U. S. IS FRIENDLY, URUGUAYAN SAYS

South Americans realize that their true friend and neighbor lies in the United States, says L. A. Shields, Montevideo, Uruguay, meat packing company official, who with Mrs. Shields and their daughter, Irene, and sons, Maurice and Charles, are visiting Mr. and Mrs. C. M. Simpson, parents of Mrs. Shields. Major packing companies in the Latin American countries are throwing the full strength of their production to providing food for Britain, Mr. Shields declares. The canned produce is being placed in English hands at South American

ports to avoid entanglements at sea. Inter-American relations are "fine" and mutual efforts of both North and South America are strengthening the bonds between the two continents, Mr. Shields observes. Uruguay is loyal to the United States because of the better understandings between the two countries.

Uruguay is constantly on guard for fifth column activities, says Mr. Shields, but there is no more danger of this menace than in other American countries. No serious sabotage incident can be recalled by the visitor.

Building Leased For Roller Rink

Renovation of the Herriott building, corner of Second avenue and Second street west, is underway to provide facilities for a modern roller skating rink. The building has been leased to Mr. and Mrs. George G. McNew and their son, Olin McNew, lately of Missouri, who will operate the rink. The building is being redecorated and a new maple floor 75 by 90 feet is being laid under contracts awarded to A. D. Sherlock and son and R. R. Crewson. New equipment for the rink, opening date of which will be announced soon, will include all new Chicago skates and adequate musical facilities. READ THE TIMES WANT ADS.

BRIDGE HIGHWAY CONTRACT SEEN

The proposed Twin Falls-rim-loom bridge route improvement is being prepared for letting of contract, S. E. Johnson, Idaho director of highways, assured the Twin Falls highway district in a letter last week-end. The state highway director, referring to the Twin Falls highway district's refusal to furnish the state with the right of way for construction of the project, said, "It is to be regretted that this project, so highly desirable by your community, should not have the fullest cooperation of all concerned." The Twin Falls Chamber of

Commerce has launched a program by which it plans to furnish the state highway department with the right of way on the road to enable construction of a 45 foot wide highway to the bridge. Copies of the letter were addressed to Joe Koehler, Twin Falls mayor; members of the highway district; county commissioners; Asher B. Wilson, one of the property holders along the highway; and Governor Clark.

ANDERSON'S LEAD THE FIELD IN HOME APPLIANCE VALUES!

CANADA FIGHTING FORCE INCREASES

OTTAWA (AP)—With a total population of fewer than 12,000,000, the Dominion of Canada had 12,500 permanent personnel in the armed service when it declared war on Germany on Sept. 10, 1939.

Today, with the second anniversary of the declaration approaching, the hemisphere's northernmost nation has a volunteer active army of 290,000, plus a home defense reserve of more than 170,000, a navy of 20,000 and an air force of 55,000.

In terms of the population of the United States, Canadian forces are comparable with an armed strength on active service of something over the 3,000,000 mark. Dominion war expenditures this year, at 35 to 40 per cent of the national income, total more than \$2,000,000,000, amounting to a comparable figure of \$35,000,000,000 by the United States.

So far, all recruiting for the active services has been on a voluntary basis, in line with 1940 election promises of the continuing liberal administration and Conservative opposition.

The nearest thing to national service has been the calling up of unattached age groups from 21 to 24 in small groups. After a four-month training course, each group is posted to reserve units on home defense, freeing other active units for duty anywhere. However, entire battalions of home defense troops have volunteered en masse and have been accepted into the regular army.

Estimated cost of the air plan alone for a three-year period is \$24,000,000, with Canada paying the bulk of the share. Eighty per cent of the students are Canadians, most of the rest coming from empire countries. But trained or training are about 1,500 Americans, while 600 skilled United States pilots are acting as instructors.

Canadian West Indies Garrison West Indies Canadian army units garrison the West Indies and Gibraltar. In addition, they are training British occupation troops in Iceland and were relieved just before American marines were landed. In Newfoundland, Canadian troops stand side by side with United States forces.

Under Dominion colors, according to July figures, approximately 1,000 Canadians have lost their lives in action so far. The navy, which has lost two destroyers, has 525 killed, 21 missing, 53 dead and 63 wounded. The R. C. A. F. records 38 killed, 38 missing, 10 dead and 131 wounded. In the army, 56 have been killed, 84 are missing, 214 have died and 150 have been wounded.

Canadian soldiers, manning a fleet of 13 destroyers, three merchant cruisers, corvettes, minesweepers and smaller craft, daily are playing a big role in the battle of the Atlantic and in the waters off Britain and the coast of North America. Canadian units took part in the evacuations from France, in which an R. C. N. destroyer was lost. They have conveyed 27,000,000 tons of shipping and captured or caused the scuttling of numerous Axis merchantmen in the Atlantic and Pacific.

In British Defense An army corps of two divisions under command of soldier-scientist Lieut.-Gen. A. G. L. McNaughton has been holding key posts in E. Africa. Two more divisions, one of them armored and the other infantry are proceeding to England while tank brigade and reinforcements for units now overseas are on the move. The year's program calls for voluntary enlistments of 72,000 more men, with 40,000 being called for home defense.

