OFFICIAL CITY NEWSPAPER

Nazi Blitz Legions Push Ahead

Most spectacular picture of the German-Russian war, to date, is this Nazi-censored photograph of German soldiers, pulling machine guns, pushing into Soviet Russian territory as burning houses in the

town of Horodlowice illuminate their way. Radioed from Berlin to New York.

(NEA Radio-Telephone)

Airblitz Leaves Him Cold—All Alone in a Scene of Devastation

Truly the ways of humans are strange. This wondering horse seems to be the only living thing amid shambles in the wake of the German advance into Russian-occupied territory. According to the German

censored caption accompanying this radio from Berlin, this is a "War scene in Russia." The blitzed Soviet town is unnamed.

(NEA Radio-Telephone)

COUNTER-ATTACK ROUTS GERMANS

Reds Win in Battle Along Center Area

The Soviet Union today reported that a lightning counter-thrust by the Red army had routed German tank units on the vital central front protecting the road to Minsk and Moscow. German drives on the southern and northern flanks also were reported blocked as fierce fighting raged on many sectors, especially in the region of Lwow where the Communists said they were still blocking the Nazi offensive toward Kiev and the rich Ukraine.

Soviet tanks, artillery and airplanes joined in the counter-attack on the main German forces driving from Poland toward and beyond the pre-war Russian frontiers in the Minsk area. They reported they had routed both the enemy tank units and the 30th tank headquarters, taking prisoners and booty. The outcome of this extremely important battle of tanks and drive-bombers was not yet decided, but the Russian communication indicated the Red army had at least broken up one phase of the German attack by using blitz methods in a counter-attack.

If the Russians can continue to use their own blitz thrusts against the German spearheads, the Nazi high command's objective of cutting up and destroying the Red army as a fighting force will be far more difficult than previously indicated by Berlin dispatches. The Germans, however, presumably were prepared to throw unlimited forces into the attack if a breakthrough appears possible and the outcome was not definitely indicated by communications of either side.

The German campaign to express confidence that the Red army must soon crack under the hammer-blow of the Luftwaffe and panzer divisions, and the high command promised officially that a report on "great successes" would be made in a special communication on Sunday. But Moscow dispatches said that: The Red army repulsed German attempts to outflank Lwow, cavalry destroying the sixth enemy infantry regiment that attempted to force the Pruth river, while defense lines held firm all along the southern front to the Black sea.

Russian airplanes blasted a German attempt to turn the Red army north flank by landing sea-borne troops on the Baltic coast, probably in Estonia, scoring two direct hits on German ships and "successfully" engaging the convoy's aerial escort.

(Nazi) parachute troops were reported by London to have been used in the north flanking drive and an offensive from Finnish territory against Leningrad was expected in an effort to disorganize the Russian front lines, but so far the Red army has firmly held its ground. Russian tanks and infantry, aided by airplanes, inflicted heavy casualties on the German forces that smashed through Lithuania and drove at least 120 miles from north Poland to the Baranovitch area, facing the big communications center of Minsk.

The British royal air force planes in huge numbers renewed daylight bombardment of German bases in France and kept pounding away with steady relays of planes which reported they encountered decreasing opposition.

LATE FLASHES

BUCHAREST, Rumania, June 28 (UP)—The German-Rumanian high command said tonight that the Soviets had landed parachutists "at some points" in Rumania, but that most of them were captured. (Turkish reports previously said that 2,000 Russian parachutists landed to sabotage the Rumanian oil fields.)

WASHINGTON, June 28 (UP)—The defense mediation board today announced an agreement on all clauses, except one, for a new contract between the United Automobile Workers union (CIO) and North American Aviation's Ford Motor Co. This is the plant that was taken over by the army to end a UAW strike. No part of the agreement was announced pending a conference of union members to be held at Inglewood Monday or Tuesday.

BUDAPEST, Hungary, June 28 (UP)—The general staff announced tonight that Hungarian troops had crossed the Russian frontier at several points and were "pursuing the enemy."

MOSCOW, June 28 (UP)—Official notices, displayed in post offices today, ordered citizens to hand in all radios, photographs and television sets for storage for the duration of the war.

WASHINGTON, June 28 (UP)—The senate today unanimously passed legislation giving the maritime commission rigid control over American merchant shipping after hearing Chairman Walter F. George of the senate foreign affairs committee warn against "totalitarian methods" in preparing for defense.

WASHINGTON, June 28 (UP)—The senate today completed congressional action on the \$10,384,631,624 army bill for 1942—largest appropriation in the nation's history—and sent it to the White House.

