3 Sent to Guillotine in Paris Purge

Conditions of Laval, Deat Are Serious

By RALPH HEINZEN
VICHY, Aug. 28 (UP)—Three men convicted of terrorism were guillotined in Sante prison in Paris today and an official broadcast warned France that the government intended to crush all terrorists as a result of the shooting of Pierre Laval, Marcel Deat and two others at an anti-Communist ceremony at Versailles.

An official broadcast by Fernand de Brion, Vichy representative of Paris, said Deat's condition was extremely critical and that Laval's condition continued serious.

The broadcast, emphasizing that French officials and German occupation authorities were cooperating in a pitiless purge of opposition elements, said no distinction would be made between rightists and leftists in the drive to wipe out all terrorism. Vichy secret police already were seeking anti-government elements and it was thought the Versailles shooting was the first move in a huge "Communist" conspiracy, although the assassin, Paul Collette, denied any communist connections.

Broadcast of Incident

A record of the ceremonies at which Laval was shot was broadcast, carrying in all of France the sound of six shots fired by six men.

A Paris dispatch said Mrs. Fernande Brion, wife of the chief Vichy envoy to German occupation forces, had suffered a fractured skull in the Versailles shooting.

The Paris special court continued its sessions today. Defendants included men arrested months ago on charges ranging from sabotage to the mere slinking up of anti-government and anti-German posters.

The three men were sentenced to death as "Communists" by the courts in their first sessions yesterday were Abraham Trejebneura, a Russian, charged with distributing Communist propaganda; Andre Brochet, charged with concealing his home a "secret Communist" code" for use by Communist cells; and Emilie Bastard.

Court Sessions Secret

The court sessions were secret, attended only by police and lawyers because their testimony concerned national defense and German operations. There is no appeal from the court's decision.

Information from Versailles said that Laval continued to minimize his injuries, repeating that "it is nothing."

Laval never lost consciousness. Holding his side after he was shot, he walked to an automobile. On his way he saw angry members of the "regiment" drag Collette from under a porch where he had sought refuge.

"Kill him! Kill him!" the legionnaires shouted. Laval called to them: "Don't kill him!"

Deat took a sharp turn from the (Continued on Page 12, Column 8)

JAPANESE ENVOY TALKS WITH FDR ON WAR DANGERS

By JOHN A. REICHHANN
WASHINGTON, Aug. 28 (UP)—President Roosevelt is undertaking personal negotiations with the Japanese ambassador on differences between this country and Japan in the tense far eastern situation. Secretary of State Cordell Hull revealed today.

Hull made this disclosure after a White House conference at which the ambassador, Admiral Hirobumi Nomura, presented to the President a message from the Japanese prime minister, Prince Ko-no-ye.

Hull, who was present at the ambassador's 45-minute interview with the President, said there had been a general exchange of information on matters relating to the two governments and he thought there would be other meetings later.

When asked whether the conversation looked to a written or verbal arrangement between the two countries, Hull said he could not tell.

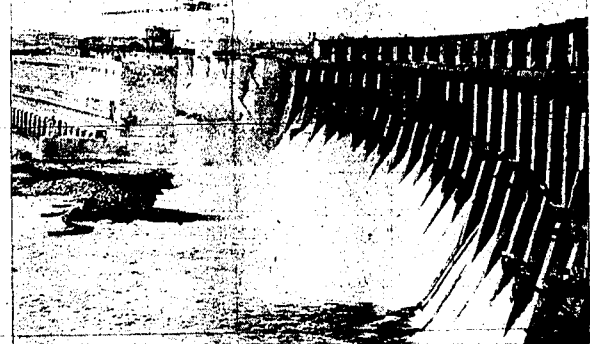

Message Kept Secret

Neither Hull nor Nomura would reveal the content of the message from Ko-no-ye, although the ambassador said he did not think it dealt especially with the latest agreement in American-Japanese relations—the shipment of American gasoline and other war supplies to the Siberian port of Vladivostok.

