### SCHOOLS EXCEED MINIMUM TERM

Twin Falls county schools don't stop at the minimum as far as teaching days are concerned. State law requires all school districts in Idaho to teach 172 days each year if they are to share in state funds. But summary of the days taught during the past school year showed today that only a few districts in this county had operated for that minimum.

Independent districts ranged from 172 to 177, according to records compiled by Mrs. Doris Stradley, county superintendent. One independent district—Huller—stopped at 172 but that was an emergency case and was necessitated by shortage of funds.

Common school districts in the county, Mrs. Stradley said, ranged from 172 days up to 177. Many taught 178 days.

Average for both common and independent schools was 175 days or better.

### JEROME WORKER, 65, FOUND DEAD

JEROME, July 30 (Special)—F. R. Guthrie, about 60, Jerome coal mine worker, was found dead in his bed at 10 a. m. today after a neighbor had become alarmed at the fact that the man's cough had not been milked.

Mr. Guthrie was found at his home south of Jerome by C. C. Parkersby, service station operator who investigated at request of the neighbor woman.

Death resulted from natural causes, friends said.

Mr. Guthrie's wife died several years ago. He leaves three sons and one daughter, Mr. A. Strangman, Resburg.

The body rests at Wiley funeral home pending word from the relatives.

### Rogerson Slates "War" to Reduce Rabbit Menace

They're going after the rabbits en masse out near Rogerson Thursday evening, and anybody who wants to take part was invited today to show up at 7 p. m.

Ranchers sponsoring the drive said participants are to bring their own traps.

The drive will be permitted. Gathering place for the start of the drive will be two miles west of Rogerson.

The "war" on the jackrabbits comes because the pests have become so numerous as to menace farm crops.

### BICYCLES

It was fast work—and thanks to a local resident the police made a haul.

W. H. Hertog, 1215 Fourth avenue east, called the station at 4:10 a. m. today to report that two bicycles had been stolen from his driveway during the night.

At 6:25 a. m. Bob Lake, 439 Fourth avenue north, called the station to report there were four—his rights, four—abandoned bicycles by his house.

Police picked them up in a few minutes. Two of them belonged to Hertog. The other two were not licensed, so the owners are not known. They are being held in the police station awaiting identification.

### Seen Today

Two girls walking down Second avenue north and both holding onto handle of same bus. Stage depot driveway pretty park there at once. Patrolman Milford Merrill, latest addition to police force, finally reported a new uniform. Orin Coleman showing picture from Boise newspaper, a snapshot which he made which, all unknown to him, won first place in contest. Everett Fuller, very tall cattleman from Dry Creek, hobnobbing around courthouse on crutches (broken leg mending nicely, says he). Twin Falls information requested from Mrs. Nick and Spokane. Montana driver pulling into outside lane for right-hand turn at Main-Shorts intersection, then as light turns green cutting across regular lane of traffic to make left turn. And Charley Larson alighting from his city car, starting to walk off—then coming back to take keys out of ignition.

### CITY PATROLMAN HIGH IN SHOOTING

Twin Falls' three-man delegation to the Idaho police officers' convention held in Reno, Calif., returned to Twin Falls today this morning was "back on the job."

The three are Chief of Police H. C. Miller, Assistant Chief Kenneth Barclay and Patrolman Pete Rountree.

Rountree was among the 16 best pistol shots entered in the annual competition, a feature of the convention. He took third place. First went to William F. Wood, district supervisor for the federal alcohol tax unit, headquartered at Seattle.

Gillette served as association president for the past year.

### State First Cog In Procedure on Defense Roads

Military highway construction—under federal aid—has been allocated \$1,540,000—will be carried out through the same procedure as regular federal road projects. Chief Henry C. Dwarshak advised the Twin Falls Chamber of Commerce today in sending a copy of congressional hearings on the defense highway act.

The congressman said that construction of new and improvement of existing highways (and building of roads giving access to these) will be initiated by the state highway department, subject to approval of the public roads administration. The system leaves the state as the starting point for the approval of Idaho communities to secure benefits under the defense highway program.

### Combine Operator Wins Court Suit

A grain combine operator will collect judgment in rate of a brief civil trial in probate court today.

Richard Holaday won the \$50 judgment against C. E. Brackett and Aubrey Mahannah, ranchers for whom he did the combine work on a contract of grain from Sept. 12, 1938 at \$2.50 per acre. He sued for the unpaid balance of the bill.

Judge C. A. Bailey will still decide whether the plaintiff is entitled to the attorney fee he requested.

The combine operator and the ranchers are all residents of the Three Creeks area.

Judge Bailey denied Mahannah's cross-complaint asking \$150 because of asserted overpayment to Holaday.

Ray D. Agge represented the plaintiff; R. P. Parry appeared for Brackett and Earl E. Walker for Mahannah.

### DISTRICT LEGION PLANS ELECTION

Practically the only order of business coming before the fifth district American Legion session, set for Friday evening, Thursday evening, will be election of officers. W. Clyde Williams, district adjutant, said here this afternoon.

Announcement of the meeting was made by Williams on behalf of District Commander John Day, who is out of the city at the present time. Other officers at the present time, in addition to Williams and Day, are E. L. Culey, Rupert, vice-commander; and E. Johnson, Twin Falls, sergeant-at-arms.

It was pointed out that at the present time it is not anticipated that any of the present officers will seek reelection.

### Man Detained on Driving Charges

Charged with operating a motor vehicle while under the influence of intoxicating liquor, Charles Stewart, Twin Falls, was in the city jail this afternoon awaiting hearing. Municipal court records show.

Stewart was arrested by local police shortly before midnight yesterday after the machine he was operating was involved in a crash with another car operated by Mrs. Vert Moser. The crash was of a minor nature.

### \$6.20 Collected By Plaintiff in Court Case Here

They tried a case in probate court yesterday.

Result: Judgment for \$6.20.

The judgment went to John L. Turner, Twin Falls, who had asked that amount as lien costs and recording fee in connection with a pooling bill that went unpaid for a considerable period. Defendant was Wilhelm Hartfelder, owner of the city house on which Turner put the roof.

Testimony showed Turner had released the labor lien on the defendant's agreement to pay the costs. Ray D. Agge was counsel for the roofer; Harry Jennings appeared for the defendant.

### High Yield Seen As Cheery Omen

(From Page One)

In bean yield 1,330 pounds per acre compared to 888 pounds average of all states.

LIVESTOCK—Stock throughout Idaho is in "very good condition with excellent range." Prices during the first half of this year have been somewhat better than in 1940. The outlook for a good year for the Idaho livestock industry. The state C. of W. warned, however, that ranges are dry and the fire hazard is greater.

WHEAT—With a 1941 crop forecast over 28,000,000 bushels, wheat will be a very good condition with excellent range. Prices during the first half of this year have been somewhat better than in 1940. The outlook for a good year for the Idaho livestock industry. The state C. of W. warned, however, that ranges are dry and the fire hazard is greater.

BUGAR BEETS—Although tonnage will drop from 1,141,000 to 944,000 because of acreage reduction, beets will form a leading source of Idaho revenue to producers and workers.

FRUIT—Rated about average. Peach output will be about 20,000 tons, near the average. Apples "slightly better than average crops" peaches will be barely average.

**CONOCO N4 MOTOR OIL**  
Why such a difference?  
Conoco N4 is preserved by a life-giving new synthetic—man-made under Conoco Patent 2,318,132. You know that vitamin systems, for instance, are making for Nature's life-givers sacrificed in some modern food processing. Similarly, the latest refining methods steal some of Nature's best life-givers from motor oil. But more than making that up today, in Conoco N4 oil, is a new synthetic—Thioline inhibitor. It inhibits—checks—

# COLLAPSE HEARING IN RAILWAY WAGE NEGOTIATIONS

## OPERATORS ASK SHIFT IN WORK RULES ON ROADS

CHICAGO, July 30 (AP)—Multi-million dollar railroad wage negotiations headed toward a showdown, with possible collapse, today as a management proposal to change present work rules.

Today's conference opened with representatives of 350,000 operating employees prepared to follow the lead of 800,000 non-operating workmen in asking the carriers' proposals for extensive changes in regulations governing various types of work and rates of pay.

Such a rejection would precipitate an impasse in negotiations since the carriers' conference committee, representing all major railroads, has emphasized repeatedly it will not consider employee wage demands unless "a stop and honor" hearing is given the rules proposals.

## JAPANESE MOVE TROOPERS SOUTH

SAIGON, French Indo-China, July 30 (AP)—Japanese transports steamed into Saigon today. They were crowded with troops and tanks and motor boats were on their decks.

Members of the Japanese military mission welcomed the troops at the docks while other mission members busied themselves in requisitioning more office buildings for their headquarters, promising fair remuneration.

A Japanese destroyer steamed up the river and anchored a mile from the docks.

Additional Japanese warships were expected immediately.

It was estimated that it would take several days to disembark the formidable Japanese army which has been assigned to southern Indo-China and is bringing with it full war equipment.

Wickard retained calm, despite anxiety over possibility of incidents between the Japanese and Indians defense forces and civilians.

Wickard fought light penalties.

WASHINGTON, July 30 (AP)—Secretary of Agriculture Claude Wickard today asked congress to defeat a bill which would ease the penalty of wheat growers who exceeded their 1941 agricultural adjustment administration acreage allotment.

He suggested in a letter to Chairman H. P. Fulmer, D. S. C., of the house agriculture committee, that the bill already passed by both the senate and house, but in different forms, "should be abandoned."

