# CALL FOR THE TROOP

## LEGISLATION ASKED FOR TROOP USE OUTSIDE HEMISPHERE

### NATION IN PERIL, CHIEF OF STAFF WARNS COUNTRY

WASHINGTON, July 3 (AP)—Gen. George C. Marshall, chief of staff, today urged congress immediately pass legislation to permit use of armed forces outside the western hemisphere. He also asked for authority to hold selected national guardsmen and reserve officers beyond the one year period.

Marshall said this action is necessary to "protect ourselves against the coldly calculated, secret and sudden action that might be directed against us."

Recommendations were made in Marshall's bi-annual report to the Secretary of War Henry L. Stimson.

Warrior of danger

He warned conditions have deteriorated to such an extent that a "grave national emergency exists" of a more severe character than the public believes.

Asserting our interests are "imperiled" in the present world situation, Marshall simultaneously called for legal restrictions on the use of armed forces should be removed to prevent hamstringing the development of the army "into a force immediately available for whatever defense measures may be necessary."

Under present law, the army cannot use selected national guardsmen, or reserve officers called to active duty outside the western hemisphere.

"So we have become involved in a complete confusion of restrictive legislation regarding personnel," Marshall said. "Add to this the problem of the fact that plans for large units must be approved by congress, and that time is required to prepare such a plan, and we are in a position where conditions we must submit these plans to the time consuming business of public investigation and debate, and the advertisement of such plans to the world at large, and I submit that the limitations referred to should be removed as quickly as possible if we are to have a fair opportunity to protect ourselves against the coldly calculated, secret and sudden action that might be directed against us."

Proceed With Training

Marshall said it is the war department's intention to proceed with the training of annual increments of selected and to replace those who are active service, especially the older men—as soon as the situation permits.

In general, the same intention pertains to the reserve officers whom we wish gradually to replace with others who have not yet been brought into active service," Marshall said.

### Full-Time Action Set For July 4 Fete Here

Everything was "all set" here today for the "Old Fashioned Fourth" celebration which gets underway in Twin Falls tomorrow and continues through Saturday.

Tom Alworth, executive chairman in charge of the observance which is sponsored by the Twin Falls Junior Chamber of Commerce, said this afternoon that there will be "plenty of action from the time the 21-gun salute is fired at 10:30 a. m. to the time when it's all over and is just a memory."

One of the features tomorrow will be an address by Gov. Chase A. Clark which will be given at the city bandshell in the city park at 1 p. m. At 2 p. m. Gov. Clark will join with President Roosevelt in a nationwide program during which time citizens will dedicate themselves to the United States in a nationwide program during which time citizens will dedicate themselves to the United States.

The President will speak from Washington and his words will be heard by the throngs expected to crowd the city park through means of a public address system.

Band Joins In

The municipal band will join the 11th Infantry band, playing from Washington, in the presentation of the "Star Spangled Banner" at 10:30 a. m.

Following is the complete program for the two-day celebration. It is noted that local stores will remain open for business Saturday.

## Germans Report Soviet Resistance Has Been Broken

By JOE ALLEN MORRIS  
 United Press Foreign News Editor

Adolf Hitler's armies hammered at the main Russian defense lines from the Arctic circle to the Ukraine granaries today as Josef F. Stalin pledged a fight to the finish by resorting to a policy of "scorched earth" and ceaseless guerrilla warfare.

The German high command reported the fighting power broken" as the Russians retreated all along the 1,800-mile front. But Moscow dispatches said the Nazi panzer thrusts had been "checked" in fierce battles still in progress on the central front before Smolensk and Moscow and on the Tarnopol front guarding the Ukraine.

The communists at both sides indicated the Germans had penetrated into the main line defenses on pre-war Russian soil only in the Soviet sector east of Minsk, perhaps in the Shepelovsk area, east of Tarnopol, on the Ukraine frontier.

On the central front—Moscow reported that repeated German attempts to force the Minsk riverfront of Minsk and on the road to Moscow had been checked by the Red army. The Nazis claimed they were moving up the front of a Russian army estimated by the Berlin press at 500,000 men trapped west of Minsk in the Minsk pocket.

On the south front—The Red army reported that two Nazi divisions, the 1st and 2nd, were reported via Luck and Lwow toward the Ukraine had been checked in severe fighting that is still in progress in the Tarnopol area. The German forces headed toward Shepelovka, 30 miles inside the Ukraine, and Kiev, 170 miles further east. The Germans reported they had smashed across the Pruth river on the Rumanian frontier.

On the north front—The Moscow communiqué failed to mention the Murmansk sector, where the Russians reported that the Germans were putting up a fierce defense of the big Arctic port. Unofficial and fragmentary reports via Helsinki indicated that German paratroopers had landed close to Murmansk and possibly had cut out 100 square Soviet territory south of the port to the shores of the White sea.

Paratroop Troops

The Germans were using many paratroop troops to attack the Murmansk area, it was reported. They were being quickly moved up as they landed behind the Russian lines, it was reported. An indication of the extent of such operations was given by one report from Moscow that 80 German paratroopers landed at one time.