Observers speculated that the message might have been largely a request from Ko-no-ye that the President enter into personal conferences with the ambassador on the whole range of Japanese foreign policy matters in the Pacific.

Soviet Wrecks Own \$110,000,000 Dam

While the rumors over Europe for several days had reported destruction of the \$110,000,000 Dnieper dam, the Soviet government spokesman at Moscow today announced officially that the giant dam had been blown up to assure turning the manufacturing district of the Ukraine into wilderness for the Germans. The dam is pictured above, near Zaporozhne.

\$30 PENSION FOR ALL OVER 60 IS ASKED IN SENATE

WASHINGTON, Aug. 28 (UP)—The special senate committee on old age pensions today recommended drastic changes in the present old-age insurance system to provide minimum pensions of \$30 a month to all citizens over 60 years of age, who are not gainfully employed.

The committee, headed by Sen. Sheridan Downey, D. Calif., proposed that the present employer-employee payroll tax be increased to six per cent to finance its plan which, it was estimated, would cost \$240,000,000 annually.

Majority Report

The committee's proposals were made in a majority report to the senate which was signed by Downey and Sens. Claude Pepper, D. Fla., Robert M. La Follette, Prog., Wis., and John Thomas, R. Ida.

Sen. Thomas P. Green, D. R. I., filed a minority report contending that expenditure of "additional huge sums seems unreasonable at the present time." He said it would be a deterrent to the government's attempt to prevent "disastrous inflation" to increase pension expenditures from the present level of \$20,000,000 to \$32,400,000 annually.

The majority would broaden the present pension system by including virtually all categories of workers now excluded from participation—self-employed persons, farmers and farm workers, and federal, state and municipal employees.

Shift in Policy

It would also make pensions payable five years in advance of the presently scheduled time and allow the \$30 minimum monthly payment to everyone, regardless of the size of previous earnings. The pension in the present system varies with the amount of earnings prior to the beginning of pension payments.

The committee's plan calls for general payments of \$20 per month to be paid beginning July 1, 1942 and to be increased to \$30 a month after Jan. 1, 1943.

New Cabinet Expected to Halt Battle

LONDON, Aug. 28 (UP)—A quick agreement with Iran to send German agents and protect the middle eastern route for war supplies to the Red army was forecast today.

Earlier the British announced that a new cabinet at Tehran had ordered cessation of resistance against British and Russian forces of occupation.

The new Iran government, formed last night to deal with British and Russia, was given a vote of confidence at the meeting of parliament at Tehran today, according to the Tehran radio and direct dispatches from Iran.

By EDWARD W. BEATTIE, Jr.
LONDON, Aug. 28 (UP)—Resistance to the British-Russian occupation of Iran was fading today and it was expected that a new cabinet formed at Tehran would agree to a peaceful settlement ousting German agents and protecting the near east war supply line with the Soviet Union.

The resignation of the Iran cabinet of Prime Minister Ali Khan Mansour and formation of a new government was reported to have completed preparations for the settlement, although an official explanation of the situation was withheld and the occupation authorities proceeded steadily.

Official reports said the Iranian army had been told to pass resistance.

Go Through Fast

Dispatches said the British Imperial forces had passed through the important Paktak pass in the mountainous area of the north of the highway to Tehran, Shahabad, where the main Iranian army was located.

The British army was reported to have passed through the Paktak pass in the mountainous area of the north of the highway to Tehran, Shahabad, where the main Iranian army was located.

It was believed that the settlement, if completed, would give the British and Russian possession temporarily of the ports, railway and highway lines essential to the transportation of war materials from America and control of the oil fields, which are largely British owned.

SOLONS ASK FOR ADDITIONAL TAX

WASHINGTON, Aug. 28 (UP)—A senate finance subcommittee today recommended additional taxes totaling nearly \$600,000,000 for incorporation in the \$2,500,000,000 revenue bill.

Sen. Fredric M. Brown, D. Mich., chairman of the subcommittee, refused to say what the additional taxes were. He said, however, they would be submitted immediately to the finance committee.

