The loss trimmed the Indians' lead to four games over the idle White Sox.

Phillies Make Gift
The Phillies made the Dodgers a gift of a 6-4 victory. With the bases loaded and two out in the fifth, Joe Mauer made a two-base error for Joe Medwick's easy fly and three Brooklyn runs scored. In addition the cost themselves two runs by sloppy base running.

Cincinnati climbed to within a half game of the first division by defeating the Pittsburgh Pirates, 7-3, in a night game played before 20,567 at Crosley field. Homers by Harry Craft, with one on the four-run fifth, and Ernie Koop with one on, paced the Reds' 13-hit attack. Bucky Walters gave up 10 hits on the victory No. 8.

SETTLED
A sponge is an animal. Ancient scientists disagreed for many years as to whether it was a member of the animal or vegetable kingdom, but in 1823 it was correctly classified as a low-type animal.

Boating Club Slates Program for June 15

A full day's water program, featuring racing events for all classes of boats, has slated today for Sunday, June 16. The day will be sponsored by the Southern Idaho Boating Club and will get underway at 10 a. m. according to Amil Annis, club secretary, in charge of the program.

The program will be staged at Dugan's landing, one-quarter mile east of the Crowley bridge on the Snake river, where extensive picnic grounds, lots of open water and a big parking area make an ideal spot for the outing, according to Annis.

Trophies will be awarded to winners in all classes of the boat races. Special prizes will include a special fishing trip for winners.

Present plans call for the program to get under way at 10 a. m. and will last in the afternoon. The boat of Dugan's landing was built by the boat club and is the property of that organization.

Proceeds of the special day will be used by the club to place docks at other strategic spots on the Snake river, Annis asserts—the No. 1 feature of the organization's program.

The Southern Idaho Boating club is composed of boat lovers from throughout this section of the state and Howard Reed, Jerome, is president.

SPORTS by Hal Wood

ILL LUCK RIDES WITH COWBOYS
... BUT THEY STILL NEED A SLUGGING OUTFIELDER ...
PACHECO'S FINGER BROKEN

Troubles fall in batches—and we don't win in three.

If you don't believe that little statement you can contact members of the Twin Falls Cowboys baseball club. Or if you are disinclined to believe the local boys, you might go as far away as Seattle and ask the Rainiers how things are.

Up in the Puget sound country, the Rainiers are one and one-half games out of first place, despite the fact they are in second, and they blame their troubles mostly on the Goddess of Luck, who has apparently completely deserted them, allowing such stars as Edo Vanni, Dick Barrett, Les Scarsella, Jo-Jo White and many another to be sent to the hospital.

Here at Twin Falls it's just about the same situation—and if you think this rainy spell isn't enough, the arrival to the Cowboys—then you have another thing coming.

The Cowboys are just about in the same position as the Rainiers. The history of the Pioneer league, first and foremost, has been a losing one. Manager Andy Harrington is confined to his home with a badly injured back, and the team is out of the lineup entirely.

Next important is Eddie George, his replacement at second base, Eddie was socking the ball at a 365 clip when sent to the hospital with a badly injured leg—and he is out indefinitely as a result.

Now comes Frankie Pacheco, the popular young shortstop who has been playing his position for the past week with a hand so sore that he could hardly grip a bat. Yesterday he was taken to the hospital with a broken digit. So the chances are Frankie may join the rest on the hospital list.

Add to those three the case of Art Carpenter, the hurler who was counted on to be a big help to the Twin Falls club this season. Art's arm has failed to round into condition and he is on the suspended list—possibly with the chance of drawing a release unless it shows improvement.

Yes, it's a tough old world! Just when the Cowboys are all lined up with about the nicest infield in the Pioneer league—barring John—they haven't got a prayer.

It appears, with all that luck, it is a matter of time before the Twin Falls team is going to need some additional help to get into the race. And the help that is needed most is a right-handed slugger for the outfield who can bat in the No. 4 spot in the batting line-up.

It wouldn't be necessary for the player to have a powerful throwing arm.

Send May, Marale and Eitzen. Winning pitcher—Hammama. Losing pitcher—Harris.

CONN KAYOES BUDDY KNOX AT PITTSBURGH
PITTSBURGH, May 27 (U.P.)—Billy Conn, the steel-town "Killer," awakened today convinced he can knock out Joe Louis.

