NAZIS PROTEST CONSUL CLOSURES

British Initiative Gets Set-Back in Turkey and Libya

By HARRISON SALISBURY
United Press Staff Correspondent

Britain's drive to seize initiative in the middle east collided today with a Nazi diplomatic success in Turkey and a stubborn panzer front along the Libyan frontier which caused the British to call off their offensive thrust in the western desert.

Both London and Ankara reported Germany and Turkey have concluded a non-aggression or neutrality agreement which may be announced formally later today.

The British and Turks also agreed the pact would carry an escape provision under which the Anglo-Turkish military alliance remains in effect.

Nonetheless, it was admitted the agreement constituted a diplomatic triumph for Germany as Adolf Hitler is known to have been urging it upon the Turks for many months.

The British were comforted by the fact the Turks managed to obtain an "escape" clause in the pact which allows them no illusions on the propaganda to which Germany will put the agreement.

The pact expected Germany to report the achievement as indicating a new break in the British middle east panzer and assumed the Nazis would claim they now could transit German troops through Turkey to Syria. Iraq and other areas which Germany believed actually Germany was obtaining such rights and the Nazis had won their military objectives in any case.

It was expected also Germany would bring additional pressure on Russia for concessions, pointing out the Soviet-whether it is to include some form of an agreement by the impression in British quarters was the final form of the pact was being worked out.

British sources considered the pact was giving considerable aid to the German offensive in the western desert. It was viewed with mingled feelings by the British. They felt Gen. Archibald Wavell's forces in the Middle East were at least the equal of Nazi panzer divisions, and losses were being inflicted on the Germans which would be certain to allow them to send troops and war materials across Turkey to Syria, Iraq and beyond.

Increased Pressure
London believed no such rights are given Germany under the pact. It was said here one objective of the pact is to increase pressure on Russia and give the Soviet the impression of friendliness, thus, possibly eliminating Soviet reluctance to grant German demands.

This Wreck Killed Gooding Father

Lincoln county's first traffic death since 1939 resulted because the 12-year-old roadster shown above crashed into lava rock at the dead end of Paul Colgan, 31, on Tuesday. Donald Lee Stiffler, Gooding, father of three children, was killed. Paul Colgan, Gooding, is in the driver's seat. (Times Photo and Engraving)

PROPERTY DRAFT MEASURE BRINGS STIFF OPPOSITION

WASHINGTON, June 18 (UP)—Sen. Sheridan Downey, D., Calif., told the Senate today that the war department's proposed "draft property" bill would constitute a "long step forward towards a military dictatorship" if it were enacted.

Downey declared that within 24 hours after its passage the controlled measure would "destroy many" small industrial concerns in southern California.

"It may be necessary to have such a military dictatorship," Downey said. "Our peril may be that great, but I don't believe the committee should underestimate the power of this bill."

In arguing for the measure, Downey said "we have not depended on the volunteer system to recruit our army—we will refuse to draft materials needed for the armed forces."

Accept Responsibility
Patton's responsibility for introduction of the measure, which already has created congressional criticism. But he maintained that the measure was the legislation drafted and presented to congress in 1931 as the army's industrial mobilization plan.

Downey said he "looked with horror" on the "injurious effects" the measure, he said, would have on the small business.

Patton replied that during the World War there were 17 requisitioning laws which, while not as broad as the measure, were enacted in their cumulative effect. These, he said, were exercised without the effects Downey was predicting.

Should Be on Hand
He added if the committee could find "better phraseology" for the measure, he would support it. But he warned "if it is limited too much there will be cases which it will not cover."

"I do not anticipate this power will be availed of very often," said Patton. "It is something that should be on hand."

Downey said his statements as to the effect of the bill on small manufacturers to large companies, and the knowledge the navy and the maritime commission wanted to give its contacts to large companies, was not the best way of getting what they needed.

Germans Claim Order Violates Friendship Pact

By LYLE C. WILSON
WASHINGTON, June 18 (UP)—Germany today formally lodged a protest with the United States against the closing of German consular offices and propaganda agencies in this country, charging violation of a U. S.-German treaty of commerce and friendship signed in 1923.

