JAPAN FREEZES U. S. ASSETS

U. S. Leads Economic Blitzkrieg Against Japan

RAF Raids Berlin; Nazi Drive Halted

The United States led an economic blitzkrieg against Japan today and took sweeping military precautions in the Pacific to meet any emergency.

The anti-axis powers were on the offensive around the world, led by American action in snapping trade ties with Japan by freezing the assets and credit of the island empire in the United States.

Japan retaliated by ordering freezing of United States and Philippine assets, effective Monday, but the American program moved steadily forward. Britain also froze Japanese credits and swung the British Dominions, India and the colonies into line.

Europe, Russian counter-attacks, bad roads and bad weather stalled the Nazi blitzkrieg on a wide front. The royal air force blasted the heart of Berlin with the biggest bombs it possesses. Italy attempted a Mediterranean diversion by a torpedo attack at Malta and harassing an important British convoy for four days running but London reports both attacks handily beaten off.

President Roosevelt belated down American battleships in the Pacific. A new, 10,000-ton, 16-inch gunned battleship, the USS Nevada, was ordered to be converted for service as a fleet oiler.

Two top-ranking U. S. defense officers, U. S. secretary of defense and U. S. chief of staff, were expected to fly from San Francisco to Honolulu for an on-the-spot inspection of United States naval action in the emergency.

Washington revealed that units of the newly organized U. S. parachute division have been ordered to the Benning, Ga., to reinforce American defenses in the Panama Canal zone. These units are now effectively directed to rush to the Canal zone and any vital South American points in event of emergency. Additional reinforcements, including an anti-aircraft unit also have been sent to the zone.

The economic offensive against Japan for her action in moving into French Indo-China at one coordinated stroke severed all her most important trade links.

The huge markets of the United States, Britain, India and other British territory were closed to her and it was expected parallel action would be taken by the Dutch East Indies.

Silk Exchange Closes

Japanese spokesmen attempted to minimize the effects upon Japan's economy but the great Yokohama stock exchange closed down immediately and emergency auctions were held.

Under the order, the United States army and navy in the Philippine commonwealth have been placed under the command of a general officer of the United States army to be designated by the War Department.

Mr. Roosevelt's action will place the armed forces of the Philippines virtually on a war footing and will integrate them with the defense forces of the United States. It long has been the plan of American defense strategists to call the Philippine forces into the United States defense setup when an emergency developed in the far east, making the Philippines a vital link in the chain of defense of America's defense.

Philippine Forces Placed Under Single Commander

HYDE PARK, N. Y., July 26 (U.P.)—President Roosevelt today ordered the army and navy in the Philippine commonwealth into the command of the armed forces of the United States for duration of the emergency.

The order obviously was a new measure directed at Japan, following yesterday's act by the United States and British commonwealth of nations in freezing Japan's assets and virtually declaring economic war on the Asiatic empire.

Mr. Roosevelt's action will place the armed forces of the Philippines virtually on a war footing and will integrate them with the defense forces of the United States. Tokyo Retaliates At United States

TOKYO, July 26 (U.P.)—Japan today ordered the freezing of American assets in Japan in retaliation for similar action against Japan's assets and credits in America.

The Domei Japanese news agency in a dispatch from Tokyo received in Shanghai reported that effective immediately special permission would be needed for all financial transactions involving American and Philippine nationals residing in Japan.

The retaliatory decrees were announced after Finance Minister Matsuno Ogura had revealed Japan was fully prepared for a prompt reply to the Anglo-American freezing orders.

Ogura claimed Japan's balances in the United States had been reduced so drastically in recent months due to the drying-up of Japanese-American trade that only a "very small amount of funds" would be affected by President Roosevelt's order. However, the British and Japanese governments were notified by Ogura that not only had all Japanese assets in the United States been frozen but all Anglo-American trade treaties abrogated.

The Japanese freezing order affected many large American firms with numerous branches in Japan including the Standard and Tide-water Oil companies, the National Cash register company, the National City Bank of New York, the International General Electric, and many American motion picture firms.

Try to Minimize Effect

Bulk of the funds of American business in Japan had already been used for a long time to be exchanged for Japanese yen. The exchange regulations prohibiting transfer of balances abroad.

Japanese officials' statements sought to minimize the effect upon Japanese economy of the American and British freezing orders. Ogura maintained that "most" of the Japanese economy of the American and British freezing orders. Ogura maintained that "most" of the Japanese economy of the American and British freezing orders.

Finance and foreign ministry chiefs had held a series of emergency conferences on the subject. It was announced at noon the Japanese and Vichy governments had agreed to "jointly" freeze French Indo-China with French sovereignty over Indo-China guaranteed.

This announcement, and the United States and British empire freezing orders flashed back and forth across the Pacific program.

Both the Japanese occupation of southern Indo-China (Japan already has bases in the north) and a retaliatory freezing order were expected.

Though foreign correspondents were not allowed to see the dispatches by the drastic state secrets act, it was possible to say that according to well informed quarters the freezing order would affect more than 100,000 farms.

