GERMANS LAUNCH ATTACK ON KIEV

France to Resist Demands of Axis

VICHY, Aug. 4 (UP)—An authorized government spokesman tonight said that France will give no military facilities such as were granted Japan in Indo-China to any outside power in any other part of the French empire.

The spokesman made his statement in reply to the latest warning from the United States that the American attitude toward France will be conditioned upon continued French resistance to axis infiltration of her colonial possessions.

The government was studying a statement of Acting Secretary of State Sumner Welles, holding a line in relations would follow if France acceded to new German demands. There was no official comment.

It was understood that Germany had demanded the right to "protect" French African possessions, particularly strategic Dakar, and the return of Pierre Laval to power.

A special Sunday meeting of the council of ministers approved the stance of Marshal Henri Philippe Petain and Vice-Premier Admiral Jean Francois Darlan in resisting encroachment upon French colonial possessions.

No Direct Reply Seen

A clarification of policy on collaboration with the axis was expected shortly, but it was believed there would be no direct reply to Welles' statement. The spokesman said at a press conference and not to the government.

German-controlled Paris press continued to denounce the Vichy regime and United States Ambassador William D. Leahy, who conferred for an hour with Petain and Darlan. The cabinet, however, was reported to have said that its position would not be influenced by the Paris newspapers or any other non-French sources.

President de Gaulle, who had fled from the occupied and unoccupied zones in France, observed said Petain intends to send his personal message to Leahy last year to cooperate in Germany's new order for Europe, but that the message had involved no promise of military aid.

They regard the Syrian and Indo-China "handover" as a "betrayal" from the government's general policy.

Two in Hospital, One Dead After Paul Ranch Shooting

Scenes in connection with the earlier early Sunday morning shooting of young Paul farmer, Dale Hanson, are shown in the pictures above. Upper left is Mrs. Gladys McGill Hanson, about 32, wife of the murdered man who herself was shot in the arm. The picture was taken at the Baptist hospital where she is undergoing treatment. Upper right is Carroll Jennings Finchman, 25, who is charged with Hanson's murder. Finchman is alleged to have turned the gun on himself after he killed Hanson, his boyhood chum, and wounded Hanson's wife. This picture was also taken in the hospital. Lower left (arrow) is a picture of Mrs. Hanson, who was shot in the arm during the shooting. (Times Photos and Engravings)

THUNDER OF WAR

By United Press
MOSCOW—Russians claim to be halting German pincer drive against Kiev; heavy fighting around Smolensk, Eastern sector, and in the Kerosten and Belaya Tserkva areas. Two German regiments destroyed around Zhilovsk; 1,000 German reported killed, and 200 tanks and horses destroyed in northwest sector.

MONTANAN SEES NEW DRAFT LAW

WASHINGTON, Aug. 4 (UP)—Sen. Hugo Wheeler, Mont., charged today the administration plans an attempt to remove the prohibition against use of army draftees outside the hemisphere and that it would be subjected to "unlimited debate."

Non-interventionist leader Wheeler said the undersecretary told reporters he understood the proposal would be given congress as soon as a resolution to extend the service of selectees, national guardsmen, and reservists to 30 months is acted upon.

Another majority leader, Lister Hill, D. Ala., said the issue would not be raised under "any present plans."

"I understand there is a move on that as soon as this extension bill is out of the way for them to come in and ask for legislation to send the boys out of the western hemisphere," Wheeler said. "When that happens, I shall fight it in every possible way, and I would even be willing to debate it for an unlimited length of time."

Paul Farmer Slain, Wife Wounded; Man's Chum Faces Murder Claim

RUPERT, Aug. 4 (Special)—Mindenoka County Prosecutor H. A. Baker early this afternoon filed charges of first degree murder against Carroll Jennings Finchman, 25, Baker charged Finchman with the murder early Sunday morning of Dale Hanson, 26, a Paul farmer.

RUPERT, Aug. 4 (Special)—A young Paul farmer was dead today, his wife was wounded and a friend was in the local hospital with a bullet wound in his chest facing charges of murder.

The man who was killed as a result of the shooting which took place in a farm home four and one-half miles northwest of Paul early Sunday was Dale Hanson, 26. His wife, Gladys McGill Hanson, about 32, was wounded in the chest and arm during the shooting. She is recovering in the hospital.

Carroll Jennings Finchman, 25, was wounded in the chest and arm during the shooting. He is recovering in the hospital.

BERLIN—Germans admit increasing Russian counterattacks

BERLIN—Germans admit increasing Russian counterattacks in the Eastern sector, and in the Kerosten and Belaya Tserkva areas. Two German regiments destroyed around Zhilovsk; 1,000 German reported killed, and 200 tanks and horses destroyed in northwest sector.

DRAFT PROPOSAL TO BE DISCUSSED

WASHINGTON, Aug. 4 (UP)—The house rules committee today authorized Chairman Andrew J. May, D. Ky., of the military affairs committee to call up for early house action the resolution which would give President Roosevelt power to retain selectees, national guardsmen, and reservists in service longer than one year. Two days of discussion were allotted. The measure will be open to amendment from the floor.

Hull Denounces Axis Invasions

WASHINGTON, Aug. 4 (UP)—Secretary of State Cordell Hull today denounced recent foreign developments as demonstrating beyond doubt that a "world movement of conquest" is in progress by the axis.

He called for ever-increasing production in order that "the victims of barbarism can hope for the restoration of their human rights and liberties."

Hull's statement marked his return to the state department after two months of absence from the German attack on Russia began and Japan moved into Indo-China.

He declined to discuss particulars of the world situation confronting him as he returned to his post, but commented on the general situation after reporters had greeted him on his return.

"I think no rational person needs any argument to convince him that during the weeks of my absence, he

EMMETT MAN DIES OF BRAWL INJURIES

HOHENSEHUR BEND, Ind., Aug. 4 (UP)—An inquest was being held today into the death of Andrew Ash, 47, Emmett, from injuries suffered in a fist fight.

SPEAKERS NAMED FOR WOOL MEET

Speakers for the annual ram sale banquet, which was held at the Park Hotel here Wednesday at 7:30 p.m. following the sale at Flit that day, were announced this afternoon by M. C. Clear, Dole, secretary of the Idaho Wool Growers' association.

Mussolini Lashes American Police

By HARRISON SALISBURY
United Press Staff Correspondent

German forces started a new pincer attack toward Kiev today and fought fiercely to break Russia's stubborn resistance in the vital Smolensk sector, 235 miles from Moscow.

Nazi reports claimed swift German-Hungarian forces cut Soviet rail communications in the Kiev defense area and the Russians admitted the two arms of the German pincers now are at Korosten, 90 miles west northwest, and Belaya Tserkva, 50 miles south southwest of the Ukraine capital.

But Moscow indicated Kiev was in no imminent danger and reported the destruction of additional Soviet forces in the bloody Smolensk battles.

Premier Benito Mussolini was revealed today to have sent a shirtless legion off to the Russian front with a declaration the United States had the right to send British and Russian against the tripartite powers of Germany, Italy and Japan.

He said the war now was a "dash between two worlds" which has already reached the "fifth act," adding "we will win because history says that a representative of the ideas of the past must lose to those nations which represent the ideas of the future."

Action flared on the African front where axis planes carried out a heavy air attack on the Shes camp. The British and British troops had withdrawn from advanced posts around Tobruk rather than give back to the steadily more resolute British patriots.

HOUSE REJECTS SURTAX EFFORT

WASHINGTON, Aug. 4 (UP)—The house today rejected proposals to substitute higher income surtaxes for the mandatory joint husband-wife income tax return provision of the \$3,520,000,000 tax bill, should this requirement be eliminated by the house.

Chairman Robert L. Doughton, D. N. C., announced after a special meeting of the committee that no plan will be offered to raise the \$300,000,000 that would be lost in new revenue if the mandatory joint return provision is defeated.

He predicted, however, the house would retain the provision despite the opposition of President Roosevelt and the Democratic leadership.

The committee considered and defeated a proposal by Rep. John D. Dingell, D. Mich., to give all taxpayers the benefits accorded those in the nine community-property states where a family income may be divided in half and one share each reported by husband and wife.

To extend benefits to all the states would have so reduced the proposed new income levels that surtaxes in excess of the original recommendations would have had to have been levied.

The vote on the mandatory joint return and three minor committee amendments will be the only ones allowed before the bill reaches the floor.

The joint return proposal is the only one in controversy.

Late FLASHES

LONDON, Aug. 4 (UP)—Heavy fighting continues in the Smolensk area of the Moscow front, on the Eastern front and around Kerosten and Belaya Tserkva, the Ukrainian front where two arms of a German pincer are aimed at Kiev, a Soviet war communiqué said.

The communiqué, broadcast by Radio Moscow and heard by the United Press listening post here, said there were no major engagements elsewhere along the 1,800-mile front.

Montanans Oppose Senator Wheeler

GREAT FALLS, Mont., Aug. 4 (UP)—The Great Falls News, weekly newspaper, claimed today its poll of U. S. Sen. B. C. Wheeler's popularity in his home state indicated 70 per cent of those who voted for him last fall would not vote for him if he were running today.

In his home state, Wheeler returned up to July 27, 4,236 said they would not vote for Wheeler if he were running today, while 1,248 said they would vote for him again, and 444 said their votes would depend on his opposition. Of the balancing vote, the News said, 434 said they voted for Wheeler last fall, while 1,481 said they did not.

