

U.S. ARMY MOVES TO PLANT ON

Bomber Missing On Flight From Boise to Chicago

SALT LAKE CITY, June 9 (UP)—Heavy rainstorms extended west to Des Moines, Ia., today grounded army planes and blocked a search for a giant Douglas B-18 bomber, missing more than 24 hours on a flight to Chicago. Six army fliers were aboard the plane, last seen when it took off at Salt Lake airport yesterday.

Army authorities at fifth air base here said the plane "might have landed on any cow pasture between here and Chicago," but that heavy storms over the Rocky mountains precluded an immediate search.

Radio contact with the plane was lost shortly after the take-off yesterday. There was no explanation.

U. S. weather bureau reported the storm front extended as far east as Boise, but was particularly heavy in the eastern parts of Wyoming and Colorado. The storm center appeared to be moving west.

Commercial airlines ordered their pilots to be on the lookout for the bomber. However, most of the commercial ships were awaiting clearing weather before taking off on regular flights.

The bomber, with Capt. D. N. Motherwell at the controls, took off from the Salt Lake airport at 1:35 p. m. (MST) yesterday bound for Chicago. It has not been heard from since.

Fifth air base authorities declined comment on reports the bomber carried only enough fuel to last about 10 hours.

The weather bureau believed it might be 24 to 36 hours before the storm over the Rockies abate enough to permit other planes to take off in search of the bomber.

Army officials said they planned to send out no searching parties until the weather had cleared or until they had received definite information the plane had been forced down.

Chicago said they had been expecting the bomber since 11:30 (CST) last night. A check of army air bases between here and Chicago brought no news.

Air corps spokesmen here said they had not had radio contact with the plane since it took off. They declined to reveal whether they expected to make radio contact.

The route that the bomber would follow to Chicago is over mountains that in many cases rise to 14,000 feet above the ground.

Boise, Idaho, is about 1,000 miles from Salt Lake City. The plane was planned to stop at Boise, Idaho, on the way to Chicago.

Reconnaissance Capt. Motherwell was Lieut. T. F. Holstein, Lieut. J. V. Galtier, Lieut. L. K. Harvey, Lieut. E. G. Hargis, D. C. Hawley and T. McGowan.

The Douglas B-18 is one of the latest medium-type bombers. It is a two-engine, all-metal plane that carries about a ton of bombs.

Four B-18s were reported to be on a flight from Boise to Chicago. The Douglas B-18 is equipped with 1,200 horsepower engines and has a cruising speed of about 200 miles an hour.

Capt. Motherwell recently was transferred to command of the 12th reconnaissance squadron at Boise.

Army Fliers Go Through Picket Lines

The United States army took charge at the North American Aviation plant today, but when this photo was snapped, the CIO picket line was supposed to be "broken." However, the pickets were resolutely stepped back when U. S. army air corps fliers headed for the plant.

He Would End Strike

Richard T. Frankenstein, national head of the aviation division of the CIO, yesterday was booted when he attempted to call-off the strike at North American Aviation plant at Inglewood, Calif. Here he is shown stepping out of a plane at Los Angeles after hurrying west to attempt to call off what he terms the "wildcat" strike. His plane fell on deaf ears and today the U. S. army moved on the big plant to handle operations.

STRIKERS FACE RECLASSIFICATION

WASHINGTON, June 9 (UP)—Brig. Gen. Louis B. Hershey, acting selective service director, today ordered state directors to reclassify all deferred workers who are "impeding the national defense program."

He telegraphed directors that selectees in the army have the right to defer for military or naval service regardless of strike or work stoppages.

Thereafter, I hereby direct all agencies of the selective service system to take the necessary action to reconsider classification of all registrants who have ceased to perform the jobs for which they were deferred and who are, by such failure, impeding the national defense program.

In the telegram, Hershey pointed out the President has proclaimed a state of national emergency and the United States is bringing "every possible effort" to put itself in a position of self-preservation.

COURT MOVES NORTH BOISE, June 9 (UP)—Idaho supreme court justices left today to appear in court term in Lewiston tomorrow.

The court will hear cases at Lewiston until Thursday and then go to Coeur d'Alene until June 18.

Coastal Factory Is Reopened by Federal Troops

INGLEWOOD, Calif., June 9 (UP)—At President Roosevelt's order, the army took over the struck North American Aviation's Inglewood plant today after an hour and a half of tear gas sparring between police and massed CIO pickets who sought to prevent workers from going back to their jobs.

One picket suffered a flesh wound in his thigh in a scuffle with the soldiers. He said a soldier "stabbed me with his bayonet." Three other pickets were treated for hand burns suffered when they threw sputtering tear gas bombs back at police.

Minutes after President Roosevelt signed an order in Washington for the army to commandeer the factory, where one-fifth of American fighting planes have been manufactured, Col. Charles E. Branahaw, U. S. army air corps, formally took charge of the sprawling plant.

The colonel was backed up by perhaps 600 soldiers with bayonets and steel helmets, walking down the railroad tracks to the factory.

Col. Branahaw, in a formal statement, appealed to all "law abiding" citizens of the community to assist him in putting the factory back to work and said "intended to see all workers who wanted to work would be allowed to do so."

"Effective immediately the plant will be opened for work under government control," he said.

The troops arrived by truck and they sleep from Alameda park at Compton, Calif., six miles away, where they had walked the picket line since they had King City, Calif., early yesterday and spent last night at March field.

The pickets, meantime, rushed into their line a larger banner, with "Welcome U. S. Army to 75 and 10."

This was a reference to the fact the strikers were demanding a 75 cents an hour minimum wage for beginners, plus a 10 cents an hour raise for all 12,000 workers in the plant.

Soldiers heckled workers who came to the main employees' gate were heckled by a huge crowd, mostly men, with a sprinkling of women.

The fully-equipped soldiers were calm under the barrage of insults only when the crowd pressed too close, did they slightly lower the glinting bayonets on their rifles.

Only stern and determined expressions on the part of the soldiers greeted such "what do you think this is—Germany—shooting down working men and women."

Soldiers entered the plant shortly before 9 a. m. when about 100 troops, with bayonets fixed, marched to get an Imperial boulevard. The pickets took one long look, parted their lines, and moved back silently, while the troops walked inside.

The pickets who suffered the flesh wound was Carl Clement, who said he is a World war veteran.

As soldiers streamed up to the plant, they immediately bared their bayonets and started moving pickets and spectators alike away from the plant, jabbing in the ribs those who moved too slowly.

The pickets edged back sullenly, but quietly, while the O. I. C. sound truck patrolled the boulevards, booming: "Remember, the army can't build airplanes."

The soldiers were ordered to take over the plant after police failed in an effort to break the picket lines and were forced to use tear gas to rescue an officer who was knocked down and beaten. Three pickets suffered up gas burns and about 150 men straggled into the factory between lines of jeering strikers. Then 100 more entered another door. Then 200 more entered another door. It was estimated nearly 1,000 men had gone back to their jobs.

The strikers' negotiating committee expressed no confidence in the factory under army operation but only under the same conditions as those under workers' management.

The machine guns were pointed eastward, the direction where most of the strikers were massed.

SOLONS PREPARE LEGISLATION FOR DEFENSE PLANTS

WASHINGTON, June 9 (UP)—Congressional leaders today hurriedly prepared legislation giving President Roosevelt authority to requisition struck defense plants to prevent any more shut-downs as such as that at the North American Aviation company in Inglewood, Calif.

Sen. James P. Burnes, D. S. C., said he would introduce a bill giving the President power to requisition struck defense plants if their production is deemed necessary to the defense effort by army or navy officers or the President.

The Byrnes bill is a compromise for two more drastic pending bills sponsored by Sens. Robert T. Reynolds, D. N. C., and Tom Connally, D. Tex.

Senators approved the President's action generally approved use of troops in the North American dispute.

Typical was this comment by Chairman Andrew J. May, D. Ky., of the house military affairs committee.

"Good. I hope they do it without any bloodshed and that they hold it until it is back at work full last night. There was nothing else for the President to do."

Chairman Russell Snyder, D. Penn., of the military appropriations subcommittee said he was "sorry conditions made it necessary for the President to issue the order."

But the welfare of the nation was at stake and I agree with the President that it was the only thing left for him to do.

"It may be justified, but who's going to run the machinery?" commented Rep. James O'Connor, D. Mont.

Rep. Hamilton R. N. Y., house non-interventionist committee, said he was "back of the President in all efforts to expedite production and so on."

I am in wholehearted agreement with his action."

Chairman Carl Vinson, D. Ga., of the house naval affairs committee, author of a pending compulsory military bill, declared he was "thoroughly in accord with the President adopting a firm policy with reference to these strikers."

FRENCH DAMAGE 2 BRITISH SHIPS

HEBRIT, June 9 (UP)—Two British naval units were damaged seriously in an engagement with two French destroyers off the Lebanese coast, north of Bar, a French high command communiqué said tonight.

Four British planes were shot down, the communiqué said, and two French planes failed to return to their bases.

Enemy forces, attacking at Syria, continued their offensive by land and sea, the high command said, but were "held everywhere, counter-attacked at certain points and bombarded by our aviation."

Enemy land in the vicinity mentioned had been reported defending themselves "magnificently" all along the line.

LAMB SHIPMENT GETS HIGH PRICE

Bitwing a highly favorable price, Twin Falls county lambs sold at Denver and Sioux City, Ia., last week on a very strong market, selling at \$12.25, \$12 and \$11.75. County Agent Bert Holmgren said today.

He announced that one carload job at Sioux City Thursday for \$12.25 tops per hundredweight freight, seven dealers \$4.00 over.

The day before for \$12 straight; one car sold Tuesday at Denver for \$11.75 straight.

Total pool included 11 decks, with the Denver transaction made by Lowell and Miller Commission company and the Sioux City sale by John Clay and company.

The lambs netted \$10.49 on full home weight, netting \$4.00 over \$2.24 and medium, ewes \$1.25. Average shrink on the lambs was 3.3 per cent. Shipping expenses were \$1.00 per hundredweight, including 10 cents per head for local handling.

Another shipment is now on route to market, according to Mr. Holmgren, and a shipment will be made from Twin Falls county again next Friday, June 12.