It was learned that one of the proposals under discussion was a one per cent increase in the corporation tax rate. At present the rate is 5 per cent on corporation income less than \$25,000 and 6 per cent on all above that. The proposed increase would make the rate 6 and 7 per cent.

Further Hearings

The two-man subcommittee, composed of Brown and Sen. John A. Danaher, R. Conn., will hold further meetings. One of its duties is to work out a radio station franchise tax to replace a levy on radio time which the senate committee eliminated from the house bill. This proposal was not touched on this morning.

Final committee action on the biggest tax bill in the nation's history may be delayed by the new proposals and by a fight over taxation of incomes of married couples in eight community property states.

The question—reopened by the motion of Sen. Bennett C. Clark, D. Mo., to reconsider previous committee action—involves \$51,000,000 of the \$2,500,000,000 tax bill now before the committee.

The committee voted, 13 to 5, on (Continued on Page 12, Column 3)

GERMANS BLAST TACTICS IN IRAN

BERLIN, Aug. 28 (UP)—Official sources said today Iran had capitulated to the British-Russian advance because "when a gangster attacks you in your house it is obviously foolish to attempt to defend yourself if you have no weapons."

"That would only mean letting yourself be murdered," it was said. It was added by authorized sources.

The Deutsche Diplomatische Korrespondenz charged President Roosevelt had knowledge in advance of the invasion of Iran and was "a confederate of the British."

It was also said that the British had agreed to the Russian lines to be adjacent to Russia, it was said.

"Never was this 'double-faced' hypocrisy of the Roosevelt policy more plainly revealed," the foreign office organ said. "It was prepared to use the consequences of this cowardly invasion for his own war material transactions and became an accessory to an act of aggression."

Russians Report Smashing of Five German Divisions

MOSCOW, Aug. 28 (UP)—Russian forces have smashed five German divisions, totaling 75,000 men, in a series of engagements and Red army men and marines have hurled back a terrific German-Finnish attack on the Hango naval base on the Finnish coast, war communiques said today.

"Last night our troops engaged in stubborn fighting with the enemy in the direction of Kingisepp, Gomel, Dnepropetrovsk, and Odessa," the supreme Soviet command said.

Kingisepp is on the Lennarad front while Gomel is north of Kiev on the lower central front. Odessa is the heavily besieged Black sea port while Dnepropetrovsk is in the great bend of the Dnieper river in the Ukraine.

Strong Finnish forces attacked the Russian naval base at Hango on the southwestern Finland during the night "but marine of the Baltic fleet heroically held the territory," the Russian communique said.

Accounting for five German divisions which the Russians claim to have smashed, the supreme Soviet command said the 41st German infantry regiment and staff was routed and that a German colonel and several officers were killed.

Buffet Hevere Defeat

A dispatch from the front reported a Red army division which had been defending a large besieged southern city for a month inflicted, according to an announcement from the war department. He will be a second lieutenant in the air corps.

10,000 IDLE AS 500 MEN STRIKE

DETROIT, Aug. 28 (UP)—A strike by 500 workers in the Ecorse plant of the Great Lakes Steel corporation today threw 10,000 employees out of work on defense orders as the strikers refused to let any one pass their picket line.

Federal Labor Conciliator James Dewey said the strike was "wildcat" and "unauthorized by the international union officers."

He said John Donerty, regional director of the steel workers organizing committee (CIO) was flying here from Chicago to plead at a joint meeting for resumption of work.

Truck Crushes Three Children 'Playing House'

PITTSBURGH, Mass., Aug. 28 (UP)—Three children "playing house" in a large cardboard box in a street were crushed to death today beneath a two-ton produce truck.

The victims were: Shirley Hall, 4, her sister Rita, 2, and Lawrence Doyle, 4.

Police arrested the truck driver, Richard J. Herbert, about 25, a local produce dealer, on a reckless driving charge.

PROOF

GRAND RAPIDS, Mich., Aug. 28 (UP)—The Women's Christian Temperance Union demonstrated with grass, flies and fish today that man's best friend "is not an alcoholic beverage."