Moscow prepared for air raids by sending children out of the capital and by sending the population to the countryside. Many shelters were dug in backyards.

## Nation Will Listen To FDR July 4 Talk

WASHINGTON, July 3 (AP)—Civilian Defense Director Florence H. La Guardia today completed arrangements for a July 4 celebration expected to be the greatest mass demonstration of national unity in United States history.

Tomorrow at 2 p. m. MST President Roosevelt will deliver a five-minute address on "The significance of Independence day in 1941" over nationwide radio hookups and public address systems. It will be followed immediately by a display of loyalty to the flag and the singing of the national anthem by the entire listening population.

The new chief justice of the United States, Harlan F. Stone, will lead the recital of the pledge from his summer home at Estes Park, Colo., and later, Roosevelt will appear to have the Star Spangled Banner more than any other professional singer, will lead the singing.

Threat Not Relieved

Coincident with LaGuardia's announcement, Defense Production and Control Administrator James C. Knox urged the nation not to think that the latest international developments had rid the world of the threat to its safety and freedom.

Warning that a German victory over Russia would only increase its power for conquering world domination, Knudsen said that the body obtained by the Nazi military machine would be of incalculable value to its future campaign.

The idea for the special Independence day program was conceived by various veterans organizations and patriotic societies as a means of cementing national unity.

Holiday Activity Halted

A few moments before the event, nearly every holiday activity will be brought to a standstill to enable all Americans to participate.

All major and minor league baseball games will be interrupted for 10 minutes and their "housekeepers" booked up to local radio stations for the benefit of both fans and players.

Patriotic societies from coast to coast reported they had synchronized their holiday celebrations to conform with the national event.

Theater and motion picture houses, amusement parks and other recreational centers, assured LaGuardia that they will make arrangements to permit their patrons to take part in the program.

State and city police departments everywhere will stop traffic wherever possible and the American Automobile association already has asked its members to listen on their radios.

## IDEAL WEATHER LOOMS FOR 4TH

By United Press

Cloudless skies and mild temperatures today promised most of the nation ideal weather for Fourth of July celebrations.

The northeast—from Pennsylvania to the northern tip of New England—was blessed with a "perfect summer day" and forecasts indicated good weather would continue through the three-day holiday.

In the south the outlook was less favorable. Thunderstorms set into action by the warm air rushed inland were clear the hot sun sent thermometers skyrocketing.

It was cool from the Dakotas to Ohio but the surface air was mixing with over-circling warm, moist air to produce occasional light rains which were expected to continue through the holiday.

The cool air from which reared New York City today brought welcome relief from torrid heat which had beat down upon the Atlantic coast for 48 hours.

## GOVERNOR PLANS IDAHO 'BLACKOUT'

BOISE, July 3 (AP)—Gov. Chase A. Clark said today tentative plans for the 6th state's participation in national defense activities called for a "blackout" of some Idaho city, possibly Boise.

Clark said details of Idaho's civilian defense had been left in the hands of C. E. Arne, defense coordinator, and that a meeting would be held July 10 to map a program.

The governor said it was probable that defense committees would be appointed in each county to coordinate activities with the state program.

Among matters to be considered at the July 10 meeting, Clark said, was Idaho's participation in the nationwide aluminum drive civilian defense coordinator Florento LaGuardia has set for July 25.

## Robertson's Fate In Hands of Jury

JEROME, July 3 (Special)—The fate of James J. Robertson, 69, charged with the murder of a 20-year-old laborer, this afternoon—rested in the hands of a 12-man district court jury.

Robertson is charged with shooting Stanley Casto last April 19 following an argument. Casto died a few hours later. The trial has been in progress in the court of Judge T. Bailey Lee this week.

Attorneys for the state and the defense concluded their final remarks to the jury shortly before noon today. At 1:30 p. m. Judge Lee read the instructions to the jury which they started deliberations.

There was no indication of how long the jury would be out although a verdict was expected sometime before midnight at the latest.

Claims Self Defense

Making the stand in his own defense, Robertson had admitted shooting Casto but declared that he did it in self-defense after the young laborer had threatened to "beat his brains out." The argument followed some remarks the aged handy man and peddler is alleged to have made concerning Mrs. Casto.

In his concluding remarks to the jury County Prosecutor Helms H. Seelye had urged that the defendant be "punished and punished severely." He said, however, to ask for the death penalty in so many words.

Jury Has Choice

Under Idaho law the jury may, if they find Robertson guilty of first degree murder, recommend either death or life imprisonment or may refer the sentence to the judge. They may also find him guilty of lower counts or may free him.

A. P. James, coadjutant, defense attorney, urged that the jury return a verdict of "absolute acquittal" if he asserted that there was no "real defense" motive in the case.

TROUBLE

DEVER—The embryonic little symphony orchestra at the army's Denver military air corps technical school sought a financial breaker today. At its first practice session, Pvt. Hassan Schuler, the conductor, learned only seven of his 18 musicians had instruments.

