## Russians Use Amphibian Tanks Against Nazis

The Soviet army's answer to Germany's famed blitz boats may be amphibian tanks like these, shown crossing an unimproved river, swollen by heavy rains, during fierce resistance to Germany's continued advance. Picture radiated from Moscow, approved by Soviet censor.

## Heat Plus Jabberwackies Too Much—Contest Editor Gives up the Ghost

Dear Boss: It's too much. I quit. I'm still reading Jabberwackies by the dozen. It's the last day of the contest and these Jabberwackies won't stop. I've had enough. I'm not gonna do anymore of it. I can't combine Jabberwackies and temperatures of 90 to 100 degrees. It's beyond human endurance. I'm leaving you. If I were a drinking man, boss, I'd give you a dozen tonill eradicators. Highballs, to you. Good grief, now I'm Jabberwack-ing!

In case I haven't mentioned it, I quit. Disrespectfully yours, JABBERWACKY EDITOR

Editor's Note: We have seen this contest for three weeks. It's too bad, too. We just don't have the endurance we thought he did. However, he's getting quickly now and the media say he'll pull out of it soon. Meaning, three reporters pinching for Jabberwackies. Grand prize will be announced Tuesday and several Jabberwackies will be chosen for the grand prize. The contest will be closed on the 21st. Winner for the final week: Glenn Kirkpatrick, route three, Rupert.

Says Glenn: "Let's look at the far away through a topsy-turvy glass." What he means is let's look at the stars through a telescope. For that he wins a 100. Jabberwackies who win honorable mention for the final week include: Richard Kevan, Twin Falls—'Hey, ma, toss me a couple of goober smeared slabs'. 'Hey, ma, make me a couple of peanut butter sandwiches'. 'Dude D. Goertzen, Twin Falls—'That your fathers, jerks, we don't stand a prayer with these great Deans and smarties'. 'Elihu a Jew fellow, we don't stand a chance with these boys and girls'. 'E. F. and E. G. Shindens—'Let's ramble out on Mother Nature's skirt and have a little juice and a nicotine fix'. 'Let's go out on the German advance lines. (Have a cigarette.)'

# GERMANS ASK FOR MORE SELECTEES

## Congress Requested to Retain Selectees

By LYLE C. WILSON  
WASHINGTON, July 21 (UP)—President Roosevelt asked congress today to declare a full or limited national emergency as a means of retaining selectees and national guardsmen in active service for the duration of the emergency. In a message to congress, the nation and the whole world, Mr. Roosevelt warned that America's army would begin to disintegrate within the next two months unless congress acts. He said that the responsibility now rests solely with the congress.

The danger confronting the United States today is "infinitely greater" than it was a year ago when congress enacted the selective law, Mr. Roosevelt said. "I am not asking the congress for specific language in a specific bill," he said. "But I can say frankly that I hope the congress will acknowledge this national emergency either for a specific period or until revocation by congress or the President."

He also asked that congress eliminate the provision which limits to 500,000 the number of selectees who may be inducted into the armed forces in any one year. "Because of the swiftness of modern war, the congress should remove the restrictions in regard to the numbers of selectees inducted each year for training and service," he said.

He urged congress to instruct employers to hold open the jobs of men who have been in the army. "I am not asking the congress to order the business community to hold open the jobs of men who have been in the army," he said. "But I can say frankly that I hope the congress will instruct employers to hold open the jobs of men who have been in the army."

The President's message was read in both houses of congress shortly after noon. In the oval diplomatic reception room in the basement of the White House, Mr. Roosevelt had read his appeal in a microphone after transcription for radio. Shortly after the message was read in the house and senate, the White House broadcast a copy of his transcribed appeal on its national network. The Columbia Broadcasting system followed with a microphone transcription broadcast and the Mutual Broadcasting system followed suit.

## Late FLASHES

ROME, July 21 (UP)—Fifteen persons were killed and 24 wounded in a bombing raid on Naples during the night, the Italian war communique said today. Five anti-aircraft gunmen were among those killed. The communique said the population remains calm.

## AGREEMENT ENDS WALK-OUT HERE

Officials of the Idaho Packing company plant southeast of the city signed a union shop agreement after 16 workmen had been on strike for two and one-half hours this morning in their first strike in Twin Falls in 20 years.

## MOVED

GLAUCIER NATIONAL PARK, Mont., July 21 (UP)—"Bule," well-known park black bear, and his mate were moved to a new enclosure in the park today because of Sius' temper.

## FOUR KILLED IN CRASH

SAN DIEGO, Calif., July 21 (UP)—Four men died yesterday when their plane crashed into the ocean near San Diego, Calif., after a 100-mile flight from San Diego.

## Death Breaks Famous Weber And Fields Vaudeville Team

HOLLYWOOD, July 21 (UP)—Weber and Fields, whose songs and patter amused the nation for half a century, were parted today. Lew Fields died yesterday of pneumonia at his Beverly Hills home.

## WOMAN DIES OF SPOTTED FEVER

HANSEN, July 21 (Special)—Miss Helen Sophia Yost, 21, daughter of Mr. and Mrs. George Yost, died at 12:30 a. m. Sunday at a Boise hospital from the effects of spotted fever.

## THUNDER OF WAR

By United Press  
LONDON—RAP resumes bills of offensive against Germany and Nazi-occupied Europe, says night attack on Cologne, Rotterdam and new German coastal defenses in France; non-stop daylight attacks on northern France since dawn; new military information named in cabinet shakeup.

## NO CUT IN DAHO GAS USAGE SEEN

BOISE, July 21 (UP)—An Attorney General's order that the Interstate Commerce Commission cut gas usage in Idaho and the intermountain area will be asked to join with eastern states in cutting down their use of gasoline and oil.

## MERCURY STARTS RENEWED CLIMB

After a "rest" period Saturday, high temperatures returned to Twin Falls and vicinity Sunday and continued their stay here today. Sunday the mercury went to a high of 84, according to the official records of the bureau of meteorology. Low for the day was 52. Today, at 1 p. m., the official mercury had climbed up to 80 above, indicating a reading well above the 80 mark before nightfall. Low reading this morning was 50.

## Woman Takes Own Life; Leaves Note

BOISE, July 21 (UP)—A note in an old shoe directed officers today to the body of a woman found in the foot of a hill near Froyer, Coeur d'Alene valley, by saboteurs and 21 cars filled with artillery shells were destroyed. Forty-four Germans were killed.

## NAZIS, RUSSIANS MASSING ARMIES FOR HEAVY BLOW

By HARRISON SALLISBURY  
United Press Staff Correspondent  
German and Russian armed forces concentrated heavy blows today against each other's communication lines and masses of troops moving up to the front.

## Replaces Matsuoka

Foreign minister of the new strongly nationalist Japanese cabinet is Admiral Tetsuji Togo, above, who was vice minister of the navy in the displaced cabinet. He succeeds Yosuke Matsuoka, who signed a military alliance with Germany and Italy and a non-aggression pact with Russia.

## GERMANS CLAIM 6 RED DIVISIONS ARE ANNIHILATED

By JOSEPH W. GRIGG, JR.  
BERLIN, July 21 (UP)—Official Nazi reports claimed today six Russian divisions on the central and northern fronts have been wiped out and the high command ordered operations for further annihilation of encircled Soviet forces are in progress.