The house bill would allow growers who exceeded their allotments to market up to normal production of their allotted acreage. The senate attached a rider permitting allotment violators to feed their excess wheat to livestock.

Wickard told Fulmer the proposed legislation would "make non-compliance (with AAA acreage control measures) attractive." He said the enforcement of the bill was urgent in view of the present wheat situation.

In 1910 sales taxes were practically unknown as a source of state revenue, but in 1940 the 48 states received over 12 billion dollars, or 40 percent of the total tax collections, from tax sales, according to the census bureau.

Right now the APRICOTS are coming in. The crop is very short and the price is above normal. The Peach crop is also short but we will have the best to be had when they ripen.

After August 1st we will start a free delivery on all orders of 10 lbs or more, sugar and flour excepted. On any order a charge of 10c will be made for delivery. We keep our overhead expenses down so as to operate on a smaller profit.

If you are not familiar with our grocery prices, and look your stock over. Cattle and men should get our proposition before they lay in their supplies. We sell for a lot less than any other place in the county.

## FDR World Plans Make U. S. Future Uncertain-Dworshak

By CONG. HENRY C. DWORSHAK  
WASHINGTON, July 30 (Special)—Americans are now being convinced that the future of the world is in jeopardy because of the implication of administration proposals designed to aid in the defeat of Hitlerism, of Communism, and then the creation of "some rigid form of international supervision and control" to enforce and maintain peace in Europe and Asia.

The latter proposal was made by Acting Secretary of State Sumner Welles in an address to the senate July 22, when he stressed the responsibility of this country in perfecting a counterpart of the League of Nations sponsored in 1919 by Woodrow Wilson.

Welles declared, "There can be no peace until the Hitlerite government of Germany has been finally and utterly destroyed."

This is the administration program which has been moving ahead step by step, although congress and the American people have likely not been thoroughly aware of the grave responsibilities they are assuming. Compromise defense of the world objective, but activities outside of this sphere are contemplated. If reflecting securities in the capital are reliable.

Demands are being made to extend the service of selectees, guardmen and reserve officers for one year, and to send our armed forces anywhere in the world. This can be accomplished by the executive department, by adoption of a resolution by congress declaring an emergency.

Keen observers contend such a declaration would, in reality, sanction and approve every policy and act of the administration, and would constitute congressional authority to suspend constitutional requirements. This is typical of the strategy frequently employed to attain an objective by infringement.

The house now takes up the revenue bill to raise about \$3,529,000,000, with the possibility that a closed rule will be applied to the bill. Amendments. This would mean that, while debate could take place involving various schedules and provisions of the bill, it would be approved or rejected as presented by the ways and means committee. The measure, if passed, would be reported to the house, where it could be rewritten by the finance committee, and later amended by the senate. The printed bill requires the filing of a joint report by husband and wife; and, while the eight community-property states, including Idaho, are held to this radical provision, it will likely be retained if the closed rule is adopted in the house.

The new tax bill will impose heavy burdens upon individuals and corporations, but it is only a forerunner of what is necessary to provide the funds being expended on national defense. Although it is the first month of the new fiscal year, the house on July 24 considered a deficiency bill appropriating in excess of \$8,000,000,000 for defense activities. Chairman Woodrum, in presenting the measure, stated that, from July 1, 1940, including this bill, a total of \$45,629,503,500 has been appropriated or authorized for national defense for the years 1941 and 1942, to which should be added \$7,297,000,000 required beyond 1942 to complete the two-ocean navy. In fact, the new tax bill will raise only one-half of the sum given Britain under the lease-lend program; and another request for this purpose is expected as soon as Harry Hopkins returns from England, where he has been conferring with Churchill and the Russian ambassador regarding future needs of those two countries.

Sugar Bill  
The house reports the committee held two hearings the past week on the Coffee and Sugar bills providing that unfilled Philippine quotas be reallocated to domestic producers instead of foreign countries other than Cuba. Congressmen from sugar beet and cane areas urged that this measure be presented to the house, but a

## MAN ABSOLVED IN FARMER'S DEATH

BOISE, July 30 (AP)—A coroner's jury absolved Leon Jerome, 23-year-old Kuna farmer, of blame in the death of George A. Patterson, 49, who was fatally injured in a fist fight over responsibility for a broken pitchfork.

The verdict absolved Patterson "came to his death by means unknown to this jury following a fist fight with Leon Jerome on Robert Hodges' ranch."

Patterson died Sunday in a Boise hospital of a broken neck. He was allegedly struck by Jerome after the pair became involved in an argument over a pitchfork belonging to Patterson which was broken by Jerome while they were working in a grain field near Kuna.

Clark pointed out that the premium book is now on the press and will soon be ready for mailing and that some new classes have been added and a great many special awards by merchants and individuals are being offered in almost every department.

Renovation of the agricultural building is among the improvement work going on at the fair grounds at the present time.

"This year, in order to bring more people to the fair, including both exhibitors and spectators, the fair board has decided to sell family tickets for \$1 per family including children up to 18 years of age. This ticket is good for general admission to front gate and exhibits holder to enter all exhibits, carnival, and free afternoon program in front of the grandstand each day," Clark said.

Hillside rodeo company will furnish stock for the three night rodeo and an added attraction this year will be an amateur bronc riding contest, open only to amateurs from Cassia and Minidoka counties. The brand's carnival will play on the grounds during fair week. The three-ring picnically circus will be the attraction for the free afternoon program.

News dispatches from Buenos Aires indicate that announcement may soon be forthcoming of the consummation of trade agreements with Argentina and Uruguay involving reductions in tariff duties on dairy products and other commodities.

The war department announced the strength of the U. S. army at 1,487,000; national guard, 382,000; reserve officers, 63,200; and selective service trainees, 641,000.

## OAKLEY SERVICES HONOR YOUTH, 17

BURLEY, July 30 (Special)—Eldon Ross Martindale, 17, was buried in Oakley cemetery Saturday following funeral services at Oakley telephone. He was a son of Mrs. Elva Martindale.

Bishop Ivan W. Holt conducted last rites, "Jesus My Savior" was sung by a women's quartet, and Edward Watt gave the prayer. Marion Sevier sang "Teach Me to Pray." Speakers were Rosel H. Hale, Charles S. Clark and Bishop Holt. The quart sang "I Know That My Redeemer Lives" and "Beyond Today." David R. Martindale said the benediction. The grave was dedicated by William T. Harper.

Funerals were Max Kidd, Mat Warr, Delbert McFarlane, Glenn McMurray, Wesley Perry and Rex Martindale.

Funeral arrangements were under direction of Burley funeral home, Vern McCulloch in charge.

## Cassia Rodeo And Fair Will Set New High

Plans are progressing rapidly for a "bigger and better" Cassia county fair and Old Oregon trail stampede at Burley Sept. 3, 4 and 5, Saul H. Clark, secretary-manager, said here today.

## EDDIE LEONARD, STAGE STAR, DIES

NEW YORK, July 30 (AP)—Eddie Leonard, 70, last of the great minstrel stars, was found dead yesterday in the Hotel Imperial where he used to stay when he was a Broadway star.

Hotel physicians said death apparently was due to natural causes. The famous blackface comic had registered under the name of Joseph W. Leonard and his death might have been recorded as that of a routine transient had not the body been recognized by John Tringle, hotel manager.

A Bellevue hospital doctor said he believed Leonard had suffered a heart attack.

Leonard had been missing since 3 p. m. Monday when he left his hotel apartment and promised his wife he would return by 6 p. m.

# POT SHOTS

WITH  
The Gentleman in the Third Row

Dear Pot Shots:  
Who said a life guard doesn't earn his money?

"Two yesterday afternoon and I was talking to Frank Carpenter, Harmon pool manager, Guards Art Franz and Don Anderson had just come off duty. Guards Bill Polson was watching the other end of the pool.

"Two little girls got beyond their depth at the end where Frank and myself were talking. One was trying to hold the other one up but without much success. Frank saw it and dashed and swam to the rescue following utterance of two words which were 'damn it'.

"The damn it" came because Frank was fully clothed. It developed that, for instance, the pants he had on were only purchased three hours before.

But then he got the two girls to the bank, so after all that's what you do to do—clothing notwithstanding.

**FAREWELL, FEMININE**

One of our alphas glimpsed the following at Main avenue and Center north. He says it proves something. We say that what it proves was proved centuries ago but maybe you consider it interesting anyway.

"Shirley Smith, the small but beautiful blond, and a girl friend were sitting at the street corner (they probably see each other at least once a day but that's neither here nor there). Four times one of the other thought of something else to say and she got the job done.

Fifth time they got the job done.

**MORE ABOUT FISH**

As an aftermath of the recent item about Ken Ridgeway, fisherman, Pot Shots reports today that when he is fishing in the other day and vows he caught two fish at one casting... he had two files on his line.

This is not unusual, except it happens every now and then heretofore. What Pot Shots regards as worthy of notice is the fact that his partner, one Joe McElroy and one Bob Dickard, were so determined to catch two fish that they took to latching nets along with them.

"We're told that Mr. R.'s two-fish-cast were about seven inches long when he landed them. Ken persisted in using the landing net to 'haul' in these mighty trout."

**ARMY TRAINING DEPT.**

One Twin Falls draftee (parson, the army prefer) sent Pot Shots a postal card.

Down at the bottom of the card was this plaintive notation which we pass along to you constituents for what it may be worth:

"The training was the other way, scrubbing the water and mopping has to do with military training."

**SHUSH! YOU AREN'T BEING PATRIOTIC!**

Wonder how much these proposed "luxury trailers" for the army officers are going to cost the broke-backbones of the nation?