Roosevelt Vetoes Defense Road Bill

WASHINGTON, Aug. 4 (UP)—President Roosevelt today vetoed a bill authorized \$250,000,000 of defense highway construction on grounds that it apportioned the bulk of the funds among the states without regard to actual defense needs.

In his veto message to the senate, the President wrote that critical deficiencies in highways and bridges for defense purposes "cannot be reasonably related to the population of the states or the other factors which enter into ordinary apportionment."

The measure originally was intended to authorize only highway construction needed in connection with the defense program, including the building of airports, landing fields, and other facilities of the technical institutions in the emergency program.

The President said he was vetoing the bill because it apportioned the bulk of the funds among the states without regard to actual defense needs.

EMMETT MAN DIES OF BRAWL INJURIES

TWO BUHL CLUBS GATHER AT CAMP

BUHL, Aug. 4 (Special)—A joint meeting of the Rotary and Kiwanis clubs was held at the McCluskey health camp Thursday evening. Past President G. L. Thompson presided. The two clubs voted to make this an annual affair.

The WPA project of the Twin Falls Rotary to build Rotarians and their wives to be their guests at dinner at the dairy building on the county fair grounds, Pler, at 8 p. m., Sept. 1, was accepted.

Tells of Growth

Mrs. C. O. Smithson, chairman of the McCluskey health camp, was the guest speaker, and gave an interesting report on the growth of the camp since it opened in 1931. At that time there was only one building on the premises, an old tourist park kitchen. Now there are five, a boys' dormitory, a girls' dormitory, an isolation ward, a laundry and shower, a kitchen and dining room. Two WPA projects have made these buildings possible.

The boys' dormitory was built under the first project, the isolation ward and the dining room and equipment of the kitchen under the second. The second project will be completed when the building exterior has been painted, the interior of the kitchen painted, the grounds landscaped, shrubs and trees planted.

Five thousand dollars was received from the WPA in the form of labor and \$1700 was donated by the people of Twin Falls county for material in the second project.

A wading pool has also been added to facilities. The camp covers three acres of ground belonging to the city of Buhl.

During the past year, the camp received \$100 as its 50 per cent allotment of Christmas seal sale; \$250 from the Twin Falls Community Chest fund, and \$104 was received from the President's Kids.

One thousand children have been cared for at the camp during the past year. It has been in operation forty attended the first camp; 70 registered this year. The camp is equipped to take care of 90 children at one time. Twin Falls county had sent fewer children this year than the outside counties.

Reasons

Mrs. Smithson stated, "is perhaps the general improvement of the health of the children in this county. The school lunch project, which was carried on more extensively and over a longer period of time this year has been a contributing factor to their improved health," she added. Surplus commodities are available for use at camp each year.

Personnel

The personnel of the camp now includes four matrons, four teachers, and five cooks. The WPA help is supplied through the school lunch project.

The cost of maintaining the children in camp is \$20, for the younger group for the six weeks period and \$10 for the play group for the three week period.

At the close of the talk 10 children from the camp sang four songs under Miss Edythe Trunkey's leadership.

HOLLISTER

Mr. and Mrs. T. B. Irvin and son, Darrel, have returned to Hollister after spending several weeks in Abrakote, Mont.

Mrs. W. Grene, Rogerson, moved to Hollister, Friday.

J. V. Alva Berry, Mrs. J. R. Pohlman and Mrs. Mabel Wildman returned home from the women's vacation camp near Eastley's hot springs.

NAMES in the NEWS

By United Press

J. Edgar Hoover, director of the federal bureau of investigation, said today in an article written for the American magazine that organized laborers had planned a major strike last May, including bombing of factories from private planes.

Hoover said he explained the dispatch of troops to guard factories during the Memorial week-end holiday.

He said that the United States declared in a speech at Manila last week that it was ready to fight with Russia and Britain against Germany, Italy and Japan.

Merie Oberon, the Australian-born film actress, was ordered to appear at Ellis Island today because she failed to obtain a re-entry permit. She went to Toronto for a radio program.

In Hollywood, fire caused \$200 damage yesterday to the Malibu Beach home of comedian Hugh Herbert.

It was not at home when she started.

The fiancée of Sarawak, wife of "White Rajah" Sir Charles Vyner Brooke, sailed from Los Angeles for the East Indies today on money she earned by writing a magazine article.

The fiancée was stranded in the United States when she failed to obtain funds from England or the island kingdom.

Wage Hour Administrator Phillip B. Fleming said today that labor unions which waive a contribution to national defense contracts are greatly increasing their work on week-ends and holidays.

He spoke in Boston.

Donald, British high commissioner in Canada, predicted today that pilots and mechanics now being trained in Canada will make a decisive blow in the European war by bombing "the enemy into surrender."

Hollywood's comedical Max Factor, Jr., predicted today that heads in the United States will increase greatly unless international trade is restored.

Factor said the supply of false hair and make-up is being exhausted.

Most of it is imported.

John W. Bonney, a New York attorney, said today gambling and vice are "wide open" in the Canal Zone and a serious housing shortage has developed.

He returned to Honolulu, Hawaii, aboard the liner President Taylor.

The Canal Zone is a regular old-time frontier town, Bonney said.

In London, Gregory A. Daymond, 20, of Los Angeles, the youngest member of the American Legion, was credited with shooting down the squid's first bomber.

The air military said Daymond shot down a B-17 while on convoy patrol.

Walter Wagner's "Sun-down" company returned to Honolulu today after traveling 400 miles to film sequences that will last less than five minutes on the screen.

The company, headed by Bruce Cabot and George Sanders, journeyed to the Mojave desert to make scenes of fighting between "air" troops and "Shen's" tribesmen.

D. B. Robertson, the international president of the Brotherhood of Locomotive Firemen and Engineers, last night called on all wage earners to support railway workers in their demand for a 30 per cent wage increase.

He charged operators, counter-propaganda were "un-American."

Federal Works Administrator John Carl Hayden, D. Ariz., that all government and private agencies concerned with national defense projects had given his proposal for wider employment opportunities between 45 and 65.

TURNER ELECTED BY 4TH DISTRICT

GOODING, Aug. 4 (Special)—Fourth district convention of the American Legion and auxiliary was held at Carey Thursday for the purpose of selecting officers of both groups. Business sessions were held at 3 p. m., followed by a joint banquet, program and dance.

Pred Turner, Kelchum, was chosen district commander to succeed Lambert Epeklind, Shoshone, who presided for the Legion meeting. Other officers named were Birge Powell, Richfield, vice-commander; Everett Taylor, Ketchum, adjutant; Paul Auxier, Ketchum, sergeant-at-arms; and Mr. Epeklind, secretary.

Auxiliary members of the district elected Mrs. Leona Locke, Gooding, as district president; Mrs. Myrtle Younk, Richfield, vice-president; Mrs. Jane Faith, Gooding, secretary; and Mrs. Margaret Sims, Glenns Ferry, historian. Mrs. Laura Jackson, Halley, the retiring district president, presided during the auxiliary business session and conducted installation of the new officers.

JAPANESE LINER SAILS FROM U.S.

SAN FRANCISCO, Aug. 4 (UP)—The Japanese luxury liner Tatusi Maru sailed today after a long delay because of the United States import restrictions and second by the Nippon Yusen Kaisha line, might not dock at San Francisco next Wednesday.

The Asama, carrying a \$3,000,000 silk cargo, left Honolulu Friday with 140 passengers aboard, but it has not been reported since.

In face of cancellation of all Japanese ship departures for the United States, belief was expressed the vessel had turned about and returned to Yokohama.

The tanker Daisan Ogura Maru which anchored in San Francisco bay Friday en route to Richmond to load oil, departed yesterday without its cargo, the coast guard says.

The Tatusi Maru carried 330 passengers, but a few Japanese nationals, and 1,577 barrels of lubricating oil, a permit for exporting which has been granted by the export control board in Washington.

The \$17,000,000 vessel left a \$3,000,000 cargo behind about 45,000 of which was raw silk. Because of the war, the Japanese are frozen, it was assumed the money for the silk would be placed in trusts for its exporters until the restrictions are lifted.

Rumors Heard of Red-Nippon Fight

SHANGHAI, Aug. 4 (UP)—Persistent though unconfirmed reports circulated today that Japanese and Russian forces engaged in large scale fighting along the Amur river frontier of Manchukuo and Siberia during the week-end and said the Japanese suffered 1,500 casualties.

Foreign military intelligence officers heard the reports but had not been able this afternoon to confirm them.

It has been known that Japan was heavily reinforcing its army along the Amur river, and the reports of fighting caused no surprise because a series of scouting operations by both sides, which might lead to a full-scale battle, had been regarded as likely.

Rites for Infant

BURLEY, Aug. 4 (Special)—The infant son of Mr. and Mrs. Howard Pickett died Tuesday morning at Cottage hospital at Buhl. Burial was Wednesday at Burley cemetery following graveside services. Payne mortuary was in charge.

DIVE IN for SOME FUN

Swim for health and fun in natural warm water. Plenty of shade for picnics.

United Press Reporter Tells Story of Berlin Imprisonment

Editor's note—Here is the story of Richard C. Heitler, Brooklyn born United Press correspondent who spent almost four months in Berlin jail, charged with espionage. He returned to New York yesterday.

NEW YORK, Aug. 4 (UP)—The doorman of my Berlin apartment rang at 7 a. m. on Saturday morning, March 18. Instead of the plumber I expected to find a defective sink, I found seven men in the hall.

They crowded in immediately, showed their little metal identification tabs as members of the Alexanderplatz 14. Instead of me, they were several Catholic priests.