The German note was delivered to the state department by Hans Thomsen, charge d'affaires at the German embassy here, after its general contents had been made known in Berlin. Thomsen, however, would not discuss the details.

Undersecretary of State Sumner Welles told a press conference the note dealt solely with the "order" of the German government. He indicated it did not touch upon President Roosevelt's order of last January freezing assets in this country.

Welles said he could not comment on nature of the protest delivered by Thomsen. He said, however, arrangements will be made to obtain assistance from other belligerent powers to permit the closing of German officials to return to their homeland safely.

Some observers interpreted Welles' remarks as indicating that in this way the officers could not be reassigned directly to other American consulates.

Funds Frozen
Welles indicated the consular officials would not be permitted to take any unusual amount of German funds, beyond normal expenses, when they leave the United States. He said, however, arrangements would be made to obtain assistance from other belligerent powers to permit the closing of German officials to return to their homeland safely.

Welles declined to say whether the German protest indicated any retaliatory action.

Meaning, orders closing the United States consular offices in Germany, whether the administration was seeking to prevent or control an economic war, was not clear.

TURKEY REPORTS PACT IS SIGNED WITH GERMANS

LONDON, June 18 (UP)—Turkish sources reported today a German-Turkish non-aggression pact had been initiated but not yet formally signed.

(Ankara said reliable sources reported the pact had been "concluded" and probably would be formally announced late today.)

It was understood the agreement provided an escape clause under which Turkey would be freed of her obligations under the Anglo-Turkish alliance.

The agreement was said to have been reached at the initiative of Franz von Papen, German ambassador to Turkey, who had been working for many weeks to arrive at a basis of agreement with the Turks.

Presses Turkey
Adolf Hitler, it is said, has been pressing Turkey persistently to conclude some form of an agreement by the impression in British quarters was the final form of the pact was being worked out.

British sources considered the pact was giving considerable aid to the German offensive in the western desert. It was viewed with mingled feelings by the British. They felt Gen. Archibald Wavell's forces in the Middle East were at least the equal of Nazi panzer divisions, and losses were being inflicted on the Germans which would be certain to allow them to send troops and war materials across Turkey to Syria, Iraq and beyond.

Increased Pressure
London believed no such rights are given Germany under the pact. It was said here one objective of the pact is to increase pressure on Russia and give the Soviet the impression of friendliness, thus, possibly eliminating Soviet reluctance to grant German demands.

Gooding Father, 31, Killed By Car Crash at Shoshone

SHOSHONE, June 18 (Special)—A Gooding ranch worker's father of three small children, was dead today and a Gooding motorist was in Lincoln county jail facing possible manslaughter charges as result of a fatal accident on a dead-end street here last night. A third Gooding resident was also in jail.

Donald Lee Stiffler, 31, was killed in the crash. He was riding in a 1929 roadster driven by Paul Colgan, 33, with Roland Ochner, 16, as another passenger.

Colgan's car struck a three-foot ledge of lava rock at the end of Wheeler street, in the north section of Shoshone. The machine turned end-over-end after the crash.

Stiffler's death was the first traffic fatality in Lincoln county since 1939.

The fatality is the 10th traffic death in Magio Valley during 1941. Until last Saturday the total had been six, but three victims were added to the list simultaneously when a train at Curry crossing killed Mrs. Irma White Allen, 21, and her son, Richard, 4, and Edward, 2. Sheriff John Thomas is holding Colgan and Ochner, and Prosecutor C. C. Shaw said that complaint against Colgan will be filed before evening. Whether the complaint will claim manslaughter or another charge had not been decided at 1:30 p. m.

Collection of Old Aluminum Ware Planned

Twin Falls today entered the ranks of American cities which plan to collect old and discarded aluminum utensils for use in national defense.

Under a double-barreled program announced this afternoon by the 20-30 club, the civic organization of young men will embark on these two projects simultaneously:

1. A drive for old aluminum ware, and
2. Collection of books, magazines and games to be sent to army camp recreational centers.