—Seydie Sedt

**THE PALM, IT SEEMS, IS TOO GENTLE!**

Dear Argument Leader:

Ferried with interest the contribution to the palm of the well-placed palm on the backs of frail children, and must say his heart is quite in favor of corporal punishment. He argues so well that he has convinced me but I would like to correct him in one phase of his argument.

"I don't think you can get any wrong by using the palm if you're going to administer the disciplinary action to the rear of the child. The palm of the hand is not well adapted for use as a spanking because it is the wrong part of the anatomy. If anything, the chief stinging will be felt by the owner of the palm to be used."

The child himself doesn't feel much retribution. He holds it, to be sure, but just to convince papa that he's a pain to terrify.

"The custom of our fathers and their fathers before them is still one I advocate. In short, a strap."

I believe parents will find that the strap, wielded once or twice, will be an efficacious means in preventing misdeeds because its memory lingers on.

—Admiral Beans

**AND HOW ABOUT 700 BITS OF MISCHIEVOUS OBEDIENCE?**

Dear Pot Shots:

Solonomon, so they tell us, had 700 wives.

You imagine what the poor fellow was up against with 700 simultaneous "but I haven't a thing to wear?"

—J. Wedded Was

## SERIAL STORY

### LESSONS IN LOVE

BY JERRY BRONDFIELD

YESTERDAY Barbara Chase became the first woman in her set who was unimpaired, back to back, with Uncle Hank Chase, wealthy oil man. Hank Chase, wealthy oil man, told her that she had to provide some assistance in the form of Chief Leaping Water, whose name in Dugan Blake and who is a detective, but she agreed to help him in the following way, she is a dark, handsome young man.

**CHAPTER II**

**CHIEF LEAPING WATER**—or Dugan Blake—was something of a shock to Barbara Chase. She was expecting, anyhow, this WASN'T what she expected.

"Beautiful flowers you have there," he remarked as they walked up the steps. "A perfect complement for a lovely lady."

She looked up startled but his face was expressionless.

"Say—for an Ind-I mean, you do well on the fattery on short notice, don't you?"

Again the faint smile. "For an Indian—yes."

Uncle Hank, supervising the unloading of Dugan's baggage, glanced at them and chuckled. Raising a favorite niece had its moments, and maybe he was heading for quite a few of them, all at once.

He was even more certain of it a few minutes later when Sue Bishop's convertible screeched to a stop outside. Sue was a tall, pert-nosed blond who had been a schoolmate of Barbara's. She was, in fact, her closest friend.

"What's this I hear about an Indian raid?" she called over her shoulder as she took the stairs two at a time. "Think we ought to send for the cavalry?"

Uncle Hank flashed a startled look upstairs, wondering if Dugan had heard. Probably not, though. He was in his room.

Sue burst into Barbara's room like a tornado on the upgrade. "Hey, what's this all about?" she inquired, tapping herself on the forehead, but Charles told me the household is getting set to welcome a redskin."

"Charles as usual was the well-informed butler," Barbara muttered. "He was right. Uncle Hank thinks I ought to share the white man's burden."

"The which...?"

Barbara explained. "But," she concluded, "things may not be so bad. Mr. Chief Leaping Water, or Dugan Blake, if you will, is just about the best-looking male ever set foot on these or any grounds in the vicinity."

"Furthermore," she added, heading for the shower, "he seems to have a pretty good veneer of civilization. Never can tell, though, when he'll revert to the tomahawk stage."

"It's him, not you, I'm worried about. But the poor boy wishes he'd never left his reservation or topee, or whatever it is Indians live in. When do I meet him?"

"Tomorrow night. I think we'll start things off by throwing a party for him at the Starlight Terrace."

Sue whistled. "The Starlight Terrace—for his debut."

Barbara winked. "Ought to be good."

**BUHL**

Catholics youth of Buhl sponsored an ice-cream social on the rectory lawn Thursday. Between 60 and 80 visitors were seen. Father C. M. Vertusone acted as host.

City council continued Tuesday the appointment of Miss Annette McElroy as auditor. Mrs. W. E. Ralph Morse, as new city librarian. She is to succeed Mrs. William Enns, whose resignation becomes effective Aug. 1.

Miss Doris Tracy and Miss Francis Ann Tracy, Austin, Tex., were week-end visitors at the Fred Matheson home.

Ede-haw and Tanga Camp Fire Girls held a weekly outing at their summer camp above Kelchum Sunday morning at 7 a.m. O. Whitaker furnished transportation by school bus. Mrs. William Gordon and Miss Margaret Orr accompanied the girls and will instruct them in handcrafts and nature study.

Fairlywell Grangers and families held a picnic at the Frank Atkins home Sunday to make a shave for the boys. Soft ball and horseshoes furnished entertainment.

Oscar Draw Community club held the annual family picnic at the park Sunday. Many attended the Young Democrats meeting while others enjoyed swimming.

Members of the damage done to his apple crop by the hail storm Sunday was considerable, marking the end of the season for the park. Hailstorm and Orr ranch was not hurt to any degree, but thoroughly thinned. Madeline orchard near Clear Lake was in line of the storm with resulting damage to apple trees.

An experimental electric locomotive of 4000 kilowatt capacity and a maximum speed of 115 miles per hour is reported under construction at the Soviet dynamo works at Moscow, the department of commerce says.

Dugan Blake was a distinct surprise. He looked like a native New Yorker.

"You'll be right at home tomorrow at the Starlight Terrace," Barbara said. "What a party that would be!"

Barbara cast an appraising eye over Dugan Blake as she walked between him and Uncle Hank to the dining room. She didn't think an Indian could look so nice in a gray flannel suit and brown and white shoes.

"He noticed her look. 'I don't really feel comfortable dressed like this,' he admitted. 'Your uncle—Mr. Chase sent me a list of the things I'd need in the way of clothes, but personally I'd rather wear corduroys and boots.'"

"How naive," she smiled. "Oh, by the way," she continued, noting the glint in his eye. "I've arranged to show you some of New York's finest night life tomorrow."

She turned to her uncle. "Uncle Hank, I hope you included dinner clothes in your instructions. We're having a party for Chief—I mean Dugan—at the Starlight Terrace tomorrow."

Uncle Hank looked at her suspiciously. "Not wasting much time, are you? Starlight Terrace, hey?"

"Do you mean I'll be formal?" Dugan broke in innocently. "I think maybe I can manage. Yes," he said moodily, "I think I have some formal clothes."

Dugan glanced up from the array of silver service at his plate, caught her eye and smiled. Yet he noticed throughout the meal that never once did he commit the slightest error.

Barbara Chase suddenly began to suspect that Chief Leaping Water had a lot more polish than her Uncle Hank had given her to believe.

"This party tomorrow night," Dugan said, "will there be many people there?"

"Oh, yes," Barbara told him brightly. "Most of my very close friends."

"Do you think they will find me interesting?"

"Of course. That's the idea, you know. They haven't met anyone like you before."

Dugan sighed. "The poor red man... always on exhibition."

"Oh, I don't mean that." Yet even as she said it, she knew he didn't believe her. There was something glitter in his glance as he searched her face coolly.

"Dugan turned to Uncle Hank. 'I should be used to the public gaze by now, though, shouldn't I, Mr. Chase?'"

Uncle Hank coughed nervously. "Yes, Dugan... er, yes, you certainly should, but really, I don't think Barbara meant that."

Dugan turned back to Barbara. His mouth was still smiling but his eyes were not. Barbara couldn't suppress the slight chuckle which crept up her spine.

"I trust I shall find your friends just as interesting," he said. "But then, aren't they—what do you call it—members of the 909?"

Barbara stiffened. "It's 400... but they're not. Not exactly."

He smiled again and this time his teeth gleamed, as though he was getting some enjoyment out of it.

"Oh... 400. I was giving them more credit than they deserved, was I not?"

Uncle Hank, almost choking in his wine glass, got to his feet. "I think we ought to get some of that six on the ground."

Inwardly he belling. Barbara walked with them to the rambling porch overlooking the spacious grounds of the Chase estate.

## EDSON IN WASHINGTON

By PETER EDSON

WASHINGTON, July 30—Chalk up another "no" for the Edson-Labor Non-Partisan league, the latest job of lobbying that Washington has seen in a long time.

The "no" of the lobby was the defeat in the house, 220-149, of the Connally-May amendments to the selective service bill, which was passed by labor disputes, and authorized the President to take over national defense plants where production is threatened by labor disputes, and authorize the army or navy to keep defense plants open during labor disputes. Those amendments were tacked onto the bill without hearings, had been considered fairly safe passage, as they were the first of the so-called defense-labor bills to reach the floor. But so effectively was the CIO-LNPL lobby organized that not only in what they were to do, but also in what they were to do against the amendments, giving the labor forces one of the biggest victories in months.

Nothing much happened during the week of June 28-29, and the original delegations went home, but not before C. I. O. headquarters had sent out a call for a July 7 meeting in Washington of six picked members from each of every district and two from each LNPL state headquarters. In all, about 350 came to town, and were installed in 10 Bridgeports or Salt Lake City, or the state of Washington.

### WELLS-ELY BUS SERVICE STARTS

WELLS, July 30 (Special)—At the bus celebration held Saturday, visitors attended from all over the state. Crowds began to gather on Main street at 1 p. m., to witness the foot and bicycle races held there. By 4 p. m., the time set for the arrival of the bus delegation from Ely, approximately 2,000 people had assembled.

A delegation from Wells met the Ely delegation, arriving on the new buses, at the junction of highways 40 and 92. The high band band joined the procession at a point near Lone Star station and led it through the business district of Wells to the Southern Pacific depot.