By next March, the navy will have a personnel of 27,000, doubling its number of ships to 400. Vets in all parts of the country are building minesweepers and corvettes—the latter a cross between a sloop and a destroyer.

Boards dispatching fighter, bomber and reconnaissance squadrons to England in undisclosed numbers. The R. C. A. F. is operating the Commonwealth Air Training schools which in September will number 83. Thousands of pilots, gunners and observers are being trained out at double the originally-planned rate for this time.

Culmination of Defense Aluminum Drive

Here's the climax of the 20-30 club's drive for collection of old aluminum to be used in defense plants. Joe Donahue, left, 20-30 president, receives a check for \$133.40 from J. C. Williams, co-chairman of the aluminum project while Police Chief Howard Gillette looks on. Gillette cooperated with the club in the sale of the aluminum and the check was made out jointly to the club and police department. With the aluminum already on its way for defense usage, local funds will be used to purchase school safety emblems—making the campaign one of double-barreled benefit. (Times Photos and Engravings)

TUNNEL CLEARS RICH GOLD VEIN

CRIPPLE CREEK, Colo. (AP)—Rich veins of gold ore heretofore inaccessible because of water, are ready for mining, following completion of the million-dollar Carleton deep drainage tunnel.

The tunnel was "baled out" two years ahead of schedule when John Austin, nationally known "tunnel snuff" told his men to "fold up that drill carriage, boys, this is it."

Rich veins, carrying as much as \$200-ton ore, already have been uncovered, and completion of the tunnel will mean a comeback for many of the famous producers in this Rocky mountain field that has produced more than \$200,000,000 in gold.

The tunnel extended more than six miles straight into the side of the little mountain underneath the many shafts that once operated. It drains from them the water that has made the ore inaccessible.

Two men were killed by trains here since it was started on July 18, 1939, but none has been killed in the head where five machines hoisted holes for the powder load.

The 100 men who worked 24 hours a day, seven days a week in the world record-breaking job celebrated completion of it in their usual manner—with beer and whiskey.

Austin said the daily drill average of 51 feet a day through the tough Pike's Peak granite "has never been equaled in the United States."

He attributed the record-breaking performance principally to a bonus system whereby the men were paid added cash for each foot over 28 they drilled each day.

He and the crew barely escaped death on Feb. 15 when the dynamite from the Ajax shaft was tapped, releasing a flood of 25,000 gallons of water a minute.

Man Must Pay \$153 for Deer Out of Season

It cost Waymon Boll just \$153 today because he killed a deer out of season.

Boll was fined \$150 and costs of \$3 by Probate Judge C. A. Bailey this morning when he pleaded guilty to a complaint signed by Game Warden Haddock, conservation officer in Cassia county.

The defendant admitted killing the deer last Saturday. He paid \$72 today and must pay the remainder in 30 days or serve it out at \$2 per day.

WORK NEARS END AT MUSIC SHOP

Work was nearly completed today on the renovation of the Dumas-Warner Music company store.

The music shop was enlarged after the Boden Electric company moved its location onto Main street and the floor space was practically doubled, Warner said. A huge window display case, especially designed for the display of pianos, was constructed in the front window. The hardwood floor display stand is about 15 feet large.

Expansion of the building enabled the firm to handle pianos, Mr. Warner explained. Previous crowded conditions prevented the firm from selling that form of musical instrument, but now a large stock of Haddor and Strub pianos has been ordered, he says.

A new studio to be used as music practice room has been installed in the basement of the building and will complement the upstairs studio room. An air-conditioning machine was installed and the building painted and kalsomined on the inside.

FARM BUREAU TO OPPOSE TAX GAIN

POCATELLO, Ida., Aug. 11 (AP)—The Idaho state farm bureau federation today announced plans to protect the state board of equalization against threatened increases in assessments on sheep and dairy cows.

Alfred C. Gordon, legal adviser, and Jed L. Ashton, secretary-treasurer of the federation, will appear before the state board in Boise to register the objections. Gordon said proposals have been made to increase assessments on sheep \$1 a head and on dairy cows \$5.

We--The Women

By RUTH MILLETT (NEA Service)

"You know, I never read a book or a magazine," the business girl said complacently. "It has never occurred to her that there might possibly be some connection between that statement and the fact that she has a whole evening to herself."

Lonely Girl She has lived in the town where her present job is for two years, and she is often lonely. She has some friends, but by no means are all of her evenings taken up with invitations. So she spends sometimes two, sometimes four or five evenings a week alone, putting around her room, switching the radio on and off and wishing miserably that she had SOME place to go.

Reading Help One of these days, if she gets a chance, she'll likely marry some boy with a job not a great deal better than hers and a future not much brighter—not because she loves him, but because she is bored to death.

Acquiring a taste for reading wouldn't solve all the girl's problems, but it would help to solve them. To begin with, reading would get her in the habit of using her mind more than she has to use it now in the routine job she does. It might even teach her to think, so that she could look ahead and recognize the

Berniece McKay and Wayne Turner United

At 8 o'clock nuptials, Miss Berniece McKay, daughter of H. F. McKay, and Wayne Turner, Twin Falls, exchanged marriage vows Saturday evening, at the A. D. Bobber home, 235 Seventh avenue east, with Rev. C. L. Clark, pastor of the First Presbyterian church, officiating.

