## JAPANESE APOLOGIZE FOR BOMBING

### CURB SOUGHT TO HALT PURCHASES BY INSTALLMENT

By JOHN R. DEAL  
WASHINGTON, July 31 (U.P.)—An administration decision to attempt to curb the public's installment buying today delayed introduction of a bill authorizing the President to fix, at his own discretion, maximum prices on general commodities and rents in defense areas at June 30 levels.

The proposed curb on "dollar-down-dollar-up" purchases was the subject of a conference among Mr. Roosevelt, Price Control Administrator Leon Henderson and Chairman Martin S. Eccles of the Federal Reserve board.

Senate Democratic Leader Alben W. Barkley of Kentucky and Speaker of the House Sam Rayburn announced that introduction of the final draft of the general price control legislation would await action on the installment credit provision.

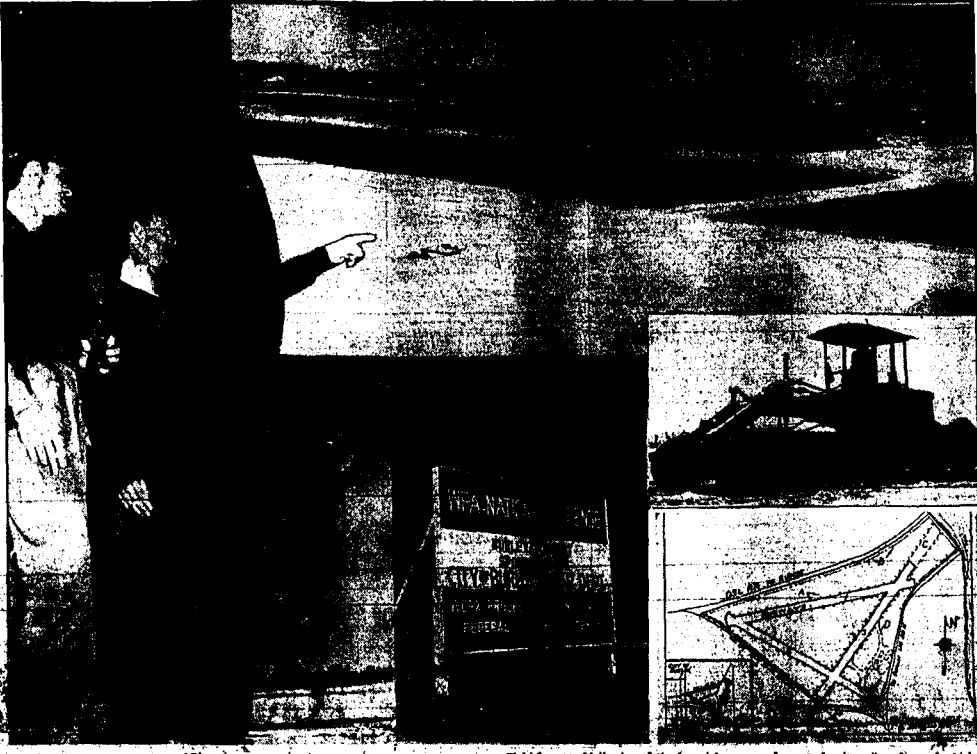

Other Sections  
Agreed on, and ready for introduction, were the other sections of the bill affecting rents in defense areas and general commodities.

The penalty section provides that buyers who pay more than the price ceilings established under the legislation may sue to recover either \$50 or three times the excessive amount paid. The buyer could sue for whichever amount is greater.

In the event a buyer failed to sue for recovery of such an amount within six months, the President may institute a recovery suit in the name of the United States at end of that period.

Merchants, dealers, landlords and others falling to comply with the price ceilings are subject to a fine of one year's imprisonment or both, in addition to payment of damages as provided by buyers to the government.

### Work Speeds on Burley Airport, No. 1 in Magic Valley

Title of "the" airport at the Magic Valley can well be used to indicate the Burley field, now rapidly nearing completion. General scenes at the new airport, constructed through cooperation of the WPA, the city of Burley and the war department, are shown above. On the left, W. H. (Pete) Hill, owner-operator of the flight school at Burley points out improvements to Bill Carter, instructor. Hill was formerly state director of aeronautics and in the "old days" gave Charles Lindbergh his first flight lessons. At the top of the layout is a general scene showing piles of gravel which are being pounded into the new runways. Right, center, a scraper is shown at work on a runway while in the center is shown the sign which designates the improvement to visitors. Right, bottom, is a map showing layout of the three runways, location of hangars and other buildings and also proximity of the field to Burley. With completion, the field will be able to handle ships of the "big" class, such as the heavy army bombers.

### FDR CREATES NEW 'ECONOMIC BOARD'

#### LATE FLASHES

WASHINGTON, July 31 (U.P.)—Sen. Burton K. Wheeler, D., Mont., today said he would not vote for what will happen at the polls in the next election. If leadership of both parties is a "failure" and the nation is brought to "take America into war," he said, "I will vote for the man who will drive people like sheep" to a speech by Wendell Willkie in Los Angeles.

LONDON, July 31 (U.P.)—Fighting continued through the night in the Perekov, Novohovch and Smolensk sectors of the Moscow front and the Zhitomir sector of the Kiev front, a Russian war communiqué said today.

In cooperation with ground forces Russian planes bombed German tank and motorized units, infantry and artillery.

British launched an Arctic air attack in support of Russia and Harry L. Hopkins conferred at Moscow today on steps to bring American aid to the Soviet in her fight against Germany.

In the far east Japan offered speedy apologies for the bombing of the U. S. gunboat 'Tululu' at Chungking yesterday, Washington indicated, however, the U. S. was not satisfied with the informal apology and expected a fuller reply.

Britain's Arctic air action was launched by a night aircraft, presumably flown from an aircraft carrier, against the Finnish port of Petsamo and the Norwegian port of Kirkenes, both advanced air commandments, the chief Arctic entry point for supplies to the Soviet.

The British planes attacked both ports severely, concentrating on harbor works at Petsamo and light German naval craft and supply ships at Kirkenes.

Costly for Britain  
The attack was costly for the British who admitted loss of 10 planes in the action. The Germans claimed 20 British aircraft were shot down.

#### WALLACE NAMED TO HEAD GROUP

By JOHN A. REICHMANN  
WASHINGTON, July 31 (U.P.)—President Roosevelt today intensified the nation's economic warfare against the Berlin-Rome-Tokyo axis by creating an "economic defense board" headed by Vice-President Henry A. Wallace as chairman.

The President also acted to integrate more closely into the administration current efforts by the government to solidify the western hemisphere. He created the office of coordinator of inter-American affairs, selecting Nelson A. Rockefeller to head the new agency.

The new economic defense board, which will serve as a broad planning "military" and which presumably will maintain contact with the British economic ministry, was created by executive order. It will be essentially an advisory board but its recommendations will be translated into action by the various executive departments.

Others on Board  
Donald Wallace, the board will consist of Secretary of State Cordell Hull, Secretary of Treasury Henry Morgenthau, Jr., Secretary of War Henry H. Stimson, Acting Attorney General Frank Biddle, Secretary of Navy Frank Knox, Secretary of Agriculture Claude Wickard, and Secretary of Commerce Jesse Jones.

Mr. Roosevelt's executive order made clear Wallace is to serve actively as head of the new economic board. He is to appoint alternates to fill the vice-presidential position. His administrative planning activity is almost without precedent.

All other members of the board are empowered to appoint alternates from their department personnel. (Continued on Page 15, Column 1)

#### Japanese Liner Ties up at Frisco Pier; 247 Disembark

SAN FRANCISCO, July 31 (U.P.)—Having finally ventured into American waters and disembarked 247 passengers, the Japanese luxury liner 'Tululu Maru' was tied up in San Francisco harbor today, with several owners sought for fuel and supply permits so she can get back to Japan.

The NYK line, which operates the 'Tululu', expected her to sail at noon tomorrow. If the treasury department promptly issues the permits, it was believed her \$1,000,000 cargo, mostly raw silk, would be taken back to Japan, at a heavy loss.

No new cargo was being loaded, and no passengers will be carried on the return trip. Because President Roosevelt has frozen Japanese credits, her cargo is worthless in this country.

The liner tied up late yesterday and the passengers, about 150 of whom are Americans, rushed down the gangplank.

None resented having had to stop for six days 100 miles short of their destination, but all were travel weary. One Mrs. Frances Rowan, wife of the Italian ambassador to Moscow, said the delay was almost "unendurable," because she had been aboard since June 5.

No. 60-Sub-Office  
"It is my opinion that when a man enters the military service of the country he does not become a subject of the United States," said the commander of the ship.

#### Soviet Press Plays up Hopkins - Stalin Talks

MOSCOW, July 31 (U.P.)—The Soviet press today gave widest prominence to Harry L. Hopkins' conferences here and President Roosevelt's pledge of immediate aid to Russia.

Hopkins is expected to see Premier Josef Stalin again today and engaged in a series of talks with other Russian officials.

Hopkins had his initial experience of a night air raid last night. He watched the German planes from the roof of the United States embassy and saw Russian antiaircraft batteries in action and Russian searchlight crews sweeping the sky.

He spent some of the time in the embassy shelter and went back to bed before the official all-clear had sounded.

This morning, accompanied by Ambassador Laurence Steinhardt, he toured the city and said he was "amazed" at the magnificent amount of damage caused by German bombs.

The newspapers printed pictures of Hopkins' arrival on page one and showed him in conversation with Stalin.

Hopkins disclosed that in his first talk with Stalin last night he told him on the President's behalf that the United States "considers Hitler the common enemy and that anyone who fights him anywhere is on the right side for our country."

### Minister Issues Orders to Avoid U. S. Properties

By ROBERT BELLAIRE  
TOKYO, July 31 (U.P.)—(By Trans-Pacific Telephone to New York)—Admiral Teijiro Toyoda, foreign minister, apologized to American Ambassador Joseph Clark Grew today for the bombing of the United States gunboat 'Tululu'. He told him that new and urgent orders had been issued to all Japanese forces to do their utmost to avoid damaging American property.

In token of the seriousness with which it viewed the bombing of the little American gunboat by Japanese navy planes in a raid on Chungking, the Chinese capital, yesterday, the Japanese government clamped down a blanket ban on messages regarding the incident for many hours.

It was not until 12:30 p. m. today, after Ambassador Grew had pointed out to the foreign office three times that the ban was lifted and American correspondents were permitted to send messages regarding the bombing.

A telephone call between the United Press Tokyo and New York today was arranged by the Japanese foreign office at request of the American embassy, but only on the understanding that no controversial news would be transmitted.

In addition to protesting the ban on messages, Grew called to the state department at Washington reporting it and asking it to issue a statement there to ensure distinction from any controversy. Informants said that in a 30-minute talk with Grew, Foreign Minister Kuniaki Daido, as expressed the government's regret over the 'Tululu' bombing.

