### SIX FREED FROM STATE'S PRISON

BOISE, Ida., July 10 (AP)—Three men convicted on morals charges were among six inmates of the state penitentiary freed by the Idaho pardons board today.

The board, retaining its lenient mood, granted straight pardons to Joe Webb and E. C. Perkins. Webb was serving ten years to life for rape in Ada county. Perkins was under a six-months to two-year sentence for exposing another to a social disease.

A five-year conditional release was given Earl E. Cox, convicted of rape in Cassia county. He was serving 30 to 60 years.

Wilbur Booth was granted a two-year conditional release. He was convicted of grand larceny in Boise. W. P. Morgan, convicted in Twin Falls of forgery, was handed a one-year conditional release.

Edgar L. Pruitt, serving a 5-to-14-year sentence for assault with intent to commit robbery, was ordered conditionally released for three years beginning Oct. 1.

Hearings were to continue.

### Odd Merit Awards

### "Dog House Battalion" Ends 15-Mile Hike for Discipline

LITTLE ROCK, Ark., July 10 (AP)—The "dog house battalion" was back at Camp Robinson today foot-sore and weary but wiser in the ways of army discipline.

The 350 officers and men of the 100th quartermaster corps, 35th division, had walked 15 of the 150 miles back from Memphis, Tenn., because some of the more ebullient soldiers whistled and shouted greetings to shorts-clad girls on an exclusive golf course.

Ungratefully the girls to whom they shouted "hi babe" were on the same course which Lieut. Gen. Ben Lear, commandant of the second army, was playing.

The general stopped the 45 vehicles, remonstrated with the officers and told them further discipline would be necessary. When the column reached Camp Robinson, it was ordered back to Memphis.

After a night at the Memphis airport the battalion learned its fate. It would pass through Memphis in a more orderly manner and, once on the highway, units of the group would take turns marching five miles single file, then riding five miles. The treatment was to be continued until each man had walked 15 miles.

The general also gave the officers the privilege of resigning if they did not agree with his order. None resigned.

The soldiers said their morale

remained good despite the blistering sun, sweating feet, and the fact that two fainted during the march.

**Plans Probe**

WASHINGTON — Rep. Paul J. Kilday, D. Tex., today telegraphed Lieut. Gen. Ben Lear that his disciplinary action against men of his second army command, who whistled at girls in shorts on a Memphis golf course, "gives strong evidence of your personal displeasure and desire for revenge rather than disciplinary action."

Kilday, a member of the house military affairs committee, wired Lear he was "contemplating introduction of a resolution to investigate your severe punishment of members of the 35th division."

### COMMITTEES FOR AUXILIARY TOLD

JEROME, July 10 (Special)—Mrs. Lynda Lowe, president of the Veterans American Legion auxiliary, has named majority of her committees for the coming year under her presidency.

They include Americanism and national defense, Mrs. Irma Beddall; child welfare and rehabilitation, Mrs. Delno McMahon; Mrs. Clara Woodhead; and Mrs. Dora Carlton; constitution and by-laws, and legislation, Mrs. Edna Henry.

**Among Committees**

Radio, publicity and unit activities, Mrs. Phoebe Thomson; poppy chairman, Mrs. Leighton Limer; junior auxiliary, Mrs. Mae Schels; Lenah Wahl; community service, Mrs. Helen Spaeth; trophies and awards, Thelma Yings; national news, Mrs. Shirley Young.

Memorial and Gold Star, Jessie Baker; membership committee chairman, Mrs. Edith Connor; audit, Frances Stanton; education of war orphans, Lucy Wiley; music, Mrs. Marie Trappen.

Delegates named to attend the state convention at Boise, Aug. 11-20 include, Lynda Lowe, president; Edith Connor, Lulu Meiser, Jessie Baker; alternates, Margaret, Inez Rilla, Ed Turner, Hester Payne and Alice Hof.

New officers include besides Mrs. Lowe, vice-president, Mrs. E. J.