STRIKERS FACE RECLASSIFICATION

WASHINGTON, June 9 (UP)—Brig. Gen. Louis B. Hershey, acting selective service director, today ordered state directors to reclassify all deferred workers who are "impeding the national defense program."

He telegraphed directors that selectees in the army have the right to defer for military or naval service regardless of strike or work stoppages.

Thereafter, I hereby direct all agencies of the selective service system to take the necessary action to reconsider classification of all registrants who have ceased to perform the jobs for which they were deferred and who are, by such failure, impeding the national defense program.

ROUTINE FLIGHT, SAYS BOISE PORT

BOISE, June 9 (UP)—The medium type army bomber unreported on a flight between Salt Lake City and Chicago was making a routine navigation training flight, Boise army air base officials reported today.

Lieut. John R. Gaines, base public relations officer, said the plane was scheduled to deliver a report to the civil aeronautics authority communications station at Rock Springs, Wyo., the first station on the flight from Boise to Salt Lake City, but that it was not heard from after taking off.

Capt. David M. Motherwell, 88, a graduate of West Point and commander of the 18th reconnaissance squadron here, was at the controls.

CLARK REPRESENTATIVE BOISE, June 9 (UP)—Elizabeth Orr, Idaho Falls, was requested to act as Gov. Chase A. Clark's official representative at the American Library association conference to be held in Boston, June 16 to 23.

FULL PROTECTION OFFERED BY FDR TO ALL WORKERS

WASHINGTON, June 9 (UP)—President Roosevelt today ordered the army to take over the struck North American Aviation company plant at Inglewood, Calif., to provide full military protection for all workers desiring to return to their jobs and to operate the plant.

The President acted under his powers as commander-in-chief of the U. S. armed forces after consultation with his military, defense agencies and Sidney Hillman, associate director of the office of professional management.

Acting on Mr. Roosevelt's specific instructions, J. Edgar Hoover, director of the Federal Bureau of Investigation, ordered the army to take over the plant.

STRIKE BRIEFS

By United Press

An estimated 2,500 troops formed a bayonet-breasting cordon around the plant, and set up machine guns. The machine guns were pointed eastward, the direction where most of the strikers were massed.

Less than two hours after the army took over, a back-to-work movement by strikers who managed to straggle into the factory between lines of jeering strikers. Then 100 more entered another door. Then 200 more entered another door. It was estimated nearly 1,000 men had gone back to their jobs.

The strikers' negotiating committee expressed no confidence in the factory under army operation but only under the same conditions as those under workers' management.

Oddities

By United Press

PROBLEM JERUSALEM—Moslem religious authorities were perturbed today about what they said was their workmen in case of an air raid.

The question was whether to allow the women, ordinarily kept in the seclusion of harems, to enter air raid shelters. Wealthy Moslems are moving the difficulty by building special harem shelters.

COMPETITION HOLLYWOOD—Colin Blair, the striped-to-the-waist amateur Texan who for three weeks has caused in a parking lot across the street from Paramount studio and demanded a film role, would recast his part in the picture with Blair's toughly ten.

Blair said that this gal comes along, she's likely to hurt my chance.

WANT TO GO TO WORK "What is it that you men want?" the mayor asked.

"We want to go back to work," a chorus of shouts replied. "Connelly stepped forward and demanded of the men: 'The men want you want to be scared?'"

SABOTAGE HINTED IN \$1,000,000 MACHINE PLANT BLAZE

2 FIRES HINDER DEFENSE ORDERS IN EAST CITIES

WHEELING, W. Va., June 9 (AP)—Sabotage was hinted today as the possible cause of a spectacular fire that raged through the Wheeling Machine Products company plant, causing loss estimated at \$1,000,000 to property and highly specialized machinery used in producing national defense orders.

The cause of that fire looks suspicious, said E. W. Krause, company president. The five-hour blaze demolished the main plant building and damaged adjoining wings yesterday.

JACKSONVILLE, Fla., June 9 (AP)—Police today sought cause of a spectacular waterfront fire which swept Clyde-Mallory Steamship company warehouses and piers here Sunday and damaged the \$500,000 coastal liner Seminole before tugs pulled her out into the St. Johns River.

Fifteen fire fighters suffered heat and smoke prostration.

The fire apparently started under pier three, officials said. Some expressed belief it was of incendiary origin.

5,000 REPORTED KILLED IN BLAST

BUDAPEST, June 9 (AP)—The Hungarian press reported today approximately 5,000 persons were killed or wounded in an explosion of 90 wagons laden with munitions at the old Smederevo fortress, near Belgrade, late Thursday.

(Radio Moscow, heard in London, quoted Budapest reports as saying at least 1,000 persons had been killed.)

(Informed Nazi quarters in Berlin confirmed there had been an explosion, but said they had no details.)

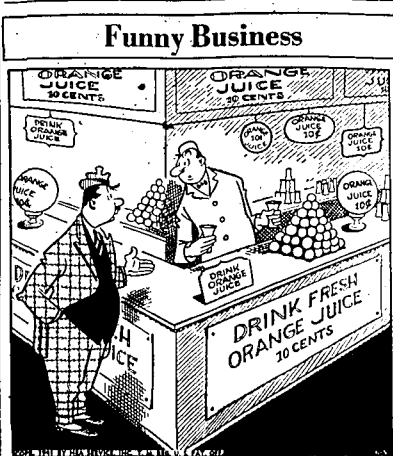

HOOK

WENDELL, June 9 (Special)—It takes more than a hook stuck into his cheek to upset six-year-old Ted Lewis.

Ted was climbing up a pole at the Idaho service station, then sliding down again for fun. A hook on the pole, placed there as holder for a coiled air hose, narrowly missed his face as he slid down the first time.

He climbed up again. The hook caught his mouth and pierced his cheek as he slid by the second time. He couldn't shout for help so Ted climbed upward a short distance and disengaged the hook from his cheek.

Ted is the son of Mr. and Mrs. Burr Lewis.

"Glass of lemonade, please."

Twin Falls Gets \$143,000 in 1940 Insurance Money

FORT WAYNE, Ind., June 9 (Special)—Residents of Twin Falls received cash life insurance payments in 1940 equivalent to \$12.97 per capita, according to an estimate made by the Lincoln National Life Insurance company of Fort Wayne.

Total payments to policy holders and beneficiaries of Twin Falls were \$143,000 as reported in the life payments number of the National Underwriter.

Hundreds Attend Bakery's Opening

Pocatello termed it an unprecedented event of its kind, and 350 other central Idahoans agreed.

The 250 were guests aboard the seven-coach special train which took dealers, employees, and their families to Pocatello for the merchant preview of the big new Beto's bakery plant. Banquet event at the bakery building attracted 800 guests, with Mayor Joe Kocher of Twin Falls and Mayor Robert M. Terrill, Pocatello, speaking briefly.

Some 250 persons boarded the special at Twin Falls and 100 more joined the party by the time it left Rupert. The train returned Friday morning.

HAZELTON FORMS MUNICIPAL BAND

HAZELTON, June 9 (Special)—Under the direction of Boyd Earl, a municipal band is to be formed tonight at the grade school auditorium. Friday evening. Following the present schedule, two rehearsals a week until the first concert is given the latter part of June.

Anyone, young or old, is welcomed to this band, for which no fee is charged. It is intended to give a weekly Wednesday evening concert during July and August.

FILER SEED FIRM IMPROVES PLANT

FILER, June 9 (Special)—The Associated Seed Growers' is making extensive improvement at the Filer plant. They have moved a row of granaries facing east to a south facing so that they may add a four-story extension to their picking room, 44 x 80 feet.

The building will accommodate 112 pickers, or an increase of about 70 pickers over present capacity. Fluorescent lighting will be an important feature of the picking room improvement. Hugh Davis, St. Anthony, is construction foreman.

JEROME CHARTS PLAYGROUND FUN

JEROME, June 9 (Special)—Raymond Fry, head supervisor of the Jerome recreation program, has announced the summer activities for the playground project, which is sponsored again this year by the Jerome Jaycees and the various other civic organizations of this community.

Special events, he said, are being arranged for the summer including tournaments in softball, horseshoe, nature walk, flag week, and week-end hikes. Trips will be made to other nearby towns where the children will compete in softball.

The recreation program was recently closed because of inadequate housing facilities or grounds, but now has opened in the Boy Scout building, where all kinds of indoor activities are being conducted, including plaster of paris making of objects and pictures, wood cutting, cutting and carving, and out-of-door activities are conducted in softball, volley ball, paddle tennis, bean bag toss, croquette, box hockey, and horseshoes.

Steadily growing enrollments are recorded daily.

Hazelton Grange Installs Officers

HAZELTON, June 9 (Special)—A meeting of Butte Pomona Grange was held at the Greenwood school house Friday evening. Following a pot luck dinner the following officers were installed:

Master, C. W. Fairbanks; overseer, Allen Gordon; lecturer, Mrs. J. P. Budd; steward, B. E. Gordon; assistant steward, Russell Talley; chaplain, Mrs. P. H. Baha; secretary, treasurer, Mrs. Russell Talley; gatekeeper, Mrs. A. G. Varney; Ceres, Mrs. B. E. Vance; Pomona, Mrs. B. E. Gordon; Flora, Mrs. Frank Fulton; lady assistant steward, Mrs. G. W. Fairbanks.

S. E. Vance, Jr., a past Pomona master, installed the officers. C. A. Hawley was the retiring Pomona master.

TO ATTEND BOYS STATE
HAZELTON, June 9 (Special)—Arthur Balch, Jr. has been selected by the Hazelton American Legion post to attend Boys' state at Boise to be held from June 22 to 26. Arthur was chosen from a list of six boys submitted by the faculty of Hazelton rural high school.

Smubs Sign

Maybe this soldier at Fort Benning, Ga., can't read, maybe he doesn't believe in signs, or maybe he took literally command of his top sergeant, "at ease."

Lone Objector Will Be Sent To Camp Job

The only conscientious objector listed on the books of area No. 1 draft board will report at Glendora, Calif., for civilian work June 23. Capt. J. H. Seaver, Jr., chief clerk, announced.

The one man is a "total objector," having scruples against any participation in work under military control. As a result, he will be assigned for a year's duty at a civilian camp at San Dimas, near Glendora, for labor classified as "work of national importance under civilian direction."