Minister Kuniaki Daido visited Grew to express regret over the 'Tululu' bombing and the Chinese side was in a similar mood. The minister had expressed the navy side of the incident.

Because of the censorship inside Japan, the Japanese public knows little of the details of the 'Tululu' bombing and the Chinese side was in a similar mood. The minister had expressed the navy side of the incident.

The newspaper published special dispatches from a Japanese naval base asserting nine naval air squadrons had been ordered to fly since the outbreak of the Chinese-Japanese war, had raised Chungking yesterday for the first time in a long time, "thoroughly destroying military establishments."

The newspaper also raised in the much-bombarded Chinese temporary capital that the Yangtze river with its complicated network of about 600 islands and men, was involved in the bombing.

Japan would further to bring its industry under strict government mobilization committee approved an ordinance authorizing reorganization of about 100,000 workers, many of them of military age, to military establishments.

Special Ordinance  
Another special ordinance was approved for the reconstruction on a national scale of iron and copper. The newspaper said that, commenting on the ordinance, was very important to strengthening the internal structure because of the internal tightening of equipment.

The National City bank, which had closed pending clarification of the ordinance, has now reopened today. The Standard Oil Co. resumed sales of oil throughout Japan after a one-day suspension because of uncertainty regarding the freeing orders. The sales were resumed when the government gave permission for the company to deposit receipts.

JAPAN'S APOLOGY NOT ACCEPTABLE  
WASHINGTON, July 31 (U.P.)—The United States and American public were not satisfied with Japan's informal apology over the bombing of the U. S. gunboat 'Tululu' and expects a fuller reply, Acting Secretary of State Welles indicated today.

#### British Help Reds With Air Attack on Petsamo

Britain launched an Arctic air attack in support of Russia and Harry L. Hopkins conferred at Moscow today on steps to bring American aid to the Soviet in her fight against Germany.

In the far east Japan offered speedy apologies for the bombing of the U. S. gunboat 'Tululu' at Chungking yesterday, Washington indicated, however, the U. S. was not satisfied with the informal apology and expected a fuller reply.

Britain's Arctic air action was launched by a night aircraft, presumably flown from an aircraft carrier, against the Finnish port of Petsamo and the Norwegian port of Kirkenes, both advanced air commandments, the chief Arctic entry point for supplies to the Soviet.

The British planes attacked both ports severely, concentrating on harbor works at Petsamo and light German naval craft and supply ships at Kirkenes.

Costly for Britain  
The attack was costly for the British who admitted loss of 10 planes in the action. The Germans claimed 20 British aircraft were shot down.

It was the first military operation launched by Britain against Finland territory but not regarded in London as an outright act of war against the Finns. Rather, it was described by responsible quarters as in pursuit of a "war of attrition" which will strike at the Germans wherever they find them.

There was a tone of optimism in reports from Moscow, Hopkins' arrival and the message he brought from President Roosevelt to Joseph Stalin. (Continued on Page 15, Column 2)

#### Night Closing Asked in East Oil Stations

WASHINGTON, July 31 (U.P.)—De-facto oil Coordinators' Harold C. Hicks today recommended 10,000 gasoline filling stations in eastern states be closed from 7 p. m. until 7 a. m. every night as a means of restricting oil consumption.

The night filling station blackout would go into effect Sunday, Aug. 3, at 7 p. m.

The oil industry has made a similar recommendation. The recommendation applies to Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, North Carolina, South Carolina, Georgia, the peninsula of Florida, the District of Columbia and all marketing areas in or east of the Appalachian mountains in the states of New York, Pennsylvania, Virginia and West Virginia, and such additional marketing areas in nearby states.

Other members of the board are empowered to appoint alternates from their department personnel. (Continued on Page 15, Column 1)

#### OPTIMISTS

LONDON, July 31 (U.P.)—Innocent makers here are accepting bets on a 1 to 1 basis that the allies will defeat the axis before the end of this year. The most optimistic view is that the Allies' prospects since the early days of the war, was never looser today.

#### PROBE SLATED IN BUILDING OF ROAD

IDAHO FALLS, Ida., July 31 (U.P.)—E. R. Johnson, state highway director, today ordered an investigation into work on the Iowa road, a state-county project near here which Bonneville county commissioners claimed did not meet specifications.

Commissioners complained to Johnson that many thin places have appeared on the highway. Johnson said the work would not be approved until a survey and report has been made.

W. O. Burns, Idaho Falls contractor who handled the project, said that the work was not done as specified. He said that the work was not done as specified.

W. O. Burns, Idaho Falls contractor who handled the project, said that the work was not done as specified. He said that the work was not done as specified.

W. O. Burns, Idaho Falls contractor who handled the project, said that the work was not done as specified. He said that the work was not done as specified.

#### SUNDAY CLOSING FOR MEAT SHOPS

Larger Twin Falls meat markets have agreed an agreement with the local unit of the Amalgamated Meat Cutters and Butcher Workmen of North America which takes effect Aug. 1 and which calls for closing every Sunday and also on legal holidays.

The agreement was announced this afternoon by Roy Reese, union auditor and general manager, with headquarters in Salt Lake City.

Reese said that a wage scale was set up in the agreement which calls for pay rate of \$40 a week for market men, \$35 a week for meat processors and \$30 a week for starting apprentices.

The work week will be 57 hours, he said.

"The new agreement has been signed by all of the larger local meat markets and becomes effective tomorrow," Reese said.

The new agreement means that although it has been the practice for various local grocery stores to remain open on Sundays, the meat departments will no longer follow suit.

#### WELLES ASKS FOR FULL UP!

According to our worthy news sources, there will be a shortage of STORAGE space all over the country, there being an abundant crop of all grains.

If you have a warehouse, spare cellar, or any other storage space to rent or lease, remember that the Times and News Classified page has a "Wanted" column for such places.

Welles explained to questioners the United States had made a "strong" statement to Japan that the United States would not accept Japan's apology for the bombing of the U. S. gunboat 'Tululu' and expects a fuller reply, Acting Secretary of State Welles indicated today.

Welles' comment on the Japanese apology delivered at Tokyo by U. S. Ambassador Joseph C. Grew was made at a press conference.

Asked whether it could be deduced from the Japanese apology that the United States was expected, Welles responded that the United States would not accept Japan's apology for the bombing of the U. S. gunboat 'Tululu' and expects a fuller reply, Acting Secretary of State Welles indicated today.

Welles explained to questioners the United States had made a "strong" statement to Japan that the United States would not accept Japan's apology for the bombing of the U. S. gunboat 'Tululu' and expects a fuller reply, Acting Secretary of State Welles indicated today.

Welles' comment on the Japanese apology delivered at Tokyo by U. S. Ambassador Joseph C. Grew was made at a press conference.

WHEAT SUPPLIES PLENTY FOR U. S.

Enormous present supplies will assure the nation plenty of wheat next year as well as in 1941, Walter Reese, chairman of the Twin Falls county A. A. committee, said today in commenting on the proclamation of wheat marketing quotas for the 1942 crop...

Failure Looms for German Completion of War in '41

By United Press In January 1940 Adolf Hitler assured the German people of complete victory in 1941. In a new year's message to the armed forces he said: "Soldiers of the national socialist armed forces of the greater Reich: The year 1941 will bring the completion of the greatest victory of our history."

CONFERENCE MAY ASSURE SKI PLAN

Indications were today that there is a "good possibility" the proposed ski shelter at the Magic mountain side up Rock creek will be constructed. No official action had been taken on the proposition, however, but a conference tonight between forest officials and Junior Chamber of Commerce representatives is expected to result in a favorable turn for the construction, left hanging in the air with contemplated removal of the Rock creek CCC camp.

ENGLISH PLANES ATTACK PETSAMO

LONDON, July 31 (Special)—The admiralty revealed today that British planes have heavily attacked Petsamo, Finland's northern port of Petsamo and the Arctic Norwegian port of Kirkenes in the first British military operation in direct support of Russia's fight against Germany.

Paving Work at Burley Airport Starts Monday

### JAPANESE TOLD TO TIGHTEN BELTS

TOKYO, July 31 (AP)—Agriculture Minister Hirovatao, in a nationwide radio broadcast, has urged the Japanese nation a further reduction in food consumption...

Emphasizing that food problems are ultimately decided on the outcome of wars, Ino said Japan's supplies would remain satisfactory...

He announced the government had adopted a 12-year plan under which rice and wheat production would be increased under government direction...

The new food program also envisages the purchase of foreign rice supplies to compensate the reduced crops of the past several years.

Ino said in Korea the government would seek to increase rice and wheat production by obtaining a better distribution of labor and fertilizers.

The fertilizer problem, however, was expected to become more serious due to the outbreak of the Russo-German war which disrupted transportation facilities between Japan and Germany.

The last war was decided by the food problem and ultimately so will this one be, Ino said.

The official explained that due to adverse crop conditions during the past two years, it has become necessary for the government to impose some slight control of agriculture to obtain a proper supply of agricultural goods.

Warns Against Complacency "The radical change in the international situation is of great concern to Japan and will not permit her to remain with folded arms for even a single day," Ino declared.

He said one was through increased production under the direction of the government and the other was government control of consumption.

Already some minor controls, including the rationing of a few food products, have been ordered but Ino indicated no strict regulations would be forthcoming, at least in the near future.

The cabinet member disclosed in his speech that the fixed price of rice probably would be increased in an effort to encourage production and discourage excessive consumption.

ASKS ESTATE DECREE Community property, decree in the estate of the late Mrs. Ida May Radford is asked in a petition filed in probate court by Miss Letty Radford, surviving husband.

Mrs. Radford died last July 20. The estate includes property in Yeaman addition, Twin Falls, and appraisers are John B. Robertson, J. E. White and Ted Whitney, Edward Babcock and George M. Haulton are attorneys for the petitioner.

A trade agreement has been signed between Sweden and Norway under which Sweden will exchange wheat, flour, pork, sugar, and food for herring, fertilizers and iron pyrites.

POT SHOTS WITH The Gentleman in the Third Row

HEADLINE WE DON'T EXPECT TO SEE—Twin Falls News Calls Gov. Clark Very Nice Fellow

THIS! RELAY YOU (OR LEAD YOU TO SLAYING!) Our sleuth advises us that the thing was perpetrated Sheriff Warren Lowery, or maybe it was Ed Hall or maybe, said our sleuth with much head-scratching, it was Viry Borden or John Kelly. How, our sleuth advised, it was one of those guys over at the sheriff's office and who've have thought they had it 'em?

That Man Again

We give you constituents today positively the last item about the pseudo-Romanofoff, at least until Joe E. Trosky is again spotted. Trosky gets off McNellie's island. Trosky, outline Twin Falls polo devotee who became operator of the courthouse elevator while sojourning in the county kink, is now the guest of Mrs. Alex H. Jones. We got that dope from Adley Kelly, the Karakul sheep grower who now lives at Maywood and who was one of the local folk who knew Trosky when that little cuss was in the county jail.