# 4 DEFENSE VICE-COMMISSARS ADDED TO RED STAFF

## HEAVY FIGHTING ALONG RUSSIANS' FRONT REPORTED

By HENRY SHAPIRO  
 MOSCOW, July 21 (AP)—Heavy fighting was reported today in the Polotsk-Novel, Smolensk and Novograd Volynsk areas and Josef Stalin made more changes in the Soviet defense organization by appointment of four new vice-commissars of defense.

Outside of the main German drive in the Polotsk-Novel, Smolensk and Novograd Volynsk regions it appeared here this Russo-German front had become fairly stabilized with only desultory combat in progress.

The latest change in Soviet defense organization followed closely upon the assumption by Stalin of the post of defense commissar in addition to his duties as premier.

Brings Total to 11  
 The appointment of four new vice-commissars of defense brought the total of these officers to 11.

The new vice-commissars are E. A. Shafarin, army commissar, presumably chief of the political commissars; General V. N. Godeoren, tank troop specialist; General A. V. Krulov, and aviation General P. F. Zhigarev.

(Russia has made substantial changes in her defense organization since outbreak of the war.)

The Polotsk-Novel and Smolensk sectors of the Moscow front and the Novograd Volynsk area of the Kiev front were the points and it was indicated that the Germans were throwing men lavishly into the battle in an attempt, so far vain, to break through the Russian line.

It was indicated that heavy fighting in the Pskov area, on the Leningrad front, had subsided during the night.

Russian planes have destroyed 31 German planes in their latest operations, it was asserted, and have lost only six.

The day's first communique had reported that well organized guerrilla forces, operating far behind the German lines, were now taking a heavy toll.

## Woman Notices Smoke; Averts Expensive Fire

Keen eye of a passing woman Saturday night averted what might have been a serious blaze in the National Laundry and Dry-Cleaning plant on the corner of Third avenue and Third street east.

The woman, Mrs. Alvin Watson, 331 Third avenue east, noticed smoke coming from the structure and turned in a fire alarm. Continuing entry to the building, firemen found that an iron had been left connected and had burned its way into a cloth-covered ironing board. The iron, firemen said, was "red hot."

## DRIVE FOR VITAL ALUMINUM OPENS

WASHINGTON, July 21 (AP)—A national house-to-house canvass began today to collect an estimated 20,000,000 pounds of scrap aluminum needed to help production of warplanes by releasing new aluminum for aircraft use.

Housewives stripped their kitchens of unused pots, pans, percolators and other utensils containing aluminum to aid in the campaign which will continue through July 29.

The office of production management assured housewives their donations would be vital to the defense effort. For example, they said, 5,000 dispensers mean one lighter plane can be added to the armed forces. Ten thousand percolators mean another warplane.

Defense officials explained that regardless of whether the scrap aluminum in the discarded percolators or pots ever was used in airplane production, it would be available for other purposes, relieving demands upon the supply of virgin aluminum.

Administrator Fiorello H. LaGuardia of the office of civilian defense, has arranged for an army of 1,000,000 collectors, including Boy Scouts and Legionnaires, operating through 28,000 state and local committees.

## SPORTSMEN HEAR REVIEW OF WORK

SHOESHONE, July 21 (Special)—The Shoeshone Rod and Gun club was host at an out-door luncheon meeting on the courthouse lawn Wednesday evening, with an attendance of 65. Sportsmen were in attendance from Sun Valley, Ketchum, Halley, Richfield, Gooding and Shoshone.

A general review of the year's work showed the part the local club has played in the planting of fish and pheasants. Dr. J. E. Potter reporting that 108,930 trout had been planted thus far in Wood River valley streams. The fish were hatched in the state hatchery at Hagerman and were distributed through use of the Shoeshone club's truck and fish tank. Pheasants have been planted in Warm Springs creek, Little Wood river, above Richfield, Carey dam, Big Wood river and Lake creek.

Taylor Williams of Sun Valley graphically described the planting of 200,000 fish by airplane in lakes high in the Sawtooth mountains, stating that this number had been planted in 17 1/2 hours.

Don Lovel, club secretary and treasurer, reported that receipts from Pasadena junior college band concert given by Sun Valley last month totaled \$935.50.

Ed Hahn who has been in charge of the campaign for eradication of magpies and planting of pheasants, reported a bounty paid on more than 5,000 magpie heads in this community. One hundred pheasants already have been planted this season and 500 are to be planted the latter part of this week in the Lincoln county area.

E. E. Todd, pioneer Shoshone sportsman, was introduced as the first president of an Idaho sportsmen's club.

The meeting was in charge of President F. F. Trout. Ed Haak provided accordion music during the lunch hour. There are now 130 members in the Shoeshone Rod and Gun club.

## Largest Cave

Mammoth cave, Kentucky, is the world's largest cave, with its three rivers, eight waterfalls, several lakes and more than 200 miles of galleries.

## The Public Forum

SAYS ROOSEVELT DICTATORSHIP IS MAIN ISSUE  
 Editor, Evening Times:  
 I quite agree with you that the American people are not interested in choosing between Communism and Fascism. In my opinion the question is "Well, which would you rather do, fight, work and pray for the preservation of our traditional constitutional form of government, or give in weakly to involvement in a foreign war with the resultant Roosevelt dictatorship in the United States?"

With all other true Americans, I answer "Neither." I would add "British imperialism." I choose constitutional government in this republic, the United States of America.

Yours truly,  
 STELLA S. MONCRIEFF  
 (Mrs. D. C. Moncrieff)  
 Ketchum, July 19

## IRRIGATION CUTS STORAGE TOTALS

With irrigation demands continuing at high pace, all three major reservoirs serving this irrigated section of Idaho have shown drops in storage water during the past week, a report received here today from Byron Grandall, watermaster, shows.

Jackson lake, the report shows, now impounds 539,620 acre feet against the previous reading of 697,150. American falls reservoir now shows 1,008,420 acre feet against the former reading of 1,110,150 while Lake Walcott now holds 77,340 acre feet against the prior reading of 78,800.

On today's report Grandall added the notation that 1889 rights on the Teton river have been cut off as have all 1881 rights on the Snake river.

## UNION LISTS AIM IN COAL STRIKE

SALT LAKE CITY, July 21 (AP)—Alfred Carey, Rock Springs, Wyo., district president of the United Mine Workers of America (UMW), today issued a statement outlining union aims in negotiations scheduled to open here Wednesday between the UMW and a group of Wyoming mine operators.

Carey's statement was drafted by a conference of union representatives from Washington, Colorado, Montana and New Mexico.

As described in the release, union aims primarily call for establishment of the joint Appalachian wage agreement in western operations. This would mean an increase of \$1.40 per day for employes on mechanized coal production and rock mining units; \$1 per day for others employed in the mines, and 75 cents per day for employes on boys' classifications.

The negotiations scheduled to open Wednesday involve several southern Wyoming operators, the Union Pacific coal company, and the Union. A temporary extension of the contract which expired April 1 has been in effect, and will be replaced by a new agreement.

## WOMAN, HIT BY TRUCK, RECOVERS

Injuries sustained by Mrs. Ada Wallace, Twin Falls, who was struck by a truck near the county general hospital early Sunday morning, are not serious, hospital attendants said this afternoon.