Without McKay, president of the 20-30 club, announced the project. He said that Joe Donahue has been selected as general chairman. Committee workers will be named soon, and active plans will be gotten underway for a city-wide collection of aluminum and of reading material for soldiers.

8,000,000 Trout Will Be Planted In Idaho Waters

BOISE, June 18 (UP)—Nearly 8,000,000 more fingerling trout will be planted by the state fish and game department during the next six weeks. Fish Culturist Burton Perrine announced today.

About 1,500,000 fish ranging from 2 to 6 inches have already been planted in lakes, rivers, streams and ditches throughout the state, he said.

All the state's 14 hatcheries and five operated by the federal government have been operating at full capacity to take care of 32,000,000 eggs taken from spawners. Perrine reported plantings this year would exceed those of 1940.

The department will plant 4,700,000 Rainbow trout, 947,000 Eastern Brook, 8,000,000 Cutthroats, 261,000 Blueback salmon, and 65,000 German Brown trout. The department has already planted 1,043,900 Rainbow, 57,025 Cutthroats, 40,300 Eastern Brook, and 32,500 Rainbow Brook trout averaging between 3 and 12 inches long.

Property Draft Measure Brings Stiff Opposition

WASHINGTON, June 18 (UP)—Sen. Sheridan Downey, D., Calif., told the Senate today that the war department's proposed "draft property" bill would constitute a "long step forward towards a military dictatorship" if it were enacted.

Downey declared that within 24 hours after its passage the controlled measure would "destroy many" small industrial concerns in southern California.

"It may be necessary to have such a military dictatorship," Downey said. "Our peril may be that great, but I don't believe the committee should underestimate the power of this bill."

In arguing for the measure, Downey said "we have not depended on the volunteer system to recruit our army—we will refuse to draft materials needed for the armed forces."

Accept Responsibility
Patton's responsibility for introduction of the measure, which already has created congressional criticism. But he maintained that the measure was the legislation drafted and presented to congress in 1931 as the army's industrial mobilization plan.

Downey said he "looked with horror" on the "injurious effects" the measure, he said, would have on the small business.

Patton replied that during the World War there were 17 requisitioning laws which, while not as broad as the measure, were enacted in their cumulative effect. These, he said, were exercised without the effects Downey was predicting.

Should Be on Hand
He added if the committee could find "better phraseology" for the measure, he would support it. But he warned "if it is limited too much there will be cases which it will not cover."

"I do not anticipate this power will be availed of very often," said Patton. "It is something that should be on hand."

Downey said his statements as to the effect of the bill on small manufacturers to large companies, and the knowledge the navy and the maritime commission wanted to give its contacts to large companies, was not the best way of getting what they needed.

EXECUTIVES DENY RADIO "DUOPOLY"

WASHINGTON, June 18 (UP)—President Hines Trammell of the National Broadcasting company said today NBC and the Columbia Broadcasting system have not created a "duopoly" which controls America's radio industry.

Trammell told the senate interstate commerce committee that Chairman James L. Fly of the federal antitrust committee is wrong in labeling the two networks "controlling" factors in the American radio industry.

Like CBS President William S. Paley, who preceded him as a witness, Trammell urged the committee to approve a resolution by Sen. James H. White, R., Me., which would authorize the committee to survey conditions in the industry.

"To create the spectre of domination in the industry, Chairman Fly presented a synthetic creature composed of two vigorous rivals, NBC and CBS," Trammell said. "By lumping their business and the number of independent stations which they serve, in terms of wages, he turns two of the most aggressive competitors in the industry into a single entity."

Trammell said that this was the first time since the formation of the two networks that they have been lumped together in a single entity.

Boy, 14, Held for Setting 17 Fires

BOISE, June 18 (UP)—A fourteen-year-old boy was held in the Ada county jail today to await action by juvenile authorities after he reportedly admitted setting 17 fires in the Boise area "just to see the fire engines come."

Damage from the fires ranged from \$10 to \$1,400.

"FRENCH" PLANES GERMAN
ANKARA, Turkey, June 18 (UP)—Authentic British quarters here tonight declared that the only French air reinforcements arriving in Syria actually were German planes painted in French colors and flown by Vichy pilots.