Several of them took me down to the police station and searched through my desk and personal belongings. Although my roommate, Joseph W. Orzig, Jr., appeared while they were taking me out, I wasn't allowed to speak to him.

To Police Station

I was taken by car to the old police presidium at the Alexanderplatz in the middle of Berlin. A member of the secret police there informed me I would have to wait "guests" probably over the week-end, until certain papers arrived from another department.

I was fingerprinted and photographed. Then I was placed in a cell in the police prison in the same building.

That evening I was called up for preliminary questioning. Information as to why I was being held was refused. I also was refused reading matter and my eye glasses were taken away from me "to prevent suicide."

"Suspicion of Espionage"

I was finally told on Tuesday, at my first formal hearing, that I was being held on "suspicion of espionage." The secret police were very friendly and stated: "We are your friends and want to help you."

When I finally denied any espionage activity they looked at me meaningfully and stated: "We are your friends and want to help you."

Eleven of the 25 boys from fourth district who attended the second annual Gem Boys' state in Boise in June were present and each spoke briefly. All expressed their appreciation to the sponsoring organizations and stressed the importance of the actual information gained during the week at Boys' state.

Attending the convention from Gooding were Mrs. H. J. Lucke, Mrs. Elmo Faith, Mrs. Edna Robinson, Mr. and Mrs. Fred Craig, Oscar Edholm, Mr. and Mrs. Troy Cox and Mr. and Mrs. Don Johnson.

Liquor Allocation

JEROME, Aug. 4 (Special)—Jerome county clerk, Mrs. Charlotte Robertson, received a warrant this week from the state liquor dispensary in the amount of \$2,423.73 to be distributed as follows: County general fund, \$1,211.87; village of Eden, \$114.81; village of Hazelton, \$115.72; and city of Jerome, \$991.13.

Get No Packages

At Moabit we were not allowed to receive any packages of food, clothing or cigarettes from the outside. But when an American vice consul visited me a few days before my release he brought cigarettes and some chocolate.

Both visits with consular officials, the first during my first week in Alexanderplatz, the second during my last week at Moabit, took place in the presence of German officials and we were allowed to talk nothing but German and were forbidden to discuss my "case."

The only other outsider I saw during my four months in prison was an attorney retained by the United Press and the American Embassy, who called twice.

My repeated requests to see a consular official or some of my friends either were never answered or "deferred indefinitely."

My release on July 8 was a surprise to me. The guard unlocked

here the prison routine was much more strict. There was no possibility of clandestine exchanges with other prisoners. We were not allowed to smoke, but the food was better. After four weeks at Moabit I was allowed to purchase a daily newspaper and also to receive two books weekly from the prison library. The guards automatically brought me English books but the selection was not always happy. One I received "The Fuel Problem of Canada." We were given "work" at Moabit,

in our cells. This consisted of pasting together paper and cellophane bags, pasting tissue paper over the windows of old houses, and twirling little throw-aways for the reich lock-up only once a month.

Shortly before I was released I requested extra rations, because I had lost 35 pounds since being arrested. I was taken to the doctor, who politely but firmly refused, on the grounds I had regained a few pounds since my transfer to Moabit.

We had several air raids while I was in prison. At the Alexanderplatz prison we were allowed to remain in bed during a raid. But in Moabit we were required to get up, dress and sit under the up-drafting air raid (anti-aircraft) splinters.

Get Clean Clothes

After the end of my session one of the secret police leaned forward and asked if I had heard of a man named Tourou. I said I had

SIX, SEVEN MILES UP! In a no man can breathe - and level motors - now even pilots are "super-charged". On the stationary bicycle (above) Marshall Headle, chief test pilot of Lockheed, breathes pure oxygen for 30 minutes before a test flight in Lockheed's new interceptor - one of America's newest high-altitude fighters.

CLIMBS A MILE A MINUTE - dives at speeds which are Army secrets. They call her "Lightning." Test pilot Headle clambers into the cockpit, switches on a pocket oxygen flask to his cabin supply, and streaks for the stratosphere. He's test-flown 300 different planes. But when he lands, it's always... "Now for a Camel!"

YOU CAN'T SEE HIM up there. You can scarcely hear the hum of his motor. Then his voice comes into the radio tower: "Headle - 35,000 feet - diving now." And so he comes plummeting down in that shrieking power-dive, you just hope! Seconds later - yes, seconds - he's landing. And here he is (above) cool, calm, lighting up a Camel.

EXTRA MILDNESS IS PLENTY OKAY WITH ME. I SURE GO FOR THAT FULL, RICH FLAVOR

"Less nicotine in the smoke means more mildness to me," says test pilot Marshall Headle (above), as he lights up his... and America's... favorite cigarette

THERE may be little traffic at 35,000 feet, but test-diving any new, untried plane is no Sunday joy-ride. No, not even for a veteran like Marshall Headle (above).

Naturally, cigarette mildness is important to Marshall Headle. And in the slower-burning cigarette of costlier tobacco... Camels... he gets extra mildness - with less nicotine in the smoke. What cigarette are you smoking now? Chances are it's one of the five included in the nicotine tests reported above in the left - test which shows Camels' advantage right down to the second cigarette. Obviously, the smoke's mildness itself. Try Camels. For complete information - buy the carton.

EDSON IN WASHINGTON BY FETER EDSON... WASHINGTON, Aug. 4—It looked for a time as though the new vast plan for rural electrification administration might be sacrificed in the interest of national defense.

Spread It out! Almost three-quarters of the total dollar value of defense supply contracts for the army and navy have gone to only 56 corporations.

To see concentrated in 56 companies three-quarters of the whole job of supplying the defense program is somewhat surprising. But it is even more concentrated than that.

To an extent, of course, this concentration is inevitable. Contracts are almost certain in the natural course of things to go to industrial units in proportion to their size in the field in which they operate.

The People—You Said It When a man reaches the age of a U. S. district judge, people usually permit him the privilege of looking down a lean nose at the modern world and the modern people in it.

1,500 Throng City of Rocks to See Oakley Girl, 13, Win Beauty Crown

Governor Crowns Beauty Winner at City of Rocks

OAKLEY, Aug. 4 (Special)—The throng that passed through scenic City of Rocks in the early days of the west would have stopped short had they passed through Sunday, with between 40 and 50 bathing beauties parading for the title "Miss City of Rocks" as from 1,500 to 2,000 persons looked on.

After the judges had completed the "task" of viewing the contestants, a 13-year-old Oakley girl, Miss Marilyn Clark, was crowned "Miss City of Rocks" by Gov. Chase A. Clark. Second place in the contest went to 17-year-old Laura Weekes, also of Oakley, while third place was captured by Shirley Barton, 15, Murtaugh.

The contest was divided into two parts. Girls 13 and younger competed among themselves as did girls 14 and over. Three girls were selected from each age group and these six competed for the grand award.

Big Caravan
The beauty contest at the City of Rocks was part of a day-long program in honor of Governor Clark. The caravan which left Oakley for the City of Rocks following a brief program there, numbered 373 cars by actual count and came from 18 Idaho counties in addition to Utah, California, Montana and Wyoming. Just prior to the beauty contest, Governor Clark spoke briefly and Mayor Joe Koehler, Twin Falls; former State Sen. George A. Day, Cassia county, and John Fairchild, Oakley.

Judges for the beauty contest were Frank Olson, Bridge; William L. Eames, Almo; Mayor J. Southworth, Oakley; Mayor Koehler and O. A. Keiker, Twin Falls. Evening Times photographer-reporter, Keiker also served as announcer.

In Oakley Governor Clark spoke in front of the high school following several numbers by the Oakley high school band. He was introduced by President Charles S. Clark of the Cassia L. D. S. club.

Christianity Vital
Governor Clark called these "days of strain" but added:

"With Christianity in our hearts I do not believe we need have any fear."

Speaking of the younger generation, the state's chief executive said that "after looking at these fine boys and girls we can't have any fear of the future of this democracy of ours."

Speaking of the war situation the governor said:

"We can look across the sea and see a man who has cast aside God and who has said there is a world that can be conquered by force."

First Defense
"But as we prepare for defense we find that our first line of defense is Christianity, the Christianity of our fathers. So long as you follow their teachings you have no need to fear for tomorrow."

He declared that the acceptance of Christianity is "entirely voluntary" and declared that "it is up to you to follow the teachings." He concluded: "On this day let us renew our faith and spirit."

The events both at Oakley and at the City of Rocks were sponsored by the Oakley Chamber of Commerce for the purpose of stimulating interest in the Rock City in order that it might be given the designation of a national monument, and also to lay groundwork for a drive to obtain a road from Seattle to Salt Lake City which would branch off at Murtaugh, go through Oakley and the City of Rocks area to Silverell and then to the Utah capital.

Oakley and other communities of this section of Idaho yesterday paraded their fairest as girls competed for the title "Miss City of Rocks" in a beauty contest staged at the foot of Bathing Rock in the famed City of Rocks. More than 40 girls were entered in the contest with the winner being crowned by Gov. Chase A. Clark. Between 1,500 and 2,000 persons witnessed the contest in the unique rock setting. In the montage group above various contestants are shown. In the center Miss Marilyn Clark, Oakley, is being crowned "Miss City of Rocks" by Governor Clark. In the lower left corner is Miss Laura Weekes, also of Oakley, second place winner. Around the two winners are shown other contestants as they awaited their turn to parade before the judges. (Times Engraving)

TWO CRASHES AT SAME ROAD SPOT

Four cars were involved in two crashes which occurred in rapid succession on the highway in front of the farm labor camp south of the city but all occupants escaped injury with exception of a four-year-old girl who was given first aid for minor hurts received.

