## NAZIS CLAIM CAPTURE OF BLACK SEA PORTS; NORTH DRIVE STALLS

### U.S., Britain Warn Japan In Thailand

**TOKYO, Aug. 12 (U.P.)**—United States and British policy regarding further Japanese moves southward was outlined to Japan by their ambassadors in Tokyo during the last week, it was learned today as an official Japanese announcement said Japan was urgently concerned over shipment of American supplies to Russia by way of Vladivostok.

Reliable quarters said U. S. Ambassador Joseph C. Grew and British ambassador Sir Robert L. Craigie made the positions of their governments clear in foreign office discussions, which were topped off yesterday by a 30-minute conference between Craigie and Foreign Minister Admiral Teijuro Toyoda.

A reliable source said Grew told Toyoda any Japanese action threatening Thailand would threaten Singapore and would result in a most serious Anglo-American situation. Craigie was reported to have expressed hope to Toyoda that Japan would heed the warning.

**Shipment Question**—Announcement of Japan's concern over American shipments to Vladivostok was made by both child government spokesmen. He said it did not matter whether Russia or American ships transported American supplies to Vladivostok. The question, he said, was the same.

He would not discuss what measure Japan might take to halt the shipments.

**British and American Warn**—The British and American embassies in Bangkok had failed to take advantage of the Russo-German truce in Iceland.

"What good has this done to halt the Germans?" the newspaper said in an editorial directed at Thailand. "If the British and Americans are only coming from afar without serious intentions, countries which plunge into the fire will only be sacrificed. We are extremely sorry for any country joining the Anglo-American camp."

**No "Formal" Warning**—Disclosure of British and American concern over the foreign office and continued Japanese interest in Thailand and Vladivostok coincided with an audience granted to War Minister Hiteki Toke by Emperor Hirohito.

In connection with expression of Japanese concern over American shipments to Vladivostok, Hiteki said Japan had not sent the United States any "formal" warning against the shipment of supplies via Vladivostok, Japan, he said, desires to maintain peace in the Pacific and therefore the question of shipment of supplies is a matter of course.

**Guy Garnishes Gals' "Gams"**  
 Uncle Sam's edict of no more silk stockings stopped heads, Ore. girls secretly at all. Calling for Artist Bob McCullough, they had him tint their legs with an air-brush, decorate the "sheet and natural" effect with symbols of the V-for-Victory campaign. They call the result "Gams."

### Hose Paint Station

Agents for Nazis detained by FBI

**DETROIT, Aug. 12 (U.P.)**—Federal bureau of investigation agents today held August Backer, 32, Detroit, on a charge of aiding and abetting the German government by soliciting skillful American craftsmen to work in Nazi factories.

John B. Bugas, special agent in charge of the Detroit office, said Backer was arrested last night after a two-year investigation. The inquiry, he said, had resulted in similar arrests at Cleveland and Milwaukee, Wis., within the last few months.

Backer, a tool and die worker, was charged with taking orders from an attaché of the German consulate general in New York without registration as a German agent in violation of the 1917 registration act.

Bugas said Backer had confessed to the charge of soliciting skilled American workmen for employment in German factories during 1938-39. Backer promised the workmen high pay and a "great future in sharing the success of the fatherland," Bugas said.

Backer entered this country in 1927 from Germany.

### SHORTAGE FOUND IN CITY'S BOOKS

**COEUR D'ALENE, Ida., Aug. 12 (U.P.)**—Disclosure of an \$22 shortage in city funds today prompted the city council to instruct City Attorney W. H. McFarland to consult with the city clerk to determine whether the city clerk P. N. Panabaker.

Panabaker resigned as mayor effective last Saturday, stated his duties were a strain on his health.

An audit by H. W. Detenbach disclosed the money was handled by Panabaker when he served as clerk. A group of voters was reported seeking a grand jury investigation of the matter.

It was the second shortage not given credit of the cash in the type of plans involved, or the operations in which it was engaged.

