The depositions were brought to the state department today by Philip Williams, third secretary of the U. S. embassy in Brazil. They included a passenger photograph of a German submarine, the Robin Moor. The photographs were under seal to show them to the American press shortly after it had been torpedoed in the south Atlantic on May 21 by a German submarine.

There was no indication when the remaining troops would be removed. The army commander the plant June 28 under orders from President Roosevelt.

Hearing slated
At Washington, the national defense mediation board scheduled a hearing today on the dispute. Negotiations had been suspended when the strike was called. United Automobile Workers (CIO) was to be represented by a new set of negotiators headed by Richard T. Frankenstein, general director for the UAW. Frankenstein suspended members of the old negotiating committee for calling the unauthorized strike.

CIO President Philip Murray declared a "Red purge" in CIO unions. In a letter to CIO affiliates, he said the organization would not engage in "witch hunting." He implied, however, the CIO would continue to discipline outlaw strike leaders.

CODE WILL FIX BUILDING RULES

City councilmen today had authorized City Attorney George M. Paulson to prepare an ordinance which would result in the adoption for Twin Falls of the uniform building code of the Pacific Coast Builders' Exchange conference.

The decision to adopt such an ordinance at the next regular session was made last night at the city hall. The code would be adopted by reference and three copies of it would be on file at the city hall at all times.

Move for adoption came after a representative of local contractors had urged the city, which would establish certain definite minimum requirements for construction in the city.

Councilmen last night also awarded the blanket insurance policy on the city motor equipment to the Peavey-Taber company. The bid was \$652.57. Among other bidders were E. J. White, J. M. Merrill, John B. Robertson, Sidney Crick, Russell Potter and Reese M. Williams.

Authorization was given Police Commissioner O. H. Coleman to expand the police radio to a two-way system. Initial tests of the one-way system had been completed last Sunday and Monday and were entirely successful, Coleman told the councilmen.

During the session the resignation of Robert Durham, as a member of the fire force, was accepted and M. L. Coleman was named to his place. Announcement was also made that Ray Crist and James Swartzigan will be substitute firemen during vacation periods.

Bus Drivers End Washington Strike

SEATTLE, Wash., June 17 (AP)—Washington Motor Coach system drivers return to work at midnight after accepting a compromise wage offer of 3.75 cents a mile. Their strike, called May 28, had disrupted service on the Olympic peninsula and east to Helena, Mont.

The union had asked four cents a mile but a membership referendum indicated unwillingness of the 242 drivers to accept the compromise. Before the strike was called the drivers, members of the AFL Motor Coach Drivers' union, received 3.2 cents a mile.

Regional Group Supports Scenic Lure for Tourist

HAGERMAN, June 17 (Special)—Members of Southern Idaho, Inc., the regional Chamber of Commerce, last night made the development of the Snake river canyon their "number one" recreational project.

This step came about with adoption of a resolution which will result in the backing of the program of the Canyon of Ten Thousand Springs association. The motion for this step was made by Frank P. Swan, Gooding, and the second came from A. W. Tringwall, Jerome.

Purposes of the canyon development organization were outlined by Mr. Tringwall, a director of the association. He said the major objective was the scenic development of the canyon from Milner to the Malad river. Such a program, he said, would "draw up" the tourists as they travel through the state and would result in more tourist dollars being spent in this section.

He pointed out that at the present time a drive in to have each Chamber of Commerce in this section take out an association membership of \$1 and also being sought are individual memberships of 25 cents each.

Hatchery Chief Speaks
In addition to canyon development, the Southern Idaho group also expressed interest in backing of the City of Rocks, near Oakley, and other scenic points in this area.

When the membership resides, speaking briefly at last night's session was Robert Russell, superintendent of the federal fish hatchery near here. He reported that last year, from the five federal hatcheries, a total of 3,315,000 fish were distributed to the various streams. Of this number, he pointed out, 2,000,000 came from the local hatchery. He discussed propagation and distribution of fish in the streams over this section.

