

Here's The Answer To Your Request For A More Dependable Used Car

7 MAJOR STEPS IN RECONDITIONING THE USED CAR YOU BUY from GLEN JENKINS!

Here are just 4 of those steps to RECONDITION your Nu-Used Car

At the left are shown the operations on Steps Number 2 and 4. At the right, Joe Ayre is checking on the motor tune-up equipment while Clarence Smith is at work on a fender dent. Both of these tasks are but a small part of the various operations in each step.

Glenn Jenkins, manager of the pioneer firm of Glen G. Jenkins, Chevrolet Dealers.

The picture at the right represents a scene during the operation of Step No. 3 — Upholstery Cleaning and Interior Polish. Reading from left to right, Glenn Sikes is at work with a high pressure vacuum cleaner while Paul Verslog is removing spots and renewing the life and luster of the seat cushion.

Below you are one of the operations included in Step No. 6, Painting. Jim Bidwell, protected by his painter's mask, is applying one of the six coats necessary to complete a paint job on a Nu-Used car.

A Revolutionary Idea to bring you better used cars... presented by Twin Falls' most progressive motor sales organization.

Here's a unique plan of producing Nu-Used cars that is as exclusive as a Chevrolet franchise itself. Here—and nowhere else in Twin Falls—will you be able to purchase Nu-Used cars. Now as the purchaser of a Seven-Step Reconditioned Nu-Used car, you can experience the same thrill of performance and pride of ownership that the buyer of a new car will enjoy.

Here's the complete story over the signature of Glenn Jenkins

"You might ask the question: 'Why all the fuss about used cars?' The answer is that we are no longer selling used cars! With the curtailment of production anticipated from the OPM, many prospective buyers of new Chevrolets are bound to be disappointed. In order to satisfy this demand for a better-than-average product at a fair price, we are installing costly equipment and training our personnel to produce a car that will please the discrim-

inate buyer. Your Nu-Used car is a "new" car because it has been renewed through the same production-line process by which it was originally built. This is a personal invitation from myself and our organization to come into our shops to see this work performed."

Glenn G. Jenkins

Presenting Mr. J. H. Bates, of the Chevrolet Motor Division.

Pictured above is a traveling unit of the newly created Chevrolet Reconditioning Department which is on tour at the present time installing these departments at various major Chevrolet dealerships throughout the state.

Mr. Bates has been at our Chevrolet Dealer past week directing the installation and training of personnel. He is a factory trained supervisor and will spend another week in Twin Falls.

AROUND the WORLD

With United Press
WITH BRITISH IMPERIAL FORCES SOUTH OF BEIRUT—Australian troops, supported by a terrific land, sea and air barrage, penetrated the outer defenses of Beirut today, slicing through Gen. Dentis's formidable Demour river line at two points.

TOKYO—Japan's observance of the fourth anniversary of the start of the war with China was marked today by a vigorous and almost unanimous newspaper attack on the United States. The newspapers generally took the line Japan was determined to defeat China despite United States "interference."

BERLIN—A message, drafted by the primum of the Roman Catholic episcopate and read from the pulpits of most of the Catholic churches in Germany Sunday, claimed strongly over alleged Nazi party interference with the church's rights.

MONTREAL—Small boats began removing 202 men, women and children from the pleasure steamer Rapid Prince today. The Rapid Prince was fast ground among the Seven Sisters Isles in the Lachine rapids of the St. Lawrence river within sight of Montreal, and her passengers had spent the night aboard her.

BERLIN—The German high command admitted today British night air attacks on western Germany claimed civilian casualties and fires, particularly in Dortmund, but claimed 27 royal air force planes had been brought down in 24 hours of heavy air action.

LONDON—Authoritative sources said today the Russians were fighting well, that the Germans had failed to get complete superiority in the air, that the Russian state were harassing the German advanced armored forces seriously and that in general there was no immediate cause for pessimism.

TOLL OF DEATHS MOUNTS TO 631

By United Press
The nation recorded a heavy loss in life today in its cost account for the Independence holiday week-end.

Late reports showed at least 631 persons had been killed in accidents in 43 states. Automobile mishaps caused 407 deaths; firework, drownings, airplane crashes and other accidents caused 222.

The national safety council predicted the toll today would be at least 475 of the estimated 30,000,000 persons on the highways would die in traffic accidents. Only five deaths were blamed on fireworks.

California reported the highest individual state total of 67, including 45 in automobile accidents. Illinois recorded 56 deaths, Indiana 36, New York 36, Pennsylvania 31 and Ohio 41.

States listing no fatalities were Delaware, Florida, Nevada, New Mexico and South Dakota.

RECORD?

ST. JOSEPH, Mo., July 7 (AP)—Golfers searched the record books today to determine whether a record was set yesterday when a golf ball made the 6149-yard trip around the Pacific course in 18 minutes 51 seconds.

Everett Owen, who completed the speed test, stationed 59 golfers around the course and they took 84 strokes for the 18 holes.

regarding Russian prospects even though the Germans had not been stopped.

ROME—Italy relaxed its retaliatory freezing restrictions on United States funds for the first time in three weeks today to permit individual Americans to draw enough money for living expenses.

MEXICO CITY—Three thousand persons walked outside the municipal hospital at Guadalupe today, seeking to identify bodies of 87 persons killed in theater fire last night or to find whether they had relatives among the many injured.

NAMES in the NEWS

By United Press
Paul V. McNutt, former high commissioner to the Philippines, said in Washington today that American interests in the far east must not be abandoned to "appease the political machine which now happens to be in power in Tokyo."

In London, Alfred Duff-Cooper, British minister of propaganda, appealed to the United States for increased aid. Cooper characterized America as having "the second greatest navy in the world, a great air force and a growing army."