Area No. 1 thus far has no registrants under the other type of objector—those who have scruples only against actual combat training or service.

'EXAM' OPEN FOR TECHNICAL POSTS

Civil service examinations for several government positions were announced here this afternoon by A. T. Anderson, secretary of the local board of examiners with headquarters at the postoffice.

Full information and application blanks can be obtained from Mr. Anderson at the postoffice.

The positions follow:

Electrotypist (fisher), electro-typist (molder), stereotypist, \$13.24 an hour for a 40-hour week. Appointments will be made in the government printing office, Washington, D. C. Applicants must have completed at least seven grades of formal schooling and an apprenticeship of five years of practical experience in the trade. In addition, they must show that they have had at least one year of journeyman experience. The closing date for receipt of applications is July 2.

Junior clerk, \$1440 a year, for appointment in Washington, D. C. This examination is open only to persons with specialized experience. Optional subjects are filing and statistics. For the filing option, applicants must show that they have had at least one full year of paid clerical experience, the principal duties of which were the preparation for filing and the filing of correspondence or other office records. For the statistical option, applicants must show that they have had at least one full year of paid clerical experience, the principal duties of which were of a statistical nature, such as the making of computations, tabulating of data and the preparation of charts or graphs. The closing date for receipt of applications is June 16.

Fort Knox Sees Springs Drying, Soldier Writes

JEROME, June 9 (Special)—Vernon Clark, son of Thomas Clark, Jerome, recently wrote an interesting letter of activities of the army camp at Fort Knox, Ky., where young Clark is among the thousands of men in training for Uncle Sam.

Clark stated in his letter that the neutral springs of Fort Knox are going dry and that heavy penalties are imposed to those who waste the precious water.

Varian has been taking advanced specialized training in a mechanical school while in Kentucky, and was one out of 15 young soldiers chosen to receive this special work.

Former Paul Woman Dies in California

PAUL, June 9 (Special)—Word of the death of Mrs. Edd Byrum, former Paul resident, was received by

Paul friends. Mrs. Byrum died June 1 at Stockton, Calif., from injuries received in an automobile accident six weeks ago near Quincy, Calif. Survivors include two sons and one daughter by a former marriage, J. E. Penneck, Twin Falls; Gerald Penneck, California; and Mrs. E. G. Bracken, Twin Falls.

SURE, THEY'RE SLOWER-BURNING—WITH EXTRA FLAVOR.

It's Ralph Flanagan—swimmer of the world's fastest mile—lighting up that All-American mildness favorite, a slow-burning Camel.

There's only one Ralph Flanagan who can even give him a good race. But, as a smoker, he's no different from millions of others when he tells you:

"Camel is the cigarette that is extra mild—and has a flavor that doesn't wear out its welcome."

Yes, in every walk of life—in the ranks of the Army and Navy, too—the brand that clicks is the flavorful cigarette that is extra mild with less nicotine in the smoke. Science confirms this advantage of less nicotine (see left, above), but get Camels and smoke out the facts about mildness for yourself.

YOU'VE GOT the right answer there, Ralph Flanagan. Camel's slower way of burning means more coolness. More flavor, too, for nothing duffs flavor like excess heat.

And what a treat to a tired smoking taste a cool, flavorful Camel can be... how welcome Camel's extra mildness—extra freedom from nicotine in the smoke. Get Camels. For economy and convenience, buy the carton.

HERE (closest to the camera) is Ralph Flanagan in action at Palm Springs. And they call that stroke a crawl! 5 times All-American—he swam the world's fastest mile in 20:42.6—and he still says: "I'd walk a mile for a Camel!"

BY BURNING 28% SLOWER than the average of the 4 other largest-selling brands tested—slower than any of them—Camels also give you a smoking joy equal, on the average, to 5 EXTRA SMOKES PER PACK!

Camel THE CIGARETTE OF COSTLIER TOBACCO'S

NORGE has the other big features too, but only NORGE has the NIGHT-WATCH AUTOMATIC DEFROSTER

See NORGE now! Get today's most modern refrigerator!

There's only one NIGHT WATCH fully automatic defroster—you get it on only ONE refrigerator—the NORGE. And, the reason why NORGE alone has NIGHT WATCH fully automatic defrosting is that NORGE alone has the three exclusive features which make perfect automatic defrosting possible:

1. The Inlet-Sealed Freezer.
2. The Covered Cold-Back Heat Drawer.
3. The Hand-Operated Reservoir for Defrost Meltwater.

These exclusive improvements make NORGE the most advanced of all refrigerators. They give you, in 1941 year's NORGE, features that will be "new" in other refrigerators years from now.

These features plus exclusive NIGHT-WATCH AUTOMATIC DEFROSTING make NORGE the outstanding refrigerator buy—with sales far ahead of the average for the industry. See NORGE FIRST!

NIGHT-WATCH for Other Models

NORGE Owners, if your NORGE has (1) Sealed Freezer, (2) Covered Cold-Back, (3) Hand-Operated Reservoir, you can get the Night-Watch clock for only \$14.95 and, enjoy full automatic defrosting. Ask only \$14.95 your dealer for details.

See NORGE before you buy!

WARNING ISSUED ON PEA WEEVILS

City and farm gardeners—the vegetable, not the flower kind—should keep close check to eliminate ravages of the pea weevil, County Agent Bert Bollingbroke said this afternoon.

Necessary for the control more, he said, arises not only from the ravages the weevil will do to the garden peas but also from the fact that small gardens may prove a breeding place out of which the weevils may seriously damage the commercial pea crop.

Numerous Last Year

Mr. Bollingbroke said the weevil was numerous last year in city and farm gardens. "The pest can be effectively controlled if action is taken at the right time."

He said materials for control can be purchased from local seed houses. Control campaigns by "dusting" is already well underway in the big commercial stands of peas on farms. Facts offered by Mr. Bollingbroke today to assist in control included these:

The weevil—it is a small grayish or brownish-gray weevil about one-fifth inch long. It is marked with black and white spots.

Dusting—Dusting with rotenone-bearing dusts; degree of effectiveness depends on timeliness of application. Dusts containing rotenone are not poisonous to human beings nor to any warm-blooded animal when used at the rate suggested for weevil control.

Time—Peas to be harvested while green should be dusted during the interval between the appearance of the first blossom and the appearance of the first pods. The peas should be dusted wherever weevils are found in the field or garden.

HAZELTON LIONS ELECT BELMONT

HAZELTON, June 9 (Special)—Hazelton Lions club held the annual election of officers Friday evening with the following chosen:

President, H. K. Belmont; vice-president, Lester Saunders; full twister, W. H. Detweiler; secretary-treasurer, C. A. Hawley; lion tamer, A. L. Johnson; directors, J. R. Seeley and Dr. S. Hopper.

Plans were made for the attendance of delegates at the joint convention of Utah and Idaho Lions at Ogden June 9 and 10. Mr. and Mrs. Harry Nye expect to attend.

Earl Kennedy was the guest speaker. As a member of the Jerome county draft board, he explained how the draft machinery was working in this county, giving considerable statistical data.

Miss Jean Havish sang a group of two songs, "Smile When You Are Happy" and "Our Patriots."

Automotive Molasses

Composition of every million automobiles, use is made of 2,500,000 gallons of molasses, the product of 15,500 acres of sugar cane, for making anti-freeze, shock absorber fluids and solvents.

Don E. Crabtree Called Top U. S. Worker in Flint

"The finest flint worker in the country."

That is the way Don E. Crabtree, Twin Falls, is being described by his Ohio State museum associates at Columbus.

He is currently engaged in fashioning arrow heads and other prehistoric Indian implements out of various types of flint.

Crabtree's work is part of a major experiment being conducted to determine the methods used by the Indians in making their tools, according to the Ohio State Journal.

"This far, Crabtree has been able to duplicate practically every type of tool found as to size, shape and method of construction," says H. Holmes Ellis, assistant curator of archeology, at the Ohio State museum.

"Using nothing but a stone hammer, an elk's antler and a deer's antler, Crabtree has created arrow heads in every conceivable shape and design," the article states.

"Usually working with various forms of flint or obsidian, Crabtree has placed some of his creations on exhibit in the university museum."

"Among the few things which the Twin Falls resident has been unable to duplicate are the flint knife of the Ohio 'Hopewell' culture, and the 'fluted folks' arrowhead found in Arizona."

Crabtree is the son of Mr. and Mrs. E. E. Crabtree, Twin Falls.

An acre of soil on typical American farm land contains an estimated one and one-half tons of weed seed.

CHAMBER FAVORS JEROME CURFEW

JEROME, June 9 (Special)—Members of the Jerome Chamber of Commerce voted at their meeting last week in favor of establishing a curfew law for the city of Jerome.

The members also voted to sponsor a youth to attend Boys' state in Boise, the week of June 22-29. John Homan was named chairman of a committee to arrange for such selection.

It was announced that any young woman who feels she might be eligible for competing in the beauty contest to be staged here the Fourth of July, may contact the Jerome Chamber of Commerce offices where registering is being completed.

The winner of the contest will be given a three day free-expense trip to Sun Valley. Any south Idaho girls are eligible to compete, according to the announcement.

Auxiliary Names Mrs. Lynda Love

JEROME, June 9 (Special)—Mrs. Lynda Love was elected president of the Jerome American Legion auxiliary last week at Civic club rooms.

Other newly elected officers were vice-president, Mrs. E. E. Connor; secretary-treasurer, Mrs. Lulu Meiser; historian, Hester Fort.

The nominating committee, Mrs. Bert Ghimmin, Mrs. Bryan Henry and Mrs. E. E. La Turner, presented names of the nominees and they were all unanimously elected to their respective offices.

Visit fascinating San Francisco

"America's Coolest Summer City"

on your trip to Los Angeles!

It's a fact, it costs little if any more to call fare to go to Los Angeles via San Francisco. So do yourself proud—visit "America's coolest summer city" on your trip to Southern California.

Be sure to have your tickets routed via Southern Pacific. Low fares on a wide choice of fine trains—including luxurious limiteds and friendly economy trains (breakfast 55¢, luncheon 40¢, dinner 50¢).

In San Francisco you'll quickly learn why people who could go anywhere return again and again to this fascinating city beside the Golden Gate. You'll see the world's two largest bridges, spend many happy hours riding bell-ringing cable cars and exploring Golden Gate Park, Fishermen's Wharf and the largest Chinatown outside the Orient.