Connor; secretary-treasurer, Mrs. Lulu Meiser; historian, Hester Fort; chaplain, Freda Sinclair; sergeant at arms, Madelyn Sanberg.

Plans were tentatively arranged for summer picnic for the auxiliary members and a report of the war mother's party held last month was given by Rilla La Turner. Announcement was made that two of the snap-shots will be enlarged and presented guests of last year's war mothers who attended the party.

**Old Clothing Bought**

A call was made by the rehabilitation chairman, Mrs. Hester Payne, for all old discarded wearing apparel, socks and stockings, which will be sent to the Veterans' hospital at Boise.

Hostesses were Clara Woodhead, Shirley Young and Alpha Williamson.

### BUSTED

TOLEDO, July 10 (AP)—A new type of industrial bottleneck was broken today in the Acklin Stamping company after many delays and work stoppages by women workers.

It was discovered many of the women visited the same fortune teller and were warned to be cautious between 2:30 and 3:30 each afternoon because they were in danger of serious accidents. The fortune teller was arrested and charged with violation of a fortune teller ordinance.

### ALUMINUM DRIVE SETS 'FARM DAY'

Saturday will be "Farmer's day" in the local aluminum drive to aid in getting materials for national defense. It was announced this afternoon by Joe Donahue, general chairman in charge of the campaign sponsored by the 20-30 club of Twin Falls.

Donahue said that on Saturday all farmers coming to Twin Falls to shop and to transact other business are urged to bring discarded or old aluminum pots and pans with them and deposit these in the special receiving bin which has been erected at the corner of Main avenue and Sheehans street.

"We know that the farmers are anxious to help in this important national defense drive," Donahue said. "Therefore we have set aside Saturday to be their day in the campaign and I'm sure that they will cooperate to the utmost by bringing their aluminum donations with them when they come to town on that day."

The general chairman added that farmers are also welcome to bring in donations of magazines and books which will be sent to various soldier camps throughout the country. Such magazines and books can be left at the fire station in the 200 block on Second avenue south.

### Lawn Sprinkler Baffles Visitor At Yellowstone

YELLOWSTONE PARK, Wyo., July 10 (Special)—There is not much difference between hot and cold water. That is what one person thinks. A woman visitor approached Edmund B. Rogers, superintendent of Yellowstone national park, as he walked toward his office and asked him if he could tell her where the Maunabo hot springs were located.

Mr. Rogers pointed to the top of the hill in the direction of the hot springs and said, "Right up there."

Her first question answered she asked a second. "Are the springs hot?"

"Why of course they are hot," answered the superintendent. "you can plainly see the steam rising from them."

"That's funny because I felt them and they weren't hot," said the young woman very dejectedly.

"Are you sure you felt the water in the hot springs?" Mr. Rogers questioned.

"Why certainly I felt the water," the young woman replied as she pointed to where she had been standing previously.

"I'm very sorry madam," said Mr. Rogers, "but you felt the water coming from the lawn sprinkler. We keep those running all summer to keep the lawns green."

### BALL CLUB JOINS ALUMINUM DRIVE

A piece of aluminum, such as a pot or pan, will admit children free to the Friday night baseball game between the Twin Falls 300 boys and the Pocatello Cardinals, it was announced today.

Friday is also "knot-hole" gang night, officials pointed out. Admittance to the game can either be by a piece of aluminum or by the "knot-hole" gang card.

The aluminum angle to the admittance is part of a local campaign to collect aluminum for national defense, sponsored by the 20-30 club. Cooperation in the "aluminum" game was through Carl Anderson, Cowboy-business manager.

Plans were also completed here today for an "aluminum" show at the Roxy theater at 10 a. m. next Wednesday. Children will be admitted to the special show by presenting a piece of aluminum at the door, according to Mayor Joe Koehler, theater owner.

The Consolidated B-24, a four-motored bombing plane, carries four tons of bombs more than 3,000 miles at an average speed of 300 miles an hour.