Mrs. Wallace and Mrs. Carrie Atkins, also of Twin Falls, were walking along the highway at the time of the mishap, according to investigating officers. Mrs. Wallace was struck by a truck operated by Curtis D. O'Dell, 16 Regester.

O'Dell told officers that he was

## Moose Official Visits Jerome

JEROME, July 21 (Special)—Mrs. Marie Christensen, Des Moines, Ia., grand regent of the college of regents, was honored guest here at the 10th meeting of the Jerome Women of the Moose lodge Wednesday evening.

Thelma Anderson was initiated during Mrs. Christensen's visit to Jerome lodge.

Telling of Mooseheart and the wealth of advantages offered to those attending, Mrs. Christensen spoke of the child city, and told of the cost of educating the children. For a family of ten youngsters, she stated the cost was \$250.000.

Telephone 88... THE GENTLEMAN IN THE THIRD ROW... Dear Census Bureau—Nertz To You!

Congress Must Face Responsibility... Nothing is harder or more unpleasant than to look a grave situation in the face squarely, decide what needs to be done, and do it.

Either this is necessary or it is not necessary. Congress must decide, and must bear the responsibility for its decision. It is not a question to be decided on sentiment. It is not a question to be evaded. It is a question to be faced and decided.

Perhaps it would be the most efficient way to persuade large numbers to remain in service voluntarily, offering inducements in pay and conditions.

Perhaps it would be best to release only those above 28. Perhaps it would be best to send all home at the end of the year, though it does call to mind the federal troops marching up to the battle of First Bull Run.

Today's situation must be squarely faced. The people are prepared to accept any decision made by their elected representatives.

Helping Hand and Mailed Fist... Priorities needed for the building of a \$45,000,000 steel mill for Brazil are being provided.

Is the U. S. policy foolish? We don't think so, in the long run. We believe we have the most to gain from the development of neighbor countries, in the making of their independent of Europe as well as ourselves.

Tender Taste of Postage Stamps... In order that as much rubber as possible shall come in every ship from the Far East, arrangements are being made to load less of other products, for instance, talpa.

Most talpa is not eaten, in spite of what you may think. It's used to make various kinds of stickum, especially the kind on postage stamps. So maybe one of these days you'll find your postage stamps gummed with a starch glue.

POT SHOTS WITH THE GENTLEMAN IN THE THIRD ROW... Dear Census Bureau—Nertz To You!

Dear Potshots: That buybody old census bureau. Government poking its nose into what's none of its business. This time something had ought to be done about it.

How to Elect Officers... When it comes to "railroading" legislative bills, the census bureau is a lesson from Deane Shipley and his American Legion cohorts.

BURLEY... Fire broke out Wednesday at 7:30 p. m. by an oil tank car on a siding north of Main street. The fire department in half an hour had the tank car extinguished.

JEROME... Mr. and Mrs. C. A. Bliesner are the parents of a son, born July 15 at St. Valentine's hospital in Philadelphia.

BUHL... Mr. and Mrs. C. O. Voller returned from a tour of the United States and the New England states. Their route they toured Yellowstone Park, the Interoceanic, Ottawa, Quebec, the Isle of Orleans, Gagne, New Brunswick and Nova Scotia.

NOTE FOR PRESIDENTS... Dear Colleague: Add to the Pot Shots dictionary a new thing—that portion of a dark cloud which seldom wears out from over-use.

MURDER IN CONVOY... THE sentry on duty saw an officer standing in the shadow of the lifeboat near the murder scene.

LONG after Miley left, Greg sat motionless on the side of the swaying bunk. Why the crack about the nurse following the light?

Rollins was relieved but managed to hide it. They chatted on friendly terms for a while before Miley rose to leave.

At the cabin door he paused and asked casually: "By the way, Greg, who is the swell nurse you're interested in?"

Rollins raised his muscular tense but he managed to show a grin. "I suppose you'd like to know, huh?"

At the cabin door he paused and asked casually: "By the way, Greg, who is the swell nurse you're interested in?"

Rollins raised his muscular tense but he managed to show a grin. "I suppose you'd like to know, huh?"

Rollins raised his muscular tense but he managed to show a grin. "I suppose you'd like to know, huh?"

EDSON IN WASHINGTON... BY PETER EDSON... Washington, July 21—Every body who pays rent and everybody who collects it—which takes in all classes except the people who own the houses—should be interested in watching the experience of Washington in trying to pass and administer a rent control law.

Washington is particularly hard hit on the rent question because of the influx of new government workers—35,000 of them in the last 18 months, only 7,000 more coming in every week.

### MCCLUSKY CAMP EVENTS CONTINUE

**BUHL, July 21 (Special)**—The L. D. church conducted Sunday school at McClusky health camp last week under leadership of Roy Maughan. Mrs. Roy Wood, Mrs. Maude Hutchinson, Miss Elvora Hunt, Herbert Papenfuss, R. W. Bentley and Paul Hunt.

Mrs. Primrose of the recreational center, assisted with craft work two hours Monday and Wednesday. Boys are working in plaster of paris girls are making ornamental pins and curtain holders.

Total gain in weight has been 120 pounds since July 6 or an average gain of 1.62 pounds. Alveretta Egan, Burley, has gained six pounds, Bobby Watta, Pocatello, and Henry Coffman, Buhl, have gained five pounds each; Phye Egan, Burley, has gained four pounds.

A daily swim in the park pool has been enjoyed, as well as participation in Red Cross classes. May Coffman, Buhl; Elaine Tanner, Burley; Hilda Brannon, Caldwell; and Dorothy Emore, Pocatello, have enjoyed birthday cakes since coming to camp.

Mrs. Harry Wilson, health unit nurse, has visited camp regularly. Miss Janet Runyon has been substituting afternoons for teachers who have had time off.

### Growers Inspect Aberdeen Station

**JEROME, July 21 (Special)**—Approximately 25 or 30 Jerome business men and farmers left this morning for Aberdeen experiment station where they will participate in the annual tour, along with other growers and representatives from the counties of Twin Falls, Gooding, Lincoln, Minidoka and Cassia.

The work in progress on various plots will be explained by staff members assigned to the station. Of interest to potato growers will be the work conducted by Dr. James E. Kraus, recently appointed horticulturist in charge of potato research at the station, on the program inspired by the growers and the appropriations made by the last session of the state legislature.

### Log of Death Yacht Reported 'Too Horrible' for Publishing

**LOS ANGELES, July 21 (UP)**—The log of the tragic last cruise of the yacht Wing On, which is regarded as "too vividly horrible" for publication, was being used by doctors today to restore the mind and body of a 21-year-old Mrs. Lily Fern Thompson, former Utah resident.

The Los Angeles woman saw her husband and Mr. and Mrs. Dalton Conly of Oakland, Calif., starve to death while the yacht missed landfall after landfall under the blasting South Seas sun.

They carried one month's provisions when they started out on the gay adventure cruise to Hawaii and Samoa. When the Wing On finally lurched onto a Fiji reef nearly three fall after landfall, 41-year-old Chester Thompson had been buried at sea, and the bodies of Mr. and Mrs. Conly lay in the wreck.

Remembers Nothing

Mercifully, the mind of Mrs. Thompson, sole survivor, had crumbled under the shock, and she remembered nothing.