The two mishaps occurred about 7:45 p. m. Saturday, records at the sheriff's office show. The second accident occurred as officers were investigating the first one and came as a result of the crowd gathering at the first mishap.

First crash came when Verle Fritzsche, labor camp resident, started to make a turn into the camp driveway just as Carl Ringberg, pilot, started to pass. The car and one-half ton truck operated by Fritzsche went past the entrance after the crash and through the fence, while the private car driven by Ringberg struck a concrete abutment.

Ringberg's four-year-old daughter, a passenger in his car, received first aid treatment.

While a crowd gathered at this week, the second crash occurred 100 feet away. Helen Thomas, Twin Falls, was driving north and her car and another machine operated by LaVerne Blaine, also of Twin Falls, side-swiped. The Thomas car left the road and went through the farm labor fence at another point, narrowly missing the crowd gathered for the first accident. Both cars were damaged but no occupants were hurt.

Gooding Club Hears Of Yellowstone Trip

GOODING, Aug. 4 (Special)—Mrs. Charles Gee recounted her trip through Yellowstone park at a meeting of the Tenthenth Century club Thursday afternoon at the home of Mrs. J. W. Steinhilber with Mrs. H. H. Exlister assisting.

During a short business meeting conducted by the president, Mrs. Claude Graves, arrangements for the U.H.C. drive were discussed.

Plans were also made for a children's party to be held Aug. 7 at the Gooding park.

The United States mint was established in 1792.

BOISE RANGELAND DAMAGED BY FIRE

BOISE, Aug. 4 (UP)—Grazing service firefighters today paroled an estimated 35-square-mile area of four brush and range land blackened by a blaze which covered a long front east of Boise.

The fire started near the highway about six miles south of Boise and spread north and west, charring range land until checked by the borders of the Boise river.

The grazing service reported the fire under control but a patrol crew was kept on duty to prevent further outbreaks.

Telephone communication between Boise and eastern points was disrupted briefly after the fire burned poles in a three-mile long section. Traffic was routed through Helena, Mont., Salt Lake City and Walla Walla, Wash., until service was restored.

The grazing service reported property damage was slight although the fire covered an extended front.

THOMAS HITS AT JOINT TAX MOVE

WASHINGTON, Aug. 4 (Special)—Sharp criticism of the treasury department's proposal to compel married couples to make a joint income tax return was contained in a statement issued by Sen. John Thomas, Idaho Republican.

"The proposal is an unworthy subterfuge on the part of the treasury department," Senator Thomas said. "It is designed to increase revenue without the odium of increasing taxes. The growing tendency of taxing bodies to use hidden methods of increasing their revenue is an insidious practice at the best and should be discouraged."

Calling attention to the estimate that the proposal, if adopted, would increase the revenue to the treasury department more than \$300,000,000, the Senator said, "This is purely a tax increase and if it is the department's intention to raise more money from these incomes, I believe it would be simpler and more equitable to increase the rate without canning."

Senator Thomas said that the proposal was unjust. "It will impose a tax on the income of property which is not owned by the taxpayer and over which he or she has no control, no legal right and from which he or she receives no benefit," he said.

"Such a requirement would cause considerable property confusion in many states, particularly in the matter of settling estates and in other property transactions. It is questionable, too, whether the validity of taxing one person on the basis of another's income, regardless of their marital status, can be upheld, and, if it can be upheld, we will find that a new and serious social problem has been created by putting a premium on divorce and separation."

The senator said he believed the proposal was a direct blow at the economic independence and the position of equality which women have established for themselves.

Some telephone cables contain as many as 4,242 wires.

Pioneer Settlers Were Pillars Of Republic, Educator Asserts

By DORINE GOERTZEN

"Our old settlers were the foundation rock of the republic; the cornerstone on which our country was built," stated Dr. H. E. Weisel, head of the Albion State Normal school history department, in his address yesterday afternoon at the annual picnic and reunion of Twin Falls County Old Settlers association at the county fairground at Filer, attended by more than 400 persons.

History, he said, has recounted the achievements and hardships of our pioneers and settlers, for it is they who have made the desert bloom... it is they who have taken the rocks out, making the pathway smooth for those who follow... it is they who have erected monuments, not for brass or marble, but human monuments, institutions made possible through their efforts.

"Only through our settlers has our great advance been possible," added Dr. Weisel. In pointing out the reasons for settlers coming, he said the immediate reasons were climate, fertile soil, cheap land and irrigation. But the emphasized remote reason, of which one is so often unconscious, was that this westward trek in civilization was perhaps but a portion of the larger age-long migration which was always traveling toward the setting sun.

He warned that now we must learn to live with our fellowmen, recognizing the fact that we must have cooperation rather than individualism.

Parade of History
Judge Clark Stanton, Jerome, president of Idaho for 21 years, first came to the territory by a steam freighter from Kelton, Utah, in 1870, was a major speaker at the old settlers picnic.

Recollections from the time of the "prove-up" shacks when bears would steal the side of bacon which usually hung on the north side of the house, to the activities of the vigilante committee from old Fort Boise was recalled by Judge Stanton.

During the election of 1870, Alturas county had the "amazing" sum of 700 votes, more than then the county seat, of a region which has since been divided into five completely separate portions of the dollar was then considered a fair exchange for greenbacks, began gold dust was common barter.

Indian uprising of 1878, when 12000 Indians of the Wood River nation to rebel, was vividly recalled by Judge Stanton.

It was voted for the state constitution in 1889, said Judge Stanton.

About 1880 Judge Stanton's father, John E. Hays, was the first man to enter the territory after it is after this man that Stanton's Crossing was named.

County's Evolution
John E. Hays, Twin Falls, who first passed through this county in 1833, traced the evolution of Twin Falls county from the time of the Oregon territory.

After the Oregon territory had been divided, he said, the Idaho territory was formed, with an area 60,000 square miles greater than the present state of Texas. It was from a portion of Cassia county that Twin Falls county was later formed Feb. 18, 1907.

First Officials
Among the first officials of the county were Dr. George Crocker, L. E. Salladay and John P. Hansen, clerk; James McMillan, assessor; George D. Aiken, sheriff; Carl J. Hays, treasurer; P. A. Butts, attorney; Frank K. Chasler, probate judge; J. B. Hinton, superintendent of schools; J. D. Rogers, coroner; Charles Hall, surveyor.

Twin Falls township was selected in October 1903, surveying January 1904, started in 1904, and water reached the town March 1, 1905.

In 1903, Miller became a township, Twin Falls, 1904 and Hult, Hanson, Kimberly and Filer, all in 1905.

Telling of early day history, Mr. Hays told of the plan to call the Ferris hotel by the name Hottel, Kimberly, until the business of Kimberly was laid out prior to the official opening of this establishment on Dec. 10, 1905.

He recalled the early-day cafe, "Buck's of Hootel" owned by George Bassett, the Haren House, opening of the railroad in August, 1905, and of the town's first postmistress, Mrs. Harvey Miller.

Battled Music
As an intermission number Marjorie Martin, Nevada and Norma Teague, Kimberly, blew two numbers on the bottles, and Miss Laurel True, Began, sang "Where the West Begins" and "Little Gray Home in the West."

Miss Hazel Clinton Weds D. A. Stayner

BURLY, Aug. 4 (Special)—Mrs. Minnie Clinton announces the marriage of her daughter, Hazel Blanche Clinton, to David Arthur Stayner, son of Mrs. Jane Stayner, which took place at the Methodist parsonage at Shoshone Feb. 8.

Rev. Hays D. Crawford officiated. Witnesses to the ceremony were Mr. and Mrs. Lefroy Hosza, Buhl.

California Nuptials For Edwards-Stowe Weds Today

Miss Margaret "Mickey" Stowe, daughter of Mrs. Charles F. Smith, became the bride of Homer Edwards, Twin Falls, at a ceremony performed today at the mission in Santa Barbara, Calif.

The couple will return to Twin Falls this week-end, following a wedding trip to Lake Tahoe and other Nevada attractions.

After graduating from the Annapolis high school in California, Mrs. Edwards moved to Twin Falls, where she has resided the past year and a half.

Mr. Edwards was graduated from the Malheur high school and later attended the University of Idaho, southern branch, at Pocatello. He is now employed as district manager of the Pacific Fruit and Produce company with offices in Twin Falls.

Mrs. Edwards prior to her marriage had been visiting at her uncle, Mr. and Mrs. H. L. Horton, Hawthorne, Calif., and another aunt and uncle, Mr. and Mrs. John Lavin, Los Angeles.

Eden Girl Weds Ray Van Buren at Evening Service

EDEEN, Aug. 4 (Special)—Miss Mae Lattimer, daughter of Mr. and Mrs. O. M. Lattimer, Eden, and Ray Van Buren, Twin Falls, were united in marriage last evening at the home of the bride's parents in Eden.

Reading the six o'clock nuptials was Rev. O. L. Clark, pastor of the First Presbyterian church, Twin Falls.

In attendance to the bride was Miss Adele Morrison, Boise, as maid of honor.

Miss Guy Lattimer, who also accompanied her husband. He sang the "Bridal Chorus," preceding the ceremony.

Wearing an Allee blue lace street model, the bride chose a bouquet of tallman roses.

Birthday Honors At Theater Fete

On her 10th birthday, Marguerite Gandiaga was entertained by her mother, Mrs. F. Gandiaga, at a theater fete at the home of her grandmother, Mrs. Santa Bilbao, Sunday afternoon.

Following a refreshment period remainder of the afternoon was in a game hour.