BRITAIN ABROGATES TRADE AGREEMENTS WITH JAPANESE

DUTCH EXPECTED TO FREEZE ALL NIPPON CREDITS

BY EDWARD W. BEATTIE, JR.
LONDON, July 26 (Special)—Britain has notified Japan she is abrogating all trade treaties between British Empire units and Japan as a parallel act to the British American freezing of Japanese credits. It was announced authoritatively today.

The United States abrogated its friendly treaty with Japan two years ago today because of its dissatisfaction with Japan's actions in China against American interests.

The British action in abrogating all trade treaties between Japan and Britain, the dominions, and the colonies was formal step, in view of the assets-freezing order, but it emphasized reports in political quarters that the British and British dominions had taken the first step in a program of drastic measures which would be calculated to bring Japanese industries to an almost complete standstill soon.

Dates From 1911

The basic trade treaty between Japan and the Empire is that of 1911. Each trade treaty, however, contains a clause which provides that the treaty shall run a certain length of time, usually one year beyond its termination by either party.

It was explained, however, the freezing order itself was the first step in their abrogation.

Well informed quarters forecast Britain would soon follow America's lead in freezing Japanese credits, with China's consent. British had then dummy banks in occupied China could not evade the economic cordon now erected.

Strength in Fueling Stations

One of Britain's strengths is the great number of key fueling stations it possesses through the world.

The United States and British freezing action is to be followed by the Netherlands. It was said in well-informed quarters, and the Netherlands only delayed its announcement because of negotiations being conducted with Britain and the United States.

It was believed that the Netherlands government sought a collective security provision from Britain and Australia, especially in view of the count on support in rejecting all Japanese demands on the Netherlands East Indies.

President Roosevelt's inclusion of friendly China in the American freezing order puzzled diplomats here until it was explained that it had a smart move designed to overcome any Japanese attempts to take advantage of domination of some Chinese firms and control of that China requested the inclusion.

It was emphasized that freezing order extends to every dominion, to India, to every colony and protectorate and that by the British and American orders, Japanese goods have been frozen in the greater part of the world, and especially in the parts of the world where Japan had obtained, and where only she can obtain goods essential to her domestic economy and war industry.

Japan's Import trade will be mostly cut off, it was said, because she cannot pay for purchases.

Japan is believed to have been accumulating stocks for a long time and it is reported that her steel and iron stores is small.

GOVERNOR OPENS ROAD 'SHAKE-UP'

BOISE, July 26 (UP)—Gov. Chase A. Clark today opened highway department employees who are members of county central committees of any political party to "reign either their state job or their party positions."

The order followed closely Clark's recent threat to "shake-up" in the highway department because of dissatisfaction with road construction efforts in southeastern Idaho.

There should be no political consideration in road construction," Clark said today. "Execution of this order will give us a better highway department."

Clark said recently he was "definitely not satisfied with efforts of the highway department because of failure to construct a promised 12-mile farm-to-market road between Gracie and Preston.

CRIMINAL KILLS SALT LAKE MAN

SALT LAKE CITY, July 26 (UP)—A lone hunter's shot and killed a wealthy Salt Lake City manager and operator—less than 30 hours after three persons were kidnapped, then released, apparently by the same criminal.

Shot and killed was A. J. Menden. He was shot in the back four times as he was in his car in his garage after finishing work for the night.

Kidnaped Thursday night were Clyde Bryant, 23, Ben Kjar, 20, and Miss Ruth Dylund. Bryant was shot in the back and painfully wounded as he escaped from his captor. Kjar was held prisoner—in his own apartment—overnight at the point of a gun. Miss Dylund was released within two hours, unharmed.

\$90,000 Dormitory at Gooding State School

The new \$90,000 dormitory at the Gooding State School for the Deaf and Blind was accepted Thursday by the state board of education after inspection at Gooding. The structure, one of five improvement projects at the school, will accommodate 100 boys.

The new brick dormitory, one of five improvement projects underway at the school, provides one wing for the blind and the other for the deaf, and is comprised of 32 rooms, each with accommodations for three boys.

There are also two boys' bathhouses, a study room for each suite, Reception rooms are provided in each department for receiving parents.

Three large recreation rooms are located in the basement, two of sufficient size to accommodate roller skating and other recreations when the weather does not permit the children to play outside. The lounge rooms are likewise in the basement.

All members of the board were present at the session, which was also attended by Dr. H. C. Dale, University of Idaho president, and Dr. R. H. Snyder, Albion Normal school president.

ANTI-T. B. GROUP INSPECTS CAMP

BUHL, July 26 (Special)—The Twin Falls County Anti-Tuberculosis association held its July meeting at the McClosky health camp Tuesday.

Members present as guests of the camp at lunch were Mrs. H. E. Deas, president; Mrs. R. E. Spafford, treasurer; Mrs. J. T. Phipps, secretary, all of Twin Falls; Mrs. Harold Knapp, Hansen; Mrs. George Porter, of Preston; Mrs. J. Haney, Mrs. J. C. Hamilton, Mrs. Louise McClosky, Mrs. Fred Harting, Mrs. S. A. Webster, Mrs. Harry Wilson and Mrs. C. O. Smithson, all of Buhl.

They made an inspection tour of the camp and were well pleased with the splendid management maintained. A report of the successful seal sale under Mrs. Spafford's management showed \$780 as the camp's 90 per cent allotment total sale in county.

