## Nazis Bomb Moscow in First Heavy Raid Panzers Advance Through Soviets

By HARRISON SALISBURY  
 United Press Staff Correspondent

The Russo-German war today entered its second month with Moscow undergoing its first big air attack and German sources claiming that panzer columns are racing toward the Soviet capital.

A Nazi military spokesman claimed that the German spearhead has driven 100 miles east of the upper reaches of the Dnieper river. His vague geographical reference could mean that the Germans are anywhere from 40 to 100 miles from Moscow. The 100-mile figure seemed more likely in view of previous reports of Nazi operations in the area.

The German high command claimed that panzer forces are smashing ahead against weak Soviet resistance. The Russians, said the official report, are in the process of annihilation by encircling Nazi troops.

The Russian account:

**17 Shot Down**

The Luftwaffe attempted to send 20 planes against the capital but only a few got through and 17 were shot down. The raid lasted 5 1/2 hours but only a few persons were killed or wounded and only slight damage was caused, none of it military. One bomb fell in a square opposite the U. S. embassy. For the first time German planes have attempted to attack Soviet territory and have prevented any material change in the fighting line.

There appeared to be no possibility of retreating the two armies.

**Germany.** A dispatch by Henry Meinhart, United Press correspondent, reported that German planes were seen during the air attack and that the raid was only of moderate intensity compared with the smashing blows which the German air force has in the past dealt at British cities.

**MOSCOW, July 22 (U.P.)**—Soviet forces were reported holding off furious German offensives today and private reports said Russian troops are in control of the key cities of Smolensk, gateway to Moscow, and Novgorod Volynsk on the vital Kiev front.

The heaviest fighting was in progress, communications reported, in the Smolensk, Novgorod Volynsk and Polotsk-Nevsk sectors.

Improved weather was said to have brought into operation the action on both sides with Soviet planes concentrating on supporting land troops by bombing enemy communications and troop concentrations behind the front lines.

It was said to be no major military operations in progress in other sectors of the front.

**Russian Plans**

It was indicated that Russian lines were holding firmly as the Germans continued to pour men and machines into the line in an attempt to get started toward their long overdue objectives.

German planes heavily attacked German tanks yesterday and destroyed 32 German planes in air fights, it was said. Loss of eight Russian planes was reported.

The early communique had reported stubborn fighting in the Polotsk level. German agents and reports said that Russian planes continued to attack German tank units and German planes in the air and ground.

**Late FLASHES**

**TOKYO, July 22 (U.P.)**—A roaring typhoon, preceded by 10 days of torrid rain, hit the island of Honshu, took 12,000 homes in the Tokyo area and took at least 35 lives, swamped and passed out of the capital to the heavily misting Japan's most populous centers.

**DON'T OVERLOOK THE BEST NEWS**

Sometimes one only reads the headlines. They naturally contain the vital part of the news condensed in a quick, readable manner. Today's biggest news as far as you are concerned may be TWO OR THREE lines in the CLASSIFIED SECTION of the TIMES-NEWS.

**WATCH THE CLASSIFIED**

## Britain Warms up Invasion Barges

As Russia called on her ally to strike at Germany in the west, Britain staged a demonstration of her invasion forces for Prime Minister Churchill. Here Bren gun carriers roll from one of the much-lauded invasion barges that did such a good job in the "practice invasion" of the German-held Lofoten Islands off the coast of Norway.

**Woman Dies After Fall From Wagon**

Miss Lucy Jane Tannehill, 54, who resided on Willow creek in Camas county, 15 miles west of Halley, died at the Halley clinical hospital early this morning from injuries received Sunday about 7 p. m. when she was thrown from a wagon drawn by a runaway team of horses.

The body of the woman was brought from Halley to Twin Falls this morning by attendants of the White mortuary. Funeral arrangements have not yet been completed.

Floyd W. Wilson, county assessor at Halley, was a witness to the mishap which resulted in the woman's death. He was driving along the road in his machine when he saw the horse rearing at him. He drove his car from the road in time to miss striking the animals. Mrs. Tannehill was thrown from the wagon when the horse made a right angle turn.

Stop at Friend's House

Wilson said that the woman and her husband, Milo L. Tannehill, had stopped at a friend's house while Mr. Tannehill went inside for a few minutes. While he was in the house, something frightened the animals and they bolted.

The Tannehill family resided in Filer nine years before leaving there for the Halley country in 1928. Mrs. Tannehill was a member of the Baptist church.

Aids from her husband, Lester V. Tannehill, Patterson, Ida.; William B. Tannehill, Summit City, Calif.; Mrs. Beadie M. Wolfe, Hertsburg, Ore.; Mrs. Mildred M. Orlquist, (Continued on Page 18, Column 4)

## NAVY TO COMBAT SHIP SABOTEURS

**WASHINGTON, July 22 (U.P.)**—The Senate, 41 to 14, today approved legislation which would authorize the navy to establish a secret plant protection force after hearing confidential naval information that there are 400 suspected saboteurs at the Mare Island, Calif., navy yard, and instances of sabotage at other naval establishments.

The navy report was read at an open session of the senate by Chairman David L. Walsh, D., Mass., of the naval affairs committee who asked the press gallery to treat the matter as confidential. The visitors galleries were filled.

The report said a "great number" of the Mare Island workers "are of Italian or German extraction" and that the headquarters of German espionage in the United States is located at San Francisco.

The report also said 66 workers at the Boston navy yard "have been completely gagged as being friendly to Nazism or Communism."

It added the "actual number" of such adherents is not known in this country. Possibility of sabotage depends on the course of international events and the temper of the foreign authorities.

The report added the number of Communists or Nazis in the New York navy yard was not known but the European continent, in broadcast daily anti-Nazi news to Germany. The anti-Nazi broadcasts in Germany, seven minutes before the hour, each hour, on a 216 meter wavelength.

## THUNDER OF WAR

By United Press

**LONDON**—British oil supplies to Japan have been drastically curtailed, Richard Law, new undersecretary for foreign affairs, told the house of commons today.

**BERLIN**—An official news agency dispatch from Belgrade said today "a great number of Communists and Jews" had been shot after attempting "Communist sabotage" near Valjevo, Yugoslavia, 45 miles southwest of Belgrade.

**ROME**—British planes raided the town of Mazzarino, Sicily, Sunday night, killing 12 persons and wounding 16, and the RAF again raided Benghazi and Derna, Libya, last night, the Italian high command said today.

**LONDON**—The British Broadcasting corporation disclosed today a new "German freedom radio," supposedly somewhere on the European continent, in broadcast daily anti-Nazi news to Germany. The anti-Nazi broadcasts in Germany, seven minutes before the hour, each hour, on a 216 meter wavelength.

## Woman Dies After Fall From Wagon

**HEALTHFUL**

**NEWTON, MASS.**—Health Inspector Irving W. House, returned brusque in body and spirit today from an inspection of a Vermont milk farm. He said that during his visit he was bitten by a dog, stung by a hornet, chased by a ram, had fallen down a flight of stairs into a fertilizer pit, and then finally had poked a pencil in his eye.

## Oddities

By United Press

**HAMILTON, Bermuda**—The Bermuda assembly considers motorcycles much "too dangerous and noisy" for this island where automobiles are banned. It decided to prohibit the sale of more than one motorcycle per person. The eyes are purchased for the police force.

**DOCTOR**

**HALLSTAD, Penn.**—This town health officer will have to remain healthy as a contribution to national defense. Doctor Forrest Smith, a reserve officer and Hallstead's only physician, has been called to the army.

**MYSTERY**

**DETROIT**—Jurors usually are supposed to help clear up mysteries—but Mr. Raymond Staples is an exception. She provided one. A federal court still is trying to figure out how she contracted a case of polio while serving on a jury.

**GRAY**

**SPANGLER, Penn.**—The election prospects of former Cong. Joseph Gray would certainly be bright if only one name named Gray could vote. Gray has filed Democracy's nominating petition for a local post. One petition was signed only by Grays—70 of them. Every one lives within six miles of first date Gray—and more is more distantly related to him than first cousin. Yes, it was just up to this relative to contribute to a cinch for election. But what a patronage problem.

**BOISE AIRPORT NAMED**

**WASHINGTON, July 22 (U.P.)**—The Bermuda assembly considers motorcycles much "too dangerous and noisy" for this island where automobiles are banned. It decided to prohibit the sale of more than one motorcycle per person. The eyes are purchased for the police force.

## Japanese Troop Movement To Siberia Clouds Orient Rumor of Push to South

(By United Press)

With the German-Russian war at its height, rumblings came from London and the Orient today about possibility of another war in the Far East.

That would give the world five major theaters of war at one time, counting China, western Europe, the Mediterranean and western Russia.

The reports indicate Japan may be preparing to move in either two directions or both. Shanghai reports heavy Japanese troop movements in north China, towards the Siberian frontier. London reports mobilization and the calling of reservists throughout Japan.

## FARMERS TO SEE BEAN SEED TEST

Results of leaffopper tests on various types of beans — results termed by experts today as "startling" — will be shown to farmers and county agents from all parts of Magic Valley next Friday, July 25, the day after the bean experiment plot near Bull was announced by Donald M. Murphy, plant pathologist associated with the University of Idaho, and Bert Bollingbroke, Twin Falls county agent. The bean experiment plot is located on the Frank Zack farm five miles west of the south Bull corner.

Bollingbroke said that farmers and agents are invited from the eight Magic Valley counties. Results of the heavy white fly infestation will be shown in what the extension agent will call "a striking demonstration."

The farmers who attend the field day will find that the leaffoppers have ruined non-resistant beans, and have caused substantial damage in beans raised from U. of I. No. 123, which is the type of white bean now almost universally used in southern Idaho.

On the other hand, Mr. Bollingbroke said, "the U. of I. No. 15, which is the new bean seed developed by the university, shows not one fly-diseased plant."

