## Army Takes Over Los Angeles Plant

More than 3,500 workmen were reported back at their jobs at the North American Aviation company as the United States army gained control of thousands of pickets surrounding the plant, drove them away from the gates. Above, soldiers stand guard with ready machine guns at a main gate in front of the plant.

# STRIKERS GO BACK TO JOBS

By ROBERT C. MILLER  
INGLEWOOD, Calif., June 10 (UP)—Col. Charles W. Steinmetz announced that 3,434 workers, approximately half the normal day shift, reported for work today at the North American Aviation factory where the army ended a CIO strike at bayonet point yesterday at President Roosevelt's order and took over operations.

"We can assure at least fifty per cent normal production," he said. "New planes will be starting to roll out within a few hours."

The normal day shift at North American, before the CIO strike closed the plant last Thursday in a demand for higher wages, was 6,600 men. There were no reports of returning workers being molested by strikers. Soldiers with bayoneted rifles and sub-machine guns patrolled a picket line after being driven further and further away from the factory by the soldiers.

There was a report they might attempt to reform a line but the army said the nearest they would be allowed was one mile of North American — and they would be pushed even further if necessary to render the demonstration ineffective.

Decide to Cooperate  
One crowd of 150 persons got through the outposts and reached the union's strike headquarters 1,000 feet from the plant where they shouted "scab" and "rat" at the returning workers.

A loudspeaker truck started an appeal to "stick together—don't go back to work—"

when an army sergeant walked over and the speaker was turned off. It went on again later with instructions for the crowd to "break up and move one mile away. Let's cooperate with the army, boys."

Steinmetz said 1,811 men worked yesterday, and 600 worked last night, after 3,000 soldiers had cleared away the picket lines.

Lt. Colonel Charles E. Branahan, directing army operation of the plant, sent each of the 4,000 strikers a telegram. It said:

"I invite and request all employees to return to their jobs at once. I guarantee them absolute safety while on the job, while proceeding to or from work, or while they are in their homes. Report on your regular shifts."

Johnson Orr, member of the strikers' negotiating committee, which called the walkout last Thursday and paraded 100,000 worth of stock, meanwhile called the strikers to a meeting.

## Workers Return to Job as Army Gains Control of Strike-Bound Plant

(NEA Telephone) Branshaw, U. S. army air corps, formally took charge backed up by approximately 3,000 bayonet-armed soldiers. Above, a squad of soldiers, bayonets raised, moves pickets from the front of the plant, shown in background.

# U. S. Steamer Sunk; Torpedo Blamed

WASHINGTON, June 10 (UP)—The White House disclosed today information definitely indicates the steamer Robin Moor went down on this side of the Atlantic, but Americans were asked to suspend judgment on the matter until all the facts are ascertained.

Secretary Stephen T. Early said President Roosevelt is seeking information through every official channel on cause of the sinking of the American freight and passenger steamer. Some reports had said the steamer was torpedoed in the south Atlantic.

"I think the President would appreciate it if you suspend judgment until the facts are ascertained," Early said. "We don't know yet the cause of the sinking. We are trying to determine that."

"The position of the ship (when it went down) seems to be fairly well determined, and that would put it in American waters on this side of the Atlantic."

(The owners of the vessel announced in New York the vessel carried eight passengers and 33 of crew.)

One report of a third had radio message from the steamer's communications division—said the ship was struck by a German torpedo. If true, the Robin Moor would be the first American ship sunk by the Germans during this war.

Sunk After Explosion  
One other American ship, the freighter City of Rayville, 4,332 tons, has been a war victim. It sank after an explosion, presumably by a mine, on Nov. 8, 1940 in Bass Strait, six miles off Cape Otway, Victoria. One of a 25-man crew was lost.

"The other freighter of the steamer came through the port captain at Portales, Brazil, who received a message from the Brazilian steamship Oceanic reporting it had picked up 11 of the survivors. The fate of others was not known."

The state department received a report last night from U. S. Ambassador to Brazil, Jefferson Caffery, giving the details as related to him by the Portales port captain. There was no mention in Caffery's report of the steamer.

