ROOSEVELT, CHURCHILL MEET

Keep out of War, Halt Trend To Dictator, Executive Warns

The United States can achieve prosperity in terms of decades if it refrains from sacrificing itself on the bloody altar of Europe, and if it throws out "the growing socialist-dictatorship," H. Dudley Swain, vice-president of National Investors corporation, New York City, told the Evening Times in a hard-hitting interview today.

Swain, whose position in New York and whose associates with many industrial and political leaders give him a vital "listening post" around the globe, said that the nation's safety, as well as its economic and social development, is in jeopardy by the development of the vast yet uncharted reserves of the hemisphere.

"Much needed reforms have been accomplished in this country," the business executive said. "But now the reformers have succumbed to the greed for power. Washington now swarms with ambitious big hitters.

"Members of the inner circle of the administration, at a time when the public has awakened the 'humanity' call, I have personally heard the long phrases, 'made responsible' which have been slipped over in the name of protecting democracy. The 'New Deal' in America and the 'New Order' in Europe are now being prepared."

Swain added that "Political expediency" has become the golden calf. "These who worship the golden calf, he continued, have always had to pay the price. Government has become the greatest evil ever known. Self-protection, the

Army Service Extension Act Sent to White House

SENATE ACCEPTS FDR, Churchill Laud Russian Resistance

WASHINGTON, Aug. 14 (UP)—The senate today completed congressional action on the military service extension bill and sent it to the White House. It authorizes President Roosevelt to hold all men in the army—selectees and all others—in service for 18 months beyond their original term.

The senate accepted the bill by a vote of 74-0. The House passed it by a vote of 384-1. The bill authorizes the president to extend the service period of any person now in the army—including selectees, national guardmen and reservists—who were called to service for 18 months. Congress has never reserved the right to give President Roosevelt authority to extend the service period of any person now in the army. It declares such extension is "in the interest of national defense."

The bill gives the president the right to extend the newly granted 18-month extension at any time by subsequent resolution.

The bill also takes the pay of army enlisted men from \$20 a month to \$24. Selectees, reservists and reservists will get the \$18 increase after serving 12 months, regular army men immediately on completion of the bill provided they have served 12 months. The pay, the bill says, shall be paid only for the duration of the national emergency.

The measure also authorized President Roosevelt to order the national guard again if he permits it to leave the service.

Oddities

DISAPPOINTMENT
EAST THOMPSON, Conn.—Mr. and Mrs. Harry Fihret said today they were "disappointed" because their new five-pound, 13-ounce son was not twins. It is 17 years Mrs. Fihret, 28, has had 11 children, including six sets of twins. She and her 61-year-old husband, a 34-a-month WPA worker, wanted a seventh set.

REWARD
COLUMBUS, Ga.—Private Charles Uva, who gave up a Japanese captives, has returned to his apartment on record, was in a critical condition today. An army surgeon removed from young in Port Benjamin hospital yesterday an appendix 18 and two inches long. The average length of the appendix is two to three inches.

VISITOR
NEW YORK—The object Mrs. Ed Birmingham, 80, saw off the kitchen stove when she returned from shopping was a snake, gray-green in color, seven feet long, speckle undetermined. The agent for the Society for the Prevention of Cruelty to Animals who, aided by police, removed the snake with a lamp, could give Mrs. Birmingham no suggestions as to where it came from or how it got into the apartment.

Exports to Japan Banned by Britain

LONDON, Aug. 14 (UP)—The board of trade tonight banned exports to Japan effective Aug. 15. After tomorrow, only exports under license will be permitted to Japan. The ban also applies to Japanese occupied and mandated territories.

PACIFIC THREAT OF WAR STUDIED BY TWO LEADERS

By FREDERICK KUH
LONDON, Aug. 14 (By Telephone)
—"Threats of war in the Pacific are believed to have been one of the chief reasons for the historic meeting at sea of President Roosevelt and Prime Minister Winston Churchill. Now that the secret of the meeting is out, it can be revealed the initiative came from Mr. Roosevelt through Harry Hopkins. The Russian war raised numberless questions, especially that of quick effective help to the British. American supplies to British home and middle eastern forces, the conveying of American tanks and other war materials, presented changing problems requiring review. Vichy's subservience to the axis, involving fate of French north and west Africa and touching western hemisphere defense, seemed to call for fresh definitions of American and British policy. More remote but important perils, like German influence in Iran were causing rising concern. Red Resistance Help. Soviet resistance for the first time convinced many doubters Germany can be defeated. Instead of purchasing Roosevelt and Churchill to relax, however, the hurrying of roughly four-fifths of German armed power against Russia impelled the premier and President to prepare yet more telling action. Smooth Progress. These issues alone would explain why Messrs. Roosevelt and Churchill decided to sit with their service chiefs and, in an intimate personal chat, discuss the strategic and political problems facing them. Had these issues failed to clinch their meeting, Japan's defiance of all American and British appeals for help to keep within the clearly seen to have done the trick. Recent British, Australian, Dutch and Indian staff news are reported to have proceeded so smoothly that the President and prime minister probably discussed the next defense measures in the Pacific. If Britain, Australia and the Netherlands East Indies were to conclude a defensive alliance, the United States would be expected to view that development favorably. Washington might indicate its sympathy for the allies by making clear that the integrity of the Dutch East Indies comes within the framework of American security. Ready to Act. The two leaders of the democracies are assumed to have examined fully the consequences of a further Japanese advance to the south in Thailand and of the increasing concentration of Japan's armed forces near Siberia. The American and British governments have already indicated their readiness to act if Japan continues. (Continued on Page 14, Column 1)

REMINGTON GETS ARMS CONTRACT

WASHINGTON, Aug. 14 (UP)—The war department today awarded a \$68,058,531 contract to the Remington Arms Co., Inc., Bridgeport, Conn. for operation of the United Ordnance plant at Salt Lake City. The contract is for one year's operation of the plant and for management services including subcontracts for architect engineering and construction. The agreement said that ball, armor piercing and tracer ammunition of 20 and 30 caliber type would be manufactured at the plant. Of the total, approximately \$18,500,000 is expected to be submitted for design and construction. A sum of \$13,000,000 will be used to purchase machinery and equipment. The Remington company drew up specifications for the equipment and the war department contracted for 100 under letters of intent previously announced. Approximately 100 ball (range, ranging in size from small caliber, explosive into large manufacturing structures will be required in \$600-a-rod air. The buildings will include machine shops, ballistics buildings, range buildings, powder magazines and chemical storage houses.

Auto Occupants Narrowly Escape Death Near Rim

Occupants of a dark sedan bearing a license plate 57-2922 narrowly escaped death last night when they drove into the driveway belonging to Jack Denbia, Lolo street, today, and came within two or three feet of crashing over the canyon rim, according to police reports. The dark sedan was about 200 feet down the place where the car was near the rim, Mr. Denbia reported that the car drove off when Mr. Denbia attempted to stop the driver, he said.

Two Leaders Confer on High Seas; State Joint Post-War Peace Plans

In Historic Atlantic Conference

PRESIDENT FRANKLIN D. ROOSEVELT

PRIME MINISTER WINSTON CHURCHILL

WASHINGTON, Aug. 14 (UP)—Lord Beaverbrook arrived here by plane today and proceeded at once to the British embassy. He arrived in Washington in a large American-built bomber with British markings. He was expected to hold a press conference later in the day.

By SANDOR S. KLEIN
WASHINGTON, Aug. 14 (UP)—The White House announced today that President Roosevelt and British Prime Minister Winston Churchill had met on the high seas and agreed on a joint U. S.-British declaration of peace aims "after the final destruction of the Nazi tyranny."