THE BLACK FLAG FLIES

First traffic death in Magio Valley since June 14 occurred Tuesday night at Shoshone.

The accident occurred at 10:40 p. m. Tuesday. Sheriff John Thomas said Colgan told officers that the trio was returning to Gooding. The street on which the crash came is not, however, on that route.

Officers indicated excessive speed probably caused the accident, and Colgan was unable to stop when the dead end of the street suddenly loomed in front of the 12-year-old car.

The machine, after turning end-over-end, landed upright on its wheels.

Two Crawl Out
Colgan and Ochner crawled out from beneath the auto. Stiffler was dead when nearby residents helped take him from the wreckage.

The two survivors suffered no serious injuries and were taken to the Thompson mortuary at Gooding. Funeral services have been tentatively set for 2:30 p. m. Friday at the Thompson mortuary.

Survivors include his wife and their three children; his mother and stepfather, Mr. and Mrs. Emory Ameringer, Gooding.

The wreck victim was born Oct. 3, 1909 in Missouri.

Film Actress Reveals She Wed Soldier

HOLLYWOOD, June 18 (UP)—It was a combination of a handsome uniform and a caring Hawaiian moon which caused her to elope in Honolulu with Army Corporal James R. Ripley, Judy Canova reported today.

"I don't know which hit me on the head the hardest," Miss Canova said. "It was Ripley's uniform and that soft moon. Anyhow I got hit on the head and we upped and got away from my room in the hotel and into the jail house. And I love him so."

Seems that when the moon lit up the Hollywood actress, she was attracted to the soldier. She met him at the home of a friend. She was a movie star, but she was not married. She was a movie star, but she was not married. She was a movie star, but she was not married.

STATE WPA ROLL SHORTED BY 800

BOISE, June 18 (UP)—Idaho WPA rolls listed 600 less workers this month than needed for a full state quota as the result of movement of workers to private employment, State Administrator Dean W. Miller said today.

Miller said the last month job workers left WPA rolls to take private jobs, 600 more than returning to agricultural work, Miller reported. The WPA employment for June was 600, 800 short of the June quota of 7,200.

Miller also announced plans were being made to cut the employment list to 5,200 workers in anticipation of a reduced WPA allocation for the next fiscal year which begins July 1.

FIRM MUST SIGN FOR CLOSED SHOP

WASHINGTON, June 18 (UP)—The defense mediation board today recommended that the Pacific coast master agreement, which includes a closed shop provision, be accepted by the Bethlehem Steel Co. as a condition for settling a dispute with the AFI, bay cities metal trades union.

The master agreement grew out of the stabilizing conference held in San Francisco between Feb. 2 and April 2 under the auspices of the office of production management, the navy department and the maritime commission.

This night of the 30 shipyards in the Pacific coast area signed the master agreement, the only exception being Bethlehem Steel company. This company's failure to accept the master agreement was the basis of the dispute before the mediation board.

Lewiston Slates Aluminum Drive

LEWISTON, Ida., June 18 (UP)—Plans for a "scrap aluminum for defense day" on June 27 were being made today by the Lewiston Chamber of Commerce.

Outgrown pots and pans and other discarded aluminum articles will be collected and melted down for steel-making purposes. Tom Cunningham, chamber secretary, said Lewiston will be the first city in the north-west to undertake the project, which has been planned in other parts of the nation by the office of production management.

LATE FLASHES

By United Press

BERLIN, June 18 (UP)—Germany and Turkey have concluded a friendship pact, it was announced tonight.

The pact was signed by German Ambassador Franz von Papen and Foreign Minister Sulejman Marsoglu in Ankara at 9 p. m., the announcement said.

FOLKSTONE, Eng.—The thunder of bomb explosions and crash of planes roiled across the straits of Dover from the French coast tonight, indicating that the royal air force again was hammering the "invader" ports or attacking shipping in the English channel.

BERUR, Syria—Gen. Henri Dentz, commander-in-chief of Vichy forces in Syria, tonight ordered strict enforcement of blackout regulations in Beirut.