## RFC GIVES LOAN TO AID BRITISH

**WASHINGTON, July 22 (U.P.)**—The Reconstruction Finance corporation today announced approval of a \$25,000,000 loan to the United Kingdom of Great Britain and Northern Ireland to pay for American war supplies contracted for prior to enactment of the lend-lease bill.

Federal Loan Administrator Jesse H. Jones said President Roosevelt had approved the loan so the British would be able to exchange without having to dispose of their securities and investments at forced sale.

All British commitments prior to the lend-lease program were subject to "cash-and-carry" provisions of the neutrality law.

Jones said the loan, for which the British pledged more than \$100,000,000 in collateral, will bear interest at the rate of three per cent annually, and will mature in 15 years. Paying 25 cents for the 100-cent extension, if two-thirds of the principal has been paid on the original maturity date.

Collateral pledged by the British included securities of 61 United States corporations listed on the New York stock exchange with an aggregate value of approximately \$250,000,000; unlisted securities of 46 United States corporations with an estimated value of \$115,000,000, and capital stock of 41 British-owned insurance companies in this country with an aggregate net worth of \$180,000,000.

## DRAFT PROPERTY BILL PREDICTED

**WASHINGTON, July 22 (U.P.)**—Chairman Andrew J. May, D., Ky., predicted today that the house military affairs committee will approve promptly a "draft property" bill passed by the senate.

May said that his committee will begin consideration of the measure tomorrow or Thursday.

The bill would authorize the president to requisition essential defense materials which are not otherwise available to the government.

Property owners would be paid a "reasonable" price.

## Meeting Eyes Police Radio Hookup Plan

Police officials and radio technicians in Twin Falls met here this afternoon to discuss possibility of a police radio network which would link law enforcement agencies over the state.

The discussions were held at the Park hotel after those attending opened the session with a luncheon at the same place. Preceding the luncheon was the meeting of Mayor Herman Whitlock, Boise, was Mayor Joe Koehler, Twin Falls. Communities represented, a 14 from Twin Falls, included Idaho Falls, Pocatello, Nampa, and Boise. All four communities now have police radio stations in operation and the one in Twin Falls is "set to go" in the immediate future.

Today's discussions centered around the possibility of cooperation among the various police departments. It was stressed during the round-table discussion that the new network would be a means of hastening police action in emergency situations and also as a means of hastening police action in emergency situations and also as a means of hastening police action in emergency situations.

It preliminary arrangements will be made for the network.

Informal discussion of plans for coordination between all police radio stations in Idaho was underway when this picture was taken during the noon hour today. Police officials and radio technicians from Pocatello, Idaho Falls, Twin Falls, Nampa and Boise were in session here this afternoon as the first step in the present linking of all the police stations into a state network. Pictured during the

### 6 MEN ORDERED IN DRAFT QUOTA

The draft selectees are to be provided by Twin Falls county Area No. 10, 15th call, set for Aug. 18. The local board was informed today that six men have been selected.

The six young men are to leave camp the evening of Aug. 18 for training at Fort Douglas the next morning. The men are: ...

The new call brought to 12 the number of men ordered from area No. 1 for the first 18 days of August. Call No. 14, for Aug. 3, also stipulated six men.

Regarding the task of giving sequence and order numbers to the 129 registrants on the books of the area, Capt. J. H. Seaver, Jr., chief clerk, said that the master list of the Washington drawing has been received from state headquarters. Receipt of the list will start the work of giving the young registrants their sequence numbers as drawn at Washington (determining their order of calling among themselves), and of assigning them their order numbers by inserting one "new" name among approximately every 22 "old" names starting with order number 753.

### DRAFT QUOTA OF IDAHO RELEASED

BOISE, July 22 (AP)—Lieut.-Col. Norman B. Adkins, state selective service executive, today announced quotas for 38 Idaho counties in the 11th draft call, Aug. 18-19.

The quotas are: Blaine, one; Bonanza, two; Camanche, one; Cannonville, two; Canyon No. 1, one; Canyon No. 2, three; Emmore, one; Franklin, two; Fremont, two; Gen. two; Madison, two; Oso, one; Owyhee, two, and Washington, one.

### News in Brief

**Passer Return**  
Dr. and Mrs. F. Passer were returned from a week's vacation visit at Lake Tahoe, Calif.

**Concludes Visit**  
Miss Elaine White has returned to Long Beach, Calif., following a visit with Miss Phoebe Jane Francis.

**V.F.W. Auxiliary**  
V.F.W. auxiliary will meet Wednesday at 8 p. m. at the home of Mrs. Cora Summers, 215 North Washington.

**In Boise**  
R. L. Sumnerfield, Miss Maurine Luke and Clayton Mullins, all of Twin Falls, were Boise visitors early this week.

**Chicago Guest**  
Mr. and Mrs. Arthur Alban have as their house guests Mrs. H. Rubin and Miss Lila Greenberg, mother of the late Mrs. Alban, and Syd Siegan, a friend of the Alban.

**From Oregon**  
Mrs. J. A. Keefer has returned from Oregon where she has been the guest of Mr. and Mrs. Albert Keefer for the past few weeks. Mr. Keefer is her son.

**From Bakerfield**  
Mr. and Mrs. H. B. Frazier and Dorothy, and Mrs. R. W. Gilbert, Bakerfield, Calif., are visiting Mr. and Mrs. Walter Ketchum, at Camp Murray, and relatives at Shoshone and Buhl.

**On Furlough**  
Jack Stom, with the medical corps detachment of the 11th engineers, Camp Sherman, is here for a furlough visit with his parents, Mr. and Mrs. J. A. Stom.

**Child Has Operation**  
Bobby Bollingbrook, three-year-old, had an operation at the Twin Falls hospital today for a hernia. The operation was successful.

**Guests at Wedding**  
Mr. and Mrs. Clifford Davis and daughter, Miss Shirley Davis, were among the guests at the wedding and reception last Sunday morning of Miss Mary Marjorie Fuller and Paul J. Shriver, at the Buhl Christian church.

**Accepts Position**  
Miss Margaret McAtee is here from Cheney, Wash., for a vacation visit with her parents, Dr. and Mrs. F. McAtee. She will accept a position to teach kindergarten classes in a school in the Oak Lake district of Seattle next year.

**From Moonlight**  
Mr. and Mrs. Hadley Poles, Twin Falls, and Mr. and Mrs. F. W. Wachholz, Murrough, have returned from a week-end trip to the Sawtooth mountains. They attended the Masonic session at Sun Valley and witnessed the ceremonies on top of Mount Baldy Saturday afternoon.

**Red Cross Meet**  
Reports on home service work and military welfare will be discussed at a meeting of the Twin Falls county chapter of the American Red Cross Wednesday at 7:45 p. m. in the office of Tom Alworth, on the second floor of the Idaho Department store building. Alworth is chairman of the chapter.

### REVISION OF TAX MEASURE BEATEN

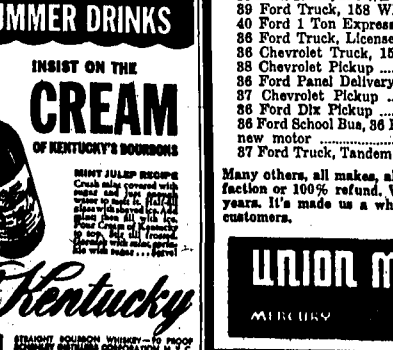

WASHINGTON, July 22 (AP)—The house ways and means committee today formally rejected administration demands that the excess profits tax provision of the new \$1,500,000,000 revenue bill be revised to impose heavier taxes on defense profits.

Committee Chairman Robert H. Doughton, D. N. C., said the measure—the largest tax bill in the nation's history—would be reported today. He said the committee voted against reopening the excess profits tax provisions as requested by administration, but he declined to reveal the vote. President Roosevelt and other administration spokesmen urged the so-called excess profits method of computing excess profits be eliminated.

### JAYCEES HEAR OF STATE CONCLAVE

Reports on matters discussed at the state convention held last Sunday at Weiser featured today at the regular weekly session of the Twin Falls chapter of the Jaycees.

Among those making reports were Harold Lackey on operation of the state organization and the relation to the local group; Russ Thomsen, an assistant to local officers; Wayne Hanson on various reports; Charles Allen on the national convention, and Tom Sine on new business which took place at the convention.

Allen urged that a representative be sent from the local club to attend the national convention in Texas next June. President Loy L. Perry reported on the success of the convention and pointed out the things which would be of help in operations of the local unit.

Thomas, treasurer of the local club, reported that at the present time approximately \$350 is in the club's reserve fund; \$200 in a separate savings account to promote the store July 4th celebration, and \$400 in the general fund.

Entertainment consisted of the store July 4th celebration, and \$400 in the general fund. Entertainment consisted of the store July 4th celebration, and \$400 in the general fund.

### BANKER ASSUMES ESTATE HANDLING

Because a special administrator is needed to handle the Piler store included in the estate of the late O. A. Love, pinner merchant of the community, Earl S. LaRue, Piler banker, was appointed today by Probate Judge C. A. Bailey.

LaRue was empowered to take all necessary action in carrying on the O. A. Love general merchandise store July 4th celebration, and pending final disposition of the estate.

Mr. Love, who died July 17 at his home, left an estate valued at \$90,000 in value. Heirs include the widow, two sons, one daughter, and the children of a deceased daughter.

The widow and family requested appointment of Mr. LaRue as special administrator. LaRue and Raymond H. Ketchum, local banker in his petition to the court.

### Food Prices Rise Since War Began

WASHINGTON, July 22 (AP)—The bureau of labor statistics reported today that food prices paid by moderate income families now are 18 per cent higher than at the outbreak of the European war in 1939.

The bureau said prices increased one per cent during the first two weeks of July, as compared with an increase of 1.8 per cent during the previous two-week period.