Townsend Groups Set Picnic Friday

District meeting for Townsend groups will be held Wednesday evening at the Twin Falls city park in the form of a picnic and rally.

Opening the evening's activities will be a red-lick picnic supper to be served between 6 p. m. and 7 p. m. Members are asked to bring a basket.

Pre-Nuptial Fete For Miss Richins

Complimentary to Miss Beverly Richins, who will become the bride of Clyde Anderson in the near future, a dinner party was arranged last Saturday evening at 6 o'clock at Wray's cafe.

Summer flowers were used in the table trim.

Club Gives Party At Fisherman Home

At a garden party arranged recently at the home of Dr. and Mrs. W. M. Filer, Kimberly, the members of the Aelrena club entertained in honor of their husbands and several guests.

During a game session on the lawn, badminton and croquet were enjoyed, followed by a social hour.

Miss Maxine Hunt To Wed on Coast

BURLY, Aug. 4 (Special)—Mr. and Mrs. George H. Hunt announce the approaching marriage of their daughter, Maxine Maxine Hunt, to Lynn F. Crane, Los Angeles, son of Mr. and Mrs. L. E. Crane, Buryly.

Miss Hunt left Thursday for Los Angeles and the wedding was to be solemnized there today or Tuesday.

Here's Congratulations, Old-Timer

Judge Clark Stanton, Jerome, 83-year-old pioneer, is extending congratulations to James L. Barnes, Hansen, who was re-elected president of the Twin Falls county Old Settlers association. Pictured from left to right are Dr. H. E. Weisel, Albion, Judge Stanton, Mr. Barnes, Mrs. O. J. Childs, Filer, secretary-treasurer, and John E. Hays, Twin Falls.

Putzier-Waddell Wed At Single Ring Rites

At an impressive single ring ceremony, Miss Mildred Iris Waddell, daughter of Mr. and Mrs. E. Waddell, exchanged vows with William A. Putzier, son of Mr. and Mrs. H. J. Putzier, last Saturday at 8 o'clock at the home of Mrs. George S. McKean, 244 Eighth avenue north.

Rev. M. H. Zage, pastor of the Lutheran church officiated at the service.

Wearing a sheer white organza with lace-inserted, full skirt, matching white lace bodice with ruffled yoke-effect, the bride selected a fingertip veil of white lace held in place with a tiara of tiny pearl beads. She carried a colonial bouquet of tallman roses.

As matron of honor, Miss Kay Butler chose a light pink ray chiffon gown with lace insertions and all-lace bodice. Her corsage was of tallman roses and sweet peas.

Club Plans Meet At Larsen Home

Mrs. Ferris Larsen will entertain members of the Thursday Night bridge club at her home in Rock Creek, Aug. 15, as announced at a recent meeting of the group at the home of Mrs. P. C. Bacon, where Mrs. Don Bacon presided as hostess.

Mrs. Howard Hill was a club guest and also received a prize at bridge. Others to receive score awards were Mrs. Clarence Nye, high, and Mrs. Charles Colner, Jr., second high.

Low bowls of roses centered the dessert table, with summer flowers were used in profusion throughout three-tiered cake in traditional style.

During an informal reception following the services, the bride cut traditional fashion.

BUHL MISSIONARIES APPEAR IN PAGEANT BY DR. DRIGGS

Appearing in "America's Witness for Christ," a pageant written by Dr. Wayne Driggs, New York City, and nephew of Burton W. Driggs, Gooding, were Miss Florian Hunt and Mitchell Hunt, Jr., children of Mr. and Mrs. Mitchell W. Hunt, Buhl.

At Hill Cummerath, near Palmyra, N. Y., birthplace of the religion of the Latter Day Saints, this pageant was presented to 80,000 people early in July. Among those in the audience were Mr. and Mrs. Hunt, Buhl.

Breakfast Honors Out-of-Town Folk At O. C. Hall Home

In the lovely garden of Mr. and Mrs. O. C. Hall, 321 Seventh avenue north, breakfast was arranged Sunday morning in honor of Mr. and Mrs. Charles Hall, Pocatello; Mr. and Mrs. E. K. Hall, Portage, Idaho; and Mrs. C. E. Milligan and sons, Bobby and Buddy, Twin Falls.

Utah Delegation To Attend L. D. S. Pageant Friday

To attend the inter-state pageant, "The Deliverers" from the general board of the L. D. S. church will be F. Frank Williams, Mrs. Helen B. Williams and Mrs. Katie C. Jensen all of Salt Lake City.

Heber J. Grant, president of the L. D. S. church, is preparing a special message for this community to be given Friday, Aug. 8, at the pageant, which is being held in Snake river canyon at Twin Falls at 8 p. m.

Special music will be furnished by young ladies' trio from Buhl, composed of Miss Dorothy Stoddard, Miss Irene Stoddard and Miss Opal Wood.

Both Miss Rankin and Mr. McMurray were graduated from Stanford university.

NIPPONESE SHIP SAILINGS TO AMERICA SUSPENDED

U. S. NATIONALS LEFT STRANDED IN JAPAN CITIES

By ROBERT BELLAIRE.
TOKYO, Aug. 4 (Special)—Japanese ship sailings to the United States were suspended indefinitely today and many Americans and other foreigners were left stranded in Japan cities.

It was understood sailings would be suspended also to South America pending clarification of the attitude of the South American republics toward Japan.

More than 100 Americans had been scheduled to sail Thursday in the liner Nitta Maru, which was affected by the suspension order. Many of these Americans already had returned to their homes, furniture, automobiles and reserve food supplies and were at one time faced with the problem of returning home.

(Reporters sleeping through the strict Japanese censorship indicate the food problem is not serious.)

Isolates Americans
 The suspension order almost isolated Americans and other foreigners in Japan because it is almost impossible to obtain bookings for Shanghai. Ships are sailing to Shanghai from Nagasaki but with restrictions on travel by foreigners make it impossible to reach Nagasaki. Bookings for ships from Tokyo are filled for weeks ahead.

Americans who had intended to sail in the Nitta Maru, and many others here awaiting passage, but the high command has already stopped on the Leningrad and Moscow fronts, might be taking everything for a quick conquest of Ukraine.

MOSCOW—A Russian tank unit drove into the German rear and found a column of 240 trucks, a communication center and a fuel tank unit. Three miles of highway littered with wrecked trucks, it was said.

LONDON—New naval successes against the Italians, in which a six-inch gun cruiser was reported disabled and a fleet oiler sunk, were credited to British submarines by the admiralty today.

Jerome Announces WPA Weed Quota
JEROME, Aug. 4 (Special)—Total of 821 acres is under control by the WPA weed control program, announced County Weed Supervisor Lloyd P. Oldham, with an additional 98 acres under cultivation.

Weed burners for use along highways and ditch banks has been purchased.

Twenty-eight men are employed on the project while demand from the farmers is such that the office can only take care of approximately one-half of the requests for work.

AROUND THE WORLD

With United Press
LONDON—An Exchange Telegraph dispatch from Gothenberg, Sweden, quoted Hjalmar Linder as saying that a British fleet was active in the Arctic sea, cooperating with large Russian Arctic armies.

ROME—An Italian torpedo boat has rammed and sunk the 1,200-ton British submarine Cacholet, the high command said today in a communique.

CAIRO—A communique today reported that 17 persons were killed and 55 injured in an air raid attack upon the Suez canal area during the night.

ANKARA, Turkey—Grain in Ukrainian areas threatened in a new German drive has already been harvested or is now ripe enough to burn under the Russian scorched earth policy retreat, well informed military quarters said today.

ALUMINUM DRIVE ENDS IN BURLEY

BURLEY, Aug. 4 (Special)—The aluminum roundup ended in Burley Saturday evening, according to Mrs. Fred Landolf, chairman of Cassia county defense council.

The high school corner of Overland avenue and Main street already had been enlarged "once and over" piled up.

Holl Church supervised the local campaign Saturday. Five trucks donated trucks and five drivers contributed their time. With the aid of Boy Scouts, the campaign was finished in less than six hours.

Trucks were donated by Paul Mueller, Elmer Elquist, LeRoy Motor company, Hanzel Motor company and Lawrence Moncur. Drivers were James McMillin, Bill Boatman, Jack Davidson, Earl Carlson and Taft Williams.

Trucks will also contribute their services in hauling the pile to Pocatello.

District Reports At Carey Session

CAREY, Aug. 4 (Special)—Reports of the past year's accomplishments by the various units of the American Legion auxiliary, fourth district, were read by the president, Mrs. Laura Jackson, today at the fourth district convention held at the Carey high school Thursday afternoon.

Hally sponsored an eye clinic in Hally, sold tuberculosis Christmas seals, sponsored the Camp Fire Girls group, sent four boys to Boys' state in Boise, made 15 dresses for the Red Cross, purchased and placed an iron lung in the Hally clinical hospital, and gave to needy veteran families.

Gooding distributed 100 books and 2,275 magazines during the year, dressed six girls, and did knitting for the Red Cross.

Unit at Fairfield has been outstanding in its Red Cross and welfare work, and the auxiliary also sponsored an eye clinic, and took charge of Camp day.

Hagerman established a Red Cross loan chest from which sheets, hospital equipment, and hospital supplies were loaned to the community. Hagerman also sent a vast amount of popcorn to the children's home in Boise last Christmas.

Greatest credit for child welfare work was awarded to Glenn Perry, where 73 children were aided during the year.

District delegates to the American Legion convention numbered 17, a hotel clerk, and Carl Johnson.

At 10:30 last night, 100 guests were served at the banquet after which all enjoyed dancing.

