

EXTRADITION BAN RELEASES ARTIST

With extradition refused by Gov. Chase A. Clark, Jesse Hornbeck, 38-year-old Piler commercial artist, is free today and won't have to go back to Kansas on claim that he took an auto out of that state without permission of a finance company.

Hornbeck was released from county jail Tuesday afternoon after Clark found the matter did not warrant extradition. As a result, Sheriff Frank Garver and Prosecutor Andrew C. Melzoff, Oberlin, Kan., must go home without their intended prisoner.

Habeas corpus hearing in district court here was adjourned. The hearing had been set for 1 p. m. today.

The governor ruled that since the machine in question had been repossessed and is in good condition, Hornbeck should not be forced to return to Kansas. The man's wife claimed that the concern from which he bought the car in Oberlin had assured him he could take it anywhere because his business is an itinerant one.

Hornbeck's counsel pointed out that the claim of moving the car to California, minus the license, doesn't "hold water" because the auto company knew the buyer was a resident of McCook, Neb., at the time he purchased the machine.

WELLINGTON, N. Z.—Acting Prime Minister Walter Nash reported 5350 New Zealand troops have been sent to the Greek, and Crete campaigns.

WASHINGTON—The Brookings Institution, in a study of "Ward Europe and world trade" by Dr. Cleona Lewis, today reported that a German-controlled Europe "would be far from economically self-sufficient."

WASHINGTON—Approximately 375,000 tons in lend-lease materials have been delivered to Britain and China in the few months since enactment of the \$7,000,000,000 aid-to-democracies program. The War Relocation Authority today said it is on a scale at least 10 times greater than last year.

WASHINGTON—President Roosevelt has asked congress to appropriate \$100,075,000 more for naval auxiliary craft.

CONTROL PUT ON ALUMINUM, ZINC

WASHINGTON, June 11 (UP)—Priority Director E. R. Stettinius, Jr., of the office of production management today issued orders placing aluminum scrap and zinc under full priority control.

The orders provide that all defense needs for these materials shall be filled ahead of all other requirements.

In connection with zinc, Stettinius ordered creation of an emergency pool to meet urgent needs and that the remaining zinc be allocated among competing civilian demands.

To acute has become the shortage of aluminum, the OPM priorities division said, that more than 99 per cent of all primary and secondary and reprocessed aluminum produced during June will be required for defense.

FDR ASKS FULL SINKING REPORT

WASHINGTON, June 11 (UP)—President Roosevelt and state department officials hope to obtain before midnight a detailed report of sinking of the American steamer Robin Moor in the south Atlantic.

There had been unofficial advice the ship was torpedoed by German and reports received from the ship indicate only 11 of the 46 persons aboard when the vessel left New York have been found. They were picked up after being adrift in an open lifeboat for 19 days.

Mr. Roosevelt took charge of the quest for information and requested through White House Secretary Stephen T. Early, that the public withhold judgment on the tragedy until all facts have been ascertained.

The Brazilian steamer Ocorio, which picked up 10 crew members and one passenger from the Robin Moor, is due at Pernambuco, Brazil, tonight.

American officials will obtain a complete report on the sinking from the survivors and from Capt. Waldemar Lucto Pereira, master of the Ocorio.

Charles Beall and daughter, Mary, called at the C. A. Hawley and B. E. Vance, Jr. homes this week, being old time friends of both families.

Forms All Gone; License Held up

Drivers' license sales moved with such a rush in Twin Falls that printed forms were gone today and distribution was suspended until the new supply arrives.

State Officer V. K. Barron said he expects more forms by Thursday. About 600 renewals were sold Monday and Tuesday in addition to 50 permits to drivers who did not previously have a license. Ten chauffeur licenses were also issued.

Motorists not wanting to wait until the new forms arrive may mail their renewal stub (top half of the current license) to the department of law enforcement, Boise, with the 50-cent fee.

RANCHER KILLED AS HORSES BOLT

GLENN'S FERRY, June 11 (Special)—Suffering internal injuries when his farm team suddenly bolted, John W. Hice, 65, was killed yesterday at his Mud Springs ranch.

Mr. Hice was dragged 150 yards. He was caught under a hay rake. The accident occurred as he was driving the team through a gate with the hay rake. One wheel engaged on a gate post, frightening the horses.

Coroner P. F. Green said no inquest is planned.

Mr. Hice's wife and one son, Harold, survive as does one brother, Dan, Challis.

Where Were You?

"Where were you when the 'Tuscania' went down?" Soldiers in rough banter used to shout that at one another in 1918—a gentle reproof from the old-timer to the new recruit. It was the soldier equivalent to "What did you do in the Big War, daddy?"

Crusade, Almost

A one-man crusade failed to reach its goal. The one-man crusade was for about half an hour, no other than John Quincy Adams, the eminent pleader and statesman.

TRAINED MINERAL WORKERS NEEDED

As part of the comprehensive planning for national defense, mineral economists are needed to do research in the fields of minerals, coal and petroleum. It was announced today by A. T. Anderson, secretary of the civil service board of engineers with headquarters at the Twin Falls postoffice.