What's more, when you go to Los Angeles via San Francisco, you can see many another famous California sight: fashionable Del Monte, on Monterey Bay's "Circle of Enchantment," the Big Trees, Yosemite National Park and lovely Santa Barbara.

San Francisco-Los Angeles Streamliners - From San Francisco you have a choice of four streamlined S. P. trains to Los Angeles: the new all-coach overnight *Lark*, two *Daylight* dailies via the scenic Coast Line (paralleling the Pacific Ocean for 113 miles), and, starting in July, the *San Joaquin Daylight* via the fertile San Joaquin Valley.

For information and complete details about a trip to California, write H. B. Hinshaw, General Agent, 1450 Main St., Salt Lake City.

"GRAND CIRCLE TOUR"
COAST TO COAST AND BORDER TO BORDER
...from any place in the United States, hometown station to hometown station.

\$90 ROUND TRIP
—In air-conditioned chair cars and coaches.

\$135 ROUND TRIP
—In air-conditioned Pullmans (berth extra).

By going to San Francisco on one of Southern Pacific's Four Scenic Routes for transcontinental travel and then to New York on a different S. P. route, you can see twice as much of the U.S. on your "Grand Circle" trip.

"IF IT ISN'T RIGHT, BRING IT BACK"

"March of June Brides" Staged by Buhl O. E. S.

The most beautiful social function of last week was the cleverly arranged program entitled "The March of June Brides," which was presented by the worthy matron of the Buhl Order of Eastern Star Thursday evening in the chapter room, elaborately decorated with various colored roses in artistic arrangement for the special occasion.

The "March of the Brides" followed the regular business and initiatory meeting. Thirty guests were present for the occasion from the chapters of Twin Falls, Filer, Wendell, Portland and San Francisco. The program, the organist Mrs. Ada Huston, played softly the Lohengrin wedding march. Leading in the march of the 18 former days modeling their own and friends' wedding gowns was Mrs. J. W. Hanbury who has been an active member of the Eastern Star for years who has already celebrated her 55th wedding anniversary.

She modeled the wedding gown worn by F. E. Hatmaker's mother 65 years ago. For each gown representing an age the love song most popular at the time was sung by either the veiled choir or soloists. For this march the choir sang "Genevieve, Sweet Genevieve." Miss Betty Ring modeled a wedding dress worn 50 years ago by a member of her family and the popular love song of that day was "Love's Old Sweet Song," sung by the choir. In the march Mrs. Fred Parth wore the wedding dress worn by her mother nearly 50 years ago, and the song "After the Ball is Over" was sung by the choir.

The 30-year-old wedding dress of Mrs. J. P. Hunt was modeled by Mrs. Elizabeth B. H. Hunt, and Mrs. Darrow's dress was worn by Miss Augusta Kivring. The choir sang "Little Annie." Miss Eleanor Kivring modeled the 27-year-old wedding gown of Mrs. Pennington, who was the first bride married in the Clover Trinity Lutheran church. For this march, Mrs. Rose Pence sang "That Old Girl of Mine."

Wears Own Dress
Mrs. James Shields modeled her own wedding dress of 25 years ago, and the choir sang "Tipperary." Mrs. Elbert Heller's gown was worn by Mrs. Culler and significantly the occasion was on the eve of her 22nd wedding anniversary. In this march Mrs. O. R. Overbaugh wore her own wedding dress of 23 years ago. Their accompanying song was "Beautiful Ohio," sung by the choir.

Mrs. Waveria O'Reilly's wedding gown was modeled by Mrs. Faye Puley. Fifteen years ago the popular love song was "Mickey" played at the organ by the choir.

The ten-year-old wedding gown of Mrs. Jessie Rugg was modeled by Mrs. Rose Almqvist, and the popular song "Samona" was sung as a duet by Mrs. C. M. Pickrel and Mrs. Ben Luntley.

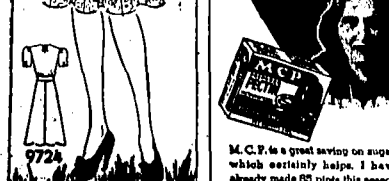

The choir sang "The Old Spinning Wheel" as Mrs. Delmas Holmes Benson modeled her own wedding gown of four years ago, and Mrs. Vivian W. were in the march. Her gown she was married in only two years ago, and the guest artist of the evening, Mrs. Nan Pierce, sang "Deep Purple."

Reids of 1841
The last model in the march of brides was Miss Harriet Holmes in the wedding dress worn last February by Mrs. Blakely, and the song "You Walked By" was sung by the choir.

Following this beautifully solemn program a candlelighting service was held, and all the brides and models appeared for the grand finale.

Refreshments were served to the large crowd at lowly decorated tables in the refreshment room.

Marian Martin Pattern

Pattern 9724 may be ordered only by mail. It is a women's dress in size 32, 34, 36, 38, 40 and 42. Size 14 requires 1 1/2 yards of 36 inch fabric. This pattern is made of 36 inch fabric. It is a simple, elegant design. Send for our latest patterns and new, easily-made fashions.

Simplicity for Golden Wedding of Frank Averys

JEROME, June 9 (Special)—A prominent pioneer couple, Mr. and Mrs. Frank Avery, celebrated their golden wedding anniversary July 3 and were entertained by one of their sons, Ralph Avery and his wife, on the occasion.

Pioneering not only as an early settler in this section of the country, Mr. and Mrs. Avery came to Jerome in 1911 where Mr. Avery had pioneered in the service of the Union Pacific railroad company as a depot agent. Mr. Avery retired in 1937.

Mr. and Mrs. Avery were married at the home of Mr. and Mrs. C. H. Huke, at DeWitt, Neb., parents of Mrs. Avery. They were parents of eight children, seven of whom are living, and include besides Ralph Avery at Jerome; Samuel Avery, Yreka, Calif.; Mrs. Dorothy Hartman, Grand Junction, Colo.; Donald Avery, Los Angeles; Florence Avery, Yakima, Wash.; Theodore Avery, Robinson, Ore., and Wallace Avery, Lee, Angeles.

Mr. and Mrs. Avery are also grand parents of 14 grandchildren. The couple has deferred celebrating on this occasion because most of the family cannot be home at this time. They plan to have a homecoming later on this year.

One of the interesting of hobbies is that of Mr. Avery, who is better known to his many friends as "Pop." He has fashioned many lovely and useful objects from native sagebrush and juniper wood.

Most of the handsome articles he has presented to his friends as gifts. Mr. Avery began his carving many years ago, and some of his articles of carving have been placed on display in downtown Jerome. Both avid outdoor people, Mr. and Mrs. Avery take many trips to mountains and resorts, and they are especially enthusiastic golfers, spending many hours with their friends in a round or two of their favorite sport.

O. E. S. Children Present Program

JEROME, June 9 (Special)—The children of members of the Jerome chapter, Order of the Eastern Star, presented a program at the lodge last week.

Appearing on the program were: Roger and Gerald Noel, Patty Pate, Howard Pate, Mrs. Caroline Stuart, Bobby Freeman, Miss Janice Freeman, Max Albertson, Donna Lee Bartholomew, Bruce Stuart, Mrs. Woody Mary Stuart, Patty Albertson, Richard Carburn, Elizabeth Smith, Betty and Norman Eakin.

Imogene Wall and R. Miller Marry

JEROME, June 9 (Special)—Miss Imogene Wall, daughter of Mr. and Mrs. J. G. Wall, Jerome, became the bride of Rowland Miller, son of Mr. and Mrs. R. L. Miller, Gold Hill, Ore., Sunday afternoon at the Methodist church parsonage in Medford, Ore.

The single ring service was read by Rev. Knotts, pastor, and attendants of the couple were Mrs. C. J. Perce, Medford, and Raymond Blair, Gold Hill.

For the occasion, the bride chose a navy blue tulle with white accents. She was graduated from Jerome high school, class of '39, and for the past two years she has been in the employ of the W. H. King company store at Jerome.

Gift Presented at Meeting of Club

JEROME, June 9 (Special)—Mrs. John Kuhn was hostess for the 15 members, and three guests, Mrs. Everett Andrus, Mrs. Omer Peterson and Mrs. Wayne Egan of the Grandview Women's club.

The hostess gift was presented to Mrs. Wayne Egan, who had other prizes and games were presented to Mrs. Marvin Cole and to Mrs. Durely Craig.

We--The Women

By RUTH MILLETT (NEA Service)

The woman who vacations with her husband often needs a real vacation when she gets home.

No matter how good a husband a man may be as a traveling companion he is agreeable only under the most favorable conditions—which means that he must get his way 100 per cent of the time.

No matter how much a woman enjoys eating in restaurants, she can't drag the average man to one more than once on any trip. She usually finds it impossible to get him inside any restaurant that boasts a table cloth.

Wants "Roughing It"
A vacation isn't a vacation to a man unless he can stop in the kind of restaurants favored by hungry truck drivers.

So a woman has to sacrifice her personal preferences—and even her digestion—to the whims of the masculine mind.

Then, too, the man will insist on driving all the time, and he won't welcome any advice about speed. So, rides his wife feels really happy only if she is going under 30, she rides 60 and 70, hour after hour, day after day—if that is the way her husband likes to drive. And it probably is.

The man will map out the route, too. There's not the slightest chance of anything else. Husband seems to take a perverse pleasure in dodging all the sights a woman wants to include in a trip.

Avoid the Cities
They'll spend hours figuring out how to avoid every good-sized city on a cross-country trip, when the thing a woman would probably rather do than anything else is stop in a city for a dress-up meal at a place she can tell her friends about, stay at the most famous hotel that night, and shop up one or two of the best known stores next morning. That's something to tell her bridge club about!

But men insist on being able to tell their friends how many miles they drove each day, and how they avoided all the big cities.

Men on vacation are likely to get cross and irritable, too, unless a woman is constantly smoothing things over for them. And being the little smoother-outer all day long, day after day, is no vacation.

There's no doubt about it, the woman who vacations with her husband works hard.

Charles Shoun, Mrs. Leona Shoun, Wayne Carburn, John Shoun. Refreshments were served by Mrs. Doris Eakin, Hazel Salladay, Marilyn Beddall, Betty Burks and Lois Buckles.