Congressional sources in Washington claimed today that President Roosevelt hopes to have Gen. Claude D. Pepper, D. Fla., accepted as the chief administration trouble-shooter in the senate.

The mother of Lewis W. Douglas, former director of the budget, died in Los Angeles. She was Mrs. Josephine Leah Douglas, wife of an Arizona copper mining pioneer.

Coincidentally, Mrs. Julia B. Pike Douglas, mother of Supreme Court Justice William O. Douglas, also died Sunday. Her death occurred in Chicago, and funeral services will be held Wednesday in Yakima, Wash.

Gen. Tai-Chi, China's foreign minister, broadcast to the United States from Chungking today. He declared that China was prepared to fight for four or six more years to defeat Japan.

In Hollywood, Comedy Director Roy Del Ruth was sued for \$108,000 damages by the Phil Berg-Bert Albenberg theatrical agency. They charged breach of contract over a three-year period.

A five-point program outlining Justice's place in national defense was submitted today to the annual convention of the national federation of business and professional women's clubs. Dr. Minnie E. Maffett, federation president, said the majority of members would serve "as the home front."

Actor Charles Laughton has been revealed as technician as well as an actor. Laughton, working on the set of "Almost an Angel," rigged up a

CULLEY FUNERAL HELD IN RUPERT

RUPERT, July 7 (Special)—Funeral services were conducted in the Baptist church Wednesday for John David Culley.

Ceremony was in charge of Rev. Orville L. Johnson, pastor of the church. Rev. W. F. Hartley, a former pastor now retired, gave the benediction. Music was "That Beautiful Land" and "Rock of Ages," sung by Rupert Grange male quartet, Ross Woolford, Angelo French, Lynn V. Carpenter and George Brock, accompanied by Mrs. Ross Woolford.

Six of Mr. Culley's nephews served as pall bearers.

Under the direction of Goodman mortuary and accompanied by Mrs. Culley, the body was shipped to Englewood, Ill., for burial. Robert Lee Culley, Mrs. Culley's daughter, Miss Roberta Culley, and Hilram Culley left Wednesday for Englewood for the funeral.

John David Culley was born Aug. 12, 1887, in Posey county, Indiana. Early in life he moved with his parents to southern Illinois where he lived until 1917, when he came to Rupert, where he lived the past 24 years.

Mr. Culley is survived by his wife, Mrs. Nervie Hammock Culley, a son, Robert Lee Culley, a granddaughter, Roberta Culley, a brother, Hilram Culley, a sister, Sybil York, all of Rupert; and a stepson, Homer Hammock, of California.

A sister, Mrs. Elizabeth Davis, died in Englewood, Ill., less than 24 hours after Mr. Culley's death here.

They green light near the camera to give him something to focus on when he was supposed to look in that direction.

The argument is still raging in Hollywood as to whether producers or exhibitors are responsible for a drop in motion picture box office receipts. B. P. Schulberg, Columbia producer, charges exhibitors won't help introduce new talent, and insist on "repeat star combinations."

Forestry is one of the three leading primary industries of the Dominion of Canada.

Postmasters Will Meet in Caldwell

CALDWELL, Ida., July 7 (AP)—William J. Dixon, of Washington, D. C., superintendent of the division of postmasters, is listed as the principal speaker when the Idaho chapter of the National Association of Postmasters convenes here July 16 and 17.

Other dignitaries included Postmaster General Frank C. Walker and Mrs. Walker, who will appear only briefly, and Ambrose O'Connell, first assistant postmaster general.

Sing Sing Warden Resigns Position

OSSENSING, N. Y., July 7 (AP)—Lewis E. Lawes, the country's best known penologist, retires next week as warden of Sing Sing prison after 21½ years.

His resignation has been accepted and he will retire July 15 "to nose a few potatoes and get back to earth for a while."

Lawes, 57, had had responsibility for a total of 36,759 prisoners. Opposed to capital punishment, he directed execution of 303 persons.

The Australian emu has feathers with a double form, in which two plumes grow from the same quill.

All Kinds of Large SWEET CHERRIES Are Ripe Now At The Crystal Springs Orchard Phone 6-3-9 - Filer, Idaho

Farmers Invited to Aberdeen Station

JEROME, July 7 (Special)—Visiting day for the farmers of Jerome county to the Aberdeen experiment station at Aberdeen, has been set this year for July 21. It was announced this week from the office of the Jerome county extension agent, Eugene W. Whitman.

All growers of this section have been invited to participate in the annual convale. Farmers of Jerome, Minidoka, Cassia, Twin Falls, Gooding and Lincoln counties also planning to attend the station on this date.

Mentholatum will quickly soothe the throat and relieve nasal congestion.

There Will Not Be a Store-Wide Clearance Sale

- AT -

The Idaho Department THIS SUMMER

This announcement is made for the convenience of our many customers who have become accustomed to making their buying plans in advance so that they coincide with our famous store-wide Clearance Sales.

In the Past 20 Years

These sales have been omitted on a few rare occasions due to unusual situations in the merchandising fields.

- TODAY -

It is a question of deliveries more than anything else. In an attempt to maintain our stocks of staple and semi-staple goods as much as possible and to thereby give better service to everyone it was decided to forego the drastic stock reductions which our clearance sales always resulted in.

- INSTEAD -

The month of July will be used by the Idaho Dept. Store as the period for cleaning up and closing out from time to time out of our own stocks special lots of very reasonable and highly styled merchandise from all of the various departments in the store. Watch our ads during July, every offering will mean real savings to you.