The bureau attributed the increase during the last few weeks to consumer demand, seasonal factors, large government purchases and some speculative buying.

### Kimberly Youth Kicked by Horse

Hospital attendants this afternoon listed the "fairly good" condition of Garth Morrill, 22, Kimberly, who was kicked in the stomach by a horse yesterday afternoon.

The youth underwent an operation last night for a liver injury, hospital records show.

A son of Mr. and Mrs. Rupert Morrill, who reside near Kimberly, the young man told friends that the horse had always been gentle and there was no reason why the animal should have kicked him. The mishap occurred on the ranch of his parents.

He was brought to the hospital here by ambulance.

### LAST RITES SET FOR OAKLEY BOY

BURLEY, July 22 (Special)—Funeral services here were tentatively set for Friday at 2 p. m. at the Oakley L.D.S. tabernacle for Eldon Ross Martindale, 17, who died at 3:35 a. m. Tuesday morning at the Martindale family home, South Alton, in Burley, after a short illness.

He is the son of Mrs. Elva Martindale and the late William H. Martindale. His father died seven years ago.

Eldon was born July 23, 1923, at Oakley. Surviving are his mother and the following brothers and sisters: Henry L. Monterey, Calif.; Doris, Oakley; Rex and Denzil, Burley; Mrs. Thelma Ross, Vern, Utah; Mrs. Pearl Nash, Cincinnati, O.; Mrs. Paul Nash, Oro Grande, Ida.; Mrs. Vera Oliver, Hansen; Miss Vada Martindale, Burley; Barbara and Janet, Burley.

Interment will be in Oakley cemetery. Funeral arrangements are in charge of Vern McCulloch of the Burley funeral home.

### Youth Fined for Disturbing Peace

Disturbing the peace cost Merritt Brooks, 24, Sopotern, Wis., youth now employed here, just \$25 fine and \$6.50 costs.

Brooks paid the sum and was released from county jail this morning after sentence was decreed by Justice Guy T. Swope. He had been held overnight for lack of \$200 bond fixed by Judge Swope.

Deputy Sheriff Virgil Borden and Kenneth Ridgeway arrested Brooks yesterday.

### SWIMMING CLASS BEGINS AT PARK

With scores of swimmers and non-swimmers enrolled, annual learn-to-swim campaign of the Red Cross got underway at the Harmon park pool here at 9 a. m. today.

Beginners and swimmers classes held daily from 9 to 11 a. m. with instruction coming between 1 and 2 p. m. Opening of the pool to the general public at 1 p. m. will continue during the two weeks of the campaign, it was pointed out, because the move will not interfere with the life saving class.

No swimming classes will be held next Monday at which time the pool will be drained and cleaned as is the custom on that day each week.

Registration for the course will continue throughout the remainder of this week. There is no charge.

### Cruelty Alleged In Divorce Suit

Claiming his wife was cruel by constant complaints and nagging, James Wallace filed divorce suit in district court today against Mrs. Ethel Wallace.

The couple married June 20, 1940, at Burley. O. C. Hall is attorney for the husband.

(two CDO youths who apparently want to settle here). ... Two tourist ladies sitting on downtown curb, to get out of hot car, while husbands go in search of scenic information. ... And prominent businessman nearly getting bumped by auto as he jaywalks in middle of 100 block Main avenue south and east.

### Driver Pays Fine For Recklessness

Leon Loving, Twin Falls, today had paid a fine of \$25 after pleading guilty to a charge of reckless driving.

Loving was fined as he appeared before Justice of the Peace Guy T. Swope late yesterday afternoon. He was released on payment of the fine.

Records show that Loving was arrested by local police but that the case was transferred from municipal to justice court when it was found that the alleged reckless driving took place at a point just outside the city limits.

### Driver Fined \$103 For Intoxication

Fine of \$100 and costs of \$3 were decreed today against Wayne Walker, motorist who pleaded guilty to driving while intoxicated.

Probate Judge C. A. Bailey suspended the penalty until Oct. 20. Complaint was signed by M. E. Rountree, Twin Falls city patrolman.

### VACATION BIBLE SCHOOL CLOSES

RUPERT, July 22 (Special)—Two weeks' daily vacation Bible school, conducted at the Christian church under supervision of the pastor, Rev. Eugene Stump, closed Friday.

Faculty and pupils enjoyed a picnic lunch and games in Lincoln school park. At 8 p.m. a public program was given in the church auditorium. Work done by the students was displayed in class rooms and in the rear of the auditorium.

Program included a piano prelude by Miss Mildred J. Paul, a short devotional service, song and flag salute by Denny French, 3, son of Mr. and Mrs. Lowell French; talk by Mrs. Jack Rader, superintendent of the school. Pre-school age group and primary group performed under the direction of Mrs. Ray Williams, assisted by Nancy Rader, and Miss Margaret Hunter and Miss Kathryn Kohler. Mrs. Samuel Blais told a story.

The program closed with the school's theme song, "Living for Jesus," sung by all, and the benediction by Mr. Stump.

In addition to Mrs. Rader, general superintendent, the faculty was composed of Mrs. Helen Lucille Long, Miss Mildred J. Paul, Miss Margaret Hunter, Miss Kathryn Kohler, Mrs. Samuel Blais, Mrs. Ray Williams and Eugene Stump.

### Auto Goes Into River; Occupants Escape Uninjured

JARBIDGE, July 22 (Special)—A car bearing Twin Falls license went into the river Friday morning about 10 miles down the canyon.

Occupants claimed an oil truck forced them off the road, but as there is no oil truck making trips to Jarbridge, it may have been a CCC truck which is working on a road up Buck creek. It was reported the accident occurred, although there is a question whether one of the CCC trucks had been forcing the car off the road and not known of it.

The motorists were brought to Jarbridge by another car and escorted by Mrs. Lena Dougherty, who found there were no serious injuries. Flossie Ball, owner of the machine, phoned to Twin Falls for a wrecker car to take the auto out of the river.

### BUHL

The Fred Soeters family, residents of Buhl since 1915, will move to Rupert soon where Mr. Soeters will be authorized dealer for Western Auto Supply company. For 20 years he has been custodian of the high school building here. Grant Bankhead has been appointed to take his place. Ray Daniels is assisting with janitor work.

Loyal Philatelia were entertained at the home of Mrs. Erna Schultz Thursday. Guests were Mrs. Charlie Merrill, Texas, who is visiting at the C. C. Merrill home, Mrs. D. Rutherford and Mrs. F. Strawser. Mrs. Harry Wilson, county health nurse, gave a talk on first aid. Assistant hostesses were Mrs. Lucille Stevens, Mrs. Louise Johnson and Mrs. Lurine Phillips.

Enoch Wall, co-owners and manager of Wall and Rawlings stores, opened a furniture store at Bury July 19 under management of Joel Tate.

Shamrock club met in the park Friday and enjoyed a pot luck dinner. Twelve members and two guests, Mrs. P. A. Speers and Miss Jerry McCarty, were in attendance.

Dr. Thomas Keller and Dr. Virginia Peck Keller, Cleveland, O., arrived Sunday to visit Mr. and Mrs. George Layne.

Milvale Men and Gleaner M.I.A. officers of Twin Falls stake M.I.A. of the L.D.S. church were hosts to 60 members of Kimberly, Twin Falls, Buhl and Castleford groups at Barnbury's natatorium Friday evening. A picnic supper was served in the auditorium. Mrs. Myrtle Eskola, Mrs. Babbel, Miss Mildred Gough, Miss Eima Smith and Miss Eunice Wood were in charge.

### SCOUTS RECEIVE TROOP CHARTER

RUPERT, July 22 (Special)—A special service in the Christian church, Scout troop No. 54 received its charter Sunday evening. Presentation was made by David Player, Scout commissioner.

Certificates of membership were given by Mr. Player to David Louis Trucker, Dale Seaman Trucker, Ronald Masoner, Paul Edward Poindexter, Virgil Lathrum, Raymond McVetney, Ray Gough, Thomas Calvin Long and James Worley.

Tenderfoot Scout badges were awarded to Paul Edward Poindexter, Ray Gough, Thomas Calvin Long, James Worley and Ronald Masoner. The short program, announced by David Trucker, included assembly call, sounded by Ronald Masoner, flag salute, talk and presentations by Mr. Player, short talk by David Trucker and taps by Ronald Masoner. Otto F. Cronroy is master of troop No. 54.

### Defense Hampers Magazine Paper

WASHINGTON, July 22 (U.S.)—Defense officials said today that restrictions upon the use of chlorine, bleaching agent, soon will cause magazines and other periodicals to use paper with a yellow tinge.

They said paper producers have been asked by the office of production management to reduce immediately the use of chlorine by 10 to 15 per cent. The reduction may be increased to 50 per cent, it was said.

A shortage of book, writing and some other types of paper due to the defense emergency already has been reported by defense officials.

### JEROME

Mr. and Mrs. Robert Eoff and daughter and Mrs. Ed Eoff have returned home following a trip to southern California. Mrs. Ed Eoff visited with her daughter, Ruth, who is employed in Oakland.

Mr. and Mrs. Roy Barnett, Los Angeles, have been visiting relatives and friends here. Barnett is the former Mima Pleri.

Mr. and Mrs. Bud Kingray have returned home from a week's vacation trip to coast cities. They left Sunday and returned here Friday. Mr. Kingray is employed at the Potter Motor company.

### DIVE IN for SOME FUN

Swim for health and fun in natural warm water. Plenty of shade for picnics.

**ARTESIAN NAT**

### Idaho Mine Group Obtains Geologist

MOSCOW, July 22—Appointment of Dr. Philip J. Shennon as a consulting geologist with the Idaho bureau of mines and geology was announced Saturday by Dean A. W. Fahrenwald, director.