Big Demand Seen For Hard Wheat

HELENA, Mont., July 26 (UP)—Montana's 1941 winter wheat crop, estimated at the largest in this crop history, will be in big demand this fall, M. O. Clever, San Antonio, Tex., miller, predicted today.

Clever, touring the state, said laboratory tests showed Montana's hard wheat this year contains 13 to 14 per cent protein. Premiums are paid on more than 14 per cent, he added.

Clever said reports from Kansas and Nebraska indicated their hard wheat crop this year would run only about 12 per cent protein, or 2 per cent less than a year ago.

Hard wheat, he explained, is mixed with soft wheats for baking flour.

Jerome Seeks Old Aluminum

JEROME, July 26 (Special)—Jerome Lions club members have initiated a drive to collect old aluminum utensils, it was announced this week by chairman, Dr. C. W. Aldrich, who has been named head of the drive to collect all the unwanted aluminum utensils, as a part of the nation's effort to build up the supply of the country's metal for national defense.

Boy Scouts will conduct a house-to-house canvass to collect the household or discarded pots and pans.

The Jerome Lumber company has offered to build a pen for the aluminum drive, but the drive will contribute some utensils. The pen, similar to those erected in other cities, will be located at the corner before the North Side hotel.

Canvassing will begin Tuesday of next week, lasting through Wednesday, and will be made Monday.

Mistrial Denied in News Agency Case

WASHINGTON, July 26 (UP)—Both sides in the German Transocean news agency case after U. S. District Judge W. Whitelaw Chey denied motions for a mistrial and a directed verdict of acquittal.

Transocean is being tried on charges of espionage for information to the state department as a foreign propaganda agency.

Eric T. Winberg, a Swedish correspondent in this country, testified that Guenther Tomin, assistant manager of Transocean in New York, had told him that instructions were to dispatch to South America all news "harmful to the United States."

SECURITY REPORT ACCURACY URGED

Errors in federal social security tax returns are causing serious difficulty in Twin Falls and surrounding Idaho areas, Manager Wayne Tucker of the social security board's Twin Falls field office said today.

With July 31 being the deadline for filing another quarterly tax return, employers throughout the state are being requested to cooperate in avoiding inaccuracies and omissions which later might cause expense and loss of time, as well as cause possible loss to employees.

"Correct tax returns are important," said Manager Tucker, "not only because this accuracy is important to the keeping of social security records but to safeguard the interests of thousands of Idaho taxpayers in industry and commerce for whom accounts have been established—and this cannot be done without the help of employers."

Many causes contribute to faulty reporting of an employer's wages, the Twin Falls field office manager explained. These include failure to include the employer with his account number, a misspelling of the employer's name, or failure to include the employer's account number with his name.

Printer Will Shift Labors To U. S. Navy

Collins C. Caldwell, member of the typographic staff of the Evening Times, today said in putting off his last Twin Falls newspaper—at least for an indefinite period.

From now on he'll do his printing on the U. S. Navy.

Caldwell has received notification to report for active duty with the navy at Bremerton, Wash., Monday afternoon and will entrain at 8:30 Monday morning. He has been employed on the Times since late first coming to Idaho in November, 1938. He came here from Dignity, Kan.

Caldwell said papers did not say where he would be assigned but would hold him to report at 4 p. m. Monday. He said, however, that he would probably be stationed at the Bremerton navy yard printing plant or would be assigned to duty on a battleship or airplane carrier. All battleships and airplane carriers have daily newspapers printed on board.

He enters service with Uncle Sam as a printer, second class. He was recently accepted in the navy reserve through the local recruiting office.

PRESTON MAN TO PAY FOR FRAUD

JEROME, July 26 (Special)—On charges of defrauding a migrant worker, Lauri Kupaska, who has been in jail for several days, Ray Sant, Preston resident, was arrested and brought here for trial today.

William O. Comstock, who was assessed a fine of \$100 and given sentence of six months in the county jail.

Sant, for the third time in as many weeks in the jail on other charges, had been released.

Sant, according to the authorities, had persuaded Kupaska to purchase tickets in order that the two might go to Dillon, Mont. to work in the harvest. Kupaska agreed and even purchased food and lodging for Sant for several days before the two departed.

Sant is alleged to have gone to the station operator, Earl Stevens, and cashed one of the tickets. He fled to Durley and was picked up there after he attempted to cash the second ticket. Stevens was returned to Jerome by police.

Dawn Salute Ushers in Pioneer Day Ceremony

BY MRS. A. E. JOHNSON

RUPERT, July 26 (Special)—With all Rupert and vicinity in holiday attire and in holiday mood, Thursday was a gala day here. From early morning till late night merry-makers thronged the streets and parks and amusement places of the town.

The day's program began at 4:30 a. m. with a sunrise salute fired by Hens Haumensen.

At 10 a. m. a spectacular parade formed at the L. D. S. stake tabernacle and wound through downtown Rupert and adjacent residence streets. The juvenile section of the parade attracted much attention.

This included youngsters of all ages, clad in fantastic and sombre attire, in all kinds of vehicles and on foot, with dolls, puppets, and cars; and with pets, gaily decorated and filled with water at the meaning of the "pioneer" salute.