The other 11 said since they signed up for the orchestra they had pawned their instruments in downtown Denver loan shops.

DEFINITION

ATLANTA, Ga.—Gov. Eugene Talmadge liberalized his definition of "foreigner" today. A foreigner is not necessarily a non-native of Georgia, but "someone with different traditions, taught to believe that something is eternally right, such as racial equality," Talmadge is seeking to purge "foreigners" from the state educational system.

COSTLY

BUFFALO, N. Y.—Here's a brief story about a five-dollar sneeze. A Buffalo motorist, Leonard Wood, was the victim. Wood had been fined five dollars for passing a boulevard stop sign. He told the judge he sneezed just as he approached the intersection and his head was down. "However, the judge said that a sneeze, like ignorance of the law, is no defense.

## Warning Issued On Fire Hazard In South Hills

Persons traveling through the hills south of Twin Falls today were urged to use every precaution in order that brush fires are not started by carelessness.

The appeal for cooperation in this matter was made today by the commissioners of Twin Falls county and officials of the forest service, including Sheriff and cattle men using the area told the officials that extreme dry conditions exist and that any fire might prove to be disastrous.

Persons traveling the area are urged to use extreme caution in lighting campfires, matches and other like articles. They are also asked not to leave any campfires unattended.

## Body Recovered in Stream Identified

OROPHINO, Ida., July 3 (AP)—Police today identified a body found in the north fork of the Clearwater river near here Tuesday as that of Claude Stanton, 37, Orofino homesteader.

Coroner George B. Blake said Stanton apparently slipped on a log while fishing and struck his head on a rock. He had last been seen alive June 25.

STATE APPOINTMENT

BOISE, July 3 (AP)—Gov. Chase A. Clark today appointed E. W. Henderson, Arizona, U.S. member of the Lava Hot Springs foundation, replacing J. A. Youngren, Pocatello, whose term expired.

## UNION WORKERS PLOT STRIKE AT TWO OHIO PLANTS

By United Press

The United Automobile Workers union (UAW) threatened today to strike at two Cleveland plants of the White Motor company, manufacturer of army scout cars.

A strike vote was approved by 98 per cent of 2,000 members, the union announced, because the company rejected union demands for an hourly wage increase of 10 cents. No date was set for the strike. The company made \$700,000 in defense orders.

The strike threat coincided with a warning from President Roosevelt that the industry will not be permitted to take "unilateral action" in plant strikes if necessary, to prevent work stoppages in defense industries.

Mr. Roosevelt's warning was issued with his order formally returning control of the North American Aviation company's plant at Inglewood, Calif., to civilian management. The army sealed the plant to break a strike June 2.

Troops Withdraw

Troops still remaining at the factory withdrew today to their home stations.

At Akron, Calif., the American Polish and Chemical company operated with a limited force, which included 14 workers. A strike called by the United Mine, Mill and Smelter Workers union (IOMSW) workers remained on strike (IOMSW) in the plant.

The company said 528 of 1,000 employees returned yesterday to accept the management offer of a compromise wage proposal. The new wage scale ranged from 78 cents to \$1.20 an hour, compared with union demands for \$1 to \$1.20.

Return to Jobs

Union men returned to work on the national defense construction projects at Jefferson barracks army post at St. Louis today but 1,800 workers at its reconstruction plant members remained on strike, using their portion of a \$4,000,000 expansion program.

The national defense mediation board demanded a reply from the Western Cartridge company, Alton, Ill., today to its recommendation that the company recognize the AFL Chemical Workers union.

Washington reports said the government might take over the plant unless the dispute is settled. The union has threatened to strike Sun-Ray's routine work on the plant in defense contracts, if the company refuses recognition.

# FDR SPEECH TO DEAL WITH WAR

HYDE PARK, N. Y., July 3 (AP)—President Roosevelt disclosed today his Independence day address Friday will deal with foreign affairs and the question of America's freedom to the war raging across the seas.

The President speaks at 9 p. m. (MST) Roosevelt library here.

Before announcing plans for the speech, Mr. Roosevelt signed the commission of Harlan Fiske Stone as chief justice of the United States supreme court, succeeding Charles Evans Hughes who retired July 1.

Roosevelt also called for extension of civil service to farm security administration employees in the department of agriculture. The \$1,041,444,224 deficiency bill which he signed this morning carried a provision which would prohibit use of any funds for salaries of civil service employees of the FSA.

Mr. Roosevelt said that clause effectively closed civil service to FSA employees, adding he was unwillingly opposed to such a barrier. He said he had no alternative but to sign the bill, but went on record by signing this morning carried a provision which would prohibit use of any funds for salaries of civil service employees of the FSA.

# Drinking Charge Continued; Draft May Claim Driver

The case of Bruce Corthell, charged with driving a motor vehicle while under the influence of intoxicating liquor, has been continued until July 14, because Corthell is subject to call under the selective service, it was announced today at the probate court.