It appears that Trosky's most recent fibero before he went to McNellie's was a flimsy kidnaping. Found in Twin Falls, street with his wrists bound by a chain and padlock, he vowed he knew the man who had kidnapped him. He was taken to Mexico. At Reno he'd already been judged a deportable alien and faced a charge of practicing medicine without a license.

The same kind of license matter admitted him, incidentally, to the FBI. The county clerk's office looked into the FBI records over that the jail yesterday and found that one Trosky's aliases were Ray and Andy. He was also known as Trosky, Prince Alexis N. Romanofoff. We understand he also claimed to be a Russian and a Greek. He is an androviich, brother of the last car, but then changed his mind, lopped many years of his age and became the car's son, the only one who escaped assassination.

Just in passing we mention that the state, conducting the trial of the car and one of the few real Romanofoffs still left, said our one of the Twin Falls gent is an impostor. In polite Russian she said several times the same things. The same things were added right here in Twin Falls, but it wasn't in polite Russian.

Nice guy, Trosky. We floured you constituents might be a bit hard in ex-cel-bro you do not make good.

Dear Pot Shots: And what pray tell does this elderly fellow The Judge you know yourself he said he was elderly Pot Shots mean by taking liberties with me and yelling You Ho to me in that's time? I want to know just because somebody in the United States army yells You Ho at girls in shorts and I mean all my girls have got to be You Hoed at by me. I like The Judge's contributions to your column and his sense of humor which we all need as it is a daily and with enthusiasm matching his own You Ho Judge.

Dear Third Man: Pot Shots: Henshich says some folks get so busy saving for rainy days that they never see the sunshine. —Nephew Fry

STATISTICS Pot Shots, after a vigorous season with the World Almanac, is now in position to report this ponderous notation.

THE automobile industry, with all its new phases, provides jobs for 8,000,000 men.

THE does not include undertakers, ambulance men or doctors.

FAMOUS LAST LINE "Now does that crying mean the baby's ill or is it just a cry for help?"

THE TRINITY ROW

SERIAL STORY LESSONS IN LOVE BY JERRY BRONDFIELD

YESTERDAY, faced with the problem of entertaining an Indian, Barbara turned to her mother. She made a formal party of the Indian. Barbara in reality quite prepared to show him off to her friends. She had a special plan to discover that Degan's regard for her circle of sophisticated friends is not too high.

DUGAN GOES FORMAL CHAPTER III "NOTHING like relaxing after a dinner," said Uncle Hank, pulling out his pipe. "Beautiful night, too."

"The stars, especially," Dugan said softly, turning his head skyward. Barbara noticed his purely and it bothered her. "Surely your Oklahoma stars must be much prettier," she said loftily.

"It must be. You haven't called in two weeks." "I'm flattered that you noticed," he laughed. "The whole crowd already was there when they arrived—Sus Bishop, Charley Gilroy, Ina and Bruce Mesede, and a half dozen others."

"Where's the guest of honor?" they chorused. "Don't tell us he got cold feet and beat it back to the hills," Charley said. "He'll be here," Barbara promised.

It was a matter of seconds later that they heard the commotion. Over the hum of excited voices on the other side of the room she could hear the high, fat voice of Henry, the head-waiter.

Then Barbara gasped, and Henry's back appeared first, and then as he was swept aside with an impressive air, a buxom Indian, dressed in a simple, but very attractive, white dress, with a high collar and a long, flowing skirt.

"This is—Chief Leaping Water," she stammered, introducing Dugan to the lovely Miss Chase, he understood, had talents no end.

Dugan bowed again and they

each nodded dumbly. All but Sue. Her pent-up breath exploded. "Boy! isn't he item!"

Dugan, sitting down between Barbara and Larry, smiled. "I seemed to have a little difficulty getting in. Especially with the hostess."

"Do you try to stop you—for some reason or other?" one of the girls queried. Dugan leaned toward her slightly. "He changed his mind, however. I told him I would cut off his heart and throw it to the dogs."

SOMEONE knocked over a water glass. Barbara turned to Dugan, frigidly. "You costume is colorful, if not correct."

"It is not a costume and it is correct," he replied evenly. "Evening clothes are supposed to be the finest one has. These are the finest an Indian can wear. This feather," he added, "was part of the very correct ceremonial dress I wore when made chief of my tribe. And now—may I be honored with a dance?"

Barbara looked startled. "I think I'd prefer to manage," she added stiffly. His assurance was an understatement. His dancing was smooth, superb, as good as that of any man she had ever known.

EDSON IN WASHINGTON BY FETTER EDSON

WASHINGTON, July 31—The sagebrush, creakerbarrel or water-torn philosopher who first tried to crack the. The best kind of committee to appoint is a committee of three members, two of whom are dead, should be rounded up and brought to Washington to save his skin in the West. When the time comes to speak his piece into every private office and over every private telephone line in government circles, he should take the speech down in shorthand and put neat little typewritten reminders on the corners of their bosses' blotting pads every morning.

Edson was drumming up slogans, and was an excellent speaker. He will win the war, government propaganda, government school-writers of brass hats' speeches, press-handout backwaters, government "educational film" directors, even the government's radio script writers should be called in on the job, for nothing less important than winning the war is at stake.

Edson was drumming up slogans, and was an excellent speaker. He will win the war, government propaganda, government school-writers of brass hats' speeches, press-handout backwaters, government "educational film" directors, even the government's radio script writers should be called in on the job, for nothing less important than winning the war is at stake.

The Sole Guarantee of Liberty

Only one kind of people is going to emerge from the current world crisis with their freedom, and that is the people who want and are resolutely determined to keep it. There has been a genuine concern on the part of thousands of American citizens as to whether they are losing our liberty. We have complete confidence that we are not. The source of that confidence lies in the conviction that the American people love their freedom and are determined to keep it.

It is certainly true that in the present acute condition of the world, power tends in all countries to concentrate. The most democratic countries in the world, facing predatory countries organized for nothing but stark, realist action, have had to place themselves in a position to act with equal decision. That means temporary surrender, to a certain extent, of ordinary democratic procedures.

This is not as new to the United States as some of us like to fancy. Wendell Willkie recently made this clear in pointing out that almost all of the great decisions which have placed the United States in its present world position, were executive decisions. The Monroe doctrine, the Open Door policy, the expulsion of Maximilian from Mexico, the Panama canal—all these things were done without waiting for extended debate. Yet today, by and large, the American people believe they were well done.

Today there is a strange inconsistency about these things. Some of the same people who have criticized the President for assuming too much power criticize in the same breath his efforts to control the price spiral as not having enough teeth, as aimless and indecisive. Some of the same people who criticized the destroyer-bases deal as arbitrary, now argue that in some way advantage is being taken of congress because the President has put squarely up to it the decision as to whether soldiers shall remain soldiers while the menace which made them soldiers continues to exist.

Lincoln once said to a military commander accused of seeking a military dictatorship, "Give us victories, and I will risk the dictatorship."

So today. Give us the action that will make us strong against any possible aggression, that will prevent inflation and avoid the obvious perils that surround us, and we will risk our freedom.

Nobody is going to take away American freedom, because Americans love it, and are resolutely determined to keep it.

London May Buy Itself

No city, so far as we can recall, has ever gone out and bought itself. London is thinking of some such plan. Acres and acres of the very center of London have been leveled clear by the German bombing. Terrible though that is, it offers a unique opportunity for the rebuilding that will come after the war. British planners are determined that London shall not merely rise again as it was, but rise anew, a better and finer city. If old lines of streets and property ownership have been rendered meaningless by the bombing, why regard them in building the new London? So there has even been advanced a plan for the city to buy from its present owners 678 acres of the heart of London, that the rebuilding may not be hampered by private claims and obstructions.

Does it sound fantastic for a city thus to "buy itself"? No doubt, but in the tremendous shakeups of war on the scale of war today, stranger things will happen.

Ten Capitals Bombed

If Europe had set out deliberately two years ago to ruin itself, it is hard to see how it could have done a better job. Run down the list of the great pre-war European cities, and realize with a shock that of them these 10 have been bombed: London, Warsaw, Brussels, Amsterdam, Paris, Belgrade, Helsinki, Berlin, Bucharest and Moscow. Bombs have also fallen in neutral Dublin, while Madrid still bears deep scars of the Spanish Civil war.

Rome has escaped, probably due to the residence here of an international religious leader, the Pope. These sacred 20 years preparing to subject Europe to this kind of war have already succeeded in subjecting to the ravages of war more capital cities than any other war of the past.

CLOVER

Miss Mildred Boehke arrived Sunday from Boone, Ia., where she has recently been employed. She will be married to the late Lt. Leutenantschler's bride party. A. D. Leutenantschler recently received a call from a congratulatory telegram from the late Lt. Leutenantschler's bride party. A. D. # Grange Gleanings

By A. HARVESTER

**WEST POINT**

West Point Grange met last Friday night with 41 members present and a very interesting meeting resulted. An invitation was received by the Grange to be guests of Piler Grange at the dairy show on the night of Aug. 10. The question of having an exhibit at the Gooding county fair was presented before the Grange and after a lengthy discussion it was decided to abandon the idea for this year. Four new members were taken into the Grange and the meeting was turned over to the lecturer.

The opening number on the program was a car trick by Mrs. Curry and Mr. Paris. Then an interesting car game was played with Mrs. Hine winning first prize and Dale Witterler second. It was announced that Mr. Ross and Mrs. Ross will present the five loyal supporters of the West Point Grange and these turned out to be the following: Mrs. Hine, Mrs. Hine, Mrs. Hine, Mrs. Hine, Mrs. Hine.

Ice cream and cookies were found to be on the surplus commodities list and were duly carried for. Four new members were taken into the Grange and the meeting was turned over to the lecturer.

## Plant Manager

Manager and plant superintendent of the Idaho Valley Processing company, new concern which will manufacture starch from cult spuds, is the late Mr. J. H. Hines. He was named by directors last night. He has been with the Amalgamated Sugar company for many years.

## 'SMALL' GROWER ESCAPES QUOTAS

The Magic Valley farmer who has only 15 acres of wheat or less—whose total crop is less than 200 bushels—won't be affected by the marketing quota, according to announcement made here today by Kenyon Green, county AAA committee member.

Such farmers will have no "quota" (excess) wheat. They can sell all their wheat in any manner they choose as soon as the wheat marketing cards are issued, but will receive cards whether or not they cooperate under the AAA.

## Champion Orator Talks to Rotary

Vigorous discussion of "What Union Means to Me" was presented to the Twin Falls Rotary club Wednesday by Robert Allan, Twin Falls youth who won the Idaho Skills contest at Lewiston in June.

