NEGRO MAN CUT IN KNIFE FRAGS

A party of Negro residents last night on Second avenue east ended up in the knifing of the host, Perry Brigham, 31, by another Negro, Joe Ewden. Brigham sustained a deep gash on the left side of his chest in the fracas which occurred this morning. He received medical attention at the police station. No charges have been filed against Ewden, who is not being held, according to Municipal Judge J. O. Pumphrey. Brigham apparently had followed Ewden and a Negro woman who had been to Brigham's party to a nearby house. Brigham told police officials that he believed some harm may come to the Negro woman so he threw a rock through the window at the 3000 block of Second. When he entered the place he was slashed with the knife.

As Tourists See It

Harriet Duval Denton, Hospitality Girl of Times and News "Shoshone falls is certainly a gigantic structure," said Mr. and Mrs. M. R. Newman, Piqua, O., today when interviewed by the Times-News Hospitality Girl. "The people around Twin Falls surely are nice about giving us highway directions and tourist help." Mr. and Mrs. Sylvania Well, New York, and their three children were impressed with the greenness of Magic Valley farms and thought the country was "just grand."

School's Bus Drivers Given Safety Plans

Placing vigorous emphasis on safe operation of the Twin Falls school bus has been adopted today by the district, by the owners of the six new buses which will carry students, and by the men who will drive the vehicles. The program, which includes a set of instructions that the drivers will follow, was mapped last night at a meeting in offices of Supt. A. W. Morgan. Officer Speaks State Officer V. K. Barron attended the session and offered safety suggestions. He emphasized that bus drivers should take action to assist law enforcement by signing complaints against drivers who pass stationary school buses. Superintendent Morgan said today that the Twin Falls drivers "certainly will cooperate" in following Barron's proposal. It was announced at the meeting that two changes will be made in the transportation system because of the fact that six larger buses are being handled the load which required 10 smaller machines last year. The changes will be these: (1) some shifts in routes and (2) fewer stops. Reasonable Distance "Some children will have to walk a reasonable distance to catch the bus," Supt. Morgan said at this afternoon. The reduction in the hitherto excessive number of bus stops, it was pointed out, will prove a definite safety factor on the highways and will also expedite general traffic. Mr. Morgan said that the routes to be used will be the same as last year, but that some changes were decided on after Chairman Ralph Pink of the school board, Edgar Olmstead, trustee who heads the transportation committee, and Supt. Morgan covered all routes Thursday in one of the new machines. Those who attended the meeting last night said that the state officers were Dr. O. T. Lutz, Mr. Olmstead and John Soden, trustee; Supt. Morgan; George and Bob Warner, of the Warburg Bros. Coal and Transfer company, holder of the transportation contract; and four drivers and two substitute drivers.

Elderly business man, strapping up because a baseball struck her out at ball park, asking restaurant proprietor to take part out of her pocketbook, open it and extract the funds necessary to pay her hunchback bill... And Carl N. Anderson striding along Main avenue, carrying in one hand (more or less self-consciously) a lady's hat with veil.

Hearing Delayed On Beer License

Hearing on Sheriff Wayne W. Lowery's request for revocation of the county beer license held by G. W. Tarr, Jr., was postponed for one week today by the board of commissioners. Postponement came because of the death of Commissioner Ernest V. Molander's brother. Lowery has asked that Tarr's beer permit be revoked because traffic of beer patrons into and out of the Tarr establishment on U. S. 30 west of the hospital created a serious traffic menace. The sheriff also charges that the proprietor violated the law by selling beer after legal hours.

PLAN MAPPED TO HELP RED ARMY

New Japanese moves in the far east to aid the axis war against Russia was forecast in glibby circles charged the Roosevelt-Churchill plans were designed to "weaken" Japan. The biggest convoy of the war landed in the British forces in Malaya to guard Singapore. With President Roosevelt due to land near Rockland, Me., tomorrow, British Lord Beaverbrook conferred at Washington in his campaign for "more of everything" to aid Britain's war effort. The British propaganda machine used radio, secret agents, underground methods and airplane pamphlets to carry the eight-point peace aims agreed upon by the two leaders to the people of German-held Europe.

COMMENT VARIES ON PROPOSED EIGHT-POINT PROGRAM

SOLON BELIEVES PRESIDENT WENT BEYOND POWERS

By United Press
The peace aims set forth by President Roosevelt and British Prime Minister Winston Churchill echoed through the world. A summary of world reaction follows:

CONGRESS:
Chairman David J. Walsh, D., Mass., of the senate naval affairs committee: "A commitment that goes far beyond the constitutional powers of the President." Sen. Pat McCarran, D., Nev.: "A declaration based on the unwarranted assumption that the United States is a belligerent in this war." Sen. Democratic Leader Alben W. Barkley: "It will find an enthusiastic response in the hearts of all peoples." House Democratic Leader John W. McCormack: "A message of peace—the basis upon which a real and lasting peace can be made."