The White House statement confirmed officially for the first time that the two leaders had met at sea and "had several conferences. Their exact meeting place was not disclosed. Mr. Roosevelt and Churchill were accompanied by ranking military, naval and air advisers. Lord Beaverbrook was one of the British conferees. He proceeded to Washington for further talks on American war aid for his homeland and Russia. Their joint declaration of policy embodied eight separate points, including the "disarmament" of the axis powers after the war. On the immediate business of the prosecution of the war "the whole problem of the supply of munitions of war, as provided by the Hitler government of Germany and other governments associated therewith engaged in resisting aggression," was further examined at the historic meeting on the seas. "Lord Beaverbrook, the minister of supply of the British government, has joined in these conferences," the statement said. "He is going to proceed to Washington to discuss further details with appropriate officials of the United States government. These conferences will also cover the supply problems of the Soviet Union."

Danger to World Civilization
The announcement said that the President and the British prime minister considered the dangers to world civilization arising from the policies of military domination by conquest upon which the Hitler government of Germany and other governments associated therewith have embarked. "The joint declaration, made public in Washington, London and Ottawa simultaneously, said that the President and the prime minister deemed it "right" to make known certain common principles in the national policies of their respective countries, on which they pinned their hopes for a "better future for the world."

- The declaration then listed the following eight points of mutual national policy:
- 1. That the two countries seek no "aggrandizement, territorial or otherwise."
 - 2. "They desire to see no territorial changes that do not accord with the freely expressed wishes of the peoples concerned."
 - 3. "They respect the rights of all peoples to choose the form of government under which they will live" and wish to see restoration of "sovereign rights and self-government" to those "forcibly deprived of them."
 - 4. They will endeavor to further the "enjoyment" of the trade and raw materials of the world by all states "great or small, victor or vanquished."
 - 5. "They desire to bring about the fullest collaboration between all nations" on the economic front "to secure for all" improved living standards, economic advancement and social security."
 - 6. After "the final destruction of the Nazi tyranny" the two countries hope to see a peace which will assure to all nations the "means of dwelling in safety within their own boundaries."
 - 7. "That such a peace should assure the freedom of the seas 'without pretence' to all men."
 - 8. That all nations must come to abandonment of the use of force and that since no future peace can be maintained unless aggressor nations are disarmed "the disarmament of such nations is essential."

U. S. OIL TANKER SAILS TO RUSSIA

WASHINGTON, Aug. 14 (UP)—Defense Oil Coordinator Harold L. Ickes announced that the first American tanker assigned to carry aviation gasoline to Russia would sail from Los Angeles today. Ickes said the tanker, one of four American ships assigned to transport gasoline across the Pacific as part of this country's assistance to Russia, would carry 6,000 barrels of aviation fuel. Ickes also declared that new "fluid steel" were included in the first gasoline consignment to Russia.

Jerome's Dog Catcher Held on Embezzlement

JEROME, Aug. 14 (Special) In what is probably the first case of its kind in Idaho, a city dog-catcher has been arrested and charged with embezzlement. He is Lee Doughty, accused of appropriating Jerome dog-licences fees he collected in his official position as dog catcher. Lost to the city, according to unofficial reports, was approximately \$133. Doughty was arrested by Deputy Sheriff Paul M. Jibson after embezzlement charges was filed in probate court. Arraigned yesterday morning before Probate Judge William G. Constock, the dog-catcher asked for statutory time before deciding whether he wanted a preliminary hearing. The same afternoon he again appeared before Judge Constock and waived his hearing. Doughty was remanded to custody of Sheriff Lee S. Johnson and was put in county jail for lack of bond. He will be taken to Burley within the next few days where he will be arraigned in district court before Judge T. Bailey Lee. If Doughty pleads guilty in the higher court and if he is sentenced to state prison, he will be the first dog-catcher in that institution.

LETTER TELLS OF ALASKA TIN CITY

CAREY, Aug. 14 (Special)—Tin City, Alaska, consists of 10 white men plus two Eskimo men and their families," wrote Dec Albrethsen in a letter received by his parents, Mr. and Mrs. Alex Albrethsen of Carey. When we arrived in Nome on June 21 we found the sea so filled with ice that our ship could go no farther and the Eskimo Tin City company had to fly the mining crew (the 10 white men previously mentioned) into Tin City by plane. Tin City is about 75 miles northwest of Nome by air and can be reached only by boat or airplane. On July 15th the weather here deteriorated to 10 degrees above zero and not until July 17 were we able to clear the roads of snow and begin work at the mine with the tractors. Often the sun does not shine here for a whole week owing to the fog from the Bering straits. But when the sun does come out it shines so brightly that things look unreal and rather gaudy. On bright days we can look across to the northern shore of Siberia.

Keish Marabava, right, being only 92, is really young enough to be the grandson of Tiabran Ketabava, 148, center, or the son of Zurab Sharava, 120, left. Russians like to send out their pictures, proving, say they, that their Akhkaiaa region is the land of longevity. Only trouble is that Tiabran Ketabava died before the picture was taken.

Smelly But Healthy

The two Eskimo men who live here work for the American Tin City company and are by far the most interesting thing they wear nothing but skins fashioned into clothes and eat nothing else except walrus meat or walrus blubber with seal oil. You can smell them farther than you can see them but they are healthy and strong and like best workers we have.

They are good natured and entertaining and often we sit up until midnight listening to them talk of their hunting trips. Their boats, or kyaks, are small and made of walrus skins stretched over a framework of wood or bones but they can carry about five tons of freight in each of them.

Dec Albrethsen likes his work and finds it very interesting. He signed on with the American Tin City company in Seattle, Wash., and earns \$750 per day and all expenses with \$125 for all over-time (all time is straight time). There is no place to spend his pay except Nome which is only to be reached by plane or boat and is too inaccessible to visit often. He will return to Carey some time the latter part of October for the first time the company has been frozen that this company will be unable to operate.

CASTLEFORD

Bob Daniels, son of Mr. and Mrs. Venice Daniels, Great Falls, Mont., formerly of this place, is visiting his aunt, Mrs. Nellie Ulrich, and cousin, Mrs. Darrel Phillips.

Mr. and Mrs. Clifford Perry, Pullerton, Calif., are visiting her parents, Mrs. Perry and Miss Ruth Bohannon.

Mrs. Fred Kroeger and daughter, Judene, Carlton, Neb., arrived Friday to visit Mr. Kroeger.

Miss Almarie Houghtaling, San Diego, Calif., who has been visiting her father, J. T. Houghtaling, left Saturday for her home. She accompanied Mr. and Mrs. Harry Franklin.

Mrs. Florence Lindstrom, Monte Vista, Colo., left for her home Sunday after visiting her sister, Mrs. Frank Hastings.

Mrs. Nola Hudson, Ruby Valley, Nev., is visiting here.

Miss Ruby Heidel and Alvan Heidel left Saturday for Wallowa, Ore., to visit their sister, Mrs. Almon Geiss.

Mr. and Mrs. Earl Heidel and sons, who spent two months with his parents, Mr. and Mrs. J. J. Heidel, have left for Midsale, where Mrs. Heidel will be superintendent of schools this coming year.

Seven and 80 club members enjoyed the annual picnic in Buhl park Sunday.

Word has been received that Miss Martha Gail has accepted employment in an abstract office in Tacoma, Wash.

Miss Marjorie Shelkue will teach home economics in Flier high school this coming year.

Guests of Mr. and Mrs. Lucian Shields are Mr. and Mrs. Herman Lynch and Miss Katherine Lynch, Downey, Calif.; Mrs. Herman Picken, Sioux Falls, S. D.; and Carolyn Ames, Glendale, Calif. The Shields entertained at a family picnic Sunday.

Mrs. Frank Hastings received word of the death of her brother, Lester Lesoure, in Chicago last week.