Allan, local high school graduate, presented his paper with animation and won high applause from the clubmen at their weekly luncheon in the Park hotel.

Louise Frazer presented two piano solos.

**BULLH**

Bullh Grange varied the usual method of holding meetings last Tuesday night and had a winter roast at the Bullh city park. Sixty members and 10 guests were gathered about the barbecue in the park and enjoyed a social time and the hot wieners. A program was planned but the lighting was so poor at the barbecue that it was impossible.

The booth that the Grange plans to have at the fair was discussed and because the Grange will not meet until late in August in the next regular session, there was a special session held this week. Further arrangements and the making of shelves. The resolution on this was discussed and a letter from Cong. Henry Dworshak.

And for the benefit of the Bullh city dads, several have wondered why wouldn't it be a good idea to have a good light at the barbecue so programs could be held. I believe they have something there, or rather maybe I should say, they would have if they put up a good light. That would make it just about perfect for a recreation center until someone thinks up something else to improve it. Heats all how a new dress coat for a new hat and a new tie to match. Quite often that is all it does, just call for it.

## HERSHEY TO GET DRAFT POSITION

WASHINGTON, July 31 (AP)—President Roosevelt today named Brig. Gen. Lewis B. Hershey to be director of selective service, succeeding C. A. Dykstra who resigned some time ago.

Hershey has been acting director of selective service since Dykstra relinquished the post.

There has been some controversy about appointing an army man as selective service director, but his confirmation by the senate was regarded as certain.

## Old Timers Pick Pioneer Speaker

Twin Falls County Old Settlers association will hear Judge Clark T. Stanton, pioneer of southern Idaho, at the annual reunion and picnic next Sunday at the Piler fair grounds.

Stanton, Jerome resident who has served as probate judge and Jerome city police magistrate, has been a south Idahoan for 71 years.

Lawrence L. Hansen, president of the Old Settlers, said many prominent Idaho "old timers" have been invited. Picnic dinner will be at 1 p. m. and the program at 2:30 p. m.

**JEROME**

Mr. and Mrs. Rex Axline, en route from New York to California, were week-end guests last week of Mr. and Mrs. William A. Peters, Mr. Arline and president of the Metallizing Engineering company, of New York, a cousin of Mrs. Peters and the son of G. A. Axline, for many years president of the Albion Normal school, of Jerome, Idaho.

Mr. and Mrs. Ivan Bullock, Phoenix, Ariz., are guests here and Mrs. A. P. Bullock and Mr. and Mrs. Roy Potter, Mrs. Bullock is the former Evelyn Randall.

County Treasurer Earl P. Kennedy is expected home this week from California, where he accompanied his son, who had been here the past several days visiting at the home of his parents.

Mr. and Mrs. Herbert Kestle, Lead, S. D., have been house guests of Mr. and Mrs. Roy Potter for the last week, and have returned to their home.

Miss Shirley Oldham, daughter of Mr. and Mrs. Lloyd Oldham, has returned to Salt Lake City where she will resume studies at the L. D. S. business university.

James Byrnes, Republican Thinker club will be in town Aug. 1 at 2 p. m. The birthday anniversaries of eight of the organization's members will be honored on this occasion. Mrs. J. H. McCulloch's father, B. F. Jefferson, Roseburg, Ore., and her sister, Mrs. J. H. Dick, Lillwaup, Wash., on Puget sound, returned to their home Saturday. Mr. and Mrs. McCulloch were joined at Boise by Theima and Thelma Stewart who will be their guests this week.

Kenneth Cook, Tikira, left last week for Boise to be a piano student of Mrs. Irene Sparks for several weeks.

William Sparks left Monday for Vallejo, Calif., to join Mrs. Sparks and Mr. Barney, who preceded him there three weeks ago. The Sparks expect to make their home there.

Neilson Cooley and Gordon Elliott returned last week from Yellowstone park. On their way to the park they stopped to visit Leo York, who is employed at Dubois.

Dr. and Mrs. C. A. Call and children left Monday for their home in Phoenix, Ariz., after visiting in Carey.

Mr. and Mrs. L. W. Rawson, Pocatello, and Mr. and Mrs. D. E. Adams and daughter, Dianne, Carey, returned Sunday from Glacier National park, Lake Louise and Victoria, B. C.

Mrs. Alvin Atwood and children, Spanish Fork, Utah, returned to their home Tuesday after visiting Mrs. Atwood's parents, Mr. and Mrs. William Briggs, Bob Briggs and Elaine Phillips drove them down.

**CAREY**

Mr. and Mrs. Herkes Rightenour, West Yellowstone, and Mr. Rightenour, San Bernardino, Calif., spent last week at the Emmannal Wildes home and will return to West Yellowstone they took with them David Rightenour and Lawrence Rightenour who have been visiting here.

Mr. and Mrs. Claude Kirkland, Salt Lake City, arrived last week to spend a week at the home of Mr. and Mrs. L. D. Hansen, of Jerome, Idaho. Buford Kirkland and Leonard Kirkland.

Miss Arva Phippen, Glendale, Calif., arrived Friday to visit her parents, Mr. and Mrs. Carl Phippen. The entire telephone system in Carey was badly damaged by the electrical storm which passed over this valley Sunday about midnight.

Joe Cenarrusa took three carloads of lambs to the Open market Monday.

Mrs. Rachel Sudek, Fort Peck, Mont., made a week end guest of Mr. and Mrs. Harold Dilworth.

Mrs. Stanley Sherman, Holywood, Calif., arrived Friday to spend two weeks with her parents, Mr. and Mrs. John D. Baird.

Mr. and Mrs. Forrest McCholchin, Tikira, who have been visiting Mr. McCulloch's father, B. F. Jefferson, Roseburg, Ore., and her sister, Mrs. J. H. Dick, Lillwaup, Wash., on Puget sound, returned to their home Saturday. Mr. and Mrs. McCulloch were joined at Boise by Theima and Thelma Stewart who will be their guests this week.

Kenneth Cook, Tikira, left last week for Boise to be a piano student of Mrs. Irene Sparks for several weeks.

William Sparks left Monday for Vallejo, Calif., to join Mrs. Sparks and Mr. Barney, who preceded him there three weeks ago. The Sparks expect to make their home there.

Neilson Cooley and Gordon Elliott returned last week from Yellowstone park. On their way to the park they stopped to visit Leo York, who is employed at Dubois.

Dr. and Mrs. C. A. Call and children left Monday for their home in Phoenix, Ariz., after visiting in Carey.

Mr. and Mrs. L. W. Rawson, Pocatello, and Mr. and Mrs. D. E. Adams and daughter, Dianne, Carey, returned Sunday from Glacier National park, Lake Louise and Victoria, B. C.

Mrs. Alvin Atwood and children, Spanish Fork, Utah, returned to their home Tuesday after visiting Mrs. Atwood's parents, Mr. and Mrs. William Briggs, Bob Briggs and Elaine Phillips drove them down.

**CECEDAR DRAW**

Out at Cedar Draw they are working so hard to create a surplus that they are too tired to go to Grange so not enough members were out to hold a meeting. Hope I never see that old. Seems like they ought to get some young people in the Grange. They are an antidote for getting old if they don't run you ragged.

**DEEP CREEK**

Well, they had a great time out at Deep Creek last Friday night. It's that visiting Kimbly's tonight. They're the visiting outfit you ever see. Wish they would come out here us some time. They are sure lots of fun and I hear they won't take anyone into their Grange who can't sing.

Anyway it looks like they can all either sing or play some instrument or both. They were there 22 strong and as usual they had a fine program. Deep Creek didn't do much business on account of looking forward to the entertainment they were to have. Sort of like a school kid waiting for the last day of school. Not much use to anyone when school will be out in just a few days and maybe the teacher will be too excited over vacation to grade his last papers anyway.

They did arrange to go to Gooding to be guests of Gooding Grange and take a program and also to visit the Grange to be their guests at the dairy show at Piler in August. They will meet at the Haught home on Aug. 4 and go in a body to Gooding. That's a good way to go as it's harder to go a whole Grange. Other visitors were Walter Reed, Tom Helmanek and his Missus, who make Lucerne Grange go around Prof. Roy Mahaffey of Linfield college, McMinnville, Ore., and A. Harvester of all Granges.

Never had the friendly lecturer of Kimberly Grange, had charge of the program, which follows: Song, "America the Beautiful" by the Grange; two readings "The Rivals" and "Down Among the Daisies" by Mrs. J. H. McCulloch; "The Last Home of Sumner" Mrs. Roy Durk, accompanied by Mrs. Ralph Teague; a skit, "The Newby's Garden"; Mrs. Will Lockes and Mrs. Phillip (this is a very comic sketch, depicting how a garden should not be made); male chorus, "The River of Time" and "The how at Sunset"; Fred Beer, Ralph Teague, Fred Trimble, Ben Jensen, Roy Durk, and Mrs. Jensen, accompanied by Mrs. Teague; some talk, "The Next Century"; Roy Mahaffey, Linfield college short handed, Prof. Mahaffey said we had spent or were spending this century learning the most scientific and modern way to slaughter people. We were in the next century how to live. I wonder why we should wait until the next century. After that we won't be here to take advantage of what we learn at that time. Am more concerned with the present time. Ice cream and cake were served and a fine time of good fellowship followed during the social hour. Come and see us sometime, Kimberly.

**CHICKEN THIEVES**

If there is one class of human beings that A. Harvester would relegate to the ranks of the rathesneke to sit the coyote. It is the most who under cover of darkness, steal what someone else has worked hard to get and expect to reap some benefit from later. One of my neighbors, Mrs. O. R. Chamberlain, had 123 fine frier chickens shut up last Sunday night, expecting to sell them the next day.

But under cover of darkness and during the electric storm that night some unpeepable varmint or varmints came and lifted the entire flock. If work was scarce and people were going hungry there might be

# NAZIS MAKE NO PROGRESS ON LENINGRAD, REDS CLAIM

## GERMANS REPORT STEADY ADVANCE ON EVERY FRONT

By HARRY SHAPIRO  
MOSCOW, July 31 (Special)—Official press today said fighting was resumed in the Porkhov area, 145 miles south of Leningrad, which was taken to indicate here that Nazis on Leningrad are making no progress.

It was the first mention this week that the front was in the Porkhov sector. The official communique revealed why fighting still is in progress in a vital Smolensk sector, in Novorossia, about 40 miles due south of Porkhov and in the Zhitomir sector of the front which defends Kiev.

**Russians Hold**  
Indications here are that Russians are holding firmly to their lines in all these regions and that action on other fronts is limited to minor engagements.

The Luftwaffe was reported to have attempted to raid Leningrad three times during daylight hours and to have been turned back on each occasion.

On all fronts the Red air fleet was said to have been engaged heavily in bombing Nazi motorized units, infantry and artillery batteries.