He will spend several weeks on the campus, bringing up to date and preparing for publication his report on the High Sunshine silver belt in the Coeur d'Alenes. He is a recognized authority on the geology of this district. His familiarity with the mineral industry will be of great value to the state during the national emergency in which minerals play such a dominant role," Dean Fahrenwald said.

### Red Menace Quiet Only During War

WASHINGTON, July 22 (U.S.)—Chairman Martin Dies, D. Tex., of the house un-American activities investigating committee said yesterday that the nation's "breathing spell" from Communist fifth column activity will last only as long as Russia resists the German army.

If the German army conquers Russia, Dies told newsmen, or if Josef Stalin gets his fill of the war the "party line will shift back again and become an even greater peril to American safety than it was before the German-Russian war."

### CASTLEFORD

Word has been received of the birth of a daughter July 8 to Mr. and Mrs. Alec Walker, Weston, Ore., formerly of Castleford. Mrs. Walker was Miss Bernice Beard before her marriage.

Mr. and Mrs. Don Pace and family, Phoenix, Ariz., are visiting his aunt, Mrs. Fred Peterson.

Mrs. Harvey Donahue was honored at a nursery shower last week at the Baptist church. Hostesses were Mrs. Arnold Roberts and Mrs. John Thompson.

Mrs. Merle Graybeal, Obella and Ray, returned last week from Yakima, Wash., where they visited Mrs. Graybeal's brother, George Bolton. Mr. and Mrs. Faye Orcutt and family have moved to Mountain City, Nev., where Mr. Orcutt has employment.

Mr. and Mrs. Jake Martin, Los Angeles, left last week after visiting his brother, Harry Martin. Sammy Broomfield is in the hospital with a broken leg, resulting from a fall from a horse.

Mr. and Mrs. Henry Griggs and Mr. and Mrs. Raymond Griggs, Purdy, Ark., are visiting here.

Mr. and Mrs. Chris Hesselholt and daughters spent the week-end at Jarbridge and Three Creeks, Nev. En route home they visited Boren Hesselholt at Three Creeks.

Mr. and Mrs. William Gorgas, Long Beach, Calif., were guests

### Thursday of Mr. and Mrs. Lucian Shilda

Mrs. Walter Tschannen, Sacramento, Calif., spent last week here on business.

Miss Margaret Malone was hostess Thursday on her 13th birthday anniversary. Prizes were awarded to Betty Lou Ellison, Bonnie Egan, Jean Kinyon and Gloria Dean Thomas.

Frank Whaley was bitten by a rattlesnake Friday when cleaning a ditch on the ranch southwest of the village.

Miss Kaye Reese, Port Matilda, Penn., who has been visiting her uncles, Walter Reese and Harry Reese, left last week for her home.

### Comstock Reports Court Proceedings

JEROME, July 22 (Special)—Quarterly report as submitted July 15, 1941, by the Probate Judge William G. Comstock of this county is as follows: Collected in criminal cases, \$200; traffic fines, \$115; civil fees, \$5; criminal fees, \$65.40; marriage fees, \$20; adoption fees, \$8. Total, \$311.

### 125 in Buhl Earn Red Cross Awards

BUHL, July 22 (Special)—Red Cross swimming and life saving classes ended Saturday afternoon with distribution of awards to those who successfully passed the requisite tests.

Certificates were received by 106 beginners, who were required to plunge off, swim 15 yards and return. Eleven won awards in the intermediate class. Eight were given life saving awards.

Robert Smith, instructor, was assisted by Betty Lunney and Jim Kireher.

Total enrollment of 329 included children from the health camp and the large adult class, with an average attendance of 285.

Water makes up 94.3 per cent of a tomato.

### Variety of Fish In North Carolina waters, 346 species of fish are to be found: 200 salt water varieties, 126 fresh water, and 11 salt and fresh water species.

### Traveling Gavel Goes to Fairview

HANSEN, July 22 (Special)—One hundred sixty-six Grangers of the different groups in the county gathered at Hansen Grange hall Thursday for the gavel contest meeting, when the traveling gavel was presented to R. O. Harding of Fairview Grange, by Master Bill Wiseman.

Mr. Harding promised to deliver the gavel to one of the two remaining Granges to receive it, Northview and Buhl, on Sept. 1.

Seven members of Jerome Grange, Mr. and Mrs. A. Deobis, superintendent of Albion high school, and other Grangers, were also present.

Twin Falls county weed eradication was discussed, but it was voted that the respective Granges should take the matter up at their own meetings.

The lecturer, Mrs. Donald Dietz, presented the program, a reading of the Orange comic section by Mrs. Frank Trunkay, "Tommy, Sierra Scrubbs 'n'", reading by Mrs. Arthur Holden, a visiting Granger from Broken Bow, Neb.; and group singing of several numbers. Mrs. J. H. Coulter sang "My Little," accompanied by Miss Maude Laycock. Mrs. Stuart Scott, Mrs. Ralph Simons and Mrs. Harry Prior appeared in a tableau, "Ruth and Naomi," with Mrs. Coulter singing the role.

An educational feature on United States mail service was given by J. R. Hall, rural carrier, followed by a whistling solo, "In the Gloaming," and a skit by Mrs. Scott and Mrs. Pryor.

Reports say that a bullet-proof glass for warplanes, devised by Aero Engineer, Horace Altier, will snub a .50 caliber slug at 100 yards.

*A Tribute To The PIONEERS*

If endless leagues of wasteland put a barrier in the way, you bravely cut a path through the wilderness. If your Promised Land, when first you beheld it, was a scorched and sterile desert, you touched the soil to life by the magic of your irrigation. If the savage Redskin assaulted your defenseless camps, you appeased him with kindness. If you lacked the implements with which to build your idealized civilization, you devised with your own hands the makeshiftes that served you. If adventurers in the Rockies said you could not build a habitation in this wild and untamed region, you blasted their predictions by conquering the frontier and making the valleys of Desert to blossom!

What obstacle could there be to dishearten the descendants of Pioneers?

# NO-MILITARY TRAFFIC HALTED IN NORTHERN CHINA

## JAPANESE ARMY MOVES TOWARD SIBERIA BORDER

SHANGHAI, July 22 (AP)—Japanese military authorities have virtually halted all non-military traffic in northern China, a move which reliable informants asserted today, because of wide scale mobilization movements as part of which many troops are being sent northward toward the Siberian frontier.

Foreigners are unable to obtain passport visas to Manchukuo due to Japanese movements by railroad. Japanese citizenships heading northward from the Shanghai area are refusing passengers.

Informants said foreigners in Peking are unable to obtain railroad passage anywhere in northern China and that there are constant heavy troop movements through Peiping, Tientsin and Kalgan, Inner Mongolia.

Strengthen Kwangtung Army

Foreign military observers report the Japanese are heavily strengthening their Kwangtung army, the army in Manchukuo, in the north and that infantry and other troops are moving northward.

These informants continue to express belief that for the present the troop movements northward are precautionary and that no Japanese attack on Russia is likely unless the Germans win a decisive victory. Belief here is that Japan will strike toward Manchukuo first, and then strike soon.

TOKYO—Japan has assured Germany and Italy that its alliance with them remains the basis of its foreign policy and that it will continue to uphold the spirit and aim. It was disclosed today.

Give Assurance

Admiral Tajiro, foreign minister, gave the assurance Saturday, only one day after the new cabinet took office. Gen. Eugen Ott and Mario Indelli, the German and Italian ambassadors, Koh Ichi, chief government spokesman, said Indelli added that Toyoda had not yet even seen Constantin Brancusi, ambassador of the Soviet Union with which Japan has friendship and neutrality pact only a few months old.

The newspapers prominently displayed allegations that China had concluded a secret agreement with Great Britain and Free France under which China would attack French Indo-China.

## SPECIAL GLIDER MAY HELP ARMY

MINNEAPOLIS, Minn. (AP)—Phillip Bitles, youthful aeronautical engineer, has designed a new type of glider that he claims is valuable to the army for transporting troops.

Bitles, an airline engineer, is building the craft in the University of Minnesota's aeronautical engineering laboratory with the aid of university technicians.

Bitles has developed a special wing and an alleron construction which gives a glider nearly perfect control at low speeds without sacrificing maneuverability at higher speeds.

"This construction involves installation of a washout or twist in the tip of the wing," Bitles said.

Stalling is Minimized

"By changing the position of the alleron on this wing, the pilot simultaneously changes the wing's air foil to prevent stalling at low speeds. Stalling decreases a ship's maneuverability."

Bitles said he did not have glider transportation of troops in mind when he designed the ship, but he believes gliders may be useful adjuncts to the nation's fighting forces.

"Glider are far less expensive than power planes and can be landed in a small space," he said.

Power Having Hissed

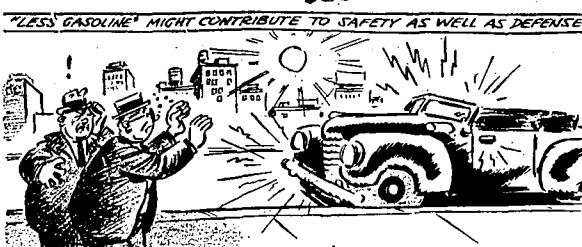

"Furthermore, more men can be transported by low and glider than by transport. It requires only three and a half horsepower to tow a single-place glider in level flight."

The framework of Bitles' glider is of welded metal tubing. When completed it will weigh 325 pounds and will be able to carry two men whose combined weight does not exceed 340 pounds.

With a wing spread of 47 feet and a length of 24 feet, the ship will be capable of a normal ground towed flight of between 600 and 1,000 feet.

"If the glider turns out to be successful, I plan to construct a still larger one," Bitles declared.

## Good in Everything

## UNIT FEEDS MEN WITHOUT "HITCH"

ATLANTA, Ga. (AP)—Fourth corps area quartermasters claim the principal "hitch" in the 2d army maneuvers staged last month in middle Tennessee.