Range Fire Under Control; Damage Set at \$250,000

The fire which spread over 276,000 acres of grazing land near Carey, destroying about one-sixth of the forage in the fifth Idaho district, was "all out" today, officials at the Shoshone grazing office announced.

Announcement was made at the same time that no new fires were known to have started in this section.

The fire broke out on the 250 men at the scene battling the flames before they could be brought under control and extinguished. Among the workers were 20 employees from the Three Creek CCC camp, 42 from the Midway CCC camp, 20 from the Kinama CCC unit, 22 from the Wood River CCC camp at the above, 21 men from the bureau of reclamation camp at Minidoka, and 12 railroad workers furnished by the Union Pacific. The balance were civilian volunteers and the exact number was not known.

The Carey fire, one of the greatest in history of Idaho grazing, caused a loss of more than \$250,000. This amount being necessary to replace the blackened area. L. K. Madren, chief range examiner, said that flames had not been extinguished for other fires this week which burned in scattered areas in the north and southeastern Idaho. The fire was restricted to federal land.

On June 27, fire, Madren said, was reported near the Fall River reservation. Several thousand acres of grazing land had been destroyed.

In the entire area, 65 fires have been reported since June 1, according to Roy Schwartz, Shoshone, fire checker. "Unsettling weather and scattered showers were welcomed in the area."

State Shuts off Fishing Areas at South Idaho Dams

BOISE, Ida., June 28 (UP)—Almost all eliminating possible approach to the Idaho fish and game department. The orders were issued at request of the U. S. bureau of reclamation for the Blair Power and Light company. The Blair Power company had already closed areas around its dams and power plant sites.

Waters closed by the department were the Ashton dam in Fremont county, Snake plant in Caribou county, Grace dam in Blaine county, Bear river dam in Franklin county, Island Park dam in Fremont county, American Falls dam in Power county, and the Shoshone dam on the Snake river in Minidoka county. The orders forbid trespassing within restricted areas either by boat or on foot.

Drastic Changes Sought In U. S. Army Personnel

WASHINGTON, June 28 (UP)—The army, making a drastic change of policy, today placed the accent on youth—from top to bottom.

In two swift moves designed to rejuvenate its command, it asked congress for permission to suit unit officers who "constitute a real danger to our national security" and promoted 286 lieutenant colonels to temporary colonels on the basis of performance.

These moves followed by a month a request to congress for revision of the selective service act to reduce from 35 to 28 the maximum age limit of registrants subject to active military duty. Such legislation is now pending.

Hard-hitting Force The "drastic program" is aimed at fulfilling army efforts to weld a vigorous, hard-hitting and mechanized force. The request for broad powers to "purge" the ranks of unfit officers was made by Acting secretary of War Robert P. Patterson in a letter to House Speaker Sam Rayburn.

Removal would be recommended by a special board of five general officers convened by the secretary. Its decision would be final.

FDR DEVALUATION POWER RETAINED

By JOHN R. BIAL. WASHINGTON, June 28 (UP)—The senate today passed, 40 to 20, and sent to the White House legislation extending for two years President Roosevelt's power to devalue the dollar and the treasury's authority to maintain a \$2,000,000,000 currency stabilization fund.

This was the first bill completed at Saturday sessions of both senate and house that were called to clean up pressing legislation before the end of the fiscal year and the beginning of the new year at midnight Monday. The devaluation power and stabilization fund would have expired Monday.

Fireman Walking Through Flames Is July 4 Feature

Members of the Twin Falls fire department will "stroll their shift" Friday afternoon, July 4, on one of the featured portions of the "Old Fashioned Fourth" celebration which will be observed here, it was announced this afternoon by Dan Alworth, executive chairman in charge of the event, sponsored by the Twin Falls Junior Chamber of Commerce in cooperation with the merchants' bureau. The demonstration by the city firemen will be given at the Junior high school playground the afternoon of July 4 at 2 p. m., immediately following an address by Gov. Chase A. Clark, who will speak from the bandshell at the city park.

Directing the demonstration will be Chief Zeke Bartlett.

PLANE BUILDING SLUMP EXPECTED

WASHINGTON, June 28 (UP)—Defense officials said today they anticipated a further slump in warplane production here in the next three months because of a shortage of vital materials and machine tools. This shortage came as the government took these new steps to offset the threatened decline in the output of aircraft and other critical munitions.