One of Adolf Hitler's picked regiments of Berlin bodyguards, the elite "great Germany" regiment, was said to have been wiped out with more than 2,000 killed, and another regiment of 1,000 men was reported to have been captured on the central front.

The victory was won on the bitter-fought Smolensk sector, south of the Moscow front, where for two weeks the Germans had driven vainly into the Russian lines in the north.

Russians themselves were now counter-attacked heavily and, it was asserted, with great success.

**NEAR LENINGRAD**  
BERLIN—German informants intimated today the fall of Leningrad was near while the Red high command claimed further encirclement of Soviet forces east of Smolensk and surrounding "strategic" areas.

The high command said German troops in the Ukraine had thrust deep into the Russian lines of retreat, apparently indicating movements of Nazi panzer divisions in the main of the Ukraine front.

To the east of Smolensk, said the high command, encircled Russian forces were further compressed.

The Luftwaffe was said to have bombed military objectives in Moscow during the night and attacked the railroad junction or Orekhovo.

**ROME**—The Italian expeditionary corps—Italian troops set to fight with Germany against the Soviets—has reached the Russian front, an Italian communique said today.

**ROME**—British airplanes, which for several weeks have been based at Sicily with occasional flights to Naples, yesterday raided Cagliari on the island of Sardinia, the Italian high command said today.

**BUDAPEST, Hungary**—News agencies reported today that 122 "Communists and Jews" had been executed at Bolgrade Monday.

**MADRID**—The Falangist organ, Arriba, charged today that the United States is conferring with the Spanish Loyalist leader, Gen. Jose Miaja, concerning possible use of a force of Spanish Republicans under his leadership in event of American action to occupy the Canary islands.

**LONDON**—British planes attacked industrial targets in the Aachen and Cologne areas of western Germany and docks at Boulogne on the French invasion coast during the night, the air ministry said today.

Bombers also attacked a convoy off the German naval base of Heligoland yesterday by daylight, the ministry said, and hit four ships totaling 4,700 tons.

**BERLIN**—An official news agency communique today that Gen. Georg Kell, youngest son of Field Marshal Wilhelm Kell, chief of the high command and had been killed in action on the Russian front.

**LONDON**—Hugh Dalton, minister of economic warfare, revealed today the British navy is intercepting shipping and air traffic from the French port of Marseilles.

**TOKYO**—Japan will freeze assets of Australia, Burma and British Malaya, effective tomorrow, it was announced today.

**WASHINGTON**—The administration will offer to train several hundred South American pilots in the United States. The training officials said today. The training program was understood to be a part of the government's campaign to end Axis control of commercial aviation in South America.

**Mine Hero Promoted**  
ST. CLAIRVILLE, Ore.—Thomas Getters, whose work in the Willow Grove mine disaster of March 15, 1941, saved many lives, has been named safety director of the Hanna Coal Co., owner of the mine. Getters led 34 men through the wreckage of the mine.

## Getting Sentry-Mental

Except for trouble with a trip-hammer tucker and snarled nerves, Private Ronald Polien has no complaints about the life of a soldier under stripes or bars. His was the task of serving as sentry during the visit of Earl Carroll's semi-party Vanities show to Camp Stan, Riverside, Calif.

## CASSIA ORDER NUMBERS GIVEN NEW DRAFT LIST

BURLEY, July 31 (Special)—Order numbers of draft registrants in Cassia county's second registration July 1 have been compiled by the area draft board as follows:

- Order No. Name
- S-306 Harry C. Laney, Burley
  - S-323 John D. Pace, Burley

  - S-1145 Robert J. Hutchinsan, Albion

## JAPANESE CRAFT LAND AT SAIGON

SAIGON, French Indo-China, July 31 (UPI)—Japanese fishing pleasure and bi-motored bombers, the first to arrive in southern Indo-China, landed at the Saigon airport today and spent the night at the airport.

Activities of land and air forces all the way from Saigon to Cambodia were accompanied by movements from force of occupation units.

United Press dispatches from Phnom-Penh said the first detachment of Japanese troops to arrive there had requisitioned buildings for military use. The reports said traffic on the main roads between Phnom-Penh and Saigon had been cleared to facilitate Japanese troop movements.

Scores of trucks were being backed across of Saigon, taking Japanese troops to barracks outside the city.

It takes more than 12,000,000 gross tons of cargo to supply the city each year to do the job safely. This is the United States, according to the census bureau.

## ROTARY TOLD OF BEET SITUATION

JEROME, July 31 (Special)—Reed Lewis, Twin Falls, representing the Amalgamated Sugar company, was guest speaker at the meeting of Jerome Rotarians Tuesday night at luncheon, telling of the beet situation, including legislation, acreage, allotments, quotas and general conditions of sugar beet in the various beet areas this season.

The program was in charge of the club service committee, with Joe Shirley as chairman. Next month's program chairman will be Paul Rudy, in charge of the beet work.

His report was heard on the intercity meeting held at Burley last Thursday, with 16 Jerome members attending. John Greig, secretary of Rotary International, Baranquilla, Colombia, who is visiting 100 days in Idaho before returning to his country, spoke of Colombia and its environs, and also told of work as a director of the Rotary International.

## HANSEN

Mr. and Mrs. Charles Hipp, friends of Miss Goodman as a youth in North Carolina, called at the Goodman home Wednesday en route from Spokane to Yellowstone national park.

The group visiting relatives on leave from Fort Lewis, Wash., left Tuesday for Twin Falls. They were Paul Vigus, Lorenzo Halburn and Arthur Kopp. Col. H. G. Lauterbach accompanied the boys back to Camp Lewis.

Edzie Porier and brother, Lee Porter, sons of Mr. and Mrs. Bob Howard M. McIntosh, Oakley, Hansen, were guests over the weekend while on leave from coast guard duty at Fort Lewis, Wash.

Mr. and Mrs. D. J. Koenig, who recently returned from several months at San Diego, Calif., reside now at an apartment at 233 Fourth avenue east, Twin Falls.

A surprise birthday party was arranged for Miss Goodman last Sunday following lecture services for Clarence Rambo, at the Leibel service station, Marvin Washburn, at the Leibel service station, and followed outdoor games. Miss Marjorie Rambo presented a short program.

John South West, who has spent a month visiting his brother in Hansen, and his mother, Mrs. John West, of Twin Falls, were present for Fort San Houston, Tex., where he is in training with the U. S. army.

Mr. and Mrs. Alfred Billings, Provo, Utah, made a brief stop Monday with her uncle and aunt, Mr. and Mrs. Walter West, who were Mr. and Mrs. Bert Clineham, also of Provo.

Miss Cora Madden entertained Rock Creek Woodville club Wednesday. Guests were Mrs. Ada Butler, Kimberly, Mrs. Ellen Cline, Twin Falls, and Mrs. Walter Schindler, Cedro. Program on famous women of Idaho was arranged by Mrs. Dorothy Crockett, Twin Falls. Mrs. Cora Crockett read a poem written especially for the golden wedding of her parents. Cakes given as prizes for high scores were given by Mrs. Mary McIntire, Kansas City, Mo., on an extended tour of Mexico, and the western states, last week visited her cousin, John Shobe, and an sister-in-law, Mrs. John Neff, Buhl.

Five families, including those of Mr. and Mrs. Charles B. Stewart, Mr. and Mrs. Floyd Gray, Mr. and Mrs. F. Trunkley Hansen, Mr. and Mrs. Edward Hake, Mountain City, Nev., and Mr. and Mrs. Lyle Peterson, Twin Falls, enjoyed a picnic Sunday afternoon at Big Bluff picnic grounds, Rock Creek.

Mrs. Hulda Dodson, 83, whose quilt top making record drew recent attention, has decided to give up her residence in Hansen, and has taken up her home quarters at the county farm, south of Twin Falls.

Mrs. Dodson was a resident of Hansen for more than 40 years.

Shirley Forinwall, daughter of Mr. and Mrs. H. Forinwall, returned to her home Sunday, following a week with her uncle and aunt, Mr. and Mrs. Orpha Cline, Wendell, who brought her home, and spent the day with their parents, Mr. and Mrs. Ed Sager, and the Porinwall, Mrs. and Mrs. Sager accompanied them home for the night.

Mr. and Mrs. W. H. Hare have as their house guest, their son-in-law and daughter, Mr. and Mrs. Howard Robinson, and small daughter, Hayvone, Cell. The visitors will spend the month here during his tour from the airplane factory there. Mrs. Robinson is the daughter of Mrs. Grace Rambo, a student of the Hansen school.

## Butterfly vs. Thistle

The painted lady butterfly owes its wide distribution to the fact that it thrives on a plant which has been most successful in gaining a foothold throughout the world. This is the thistle whose seeds travel 1,000 miles or more.

## GIVE LIVER BILE FLOW A BOOST

Start Tomorrow and Keep This Up for 30 Days

Normally the liver should discharge a quantity of bile into the small intestine each day. If it doesn't, you may feel a heavy, bloated, or indigestible feeling. This is due to a sluggishness of the liver. It is a common condition, and it can be corrected by taking a course of Liver Bile Flow.

It is a natural, safe, and effective remedy for all cases of indigestion, constipation, and general weakness. It is a natural, safe, and effective remedy for all cases of indigestion, constipation, and general weakness.

## Spoiled Buck Is "Problem Child" At National Park

YELLOWSTONE PARK, July 31 (Special)—Yellowstone national park's number one problem child is "Johnnie," a proud but spoiled buck deer who lives along the highway between West Thumb and Old Faithful.

A perfect wildlife specimen for camera enthusiasts, Johnnie stands and poses for every photographer that wants his picture. Of course he doesn't want his picture for the love of it, but he will accept a bribe or two. A favorite of the winter keepers at Old Faithful when very small, Johnnie used to come each morning and evening to get food during the winter months, but when summer came, he moved away from all the commotion and civilization; however he hasn't divorced himself entirely from all tourists.

No one seems to know just exactly how old this buck deer is, but some estimate his age between six and eight years. Regardless of his age, Johnnie has a something to boast about in his age between six and eight years. Regardless of his age, Johnnie has a something to boast about in his age between six and eight years.

They are his new antlers which are in the "wax" stage at Old Faithful as they have just started to drop off until April 11 when they will be in the "wax" stage. It was too much rich food and high living that caused Johnnie's antlers to stay on so long.

When the summer season is over and the visitors have left the park, Johnnie is expected to be back at Old Faithful where he will be waiting for the keepers of our national parks during the migration flight.

## Odd Belief

Along the Mediterranean coast, many peasants insist that storks and cranes serve as clipper ships for smaller birds during the migration flight.

## AUTOS CRASH IN 3 MINOR MISHAPS

Three minor automobile accidents were noted in Twin Falls within a three-hour period yesterday evening and night, police records show today.

About 8:30 p. m. cars operated by Raymond E. Papp and Leo Burelis crashed at the Truck lane and 6th street south. A police record pointed out that Burelis failed to observe a stop sign and assumed responsibility for the mishap.