THREE KILLED IN SEATTLE BRAWL

SEATTLE, Aug. 4 (UP)—James Green, 29, who rode a freight train here from Tampa, Fla., didn't know what he would start when he walked into a night club early yesterday.

gun in hand, and ordered a bartender to hand over the contents of the till.

Three men were killed and seven wounded, three of them critically, in a free-for-all gun and furniture fight. Green was one of the critically wounded. He was shot twice and a husky sawmill worker splintered a stool on his head.

Killed were Monte F. Brown, 61, executive publisher of the Daily Journal of Commerce; Gus Galimatos, 41, a bartender, and John Lindner, 70, a barber. Wounded, in addition to Green, were Police Constable Leon L. Brown and Edgar Barr; Nick Galimatos, a bartender; John Nordstrom, a janitor; Horace Smith, a hotel clerk, and Carl Johnson.

Police were unable to determine immediately who killed Monte Brown and Lindner. Green admitted to killing Gus Galimatos and wounding his brother, Nick, before police arrived. Three shots had been fired from Green's gun when it was taken away from him, but witnesses said he had fired six times and reloaded it.

Robert Doyle, a bouncer, said he saw Green shooting at the bartender, and ran for help.

He came back with the officers. Brown was wounded by Green as he stood in the door, exchanging shots with him, but he emptied his gun at Green before he fell. Barr also was shot as he fired from the door.

With both officers on the floor, Berger Fodak, a sawmill worker, fired killing Gus Galimatos and wounding his brother, Nick, before police arrived. Three shots had been fired from Green's gun when it was taken away from him, but witnesses said he had fired six times and reloaded it.

BURLEY LIONS CONDUCTING AUCTION TO BUY IRON LUNG

BURLEY, Aug. 4 (Special)—Burley's business district will take on the air of a county fair Wednesday for the first community auction. The auction is sponsored by the Burley Lions club for the purpose of raising funds to purchase an infantile iron lung-incubator and to pay for the light-saving program sponsored each year by the club among Cassia county school children.

More than \$500 in cash has already been donated to supplement the auction fund, said Chairman Les Anderson.

Wednesday morning Overland avenue will be roped off from Main street one block south. The American Legion stage has been donated and will be erected. Auctioneering will see beginning at 1:30 p. m. with three auctioneers in action.

Frank L. Coffey, prominent local auctioneer, has donated his services and will be in charge.

Merchandise gathered in the past two months by Lions is stored in the armory and will be placed on the street Wednesday morning so that buyers may look over the material before bidding in the afternoon.

The Emerson iron lung-incubator which will be purchased has been on display for two weeks in the Morgan Hardware company window, and Wednesday evening at a special dance at the Y-Deel ballroom three local physicians placed their stamps of approval on the machine. Music by the Swingsters and the Hall for the dance were donated.

The list of merchandise contributed by county citizens to the auction includes a large corral of livestock, farm machinery, furniture, clothing, automobile repair work, materials and supplies, professional services and cases of canned goods and thousands of other items.

Jerome Man Talks At State Session

JEROME, Aug. 4 (Special)—Stanley J. Tremblay, agricultural lecturer in the Jerome high school, will be among those attending state conference of homemaking and agricultural instructors at Sun Valley, Aug. 11-16.

Sessions open at 9 a. m. Aug. 11 at the Challenger Inn. Introduction will be by William Kerr, state director for Idaho; at 9:15 to 10:15, W. P. Beard, federal agent for the Pacific region, and E. R. Humphreys, president of the Utah State agricultural college, Logan, will speak. David C. Mobley, home furnishings expert, will discuss "Learning to Sew."

At 1:30 to 3:30 Karl Tjandersten, state B. A. E. representative and secretary, will speak on "The Place of Land Use Planning in the National Defense Program." Between 3:15 and 4, Margaret Ruloff, Moscow, University of Idaho, will talk on "Nutrition in Defense of Health."

During Tremblay's session appointment of committees will be made. On Wednesday, Mr. Tjandersten will discuss land use planning committee in connection with homemaking and agricultural instructors. Also Mr. Mobley will speak on "Making the Home More Livable."

Thursday will include an address by Prof. H. E. Lattig, university of Idaho, Moscow, on "Problems of Instruction."

Royce E. Brewster and Susan B. Burson from the United States office of education, will speak in the afternoon. Committee reports will be heard beginning at 4 p. m.

Schedule includes morning and afternoon sessions on Friday. Conference will conclude at noon Saturday.

A study by playing card manufacturers showed that nummy is a best-known card game in American homes, solitary next and contract bridge third.

AUCTION SET FOR WOOD IN SHACKS

Materials forming sub-standard dwellings at the site of Twin Falls initial low-income housing project will be auctioned off Tuesday at 2 p. m., officials of the Twin Falls housing authority announced today.

Successful bidders at the auction must dismantle the houses before removing them from the property and they may be purchased only for the materials in them.

Clearing of the property will begin immediately after the sale in order that an early start can be made on the construction project which will see 14 modern duplex homes erected there, John E. Kinney, Twin Falls, was successful bidder for the construction of the new homes. The property is located on Second avenue south, just west of the old baseball park.

Sun Valley Seen As Filming Site

HOLLYWOOD, Aug. 4 (UP)—Paramount studio reported today it has received an unexpected response to its recent appeal for suggestions about the locale for filming "For Whom the Bell Tolls."

Numerous suggestions have come from Central and South America in addition to the many from North America, particularly from the western United States.

Mexico City's Chamber of Commerce sent 25 photographs showing rugged mountain areas.

Western locales being considered by Director Sam Wood and Producer B. G. DeSylva included Cedar City, Utah; Cody, Wyo.; Flagstaff, Ariz.; Salt Lake City, Utah; San Valley, Id.; and Jackson, Wyo.

Emeralds are among the oldest of gems.

Jerome Grounds Ready for Fair

JEROME, Aug. 4 (Special)—Superintendent of county fairgrounds, Joe May, today announced that within the next few weeks all the improvements, including remodeling of buildings and erection of some 300 feet of race track fencing will be completed.

Of major improvements being finished is the hog barn, 35x40 foot building which will easily house 85 head of hogs and sheep. Further housing facilities will be erected outside, if necessary, said May.

In addition to the 300 feet of fencing, a stage and platform add to the improvement of the race track.

Jerome county fair will be held Sept. 17-19 and the district 4-H club fair will open Sept. 16.

RAF RAIDS NAZIS IN HEAVY ATTACK

LONDON, Aug. 4 (UP)—British planes heavily attacked western Germany during the night and made one of their biggest raids on the French invasion coast after a Sunday morning raid on Berlin which was said to mark the beginning of a grim winter for the Nazi capital.

The night's raids on Germany, carried out despite bad weather, centered on Hanover and Frankfurt-am-Main. Industries and communications were attacked, other plane formations attacked docks at Cahin.

One plane was lost in all operations, the air ministry said.

Only a few German planes raided Britain during the night. They dropped bombs at scattered points, chiefly at one point in northeastern England where there were some fatal casualties and several homes were demolished.

Sunday morning's raid on Berlin was made by four-motored and two-motored bombers. The air ministry said the attack was the second heaviest of the entire war and that bombs of the largest size and most terrific destructive power were dropped on the heart of the city.

Plane crews reported that they saw one fire which heaved like a volcano and could be seen 80 miles away.

BUBALG SENTENCED

GOODING, Aug. 4 (Special)—Emmer Lagel has been sentenced in the fourth district court by Judge D. H. Sulphur for breaking into a store at Hagerman where his record revealed in court dated back to 1934 in Alaska, and included three other offenses throughout the United States. Lagel has been taken to Boise to serve a term of four to 15 years.

All fresh water eels found in America and Europe, no matter how remote from the coast, are hatched from eggs deposited in the Atlantic ocean, in the neighborhood of Bermuda.

MENTHOLATUM serves TENDAILY NEEDS

Do you know why it is possible for Mentholatum to serve so many different daily needs? Its formula was the result of many years of research to find an ointment that would give the greatest help in the greatest number of ways.

Mentholatum contains ingredients which cool and soothe irritations and minor injuries of the skin. It also soothes membranes inside the nose, helping relieve the discomforts of a cold. It clears nasal passages and is useful for many other ailments.

CRACKED LIPS
 6 A little Mentholatum, rubbed on the lips, will help soothe them, and promote healing.

SURFACE SKIN IRRITATIONS
 7 To relieve the itching, stinging, and burning of sunburn, apply Mentholatum over the affected areas.

SCRATCHES AND BRUISES
 8 Rub Mentholatum gently, and soothe the skin.

DRY NOSTRILS
 9 Apply Mentholatum to the inside of the nostrils to soothe and keep them moist.

CHAFING, PRICKLY MEAT
 10 Rub Mentholatum on the affected parts to soothe and keep them moist.

SUNBURN
 5 Rub a liberal amount of Mentholatum on the affected parts to soothe and keep them moist.

6,000 EXPECTED TO SEE PIONEER LEAGUE STARS

Southern Clubs Flavored to Win

By HAL WOOD
Evening Times Sports Editor

OGDEN, Aug. 4.—It's but a few hours until the umpry cry "play ball" at the Ogden baseball park—and the only thing you can hear in this baseball-crazed town today is baseball and more baseball.

Pilots Gain on Ogden Reds; Pocatello Wins

The most bitter rivalries in the Pioneer baseball league—those between clubs from neighboring cities—will be forgotten briefly tonight when the northern and southern all-stars clash at John Atteck field in Ogden.