At the conclusion of the parade a 15 minute concert was given by the Rupert Civic orchestra. This was presided over by a special program at the tabernacle under the direction of the Minidoka stake presidency, Richard C. May, president. Dr. L. D. Hyde, first counselor, Davis Green, second counselor, and Oran Whitaker, clerk.

This program consisted of congregational singing led by Bea Britt; invocation, Dr. L. D. Hyde; two vocal solos, Oran McBride, Burley, address of welcome, President Richard C. May; patriotic address, Adonis H. Nielson, Burley, and saxophone duet, Lee Merrill and Derald Green, Pual.

College Speaker

Pioneer day address, Elmer G. Peterson, president, Utah State Agricultural college, Logan, Utah; vocal selection, "Come, Come, Ye Saints," second ward mixed quartet; benediction, Davis Green, Pual.

At 2 p. m. a baby show in the municipal auditorium attracted such crowds that, seeing them, it would seem there would be no one to witness the street sports, held on the square at the same hour. But the participants there lacked not for enthusiastic onlookers.

Among the various street sports winners whose names were announced were Derald Hutchinson, Johnnie Games, James Lee Hardy, Wayne Booth, Clyde Harper, Keith Booth, Charles Horner, Donald Nutting, Andrew Sears, Elmer Helmer, Florence Simpson, Ethel Gaskill, Mildred Schenk, Wilbert Wilson, Anson Mann, Keith Rose and Billy Drelwyn.

The award for the most beautiful float in the parade went to the

Puppet Show in a Vacuum. The world has been treated to many sorry spectacles of late, but none more depressing than the puppet show in a vacuum now being staged in France by the aged but no longer venerable Marshal Petain.

We Do Some Worrying. We've lost an old friend. Only temporarily, we hope. But we fear the worst. When an old friend like this gets cracking, the customer is always right.

DELIBERATELY or not, Lieutenant Rollins was given the toughest organization chores upon arrival at Alderhot Camp. Assigned to the Divisional Headquarters Staff, he had been rushed immediately upon arrival at a Scottish port to the nearest railway terminal and sent, with a number of other officers, directly to Alderhot to handle details.

At Alderhot Camp, Greg was assigned to the toughest organization chores. He had actually come within sight of land—most likely North Island—although the ships were obviously in dangerous waters the thrill of seeing a lighthouse after so many days at sea dominated all other sensations.

Next morning, Greg and his fellow staff officers reached Alderhot Camp. Army transport trucks rushed them from the railway terminal through typically English lanes, bordered by jagged green hedges, quaint little villages, endless pasture grounds, and a billiard table, presently in view.

It is a year now since Petain received from the National Assembly the grotesque shreds of power that the Germans suffered to remain to France. No one can interpret the mind of the French people at that ghastly moment, for it had no mind.

When you got to working him too hard he jumped up and down indignantly. But we loved him for his faults. When his face stared at us, work came easy. When we patted him on the shoulder his bossy physique had a reassuring touch.

With a grim smile, he fingered the briar pipe. A look-see at London would have been a new experience for him. He shook his head.

SEATED in a London-bound train, Greg read with interest a delayed newspaper report of the landing of "another contingent from Canada—this time a company of 40 days in an unmarked Scottish port."

Growing Pains. It's no fun to grow up. Not for individual people, and not for countries. So many responsibilities go with it! We've often suspected, especially during the last 80 years, that America was growing up, bulging out of those short pants we wore until the turn of the century.

Margaret Magel, Dr. Richard A. Forney To Wed at Early Autumn Episcopal Rites

Announcing the engagement of her daughter, Miss Margaret Eileen Magel, Mrs. B. Frank Magel entertained betrothal tea this afternoon at the Blue Lakes boulevard home of the Magel family.

Miss Magel will become the bride of Dr. Richard A. Forney, Mayo Brothers' clinic, Rochester, Minn., at an early autumn wedding, solemnized at the Ascension Episcopal church in Twin Falls.

Formerly of Boise, the bridegroom-elect is the son of Dr. and Mrs. S. W. Forney, Boise. His mother was among Boiscans who attended this afternoon's courtship.

Miss Magel, who has been making her home in Boise for the past year, recently returned to Twin Falls following a trip to Alaska with her parents, and her sisters, Mrs. August J. Pena, Los Angeles, and Nancy Magel, Twin Falls.

Miss Magel attended Mills college, Oakland, Calif., for one year, and was graduated from the University of California, Berkeley.

Dr. Forney, now associated with the famed Mayo clinic, took his pre-medical course at the University of California, where he was a member of Phi Delta Theta fraternity. He then attended Rush medical college at Chicago, and interned at a general hospital in St. Paul, Minn.

One hundred and twenty guests were received during the tea hours.

Assistants at Tea Taking their turns at the services were Mrs. B. K. Journey, Jerome; Mrs. C. C. Smith, Gooding; Mrs. Forney, Boise; Mrs. George Davidson, Twin Falls; Mrs. J. B. McLean and Mrs. Walter Dufresne, Boise; Mrs. Glen Magel, Mrs. R. A. Read, Twin Falls; Mrs. James Williams, Gooding, and Mrs. C. C. Cochler, Buhl.