P. E. O. at Jerome Honors Mothers

JEROME, June 9 (Special)—Annual Mother's day party for the mothers of the P.E.O. members of Jerome chapter was held at the home of Miss Gertrude Shepherd Friday afternoon, with approximately 70 guests, including mothers and members of the organization.

Specialty honored was Mrs. Henrietta Eakin, eldest mother present, and Mrs. Dora Greer, Twin Falls, mother of Mrs. William Spaeth, for having the largest number of grandchildren. Mrs. Eakin is the mother of Sam Eakin of the Pleasant Plains district.

A program was arranged in the library of the Shepherd residence, and those participating were Mrs. William Eakin, Mrs. Aileen Quersa, Mrs. Walter White, Mrs. William Peters and Mrs. K. O. Matland and Mrs. S. G. Davis sang, "The Prayer Perfect" and "I Love a Little Cottage," accompanied at the piano by Mrs. William G. Phoenix.

The guests and members also sang a number of old-time familiar selections. Miss Mary Houtenberger gave a reading, and the concluding feature of the entertainment was given over to fortune telling. Mrs. Stella Moore and Mrs. Aileen Quersa were the fortune tellers.

Refreshments were served.

Jobs Daughters Install Officers

JEROME, June 9 (Special)—Miss Barbara Smith, daughter of Mr. and Mrs. Roy D. Smith, was installed as honored queen of the Jerome chapter of Jobs Daughters during impressive public installation ceremonies conducted recently at the Masonic lodge hall.

Other new officers who were installed were Margaret Wallington, senior princess; Junior princess, Mary "Penny" guide, Margaret Halbert; marshal, Dorothy Carlton; chaplain, Frances Studvick; musician, Joyce McMahon; recorder, Helen Jean Terry; librarian, Imogene Baird; Junior custodian, Blanche Callen; senior custodian, Barbara Spaeth; Irene Sinclair, treasurer; Saxon La Turner, inner guard; outer guard, Phyllis Jean Smith; five messengers, Ruth Diefendorf, Anna Washburn, Marjorie McVey, Jean Mae Burks and Elaine Smith.

Crestal chorus, Mary Burks, Betty Eakin, Hazel Salladay, Marilyn Beddall, Betty Burks and Lois Buckles.

Golden Rod Club Has Comic Debate

JEROME, June 9 (Special)—Members and guests of the Golden Rod club enjoyed an interesting and fun-provoking program Wednesday at the home of Mrs. Fred D. Carlton of the Eldorado Heights district.

Mrs. Lynn Burks, Mrs. Peterson, Mrs. C. T. Fuikerson and Miss Madys Jones, who arrived here last Saturday from Palo Alto, Calif., were guests.

A comic debate, "The broom is more useful and practical than the dish cloth," was arranged and participated in by Mrs. Dick Handey and Mrs. Carl Callen. Mrs. Rose and Mrs. Almbroge and Arlene played a piano selection.

An abatement of Red Cross sewing was handed out to several members of the organization, who will complete the sewing and return it to be shipped to England.

Dance for Bethel Held at Gooding

GOODING, June 9 (Special)—Members of the Gooding Bethel of Jobs Daughters held the annual spring formal at the Legion hall Tuesday evening. Decorations carried out a theme of "Over the Rainbow" with a ceiling of red-colored crepe paper streamers making the color effect. Dance programs were given by Mrs. Aileen Quersa and Mrs. Stella Moore.

Members of the Bethel of nearby towns were invited to attend the dance. Patrons were Mr. and Mrs. Edward Hill, Mr. and Mrs. Ernest Crumblit, Mr. and Mrs. Walter Raby, Mr. and Mrs. Joe Evans and Mrs. Mary Lila Bloodgood.

Committee chairman who arranged the event were Lois Stone and Betty Kead, decorations; Betty Koolidge and Ella Stone, tickets and programs; Betty Bolle, refreshments. Mrs. Hill, Mrs. Vern Carrell and Mrs. Bloodgett presided at the punch bowl.

Jobs Daughters Install Officers

JEROME, June 9 (Special)—Miss Barbara Smith, daughter of Mr. and Mrs. Roy D. Smith, was installed as honored queen of the Jerome chapter of Jobs Daughters during impressive public installation ceremonies conducted recently at the Masonic lodge hall.

Other new officers who were installed were Margaret Wallington, senior princess; Junior princess, Mary "Penny" guide, Margaret Halbert; marshal, Dorothy Carlton; chaplain, Frances Studvick; musician, Joyce McMahon; recorder, Helen Jean Terry; librarian, Imogene Baird; Junior custodian, Blanche Callen; senior custodian, Barbara Spaeth; Irene Sinclair, treasurer; Saxon La Turner, inner guard; outer guard, Phyllis Jean Smith; five messengers, Ruth Diefendorf, Anna Washburn, Marjorie McVey, Jean Mae Burks and Elaine Smith.

Crestal chorus, Mary Burks, Betty Eakin, Hazel Salladay, Marilyn Beddall, Betty Burks and Lois Buckles.

Meigs Engineers Construction in Florida, Georgia

Mrs. Oliver J. Meigs, who was here for the wedding last week of her sister, Miss Wayne Hall, and G. J. Lovelock, left the latter part of the week for San Francisco.

She and Mr. Meigs left immediately upon her arrival for Florida.

He will engineer the construction of two oil plants for the Standard Oil company, one in Georgia and one in Florida.

Mrs. Meigs was one of the bridesmaids at the wedding, which took place at the home of Mr. and Mrs. O. C. Hall.

Domestic demand for motor fuel increased 10 percent, from 555,688,000 barrels in 1939 to 599,737,950 barrels in 1940.

Job's Daughters To Appear During Session of OES

Members of Twin Falls Bethel, Job's Daughters, will present a program at the session of Twin Falls chapter, Order of the Eastern Star, Tuesday evening at 8 o'clock at the Masonic temple.

Miss Marjorie Jane Shearer, retiring honored queen of the Bethel will give a talk. Miss Bernice Gullish, Filer, and Miss Doris Ann Sherwood, Twin Falls, will present vocal solos. Miss Dorothy Kregel will give a reading; Miss Julia McBride will play a piano solo and Miss Grace Wegener will present a violin number.

A substitute staff will preside at the business session, in the absence of officers who will be attending grand chapter sessions at Lewiston June 10-12.

According to latest reports, 114,748 Americans now hold flying certificates.

Marjorie Holman Pledges Vows With W. K. Swallow at Rites

Wearing an exquisite Chantilly lace veil to complete her wedding ensemble, Miss Marjorie Annette Holman, daughter of Mr. and Mrs. Frank Holman, Twin Falls, exchanged marriage vows with William Kenneth Swallow, Boulder City, Nev., at 2 o'clock Sunday afternoon at the spacious suburban home of the bride's parents. The bridegroom is the son of Mr. and Mrs. C. B. Swallow, Buhl.

June Bride

Mrs. William Kenneth Swallow, who was Miss Marjorie Annette Holman, prior to her marriage Sunday afternoon.

From Chantilly, France, came the veil, the "something borrowed" of the bride's attire. It was loaned for the occasion by Mrs. John Gooding, of Gooding, daughter-in-law of the late Senator John R. Gooding.

The wedding gown of ivory tulle was especially designed for Miss Holman by Lord and Taylor, New York City. It was styled with a shadowy yoke neckline of marquisette, applied to the bodice with ivory silk braid in fern design. The long sleeves were tight fitting, and the skirt was full.

A necklace of pearls, consisting of the bridegroom, and a sheer bouquet of Roosevelt roses completed the bride's ensemble.

Miss Irene Pritch, Twin Falls, bridesmaid, wore a light blue net floor length gown with a blue beehive hairdo, and carried a bouquet of tallman roses.

In the role of best man was Emory Woodruff, Buhl.

The bride was given in marriage

by her father, and Rev. H. G. McCullister, pastor of the Methodist church, was the officiating clergyman.

Six Wattleau baskets of choice white peonies were arranged before the large studio in the living room to form an improvised altar for the nuptial exchange.

Mrs. Mildred Ferris, Gooding, sister of the bride, played the Lohengrin and Mendelssohn wedding marches, and the accompaniment for the one vocal selection, "O Promise Me," sung by Mrs. A. F. Oslund, Twin Falls.

All-White Decor

An all-white decor was featured in the dining room, where refreshments were served during the reception, attended by 65 guests from Twin Falls, Gooding, Wendell, Jerome, Buhl, Burley and Piler.

Out-of-state guest was Mrs. O. J. Anderson, Lebanon, Kan., sister of the bridegroom.

Mrs. Leland Fleischmann, Gooding, presided at the punch table. Double candles, gold and white, white princess tapers, white flowers and greenery decorated the refreshment table.

Mrs. Sam Smith presided over the gift room.

Now on a wedding trip to Grand Canyon, Bryce canyon and Zion national park, Mr. and Mrs. Swallow will be at home after June 13, at 601 and a half F. Boulevard, Buhl.

Mrs. Swallow's going-away ensemble was a green, white and black silk crepe printed in small figures, with which she wore a green wool jacket, a summer felt in white with a black veil, and white accessories.

To live in Nevada, the bride was graduated from Albion State Normal school and later attended short session at the University of Nevada, Reno.

The bridegroom attended Gooding college. He is now associated with the United States postoffice at Boulder City.

Right Food for All Is Objective Of U. S. Defense

Step-up of the production of foods, particularly the foods that are known as "protective" or vitamin foods, so that every person in the United States can have the right kind of food in sufficient quantities, is one of the nation's major projects for national defense.

"That the Rural-Urban council of Twin Falls can be a vital agent in this phase of national defense, was expressed by Miss Marion Egworth, state home demonstration officer, at a meeting of the group here Saturday at the T-in Falls public library.

She was one of 900 persons who attended the conference on nutrition for national defense called recently by Frances Roosevelt of Washington, D. C. Miss Egworth is chairman of the Idaho food nutrition committee.

Increased Consumption

The conference, attended by various universities public health officials, medical men, nurses, representatives of educational system and of industry labor and different organizations, came to the conclusion that to combat malnutrition, enemy of efficiency, there must be both increased production and increased consumption of these vital foods," said Miss Egworth.