"For 37 days we fed over 65,000 troops without a hitch in provisions," said Brig.-Gen. James I. Frink, in charge of supply. "That was a real victory."

The amount of food served the soldiers in the field ran to almost astronomical figures. Meat alone totaled 2,235,000 pounds. This included 826,000 pounds of boneless beef, equal to about 2,000,000 servings, which were shipped into middle Tennessee during the maneuvers with no single incident of spoilage or unsatisfactory delivery, according to records of the quartermaster corps.

Proud of Boneless Meat

Boneless beef, incidentally, is a development of the quartermaster corps and packers. The beef, packed and frozen at plants throughout the country, enabled mess sergeants to serve, in the field without waste, roasts, steaks, soups, boiled cuts and hamburger.

As a result of the new meat packing method, some 75 per cent of a dressed beef carcass is utilized as meat, because all bones are taken from the cuts before they are packed, a saving of 60 per cent in storage space is effected. Fast freezing at temperatures of 30 to 40 degrees below zero obviate possibility of spoilage.

Other supplies ran into huge figures. A quarter of a million pounds of butter, 4,000,000 servings; 100,000 quarts of condensed milk for coffee and other uses were moved up in field kitchens with the troops. Hundreds of thousands of pounds of flour and cereals were served, in addition to 1,700,000 loaves of bread. There was enough coffee brewed to serve 7,400,000 cups. A ton of pepper and 25 tons of salt seasoned the meals for the 65,000 men.

Food and Ice Equal

The quartermasters provided 4½ pounds of food for each man daily and to keep it in safe condition an equal amount of ice was issued to mess sergeants.

Here's a typical day's menu for the soldiers in the maneuver area:

Breakfast: Apples, fried bacon and three eggs, fried potatoes, toast and butter, coffee with milk and sugar.

Dinner: Beef stew and steamed rice, mixed vegetables, bread and butter, jam, coffee with milk and sugar.

Supper: Veal loaf, spaghetti, ice tomatoes, bread and butter, applesauce and lemonade.

But the quartermasters considered the maneuvers of the 2d army only a dress rehearsal for the war games to come. In August they must feed 325,000 men in the war games in Louisiana and a similar number in the Carolinas this fall.

## U. S. OFFERS TO BUY SOVIET ORE

WASHINGTON, July 22 (AP)—Federal Loan Administrator Jesse Jones announced today the United States has offered to buy substantial quantities of strategic materials from Soviet Russia.

Jones said he had discussed the possibility of such purchases with Russian Ambassador Constantin Uramskiy. But he added possibility of any such transactions in the near future was remote because of shipping difficulties.

Jones said the United States was particularly interested in purchasing manganese and chrome ore from Russia, and in return the Russians could use cash exchange derived in this manner for purchase of war materials in the United States.

## DEMOCRAT PICNIC PLANS ARRANGED

The "dinner bell" will ring at the Twin Falls county Young Democrat club picnic at Buhl next Sunday promptly at 2 p.m. It was announced this afternoon by Mrs. Edward Hall, dinner chairman.

The picnic will get underway at 1:30 p.m. with a brief business program. Speakers will include Gov. Chase A. Clark. Guests from various other counties will attend.

Mrs. Hall today asked each person attending to bring a covered dish or sandwiches. Members of the dinner committee assisting Mrs. Hall are Mrs. Hascott, Mrs. Katherline, Pope and Mrs. Nellie Creed, all of Twin Falls.

During the afternoon at Buhl games and a swim in the new municipal pool there will feature.

## HOUSE APPROVES BILL FOR ROADS

WASHINGTON, July 22 (AP)—The House late yesterday by voice vote passed a bill authorizing \$951,000,000 for defense highway construction and the building of adjacent airport landing strips.

The measure authorizes \$150,000,000 for construction of access roads leading to military and naval establishments, and industrial sites.

Also provided is a \$100,000,000 fund for correction of deficiencies in the army's strategic highway network. Montana, \$2,018,907; Utah, \$1,123,714.

## RADIO GIVES Foe SPYING CHANCES

PHILADELPHIA (AP)—Two of Philadelphia's most active licensed amateurs have presented statistics to show that a foreign power could be able to intercept the 24-hour wire-ups throughout the United States for as little as \$40 each.

Their conclusions are based on the condition that sufficient fifth columnists could be mobilized to operate the sets and that they would be able to intercept the 24-hour wire-ups which the federal communications commission's monitors or "listening posts" now exercise over the air waves.

Station Easy to Set Up

Ernest Black and Francis Rice collaborated on a set of figures to refute a popular impression that a short-wave station which the federal bureau of investigation seized in a roundup of spy suspects was an elaborate and expensive array of instruments, according to these two persons, anyone with a rudimentary knowledge of radio could set up a station capable of two-way communication with Berlin, Tokyo or Rome with the equipment purchasable at black and miss rice pointed out that, even with the F.C.C.'s new fleet of "mobile interceptors"—22 trucks and auto equipped to "run down" bootleg stations—it takes some time to trace an unlicensed sender. A foreign government determined to maintain secret communications with an agent in the United States could afford to lose any number of 40 stations.

Little Power Needed

According to Black, a medium power of as low as 50 watts would suffice for the trans-oceanic sending and receiving sets. He says that amateurs have sent round the world with as little as 10 watts.

Countering the danger of transmitter setups operated by spies are nearly 60,000 American licensed amateurs who, with the commercial short-wave and police stations, cooperate with the F.C.C. in detecting suspicious messages from unauthorized senders.

A "bootleg" transmitter recently was seized in Peoria, Ill., sending code messages supposedly direct to Berlin. He proved to be an "over-brilliant" college student who wanted to see how much a foreign agent could get away with. He was charged with violating the communications act.

## Utah's Aluminum Drive Progresses

SALT LAKE CITY, July 22 (AP)—State Director Tom McCoy said today that preliminary reports from through the state showed "satisfactory progress" in Utah's campaign to force scrap aluminum.

The drive started here—and throughout the nation—yesterday and will conclude July 29. The metal collected at various city depots will be collected by state road commission trucks and brought here to be turned over to national authorities.

## HOUSE APPROVES BILL FOR ROADS

WASHINGTON, July 22 (AP)—The House late yesterday by voice vote passed a bill authorizing \$951,000,000 for defense highway construction and the building of adjacent airport landing strips.

The measure authorizes \$150,000,000 for construction of access roads leading to military and naval establishments, and industrial sites.

Also provided is a \$100,000,000 fund for correction of deficiencies in the army's strategic highway network. Montana, \$2,018,907; Utah, \$1,123,714.

## DRUNK

GRAND PRAIRIE, Tex., July 22 (AP)—Police Chief Verry Nash today pressed buckets of ice water upon the only prisoner in the local jail, a scrawny billy goat slowly sobering from a hard drunk.

Nash's prisoners usually don't get unlimited supplies of ice water, but the goat was a special case.

Nash said he couldn't release him until he was completely sober, and the goat had to be let out quickly, or Nash might be forced to quit his own jail. Besides being extremely lean, dirty and long-whiskered, the prisoner also was malodorous.

The goat was arrested with his owners, A. G. Hurley and Eugene Chapman, laborers. Chapman and Hurley had been staying for Grand Prairie's saloons and night clubs with their pet. Every time the men took a drink, the goat took one.

The men recovered more quickly than the goat, paid fines for drunkards and disorderly conduct and were released.

## RAF BOMBS NEW GERMAN CENTERS

LONDON, July 22 (AP)—Royal air force bombers and fighters sped across the English channel to new attacks on German bases in France after a night of extensive raid on targets ranging from Denmark to northern France.

Early this morning explosions were heard from the direction of Boulogne and points deeper inland in France. German antiaircraft batteries threw up a heavy barrage against the British attackers.

The air ministry said last night's attacks were among the most extensive yet made by the RAF.

Commander planes with blasted areas throughout western Germany. Industrial targets and communications in both areas were attacked by big fleets of planes.

The British raids were officially described as large scale. In view of the constantly developing British aerial offensive, this was taken to mean that hundreds of planes took part.

Constant command aircraft bombed a German military camp and other objectives on the west coast of Denmark, and bomber command planes

raided docks at Ostend, Belgium, and Cherbourg, France, while fighter command planes on night offensive patrol attacked airdromes in northern France.

GOODING

M. A. Williams left Thursday with Mr. and Mrs. A. W. Tingwall, Jerome, for 15-day golfing tour. Williams will be the fall buying for Tingwall stores. They will be joined by Herb Ormond, now of Logan, formerly of Gooding, for the trip east.

Twentieth Century club met Thursday at the home of Mrs. Everett Daubner, wife of Mrs. T. B. Daubner, vice-president, in charge of business. Members discussed the U. S. O. drive and tabled the matter until the next regular meeting.

Women of Gooding country club played 12 holes of golf Friday after having breakfast at the club fireplace. Mrs. Ralph Fletcher won the golf ball for low score.

5¢ KoolAid

BETTER FLAVOR TO BEGIN WITH

Two to one you'll say Tree Tea, Orange Pekoe, makes the finest iced tea you ever tasted! For Tree Tea, the only popular brand enriched with the precious flavor of Darjeeling, was in 1936 tested by food tests of 243 to 1500.

MORE FLAVOR TO END WITH

Tree Tea's flavor is better all the way because of its blend containing Darjeeling, the world's rarest tea. Darjeeling holds its flavor, so every last sip of Tree Tea, iced, is as good as never weak or watery. Get Tree Tea, Orange Pekoe, today—serve it iced tonight!

Advertisement for Tree Tea, featuring a large image of a glass of iced tea with a straw and a lemon slice. Text includes 'BETTER FLAVOR TO BEGIN WITH', 'MORE FLAVOR TO END WITH', and 'TREE TEA Feed!'.