### 10 U. S. Nurses Are Saved, 8 Missing

LONDON, July 10 (AP)—Dr. Joan Gordon, director of the American Red Cross-Harvard field hospital, announced today 10 American nurses have been landed safely in Iceland from a ship which was torpedoed two weeks ago. He said eight other nurses still are unaccounted for.

The nurses, part of a second contingent en route to Britain from the United States, landed safely in Iceland after the ship on which they were sailing was sunk by a German submarine, Gordon said.

### Fighting Ends on Ecuador's Border

QUAYACUIL, Ecuador, July 10 (AP)—The army still occupied frontier posts facing Peru today but the military command said all was quiet in the disputed zone.

The last exchange of fire, lasting 15 minutes, was said to have occurred at Quebrera Tuesday.

Army planes brought the first wounded from the frontier to hospitals here yesterday.

These blankets were bought at the factories in January — at the lowest prices of  
the year, it being the end of the 1940 season. They were then immediately shipped  
to our warehouse in Twin Falls and stored away until this big event. THE SAVINGS  
WE MADE BY BUYING FOR CASH IN THE FACTORY'S SLACK SEASON ARE  
PASSED ON TO YOU — We invite you to take advantage of them.

### AAA PLANS LOAN ON WHEAT CROPS

Preparations to make loans on 1947 wheat were being made by the agricultural conservation committee this week as harvest neared in Twin Falls county. Loans on barley also were being planned for this year. Farmers under the program announced last month by the department of agriculture.

Loans on 1947 wheat, made under the 85 per cent of parity loan law enacted by congress in May, are expected to average 82.7 bushels for No. 1 soft white, No. 2 red winter in Twin Falls county. This is 33.1 more than the county average loan rate for 1946. Barley loans will be made at the rate of 45 cents a bushel for No. 1 stored on the farm, and warehouse-stored barley 7 cents a bushel less.

Attainable at AAA Office  
The loans, made possible by approval of marketing quotas in the May 31 national referendum, are obtained through the county AAA office, and may be made through approved local lending agencies. Loans are available to all farmers who participate in the 1947 farm program. Non-cooperators may obtain loans on wheat produced above the marketing quotas at the rate of 60 per cent of the regular loan rate.

Meanwhile, Twin Falls county committeemen and AAA workers are studying application of market quotas to wheat farmers in the county who are not eligible for "white cards," permitting marketing of wheat without marketing quotas. When the 1947 wheat plantings within their 1947 wheat allotments.

### Three Alternatives

Farmers who participate in their 1947 wheat allotments are required by the marketing quota provisions to take care of wheat grown on their farms in one of three ways. They may (1) turn it over to the secretary of agriculture for the county AAA committee; (2) store it, giving security in one of several ways for later payment; or obtain a 60 per cent loan on it if they wish; or (3) pay the marketing quota penalty of 48 cents a bushel on it to the county AAA committee.

When the "white card" will be issued by the county committee indicating the rest of the farmers wheat may be sold without penalty.

County and community agricultural conservation office at 119 Third street east, Twin Falls, will assist all farmers in understanding the marketing quota provisions, Walter Reese, county committee chairman, said this week.

### Scout Research Worker Tells of National Office

JEROME, July 10 (Special)—Delbert Burkhalter, eldest son of Mr. and Mrs. Frank Burkhalter of this city, told interesting details of his work in the research department of the national office of the Boy Scouts of America, at New York City, when he appeared as guest speaker at the Rotary club meeting here Tuesday.

Young Burkhalter arrived here the morning of July 5 to visit his parents for two weeks, before departing for New York.

To Become Executive  
Burkhalter plans to become an area executive of the BSA, and plans to return to the middlewest following his work in New York City.

Also appearing on the program Tuesday was Guy S. Blinets who was a delegate to Rotary International. Mr. Blinets also gave a detailed account of the convention, Eugene Whitman, county agent, named committees for the year as follows:

Aims and objectives: Charles H. Wellerth, Tadd Nelson, Frank M. Rettig, and H. Maine Shoun; club service, July, Joe Shriely, W. A. Heala, Roy D. Smith; vocational service, August, R. W. Williamson, Paul Rudy, L. W. Greving; community service, September, S. L. Thorpe, Wilson Churchman, and Tom Gamble.