Progress  
J. F. McElroy, member of Wells Commercial club committee for the celebration, acted as chairman of ceremonies at the depot. Mr. McElroy stated that the inauguration of this bus service was a step of progress in means of transportation between Ely and Wells. Horse drawn stages are in the high school bus cities. For many years Nevada Northern railroad has been in operation. Bus service will commence Aug. 1, 1941.

Mr. McElroy introduced Mayor George T. Toombs, Wells, who delivered the address of welcome to visitors. Mayor Gallagher, of Ely, responded.

Consisting the new buses followed. City Clerk Miss Margaret Gray broke the bottle that christened the "City of Wells." The "City of Ely" was named by Miss Faye Feltner, daughter of the president of Commercial club, Austin Feltner, and majority in the high school band. Following the christening ceremony, the band saluted the new buses in musical selections.

Chairman McElroy introduced the governor of Nevada, E. P. Carville. Governor Carville expressed his feeling of being "back home" when returning to Elko county.

Transportation is important to our country," he stated. "We are in line with the march of time. I am proud to see this development in Elko county. Our transportation system means much to us, especially at this time." Governor Carville stated that he was proud of development of transportation throughout Nevada.

Senator's Son Talks  
Senators Pat McCarran and Berkeley Bunker and Congressman Scruggs were unable to attend the celebration because of pressing official duties in Washington. D. C. Samuel McCarran, son of the senator, was called upon to say a few words pinch-hitting for his father. He stated that the senator was very interested in the progress of the community.

Justice of supreme court of Nevada, Judge Fisher, expressed his pleasure in visiting the city and county.

Charles Sexton of Nevada public service commission stated that this occasion marked the culmination of two years' efforts to improve transportation between Ely and Wells. Granting permission to carry passengers intra-state to Nevada motorists will greatly benefit members of the community.

Following the addresses at the depot, a cocktail hour was held in the fraternal hall. At 8:30 p. m., a banquet was served to the distinguished guests and many townspeople. In the evening a grand ball was held in the fraternal hall. Commercial club committee in charge of the bus celebration was J. F. McElroy, John Diarasia, Emery Smith, E. J. Oermott and Austin Feltner.

Japanese residents of the island of Gunn number 320, according to the census. Only 28 of the 787 white population were born on the island.

### JAYCEES SEEK SKI PROJECT AID AS CCC REMOVAL LOOMS

Officials of the Twin Falls Junior Chamber of Commerce today urged the state to determine some method of constructing a ski shelter in the Magic mountain area after word was received that CCC camp P-402 will apparently not be available.

"From all appearances, the CCC camp now on Rock creek will be closed, according to word received from Idaho's congressional delegation."

Plan Conference  
A delegation from the Junior Chamber will probably go to Curtis Price, Mindoka forest supervisor, regarding status of the proposed construction. The junior and senior chambers have put up the necessary sponsoring funds for the construction.

In part a telegram sent to Idaho's congressional delegation read as follows:  
"Development of Mindoka national forest recreational area is increasingly important, both summer and winter. Funds for recreational facilities have been turned over for several years of money to match federal funds for recreational facilities with the promise that by so doing CCC camp P-402 would be retained to do the work. Having learned Rock creek camp may be moved about Aug. 1, your support in attempting to retain the camp is urgently requested."

Replies  
Replies were received from Senators D. Warrick Clark and John Thomas and Rep. Henry C. Dvorshak.

Senator Clark wired: "Closing of camp P-402 is part of general reorganization, leaving camps only in strategic fire areas." He added that he had been informed that no funds received by the forest service had been spent and that if the service is unable to fulfill the commitment the funds will be returned.

Senator Thomas wired: "Mr. Merrill of agricultural department had hoped to retain the camp permanently, but a large number of additional camps are to be cut out about first of August and he does not see much possibility of retaining this camp. There is a great deal of difficulty these days in getting enrollees, owing to defense program, draft and so forth."

To Percupine Springs  
Rep. Dvorshak: "It was recommended that camp P-402 be closed on June 1 for the season, in line with procedure followed in the past. The CCC director has approved the transfer of the enrollees of camp to camp P-100 at Percupine springs, and there is no plan to close camp P-100 present time."

Jaycee officials indicated that there might be "some way" to have the CCC director also approve but this awaits the conference with Price.

Scouts and Scouters now in the camp follow:  
Troop 71—Leland A. Peterson, John C. Clark, John S. Frank, Louis Lee, Scouters; Wesley Peterson, George Lee Dalian Elquist, Donald Hale, Robert White, Fred Whitley, Donald J. Clark and Karl Bates.

Troop 25—William B. Petersen, Donald L. Maybe, Farley L. Tolman, Eugene Pickett, D. L. Maybe, Scouters; Arden Bruce Gee, Bob Robinson, Claude Maybe, Darwin Crane, Lawrence Helms, Hal Pickett, Paul Maybe, Jack Tolman, Bob Mathews, Curtis Lee.

Troop 202—Boyd Ririe, Freeman Whittle, Rosal Hale, John S. Martin, Charles S. Clark, Scouters; Harold Pickett, John A. Crane, George Erickson, Scouters; Raymond Davidson, Aubrey James Emery, Asburn Larson, Robert C. Nelson, Richard Warr, Keith Taylor, Ferrol B. Simpson, Hal Eugene Sullivan, Benar Judd, Eldon Pickett, Ernest Pickett, Eddis Pickett, Charles Peterson, Robert Nelson, Robert Fairchild.

Troop 10—Joseph McLaws, Garmel Port, George Stanger, Scouters; Mark Critchfield, Vernal Stanger, C. L. Milton, Glenn M. Stanger, James Port, Wilbur Port, Llewellyn Hart, Junior McLaws and Floyd Fairchild.

CHANGED  
NEW YORK, July 30 (AP)—The Communist party changed its slogan today.

"For a year and a half the rallying cry has been: 'The Yanks are not coming.'"

"Today, with Russia in the war, the Daily Worker published a new motto. 'The Yanks are not coming too late.'"

### OAKLEY BOYS ON WEEK CAMP TRIP

Members of four Boy Scout troops from the Oakley section are now encamped on Boardman creek for a week of "outdoor life." Scouting officials announced today.

The boys are members of troop 202, sponsored by the M. L. A. of the Cassia stake; troop 22, sponsored by the second ward L. D. B. church; and majority in the high school band of the same church, and troop 77, sponsored by the first ward.

### POWER SEEN FOR WATER PROJECT

BOISE, July 30 (AP)—A supply of electric power for use on the Rathdrum prairie irrigation project near Coeur d'Alene may become available as the result of U. S. reclamation bureau recommendations for development of a site at Cabinet gorge on the Clark's Fork river. E. V. Berg, state reclamation commissioner, said today.

The cabinet gorge site was one of 50 for which the federal committee alone recommended grants be made by a senate sub-committee.

Construction of the cabinet gorge plant, which has a potential capacity of 100,000 horsepower, might solve the problem of Coeur d'Alene residents who have sought power for pumping water onto the Rathdrum prairie, Berg declared. Previous plans were to obtain Grand Coulee power for use on the project, but Berg said the new site would provide a power source within the state.

### Wooderson Injured

LONDON, July 29 (AP)—News which in peace time would cause an athletics sensation becomes just a passing reference in wartime days. Byrd Wooderson, fastest half-miler in the world, has sprained an ankle, and has had to rest from athletics. He is a corporal in the Pioneer corps.

### CAMP RESIDENTS LABOR IN FIELDS

Every able bodied resident of the farm labor camp south of the city is working in the fields at the present time. Roy C. Lane, camp manager, said today.

Lane said that most of the men and women working have secured their jobs through the Idaho state employment service office which is located at the camp. The office has a private telephone, number 108.

At the same time Lane announced that cots which are used for rest periods during nursery school hours have arrived and are now in use.

### Orchards Escape Damage by Hail

Despite earlier reports to the contrary, the extensive Marquardsen prune orchards near Buhl escaped all damage from the Sunday hailstorm, F. C. Marquardsen, proprietor, said today.

"There was no damage whatever to the prunes," he declared.

Marquardsen said he expects a "fine crop" of prunes this year. Picking will start between Sept. 10 and 25.

The Harvey orchards near Buhl, reported to have been slightly damaged, also escaped completely.

More than 8,000,000 poultry feeders and waterers now are produced annually by U. S. factories, according to the census bureau.

### Skinner and Thompson Marriage Announced

Romance rumors have been buzzing since the issuing of invitations to an evening party in honor of Miss June L. Thompson, but the 32 guests who assembled at the Buchanan street home of Mr. and Mrs. P. R. Thompson last evening, were completely unprepared for the announcement that came as a "bolt from the blue."

Instead of receiving betrothal news, friends of her guests were informed of her betrothal to Ivan Bernard Skinner, Twin Falls, at St. Anthony, last May 29.

Alpines Motel  
Covers of the combined place covers silver airplanes, outlined with blue, with silver moons overhead.

The second page, printed as an airplane, bore the following legend:  
"Pilot, Ivan B. Skinner; co-pilot, June L. Thompson. Destination, Aug. 17, destination unknown. Return flight, the home airport, 6:40 A.M. May 29 at St. Anthony."

The couple will leave Aug. 17 on a wedding trip.  
Both the bride and bridegroom hold private pilot licenses from the O. P. T., and are aviation enthusiasts.

Following her graduation from the Twin Falls high school, Mrs. Skinner attended Colorado Wesleyan college, Denver, for one year, and is now associated with the ACA bureau here.