Miss Estelle Boxeman, conducting the "school of alcohol education" at the opening session of the W. C. T. U.'s 57th annual convention, told 2,000 delegates from 48 states:

"When one drop of alcohol was added to 4,000 drops of water a water flea could not live in the solution.

"One drop of alcohol to 1,000 drops of water caused a jelly-fish to die.

"And grass withered."

She said the Indians had a name for it when they called man's drink "firewater."

"Alcohol," she said, "looks like water but acts like fire."

IRANIANS QUITTED

SIMLA, India—A British general headquarters communique reported today that about 2,000 Iranian troops were driven off high ground east of Gilan during the advance on Shahabad.

The British communique reported that the Russians, encountering little resistance, were holding a line from Marand through Ardabil to Heriz, Caspian port 120 miles south of the Soviet frontier at the closest point. General mobilization was said to have been ordered in Iran.

AUSTRALIA PICKS FADDEN AS HEAD

CANBERRA, Australia, Aug. 28 (UP)—Prime Minister Robert G. Menzies resigned today and A. W. Fadden, who had been acting prime minister during Menzies' recent absence in England, was elected unopposed as government leader.

Both are members of the coalition government representing the United Australia and the United Country parties.

The Labor party previously had invited Menzies to resign in favor of a Labor government rather than carry out his plan to return to London for war consultations while holding the premiership.

The Labor party lacks only one vote of having as many members in parliament as the government.

Prior to his resignation, Menzies had said that the government had decided to send a minister to London other than the prime minister and it was assumed that he would take that post. He previously had offered to make such an arrangement.

"Double Double-Cross" Adds Fun to Fair Booster Parade

Surprise holdup of the Union Pacific miniature train was planned yesterday by Ed Bosnard and Lloyd Farmer, western-clad store employees, to add spice to the county fair booster parade in Twin Falls. The two masked "desperados" didn't know it, but news of their plan leaked out—and city and county officers were waiting for the holdup. So were the Evening Times cameramen. When Bosnard and Farmer raided the train, stuffed imaginary money into a black satchel and turned to flee, they faced officers who flashed guns in their faces. With the crowd cheering mightily and many youngsters awed by the whole affair, Chief Howard Gillette captured Bosnard and Sheriff Warren Lowery gave chase to Farmer. Both youths were promptly clapped into city jail for a few minutes to complete the fun. Above, extreme left, Chief Gillette seizes Bandit Bosnard, while Deputy Sheriff Virgil Borden (dark shirt) and Sheriff Lowery (white shirt) start after fleeing Bandit Farmer. Center, the police chief completes capture of Bosnard; right, gun in hand, he puts the "outlaw" into the police growl car. The parade formally inaugurated county fair booster season in Twin Falls preparatory to opening of the annual agricultural and rodeo classic Sept. 9.

13 DRAFTEES ON DELINQUENT LIST

U. S. APPROVES
ANKARA, Turkey—United States Ambassador John Van A. MacMurray has advised Foreign Minister Sukru Saracoglu that the United States supports British policy toward Iran. It was authoritatively reported today, as Turkey sought a quick compromise in the war with the Anglo-Russian campaign in Iran.

Thirteen draft registrants in this area No. 1 were placed on the delinquent list today and will be reported to the United States alienation bureau for federal action if they do not contact the local board promptly.

The registrants were deemed delinquent because they had not changed their address.

Those who have previous records for delinquency and whose known addresses are known to the local board are: Pigeon, Grand, and Gillford.

Steady, John, and Harry, John, were also placed on the delinquent list.

The registrants were deemed delinquent because they had not changed their address.

GERMANS "ADMIT" CRUSHING OF RUSSIAN COUNTER-ATTACK

RUSSIANS CLAIM CAPTURE OF BIG DNEIPER ISLAND

By Joseph W. Orwig, Jr. BEIDIN, Aug. 28 (AP) — German operators in Russia were said today to be "proceeding according to plan," but official sources admitted the Red army had launched "relief" attacks on the central front and had attempted to cross the lower Dnieper river from the east bank.