International service, October, Guy Blinets, H. Maine Shoun, D. A. Liersson, Fred C. Reed; Boy Scouts, youth service, and crippled children, Paul Rudy, R. G. Freeman, Ed Churchman, Lawson Miller; November; classification and membership, John Hoaman, Gilbert White and Tadd Nelson, December, Safely, April, A. L. Woodhead, Reuben C. Matson, Harry Messinger, and Frank M. Rettig; fellowship, February, Ned Wallington, Stanley Blater, Tadd Nelson, Clark Heala, Charles Wellerth, and Guy Blinets; attendance, March, Hilling Street, William Weigle, Ed McGieary and A. L. Robinson.

Rural-Urban, January, W. K. Walker, John Woolley, Charles Gunning, Frank Burkhalter, and Henry C. Egolia; public information and Rotary information, John L. Nunn, and Berwyn Burke, May; Harry Carburn, William Shoun, Art Eyle and H. Maine Shoun, music, for June.

President of the club is Eugene W. Whitman; vice-president is Charles H. Wellerth; secretary is John Hoaman; treasurer, Guy Blinets; past president is Tadd Nelson, and other board and directors members are Clark Heala and R. G. Freeman.

You'd fall to the ground and scratch your head too, just like Margaret Epsath, 18, Jerome, is doing in the above photo if you ran across the sign at which she is looking. The sign is located on a road intersecting with highway 23 four miles south of Jerome. In case you haven't seen what's wrong yet, the "9" is backwards. Margaret is a daughter of Mr. and Mrs. E. G. ### Eggs Fried on Newspaper Will Highlight Scientific Program

At about 1 p. m. this afternoon engineers examining the General Motors "Preview of Progress" began converting a portion of Lincoln field into a modern research laboratory in preparation for the first showing of the free stage show at 9 p. m. this evening.

And with a variety of experiments will be performed. There will be the famous frying of an egg on a newspaper, television telephone, retransmission of the discovery of the telegraph, the peanut tube giving forth 100,000 candlepower, to name but a few.

Not salesman  
E. L. Foss, director and chief commentator of the exposition said: "We are not coming into Twin Falls to sell products or even the company itself. We are coming in, however, to sell American industry. We propose to do that by showing how it has given to this country the highest standard of living in the world history of the world."

"We intend to show to residents of this area which we are visiting for the first time just what the men of research are doing to forward the national defense movement. By showing these various exhibits and experiments, we hope to instill in all who attend a new spirit of confidence. Confidence not only in the individual and his or her own opportunities but most of all confidence that this nation of ours is forever going forward."

Questions Answered  
"To those who believe that the world is finished and that everything is known and invented we say, what is electricity, friction, glass, petroleum?" Indeed we may easily ask for a complete explanation of anything around us in the knowledge that the best scientists in the world cannot now provide the answer. And if all that we in America have accomplished can be done without actually knowing what these things are, how much more can be done if some young boy or girl of today will, in the future, provide us with that information.

"General Motors and all American industry believes that this country has not reached the saturation point of knowledge and industrial research. If we can convey that spirit to you in this demonstration of the latest developments of science then our visit to your city will be a complete success."

Twenty-seven states have adopted new color schemes for their motor license plates during 1947.

### WHEAT STORAGE TO BE DIFFICULT

Placing responsibility to arrange for adequate storage of the 1947 wheat crop squarely on the shoulders of Twin Falls county producers, the county AAA committee this week warned of a "tight" storage situation existing throughout the nation and issued the following statement in a letter to wheat growers:

"With the present record carry-over of 400,000,000 bushels and a prospective crop of more than 900,000,000 bushels, wheat storage facilities of the nation are going to be in the limit as harvest of the 1947 crop progresses.

Enough Storage Seen  
"We believe the nation will be able to provide enough storage to put all our wheat under cover. But if every farmer doesn't make sure ahead of time he has a place to put his grain, we may find ourselves with wheat out of position and be forced to pile some of it on the ground in heavy-producing areas."