- SPECIAL NOTE -

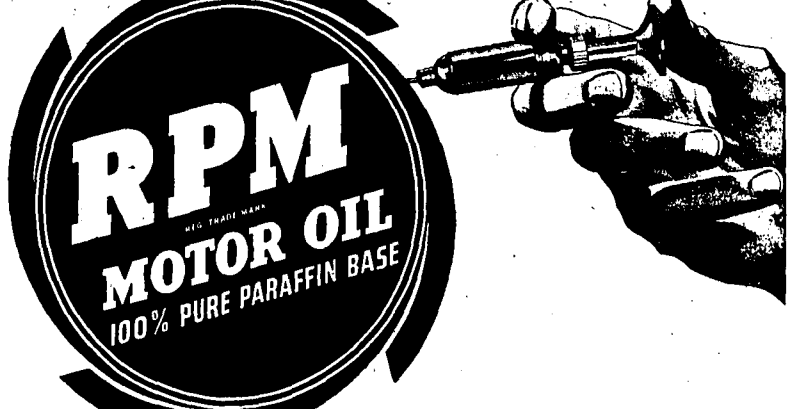

There will be no general and department-wide sale of men's suits this summer.

WE'VE FOUND SOMETHING!

Thermo-Charged

No Pennsylvania, Mid-Continent or Western oil can equal

ALL ITS 9 ADVANTAGES

Thermo-Charging (Patents Pending) is a new scientific discovery that enables "RPM" to stay put at higher temperatures than motor oils have stood before. Other oils actually run uphill to escape scorching hot surfaces which Thermo-Charged "RPM" will protect perfectly!

Exclusive Thermo-Charging also gives "RPM" greater power to clean carbon, gum, varnish

out of your motor than other oils, regardless of where they come from or what they cost.

In fact, this amazing discovery gives "RPM" advantages which have led our President to make the strongest statement our Company has ever made about a product:

"We believe Thermo-Charged 'RPM' is the greatest lubrication development the motor world has seen so far."

NO OTHER MOTOR OIL DOES ALL THESE THINGS FOR YOUR ENGINE

- 1 Thermo-Charged "RPM" is outstanding in its power to spread over and lubricate super-heated surfaces.
- 2 Thermo-Charged "RPM" can wear by keeping a better oil film on engine parts under other hot oil.
- 3 It will keep your engine cleaner than other motor oils.
- 4 It puts an end to carbon, sludge and varnish deposits.
- 5 It will keep all of your oil rings free—and unlogged.
- 6 Thermo-Charged "RPM" prevents corrosion.
- 7 You oil that will stay cleaner than ever before.
- 8 Drive mileage—so good as, or better than, any other oil.
- 9 This amazing new oil actually lengthens the life of your engine and enables it to deliver more of the thrilling performance built into it.

Try Thermo-Charged "RPM"—the one motor oil that other oils can't match!

Margaret Dougherty, Richard Calvert Wed

The marriage of Miss Alice Margaret Dougherty, daughter of Mr. and Mrs. Earl Dougherty, to Richard Charles Calvert, son of Mr. and Mrs. Charles Calvert, was solemnized Sunday morning at 9 o'clock at the home of the bride's parents on Elizabeth boulevard.

The couple was united in marriage before a host of pink roses and hardy ferns, with tiered baskets of delphinium and roses in the background.

M. I. A. Session Attended by 150

Approximately 150 members of the M. I. A. church met last night at the M. I. A. meeting which was held on the lawn of the home of Mr. and Mrs. Kim.

A patriotic motif was expressed in the flag which was hung over the altar.

Preliminary music was played by a string trio, composed of Mrs. J. P. Johnson, Mrs. Roberta Green and Wesley Hoyle.

Prayer was given by A. T. Ward and Miss Vera Abbel presented the pastor's offering.

Following the ceremony, a buffet breakfast was served with Mrs. Charles Calvert and Mrs. Harry Wilcox presiding at the serving table.

The centerpieces, a program was given in charge of Austin Green.

Mr. and Mrs. Calvert left for Emporia, where Mr. Calvert has employment.

Both are graduates of the Twin Falls high school.

Wedding guests were Rev. McCallister, Mr. and Mrs. Charles Calvert and son, Jerry; Mr. and Mrs. Harry Wilcox, Mr. and Mrs. Harold Mohankamp, Miss Lois Sylvester, Miss Margaret Jones, Miss Betty Hansen, Miss Enriqueta Vazquez and Ronald Harding.

JEROME COUPLE UNITED IN MARRIAGE

Miss Maxine Petty and Eugene Wolverton, both of Jerome, were united in marriage the Fourth of July by Bishop N. W. Arrington at his home on Johnson avenue.

The bride is the daughter of Mr. and Mrs. John H. Petty, Jerome, and the bridegroom is the son of Mr. and Mrs. W. H. Wolverton, Jerome, formerly of Price, Utah.

Leo Singleton and Mrs. Matt Orfild, Jerome, attended the couple, and Mrs. Singleton and Mrs. Finn and her daughter were also present for the rite. Mr. and Mrs. Wolverton will live in Jerome, where he is employed at the state sand farm.

Marriage Told

Mrs. Rene N. Ballard, who was Miss Lorraine Metcalf, Eden, before her marriage last April. She is the daughter of Mr. and Mrs. Curtis Metcalf, Eden. (Times Engraving)

The bride wore a navy blue suit with white accessories.

Preciding the ceremony Mrs. Glenn Dossett sang "I Love You Truly," and "At Dinning," accompanied by Mrs. E. D. McKinney, who also played the wedding march.

Following the ceremony, a wedding breakfast was served to the guests present. Quarters tables were used, each centered with summer flowers. It was held on the lawn.