New Auto Cut

Representatives of the automobile industry were invited to a meeting here next week to work out details for further cuts in motorcar production demanded by defense officials. The previous 20 per cent cut on 1942 models was held insufficient.

Althine Plants Asked

Lacking sufficient new planes, the government asked the nation's airlines to give up 12 of their "first line" aircraft immediately for transfer to the British to meet emergency defense requirements.

Meanwhile, it appeared that the production of critical munitions, which President Roosevelt said was being accelerated, would not reach a high level before next year. Construction on most of the munition plants is now behind schedule.

# STRIKES HALT DEFENSE WORK IN MICHIGAN FACTORIES

## SPEED-UP CLAIM STOPS CHRYSLER PLANT ACTIVITIES

By United Press  
Two CIO strikes over disciplinary action disrupted defense production today at Michigan plants of the Chrysler Corp. and the Dow Chemical Company.  
At Marquette, Mich., 1,800 members of the United Automobile Workers walked out of the Chrysler plant manufacturing parts for army trucks in protest against disciplining of four women employees. The union charged the company with attempting a "speedup" and said the women "couldn't stand the pace." The company denied the charge.  
Morris Field, UAW assistant regional director, said he had conferred with company and local union officials and hoped to settle the dispute so the plant could resume operations Monday.  
Conference Falls  
At Midland, Mich., negotiators attempted to end the strike called by the chemical division of the United Mine Workers union yesterday to protest suspension of an employe for alleged insubordination. Conference recessed last night without yielding a settlement.  
State police said 1,000 workers had passed through picket lines to keep the plant operating but the union claimed only 200 returned. The company supplies 75 per cent of the magnesium used in plane production. The office of production management announced plans for a labor stabilization program to prevent work stoppages in the aircraft industry. Associate OPM Director Sidney Hays said that representatives of labor representatives would be invited to conferences to draft regional agreements, similar to those being negotiated for the shipbuilding industry.

Separate Conflict  
Demand of CIO machinists striking at the Pontiac plant for a separate contract, containing wage provisions of the Pacific coast agreement, was rejected temporarily, their move to return to work Monday. The master contract was signed by all shipyards and the AIA trades council.  
Strikebound for more than three months, the British-owned American Road and Transport Builders Co. plant at Troma, Calif., will attempt to resume production of soda and polish on Wednesday, the firm reported today.

Chamber Moves  
Twin Falls Chamber of Commerce will move its headquarters Monday from the present location at 200 Main avenue north to offices in the new radio building, situated in the 200 block Main avenue west.  
Discontinuing of the chamber office was underway today and the final move is set for Monday morning. "Business as usual" will be in effect, according to Secretary Vivian Carlson.  
The C. O. C. headquarters will be in the first office beyond the Radio Rodeo entrance. Shelves have already been installed for supplies, and racks for tourist literature are to be built for the front of the office.  
Also moving Monday morning will be the P. O. Graves and Son insurance concern, in whose establishment the C. O. C. has been quartered for the last three years. The Graves company has been in the same location for 12 years, ever since F. O. Graves came to Twin Falls from Erie.

If a person were able to yell loud enough to be heard from the United States to Australia, it would take about 16 hours for his voice to travel that far.

Keep the White Flag of Safety Flying  
Francis Marlon Hudson, 15, Piler high school student, son of Mr. and Mrs. F. M. Hudson, Piler, died at 4:45 a. m. today at the family home. He came with his family to Piler in 1927 from Power, Wyo. He was born June 11, 1926, at Idaho Falls.  
Surviving are the parents and grandparents, Mr. and Mrs. A. M. Hudson, Piler.  
The body rests at the White mortuary chapel, pending funeral arrangements.

City to Oil 32 Blocks in July  
Oiling of 32 blocks of city streets will get underway in July, it was announced this afternoon by Charles F. Larson, city superintendent of streets.  
The work, he said, is a part of the regular city oiling program and the streets were prepared for the oil last year. The oil used today will be scattered throughout the city at the same time Larson announced arrival of a shipment of steel trusses for the new city garage being constructed at sixth avenue west and Second street west.  
The trusses will probably be put in place next week and construction work will then speed forward, Larson said.

## News in Brief

In California: Mr. E. Richard Hinton is vacationing at Long Beach, Calif., for the next several weeks.  
Plan Oregon Trip: Mr. and Mrs. P. C. Graves are leaving Monday for Milton, Ore., on a 10-day visit.

