

SENATE APPROVES, 67 TO 7, CONSCRIPTION OF BUSINESS

FACTORY SEIZURE POWER IS GIVEN CHIEF EXECUTIVE

WASHINGTON, June 12 (AP)—The senate today passed and sent to the house the Connelly amendment to the conscription act authorizing President Roosevelt to take over defense factories when production is delayed or threatened by strikes or lockouts or other causes.

The legislation, adopted by 67 to 7, would give the President specific power to seize control of plants in the same fashion as he looks over the Ingelwood, Calif., factory of the North American Aviation corporation under his several powers as commander-in-chief during a national emergency.

Just During Emergency The authority, however, would exist only during the national emergency which President Roosevelt proclaimed on May 7.

The amendment, which enlarges an industrial requisitioning section of existing law, was approved after the senate had voted 64 to 25, on motion of Sen. Harry F. Byrd, D., Va., to condemn strikes or lockouts in defense industries as "contrary to the public policy."

It also approved an amendment proposed by Sen. Robert M. La Follette, Wis., declaring the belief of congress that complete cooperation between management and labor can best be achieved by "the whole-hearted adoption of the principles of collective bargaining."

Amendment Approved The senate approved 38 to 34, an amendment by Sen. Joseph A. Ball, R., Minn., designed to provide for mediation before the National Labor Relations Board the only method proposed by Connelly's amendment was to "grab the plant and break the strike."

Sen. Tom Connally, D., Tex., author of the plant seizure legislation, spoke on the ground that mediation machinery is operating now and President Roosevelt has no intention of taking over plants in any case but to mediate as long as every one is worn out.

ROTARY TOLD OF FLAG CHALLENGE

The nation's flag offers a challenge to the Americans of today, Everett M. Sweely, county attorney, told the Twin Falls Rotary club Wednesday night.

During the flag is an emblem of past achievement, the attorney said: "It is also a challenge to us in the unsettled world of today—a challenge to us as to whether we are as capable and are willing to do as much in preserving the temple of liberty."

Question The flag also, he asserted, represents a question—"When will we appreciate the task that is ours and when will we meet it?"

He pointed out that American people have not yet been told the full extent of the job that faces them or the things that will concern them in doing that job.

He spoke optimistically regarding present defense strikes, asserting the "bucklers" and broncos will last long to work in harness.

Four Virtues Sweely called for defense of America's four major freedoms by utilization of four virtues: Honesty, sincerity, truthfulness and frankness.

W. W. Dillon, Idaho organizer for the United States Organization, told the Rotary the objectives of that nationwide movement to provide recreational facilities for soldiers in camp. He was introduced by H. H. Grant, member of the county DBO committee.

Dr. Charles B. Scott was a guest.

Actor—And His 2 Dogs—Arrive Here by Plane

Bud, Smokey and Jenny landed at the Twin Falls municipal airport today in a cuber plane, chalking up an even 700,000 miles for their international air log.

Bud and Smokey were the stars in the "Treasure Island revue" which is appearing on the stage of the Orpheum theater today.

Making a complete circuit of the United States twice a year is only one of the feats which have made the flying trio unique, observers said today. Highes, still within draft age, has toured the world many times. When unable to use his own plane he borrows one. Altogether he has flown 280 various types of planes.

So far Smokey, the wire-haired terrier, and Jenny, the mongrel Spitz, have registered no complaints on their flying jaunts. They spent the winter in Mexico and Guatemala after a trip to South Africa and Australia. When the act completes its Utah-Idaho tour the members will fly to Chicago.

LDS CHURCHMAN SUCCUMBS AT 80

OAKLEY, June 12 (Special)—Joseph Reuben Price, 80, Oakley, member of the high council of the Church of Jesus Christ of Latter Day Saints, died Tuesday in Salt Lake City, according to word received here.

In 1893 he served as Idaho delegate to the world's exposition at Paris, France, and was a member of the Idaho state senate. He was a former member of the state genealogical committee.

Trial Date Set

Midwestern trial of Ted Emery, on charge of pulling a trailer without lawful lights, had been set today for 2 p. m. Tuesday in probate court. Emery pleaded not guilty Wednesday afternoon. W. A. Hela signed the complaint, which alleges the offense occurred the night of May 25.