Assisting in the dining room were Mrs. C. A. Bailey, Mrs. E. E. Ostrander, Mrs. Kenyon Green, Mrs. J. P. Thomas, Miss Ruth Perrine, Miss Janet Pink, Miss Genevieve Benoit and Nancy Magel, Twin Falls, and Miss Jeanne Whelan, Boise, formerly of Twin Falls.

An arrangement of rosebuds centered the tea table, and bouquets of mixed flowers were grouped throughout the home.

In addition to the Boise guests who assisted at the tea, others invited from the capital city were Mrs. Owen Sprout, Mrs. Larsh Kellong, Mrs. Timothy Vaughan, Mrs. Marshall Shields and Miss Margaret Jennings and Miss Bonnie Jennings.

Unposed Pictures Best, Camp Fire Leader Told

By JEAN DINKELACKER Light, cloudy weather—like today, only minus the rain—was ideal photography.

Take it from Miss Ruth Schellberg, director of Camp Nisaki, who left the border lake region of Idaho this afternoon with southern Idaho Camp Fire Girls and adult counselors.

The plan that information from photographer Kirkland of Life magazine, while on a recent canoe trip, had been secured by the girls, in company with two Macalester college students, prospective camp counselors.

The photographer never actually posed the girls; always had them doing something else. "Talk it up, girls," he would direct, and then when they were least conscious of the camera, he would click off the picture.

And Kirkland was qualified to show her a thing or two about photography. The wedding is calendared in the United States in April by Clipper ship from India and Australia, where he did a series of pictures on Australia's war efforts and one on a New Zealand sheep.

In India, he had met Gandhi, and he told members of the party of that interesting contact. "He alleviated my fears that cloudiness would prohibit the best picture-taking," he said.

Three Stakes Present "Deliverers" Aug. 6

The pagant, "The Deliverers," acclaimed by L. D. S. church leaders as being one of the most outstanding inter-stake undertakings, will be presented in the canyon at Twin Falls Aug. 6 at 8 o'clock in the evening.

The natural setting will be utilized to advantage in staging the production, and the canyon walls at sunset will resound with music while the audience is assembling.

Cast of 200 This pagant is the first ever staged with an inter-stake cast, approximately 200 actors participating. The popularity of the annual event, "Evening Under the Stars," has grown steadily in the Twin Falls stake during the past five years.

150 Girls Leaving for Camp

With a patriotic note featuring red, white and blue, "Summer Symphony" will be the theme of this year's season at Camp Nisaki, about Ketchum, for approximately 150 Camp Fire Girls of southern Idaho, from Twin Falls, Rupert, Fairlie, Jensen, Idaho Falls and Shoshone.

Younger girls will leave Sunday for a week's outing, and older girls will leave the following Sunday. Final plans were announced by Mrs. H. A. Spafford, camp committee chairman, and Mrs. Blanche Tenbury, secretary of the Camp Fire office.

Camp director will be Miss Ruth Schellberg, St. Paul, Minn., faculty member at Macalester college who recently accompanied two prospective camp counselors on a canoe trip for Life magazine along the border lake region.

Among guardians who will go are Mrs. J. L. Berry and Mrs. N. O. Johnson, Twin Falls, and Miss Irene Jones, Buhl.

Camp counselors include Miss Julia Shepherd, Twin Falls; Miss Jennie Cannon, Buhl; handcrafts the first week, and Miss Perrine, Twin Falls, second week. Miss Margaret Baker and Miss Margaret Van Engelen, dramatics and music.

We--The Women

By RUTH MILLETT (NEA Service) Lots of wives who sit discontented at a bridge table realize they must spend happy hours hunting, playing, sket shooting, riding or fishing, sket would be out having fun with the men.

Withering Remark And so little wives gave up the sport and said to the husbands who had encouraged them to have a try "I don't see what fun you get out of THAT." With that withering remark the wives went back to bridge and other feminine pastimes.

PIRATES WIN Red Sox Veteran Wins 300th Game

NEW YORK, July 26 (U.P.)—Rub your eyes and see who's in third place today in the National league. Yes, sure, nobody but Frankie Frisch's Pittsburgh Pirates.

Although he may be a bit too fat to be considered serious pennant contenders, the Pirates are playing championship ball right now. Ask the Dodgers, who bowed twice yesterday to the Pirates and had a cruel blow dealt to their pennant hopes. By taking Brooklyn twice yesterday, 8-4 and 8-2, the Pirates made it seven in a row and 22 victories in their last 23 games.

A month ago the Pirates were down to sixth place, only 3 1/2 games in front of the seventh-place Braves. Brooklyn's position became desperate as a result of the double loss to the Pirates.

Jansen Allows Three Hits But Loses Tilt

By United Press

Young Larry Jansen, who came down to the Salt Lake Bees, turned in a fine performance against Oakland last night—only 2 to 0, because he threw the ball away on a fly to the bullpen.

After a hit did the Bees get off Jansen until the seventh, when Hugh Luby drilled a single past Tony Kasper. But in the eighth Marvin Guder lashed a double to center and Dynamic Dunn laid a hurt Jansen for it. He overthrew three in his sixteenth and Guder scored, Dunn going to second. Bill Randall then scored Dunn with a split-fingered ball.

San Diego evened its series with Sacramento by coming from behind in the last of the ninth to win 3 to 2.