It is believed, however, the air-men were attached to the royal air force ferry command, the organizers in charge of ferrying bombers across the Atlantic.

### SCHOOL BUDGET PARED TO \$264,735 FOR YEAR

Final budget representing a reduction of \$60,000 from the amount expended in the 1940-41 school year had been approved today by the Twin Falls school board on recommendation of Supt. A. W. Morgan.

Adjusted expenditures as approved are \$264,735 in all funds. The total spent during the past school year was \$270,744.48.

Adjusted revenue in the budget exactly equals the proposed output of \$264,735.

Reduction in the budget was made possible because the district last year had to install a new boiler.

On the revenue side of the ledger, the largest source are shown as current tax, \$146,235, and state-continuously school appropriation, \$100,000. However, for the general fund, which takes the burden of most district expenses, are estimated at \$222,335.64. Revenue for that fund last year was \$229,240.11.

Expenditures by divisions, as approved in the budget, are:

General fund—\$219,000 (last year)
Instructional—\$20,000
General control—\$8,810 (\$8,810 '39)
Instructional service—\$111,440 (\$105,194 '39)
Operation of plant—\$22,750 (\$24,103 '39)
Maintenance of plant—\$17,025 (\$15,518 '39)
Fixed charges—\$1,000 (\$2,450 '39)
Debt service (bonds)—\$38,675 (\$37,537 '39)
Auxiliary agencies (health service, transportation, library, etc.)—\$9,775 (\$8,330 '39)
Capital outlays—\$3,000 (\$2,277 '39)

### SOVIET REPORTS STRONG GERMAN DRIVE UNDERWAY

**MOSCOW, Aug. 12 (U.P.)**—A third great German offensive was in full swing today and a Soviet war commission reported Nazi armored forces driving powerfully today toward Leningrad and Kiev in a pincer operation.

Heavy fighting was reported from the Smolensk area on the road to Moscow, 225 miles distant.

The pincer movement was aimed at Leningrad, with German forces fanning out to a wide front from Soltau, to the south, where large-scale fighting was in progress.

At Smolensk, German armored columns, in a two-pronged offensive, appeared to be attempting to isolate Kiev. The northern arm of the pincer is at Kostomarov, 100 miles northwest of Kiev, and the southern arm at Uman, midway between Kiev and Odessa, the communicative said.

No shift in lines.

The committee, however, indicated no important shift in the battle lines on any front in the last 24 hours still burns strong within it.

Red army forces were reported fighting heavily against German panzers, sliding into Russian territory from Poland, at Katskosski, 90 miles north of Leningrad, and at Soltau, 130 miles south of the former Russian capital.

The committee reported Russian planes, lending strong support to the Red army, struck heavy blows at German armor and infantry units and at Nazi planes a ground.

There was no indication, after the first attack, that the German offensive, that they were making more progress than they had in the past two weeks, when a great deal of cooperation was shown. They attacked for two weeks without pause and were stopped by the Russian defense in the past few days.

**Center of Attack**—The centers of the new attacks, the day's first war communique said, were the Soltau and Smolensk fronts and the Belaya Tserkov front and the Belaya Tserkov and Uman sectors of the Ukrainian front.

In the northern phase of the attack especially, the Russians were holding firm, dispatches indicated.

The German air force intensified its operations in aid of the ground forces and was reported to be attacking the Leningrad and Moscow fronts and night and also bombing bridges and other lines of communication in the German rear.

In the German rear, the war communique said, Russian planes also destroyed a big German air base, a fuel depot, a radio and a bomb shed in Constantia harbor, Rumania.

### German Set-Back Is Reported for Smolensk Sector

**MOSCOW, Aug. 12 (U.P.)**—A third great German offensive was in full swing today and a Soviet war commission reported Nazi armored forces driving powerfully today toward Leningrad and Kiev in a pincer operation.

Heavy fighting was reported from the Smolensk area on the road to Moscow, 225 miles distant.

The pincer movement was aimed at Leningrad, with German forces fanning out to a wide front from Soltau, to the south, where large-scale fighting was in progress.