About 5:25 p. m. a minor wreck was in progress on Main avenue when cars operated by Mrs. Maude Helzel, route two, Buhl, and Mrs. Emery Hill, Twin Falls, crashed.

Shortly before 8:30 p. m. cars operated by James J. Allen, Salt Lake City, and A. C. Spencer, Buhl, crashed on Main avenue north.

## Camp Tests Earn Awards for Boys

Various Boy Scouts of the Twin Falls district today had received merit badge and rank advancements as result of tests taken during a recent camping season on Boardman creek, officials had announced today.

Approved advancements follow:

First class advancement to John Rasmussen, troop 68; second class advancements to Vainu Bollingbroke, troop 71; Lynn Capps, Dick Irwin, troop 66, and Larry Wood, troop 65.

Merit badges to Bill Merritt, troop 64, athletics; George Nye, troop 63, mechanical drawing and cooking; Jack Jones, troop 68, pathfinding; Wayne Bates, safety, pathfinding and bird study; Jim Williams, pathfinding and bugling; Elven Rodgers.

## World Traveler

Originating in Montana on Feb. 29, 1928, a cyclone traveled around the earth and broke up in the Gulf of St. Lawrence one month later.

EXPERTS STUDY MINERAL DEPOSIT

MOSCOW, July 31 (Special)—Extensive deposits of clay, mica, beryl, sillimanite, and other minerals in eastern Latah county will be appraised in August by the Idaho bureau of mines and geology.

Red Cross Quota Of Sewing Listed

JEROME, July 31 (Special)—Announcement was made today by Mrs. E. M. Snodgrass, chairman of the Jerome county chapter, National Red Cross relief sewing committee, that there have been 25 layettes, 17 girls' dresses, 15 pairs of socks, two knitted children's suits, 12 children's sweaters, and three women's sweaters, completed and are being shipped this week to New Jersey, after which they will be distributed to non-believers in the area suffering from war ravages.

In the layette division, each layette contains two wrapping blankets, one pair of socks, two night gowns, two dresses, one kimono, two shirts, two pairs of stockings, one cap, one dozen diapers, and one dozen safety pins.

FAIRVIEW

Mrs. Blanche Metzela, Los Angeles, and Edson McMurry, Salt Lake City, returned Thursday to their respective homes following the death of their father here.

Mr. and Mrs. Arthur Kraft and children, and Mrs. Annie McCann and daughter, Nola, Twin Falls, and Mr. and Mrs. Melford Thompson and daughters were dinner guests Sunday at the E. O. Denney home. Miss Nola McCann remained to spend this week visiting at the Thompson home.

Barbara and Carol Eddy spent last week visiting at the Leonard Lath home.

Fairview Grangers are reminded of Orange this Friday evening and that during the program period Virgil Barron, state parliament, will talk on safety on the highway.

Mr. and Mrs. Alfred Kramer and children, Mr. and Mrs. Elvin Noh, and Mr. and Mrs. Chester Noh were entertained at a birthday dinner Saturday honoring the initial day of their product.

Miss Carol Post and Miss Elvira Watt were home from summer school at Caldwell for the week-end. Mrs. Will Spence took them back to school Sunday.

Miss Ruth Lath entertained about 20 girls of the Juiti Pep club and their new pledges at her home Monday evening at a lawn party and picnic supper. The lawn was gaily decorated with Japanese lanterns to lend color to the games and party.

Mr. and Mrs. Henry Fisher, Brigham Canyon, Utah, are here this week visiting at the home of his sister, Mrs. L. O. Watson.

Mrs. Harry King entertained at a birthday party and plunge at Bunt park Tuesday in honor of the birthday of her twin daughters, June and Jean. Twelve girls were guests.

Mr. and Mrs. D. S. Bray and children, and Mrs. A. E. McMurry were dinner guests Sunday at the Ed Conrad home.

Mr. and Mrs. F. J. Nowlan, Mrs. Ida Wilson and Mrs. Will Spence were Friday dinner guests at the Frank Atkins home.

Mr. and Mrs. Edn Higbie and daughter, Sue Dawn, were Monday evening dinner guests at the John Higbie home.

Mrs. Frank Kodach, and Mrs. Ralph Rendia took Orandina Kodach Wednesday to Magic hot springs for a week's stay.

Canada Mobilizes "Brigade of Science" in Newest War Factory

By MAJOR THOMAS WATLING (NEA Service)

OTTAWA—Radio-location, "which begins where television ends, is the newest of Canada's new war industries."

The manufacture of this strange secret defense weapon which is delivering the night raiders of the Luftwaffe to the vengeance of the RAF will be in full production within a month.

Canada is not only making the instruments, but is training and supplying the radio operators to man them.

British Air Chief Marshal Sir Philip Joubert divulged the use of the radio-locator last June. It was described as a device which sent out electric waves unaffected by darkness or fog.

These waves become distant outposts constantly manned by electronic watchmen which send back a signal of any object coming in their path.

Canada's national research council had already done some experimental work in radio-location and, when radio-locators were established in England, the British government decided there was another contribution Canada could make to the British war effort.

Research, Research Enterprises, Limited, was incorporated as a government company and 150 scientists and experts, under Colonel Eric Phillips, studied the problem and drew up plans for technical equipment and staff.

These plans have come to fruition and, in this huge plant near Toronto, radio-locators are being manufactured under "shush-hush" conditions.

The Dominion government decided there was another contribution Canada could make to the British war effort.

This crucible of optical glass will be transformed into fine lenses for the British navy. The operator is breaking up the glass, which will be sorted for size, and then shaped, ground and polished.

University Rams To Be Offered at Big Filer Event

MOSCOW, July 31 (Special)—Thirty-two fine Suffolk, Rambouillet, and Panama young rams bred and raised on the University of Idaho farm are to be offered at forthcoming state and national ram sales.

The consignments will be in charge of Prof. C. W. Hickman, animal husbandry department head.

Two Suffolk studs and pens of two and five will be sent to the Idaho state ram sale at Piler Aug. 6. Twenty-three yearlings to be offered at the national sale at Salt Lake City Aug. 25-27 include three studs and a pen of five Suffolk, a pen of five Rambouillets, and two pens of five Panamas. The Suffolk stock was bred by an imported ram bred by J. R. Keeble of England.

Marilyn Dean Perry Weds K. Clapsaddle

At impressive nuptial rites Miss Marilyn Dean Perry, daughter of Mr. and Mrs. C. M. Perry, last evening became the bride of Kenneth Clapsaddle, Seattle, Wash., son of Mr. and Mrs. C. O. Clapsaddle, Twin Falls.

Wearing a printed organza with white background, and a finger-tip veil caught back with orange blossoms, Miss Perry exchanged vows at 8 o'clock at the C. M. Perry home, 1235 Eighth avenue east, with Rev. A. C. Miller, of the First Brethren church officiating.

The bride carried an old-fashioned nosegay of roses, tied with white satin streamers. Miss Harriet Perry, sister of the bride, was maid of honor. She chose a blue floor-length gown trimmed in pink grosgrain ribbon, and wore a corsage of talisman roses.

Attending as best man was Leland Perry, cousin of the bride. Proceeding the ceremony Leland Perry, accompanied by his sister, Miss Nadine Perry, Oakland, Calif., sang two numbers, "Love You Truly" and "Oh, Promise Me".

Lighting the white tapers in the altar, while Mrs. Perry, Mrs. Nicholson, These tapers flanked the improvised altar, while a huge wedding cake, decorated with Miss Nicholson played the wedding processional and recessional numbers.

Attending the ceremony from out-of-town were Mr. and Mrs. Frank Heland and daughters, Hazelton, and Mr. and Mrs. Glen Homplander, Spokane, Wash. Mr. and Mrs. C. H. Perry, Twin Falls, grandfather and grandmother of the bride, were among the distinguished guests.

Mrs. Clapsaddle was graduated from the Twin Falls high school with class of 1939. After being graduated from the Twin Falls high school, Mr. Clapsaddle attended the N. Y. A. school at Weiser. He is now associated with the Sweden Freer manufacturing company, Seattle.

Following the nuptials a reception was held with the bride cutting the cake in traditional fashion. She was assisted in the duties by Miss Lois Jones Wells and Miss Virginia Shielingburg, the two friends and relatives who attended the ceremony and reception.

Mr. and Mrs. Clapsaddle left today for a two weeks' trip to points in the northwest. They will make their home in Seattle about the middle of August.

Illinois Guests Feted at Outing

A family picnic was held at the country home of Mr. and Mrs. Noel Bailey Sunday in honor of Mr. and Mrs. Rex Bailey and family, Quincy, Ill., who had been visiting here the past week.

Stomach Distress After Eating Was Ended With Hoyt's

And Now I Can Enjoy Eating and Am Gaining Strength and Vitality Every Day, Says Mr. Martin of Boise.

Mr. Louis Martin, 1123 1/2 River St., Boise, Idaho, says: "For year I had a bad stomach. Everything I ate caused trouble. My foods turned sour and I would have heartburn, gas and bloating. My kidneys were bad also, and I had to arise nights."

Since the 19 years ago he began as a reporter on the Kansas City Star, Harold Peters has covered news from Missouri to the Mannerheim line. Detachments of his United Press dispatches have ranged from Cairo to Copenhagen, from Berlin to Buenos Aires. He served in Greece, Palestine and Egypt while Italy invaded Ethiopia, saw Barcelona fall to Franco, Hungary adhere to the Axis.

Peters

I was very constipated and did not get sufficient nourishment from my food, so I was run-down and weak. Hoyt's Compound has done wonders for me. There is no more that stomach distress after eating and I feel much stronger. My kidneys are better and there is no back pain. Every day I have regular bowel elimination, thanks to Hoyt's. I heartily recommend it to all and know any sufferer will be benefited by it."

Hoyt's Compound is recommended and sold by all leading drug stores and all leading druggists in this area.

Salmon Club Sets Picnic for Aug. 3

At the annual summer picnic and ice cream social, members of the Salmon Club will entertain their husbands and children next Sunday, according to Mrs. Esther O'Dell, club president.

Daughters Visit At Dodds Home

# JAPAN MAKES LIFE UNCOMFORTABLE FOR FOREIGNERS

## CORRESPONDENT SAYS ALL TOKYO LUXURIES GONE

Editor's Note: This is the fourth in a series of reports from Japan by H. O. Thompson who recently returned from a tour of inspection in Japan as Tokyo Union Press manager.

By H. O. THOMPSON  
NEW YORK, July 31 (UP)—The life of foreigners in Japan today is in shocking contrast to the life of ease and luxury once regarded as a symbol of residence in the far east. It is a life where procurement of even the simplest things means worry, toil and mounting expense. Shoes, cotton materials, suitable clothes, all imported articles such as special foods, toilet requisites or tobacco, are unobtainable.