Cruelty Claimed In Divorce Plea

Accusing her husband of cruelty and physical violence, Mrs. Merle McGrew filed divorce suit in district court today against Raymond McGrew.

The pair married Dec. 5, 1933 at Nampa. O. O. Hall is attorney for the wife.

Visits in Iowa Mrs. N. P. Anderson left yesterday for Waterloo and Des Moines, Ia., to visit friends and relatives.

To Druggists' Meet George Wiley of the Wiley Drug company is planning to attend Seattle to the world's pharmaceutical association in convention this week at Sun Valley.

Visit in East Mrs. and Mrs. A. C. Zacharias visited recently in Elgin, Ill., en route, Jarvis and Mrs. Zacharias to word received by friends here.

MOTORIST FACES LIQUOR CHARGES

Facing charge of driving while intoxicated Rex Isom, Twin Falls, was in county jail today after his arrest yesterday by city police.

Charge against Isom was filed June 9 in probate court and was signed by Virgil A. Halbert, state police officer at Buhl. Isom is charged with having committed the offense June 1 on Highway 30 when the car he was driving was involved in an accident.

The machine, a 1931 model owned by Herman Isom, father of the driver, failed to round the turn at Cedar railway crossing. The car smashed through three highway guard posts and snapped off a stop sign. Isom and his passenger, Roy Hamby, Twin Falls, were in the hospital here for several days.

Seen Today

GRADUATES GIVE CLASS PROGRAM

ALBION, June 12 (Special)—Albion senior class day exercises were held in Bockel memorial auditorium Saturday morning.

Class president, Anne Hedges, Meridian, Wilmoth McIntire, Kimberly, and Macy Kinker, Buhl, sang "Look on the Sunny Side," accompanied by La Rue Anderson, Blackfoot.

Class history was given with Miss Anderson as reader. Participants in this class were Joe Allan, American Falls; Don Requa and Faye Neilson, Wendell; Bob Williams, Malad; Jean Parsons, Hagerman; Clarence Parrish, Aberdeen; Betty Lou Barnard, Soda Springs; Geraldine Handry, Jerome; Marie Kestinger, Rupert; Harold Hawkey, Banner, Wyo., and Maurice Clayton, Burley.

Taylor Bowden, Gunnett, dressed in Turkish attire with a silver globe, gave the class prophecy. Taking part were Hillman Hunt, Virginia Mechem and Dorothy Tuttle; Burley; Ralph Roghaar, Grace; Howard Sluder, Richtfield; Margaret Pratt, Twin Falls; Ellen McCarter, Curral; Jack Jones, Malad; Jack McAllister, Acquia; Rhea Johnson, Ashton; Anne Hedges, Meridian; Emery Butcher, Dorey; Loyce Lewler and Harold Anderson, Rupert; Don Requa and Harold Hawkey.

The prophecy was written by Max Wiltner, Declo; Reid Earl, Murtaugh; Ruth Crappen, Aberdeen; and Earl Catmull, Rupert.

New U. S. Dive Plane Called World's Best

BUFFALO, N. Y., June 12 (AP)—The United States has a dive bomber that can out-perform any plane in the world, including the famed German Stuka, according to experts.

Built by Curtiss-Wright Aeronautical corporation, the bomber doesn't have a name yet. It has only experimental number XSBC-1 for the navy acceptance tests next week.

The plane is said to have a top speed of 100 miles an hour faster than existing types, plus the ability to fly twice as far and remain in the air four and a half hours longer than any present dive bombers. It carries a bomb load of 2,000 pounds against a German Stuka's 800 pounds.

The ship's top speed never has been reached but it probably can dive in excess of 600 miles an hour and safely withstand the pull-out.

Rev. W. G. Downing Resigns as Pastor

BUHL, June 12 (Special)—Because of the poor health of his son, Charles, Rev. W. G. Downing, pastor of the Buhl Baptist church, has resigned and plans to move with his family to Long Beach, Calif., Monday, June 14.

The Downings came to Buhl 18 months ago from Phoenix, Ariz., to take charge of the pastoral duties here after the resignation of Rev. E. R. Berg who left for Linfield college, McMinnville, Ore., to work on his master's degree.