THE PRESS:
Providence, R. I., Journal: "Ours to see this war through as an ever growing arsenal; Britain's to abandon all notion of territorial or other gains." Boston Globe: "President Roosevelt has perceived the influence of the American policy behind British war aims."
New York Daily News: "... Mr. Roosevelt ... has sold Mr. Churchill on the 'four freedoms'—but with a notable omission. Nothing is said about the freedom of religion ... This neglect ... is in defiance, we take it, to our new ally, John Bull."
To the extent that British and American statesmanship can make the good faith of their promise apparent to the German people, they will rob Hitler of his greatest weapon—the present belief of the German people that the outcome of this war means life or death for the German nation." Detroit Free Press: "We are at war. The joint declaration leaves no other alternative." Cleveland Plain Dealer: "No patriotic American, regardless of his political affiliation or his views on the war, will be opposed to the establishment of political and economic freedom for all the nations of the world." Kansas City Star: "It presents noble aspirations on which there will be general agreement." Los Angeles Times: "All that is presently clear is that the peace-objective declaration is a cover for something much more immediate and important."

PROMINENT CITIZENS:
Alf M. Landon, former governor of Kansas and Republican presidential nominee: "It is an excellent statement ... but I think most Americans will be interested in knowing what commitments of any were made by the President ... William Green, president of the American Federation of Labor: "It represents the basic requirements for enduring world peace. Peoples of all nations will be willing to subscribe to these principles."

GREAT BRITAIN:
Britons believed the conference concerned chiefly the battle of the Atlantic and the Japanese situation. The Daily Telegraph, in a typical summarization, said Mr. Roosevelt and Churchill probably decided on just what parallel action they could take in dealing with events in the Atlantic and far east.

JAPAN:
The declaration was a "high-handed," "vague," "high sounding," "summing and wise" attempt to allocate Japan and small European nations from Germany. "Japan," political statements said, "should not be permitted to fall into the trap" but should "proceed with its established policy."

FRANCE:
An official statement said the declaration merely summarized Wilson's 14 points and introduced nothing new "into a doctrine which almost 25 years ago might have appeared valuable."

GERMANY:
Nazis ridiculed the "Anglo-Saxon" peace aims and claimed they, in whose name the boys, were laying the foundation for the new Europe. The semi-official Diplomat and Political Correspondence said:

Cowboys Drop 2 Games to Ogden Reds

Ogden, Aug. 15 (Special)—The pennant-hungry Ogden Reds put on two great last-inning rallies here last night to turn back the cellar-dwelling Twin Falls Cowboys in a pair of battles—each by one run.

The scores were 6-5 and 4-3 and both victories were credited to Vernon Stone, big right-hander, who did relief duty for Ken Polivka and Ed Flynn.

Two Tonight
Tonight the two clubs tee off in another double-header with Hunk Anderson and Hank Bushman, who combined to beat the Reds in a double bill at Twin Falls last week, being mound duty for the winners, and possibly Vernon Stone will see action.

Pirates Lose Fourth In Row; Yanks Slap Down Senators Twice

By GEORGE KIRKSEY
NEW YORK, Aug. 15 (AP)—Call out the band in Batchtown (Ill.), flash the lights along old Broadway, shout it from the heights of Cogan's bluff—Fiddler Bill McGee of the New York Giants finally won a ball game after four long months of defeat and despair.

It may not mean much in the general scheme of baseball things, but in McGee's home town of Batchtown, and in the hearts of Giant fans and to McGee himself yesterday's 4-3 triumph over the Braves couldn't have been more precious if it had clinched the flag. McGee was just about ready to hang himself.

Alabama Golfer Shoots 6 Under Par to Top Amateur Qualifiers

NEW YORK, Aug. 15 (AP)—Remember this name—Tommy Barnes. It may become important in golf before this month passes into history.

He's only a 125-pounder, this gentleman from Georgia, but he put every one of those pounds to work yesterday and led the nation in the qualifying rounds for the national amateur golf championship which will be played Aug. 26-30 at the Omaha, Neb., Field Club.

We're not saying Barnes is going to win the tournament, because the field of 150 will contain some fine golfers. But if he plays the kind of golf he did yesterday down on the East Lake course of the Atlanta Athletic Club, Barnes is going to be tough to beat.