Conclusion Visit: Dr. and Mrs. John F. Coughlin are returning this evening from a vacation trip to the Pacific northwest.  
Business Men Return: C. L. Lawrence, J. E. Cross, William Bruner and Harry Barry returned yesterday from Salt Lake City where they went on business.

From Oakland: Miss Virginia Adams will return today from a two weeks' visit to Oakland, Calif., where she has been visiting at the home of her uncle, Wendell Gross.

Daughter Visits: Mrs. Louis Rophenhofer, Seattle, is returning early next week to her home following a visit with her mother, Mrs. C. T. Burt.

Aircraft Worker: Theo J. Hicks has been employed in aircraft factory, Mrs. Hicks will join him later.

Condition Better: Condition of J. A. Cron, pioneer Twin Falls resident, was "good" early this afternoon, according to Twin Falls county general hospital authorities.

Bicycle Found: A bicycle belonging to Henry Orchard, 127 Palmyra avenue, was recovered by local police this morning. The wheel was reported as being stolen yesterday.

From Mountain Gating: Mr. and Mrs. Hedy Potee and Miss Winifred Potee returned yesterday from a week's outing at Board's ranch, up West Springs canyon, Miss Potee is in Los Angeles, will remain in Idaho until after July 4.

From Canada: Mrs. Lester Powell, accompanied by her son, Richard Powell, who has visited for several weeks in Glen Dale, Calif., returned to Twin Falls this morning after a trip to Vancouver and interior points of Canada. Richard will spend his vacation here.

To Sun Valley: Miss Dahlia Green, daughter of Mr. and Mrs. Kenyon Green, left today for Sun Valley where she will spend several weeks. Miss Green was a student the past year at Mills college, Oakland, Calif.

Conclude Visit: Mr. and Mrs. Newell K. Ricks and children, Gayle and Tommy, formerly of Twin Falls, yesterday concluded their visit here. Mr. Ricks, former district court reporter and now an attorney for the reconstruction finance corporation, Washington, and his family are on a vacation trip to the west.

Plan Institute: Members of the High league of the Methodist church will meet Sunday at 7 p. m. for the usual program and in addition will make plans for the summer institute early in July on Wood street. Wednesday night will meet at the church at 3 p. m. for an afternoon of nature study and a wicker roost at the evening hour.

Search for the "maniac" killer who has committed five murders in Palla county and city officers, plus authorities in other Magic Valley cities, are receiving reports from Sheriff W. B. Severyn, Seattle, Severyn sent descriptive bulletins concerning the murderer who is known to have killed one man, wounded the wife and wounded another Seattle man.

In addition—though no proof has been found—the slayer is believed to be the one who committed other crimes in Seattle, causing a state of near-hysteria in some parts of the city at night.  
Sheriff Severyn warned south Idaho officers that if the murderer has fled into Idaho, extreme caution should be used in arresting him because he "shoots without provocation."

Chamber Asked to Aid Tourist Booth  
Twin Falls cooperation in maintenance of the tourist booth at the fair, both which are to divert travelers into Idaho was asked today by S. E. Brady, Pocatello, president of the Twin Falls Yellowstone Park Civic association.  
Ready in a letter to the Chamber of Commerce, urged active assistance of the local organization which cause the tourist booth—now established for the first time—can be inaugurated in upper left side of north side of the fair grounds. Additional dollars into southern Idaho.

## DRAFTEE SIGN-UP CARD SIMPLIFIED

There won't be anything complex or difficult about the new registration next Tuesday, July 1, according to Capt. J. H. Seaver, Jr., chief clerk of area No. 1 board.  
The registration material developed from state selective service headquarters showed today that young men registering July 1 will be required to answer only 10 simple questions. The queries on the registration card pertain only to his identity, his present address and his employment. Registration should not take more than five minutes for each individual although in some cases it probably will be extended to 20 or more minutes.  
Ample Time  
While it is essential that registration be conducted as rapidly as possible, the board officials said that all registrants must allow ample time to each registrant so that every question on the registration card can be asked and properly answered.  
No questionnaires will be answered by registrants when they register. Just the board officials will fill out the registration card after their order numbers have been determined by a lottery to be held in the near future.  
Physical exams will be given only after the registrant has completed the registration classification and determined that, subject to his physical test, he is eligible for military training.

From Nebraska: Mrs. J. C. Groves, Miss Jo Groves and Miss Helen Groves have returned from a two weeks' vacation trip in Nebraska.

From Boise: Mrs. O. S. Randall and daughter, Miss Barbara Randall, returned from Boise yesterday where they spent a week visiting Mrs. Randall's mother, Mrs. F. H. Jackson.