Centering the main table was the wedding cake, three-tiered and topped with a miniature bride and groom.

From Out-of-Town: Mrs. P. Parsons and Mrs. Grace Coggins, Jerome; Mr. and Mrs. Glenn Dossett and son, Carl, Marjorie Black and Kenneth Poe, California, and Mr. and Mrs. Bob Peck, Pocatello.

The couple, accompanied by Mr. and Mrs. Glenn Dossett, left for Manhattan Beach, Calif., where Mr. Dossett is employed in the Douglas Aircraft company. They will make their home there.

Former Eden Girl Marries in Utah

EDEN, July 7 (Special)—Marriage of Miss Lorraine Metcalf to Rene N. Ballard, Salt Lake City, was announced this week by her parents, Mr. and Mrs. Curtis Metcalf. The ceremony was performed April 4, 1941, at Brigham City, Utah.

Miss Metcalf graduated from the Eden high school, took nurse's training for three years at Idaho Falls, where she received her diploma in May, 1939. Since that time she has been employed at the Cache Valley hospital, Logan, Utah.

Mr. Ballard is a student at the U. A. C. Logan, where he is affiliated with the Sigma Phi Epsilon fraternity. They will make their home in Logan.

Calendar

Beta Gamma club meeting, originally planned for tonight, has been postponed to Monday, July 14, at the Y. W. C. A. rooms at 8 p. m. Club officials said last night.

Alice M. Gilbre missionary circle of the Baptist church will meet Tuesday at 1:30 p. m. for a dessert luncheon at the home of Mrs. Bernard Marlyn, 1429 Ninth avenue east.

Women's auxiliary of the Disabled American Veterans will meet Tuesday at 8 p. m. in the American Legion Memorial hall for installation of officers and other important business.

Women's auxiliary of the D. A. V. will meet Tuesday at 8 p. m. in the American Legion Memorial hall. Officers will be installed and it is imperative that all members attend.

Burnside Circle club will meet for the annual picnic Sunday, July 9, at 1:30 p. m. at the home of Mrs. E. P. Laubenthal. Roll call responses will be "How I Spent My Vacation." Members are requested to bring their own table service.

Twin Falls American War Mothers will meet for an all-day pot-luck picnic at the home of Mrs. A. J. Regina Friday, July 11. Members are asked to bring their own table service. The bus will leave the city park at 10:30 a. m. Transportation will be furnished for all.

Stradley chapter No. 5, Disabled American Veterans, will meet at Legion Memorial hall in regular session Tuesday at 8 p. m. All disabled veterans, whether or not they are members of the local post, are invited to attend. Their wives are also invited to be guests. Refreshments will be served following the meeting.

Dossett and Haskins Marriage Rites Read

Miss Lucille Haskins, daughter of Mr. and Mrs. O. H. Haskins, and Myron Dossett, son of Mr. and Mrs. E. M. Dossett, exchanged vows yesterday morning at 8 o'clock at the country home of the Dossetts, against a beautiful background of fern and roses. Baskets of multi-colored garden flowers also helped to form the setting.

Rev. Mark C. Cronenberger officiated. The bride was given in marriage by her father, Miss Maxine Haskins, her sister, acted as bridesmaid and Carl Dossett, brother of the bridegroom, was best man.

Wears Navy Blue

The bride wore a navy blue suit with white accessories.

Preciding the ceremony Mrs. Glenn Dossett sang "I Love You Truly," and "At Dinning," accompanied by Mrs. E. D. McKinney, who also played the wedding march.

Following the ceremony, a wedding breakfast was served to the guests present. Quarters tables were used, each centered with summer flowers. It was held on the lawn.

Centering the main table was the wedding cake, three-tiered and topped with a miniature bride and groom.

From Out-of-Town: Mrs. P. Parsons and Mrs. Grace Coggins, Jerome; Mr. and Mrs. Glenn Dossett and son, Carl, Marjorie Black and Kenneth Poe, California, and Mr. and Mrs. Bob Peck, Pocatello.

The couple, accompanied by Mr. and Mrs. Glenn Dossett, left for Manhattan Beach, Calif., where Mr. Dossett is employed in the Douglas Aircraft company. They will make their home there.

Leaguers Leave On Week's Trip To Mountains

Twenty-one Twin Falls members of the Methodist Epworth league will leave tomorrow for the Presbyterian camp in the Sawtooth mountains above Ketchum, where they will spend a week.

Their sponsors are Rev. H. G. McCullister and Rev. W. H. Hertzog. Lillian Laubenthal is the president of the league and others who are going from Twin Falls are Edna Foster, Margaret Vazquez, Judy Jones, Rita Ankeny, Shirley Walker, Mary Ellen Clapper, Amy Walker, Charlotte Richards, Evadne Elder, Olive Fern Secord, Mill Pearson, Lillian Laubenthal, and Edna Foster. Sunday night will be a young people's service and discussion, and Monday consecration service will be held in the evening.

The group will return next Tuesday.

FIGURE FAULTS

If you spend a great deal of time looking for dry dresses with subtly pleasing, delicate, frost-like patterns that you are fast-checked, don't spend less time searching for a bathing suit. Also will conceal your figure faults. And, by the way, a bathing suit with a flared skirt will hide a tendency toward hippiness.

SCIENCE FIGHTS DISEASES IN AIR

ALBANY, N. Y. (AP)—A long discredited theory, air-borne infection, is returning to greater acceptance among physicians, according to Dr. James E. Perkins, director of the division of communicable diseases of the state health department.

"Air-borne transmission is such a convenient means of explaining the spread of disease that it is readily accepted prior to the turn of this century," he said.