Mr. Skinner, a graduate of the Buhl high school, attended the University of Idaho, and is now associated with the Twin Falls Bank and Trust company. He is the son of Mr. and Mrs. R. B. Skinner, Buhl.

Mrs. Thompson, Miss Kay Thompson and Miss Frances Thompson, mother and sisters of Mr. Skinner, were hostesses at last night's cocktail party.

At contract bridge, Miss Margaret Magel and Miss Marjorie Kingbury won honors, and Chinese checkers prizes went to Mrs. Marjorie Severin, Jerome, and Mrs. George Cappel.

### WOMEN SEEK ANTIQUES FOR OLD-TIME DISPLAY AT FAIR

What's the "something old" of your prized possessions that you've been thinking about displaying at the Twin Falls county fair this fall?

Do you have something in furniture or bric-a-brac that could be utilized in furnishing the four-room replica of the old-fashioned house in the antique department?

In order that the rooms may be plated in advance, Mrs. Emma Blodgett, superintendent, and Mrs. Everett Hayes, Twin Falls, assistant superintendent, would appreciate a telephone call, describing what you think they might use in this line. They'd like to know fairly soon, even though the fair closes open until early in September.

Different Furniture  
"All the major furnishings in the room this year are different from last year, though some of the 'background' fittings will be the same," Mrs. Blodgett said today.

A handsome bird without bedroom suite is among the items already promised the antique department committee for display this fall.

Another southern Idaho resident has consented to loan for the period, Sept. 9-12, an original Willow ware dinner set.

The four rooms to be furnished, complete with "gadgets" of other days of American life, are a living room, dining room, bed room and kitchen.

"A guard will be stationed at the building at all times, and visitors will observe all measures of caution to see that heirlooms are not handled or misplaced," Mrs. Blodgett declared emphatically today.

The other side of the building will be devoted to a quaint "shop department."

"Experts in the collection of authentic Indian relics will display their personal collections."

Regarding entries which may complete for prizes, the following conditions are set forth by the Twin Falls county fair board:

"Entries close in this department at 8 p. m. on Saturday, Sept. 8. All articles must be in good condition and over. Wherever possible a historical should accompany each exhibit. Exhibits will be judged according to age and condition, and of artistic appearance and form. Articles that have been exhibited and won awards may be exhibited for display only. Only articles that have not won awards may compete for prizes."

SAILOR HONORED  
AT HARMON OUTING  
Jack J. Obbe, who is home on furlough from the United States naval training station at San Diego, was guest of honor at a picnic Sunday at Harmon park, attended by his parents, Mr. and Mrs. J. C. Obbe, and family; James D. White and family; Mr. and Mrs. C. P. McClinton, Mr. and Mrs. G. W. McClinton, Mr. and Mrs. W. A. Zachary, and family, and Miss Betty Cannon, all of Buhl.

### Courtesy Given For Mrs. Swim, Eastern Guest

Mrs. Henry J. Wall presided at a bridge breakfast Tuesday morning at the home of Mrs. C. W. Vetter, honoring Mrs. H. Dudley Swim, Summit, N. J., house guest of Mr. and Mrs. Arthur L. Swim.

Mrs. Swim was one of a number of courtesies arranged this week for Mrs. Swim. Her husband, Howard, is on a business trip to Chicago and will arrive in Twin Falls next Tuesday for a brief visit, before they return to Summit.

Mr. Swim is vice-president of the National Investors corporation, New York City.

Mr. H. A. Block and Mrs. Marshall Chapman won honors at the bridge breakfast, and Mrs. Wall presided at the tea.

Twenty-four guests were present, including a number of out-of-town vacationists.

### Sprachers Give Farewell Party For Crabtree

At a farewell party, Mrs. and Mr. Jay Spracher, of Fork, Idaho, entertained Monday evening in honor of Mr. and Mrs. "Chick" Crabtree, who are leaving soon for Albuquerque, N. M., where Mr. Crabtree will assume the position as production manager of a radio station.

Among the guests of the party were Mrs. Wm. McClinton, Mrs. "Little Theater" association, Mrs. Crabtree directed the Barrie play, "The Merry Wives of Windsor."

Mr. Crabtree appeared in a leading role. During a picnic supper which was served fully at the home of the Sprachers home, Miss Beth Henderson, contended as a Negro, added to the merriment by playing the role of a maid who "didn't know her place."

After a session of outdoor games, Mrs. Crabtree enjoyed a game of Spracher, who played Solovoz numbers.

Among the guests were Mr. and Mrs. John Quincy Adams, Mr. and Mrs. Milford Merrill, Mr. and Mrs. Ver Cox, Mr. and Mrs. Will Wright, Mr. and Mrs. Tom Owen, Mr. and Mrs. John Gardner, Miss Mary Olson, Tom Ivary, and Mr. and Mrs. Warren Rappaport.

Mr. Crabtree plans to leave Saturday for Albuquerque, while Mrs. Crabtree will follow in about two months. They will be accompanied by Mr. and Mrs. W. E. Eason, Buhl.

### Buhl Delegation Leaves for Camp

BUHL, July 30 (Special)—Twenty-two women left for the city hall at 4 a. m. Tuesday for women's vacation camp at Baptist assembly grounds above Ketchikan, Alaska, for the first day of the season, July 31, Aug. 1 and 2.

Those attending from here are Mrs. Ed Olson, Mrs. E. E. Brewer, Mrs. George Smith, Mrs. Wm. Owen, Mrs. M. E. Hansen, Mrs. Tom Helmanek, Mrs. Lillian Haught, Lucille, Miss Lulu Leonard, Mrs. Octavious Spence, Mrs. John Ridd, Mrs. B. O. Ewing, Mrs. William Vogel, Mrs. E. E. Olson, Mrs. E. E. Jannet, Mrs. Adolph Macchack, Mrs. Ralph Skinner, Mrs. Charlie Hart, Mrs. M. Homing, Mrs. Nettie Sherrington, South.

Each group furnished its own produce and bedding. Cooks have been assigned to do the cooking for the camp. Outstanding 4-H girls will assist with table service.

Mrs. Edith Macchack is in charge of transportation for Buhl.

FINE HAIR COIFFURES  
The most satisfactory coiffures for hair that is both fine and oily are simple, easy-to-care-for ones. Unless it is below shoulder length, fine hair should be styled in any kind of unswayed arrangement. If it is thin as well as fine and oily, short bobs will look neater than long hair.

"Unless your hair is long enough to stay put for hours, think twice before you decide to wear a ribbon bow instead of a hat, or wear a crownless hat."

"SUMMER STYLING"  
The problems of the girl whose hair is just naturally oily seem to be more than doubled during the hot summer months. Her hair, if it is heavy, makes her hair damp as well as oily. Brushing should help the condition, but, providing it is done regularly, brushing at regular intervals will make the hair seem even more oily. Try brushing it every three months and see what happens.

FEMININE BEDROOM  
For a very feminine bedroom, not over a pastel color works up delicately. Make day pillow cases of, for instance, a rich, dusty pink seersucker and cover with a slip of lace net ruffled all around. Make the bed with a very fine net over a deep flounce sewed on with a narrow deep flounce. A patterned sheet in harmonious colors would be suitable draperies and slip covers.

### Vacationists Among Guests at Courtesies

Miss Jean Sweeley and Miss Anna Sweeley entertained at the first of a series of two bridge breakfasts this morning at the home of their parents, Mr. and Mrs. E. M. Sweeley.

Miss Jean Sweeley, instructor in the Boise school system, is spending part of her vacation with her parents. Miss Anna Sweeley, who has just completed a course in physio-therapy at the Walter Reed general hospital, Washington, D. C., is home on leave of absence, and will be located with the United States army this fall.

W. Snodgrass and Miss Hungerford United at Rites  
JEROME, July 30 (Special)—According to an announcement made this week by Dr. and Mrs. E. M. Snodgrass, Jr., their youngest son, Walter, and Miss Doris Hungerford, daughter of Dr. and Mrs. Charles Hungerford, were united in marriage in a garden ceremony, performed last Sunday afternoon, July 27, at 3 o'clock at the home of the bride's parents in Moscow.

Approximately 40 guests attended. Both were graduated students of the University of Idaho this spring. The bride receiving her bachelor of music degree, and Mr. Snodgrass, his master's degree in music.

The couple is spending several weeks' honeymoon at Payette lakes and other region. They plan to be in the city for the wedding reception, Dr. and Mrs. E. M. Snodgrass, Jr.

Mr. Snodgrass has early this fall for Orofino, where Mr. Snodgrass has accepted a teaching position in the schools, as music instructor.

### KEYNOTE OF FAITH OFFSETS GLOOM AT VACATION CAMPS

By JEAN DINKELACKER  
While confidence is being given to the fact that this country is facing a national emergency, there is the soothing "army camp" about the women's vacation camps being held throughout Idaho this summer. Miss Marjorie Hepworth declared here yesterday.

Dr. Powell is director of dramatics at the University of Idaho, southern branch, Pocatello. Idaho women are getting better acquainted with wool, the Gem state's staple, through the efforts of Frances Gallatin, Boise, a clothing specialist, who will speak from 2:30 to 3:00 o'clock Wednesday afternoon, July 30, at the Easley hot springs camp.

They are being familiarized with the wool labeling act, and are learning how to buy wool products. Miss Hepworth's research has disclosed that it takes five pounds of raw wool to make one pound of finished fabric and otherwise equip one soldier in the army.

"America is unequalled in producing 100 per cent all wool and a yard wide," wool speaks health in the wool labeling act, according to Miss Gallatin.