Underneath an archway of greenery, the couple was united before a background featuring a huge nine-taper candelabra. Flanking the archway were tall wicker baskets of bride-maid's plox and pink amaryllis.

Attending the bride was her sister, Mrs. Elwood Bobber, as matron of honor, while the bridegroom was attended by Elwood Bobber, as best man.

The bride wore an afternoon model of beige with pastel-striped collar and beige accessories. Her corsage was of yellow roses. Mrs. Bobber wore a plaid chiffon and a gardenia corsage.

Nuptial Music
Nuptial music was furnished by Mrs. Walter Wells.

Present at the ceremony were Mr. and Mrs. H. F. McKay, Mr. and Mrs. A. D. Bobber, Miss Mona Hulbert, Mrs. Wells and Mr. and Mrs. Edward Burkhardt.

Following the nuptial a reception was held at the bride's home and serving the cake in traditional style. The two-tiered cake was topped with a miniature bride and groom standing beneath an arch of lily of the valley, and was served from an antique gilded cake tray. A grass linen table cover graced the table which was centered with the cake, flanked by white taper in crystal and gold holders.

From the buffet, decorated with silver service and lace cover, punch was served.

Graduated Here
Mrs. Turner was graduated from the Twin Falls high school, attended the University of Idaho at Salt Lake City and also the University of Idaho, southern branch, Pocatello, where she is presently associated with the Flines and News Publishing company.

Turner also was a graduate of the Twin Falls high school, later attending the University of Idaho, southern branch at Pocatello. He is also a graduate of both schools. He is employed by the Consolidated Freightways.

Ann Stokesberry Weds W. J. Roy At Sunday Rites

Miss Ann Stokesberry, daughter of Mr. and Mrs. D. H. Stokesberry, and Wilbert J. Roy were united in marriage yesterday morning at an 8 o'clock double ring ceremony performed at the home of Mr. and Mrs. K. R. Allan, 227 Seventh avenue north.

Rev. E. L. White, Methodist minister of Filer, officiated at the ceremony, which was attended by members of the immediate family and a few close friends.

Against an improvised altar with a floral background of pink and white gladioli and roses, the vows were exchanged. Overhead was an archway, decorated with streamers from which hung blue, pink and white bells were suspended.

Other room decorations were tall baskets of the tri-colored blossoms and a tall white floor candelabra.

The bride selected for her wedding a two-piece street ensemble of saute of roses crepe with white accessories and a corsage of pink roses. A Battenburg handkerchief, which belonged to her grandmother, was the "something old" article.

All bridesmaids, Miss Valerie Herro and Miss Bobbie Karies attended the bride, while Wilbert J. Roy was best man.

In a pastel pink costume with white accessories, while Miss Karies wore a light blue ensemble with white accessories and a similar corsage of sweet peas.

Mrs. D. H. Stokesberry, the bride's mother, wore a blue rose colored dress and Mrs. Allan wore an ensemble of cadet blue. Miss Stokesberry was unable to attend the services, the bride was given in marriage by K. R. Allan.

In addition to Mr. and Mrs. Allan, Mrs. Stokesberry and members of the bride's family, including Bob Allan, Donald Allan and Miss Mae Olson.

Following the ceremony, the couple left for Boise on a wedding trip and will be at home Tuesday at 424 Fourth avenue east.

NAZIS CLAIM TROOPS PURSUE RUSSIANS IN UKRAINE

GERMANS REPORT ANNIHILATION OF SOVIET DIVISION

By JACK FLEISCHER
 BERLIN, Aug. 11 (UP)—A high command communique asserted today the pursuit of Ukrainian front-line forces on the Ukraine front was proceeding rapidly.

On the remainder of the front, the communique said, operations continued according to plan.

This communique, issued from Admiral Hitler's headquarters, was supplemented by an official news agency dispatch asserting the 180th Russian infantry division was "completely annihilated" during a German sortie south of Lake Imin, on the Leningrad-Moscow front.

The high command communique asserted that in a raid on Moscow during the night German planes dropped tons of explosives and incendiary bombs on "arms factories."

No News Expected
 It was intimated that after the big claims of last week, a relatively newsworthy period might be expected until there had been definite results from new operations, especially in the Ukraine.

Newspapers featured an official news agency communique which said Saturday night's raid on Moscow was the strongest yet, with about 100 planes taking part and that "great destruction" was caused by a bomb which struck in the Kremlin.

As is usual when there are few reports of the progress of ground forces, the newspapers played up the activity of the air force.

Great Success
 Dispatches said German planes attacking the Russians on the Ukrainian front, especially in the Dnieper river area, with great success, bombing and machine gunning motorized columns, tanks, anti-aircraft batteries and troop concentrations.

In one sector, dispatches said, German planes destroyed 63 tanks and 230 trucks and put nine artillery batteries out of action. It was said five planes destroyed more than 150 loaded trucks north of Odessa and damaged many more.

Rules for Shack Removal Modified

Nearly forty shacks to be removed from Twin Falls housing authority's "Block Square" will not have to be torn down if they are going to be used for storage of grain, local business or other purposes, learned from Senator D. Worth Clark.

Previously, housing officials had said the shacks to be torn down regardless of the use to which they were to be put. Removal of the buildings began this morning, according to John E. Kimes, local contractor who sold the buildings last Monday.