Experiments on the effects of sneezing and coughing on the air, the medical research workers now are studying the use of ultra violet light and methods of suppressing dust to control germs that fly through the air.

The University of Pennsylvania school of medicine has laboratories devoted continuously to the study of the problem.

The state health officer recalled that in his own experience a series of influenza outbreaks in a new hospital had been reduced by the closing of ventilation shafts leading from room to room.

A letter in the British medical journal, The Lancet, also told of the transmission of a streptococcal infection over considerable distance in a hospital.

The couple, accompanied by Mr. and Mrs. Glenn Dossett, left for Manhattan Beach, Calif., where Mr. Dossett is employed in the Douglas Aircraft company. They will make their home there.

Courtesy Given For Mrs. Kerfoot

Mrs. J. R. Kerfoot and baby daughter, Kathryn Ellen, Ontario, Ore., were the guests of honor at a party given Sunday afternoon by Miss Jean Jones at her home.

Mrs. Kerfoot was formerly Miss Martha Ashbury, daughter of Mr. and Mrs. Emmett Ashbury, onetime Twin Falls resident, now of Boise.

Miss Kerfoot is now in law books and sweet peas decorated the Jones home and refreshments were served.

Guests were Mrs. Delpha Gibb, Mrs. Delphine Gibb, Mrs. Marjorie Jane Halpin, all former schoolmates of Mrs. Kerfoot's at the University of Idaho, southern branch.

Miss Jones visited with Mrs. Kerfoot at her home in Ontario for a short time Saturday.

Licenses Issued

JEROME, July 7 (Special)—Harry C. Funke, and Beulah G. Funke, both of Twin Falls, obtained a marriage license here from the office of Mr. Charles Robertson, clerk, auditor and recorder Thursday.

Albert B. Larsen and Miss Lilla May Collett, both of Jerome, also obtained a marriage license here from the office of Mr. Robertson.

The couple was married at the home of the bride's parents, Thursday evening July 3.

Menasco will soon place a six-cylinder, supercharged, in-line, geared aircraft engine on the market. The engine will have a take-off rating of 450 horsepower.

LAUNDRY-SAVING

For laundry, luncheon or dining in the garden, any place make charming table settings and the laundry bill. Mats and matching napkins can be quickly and easily made from any bright-tinted cotton material. Use full fringe easily. Or, if you prefer, houseware departments show wide varieties of place mats that require only wiping off with a damp cloth to keep clean.

Girl Shelves Shorthand For Radio Operator Job

By JAMES MONTAGNE, NEA Service Correspondent

TORONTO, Ont., July 7.—"Miss Sparks" is off to the maritime waves. Fern Blodgett, Toronto stenographer, pulled a cover over her typewriter the other day, and she embarked on a career as the first girl radio operator on the peninsula.

She is the daughter of Mr. and Mrs. John H. Petty, Jerome, and the bridegroom is the son of Mr. and Mrs. W. H. Wolverton, Jerome, formerly of Price, Utah.

Leo Singleton and Mrs. Matt Orfild, Jerome, attended the couple, and Mrs. Singleton and Mrs. Finn and her daughter were also present for the rite. Mr. and Mrs. Wolverton will live in Jerome, where he is employed at the state sand farm.

Both are graduates of the Twin Falls high school.

Wedding guests were Rev. McCallister, Mr. and Mrs. Charles Calvert and son, Jerry; Mr. and Mrs. Harry Wilcox, Mr. and Mrs. Harold Mohankamp, Miss Lois Sylvester, Miss Margaret Jones, Miss Betty Hansen, Miss Enriqueta Vazquez and Ronald Harding.

Baseball Aces Are Set for All-Star Tilt

Detroit, July 7 (AP)—Baseball's ninth annual All-Star classic, led with box office appeal, will draw 80 of the game's highest paid players to Detroit tomorrow.

The power-laden American league, beaten three in inter-league competition last year, was installed as a firm favorite to outlast National league performers led by Manager Bill McKechnie of Cincinnati.

In a matter who won the khaki-clad soldiers in the nation's training camps can't lose. They'll get the game's net receipts—close to \$10,000. A crowd of about 50,000—third largest in all-star history—should pass through the turnstiles of Briggs stadium.

Heavy hitters

American league hopes of recapturing prestige lost last year ride on the powerful shoulders of sluggers like Joe DiMaggio and Bill Dickey of New York, Boston's Ted Williams and Cleveland's Jeff Heath and the strong pitching arm of Bullet Bob Feller, Thornton Lee, Charley Ruffing, Al Benton and others.

The outlook for the National league's forces isn't exactly gloomy. McKechnie can call upon three of the four National league players who silenced the American league sluggers with three hits at St. Louis last year. They are Brooklyn's Whit Wyatt, boasting a record of 13 victories, four defeats; Cincinnati's Bucky Walters, and New York's Charley Young, who won the title, Carl Hubbell (7-3).

Other hurlers

Four pitchers—Warnerne, St. Louis (4-4); Claude Passeau, Chicago (8-8); Paul Derringer, Cincinnati (7-10); and Cy Blanton, Philadelphia (8-8), round out the National league's mound staff.

President William Harridge made two substitutions in the American league squad on the eve of the all-star game. He named veteran right-hander Emil Leonard of Washington (6-12) to replace young rookie Mickey Harris (3-7) to replace Pitcheser Marius Russo (7-5), New York, and shortstop Luke Appling, Chicago, both of whom reported injuries.

Boy Scouts Camp Here on Journey

Thirty six Boy Scouts of a Sacramento, Calif., troop departed in Twin Falls tonight at 8:15 a. m. and camped at Jaycee park. The boys were on their way home from Yellowstone park.