Corthell was released today on his own recognizance. He is ordered to report to the 30th draft board for possible army duty.

He pleaded guilty to charges of driving while intoxicated last Sunday. His bond was previously set at \$200. The complaint was filed June 30 by C. L. Mortensen.

# 3 CARS STOLEN IN CASSIA COUNTY

BURLEY, July 3 (Special)—Search for three automobiles, stolen since yesterday afternoon in Cassia county, has kept the Cassia county sheriff's office engaged, only one of the machines having been recovered at noon today.

A Standard credit card in Wood's name was in the glove compartment, making a "getaway" more convenient for the thief.

Mrs. Stenstrom reported at 9 a. m. today that her former husband, Ernest Stenstrom, took her 1937 Ford V-8, license No. 72-1072, from her home late yesterday afternoon. He has not been seen since.

The Fowles machine was taken from the rear of a garage last night. Mr. Fowles said he was awakened through the block. It had been parked in the borrow pit along the highway.

A man whose last name was Hyman, but whose initials were not learned, reported to the sheriff today at 9:30 a. m. that a car had been abandoned east of Unley.

Investigation disclosed that it was the Fowles car, and that the car was stolen from the garage last night. It had been parked in the borrow pit along the highway.

A Stenstrom, deputy county recorder, reported that a new wheel and tire had been removed from his new Studebaker within the last two or three days.

# RUSSIA PLEDGES FIGHT TO FINISH

(From Page One)  
while Russia and the western Ukraine regions which formed part of former Poland.

Army Not Invincible  
But, he asserted, the Red army has smashed some of the finest fighting units in the Wehrmacht. He scoffed at the idea that the German army is invincible. No army, he said, is invincible although the armies of Napoleon and of Germany during the World war once were thought to be.

Russia, he said, is fighting for her life and before this fight is over Germany will be smashed and the oppressed peoples of Europe will be liberated.

He called on Russians in the path of the invaders to adopt a policy of scorched earth—the same policy with which China met the Japanese invasion. He called on Russians to destroy or remove from the German path all railroad rolling stock, all machines, all engines, all metal, all food, all gasoline, all cattle, all grain.

These supplies, he said, must be evacuated ahead of the Germans but if there is not sufficient time they must be destroyed.

A German communique claimed 762,850 tons of British shipping was sunk in June, 417,000 tons by submarines.

Tokyo reported 1,500 Russians are expected to leave Japan shortly for their homeland. Premier Benito Mussolini reviewed at Turin a second Italian motorized division which is going to fight with the Germans against Russia.

The royal air force carried out heavy attacks on the Ruhr and northwest Germany, centering on Bremen, Cologne and Duisburg.

# Barber, Dentist, Osteopath Exams Slated by State

BOISE, July 3 (AP)—Idaho dentists, barbers, osteopaths and embalmers were notified today of forthcoming state examinations.

J. L. Balch, county commissioner of law enforcement, announced the Idaho state dental examining board would conduct examinations for license to practice dentistry Aug. 8, and the barbers' examining board had scheduled a meeting Aug. 12.

The Idaho embalmers' and funeral directors' examining board, Balcherson said, would meet July 22, and the osteopathy board will convene July 23.

# CHURCHES SLATE EVENING SERVICE

Union evening services at the churches in the city will be held throughout the summer months on Sunday evenings, a number of local churches cooperating.

Rev. Warren W. Longenecker, pastor of the Christian church, will speak Sunday, July 6, at 8 p. m. at the church.

Various ministers will preach on succeeding Sunday evenings. A loud speaker will be installed.

A union choir consisting of members of the various churches, will be directed by Rev. Longenecker. It is invited to attend these services.

# U. S. ARMY ORGANIZES 22 TANK DESTROYER UNITS

## BATTALIONS WILL BE ARRANGED TO MEET BLITZKRIEG

WASHINGTON, July 3 (AP)—Secretary of War Henry L. Stimson said today the army is organizing 22 tank "destroyer" battalions, and has developed a "radical" new type of division combining mechanized and assault equipment.

Stimson told a press conference the two moves were part of the army's program to develop "blitzkrieg" units in the era of 60-mile per hour blitz warfare.

The 22 new anti-tank units, which he said he believed were the first used by any army in the world, will be created out of present artillery outfits. Of these, 14 will be attached to infantry divisions. The other eight will be attached to the army GHQ or corps headquarters, so they can be moved about easily to meet any possible attacks.

He said the army is developing various types of self-propelled artillery which can be used for tank destroying purposes. These consist of self-propelled guns, self-propelled 155 mm. cannon and will carry projectiles against aircraft attacks.

Stimson said the motorized infantry divisions he has formed experimentally, and will give his first "battle" tryout in maneuvers in North and South Carolina.

## MINISTER OPENS RELIGIOUS SHOP

The purpose of the new religious book and Bible shop to be opened by Rev. J. E. Herr, former Baptist minister at Piler, is to serve better the religious needs of all denominations, the owner explains. The shop, which will sell religious stationery, books, plaques, and other supplies will open July 12.