### I'm an American!

Since March 24 Mrs. Thompson has been under medical treatment at her parents' home here. Her physical recovery is almost complete, and she romps with her children, Jacquelyn, 3, and Tommy, 2. Doctors say she is rational regarding present surroundings. But the "black-out" remnant, and must be completely recovered mentally. To accomplish this they needed the yacht's log, and finally a transcript arrived through intervention by the state department with British authorities of the Fiji Islands.

"The material," said Robert Neuh, Jr., attorney for Mrs. Thompson's parents, "is vividly horrible in its present unedited and condensed form and will not be released by anyone until Mrs. Thompson recovers and chooses to do so herself."

"Her own husband was the first to die of starvation. He heroically yielded his share of food so that the mother of his two babies might survive. Next Conly, the skipper, died. Then Conly's wife, Eve, whom he undoubtedly made an effort to save, perished, leaving their baby an orphan."

### Grange, C. of C. And Wives Picnic

Andrew Pasko, 67, native of Slovakia, proudly displays flag and citizenship papers, and rightly so. He walked 38 miles from Phoenixville, Penn., to West Chester, Penn., and back to take out naturalization papers.

### No Torch Carrier

**JEROME, July 21 (Special)**—Approximately 200 Grangers and members of the Jerome Chapter of Commerce and their wives, who were specially invited guests, attended the annual Grange picnic sponsored here Thursday at Jerome fairgrounds.

Considered one of the most successful events in several years, the members and guests partook of a dinner, including quantities of fried chicken and later a five inning baseball game was staged between Grange members and Chamber of Commerce members, with Grangers coming out on top, the score being 49 to 50.

Prior to the game, R. E. Gale, an engineer of the Idaho Power company, spoke to the group on chemistry, its value to the American farmer of today and its even greater possibilities in finding new uses for surplus farm products; new crops to supply existing and new needs and the profitable uses for farm by-products and wastes.

Acting as master of ceremonies, Eugene W. Whitman, county extension agent, introduced the speaker, and Hal Wallington, Jerome businessman, acted as spokesman for the Chamber of Commerce members who were present, offering a few grateful remarks in being invited to this annual picnic.

The committee in charge of the annual event included Grange representatives, Willard Edmilton of the Jerome Grange; Earl Davis of Pleasant Plains Grange; A. J. Eklara, Appleton and C. F. Vines, Canyonside Grange.

Members of the Pomona and subordinate Granges, including Appleton, Falls City, Canyonside, Pleasant Plains, and Jerome, sponsored the event.

### HANSEN

Winston Churchill does a good job of carrying the troubles of British empire. But he can't seem to budge this Canadian victory loan torch, recently presented him.

### Polishing Lore

Knights and their ladies sit with their fingers from tables of raw wood before the days of knives and forks. It was noticed that the grease drippings from meats protected and beautified the wood and table makers began "polishing" their new table surfaces with grease.

pending time with their own. Newman, in army training camp at San Francisco.

Miss Maude Laycock has as guests recently Mr. and Mrs. John Lodenberger, Elizabeth, N. J. Mrs. Lodenberger three years ago was employee of the Idaho Power company in the home service department.

After two weeks with parents of the two, Mrs. W. R. Mable, Elizabeth and children returned Thursday from Moscow and points in Washington.

### Driver Pays \$100 - Fine in Shoshone

**SHOSHONE, July 21 (Special)**—Appearing in the probate court of Howard Adkins on Wednesday, William R. Swanson, Dietrich, pleaded guilty to a charge of driving an automobile while intoxicated and was fined \$100 and sentenced to serve 60 days in Lincoln county jail. Jail sentence was suspended under conditions imposed by the court.

Lee Wessel, also of Dietrich, a passenger in the automobile driven by Swanson, pleaded guilty to a charge of drunkenness in a public place and was fined \$10 and costs of \$3. The arrests were made by State Patrolman L. W. Cox.

### Portion Released

A portion from the report of Dr. T. Clunie, medical officer at the Fiji hospital, where Mrs. Thompson was treated after her rescue last November, was released by the parents.

"A perusal of the log of the wrecked vessel and appearance of the dead body of the woman found on the wreck," Dr. Clunie wrote, "left me with some idea of the horror of Fern Thompson's position, apart from starvation—affect on a rolling, pitiless expanse of ocean nearly two weeks after the death of the yacht owned (Conly) whose decomposed body remained aboard, and three weeks after the death of her husband. She had lived, indeed, in thereck of death for three weeks."

The stretch of death still spread from the recovering body cells of this living woman. Her sudden mental collapse following the shock of rescue from a position of horror and lonely death... She lived in a period some time previous to the departure of the Wing On from America."

### ALUMINUM DRIVE STARTS IN BUHL

**BUHL, July 21 (Special)**—Buhl Junior Chamber of Commerce placed a large wire case at the corner of Main and Broadway Friday afternoon to collect discarded aluminum for the national defense program.

Kurt Kerp, chairman of the drive, states that Boy Scouts will canvass the town July 24 and 25.

Photos were snapped of clerks of four stores making contributions.

Mrs. Waverita O'Reilly put in her tea kettle, which she had received as a wedding gift and which she had used for 18 years.

### Pigeon Air Force

An "air force" of more than a half million carrier pigeons for emergency purposes has been mobilized by Great Britain.

# Idahoans Seek Renewed Faith For Living at Vacation Camps

Apparently Idahoans want faith that is greater than the size of a mustard seed, in this period of acute international tension.

Witness the doubled interest, the increased attendance at the state's vacation camps this summer, men as well as women finding inspiration in the "Faith for Living" programs that are jam-packed by top-ranking speakers with stimulating addresses resending a dozen walks of life.

**Camps Draw Interest**  
Miss Mable Hepworth, state home demonstration leader, whose energetic organization has utilized the camp programs throughout the state, said here yesterday that the Lava Hot Springs camp just concluded, 859 registered. Similar enthusiasm was evidenced at Pond's lake camp.

"We expect a new high in attendance at the women's vacation camp at the Baptist assembly grounds, Esley hot springs, July 30-Aug. 1, judging from the preliminary registrations already received," Miss Hepworth said. "Two Twin Falls women, Mrs. John E. Hayes and Mrs. Rose M. North, will be on the speakers' roster."

Miss Hepworth and Dr. Vio Mae Powell, head of the dramatics department at the University of Idaho, southern branch, Pocatello, left early this morning for Boise, en route to the women's vacation camp at Esley hot springs on Fayette lakes, July 23-25.

"If you would have faith for living, consult the poets and dramatists that are pointing the way to the return of man's faith in himself," is the program recommendation for this significant summer of 1947.

**Dramatists of Faith**  
The great American dramatists, such as Robert Sherwood and Maxwell Anderson, veterans of the first World war, who have been writing anti-war plays, are now returning to the themes of faith, emphasizing the principles of democracy as opposed to former dramatic anti-war plots, she points out in one of the lectures that she is giving at vacation camps this summer.

"I am telling you what we inherently know, but will relearn again, that the great things of science, such as the Magnet line, have not held; that faith is essential, and

## Nurses Collect Supplies to Be Sent Overseas

Two hundred and twenty-five supervisory nurses representing hospitals in 44 states have responded to an appeal for volunteers sent out by the medical and surgical relief committee, 420 Lexington avenue, New York City, it was announced. Mrs. Rogers Balcom, executive chairman.