This conviction unquestionably will have an important bearing upon their \$500,000 title match at New York's Polo Grounds, June 16.

Billy, a notoriously weak puncher in the past, was sold on his own dynamite last night when he floored Buddy Knox three and a half times before a crowd that established new Pittsburgh records for fight attendance, and gate—\$1,042, cash customers and a \$68,154 gross.

Knox was in such helpless condition after his battering in the sixth and seventh rounds that he was unable to answer the bell for the eighth—sliving Conn a technical knockout victory in the eighth.

SACS TAKE ON SEALS SEEKING 9TH SERIES WIN
By United Press
The Sacramento Solons, with eight straight series wins on the rocks, open at San Francisco tonight seeking to fatten their 9½ game lead in the Pacific Coast league.

The Sacs were fresh from a 6-1 series victory over Los Angeles, San Francisco edged out San Diego last week, 4-3, and is in fourth place, Seattle, holding down second place, receives Hollywood at Seattle. The Rainiers lost to Oakland last week 4-3, while Hollywood won its Portland series by the same margin.

San Diego, the third-place team, goes to Los Angeles for a series and Oakland plays Portland.

Oakland went out of the league last night to take a 2-1 beating at the hands of Yakima of the Western International league.

Bees Climb to Third by Downing Cards
By United Press
The Salt Lake Bees edged their way up to third place in the Pioneer league by drubbing Pocatello, 8 to 2, last night in the only game not washed out by thunderstorms.

The shipping Cardinals made four errors, and Pitcher Yarewick yielded nine hits.

Boise at Idaho Falls and Ogden at Twin Falls were rained out.

The Salt Lake victory left Ogden in first place, Boise in second, and sent the Cardinals into fourth.

The Bees got away to an early start, sending three runs across as Outfielder Smith belted a home run with two aboard in the second.

Salt Lake scored again in the fourth and again in the ninth.

Box score:

new PACKARD CLIPPER

For the straight-line Packard Clipper four-door sedan shown above. From bumper to bumper the Clipper is new—in styling, smartness and comfort-creating dimensions. Compared to any other car, it has the widest rear doors... widest front seat... widest windshield—but overall width is no greater than that of conventional cars!

LOWER! Not more than sleek new styling—a safer car! Lower center of gravity—increased road clearance!

WIDER! The Clipper has full headroom in the rear. And gives a "front seat ride" to rear seat riders.

SMARTER! With "fade-away" fenders—colorful new interiors—it's the smartest car that ever stopped passers-by.

National Open Tourney List Is Completed

By HENRY SUPPER
 NEW YORK, May 27 (AP)—The field for the National Open golf championship is complete today with only a few "name" golfers missing from the group of 172 which plays June 7-11 at the Colonial club, Fort Worth, Tex.

No former champions were among the casualties of yesterday's 32-hole qualifying rounds that saw a thousand-odd hopefuls battle in 27 sections for 132 places in the tournament proper.

Golfers at opposite ends of the country shot the best scores. Out in the San Francisco district, Harold Sampson carved himself a par 130 on the Claremont Country club course to turn in the day's best score. He and the next best man in that area—Dewey Longworth with 110—withdrew, however, and the place went to Larry Brazil who shot 114.

Second Best
 Cliff Spencer, professional at the east Potomac park public links course, shot a 137, three under par, over the Columbia country club course in Washington to be the day's second best golfer.

Among the top notchers who earned places were four amateur champions—Dick Chapman, reigning champion; Bud Ward, 1933 winner; Willie Curtis, 1938; and George von Elm, 1938 winner. Paul Runyan, 1934 and 1938 P. G. A. champion and winner of this year's Goodall tournament, got under the wire with a 145 that put him fourth in the New York district.

Driver Takes Gymnasium Workout

Chester Miller of Detroit takes 100-mile gymnasium workout in preparation for the Columbia country club course in Indianapolis. Workout in conjunction with compressed air cylinder jacking and pulling on it to simulate strain of traveling 125 miles an hour, was rigged up by Colton Henning, mechanic.

Five Drivers Seek Spots in 500-Mile Race

INDIANAPOLIS, May 27 (AP)—Five drivers were expected to attempt qualification runs today for places in the starting line-up of Friday's 500-mile automobile racing classic.