"I got the idea for this type of a store soon after I resigned the ministry at Piler," Rev. Herr declared. "After going through a similar shop in Portland, Ore., I can realize even more how it benefits 'r' community."

Rev. Herr moved to Twin Falls June 12 from Piler, where he had been minister of the First Baptist church for four years. He has been in the ministry for nine years.

"I intend to continue my preaching ministry on Sundays wherever there is an opportunity," Rev. Herr says. Next Sunday he will preach at the Buhl Baptist church.

## DEFENSE PLANS AID MINE WORK

SALT LAKE CITY, July 3 (AP)—George W. Malone, Nevada mining engineer and consultant on strategic minerals to the state military affairs committee, predicted here today the current defense program would have a far-reaching effect on western mines.

Malone said development work that would bring the western mining area "a new era of prosperity and growth" was naturally being concentrated on strategic metals such as chrome, manganese, antimony, mercury, tungsten, nickel and tin.

The engineer forecast that the search for these metals—all needed in vast quantities for the defense program—would permit work in mining properties where development "hitherto has been impossible."

Malone said a subcommittee of the military affairs committee, headed by Sen. Elbert D. Thomas, D. Utah, had already decided federal funds should be allocated for construction of access roads to properties where the U. S. geological service said deposits of strategic minerals existed.

## DRAFTEES PICKED FOR NEXT QUOTA

The Twin Falls area No. 1 draft board made last minute changes in the July 14 quota mine farmers' headquarters' ruling that men over 28 years old should be deferred 30 days pending congressional legislation to lower the draft age to 28.

Five of the men originally scheduled to leave were affected by this ruling, according to Captain J. H. Seaver, chief clerk of the area draft board.

A telegram from state headquarters advised the local board that the induction of men who have attained the age of 28 on or before July 1, 1941, shall be postponed pending final action on senate bill 1842, passage of which is virtually assured.

The revised list of men called for July 14 is: M. Lowell Dick, now in Pocatello and formerly employed in Twin Falls; Cecil Ray Duncan, Raymond Buyley, Kimberly; Olin McKinley Gifford, Way Garnatz, Lamar Howlett, Noble Palmer, Twin Falls; Raymond Turner, Gooding; transfers to the area, Wilfred Lewis Dale, Pertham, Milton; Raymond G. Laughlin, Driggs, and transfers from the area, Oliver Keuter, Winnacook, N. C.; Lafe Wilson, Bellefourche, S. D.; and Richard Reed, Paleremo, Calif.

## Death Takes Big Stage Producer

## CONDITIONS GOOD ON OREGON TRAIL

Latest information on conditions of U. S. and state highways in this area and the rest of Idaho was received here today from the Idaho state bureau of highways.

The U. S. 30, is in good condition throughout the state except for construction work between Mountain Home and Clifton and where work is being done east of Soda Springs.

Condition of the Sawtooth Park highway, U. S. 83, from the Nevada line to Ketchikan and to Stanley is fair; from Stanley to Challis, fair; and from Challis to Montana, good.

The Yellowstone Park highway, U. S. 101, is fair. Construction work is being carried on between Mountain Home and Clifton and between Ashton and Warm River.

The state highway between Dixie and Burley and Bug City is fair for travel; and the state bureau recommends local inquiry before traveling from Fairfield to Talley.

State highway No. 23, from Shoshone to Richfield is in good condition and the rest of the road is in fair condition.

The Roosevelt highway east of Dietrich is open, but is not recommended for travel. Condition of the Lost River Highway near Arco is fair. The Atlanta road, State No. 93, is fair via Arrow Rock dam, but is not recommended on the route via Rocky Bar.

# Betty Wegener, Wayne Tucker Pledge Vows at Church Nuptials

With Rev. H. J. Reynolds officiating, Miss Betty Jane Wegener, daughter of Mr. and Mrs. Albert Wegener, Twin Falls, and C. Wayne Tucker, son of Mr. and Mrs. C. P. Tucker, Pocatello, were united in marriage at 10 o'clock this morning in the Christian church parlors. Rev. Reynolds was the officiating clergyman at the marriage of the bride's parents several years ago in Boise.

Music especially selected for the occasion by the bride, was played by Miss Patricia Smith. She played "Intermezzo," by Provoost, as the guests, most of them relatives of the two families, assembled at the church. Wilton Peck sang one vocal number, "Because."

Just before the ceremony, she played part of Schubert's "Serenade," and presented the final measures of the composition at the conclusion of the marriage service.

**Tokens of Sentiment**  
The bride wore a rose sabbatine tailored suit with a wide-trimmed navy blue felt hat, navy blue accessories, and an orchid and lilies of the valley corsage.

From the Orient came the "something borrowed" of her wedding attire, hand-wrought silver and blue porcelain Chinese love birds, which several younger friends of Mrs. C. P. Tucker have worn at their weddings as good luck charms.