Theoretically a foreigner is still entitled to import to yen (about \$14 worth of merchandise each month), provided the articles are not on the banned list. In actual practice, however, it is not so simple. Permits are required and that entails red-tape, delays and often frustration.

Parking Statute  
The activities of the Japanese police and gendarmes who are constantly checking on foreigners provide annoyance, irritation, mental or physical discomfort depending on the individual. The police department's parking statute to me was to break open a locked brief case in my car. I was watching the ship's departure from the promenade deck.

The American community in Tokyo and Yokohama has dwindled from about 2,000 to a few hundred, and business men, newspapermen and other employes, a few newsmen and some whose careers are linked with Japanese activity.

There are only three women on the American embassy list left in Tokyo. Mrs. Joseph Clark, wife of the ambassador, is one of them. The others are Mrs. Helen Smith-Tilton, wife of the naval attaché, and Mrs. Stanley Stevens, wife of the American consul.

Wives of American army officers attached to the embassy were ordered out of Japan two months ago.

## News in Brief

**To Sun Valley**  
Miss Kathryn Gott is leaving for a brief visit at Sun Valley tomorrow.

**Warm Springs Trip**  
Rev. and Mrs. Roy E. Barnett returned from a vacation outing on Warm Springs creek.

**Portland Guests**  
Mr. and Mrs. Holman Gray, Portland, Ore., are guests of Mrs. Ethel Gray, mother of Mr. Gray.

**Undergoes Operation**  
Mrs. John Molenkamp returned Saturday from a vacation trip to La. W. where she underwent a major operation at a hospital there.

**Boise Visitors**  
Among the Twin Falls residents who spent the last few days in Boise are E. C. Vawter and Mr. and Mrs. Jack Lynes.

**Returns Home**  
Mrs. Fanette Taylor returned to her home at Caldwell Sunday after visiting her parents, Mr. and Mrs. A. B. Dobbs and sister, Mrs. Robert Leichter.

**AAA Man Leaves**  
Leo Kaufman, who has been associated with the Twin Falls offices of the AAA, will leave tomorrow for his home at Boise where he is in charge of the office there.

**Returns From Trip**  
Dr. H. L. Weeks vacation to points in California. Mrs. Stone and sons are remaining on the coast for a longer stay.

**Pettit Lake Outing**  
Olen Boren, Hubert Peck and Frank Rogers, Los Angeles, are vacationing at the Wilson-Peck cabin on Pettit Lake. They were accompanied by Mrs. Margaret Peck, mother of Hubert Peck.

**Return to Camp**  
Privates Dale Waite and Vernon Peterson returned Tuesday to their companies at Camp. They were members of the medical detachment of the 11th engineers. They spent a 10-day tour through visiting their parents here.

**Conclude Trip**  
Mr. and Mrs. Hamer Adams, daughter, Virginia, and son, Richard, have returned from Portland, Ore., and Vancouver. They were there for 10 days vacationing.

**Back From Seattle**  
Miss Edith Dygert, of the Twin Falls public library staff, and Miss Janet Peil, who attended summer session at the University of Washington, have returned from Seattle. Miss Dygert spent part of her vacation visiting in Seattle.

**Return to Tacoma**  
Mr. and Mrs. Francis Buchanan and son, Michael, have returned to Tacoma, Wash., following a visit with Mr. and Mrs. Owen Buchanan, Twin Falls, and Mr. and Mrs. W. R. Helms, Boise.

**Return to Coast**  
Mr. and Mrs. B. B. Prater and daughters, Dorothy and Carolyn Prater, and Mrs. W. G. Gilbert returned from their home in Bakerfield, Calif., following a visit with Mr. and Mrs. Walter Robertson, Twin Falls, and their relatives at Shoshone and Duhl.

**Leave for Coast**  
Lieut. Walter W. Olson, reserve officer at Camp Roberts, Calif., and Mrs. Olson, and Mrs. L. A. Marks, Los Angeles, have returned to their homes after visiting Mrs. Thron Olson, mother of Lieut. Olson and Mrs. Marks, who is sister of Lieut. Olson and Twin Falls county general hospital.

**At Hospital**  
Admitted to the Twin Falls county general hospital were Mrs. O. A. Whitmore, Mrs. Claude Mendolia, Mrs. George McLaughlin, all of Twin Falls; Kerline Wore, wife of Harry Wore, and Peggy Hurbert, Filner, and Mrs. R. E. Davis and Master George Webb, Kimberly.

**Leave Hospital**  
Among those discharged yesterday from the Twin Falls county general hospital were Mrs. Larry Groves and infant son, Mrs. Byron Pinch, Jack Van Auden, Mrs. H. G. Waddell, Miss Virginia Livingston and Mrs. Fay Young, all of Twin Falls, and Mrs. John Woolley, Jerome.

**Return From Camp**  
Armour Anderson and Ed Bendix will arrive Friday from the T. O. training camp at Fort Lewis, Wash., where they have been undergoing military training since shortly after the University of Idaho spring term concluded. Both will be sent next year at the university.

**\$250 Fine Levied Against Pair for Slaying of Deer**  
BOISE, July 31 (UP)—Illegal killing and possession of deer today had cost two Idaho residents \$250, the state fish and game department reported.

Jack Holbrook, Inkom, was assigned at Pocatello and fined \$150 for possession of three spotted fawn hides, and Harold Chevrolet, Bannock, was fined \$100 at Soda Springs for killing deer out of season.

At the same time, Director Morris reported more than 2,000 pheasants used to be shot at the state bird farm have been released in 25 south Idaho counties.

V. W. Bailey, superintendent of the Jerome farm, reported work of the sportsmen's organizations in releasing the birds.

## PROCESSING FIRM NAMES MANAGER

(Picture on Page 5)  
Effective Sept. 1, Henry Jenkins, 31, Twin Falls, will take over the position of manager and plant superintendent of the Magic Valley Processing company, a new local industrial setup formed to extract starch from potatoes.

Appointment of Jenkins to the post was announced last night by directors of the company and the new firm is now in operation. Jenkins is at the present time employed by the Amalgamated Sugar company and directors pointed out that he brings to the firm a background of experience in the new industry which will be located in a building on Fourth avenue south. Remodeling of the plant is now under way. Jenkins is qualified as a chemist as well as plant operator.

Processing of potatoes, Mr. Jenkins pointed out, in addition to the production of starch, the new industry also offers the opportunity of developing many materials from by-products.

The new manager attended Weber college high at Pocatello, and also Weber college. While in high school he became associated with the Amalgamated Sugar company and continued with it since that time. He has resided in Twin Falls for the past six years and resigned a position of assistant manager of the local sugar plant to take over his new duties.

Jenkins is married and the father of three children. The family resides at 304 Ash street.

An installation of machinery at the plant is scheduled to start as soon as remodeling work is completed.

**Candidates Meet**  
Candidate of the Twin Falls College student body will go to Gooding Friday night, Aug. 1, for initiation. Local lodge officials announced this afternoon. The candidates will meet at the local O. T. U. hall at 7 p. m. tomorrow and will leave for Gooding in a body.

**Katers Hospital**  
Milton Cellman, Monte Vista, Colo., brother of Mrs. A. R. Ekdred, was admitted to the hospital here Monday and gone to Denver, where he will receive medical treatment, prior to returning to Monte Vista.

**Home From Coast**  
Mrs. Jean Cox has returned from Reno, Nev., where she attended the summer session of the University of Nevada, and will spend the remainder of the summer visiting her parents, Mr. and Mrs. J. F. Cordes. She will be an instructor in the Riv. Nev., school system again this year.

**Seen Today**

## Successful Russian Stand Aids Britain, United States

By United Press  
From the military viewpoint, the stand of the Russian "crusade" against Bolshevism was intended to increase peace sentiment in Britain and the United States. If that stand, however, is not taken, the plan failed, because few believed it.

Potential enemy  
Another supposition was that Hitler regarded Russia as a potential enemy and wanted to eliminate danger from his rear while he disposed of Britain. Still, Stalin made no concessions to appease Hitler and the Russians historically have been great fighters in defending their own soil and not so good an invading others.

Modern examples are the crushing defeat around Tannenberg in east Prussia in the last war and the difficulty the Red army had in taking a slice of Finland. It took more than three months to accomplish what should have been able to do in a matter of days or weeks.

Needs Raw Materials  
A more tenable theory is that Hitler relied on raw materials to get them and keep his war machine going. If Germany's primary needs are in large quantities in the Ukraine and Caucasus.

"The German march to the east" always has envisioned Ukraine as an objective. In "Mein Kampf" Hitler wrote: "When we talk of new lands in Europe, we are bound to think first of all of Ukraine and the Caucasus. It looks at this date like a costly enterprise by Hitler, and one which may return him little profit if he wins it."

## DEFERMENT 'OUT' FOR COLLEGIANS

College students who are taking general studies will not receive draft deferment, officials of area No. 1 board said this afternoon following presentation of a deferment plea by a youth who will be a university senior this fall.

Deferment was granted for the last school year to all collegians. That practice, however, has not been followed this year because of national selective service headquarters.

Specific studies—complete list of which may be secured from any draft board—will entitle students to deferment. Those taking general college work, however, will be called up for draft if their order numbers are reached during the school year.

The situation for such students, board officials indicated, is that "they're going to school this year at their own risk."

## EXAMINING BOARD PLANS LAID HERE

Lieut. Max R. Barber, of the Salt Lake City recruiting headquarters, was in Twin Falls today conferring with Sgt. Frank Morris, local recruiting officer. They were en route to a visit here of the army flight examining board the evening of Aug. 15 and stay Aug. 16.

Lieut. Barber, during his stay, contacted local leaders of civic clubs, and also civilian flight training officials. Two years of college are necessary before signing up as an air cadet can be completed.

The visit is hard up for war planes, and that regularly enlisted men, lacking the college requirement, will be eligible for flight training after they have joined the regular army. Full details of this procedure can be had by contacting Sgt. Morris at the city hall here.

## Funeral Services For Jerome Man

JEROME, Aug. 31 (Special)—Funeral services for Frank Emerson Guthrie, who was found dead in his home south of here yesterday, will be held Saturday at 2 p. m. at the Jerome Methodist church with Rev. Albert E. Martin officiating. Burial will be in the Jerome cemetery under direction of the Wiley funeral home.

## MINER KILLED

BOISE, Idaho, July 31 (UP)—Campbell Mine inspector Arthur Stambell today received a report that Harold Mullin miner, was fatally injured while working at the 3200-foot level of the Morning mine of the Federal Mining and Smelting company.

Details of the accident, which occurred late yesterday, were not disclosed in the report.

## West WPA Chief Will Visit Burley

BOISE, Idaho, July 31 (UP)—State WPA Administrator Dean Miller and R. L. Nicholson, assistant commissioner in charge of WPA in western Idaho, will leave today for Burley to see southern Idaho national defense project.