Mrs. John E. Hayes and Mrs. Rose M. North, both of Twin Falls, are among the speakers on the Easley hot springs camp roster.

Especially well-received at the camps conducted thus far, has been the address by Dr. Vio May Powell, "Mother's Influence on the Child's Faith," according to Miss Hepworth.

In this address, she points out that Robert Sherwood and Maxwell Anderson are among the playwrights who are using drama as a medium of restoring man's faith in himself.

### Calendar

American Legion drum and bugle corps members will practice at 8 p. m. today at the American Legion Memorial hall. Members are requested to bring their music books.

Church of the Brethren Missionary circle meet for a pot-luck luncheon Thursday at the Healdt home in Hazelton. Each member is requested to bring a covered dish and table service.

SPARKLING GLASS  
To make playglass sparkle, add a little ammonia to the water in which you wash. Be sure of course, of any ammonia when you are washing glassware with gold or silver encrustations.

### Camp Mary Lois To Entertain at Party in August

Officers of Camp Mary Lois, Daughters of the Utah Pioneers, met last evening at the home of Mrs. Jennie H. Crowley and formulated plans for the party Aug. 18 at which Camp Mary Lois members will be guests. Local members of the party will be announced later.

Mrs. Florence Kirkman was named chairman of the program; Mrs. Pearl L. Brown, entertainment, and Mrs. Ivy Jensen, refreshments.

Interest for the Camp Mary Lois will be held at the city park Tuesday, Aug. 5, with Mrs. Allen B. Harris, Mrs. Nettie Whitehead, Mrs. Jensen and Mrs. Crowley in charge of invitations and refreshments, and Mrs. Mary C. Richards and Mrs. Purdette Farmer directing entertainment.

During the business session, Mrs. Blanche Johnson was released as first vice-captain and appointed as captain of the camp to fill the vacancy created when Mrs. Maude T. Hobley moved to California. Mrs. Mary C. Richards was appointed first vice-captain. Mrs. Brown is second vice-captain. Mrs. Whitehead was appointed as organist.

Mrs. Inama announced the July Sunday program, given by Camp Mary Lois in connection with the sacrament meeting of the ward, being presented July 27.

Mrs. Hazel J. Potts gave a talk on the pioneers, and Melbourne Jensen played a violin solo, "Serena," by Enrico Toselli, accompanied by Miss Patricia Smith.

ALL "DATE" DAYS  
The other day we needed a young magazine writer who she always managed to look so well-groomed, she replied, "I just guess that I have a really important lunch date every day and I dress accordingly. Just before I go to bed, I always go over in my mind what I am going to put on the next morning, and if I don't know where the accessories are, I don't know where to go to get them."

WASHING LACE  
When washing lace household accessories such as lace net spreads, curtains, and lace tablecloths, use lukewarm, mild suds, handle gently and rinse thoroughly. To add body and finish, add a light starch to the rinse water. Press with a warm iron on the wrong side over a padded board if there is a raised design or better still, pin on an adjustable curtain stretcher.

UGLY PHONE VOICES  
"I don't think I'll interview Miss So-and-so for the job," an important executive said the other day. "She's perfect for the appointment, but her voice is so unpleasant over the phone that I don't think we would hire her, however good an impression she might make in an interview." Ten voice lessons might be a better investment for the job-hunter than two new dresses or a new permanent wave.

BUYING FURNITURE? REMEMBER THESE RULES:  
1. Buy according to size of your rooms. Massive pieces are out of place in small rooms, or vice versa.  
2. Buy on quality first, on price last, when possible.  
3. Demand exact description of woods and veneers.  
4. Examine wood construction and joints of upholstery and furniture.  
5. Mattresses and box springs should be guaranteed to have sag-proof edges.  
6. Furniture in one room should not all be of the same height or size. If you have plenty of low chairs and a sofa, let one new piece be tall.  
7. Slip-top-heavy little tables with unstable legs. Top and legs should be in correct proportion. Otherwise table will wobble.  
8. Short, squatly lamps seldom provide good reading light.

### Fidelity Bank Units Attend Annual Picnic

Annual midsummer picnic for the officers, directors and employees of the Fidelity National bank, Twin Falls, and the branch bank at Filer, was staged last evening on the rolling lawns at the home of Mr. and Mrs. Arthur R. Scott, Hansen.

The supper was served rustic style at a single table, 56 persons being seated. Garden flowers and greenery formed a striking centerpiece.

Divertissements were ping-pong, croquet and horseshoe pitching. The lawn was illuminated by colored lights, and a campfire furnished additional glow to the scene the latter part of the evening.

Directors, officers and their wives and families were present. These included Mr. and Mrs. G. H. Shesher, Mr. and Mrs. Roy Painter, Judge and Mrs. W. A. Babcock, Mr. and Mrs. Ernest F. Stetler and Mr. and Mrs. Loyal F. Ferry, Twin Falls.

Mr. and Mrs. Ray H. Shaver, Mr. and Mrs. Earl S. LaRue and Mr. and Mrs. Louis Hack, Filer, and Mr. and Mrs. Booth, Hansen.

Germany's birth rate in 1940 exceeded all previous years.

# JAPANESE SEEK RUBBER, TIN AND OIL IN INDO-CHINA

## NIPPONESE READY FOR CONFLICT TO GET NECESSITIES

(Editor's note: This is the third of H. O. Thompson's series on Japan today.)

By H. O. THOMPSON  
NEW YORK, July 30 (Special)—Numerous Japanese newspapers carrying their war news from the jungles and sleeping in trees to escape ligers and bears, were the first to announce Japan's present southward advance.

The merchants who first went into Malaya, Siam and French Indo-China nearly 50 years ago have been replaced now by corporations who want to deal in rubber, tin and oil instead of patent medicines.

Japan believes that access to those materials is vital to her continued existence. She would be willing to fight for them if she can obtain them in no other way.

In the four years of the Sino-Japanese war, the number of Japanese in China increased from 86,000 to 210,000. Restrictions on immigration have kept the Japanese population in the East Indies and the Philippines fairly static in recent years but the Japanese are pouring into French Indo-China and Thailand with the idea of developing their rich resources.

Further Privilege Wanted  
The ratio of six to one by which the Japanese population in China has increased would be equalled or exceeded in any south sea country to which the Japanese could gain access.

The present emphasis in the Japanese press upon Thailand indicates Japan wants further privileges for exploitation and using there. Some of the same products which come from the East Indies are available in Thailand and possession in the latter country would be at less risk of war than would be the case in the Indies.

The Japanese already have formed companies which are operating in Thailand and plenty of Japanese capital would be available if the operations were increased. Japan would be leading on British interests there but would hope to avoid a frontal clash.

The big and powerful Mitsui & Co. already is operating in southern Thailand—rubber and tin—and another great Japanese firm, Mitsubishi, either had started a branch there or will soon. Other companies there are The Daido Trading company, The Romura Trading company and The Daiwa company.

British There First  
The latter three companies are buying rubber. Mitsubishi is mining tin. Toko company is mining wolframite.

The British got in ahead of the Japanese on development of this region, which is adjacent to Malaya. Japanese firms thus far have been able to obtain only about 100 tons of tin monthly. Japanese firms have been obtaining around 2,000 tons of rubber per month.

If Japan could get control of Thailand's entire rubber and tin output it would improve the nation's economic position to a great extent.

With the powerful Mitsui and Mitsubishi interests eager to increase their operations in Thailand it is natural for the government to support them in every possible way. How far they are prepared to go remains to be seen.

Regarded as "Conquest"  
Japan has made much of her friendship for Thailand and recently was the arbiter in a dispute between Thailand and French Indo-China. Japan apparently now has become a victory-oriented protector of Indo-China in a move regarded by the United States as one of "conquest." She may extend the same kind of "protection" afforded Indo-China.

Thailand was none of that sort of protection the Japanese make an issue out of the activities in Tokyo of Phya Sri Banna, Thai minister. The Japanese have been building up a quiet campaign against Banna, saying he is of Chinese descent and is an unappreciative with Japan's friendly intentions.

## German Campaign in Russia Holds Key to Hitler Future

(By United Press)

The German campaign against Russia, the way it has developed, may prove to be the turning point of the war.

It is too early to tell yet, with the issue in western Russia hanging in the balance, but the potentialities are enormous. Every one of the far flung battle fronts encircling the globe would be affected, regardless of the outcome.

Three Possibilities  
There are at least three possibilities. Germany might win before autumn, in accordance with the original objective of the military. Russia might be able to hold out until fall and perhaps into the winter. Russia might—which at present seems a remote possibility—win.

It is a broad canvas, with mighty stakes at issue. The future moves of Japan, Britain and the United States depend to a large extent on the outcome, as do the future moves of Germany.

Department commander R. W. Nelson, Welter, conducted obligation service for five families of Buhl and Twin Falls posts. George McPhail talked on the importance of the veterans' bureau.

At the close of the formal program a social hour was enjoyed. Arrangements were in charge of Leonard Almqvist, commander, and Charles Shaddock, adjutant.

## WHEAT STOCK IN IDAHO INCREASES

BOISE, July 30 (Special)—Stocks of old wheat stored on Idaho farms and in warehouses, mills and elevators have increased 25 per cent in the last year to total 6,400,000 bushels, the agricultural marketing service reported today.

On July 1, 1940, total stock was 4,760,000 bushels. This year's total exceeded average figures for every year since 1930.

The agency said 3,750,000 bushels of wheat have been taken from storage in Idaho since April 1, but stocks still total 3,700,000 bushels in warehouses and elevators, compared with 2,825,000 in 1940. On farms the stock was estimated at 3,170,000 bushels, compared to 2,310,000 bushels last year.