A gold locket studded with three small rubies, a gift to her paternal grandmother, Mrs. Ed Klueder, Twin Falls, more than 50 years ago, completed her ensemble.

**Wedding Attendants**  
Miss Dee Heppler, maid of honor, wore a navy blue and white ensemble, and a corsage of gardenias and pink roses. Homer Edwards was best man.

Mrs. Wegener was gowned in navy blue and rose, and wore gardenias and pink rose buds, as did Mrs. Tucker, whose costume was of navy blue and white.

The ceremony was read by taper-light. Tall cathedral tapers glowed in floor standards, and the fireplace, backed with madonna lilies and greenery, formed an effective background for the exchange of vows.

Waiteau baskets of snapdragons, roses and other early summer flowers completed the setting.

**On Wedding Trip**  
Mr. and Mrs. Tucker left immediately after the ceremony for Boulder dam, the Grand canyon, and the Pacific coast.

They will be at home after July 23 at 129 Sixth street, north of the city.

Mrs. Tucker is a graduate of the Twin Falls high school and of Bus Criminal's Private Secretarial school, Boise. She is associated with the Twin Falls Bank and Trust company.

Mr. Tucker, a graduate of the University of Idaho, where he was affiliated with Kappa Sigma fraternity, is manager of the social security board here.

**Out-of-Town Guests**  
Out-of-town guests included Mrs. J. H. Stewart, Mr. and Mrs. Hugh Fouch, Mrs. Mable Wegener, John Edwards, Miss Donnabeth Wegener, Boise.

Mr. and Mrs. C. P. Tucker, Miss Margaret Clark and her fiancé, Jack Clark, all of Pocatello, and Mrs. Harry Witke and Miss Eleanor Klueder, San Francisco, and Mr. and Mrs. Richard Torgerson, Boulder, Colo., were present.

Miss Tucker and Mr. Holt will be united in marriage July 7 at the L. D. S. temple in Salt Lake City.

Mrs. Clyde Rosa won the "rabbits' foot."

Mrs. Ed Roberts was assistant hostess and Miss Thirza Hill and Miss Theda Hill, daughters of the hostess, also assisted.

# We-- The Women

By RUTH MILLETT (NEA Service)

It's a crying shame that so many girls of fiction have looked at small town gossip through rose glasses and painted it as something jolly and harmless and a little bit funny.

It ought never to be shown in any light but the vicious, destructive light it is.

The gossip of a small town is responsible for as much unhappiness and as much frustration as all the poverty in the community.

**Topnotchers Leave**  
It does not seem as much the desire to escape the forever-wagging tongues of the busy-bodies as to find greener pastures that drives a small town's up-and-coming young people to cities to live.

No, most of the gossip in a town here everybody knows everybody is far from harmless, and far from funny.

It does something ugly to the person who repeats it. It usually causes humiliation to the person being talked about—perhaps even to a whole family, or to more than one.

It imposes a "keep-your-business-to-yourself" attitude on the majority of folks that makes them less interesting, less real, less entertaining human beings than they would be if they weren't so afraid of what the gossips would do to the most innocent actions and expressions of opinion.

**Quarantine Gossips**  
If a community would treat its most vicious gossip as though it were the amputator, a good deal of the more attractive gossip could be stopped.

But it's so much easier and pleasanter to listen to what the gossips has to say, exclaim over it a bit, and pass it on—though with an indignant "but it's awful" of Mrs. Brown to spreading such a story" apology—than it is to refuse to listen to Mrs. Brown's latest tale.

# Babcocks Arrange Family Reunion At Summer Place

W. A. Babcock and son, Edward Babcock are returning this evening from Seattle. They will be accompanied by Mr. and Mrs. W. A. Babcock, Jr. and young son, William Babcock, III.

# YANKEES WIN 6TH IN ROW, INCREASE LEAD

## DiMaggio Clouts Home Run; Buck Newsom Wins, 1-0

NEW YORK, July 8 (U.P.)—The hero of the hour, of course, is Outfielder Joe DiMaggio of the New York Yankees who set a new major league batting record by hitting safely in his 45th consecutive game yesterday, but spare a thought for the deeds of another outfielder, Ted Williams of the Boston Red Sox.

DiMaggio today is the all-around batting star of the major leagues—that is, until you come to the batting averages and then, perched at the top, .053 percentage points ahead of "Pat Joey," is Williams with a league-leading mark of .401.

Comparatively little attention has been paid to Williams' hitting achievements but if ever anybody is to crowd DiMaggio out of the American League batting picture, it will be this iconic, young left-handed slugger.

The battle for the league batting lead would be as interesting as the pennant fight. The Yankees defeated the Red Sox, 8-4, for their sixth straight win, ran their American league lead over the 10th Cleveland Indians by three games and Williams added another hit to already impressive average but the crowd of 8,882 had cheers only for DiMaggio.

Joe blasted a 400-foot homer into the left field stands, his 18th of the season, in the fifth inning off Dick Newsom, the 21-year-old right hander. Joe's blow showed Wes Willis Keeler's 44-year-old record into the obscurity baseball records all "second-best."