Civil service examinations for these positions are now open, he said. The salary range from \$2,800 to \$4,800 a year. Completion of a four-year college course with major study in such subjects as geology, metallurgy, mining engineering or economics is required, and professional experience dealing with the economics of mineral industries is required. Persons who may be qualified for these important positions are urged to file their applications at once. Applications will be rated as received until further notice. Blanks and full information can be obtained at the local postoffice.

Another examination just announced by the committee is for cylinder pressmen for employment in the government printing office and the bureau of engraving and printing of the treasury department.

In the government printing office, pressmen will be paid \$1.52 an hour for a 40-hour week. The bureau of engraving and printing pays \$10.56 a day. Completion of seven grades of formal schooling and a four-year apprenticeship or four years of practical experience as printing pressman are required of all applicants. In addition one year of journeyman experience in the actual operation of flat-bed cylinder presses is necessary. Applications with the positions must be on file in Washington by July 9.

DECLO

Lowell Walker, son of Mr. and Mrs. J. D. Walker, graduated from the University of Idaho, Moscow. Lowell is a graduate of Declo high school.

George Kessler entertained Thursday in honor of her daughter, Bonnie, sixth birthday anniversary, 13 guests being present.

Miss Ada Hawker has gone to Salt Lake for an extended visit.

Mrs. P. H. Whitaker and Miss Thelma Wilcox went to Cold Water camp where they will spend the summer.

John Fredrickson left Saturday for Welter where he will attend school.

Mrs. Nelle Cuswell and daughter, Ruth, left Monday for Los Angeles, where they will spend the summer.

Mr. and Mrs. Walter Pewkes and children went to Salt Lake where they attended a family reunion.

L. A. Gillett has returned from Moscow where he attended school.

Miss Mildred Dalton left the first of the week for Los Angeles, where she will spend the summer. Miss Dalton has taught school in Glenn Ferry the past winter.

Mrs. Hazel Blake spent the weekend in Salt Lake receiving medical treatment.

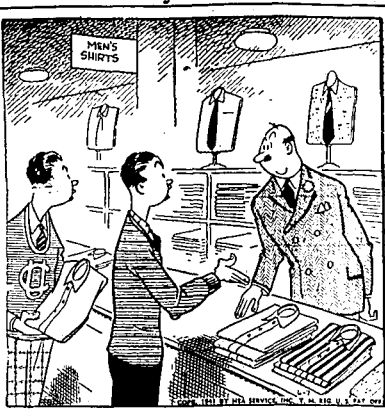

Mrs. Margaret Nielson has gone to Ogden to visit at the home of her son.

The following Declo people attended the primary and mutual convention at Salt Lake over the weekend: Rachel Lewis, Oleora Anderson, Hazel Hawker, Josephine Anderson, Nelle Kidd, June Hawker, Mr. and Mrs. Garth Brown, Mr. and Mrs. Bert Ingram, Weldon Allen, Roy Darrington and Mrs. Otto Peterson.

PRIZES ARRANGED FOR FLAG MARCH

Prizes will go to winners in various classifications among children participating in the flag parade Saturday and each "kid" marching will get a free poposicle at conclusion of the event.

That was the announcement made by J. H. Blandford, chairman in charge of flag week activities. Directing the parade will be John Cleary, of the local recreational staff.

The parade will form at the Union Motor corner at 10 a. m. and each child will carry a small American flag which will be given to them at that time. When the parade disbands at the city park each will receive a poposicle.

Cash prizes will be offered in various instances. Two 50-cent awards will go to the best-decorated bicycles; three 50-cent pieces for the best costumes in patriotic dress.

Announcement was made Tuesday that the city band concert program which will be presented Thursday evening in the city park will see members of the Elks lodge participating in annual flag day exercises. The program at the city park will start at 8:15 p. m.

KETCHUM

Mr. and Mrs. Luc D. Hill are home from a trip of three days spent on the upper waters of Castle creek, fishing. They reported the water high and fishing mediocre, but did not lack for excitement for a time, as their horses and pack outfit managed to get away, and were not caught for a time, when the weary folks corralled them and came home.

Mr. and Mrs. William Riley and Mrs. Hilby, Twin Falls, arrived during the week, and will spend the summer in Warm Springs canyon, at their cottage. Mr. Riley was called home one day during the week by the serious illness of Miss Riley, an aunt.

Mrs. Suzanne Staats, Mr. and Mrs. Glen Eckert, Mrs. Bell and several others spent Thursday on a trip to Craters of the Moon.

Mr. and Mrs. William Wilks, Jerome, who were married at that point last Friday, returned home Monday of this week, after having spent a brief honeymoon at the Riley cabin, on Warm Springs creek.

A road crew, with a large contingent of CCG boys, has been doing considerable road work on the Warm Springs road, grading and clearing up the winter debris, placing culverts and the like.

Many deer are to be seen every day in the canyons adjacent to Ketchum and as fewning time is now on, the little spotted fellows will shortly be in evidence. Luc Hill viewed a bunch of 15 elk on Castle creek a few days ago.

Off and on during the past 15 days, rain has had a decided impact and the clouds have been overcast. A mild frost has been experienced in the canyons and on several nights. There appears a tendency, however, for cold and rainy weather to cease, as the latter part of the week was fairly warm.