At Smolensk, German armored columns, in a two-pronged offensive, appeared to be attempting to isolate Kiev. The northern arm of the pincer is at Kostomarov, 100 miles northwest of Kiev, and the southern arm at Uman, midway between Kiev and Odessa, the communicative said.

No shift in lines.

The committee, however, indicated no important shift in the battle lines on any front in the last 24 hours still burns strong within it.

Red army forces were reported fighting heavily against German panzers, sliding into Russian territory from Poland, at Katskosski, 90 miles north of Leningrad, and at Soltau, 130 miles south of the former Russian capital.

The committee reported Russian planes, lending strong support to the Red army, struck heavy blows at German armor and infantry units and at Nazi planes a ground.

There was no indication, after the first attack, that the German offensive, that they were making more progress than they had in the past two weeks, when a great deal of cooperation was shown. They attacked for two weeks without pause and were stopped by the Russian defense in the past few days.

**Center of Attack**—The centers of the new attacks, the day's first war communique said, were the Soltau and Smolensk fronts and the Belaya Tserkov front and the Belaya Tserkov and Uman sectors of the Ukrainian front.

In the northern phase of the attack especially, the Russians were holding firm, dispatches indicated.

The German air force intensified its operations in aid of the ground forces and was reported to be attacking the Leningrad and Moscow fronts and night and also bombing bridges and other lines of communication in the German rear.

In the German rear, the war communique said, Russian planes also destroyed a big German air base, a fuel depot, a radio and a bomb shed in Constantia harbor, Rumania.

### Late FLASHES

**VICHY, France, Aug. 12 (U.P.)**—Marshal Henri Philippe Pétain told the nation by radio tonight that vast powers over the French armed forces had been concentrated in Admiral Francois Darlan as minister of national defense and sought to reassure America that the instinct for liberty still burns strong within it.

"America has no reason to fear a decline in the French ideal," Pétain declared a few hours after Darlan had been given powers probably greater than those held by any French political figure since Napoleon.

**ROME, Aug. 12 (U.P.)**—British planes yesterday attacked mainland Italy, bombing Crotone in the province of Calabria on the "toe" of the Italian boot—and Calanzano, 30 miles south of Crotone, the Italian high command revealed today.

The raids, which were aimed at the headquarters of the German command, were made by three planes, two of which were shot down, a communique said.

Dwellings were hit, the high command said, and one person was killed and several wounded.

**LONDON, Aug. 12 (U.P.)**—German planes continued their drive on the Leningrad-Moscow and Kiev fronts through the night, a Russian war communique reported today.

The communique, picked up here by the United Press, stated that the German air force intensified its operations in aid of the ground forces and was reported to be attacking the Leningrad and Moscow fronts and night and also bombing bridges and other lines of communication in the German rear.

In the German rear, the war communique said, Russian planes also destroyed a big German air base, a fuel depot, a radio and a bomb shed in Constantia harbor, Rumania.

### As Tourists See It

with Harriet Duvall Denton, Hospitality Girl of Times and News

"The country around Twin Falls is wonderful," said Mrs. B. M. James, Triaver City, Mich., and her daughter Miss Doris James, when interviewed this morning by the Times-News Hospitality Girl, F. O. Kautman, Los Angeles, couldn't wait until the Hospitality Girl stopped him to distribute pamphlets, but stepped right up to her and asked: "Which way to Abbotson Falls?"

### U. S. AIRMEN DIE IN BRITISH CRASH

**MONTREAL, Aug. 12 (U.P.)**—The royal air force ferry command today announced that 22 airmen, including five Americans, were killed in a flying accident in Great Britain, Aug. 10.

The announcement did not give details of the crash, the type of plane involved, or the operations in which it was engaged.

It is believed, however, the airmen were attached to the royal air force ferry command, the organizers in charge of ferrying bombers across the Atlantic.