Traveling in a chartered bus with two trucks of equipment, the youths will have traveled 2,000 miles by the time they arrive at their destination, accompanied by Scoutmaster Charles A. McCluna who claims the troop carries itself on the number of good cooks.

At Yellowstone park the youths camped for five nights.

Keeps Language

There are about 700,000 Eskimos in the world. They are picturesque people inhabit both sides of the Fjerrness mountains but spurn the language of both their French and Spanish neighbors.

Eddie Marshall's Average Tops in Pioneer League

Eddie Marshall, Idaho Falls second baseman, holds the high average of .386 among the Pioneer League players, but does not qualify for the honor because he has not appeared in enough games. The real leader is Bob Jorata, Pocatello, outfielder, whose mark of .370, a drop of three points since last week, is 47 points better off than his nearest rival for the league batting honors. Jorata is also high man in hits with 81 and in total bases 129. Unfortunately, Bob Brooks, Idaho Falls, in game last Sunday may be out of the lineup for some time.

Del Wainey, Pocatello third baseman, holds down second place with a mark of .332, a single point better than Jim Keesey of Boise who leaped

Ward Captures Second West Title in Row

COLORADO SPRINGS, Colo., July 7 (AP)—Marvin (Bud) Ward of Spokane, Wash., has a rolling goal and his chance of attaining it were brighter today.

Two years ago he was the ranking amateur golfer in the land. He wants to do it again.

Dick Chapman of New York edged Ward from the U. S. amateur championship last year. Ward has hopes of doing the edging this year.

A week ago friends were congratulating Ward on winning the Pacific northwest amateur title. He received more cheers yesterday when he won the 42nd western amateur for the second straight year—the first time in 10 consecutive years since Chick Evans ended a string of four straight bags in 1923.

Ward has entered only two western amateur championships. He won both. Yesterday over the mountain-sloped acres of the rocky Broadmoor course he defeated his old nemesis Harry Todd of Dallas, Tex., 4 and 3 in the 36-hole finals.

The "native stock" of Alaska numbered 32,468 in 1939 and comprised 1,238 Eskimos and 5,900 Aleuts, according to the census.

THE SCOREBOARD

BY HARRY GRAYSON
NEA Service Sports Editor

Cleveland could have had Richard Cummings Wakefield for \$1,500 two years ago when, as a high school graduate the lanky Michigan sophomore worked out with the Indians in Chicago.

Wakefield's mother proved a much better business woman than his late father was a business man.

Mrs. Wakefield took her hard-hitting son on an unprecedented shopping tour, and wound up collecting \$18,000 from Detroit, just 30 times what Howard Wakefield, the old catcher, asked.

Young Dick Wakefield was only swinging for exercise, when for the edification of owners, managers and scouts he hit five successive drives into the upper right field stand at Briggs stadium and belted the ball all over the place in Cleveland, Cincinnati and Chicago.

Walter O. Briggs told Mrs. Wakefield to get the biggest offer elsewhere, and that the Tigers would be the highest bidder.

Luke Newell, the Browns' manager, was a Cleveland coach when he had this springer battle with the Indians at Comiskey park.

"One paid the slightest bit of attention to him," recalls Newell.

"Because the visiting club's batting practice is limited to 20 minutes, Wakefield didn't get a chance to show off the thing he does best—pound the pill."

They started paying attention to Wakefield when at Michigan, Coach Ray Flater, the one-time Yankee pitcher, transformed the loose 100-pounder into an outfielder.

Cleveland had the inside track on Wakefield until his father, Howard Wakefield, a former major league field coach for Cleveland and was a close friend of Bill Bradley, Redwood's first baseman who sought for the Tribe.

But Mother Wakefield, got different ideas when in major league scouts watched her left-handed hit-

Idaho Professor Writes Textbook

MOSCOW, July 7, (Special)—Dr. Alan C. Lemon, professor of educational psychology at the University of Idaho, is co-author of a workbook on educational psychology which has been accepted for publication by the McGraw-Hill Book company of New York City.

The new book covers material for a one-semester beginning course in educational psychology. The material has been used in micrographed form for several years by a number of colleges and universities to make the book as accurate, complete, and useful as possible.

On its annual trip around the sun, the earth travels 884,600,000 miles, or approximately 1,601,604 miles a day.

Shoshone 1, Hayley 3

HAYLEY, July 7, (Special)—Shoshone evened the count with the Hayley baseball club Saturday beating the Mustangs 7-2 and jumping into the lead of the second half of the South Central Idaho league. Hayley won the July 4th game, by a score of 7-2.

The Redskins backed up the 4-hit pitching of Bartholomew in their style, making the six hits that they gathered off Don Conyers, on the ground for Hayley, count for seven tallies. Conyers struck out 11 Shoshone batters.

A bad third inning proved the downfall of the Mustangs. Three consecutive walks and one error in three runs. Longest hit of the day was a triple by Bill Thompson.

RUPERT 5, MURTAUGH 4

RUPERT, July 7, (Special)—Rupert baseball club turned back the invading Murtaugh team here today in the first game of the second half of the SCI league chase. The score was 5-4.

Ward has entered only two western amateur championships. He won both. Yesterday over the mountain-sloped acres of the rocky Broadmoor course he defeated his old nemesis Harry Todd of Dallas, Tex., 4 and 3 in the 36-hole finals.

UNION SIGNS WAGE AGREEMENT IN SOUTHERN COAL MINES

WORK STOPPAGE AVERTED BY NEW LABOR CONTRACT

By United Press
Settlement of the long and bitter dispute between the United Mine Workers (U. M. W.) and southern coal operators today banished threat of a new work stoppage in the bituminous coal industry.