Gloyd Thomas had 13 stitches taken in his scalp Sunday at Gooding hospital as the result of an auto accident a few miles south of that city. The steering wheel apparently locked when the car was turning a corner and the car rolled upside down on the lava rocks beside the road. Other occupants of the car received bruises.

Just Call Him Junior

Churches to Aid Hagerman Library

HAGERMAN, Aug. 14 (Special)—Three churches of Hagerman are giving a joint benefit ice cream social for the library at Legion hall Saturday at 8 p.m. A free program will be presented and ice cream and cake served throughout the evening.

The library was organized two years ago under the sponsorship of the Civic club. It has been kept going through benefit card parties, cooked food sales, amateur entertainments and the sale of library cards. The town board kept up the rent on a building until it was moved into a room in the old bank, which was purchased by the town. Here the library is housed rent free. A librarian is now employed under the N.Y.A. set-up, and the library is open every afternoon except Tuesday.

Most people here are aware of the advantages of the library but there are some who have never become acquainted with it. Few towns the size of Hagerman enjoy a library.

There are nearly 3,000 volumes of fiction, history, reference books, poetry and the classics. There are 200 children's books and 20 books on the shelf. These last are purchased through a lending book club, and as the fees pay for them, they are moved to the general shelves. Current magazines are there donated by friends, as has been no-

SELECTEES ASKED FOR ADDED FACTS

Additional information forms have been sent to all Twin Falls area No. 1 draftees who registered July 1. Capt. J. H. Seaver, chief clerk of the draft board, announced today.

The form is to be filled out and returned with the questionnaire or as soon thereafter as possible. The form contains questions asking whether any change in occupations is contemplated this fall, whether or not the draftee plans on getting married, whether he plans to enter college this fall.

Captain Seaver again warned all registrants to keep their registration certificate with them at all times and reminded them that it is their obligation to report any change in employment, marital status, etc., to the local draft board.

Dakotan Visits in Park 193rd Time

YELLOWSTONE PARK, Wyo., Aug. 14 (Special)—This is our one hundred and ninety-third visit to Yellowstone national park, a record to be proud of," boasted Royal O. Wilson, Grand Forks, N. D., as he stepped the northeast entrance of the park.

Mr. Wilson is the registrar for the University of North Dakota and was formerly a member of the faculty at the University of Montana. That was when he first formed the Yellowstone club. "I have visited the park at least once every year, but usually more than once, since 1911, and I can remember when one used to take the stage coach along the grand loop," continued the visitor.

Accompanied by Mrs. Wilson, the couple expects to spend some time in Yellowstone fishing the lakes and streams. An ardent angler, Mr. Wilson is here to forget his college duties and enjoy the activities offered in the park. "Here in Yellowstone we never tire of its beauty for no matter how often the same thing is seen, it always takes on a new hue," stated Mr. Wilson. "I only hope I can continue my record for many years to come."

HENDERSON ASKS FOR WAGE SCALE FIXTURE

WASHINGTON, Aug. 14 (UP)—Further demands for wage scale increases can be expected by Jan. 1 if congress fails to enact price fixing authority, price control administrator Leon Henderson told the house banking committee today.

Henderson said that both organized and unorganized labor probably will demand wage raises to meet living costs unless congress "quickly" enacts legislation designed to place a ceiling on living costs.

Sometime after the first of the year I don't see how you can escape wage demands based on rising costs," he said, adding that many wage agreements would expire at that time.

Commenting on Henderson's order issued yesterday setting a ceiling on raw sugar at 2 1/2 cents a pound, Rep. Fred L. Crawford, R. Mich., declared the order would force primary beet sugar producers to sell at \$2.01 a ton below parity.

"I don't think so," Henderson responded. "The \$3.50 price (per 100 pounds) is about one-third of a cent above the raw sugar price in mind when President Roosevelt sent his 1937 message to con-

Text of Press Statement From Roosevelt-Churchill Conference

WASHINGTON, Aug. 14 (AP)—Text of the White House statement representing the President of the United States and the prime minister of Great Britain is released for the information of the press:

The President of the United States and the prime minister, Mr. Churchill, representing his majesty's government in the United Kingdom, have met at sea.

They have been accompanied by officials of their two governments, including high ranking officers of their military, naval and air services. The whole problem of the supply of munitions of war, as provided by the lease-lend act, for the armed forces of the United States and for those countries engaged in resisting aggression has been further examined.

Beaverbrook Attends
Lord Beaverbrook, the minister of supply of the British government, has joined in these conferences. He is going to proceed to Washington to discuss further details with appropriate officials of the United States government. These conferences will also cover the supply problems of the Soviet Union.

The President and the prime minister have had several conferences. They have considered the dangers to world civilizations arising from the policies of military domination by conquest upon which the Hitlerite government of Germany and other governments associated therewith have embarked, and have made clear the stress which their countries are respectively taking for their safety in the face of the dangers.

They have agreed upon the following joint declaration:

Joint declaration of the President

of the United States of America and the prime minister, Mr. Churchill, representing his majesty's government in the United Kingdom, being met together, deem it right to make known certain common principles in the national policies of their respective countries for which they base their hopes for a better future for the world.

First, their countries seek no aggrandizement, territorial or otherwise.

No Territorial Changes
Second, they desire to see no territorial changes that do not accord with the freely expressed wishes of the peoples concerned.

Third, they respect the right of all peoples to choose the form of government under which they will live, and they wish to see sovereign rights and self government restored to those who have been forcibly deprived of them.

Fourth, they will endeavor, with due respect for their existing obligations, to further the enjoyment by all states, great or small, of equal rights, of access, or equal terms, to the trade and to the raw materials of the world which are needed for their economic prosperity.

Fifth, they desire to bring about the fullest collaboration between all nations in the economic field with the object of securing, for all, improved labor standards, economic advancement and social security.

Must End Force
Sixth, after the final destruction of the Nazi tyranny, they hope to set up a peace which will afford to all nations the means of dwelling in safety within their own boundaries, and which will afford assurance that all the men in all the lands may live out their lives in freedom from fear and want;

Seventh, such a peace should enable all men to traverse the high seas and oceans without hindrance; Eighth, they believe that all of the nations of the world, for realistic as well as spiritual reasons must come to the abandonment of the use of force. Since no future peace can be maintained if land, sea or air armaments continue to be employed by nations which threaten, or may threaten, aggression outside of their frontiers, they believe, pending the establishment of a wider and permanent system of general security, that the disarmament of such nations is essential. They will likewise aid and encourage all other practicable measures which will lighten for peace-loving peoples the crushing burden of armaments.

(Signed) Franklin D. Roosevelt, (Signed) Winston S. Churchill.

STALIN TOLD OF MEETING AT SEA
WASHINGTON, Aug. 14 (AP)—President Roosevelt and British Prime Minister Churchill, in their series of conferences at sea, examined ways to get a greater flow of American munitions to Britain and her allies, notably Russia, it was announced today.

The premier and war leader of Russia, Joseph V. Stalin, reportedly was advised of the joint U. S.-British declarations in a personal message from Mr. Roosevelt and Churchill.

IN SUMMERTIME, TOO
a meal without MEAT is a meal INCOMPLETE

MEAT can be prepared so quickly it is an ideal hot weather food served-hot or cold. Meat is just as important to your diet in summer as well as winter. The body always requires protein to build and repair tissues.

Visit your Safeway Market. There are a lot more hot weather meat recipes by Julia Lee Wright that are yours for the taking.

FORMULA GIVEN FOR PROSPERITY

Our entire income tax philosophy should be critically reviewed. It may already have passed the point of diminishing return.

There are a few simple truths that should be more fully appreciated. Business is simply the broad partnership of labor, capital and management.

There is no concealing in the examples of Germany, Russia and Italy the miserably low standards of living that state socialism brings.

Swain declared there is need for a truly and genuinely progressive leadership. So far as that false leadership of the twenties, which emanated from Italy the miserably low standards of living that state socialism brings.