### Roosevelt Urges Farm Production Increase in U. S.

**WASHINGTON, Aug. 12 (U.P.)**—President Roosevelt urged the nation's farmers today to produce abundant crops because food "is a weapon against Hitlerism just as much as munitions" and an instrument for welding a peaceful world.

"We need not only abundant production for ourselves and for other nations resisting aggression," he said, "but we need reserves to meet emergencies which can as yet be only dimly foreseen."

Mr. Roosevelt said the first task is to "bring down" the monstrous forces that Nazism has loosed upon the world and then to repair the damage done by them. Food will be essential in the process of rebuilding and rehabilitation, he said.

**By United Press**  
**MOSCOW**—Germany's third offensive led by heavy attacks on Leningrad, Smolensk and Ukraine fronts. Red air force attacks Berlin again.

### THUNDER OF WAR

**By United Press**  
**MOSCOW**—Germany's third offensive led by heavy attacks on Leningrad, Smolensk and Ukraine fronts. Red air force attacks Berlin again.

### CITY ASKED FOR DEFENSE FUNDS

**WASHINGTON, Aug. 12 (U.P.)**—The senate appropriations committee today unanimously recommended a bill for \$12,240,000 in the supplemental national defense bill which passed the house carrying appropriations and contract authorization bills.

Chairman Alva B. Adams, D. Colo., of the subcommittee in charge of the bill, said the bill would "divide in vote of opinion" in the committee on the reduction. The committee approved the measure at 11 a.m. today.

The major outlay was \$1,247,000 from a house-approved item of \$3,480,000 for military equipment. The bill would equip a potential army of 3,000,000 men.

### SCHOOL OPENING DELAY Pondered

**BOISE, Aug. 12 (U.P.)**—Delay in opening of Idaho schools until Oct. 1 as a means of combating a threat of a school strike was being pondered by Idaho officials today as a possibility in case of emergency.

A. Clark said that although he was opposed to closing of public schools "if an emergency arises we'll have to take care of the school."

"I would be against closing schools, generally," the governor declared. "In case of an actual shortage we would have to take steps to farm workers."

He said he did not believe the state should be in a position where peacocking was in full swing. Postponing the opening of schools would be a great help to develop another shortage.

State civilian defense officials had at first suggested schools be granted harvest season furloughs but the army disapproved of the plan. As an alternative, a later date for opening of schools to provide work for harvest workers made up of high school and college youths was suggested.

In 1928 schools were closed in southeastern portions of the state to provide workers for farmers who were threatened with crop losses.

### Week of KP Goes To Jackie Coogan

**FORD ORD, Calif., Aug. 12 (U.P.)**—Private Jackie Coogan today began a week of public appearances and movie appearances and contract negotiations.

It could have been worse, but First Sergeant Joseph V. Crumpley made allowances because Coogan, former child actor, is a good soldier and had an understandable ailment.

"You can't work a man over too much for being a couple of hours late," Coogan said in a letter to Crumpley.

Coogan married Floyd Parry, 19, in Nevada early Monday.

### Signals Crossed? Underpass May Go to Curry, Not Cedar

Somebody seemed today to have the signals crossed.

Mayor Joe Koeller said he wasn't sure he heard Gov. Chase A. Clark correctly on a telephone call this morning—but it seems the governor said plans for an underpass at Curry crossing are rapidly going forward. While the Cedar crossing near 11th apparently is to get only blinker-flash warning signals.

Mr. Koeller said he had heard the warning correctly was to be undertaken, because while Curry crossing has been over the fatal crash involving the death of a mother and her two small sons recently, the Cedar crossing has been for several years in use.

Koeller's version of what the governor said was that the underpass at Curry is to be built by the state in the future.

### FUND DENIED FOR ECONOMIC STUDY

**BOISE, Aug. 12 (U.P.)**—Attorney General E. W. Hill today denied a proposal for use of law enforcement emergency funds for a study of economic conditions of the state and industrial stabilization with a view to labor.