# NAZIS CLAIM UNIFIED RED FRONT DOES NOT EXIST

## GERMANS SMASH TOWARD CAPITAL OF SOVIET RUSSIA

By JOSEPH W. GRIGG JR.  
 BERNALI, July 22 (AP)—The Nazi high command asserted today Russia no longer can maintain a connected defensive front or a unified central command as the German Luftwaffe smashed at Moscow, north center of the vast Soviet nation.

The communique of the German high command, issued from Adolf Hitler's headquarters on the eastern front, asserted the Wehrmacht had smashed the Soviet defense lines into a series of broken and disconnected groups.

A unified Soviet high command, said the German communique, no longer exists.

The high command asserted operations "for the annihilation" of individual enemy groups are being steadily pressed by German armed forces.

The high command said Moscow had been attacked last night for the first time by the German Luftwaffe.

It described the attack as a "reprisal" for Soviet air raids on Bucharest and Helsinki.

The German high command customarily describes its large air attacks on cities as "reprisals" for various enemy air attacks. It usually also describes severe attacks on British cities as being proclaimed by the Nazi propagandists to be "reprisals" for various actions by the British.

In addition to raiding Moscow, informants said, German planes disrupted several railroads west of Moscow and had heavily attacked barracks and troop concentrations south of Leningrad, in the path of the German drives at the northern part of the battle front.

The official news agency asserted the German coast batteries on the Latvian coast had "fired on a light Soviet naval unit and sank one Soviet warship" and that a German submarine had sunk a Russian submarine in the Baltic.

## CONCERT SHIFTED TO FRIDAY NIGHT

Twin Falls municipal band concert this week will be postponed until Friday because many members of the organization will be playing musical engagements elsewhere for Thursday's Pioneer day observances.

Dr. Orrin A. Fuller, director, announced this afternoon that the concert, which normally is held each Thursday Place and hour—city park at 8:15 p. m.—will be the same as this week's presentation on Friday.

Dr. Fuller announced that the Friday program will be dedicated to the foster folks in the community and will contain many tunes familiar to 25 to 30 years ago. "Jud Pettigrove, troubadour, will be soloist for the evening.

The program will be:  
 March, "Light's out," McCoy; overture, "Foot and Present," Suppe; waltz, "Old Times," Lake; polka, "Blue and the Gray," Dalbey; intermission.  
 March, "Boston Commandery," Carter; trombone solos played by Jud Pettigrove—s. "On the Road to Mandalay," b. "In the Garden of Tomorrow," selection, "Pleasant Recollections," Lake; march, "Bempeh Fiddlers," Sousa; Star Spangled Banner.  
 Encore numbers will include "Yankee Doodle" and "Missouri Waltz."

## Flames Destroy Barn and Stack

BURLEY, July 22 (Special)—Fire at the Golden Durfee ranch five miles west of this city Sunday evening destroyed the Durfee barn and hay stack.

According to reports here, a passing locomotive may have left sparks which were responsible for the blaze.

## Salesmen Convene

Plymouth salesmen of this area are attending a series of evening meetings at the Rogerston hotel, with the final session scheduled for Thursday.

The series follows the conference previously arranged by Chrysler corporation for dealers and sales managers.

R. O. Bucian, district manager, is in charge.

## Canvas-Clothed Car Crosses Creek

In line of bridgework, the mahouts of a motorized division float vehicles wrapped in canvas across a stream near Fort Benning, Ga. This 500-pound car was pushed onto canvas spread on the water, tucked in snugly for a dry jump to the other side.

## GOODING COUNTY PLANS FOR FAIR

GOODING, July 22 (Special)—Gooding county fair board, heads of civic organizations and other interested persons met last week in Gooding to make definite plans for Gooding county's annual fair, Thursday to Saturday, Aug. 21, 22 and 23, are scheduled dates for the event.

Alex Watson presided. E. J. Palmer, county agent, was named fair secretary and Merrill Dennis was selected as treasurer.

The fair will be carried out along the same line as last year with everything free except the concessions. Last year's rodeo will be surpassed in performance, according to the committee, with several events already planned. The usual pulling contests, which last year attracted much attention, are slated.

A premium list will be published, with program complete, to be distributed to farmers Aug. 1.

Gooding Junior Chamber of Commerce will handle the parade and superintendents were named for each department of the exhibit.

Those in charge will be: Horace W. O. Henry, Gooding, and Arthur Burdett, Blaine; Harry Curtis, Clarence Young, Wendell, beef cattle; Van Prather, Gooding; swine, Bud Wells, Gooding; sheep, Bill Burkhardt, Blaine; poultry, Fred Hagaman; farm crops, Herb Billbaugh, Appleton; and Melvin Beck, Gooding.

Grange exhibits, Ray Smith, Wendell, and William Bryan, Gooding; women's department, Mrs. John Korner, Gooding; vocational exhibits, Earl Hansen, Gooding, Smith; Hughes instructor; flowers, Gooding; Borussia club.

## 4-H Clubs Gather At Annual Picnic

DEULO, July 22 (Special)—Mr. and Mrs. Roy Banner, Mr. and Mrs. Gilbert Kidd, Mr. and Mrs. Henry Norton, Mrs. Robert F. Fisher, Mrs. Veda Morgan, Mrs. Clyde Molyneux and Willard Morgan accompanied 4-H clubs of Deulo to Howell canyon Friday for the annual 4-H club picnic.

There were about 800 club boys and girls, their leaders, and parents and county 4-H club agents present. A program followed the lunch hour. Ice cream was furnished by the Cassia county bankers and prizes for races and stunts were donated by Bunley Chamber of Commerce and Burley merchants.

Cassia county fair manager Saul Clark was a visitor present, and gave a talk on the coming county fair.

## Legion, Auxiliary Present at Picnic

BUIHL, July 22 (Special)—The American Legion and auxiliary with the Legionnaires held their picnic at the Chris Hesselholt ranch near Castleford Sunday. About 80 were in attendance and enjoyed a sumptuous pot-luck dinner under the trees.

The Junior auxiliary held a short meeting during the afternoon and planned to hold a rummage sale early in August.

## Former Senator Called by Death

LOS ANGELES, July 22 (AP)—Charles W. Dempster, 62, lawyer and former member of the California, Montana and Idaho state legislatures, died of a heart attack last night.

Dempster was elected to the Montana legislature when he was 21 and served four terms. He moved to Idaho and served one term in the state senate. In 1910 he was elected to the California legislature and stayed two terms.

## RUPERT

Rev. Eugene Stump, pastor of the Christian church, left Monday for Baptist assembly grounds at Esley for two weeks.

Mr. and Mrs. A. P. Beymer, Mrs. Meredith, wife of the late B. P. Meredith, former pastor of the Methodist church, was on route for a visit in Boston.

Mr. and Mrs. Roy Poindexter and daughter, Susie Poindexter, guests of William N. Poindexter, left Monday for their home in Missouri.

Mrs. Edwin Fletcher and daughter, Carolyn Fletcher, arrived Saturday from Bellflower, Calif., and are guests of Mrs. Fletcher's parents, Mr. and Mrs. M. Christen.

Mrs. Robert Snapp, assisted by her mother, Mrs. Ida Carlson, entertained Saturday for her son, Jay, on his third birthday anniversary.

Starr Titus Whitely arrived Saturday from Rockford, Ill., to spend two weeks' vacation with his parents, Mr. and Mrs. R. A. Whitely. Keith Whaley arrived from Sun Valley for the week-end at home.

## WHEAT FORECAST SHOWS INCREASE

WASHINGTON, July 22 (AP)—The agriculture department yesterday outlined spring wheat production in the four principal producing states at 255,850,000 bushels.

The estimate, based on July 15 conditions, indicated a sharp improvement in prospects in Minnesota, North Dakota, South Dakota and Montana. The July 1 estimate was 206,747,000 bushels.

"Continuation through the first half of July of unusually favorable moisture and temperature conditions have resulted in the addition of 22,000,000 bushels to the July 1 estimate," the department said.

Last year these four states had a crop of 187,386,000 bushels and the average for 1938-39 was 127,469,000 bushels.

The department estimated spring wheat production in North Dakota at 124,554,000 bushels, compared with an estimated 119,101,000 bushels on July 1 and 1940 production of 97,624,000 bushels; South Dakota, 36,799,000 bushels, compared with 31,624,000 bushels on July 1 and 1940 production of 25,121,000 bushels; Montana, 65,800,000 bushels, compared with 61,010,000 bushels on July 1 and 59,070,000 bushels in 1940; Minnesota, 48,696,000 bushels, compared with 23,710,000 bushels on July 1 and 1940 production of 28,001,000 bushels.

The four states produce approximately 95 per cent of all spring wheat in the United States. The agriculture department July 1 estimate placed all spring wheat production at 241,292,000 bushels. July 16 estimates for the four states indicated a total spring wheat crop for the nation of approximately 295,000,000 bushels.

Of more than 800,000 known insects, only a few hundred are enemies of man.

## From Farm to Farm with the Times Traveler

Winter Barley  
 A field of winter barley, a new crop in the west end, has been harvested by F. T. Quire's ranch south-west of Buhl. Mr. Quire sowed the winter barley the first of September last year and it was harvested on the 21st of June with an average yield of 83 bushels per acre.

Mr. Quire is very optimistic and well satisfied with the experiment. Because of the early ripening it makes an excellent cover crop for new seeding, such as alfalfa and clover, and the early harvesting of this winter crop gives assurance of a good stand of hay the following year.

As a further experiment this year Mr. Quire prepared the ground and planted oats in advance not only for hay late in the fall but securing two crops in one season.

In addition to the hay and grain crops raised by Mr. Quire, he also has an excellent berry patch.

Chickens  
 The early bird gets the worm, and lays eggs—Ken Hyde, Northview farmer, bought several hundred New Hampshire Red chicks, which were hatched in February. On July 16 these early pullets laid 46 average sized eggs. This is a record for the increased demand for early fryers Mr. Hyde sold several pullets for a nice profit.