Low-rental dwellings will be constructed on the site.

With United Press
 LONDON—A joint British-Russian bombing campaign against Berlin and other big German cities was forecast today in aviation quarters after Russian planes had bombed Berlin for the third time in four nights.

BERLIN—Royal air force raids on the German-occupied French channel coast during daylight yesterday cost the British 17 planes, the high command said today.

ATHENS—Italy troops attacked a British post defending the besieged Libyan city of Tobruk on Saturday night, but were "killed almost to a man," a British general headquarters communique said today.

ANKARA, Turkey—Germany is concentrating troops carrying barges at Constanta, on the Rumanian coast, an attempt to capture Sebastopol, the great Russian naval base in Crimea, in secret the Germans take Odessa, well informed military quarters reported today.

BERLIN—Planes which flew in over Germany from the northeast, the direction of Russia, raided Berlin during the night but it was asserted officially that "individual" planes which "tried to reach the city" were turned back by gunfire and that the raid was completely ineffective.

ROME—A conference of eight nations to solidify Europe against Britain, the United States and Russia may be held within the next two weeks, Italy and Germany, and their satellites Hungary, Rumania, Bulgaria, Slovakia and Croatia plus Finland, will participate in the discussions.

MELBOURNE—The Australian cabinet met in a hastily summoned emergency meeting today, apparently inspired by growing tension in south Asia where Japan is believed to be threatening the sovereignty of Thailand (Siam).

WITH THE FINNISH ARMIES—Finland wants to annex East Karelia and the Kola peninsula from Russia, and almost double its present territory, military authorities said today.

CHENNINGHOU, China—Chinese troops have started a general guerrilla counter-attack north of the Yellow river to prevent the Japanese from withdrawing troops for use either against Russia or Britain, a former military officer said today.

IDAHO TO OPPOSE WATER CONTROL

BOISE, Aug. 11 (UP)—The Idaho State Chamber of Commerce today had placed the organization on record as opposed to federal legislation creating a Columbia river authority for control of waters in Idaho, Oregon, Washington and western Montana.

A resolution adopted by the group expressed disapproval of "any form of legislation designed to interfere with, or which would permit interference with, rights of the various states to the waters within their boundaries."

The proposed Columbia river authority, the resolution said, would "deny to the citizens of Idaho the right to appropriate and use the waters of natural streams within the state."

The chamber contended the federal bill, now pending in the house of representatives, would violate the state constitution—ratified by congress in 1890—which stated that the state government would retain control of waters within the state.

by JOHN CLINTON

Jack Smock and his wife are now nearly every day, except when Mrs. S or Mrs. G are out on town, which leaves us riding the bus only 4 days a week!

Anytime I started to say: At a certain point on my drive up the canyon road, the old Hispano-Plymouth won't quite make it without a plug or two. (Holtz could you at the ripe age!)

And just to do it, you who writes advertising for Union Oil, I said: "Huh, New 78 is hot stuff in traffic, but no good on hills, eh?" Golly, you could have heard him S talk. So he got out and drove a stick in the ground at the point where the plug started.

Then, for the next 3 or 4 weeks, Jack looked on my driving every kind of way you could think of. And each time, he'd measure the distance from the bottom of the hill to where the plug started. And in spite of the fact that New 78 is designed primarily for traffic driving, only one other kind of gas came anywhere near being as good as New 78—at least in the Hispano-P!

So, the moral, if you have to have one, it should never let you down. You should try New 78 in your own car, and see if you get a new Hispano-P. P.S. Wait till your tank's nearly empty before you try New 78 on account of them you'll feel the full power right away.

GARRY WINS SINGLES Yanks Boost Lead To 14 Games by Winning 2 Tilts

NEW YORK, Aug. 11 (AP)—Pittsburgh finally ran out of gas. After winning 19 out of 23 games and moving almost within striking distance of the National league leaders, the Pirates met their masters Sunday and dropped a heart-breaking doubleheader to the St. Louis Cardinals.

It'll now take a miracle to get the Pirates back into the race. From now on it's likely to be the Dodgers and the Cardinals right down the line.

By brushing off the Braves twice, the Dodgers maintained their .003 percentage point lead over the Cards.

Ernie White, with a little relief aid from Bill Grahm, continued to pitch in the opener and Morton Cooper, pitching with only two days rest, subdued them, 4-2, in the nightcap.

Brooklyn had a fairly easy time of it, taking over the Braves, 14-4 and 4-0.

Three Players Hit
"It came near being a disastrous day for the Dodgers because Medwick, Gannell and Reiser were hit by pitched balls thrown by Dick Erickson in the opener. Medwick was hit on the elbow and had to retire. Gannell and Reiser were hit on the head but their protective helmets saved them and they continued in action. A flat hitting by Catcher Mickey Owen of the Dodgers and George Kelly, Braves' coach, was averted by umpire Conroy. Several Dodger fans threw pop bottles on the field.

In an American, the Yanks came out of their so-called slump by beating the Athletics twice, 11-2 and 6-1, and increased their lead to 14 games.

The Indians took it on the chin twice from the White Sox and just barely brushed their way out of the eighth inning game. Ted Lyons and Thornton Lee combined to take the title.