ALBION GIVES 159 DIPLOMAS AT ANNUAL COMMENCEMENT

ALBION, June 11 (Special) — Normal sessions were graduated Monday morning at an impressive ceremony held in Bessie Memorial auditorium. The 159 members of the 1941 graduating class marched in to the procession played by Mrs. Maye Anita Johnson.

Invocation was given by Rev. Lewis M. Harro, pastor of the Presbyterian church in Burley. Following this the L'Arche chorus sang "Song of the Valley," "Pannock," "Barren Hill," "Maiden," "University of Idaho, southern branch," gave the commencement address. His theme was "Albion Had a Lady."

The procession was given by Mrs. Lewis M. Harro and recessional was played by Mrs. Johnson.

Courtesies Arranged Prior to Departure

Dr. and Mrs. C. R. Fox, who have been the inspiration for a number of farewell courtesies, left today for Boise to make their home. Dr. Fox, a first lieutenant in the reserve, will report tomorrow at the air base at Boise for active duty. Monday evening Dr. and Mrs. Dean H. Affleck and Dr. and Mrs. E. R. Price entertained at dinner honoring Dr. and Mrs. Fox. Dinner was served at the Affleck home. They also were dinner guests of Mr. and Mrs. W. B. Brooks last Saturday evening. Another courtesy was a bridge event last Friday evening at the home of Mr. and Mrs. L. E. Hinton, attended by members of the supper group to which they have belonged. Members of the Hilo bridge club honored Mrs. Fox at a luncheon yesterday afternoon at the Park hotel, followed by cards at the home of Mrs. Hinton. Mr. and Mrs. Hinton were their hosts at dinner Sunday and Mrs. R. F. White entertained at a breakfast in their honor.

Betty Winniford Weds Bert Udell

RUPERT, June 11 (Special)—Miss Betty Winniford, daughter of Mr. and Mrs. J. F. Winniford, Acquia, and Bert W. Udell, Lebanon, Ore., were married at 10:30 a. m. May 31 at the Methodist parsonage in Rupert. The bride's parents, Mrs. M. Udell, Portland, Ore., mother of the bride-groom; Bob Winniford, brother of the bride, and Miss Janet Hagedlund, college roommate of the bride, were present for the wedding. Rev. Albert B. Parrott officiated. The bride wore an afternoon dress of dusty pink with shell white accessories, and a corsage of pink and white carnations. A wedding dinner was served at the home of the bride's parents. After a short trip to points of interest in south Idaho, the couple returned to the home of the bride's parents Sunday for the reception held in their honor. They left later for Oregon. The bride attended the Oregon State college the past four years. She will receive her degree in the fall of 1941. Mr. Udell graduated from the Oregon State college in 1940, and is employed as an executive in the research department of the Evans Manufacturing company at Lebanon, Ore.

Mrs. Claude Brown told of her trip to Australia, when she addressed the Alice M. Gibbs circle of the Baptist church at a desert luncheon session last week at the country home of Mrs. Dilford Requin, Mrs. Vernon Grimes and Mrs. George Champlin were co-hostesses. Australia was settled by white men only a hundred years ago, Mrs. Brown pointed out. Australia is larger than the United States, but has a population only equal to that of New York City, she told her audience. She said that all houses in Australia have mowers; that there are no wooden shingles since it rains so often; that there is no heat in the homes since stoves are so expensive; that roofs are covered with brightly painted metal. Mrs. Brown was in charge of the devotional period.

Weds This Week

By RUTH MILLETT (NEA Service) It's easy to tell a soft-faced mother, just how important she is to you and what she has meant in your life. It's a lot harder to tell a gruff-looking, embarrassed father that he was just as necessary to your development as your mother. But your father probably feels that all he has contributed to his children's growth and well-being are the things bought for them—like clothes and an education—with the money he earned. If you make use of it in the right way, Father's day will give you a chance to break through the emotional restraint between a father and his children to show him that isn't so. That doesn't mean you should be neglectful in ten minutes and enclosing a "To a Dear Dad" printed card on which you hastily scrawl your name. It means taking advantage of the opportunity for letting your father know some of the ways in which he has contributed to your happiness and success as a person and some of the reasons why you are proud of him. Gift Means Much Maybe you can't look him straight in the eye and tell him how much he is so embarrassing for you both, but you certainly can write him a letter and say anything you feel. It doesn't matter if you are still living under his roof. There's no law against writing a letter to a person you see every day. In fact, it may mean more to your "old man" than anything you could say. For if he can see every day the letter to your mother under the tree of letting her know that you're a pretty nice kid after all. His might even show it to a friend or two. But whether he shows it to anyone or not, you'll probably learn some time that he has put it away with the few papers he has saved, has, during a lifetime, found important enough to stick away and save.