VICHY—Vichy troops, counter-attacking far from their own bases in an effort to cut allied rear supply lines in southern Syria, were reported tonight in official British dispatches to have reached the Palestine frontier.

ANKARA, Turkey—A diplomatic informant said tonight he had confirmed reports that a grim bargaining battle was proceeding between Germany and Russia and that this was the reason for the troop concentrations on the German-Russian frontiers.

BERLIN—Some usually reliable German quarters said tonight that if relations between Germany and the United States deteriorate further, the reich probably will take some action other than parallel retaliation against the United States.

ZURICH—Germany apparently relinquished a news blackout tonight, since telephone operators reported they were unable to contact Berlin.

150 Students Will Go to Boys Camp

BOISE, June 18 (UP)—American Legion officials announced today about 150 Idaho high school youth will attend the Legion-sponsored Gem Boys' state camp to open today.

Full program of instruction in progress of democratic government will be given the boys, Homer Hustedson, camp chairman, said. For one day the youths will take over state, county and city governments, including the state legislature. The camp will close June 27.

DOCTORS GATHER FOR STATE MEET

HUN VALLEY, Ida., June 18 (UP)—Local doctors of the Idaho State Medical Association gathered here today for their 40th annual convention to hear appellate discuss new findings in the practice of medicine.

Five Stanford University medical school professors—Dr. Nelson Howard, William Cook, David Ryland, Gordon Walker and Carlton Mather, Jr.—will be among the speakers. J. L. Jones, Fall Lake dentist, will deliver an address on industrial medicine.

BOMB PRACTICE SITE PROTESTED

SHOSHONE, June 18 (Special)—Because of a persistent rumor that a large area of public domain lands, most of which lies in Lincoln county, may be set apart as a bombing field for use by the government in connection with the completion of the army air base at Boise, energetic discussion was held on the subject at the Shoshone Chamber of Commerce.

Chamber president and other members collected and melted down for steel-making purposes. Tom Cunningham, chamber secretary, said Lewiston will be the first city in the north-west to undertake the project, which has been planned in other parts of the nation by the office of production management.

British Ask Volunteers To Man Radio Detectors

LONDON, June 18 (UP)—Lord Newborough, British minister of the radio location corps might be enrolled in this organization, though presumably they would be uniformed.

Deaverbrook and Joubert de la Perie disclosed the radio locators are being used for communications and British anti-aircraft guns to make night raiding over Britain so expensive that the Germans apparently were trying to devise new bombing techniques.

These locators, the two officials disclosed, detect German planes long before they reach their British targets and permit immediate mobilization of the fighters against the bombers.

Oddities

By United Press

CAUGHT
DENVER—Keep this from Hiller—Winston Churchill—or at least the man said he was his name—today began serving a 14-day sentence in lieu of paying a \$25 fine for drunkenness.

PROOF
SAN FRANCISCO—For five years the man who was the first to see a "J. A. Tiger" was regarded as a "her" today said an egg.

PLANS GO AHEAD

A five-man committee, to determine advisability of the establishment of a radio location factory in Twin Falls and also to determine financing methods, today had named after a discussion of the proposed project.

The session was held last night and was attended by a "representative" group of farmers and businessmen. Plans concerning the proposed manufacturing plant, gained attention in an extensive survey, were presented by C. J. Strike, president of the Idaho Power company and by W. R. Carpenter, sales manager, Twin Falls.

Named to the committee to study the proposal were H. S. Harper, O. H. Shetter, Harry Balton, Claude H. Peterson and W. R. Carpenter.

Designation of Twin Falls as a site for the plant, should one be constructed in this area, was made.

MEDIATION UNIT HUNTS FOR LABOR PEACE FORMULA

AIRCRAFT STRIKE TOPS AGENDA OF DEFENSE BOARD

By United Press
The busy national defense mediation board searched for peace formula today to meet demands submitted by the United Automobile Workers union (UAW) for three defense manufacturers.

Heading the board's agenda were negotiations between officials of the UAW and the North American Aviation company. The hearing received yesterday after a 12-day lapse, during which a strike closed the company plant at Inglewood, Calif., and the army command ordered the factory until production was restored to normal.