Three Russian cavalry squadrons were reported wiped out in one central front attack. The news agency warned German storm troops occupied a large un-named island in the Dnieper after overcoming Soviet defenders in hand-to-hand fighting.

The Russian "proceeding according to plan" from the high command followed claims in other quarters that German troops were making new thrusts against Leningrad, Russia's second city, after having cut the main Leningrad-Moscow railway.

SOLDIER-FLYING PROGRAM LISTED

Full particulars regarding aviation student training for enlisted men in the United States army, set to start in September, were received here this afternoon by Sgt. Frank Morris, officer in charge of the recruiting station at the city hall.

To be eligible for this opportunity to receive flight training and become an army pilot, each applicant must meet the following requirements: Must Be in Army. Must be enlisted men of the regular army or of components of the army of the United States in active federal service; must be an unmarried male citizen of the United States; must be between the ages of 18 and 22 years, both inclusive; must be individuals who are unattached, with not less than one and one-half mathematics units credits from a secondary (high school) school and acceptable to accredited higher institutions; must pass such other tests as the chief of the air corps may prescribe; must be of excellent character and must be of sound physique and in excellent health.

Those who are selected must agree to re-enlist for a period of three years if he has less than one year to complete his current term of enlistment. Those who are selected to serve three years as an enlisted pilot upon successful completion of pilot training must agree to remain unmarried during the period of training as aviator student and during his first enlistment as a non-commissioned officer.

Good Pay. Sgt. Morris said that applicants must be accepted for duty with the regular army before they can make application for training as an army pilot. After completion of the training course, the enlisted pilot will draw \$109 a month, in addition to board room, uniforms and other supplies. At the end of the third year of service his monthly pay will be increased to \$128 at the end of the ninth year to \$137.50.

This opportunity should not be overlooked by those who are interested in army aviation but who do not have the required college training to get into the flying game through the commissioned officers' course. Sgt. Morris said, "Under this setup a high school education is all that is required, in addition of course, to physical fitness."

Dairy Sanitation Moves Outlined at Filer Session

By A. HARVESTER. DAIRY PALACE, Filer, Aug. 28 (Special)—A brief talk before a crowd of 160 farmers and Grangers last night, Yale B. Holland, vocational agricultural teacher of the Twin Falls high school, gave the points in a campaign of sanitation that might be adopted by every dairyman to produce milk that he said would insure very favorably with the milk produced by the sanitary milkers in use at the dairy demonstration.

Mr. Holland said that elaborate equipment was not of itself a guarantee the milk would be clean, but a poor grade of milk might easily be produced with the best of dairy equipment if the producer of the milk was not careful in his surroundings. He said that expensive launders were not necessary, but that every dairyman had at his disposal the things that could be used to make a high quality milk product.

Small Dairy Vita. He was more concerned with the kind of milk that the two-cow dairy puts out than with the produce of the large dairies, where he said city regulations had pretty well taken care of the situation, through ordinances fixing the kind of surroundings and conditions under which milk might be produced and sold. The smaller producers who apply the smaller communities and conditions under which are the fellows, he said, that need to learn how to make milk of high quality and clean.

Good Pay. He said that the dairy producer who feeds more of our population than do the large dairies run the large concern of the nation. In the large cities, he said, 25,000,000 quarts of milk are delivered each day. The center of the industry, while the regulations surrounding the production and delivery of milk in small places appear to be strict, and consequently the milk is not of so high a quality.

Mr. Holland called milk the cheapest and best food that is available in the United States, and called attention to the fact that in this country milk could be purchased with less labor than in any other country. The center, he said, could buy a quart of milk with four minutes of labor, while in other countries the amount of labor is used to produce a similar amount of milk is as high as 22 minutes. Italy, other nations are larger consumers of milk than we, in spite of this fact.

The stamina and intellectual attainments of nations, he asserted, is in direct proportion to the amount of dairy products consumed in the nation. In the last 40 years great strides have been made in the management of the sanitation about the milk that is sold. The old faucet can, with the wagon drawn by horses over dusty streets, and the milk carried to the customer in open top quart measure, is a thing of the past. (C) The delivery of milk in just sealed milk cans (less than 40 years ago.) We have come a long way with the milk quality for city consumption but are still using out-of-date methods in rural communities with the local milk supply.