Guests  
 Guests at the Adolph Macheack home were Emil Koncek, cousin of Mr. Macheack and Ralph Stevens, Omaha. Both are officials of the Federal Land bank of Omaha. They were especially impressed with the high yields on the farms of the Twin Falls tract. Mr. Koncek visited here several years ago with Mrs. Macheack and other relatives. He said the country had improved tremendously with the rapid growth of trees and other farm improvements, and the growth of the city of Twin Falls he described as "magic."

Mr. and Mrs. Macheack and their guests spent Thursday in Sun Valley, which according to the men was not so impressive as the "magic valley."

Vacation  
 "A broken leg is a bad injury especially in the busiest season of the farmer's year," said Clyde Smith, resident of the Fairview district, but there is always a little hood in everything that's had and the good in the broken right leg effected a lengthy vacation, something different in a farmer's life in the spring.

Mr. Smith and his family have had several short vacation trips to different sections in the west, and have visited many well known and much advertised scenic attractions of our own state.

Shingles  
 Harry Webber, Buhl distributor for the Fletcher Oil company, has recently had asbestos shingling put on his new modern two story home one mile north of Buhl. When the work was completed it was protected with one coat of paint until the shingles were added. Mr. and

## FLIER CONTINUES ADVANCED STUDY

DEULO, July 22 (Special)—Ray Jacobs, 24, Deulo, is one of the class of 150 young men who have completed 20 weeks of army air corps flight training and was to report July 15 to another field for the final 10 weeks period of schooling.

Jacobs reported at Moffett field April 22, following completion of the 10 weeks training course at Allan-Handcock college of aeronautics, Santa Maria, Calif., one of the air corps civilian elementary flying schools. Having completed 10 weeks' basic flying work at Moffett field, he will be sent to the school for advanced training at Mather field, Calif.

Young Jacobs is a son of Mr. and Mrs. R. H. Jacobs, Deulo. He attended Deulo high school and the University of Idaho, Moscow, where he received his bachelor of science degree in chemical engineering.

Prior to his acceptance as a flying cadet last February, he had 41 hours of flight training under the OAA program.

On completion of advanced course, he will receive his commission as a second lieutenant in the air corps reserve and his wings as a full fledged air corps pilot. He will then be assigned to an air corps tactical unit for instruction and training, or he will attend the instructor's school and become a flying instructor.

China, Denmark, Mexico, Naples, Norway, Paris, Peru, Poland and Sweden are all towns in the state of Maine.

# BROOKLYN BEGINS CRUCIAL WESTERN SWING

## Dodgers' Lead Cut To Single Game Over "Hot" Cards

NEW YORK, July 22 (UP)—The Brooklyn Dodgers, staggering under four defeats in their last five starts, begin their third, and what may prove to be their most important, western swing of the season in Cincinnati today.

Opening with two games against the Reds, the Dodgers then go to Pittsburgh for three contests, stop off at St. Louis for two and wind up in Chicago for three—all while the runner-up Cardinals are at Sportsman's park for a long home stand.

What lends special significance to this western junket is the Dodgers' current losing spell which has cut their first-place margin over St. Louis to a single game. It may be prolonged, too, as serious pitching trouble both Whitlow Wyatt and Kirby Higbe, the club's ranked pitchers, are both ailing.

## 'Two Beers' Would Cause Lot Of Trouble At Fight Tonight

NEW YORK, July 22 (UP)—It would be too bad if one of the customers at the Flattiff fiesta at Ebbets field this evening gulped "two beers" as the wrong time, for "Belting Bantler" is just the type of guy who would get belting and really "coming up air."

There was a time when lots of people thought the belting bantler was one guy who could get into a tussle with Joe Louis, particularly after he had made his first appearance in the town. That was the case when a pleasant young man named Leo Savold who can move around the well and punch hard.

## Linemen Gain In All-Star Football Vote

CHICAGO, July 22 (UP)—Nick McWhorter, Rockhurst guard, moved into the "first eleven" today in the poll to select a college all-star team to meet the professional champion Coast Stars in a game in Chicago.

## Greenberg to Get Salary Promotion

BATTLE CREEK, Mich., July 22 (UP)—Henry Greenberg, who was drafted from a \$60,000-a-year baseball job to a \$21-a-month army base assignment, has a raise in pay coming.

## IS PITCHING A LOST ART?

## Feller's Success Proves Lively Ball No Pitching Handicap

By HARRY GRAYSON, NEA Service Sports Editor. They tell you the burden is on the pitcher today what with a new and shiny steel ball being tossed out at the slightest excuse.

## Negro Wallops Sammy Angott, NBA Champion

PHILADELPHIA, July 22 (UP)—Ray Sauer's Robinson, Hartford boxing hero, figured today as the best game's sweetest lightweight challenger after hammering out a unanimous 10-round decision over Sammy Angott, the N. B. A. 135-pound champion.

## Utah Boxer Wins Over Ray Price

SAN FRANCISCO, July 22 (UP)—Verly Bybee, Ogden, Utah, featherweight, evaded the score with Ray Price, Los Angeles, last night by winning an easy 10-round decision in the main event at the San Francisco coliseum.

## Practices Slated For Legion Team

Practices slated for June American Legion baseball team have been scheduled for each Wednesday night at 8:30 p. m. at the "old ball park," according to Carl E. Ritchey, chairman of the Legion committee in charge.

## Russets Bunch Hits to Beat Twin Falls 3-1

Jack Main, Idaho Falls pitcher, held the Twin Falls Cowboys to four scored hits last night, while the Russets bunched their blows on Con Raasmussen in the last few frames to punch out a 3-1 victory in the first of a three game series at Joyce park.

The two teams met again tonight at 8:30 p. m. with Paul Tiscovich and Jack Bradley slated for mound duty.

Raasmussen held the Russets well in three last night, allowing only two hits in the first five innings and nine in the whole game. Three hits bunched in the ninth cano produced the winning runs.

## Bees, Boise Stage Fight for Second

There's really a close race on for second place in the Pioneer league. The Salt Lake Bees are in that second spot now—but they're only a half-game ahead of the Boise Pilots.

The Bees' main got credit for the Idaho Falls win by holding the Cowboys to four hits. His partners got to the plate awfully close to top of the loop.

## Harmon Signed to Broadcast Games

DETROIT, July 22 (UP)—Since Tom Harmon can't carry the ball on the gridiron for Michigan next fall, he signed a contract today to do the best thing—broadcast play-by-play descriptions of Michigan games for thousands of his fans.

## Former Cowboys To Aid Seattle

The Seattle Rainiers recently announced that Frank "Bully" Tobin, former manager of the Twin Falls Cowboys, had been added to the coaching staff of the Coast League club until October. Bob Collins cooperates from an executive standpoint.

## Ed Lacy to Coach San Mateo School

BUHL, July 22 (Special)—Edgar Lacy, son of Mr. and Mrs. L. G. Lacy of Buhl, has accepted an appointment as athletic director and coach at San Mateo, Calif. high school.

## HOTTEST DAY OF YEAR PREDICTED

With the official thermometer at the bureau of entomology showing a reading of 103 degrees at 1 p. m. today, indications were that residents were "in for" the hottest day of the year before nightfall comes.

The temperature rose to 103 degrees at 1 p. m. today, officials expressed the opinion that a new record will be set. Highest temperature reached yesterday was 97. Minimum this morning was 84, one degree less than yesterday.

## Copper Magnate Leaves Estate To 4 Showgirls

NEW YORK, July 22 (U.P.)—The late William Guggenheim, retired industrialist and amateur poet, cut off his wife and son without a cent in his will, it was disclosed today, and left an estate valued unofficially at "millions of \$1,000,000" to four former showgirls.

Guggenheim, who died last June 27 at 72, explained in his will he "made no provision here for my wife, Alice B. Guggenheim, or my son, William Guggenheim, Jr., because of the fact I have myself provided for them during my lifetime."

## KIMBERLY OPENS SCHOOLS EARLY

KIMBERLY, July 22 (Special)—Volting to go "all out" in cooperation during the present school year, the Kimberly school board decided last night to reopen the school Monday, Aug. 25, so that students could enjoy a longer vacation of two weeks in the fall.

The action was decided on in anticipation of a farm labor shortage as a result of departure of many workers for defense jobs on the Pacific coast.

## PRUNE GROWERS BALLOT ON PLAN

BOISE, Idaho, July 22 (U.P.)—Surplus market administration today set July 24-31 as the period for a referendum on a marketing agreement for southern Idaho prune growers.

The referendum, which would give the growers a new marketing plan, was announced by the U.S. Department of Agriculture.

## PRUNE GROWERS BALLOT ON PLAN

BOISE, Idaho, July 22 (U.P.)—Surplus market administration today set July 24-31 as the period for a referendum on a marketing agreement for southern Idaho prune growers.

The referendum, which would give the growers a new marketing plan, was announced by the U.S. Department of Agriculture.

## NAMES in the NEWS

Prizeflighter Billy observed the passing of his first week as a Hollywood actor with the remark "The constitution and the journal, the two daily papers in Atlanta, Ga., were threatened with a black-out of state government news by Eugene Falmagne unless they correct their attitude toward the government."

Murray D. Van Wagoner of Michigan and leaders of the United Automobile Workers (UAW) are in the city today to discuss the modification of a proposed 50 percent reduction in automobile production, which they said if carried out would cause mass unemployment.

## REDS IN ORIENT TO HELP CHINA

CHUNGKING 22 (U.P.)—Germany's invasion of Russia not only defied the international situation by placing China's closest friends on an active and certain path to aid to save China's internal political stress and strain.

Both the Kuomintang and Communist party leaders agreed that the new alignment should facilitate the elimination of point of friction and encourage the more whole-hearted cooperation.