Hal Turpin, Seattle pitcher, won his 14th victory of the season by hurling a 4 to 0 tilt for the Rangers to a 7 to 1 win over Portland.

Los Angeles scored six runs in the first inning and clung to a lead that never brought a 2 to 3 win over Hollywood.

Fight Fans Can't Understand Billy Soose's Odd Attitude

By HARRY FERGUSON

NEW YORK, July 26 (U.P.)—Scattered paragraphs containing scattered thoughts.

The fight mob just can't understand Billy Soose, the middleweight champion. He does the odd things. Such as saying: "I don't think I should be seriously accepted as champion until I've defeated George Abrams and Ken Givens. Abrams beat me twice before I became champion and the decision I won over Givens wasn't satisfactory."

What's the odd coming to department—after the final year of the Ohio State league decided for 7 to 1, a crowd collected in front of the stadium and was congratulated them on the great job they had done. The umpire said: "You've done a good job. You've done a good job. You've done a good job."

Walker just didn't have the stuff. Friday seemed to be suffering from fatigue right when he first came up. He was knocked out by the Yankees, who had already had a pretty fair second baseman named Rizo, after an unsteady start, is beginning to live up to his reputation, both aided and abetted by Novikov, a terror in the Coast league, found that the curve thrown by major league pitchers was somewhat different from those he had been accustomed to. He was sent to the minors.

Art Walker to Meet Duncan in Boise Meet

Art Walker, Kimberly, two-time Boise city tennis tournament champion, meets Don Duncan today in the semi-finals of the tournament at the capital city. It was decided last night. Duncan beat George Taylor, also of Boise, 7-6, 6-4, 6-2 to gain the semi-final round.

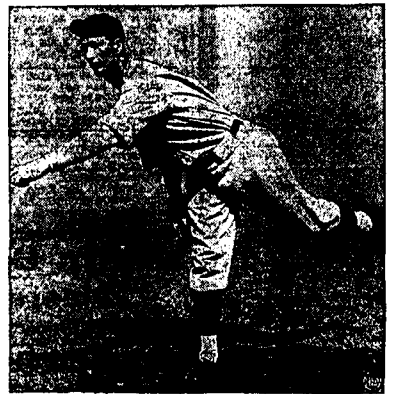

In the other semi-final round, Bob Packard, Twin Falls, meets the winner of the match between Paul Martin, Boise, and Dr. Harry Alden, Kimberly.

In the women's singles, Mrs. A. J. Fox Walker, Twin Falls, angles with Margaret Jennings, Boise, and the defending champion, Helen Martin, Boise, meets her doubles partner, Sarah Walsh.

Semi-final matches in the men's doubles bring Walker and Packard, defending champions, against Dick Saxon and Don Clapp, Boise, and Dr. Alben and Bill Warner, Twin Falls, against Martin and Bill Taylor, Boise.

Mr. and Mrs. Walker and Mr. and Mrs. Warner have both reached the semi-finals in the mixed doubles. Mrs. Walker is also in the women's doubles, in which she is paired with Mrs. Walsh.

All final matches will be played tomorrow.

Veteran Lefty Grove yesterday chalked up his 300th major league victory yesterday with a 10-8 triumph over the Cleveland Indians. Grove is the 13th pitcher in baseball ever to win 300 games, assuring himself a permanent spot in the hall of fame.

Burley Legion Team to Play Colored Ghosts Changed to 9

BURLEY, July 26 (Special)—Burley Legion baseball team today will play a special game series tonight against the Pioneer League team in Boise. The state champion Troy-National team of Twin Falls has been changed to 9 p. m. tonight to enable employees of local stores to attend the game. Manager John Clore announced today.

The game was originally billed for 8:30, but several merchants asked for the postponement. Mr. Clore explained.

The Colored Ghosts, currently touring the west, have won 97 out of 101 softball games this year, meeting some of the best teams in the United States. They recently defeated Modesto, Calif., 4-1. Modesto placed first in the national tournament at Detroit last year.

The Troy-National team has played together for the last two years and has won the state tournament twice in a row. The Legionnaires will defend their title this fall at Kellogg, Clore has announced.

The Twin Falls club will go to Boise tomorrow evening to meet the undefeated Idaho Power team and the Young Democrats in a double-header. The Young Democrat team has been defeated only twice in the Boise city league.

Lineup for tonight's game at Jaycee park for the Twin Falls club will be Adkins, short field; Tetz, third base; Eric, pitcher; John Wells, center field; Price, right field; Ray Wells, left field; Russ Wells, catcher; Clore, first base; Rex Wells, second base; and either Parish or Wester, shortstop.

Boise Wallops Cowboys 12-2 For 2nd Time

BOISE, July 26 (Special)—Gerry Staley, ace moundman for the Boise Pilots, coasted to his 16th win of the year, last night beating the Twin Falls Cowboys 12-2 for the second straight night. The win put the Boise club to within 2 1/4 games of the 11th Ogden Reds.

Other Pioneer league games were postponed because of rain.

The Pioneers bunched three hits in the ninth inning to score their only runs of the game. Up until that time Staley had kept the seven Cowboy hits well scattered. Ted Kerr singled in the 11th and Ed Lightner hit a home run to bring the score to 12-2.