Red Sox Divide
The Red Sox and Senators divided, Boston winning the opener, 7-4, and Washington taking the nightcap, 8-2.

Buck Newsum went down to his 16th defeat when the Braves beat the Tigers, 7-3, behind Bob Muncrief's steady pitching.

The Reds spoiled Charlie Root's day when they beat the 42-year-old Chicago veteran, 3-1.

Homers by Harry Danning and Finch-Hiller Gaby Hartnett in the eighth inning gave the New York Giants a 5-10-4 decision over the Phillies. The Phils gained an even break by taking the second game 4-0-3.

Gooding Disbands Softball League
RODINO, Aug. 11 (Special)—Remnants of the second night of the Jaycee softball league games has been cancelled according to decision made this week by the board of directors. Cancellation was made because of lack of interest shown in the games. The cost of the softball games has been paid by the Jaycee and funds are now exhausted.

Jaycee committee will now concentrate on the district softball tournament which is scheduled to be played in Gooding on Sunday, Aug. 24.

Beginning Tuesday of next week a three-game series will be played between the Jaycee and participation of the district meet.

Pilots and Reds in Near Deadlock

Wranglers Lose Pair To Cards
By United Press
Only eight percentage points separate the league-leading Pioneer Reds and the second-place Boise Pilots in the Pioneer circuit today.

The Reds held their slender margin last night by winning the second game of a doubleheader after a Pilot victory in the opener gave Boise a momentary lead.

The Pilots marched within stabbing distance of the Reds Saturday night when they won the first game of the club's vital five-game series, 5-4.

In the opener last night, Boise had pulled ahead in the sixth inning of Staley and Fields. But Ken Polkka was effective for the Reds in the second contest, and Ogden pulled out with a 4-2 triumph.

Meanwhile, the Salt Lake Reds split a double-header with Idaho Falls and Pocatello tonight. The Pilots pitched the Cardinals in their last appearances. For the Cardinals, Manager Bill Delaney will send Larry Kempy or Green to the hill.

Cowboys Score
Last night's game of the Twin Falls boys threatened in the second inning when Earl Kuper led off with a single. Al Lightner followed with a walk, but the Cobalt hit into a double play to end the rally.

However, in the third the attack kicked. Fred Hites fired out, but Pasococh drew a walk and went to second on a passed ball. Harlow Burton struck out then, but Verne Redick hit double to advance the right-center field wall, scoring Pasococh. Verne came in a moment later when Billy Randall singled.

The other Cowboy run came in the fourth when Al Lightner pounded a high fly over the right field wall.

Three Cardinals runs came in the sixth. Wenz fled out, but Pitcher Ernie Peters hit a double against the wall in center field. Curtis singled, but Peters was held on third base. Benny Brensmiller then hit an easy roller to third, Harlow Burton, who has been playing a sensational, headline game, let the ball roll between his legs and Peters scored. Kalkottin then expanded out for what should have been the third out with no earned runs. Steven Anderson hit the next, victory, for a double, sending in two more runners to knock the score.

Wash. States won an even term then until the ninth when Wesley, first man up, hit a pitch over right field fence.

The Cowboys threatened in the last of the ninth when Ted Kerr, pinch-hitter for Pocatello, got a single, but Burton and Hestwood both struck out to end the game.

Saturday night the visitors pounded Con Rossmore for 14 hits in the seven innings he worked to notch up a 7-2 win. Hank Anderson finished.

PAULINE BETZ, KOVAKS WIN GRASS TILES
RYE, N. Y., Aug. 11 (AP)—If you play lawn tennis you know about coming events casting their shadows in advance, but down the main street of Rye today the grass tiles as the players to follow when the national tennis championships open at Forest Hills. The California players will win in the big show, but they proved yesterday they have at least as good a chance as anybody else would. They made it a great aim for the west in the national preview—the Eastern States tennis championships.

With more than 11,000 fans to tell it, Kovaks wiped out Wayne Rubin of Reno, Nev., 7-5, 6-4, 4-2. The victory was the first of importance that he has scored on grass, and it all but collapsed the 2-6, 4-0, 7-5 triumph of his tennis partner, at expense of Miss Hazel Cartwright Cooke of New York for the women's crown.

The men's doubles title was little more than a breeze for Ted Schroeder and Jack Kraemer—more Gallatin and Billie Jean King and champions. They brushed off the challenge of Clinton B. G. and O. Gene Marko of Los Angeles, 5-7, 6-2, 6-2.

The women's doubles crown was won by Mrs. Cooke and Margaret Osborne of Los Angeles.

Packard and Warner Upset Boise Stars

Salvaging one championship in its own Southern Idaho tennis tournament, Kimberly club performers captured the men's doubles Sunday evening in a torrid five-set match climaxing a day which saw the men's singles and the women's singles and doubles titles annexed by outside acts.

Champions in the third annual south Idaho net classic, after the smoke of battle cleared away Sunday night, were Ed Garry, Pocatello.

Men's doubles—Ed Garry, Pocatello. Women's singles—Helen Martin, Boise.