The union and southern operators signed a two-year contract to continue five months of stormy negotiations. Northern operators previously had signed new agreements.

Southern operators had balked over surrendering a 40-cent favorable daily wage differential and withdrawal from the Appalachian coal fields. Later they accepted a national defense mediation board recommendation to eliminate the differential.

Negotiations Collapsed
Negotiations to draft a formal contract collapsed June 24, however, and the union threatened to strike in the southern fields tomorrow unless a new agreement was reached. The pact covered mines in southern West Virginia, northern Tennessee, eastern Kentucky and Virginia. Miners who have been taking a five-day action return tomorrow under the agreement, which is retroactive to April 1. It provides a basic daily wage in vacation and seniority guarantees and eliminates "reject clauses" which permitted operators to make payment for coal held to be sub-standard.

APL, coal workers postponed a threatened walkout until July 12 at the Alton, Ill., plant of the Western Cartridge company, which holds more than \$8,000,000 in defense orders. Union officials, who had scheduled a strike at midnight Sunday, told the defense mediation board the initial bargaining conference Monday was unsatisfactory.

Company Surrenders
The company surrendered last week to a U. M. W. ultimatum to recognize the union but reserved the right for a court test of the national labor relations board decision, according to the union bargaining agent.

At Cleveland, Federal Conciliator Thomas Mohr conferred with officials of the United Automobile Workers (U. A. W.) and the White Motor company, manufacturers of army trucks. In an effort to avert a strike scheduled for Wednesday, the U. A. W. has asked a 10-cent hourly wage increase, but the company is contending rising living costs did not justify revision of an existing agreement.

INDUSTRY BOOM HELPS IDAHOANS

BOISE, July 7 (UP)—Not only industry but farmers stand to benefit from the national defense boom, and 1941 looms as a banner year, agricultural marketing service reported today.

Industrial production, the service noted, rose to record levels in May and continued its upward climb in June. It may be expected to continue a general upward course during the remainder of the year.

The service reported income of industrial workers already had risen about 20 per cent above the 1940 average. It added that despite income tax increases and purchases of government securities by the public, the total amount of money income left in the hands of consumers in the next 12 months probably would approach the record established in 1929.

The industrial boom already has been reflected by increased farm income, the report showed. Farm products in Idaho on June 15 brought prices above the level of a month earlier.

The increase was noted in all farm crops, excepting alfalfa and clover seed which dropped a point.

Highest mountain of the American continent is Aconcagua, in the Argentine Andes, with an elevation of 23,000 feet.

Summer Amusement

A bicycle cures a lot of ills—it reduces where reduction is necessary; it stimulates, it invigorates. This is the first "tip" on how to pass away those lazy summer hours. A bicycle and an open country road is a combination hard to beat. If you're skinny it'll build you up and if you're on the plump side it'll trim you down. The models for this, the first of a series of pictures depicting what to do this summer, are Nadine Nell, 15, (left) and Jean Nell, 13. Another "tip" will appear tomorrow. (Photo by G. A. Keller—Times Engraving)

3 CIVIC GROUPS ELECT OFFICERS

BURLEY, July 7 (Special)—Three Burley civic bodies had new presidents today following elections and installations last week.

The Rotary club was unanimously elected president of Burley Chamber of Commerce, to fill the vacancy left by George Klink. Also elected were A. D. Smith, vice-president; and M. W. Crouch, secretary-treasurer.

Mr. Klink was named a three-year director upon his retirement from the presidency, and also elected were O. E. Weldon and W. A. Sizer. John L. Gaskill will be two-year director, and Dale Richards, a one-year director.

Automatically appointed to the chamber's board are Mayor L. P. Holt, Roma Rambo, president of the Rotary club, J. Leslie Anderson, president of the Lions club, and A. G. Smith, president of merchants' association.

Roma Rambo was installed as new president of Rotary club Tuesday at the municipal park. He takes the place of George E. Denman, retiring president.

J. Leslie Anderson became the president Friday of the Lions club. Other officers installed by Robert H. Hinkley, deputy district governor, are Joe Weldon, first vice-president; M. W. McLaughlin, second vice-president; B. K. Herndon, secretary-treasurer; Don Ballentine, lion tamer; A. L. Humphries, tall twister; George Bray, hold over director; and L. C. Doby and Loren Lewis, new two-year directors.

On July 9 American Legion post will elect officers at the country club. Nominated for the position of commander are E. C. Williams, M. W. McLaughlin, Jesse W. Brandt and A. H. Clayton.

EDUCATORS PICK DENVER
BOSTON, July 7 (UP)—The national educators association will hold its 1942 national convention in Denver, Colo., according to an announcement made by directors at the convention here.

ENLISTMENT OF TYPISTS SOUGHT

To supplement the clerical force of the recruiting and induction service throughout the ninth corps area, a special call has just been made to enlist qualified clerk-typists and stenographers for this service. It was announced this afternoon by Sgt. Frank Morris, officer in charge of the local army recruiting station at the city hall.

Word received from headquarters by Sgt. Morris indicated that a special effort would be made to secure enlistment of qualified candidates who have had military training in the national guard, reserve officers training corps or in the civilian military training camps.

A high school education is a necessary requirement. In addition to the standard enlistment requirements, men enlisted under this authority will be assigned to duty either in the ninth corps area headquarters at San Francisco or at one of the six recruiting district headquarters in the corps area which are located at Los Angeles, San Francisco, Portland, Seattle, Missouri and Salt Lake City.

In addition to current enlistment quotas, special authority has been received to enlist 15 men for the 82nd engineering battalion (aviation), stationed at Elmendorf field, Alaska. Signment to this station will be made from Salt Lake City to Ft. Meade, Calif., and then by army transport to Alaska.