Job's Daughters Tell OES Aims of Bethel

A program of music and readings and an explanation of the organization, aims and plans of Job's Daughters were given by members of the Twin Falls Bethel last night at the Masonic hall for Eastern Star and Masonic members at the O. E. S. chapter meeting. Honored queen of the Bethel, Miss Mary Jane Shearer, spoke on the organization of Job's Daughters. Miss Doris Ann Sherwood sang, accompanied by Mrs. Nellie T. Ostrom, and Miss Grace Wegener played a violin solo, accompanied by Miss Patricia Smith, to open the program. Miss Julia McBride played a piano solo. Closing numbers were readings by Miss Dorothy Krueger and a song by Miss Bernice Gullik, Filer, accompanied by Miss Julia McBride. A substitute staff of officers conducted business, headed by Mrs. J. A. Dyer, since chapter officers are attending grand chapter sessions in Lewiston this week. President Hoover and tallman rosebuds in a crystal bowl, between ivory tapers in crystal holders, formed the centerpiece for the refreshment table. Hostesses were Mrs. Ray Holmes, chairman, Mrs. Jennie Rihmich, Mrs. Arlene Jones, Mrs. Jess Weaver, Mrs. Lucy Lee Moore and Mr. and Mrs. Harvey Gibbons.

Spain-America War Gets Review

A program of a series of brief sketches depicting different events during the Spanish-American war, interspersed by musical selections, was presented last week at a joint meeting of the Spanish American War Veterans and the auxiliary at the American Legion Memorial hall. Separate business meetings preceded the program period. The program was opened with a piano solo by Miss Nola Carter, and a violin solo by Miss Della Holmes. During the auxiliary business meeting, the general session of the group will "vacation" during July and August. Plans were discussed for the annual picnic on the camp and auxiliary, time and place to be announced later.

BAD FLYING WEATHER BLAMED FOR BOMBER'S CRASH

PLANE IS FOUND IN WYOMING; ALL 6 ABOARD DEAD

LYMAN, Wyo., June 11 (Special)—Army men today examined wreckage of a big, two-engine B-18 bomber which crashed on the ground, as chief of field investigators, Major Don Benner, expressed belief that flying weather had caused the crash.

The bomber took off from Fort Douglas, Salt Lake City, Sunday for a routine trip to Chicago. Scarcely an hour later it slammed nose first into a sage-covered slope in southwestern Wyoming, 30 miles north of Lyman, crashing the body of the ship to two killing all occupants. Sunday was rainy and dark in Lyman.

Bad Weather
Bad weather continued and the wrecked bomber was not sighted until yesterday when all six pilots and an army flier located it while in flight and directed searching parties by radio.

Rancher Edwin Syme, 30, led army officers and sheriff's deputies to the shattered plane. The bodies, jammed into the front of the fuselage, were taken to Fort Douglas.

Syme said it looked like motor trouble because of the rolling condition of the cockpit. He said the position of the wreckage indicated the bomber fell suddenly, nose first.

No Sabotage
Army mechanics were examining the ship's engines, partly buried in the muddy ground.

Benner said there was "no possibility" of sabotage.

The victims:
Capt. David N. Matherell, 33, Oronoville, Va., the pilot.
Lieut. Theodore F. Holstein, Burlington, O.
Lieut. Lyman K. Harvey, Lakeview, N. J.
Lieut. John V. Gallagher, 27, Bayonne, N. J.
Staff Sergeant Terrance J. McGurgan, 26, Kenosha, Wis.
Staff Sgt. Dallas E. Hawley, 26, Yakima, Wash.

New Frontiers Loom, Idaho Graduates Told by Speaker

UNIVERSITY OF IDAHO, Moscow, June 11 (Special)—Although America may be confronted with the hard realities of a world in turmoil, the board of regents, and the horizon are new and inviting frontiers, such as were not open to the generations that have gone before, was the hopeful outlook Donald E. David of New York City, president of the American Maize Products company, gave 522 members of the graduating group, parents and friends at the University of Idaho's forty-sixth commencement exercises Monday. His subject was "America's Opportunity."

Speaking on the twenty-fifth anniversary of the own graduation from the University of Idaho—he was a member of the class of 1916—Mr. David said, "The greatest need in America today is the moral re-education of our people which is slowly but surely taking place. It must take place if we are to find that unity which is necessary to carry us forward to our destined leadership."

Must Be Safeguarded
"Free institutions that afford a maximum of individual opportunity are not an accident of nature, like the sun, moon, and stars for whose existence and movements and continuance we feel no responsibility. Generations of vigorous, industrious, and adventurous people have established these institutions. Only people of the same sort can safeguard and maintain them."

Mr. David spoke to the second largest graduating class in the history of the University of Idaho. Of the 522 degrees conferred, 428 were bachelor and 94 were master's degrees. This year's commencement did not record. It was the first time the advanced class passed the 100 mark. At 104 it exceeded by 14 the previous high in candidates from the graduate school.

A highlight of commencement was the fortieth anniversary reunion of the class of 1901, which has met every five years since its graduation. This rally brought 12 of the 16 living members of the class. In addition to see of its own reunion the class of '01 invited all living graduates from the first 11 classes.

1896 to 1906, for an "Old Times" rally.