The letter said the county agricultural conservation office is conducting a weekly survey of storage space to assist the department of agriculture to shift supplies out of congested areas before the 1947 harvest reaches full swing.

Railroads, the letter pointed out, are busy moving defense materials. A licensing system has been put in effect to prevent loading cars with wheat for which storage at the destination point has not been arranged. Fewer cars are available for wheat movement this year than during any previous harvest season, due to defense activity, the letter said.

Avoid Canadian Situation  
"If we are to avoid the situation Canadian growers found themselves in last year, with wheat on the ground in unprotected piles throughout the wheat-growing provinces, every wheat grower must make sure that there is room in the elevator

The county agricultural conservation committee announced that farmers who are interested in constructing new farm storage may get financial help through the farm program—several ways. Details may be learned at the county AAA office.

# Dodger Deal for Billy Herman Is Called Top MacPhail Trick

By HARRY GRAYSON  
NEA Service Sports Editor  
NEW YORK — Leland Stanford MacPhail made few mistakes in spending \$600,000 for ball players in three years.

Larry MacPhail slipped when he gave the Bronx \$25,000 for Mel Almaraz, but that and another error or two is more than offset by his having landed Pete Reiser, the current National league phenomenon, as a free agent for exactly \$100.

And now the Brooklyn president's deal for Billy Herman is being called the best in years.

The Dodgers needed a second baseman. Pete Costantini couldn't hit. Alex Kampouris did not measure up to major league requirements.

So in May at a midtown New York hotel, MacPhail kept Jim Gallagher until 3 o'clock in the morning, talked until the new head of the Cubs had a pair of cauliflower ears and until he gave up Herman for \$15,000 and Johnny Hudson and Charley Gilbert.

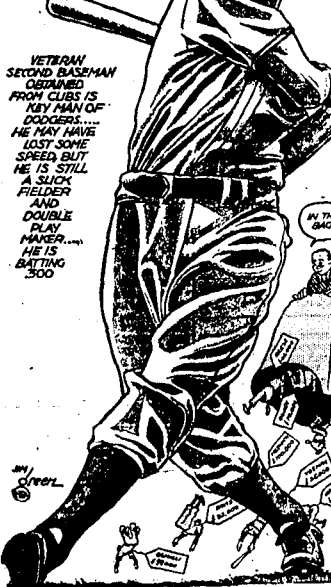

Talks Gallagher into it. Jimmy Wilson decided to string along with the reserve, Lou Stutzner. Herman is well paid, but MacPhail probably closed off bid of MacPhail, who is a sister-upper from 'way back.

Gallagher was completely whacked-out when he yielded Herman for \$40,000 and Gilbert, and then agreed to pay \$25,000 for Hudson, whom any baseball man will tell you is not worth more than the water price of \$7500.

Brooklyn didn't want either Hudson or Gilbert, the latter with the Montreal farm and about to undergo an operation on his ankle.

Hudson, who is satisfactory as a utility infielder, is a remarkable.

outfielder, the Flatbushers had given up on him as a major league hitter.

Competent judges declare that an established infielder of Herman's all-around ability was worth \$50,000 to the Dodgers, immediately went on a wild bidding spree.

He is now hitting around .300, has a lifetime National league average of .310.

He is one of the more dangerous right-hand batters, the circuit's foremost hit-and-run man who also pulls and pitches into left field for distance.

Steady Influence  
Herman may not be as swift as he once was, but has no trouble going after any type of ball.

He has just turned 37, asserts that he'll play 30 more years if he feels as well as he does right now, Luke Appling, whom Jimmy Dykes rated ahead of Lou Brudner as a shortstop, is 32. Bill Jurges and Dick Bartell are 32. Joe Cronin is 34, Charley Gehring 35.

Herman gave the Brookes a badly required field leader. The Dodgers shift with him. He designates the player who is to catch a Texas leaguer.

Herman is a steady influence for Doc Weir, the young shortstop, and the others. Reed and Herman form a superlative double play combination.