Manager Andy Harrington returned to the Wranglers lineup at second base and Eddy Joseph was moved into right field.

Boise scored four runs in the first inning off Bohnen and added two more in the second and another in the third. The Wranglers scored in the fourth inning clinched the game for the Pilots.

Reiser Sets Pace in National Loop

NEW YORK, July 26 (U.P.)—Ted Williams, booming belter of the Boston Red Sox, and Pete Reiser, Brooklyn dynamite, continue to lead the batting races in their circuits with Joe DiMaggio and Johnny Mize still breathing on their respective heels.

Averages released today—including games of Thursday—show Williams boosted his American league top figure by two points during the week to a brilliant .897, while runner-up DiMaggio of the thundering Yankees held his .875 mark.

In the National, Reiser's pace-setting average slumped slightly to .330, but hard-hitting Johnny Mize of the controlling Cardinals also faded slightly and registered .330.

Howie Kist of the Cardinals took over plying honors in the National league when Cincinnati's Elmer Riddle lost his first game after five straight victories. Kist boasts a perfect record of seven wins and no losses.

Meanwhile Bullet Bob Feller of Cleveland took over the American mound leadership from Al Benton of Detroit with his 19 victories and five defeats.

Kimberly Picks North Dakota Boxing Coach

KIMBERLY, July 26 (Special)—Ray Baker, University of North Dakota graduate, this week was appointed to be Kimberly high school's boxing instructor. It was announced by the Kimberly school board.

Baker, a winner of a Golden Gloves title in Minneapolis, will succeed Carl "Owl" Eckstrom, who was appointed early this spring. Eckstrom recently joined the army.

Baker is 26, married and has one son. He was coach and manager of the University of North Dakota boxing team last season. He is a resident of Grand Forks, N. D., and has majors in industrial arts and science in addition to physical education.

Whirlaway to Try Breaking Arlington Jinx

CHICAGO, July 26 (U.P.)—Doughty Whirlaway went back to work today on the 15th and 16th running of the classic stakes and crowd of 80,000 attending Arlington park to see if a substitute jockey could hold his unruly temper in check during the \$35,000 second race no favorite has won since 1936.

The jockey who replaced Eddie Aracaro on the Calumet cyclone's back was Al Sheehammer, a 112-pounder who never has had a leg up on the triple crown winner before. He was called in when Aracaro was suspended for fouling the race.

Whirlaway, who has been through the element of doubt into a race generally regarded as a walkover.

As the field of 12 thoroughbreds headed for the starting gate, Whirlaway was quoted as the ridiculously low price of 1-10.

"The horse that most of the stable boys turned to was Our Boots, a stocky youngster from Woodvale farm who has beaten Whirlaway four times.

THE SCOREBOARD

By HARRY GRAYSON

NEA Service Sports Editor

Suspended four playing days for doing just that, Jimmy Dykes hardly was back in Conkley park before he was carrying umpire's gear.

One word from Hal Harridge and the White Sox manager does just as well.

Harridge said Dykes' tactics had become offensive to spectators, so the American League president was quick to act. "I don't want to see how wrong he was."

In the first half of the double-header with the Yankees, Mike Trent no play on Spud Chandler's ball, believing it had rolled foul.

Umpire George Hixson ruled otherwise, and Dykes let him have it in mid-season form, Harridge or no Harridge.

More than 50,000 customers, Chicago's largest baseball turnout in eight years, loved it.

Dykes is the umpire turned to our bench, and he'll not play on Spud Chandler's ball, believing it had rolled foul.

More than 50,000 customers, Chicago's largest baseball turnout in eight years, loved it.

Dykes is the umpire turned to our bench, and he'll not play on Spud Chandler's ball, believing it had rolled foul.

Umpire George Hixson ruled otherwise, and Dykes let him have it in mid-season form, Harridge or no Harridge.

PICNIC ATTRACTS BOURBON CHIEFS

With scores of young Democrats expected to attend from this section and with speakers headed by Gov. Chas. A. Clark, plans were completed today for the annual picnic meeting of the Twin Falls county Young Democratic club which will be held at the Buhl city park Sunday starting at 1 p. m.

In addition to Governor Clark, other prominent speakers who are expected to include William Galloway, Boise, state president of the organization.

Word was received here today from Galloway to the effect that the state organization's convention, at which Twin Falls club members are expected to play an important part, will be held at Pocatello on Friday, Saturday and Sunday, Aug. 29, 30 and 31.

Sixteen communities will be represented at tomorrow's Buhl picnic. They will include aside from Twin Falls, Buhl, Jerome, Gooding, Ketchum, Kimberly, Hazelton, Shoshone, Hager, Burley, Hiley, Elmer, Oakley, Wendell, Dietrich and Boise. Many state officials from Boise have expressed their intentions of attending.

Official badge for the Buhl picnic will be a miniature donkey, according to K. Puckett, registration chairman. Members of the Twin Falls executive committee will wear flaming orange and white picnic committee will wear apple green. All other persons will wear tan colored lapel badges. Mrs. E. H. Hall, in charge of dinner arrangements, today announced that those attending should bring their own table service, a covered dish and sandwiches.