The pulpit committee of the church is recommending pastors for the vacancy caused by the resignation of Rev. Downing.

India was once the world's source of diamonds.

WASHINGTON, June 12 (AP)—The office of production management today announced that 1,334 military airplanes were delivered during May. This was a drop of 23 from the comparable final figure for April.

CLARK ATTACKS RADIO ANALYSTS

WASHINGTON, June 14 (AP)—Sen. D. Worth Clark, D. Ind., today criticized radio commentators and analysts who engage in "widely biased editorial drivel."

Clark said that radio commentators should proceed program with announcements which the narrator is a "radio editorials" or an "impersonal news reporter."

Clark's statement was made during a Senate hearing on commercial communications commission regulations governing chain broadcasting.

Chairman Burton K. Wheeler, D. Mont., and Sen. Charles W. Tobey, R. N. H., endorsed his remarks.

Clark told Louis C. Caldwell, counsel for the Mutual Broadcasting system that several news commentators do a "colorful and impartial job" but 75 per cent of them are "out-and-out propagandists."

Caldwell agreed with Wheeler that Clark spoke with political and foreign policy questions being expressed by different speakers on the same program.

Earlier Caldwell said he did not believe the new FCC rules would "take the 'radio' out of radio broadcasting."

He said the new rules would restrict exclusive contracts and would prevent one company operating two networks such as the NBC Red and Blue networks.

Dr. Weber, general manager of CBS, said Caldwell generally supported the FCC rules. They are being fought by the other major networks.

Inactivity of Belligerents May Mean Lull Before Storm

The comparative inactivity in the Balkans since the action in Syria and scattered bombing raids by both sides, probably is the lull before a storm.

Hitler undoubtedly mapped out a campaign to Mussolini when they met in the Brenner Pass. Such meetings, coming after Bulgaria joined usually by renewed action but not always immediately. Their consultation and news reports.

occupation, whereas the Italians can move supplies over the short sea route of the Adriatic.

Berlin pointed out that between Salonika and Athens, the single track railway was destroyed by the British, and there is only one narrow, winding highway. German supplies coming from Bulgaria would have to be moved by way of Salonika.

Hitler, then, would be adding the sea and equipment received from Greece to his forces in Bulgaria and Rumania. It does not imply a move into the Russian Ukraine, although such a step has been persistently rumored. Hitler is hardly likely to take on such a formidable foe as his Soviet ally when the job of driving the British out of the near east and the eastern Mediterranean still is ahead of him.

Two Advantages?

A massing of forces in Bulgaria gives Hitler two advantages in action against the near east and north Africa. Without traversing the difficult land route of Greece, he can move men and material by sea through the Aegean to Crete, and thence to Africa. Because of Crete and the Italian Dodecanese islands, the Aegean is virtually closed to the British.

That takes care of the African supply route. Should Hitler desire to move through Turkey, either by Turkish consent or by force, his route would be through Bulgaria, and his highway communications from Bulgaria into the interior of Turkey as far as Ankara are good.

If Hitler would direct a direct attack on Syria, or outflank the Mosul oil fields and Syria from the east, he might have to go through Turkey, and that probably would be more feasible than an air-borne attack from Crete, more than 500 miles away.

Transport Difficulties

That means Hitler wants to concentrate his forces elsewhere, leaving to Mussolini the chore of policing subjugated Greece. Berlin transport difficulties cause more trouble than it is worth to try to provision and supply an army of

Death Toll for Yugoslav Blast Mounts to 3,000

BUDAPEST, Hungary, June 12 (AP)—At least 3,000 persons, including hundreds trapped aboard a flaming train, were killed and 3,000 were wounded in last week's explosion in an arsenal at Sveti-erovo, Yugoslavia, newspapers said today, quoting survivors.

Jugoslav newspapers, embittered by German occupation of their country, were said to have set off the explosion which destroyed two-thirds of the town.

Library Report

BUHL, June 12 (Special)—According to a recent report made at a meeting of the Buhl library board, 2,182 adult fiction, 1,152 adult non-fiction, and 1,505 high school and juvenile books are on the library shelves. During the past year 91 books were donated and 445 were purchased.