In an opinion for E. W. Hill, the reclamation commission chairman of the state, Hill said the study would be a waste of money. He said the study would be a waste of money. He said the study would be a waste of money.

# Love Great Thing—But It Has Spoiled Clowning of Kovacs

## Permanent Mixed Doubles Team

By HARRY FERUGON  
**NEW YORK, Aug. 12 (UP)**—Love is a wonderful thing and this is not an attempt to put in a rap against it, but Miss Virginia Wolfenden's marriage to Frank Kovacs has made a new man out of him, worse luck.

There are the good old days when Kovacs, an authentic and delightful screwball, kept the galleries in stitches, when he would nerves in the middle of a stalling backhand to yoo-hoo at some peschier-and-cream doll in the stands; when he would drive stuffed shirt officials to the point of mental befuddlement, which isn't a very fast drive in some cases, pale.

Kovacs are now threat to sweep national championships at Forest Hills, Aug. 30-Sept. 6. Soreth-raking Virginia Wolfenden, frequently called protest girl in tennis, and Frank Kovacs, No. 3 nationally, reveal secret marriage.

It was a new Kovacs who appeared for the eastern grass courts championships at Bye. He didn't run. He didn't drive. He didn't yoo-hoo and it wasn't just because the Mrs. was sitting in the stands with her fingers crossed for his efforts, but also a new man. He wants to win now. He plays tennis with the same intensity that he once had in the stands. He has been married 10 days runs for the 8:13 a. m. train so he can beat the boss into the office, maybe get a raise and buy the little woman a fur coat.

Kovacs won the tournament, which was fun for him and Mrs. K., but not for the spectators. They wanted to see him do his stuff. Like the time he used an easy shot and bit a huge hunk out of a tennis ball. Or the time he started to row a board. Or like when he was playing Joe Hunt at Forest Hills and putting on one of his better performances. It finally got up on his nerves and he sat down, refusing to continue until Kovacs quit the clowning. Kovacs laid his racket on the turf court and sat down comfortably beside it.

He finally got up and lost the match to Hunt, but in the good old days Kovacs didn't care so much about winning so long as he had some fun. His greatest performance was in some obscure tournament against an obscure opponent. He raced toward the grandstand, hit a shot across the

has better shots than any of the amateurs now playing. But he had the same philosophy as Walter Hugo had in golf. "Have some fun and if you lose, what the hell, it's only a game."

With Mrs. K. in the stands and the eastern grass courts title at stake, Kovacs smothered Wayne Sabbin in straight sets. But if you wanted a laugh, you had to bring your own joke book and that is why it's going to be at Forest Hills.

# GOVERNMENT CLAMPS LID ON INSTALLMENT BUYING

## AUTO PURCHASES HIT BY FEDERAL ORDER ON CREDIT

WASHINGTON, Aug. 12 (AP)—The federal reserve board today drafted regulations restricting installment purchases of automobiles, washing machines, vacuum cleaners and other durable goods.

President Roosevelt ordered a curb on the \$7,000,000,000 a year credit business to halt inflationary trends and lessen the demand for merchandise absorbing materials needed for defense production.

The regulations, which involve restrictions on bank loans to financing companies and tighter terms for time payments, will be discussed when the board meets with representatives of financing institutions here Thursday and Friday. Promulgation is expected shortly thereafter.

Contracts for time-payment purchases signed prior to promulgation of the regulations will not be affected. Neither will the terms of open book accounts, such as the housewife maintains at the grocery or department store, for the present.

Chairman Mortimer Eccles of the board said that residential buildings and durable goods bought for production purposes, such as the implements, will be exempt from the initial regulation.

Officials declined to reveal in advance the discussions methods by which the controls will be exercised. Previous statements have indicated, however, that they would include a requirement for a larger down payment, a reduction in the time allowed for payment, and restrictions on bank loans to financing companies.

## Nazi Propaganda Haul in Havana

Two revolvers, a rifle, a statue of Hindenburg and a copy of Mein Kampf were a few of the articles picked up by Cuban police when they took into custody German-born Fernando Ernesto Blahame Sanchez in Havana.