# Free French and British Armies Near Damascus

LONDON, June 10 (UP)—Free French and British columns are closing in on Damascus, capital of Syria, and Beirut, capital of Lebanon, and the capture of both cities is imminent, dispatches reported today.

It was believed capture of Damascus and Beirut would precipitate collapse of Vichy troop resistance.

"Taken" Resistance  
This resistance had been serious only at a few points, according to all reports, and in most instances there was only "token" opposition.

The Free French under Branshaw, said 4,000 French troops had joined the Free French Sunday and were to be authorized to fight.

The allied forces also had the support of a big Arab force estimated at two divisions, or more than 20,000 men, advancing under British officers from Iraq toward Aleppo, in northwestern Syria, according to authoritative reports.

British experts expressed belief that with Beirut and Damascus in their hands the allied amphibious force would speed northward toward Tripoli from Beirut and toward Rayak from Damascus.

# Mussolini Says U. S. Help Won't Bring British Win

ROME, June 10 (UP)—Premier Benito Mussolini charged today American intervention in the war would bring an "authentic regime" to the United States, would not give Britain victory and would only result in extending the length of the war.

He warned Japan would "not be indifferent" to American entry into the conflict and predicted Tokyo would prove loyal to her obligations under the three-power military pact.

Mussolini told the cheering Fascist chamber of corporations on the first anniversary of Italy's entrance into the war that American intervention would "spread the war in other continents but will not alter the final decisions."

Despite the great distances involved, he asserted, Japan will help the axis.

Axis American Relationship  
Mussolini said the authoritarian regime which war would bring to the United States "would be inferior to ours."

"The Roman dictator said," he said to the laughing chamber, "I know most amateurish compared with Delano Roosevelt."

"United States intervention," he said, "does not greatly disturb us. United States intervention would be tardy and would not give Britain victory."

(Continued on Page 4, Column 2)

# Plane Wreckage Found; Six Dead

EVANSTON, Wyo., June 10 (UP)—Joe Birleffi, a resident of Fort Bridger, Wyo., east of here, said today he had been told that searchers had reached the wrecked army bombing plane which has been unreported from Salt Lake City since Sunday, and that its six occupants were dead.

Birleffi said he understood the plane crashed and was "all broken up" on a mountain ridge six miles east of Fort Bridger. The old Wyoming frontier fort is 20 miles east of Evanston.

He said the ship had gone down near the Carter emergency air field, only a short distance from Fort Bridger.

Birleffi said his informers told him they were steering all persons away from the scene of the crash in order that the wreckage would be undisturbed until an examination into the cause of the crash could be made.

The man said he was unable to confirm either of the reports but it was "general information" in Fort Bridger.

WRECKAGE HIGHLIGHT  
SALT LAKE CITY, June 10 (UP)—Two United Air Lines pilots today admitted what they said was "all broken up" on the army bomber, missing since Sunday with six aboard, on a wooded knoll eight miles east of Lyman, Wyo.

Pilot Eddy Brooks telephoned his Salt Lake City office from Cleysen, Wyo., that the plane did not appear to be badly damaged. He was unable, however, to see any signs of life near the wreckage that would indicate any of the crew had survived the crash. Brooks' observation was verified by Pilot Joe Huelsinkson.

Report Verified  
The report was also verified by the Fort Douglas air base. Base officers said the wreckage had been sighted from the air by Capt. Weiler recently but were unable to determine methods which might be used to rescue the men from the wreckage.

# 12 Drown as Dam In Texas Collapses

ALBANY, Tex., June 10 (UP)—At least 12 persons were believed drowned today when collapse of the Lake Miller dam sent a 20-foot wall of water down a creek into the center of Albany, smashing 35 homes and trapping residents.

Four bodies had been recovered. An eight-inch rain smashed the dam at 1 a. m.

The known dead: Mrs. Addie Hatfield, 50, and her mother, Mrs. Allen Monk, 80, whose homes, embracing each other, were flooded in a storm cellar.

It was believed they mistook the foaming of the waters for a tornado.