The program for the picnic program: 1 p. m., registration; 2 p. m., picnic dinner; 3 p. m., speaking; 4 p. m., baseball game. Swimming in Buhl's new municipal pool, located in the park, and also horseshoe pitching will follow.

Speakers will be introduced by Charles W. Rank, Jr., club president. President Rank today issued an invitation for all Democrats, young and old, to attend the gathering. Robert Coulter, Boise, state Democratic chairman, will be among those in the Boise delegation.

PLANE FOUND IN CALIFORNIA HILLS

CORNING, Calif., July 26 (UP)—The body of flying cadet Lowell O. Redfield, Ogden, Utah, was found today in the California hills after his airplane crashed there Thursday night in the rolling hills six miles southwest of Corning.

A turkey herder who had heard the crash yesterday night while he was looking for a turkey and found the plane, noted into the search, it had not burned.

Redfield was attached to the air corps training school at Stockton, Calif. He is survived by his mother, Mrs. Sylvia Rogerson, Ogden.

Grange Gleanings

By A. HARVESTER

FOUR-H When the 4-H club boys had their tour July 15, it was my good fortune to go with them, as we have a little fellow taking his first year of club work. As I see more of this kind of thing, I am more and more convinced that the 4-H club boys and girls, I am more surprised than ever that all farm boys and girls do not go for club work.

Some are discouraged by the seeming disparity in income between farm folk and town people, or maybe the parents do not give them the backing needed to start young folks on a project. It does take a little time and some money to put a 4-H project to a proper complexion.

But don't you think that the boys and girls are just about the finest crop we raise in Idaho or any other place? You say yes and go on being too busy to go on their tours or to take any interest in their work, and then maybe you wonder why the Olds boy or the Southwick boy gets the honor he does. You say that he is no smarter than your boy.

Smart Dads And it is smarter when it comes to developing a boy into the future citizen. It takes money to bring up a boy and it takes all it takes, and fortunate indeed is that boy or girl who has parents who see the childish problems as just important to him as are the problems of the adult. Knew a boy once who lived on a farm, but who knew almost nothing about farm work because his father was too busy to show him anything; he could do it himself more quickly. Well, if you are suffering from such a complex just go out and try your hand at stock judging with some of these boys. I did it and it is good medicine.

As I've said here writing this I have been wondering what they mean by skilled labor and if they think all the skilled labor is to be found working at a machine in a factory, more farmers should avail themselves of the opportunity to see these experiments.

Read in a paper out in the reading room that there is iron in spinach, and I believe it is iron where they get aluminum, but where, oh where do some people get their brass?

The various tours of crop experiment plots as being held now and it seems that the farmers are too busy to attend in any numbers, much to their loss, may it be said. There is a wealth of graphic information to be had by observing the results of these experiments.

They may be seen to get the full appreciation of what different strains of the same crop may do under the same soil and water conditions and what changed conditions of soil and water will do to well established strains. Spent an hour with the Frank Zick farm, west of Buhl, where the U. S. department of agriculture is checking various strains of beans and the different varieties. And while the old farmer U. I. No. 123 is suffering great damage from the curly virus spread by the unusually heavy infestation of the white fly, several resistant varieties are defying the white fly to do his work, while they stand serenely settling on a heavy crop of bloom and pods. Here is certainly a great object lesson in bean strains.

Some portion of the tax burden that is carrying its own load in extra benefits to the farmers. This program should have the support of all farmers. A. HARVESTER.

WHEAT MARKET QUOTA PLANNED

WASHINGTON, July 26 (UP)—Secretary of Agriculture Claude R. Wickard yesterday proclaimed a marketing quota for the 1942 wheat crop to be effective if approved by this and the other two growers in a referendum next spring.

Wickard said the quota is being proclaimed now "in order to give growers the opportunity to make plans for 1942 plantings before seedling time."

He said the 1942 supply of wheat now appears likely to exceed the normal domestic consumption and exports by more than 25 per cent. The farm act requires a quota proclamation when that percentage above normal is reached.

A marketing quota in effect on the 1941 crop was approved by 81 per cent of growers.

OVER THOUSAND BABIES IN JUNE

BOISE, Ida., July 26 (UP)—State department of vital statistics reports 1,688 babies, including 12 pairs of twins, were born in Idaho during the month of June.

The department adjudged Bonneville the "most prolific" county. One hundred births were reported there during the month.

Dearest mother in the state was 15 years old, and the youngest father 18. Oldest mother was 47 and the oldest father 65.

There were 365 deaths, the department reported. Heart disease claimed 80, accidents 40, cancer 41, nephritis 26, cerebral hemorrhage 25, pneumonia and influenza ten, diabetes eight, tuberculosis six, and spotted fever three. Five suicides were reported.

LEGION SELECTS BUHL DELEGATES

BUHL, July 26 (Special)—Clark G. Fox pool No. 48 of the American Legion held a regular meeting Thursday evening at the Legion hall and elected delegates to the district convention at Pocatello, Idaho, on July 27, 28, 29, 30 and 31.

Delegates to the district convention are Harry Ray, Chester Hobson, Jack Yetter, Rev. J. A. Howard. Alternates are Charles Wilson, Albert H. H. White, pastor, said this afternoon.

John Day, district commander, was a visitor and urged a good attendance at the district and state conventions.