## HIGHWAY MISHAP INJURES WOMAN

BURLEY, Aug. 12 (Special)—Five residents of Twin Falls narrowly escaped serious injury Sunday evening when their car, driven by George J. Ohan, Twin Falls, was forced off the highway about 11 miles west of Burley by a car driven by Lloyd Winn, Burley.

With Ohan were his wife and daughter and Omer Hawkins and June White, all of Twin Falls. Mrs. Ohan received a severe arm injury, while other occupants of the car were unhurt.

Officers said that the Ohan car, traveling toward Twin Falls, was forced off the highway by the Winn car when the Winn auto cut in after passing Mr. Ohan. The Ohan machine turned over on its side, while the other car was not damaged.

Aside from Winn, other occupants of his car were Ronald Karlson, Jay Williams and Elmer Schenk.

## 79ers to Gather For Annual Meet

DECLO, Aug. 12 (Special)—A meeting was held Friday evening at the home of President Hyrum S. Lewis, to make plans for the annual meeting of the 79ers, which will be held Sept. 3, at Albion State Normal school.

This will be the 21st annual gathering of the pioneers who came to southern Idaho in 1879.

Those present included the president, Hyrum S. Lewis, vice-president, Willis Sears, Albion, and Sheriff Bert Mahoney, Burley; secretary, Lula Sears, Albion, and Rachel Lewis, Declo; treasurer, Ben Charlton, Albion, and historian, Mrs. John E. Hayes, Twin Falls.

After the business meeting, time was spent socially. Refreshments were served by Mrs. H. S. Lewis and Mrs. Rachel Lewis.

Almost 300 lieutenants at Randolph field, Texas, assigned as instructors to student flyers, average approximately 600 hours of flying time annually.

## AGENCIES NAMED FOR CROP LOANS

Three Twin Falls county warehouse concerns and three lending agencies were accredited by the U. S. department of agriculture to operate the wheat loan plan for Twin Falls county farmers, Don Albin, secretary of the local AAA officer, announced today.

"Other warehouses and lending agencies may be accredited later," Albin said.

Storage concerns honored by the Colorado Milling and elevator company with warehouses in nearly every town in the county: the Shields warehouse and the W. B. Gray elevator, both in Buhl. Accredited lending agencies are Idaho First National Bank of Boise, Buhl branch, Fidelity National Bank and the Production Credit association, both of Twin Falls.

"Only those farmers who are within their wheat allotments will be

## LEGION HALL SET FOR AIR SIGN-UP

All applicants for the army air corps should report to the American Legion hall before Saturday morning at 10 o'clock to be interviewed by the northern traveling flying cadet board, Sgt. Frank Morris, army recruiter, announced here today.

The examining board, headed by Capt. Theodore R. Willemson, will arrive here Friday afternoon and will examine candidates that afternoon and all day Saturday. Applicants should report as early as possible, Sgt. Morris indicates.

All applicants for the army air corps must have completed two years of college education or pass a rigid examination. Those passing the examinations will probably be sent to California training stations to prepare for graduation to Kelly and Randolph fields.

## Boys' State Told Kimberly Legion

KIMBERLY, Aug. 12 (Special)—Joe Anderson, Hansen high school student, gave his report of Boys' State when the American Legion post No. 76, met Thursday evening. He gave an interesting and thorough report of his trip and thanked the post for the privilege of representing the organization.

Delegates received their instructions in regard to several important matters to be brought up at the state convention. Delegates are Howard Larsen, Ernest Emerson and Jim Walton. Alternates are John Martell, Lee Fancher and Halbert Arnold.

Eight Canadian aircraft companies hold orders for approximately 125 million dollars for 3,800 airplanes ordered by the British government.

## GRIDER DIES IN MOUNTAIN FALL

CARBONADO, Wash., Aug. 12 (AP)—National park rangers said today Leon Brigham, Jr., end on the University of Washington football team, probably was killed when he fell into a glacial crevasse, 8,000 feet up Mount Rainier.