From Gooding: Miss Lillian Laubenthal, daughter of Mr. and Mrs. E. P. Laubenthal, returned today from Gooding where she has been visiting with her friend, Miss Barbara Ravenscroft, since last Tuesday.

Attend Funeral: Mrs. A. D. Bollingbrook and children, Dawn, Mary Lois and Bobby, returned last night from southern Utah, where they attended funeral services for Joseph E. Anderson, father of Mrs. Bollingbrook.

Corps to Practice: Members of the Boy Scout drum and bugle corps will meet for practice at the American Legion hall on Monday at 7 p. m., it was announced this afternoon by W. Frank Warner, director.

These Must Register: These were the registrants who include youths who became July 1 since the first registration last October; those who for any reason did not register in October; those who have been discharged from the army since that time (and who are still in the 21-24 draft age limits).

## Seen Today

Youth collecting discarded paper plates, for some reason other than barbecue stand... Boy riding cow along highway south of town... First district inspector dropping in for talk with local coordinator... and receiving telephone calls from Butte, Seattle and Boise in 15 minutes... Ray Acting as a large rover... Awards on navy-income tax winning material for soldiers, announced today for the defense aluminum campaign planned here by the 20-30 club.  
Joe Donahue, 20-30 president and general chairman of the aluminum collection and the gathering of reading material for soldiers, announced that the Camp Fire assistance was offered by Mrs. Blanche Teasley, secretary, after she had conferred with various group leaders.  
Mrs. Teasley said the cooperation is in line with a nationwide Camp Fire program to participate in civilian defense projects. She will work out plans by which the girls will help in the 20-30 club aluminum collection "in whatever way their assistance can best be used."  
Dates and details of the aluminum collection are being worked out by Donahue and by Co-Chairmen Gene White and J. C. Williams. The girls will seek to collect all possible scrap aluminum and discarded aluminum utensils.  
The collection of magazines, books and recreational games for soldiers will be handled as a separate project.

## FDR DEVALUATION POWER RETAINED

Adams and Sen. Robert A. Taft, R., O., objected that the devaluation power is unnecessary in view of its original creation as a counter-deflationary move. The nation currently is threatened with inflation, not deflation, they argued.  
"Endangers" Interest  
Both senators contended that the president's unilateral power to devalue is unconstitutional, and that surrender of the authority to Congress would be a necessary condition for the president to devalue.  
The senate also defeated by a vote over an amendment by Sen. Robert A. Taft, R., O., which would have limited President Roosevelt's use of power under the silver purchase act to issue \$3,000,000,000 in greenbacks at the rate of his own discretion. The greenback authority now is permanent.  
Two years ago the senate acted to curtail the president's devaluation authority, but yielded to a house demand that they be continued.

## "Warning" Orders Reach to No. 761

Draft registrants in class 1-A, front line of available single men, received "warning orders" today advising them that formal order for induction July 13 is coming soon.  
The warning message went to men with order numbers up to 761, area No. 1 board officials announced today. July 13 call is the only quota (thus far set for area No. 1 next month). Four men are to leave at 7 p. m. that day.

## Tyee Manslaughter of Man Guilty

POCATELLO, June 28 (UP)—Noah H. Tyee, 40, was awarded sentencing today after a district court jury found him guilty of involuntary manslaughter in the death of Mrs. Mildred King.  
After deliberating about five hours, the jury recommended a sentence of one year in the state penitentiary. Charges against Hail grew out of the death of Mrs. Mattingly from injuries suffered in an automobile accident Dec. 23, 1939, here, when Hail, 9, and daughter, Dora Deane, 5, were also fatally injured.

## CAMP FIRE AIDS ALUMINUM DRIVE

Full cooperation of Camp Fire Girls in Twin Falls was extended today for the defense aluminum campaign planned here by the 20-30 club.  
Joe Donahue, 20-30 president and general chairman of the aluminum collection and the gathering of reading material for soldiers, announced that the Camp Fire assistance was offered by Mrs. Blanche Teasley, secretary, after she had conferred with various group leaders.  
Mrs. Teasley said the cooperation is in line with a nationwide Camp Fire program to participate in civilian defense projects. She will work out plans by which the girls will help in the 20-30 club aluminum collection "in whatever way their assistance can best be used."  
Dates and details of the aluminum collection are being worked out by Donahue and by Co-Chairmen Gene White and J. C. Williams. The girls will seek to collect all possible scrap aluminum and discarded aluminum utensils.  
The collection of magazines, books and recreational games for soldiers will be handled as a separate project.