Buck Newsom, prize pitching flop of 1941, reverted to the form that brought him 21 victories in 1940 as the Detroit Tigers blanked the Chicago White Sox, 1-0 last night. Newsom allowed only three hits in three games in a 10-day losing streak and won his sixth victory against 11 defeats.

Bob Johnson hit his 71st homer in the 10th inning to give the Philadelphia Athletics a 7-6 triumph over the Washington Senators.

The Brooklyn Dodgers slipped to within half a game of first place in the National by knocking off the Philadelphia Phillies, 9-5 while the leading St. Louis Cardinals were idle. The Pittsburgh Pirates welcomed the Cincinnati Reds, 8-3.

New York splits with the Boston Braves. The Braves captured the opener, 6-4, but dropped the night-cap, 4-0.

**THE SCOREBOARD**  
BY HARRY GRAYSON  
NEW Service Sports Editor  
DETROIT, Richard Cummings Wakefield reported to have banked \$45,000 of the too much money that Walter O. Briggs is fortunate enough to have.

Fanny the St. Louis Cardinals, for example, giving a 20-year-old college outfielder anything like that, especially in three times.

Why Joe Medwick was lucky if he was getting one-third of \$45,000 from the Red Birds the year he was the National league in practically everything.

But Body Builder Briggs paid off, through Richard Wakefield, the left-hand power hitter, had never played a game for dough in his life. Owner Briggs may be stuck for \$45,000 he wouldn't mind though in experience is not necessarily a fatal handicap to a kid attempting to crash the big wheel from law.

## Zivic Drubs Davis; Wins In Tenth

NEW YORK, July 8 (U.P.)—The real winner of last night's Zivic-Davis floundering were the thousands upon thousands of fans who had some enough to stay away from the Polo Grounds.

For everyone else it was a double-barreled disappointment. Promoter Mike Jacobs took a worse beating than Private Bummy Davis, who suffered a technical knockout in the 10th round after blocking Welterweight Champion Private Zivic's left jab with a bloody schmoche all evening.

Summed up, this scheduled 12-round non-title bout was probably the most complete fiasco in the history of big time outdoor New York boxing.

Small Crowd  
The fight was a top-sided dud, and the surprising small gathering of 8,958 fans contributed a gate of only \$28,185 for the questionable privilege of witnessing it.

These figures proved a solar-plexus punch to Promoter Jacobs' pocket book. He had guaranteed the army relief society a minimum of \$25,000 in return for Private Davis' services. Or, at least, that's what his publicity men stated. A 24-hour postponement and last night's thrack of rain were factors in the debacle.

Champion Zivic achieved this second victory over his rated rival, Davis, with such ridiculous ease that many of the welter king's admirers accused him of "carrying" the soldier.

Zivic Plays "Tap"  
Davis, who lost to Zivic on a second-round disqualification in November after a 10-minute brawl, seemed to have left last night's fight at his coast artillery camp—Camp Huachuca.

The opening round found moon-faced Bummy on the canvas for the first time in his career. The theater critic contented himself with playing "taps" on the artillery man's bugle.

Only in the fifth round did Bummy go in for slugging. Then he actually staggered the champion with a left hook to the head. That was the only round he won.

## SPORT SOUBS!

IDAHOANS HAVE GREATEST OF ALL OUT-DOOR PLAYGROUNDS ... STEVE BOGDANOFF STABS ... IN CALIFORNIA "C" LEAGUE

Coming from a midwestern state, where outdoor sports are specifically of the imitation nature (except skiing) we've often wondered how many Idahoans stop to realize that they have the greatest natural outdoor sports lay-out in the country—and possibly in the world.

Now that sounds like an old subject, but where else in this nation can fishermen find good salmon and good trout fishing in the same stream except between here and the coast?

Where else can a hunter be nearly assured of getting his deer, his elk, his antelope, his pronghorn, his ducks every fall and possibly even a wild goat, a bobcat, bear, mountain lion, coyote and what have you?

To people who visit from the middle west and eastern states, it is hard to believe there is still such a paradise in America, with what is called "civilization" making inroads on nearly every virgin territory in the world.

Idaho has something in the sports world that no other state in our country can boast—and it is something that should be revered, protected, cherished—and last, but not least, fully cared for.

Short shots: Loss of Eddie Sheehan to the U. S. navy is not only a blow to the Boise Pilots, but the Pioneer league as well. Eddie was one of those clean-living, clean-talking youngsters who help so much to make baseball a respectable sport.

Addition of Hal Costello to the Cowboy infield gives the Wranglers a strong inner quartet that may yet boost the Twin Falls club back into the race for a first division spot. The young Stanford collegian still has some rough edges, but he is not as a first prospect and while he may not be a very heavy hitter at the plate, he covers a lot of territory at first base.