The Brookes already have played to a million paid admissions... \$76,000 at Ebbets field.

# Conn and Wife "Make up" With Bride's Father

PITTSBURGH, July 10 (UP)—Pittsburgher Billy Conn and his bride, the former Mary Louise Smith, today reported that "everything was okeh" with her father, James Smith, former major league ball player, who had objected strenuously to their marriage.

The two were married secretly in Philadelphia a few days after Conn was knocked out in a fight with Joe Louis, heavyweight champion.

Conn talked with father by telephone, she said. "Everything's okeh," Conn didn't seem so sure. He said: "I didn't talk with him. I don't know whether I'll be seeing him or not."

Smith previously had threatened to "beat up Conn" if the fighter married his daughter.

The Conn's are stopping in Pittsburgh briefly en route to Hollywood where Billy is scheduled to appear in a movie.

The Martin PBM-1, a patrol bomber, used by the English navy, is armed with 27.50 guns.

# Expert Fears Dodger Fans Will Put Jinx on 'Bums'

By HARRY FERGUSON  
United Press Sports Editor  
NEW YORK, July 10 (UP)—You're truly such a fearless fellow that he once passed a kind remark about the Republican party while visiting in Michigan and, on another rash occasion, told his wife her new hat wasn't worth the \$1.50 she paid for it and why didn't she go right down and get her dough back.

But if you would like to see yours truly perform an even more daring feat, stick around while I tell the burghers of Brooklyn that they are putting the whammy on the chances of their beloved bums, the Dodgers, to win the National league pennant.

I shall apply for the congressional medal of honor, the Victoria cross and the medals military, for no one but a hero would attack the Dodgers or the Dodgers' fans with nothing but a bridge between him and them.

The reason the fans are jinxing the Dodgers is that the main argument in the jinxing of the bums are going to win the pennant, but where they are going to play the world series after they win it.

It was in Pittsburgh in mid-September of 1929 at the national amateur golf championship that was being played, it was being well known, because the Pirates were leading the league and seemed to be a cinch for the pennant.

Just when the excitement reached its height, the Pirates attacked a bit, then slipped, then crashed.

# Yellowstone's Fishing Catch Reported High

YELLOWSTONE PARK, Wyo., July 10 (Special)—Like the woman in the fable with the crane of oil, the steers, streams and lakes in Yellowstone national park are very close supplying the anglers with fish, for on July 6 alone there were 10,939 fish reported caught by satisfied fishermen leaving the park.

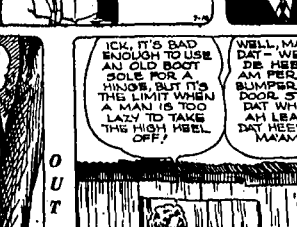

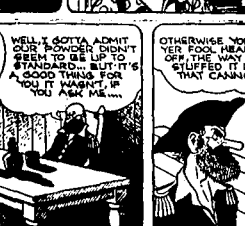

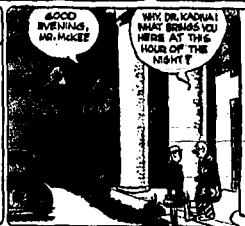

The west and south entrances ran neck and neck in checking angler's figures, but toward the end of the week the west gate forged ahead with 2,308 fish recorded compared to 2,183 for the south entrance.

With fishing as good as reported there is little doubt that the violation park regulations and disregard the legal limit set for fishermen leaving in excess of the three different parties arrested for possessing too many fish.

Mr. and Mrs. W. R. Tolman of Logan, Utah, were fined \$1 each for the possession of 84 fish hidden in a duffle bag in the trunk of their car.

Mr. and Mrs. H. W. Andrews and Mr. and Mrs. J. C. Bowen, also of Logan, Utah, were caught possessing twenty fish in excess of the limit. Each of them was fined the same amount, \$18.

W. Fox, and three boys of Laurel, Mont., had ninety-two fish in possession. Owlwell paid \$18 and Fox was fined \$10 before the Yellow, United States commissioner.