Legion to Send Drum and Bugle Corps to Parley
The American Legion last night decided to send the Legion drum and bugle corps to the state convention which will end Aug. 20.

WOULD-BE ASSASSIN WOUNDS MEMBER OF JAPAN'S CABINET

SECRET SOCIETY MAN, 33, FIRES ON AGED BARON, 75

TOKYO, Aug. 14 (AP)—Baron Kichiro Hiranuma, 75, minister without portfolio, long known as Japan's No. 1 Fascist, was wounded today by a would-be assassin reported to be affiliated with the strong ultra-nationalist Black Dragon secret society.

The assailant was Naohiko Ishiyama, 33, who obtained entrance to Baron Hiranuma's apartment by a ruse and drawing a pistol from a roll of paper, shot him. It was officially reported that Hiranuma was wounded in the neck and it was implied his wound was slight.

News Suppressed
News of the shooting was suppressed for five hours while police were questioning Ishiyama, seeking to find the motive which impelled him to try to kill Baron Hiranuma and especially seeking to find whether there was a political angle. The political angle was regarded as important. There had been no political attempt against the life of a cabinet minister since the extremist army revolt of 1934 in which the finance minister, the lord privy seal and the inspector general of military education were killed.

Distinguished Career

Baron Hiranuma has had a long and distinguished career in the civil service, the judiciary and politics. He has been regarded as friendly to the United States and Britain rather than to Germany and Italy, though for years he was an extreme nationalist. His Japanese order in that he favored a strong government for Japan. He was president for years of the Kokuhonsha or National Union society, an extreme right wing patriotic society formed in 1919 to oppose democracy and protect the national spirit.

JARBIDGE

Francis Woods, Ogden, in charge of forest service field communication, has returned to headquarters at Boise after a week's visit to the station where he and Mrs. Woods were guests of Ranger and Mrs. Brierley.

Mrs. George Urdahl and two children drove to Twin Falls Tuesday with Mrs. Frank Hector, mother of Mrs. Urdahl, who had been visiting two weeks in camp.

Mr. and Mrs. C. E. Roberts and family, Kansas City, and Mrs. L. Davis, Greeley, Colo., are guests at the Herman Stanfield home. Mr. Roberts is brother of Mrs. Stanfield.

Mr. and Mrs. J. J. Easton, Salt Lake City geologists, were in camp Saturday on Gray Rock Mining company business.

Mr. and Mrs. W. E. Kuppahald and Mrs. Richard, Lynwood, Calif., former residents, were guests of the E. L. Pangburns last week. They were accompanied by Mrs. Francis Moran, Maywood, Calif., who visited her mother, Mrs. Mamie Lewis, while here. The California visitors were guests of honor at bridge Friday night at the Pangburn home.

Frank Neukam and daughter, Vera, and Freda, left last week for Reno to visit his daughter, Mrs. O. Jones.

Times-News City Carriers Head for Annual Holiday

It was a gala day today for Times and News carrier boys from Twin Falls. Here's part of the group that headed for Nat-Soo-Pah this morning for the all-day outing at which they were guests of the two newspapers. Friday the carriers from other Magic Valley areas will converge on Twin Falls for a similar day of fun. (Times Photo and Engraving)

OUTING HELD FOR NEWSPAPER BOYS

Piling into motor cars this morning to go to Nat-Soo-Pah, 30 Times and News carrier boys of the Twin Falls city area were enjoying their annual summer outing today.

SOLON'S RAP HIGH ARMY CAMP COST

WASHINGTON, Aug. 14 (AP)—The senate committee investigating national defense charged in its report today that costs of the army's \$10,000,000 a year construction program were "unduly and unnecessarily high."

The report, presented to the senate by Chairman Harry E. Truman, D., Mo., asserted lack of planning had resulted in high wastage and unnecessary expenses.

The committee recommended the war department set up a separate construction agency distinct from the quartermaster, their chief concern which supervised the cantonment program.

MOTHER OUTLIVES CHILDREN
NEW SMYRNA BEACH, Fla. (AP)—The thing to do after celebrating your 100th birthday is to get to bed after the children, their children and their children's children have gone home, according to Mrs. Elizabeth Clinton, who has the century mark. She has been the mother of 18 and has outlived 11 of her offspring.

Forest Ranger and Mrs. Brierley are spending two weeks at Pole creek station. W. E. Condit is confined to bed since his return from Twin Falls Saturday where he suffered a dislocated shoulder in an automobile accident near Bliss, Two Albertson, who accompanied him, also was out and bruised.

FAMILY COW SPELLS THRIFT
BERKELEY, Calif. (AP)—University of California specialists have just announced that one cow will save a family \$100 a year in dairy products.

TRADING ENDS IN DOMESTIC SUGAR

NEW YORK, Aug. 14 (AP)—The board of managers of the New York coffee and sugar exchange today suspended trading in domestic sugar futures indefinitely. Dealings in the world contract will be continued.

MILK TRAIN VETERAN RETIRES
RUTLAND, N. Y. (AP)—John J. McNamara, railroad conductor, has retired after traveling more than 2,000,000 miles over the milk train route from Rutland to Ogdensburg, N. Y.

Secretary Backs Social Security Assessment Gain

WASHINGTON, Aug. 14 (AP)—Secretary of Treasury Henry Morgenthau Jr. today expressed approval of proposals to increase social security assessments as a part of the program to curb inflation.

Brooklyn, N. Y. (AP)—John J. McNamara, railroad conductor, has retired after traveling more than 2,000,000 miles over the milk train route from Rutland to Ogdensburg, N. Y.

NORTHSIDE TRUCK HITS TEXAS AUTO

JEROME, Aug. 14 (Special)—Two machines were badly damaged here Tuesday at noon, at the state game farm corner, one mile east and one mile south of the city, but no one was injured, according to a report made by Deputy Sheriff Paul M. Jessen.

START LONG TERMS
SALT LAKE CITY, Aug. 14 (AP)—Two youthful bandits, Norman E. Standard, 21, Columbus, O., and Thomas E. Nelder, 23, Syracuse, N. Y., today began serving terms of five years to life in the Utah penitentiary. They pleaded guilty to the July 8 robbery of the Newhouse hotel.

SOLON'S SUPPORT WAR AIMS PLAN

WASHINGTON, Aug. 14 (AP)—Administration leaders in congress gave approval to the joint declaration of war aims by President Roosevelt and Prime Minister Winston Churchill.

Chairman Sol Bloom, D. N. Y., of the house foreign affairs committee, said the joint statement "crystallizes the aims and aspirations in which all freedom-loving people are so closely joined."

Sen. Sheridan Downey, D. Calif.: "The declaration is of momentous and far-reaching importance and should receive most earnest and careful consideration by all American citizens."

Sen. E. Walter Thompson, D. Tex.: "I think it was a fine statement."

Sen. D. Worth Clark, D. Ida.: "It was very significant to me that our foreign policy is released from London on the radio rather than from the United States. The statement resembles the 14 points uttered by Woodrow Wilson."

Sen. Charles McNary, D. Ore.: "The declaration is of momentous and far-reaching importance and should receive most earnest and careful consideration by all American citizens."

Sen. Charles McNary, D. Ore.: "The declaration is of momentous and far-reaching importance and should receive most earnest and careful consideration by all American citizens."

'PAPER INVASION' GETS UNDER WAY

SAN FRANCISCO, Aug. 14 (AP)—"Paper invasion" of the Pacific coast, creating the military posture for U. S. army maneuvers involving 100,000 officers and men next week, today took shape at the ultimate point of battle—the coast of Washington.

Army problem directors, setting a realistic scene for the largest maneuvers in western history, issued day-by-day "communiqués" on the imaginary attack by a "coalition of enemy powers," which were assumed to be captured and held.