Miss Martha Hansen, superintendent of nurses at the Twin Falls county general hospital, is among the Idaho nurses who have volunteered their services.

Each of the nurses has undertaken to organize a group of her associates to supplement the work of the committee's nation-wide group of physicians in collecting medical supplies and surgical instruments for shipment overseas.

According to Mrs. Balcom, supplies received at committee headquarters are being depleted more rapidly than they can be replaced because of the constantly-increasing number of appeals from Great Britain and other countries. It is hoped that the volunteer nurses will help to make up existing shortages, she declared.

## M. S. and S. Has Seventy at Picnic

Members of the M. S. and S. club and their families picnicked Sunday at the Bulli city park. Seventy guests attended the outdoor swimming was a diversion of the trip.

The committee on arrangements included Mrs. E. A. Pierce, Mrs. H. Anderson and Mrs. H. Bonner.

## Christian Youths Attending Camp

Eight Twin Falls members of the Christian church have left to attend the Christian camp sessions which will be held at the Baptist assembly grounds for all the state Idaho youth people of the church.

They are Miss Betty Durling, Twin Falls conference club president; David Wilson, C. E. president; Homer Dale Hays, Miss Gloria Wilson, Miss Patsy Kelly, Miss Virginia Allen, Miss Eleanor Mae Wall and Glenn Terry.

Other conference officers will be elected this week. Conference officers include Rev. W. O. Moseley, Spokane, camp supervisor; Rev. H. Reuben Coleman, Medford, Ore., camp dean; Rev. J. D. Harden, Bulli, camp director; and Mrs. Harriet E. Hitt, Idaho Falls.

Miss Marjorie Hitt, Rev. and Mrs. William Slette, Caldwell; Rev. and Mrs. L. A. Chamble, Boise; Rev. and Mrs. Lester Jones, Nampa; Rev. Paul Dec F. Mortimer, Pocatello; Rev. Eugene Stout, Rupert; Rev. Alvin Kleinfeld, Burley; and Rev. Frank Carter, Idaho Falls.

## Miss Humphrey Weds Soldier

JEROME, July 21 (Special)—Mrs. G. M. Humphrey, Jerome, has announced the marriage of their youngest daughter, Marjorie, to Lorin Mac Foulter, also of this city, Tuesday evening, July 15, at Shoshone. Officiating was Rev. Crawford, minister of the Methodist church.

Mrs. Foulter was graduated from the Jerome high school with the class of 1938, and has been in the employ of the Oakley's ice cream store in Gooding for the past several months.

## CANADIANS PATRIOTICALLY 'PAINT ON' SILK STOCKINGS

By HARRIOT HITT  
If you were surprised at the development, through air, water and coal, of nylon hose, what do your eyebrows do at the thought of "painted on" stockings?

Silk worms are beginning to spin silk now so much for silk history as for parachute, gun slinkers and other war materials.

This fact was verified by several women travelers who visited here Thursday and Friday at the home of a prominent Twin Falls family. They had just returned from a trip to Canada and displayed to their friends articles of considerable and novel interest.

They were under paper packages of powdered dye, labeled "Silkonia."

For the benefit of their interested onlookers, the tourists wet the dye and rubbed it on their legs.

**Eye-brow Penel Seams**  
When finished, they were seemingly a pair of silk hose of beautiful and lustrous sheen. By applying an eyebrow pencil, a seam was added to the hood.

"Most of the smart women in England and Canada are now wearing painted stockings," one of the women explained.

She stated that the packages sell for 15 cents and can be purchased only in Canada and England. It is a patriotic movement in order to save silk for war purposes, and she purchased her Silkonas in Calgary, Canada.

## Women Pay Honor To Grand Regent

BUHLI, July 21 (Special)—Mrs. Marie Christiansen, grand regent, Des Moines, Ia., in honor guest of Buhl Women of the Moose at dinner Thursday at the Aurora cafe.

Mrs. Zetta Randall, senior regent of the Buhl chapter, and Mrs. Thelma Howard served on the reception committee. During the dinner hour Mrs. Dorothy Smith, daughter of Mr. and Mrs. Tom Smith, sang and played clarinet numbers. Short talks were given by Mrs. Emily Twery and Mrs. Mary Dais. Mrs. Randall presented corsages to Mrs. Christiansen and Mrs. Viola Harris, grand regent of Buhl.

Immediately following the dinner a special meeting was held at the I.O.O.F. hall. Initiative services were held for Mrs. Mildred Showalter and Mrs. Pearl Moir, candidates from Twin Falls chapter. Eight visiting members, also, from Twin Falls, were in attendance.

Mrs. Christiansen took charge of the question box, answering questions relative to the organization and its work. She concluded her program with a talk on Moosehood, the children's home, Aurora, Ill. and Moosehead, the old folk's home in Florida, both institutions supported by Loyal Order of Moose and Women of the Moose.

Miss Carlisle Walcott played two violin solos, Schubert's "Benedict" and "Oriental Kaledioscope" by Cui, accompanied by Miss Doris Venter.

Mrs. Christiansen has been active in Moose work since 1924 when she joined Des Moines chapter. She served this chapter as senior regent in 1927. She held her first position with the International in 1936 as

## Peck o' Petals

F. B. M., the man who wanted the recipe for making a rose jar, informed the Idaho Evening Times this morning that he had already collected a peck of rose petals.

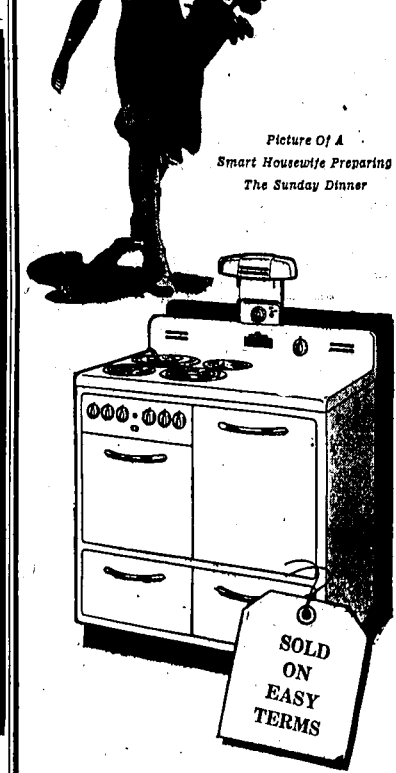

Sounds like the "picking season" is already underway at his home.

**CHAIRMAN OF THE JUDGES FOR RITUALISTIC COMPETITION.** In 1927 she served as conference secretary at Cleveland and in 1940 she was honored with the title grand regent of the college of regents at Moosehead.

**HOOF OFFICIALS HONORED AT COURTESY**  
A dinner party was given Thursday evening complimenting several state officials of the Odd Fellows lodge who were here for the institution of the Twin Falls Junior I.O.O.F. lodge at the home of Mr. and Mrs. Clyde Hickok. Co-hostesses were Mrs. and Mrs. Robert Nelson. Honorees included Presley Horne, Caldwell, secretary of the grand I.O.O.F. lodge of Idaho; Frank Martin, Boise, past grand state of the I.O.O.F. lodge of Idaho; G. D. Rust, Caldwell, member of the board of control, and O. E. Hickok, Castleford.