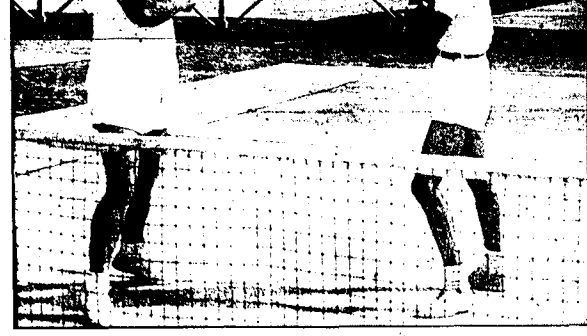

Women's doubles—Helen Martin and Joan Archer, Boise.

Doubles Battles
The Kimberly club's hope of annexing a title in its own tournament was fading fast as the men's doubles finalists took the court. Paris Martin and Will Reddy, top Boise performers, were heavily favored to scuttle Packard and Warner—and the Bolivians did so in the first two sets 6-4, 6-4.

Martin and Reddy ran the third and apparently deciding set to 5-1, and climbed to 40-love and match point. Packard and Warner promptly steadied won the game and went on to take the third set, 7-5. They smashed through to a 6-1 win in the fourth set.

Spectacular Play
Spectacular tennis featured the finale, with Packard, Warner and Martin all smashing out impressive "kills" at the net and Reddy uncorning some sparkling placements. The Bolivians took an early lead; Packard and Warner then pulled ahead 5-3; Martin and Reddy couldn't halt the stretch drive of the Kimberly stars in the last two games.

The doubles finale was the thrill highlight of the concluding day for the substantial gallery that watched the championship battles. Thrills (Continued on Page 9)

You wouldn't guess it from Ed Garry's downcast expression in the photo at upper right, but the summoned Pocatello ruffian captured the men's singles crown at the third annual Southern Idaho tennis tournament in Kimberly Sunday. (Garry was looking into the sun when the photo was snapped). His victory brings him a trophy as a gift for his eight-year-old daughter. Winners of the feminine honors at the tourney are shown at upper left, Helen Martin, Boise, left, took the singles crown and teamed with Joan Archer, Boise, to annex the women's doubles. Bottom photo, Buell Warner, left, and Bob Packard, right, Kimberly pair who staged a thrilling comeback to win the men's doubles after being within one point of defeat. (Times Photos and Engravings)

Jerome, Rupert and Shoshone Score Wins
SHOSHONE 16, GLENN'S FERRY 5
SHOSHONE, Aug. 11 (Special)—The slug-biting Jerome club here yesterday in an ICGI league encounter.

Bob Haddock and Porky McCain clubbed a home run for the Reddicks in the eighth to lead the home-town attack. Parnley hit the only long-distance blow for the invaders.

Earl Hines and Juez Bartholomew combined to hold the invaders to six hits, but five shoshone errors figured prominently in their scoring.

Score by innings:
R H E
Glenn's Ferry 00 030 100-5
Shoshone 351 300 100-14 13 5
Newell and Parnley; Hansen, J. Bartholomew and Anderson.

RUPERT 5, FERRIS 4
FERRIS, Aug. 11 (Special)—Inviting Rupert ball club turned back the Piler aggregation here on Sunday by a score of 5-4 in a well-played encounter.

Earl Hines and Juez Bartholomew struck out 15 Piler batters, allowing only four safe blows. Infield errors in the ninth lasting allowed Piler to push across a pair of runs and threaten the Rupert lead.

Junior Bennett, Piler moundman, was picked for seven at-bats, but struck out seven batters.

Dodo Shooters Start Practice

There'll be plenty of shots taken at the Times-News hole-in-one tournament if these boys have anything to say about it—because they are already doing some of the practicing. Shown ready to smack the ball exactly 110 yards (the hope) is Fred Stone, golf course starter. And standing in line, waiting their chances are Bill Nitchko, Joe Hamilton and Charley Casey. Casey is the only one of the four who has ever scored a hole-in-one. Official play in the tournament gets underway on Thursday at the Twin Falls municipal course. (Times Photo and Engraving)

Long List of Prizes Slated For Tourney

A prize list that reaches from "here to there" will be drawn up today for prospective shooters in the Times-News hole-in-one golf tournament which gets under way at the Twin Falls municipal golf course on Thursday, Aug. 14.

With the experts and dubs alike expected to share in the special offerings, practice was already under way on the course as golfers practiced their swing for the 110-yard drive.

While the Times-News is offering a \$25 prize for every hole-in-one scored during the 10-day tournament, additional prizes were announced today.

Added Prizes

In the grand championship tournament slated for Sunday, Aug. 24, a Times-News \$10 merchandise credit slip will go to the winner of the meet to the person getting the closest to an ace on the final day. Mayor Joe Koehler will give the women's champion the grand championship prize in the final day tournament.

The meet, sponsored as a benefit for the new Twin Falls recreation enterprise, is also being staged as a golf-acquainted tournament for the newly completed Twin Falls golf course—a nine-hole layout with grass greens that takes an entirely different course from the old plan.

Daily prizes will be offered throughout the entire tournament and this prize list will be announced in the near future.

Tourney Plans

The tournament is staged on the same plan that most hole-in-one meets are conducted. An entry fee of 10 cents per ball—three for a quarter—is charged and golfers may shoot as many times as they want. Fred Stone, assisted by Charles Seiber, will be in charge of the meet and will handle all matters which a person can participate—whether duffer or expert, because in a case like this nearly all have an equal chance.