The crevasse was 85 feet deep, and if the fall didn't kill him, he froze during the 24 hours he was trapped.

Rangers William Butler and Gordon Patterson were lowered on ropes yesterday and dug for an hour and a half before they found the body under eight feet of snow. It took them several hours to hoist it to the surface.

The body was carried down the mountain by pack horse and taken to Seattle, where he had lived, in a government patrol car.

Brigham fell into the crevasse Sunday, when he walked to the edge to test the ice and it crumbled under him.

## Lincoln County's Fair Set for August 27th

SHOSHONE, Aug. 12 (Special)—Agricultural exhibits and plenty of good things to eat will be displayed Aug. 27 at the Lincoln county fair, Chairman Dewey Williams announced today. Also on the program are athletic contests, youth parade, flower show, horsemanship program, and a county picnic.

Boys' and girls' 4-H club exhibits will be shown with prizes totaling \$100 set for the youth.

A free basket lunch at noon on the Lincoln county courthouse lawn will be served by courtesy of the Shoshone Chamber of Commerce. Music and novelty contests after the lunch will be furnished by the Shoshone Rotary club.

First prize for community agricultural exhibits is \$40. Charles McKay, agricultural exhibits, has announced. To be judged in the open class farm products division will be wheat, oats, barley, legume seeds, alfalfa grain, potatoes, onions, table beets, sugar beets, cabbage, pumpkins, squash, cucumbers, turnips, sweet corn, pop corn, beans, peas, field corn, and other products.

Fine Arts Exhibits  
Fine arts and pantry and kitchen exhibits will be handled by Mrs. Joy Thomas. Cash prizes will be awarded for best displays. Youth craft exhibits of Boy Scouts and Camp Fire Girls will be under the direction of Mrs. Thomas, also.

The flower show, conducted by the Shoshone Study club, will include only flowers grown in Lincoln county. The horsemanship program will include pony races, team pulling contest, and stock horsemanship contest based on points made by both horse and rider in gait and reining. The horsemanship program is under the direction of Donald Gandy and Mike Bartholomew.

Athletic Contests  
Seward Dunn and Howard Beck are in charge of athletic contests for youngsters which will include foot and bicycle races. The youth parade for boys floats and pets is being sponsored by the Shoshone Chamber of Commerce.

On the Lincoln county fair board are Mr. Williams, chairman; Mrs. Thomas, Jack Edwards, Mrs. Leta Hogue, Henry Harger, Mans Coffin, Mr. McKay, and Alfred Gandy. Livestock exhibits are being handled by F. H. Hall and publicity chairman is G. R. Maxwell.

In the vast area of Alaska, which exceeds the combined area of the 48 states lying east of the Mississippi river and north of North Carolina and Tennessee, there are only four places — Juneau, Anchorage, Ketchikan and Fairbanks — which, according to census usage, are classified as "urban." The largest of these places, Juneau, the capital, had 5,729 inhabitants in 1930.

## Sufficient Wheat Facilities in Area

No shortage of wheat storage facilities exists in the Magic Valley, L. L. Breckenridge, manager of the Twin Falls Flour mill, had explained today. Although throughout the United States there is a lack of storage facilities, there is no need for farmers in this territory to fear that their crops will be left on their hands this fall.

Numerous inquiries have been received from farmers on the grain storage, Mr. Breckenridge said.

## MURTAUGH

Lawrence Turner has accepted a position as vice-superintendent of schools in Wasco, Calif.

Silich and Chatter and Sew More clubs met jointly at the school house Thursday. Elsie Anderson was in charge.

Kendall Dayley, Scoutmaster, met with a group of boys at the church on Wednesday evening. Their mountain trip is scheduled for Aug. 13.