After three days of unsuccessful raids on the California coast, the enemy was conceded to have made successful troop landings on 14th Washington coast. Fort Worden, near the entrance to Puget sound, was considered destroyed in 16 minutes by naval dive bombers from an enemy aircraft carrier, which also attacked McChord field near Fort Lewis, destroying half the planes at the base and damaging the hangars.

SISTERS WED 3 BROTHERS
SEA ISLAND CITY, N. J. (AP)—Miss Henrietta Bras became the third girl in her family to change her name to Olsson. Henrietta married Corporal Arthur Olsson, now serving with the 28th division at Iquitos, Peru. Her sisters, Jeanette and Mary, are married to the bridegroom's brothers, John and Oscar, respectively.

Important TO YOU OWNERS OF HIGH-COMPRESSION CARS

Even if your car has gone less than 10,000 miles, it now may have higher compression than when it left the factory—may knock because of this!

Unfortunate, but true! There is, today, no known way to keep the compression ratio of your motor from changing constantly. The reason for this is carbon, which accumulates inside today's compact combustion chambers, making them smaller—and your high compression higher than ever. This causes knocking.

You cannot avoid such carbon completely, regardless of what kind of gasoline or oil you use. You can keep removing it, of course, at some expense. You may even get temporary relief by changing the spark adjustment, thereby cutting down your engine's efficiency.

But Shell scientists have a better answer. They've developed a motor fuel that will automatically compensate for those carbon-created higher compressions.

This super motor fuel—Shell Premium—is a blend of clean-burning gasoline fractions... a patented, scientifically prepared anti-knock compound... and powerful alkylate (similar to that used in 100-octane aviation fuels). What all this sums up to for you is more miles of new-car performance.

It means a quieter, cooler running engine... faster and smoother pick-up... excellent mileage. And you get all this from Shell Premium for 2¢ more than "regular"—or just about \$1 a month extra, if you drive the average amount.

Present War Termined White Race Suicide

If this world war continues, it will be the suicide of the white race, Salem Bader, Berkeley, Calif., boy aide of "Lawrence of Arabia" during the World war, told attendants at the sixth annual Writers' Round-Up in Salt Lake City last week-end, according to Mrs. Martina Yeiter, Buhl.

Mrs. Yeiter, president of the Idaho Writers' league, and Mrs. Agnes J. Tust, Blackfoot, were two Idahoans who appeared at the program. Mrs. Yeiter told of the techniques of writing "confession" fiction, and Mrs. Reid read some of her poems at the poets' breakfast.

Hayrack Ride and Watermelon Feed For Youth Group

Revising the "good old summer-time" music, nearly 800 members of the Christian Endeavor society of the Christian church, took a hayrack ride to the country home of Homer Hayes Wednesday evening.

CASSIA PROGRAM SETS NEW HIGH

BURLEY, Aug. 13 (Special)—Annual Cassia county fair is shaping into one of the most elaborate farm festivals in the history of the Mindoka project with the return of a top notch rodeo keying the entertainment phases of the big show set for Sept. 3, 4 and 5, announces Saul Clark, manager.

The Old Oregon Trail stampee will be furnished by the Mindoka rodeo, directed by Earl Hutchinson, arena director, and N. W. Kimball, secretary. It is rated as one of the finest livestock productions in the field and comes to Burley after playing Preston, Ida.; Monte Vista, Colo.; Vernal, Utah, and several other important rodeo dates.

Wild Bulls
Wild Brains bulls from old Merico that at Rupert earlier this season threw every contestant, so that prize money went untouched, will again be on hand with some nationally famed bucking horses to give spectators a thrill in each one of the night performances.

Family tickets admitting any number of persons in one immediate family will be an innovation of this year's admission plan. Aug. 28 is the deadline for purchasing these tickets.

New premium books have been issued by the fair board headed by George J. McGinnis, listing the detailed apportionment of more than \$3,500 in prize money, which will be awarded to Idaho livestock producers, and champion crop and domestic class entries.

Facilities Renovated
Fair board members who have charge of specialized departments are completing details of entry requirements and fairground facilities are being renovated for the fine preparations to house various exhibits.

Board personnel includes J. P. Hackney, vice-chairman; Charles Everett, community exhibit; John Powers, trails, entertainment; John Declo, agriculture; John P. Gaakill, publicity; L. C. Freer, dairy; and I. H. Harris, treasurer.

Departmental superintendents will include three major divisions of livestock headed by W. W. Palmer, T. Jacobs, Declo, assistant farm products, headed by William R. Gierlach and household classes under direction of Mrs. Thomas Taylor, Jr., with Mrs. Eugene Pickett, Oakley, and J. B. Chaburn, Alton, assistant superintendents.

4-H club work for the fair to name winners for district competition at Jerome later will be under direction of Sonora E. Johnson, and E. I. Lovell in boys' work. Mrs. Sue Higgins and Mrs. Harvey Steel for girls.

Army Drafts Falcons

Thunderbolt, first falcon drafted by U. S. army, perches majestically on hand of Lieut. Thomas MacClure at Fort Monmouth, N. J. Thunderbolt and falcons to follow will be trained to intercept carrier pigeons.

From Farm to Farm with the Times Traveler

Saddle
A life-long dream of Mrs. Gerald Miller, young farm wife southeast of Piler, is about to be realized. She has a lover of horses since a small child, and has raised and broken them to ride. She has always dreamed of a particular type of woman's saddle that she ordered this week to be hand-made by Fred Post of Twin Falls. It is to be two-tone, with black background and will be hand carved. It is being especially made for her, and she hopes to have it in time for the "Silver," a five-year-old Arabian and Kentucky saddle. He is now white and as much in love with his owner as she is with him.

To help pay for this "dream saddle" Mrs. Miller says she has raised pigs and "bums" on the bottle, and for those who may think it might be all fun—she suggests they try it.

Mrs. Miller spent most of her girlhood days with her grandfather, D. J. Overend, who was the first pioneer livery stable owner in Twin Falls. He rented his horses and buggy to the first doctors on the block, and "bums" on the bottle, and for those who may think it might be all fun—she suggests they try it.

Mrs. Miller has ridden since she was three years old. Riding is her hobby and she practices it as much as farm life will permit. The past two years she has ridden Silver in the Piler rodeo grand entry. This fall the black dream saddle will be ready for the snow white horse and its attractive blond rider.

Mrs. Miller washes Silver regularly in warm lukewarm. She spends much time brushing his mane and tail, and always rewards him with a handful of oats for his tricks well done.

The other two members of the Miller family have an absorbing interest. Mr. Miller says his life-long dream came true recently—now a blond, slender, seven-year-old daughter is not particularly interested in horses, nor does she care a lot about the new car. Her interest is her violin. She is now playing with a group of violinists seven and eight years older than herself.

HAGERMAN BOARD SELECTS OFFICIAL

HAGERMAN, Aug. 14 (Special)—The school board met at the school Monday evening and elected Janis Hansen as superintendent of schools, to succeed Edwin Fryer, who resigned to accept a position in Clatskanie.

Mr. Hansen is a graduate of the University of Idaho and Albion State Normal school. He taught seven years in Jerome schools and served as superintendent of Dietrich schools two years.

Mr. Fryer with his wife and daughters had been in Los Angeles this summer where he attended summer school. He is expected to arrive home this week to prepare for their removal to California.

The position of coach is still to be filled.

DECLO

Miss Vivian Whipple and son, Don, have returned home after visiting relatives in Oregon.

Mrs. Elizabeth Martindale, Pocatello, is here visiting her granddaughters, Mrs. Maxine Dent and Miss May Anderson.

Mr. and Mrs. Virgil Pries and family came home Sunday from Buhl where they had spent two weeks at the home of Mr. and Mrs. Orval Harold.