Honorary doctor of laws degrees were conferred upon Clency St. Clair of Idaho Falls, one of Idaho's leading business and constitutional lawyers, and for 15 years a member of the board of regents, and upon Mr. David. In his citation prior to conferring the degrees President Harrison C. Dale of the university characterized Mr. St. Clair as "one of the first gentlemen of Idaho, an able lawyer, unselfish and public spirited citizen, who for 15 years has been a member of our board of regents not only sustained and defended the University of Idaho but promoted the cause of education throughout Idaho." President Dale paid tribute to Mr. David as a "skilled investigator and interpreter of the science and able practitioner of the art of business."

Served 18 Years
Admitted to the Idaho bar in 1904, Mr. St. Clair has been practicing law at Idaho Falls for 36 years. In 1925 he was appointed to the board of regents of the university and served for three successive terms—15 years—one of the longest periods of continuous service in the board's history. He retired as a board member in the spring of 1940. Five of his children have attended the University of Idaho, three of them receiving degrees.

Donald David, son of the late P. A. David and Mrs. David, pioneer Moscow residents, graduated in the class of 1916. He is one of four largest graduates to be graduated from the university. Mr. David was formerly professor of marketing and assistant dean in the Harvard business school. He was at one time president of the Royal Baking Powder company, is now president of the American Maize Products company, vice-president of the Great Island Holding company and president of the Idaho Maize company.

IDAHO TUNGSTEN MINE IS OPENED

BOISE, June 11 (Special)—Development of a newly discovered deposit of tungsten ore at the edge of Idaho's primitive area will begin late next month, John Bradley, mining engineer of the Bradley Mining company, disclosed today.

Nearly 100 workers have sunk a shaft 165 feet deep at the mine location near Summit, about 13 miles northeast of Cascade in Valley County. Bradley said the United States is now importing most of its tungsten to the body needed strategic metal but surveys show the new mine will supply about 10 per cent of the tungsten needed for domestic purposes when it reaches estimated production of 175,000 pounds of tungsten concentrates per year.

Feasibility of the mine was the main problem which must be overcome so the ore can be marketed, Bradley said. He has asked highway officials to survey a road which would permit trucking the ore to a railroad.

Bradley declared that miners will finish creek developments and reach the main ore bed within two or three weeks.

Jerome Votes Bus Contract

JEROME, June 11 (Special)—Announcement was made this week that the Jerome Independent school district No. 33 had let a three-year contract to the Spaeth Motor company, to provide transportation for Jerome school children. Five new buses for transportation of the children are expected to arrive within a short time, it was announced. Heretofore the Vinyard Automobile company had the bus contract, which expired this year.

Three cartons of coal were purchased by the local school board, it was announced. Announcement also was made that approximately \$24.50 for materials has been expended by the local board for the farm shop which is almost finished. Labor is being provided by the building's completion through N.Y.A. H. D. Cook, Jerome, is foreman of the construction work. Approximately seven youths are working to finish the shop which will be used by the "ag" students.

Because one of the elementary school teachers has changed her mind concerning her resignation, a contract was let to Miss Virginia Bedford who wishes again to teach in the Jerome school system. She has been an instructor in the Washington elementary school.

A contract was let to Felix A. Plastino, Jerome contractor-builder, to erect a new curbing of 316 feet in front of Jerome high school. This new curbing will be put in within a few days.

Old Folks Feted By L. D. S. Society

DEULO, June 11 (Special)—Hyrum S. Lewis, Deulo, president of the old-folks of the Burley state, reports that the annual meeting and social was held Thursday at the first ward chapel with 150 old folks who had reached the age of 65 and over, present.

Oldest man present was James England, who recently celebrated his 90th birthday. Oldest lady was Mrs. Sarah Bingham Deulo, who will soon celebrate her 83rd birthday.

A program was rendered with a number of the old folks taking part. Address of welcome was given by the mayor of Burley, Mr. Hollis. Special musical numbers were rendered in keeping with the occasion. A banquet was served by the state and ward Relief society members. After the banquet they were special guests of the Burley theater. Each was presented with a badge.

Jerome Draftees
JEROME, June 11 (Special)—Edward Henry Ulrich and Wilbert Wardell Groce will be the two men to be called next for selective service from Jerome county. Because Ulrich is not now a resident of this county, his transfer file has been forwarded to Bozeman, Ore., where he will be inducted.

Announcement was also made by the local officials that any youths who reach the age of 21 years by the first day of July of this year, 1941, must register also for selective service.

Hansen to Discuss Hot Lunch Project

HANSEN, June 11 (Special)—An urgent request is being made by the general chairman of school hot lunch project, Mrs. W. McMaster, for all representatives of the civic clubs of the community to appear at the Friday, June 13, meeting at the Orange hall, where organization of the central committee will take place.

Reports from last Friday's meeting as well as a report on the part of the school board will play in the hot lunches for the coming year, will be heard. Election of officers and naming of the new organization will take place.

Certified: 13,398 MILES ON ONE 5-QUART FILL OF THIS NEW OIL

5 OTHER GOOD OILS OUTDISTANCED 74% TO 161%
Impartial test in Death Valley Desert. 279 ft. Below sea level.
6 cars Destroyed to give you Economy data beyond any Quibbles.