Two other NDMB panels studied UAW wage demands for Detroit employees of the Bohn Aluminum and Brass company and for Plainville, Conn., company plant.

Vote Tonight
APL machinists at San Francisco will vote tonight for the third time on a proposal to resume work without obtaining their wage demands from 11 shipyards. Harry Brown, international president of the union, flew from Washington to urge that the strikers reconsider their Sunday night vote rejecting President Roosevelt's request to call off the strike.

Eight hundred of the original 1,200 APL strikers have remained on strike. Others have found jobs at other plants. Five hundred CIO machinists also have struck at the shipyards.

Green Denounces Strikers
President William Green of the American Federation of Labor denounced the UAW-CIO strike as a "betrayal" of the American people.

Officials of the Mine, Mill and Smelter Workers Union (MMSWU) called a mass meeting today for consideration of company wage proposals to end the 93-day strike at the American Chemical and Potash company at Trona, Calif.

Drowning Victim Paid Last Honor
GOODING, June 18 (Special)—Funeral services were held at the Baptist church Thursday for Margaret Louise Cavender, little daughter of Mr. and Mrs. J. E. Cavender.

Funeral services were held at the Baptist church Thursday for Margaret Louise Cavender, little daughter of Mr. and Mrs. J. E. Cavender.

Rev. C. H. Northrop was in charge of the service with music furnished by Mrs. Star Umphenour at the piano and vocal numbers by Maxine and Mary Umphenour.

Funeral services were Mrs. Emmett Lembeth, Miss Helen Libbrecht, Miss Alice Brown and Miss Lois Hunt. Interment was in Elmwood cemetery under the direction of the Burdette Mortuary of Shoshone.

Margaret Louise Cavender was born Oct. 15, 1939, in Gooding. Her tragic death by drowning came June 10. Surviving are her parents and three brothers, John, 20, George, 14, and Edward, 4.

William H. Baxter Succumbs at Buhl

BUHL, June 18 (Special)—William Henry Baxter, 87, died at the home of his son, George E. Baxter, last night following an illness of a month. The body rests at the Evans and Johnson funeral home pending word from relatives about funeral services.

Mr. Baxter was born in Quincy, Ill., Dec. 17, 1853. He was married in Knutsen, Dec. 2, 1872, and came to Buhl in 1911. Surviving are the following children: Mrs. Elmer Jones, John and George Baxter, all of Buhl; Mrs. Fred Korner, Grandview; John Baxter, Dewright, Okla.; and Ernest Baxter, Manette, Wash.

Twenty-eight grandchildren, 23 great-grandchildren and two great-great-grandchildren also survive.

SERVICES HELD FOR DAN BROWN

SHOSHONE, June 18 (Special)—Funeral services for Daniel Brown, Shoshone resident who died at the Veterans hospital in Boise last Saturday, June 14, were held in Shoshone at the Masonic hall Wednesday afternoon 2 o'clock. Services were under the auspices of the local Masonic lodge of which Mr. Brown was a member.

"Dan" Brown, as he was familiarly known to his friends, was born in Melburn, Ark., Aug. 26, 1883. A World War veteran, he had served 18 months overseas with the 23rd Engineers and at the time of his death was a member of Weeks-Yaden post of American Legion at Shoshone. Mr. Brown had been employed in railroad service for many years, having been a conductor and building foreman for 30 years. For the past year he had been in ill health, recently returning to Idaho from a Portland hospital.

Besides his widow, Adeline Brown, Stockton, Calif., he is survived by two brothers and a sister residing in California. Mrs. Brown arrived in Shoshone Tuesday to attend funeral services.

Vet Group Claims 2 State Officers

The Twin Falls chapter of the Disabled American Veterans of the World war is the only chapter in the state having two state officers and one national official. It was reported at last night's meeting of the organization. Highlighting the meeting was a report on the recent state convention at Pocatello, given by Robert E. Reilly, Buhl, new department chaplain.

W. R. Walter, national executive committee man is now attending the Washington-Oregon convention of the organization. Highlighting the organization: State officers of the organization from the local chapter are Blaine A. Wain, Jr., junior vice commander; and Mr. O'Reilly, chaplain.