The financial statement shows \$6,045 was paid in fines and new cards and \$51.80 was paid for new books.

AIRCRAFT INDUSTRY NEARS TOP PRODUCTION SPEED

ALUMINUM LABOR UNITS BALLOT TO RETURN TO JOBS

By United Press
Labor peace spurred the aircraft industry today toward top speed in production.

The threat to airplane manufacturing seemed to disappear as a result of two labor agreements in the aluminum industry and the return of North American Aviation company operations to 100 per cent of capacity.

United Automobile Workers (CIO) returned today to Detroit plants of the Buick, Oldsmobile and Pontiac Corp., manufacturer of most of the bearings used in American bombers. More than 2,000 of the company's 4,000 employees voted yesterday to end the two-day strike pending negotiations before the national defense mediation board. Hearings on the dispute begin Monday.

Plants Reopen
Cleveland plants of the Aluminum Company of America reopened shortly before midnight last night, six hours after the CIO die casters union had ratified a settlement proposal drafted with the aid of the NDMB. More than 4,000 workers struck Monday and halted production on more than \$50,000,000 in defense orders.

Aircraft companies had wanted their output would be curtailed within a few days unless the aluminum strikes were settled speedily. The union stipulated engine work in Indianapolis, Ind., laid off 1,000 workers yesterday because of lack of materials. The company announced settlement of the Cleveland strike Monday and halted production on more than \$50,000,000 in defense orders.

Army Commanded
Lt. Ingwood, chief of the army command, the North American aviation factory Monday, officers announced the plant operating at 100 per cent efficiency after UAW-CIO members returned to their jobs yesterday. There was no indication when troops would be withdrawn.

Vote on Contract
APL machinists at San Diego, Calif., voted today to accept a contract with the Consolidated Aircraft Corp. The agreement was reached while the union was conducting a strike.

Federal and state mediators scheduled a conference today with company and union officials in an effort to prevent a walkout at the Curtiss-Wright airplane propeller plant at Pittsburgh. The state mediators gauging committee threatened to strike at midnight unless the company granted or agreed to arbitrate demands for a 10 per cent pay increase.

Executive Council Members
The AFL machinists union today to consider President Roosevelt's demand that the union call off its strike.

Four hundred AFL longshoremen struck at New York yesterday at Morgan line piers to protest against government requisition of the line's freighters. Joseph P. Ryan, president of the union, authorized the strike and arranged a conference today with Chairman Emory S. Land of the maritime commission.

Two Reservoirs Show Advances
Two of the three principal reservoirs serving this irrigated section of Idaho today showed substantial storage gains over readings taken 20 days ago, a report received by the Twin Falls Canal company from Lynn Crandall, watermaster, at Jackson Lake at the present time is impounding 602,860 acre feet of water against the previous reading of 487,700 acre feet.

Discharges from American falls reservoir have caused a drop there to the present reading of 1,400,850.

Navy Yard Will Hire Pipefitters
Open competitive examinations for positions of pipefitters and boiler trainees were announced this afternoon by A. T. Anderson, secretary of the local board of civil service examiners.

Full information regarding the two positions, as well as application blanks, can be had at the local postoffice or at the local office of the Idaho state employment service.

To Help Correct That "Half-Sick," "Tired," "All-Gone" Feeling
GIVE LIVER BILE FLOW A BOOST—
Do This Every Morning for 30 Days

Normally the liver should discharge bile, can be had at the local postoffice or at the local office of the Idaho state employment service.

These examinations are for the purpose of filling existing and future vacancies at the Puget sound and Bremerton, Wash. Applications may be filed with the recorder, labor board, Puget sound navy yard until further notice. Applications will be rated as received and certification made as the needs of the service require.

THE PUBLIC FORUM

READER OFFERS ADVICE TO OTHERS

Mr. Editor:
There are a few "don'ts" that I would like to mention. The public might not profit by them as observe these don'ts has cost me \$17 cash in the last two years besides much enmity and loss of friendships.

First, whether you have anything of value or not, fasten both screws and door before you retire for the night. If you must leave your house for a few days only, nail the windows down if there are no other inside fastenings and lock the doors with Yale locks.