Mrs. Hoag, Rupert, is here visiting at the home of her daughter, Mrs. Lionel Mosoo.

Mr. and Mrs. George D. Ward and son, Newell, and daughters, LaRuth and Alene, went to Brigham City Friday to attend the reunion of the Ward families.

The Declo primary held the harvest festival Monday with 100 children and guests present. The hard work which each group did was displayed on tables. Blake visitors were Mr. and Mrs. Albert Olsen arrived home Sunday from Sun Valley where they had spent the week.

Francis Lynch and Enley Pickett left Sunday for Lockhead where they will enroll in the air craft school at Burbank, Calif.

Mr. A. C. Woodbury left Tuesday for Salt Lake City where she will enjoy California winter sunshine and all the other California "adventures." The minute school closes in the spring she boards the train for Buhl and her grandfather's farm where she has raised four Shetland ponies. All summer she enjoys Idaho sunshine, the large flower gardens, the vegetable garden, the luxury of a fine modernized farm home, takes unusual vacation trips with her grandparents, and lastly spends most of her conscious hours on the farm astride one of the four Sheldons.

Trained All
Her eight-year-old "Black Beauty" is the mother of the other three, Silver Cloud, age five, Princess, age three, and Sweetheart, age one year. She has broken the colts to ride herself and has trained them all to do many tricks.

Marian keeps a surething with hand straps on Black Beauty and she keeps Silver Cloud saddled and fitted with a jeweled martingale. She rides one to the Fairview store and service station for a bottle of pop to cool off—when she gets home she is warm again so she rides the other one back for a second bottle of pop. The grandfather thinks it is pretty much a continuous round of pleasure for Marian.

This month Marian's cousin, Gloria Lundenburg, Salt Lake City, is visiting her and her grandparents. Gloria is a light blond, slender girl 10 days younger than Marian, who is very dark and also slender. The only trouble Gloria is having now on this fine farm is eating. She prefers to take most of her meals standing—and watches Marian ride about one of the ponies.

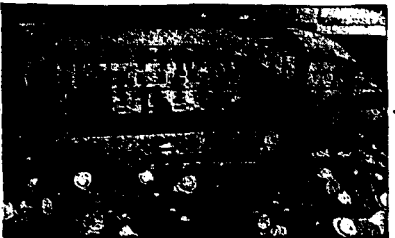

The girls are planning to have a birthday party, but they can't figure out when. Marian's birthday was Aug. 10 and Gloria's Aug. 20. They will both be 13. Now, since Gloria rode long and steadily the first week of her farm vacation and is now indubious as far as riding is concerned, they plan to celebrate the birthdays nearer the birthday anniversary of Gloria, whom they hope can sit in comfort by that time.

Departure Sad
Mr. and Mrs. Johnston enjoy their granddaughters. When Marian leaves after the Piler fair and rodeo in September for her home in California the four ponies feel deserted. Mr. Johnston says they stand at the back gate of the lawn for several days patiently waiting for Marian to come out and speak to them.

Mr. Johnston is farming 80 acres. He raises mostly hay and grain for his 30 registered head of milking

LEVI'S RODEO

is on its way to Twin Falls...
SEE IT SATURDAY AUG. 16

Levi's Electric Puppet Rodeo
"The Hit of the 1939-40 World's Fair"
- it will be in Twin Falls this Saturday for an all day showing. Don't miss it!

AND IT'S FREE

Just as Levi's lead the world in manufacture of accepted western denims, the Levi Puppet Rodeo is leading the entertainment world. 29 Puppets—each one a hand-carved replica of a prominent figure in the rodeo world—and all realistically dressed in miniature Levi Strauss Rodeo Shirts and Levi Strauss Waist Overalls—even down to the concealed copper rivets on the back pockets. See Gene Autrey, Abe Lefton, Homer Holcomb and Burel Mulkey—and many others—portrayed in this mechanical, electrical rodeo. \$50,000 to build with more than 100,000 moving parts, this monster rodeo will be the delight of every Magic Valley resident who views it here Saturday!

Life-like puppets that talk, sing, walk, ride bucking puppet horses. It's entertainment for oldsters and youngsters alike!

Burley Mortician Is Slightly Improved

BURLEY, Aug. 14 (Special)—Joseph P. Payne, well known mortician of southern Idaho, is reported as slightly improved following a stroke suffered about 10 days ago, according to his wife, who has attended him in the Payne mortuary for a number of years.

Miss Lockwood, a resident of Oakley and a graduate of the San Francisco school of embalming, arrived Tuesday week to assist Mrs. Payne in her duties.

Funeral services for a brother of the deceased will be held in a brother's home in Cassia county.

PLANS ARRANGED FOR STOCK SHOW

PORTLAND, Aug. 14 (Special)—President T. B. Wilcox, Jr., and General Manager O. M. Plummer announce that the general livestock premium list of the 31st annual Pacific International Livestock Exposition to be held at Portland, Oct. 4 to 11, inclusive, is now ready for distribution and may be had by addressing 308 Wilcox building, Portland, Ore.

There are over 20 separate divisions in this great Livestock Exposition of the West, and outstanding premiums are offered in every department.

West Section
Beef Shorthorns, Herefords, Aberdeen-Angus and milking Shorthorns with fat steers of the 4-H club exhibit will fill the west section; Prof. B. W. Rodenwald will be superintendent. Fat steers will be judged by Prof. Alex McDonald of California; both in open and 4-H club division; this is his 13th year as judge. Kenneth C. Keller of Maryland will place the ribbons on the beef Shorthorns. Prof. J. C. Holbert, Iowa State college, has been invited to make the award in the Hereford and Aberdeen-Angus, and Hugh Nisbet of Fort Ludlow, Wash., as judge of the milking Shorthorns. The dairy section is the largest division of all; Guy Finley of Yakima, Wash., will be superintendent, and judges are as follows: H. H. Houtstien and Brown Swals, Prof. H. P. Ewall of Oregon; Jerseys and Ayrshires, Prof. D. L. Fourt, Idaho; Guernseys, Van Loughry of Idaho as judge, with H. M. King of British Columbia as associate judge. There will be a sale of Jerseys on Thursday, Oct. 9.

Sheep
The sheep and goat department is as usual in charge of Prof. O. M. Nelson, superintendent from the beginning, and judges are as follows: Fine wool breeds, George Philip of California; coarse wool breeds, Frank Brown, Jr., of Oregon, and Tom Drummond of Anacosta, Mont. has been invited to make awards in the medium wool breeds. Angora goats will be judged by Glenn Hogg and the three breeds of milk goats by A. R. Penton.

The heavy draft horse division is made up of Percherons, Belgians, Shires and Clydesdales, and will be judged by Prof. J. C. Holbert, Iowa State college, and Kenneth C. Keller of Maryland; and again the famous six-horse hitch will be seen in this division and in action in the driving contest in the arena.

Pigs
Prof. A. W. Oliver of Oregon is superintendent of swine and Prof. E. P. Ferrin of the University of Minnesota, St. Paul, will judge all of the breeds, Poland Chinas, Duroc Jerseys, Chester Whites, Berkshire, Hampshire and Yorkshires.

J. C. Penney hall houses "Camp Plummer," the home of boys and girls 4-H club work, one of the most important activities in the United States today. This is one of the three such "camps" given official recognition by the United States government and has as its chairman Miss Madge Reese of the United States department of agriculture, Washington, D. C., with H. G. Seymour, Oregon State club leader, as its manager, assisted by state club leaders of all the northwestern states. 4-H club fat cattle, hogs and sheep of the boys and girls will be sold Wednesday, Oct. 9, at 10 a. m.

State Grange Chief Demands Equal Guarantee for Farmer

By A. HARVEY
FILER, Aug. 14 (Special)—Reading from a program set forth by the National Federation of Milk Producers, Mr. Taylor, master of the Idaho State Grange, last night issued a ringing challenge to the nation to give the farmers of the United States equal guarantees and compensation with industry and labor.