There will be special prizes also offered for feminine shooters and any women's club that wishes to compete in the tourney as a group is asked to get in touch with Mr. Stone to arrange a special time.

Kiwanians to Attend Ball Game Tonight

If Jupiter Pluvius will only cooperate—by staying a Jove, long distance away—it will be Kiwanis night at Jayce park tonight and a big throng is expected to be in attendance to root for the Twin Falls Cowboys against the Pocatello Cardinals.

While the average Monday night crowd at Jayce park has been running between 300 and 400, if prospective fans take advantage of the tickets sold by the Kiwanis club, there should be at least 600 or 700 present tonight, in the opinion of the Chamber of Commerce committee sponsoring the attendance drive for the Wranglers.

Tomorrow night (Tuesday) is slated as Lions night and that is expected to bring another big crowd out.

Gerald Wallace, spokesman for the Chamber of Commerce in the drive, will speak before the 20-30 club tonight at 7:20 and then probably go to Kimberly to appear before the Kimberly Lions club regarding participation of these or other members in the drive to keep professional baseball in southern Idaho.

Tomorrow evening Wallace appears before the Twin Falls Jayce and Wednesday he speaks before the Rotary club at a noon luncheon.

Meanwhile, attendance figures at Jayce park continued to show an increase over what they were a week before the attendance drive started.

Sacs Defeated In Series With Angels

By United Press

Although they dropped the Los Angeles series, 4-3, the Sacramento Solons today still hold an 8½ game lead in the Pacific Coast league as they moved north to San Francisco.

Second-place San Diego got a 4-3 series win from San Francisco to move a step nearer the leaders and Seattle got a similar verdict over Oakland to be in third place, nine games behind. Hollywood took its series with Portland, 4-3.

Seattle swept its day double-header from Oakland to win the series. First baseman Les Scarcella drove in four runs in the first game as he won the first game, 11-4, and Scarcella homered in the nightcap which was shared as the Rainiers won, 8-1.

Sacramento split its Sunday double-header with Los Angeles, winning the first at 10-7 and dropping the nightcap, 7-6.

Hollywood took a pair from Portland, 7-1 and 10-8.

San Diego won its opener from San Francisco, 3-1, but the Seals took the second game, 3-1. Hank Terry got his 10th win of the season in the first game.

This week's series takes Sacramento to San Francisco, Oakland to Portland, Hollywood to Seattle and San Diego to Los Angeles.

Packard and Warner Upset Boise Stars

(Continued from Page 8)

were moping from the men's singles final on Cuddy, the bronzed champion, who is celebrating the arrival of a baby daughter just eight days ago by blitzing Paris Martin, 6-2, 6-0.

Gary Too Good

Martin, who was attempting to conserve his strength for the doubles final, didn't put forth his best efforts as far as routing for Curry's sharp placements were concerned. He was actually saving his energy simply to shorten the match; they didn't affect the ultimate result. Curry's "mop" with his startling array of chops and drives and with his collection of service styles—canonball, twist and break deliveries.

Helen Martin Again

The women Martin again—a usual one as Helen Martin. The Boise city champion packs too many strikes and too much accuracy for her rivals although in the feminine singles final she had a battle on her hands before defeating Jo Fox Walker, Kimberly, 3-6.

Mrs. Walker, hard-hitting son of Mrs. Kimberly, sent murrums through the gallery after she opened her way to victory in the opening set. Miss Martin's accurate placements

ments told the tale in the second set as Mrs. Walker snaked up. The deciding fray was a light battle with Mrs. Walker coming close to upsetting the champion.

Women's doubles proved an all-invader affair. Miss Martin and Joan Archer, Boise, took that title in straight sets from Margaret Jennings, Boise, and Betty Tweedy, Caldwell, 6-3, 7-5.

Semi-final play Sunday morning and early afternoon saw the last Kimberly chance evaporate in men's singles. Paris Martin did it by winning an overtime duel from Bob Packard, 9-7, 1-6, 6-1.

In the other semi-final Will Reedy, quiet-spoken Boise tennis stylist, was within an eyelash of eliminating Garry down by winning the finals himself. He trimmed the Pocatello star 6-3 in the opener and Garry down 4-1 before the railroad worker finally warmed up. Garry pulled through 7-5 and went on to take the set that counted as 1-0.

Art Walker, three-time Boise city champion, ran into tough luck on the opening day and met elimination in both singles and doubles. He lost to Reedy 6-4, 2-6, 6-4 after leading for a time in the final set. In doubles, Walker and Jim Mullen bowed to Packard and Warner in an overtime duel, 6-1, 1-6, 6-4.

Louis Mays, Kimberly club secretary, and Ray Potter, tournament chairman, handled tournament details.

AMATEURS GIVE U.S. TAX HINTS

WASHINGTON GUP—Amateur financiers from Bozingson, Ok., to Chokochery, Nev., are trying to help the administration solve the problem of raising new revenues to meet defense spending.

The government normally receives a steady flow of revenue from those people who work them out either as a hobby or as a means of keeping it fiscal trim between taxes and revenue.

When the word spread that the administration was seeking new revenue ideas to match its spending plans under the defense program, the volume of suggestions grew tremendously.

Most revenue suggestions go to the treasury, where Secretary Henry Morgenthau, Jr., takes out the better ones and puts them into what is referred to as a "top drawer."