Reporting on a recent trip he made through the middle west was President Deane S. Shipley, Kimberly. During his report he declared that courteous treatment of the tourists, in order that they want to return, is one of the most important things to be considered in attracting visitors to south Idaho.

He urged that an extensive advertising campaign be launched by the Southern Idaho group and also that every effort should be placed toward getting new manufacturing units in every section of this portion of Idaho.

More than 50 were present from 11 communities at the session here, held in the Hagerman hotel. Trout featured on the dinner menu.

Next session will be held in a community located in the northern section of the district, but selection will be withheld until a later date.

TICKLISH

HOLLYWOOD, June 17 (AP)—Being kissed by beautiful girls, George Brent agrees, is one of the nice things about being a movie actor. But trying to play unconsensually at the same time, particularly if you're ticklish, is something else.

Brent found this out during a scene for "International Lady," in which Ilona Massey was supposed to kiss him and at the same time feel his heart to see if he was mortally wounded by an air pistol shot.

Brent spelled three scenes by jumping when she put her hand over his heart. Director Tim Whelan finally decided to let her feel his pulse at the wrist.

Transcription Greetings Given Edward Werners

Novel feature of a party held Sunday evening in the church parlors of the Lutheran church honoring Mr. and Mrs. Ed Werners on their wedding anniversary, was a message by transcription from Rev. M. H. Zael, who is attending the convention at Port Wayne, Ind. The record was taken to them as a gift from him.

Centering the table was a large wedding cake with a silver candlestick on each side. Great baskets of roses and snapdragons adorned the parlors in honor of the occasion. A lace-covered tablecloth was used on the table.

W. C. Davis, in behalf of the members of the church, presented the honorees with a silver coffee tray and tray.

A program was given. The male choral sang "Able With Me," and the "Lord's Prayer" was sung by Miss Clara Reineke, Miss Ella Reineke, Miss Dorothy Ute, Miss Betty Romch, Miss Clara Brunck and Miss Clara Luppel.

Serving refreshments were Mrs. Zena Ute, Mrs. Martha Hootz and Mrs. Margaret Seavers.

Boise Lady Found Relief From Misery She Praises Hoyt's

My Kidneys Caused Night Rising, Gas Pressed Against My Heart and I Never Got a Good Night's Rest, Says Mrs. Bolen.

"I am pleased with the way Hoyt's rid me of so much distress," says Mrs. Allie Bolen, Route 2, Boise, Idaho. "The past seven years I had

stomach trouble, caused by poor digestion, and after eating I would have sour foot rising, gas bloated and belching. I was very nervous and could not sleep. My kidneys caused me to rise nights. I had pains in my back and limbs and was severely constipated.

"Since taking Hoyt's Compound all of these troubles have cleared up and my stomach, kidneys and bowels seem to have been regulated. I can enjoy a meal without having those attacks afterward. There's no need for night rising and the pains in my limbs have left me. I'm glad to recommend such a fine medicine!"

Hoyt's Compound is recommended and sold by the Methodist Pharmacy and by other leading druggists in this section.

Yanks Slice Indians' Lead

Joe DiMaggio Hits in 29th Consecutive Game As Tribe Loses Again

NEW YORK, June 17 (UP)—There were a number of reasons why the New York Yankees did not win their fifth straight American league pennant to get a new record last year. An important one was the fact Joe DiMaggio was unable to start the season in the outfield.

With the Yankees since 1935, DiMaggio has yet to play a full season. Of 155 games last year, DiMaggio took part in 132, including several pinch appearances as a pinch-hitter. As Joe Powell was out for almost a month, the club's right-handed batting power was reduced to a minimum. The Yanks turned back time and were able to win only 103 games, lost too much ground early in the season to regain a commanding lead.

After their first 55 games last year, most of them DiMaggio was in the lineup. The Yanks were in fourth place, 6 1/2 games off the lead.

This year Joe has been in the lineup in 29 consecutive games and today after 55 games, it is thought he has supplanted the spark necessary to put the Yankees back in the world series.