Fifteen-man squads have been drawn from the two divisions—the north from Idaho Falls, Twin Falls and Boise, and the south from Salt Lake City, Ogden and Pocatello.

Boise, meanwhile, was trimming Twin Falls 2-1 behind Slattery's fifth-inning pitching.

Gooding Slates District Softball Meet

The district softball tournament will be held in Gooding Aug. 24. Russ Wells, district supervisor, announced today. The date may be changed, however, Wells indicated.

Jerome, Shoshone Post SCI Victories

Uncorking a startling blitz of ball-battering, the Jerome and Shoshone teams in the South Central Idaho baseball league walloped Clenna Perry and Murrain Sunday to slick defeat at the top of second-half innings in their second game.

Jerome held the River Pilots by 32 to 10; Shoshone walloped Murrain, 27 to 0. In the other game of the day Murrain and Piler staged a thriller that finished in a 4-2 tie.

Clenna Perry, pitcher, pitched a 10-inning shutout in his second game. He pitched 10-inning ball games for the first four times in his career.

Clenna Perry, pitcher, pitched a 10-inning shutout in his second game. He pitched 10-inning ball games for the first four times in his career.

Browns Cop Doubleheader from Yankees

How Close Is It to an Ace?

If you're close enough to a "dad" in the annual New York World-Telegram's hole-in-one tourney that brings them, they measure it. Odds against a contestant in scoring an ace are 8,720 to 1.

Odds Against Making Hole in One Are 8,720 to 1, Tourney Proves

By HARRY GRAYSON
New Sports Editor

NEW YORK, Aug. 4.—More than 2,000 scores are set to be off in the 10th annual New York World-Telegram hole-in-one tournament, Aug. 4-10-11-12, though the odds against a contestant making an ace on any of his five allotted shots is exactly 8,720 to 1.

That is one thing that celebrated this season about consecutive hitting streaks and marvelous pitching records, but no one has deviated the proper attention to the forgotten man—Lee Grissom, who holds the world championship losing streak.

Lee is the same tall, raw-boned left-hander who looked like a whirlwind on the mound for the Cincinnati Reds. Since then he has been on the baseball merry-go-round and has almost dropped out of sight during his tenure of office with the New York Yankees, Montreal of the International League and the Brooklyn Dodgers.

On his third attempt, the veteran holed out on a record-setting strike the edge of the cup mid-leaving a big dent in the soft turf.

The hole-in-one record is held by Jack Hagen, who struck the ball with a 25-inch, peculiarly enough the 1,600th shot fired.

Lee Grissom loses 11 games in a row to set new record.

Lee Grissom Loses 11 Games In a Row to Set New Record

By HARRY FERGUSON
New York Editor

NEW YORK, Aug. 4.—Thousands of words have been written this season about consecutive hitting streaks and marvelous pitching records, but no one has deviated the proper attention to the forgotten man—Lee Grissom, who holds the world championship losing streak.

Lee is the same tall, raw-boned left-hander who looked like a whirlwind on the mound for the Cincinnati Reds. Since then he has been on the baseball merry-go-round and has almost dropped out of sight during his tenure of office with the New York Yankees, Montreal of the International League and the Brooklyn Dodgers.

On his third attempt, the veteran holed out on a record-setting strike the edge of the cup mid-leaving a big dent in the soft turf.

The hole-in-one record is held by Jack Hagen, who struck the ball with a 25-inch, peculiarly enough the 1,600th shot fired.

Boise Defeats Cowboys in Pitching Duel

PIONEER LEAGUE

Con Rasmussen and Gerry Staley hooked up in a pitcher's battle last night at Jaycee park with the Boise ace getting the best of the duel by a 2-1 score.

"Red Luck" Rasmussen held the Pilots to six hits, but two of them were home runs by Jack Radtke and Ray Bauer. Staley limited the Cowboys to five scattered bloopers.

Twin Falls dropped the series opener to Boise 7-4 Saturday night when the Pilots blasted Hank Anderson and Paul Pieczek, who relieved him in the ninth inning, for 13 hits.

Harrington Scores
The Wranglers scored their only run last night when Manager Andy Harrington walked, went to second on Rasmussen's sacrifice hit and came in on Earlrow Burton's single.

Radtke opened the game by poking into one of Rasmussen's pitches for a home run over the left field wall. Boise scored again in the fourth inning when Bauer hit for the circuit.

Burton and Radtke batted at the plate, the Boise second baseman collecting a homer, triple and a single in four times at bat. Burton hit three of the Cowboys' five hits.

Cowboys Fill Bases
One of the highlights of last night's game occurred in the eighth inning when Gordy Williamson, substituting Pilot third baseman, went from first to third on an infield out.

There is no deep, dark secret about our hero's rise to prominence. On the surface, he operates just like any other pitcher. He throws a fast ball and a curve and he walks men occasionally. He does seem to have a talent for putting walks and base hits together, an accomplishment that usually sends him to the showers.

It is one of the tragedies of baseball that our hero could not have lingered longer with the Dodgers, for he is poured right from their mold, his being left handed he occasionally exhibits screwball tendencies that would endear him to the customers at Ebbets Field.

Just wanted to see what happened to the pitcher's mound. Another legend is that after Lefty Grove had a tremendous lefty extracted, Grissom went to a dentist and had some pulled himself, figuring that what was good for a great southpaw like Grove would be good for him, too. "I got them teeth," he says. "I got them teeth pulled 'cause they were hurting."

Flatbush Rooter Taunts New York

By GEORGE KIRKSEY
United Press Staff Correspondent

NEW YORK, Aug. 4.—A female fan from Flatbush wandered into Yankee stadium Sunday and had the time of her life yelling abuse at the great Yankees: "Hit it over DIMAGGIO's head!"

"Watch that Flash Gordon gum it up!" "Look at those Yankee bums—they couldn't hit the pitcher!" "Knock that Red Ruffing out of there!"

The yelling so loud it seemed everybody in the park could hear her but the rest of the crowd of 37,829 settled back—with complete composure.

It was a cruel sight for the lady Browns and made the lady from Flatbush sneak out of the premises. But the game from Brooklyn got louder and louder. At the finish she was positively raucous with her taunts. And not a Yankee fan could say a word to shut her up.

You see, the Browns, who started the day in last place, played like champions and hung in to catch the lead in the ninth inning.

It was the first time since Sept. 15, 1940 that the Yankees lost a doubleheader. The Browns did it that day. Joe DiMaggio was held hitless in both games, ending his hot streak at 18 straight games.

Brooklyn came out his slump and pitched the Indians to a 6-3 victory over the Athletics for his 10th victory but the Athletics capped the highjack, 4-3 to get an even break.

Ted Lyons had a day for himself, winning his 10th game and clearing four hits as the White Sox crushed Washington, 9-0. The defeat at the hands of Washington back in the cellar.

The Tigers and Red Sox each made a game of the Yankees. The Cardinals picked up half a game in the National race by beating Pittsburgh, 4-2.

The Cardinals picked up half a game in the National race by beating Pittsburgh, 4-2.

Cowboys Give Releases to Two Players

Stan Griffith, youthful third baseman of the Twin Falls Cowboys, and Ed Heffernan, outfielder, have been released outright.

Manager Andy Harrington announced today that he had released Griffith and Heffernan to the Western League, Harrington indicated.

Griffith, 23, may be signed by the Twin Falls club. He is a first baseman, formerly listed with the Manhattan club of the Dan Johnson semi-pro league.

Con Rasmussen, Cowboy hurler, has received his draft questionnaire in lieu of his order to report for induction into the army as previously reported. Rasmussen probably will be called sometime during the winter, he says.

Heffernan has been with the Cowboys since early this summer and Griffith has been in Cowboy uniform only about three weeks. Heffernan is a graduate of Mary's college, and Griffith, University of California.

Boise and Pocatello Tennis Aces Seek Titles at Kimberly

With net aces from Boise, Pocatello, Gooding, Kimberly and Twin Falls already slated to compete, the third annual southern Idaho tournament will be run off at the Kimberly courts Friday, Saturday and Sunday, Aug. 8, 9 and 10.

Matches will get underway Friday if the entry list is large enough. Otherwise, the tennis battles will be concentrated on Saturday and Sunday, according to Louis Meigs, secretary of the Kimberly Tennis Club, and Ray Potter, tournament chairman.

Favorites to capture the men's singles is Art Walker, smooth-stroking Kimberly rancher who won a grand slam in the Boise city tourney eight days ago. Walker was southern Idaho champion two years ago but dropped out of the Kimberly meet to John Lundy, Boise.

Lundy, now in California, won't compete at Kimberly this year. Doubles Favorites Favored to cop the doubles crown—but facing plenty of stiff competition—are Walker and Bob Packard, defending champs. The same pair retained its Boise crown recently.

Strong outside power will be on display in the form of Paris Martin, Boise, the finalist who lost to Walker last week in the Boise tournament. Ed Gray, Pocatello, winner of the 1937 fourth avenue state tennis title, Idahoan Dean Kleopfer, president of the Boise Tennis Club, and Hubert Martin, perennial feminine champion at Boise and a former Idaho open champion.

Coast League Clubs Each Win One Tilt

By Ouled From In a sort of "bare the wealth" plan, the Pacific Coast League yesterday celebrated by letting every club in the circuit win a game—and lose one, too.

Sacramento beat San Francisco 4 to 3 in 10 innings, then lost 2 to 0. Oakland won over Portland 3 to 1 but lost a seven-inning ringer 5 to 2. San Diego nipped Los Angeles 3 to 2 in 11 innings, but the Angels came back to a 12-inning closer to win a 2 to 1 pitcher's battle.