Some of the more seriously considered ideas in Morgenthau's "top drawer" include a plan for payment of the federal income tax by installment.

One of the more seriously considered ideas in Morgenthau's "top drawer" is a plan for payment of the federal income tax by installment.

A system of enforced savings, providing for a balance in the budget, some form of government security, such as a "top drawer" plan, is also in the "top drawer."

REDS CLAIM ALL GERMAN OFFENSIVES HELD IN CHECK

BATTLES EXTEND OVER WIDE AREA OF 1,800 MILES

By HENRY SHAPIRO
 MOSCOW, Aug. 11 (Special)—Red army forces were reported today to be holding German offensives, which had made gains in strong new drives on the Leningrad and Kiev-Odessa fronts.

A communication indicated Russian troops were fighting off German attacks at other places along the 1,800-mile front.

Battles were said to have raged all night in the Uman area, midway between Kiev and Odessa, and another, Belaya Tserkov, farther north.

The communication said heavy fighting was going on in the area of Smolensk, on the Moscow front, and in the Estonian sector.

Fighting appeared to have lulled temporarily in direction of Soloi, 25 miles west of Lake Ilmen and 125 mi. south of Leningrad, which was under attack for the first time in the early Soviet communique. No mention of it, however, was made later.

Fighting Results

The communique also failed to mention Kholm, 70 miles east of Novoroch, where fighting was resumed yesterday after several days of inactivity.

Russian planes, supporting land forces, were said to have bombed German panzer, infantry and artillery units.

Today's first communique mentioned fighting in directions of Soloi, 25 miles west of Lake Ilmen and 125 miles south of Leningrad, and in a raid on Moscow Saturday night. It was asserted, in addition to five German reconnaissance planes shot down by day light in the Moscow zone Saturday.

German planes made their 16th raid on Moscow during the night and at least five of them were shot down.

Planes Downed

Russian planes, continuing their operations in cooperation with the ground forces, bombed and machine gunned German tanks and infantry all day yesterday, the communique said. Revised reports showed 45 German planes were shot down yesterday. It was also reported that 35 Russian planes. Ten German planes were brought down by night fighters in a raid on Moscow Saturday night. It was asserted, in addition to five German reconnaissance planes shot down by day light in the Moscow zone Saturday.

City's Building Aggregate Gains

Building permit values in Twin Falls during the first six months of this year showed a decrease of four per cent over the same period during the preceding year, but showed an increase over 1940 so far as totals for the first seven months are concerned. Pacific northwest building data report received here today shows.

Total expended in building operations in Twin Falls for the first six months of 1941 came to \$309,428, the report shows, against \$327,755 for the same period this year. With the July totals added in, however, the results show through the seven months period the amount expended this year stands at \$491,395 against \$422,063 expended in the first seven months of 1940.

Greatest building gain during the first six months this year over the similar period last year was registered by Baker with an increase of 194 per cent. The great gain there was attributed to army construction for the most part.

Masterful Meditations of Hollywood's Movie Minds

By PAUL HARRISON (NEA Service)

HOLLYWOOD.—Not in the script; Rosalind Russell: "Every time I think of the dough that swimming pool cost, I run out and jump into the shallow end—whether it's filled or not." . . . John Barrymore: "Love is that delightful interval between meeting a beautiful girl and discovering she really looks like a haddock." . . . Heddy Lamarr: "Hedy is not an actress. Watch her in a scene and you will see that she is terrified—more terrified than a smalltown movie fan would be. When I directed her scenes in 'Ecstasy,' I treated her like a child." . . . Nunnally Johnson: "Hollywood is a place where, if you're invited to dinner and if you're making less than \$1000 a week, they don't give you any dessert." . . . Mr. Breen's Troubles

Joe Breen (who, now that he's out of the Hays office and boxing production at RKO, can talk about censorship): "You've no idea of the number of pressure groups and the special pleading we had to deal with. If a picture showed a woman lighting a cigarette, we got letters. There were people who protested drinking scenes under any circumstances. There were professional groups, such as doctors and lawyers, who would object to every representation of an unethical member." . . . The Bourbon Disasters would complain that too much Scotch was being drunk on the screen. The doughnut association was indignant about the lack of dignity accorded their product. The pipe manufacturers said there was too much cigarette smoking. And racial organizations always were pointing to ungrateful niggers. The only movie within safe bounds from protests was a native-born American citizen, unemployed, and with no special, religious or political identification of any kind."

2 YOUTHS ESCAPE IN TRUCK CRASH

JEROME, Aug. 11 (Special)—Virgil Smith, 21, Postolito, and his companion, Harris Parke, St. Anthony, were unharmed Friday evening after the large truck in which they were riding overturned near Jerome, after it swerved onto a side road to avoid a head-on collision with an approaching car.

The accident occurred one and a half miles west of Jerome, when Smith approached a machine which was traveling in front of him, and which slowed to make a turn to the right. He reported to Sheriff Lee S. Johnson that in order to avoid a collision with an approaching car, which was coming from the opposite direction, he turned off onto the side road because he was unable to stop or pass around the machine in front of him.

The truck overturned about five rods south of the corner. Inspection of the truck showed that the tandem attachment was defective.