After yesterday's victory over the league-leading Cleveland Indians, the Yankees were only one game away from first place. They are winning streak of eight games including a clean sweep of the three teams in the tri-state.

DiMaggio, now batting .311, is expected to need for a double to run his hit streak to 29. He is expected to lead the Yankees to a 3-1 victory over the Detroit Tigers in the second division.

The New York Giants snapped a three-game Cincinnati winning streak with a 5-0 victory over the Reds. Lohman scattered three hits effectively that only one runner passed first.

It Takes Two to Make a Twin Threat

Identical twins on a football team is a favorite theme of Hellen, but Stanley, left, and Stu, right, are very much a fact on the University of California Golden Bears. In spring practice, Coach Stib Allison, who can hardly tell them apart, named Stu first string left guard, and Stan a close runner-up for right tackle. U. C. coaches elected the boys, both approximately 200 pounds and 6 feet 2 inches tall, kings of the campus.

SPORT SOUVIRS! by Hal Wood. FRANK LAMANSKE HOLDS UP BOISE PILOTS... VETERAN ONCE CONSIDERED GREAT BIG LEAGUE PITCHING PROSPECT

The Boise Pilots today were riding along in first place in the pioneer league—and a lot of the credit can be laid to one man on the club. The name is Frank Lamanske and just about the time that Manager Jim Reese's club started to sputter, Lamanske stepped in and never heard of Lamanske until he put on a Pilot uniform.

Did he hear anyone moaning about old Flit's pitching? Billy Randall of the Cowboys is the leading two-strike batter in the league—with 13 to his credit.

40,000 to See Title Bout at Polo Grounds

NEW YORK, June 17 (UP)—Billy Conn is in town, ready for tomorrow night's shot at Joe Louis' crown, but his weight still is a closely guarded secret.

On eve of this Polo Grounds battle, the suspicion increased that Pittsburgh's Billy will weigh closer to his light heavyweight limit of 175 pounds than to the 180 he allegedly has been registering at Pompton lakes.

His weight is being guarded, apparently because a low figure for the young fighter man is not considered stimulating "box office." The same procedure was used when George Carstairs, the French champion, fought Jack Dempsey 20 years ago. Carstairs scaled 172 and was knocked in four rounds.

Despite the possible box office effect of publicizing a low weight, Manager Johnny Ray who prefers to see his angel-faced fighter come in close to 175, Ray figures Billy-the-Kid would be much speedier and more evasive in his natural figure than at an artificial 180, which might leave him logy.

Cowboys Open Celler Series At Idaho Falls

IDAHO FALLS, June 17 (Special)—"The Battle of the Basement" will commence here tonight. The participants will be, of course, the Twin Falls Cowboys and the Idaho Falls Russells.

Currently the Russells enjoy a two-game lead over the Wranglers, but a change of late appear to be going nowhere and the best of the Twin Falls team has been able to do since the two teams met the first of the month to gain one point.

While Twin Falls has been losing on an average of three out of four the last eight days, the Idaho Falls team took just a victory last night as the Cowboys—thereby losing a game.

Need Three Victories. To move out of the cellar, Manager Andy Harrington's boys must win all three games of the current series. One would leave them still in the hole.

Harrington will call on Rube Sandstrom, the big right-hander who has had exceptional success against the Russells. In his last five games he has pitched down with the home club.

Drop Final. Last night the Cowboys dropped the series finale and the game clincher to the Pocatello Cardinals. The Wranglers got more runs than the Cowboys, 10 to 7.

Veteran Bob Pitke started on the mound for the Maglo City range and for the consecutive 15 that was knocked from the box. He yielded seven runs in the four innings he pitched and was charged with the loss.

Bill will use a revised lineup that finds Frankie Pacheco on the bench, with one run pitched and one blow during the evening off. Ernie Peters and Paul Cash, with the latter getting credit for the victory.