You old people who draw a pension don't take any chances of getting robbed. Pay your rent, buy your month's groceries, pay bills if you have any and after doing this you will need no further advice except if you intend to move. In that case if you handily have been cashing your checks hold on to that last check. Pay her for one week and if you have been paying in advance for milk pay her for seven quarters milk if she demands it, no matter if you are expecting to leave from that day and she is aware of it.

Second, if you buy anything of value canvassing the town pay him or her when the article is in your hand. If you bought an electric heater of a man three years ago. He took my money and to deliver it the following Friday. I wrote him several letters but no answer or return of money.

Third, don't let people hook on to your lights. I did and they burned several lights night and day until they burned up my deposit and beat it.

Fourth, if a man turns off your lights, then enter your house and after looking into your hand bag only takes a hand full of matches thank God because he left a small amount of change.

If you have articles of much value stay away from lodging houses. If you do lose valuables call the officers immediately.

Fifth, if you get in a car smash-up and one or more of your party is scarred up or maimed for life, too bad, but if you have a lot of money and the other fellow also has a pile of it your attorney will be glad to handle your case. If one or more of your party is killed, too bad for the reckless driver for he will go up for manslaughter. That man has done no worse than to maim a child and if he has any conscience he is getting double punishment but if you people have any compassion in such a punishment. It will not bring their dead back to them. Let us try for fewer accidents.

GOODING

Rev. Roy Titus, Boise, was guest preacher at Gooding, Christian church Sunday evening. Rev. Titus served as pastor of the local church for three years, moving from the community about 12 years ago. Since that time he has served at Weiser, Buhl and La Grande, Ore., churches. For the past two months he has resided in Boise.

There has been no appointment to fill the vacancy left by Rev. H. J. Reynolds, who resigned to be held next from the ministry last month. Rev. Reynolds and Mrs. Reynolds now live in Twin Falls.

First of a series of union meetings to be held during the summer by Gooding churches was held at the Methodist church Sunday evening. Rev. Roy Titus, Boise, guest preacher at the Christian church Sunday. Music was furnished by the Methodist choir with Dudley Carson as director and pianist. Rev. C. H. Northrop of the Baptist church pronounced benediction. Rev. Mitzner of the host church presided.

Rev. and Mrs. Theo B. Mitzner of the Methodist church were in Twin Falls last week attending the annual Idaho Methodist conference. Rev. Mitzner received his fifth appointment as minister of the local church. Mrs. M. J. Cronwell attended conference sessions as lay member of the conference. Mrs. Mitzner was selected corresponding secretary of the Ministers' Wives association at the meeting of the group last week and sang in the choir of ministers' wives.

Marguerite Rebeckah lodge met at the Odd Fellows hall last week with Noble Grand May Gardner presiding. Members voted to send an offering to the Odd Fellows old people's home at Caldwell. Archie Noll, sponsor of the Junior Odd Fellows organization, gave a report on the district meeting of the junior group in Boise May 30.

Rebeckah club met Friday at the home of Mrs. Nina Kelly and Mrs. Florence Hughes. Mrs. Ray Alban conducted the business session during which the group voted a donation to the old people's home.

Mrs. O. D. Heller and daughter, June, returned Saturday from Redlands, Calif., where they visited Esther Heller, student at Redlands university. Miss Heller has completed two years at the university and is employed this summer in the university office. She will continue with her studies there the next year.

They will leave the latter part of June for the Californian accompanied by their daughter, Miss Alice Mae Beatty, and Miss Ann Frankhauser.

U. S. C. Graduates
Miss Stewart was graduated last Saturday from the University of Southern California at Los Angeles. She received her degree from U. S. C. in 1939. He also attended Whitman college, Walla Walla, Wash.

Miss Stewart also attended Indiana university and belonged to the same chapter of Kappa Kappa Gamma as her father and mother. She is a member of Sigma Alpha Alpha, national honor society, being a talented singer.

Her interests in music is a family trait, both her father and mother directing chairs for the Christian church.

Mr. Beatty, a member of Beta Theta Pi fraternity, is associated with the aircraft industry in Glendale.