## Lightning Fires Burn Forest Land

BURLEY, July 30 (Special)—Three lightning fires burned over 80 acres of Minidoka national forest land Sunday evening in the west Cassia division.

The flashes struck about 4:30 p. m. and it was after 10 p. m. before the blaze was under control. In charge of fire fighting were Ranger Elmer C. Ross, Twin Falls, J. W. Green, Ryeocreek, and O. S. Butler, Kimberly.

This fire was the first one to be reported to local headquarters from the new lookout point on Pike mountain.

Chester Moron Rabbit, 22, and Mary Helen Stapleton, 18, both of Oakley, Friday.

## POPULATION PEAK NEARS FOR IDAHO

BOISE, Ida., July 30 (Special)—Idaho is nearing its population peak, according to figures announced by the U. S. census bureau today.

Rate of population growth in the Gem state will show a marked decrease during coming decades, the bureau report said. In Idaho it was estimated the optimum population would total about 612,000 persons, compared with the 1940 population of 525,440.

In estimating populations throughout the country, the bureau said that from 1945 to 1955 the population growth will show a sharp decline. 1955 was the year likely to show America's greatest population—a total of about 135,000,000—after which population will decrease.

"Obviously," the report said, "the estimates do not take into account the possibility of any major social changes which might affect future population growth."

## Cochrane Beats Zivic to Take Welter Crown

By JACK CUDDY

NEWARK, N. J., July 30 (AP)—The berserk fight game has spawned another genuine "Cinderella man" in Freddie Cochrane, the red-headed, sudden-faced Irishman who wrestled the world welterweight championship last night from supposedly invincible Fritz Zivic.

Cochrane's 15-round decision was probably the greatest boxing upset since that other Jersey Irishman, Jim Braddock, took the heavyweight crown from Maxie Baer six years ago.

Zivic could feel the upset coming in that first round because Red Cochrane of Elizabeth, N. J., came out of his corner and fought just like his fellow townman, Mickey Walker, fought in the days when the great Mickey wore the welterweight and middleweight crowns.

Before the opening gong sounded, Cochrane sat there in his corner with the white towel wrapped about his neck with a poker-faced expression that most persons interpreted as resignation to the fact that he was an underdog.

Rough and Tough  
But after one minute of fighting, everyone realized they were watching a rough, tough young fighter—perfectly conditioned and out to win. In that first minute of this thrilling championship battle, underdog Cochrane revealed his and his shrewd handlers had mapped out a double-barreled combination that might beat the champion. The combination was this:

(1) Every time Zivic resorted to his illegal specialty of getting a left-armed hammer-lock on Cochrane's neck and tried to pull Cochrane into right-hand punches, Mr. Cochrane—smaller and lighter than the champion—simply reared up and butted Zivic right in the face.

(2) Every time Zivic tried to get into his smashing straight right to the head, Cochrane's hands were raised and he threw his left hooks into Zivic's ultra-tender belly every time Zivic tried to get set to launch his smashing straight right to the head.

Winner's Strategy  
That was the story of Cochrane's triumph: But him in the past at close quarters and slam him in the belly at a distance.

But Zivic made a desperate fight of it. And when the fight was over, Pittsburgh is desperate anything goes. Zivic used all the tricks that he had picked up from his fighting brothers in an attempt to make a comeback. Cochrane's defense of the crown which he had won from Henry Armstrong last October.

The peak of the back-alley brawling was reached in the fourth, when Cochrane "damned sore" because he got a lot of thumbs in his eye, wound up and drove a left hook into Zivic's groin. Referee Joe Mangold of Atlantic City penalized the challenger for this infraction and gave the round to Zivic on a foul.

Surprisingly, Cochrane forced the fighting in most rounds although he was out-weighted 145 to 142½ pounds, and was three or four inches shorter. There were no knockdowns and the only blood spilled came from a slight gash at the corner of Cochrane's left eye—suffered in the 12th round. Referee Mangold gave Cochrane seven rounds, scored four for Zivic and four even.

## Lio Closes in On Harmon in All-Star Vote

CHICAGO, July 30 (AP)—Tommy Harmon, Michigan halfback, and Augie Lio, Georgetown guard, entered a nip-and-tuck popularity battle today as final votes were tabulated to select a college all-star football squad.

A heavy influx of late balloting lifted Lio's total to 1,622,493 votes and slashed Harmon's individual lead to 71,000. George Franck, Minnesota, halfback, was third with 1,024,473.

And three are assured starting positions on the squad of 10 players which plays the Chicago Bears, professional champions, Aug. 28. Final results of the poll will be announced tonight.

## Game Called In 12 Innings; Pirates Win

By PAUL SCHEFFEL

NEW YORK, July 30 (AP)—There's an adage in major league baseball that "pitching wins pennants in the National League" but it apparently won't turn out that way if either the St. Louis Cardinals or the Brooklyn Dodgers win the 1941 flag.

Neither team has a pitching staff that can put two nine-inning pitchers on the line for two consecutive days. The Cards lead the league by two wins. They have six regulars hitting .300 or better and two benchwarmers over that figure. They have speed to burn and a darn good manager in Billy Southworth. But their pitching staff has staggered so under the pace that 27 hurriers have come to the mound in their last nine games.

It's much the same with Brooklyn. Leo Durocher is one of the outstanding, finger-click managers in baseball. He has a crackerjack infield and phenomenal young hitter in Pete Reiser. But 28 hurriers have trudged to the box in the Dodgers' last nine games.

Cards Rally  
The pitchers of both clubs were put to a severe strain in yesterday's 7-7 deadlock which lasted three hours and 31 minutes and went 12 innings.

St. Louis spotted Brooklyn a 4-1 lead as late as the sixth inning but, under the leadership of manager Hugh Casey bore down and caught pinch-runner Eddie Lake at the plate on Wagner Cochrane's bat and got pinch-hitter Cookie Draboltz on a pop-out.

Pittsburgh continued its headlong pace by downing the Boston Braves, 5-3 for victory No. 10 in 11 starts and No. 20 in 26 games.

Reds Beat Giants  
Cincinnati walloped the New York Giants, 7-1, in a game that was dominated by the Philadelphia Phillies, 12-4.

In the American, the Detroit Tigers collected only seven hits but received 13 bases on balls to score a 6-3 triumph over the New York Yankees.

Cleveland out the Yankees' lead to 10½ games by defeating the Washington Senators, 4-1. Luke Appling tripled Taft Wright across with the winning run as the Chicago White Sox blanked the Philadelphia Athletics, 1-0, the loss dropping the Mackmen back into the second division.

St. Louis defeated the Boston Red Sox for the sixth straight time this year, 3-2.

## 12,000 Watch South Win Coast Game

By United Press  
Nearly 12,000 persons who turned out last night to see the first Pacific Coast league all-star game got the treat of their lives and assured the game will become an annual institution. The south won over the north, 3 to 1 and credit for the exciting performance goes principally to the eight pitchers who toiled during the evening.

Yank Terry, San Diego; Larry Jacob, San Francisco; Sam Rice, San Diego, and Hiram Blithorn, Hollywood, gave the northerners just what they needed to win.

The southerners themselves were permitted only six blows by Hal Turpin, Seattle; Henry Pippin, Oakland; and the champion, Wally Hedrick, Hollywood, Sacramento.

Hollingsworth men took part in the game and the pitchers presumably were picked for their hitting ability, yet only five managed to get into the hit column.

Lefty O'Doul of San Francisco managed the winning southerner, while Pepper Martin of Sacramento master-minded the north. Next year's game will be played in Los Angeles.

# Lefty O'Doul Will Get Job Of Managing N. Y. Giants

Returns to Polo Grounds

Brooklyn has taken the play away from the Giants and the Yankees' record-wrecking, comeback makes things worse.

Owner Stoneman selected O'Doul as the man to restore the prestige, glamour and box office magnetism the Polo Grounds enjoyed during the illustrious days of John J. McGraw.

While baseball men respect Terry as a sound baseball man, he has never gone out of the way to win the good will of the customers.

Baseball to Terry is frankly a cold-blooded business proposition, and the fans insist upon considering it a sport.

Years ago every youngster's ambition was to grow up and play baseball for John McGraw and the Giants.

The men of McGraw were idols, not only of New York, but of the nation.

Brooklyn Keep Giants in Cash  
This and a good share of their following the Giants lost under Terry despite an exceptionally fine early record under his leadership. Terry's personality, or lack of it, was reflected in his club's business-like but drab and too cautious performance.

played to 8240 persons in two days at the Polo Grounds, the Memorial day double-header playing to 59,487. All reserve seats were sold weeks in advance.

May Accompany O'Doul  
Terry hasn't developed a ball player to speak of in nine years.

Another O'Doul product in San Francisco who is ready for the big show is Prodan-Fernandes, a hard hitting shortstop.

Pain and Fernandes may accompany their boss to New York.

Horace Stoneman opened negotiations with O'Doul as far back as the minor league meeting in Atlanta last December.

O'Doul is now doing considerable unofficial scouting for the Giants with an eye toward building the Polo Grounders of the future.

Turn to O'Doul for Help  
Though financial conditions compel the San Francisco club to operate on a shoestring, O'Doul has done very well.

His teams play daring baseball. Ball players vary by him and his clubs hustle. He is firm but patient and a fine instructor. He polished Joe DiMaggio already developed Dominic. He urged the Giants to get the current Red Sox star.

Major leaguers turn to O'Doul for instruction and advice. Babe Dahlgren while a Yankee, spent an entire off-season having O'Doul adjust his swing. Brighter prospects on clubs other than his own get O'Doul's opinion.