Food Value. A pint of milk, said Mr. Holland, is the equivalent of a pound of meat in food value and is much cheaper. The rapidly with which bacteria multiply at the temperature at which milk is held after being drawn from the cow, is truly astounding. At 50 degrees a growth of 4,000 bacteria becomes over 55,000,000 at a temperature of 60 degrees. Hence milk should be cooled to a low temperature as quickly as possible and held at that temperature. It should be kept where there is no danger of its absorbing "off" flavors. Milk may become the filthiest of foods under improper methods of handling, but the best of foods under right conditions.

The development of the cows in the demonstration was the work of builders, said Mr. Holland, as much time and patient endeavor had gone into the development of cows of such high producing ability. Fifty per cent of the people of the northern half of the country are still not have been southern half of the country.

JUDGE RULES ON PAY TO MINERS

BOISE, Aug. 28 (UP)—Hours worked by miners at the Sunshine Mining company of Kellogg should be figured to include the time consumed in traveling from portal to portal of the mine, a decision by Federal District Judge C. C. Cavanaugh held today.

Cavanaugh's decision came on an appeal of the Sunshine Mining company for a declaratory judgment on its rights under the fair labor standards act in a suit filed against various officials and members of the miners union.

Includes Travel Time Cavanaugh said that the 40-hour week established by the wage and hour law did not include lunch time but "travel time consumed from the time the workman appears at the portal of the mine, and the travel time consumed in returning to the portal of the mine should be considered and included in hours worked."

The judge also stated the company must pay overtime to its employees at the rate of one and one-half times the agreed wage scale.

Parade Opens Fair Booster Efforts Here

(Pictures on page one) From now on it's "on to the fair!" The "spree" to touch off the county fair observance period was lighted yesterday afternoon in Twin Falls by the parade of a downtown booster parade which included an unexpected "holdup" and a "shotgun" wedding.

The parade also signalled start of the period during which residents are asked to wear some form of western outfit—and to keep wearing them until the fair has ended.

Starring prominently at 4:30 p. m. the parade moved through the downtown section where streets were lined with hundreds of watchers. It started at the city park. Heading the line of march was Capt. M. Grooles, astride a chestnut brown horse and carrying the American flag. Two gun bearers from the American Legion preceded the Boy Scout drum and bugle band.

Which CANTALOUPE is most for your money?

No two cantaloupes are twins. In fact, a larger cantaloupe may have a big seed cavity and not so much nice, juicy meat. A smaller one often has a luscious, thick layer of good-eating meat and a smaller hole in the middle.

How can you tell which is the best buy? By weighing them! Seeds are light. The good-eating juicy part is heavy.

But it's hard to compare the weight of cantaloupes by holding them in your hand. So why not put 'em on the scales and really weigh them? And then buy the ones you want by the pound. Like you buy a watermelon, or tomatoes or bananas.

Safeway now sells cantaloupes this full-value way — by the pound. We have extended this sound plan of pricing by the pound to all produce items — because thousands of women find they get more for their money that way. We invite you to visit your Safeway produce department and see for yourself.

Many prominent women tell us they would like every store in town to price all fruits and vegetables by weight. Then you could get just the amount you want, just the sizes you like, and full value for your money every time. Whenever you trade, why don't you ask your store man about it!

PHONE 'BOOSTER' UNIT UNDERWAY

SHOSHONE, Aug. 28 (Special).—In connection with the building of the transcontinental line of the American Telephone and Telegraph company, through southern Idaho, a repeater or "booster" station is being built east and one-half miles south of Shoshone, along highway 93.

The structure which will be of the most modern type, is being built of reinforced concrete and brick, and will be 22x42 in dimension. Outer walls will be eight inches thick, with a drainage space, and inside walls four inches thick. Modern type air-conditioning and heating will be installed. Operation will be entirely automatic.