A committee headed by Mr. Van Ausden was appointed to work with the Junior Chamber of Commerce to prepare a float for the July 4 parade in Twin Falls.

A joint social meeting with the auxiliary followed the business session. The next session was announced for July 16.

READ THE TIMES WANT ADS

MANY U. S. JOBS OPEN FOR EXAMS

Announcement of various civil service examinations to fill existing or future vacancies was made this afternoon by A. T. Anderson, secretary of the board of local civil service examiners, who said that application blanks for these jobs as well as full particulars can be had at the postoffice or at the office of the Idaho state employment service.

In connection with the plant protection service just organized by the war department, inspectors are to be selected through the civil-service examining process who are of unquestioned background, tact and adaptability. Persons may be eligible to apply who have had full-time responsibility and appropriate experience as fire marshal or inspector, investigator for fire insurance company, safety director or consultant or plant engineer.

High Standards
Only persons who can meet high professional and personal standards will be considered for the 22 positions which pay from \$2,600 to \$4,500 a year. Applications will be rated as received until further notice.

As a controller in the examination of shipbuilding industry, men qualified to inspect naval ordnance materials are needed in the navy department. These inspector positions pay from \$1,620 to \$2,600 a year. The wide scope of the experience and education provisions of the examination for the position is indicated by the fact that the completion of college in physics or the inspection of assembly of printing presses may qualify persons for entrance to the examinations.

Assembly Experience
In addition, persons may qualify with experience in the assembly or inspection of machine tools, instruments, or hydraulically operated mechanisms or in the design or detail of tools. Completion of any appropriate national defense training course approved by the U. S. office of education as well as appropriate college study may be used to meet the requirements. Applications will be rated as received until further notice.

An examination for deputy game management agents for the fish and wildlife service of the department of the interior has just been announced by the commission, Anderson said today. The salary is \$2,000 a year. In addition to completion of 14 units of high school study, two years of experience in wildlife conservation, research, game census work, or in appropriate law-enforcement work are required. Appropriate college study may be substituted for this experience. Applications for this examination will not be accepted after July 16.

Positions as multithill cameraman and plate-maker, \$1,620 a year, and multithill press operator, \$1,440 a year, are open in Washington, D. C. Applications will be rated as received until June 30, 1942. Paid experience in multithill work is required. For the press operator, completion of an appropriate resident course in theory and practice of multithill work may be used in place of experience.

NAMES in the NEWS

By United Press
Sen. James M. Mead, D. N. Y. proposed today that the showing of axis-made propaganda movies be prohibited in the United States because they are "calculated to serve the best interests of the military and navy of Europe."

After trying it out for 22 years, Eddie Moran has asked a court for legal permission to adopt the name under which he won fame as one of the "Two Black Crows" . . . His real name was Edwin Kahn . . . He's now an orchestra leader and playwright.

Foreign Minister Dr. Ezequiel Padilla of Mexico said the government of the republic was "alert" against any activity that might close German consulates in Mexico.

Warren Hymer, screen tough guy, was sentenced to six months in jail for intoxication, ordered not to drink for two years, keep no liquor in his home and repair damages done before his arrest. . . It was the stiffest jail term imposed in the Hollywood film colony in recent months.

Canadian Prime Minister W. L. Mackenzie King said in New York last night that the United States would have to spend \$35,000,000,000 this fiscal year to match Canada's war expenditures on a proportionate basis.

The resignation of Joseph Y. Green as director of the motion picture production code administration became effective today and he assumed his new duties as head of the Hollywood Film code studios.

Brig. Gen. Philip S. Fleming, wage and hour administrator, opposes scrapping of the 40-hour week "in the name of patriotism" because labor is already making defense sacrifices and "many millions are still out of work."