The Burley airport project will be the first inspected by the two officials.

## Creameries Score Production Mark

BOISE, Idaho, July 31 (UP)—New June production record was scored by Idaho creameries last month, the agricultural marketing service reported today.

Idaho produced an estimated 1,800,000 pounds of butter, the highest June production in Idaho on record. Production of American cheese was estimated at 1,100,000 pounds, the highest in Idaho in the previous month.

## TUGWELL TO FUERTO NICO WASHINGTON

President Roosevelt late yesterday nominated a Tugwell of Puerto Rico as ambassador to the new republic of Fuerteventura, one of the stormiest figures of the New Deal.

## 133 YOUTHS GET DRAFT QUESTIONS

Questionnaires to the 133 youths in the second draft registration will be mailed Friday morning and must be returned by the registrants on or before Aug. 10, Capt. J. H. Seaver, Jr., chief clerk of area No. 1 board, announced this afternoon.

The draft board will begin classification of the 133 new selections shortly after Aug. 10. Captain Seaver said that the board will probably start ordering physical examinations then for those whose order numbers were inserted in the original draft list up to order number 1,000. The Aug. 5 induction quota for this area carries the order numbers up to 904, according to the chief clerk. Youths on the second list whose order numbers are below that figure will be the first of the new men to be called when summoning of that group gets underway.

Calling of the youths on the second list, however, is not expected before September on the basis of information thus far received.

A village, a river and a railroad are spanned by one bridge at Crutchedfield, N. C.

## Idaho September Draft Quota High

BOISE, Ida., July 31 (UP)—Idaho will be required to supply between 160 and 200 draftees during September, Brig. Gen. C. C. McCone, state selective service director, reported today.

"We have been asked to supply a net total of 151 men and also to make up shortages of July when about one-half of the draftees already selected were deferred when the 28-year-old age limit went into effect," he said.

It was estimated the number of men called to fill the shortage will increase the September call by about 10 per cent or more. Dates for the September call have not been issued, Gen. McCone said.

### Temperatures

There is no imported whisky in Japan. Foreign cigarettes, cigars and smoking tobacco have disappeared. Tokyo is not only a colorful city but at one time it gave the appearance of one because of the numerous neon-lights at night and the beautiful color combinations in the women's kimono during the day.

Now the lights have been removed to conserve power and the kimono are less colorful because the new materials are inferior. Most of the people are wearing old garments to escape public ridicule which patriots direct at anyone suspected of treating the present "crisis" with unbecoming frivolity.

70 CHOSEN FOR GRIDIRON ALL-STAR CONTEST

Feller Fails Again in Quest of 20th Victory of Year

CHICAGO, July 31 (U.P.)—A squad of 70 of the nation's greatest college football heroes of 1940 was selected in a nationwide poll of 3,614,753 fans today for another experiment in "how to stop the T formation."

Opposing the gilt-edged collections in the eighth annual charity game in Soldier field Aug. 28 will be the terrible T

Whoever draws the coaching assignments for the stars—a staff to be selected by the game's sponsor—will have a wide choice of weapons. For one, the post will have plenty of blockers, runners, passers, kickers and plungers.

In the starting lineup will be six from the Big Ten, two from the east, and one each from the south, southwest and far west.

Scheduled to start in the backfield are Tommy Harmon and Forest Evashevski of Michigan, George Frank of Minnesota and George Paskvan of Wisconsin.

The first line includes Eddie Dave Ransford of the State of Michigan, Indiana, and Eddie Ruchnick of Indiana, and Dick Diakos, Tommie Pell and Ernie Pannell, Texas A. & M., Texas, and Augie Lio, Georgia.

The squad includes: HARMON—Regis, Sweden, North Carolina; Evashevski, Michigan; Diakos, Michigan; Ruchnick, Indiana; Pannell, Texas A. & M.; Lio, Georgia; Ransford, Michigan; Paskvan, Wisconsin; Diakos, Michigan; Ruchnick, Indiana; Pannell, Texas A. & M.; Lio, Georgia; Ransford, Michigan; Paskvan, Wisconsin.

Quarterbacks—Paffrath, Minnesota; Schulte, Kentucky; Gilman, Missouri; Hayes, North Carolina; Texas A. & M.; Matuszyczak, Cornell.

Halfbacks—Gallagher, Stanford; McGannon, Notre Dame; Jensen, Rockhurst; Hainstein, Northwest.

ABRAMS TRIMS BILLY SOOSE

New Grid Coach at Buhl

Piscovich to Face Ogden Here Tonight

Paul Piscovich, the strong-arm man of the Cowboys mound, secured his 11th victory of the season tonight—in an attempt to get the Wranglers off the losing streak.

Beaten last night by a 10-5 score as the league-leading Ogden Reds played a tune with their bats against Twin Falls pitchers, the Twin Falls club hopes to do the little stickwork of its own tonight.

Piscovich will be opposed by a newcomer to the Ogden fold, a young hurler named Flynn, who has not yet been charged with victory or loss for the Reds, according to Fisherman Bill McCorry, Ogden boss.

Last night's game was a matter of throwing the ball and doing your best. The Reds connected against his offering long and often. In fact, four safe blows were good for nine bases and four runs in the first inning.

Scoring Starts Dale Laybourne singled after Cassini had grounded out. Baumhoffs took a base on a wild pitch and Winckse's double against the right field wall. Tommy Canavan, the ex-Cowboy first sacker, then came up and smacked a home run over the right field wall to complete the scoring for that half of the frame.

The Cowboys looked as though they might provide some fireworks of their own the last of the first inning, but a hitting-inning turned the trick. Vic Oehler fielded out and then Verne Reynolds and Billy Randall drew walks. They followed by a base on a wild pitch and then scored on Earl Kuper's single to right field. Al Lightner added a run on a sacrifice bunt.

That was all the hitting the Wranglers did until the sixth frame rolled around.

Reds Score Again Meanwhile, the Reds counted once in the third and two scores came (Continued on page 11)

New Grid Coach at Buhl

RALPH VILLIERS

... Takes over as head grid coach at Buhl this fall. He graduated from Flier high school in 1926. He played football at Albion Normal and later at the University of Idaho. Villiers resigned the head coaching post at Troy, Ida., to accept the Buhl position. (Times Engraving)

Young Naval Fighter Wins Non-Title Tilt

NEW YORK, July 31 (U.P.)—The midweight championship mudpie attained a new high in complexity today by reason of George Abrams' third victory last night over Billy Soose, who is recognized as 160-pound king in New York and affiliated states.

Abrams of Washington, D. C., hammered out a unanimous 10-0 round decision over Soose last night before a disappointing crowd of 6,222 and for a prize of only \$12,103. By winning this non-title decision—his third victory over Billy—Abrams apparently won only the right to return unbeaten to his naval station at Jacksonville, Fla., from which George has a furlough for fighting.

Despite Abrams' unanimous decision, Promoter Mike Jacobs announced Soose would defend his title (New York state brand) against Ken Overlin of Washington, D. C., in late September.

Promoter Jacobs explained his hands are tied by contracts already made. He said he would toss Soose and Overlin into the ring in late September. Soose is recognized as champion only by New York and affiliated states, and Tony Zale of Chicago is recognized by the National Boxing Association.

Abrams, only 22 years old, beat Soose in September, 1939 and in February, 1940. He continued to be the champion's jinx last night. Soose, who weighed 164½ in 1940, has the champion's number first from the first go. He forced the fighting throughout, constantly moving in on outsider Billy and preventing Soose from taking advantage of his long reach and his exceptional skill at long-range fighting.

Grid Officials To Use New Signal Plan

MIAMI BEACH, Fla., July 31 (U.P.)—Football officials will notify spectators and the press box of rule violations with four new signals this fall, according to an agreement ratified last night by the National Association of Football Commissioners.

- 1. To show the intentional grounding of a forward pass, the official will hold both hands over his right shoulder.
2. Unsportsmanlike conduct will be indicated by the official extending both arms out straight from his sides of his body with the palms facing down.
3. Illegal touching of a kicked or free ball will be shown by the official tapping both shoulders with his hands, the upper arm being parallel to the ground while he is making the signal.
4. Reversing the hands in front of the chest by an official will signal an illegal formation or position of one or more players.

Of course those offences will probably be charged when the results are all in from Idaho Falls and Boise. However, five men must be chosen from each club in the league and it is doubtful that there will be any shift in the Twin Falls lineup.

Seattle and Oakland Play 0-0 Deadlock

By United Press Jack Salveson of Oakland and Ira Scribner of Seattle tied up last night in one of the pitching duels of the season.

Seattle's pitcher, Jack Salveson, who was called at the 10th inning by the time limit with the score at 0 to 0. The scores earlier had won a 3 to 2 11th-inning victory over the Rainiers to move into fifth place in the league standings.

Seattle gave Seattle only two hits in the overtime contest, while Scribner was allowing three. Sacramento and Portland split a pair. The heavens won the six-inning opener 3 to 2, and Twinkie the second 11 to 1.

San Francisco scored a 3 to 0 with over San Diego, on Wally Carrillo's heavy stick work.

St. Louis Cardinals Dump Brooklyn to Boost National Lead

By GEORGE KIRKSEY NEW YORK, July 31 (U.P.)—Bob Feller is in his worst slump of the season. For the third time in succession last night the Cleveland fire-baller failed in quest of his 20th victory. He hasn't won a game since he triumphed over the Yanks in an 8-inning game in the rain July 18.

Unless he beats the Athletics in Philadelphia Sunday "Bullet Bob" will go back home without a victory on the Indians' eastern trip. You can guess what that means to Cleveland's pennant hopes—if anybody still thinks the Indians are in the race.

Feller didn't lose last night as he was taken out for a pinch-hitter in the ninth and then Washington rallied to win in its half, 7-5. His record remains 19 victories and six defeats. A throng of 24,000 turned out.

Sam Chapman's big bat personally accounted for the Athletics' 5-3 triumph over the White Sox in the fourth-place battle last night at Philadelphia. Chapman hit his 12th homer with two mates on base in the sixth and then closed his 12th with one mate on in the 11th to break up the game.

The Cardinals increased their National lead to three full games over the Dodgers by beating the Flatbush crew, 6-4, in a day game. Pete Reiser's homer was a man on in the eighth gave Brooklyn a 4-3 lead but a ding-dong Cardinal rally led the St. Louis half sank the Dodgers.

The Cubs played tilt for sat with the Phillies. Cy Blanton survived a 14-hit attack to give the Phils an 8-4 victory in the opener. Tom Presnell's relief pitching featured the Cubs' 3-3 victory in the nightcap.

AMERICAN LEAGUE Washington 7, Cleveland 6 (night game). Philadelphia 5, Chicago 3 (night game, 11 innings). Detroit at New York and St. Louis at Boston postponed; rain.