12 AMERICANS KILLED IN LONDON AIRPLANE CRASH

22 PERSONS DIE IN CRACK-UP AT CRAFT TAKE-OFF

LONDON, Aug. 15 (Special)—Twelve Americans were killed yesterday in the crash of an Atlantic ferry plane taking off for the United States, the second disaster of its kind in six days. Twenty-two persons, including Arthur Parvis, 51, head of the British purchasing commission to the United States, died in the latest crash.

Last Friday another Atlantic plane crashed with 22 ferry pilots and 12 passengers, including seven Americans.

Probe Sabotage
Authorities admitted today they were investigating the possibility of sabotage.

Witnesses to yesterday's crash, which occurred while the plane was taking off from an airfield, said a burst of flame rose to tremendous heights as the plane was leaving the ground, and it buckled and split in two. Bystanders and fire fighters were able to extricate only Earl Wellington Watson, of Los Angeles, who was so badly burned he died in a hospital.

With Beaverbrook
Only yesterday it was revealed that the plane which crashed last Friday had been accompanying the one in which Lord Beaverbrook, British minister of supply, was flying to Canada and the north Atlantic rendezvous of President Roosevelt and Prime Minister Winston Churchill.

Americans killed included three members of the crew—First Officer Watson and Flight Engineer Davies. American passengers who were killed included Capt. H. J. Doolittle, Capt. Earl, Radio Officer Tymble, Capt. Wetzel, Capt. Kerwin, Capt. Anding, Capt. Eames, Capt. Moffatt and Capt. Lee.

AIRPORT TERMED VITAL NECESSITY
The importance of an airport to a city was explained yesterday to members of the Twin Falls Kiwanis club by H. Dudley Swin, New York business executive, who shared the program with Harold E. Deaton, Times-News Hospitality Director. Deaton explained her duties in aiding tourists and urged the active support of all Twin Falls service groups.

Every effort should be made to link the modern airport with the link in the vastly expanded network of trans-continental air lines. Mr. Swin said in pointing out that community with the airport will be in the same position as a community without a railroad 30 years ago.

"There is increasing evidence that the present war will be over within six months," Mr. Swin declared, adding that this position is just as great as that of the war lasting five or six years.

Announcement was made of the inter-city Kiwanis ladies' night to be held at Filer Monday.

Huge Crowds Expected for Resort Rodeo

SUN VALLEY, Aug. 15 (Special)—With lean, hard-bitten buckaroos to be seen everywhere you turn, with a carnival setting up in Kelchum and shop windows and awnings decorated with signs of "Welcome, Cowboy!" there's no doubt about it being rodeo time at Sun Valley.

Advance ticket sales indicate that this year's show, to be held on Saturday and Sunday, will be the biggest ever held in this sunny valley of the Sawtooths. The resort itself will hold a capacity crowd of more than 800, while the cabins and other shelters in Kelchum expect a capacity business.

Fresh Stock
Fresh stock, furnished by Everett Colborn and J. C. "Doc" Eikhorn are presently grazing in Selkirk gulch back of Dolly's meadow, with the more than 200 head of horses needed for the big show are rearing up in other pastures. According to Robert J. Miles, producer of the show for Sun Valley and the Union Pacific railroad, this procedure assures fresh feed for the animals which will determine the awarding of more than \$4,200 in prize money.

Most of the top-flight performers in the rodeo tonight are expected to be on hand, including Smokey Snyder, 190 champion bull rider from Buena Park, Calif.; Doff Aber, Wolf, Wyo., three times winner of the Sun Valley rodeo, and those two funny men, Homer Holcomb and Jabbo Fulkerson. Fritz Truman, world champion cowboy of 1940, who hails from Salinas, Calif., is already here for the fun.

Saturday Highlights
Highlight of the Saturday show will be the section of an Idaho ranch belle who will represent the state at the Madison Square Garden rodeo in New York this fall. The following day, the winning girl will lead the colorful entry parade and be given a place of honor in token of her success.

Sunday night, Audrey Peppe Bener, Olympic star and Sun Valley professional, will bring the entire week-end to a grand finale with her sensational beautiful ice show, which in past showings this season has attracted crowds of three and four thousand.

According to all present indications, Sun Valley officials look forward to a rooлин' show' week-end, celebrated in real old time western fashion.

Official Reveals Crop Allotments

GOODING, Aug. 15 (Special)—Harrie Parsons, secretary of Gooding county A.G.A., says there will be no soil depleting allotments established for 1942, but wheat and potato allotments will be set, and payments on special crop will be conditioned on the keeping of at least 20 per cent of crop land in soil conserving crops.

Additional information from Mr. Parsons' office is that the potato diversion program supplied a 5,820 carload banquet for the livestock of Idaho, which was more than 10 per cent of the 1941 crop. Ninety two per cent of the authorizations were carried out in Gooding county.