## Prison Faces Problem if Blackie Miller, Cannery Expert, Is Freed

If a certain Cassia man is paroled from the Idaho state penitentiary, the prison officials are going to have a headache with their canning plant.  
The fact that Miller is now the expert director of the penitentiary, back from Boise by a Burley resident.  
The Cassia prisoner is Blackie Miller, now in jail under life sentence for first degree murder. The prison problem will arise from the fact that Miller is now the expert director of the penitentiary. He's so good that the warden, Gilbert Hall, several months ago purchased new equipment which will permit three times as large a canning output.  
What's more, the prison farm at Eagle Island has several crops especially planted for fruit and vegetable canning at the penitentiary.  
But Miller has now filed application for pardon or parole.  
Miller makes it tough for the warden is that if the state board would grant the prisoner's application for conditional release, the action would come in July—the busiest part of the canning season.

## LEGION WILL AID DRAFT ENROLLING

Edward A. Lendon and B. C. Van Alden, both members of the local post of the American Legion, today were named by W. W. Frantz to act as officials in the enrollment which takes place Tuesday, July 1. Frantz, commander-elect of the post, said that the two would report at draft headquarters for assignment at 7 a. m. on that date. He added that two or three more Legionnaires would be named before that time to aid in the sign-up.  
The men, Frantz said, will work at the direction of Captain Joseph H. Seaver, Jr., chief clerk of the local draft board.

## Machinist School Graduates Palmer

Stanley E. Palmer, son of Mr. and Mrs. George E. Palmer, Hatley, has graduated from the aviation machinist's mate school, North Island, San Diego, Calif., it was announced in a communication received here today by C. A. Edmondson, local navy recruiter.  
Edmondson said that Palmer graduated after completing four months additional schooling in one of the many aviation schools conducted by the navy in various parts of the country.  
He enlisted through the local station on Dec. 8, 1940, and is now at sea serving aboard one of the aircraft carriers.

## Prison Faces Problem if Blackie Miller, Cannery Expert, Is Freed

If a certain Cassia man is paroled from the Idaho state penitentiary, the prison officials are going to have a headache with their canning plant.  
The fact that Miller is now the expert director of the penitentiary, back from Boise by a Burley resident.  
The Cassia prisoner is Blackie Miller, now in jail under life sentence for first degree murder. The prison problem will arise from the fact that Miller is now the expert director of the penitentiary. He's so good that the warden, Gilbert Hall, several months ago purchased new equipment which will permit three times as large a canning output.  
What's more, the prison farm at Eagle Island has several crops especially planted for fruit and vegetable canning at the penitentiary.  
But Miller has now filed application for pardon or parole.  
Miller makes it tough for the warden is that if the state board would grant the prisoner's application for conditional release, the action would come in July—the busiest part of the canning season.

# Bette Stewart Exchanges Vows With Frank Beatty at Glendale

Before an altar banked with white gladioli and palms, and with fan-shaped floral arrangements and green-decked arches forming the background, Miss Ruth Elizabeth (Bette) Stewart, Glendale, Calif., and Frank Edward Beatty, Glendale, formerly of Twin Falls, exchanged marriage vows this afternoon at the Central Christian church, Glendale. Rev. George O. Marsh officiated.

Among the wedding guests were Mr. and Mrs. H. Wylie Stewart, Glendale, parents of the bride; and Mr. and Mrs. B. Beatty, Twin Falls, parents of the bridegroom, and Miss Alice Beatty, Twin Falls, his sister.

The bride's gown was of white silk French marquisette, the bodice banded with lace. Her finger tip "ripples" from a pearl beaded chain and she carried a bouquet of gardenias and bouvardia surrounding a single white orchid.

Wedding Party  
Miss Patricia Rosson, Tulare, Calif., maid of honor, wears a gown of canary yellow silk marquisette with lace insertions; the matron of honor, Mrs. James H. Edwards, is sister of the bride; was frocked in a similar gown of bonnie blue marquisette.

Miss Martin and Miss Jean Malley, Monmouth, Ill., and Miss Pollyanne Ferguson, Loveland, Colo., were bridesmaids; and Miss Mary Lou Stewart, Glendale, was the junior bridesmaid. Two wore blue and two wore yellow gowns of French marquisette.

Ivan Manning, Glendale, was best man. Others were James H. Bone, David Myers, William Linder, William Smith and "Pork" White.