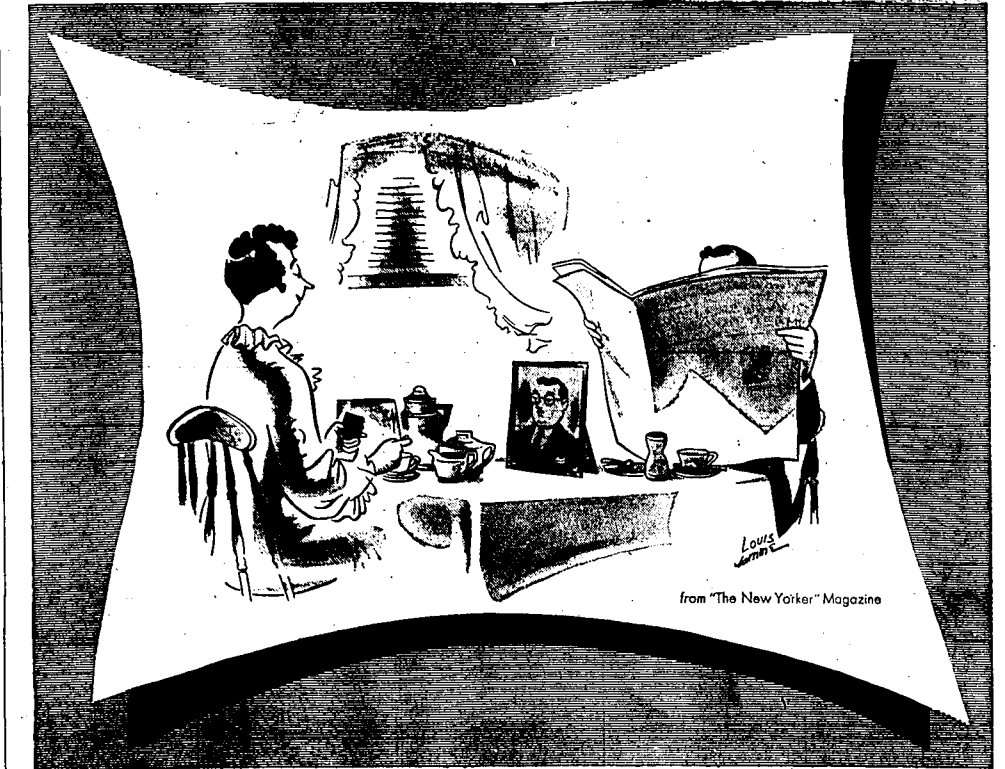

Mrs. Rex Tolman has returned after spending a week in Logan, Utah.

Herbert W. Kween, new school superintendent, has moved into the George Fischer residence.

Mr. and Mrs. Leon Pickett left Friday for a 10 days' trip through Wyoming and Montana.

Mrs. Lola Cockrum entertained Pioneer bridge club with a picnic luncheon on the lawn at her home.

Mrs. Harold Damewood, Pocatello, and Mrs. Alvin Konick were guests. Mrs. Ernest Browning received high scores, and Mrs. Harold Damewood, second, and Mrs. Harold James, the traveling prize.

from "The New Yorker" Magazine

## The Petulant Mrs. Pentwhistle

Ordinarily a sweet-tempered little lady, Mrs. Pentwhistle can get pretty petulant at times... times like this, for instance, when she begins to feel that she has a rival for her husband's attention.

(While you're waiting your turn at that paper, Mrs. Pentwhistle, you might ponder the fact that every weekday the 37,000,000 families in the United States and Canada buy, and read, 43,300,000 newspapers... and every Sunday they buy, and read, 33,000,000 newspapers.)

We can't say we blame her much. Yable-talk with a photograph can't be very stimulating.

That's what makes the newspaper such a vital and profitable medium for advertisers. And today, when the news is more important to more people than ever before, the newspaper is naturally a more vital, more profitable advertising medium than ever before.

But cheer up, Mrs. Pentwhistle, Mr. P's passion for the paper is perfectly normal... just as normal as yours and that of millions of other Pentwhistles throughout the country. It comes over men and women, young and old, every day in the week... simply because the news is indispensable in people's lives.