U.S. Patent No. 2,218,332 tells exactly what is new about the new Conoco motor oil named **CONOCO N4 MOTOR OIL**

5 quarts of this same new Conoco N4 oil that you can buy today, lasted 13,398.8 miles in a stock coupe—under lock and under scrutiny every minute.

13,398 miles up and down Death Valley. Sand and sagebrush. Lowest land and highest extremes of heat in our U.S. A.

5 other well known oils got the same chance as new Conoco N4 oil. 8 identical cars were used. Tune-ups, tire pressure, speeds, and all other factors were the same for all—impartially. Engines were under lock. Qualified authorities eyed everything.

The test was simple and stern... Each car got its 5-quart fill of some one competing oil and was run at a 57-mile speed, without added oil, till the engine smelted up. New Conoco N4 motor oil lasted 13,398.8 miles. Certified. Not another oil came within 5,683 miles of that and one was outlasted 6,286 miles by new Conoco N4 oil. Certified.

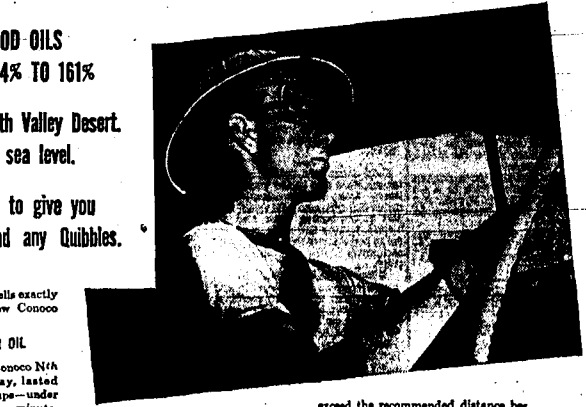

The reasons are straight and simple... New patented Conoco N4 motor oil contains *Thialkane inhibitor*, a new synthetic... man-made by Conoco.

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

Now an inhibition is something that restrains you—checks you. *Thialkane inhibitor* checks the effect of poisons formed in normal engine operation. Instead of "fettering," weakening, and passing out, this oil is scientifically prepared to keep it healthy, so that the engine can do the same—a good way to keep up the oil-level.

OIL-PLATING, too! Long the keystone of Conoco success, OIL-PLATING comes from another Conoco synthetic... (U.S. Patent 1,944,941). Magnet-like action bonds OIL-PLATING to engine parts, so it can't all drain down—not even overnight. While you use Conoco N4 oil, this OIL-PLATING stays on guard against wear in advance! By OIL-PLATING the engine and inhibiting the worst effect of oil pollution, one fill of new Conoco N4 lasted 13,398 miles. Certified.

You'll not put your car through such a third-degree—any more than you keep starting in high gear just because you could. You'll certainly never want to

Home Run Power Takes Yankees Into Second Place

Feller Scores 13th Victory; Brooklyn Wins

By GEORGE KIRKSEY
NEW YORK, June 11 (AP)—There's one combination in baseball that's unbeatable—home run power and pitching.

The Yankees have the home run punch and it begins to look as if they're going to see the pitching. That's why the smart boys still back them to win the pennant.

Demonstrating the aforementioned winning combination yesterday, the Yankees thumped the White Sox, 8-3, and moved into undisputed possession of second place in the pennant race.

They scored a last-ditch victory over the Athletics, 4-3, but lost the services of Catcher Birdie Tebbets for several weeks when a foul tip broke a finger on his right hand.

The Browns-Red Sox night game was rained out.

Long Lou Warlick pitched a single to Emmet Mueller, first man to face him, and then held the Phils hitless the rest of the route as the St. Louis Cardinals shut out the fall-ers, 3-0, and held their own game National League lead.

The Chicago Cubs battered the New York Giants for an 11-victory behind Verne Olsen's seven-hit pitching.

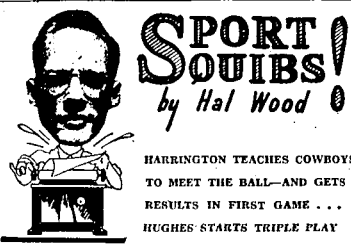

Commission Works On Experiments With Idaho Fish

BOISE, Ida., June 11 (AP)—The state fish and game department is conducting a series of experiments on fish which have been caught in Idaho streams, Tim Vaughn, assistant in the fisheries division announced.

The experiments were designed to determine the age of fish and other information.

Fishermen have been asked by the department to assist in carrying out the experimental program. Vaughn said fishermen were urged to catch a few scales of the fish, place them in an envelope and send them to the fish and game department.

The department wanted each specimen of scales to be accompanied by information regarding the name of the stream in which it was caught, size of the fish, and the species.

HARRINGTON TEACHES COWBOYS TO MEET THE BALL—AND GETS RESULTS IN FIRST GAME...

Ask Paul Piscovich who the best hitter on the Cowboy team is and he'll tell you with the greatest of ease: Paul Piscovich. And he offers last night's game for proof: Up to the plate six times, drew two walks, hit down a perfect sacrifice, got three singles, scored one run for a night's batting average of 1.000.

Five-footed Pete Hughes, who always could knock the cover off the ball, never was accused of being a spectacular outfielder while playing with Twin Falls and Ogden in the Pioneer League—in fact, most fans were well pleased when the ball went in some other direction.