The 10-month-old son of Mr. and Mrs. Max Strong, swept from his mother's arms as they escaped.

Thelma Williams, one-year-old Negro girl.

Missing were seven members of the Paul Alexander family, Negroes, and John Gage, 70-year-old white man.

County Judge Graham Webb said the Lake Newell dam 18 miles north of Albany had collapsed, sending a new wall of water toward Albany.

Webb said residents along the creek had been warned of the new flood danger.

"We should be able to get them safely out of the way this time," he added.

# COUNTY'S NEXT DRAFT QUOTA 18

BOISE, June 10 (UP)—State selective service headquarters today announced local draft quotas under the 18th regulation which will be the first American job sent by the Germans during this war.

Ada county will supply 10 men, Boise city, 8; Hancock, 6; Parlatello city, 10; Canyon No. 1, 9; Canyon No. 2, 8; Twin Falls No. 1, 14; Twin Falls No. 2, 4; Shoshone, 18; Latah, 16; Kootenai, 1; Nez Percé, 13.

# CLARK, MILLER CONFER ON GAS

BOISE, June 10 (UP)—Gov. Chase A. Clark and Attorney General Bert M. Miller were to confer today on outcome of a meeting of oil producers and the office of price administration regarding western gas prices.

Miller returned last night from San Francisco where he represented the state at the meeting.

Gov. Clark said plans for introducing price-fixing legislation at a special session of the Idaho legislature would depend on action taken by the federal government in acting on gas prices.

"There would be no point in our passing laws to regulate prices if the federal government solves the matter," Clark declared.

# Miniature 'Quake Blamed for Slide

BOISE, June 10 (UP)—State mine inspector Arthur Campbell said today he believed a "miniature earthquake" caused the slide in the Sunshine mine at Kellogg, which buried two miners last week.

Campbell explained a huge fault runs through the Coeur d'Alene mining district and apparently persons exerted when earth slipped caused the hanging wall to fall. He said geologists went over the area recently but were unable to determine methods which might be used to prevent cave-in resulting from movement of the fault.

# Late FLASHES

ROME, June 10 (UP)—Italy severed diplomatic relations with the Iraq government today.

"The present Iraq government is a puppet government imposed by England upon a people who already have demonstrated that they do not intend to tolerate British domination," a communique said.

HOME, June 10 (UP)—The Italian high command said today Italian submarines operating in the Atlantic ocean attacked an "important" enemy and sank nine steamers totalling 85,000 tons.

The communique did not specify nationality of the ships sunk, merely describing the formation in which they sailed as "an important enemy convoy."

# BALL ATTENDANCE GETS JAYCEE AID

Plans for Jaycee cooperation in boosting attendance at local baseball games were outlined today as members met in regular weekly session with Loyd Frey presiding in place of President Alton Young, who was out of the city.

It is the plan of the Jaycees to present a stunt on one night of each baseball series starting with the Portales series June 20, 21 and 22. Fourteen committees will handle the 14 series from that time until the close of the season.

Plans was placed in charge of the first stunt. Pete Bonin, chairman of the baseball booster committee, reported on the matter.

Also discussed was the matter of the erection of the ski shelter in the Magic mountain area and plans for raising funds for the construction. It was pointed out that \$10,000 is needed to start the construction and an additional \$500 to complete it. The matter was referred to the board of directors to be presented at the next general meeting.

Clifford Pratt was appointed to bring in further details concerning erection of a permanent stone cross in the Shoshone falls bowl. The Twin Falls Memorial association and the Youth affiliation are backing the matter and asked cooperation of the Jaycees.

Don Merla, of the Mountain States Telephone and Telegraph company, He discussed activities of the company in the past year of business and also outlined future activities now being carried on. He was thanked by Jay Branch, chairman of the program committee.

# ADMIT RETREAT

VICHY, France, June 10 (UP)—French authorities said today they were in a "retreat" in Syria and Lebanon. The French government admitted the allied forces would speed northward toward Tripoli from Beirut and toward Rayak from Damascus.