## Mrs. Fox Honored at Breakfast by P. E. O.

Mrs. C. R. Fox, who recently joined the ranks of "army wives" in Boise, where Dr. Fox, reserve officer, was called into service with the United States army, is being given an enthusiastic welcome this week by her Twin Falls friends.

Mrs. Fox arrived last evening from Boise, to be the house guest of Mrs. R. L. Roberts for several days this week.

Members of Chapter A, P. E. O. sisterhood, of which Mrs. Fox is a member during her residence here, entertained at a bridge breakfast in her home at the home of Mrs. R. R. Spafford, Seventh avenue east.

Breakfast was served indoors, and the bridge tables were set up in the garden.

Shasta daisies and nasturtiums formed the table trim.

## We--The Women

By RUTH MILLETT (NEA Service)  
Dear June bride-of-a-month: No other six months of your marriage will ever be as important as the first six. For it is then that you set the pattern of your marriage.

Remember that and you can do a lot toward getting the pattern started the way you want it to go. For instance, the first time your husband mentions that he has to drive to a nearby city on a business trip, say, "That's fine. There's some shopping I want to do" and set the pattern of going with him. That is, if you want to go with him on future trips—and you probably will.

Let Him Help Sell  
The first time your husband makes an important paper, get busy in the kitchen and let him look for it alone. Otherwise you'll spend your life looking for the things he carelessly misplaces.

The first time you find yourself anxious to get a heavy piece of work done and your husband isn't around, it's best to watch out. If you don't you'll be doing it yourself—and from then on it will be your job. And your husband will be willing to let you do it.

The first time your husband says, "Honey, how about writing a letter to the folks and telling them everything is okay," find a tactful way of saying, "Do it yourself"—or you'll wake up one day to the fact that you are writing all your husband's thank-you letters and keeping up with all his relatives.

Wasn't Ben Little  
The first time your husband asks you to pack his bag tell him you're afraid you'll never be able to find things if he doesn't pack them himself—or you'll pack for him every time he goes on a trip, and be to blame when his ransack or his pet molek is left out.

These are just little things, you are probably thinking. But they won't seem little in another year or two if you get started on the wrong pattern. So start out right to the beginning. Any wife of five or 50 years standing will tell you it pays big dividends.

**FRUIT CUP**  
On a hot night amelon cup is a sure shot for the evening. Instead of pink watermelon, try a fruit cup. You can get it in any grocery store and it's beautiful.

Wellymyfriend the absent-minded professor has been at it again.

Wellymyfriend the absent-minded professor has been at it again. Yesterday afternoon the professor's wife was called to the telephone. The professor, it seemed, was stranded 50 miles from home in a strange country, though apparently completely broke, and out of gas.

Yes, he had some money somewhere, but he couldn't remember where...

I drove her out to get the professor, and on my way back I stopped at a Union Oil station and had him fill out an application for a Union National Credit Card. That will take care of my money out of gas and money at the same time.

The more I think of it, the more I think it would be a good idea if you had a Union Oil National Credit Card, good on any Union Oil station in the West, and at other stations all over the United States and Canada.

You can buy tires and batteries on time, sparkplugs, gas, oil, headlights, and a list of stuff a long time in the West. It's because you can keep track of your auto expense accurately.

Well, my friend the absent-minded professor has been at it again. Yesterday afternoon the professor's wife was called to the telephone. The professor, it seemed, was stranded 50 miles from home in a strange country, though apparently completely broke, and out of gas.

Wellymyfriend the absent-minded professor has been at it again.

## YANKS MAKE RUNAWAY IN AMERICAN LOOP

### New Yorkers Beat Detroit in 17 Innings; Cards Gain

NEW YORK, July 21 (AP)—True to tradition, the American league race is developing into a runaway and the National league race is beginning to tighten up for a red-hot September finish.

From the west after one of their greatest road trips in years, the Yanks hold a commanding seven-game lead over the second-place Indians. From all appearances the Yanks are going to win it in a cakewalk. Only Bob Feller hit hard by injuries to Ted Williams and Jim Tabor, were an entirely different picture. The Dodgers are finding the pacesetter's role difficult to fill.

But the baseball story of July 17 was the Yankees' marauding march through the west during which they won 11 games and lost only two. They wound up their trip yesterday by winning a 11-inning thriller from the Cardinals, only four hits, only one run and a half. The Cardinals came out of a five-game slump with a bang and are knocking again at the door. In four plate, only 400 points out of three, the Reds are making gestures.

But the baseball story of July 17 was the Yankees' marauding march through the west during which they won 11 games and lost only two. They wound up their trip yesterday by winning a 11-inning thriller from the Cardinals, only four hits, only one run and a half. The Cardinals came out of a five-game slump with a bang and are knocking again at the door. In four plate, only 400 points out of three, the Reds are making gestures.

**Ogden Retains 3-Game Lead Over Salt Lake**

By United Press

The Ogden Reds' lead over the second-place Salt Lake City Bees in the Pioneer league remained unbroken following the week-end series, and the Reds still hold a three game lead.

Ogden split with the Idaho Falls Rusts Sunday after being washed out Saturday night.

Salt Lake dumped Twin Falls Sunday, following a defeat at the hands of the Cowboys in the Saturday game.

Boise and Pocatello divided, Boise winning the series thanks to a Saturday victory.

Ogden won the Sunday opener from the Rusts 8-6, but lost the nightcap 8-7. The Red pitching was considerably below par, with Idaho Falls getting 23 hits in the two games against a double-header total of 14 for Ogden.

Salt Lake scored runs in the fourth, fifth and eighth frames to down Twin Falls, 5-1. Saturday night the Cowboys beat the Bees, 8-2.

Pocatello won the opener from Boise 11-3, but in the nightcap Pilot Pitcher Darrell Fields blanked the Cards as his team won 6-0. In the Saturday game, Boise won 11-3.

**POCATELLO 11-4, BOISE 8-6**

FIRST GAME

Pocatello	000 100 4-11 10
Boise	000 000 0-11 0

Ogden	000 000 0-11 0

**Hogan Wins Top Money in Chicago Meet**

CHICAGO, July 21 (AP)—Ben Hogan, who has split prize money in 21 consecutive golf tournaments, headed for St. Paul today on another leg of his campaign to break Sam Snead's all-time record earnings of \$125,000 set in 1938.

The mile from Texas already has passed the total of \$100,000 which he led all golfers in the nation last year. His two-stroke victory over F. Open Champion Craig Wood in Chicago's \$5,000 Open yesterday brought him \$1,200 more and lifted his season's winnings to \$117,417.

Hogan is the favorite in the St. Paul Open renewed this week-end at Elk Lake course.

Two under par for 72 holes at Elmhurst Country club, Hogan won the Chicago Open with a tournament record of 71 and his rounds of 69-70-69-69 gave him a commanding lead in the race for the Vardon scoring trophy, which he now holds.

Wood was in the locker room with an eight under par 77, made possible by two Sunday rounds of 67, when Hogan slipped to the 11th hole of his final round needing at least one birdie to beat the U. S. Open champion.