Attendees Named
Miss Stewart's elder sister, Mrs. James H. Bone, Chicago, will be matron of honor.

One of her former schoolmates at Monmouth, N. J., Miss Anna Greer, now a university student at Chicago, and Miss Mary Ann Ferguson, of Colorado; Miss Polly Ann Ferguson, Duke university, and Miss Jean Malley, Monmouth, will come west to be the bridesmaids.

UISB COLLEGIANS, FACULTY SEE WAR BY CLOSE OF YEAR

(Editor's note: What are YOUR answers to these "lead" questions on war attitudes? Do you agree or disagree with the Focastello questionnaires?)

Focastello, June 12 (Special)
Faculty and students of University of Idaho, southern branch, Pocatello, believe that the United States will be at war before the end of the year or possibly before school next fall. This opinion was obtained in an opinion poll on the European situation conducted by the Phi Lambda Sigma, class of parliamentarians, among the students chosen at random in the student directory and 17 faculty members were selected to complete the questionnaire. This poll was conducted one year after a similar poll had been taken on the campus, the results of both polls are as follows:

1. Do you believe that the United States should remain neutral in the present conflict? "Yes" 80 per cent; last year, "Yes" 81 per cent; faculty opinion, "Yes" 33 per cent.
2. In your opinion can the United States remain alone out of the war? "Yes" 21 per cent; last year, "Yes" 20 per cent; faculty opinion, "Yes" 41 per cent.
3. Should the United States extend unlimited credit to the belligerent nations? "Yes" 21 per cent; last year, "Yes" 20 per cent; faculty opinion, "Yes" 41 per cent.
4. Would you willingly enlist in the armed forces in home industries? "Yes" 80 per cent; last year, "Yes" 80 per cent; faculty opinion, "Yes" 81 per cent.
5. Does the opinion of American youth have any significant bearing on public opinion concerning the war? "Yes" 73 per cent; last year, "Yes" 80 per cent; faculty opinion, "Yes" 52 per cent.
6. If the countries of Europe were to become a solid dictatorship, could the United States remain democratic? "Yes" 80 per cent; last year, "Yes" 70 per cent; faculty opinion, "Yes" 83 per cent.
7. Before reading this questionnaire, had you considered the European crisis as it affects you? "Yes" 88 per cent; last year, "Yes" 88 per cent; faculty opinion, "Yes" 94 per cent.
8. Do you think the United States will enter the war? "Yes" 85 per cent; faculty opinion, 94 per cent; no figures for last year.
9. If the United States does declare war, is it advisable to send troops to Europe? "Yes" 43 per cent; faculty opinion, 25 per cent; "Yes" no figures available for last year.
10. Should the United States conserve its resources? "Yes" 81 per cent; faculty opinion, "Yes" 52 per cent.
11. Would this action lead to war? "Yes" 91 per cent; last year, "Yes" 91 per cent. Both groups believed war imminent between six and 12 months.

Results of the questionnaire are typical of the inconsistencies of American public opinion concerning the European situation. Although there is evident desire for neutrality, there is the support of the United States in the same time the belief that those who do not involve us in war. The majority of the people believe in the inevitability of war, regardless.

and are ready for distribution.

D. F. G. Edwards, Twin Falls today has been elected president of the Idaho Naturopathic Physicians' association during the state sessions held here yesterday.

Conference speaker was Rev. Claude Pratt. The election came during a business session which followed the breakfast. Members and their wives participated in a basket lunch at noon. Sessions were held at the Idaho Power company auditorium.

In addition to the president, other officers elected included the following: Dr. J. Smyth, Hazelton, vice-president, and Dr. Fred Porter, Idaho Falls secretary. Members of the advisory board include: George N. Taylor, Twin Falls; Dr. C. Bradburn, Pocatello; Dr. Sadie Vance, Bellevue; Dr. Carl Clement, Paul, and Dr. George Walters, Boise.

Ferry Instructor Called by Draft

GLENN FERRY, June 12 (Special)—Daniel Glenn Werner, Glenn Ferry high school instructor, and Kenneth Edmund Roberts, Modesto, Calif., formerly registered at Atlanta, have been notified to report in Mountain Home Sunday as 23-mo. county's quota for the mid-June draft call. They will go to Salt Lake City for induction.