And Ed Heffernan is finally justifying Manager Andy Harrington's confidence in him and starting at first base. The former St. Mary's footballer looked awfully weak at the plate his first few weeks and most of the customers gave up on him—but Manager Andy left him in there and the youngster is now on his way to making good. While Costello is the property of Seattle, Heffernan is owned outright by the Cowboys.

The mountains have been full of south central Idaho vacationists during the past week and the July Fourth week-end probably will find one fisherman for every one-pound trout in the streams of the wooded country.

Lots of baseball is slated over the holidays, what with the Cowboys performing against Boise Pilots here, and Shoshone, SCI league leader, leading Healey's Miners Friday and Saturday at the Hailey celebration and Jerome entertaining Pler at Jerome Friday.

That was a tough break Bobby Jorata got when he smashed a leg Sunday—putting him out of the game for the rest of the year.

## Reds Defeat Cards Again To Boost Lead

By United Press  
While two games in the Pioneer league series were postponed because of wet grounds Wednesday night, Oregon's league leading Reds came through to trim Pocatello's Cards, 7-4.

The Reds grabbed the lead in the second frame, clinched it in the third and went on to score again in the fifth, eighth and ninth. The Cards scored twice in the second and netted single scores in the fourth and sixth.

Vernon Stone, Ogden hurler, allowed nine scattered hits, while the

When two teams dropped out of the newly-organized California Class C league, it was thought that several good players might be picked up who would help the Cowboys get set on their feet.

The answer was that of the two teams breaking up, only one player could be recommended. The name? Steve Bogdanoff, former Cowboy performer.

Steve had won seven and lost two games while pitching and played in the outfield when not on the mound.

Members of the department recommend that the fish be cleaned as soon as possible and the gills removed. No water should be put on them, and they should be allowed to dry. Rolling in a damp burp sack will help preserve fish, it was said.

Another method recommended to keep fish for several days is to wrap each fish in heavy waxed paper and cleaning and drying with a cloth. The packages are then rolled in a dry sack and the entire bundle placed in a wet sack.

# Red Sox Bandits Fail to Keep DiMaggio From Getting Hit

By HARRY FERGUSON  
 United Press Sports Editor  
 NEW YORK, July 3 (AP)—In the late summer of 1940, when Joe DiMaggio's batting streak is finally stopped at 102 games, they still are going to be talking about yesterday afternoon when the Boston Red Sox turned themselves into a band of burglars in a vain attempt to rob the Yankee clipper of his glory.

It was the day when DiMaggio hit safely in his 45th consecutive game and broke the record of Wee Willie Keeler who played back the Spaniards in his 44 consecutive war days. It was a bright, sunny day—not at all suitable for the commission of burglary—and there were 6,823 witnesses to the crime that the Red Sox attempted to perpetrate.

Manager Joe Cronin of the Red Sox had it figured this way:

- If you pitch low to DiMaggio, he will get a hit.
- If you (A) fast ball him, (B) slow ball him or (C) curve ball him, he will get a hit.

Therefore, Cronin decided the only chance to stop DiMaggio was to rob him—to let him hit the ball and then make "burglar catches." So when the game started the Red Sox lined up under the following aliases:

Jesus James-of-  
 Robin Hood—B.  
 Tom, Tom, the Piper's son—F.  
 Gerald Chapman—S.  
 The Thief of Bagdad—F.  
 Al Jennings—2b.  
 Al Babs' 40 Thieves—2b.  
 Jimmy Valentine—c.  
 John Dillinger—p.

The robbery began in the first inning. DiMaggio belted one into deep right center to Stan Spence, playing under the name of the Thief of Bagdad, ran for it and right, trapped into the air and caught the ball.

The next time DiMaggio came to bat he tried to keep the ball away from right field by hitting a slashing grounder over third base. Jim (Al Jennings) Tabor did the dirty work this time. He dashed over, made a back-handed stop and whirled and threw DiMaggio out at first.

By this time DiMaggio was bored with this lawlessness and so was Manager Joe McCarthy of the Yankees.

By doing considerable thinking between the fourth and sixth innings they hit upon a method of restoring law and order. The idea was to belt the ball out of the park where the Boston bandits couldn't touch it.

So DiMaggio went to bat in the sixth and he blasted a home run into the lower left field stands.

High-ho, Silver, the bandits are fleeing in all directions!

Stalin Invents out That Nazi Invasion Army Not Invincible

By United Press Josef V. Stalin, in his extraordinary call to the Russian people, has posed the direct challenge that the Nazi army is not invincible.

Stalin's speech was far from defeatist. While he admitted that German gains, his words strongly suggested he feels the battle is only a preliminary stage.

An important point in the speech, which has a direct bearing on the present military situation, was Stalin's assertion that the "main forces" of the Red army are now coming into action, supported by thousands of tanks and planes.

In better position, if that is so, the Russians are in a better position than early German successes indicate. As British military experts point out, if Russia extended the front of her military forces and equipment in an effort to stem the fury of the sudden German onslaught at the very start, she would have to pick up all the "waste" aluminum being worked out, according to Donahue.