Medical men are of the opinion that all essential nutrients can and should be combined through natural foods, Miss Egworth stated, quoting Dr. Morris Fishbein as declaring that the third largest product sold in drug stores was vitamins in one form or another.

It will be the duty of all committees, national, state, county and local, to call to the attention of the public, through the press, radio, exhibits, food demonstrations and any other means possible—the importance of using more abundantly certain foods, green and yellow vegetables, citrus fruits and whole grain, Miss Egworth emphasized.

Other speakers on Saturday's program were Mrs. W. H. McDonald, head of the Twin Falls county American Red Cross chapter; E. J. Easton, field representative of the "surplus" and their army and navy; who discussed the food stamp law which will become effective in Idaho this summer, and W. D. Dillon, Seattle, representative of the United Service organizations.

Mrs. McDonald discussed briefly the services available in the Red Cross and their relation to the present national emergency.

Red Cross Services

"The military and naval welfare service is a medium of communication between the people of the U. S. and their army and navy," she pointed out.

Among other phases of Red Cross work, she told of the volunteer special services, such as sewing and knitting, and of how relief is distributed. Practically half of the motor bus companies in Great Britain, and the other half is divided between unoccupied France, Finland, China and Spain, she said.

Don't 'Cupid's Bow'

"If you're tired of your face, experimenting with pompadour and new shades, Don't try to change the shape of your mouth or cheek bones or lips by 'painting' on new features." This is the advice of Jo Ann Sayers, pretty star of the Broadway hit, "My Sister Ellen."

Seaside Honey-Mooner

Smart for the trowsena of the June bride who plans to spend her honeymoon on a boat at a seaside resort, is one-piece overall slacks suit in white with navy blue trim. A bag to go with it is designed with marine emblems and white stars on a blue background.

Vows Pledged During Taperlight Nuptials

At a taperlight ceremony Sunday evening at 7 o'clock, Miss Betty June Glantz, daughter of Mr. and Mrs. J. J. Glantz, Twin Falls, became the bride of Garner Stephens, Elko, Nev., son of Mr. and Mrs. Muck Stephens, Buhl.

The single ring ceremony was read by Rev. M. H. Zapel, pastor of Immanuel Lutheran church, at the home of the bride's parents.

During the service, the bride party stood before a large white archway, entwined with roses, a cluster of wedding bells suspended from the center.

Committees to Complete Plans For DUP Debut

Final preparations have been made for the old-time dance June 11 at the L. D. S. recreation hall, sponsored by the Camp Em-Ar-Ee for the benefit of the pioneer memorial building in Salt Lake City. It will be completed by the centennial, July 1941.

C. Vera Yates and his dancers, who presented a floor show at Salt Lake last week in connection with the general conference of the L. D. S. church in Salt Lake City, will present the intermission, and Glen Stephens, Elko, Nev., will play piano.

Committees include: Reception, Mrs. Blanche Blahus, captain, and Mrs. Helen Taylor, decorations, Mrs. Winifred Whitehead and Mrs. Delpha Wood; refreshments, Mrs. Minnie Baezer, Mrs. Lenora Carroll and Mrs. Lydia Strong; tickets, Mrs. Kate Kirkman and Mrs. Lillian Davidson.

A hope chest of handmade articles will be given away. Tickets may be purchased from members of the camp or at the door. All D. L. S. members and their families are urged to attend. Those having pioneer costumes are asked to wear them.

Guests at Wedding

Wedding guests were Mr. and Mrs. Mack Stevens and son, Jack, Miss Lucille Stephens, Elko, Nev., Mr. and Mrs. M. G. Heilmann, Mr. and Mrs. Art Glanders and family, Mr. and Mrs. Del Burkendorf, all of Buhl.

Mrs. H. D. Garner, Castleford; Mr. and Mrs. J. O. Veltweg, Russell Veltweg, Thel Veltweg, Lolita Veltweg, Al Beecher, Mrs. Louise Veltweg, Miss Arlene Glantz, Miss Betty Harrell, Mr. and Mrs. Edgar Ehlers and family, and Rev. and Mrs. Zapel and Eleanor Zapel, all of Twin Falls.

Mrs. P. O. Veltweg, Salt Lake City, and Mrs. Steve Mayhubb and son, Gene, Livingston, Mont.

Calendar

Unity club will meet at the home of Mrs. Don Sommers Wednesday at 2:30 p. m.

Good will club will meet at the home of Mrs. Wesley Horn, 522 Fifth avenue north, Wednesday at 2 p. m.

Women's auxiliary of the L. O. O. M. will meet Tuesday at 8 p. m. at the Odd Fellows hall. All members are urged to attend.

Mary-Martha class of the Baptist church Sunday school will meet Tuesday at the home of Mrs. Ella Abbott, Hollister. All members are requested to attend and will meet at the Twin Falls public library at noon, where transportation means will be provided.

M. S. and E. club will meet Wednesday afternoon at the country home of Mrs. C. B. Lindsey. Roll call responses will be flag or patriotic quotations. Members are asked to bring gifts for the Veterans' hospital in Boise.

Reichert-Villa Rites Announced

Mrs. Amy Villa, Twin Falls, and Roy Curtis Reichert, Jerome, received a marriage license Saturday in Salt Lake City. After a wedding trip through Yellowstone national park, the couple will be at home in Jerome.

The bride is a home economist for the Idaho Power company. Mr. Reichert is associated with the Union Central Life Insurance company.

Lucille Haskins To Become Bride At July Nuptials

Mr. and Mrs. O. H. Haskins announce the engagement of their daughter, Miss Lucille Haskins, to Myron Dossett, Mountain View, Calif.

The bridegroom is the son of Mr. and Mrs. E. M. Dossett, Twin Falls. The marriage will take place here early in July.

The affianced pair graduated from the Twin Falls high school. Mr. Dossett also attended the Albion State Normal school at Albion for one year. He is now employed at the Douglas Aircraft factory in Santa Monica, Calif.

Intimate friends received the interesting nuptial news at a clever announcement party last week at the Haskins home.

Rolf-Baggett Vows Exchanged

Buhl, June 9 (Special)—Dignity and simplicity marked the ceremony Saturday evening, June 7, uniting in marriage Miss Bessie A. Baggett, daughter of Mr. and Mrs. James M. Baggett, Buhl, and Boyd Rolle, son of Mrs. Mable Rolle, Boise.

Bishop E. B. Johnson, of the Buhl L. D. S. church, read the single ring services at 7 o'clock, in the presence of relatives and close friends of the couple.

Miss Baggett wore a navy blue tulle suit with white accessories and a corsage of rose buds. She was given in marriage by her father.

Wedding guests were Mrs. Mya Vyvan Johnson, Jerome, was maid of honor. She wore a blue reedgote, with white accessories. Her corsage was also fashioned of rose buds.

Harvey Maughan was in the role of best man.

Immediately following the ceremony a wedding lunch was served buffet style at the home of the bride's parents. The table for the wedding party was centered with a three-tier wedding cake, topped with a miniature bride and bridegroom. On the buffet and about the rooms were many baskets and vases of roses and summer flowers.

The guest list included Mrs. Mable Rolle, Boise; Mr. and Mrs. James Baggett, Jr.; Mrs. Myrtle Olds, Bishop and Mrs. E. B. Johnson; Miss Mildred Trivis, Miss Ruby Howard, Mr. and Mrs. Harvey Maughan and Glenn Wolfe.

Mrs. Rolle is a graduate of the Buhl high school and has been employed for the past five years at the M. H. King variety store in Buhl. She attended the Brigham Young University at Provo, Utah, for one year.

Bank Employee

Mr. Rolle graduated from the Boise high school and was employed four years at the Boise First National bank of Idaho before coming to Buhl First National bank two years ago.

After a two weeks' honeymoon trip the couple will be at home to their friends at 317 North Broadway, Buhl.

HAPPY DISH

A satisfactory luncheon dish that can be whipped up in double-quick time is stacks of cooked asparagus served on buttered toast with a mild cheese sauce and dashes of crisp bacon. A green salad with sliced cucumbers, peppers and radishes goes well with it, with fruit in season and cookies for dessert.

TIP ON BUTTER

To preserve the delicate flavor of Swiss cheese, keep it away from strong smelling foods—in a cheese ball, or a cool, dry place, preferably.

7 FLAVORS Kool-Aid MAKES 100 Drinks

Graduates

Miss Sabey Briggs, daughter of Dupont and Mrs. Burton W. DeJong, who received a master's degree from the State School for the Deaf and Blind, Gooding, was granted a master's degree from Gallaudet college, Washington, D. C., Saturday evening, June 7.

Miss Briggs went to Gallaudet on a fellowship received after graduating with honors from the University of Idaho a year ago.

The five other students receiving fellowships were all from eastern states. Only two women were in the class.

Recently the Gallaudet graduating class was received by Mrs. Roosevelt at the White House, and their degrees are signed by President Roosevelt.

After a two weeks' camping trip to Lake Knappton, Minn., Sabey will return to Gooding until September, when she joins the staff of the American School for the Deaf at Hartford, Conn.

TIP FOR BRIDES

Our socially prominent New York bride is going to dress her maid of honor and four bridesmaids in bouffant dresses of white voile for her wedding this summer. The maids will wear flower hats of blue forget-me-nots and matching blue shoes and carry old-fashioned lace paper-filled posies of forget-me-nots and pink rosebuds. The little flower girls will be dressed in white lawn, hundreds of violets and will carry hand bouquets of violets.

BACON AND EGG FILIP

Add a filip to your potatoes as gratin by crumbling into them two or three maulers of crisp bacon. This is nice with hamburgers and quite as good with broiled fish.

U of I Graduates

Marry at Moscow

Buhl, June 9 (Special)—Mr. and Mrs. W. S. Stuart and Mrs. Stuart's sister and her husband, Mr. and Mrs. Harry Wright, left Buhl Saturday morning for Moscow to attend the wedding of Robert Stuart, only son of Mr. and Mrs. Stuart.

The bride was Miss Jean Cleveland, daughter of Mr. and Mrs. Guy Cleveland, Lookie. She chose for her wedding a white satin gown with a cluster of orange blossoms. She carried a bride's bouquet and was attended by her sister, Miss Katherine Cleveland, and was given in marriage by her father.