He got not one but two with an almost identical approach shots on the 11th and 17th. Both runs took him into the hole and he poured down them in with little hesitation.

Coming to work on a 136 after 20 holes, Hogan picked up a 43-49-49 in the morning and 50-50-49 in the afternoon.

### Balancing Starts for Annual Pioneer All-Star Teams

For the 'nth time this year, the Twin Falls Cowboys and Idaho Falls Rusts open a "collar championship" series at Jayco park — this time for three games starting tonight.

And it may be the last chance that Manager Andy Harrington's club will have to climb out of the cellar. In fact, the Wranglers can't win in a series—but they can close the gap and come close enough to make a race out of it for fifth place.

**BALLOT**

Pioneer League All-Star Game to be Played in Ogden Aug. 4

I hereby cast my ballot for the following to be members of the northern (Twin Falls, Boise, Idaho Falls) all-star team.

(Choose five players from each team.)

Player	Club
Pitcher	
Pitcher	
Pitcher	
Pitcher	
Catcher	
First baseman	
Second baseman	
Third baseman	
Shortstop	
Left fielder	
Center fielder	
Right fielder	
Utility	
Manager	

Over the week-end, the Cowboys played some of their best and some of their worst baseball of the season to gain a split with the Salt Lake Bees.

Saturday night the Wranglers set an all-time Pioneer record when Earl Kuper, A Lightner and Vic Oehler hit successive home runs off the offerings of George Peterson. The Cowboys went on from there to win an 8-5 engagement.

Last night the home-town infield looked as though it had been hit with a shotgun blast—in fact, there were so many errors—many, there were so many errors—many, there were so many errors—that the fans gave up about. Five miscues were chalked up in the heretofore—but you could just about double that number by adding the "boneheads"—which don't go in the book. The result was that Hank Anderson lost a well-pitched game, 5-1.

In the Sunday game Twin Falls took five runs in the first inning, on an unearned run. Al Lightner drew a walk and went on to hit third when Gavriel Williams heaved the ball over first base on Vic Oehler's infield smash. Lightner scored on Randall's line single at first pitcher's box. But Joe Joseph hit into a double play right after that to end the uprising.

The game came in the fourth when Willie Enos and Chuck Hanson led off with singles and ended up at second and third when the cowboy infield played tidle-winks with the ball—although they didn't boot it.

The next batted ball went to Harlow Burton at short and he tossed it at the left field grandstand, both runners scoring. Skell then attempted to bunt on the third strike and was out when it went foul, but Morris scored all the way from first base. Anderson then played tidle-winks with the ball—although they didn't boot it.

There was only one extra-base blow all during the game—a double by Kuper in the ninth inning.

Saturday night the Twin Falls boys put on a show that left the fans just about speechless.

Held to 10 home runs in their first five of the 1941 season, the Cowboys pounded out three successive homers in one inning to snail the game away.

In the big frame, after two were down, Verne Reynolds singled to bring up Kuper. "Oil" promptly pounded the ball over the right field fence on a line drive that would have been a four-put away in any park in the league. Al Lightner, next up, dropped a high fly over the fence. Anderson then duplicated the feat. By this time the 351 assembled fans were just about speechless.

Those three home runs just about took the play away from a fine game pitched by Hank Bushman, the ex-Washington State college Indian star. He set the Salt Lakers down without too much trouble until the ninth, when he eased up and they hit.

(Continued on Page 5)

### Jerome Beats Hailey 26-3; Shoshone Wins

Jerome held onto its undefeated record in the second half of the South Central Idaho baseball league yesterday, slammng the offerings of Don Conyers and Shanks for a 26-3 triumph over the Hailey Triumph Miners.

The largest crowd to attend a game at Hailey this year saw Shanks, the starting pitcher, milled for 13 runs, before yielding to Conyers.

Hailey, July 21 (Special)—Jerome held onto its undefeated record in the second half of the South Central Idaho baseball league yesterday, slammng the offerings of Don Conyers and Shanks for a 26-3 triumph over the Hailey Triumph Miners.

Shank's starting pitcher, milled for 13 runs, before yielding to Conyers.

**NWENATCHEE 14, WENDELL 6**

Wendell dropped its second consecutive South Central Idaho baseball league game yesterday to Wartburg 14-6. Three Wendell pitchers, Melburg, Rutherford and Requa, went to the mound in an effort to stop the invading club.

**SHOSHONE 11, FILER 5**

SHOSHONE, July 21 (Special)—Shoshone Redskins maintained their undefeated record for the second half of the South Central Idaho

### STANDINGS

PIONEER LEAGUE

W.	L.	Pct.

Pittsburgh	40	50 .444
Chicago	38	48 .442
Boston	34	50 .400
Philadelphia	21	62 .253

Each team collected nine hits, Shoshone making three errors and Filer nine.

**RUPERT WINS BY FORFEIT**

RUPERT, July 21 (Special)—Hagerman's entry in the South Central Idaho baseball league yesterday failed to show up at Rupert for their scheduled league contest and forfeited the game to the Mindoko county team.

The game may be played July 24 as part of Rupert's Pioneer day celebration of the South Central Idaho

### 5 Players From Each Club to Be Selected For Ogden Conflict

Balancing to pick the outstanding baseball players from each team in the Pioneer league, to compete in the annual All-Star extravaganza at Ogden on August 4, was announced today by President Jack Halliwell from Pocatello.

Specifically pointing out that there must be votes for five players from each team in the "north" sector from Magic Valley fans, Halliwell asks that all balloting be completed by Wednesday, July 30.

For the northern squad, players will be chosen from Boise, Twin Falls and Idaho Falls. On the south side will be representatives from Salt Lake, Ogden and Pocatello.

Manager Selection

Halliwell will be the final judge of players and will make up a squad of five pitchers, two catchers, four infielders, three outfielders and one utility player. He also asks that the "top" manager from each sector be selected by the fans, with the other two team managers being added as coaches.

For the past two years the north entries in the all-star contest have been victorious. Last year at Boise, with an attendance of 4,500 fans looking on, the north won a thriller by a 9-8 score as Joe Egan hit a home run in the last frame.

Prior to that Verne Reynolds, who had been playing outfield for the Twin Falls team all season, had starred with his sensational fielding the first winter they lived on the stream.

**Bear Creek**

North Carolina's Bear creek was named after Squire Boone and his son Daniel, who later became famous, killed 93 bears during the first winter they lived on the stream.

### Farrell Reports To Seattle Club

SEATTLE, Wash., July 21 (AP)—George Farrell, young backstop for the Wenatchee Chiefs of the Western International league, reported yesterday to the Seattle Rainiers.

Farrell will undergo Catcher Charlie Fallon as a result of injuries to the regular Seattle backstop, Bob Collins.

## This Summer Gasoline is Certainly Great

**YOU GET ABUNDANT POWER**

# New Churchill Cabinet Shake-up Fails to Satisfy Critics

## DUFF-COOPER IS REMOVED FROM IMPORTANT POST

LONDON, July 21 (U.P.)—Prime Minister Winston Churchill's second cabinet shake-up in three weeks failed to satisfy critics of the government today. They demanded he weed out weaker members and establish ministers for production and civil defense.

Churchill announced at midnight that Alfred Duff Cooper, third minister of information since the war started, had been named chancellor of the duchy of Lancaster and assigned to the far east to plan coordination of civil and military activities in behalf of the war cabinet.