But the other night in the Class B Western International league Pete started the price play on the outfield.

With bases loaded, the opposing batter hit a line drive just over the infield into right. Pete raced the walk to first and the first baseman threw to second to complete the triple.

The play, incidentally, came just after Black Mike Budnick, another former Cowboy, had talked himself out of the game—after arguing too long with the umpires. Mike walked after his seventh consecutive victory and Spokane was trailing. First man up doubled and Mike walked the next. Then after throwing three balls to the next batter, Mike talked so long and loud that the umpire sent him to the showers.

Spokane went on to tie the score from three—so the former Cowboy just talked himself out of a game.

Cowboys Win In 12 Innings By 4-3 Score

Manager Andy Harrington of the Cowboys speaking:

"You see, boys, there's nothing to it. All you pitchers have to do is hit 10 to 15 hitting of the ball and you have a victory!"

And as proof he could point to last night's 12-inning encounter which the Wranglers won from the Salt Lake Bees by a score of 4-3 and the other games won at the current home stand last Thursday night—a little 14-inning try with Ogden that old Bob Fitzke won by a 3-2 count.

Fitzke Hutz Tonight Tonight Fitz will get another crack at the victory column and close 1,000 fans are expected to enter Jaycee park to see just what the fun-loving Mr. Fitzke can do with the Big Red Army rated much higher than the Cowboys when it comes to hitting.

That night it was a different story for the Nevada minor leaguer. The error dropped up in the Salt Lake lineup to give the Cowboys their chance for victory.

Paul got on the wrong foot and it looked as though his chances for a sixth victory this season were rather small. After the first inning had ground out to him, Piscovich tossed a home-run ball to Ben Guinn.

However, during this time the home team was doing a little punching up. Billy Ruppert got a double in the first frame—but was left stranded on second. In the next frame after Gehler had flied out, Ed Heffernan came through with his first hit in a Cowboy uniform and Frankie Padricio and Piscovich followed.

Ed Heffernan walked and then Billy Ruppert flied into single score Paul Chico.

The Cowboys had men on base from there on in every inning except the third. The slugging Piscovich came through with his second hit of the game in the seventh and finally finished the aid of three errors and a pair of sacrifice hits. That tied the count and was the first run the Wranglers had made off Bob Jensen on the home field in 14 innings.

But it tied up the count and sent the game into extra innings.

After Salt Lake had threatened in the first half of the 12th and Piscovich walked himself out of a hole, the Wranglers got busy. Heffernan grounded out, but Pacheco drew a walk and then Piscovich got his third single of the game. The score was 2-0. With one down, Heffernan was next man up and he hit the ball just where the Bees wanted—to shortstop. Moreno threw to Kelly at second to take George, but an extra burst of speed found Verne just barely beating Kelly's throw to first and the winning run crossed the plate.

Boise Pilots Boost Lead as Ogden Loses

Nampa Ready For Amateur Golf Tourney

NAMPA, June 11 (AP)—Preparations for the Idaho state amateur golf championship, to be played Friday, Saturday and Sunday, were nearing completion today, officials of the Idaho State Golf association announced.

Over 100 of the state's best amateur golfers were expected to compete for the title, Fred Von Zim, Boise, secretary of the association and tournament manager, said. Eddie Harper, Jr., Twin Falls, will defend his title. Another former champion, Bill Bayhouse, Caldwell, also entered the tourney.

Entries have been received from Postville, Twin Falls, Jerome, Boise, Nampa, Caldwell and Baker. Open qualifying rounds will start Friday at 8 a. m. Match play will begin Friday afternoon and will be scheduled for Sunday afternoon.

Change Made In SCI Loop Ball Schedule

A shift in the schedule of the South Central Idaho baseball league was announced today after a discrepancy was found in the games slated for Jerome, Wendell, Rupert and Hagerman teams.

The slate for Sunday now calls for the following games on Sunday, June 15:

Haley at Piler.
Marlough at Shoshone.
Hagerman at Jerome.
Rupert at Wendell.

The schedule, as originally drawn up, failed to pit Hagerman vs. Jerome and Rupert vs. Wendell while Hagerman and Rupert were put down to play four games and Wendell and Jerome the same way.

Seals Trounce Rainiers for Costly Victory

By United Press
The San Francisco Seals walloped the third-place Seattle Rainiers 10 to 3 last night but the victory cost them the services of Third Baseman Ted Jennings for the year.

Jennings broke his ankle sliding into second base. Injury of Jennings, who has been batting .325, will force Acting Manager Larry Woodall to use the aging Tony Lazzari at second base regularly while Rookie Don Trower fills in at third.

First Baseman Herman Reich's 11th inning home run over the left field fence gave Portland a 2 to 1 win over Los Angeles, ending a pitching battle between Whitey Hillier of the Beavers and Ray Prim of the Seals.

San Diego combined slugging with two Oakland errors to beat the A's 5 to 2.

ARMY MARINE DIVISION TO GET EQUIPMENT PRIORITY

SPECIAL FORCES TO BE PREPARED FOR EXPEDITION

WASHINGTON, June 11 (AP)—A division of marines and a division of special forces have been given equipment priorities to permit top speed creation of a potential American expeditionary force.