Robert Winston Burnett, Mountain Home, has been notified he is the substitute if one of the other two fails to pass his examinations. Mr. Werner has been a member of the high school faculty for the past several years and was offered a contract for next year. He did not sign it, however, waiting to see how he came out in the draft call.

16 Per Cent Cut In Road Fatalities

BOISE, June 12 (AP)—State Law Enforcement Commissioner Jack L. Alderton today announced Idaho recorded a 16 per cent reduction in auto fatalities the first five months of this year compared with the same period in 1940.

The number of traffic deaths decreased from 80 to 64, he said. Drivers who crossed over on the wrong side of yellow lines on curves and hills were involved in a majority of the fatal accidents.

PILOT, MECHANIC CALLS RECEIVED

Urgent call for commercial pilot and airplane mechanics has been received in the local office of the Idaho state employment service, W. Clyde Williams, manager, announced this afternoon.

Commercial pilots, holding 18 and 28 land ratings, plus an instructor's rating, are wanted, Williams said. This is for duty to instruct U. S. Army cadet fliers in primary flight training, using army training planes.

Applicants must be at least 21 years of age and must be married or single. Those accepted will receive \$100 per month during two-week training and \$125 per month after training is completed, with an increase up to \$325 a month after nine months' service and the opportunity to increase to \$350 at the end of the year.

The mechanics must hold the government airplane and engine ratings. They will work 40 hours a week and can be married or single. They must be at least 21 years of age or older. The positions here will be of a permanent nature. Applicant must furnish his own hand tools. Pay rate will be high.

Also wanted are workers experienced in sheet metal, riveting, machine shop welding and pattern making. Work will be in aircraft construction.

Particulars can be had by contacting Mr. Williams at the employment office.

ALIED NATIONS PLEDGE TO FIGHT

LONDON, June 12 (AP)—Great Britain, the British dominions and the representatives of nine allied countries today issued a joint declaration pledging determination to fight together until Europe is freed of Hitlerism.

The declaration was approved at the first conference of the British allied powers at St. James's Palace.

The declaration was approved by Britain, Australia, Canada, New Zealand and South Africa, and the exiled governments of Netherlands, Belgium, Norway, Poland, Czechoslovakia, Greece, Luxembourg and Yugoslavia and by a representative of Free France.

It constitutes the first mutual pledge of the allied powers, and its adoption at this moment was regarded as an effective answer to peace rumors allegedly circulated by the Germans in the United States and Europe.

CAMP FIRE KILLS GIRLS

BLUE BONNET

Blue Bonnet group of the Blue Birds met Wednesday at the home of Mrs. E. R. Scott, guardian. A business meeting, with discussion of future books, was held and resolutions were passed.

CHICKADEE

Chickadee Blue Bird group of Camp Fire Girls took an early morning train to Butte one day this week. A picnic lunch was eaten in the hotel park and several bought souvenirs.

In the afternoon the group went through the Sego milk plant and took a train home. For many of the girls it was the first ride on a train.

Expenses for the trip were derived from a fund raised by Mrs. E. R. Oehlert, guardian, accompanied the girls.

WATANAGO

Members of the Watanago group of Camp Fire Girls met at the Camp Fire office Tuesday to take Woodgater's rank.

Girls receiving the rank were Jeanne Kildmore, Patsy Oehlert, Barbara Johnson, Thelma Ivy, Ann Gibson, Marilyn Doan, Ehora Mar-Luis, Marjorie Taylor, Mary Lou Smith, Eric Wayne Tragan, Velma Roberts, Marjorie Bacon and Arlene Barry. Katherine Bolton took Trail-seeker's rank taken to Harmon park. A hike was taken to the park. A council fire which is to be presented Thursday at 7:30 p. m. was practiced and a winner roast was held. Katherine Bolton was hostess.

TALKER DEMANDS 'TOTAL' DEFENSE

Demanding total conscription of men, machines and money for a "guaranteed defense" of America, W. E. Walter, Seattle, speaker for Technocracy, Inc., spoke yesterday at the regular meeting of the Butte Kiwanis club.