Miss Hildegard Olsen sang George's "Rich Little Dick," "Bicycle" and "A Prayer," and Miss Mary Lou Stewart sang "I Love You Truly." Organist was Mrs. Louis Grammer.

The bride was given in marriage by her father. Following the ceremony, a reception was held at the home of the bride's parents, 1523 Merriman Drive.

Following a two weeks' tour to northern California, Mr. and Mrs. Beatty will reside at 2225 and Mrs. Glenoaks boulevard, Glendale.

The bride's traveling costume was a navy blue and white window shade ensemble with matching sweetheart trimmed felt hat and navy blue accessories.

Members of the bridal party were entertained Thursday evening by the bride at her home.

Miss Beatty attended Indiana university and was graduated from the University of Southern California.

Mr. Beatty attended Whitman college, Walla Walla, and was graduated from the University of Southern California. He is a member of Beta Theta Pi fraternity.

LANGENWALTER  
SEE SON GRADUATE  
Dr. and Mrs. J. E. Langenwarter have returned from a six weeks' vacation trip. They were present when their son, Daniel F. Langenwarter, received his degree in electrical engineering from the Georgia School of Technology at Atlanta, and accompanied him as far as 21st street, N. Y., where he made arrangements to begin his study for a master's degree at Cornell university next fall. He will work in New York City this summer.

en route to Alaska the trip spent a few days in Washington, D. C., and later Dr. and Mrs. Langenwarter went to Niagara Falls and points in Canada. They visited friends at New Orleans, and spent a few days at New Orleans, and in Gulfport, Miss., en route to Atlanta.

# Reporters Get Even: Finally Outnumber Fans at Golf Match

By HARRY FERGUSON  
United Press Sports Editor

**NEW YORK, June 28 (U.P.)**—No band of men in the world takes such a beating as the reporters who cover golf tournaments, but yesterday we got even in an outstanding way.

The host was the Fresh Meadow Country club; the occasion, the second match between Babe Ruth and Ty Cobb. This is not a story of the golf match, it is a story of subtle cruel revenge and how we brought it about.

Fifteen minutes before the match started the working press assembled to compare scars and bruises. Your correspondent displayed a blue patch on his arm where a member of the gallery had slugged him at the National Open in Port Worth. Another man had a scar from the 1922 amateur, caused by a middle-aged lady who bore an umbrella in his face. A veteran photographer showed two broken toes incurred at the 1934 PGA tournament when the gallery stampeded at the 18th hole and trampled him underfoot.

We were a battle-scarred band of men for revenge, and this was our golden opportunity.

For the first time in history of golf we outnumbered the gallery. A count of noses showed 103 members of the gallery who had paid their way into the grounds. By contrast the number of noses on our side totaled 103.

We opened our attack by running around. Grabbing spectators by the arm and saying "What's ahead, Cobb or Ruth?" This effectively kept them from watching the shots. A man came by with a camera and asked if he could take a picture. Your correspondent seized it, saying: "Gimme that, buddy."

A newswriter photographer then went into action by quietly kicking two panchny men in the stomach as they tried to wiggle under the tarpaulin to watch Cobb sink a three-foot putt.

Then a chorus of the working press stationed itself around a trap on the eighth green and chanted at the spectators, "Down in front, you lugabes!"

By this time most of the gallery was well covered, but the working press was in no mood to let up. The flying squadron of residents of Lewiston whose homes adjoin Bengal field, owned by the Lewiston independent school district. Residents said the night baseball on Lewiston's Bengal field.

The decision grew out of a suit filed two years ago by residents of Lewiston whose homes adjoin Bengal field, owned by the Lewiston independent school district. Residents said the night baseball on Lewiston's Bengal field, then a member of the Pioneer league, disrupted their sleep and caused injury to property.

Since the suit was filed the Lewiston club franchise has been transferred to Idaho Falls.

In the decision the court today merely reaffirmed the district court injunction which prohibited the playing of commercial baseball after 10:45 p. m. on permitted owners of the field from permitting noise incident to games and banning the knocking or throwing of baseballs onto property of homeowners adjoining the field.

Whole milk is "cracked" under a pressure of 2,500 pounds to produce homogenized milk.

# Night Baseball Ban Retained At Lewiston

By Galbraith

**LEWISTON, June 28 (U.P.)**—The Idaho supreme court today affirmed an injunction decree of Judge Albert H. Featherstone prohibiting the playing of night baseball on Lewiston's Bengal field.