The two divisions were being prepared for such emergencies as may arise. This information coincided with reports from Portugal regarding President Roosevelt's intention to defend the Portuguese-owned Azores and Cape Verde islands in the Atlantic against any axis attack.

First Call The two priority divisions have first call on equipment and trained men. The United Press was informed. They would make up the first contingent of a "task force" if Mr. Roosevelt decided to take over Martinique or the Portuguese islands. But the President told his congressional advisers last week he had no immediate plans to seize Martinique and Cape Verde.

The first marines are now at Parris Island, S. C., their home base. They trained last summer and fall at the United States Marine Corps Center at Quantico, Va. The first army division is training at Fort Devens, Mass.

HERE ARE REGULATIONS FOR DISPLAY OF FLAG

Rules governing display and use of the American flag were outlined here this afternoon by J. H. Blanford, chairman in charge of Flag week observance in Twin Falls, now in progress.

In pointing out the various rules for flag display and use, Blanford said that the flag should be displayed on the staff in the center of the building, or in front of a building, or in any angle from the left, balcony or front of a building, the union of the flag should go higher than the top of the staff.

The national flag should be raised and lowered by hand. It should be displayed only from sunrise to sunset, or between such hours as may be designated by proper authority. Do not raise the flag while it is furled. Unfurl, then hoist quickly to the top of the staff.

When the flag is displayed in a window it should be placed in a moving column. The salute is rendered as the flag passes. Flat Display When the flag is displayed in a manner other than by being flown from a staff, it should be displayed flat, whether horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, the observer's left.

Cassia Beet Man On Air Program

Two more Idahoans, one of them from Cassia county, will take part on a western radio hookup at 8 p. m. Monday night under the farmer-interview series arranged by U.S.D.A.

William Baugh, secretary of the Cassia county Beekeepers' association and member of the Cassia triple-A committee, is the Magic Valley participant. The broadcast will originate in Portland and will be devoted to the sugar beet industry.

GUARD CONTINENT, SPEAKER ADVISES

America is worth fighting for—but we need to fight for America only on American terms and from our own continental defenses.

Such was the statement made last night by W. E. Walter, Seattle, official speaker for Technocracy, Inc., who addressed an audience at the Coxy theater in Buhl. Walter speaks to the Kiwanis club of Twin Falls Thursday noon and at a public session at the American Legion hall Friday at 8 p. m.

Last night, speaking on "Why Continental Defense?" and the authority on Technocracy said that the resources, equipment and human skill of the continent of North America have made it potentially the most powerful and invulnerable unit in the world.

EMERSON Spencer Toome, who has been attending school at Moscow, returned home Saturday. Mr. and Mrs. Herbert Larsen, Los Angeles, arrived Friday evening for a visit with his parents, Mr. and Mrs. Ray Larsen. Mr. and Mrs. Howard Corles, Idaho Falls, were week-end visitors with his parents, Mr. and Mrs. R. E. Corles.

TERM FOR FARM LEASES EXTENDED

To promote more stable tenure of farm families that rent their farms, and to assist programs for soil conservation and better land use, the Federal Land bank of Spokane in the future will lease its farms generally for two to five year periods, rather than for one year terms.

The land bank is anxious to turn all of its property to private ownership as rapidly as possible, McDowell said, "but pending sale, it is to the interest of the bank, the community and the man who eventually will buy the farm that the best possible care be taken of the land.

When the flag is displayed in a window it should be placed in a moving column. The salute is rendered as the flag passes. Flat Display When the flag is displayed in a manner other than by being flown from a staff, it should be displayed flat, whether horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, the observer's left.

ACCIDENT UPSETS CAR; NO INJURIES

Two cars were damaged, but nine occupants of the machines escaped injury last night in a crash on the Arlesian road near Murlaugh, State Policeman V. K. Barron had reported.

The cars were operated by Joe A. Condit, 38 Murlaugh, and Dean N. Hall, 24 Buhler. Barron said the cars were heading west on Condit started to make a left turn. His machine was struck from the rear by the Condit car overturned in the ditch while the Call machine rolled over the road.

Church Observes Children's Day

SUNDAY, June 11 (Special)—A RUFERT was observed in the local Christian church as Children's Day special program, in the presence of foreign missions, was presented by the children of the Bible school.

The program was a colorful pageant of songs and stories. The program was directed by Mrs. Jack Rader and Mrs. Raymond Dowd, with Miss Fred, hunting, and Miss providing piano accompaniment.

ADDED PAY FOR SUGAR GROWERS

SALT LAKE CITY, June 11 (AP)—Douglas E. Scalley, general manager of the Utah-Idaho Sugar company, announced today that an additional \$300,000 will be paid June 15 to Utah, Idaho and Montana sugar growers for beets delivered last year.

The payments will raise the total received by Utah growers to \$480,000. Idaho to \$3 a ton and Montana to \$4.75. Scalley said these are the highest prices paid "in years."

McDowell said the longer term lease policy adopted by the bank is in line with latest recommendations for the improvement of conditions of farm tenure throughout the country.