Enlistment of engineers for the Alaska assignment, as well as for the recruiting and induction service assignment, will be for a three-year term and application may be made at any army recruiting office, including the one in Twin Falls.

SCIENTIFIC SHOW SCHEDULED HERE

To combat the philosophy that science has developed as far as possible, General Motors company will present Thursday and Friday at 9 p. m. at Lincoln stadium the "Preview of Progress" by Royal I. Perry, president of the Twin Falls Junior Chamber of Commerce, had announced today.

It is designed to bring to the people some of the interesting methods and processes of research which contribute to national defense, such as glass cloth, wool from skinned milk, and others. The show is presented in a non-technical manner and features such striking displays as frying an egg on a newspaper, music broadcast over a beam of light, and television.

General Motors company believes that the world today is as far behind 1960 as the stage coach days were behind 1910. The traveling exposition of science and research is not an automobile show nor does it beat that company's products.

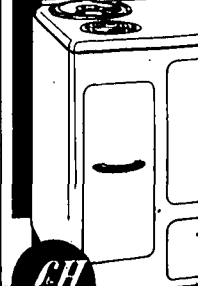

14-Year-Old Boy Admits Burglary
A 14-year-old Hansen youth had confessed today of breaking into a store in that area and community last Tuesday night, sheriff officials announced.

The youth admitted that he broke the window at the rear of the store with a flashlight, entered, and stole nearly \$1 in change, in a confession received by Deputy Sheriff Virgil Borden. He will be cited to appear in the juvenile court.

PATROLMAN APPOINTED
BOISE, July 7 (UP)—L. B. Balderston, commissioner of law enforcement, appointed Mel Nickerson, Wallace, as an Idaho state patrolman. Nickerson is a former Shoshone county deputy sheriff and veteran police officer. Balderston said the appointment lists to the active state patrolman list to 30.

Lawyer Passes

E. V. LARSON, Sr., local attorney who died Saturday night of a heart attack. Larson had lived in Twin Falls since 1907. Funeral arrangements are announced in a story on page one of today's Times. (Times Engraving)

CAUSE OF RANGE FIRES EXAMINED

BOISE, July 7 (UP)—Grazing authorities said they were examining the possibility of incendiaries in three fires which last night burned thousands of acres of grazing and ranch land in Boise valley.

The largest fire was reported near Caldwell, where COC boys and ranchers fought hours to subdue a blaze that burned several thousand acres of desert land, and at one time threatened a farm house.

Another fire burned 1,500 acres on Spring Valley ranch, ten miles northwest of Boise. A third burned 2,000 acres of desert land east of Payette.

Grazing service officials said that although the blaze might be traced to lightning, they gave "every appearance" of incendiaries.

WANTED Cherry Pickers
Cherry picking will start at the Steiuser orchard south of Kimberly, Monday morning. Persons wanting to pick should call R. G. Taylor.

TWIN FALLS PHONE 1117

2 DIE IN PLANE CRASH AT NAMPA

NAMPA, July 7 (UP)—Government inspectors today studied shattered wreckage of a training plane in search of the cause of a fatal crash near Nampa airport. A student pilot and a flying instructor died in the crash.

Arthur C. Pease, 32, Boise flier, and Charles Martin, 39-year-old flying instructor, were instantly killed Sunday when the plane plunged nose first into the ground one mile west of the airport.

Authorities said Pease, who needed 15 minutes more flying instruction to obtain a pilot's license, was practicing forced landings. Martin went aloft with him on the fatal flight to give additional instructions and to warn against taking off across wind.

Witnesses said the plane's motor failed suddenly, and the craft plunged to earth from an altitude of 200 feet.

LABOR CAMP
NAMPA, July 7 (UP)—More than 100 migratory workers from a dozen states are making their homes at the temporary migratory labor camp five miles south of here, Camp Manager Cyril Marble reported. Workers and their families were registered from Colorado, Oklahoma, Texas, California, Washington, Oregon, and elsewhere.

Vacation Bible School Opened

RUPERT, July 7 (Special)—A two weeks' daily Bible school began at the Christian church at 9 a. m. today.

Mrs. Jack Rader, a highly trained children's worker, will be superintendent of the school, which will be held from 9 a. m. to noon each week day except Saturday from July 7 to July 18 inclusive.

The school will close with a special evening program and display of the work done. All children of the community who are between the ages of four and 14 are invited to participate in the school.

Chemical Bought For Weed Control

MOOSEW, July 7 (UP)—Idaho farmers' perpetual struggle against the noxious weed menace was expected to be lightened this year with the purchase of 50,000 gallons of carbon bisulfide.

Agriculture Commissioner J. B. Newport said the chemical purchase of which was authorized by the 1941 legislature, would first be distributed at central points in south Idaho and the upper Snake river area.

The state has a \$140,000 appropriation and the federal government allows about \$1,000,000 to fight noxious weeds on public and private lands in Idaho.

BURLEY SCHOOLS REPLACE FLOORS

BURLEY, July 7 (Special)—Rebuild floors for the junior high school and high school libraries are down with insulation completed last week, announces George E. Denman, superintendent of Burley school district No. 1.

Fluorescent lights will be next addition to the libraries, to eliminate glare and to improve winter reading conditions. Roofs at the high school, shops, and at the southwest school have been repaired since school closed, and the shop and agriculture rooms have been kalamondin.

Crews at Miller school building have raised the front grounds and put in a new cement walk. Filling in, grading and reseeded will be done this summer.

Bids for construction work on the two room addition at Overland school may be called for next week.

"Yes" and "no" are adverbs.