## FATAL TO WOMAN

WASHINGTON, July 22 (U.P.)—Sen. Robert A. Taft, R. O., today proposed a compromise plan which would, in effect, permit soldiers to leave their wives at the end of 10 months. It would call for 1,272,000 officers and men—all with at least one year of training—to be in service at all times.

## TRAFT PROPOSES DRAFT PROGRAM

WASHINGTON, July 22 (U.P.)—Sen. Robert A. Taft, R. O., today proposed a compromise plan which would, in effect, permit soldiers to leave their wives at the end of 10 months. It would call for 1,272,000 officers and men—all with at least one year of training—to be in service at all times.

## Firemen Control Lewiston Blaze

LEWISTON, Idaho, July 22 (U.P.)—A crew of volunteer fire fighters today brought under control a fire which destroyed several thousand acres of grain and wheat land.

The blaze started late yesterday, just as the city limits and covered 2,500 acres in a few hours. Fanned by a high wind, the fire swept across fields, threatening several farms in its mile-wide path.

The U. S. bureau of the census reports there were 63,728 service stations in the United States during 1939. This figure includes retail stations whose principal sales are gasoline and oil.

Utah Prepares to Fete Pioneer Day SALT LAKE CITY, July 22 (AP)—Utah's major cities today intensified the pace of their civic celebrations that will reach a climax Thursday—Pioneer day, the 94th anniversary of the arrival of the Mormon pioneers in Salt Lake Valley.

In Salt Lake City, Norma Andrus 52 St. George was crowned queen of the Covered Wagon days celebration at a state capital celebration that preceded a street dance in which more than 12,000 persons participated.

English fry grows much slower than American fry.

THIS CURIOUS WORLD

THE SPARTANS ARE BEING THE CITY OF BILMA AND PLATEA BURNED UNDER THE SUN AND SULPHUR SEND IN YOUR COINS. WE QUOTE 'EM

A WORD TO THE WIFE IS SELDOM IF EVER HEARD BY THE MAN. KATHERINE STUART GUTHRIE, DURHAM, NORTH CAROLINA.

SOIL CRUSADE TO BETTER QUALITY

COLUMBUS, O. (AP)—Conservation experts and landowners have mobilized to crusade against soil depletion, a condition which is "challenging life from the national backbone, lowers the best and vigor of the national bloodstream and leads to a national disaster." To combat the possibility of an undermanned society, the "Friends of the Land" will hold a summer conference of the group, which is based at Columbus, July 18-20. Dr. Paul B. Sears, professor of botany at Oberlin college and national conservation chairman, said: "We intend to organize and to bring cultural, scientific and professional association to support, increase and to a greater degree, unity all efforts for the conservation of soil, rain and all the living products, especially man."

# OPENINGS AWAIT AVIATION CADETS

The army is still looking for young men interested in aviation cadet appointments. The corps believes they are eligible should contact the local recruiting office, Sgt. Frank Morris said here this afternoon.

The air cadet examination board will be in Twin Falls all day on Saturday, Aug. 16 for the purpose of interviewing and giving physical examinations to interested Magic Valley young men, he said.

Needs Pilots. "The army needs pilots," Sgt. Morris said. "Before they're pilots they're just good men. The corps is going all-out in its expansion program, everyone knows that. It's getting a lot of planes, but planes are no good unless there are pilots to fly them."

"I've no doubt that there are a lot of eligible young men who don't realize what opportunities there are for aviation cadets, or perhaps they do not know whether they are eligible."

"How else can a young man learn to become an expert airplane pilot, with a highly paid job awaiting him, and get paid while he's doing it? Only aviation cadets get a break like that."

Simple Requirements. The requirements are simple, Sgt. Morris said. Applicants must be over 21 and not over 28, unmarried, in good physical condition and with at least a high school education and capable of proving proficiency in certain subjects. If they have had two years of college, so much the better, Sgt. Morris declared.

"If any young men are in doubt about their qualifications, they can come to see me or drop me a postcard. I'll be glad to tell them where they can become aviation cadets or not," he said.

Sgt. Morris maintains headquarters at the city hall in Twin Falls.

# Vast Siberia—Soviet Sanctuary?

Josef Stalin is reported ready to withdraw his armies into Siberia to continue the fight if Germany overruns European Russia. Top map shows size of this vast land compared with the United States. Lower map shows distribution of new industries.

# Power Chief Sees Income Boost Needed to Balance Wartime Economy Effect

SUN VALLEY, July 22 (Special)—Lower standards of living in the United States and a continuing increase in federal spending can only be avoided by increasing the national income to counteract effects of a wartime economy.

That was the statement made here last night by C. J. Strike, Boise, president of the Idaho Power company who spoke at the regular session of the Idaho Electric Association.

Delegates from over this entire section of Idaho attended the meeting which featured, among other things, a barbecue and an entertainment. The session was held at Trout creek cabin.

Recurring Cycles. Citing an analysis of business from 1874 to 1940, Strike declared that during that period there have been consistently recurring periods of prosperity and adversity, each cycle bringing a higher level of prosperity until the period following 1929.

"An analysis of national income from 1929 to 1940 shows that we reached a peak of \$67,700,000,000 in 1929, or about \$1,000 per capita. Our national income was approximately \$70,000,000,000 or \$530 per capita. It is alarming that we have

# COUNCILMEN ACT FOR JOINT RADIO

City councilmen today had adopted an agreement which would permit cooperation by the city and county in the matter of maintaining a police radio setup.

The agreement, approved as to form by both the city and county attorneys, was presented to members of the county commission this morning for their study and approval. If the commissioners approve the agreement as adopted by the councilmen, the way will be cleared for operation of a 100-watt two-way police communication system which would link city and county police systems.

Under terms of the agreement cost would be shared jointly for the equipment used with exception of receiving and sending sets in the auto of both departments which would be borne separately.

A special wire, under the new setup, would connect the sheriff's office and the police station, making instant broadcasts from either point possible.

The agreement which councilmen adopted was presented by C. H. Coleman, police commissioner.

At last night's council session, approval was given for a plan to hire three men to guard the city reservoir as a part of the national defense setup. Each man would patrol the area over an eight-hour shift and lights would be erected around the structure, located south of the city.

The matter was presented by Councilman Truman Greenhalgh.

# Deferment Sought For Farm Youths

HELENA, Mont., July 22 (UP)—The senate is expected to pass a bill today which would allow farm youths to defer military service until after the war.

Broken dolls are not thrown away in Japan. They are buried in school playgrounds every June.

# Girl Sustains Crushed Hand In Car Crash

Miss LaRaye Young, 15, Murlough, was in the county general hospital today undergoing treatment for a crushed left hand as a result of an automobile accident at the south approach of the rim-to-rim bridge early this morning.

Several students at this afternoon described her condition as poor. Her injuries were believed confined to the hand.

Miss Young was a passenger in a car operated by Dean Earl, 21, Murlough, which was traveling north at 20 mph on the bridge.

An unidentified hitch-hiker was also in the Earl machine. He escaped injury. The Earl car was badly damaged, according to Deputy Sheriff Ed Hall and Virgil Borden who investigated. The car was towed by City Patrolman Oris Cryder.

(Editor's note: Controversial points that individual cases may be printed with Public Forum letters have been because it generally reflects opinion of a majority.)

# TWIN FALLS REBUKED FOR IGNORING SOLDIERS

Chain of Commerce. Chamber of Commerce, Twin Falls, Idaho. Dear Sirs:

During the time of induction of Company "E", 118 Engineers, from Twin Falls, we were told that city think very poor patriotism has been shown toward us.

Men returning home on furlough (they have never been given any form of entertainment from that city, to show their appreciation for men of Commerce.

After all, we were among the first men put into federal service under the new preparatory laws passed by congress. We entered the service for 31 day, while men "left at home" receive all the breaks. It is a catch we don't get any breaks up here.

Members of Company "E", especially look notice to the men who returned home on furlough. Not a single word was mentioned in any way of their home coming. Why don't the citizens of Twin Falls wake up and TRY to show their appreciation? This is just a suggestion and not a very large one—they could try and turn out as they do on "Farmers day" or "Potato day."

To and from our march into the barracks on maneuvers, each and every town we stopped in, gave us every means of entertainment we could ask for—free, free, dances and the towns were ours. Twin Falls people have a bad opinion of "us," but it is because we have to do things for ourselves when we return home. Another example: 30 per cent of men on leave returned to California and Oregon on their furlough days. Why? Because of the hospitality shown the men while stopped there.

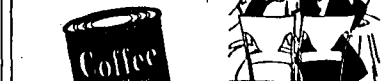

Head Twin Falls reader, how what little money we spend, or get it? A soldier will go where he is respected and he can be respected in some places, if they let him be.

Now this letter isn't for one bit of sympathy, but just to let the people of Twin Falls know how we feel. Please submit this to the Times or News.

Very Truly Yours, MEMBERS OF CO. "E", 118 ENGINEERS, 118th Cavalry, 118th Infantry, 118th Artillery, 118th Signal, 118th Medical, 118th Engineer, 118th Quartermaster, 118th Chaplain, 118th Commissary, 118th Postal Directory, 118th Postal Directory, 118th Postal Directory.

# TALK TO BEGIN IN UTAH STRIKE

BALT LAKE CITY, July 22 (UP)—Negotiations between the United Mine Workers of America (UMW) and Southern Wyoming Coal operators for a new wage contract will start here tomorrow. It was announced today by Alfred Carey, Rock Springs, Wyo., UMWa district 22 president.

When these negotiations are concluded, Carey said, similar talks with Utah coal operators would follow. The union represents about 7,000 miners in the Utah-Wyoming district.

The union said it would attempt to have the new contract carry raises similar to those granted recently to Appalachian miners. Carey said these ranged from 75 cents to \$1.40 a day.

The union and the operators' are now working under a temporary extension of the 1940 contract.