Maria Montez, Latin actress, revealed she had been engaged for more than a year to Claude Strickland, flight officer in a London RAF defense squadron. . . Dr. John G. Younger, University of Maryland expert on stratosphere aerodynamics, advocated that all university laboratories be utilized for aeronautical research. . . Cries of "nonsense" and "humane" resounded in the British house of commons today when Rupert de la Ber, conservative, insisted to Prime Minister Winston Churchill that the British people did not desire federal union with the United States, now or in the future. . . Plans have been completed for the execution Friday morning in San Quentin's gas chamber of Mrs. Juanita "The Duchess" Spinell who will be the first woman to pay the death penalty in California.

EMERSON HEADS IDAHO'S BANKERS

SUN VALLEY, Ida., June 18 (UP)—The Idaho Bankers' association today was headed by Harry M. Emerson, of the First National bank of Lewiston.

Other officers elected at concluding session of the association's annual convention were H. E. Gundelinger, Hazelton, vice-president; A. B. Wheeler, Rexburg, treasurer, and F. W. Porter, Boise, re-elected secretary.

Dr. T. S. Kerr, dean of the University of Idaho college of letters and science, traced history of the gradual trend of government control over business.

"It is a trend which is directly opposite to intent of the founders of this government and one that has become conspicuous for its extent and far-reaching effects," Dr. Kerr said.

The association also elected state officers for the American Banking association. They included Guy H. Shearer, Twin Falls, as a member of the ABA nominating committee; J. H. McNally, Bonanza Ferry, alternating member; and E. M. Flohr, Wallace, vice-president of the national bank division.

The United States, with 3,056,000 miles of highway, has nearly three times the total road mileage of Great Britain, France, Spain, Germany and Italy combined.

Accident Deaths Register Increase

WASHINGTON, June 18 (UP)—The census bureau reported today there were 3,980 automobile accident deaths in 159 cities during the first 23 weeks of 1941. This was an increase of 12 per cent compared with the corresponding period of 1940.

The most fatalities were reported from New York which had 367.

4-H CLUBS PLAN PICNIC AT BUHL

A county-wide 4-H club picnic will be held Wednesday, June 25, at the Buhl city park. County Agent D. T. Bollingbrook announced last night. The picnic will be for all boys and girls enrolled in 4-H club work, their parents, and local leaders.

Outdoor games and swimming at Buhl's new swimming pool have been planned for the program. "Everything will be free" according to officials in charge of the picnic. Handling the arrangements is the Buhl 4-H council. Mrs. Lynn Garner is chairman of this unit. District agent A. E. Duke is planning to attend and aid in staging the event.

Each club is responsible for its own picnic lunch. Ice cream will be furnished by the Jerome Cooperative Creamery. All members wishing to attend the event should assemble at the Buhl city park at 10 a. m.

ROTARIANS HEAR OF "UNION NOW"

DENVER, June 18 (UP)—Clarence Street, strong advocate of uniting United States and Britain, said today "while we hesitate to unite the remnants of democracy with Hitler in forcing France into his mold and apparently seeking to bring Russia around."

In his book, "Union Now," published before the war began, Street proposed a union of 15 nations including United States, the British empire and small European democracies.

"Instead of uniting the 15 in a strong federal union we Americans have let Hitler unite against us the world's three most heavily armed aggressive powers," Street told delegates to the Rotary international convention.

Other Rotary speakers today were Hugh C. Stuntz, public relations director, Scarritt college, Nashville, Tenn., and Clifton M. Uley, director of the Chicago council of foreign relations.

RUPERT

Mr. and Mrs. Edward Jensen, son and daughter and Mrs. Jensen's sister, Ella Jensen, are recent arrivals in Rupert, moving here from Mackay, Mr. Jensen is a foreman at the CCC camp Kimama.

Mr. and Mrs. Kenneth Ennis went Sunday to Bellevue to visit at the home of his parents, Mr. and Mrs. William Ennis. They were accompanied by Mrs. Ida E. Carlson, sister of Mrs. William Ennis.

Mrs. Elwood Masoner, Los Angeles, Calif., arrived in Rupert Sunday and will visit at the home of her parents, Mr. and Mrs. Carter, and with the Charles Masoner family until after July 4.

Newton Idle, who has been ill since March, is seriously ill at this time. His son, Fritz Idle, is here to be with his father.