"My batting swing is my own," says Ted Williams, the Red Sox slugger who played with San Diego in the Coast league. "I asked Frank O'Doul if it was all right. He said not to let anyone change it. I won't."

O'Doul's left eye was impaired and he was badly scarred when struck by broken glass this spring, but his sight on that side is gradually improving and will be as good as ever.

Any baseball man will tell you that Frank O'Doul couldn't miss with a representative major league club.

With the return of Lefty O'Doul, Magnate Stoneman will see a lot of the old Giant fans back in the Polo Grounds.

That is why Horace Stoneman is making the change.

# Ty Cobb Scores Series Victory Over Babe Ruth

DETROIT, July 30 (AP)—Babe Ruth can drive a golf ball farther than Ty Cobb takes seven strokes to run it down into the hole.

They puffed and prepared for four hours at Grosses Ice Country club's rolling course yesterday before Cobb got a 3 and 2 victory in the third and deciding match of their series.

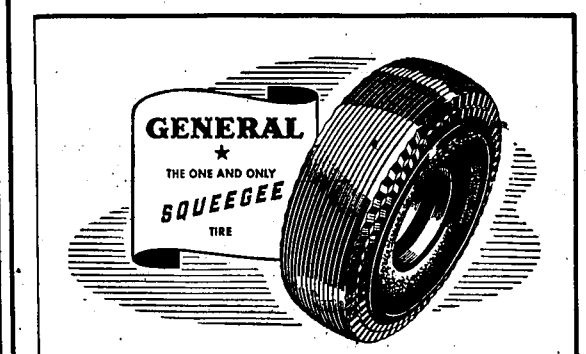

After yesterday's match, prospects of which go to the United Service organizations, both Ruth and Cobb said their golf series was ended—at least for the present.

They had a 1-1 tie in the first round, but Cobb won the second round 2-1. Cobb's victory was a surprise, as he had lost to Ruth in the first round of the series.

## Wendell Quits Play In SCI Baseball Loop

The future of the South Central Idaho Baseball league hung in precarious balance today as a second round was reported to have dropped out of the loop.

Two weeks ago it was Hageman, this week it is Wendell. President John Barter today placed Wendell Ferry in the league to take the place of the Hageman club and the Ferry team played its first game last week—scoring a victory over Italy.

Wendell's departure was the result of a decision made by the league's board of directors. The board decided that Wendell's performance was not up to the standards required for the league.

Other games scheduled for this coming Sunday are Pler at Italy, Shoshone at Murtagh and Jerome at Glenn Ferry.

### HOPKINS PLANES OVER WAR AREA

LONDON, July 30 (AP)—Harry L. Hopkins, President Roosevelt's lend-lease administrator, arrived in Moscow today after a dramatic plane flight across war-torn Europe, almost all enemy territory, to discuss American aid with the highest Russian leaders.

It was said authoritatively here that Hopkins would confer during the day with Premier Josef Stalin, and it was expected also he would talk to such leaders as Foreign Minister Vyacheslav Molotov, and possibly to Maxim Litvinov, Molotov's predecessor.

There was no hint Hopkins had gone to Moscow from London, where he has been conferring with British leaders, until the flash came from Moscow this morning that he had arrived.

The authoritative sources admitted Hopkins had made the flight and that two military aides who, Moscow reports, accompanied him were Brig. Gen. Joseph T. McNarney and First Lieut. John A. Allison of the United States army air corps.

It was not known how long Hopkins would remain in Moscow but it was assumed he would discuss every aspect of the aid program.

### IRAN WARNED ON NAZI INFILTRATION

LONDON, July 30 (AP)—Britain has warned Iran of the danger of German infiltration and has urged the Iranian government to take effective measures at once to deal with this situation, it was announced today.

Russia is co-operating closely with Britain on the Iranian problem. The announcement was made only a few hours after receipt of diplomatic reports in Ankara that the country might be attempting against the Shah of Iran soon after the same lines as the Rashid Ali revolt against the Iraq government.

German reports said both Britain and Russia were exerting pressure on Iran to reduce the number of German agents in Iran, estimated to total between 4,000 and 5,000.

The Ankara report said also it was understood that Britain, presumably in agreement with Russia, had determined to proceed against any German-influenced Iranian revolt which might be attempted against the Shah. The British government has resulted in the prompt crushing of the Rashid Ali outbreak.

It was said the Germans might try to precipitate a coup against the Shah in fear his government would agree to eject German agents from Iran. Britain's watchfulness was increased, it was added, because there are four German merchant ships in Iranian harbors which Germany might send into the Indian ocean as commerce raiders.

### Wrecked Auto Lands on Man; He's Unhurt

A Kansas man today had been able to walk away—with help—after the car he was driving was involved in an accident yesterday west of Hansen and was completely demolished.

The man was Marion McCrum, 32, and the help he needed after the mishap was that of other motorists who lifted the car off him so he could stand up. He suffered only a bump on the head.

According to a report by Deputy Sheriff Ed Hall, the Kansas machine, which was traveling west, was struck from the rear by another car going in the same direction and being operated by Jack Corbett, 35, Kimberly. The McCrum car sped forward out of control. It went about 100 feet along the highway and then into the borrow pit for 90 feet before striking a concrete water spout. It then "flopped" over backwards, to halt on its top.

McCrum was pinned under the machine. A section of broken glass was pressing down on his chest but did not injure him.

Jack Atkins, Kimberly, was a passenger in the Corbett car at the time of the mishap.

### State Officials Escape Injury in Airplane Mishap

BIRIE, Ida., July 30 (AP)—Narrow escape from injury was related today by a group of Idaho state officials after the airplane in which they were touring state-owned farm lands was damaged in landing at a farm southeast of here.

The plane's landing gear and left wing were damaged when the party stopped at the base days ago. The group, members of the state land board, included Lieut. Gov. O. C. Grassie, State Auditor Calvin E. Wright, Land Commissioner C. Van Clark, Attorney General Bert H. Miller and C. E. Roberts, superintendent of public instruction.

Points Selected to Gather Aluminum  
DOISE, July 30 (AP)—Aluminum gathered in the national defense drive will be concentrated at four points in Idaho for shipment to smelters, Civilian Defense Coordinator C. E. Arney said today.

The scrap metal will be gathered at Pocatello, Boise, Lewiston and Coeur d'Alene. R. W. Butterfield, U. S. treasury procurement officer, will supervise the trans-shipment to smelters.

### NAMES in the NEWS

By United Press  
Rep. Martin Dies, D. Tex., charged today that Germany has racked vast stores of arms and ammunition and has approximately 1,000,000 men trained in Latin America.

In Hollywood, the Danish-born actress Osa Massen passed her citizenship examination and said she would take her oath in September. Miss Massen is the wife of Allan Rossett, son of Dean Rossett.

Virginia Gauda, the fascist editor, proposed in the Giornale d'Italia today that the axis regard American warships as belligerent vessels and fire upon them accordingly. Gauda's plan was rejected by the editor.

Secretary of the Navy Frank Knox's admission that a U. S. destroyer dropped depth bombs on a submarine in the Atlantic.

Harvey C. Couch, 64, president of the Arkansas Power and Light company, died at his home in Couchwood, Ark., today. He was an industrialist and railroad magnate.

Spokeswriter Paul Gallico today concluded negotiations with a national magazine for a serial biography of the late George Gallico is working on a film version of Geyria's life.

Also in Hollywood, Judge Parker Wood today ordered Sheriff Frederick Hugh Herbert to pay his divorced wife, Anne Herbert, \$4,000 in delinquent alimony.

Craven Lancaster Betts, 68, well-known as a poet at the turn of the century, died at his home in Santa Cruz, Calif.

In Salt Lake City, Dr. Otto Sussman, of the American Medical company, Ltd., said he could forecast no serious metal shortages in America if shipping facilities can be maintained.

The theatrical world today mourned the loss of one of the great end-men of all time. Leonard, a minstrel for 50 years, died of a heart attack at his home in Hollywood. He had inspired an attempt to complicate the British problem in the middle east.

Ankara reports said both Britain and Russia were exerting pressure on Iran to reduce the number of German agents in Iran, estimated to total between 4,000 and 5,000.

The Ankara report said also it was understood that Britain, presumably in agreement with Russia, had determined to proceed against any German-influenced Iranian revolt which might be attempted against the Shah.

It was said the Germans might try to precipitate a coup against the Shah in fear his government would agree to eject German agents from Iran. Britain's watchfulness was increased, it was added, because there are four German merchant ships in Iranian harbors which Germany might send into the Indian ocean as commerce raiders.

At Quincy, Mass., Admiral Ernest J. King, commander-in-chief of the Atlantic fleet, said today that happens the time is not far off when we will be shot at.

Their appearance was to be sponsored by the Kiwanis club.

WASHINGTON, July 30 (AP)—Sen. Burton K. Wheeler, D. Mont., accepted today an apology of Secretary of War Henry L. Stimson, who said he had erred in accusing the non-interventionist of circulating intentionally false reports with post cards opposing war.

"It was a deplorable thing for him to do," Wheeler said of Stimson's public acknowledgment of his error.

Stimson had charged that Wheeler's use of the senatorial form to send the post card to soldiers was "very near the line of subversive activities—if not treason." Wheeler replied in a written speech Monday asserting the charges were a "badge of honor."

"On the basis of Senator Wheeler's statement in the senate as to the time and method of the issuance of his circular, I believe he has shown the absence of any intent on his part to circulate the soldiers in training camp," Stimson said.