"Technocracy demands this," the speaker said, "and also the setting up of a defense mechanism far beyond petty projects now proposed, assuring the ultimate defense for the United States, plus guaranteed protection of the western hemisphere as a whole."

He declared that the United States is in the "worst of all worlds," and added that we are faced with the "growing probability of having to face the combined fighting forces of the modern world."

He advocated the cancellation of the \$1 billion war debt of England. He urged that the United States give England 15 billion dollars more in war material in exchange for all British territory necessary to defense of North America.

The speaker will appear Friday at 8 p. m. at the American Legion hall in Butte. His topic will be "Adequate Equipment for Continental Defense."

WILLIAM T HOUSE TAKEN BY DEATH

GLENN FERRY, June 12 (Special)—Death came at 7:45 p. m. Wednesday to William Thomas House, 72, after a lingering illness. Funeral has been tentatively set for Saturday afternoon at the Methodist church here with interment in Glenn Rest cemetery. The body rests at the Gatcher-Hey funeral chapel here.

Mr. House had made his home the past seven years at Hagerman and had his wife, Mrs. E. W. Witt, and family here. For the past several months he had been at the Witt home here, where he died.

He was born in Gibson county, Tenn., Nov. 15, 1868, and moved to Wyoming and then to Idaho early in life. He is survived by a sister, Mrs. Addie Grantham, Dallas, Tex., who is here, and a brother, L. E. House of this city.

SHIPPERS ELECT WYOMING MAN

SALT LAKE CITY, June 12 (AP)—John A. Reed, Kemmerer, Wyo., last night was elected general chairman of the National Potato Shippers' Advisory board, composed of shippers, loaders and businessmen from Utah, Idaho, Colorado, Wyoming and Nevada.

Reed, president of the Wyoming Wool Growers' association, will succeed C. F. Anderson of Salt Lake City. F. L. Hansen, Idaho Falls manager of the Idaho Falls Potato Growers' association, was named chairman and W. M. Wharton of Omaha was re-elected general secretary.

All 45 delegates before the board's annual meeting reflected the growing demands of national defense upon the transportation industry and a wide range of all concerned to cooperate. Several speakers said the United States actually was already in the war "whether we like it or not."

ARMY CAMPS TO GET HIGH FENCES

WASHINGTON, June 12 (AP)—The war department announced plans today to spend \$2,882,400 for the construction of "high, impenetrable" fences and floodlights at "critical" areas in 95 army camps and posts.

It said "critical" areas contain vital supplies such as ammunition, fuel and stores. Three strands of barbed wire will be needed around steel link type fence "to make it more difficult for potential prowlers."

The project, it said, will require approximately 300 miles of fence.

CLARK OPPOSES HEAVY BONDING

BOISE, June 12 (AP)—State Insurance Director Joe Jenner was advised today by Gov. Chase A. Clark to investigate each case before paying out state funds for personal and fidelity bonds on state employees.

The government bonds issued were unnecessary and expressed opposition to issuance of bonds to employees which the law does not require to be bonded.

THOMPSON PUPILS Appear in Recital

JEROME, June 12 (Special)—A piano recital by a number of her pupils, was presented for a large number of parents and other guests last week by Mrs. Wilford Thompson.

Nine of her pupils participated playing solos and duets. Those appearing were Marianne Walker, Georgia Walker, Claradene Swainston, Alice Blak, Tom Lily, Betty Hansen, Helen Ivie, Robert Walker and Dora Walker.

In August, 1913, a single day's rainfall in Norfolk county, England, amounted to 670,730,000 tons of water.

TRUSTEES VOTE COAL CONTRACT

Idaho Bean and Elevator company, bidding \$8.80 per ton, had been selected by the Twin Falls school district contract for 700 tons of coal.

Four bids were opened at the meeting of the board of trustees last night. The coal will supply the district for the 1941 school year.

Summer renovation program was among the other matters discussed at the trustees' meeting. The renovation, an annual event, is designed to keep buildings in first class condition. It has proved an economy in avoiding the expense of repairs involved in letting the physical plant get into rundown condition. Supt. Homer M. Davis said.