The decision grew out of a suit filed two years ago by residents of Lewiston whose homes adjoin Bengal field, owned by the Lewiston independent school district. Residents said the night baseball on Lewiston's Bengal field, then a member of the Pioneer league, disrupted their sleep and caused injury to property.

Since the suit was filed the Lewiston club franchise has been transferred to Idaho Falls.

In the decision the court today merely reaffirmed the district court injunction which prohibited the playing of commercial baseball after 10:45 p. m. on permitted owners of the field from permitting noise incident to games and banning the knocking or throwing of baseballs onto property of homeowners adjoining the field.

## SIDE GLANCES

"Sorry you won't buy anything, Mr. Applaby—when this weather cools off, though, it's going to make a big change in your disposition!"

## HOLD EVERYTHING

"We're a little short on new equipment—you'll have to use some older stuff for a while."

# THE SPORT SPOTLIGHT

By United Press

**Mat Paisano, San Francisco, former California amateur champion, meets Marvin (Bud) Ward, last year's national amateur champion, in the finals of the Pacific Northwest Golf association championship at Spokane today.**

Cobb and Babe Ruth will meet at Detroit late this summer in the third and rubber match of the yearly national amateur championship, a 1-up decision in 18 holes over Cobb at New York yesterday, to square the series.

Mrs. Margaret McFarland Conn, mother of boxer Billy Conn, died at Pittsburgh last night.

San Francisco Seals have acquired two new players, the veteran infielder Bill Casper from Hollywood, and pitcher Jack Haley from Kansas City Blues.

Sectional track and field championships were held at Twin Falls yesterday.

The national's closing all meet will be held at Mt. Lassen, Calif., tomorrow, with 80 of the nation's top sprinters competing. Entrants include Bobby Blatt, Martin Popp and Dick Duran.

The final round of the 57th annual intercollegiate tennis championships will be played today at Stanford.

A \$70,000 turf program, headed by the 53rd running of the \$25,000 Brooklyn handicap in New York, is offered to members of the nation today by 10 tracks in eight states from coast to coast.

eris Cherokee Tincup. "Simmons got up and almost knocked my ears off with live drives."

Jimmy Dykes of the White Sox contends Luke Appling is the highest-paid shortstop in the American League, with the exception of Joe Cronin, who also is a manager.

Nick Ethen, batting 300 for the Phillies, credits his arrival to Lamar Newsome of the Red Sox.

With Baltimore last year, Skeeter Newsome convinced the big first baseman that his major league bid was imminent.

**AMERICAN LEAGUE**  
Philadelphia 7, New York 6.  
St. Louis 9, Detroit 2 (night game).  
Cleveland 3, Chicago 1 (night game).

**Council Sets Hours To Sprinkle Lawns**  
BUHL, June 28 (Special) — Announcement has been made by city councilman Dr. F. A. Kallusky regarding sprinkling restrictions.

All residents living north of Poplar avenue are to sprinkle their lawns from 5 a. m. until 10 p. m. on Monday, Wednesday and Friday, and from 5 a. m. until 1 p. m. on Sunday. All living south of Poplar street are to sprinkle from 10 a. m. until 10 p. m. on Tuesday, Thursday and Saturday and from 1 to 10 p. m. on Sunday.

By HARRY GRAYSON  
NEA Service Sports Editor

That's a silly stand on the part of those Cleveland Indians who refuse to wear safety caps on the ground that they might constitute an invitation to dust-mind-pitchers.

A pitcher doesn't throw at a batter's head.

A pitcher couldn't hit a batter in the back, let alone on the noggin, if the hitter knew he was a target.

The new baseball headgear is exactly what Larry MacPhail designed — a safeguard against an accident, which is precisely what the bean ball is.

Speaking of the more dangerous thing in baseball, it is suggested that the game adopt a football rule — a penalty for unnecessary roughness.

It might prevent several infielders being put out each season by

flyng blocks made in an attempt to break up a double play.

While a club has to drive in runs, it also has to head them off, which accounts for the Chicago Cubs purchasing Elinor Daulton.

Jimmy Wilson, it seems, is another who disagrees with the Joe McCarthy and Cronin, who contend the Babe is a short-armed first baseman who makes plays look hard.

Ben Tincup, the old Indian coaching the Milwaukee Brewers, recalls he had a hand in all Simmons' sale to the Athletics in 1923.

Harry Davis, Philadelphia scout, says he had to knock down the big buster when he came to bat.

"I want to see how Simmons acts after he's been dusted off," said the "Doc" as Davis suggested.