Pilots Boost Lead to One Full Tilt

The Boise Pilots today held a full game lead in the Pioneer league after a 6 to 2 victory last night over the Ogden Reds, league leaders over the week-end. At the same time, Salt Lake pounded Idaho Falls, 13 to 10, and Pocatello edged Twin Falls, 8 to 7.

Success gave the Reds 11 hits, compared with the nine the Pilots got off Poliva, McHugh and Lambert, but kept them 25 minutes to play. East Lake's two pitchers—Ristau and Jensen—gave up 12 hits while the bases were kicking. The Russells' pair of hurlers—Garland and Main—for 13.

Pocatello maintained a slim lead over the Reds for third place by bumping Twin Falls. Five pitchers saw service—three for Twin Falls and two for the Cards.

SPUD MEN START VOTING ON PACT

Two informational and ballot meetings for spud growers will be staged in Twin Falls county tonight as the proposed potato marketing agreement is placed before producers of this area.

The sessions at 8 p. m. today will be at Buhl Grange hall and Murtaugh school. First meeting in the series was held Monday night at Castford. Others are Twin Falls, 8 p. m. Wednesday, district court rooms; Kimberly, 8 p. m. Thursday, agriculture building at the high school; Filer, 8 p. m. Friday, fair-ground.

Cast Ballots
Growers will cast ballots at the community meetings. Voting outside the sessions may be done on Wednesday, Thursday and Friday at the county agent's offices here from 10 a. m. to 1 p. m. and at the Buhl Implement company (1 to 3 p. m.).

If approved in Idaho, the spud marketing agreement would be a continuing matter—used only in years in which it is found necessary. The pact would ban shipment of culls and other low-grade potatoes. Administrative committee of growers and handlers would direct the program and decide whether or not restrictions are needed in specific years.

Official Will Speak
Speaker at the Twin Falls meeting Wednesday evening is scheduled to be John W. Glines, Washington, D. C., representative of the surplus marketing administration.

C. O. Youngstrom, Boise, extension economist, is booked to address the Kimberly-Hansen conference at Kimberly Thursday night.

IDAHO FILM SEEN AS TOURIST HELP

Scenic motion picture "short" depicting beauties of south Idaho will be shown in 11,000 U. S. theaters by the time the summer vacation season reaches its peak—and should carry "traffic" of thousands of tourists to the Chamber of Commerce was advised today by Universal Pictures company, Hollywood.

The scenic reel, already viewed by many Magic Valley residents, shows the beauties of the Snake Valley, the Sawtooths, Stanley basin, Shoshone, Ketchum, Snake river canyon, Perrine's Blue cave, the lava caves and other outstanding areas.

The short movie also contains an actual mountain-climbing sequence in which a group of European experts tackle Mount Heyburn.

The film company indicated belief that showing of the Idaho features throughout America should bring a substantial cash return to the Gem state in the form of tourist dollars.

Infantry, machine guns, artillery, armored cars and tanks were brought into action on both sides as the battle developed in a triangle about 100 miles south of Fort Capuzzo and Halfaya (Hell Fire) pass. The temperature was above 120 degrees.

He said in a radio speech he hoped to build "an army of civilians trained and ready to defend themselves and their families, as well as their homes and their neighbors."

"I think," he said, "is our hope we may never be called into action. There is perhaps 94 per cent probability we may never be bombed, but we cannot afford to take over a six per cent chance in not being prepared."

Instruction will be given to the public on every phase of civilian air raid defense, he said.

GIVE LIVER BILE FLOW A BOOST

Start Tomorrow Morning and Keep It Up This For 30 Days

Normally the liver should discharge about a quart of bile each day. If it does not, a variety of ailments may result. Headaches, general ill-health, poor digestion, with that half-pick, tired, all-gone feeling and most probably, constipation.

There is no need to take Calumol or other "bile" pills. It is a little daily dose of that world-famous Kruschen Bile-Best that will keep the bile flowing. This puts the flow of bile back to normal. It is a little daily dose of 30 days and you too may shake off that "half-pick" feeling and get a real "lift." But don't start unless you are willing to keep it up for 30 days. If then you do not feel 100% better get your money back.