# SUGAR PRODUCING STATES GET INCREASE IN QUOTAS

## 63,471 TONS ARE ADDED TO TOTAL FOR WEST AREAS

WASHINGTON, June 10 (U.P.)—Sugar producing areas today were granted an unexpected boost in marketing quotas by the department of agriculture.

The department announced a revised sugar consumption estimate for the original 1941 estimate by 27,572 short tons which was distributed on a pro-rata basis among producers supplying the American market.

The new consumption estimate takes into consideration recently increased purchases of sugar by American housewives, with the resulting increase in price. The expanded consumption estimate will tend to control the price, sugar economists said.

Mainland beet producers of Michigan, Colorado, Utah, Idaho and other middle western and far western sugar states will get an additional 63,471 tons of sugar quota, while Louisiana and Florida will have their cane sugar quota increased 17,208 tons.

Biggest individual gain is Cuba whose quota was increased by 78,250 tons.

The new consumption estimate is 7,125,561—the largest in the history of the quota system.

## CATTLE PAYMENT SUIT DISMISSED

Dismissal of a civil suit for \$2-103.91 had been ordered in district court today.

The action came when Judge J. W. Porter rejected request by the Twin Falls Commission company that it be allowed to amend its complaint against Hartford Accident and Indemnity company. The suit had requested judgment against the indemnity concern as bondsmen for Hampton Livestock Commission company, Los Angeles.

Cause for the Twin Falls firm discovered that H. A. Grothoky, Burley, who bought 61 head of cattle last Nov. 15, was not agent for the Hampton company but had purchased the cattle himself and consigned them to Los Angeles for commission sale. He has not received his commission thus far.

Grothoky's draft on the Los Angeles company was returned unpaid, according to the court suit.

Ferry and Thoman, local counsel for Hartford, had argued that the Hampton organization had turned its \$17,000 bond over to the Los Angeles Livestock exchange because of financial difficulties.

## AROUND THE WORLD

**By United Press**  
**MOSCOW**—B. L. Vannikov, commissar for armaments in the government, has been relieved of his duties "for failure to cope with the duties of a commissar." It was announced today, and Dmitri Ostynov has been appointed in his place.

**BERLIN**—Two British freighters totaling 10,000 tons were sunk by German planes off the south coast of England yesterday while in the Atlantic. German planes damaged two other ships so seriously that their loss may be assumed, the German high command said today.

**BERLIN**—Authorized German quarters said today Germany is "completely on France's side in the Syrian conflict."

"This declaration of support for France is purely political," it was said. No deductions regarding military aid should be drawn from the statement, a spokesman said.

**WASHINGTON**—High government officials said today the United States, moving to exert new pressure on France, has given some assurance that it does not intend at this time to regulate the 11 French vessels tied up in American ports.

**WASHINGTON**—Increasing civilian and defense demands for limited supplies of zinc soon will result in the rationing of the strategic metal, well-informed defense officials revealed today.

**SAN FRANCISCO**—Western Pacific railroad plans to buy 650 new freight cars, four streamlined passenger cars and three 8,000-horsepower Diesel-electric freight locomotives at a cost of \$1,600,000, it was announced today.

**MONTREAL, Que.**—The lower St. Lawrence area last night had the most extensive air raid blackout ever held in North America. All lights, except those in war industries, were extinguished.

**SAN FRANCISCO**—Deadline for complying with request of the office of price administration and civilian supply to reduce the buying price of crude oil and the selling price of gasoline has been extended until July 1.

Vessels now flying the American flag carry an estimated 7,000,000 tons.

## Mrs. G. Tarpning Paid Final Honor

GOODING, June 10 (Special)—Funeral services for Mrs. Glenna Tarpning were held Friday at the Thompson chapel, with Rev. C. H. Northrop of the Baptist church officiating. Rev. A. E. Beasley, Wilder, assisted in the service.

"Adele With Me" and "Beautiful Isle of Somewhere" were sung by a quartet, Mrs. Ralph Horton, Mrs. J. W. Peterson, Dr. R. E. Hubbard and Mrs. Fred Harms, with Mrs. Lloyd Sulvey accompanying.