Successor Cooper

Brendan Bracken, Churchill's private secretary, and newspaper publisher, was named to succeed Duff Cooper.

As part of the shake-up Richard A. Butler, parliamentary under-secretary for foreign affairs, was promoted to cabinet rank as president of the board of education, succeeding Herwald Ramsbotham who was made chairman of the unemployment assistance board.

Lord Hankey, whom Duff Cooper succeeded as chancellor of the duchy of Lancaster, was named paymaster general.

To Foreign Office Post

Richard K. Law, son of the late Bonar Law, who was prime minister soon after the last war, was named to Butler's foreign office post.

Edwin Duncan, Sandy, Churchill's son-in-law, was named financial secretary to the war department which Law had held.

Ernest Thurtle, Labor party member who has been a keen and constructive critic of the government, was named secretary to the ministry of information.

Sir Hugh Seely was named an additional secretary to the air ministry. Col. G. S. H. Watt, succeeded Bracken as Churchill's secretary and Harold Nicholson was named governor of the British Broadcasting corporation.

## GOVERNOR DENIES RELIEF "PADDING"

BOISE, July 21 (U.P.)—Gov. Chase A. Clark Saturday challenged Sen. W. Scott Hall, R., Oneida, "or any other person" who produces evidence able-bodied men who might help relieve a farm labor shortage were on Idaho's relief rolls.

Clark, replying to Hall's demand for a "thorough shakedown" of relief rolls, said he had made a comprehensive study of the relief problem and believed it was being capably administered.

There may be a few chiselers slipping relief, but I don't know of them," Clark said. "I challenge anyone to show me any person receiving relief who is capable of working."

He promised a "thorough and complete investigation" if such cases were brought to his attention.

Hall yesterday charged the state's relief rolls were increasing while "the best crop prospects in years" were suffering because of a farm labor shortage. He claimed able-bodied men accepting relief could be removed from rolls to work in the fields.

## Hot? You Just Bet It's HOT!

Towns where eggs are "fried on the sidewalk" had nothing on Seattle, Wash. the other day when a scorching heat wave caused two paving blocks to swell, rise in the air and block two lanes of traffic. A workman, above, perches on the inflated "v."

## ACCIDENTS CLAIM 4 IDAHO PEOPLE

BOISE, July 21 (U.P.)—Accidents claimed the lives of four Idahoans over the week-end, authorities reported today.

Two died in automobile accidents, one was fatally injured in a saw-mill and a fourth was struck by lightning.

Ervin Bihrey, 31, Emmett, died Sunday a few hours after he was critically injured in an automobile accident 12 miles north of Weiser. Bihrey's machine overturned on a sharp curve, sheriff's deputies said.

Wynn Wallace Peffer, 44-year-old Boise, was killed when his car rolled, was made a turn on a Boise street. Police said Peffer's machine skidded in loose gravel. It overturned and pinned the driver beneath.

Leater Bechler, 41-year-old saw-mill worker, was fatally injured when his clothing caught on a saw, dragging him against the blade in a mill at Cascade.

At Buhl, 15-year-old Adrienne Masters of Malon valley, was struck by lightning while working with her mother in a field. She died instantly.

**ABOUT QUICKSAND.**  
The grains of sand in quicksand are rounded. When wet, they do not cling together like the angular particles of ordinary sand and thus can engulf a human being if he steps into it.

**MEXICAN MODERNIZING**  
If you cannot afford to have a full set of new terrace, porch or garden furniture, take the suggestion of American decorators and modernize old pieces by using cushion covers of some bold Mexican or Guatemalan motif. Helen Park, one of New York's most competent interior decorators, names Lava green and ink purple as the two most outstanding colors in a new group of Guatemalan designs, recently styled by her.

## NAMES in the NEWS

**By United Press**

Mrs. Franklin D. Roosevelt will broadcast a weekly 15-minute commentary on current events for the Pan-American coffee bureau starting in September. The National Broadcasting company said the broadcasts would further the good neighbor policy.

Gov. Murray D. Van Wagoner of Michigan and CIO officials protested a contemplated 50 per cent cut in new car production today, charging it would lead to serious dislocation of employment in the industry.

America is approaching an inflationary period which from now on will be injurious unless immediate steps are taken to check it, according to Prof. Irving Fischer, famous economist.

Borrowing British Prime Minister Winston Churchill's "V for Victory" slogan, Alexander Stewart, father of Actor-Soldier James Stewart, has erected a 10-foot aluminum painted "V" on the Indiana, Penn., county's courthouse.

At New York, Fiorello H. La Guardia is expected to announce his candidacy for a third four-year term as mayor tonight.

Ann Sothorn, film actress, is the first woman to land a swordfish at Catalina this year. She brought in a 250-pound marlin within a sailing distance in 22 minutes.

Wendell L. Wilkie left New York by plane for California today for a series of talks in the interest of unified support for the administration's foreign policy.

Will H. Hays, president of the Motion Picture Producers-Distributors, said the movie industry can take some deserved satisfaction from the contribution that

## England Speeds up Offensive Power for Attack on Germany

**By United Press**

Britain's announcement of the new "Churchill" tank and other recent developments indicate the British are out to overmatch the Germans in offensive power.

Military experts contend wars are now won merely by matching what the enemy has but in producing more powerful weapons and more of them during the earlier part of the war, the British seemed to be doing just that, concentrating on producing defensive weapons to meet the highly developed striking power of the enemy.

The first sign of a British change of pace was the great aerial offensive begun by the RAF, six weeks ago against Germany and German-occupied territory. There can be no question that tremendous damage has been done in these days and nights raids and German production and transport greatly hampered.

Improved Plane

The British thus would have a distinct advantage, because attacks on enemy fighters and bombers are most often made from above.

Another British development is what is called the "super bomb" carrying a ton of high explosive. According to British sources, one such bomb can devastate an acre of buildings.

Details of Britain's newest war weapons are not given out, but the announcement of the new tank described it in general terms as so heavily armored and with such great gun power that London doubts the Germans have anything to withstand it.

Mass production of the tanks is said to have started. It would be the first tangible fruits of Lord Beaverbrook's appointment as minister of supply, to speed up production for the army.

When and if the British attempt to cross the channel, the new tanks should play an important part.

the screen is making for national defense.

Gov. W. Lee O'Daniel of Texas has invited all the state's 6,000,000 residents to attend the wedding of his daughter, Molly, to Jack Wratther, Jr., at Austin July 31.

Sammy Baugh left Hollywood today to attend the wedding of his daughter, a serial, "King of the Texas Rangers." Sam will play football again this fall with the Washington Redskins.

## RAF HOLDS VAST RAID ON FRANCE

LONDON, July 21 (U.P.)—Swarms of British planes raced over the Dover strait today to make one of the greatest daylight raids on the French invasion coast, and soon the sky was filled with bombing and fighter planes flying in all directions and at all altitudes down the chimney level.

The dramatic raid came only a little more than three hours after a great fleet of British planes had made a five-hour raid on the defenses which thousands of German troops are building urgently along the French coast apparently in the belief Britain may attempt an invasion.

During the night also the member command made a raid in force on the Rhineland and had bombed docks at Rotterdam.