Only three places in the 33-car field still were open.

Drivers on hand today included Shorty Cannon, Indianapolis; Ted Horn, Paterson, N. J.; Duke Nelson, Chicago; and Jean Truesdell and Rene LeBeque, French newcomers. John Chilwood, Topeka, Kan., and Louis Durant, Harrington, Kans., qualified yesterday.

Early Horse

The history of horses is traceable back to the Tertiary geological period. At that time, there existed a tiny fox-like creature whose several toes helped it to get about on soft, swampy ground, and from this animal evolved the modern horse.

There are now some 17,000 civilian planes in operation, and during the last fiscal year the regularly established air transport companies and private flyers flew a total of 348,600,000 miles.

SIDE GLANCES

"You don't mind running, do you? If we reach the movies before 6, we'll get in for exactly the amount of money I've got in my pocket!"

HOLD EVERYTHING

"Hurry up, Louie, or you'll be late for machine gun practice!"

Donovan Will Testify on Baer vs. Louis Battle

By HARRY FERGUSON
 United Press Sports Editor
 NEW YORK, May 27 (AP)—Scattered paragraphs containing scattered thoughts.

Boxing department—The District of Columbia boxing commission really got down to business when it asked Arthur Donovan, referee of the Joe Louis-Buddy Baer fight, to appear before it tomorrow and testify. Donovan already is on record as saying that the last punch of the fight landed simultaneously with the bell and the two judges, the knockdown timekeeper and the timekeeper—testified yesterday that the last punch landed after the bell.

Baseball department—Vic Ghazal didn't win the Goodall round robin golf tournament, but he made the best single shot out there and one of the greatest your correspondent ever saw. His drive on the 18th hole in the final round nestled at the foot of a sapling. The tree trunk was almost directly in the line of flight to the pin. Ghazal decided to break a club and gamble on getting around the tree, over some traps guarding the green, and in position to pitch on with his next shot. He got the gallery back so that if a club-

head broke off nobody would be killed. Then he braced one foot against the tree trunk, slammed at the ball and watched the bark fly off the tree. The ball went like a clothe-line for the pin and Ghazal's No. 3 iron crashed into the tree. The head of the club was bent back almost double.

National defense department—Hank Greenberg can pick his position on the second infantry team at Fort Guster, Mich., according to word received by the Sporting News. They are willing to let him play either outfield or first base—he handles both positions well for the Detroit Tigers—and they are going to bat him No. 4, the cleanup spot. The only fear the second infantry has is that opposing pitchers will walk Greenberg every time he comes to bat.

Mental telepathy department—The only way Charley Gilbert could have helped the Cubs in those disputed games with the Dodgers was to send out thought waves from Philadelphia telling them when to take a cut and when to bunt. The Dodgers protested because Gilbert, who was in Philadelphia getting an injured ankle treated was the 26th man on the Cubs' roster at a time when the player limit was 25. Gilbert must have done some powerful thinking, for the Cubs won both games. It cost Chicago \$500, however, for President Ford Fick slapped a fine on the club yesterday.

match a year ago. Hostak said the injury still troubled him. Zale won both bouts.

John Gourley in company with Mr. and Mrs. Jerry Gates, Twin Falls, left Saturday for Los Angeles to resume his studies at Woodbury college. Mr. Gates recently completed his course at this college. Edward Shaff, Howard Kaster and Dick Lancaster, students at the southern branch university at Poncaelle, were home for the weekend.

Mr. and Mrs. Lee Stepp, Albany, Ore., have arrived for a visit with relatives.

Miss Beth Hatch is graduating from the Salt Lake general hospital nursing training class this year. She is the daughter of Mr. and Mrs. F. M. Hatch, Piler.

Hostak Puts Extra Tape for Hand in Battle With Zale

CHICAGO, May 27 (AP)—Assured of extra protection for his brittle left hand, Al Hostak of Seattle became virtually an even choice today to regain the National Boxing association's middleweight championship from Tony Zale in a 15-round bout tomorrow night at the Chicago madison.

The Illinois athletic commission ruled yesterday that Hostak may use additional tape to protect the flat of his hand in a non-title bout with Zale 18 months ago. After the title