Mrs. Glenna Tarpning was born in Ohio in 1859. She came with her husband to Idaho and located in Hagerman valley. They built a home in Hagerman in 1911 and in 1929 came to Gooding. Mrs. Tarpning died in 1930.

Mrs. Tarpning had made her home with her son, C. G. Tarpning, in Gooding for the past several years. In March she went to Phoenix, Ariz., to visit another son.

## Gooding Pair Weds

JEROME, June 10 (Special)—A marriage license was issued here Saturday in the offices of Mrs. Charlotte Roberson, to William Lester Roberson and Donna Bell Day, both of Gooding. The couple was married the same day by Probate Judge William G. Comstock, with Mrs. Fern Williams and Mrs. Mary Roberson, mother of the bridegroom, as witnesses.

## BURLEY C. OF C. PLANS ELECTION

BURLEY, June 10 (Special)—Plans for the annual meeting of the Burley Chapter of Commerce are being made by officers, the meeting will be held Thursday, June 13, at the National hotel to elect directors for the ensuing year.

The terms of Oscar Weidon, George Klink, W. A. Sizer and J. P. Hackney will expire at that time. Hold-over members of the board are R. O. Egan, R. W. Peterson, George E. Demman, Harvey Rogers, A. O. Smith, George H. Scholer, C. W. Thomas, Maxon L. F. Hollis and George J. McLaughlin.

At the meeting held here this week Richard Averill and C. E. Simonson, Alton, and Pete Hill of the local airport school, discussed the matter of the ground school course being held at Alton Normal and of the flight school being held at the Burley airport.

C. W. Thomas told of the importance of cooperating with the city council in the matter of airport improvements, and A. M. Solomon stated that the city would put up \$5,000, a hangar and administration building valued at approximately \$25,000 would be built here with the help of state and federal funds.

Last week, a committee from the Chamber of Commerce and from Alton State Normal school met with the city council urging that the city take immediate action toward construction of necessary buildings at the airport.

President George Klink told the council that immediate action was necessary in order to secure government aid and to facilitate the pilot training program here. C. E. Simonson, of Alton State Normal, said that the government has already spent \$40,000 on Alton-Burley pilot training courses, and that a larger amount would probably be spent this year. Sixty fliers here have been trained in classes so far, and another class of 20 or more fliers, is scheduled to start July 5.

The city council committee have agreed to meet with airport officials and Alton State Normal school to work out the problems at hand.

## KIMBERLY

Mr. and Mrs. G. I. Kious received word recently that their son, Alvin Kious, has been accepted into the U. S. navy. He has been employed at Marysville, Calif.

He has been here that Hershel Tate, son of Mr. and Mrs. N. D. Tate, was married in Hollywood, Calif., May 9 to Miss Dorothy Simmons of that city.

The Elmore Normal Fire company was reorganized last week at the city park. Officers elected were Winifred Tyler, president; Blanche Brown, vice-president; Shirley Stanger, secretary; Shirley Thomas, treasurer; Lucy Rae Welch, reporter, and Roberta Day, sergeant-at-arms. Leader of the group is Mrs. Glenn Storn.

Rev. and Mrs. M. W. Bower and daughter, Barbara, left for Eugene, Ore., to visit their daughter, Adele, who has been attending college at Corvallis.

Franklin Aulder left Wednesday for Los Angeles where he plans to attend aviation school.

Mrs. Harriet Brunus and Mr. and Mrs. Loren Brunus left last week for Portland, and Miss Eltha Brunus, who will become the bride of Kenneth Ward Given, Twin Falls, this month, will return with them.

Warren Larsen, employe at the Kimberly Motors garage, left Friday for a two-week vacation visiting friends at Corvallis and Nyssa, Ore.

**Beat the Heat STA-COOL**

## Special Program Given at Grange

RUPERT, June 10 (Special)—A special program in honor of Flag Day and Father's Day was given Friday evening before the Rupert Grange which met at the Christian church annex. Grange Master E. L. Maricle presided at the business session.