John Daly, high school classmate and fraternity brother of the bridegroom was in the role of best man. The single ring service was read at the Episcopal church, Moscow, in the presence of relatives of the couple and a few close friends, at 4 o'clock Sunday afternoon.

The bride is a graduate of the University of Idaho and taught this year in the high school at Creighton.

The bridegroom is also a graduate of the university, and is now employed in a government office at Salem, Ore., where they will make their home after two weeks' wedding trip, which will bring them through southern Idaho and Sun Valley.

Mr. Stuart is a popular member of the young set of Buhl, having graduated from the high school here. He is a member of Alpha Tau Omega fraternity at Moscow, and Mrs. Stuart affiliated with Pi Beta Phi sorority.

NEVADA MINERAL HUNT INCREASES

FALLOON, Nev. (UP)—Night prospectors with fluorescent lamps are hunting scheelite from which tungsten, a strategic war mineral, is obtained in a 20-mile belt in this area.

Hundreds of claims have been staked out during recent months. The region including Pershing, Churchill and northern Mineral county, according to mining engineers, shows more mineralization from metamorphic contact than any other opened in the far west.

The nation's largest tungsten producer, the Nevada-Massachusetts company at Mill City, was cited as being near the north end of this mineralized region. Tungsten is used in steel manufacture.

Use Searchlights
The night prospectors hunt scheelite with lamps after first having scanned the hillsides for contact and limestone outcrops. In the daytime they spot croppings at the contact points, later to give them the lamp test at night.

The lamps at night bring out luminous spots of scheelite.

One Cox has discovered several croppings of scheelite south of the Dan Tucker mine near Sand Springs and since then prospectors have been busy south to and beyond Dead Horse Wells. Location work has been completed on many of the claims.

Several of the ledges have assayed one per cent or better. Picked samples have shown extremely high values.

31 Croppings
Cox has located 31 croppings along two groups of claims which extend to an east and west direction for two miles. Most of these lie in masses rather than in veins, one half standing 20 feet high and 20 feet across. The exposed rocks were thickly sprinkled with bright specks about the size of a half dollar. Another series of croppings Cox pointed out was 600 feet long. This appeared to be a vein in the limestone contact.

Production is already under way at the end on Cox' east group of claims, where Walter P. Skatman of Utah has been taking out ore for two months. He has built a road up to a gulch to the lease where he has a truckway to a truck-loading station.

Other prospectors have been taking out ore to be handled in nearby mills.

BURLEY

Mrs. Glenn Wyatt was elected president of the Blue Triangle Guild at a meeting Thursday evening at the home of Mrs. Herd Canine. Mrs. Canine was assisted by Mrs. M. J. Stewart, Mrs. Maxine Hill, secretary, and Mrs. Elsie Gochoun, treasurer. Mrs. Wyatt had the lesson. Mrs. June Fack gave a reading and Mrs. Lloyd Cox had the devotional. Mrs. C. N. Yeaman left Saturday for Los Angeles. Mrs. M. J. Stewart has completed his work as an L.D.S. missionary. They will arrive in New York Wednesday, D. C. before returning to Burley. Mr. and Mrs. H. M. Stearns, en route from Los Angeles to New York, visited here with friends this week. Mrs. Stearns was formerly Miss Ruth Bevis, and prior to her marriage was reporter on the Burley Herald.

Miss Mary I. Deleh left Wednesday for her home in Muncie, Ind., after spending a week visiting Mr. and Mrs. George Huntington.

Ada Jacobson filed suit for divorce from Heber Jacobson on charges of mental cruelty and non-support. She asked division of community property and custody of two children.

Mr. Frank Foster and Mrs. Harris R. Hillhouse entertained last week at a bridge party and luncheon. Mrs. William Schick and Mrs. Joseph F. Payne received prizes.

W. L. Turner and F. L. Hobson left Wednesday on a fishing trip to Montana.

Mr. and Mrs. Tom Lambert left Tuesday for Provo, Utah, to attend graduation exercises of their son, Robert, who received his degree from Brigham Young university. Robert graduated with highest scholastic honors.

Forest Supervisor Curtis E. Price and B. K. Herndon spent last week in Ogden attending a meeting of representatives from five Utah and Idaho foresters for the purpose of setting up a new accounting system for the service.

Mr. and Mrs. W. F. Enigh and Mrs. Mary C. Fay are on a six-week trip through the West.

Mrs. I. H. Harris, Mrs. R. C. Rich and Mrs. H. F. Deardorff returned at a bridge and luncheon Wednesday at the National hotel. Mrs. Wayne Newcomb, Mrs. B. O. McCullough and Mrs. John Burgess received prizes.

Burley people attending the L. D. S. youth convention in Salt Lake City last week were Mrs. Leonard N. Judkins, Mrs. John H. Henschler, Mrs. Ora Craner, Mrs. Earl Oliver-son and Mrs. T. L. Larson.

Mrs. M. H. King left Thursday for Reno, Nev., to visit her daughter, Mrs. John P. Thatcher. She was accompanied by her daughter, Jean, and a daughter, Doris. She is returning to her work in California. Miss Evelyn McKee, who has been attending the National college, Denver, arrived here last week to spend the summer.

Burley chapter of the Idaho Writers' Guild will meet Wednesday at the home of Mrs. Donald McLaughlin.

Mr. and Mrs. B. H. Kinnard and son and daughter left last week on a two-week trip to California.

George Henderson has left for Idaho Falls, where he will be employed as stock room keeper with the Morrison-Knudsen construction company. He will be accompanied by his wife, Mrs. Henderson, who will accompany him as far as San Francisco and from there they will go up the coast into Canada on a vacation trip.

Admiral Stark Steps From Deck to Desk As He Bosses Biggest Navy in History

By GERRY DICK (NPA Service)

WASHINGTON—Early in the summer of 1914 the assistant secretary of the navy was cruising aboard a destroyer. The officer was familiar to him and he asked to take the helm.

"I'm sorry, sir," replied the young lieutenant commanding the ship. "I don't think you can relieve me of my command."

Twenty-five years later Franklin D. Roosevelt, the assistant secretary of the navy who could not relieve Lt. Harold Raymond Stark of his command, could and did choose him for the navy's No. 1 job: Chief of naval operations.

Admiral Stark is boss of the largest navy—built, building and on paper—that the United States has ever attempted to float. On recommendations he made six months after assuming office in August, 1939, congress authorized a 70 per cent bigger two-ocean navy. When completed it's now about two years ahead of its 1946 schedule, it will consist of 750 ships totalling 3,760,000 tons.

"Dollars Cannot Buy Yesterday"
"To get the job done with all possible speed ('dollars cannot buy yesterday')," he has said, Admiral Stark arrives at his office before his subordinates, leaves it after them. The navy department provides a chauffeur-driven sedan for the chief, but when the weather is good, he drives himself to the office in a roadster with the top down. On such days he may have been up extra early. He is an avid sports amateur; his pet subject, sun rises. On especially beautiful mornings his aides wake him in time to film the rising sun.

His office, on what the calls the "second-deck" of the navy building, has a salty air—blue walls, blue leather furniture, a ship's clock and model seaplanes poised above the fireplace as though they were about to take off. His private office, adjoining the larger one, looks like a class room. The admiral's desk is at one end, faced by rows of black leather chairs and a huge colored chart of the seven seas.

Above the desk are three miniature code flags: Blue for the secretary of the navy; white for the assistant, red for the under secretary. They are at the top of the building.

The chief looks the part of the "old sea dog." He has white, hair-laned skin. He wears steel-rimmed spectacles now.

The Lost Annapolis classbook, describes his as "musical—having made the day hideous with his singing." He is "hungry as the grave." His trim figure indicates that he is not as fond of eating as he once was and he has given up singing. But his voice still retains a musical quality.

His energy is wiry and well controlled; so looks officials who are looking hurried. No one ever remembers having seen him lose his temper.

Nicknamed him "Betty" but not because of his kindly face and gentle manner. He has a pipe at Annapolis, his classroom mis-appropriated the name of the wife (real name: Molly) of Revolutionary hero Gen. George Washington for the future admiral's christening. Whenever he met an upperclassman, he was to declaim: "Bent them, or Betty Clark will also in widowhood tonight."

He is a careful worker, following up anything he writes. He is extremely meticulous. (On his desk he keeps a card file with all his friends' names and addresses.) Because he succeeded the extremely warm and well-liked Admirals Yarnell and Leahy, Washington was at first inclined to consider Admiral Stark rather cold. But officers who know him are quick to contradict this.

Though he is separated from his men by the barrier of gold braid, their affection for him is evident. At sea he may call a new man into his cabin and had a heart-to-heart talk with him, before telling him his duties. "I like to let my men know that we're all in the same ship and that we go up or down together," he explained.

Love of Sea
He is not much interested in social life here, and whenever he can get away from visiting Washington in summer, he hops into a seaplane and flies to his cottage at Lake George, Penn., which is about 40 miles from his headquarters at Wilkes-Barre. Over his door is the backboard of the dismantled U. S. S. Brooklyn (one of his ships). It's usually a surprise visit, and he explains it: "I was wild to row a boat." His wife was Katherine Howard, a neighbor who played with him when he was a child and went sailing with him in summer holidays. He has two daughters, both married.

Today Admiral Stark's hours are filled with talk of steel, propellers, engines and oil, but his love of the sea is the romantic about-ouk-and-canvas kind. When he was graduated from Annapolis he saw his duty aboard the last windjammer in navy service.

Even today his favored sea recreations are his talks with the men of the wind, about sailing ships. "There's something thrilling about sailing a ship that can't be replaced," he says. In a reminiscent mood he tells of the thrill he got out of taking the helm of a ketch boat that belonged to Gregory of the Navy Adams. "It was like driving a thoroughbred horse."

Balladship Side
His love of balladry, however, does not detract from his respect for balladry. He is as the balladship side of the ship-plant controversy, but thinks of the navy as a military organization. Admiral Mahan's famous phrase, "The navy is composed of men, ships and base, and the most important of these are men and ships."

"I got my first love for sailing as a boy," says Admiral Stark. "That was my reason for going to Annapolis." As a child, he was rowed on the variety club and did a lot of swimming. He still fond of the sea and has an on-duty, he often wakes his aide early for an hour pre-breakfast swim.

He was graduated about mid-

Admiral Stark . . . his office has a salty air.