Hollywood blanketed Seattle 3 to 0 but was outlasted 6 to 4 in the nightcap when the Rainiers scored six runs in the final frame. First Games San Francisco 4-3 SF, R H E Sacramento 2-0 S, R H E Portland 3-1 P, R H E Oakland 6-4 O, R H E San Diego 5-2 SD, R H E Los Angeles 3-2 LA, R H E

Second Games San Francisco 2-0 SF, R H E Sacramento 4-1 S, R H E Portland 4-1 P, R H E Oakland 3-1 O, R H E San Diego 2-1 SD, R H E Los Angeles 4-1 LA, R H E

Major League players from Kimberly, Twin Falls, Gooding, Burley, Ruhl and other areas were urged today to turn in their entries and payment fees to Secretary Meloy at 517 Fourth avenue east, Twin Falls, deadline is Thursday evening.

Entry fees are \$1 and \$2 per event. Balls will be furnished for all matches. Trophies will be awarded in each of the four divisions.

Eddie Marshall Regains Lead In Pioneer League Hit Race

Eddie Marshall, Idaho Falls second baseman, went into first place in individual batting by virtue of making 10 hits in 23 official trips to the plate during the past week, and a rise of 11 points in percentage from .333 to .434.

Charles Henson of Salt Lake City, who led last week, dropped to second place with a mark of .389, a loss of 10 points. Jim Keesey of Boise, lost 10 percentage points but held on to third place with a mark of .322.

Jack Smith of Boise, played the best sport of the week, riding from ninth place to fourth with a .270 percentage, which is 12 points better than a week ago. Gordon Williamson of Boise, dropped from fourth to fifth with .252.

Mervyn Benhammer of Pocatello, is still king of the base stealers with a total of 29, and in runs scored with 83 and two-base hits with 106. Equatic of Boise went home-runless all week but is still head man with every other statistic.

When the season ends at the end of the month, Eddie Marshall will be called on Alva Bradley and asked that Oscar Vitt be dismissed as manager with a total of 82, complaining comrades claimed to speak for the entire company. That wasn't quite true. They spoke for all but one man, Roy Weatherly.

Things might have run smoother in Pocatello this season had the vote been unanimous. Hal Trukey, Gerald Walker and Al Miller have been disappointed.

Weatherly, who is not exactly knocking down standards and fences with line drives, said the Texas kid appreciated this where he got going.

Vitt is in his best desire to win. didn't make Weatherly bitter. Weatherly, who is not exactly knocking down standards and fences with line drives, said the Texas kid appreciated this where he got going.

Weatherly looked the other way when the boss looked at him. Peckinpaugh gave him a lecture on "Why do you blame me when the rest of the team is losing?"

Peckinpaugh was so mad for that one was that the others at least were trying. He had said bushes, balcony or a less choice term for disintegration by closing the book of man that it felt that way about it.

Wyoming Woman Wins Golf Meet

BURLEY, Aug. 4 (Special)—Winners in the Lucky Hole tournament Tuesday afternoon were Mrs. Ed Burns, a guest from Wyoming, Mrs. Roma Rambo, Mrs. A. M. Johnson, Mrs. Cecil Carol and Mrs. Barbara Swartz.

The contest was sponsored by the Burley Women's Golf association at the city course. Next Tuesday at 5 p. m. the association will hold another tournament and Mrs. H. O. Hall and Mrs. Johnson will be hostesses at a picnic lunch.

American osteopaths support osteomeds. Besides from Africa he has turned in clearing the trash stations of the smallest mammals. The bones are chewed clean without any damage by these beetles.

When the suspension was lifted, Weatherly played much better than had misjudging a line drive in the night game in Cleveland in which Joe DiMaggio's consecutive-pair hitting streak was broken.

Weatherly is still looking at his reputation. The problem is still having its repercussions.

Bone Cleaners

American osteopaths support osteomeds. Besides from Africa he has turned in clearing the trash stations of the smallest mammals. The bones are chewed clean without any damage by these beetles.

When the suspension was lifted, Weatherly played much better than had misjudging a line drive in the night game in Cleveland in which Joe DiMaggio's consecutive-pair hitting streak was broken.

The Scoreboard

By HARRY GRAYSON Author of "The Scoreboard" NEW YORK, July 25.—The aura of the mullin' of 1940 still hovers over the vanishing Indians.

When the season ends at the end of the month, Eddie Marshall will be called on Alva Bradley and asked that Oscar Vitt be dismissed as manager with a total of 82, complaining comrades claimed to speak for the entire company.

That wasn't quite true. They spoke for all but one man, Roy Weatherly.

Things might have run smoother in Pocatello this season had the vote been unanimous. Hal Trukey, Gerald Walker and Al Miller have been disappointed.

Weatherly, who is not exactly knocking down standards and fences with line drives, said the Texas kid appreciated this where he got going.

Vitt is in his best desire to win. didn't make Weatherly bitter. Weatherly, who is not exactly knocking down standards and fences with line drives, said the Texas kid appreciated this where he got going.

Weatherly looked the other way when the boss looked at him. Peckinpaugh gave him a lecture on "Why do you blame me when the rest of the team is losing?"

Peckinpaugh was so mad for that one was that the others at least were trying. He had said bushes, balcony or a less choice term for disintegration by closing the book of man that it felt that way about it.

Weatherly looked the other way when the boss looked at him. Peckinpaugh gave him a lecture on "Why do you blame me when the rest of the team is losing?"

Snake Killer

The southwestern road runner, a bird, kills rattlesnakes. It circles about them until they are coiled too much to strike and then attacks.

Here's Look at Jerome Clothing Project, Now in U. S. Limelight

Clothing and household articles from materials taken from wrecked or junked autos... That's the substance of the unique project which has started in Jerome and which is gaining nationwide attention.

Mrs. Gertrude S. Harman, wife of Rev. Walter E. Harman, church pastor, is the woman behind the unique project. Her idea caught on with other women of the church and success was assured.

Donating their time and their homes, women of the church have assured success of the undertaking. The picture above, taken as clothing and household articles were being made in the home of Mrs. Gladys Goodrich...

Miss Mary Ware, Jerome, models a dress made from car material. The rug on the floor, chair covering and the drapes came from the same source.

Mary is shown here sunbathing herself on a canal bridge near Jerome. She started in Jerome bathing suit, made from material taken from an automobile.

Mary goes to bed... The pillows on which she rests her head, the covers under and over her body and even the mattress were made from materials salvaged from autos.

WHITE OPPOSES TAX LEVY BOOST

BOISE, Aug. 4 (AP)—Rep. Compton J. White of Idaho today declared opposition to addition of a further tax burden on people of the United States to further the war aims of Great Britain.

HANSEN

Richard Denny Hansen, is visiting his brother and sister-in-law, Mr. and Mrs. Garland Denny, Eden, Mr. and Mrs. Bill Doering, Wendell, were guests of Supt. and Mrs. J. J. Doering, Bill Doering, a former Hansen teacher, is the new superintendent of the Wendell school.

POLICE SCHEDULE CRIME SHOW-UP

SALT LAKE CITY, Aug. 4 (AP)—Police today scheduled another "show-up" of suspects in the crime wave which brought Salt Lake City a murder, an attempted murder, four kidnappings and more than a dozen robberies in the last 10 days.

JEROME

Mrs. Maude K. Hunt, Tacoma, returned with Kenneth McDowell, deputy auditor, after a visit at the McDowell home. Mr. McDowell, visited his grandfather, Capt. Matthew McDowell, at Tacoma.

BURLEY

Eika club enjoyed the monthly birthday dinner Wednesday at Eika temple. Bernice Hutchinson, Clarence H. Phillips and Beth Harper were the committee in charge.

Air Flight Fails To Save Utah Man

IDAHO FALLS, Ind., Aug. 4 (AP)—Gene T. Herdt, 41, Ogden, Utah, object of a mercy flight by a B-18 type bomber from Salt Lake City, died late yesterday in an Idaho Falls hospital.

Milk Well

Just outside Banking, China, is a wondrous temple where persons may get "milk" from a well. Said to be more than 500 years old, the well produces a sweet liquid the color of milk.

GASLESS SUNDAY SEEN FOR EAST

NEW YORK, Aug. 4 (AP)—Gasoline stations from Maine to Florida complied generally with the government's 7 p. m. to 7 a. m. curfew program in its first test, but so little fuel was conserved that there was unofficial talk today of the possibility of "gasless Sundays," or rationing.

in other words

by JOHN CLINTON I have fallen in love with a red-headed angel with round blue eyes and skin the color of Golden Guernsey cream.

Judy, who doesn't look a day over six, was waiting for her daddy who was over at the store buying supplies for a camping trip. The Minute Men were taking care of her.

"Sure we mind youngsters," said the manager, "and we mind dogs and find lost cats, and we lend campers boots, electric wire and ice picks. We think nothing of finding 8 or 9 pups in the restroom every week, and we still have a set of false teeth waiting to be claimed. Boy, you gotta be on your toes to be a Minute Man!"

I got to thinking about it on the way up to Virginia Lakes—about Judy's red hair and blue eyes and I decided that touring is lots easier, safer and more convenient because of these Minute Men who find all the oil stations wherever you go.

AT PENNEYS SAVE on all your SEWING NEEDS

SAVE 20% ON NOTIONS SUPPLY THE WHOLE FAMILY AT PENNEYS Thread Mercerized in all colors. Tape Measure 60" Ast. colors. Dress Snaps Extra quality. Plain Pins Sharp points. Sturdy.