Mr. Taylor, speaking at the inaugural Grange night of the dairy show series at "dairy palace" on the fairground here, said that factories are being built by the government for those firms who cared to take orders for defense materials; that they

recorded the county agent as he read statistical information from the charts which had been made from tests conducted by experiment stations. Mr. Bollingbroke recalled to his hearers that the government had asked the dairy farmer to increase milk production eight per cent and suggested that this might best be accomplished by better feeding and herd management. He advised against increasing the size of herds to any great extent at this time as there is no guarantee that prices will remain at present levels.

Cheapest Source
Pasture is the cheapest source of milk products and feed nutrients, according to Mr. Bollingbroke, and pasture managed to twice as valuable as that not so treated. The various types of grass and their comparative nutritive value were discussed briefly, the legume feeds being the best source of protein. Pasture eaten down at the time it reaches a height of about three inches furnishes the greatest feed content, he asserted.

Mr. Bollingbroke said that Twin Falls county is the third county in the state in the production of milk, being exceeded by Canyon and Ada counties. There are 18,000 dairy animals of two years or over in the county, and while we seldom think of dairying as a great industry in Idaho, the value of dairy products has ranked first among agricultural products in three out of the last 10 years, never having fallen below second, except in 1926, when it was surpassed by wheat and potatoes.

"There is an increasing amount of dairy products being sold in consumption along all the trading and Idaho is meeting this increased consumption by large increases in the production of all types of dairy products," he told the throng.

Excitement
L. C. Ward, local chairman for the Jerome Cooperative Dairyman's association, introduced the cows in the demonstration, and gave the statistics on the production of milk. Owing to a little excitement the cows did not perform as well as on the first night, but this will be avoided in the future and contented cows will again be in evidence.

Buhl Grange was the host Grange and Pleasant Plains and Raft River were to have been the visiting Granges. Pleasant Plains showed up with 24 members but Raft River had no representatives. Cedar Draw Grange is the host for tonight and the visitors are Rupert and Wood River Center. C. J. Strike is to be the speaker of the evening and his subject will deal with chemistry.

Feils of Feed
County Agent Bert Bollingbroke with a set of charts showed the dairymen assembled the comparative value of hay cut at different stages of growth, the best nutritive content being found when the alfalfa was about one month in bloom and the last value as a dairy feed being when the hay was in full bloom. Curing in the shock, but not allowing the hay to stack over, also produced maximum results as to feeding value, according to Mr. Bollingbroke.

That there is a live interest in better methods of milk production was attested by the close attention accorded by the well over 200 who

TONIGHT
Cedar Draw will be host Grange at the dairy show on the Twin Falls county fairgrounds tonight, visiting Granges will be Rupert and Wood River Center. C. J. Strike, president of Idaho Power company, is to discuss chemistry.

were given five years to pay for these factories, and if they could not pay at the end of the five years, the government would call the debt paid.

Girls, Trying Wall Scaling Without Equipment, Saved by Park Rangers

YELLOWSTONE PARK, Wyo., Aug. 14 (Special)—Trying almost the impossible without the proper equipment were Mary Jane and Helen Kinney of Marquette, Mich., who made District Ranger John Jay and Seasonal Ranger Bill Fleming of the Canyon ranger station in Yellowstone national park an extra hour of worrying on Aug. 5.

Mary Jane and Helen left their parents for an hour to hike down Uncle Tom's trail to the foot of the lower falls of the Yellowstone river. When they reached the bottom of the trail and had seen everything, the question arose whether or not they should proceed back the same way or try it up the side of the steep canyon wall. After debating several minutes, the climb up the canyon wall went out. Up the girls climbed step by step until they could go no higher and were too frightened to climb down.

Lucky for the girls their parents were picking them up at the top of Uncle Tom's trail and driving them back to camp. When their father could not find them at the top of the trail, he walked down to the foot of the falls to hurry them up, but to his surprise found the girls way up the canyon wall. Mr. Kinney lost no time getting back up Uncle Tom's trail and over to the ranger station to report his findings.

WAR WORKER IN '41, ALSO '41
PHILADELPHIA (UP)—Mrs. Mary Cox, 92, rolled bandages in '41, and is knitting soldiers' sweaters in '41. As a child she made bandages in school for Civil War soldiers. She has volunteered to knit sweaters for the American Women's Aid for British Service Women.

DARLAN ASKS FOR "UNITED FRANCE"

VICHY, France, Aug. 14 (UP)—Admiral Jean Darlan, France's new "strong man," appeared by radio today in the land, sea and air forces of France and her colonies to support the revised national program announced Tuesday by Chief of State Marshal Philippe Pétain. Darlan spoke in his new capacity as national defense minister, in charge of the secretariats of war, navy and aviation. He got the new title in Tuesday's cabinet shake-up, at which time Pétain announced a broad policy of collaboration with the axis powers.

"Called by the marshal chief of state to the functions of national defense, I express to generals, officers, non-commissioned officers and simple soldiers of the army, navy and air force the pride I feel in the great honor done me," he said. "All can count on my spirit of organization, my impetuous spirit of justice, my adhesion."

"I salute respectfully the three branches of service. I bow before their dead whose sacrifice was not in vain, but so France can be reborn. I think of their prisoners, whose high morale and patriotism I know. I know I can count on the devotion of all to the cause of France; so nobly defended by the marshal."

FLAMINGO IN NASSAU
NASSAU, Bahamas (UP)—The flamingo, newest drink in tropical Nassau, combines the traditional rum punch which has been distilled in this part of the world since pirate days and the coconut with which the Bahamas abound. The formula: pour a Jigger of rum over a scoop of coconut ice cream in a tall glass; fill with cold ginger ale or coconut milk.

Hearing Set for Missouri Youths
Dean and Errol Jean Mays, Missouri youths, charged with forgery, will receive a preliminary hearing Friday at 10 a. m. It had been announced here today.

The young men, recently returned from Lee's Summit, Mo., requested the hearing when they were arraigned before Justice Guy T. Swope. The youths are facing a charge of forging a \$31 check.

FILER
William Clark Mackay, and his daughter, Mrs. Eunice Suddury and daughter, Leona, Portland, Ore., are guests at the L. M. Smith home.

Mosquitoes

WE'VE PERFECTED A WAY TO BRAND THIS HIGHLY PERFECTED COAL

It's far more than a stoker or a novelty! CASTLE GATE Coal isn't better because it's branded—but it's branded because it's better. So in the next ton of this perfected stoker coal that comes to your bin, look for the little cardboard scatter discs—several scores of them in every load—each disc an authentic reminder that the coal you are burning is both naturally good and incomparably well prepared.

At Last—Scientifically Controlled
Washing • Drying • Sizing • Dustruffing • Blending

What does all this mean to you? It means CLEAN coal—clean in the bin, in the stoker, in the fire. It means POWER coal—with the maximum of heat and the minimum of waste. It means coal of UNIFORM sizing and quality—each delivery like the last—insuring peak efficiency in the operation of your stoker. Only a plant as modern and complete as Utah Fuel Company's new half-million-dollar plant could provide you with a fuel so thoroughly prepared as CASTLE GATE. TODAY—call your CASTLE GATE dealer and ask about his budget storage plan. Safeguard your home against any possible shortage of heat water. And remember—CASTLE GATE is branded because it's better!

Mined and Refined by
UTAH FUEL CO.
Salt Lake City, Utah

Below is sketch of the new half-million-dollar coal refining plant—most modern in the West—equipped with every scientific device for CONTROLLED preparation.

When Custer Made His Last Stand

Blitz-Weinhard Was 20 Years Old!