Homesickness Chief "Ailment" on Midway Island, Jerome Boy Says

JEROME, June 9 (Special)—Oscar Peterson, son of Mr. and Mrs. O. Peterson of Jerome, is finding Midway Island, in the Pacific, an interesting spot, despite the fact that it is 4,000 miles from his home town, and "about as lonely a place as I can imagine," he says in a letter recently received by his parents.

"The fellows will be working along all right, but just let the Clipper come, and a bunch of them get domestic all at once, and tell the foreman to jump in the sea, and take off for the states," he writes.

Oscar, like most all Americans, wants to do his part for his country, and is vitally interested in every activity which has become a part of his daily routine of life.

500 Want to Quit
He stated there are about 1,250 men on the island, and at least 500 are waiting for a chance to leave, because "it's the loneliest place that gets them."

"I find the work extremely interesting, and the company is wonderful. I like to do it. So far, I can't see why anyone couldn't stick it out for a year or two."

Peterson sailed on the Larline on April 17, from San Francisco, spending five days in Hawaii where he enjoyed the famed playgrounds of the islands and took several tours to famous points of interest.

Arriving at Midway Island via transport on May 4, he is employed in construction on Eastern Island, and the Eastern Island is perfectly the reef," he writes, "and is perfectly protected."

One nice feature of this job is the hot ride every morning at 6:30, and back to the barracks in the evening. The temperature here is about 80, and glittering water, and even reflected sunlight causes serious sunburn, so we all wear dark glasses.

The only "ill" in the district is the frequency of colds, due to extreme dampness of the atmosphere. So far the temperature hovers around 74 degrees. There is a real doctor and a hospital.

We have a fine recreation hall, and there is a canteen where everything can be purchased, though prices are high on everything except tobacco which is tax-free, and much cheaper than at home.

There are various sports in which one may participate, including tennis. Fishing is the finest, if a man way in his class and soon afterwards elected a series of destroyer commands, one of which he was to relieve Franklin D. Roosevelt the helm. Ross after that episode, Stark was sent to Los Angeles, and when the United States entered the war, he was ordered to take five ancient destroyers on a 12,000-mile voyage to the Mediterranean. And Stark brought his "tube" through Gibraltar. For this accomplishment he was awarded the distinguished service medal, and shortly thereafter was assigned to the staff of Admiral Hinson.

Years of distinguished, but less dramatic, service intervened before he got the navy's No. 1 job. That was in 1939, and he has three years to serve.

FORMER RESIDENT DIES
JEROME, June 9 (Special)—Friends in Jerome learned last week of the death of one of the county's pioneer women, Mrs. Sarah Ann Lee, who died May 1, at San Diego, Calif. Mrs. Lee was the mother of Mrs. J. L. Minney, also a former resident of Jerome. Mrs. Lee was born in North Carolina, July 25, 1850.

Only One Harbor

Only one harbor in Great Britain can provide anchorage for the entire British fleet at either high or low tide. This harbor is Rosyth.

We Welcome Our Opportunity to Serve

The telephone job in national defense is bigger than ever before. That applies to the Army and the Navy in their plans for expansion—it applies to industry which turns to the telephone for speed of communication in its task of production.

We welcome the opportunity to serve. Trained and experienced men and women—8,300 of them in this Company and over 340,000 in the Bell System are working with management to get each job done at the right time. Every employee appreciates his or her part in the living tradition that is the telephone business—"The message gets through at all times and under all circumstances—the job gets done as scheduled."

Muddy Ruel Gets Credit for White Sox Success

By HARRY GRAYSON (NEA Service Sports Editor) CHICAGO, June 9—Why do pitchers who can't get themselves arrested elsewhere suddenly get tough in White Sox pinstripes?

That wasn't at all complimentary to Connie Mack and the Athletics' coaches, but the Chicago staff, currently the best in the American league, is something in the way of evidence that Coach Ruel rehabilitates hurlers.

Rehabilitated Bill Dietrich and Edgard Smith got nowhere in a jiffy with the A's. Thornton Lee did little more than rear back and pump the pill through there for Cleveland.

Chit Brown was just made dealer with the Tribe. Ruel made him one of the most effective relief workers, and Dykes finally gave him back to the Indians for Johnny Nuyken.

Peter William Appelon was 35 when Washington snapped him to the Chicago, but he wasn't too old to lead the Sox.

Big Jack Hanlett lost 21 white winning 12 for Shreveport in 1940. Now he's the starter in the American league.

W.C. Hurler recommended to Cowboys for mound staff... Big fish catches reported from North Country...

Wain Falls municipal golf course appears to be in the best shape it has for several years... fairways in beautiful condition and the new grass greens look like they will last for years.

While a good many of the south central Idaho high school coaches are attending summer school this year, it appears that most of those unattached are seeing army service.

Don Conyers, who was at the Cowboy training camp this spring but couldn't quite make the grade with the Wranglers, is doing a fine job of hurling for the Halley Triumph Mijers and may be ready for another try next spring.

By United Press Pocatello Cardinals split a doubleheader with the Salt Lake Bees in the only Pioneer league game played Sunday.

Playing at Pocatello, the Bees won the opener, 6 to 4, but dropped the nightcap, 3 to 2, to the third-place Cardinals.

Bob Jensen, Joe Gambaro and Al Tate took turns on the mound in the opener, giving up a total of six hits to the Cardinals. Larry Kempe yielded 14 runs to the visiting Bees who broke a five-game losing streak with the victory.

In the nightcap, Benny Benzmiller belted out a third-inning home run with two Cardinals on base starting a spree that gave Pocatello 15 hits over 14 runs on the field.

First Game Salt Lake 100 211 010-6 12 2 Pocatello 030 000 010-4 6 1 Jensen, Gambaro (7), Tate (8) and Morris; Kempe, Cash (9) and Peterson.

Second Game Salt Lake 100 000 002-10 15 1 Pocatello 150 200 21X-14 15 1 Tate and Hatchett; Peters and Peterson.

Feller Fills out Questionnaire; August Induction CLEVELAND, June 9 (AP)—Bob Feller, the Cleveland Indians' 32-year-old pitching ace, filled out his selective service questionnaire today.

Craig Wood Wins Open Tourney—But Snead Scores Moral Victory

By HARRY FERGUSON
 PORT WORTH, Tex., June 9.—Craig Wood had a sore back and won the National Open golf championship. Samuel Snead had a sore back and he also won quite a victory. It was not a victory in the usual sense of the word—Snead's handicap was \$1,000; no crowd gathered to pump his hand and ask for his autograph; no one brought him congratulatory telegrams and handed them to him. It was a quiet victory and one that was won at the cost of considerable physical pain.

Snead finished in a tie for twelfth place. He played his two rounds in agony and was unable to stoop over to line up putts or pick a ball out of the cup. He would have been fully justified in withdrawing, but he went limping on around the fairways, giving his best to every shot. Many poems have been written and spoken harsh words about Snead and I have been among them. We have said he lacked courage, that he contracted the leading litters when the big tournaments rolled around

Play Underway In Burley Golf Tourney

BURLEY, June 9 (Special).—Qualifying rounds in the annual Burley best-ball tournament got under way here yesterday and all scores of this type must be posted by Saturday night, June 14, according to James R. Edwards, course professional.

Then match play will start on Sunday, June 15.

Far the most successful of Burley Municipal Golf course tournaments, the best-ball meet was won by Dr. Shade and Glen Hunter in 1940, who defeated George Kronk and Jim Roper in the finals. In 1938 Jack Roper and Dr. Kelly beat Johnny Brooks and I. H. Harris for the crown.

Prizes for this year go to the medalist, runner-up and championship.

First ladies' day of the year will be held on Wednesday with Mrs. Jack Stimplot and Mrs. Roma Rambo as the hostesses.

Driving, pitching and putting contests will be held during the day with a nine-hole flag tournament slated.

An airliner consumes 300 gallons of gas in a run between Chicago and New York.

Ted Kakoliris Takes Lead in Batting Race

Due to some heavy slickwork during the past week Ted Kakoliris, Pocatello third baseman, jumped from sixth to first place in the Pioneer League individual batting race with a mark of .352. Kakoliris is 162 in 28 games, making 57 hits in 169 trips to the plate.

Bob Joratz, Pocatello outfielder, blasted 14 hits in 33 times at bat during the week, and took second place with a .350 percentage. The average of 20 points since the last averages were issued. Mel Cole, Idaho Falls backstopper, bounced back into third place with his mark of .347. Joe Egnatic, Boise outfielder, is only one point behind Cole for fourth place with .346. Mel Wasley, Pocatello outfielder, leaped from

THE SCOREBOARD

By HARRY GRAYSON
 NEA Service Sports Editor

Karl Kozeluh, famous internationalist, ranks the tennis greats. E. Tilden, La. Coste, Cochet, Stand Perry.

"Tilden and La. Coste stand out," explains Professional Kozeluh, the one-time American Davis cup team coach. "The others are close."

"Perry was always good . . . every day."

"Vines had one good year. A great player will stay up there for four or five years. Look how long Tilden was on top. He is still formidable and he is 47 years old."

"Perry was a better all-around player than Budge, but I believe Budge at his peak could have beaten the Englishman. Budge quit amateur tennis a year before he hit his peak. Budge and Perry outside on grass—that would be a match to see. Indoors on canvas, that is not tenable."

"Vines had a good serve and forehand but no backhand. Ellis's forefootwork was not good, either."

"Perry had perhaps the best footwork. He was a smart player."

"I don't see William M. Johnston at his best. He was little and very quick . . . California style. He was great for two or three sets, but in championship tennis a man must be good for five sets."

"Lot was the best doubles man. He won the championship with three different partners."

"Riggs is the best amateur today, but he may not win any more. He argues with his wife. A man must concentrate to play winning tennis. Fighting with a wife is foolish."

"Kovacs is a funny fellow. He makes shots nobody else can make, but he is not good every day."

"McNair is just a stringer. When he is hitting he can give anybody a game, but that is not often enough."

"Susanne Lenglen was the greatest. She was like a boy on the court. Alice Marble would have no chance with her. Lenglen, then Helen Williams, Moody Roark, then perhaps Marble. Molla Bjurstedt Mallory was very good, but not good enough for Lenglen or Moody."

They all agree on Susanne Lenglen and Bill Tilden.