The program, in charge of Grange Lecturer Mrs. W. E. Jackson, consisted of a vocal solo, "Memories," by Mrs. Fred Scherpbach, with piano accompaniment by Mrs. Floyd Britt; reading, "Father," by L. A. French; vocal duet, "The Mountain Stream," Elvare Scherpbach and Helen Lucille Loux, accompanied by Mrs. Floyd Britt; reading, "Flag Etiquette," Mrs. C. Warren Dalglish; poem, "Our Flag," Mrs. W. E. Jackson; group singing, with Mrs. Fred Rucker, Grange pianist, accompanying.

## Jaycees Vote to Continue Meeting

GOODING, June 10 (Special)—Gooding Jaycees held their regular monthly meeting at Flynn's banquet room Wednesday evening with Joe McFadden presiding. The question of disbanding had been discussed and the matter was brought to a vote resulting in a vote favoring the continuation of the organization.

Outstanding accomplishments of the group were cited as including the sponsorship of the Outlaw basketball tournament, the Christmas lighting contest, the parade and the softball tournament. The organization affords the young men of the city an opportunity to participate in civic affairs.

Plans were discussed for a club social affair to be held at Banbury's natatorium Wednesday evening, June 25, with wives and girl friends to be invited. Herbert Clark was named chairman of arrangements. Entertainment will include swimming, horse shoes and a "Dutch" lunch.

They will also visit friends at Corvallis.

Franklin Aulder left Wednesday for Los Angeles where he plans to attend aviation school.

Mrs. Harriet Brunus and Mr. and Mrs. Loren Brunus left last week for Portland, and Miss Eltha Brunus, who will become the bride of Kenneth Ward Given, Twin Falls, this month, will return with them.

Warren Larsen, employe at the Kimberly Motors garage, left Friday for a two-week vacation visiting friends at Corvallis and Nyssa, Ore.

## RECORD Man-Made Lake

Twin Falls' per capita fire loss during the month of May was so small that it really isn't worth mentioning.

A report by Chief Zeke Bartlett shows that five fires were noted during the period and total damage was \$10.

In other words it cost every person in Twin Falls only eighty-three and one-third hundredths of a mill for fire—or, in round numbers—00033.

BRITISH CASE 5,000 INVADERS DRAWN BY SEAS CHURCHILL SAYS

CHURCHILL SAYS 5,000 INVADERS DRAWN BY SEAS

LONDON, June 10 (Special) — Prime Minister Winston Churchill today placed imperial losses in the unsuccessful defense of Crete at 15,000 men killed, wounded, taken prisoner or missing.

Churchill's announcement to commons revealed Britain lost almost the second largest island in the Mediterranean in the bitter battle against the Nazi air-borne attack.

The admiralty yesterday revealed 12,000 were evacuated from Crete, placing the cost of the defense campaign to Germany at 5,000 troops drowned, 12,000 killed or wounded, 185 planes and 300 tanks destroyed.

In addition to the loss of imperial troops, the successful attack on British 10 warships—four cruisers and six destroyers—sunk as well as many others, including 200 landing craft, damaged in Axis air attacks.

Churchill said Britain is and has been pouring arms into the middle eastern sector at a considerable danger to the home front.

"We hoped 25,000 or 30,000—I am making it a little higher," said the prime minister, "with artillery, tanks and the aid of Greek forces would be able to destroy the enemy as he landed."

Library Board of Rupert Gives Tea

RUPERT, June 10 (Special) — Citizens of Rupert and vicinity were guests of the Rupert library board at a tea given in the city library building.

The program was provided by a short program, announced by Mrs. Mott. This included a piano solo by Miss Cecelia Cully, vocal solo Miss Amelia Pappas, accompanied by C. E. Runyan, talk by M. C. Carter, superintendent of Rupert schools.

Full cooperation of registrants and complete information about selective service boards is essential for the proper placing of each individual in the national defense program.

In some cases, employers have failed to assist a local board by giving complete information about registrants, when the employer alone knew that these registrants were essential to national defense in their civilian occupations.

AID DRAFT BOARD, EMPLOYER ASKED

In some cases, employers have failed to assist a local board by giving complete information about registrants, when the employer alone knew that these registrants were essential to national defense in their civilian occupations.