85 YEARS OF KNOWING HOW

Blitz-Weinhard Beer

It's brewed to satisfy you!

Months after General Custer made his valiant stand on the Little Big Horn in 1876, word of that tragic battle reached Portland. It was news that... his history soul! But on that awful date, 65 years ago, the beer brewed from the private recipe of Henry Weinhard had been a Northwest favorite for over 70 years.

Today Blitz-Weinhard Guaranteed Satisfying Beer is still brewed from that same recipe... still brewed on the same spot... still brewed from Northwest grain and hops, with pure Bell Beer water... still brewed to satisfy you!

WIDENED NATION CALLED OBJECTIVE

Only by running the international situation ourselves can the United States be satisfied with world conditions, H. Dudley Swim, investment executive from New York City, told members of the Rotary club yesterday. Mr. Swim is here visiting his parents, Mr. and Mrs. A. L. Swim.

"The United States has only one stake in the present war—no to seek a British nor a German victory—but an American victory," he declared.

Raps Propaganda

The American public is being flooded with propaganda, Mr. Swim said. The answer to the problem would be giving the people the "straight facts," according to the speaker.

Sentimentalism, for which Americans "are notorious dupes," must be brushed aside.

"It is only natural that the United States, Canada, and the islands in this hemisphere should become one great nation," Mr. Swim said. "If other English speaking peoples would join us here in the New World, the joke would be on Hitler—consolidation of a nation of the greatest size and strength in history and possessing world supremacy, despite any possible combination of other powers."

Rescue Party Worthless

He declared emphatically that a mere rescue party for Great Britain would not—in face of the worldwide issues underlying the conflict—help either Britain or the United States. Expansion of the United States, which he termed the only constructive result from the American point of view, should be achieved "not by coercion or exploitation of our neighbors" but through cooperative development of the entire hemisphere under wise U. S. leadership.

Hospitality Girl Talks

Harriet Duval Denton, Times-Record hospitality girl, was introduced to the group and told briefly of her experiences welcoming tourists to Twin Falls. The Rotarians decided to join other local service groups in helping boost baseball attendance at Cowboy home games.

"It is our duty to be declared 'Rotarian Night.' Named to head the campaign was Tom Peavey.

Dr. John E. Carver, Ogden, former district, Boise, governor, was a visiting Rotarian at the Wednesday luncheon. Guests included James Hall, Ohio, Jack Frost and Louis Hahn.

CHICAGO WOMEN IN CAR SMASHUP

Mrs. Pearl Craven, Chicago, reported her car was smashed when an automobile driven by Mrs. Ella M. Slott, also of Chicago, overturned one mile north of Kimberly on White center, noted for its traffic toll.

The accident occurred about 4:50 a. m., according to State Patrolman V. E. Barron, who investigated the wreck. Serious damage was reported to the sedan which she was driving.

The car capsized after skidding about 250 feet and turned over at least twice after falling to "make" the corner. Mrs. Slott was uninjured.

SON, 15, HEIR TO KRUGER ESTATE

A 15-year-old son is sole heir to the \$2,000 estate left by the late Mrs. Catherine W. Kruger, who died Aug. 4, according to the petition filed by Vernon R. Lawson, Twin Falls.

Lawson was asked by the son to act as administrator. The estate includes property in DeLong's addition, Twin Falls. Rayborn and Rayborn are counsel for the petitioner. Judge O. A. Bailey set hearing for Aug. 28.

LAST HONOR PAID TO J. H. LOVELADY

John H. Lovelady, 70, who died Monday, was paid final tribute Tuesday afternoon at the Twin Falls L. D. S. first ward chapel, and the rites were arranged by Bishop H. W. Arrington.

Numbers included invocation, Elder L. Z. Bartlett; quartet, "Oh My Father," sung by O. L. Luke, William Luke, Mrs. O. Luke and Mrs. Lyona Smith; accompanied by Mrs. Caroline Miller; song, "Fare thee well," Mrs. Hazel Robertson, accompanied by Mrs. O. Luke; quartet, "The Deepening Trials"; benediction, Elder A. T. Ward, and dedication of the grave. Elder W. A. Babbel, Bishop N. W. Arrington and Elder Roy Wood both spoke.

Interment was in Sunset Memorial park, under the direction of the Reynolds funeral home.

FIRST NEW SPUD CARLOADS LEAVE

First 1941 shipment of new potatoes from the general Twin Falls district, went out yesterday in the form of two carloads from the Kimberly region. Fred C. Farmer, Union Pacific freight agent, said here today.

Shipping of new spuds this year is the early start of the season. The first cars in 1940 went out about Aug. 10.

City Attorney Hands Over \$1

The tables were reversed yesterday afternoon when City Attorney George M. Paulson stepped up to Municipal Judge J. O. Pumphrey and slapped \$1 down on the line—conditions, if Dudley Swim, investment executive from New York City, told members of the Rotary club yesterday. Mr. Swim is here visiting his parents, Mr. and Mrs. A. L. Swim.

"The United States has only one stake in the present war—no to seek a British nor a German victory—but an American victory," he declared.

WOMAN IN JAIL AFTER ACCIDENT

Mrs. Joek L. Jones, 825 Main avenue east, today was in the county jail awaiting a charge of driving while intoxicated. She was to have been arraigned this afternoon before Municipal Judge J. O. Pumphrey.

Mrs. Jones was involved in an accident last night at 11:50 when the machine she was driving collided with an auto driven by Virginia Grace Harmon, 1240 Addison avenue east, between second and third avenues west.

The Jones machine turned completely around after crashing into the Harmon auto. The wreck was investigated by city patrolmen.

A partially filled bottle of whiskey was reported found under the driver's seat, according to police records.

HEARING SET FOR ACCUSED SLAYER

RUPERT, Aug. 14 (Special) — Carroll Jennings Fincham, 25, was transferred from the Rupert general hospital yesterday to the Minidoka county jail to face charges of murdering his boyhood chum, Dale Hansen, 25, Paul, and wounding Hansen's wife.

Preliminary hearing for Fincham was set for Tuesday before Judge Hugh A. Boyer, according to Deputy Sheriff Clyde Craig.

Fincham on Aug. 3, following a party given in his home before he was to have departed to join the army, assembled the McClintock Hansen, wounding Gladys McGill Hansen, and turned the weapon, a .22 rifle, upon himself.

Fincham had been in the Rupert hospital since the shootings, suffering from chest wounds. Mrs. Hansen was released from the hospital earlier. One-sided infatuation of Fincham for Mrs. Hansen was the asserted motive for the slaying.

LAST RITES FOR FILER RESIDENT

Funeral services for Mrs. Goldie Marie Triplett, Filer, were held at the First Church of the Nazarenes this afternoon. Rev. A. Furnham Harris, pastor, officiated and interment was in the Filer Odd Fellow cemetery.

Miss Dorothy Long and Miss Mildred Long sang "The Old Rugged Cross"; Rev. and Mrs. Harris sang "Tell Mother I'll Be There," and Mrs. Emma Osborn and Mrs. P. J. Kallfleisch sang "Shall We Gather at the River." Miss Ida Kallfleisch played the accompaniment.

Palbearers were P. J. Kallfleisch, Emory Kallfleisch, Lawrence Kallfleisch, R. D. Long, I. V. Lancaster and Beril McKee.

NYA OFFICE HAS SIX-COUNTY AREA

Ormond Thomas, NYA counselor who has now opened offices in Twin Falls, will supervise NYA activities in Lincoln, Jerome, Cassia, Minidoka, Gooding and Twin Falls counties, it was announced here today.

Thomas will maintain a regular schedule in prime hours in the section. He will be available for youth conference.

Opening of the Twin Falls office marked one of two such recent moves by NYA. The other office is at Emmett.

Thomas, former instructor at Buhl high school, was superintendent of Star high school prior to accepting his NYA post.