Blasting has been completed for foundation, and for underground conduits connecting with the telephone and telegraph line which crosses the highway near the new building. Purpose of the station is to repeat and amplify long-distance messages. Margaret Magel and Dr. Richard A. Forney Exchange Vows at Episcopal Church Today

Ascension Episcopal church, scene of many fashionable Twin Falls weddings, was the setting for the marriage at noon today of Miss Margaret Eileen Magel, Twin Falls, and Dr. Richard A. Forney, Rochester, Minn., formerly of Boise.

Bride of Former Boisean

Mrs. Richard A. Forney, wearing her wedding gown, is lensed by the camera in the garden at the colonial-styled home of her parents, Mr. and Mrs. B. F. Magel.

Pure white gladioli banked the altar, on which the ecclesiastical tapers were placed, and baskets of white and shell pink gladioli were grouped at varying heights in the fore part of the church. Fan-shaped arrangements of shell pink gladioli in white vases were ensconced in the windows, and white gladioli and Oregon grape, knotted in white satin streamers, marked the pew ends.

For the second time this year the color of the home of Mr. and Mrs. Magel, Blue Lakes boulevard, was opened to friends for the wedding reception of a total of 80 guests being received following the 12 o'clock church service.

Attendants of Bride
Mrs. August J. Pene, Los Angeles, second daughter of the Magels, who preceded her sister afterward this noon as matron of honor, was a bride at a post-holiday wedding, also at Ascension Episcopal church, followed by a reception at the home of her parents.

Also attending the bride were Miss Ruth Perrine, school-drum, and Nancy Magel, youngest sister of Miss Magel. The bridal gown, of white marquisette, was styled with a round yoke neck, linked to the bodice with a banding of seed pearls in an off-the-shoulder effect.

The modified leg-of-mutton sleeves were tight-fitting from above the elbow to the wrists, and the skirt was full and voluminous.

Cascading from a seed pearl coronet was a finger tip veil, and the bridal bouquet was of pink roses and white gladioli. Veils Complete Costumes

Mrs. Pene wore a robin's egg blue marquisette frock, designed with a lace yoke, the bodice marked by a lace band. The skirt was full and floor length.

She wore a shoulder length veil of blue net, gathered to a small coronet of pink rosebuds, and carried white and shell pink gladioli.

The bridesmaids were gowned identically in white brocaded organdy models, over pink silk slips. Their frocks were high-necked, short, puffed sleeved, and full skirted. Butterfly bow sashes of the organdy completed the gowns, and they wore blush pink shoulder length veils attached to small halos of real flowers.

Their bouquets were also white and shell pink gladioli. William S. Forney, Boise, was his brother's best man. Other duties were assigned to Dr. Everett Jones and Will Burns, also of Boise.

Dr. and Mrs. S. W. Forney, Boise, parents of the bridegroom, were among the out-of-town guests present at the ceremony and reception. Mrs. O. J. Duval sang "Because" and Mrs. D. L. Alexander played the processional and recessional marches.

Reception Follows
At the reception, the buffet table, covered with a white lace cloth, was centered with a tiered wedding cake. Throughout the home were quantities of flowers, gladioli in white and salmon predominating.

Following a reception trip to an unannounced destination, Dr. and Mrs. Forney will be at home after Sept. 16 at the Hillside apartments, Rochester, Minn.

Mrs. Forney attended Mills college, Oakland, Calif., and was graduated from the University of California at Berkeley. She had been a resident of Boise for the past year.

Dr. Forney, now associated with the famous Mayo clinic, took his pre-medical course at the University of California; later attended Rush medical college, Chicago, and interned at Anker hospital in St. Paul, Minn. He is a member of Phi Delta Theta fraternity.

Among Boiseans present at the wedding, in addition to Dr. and Mrs. Forney, the best man and the ushers, were Mr. and Mrs. Walter Duffreney, Mr. and Mrs. D. B. McLean, Mr. and Mrs. N. H. Hotal, Miss Barbara Jones, Mrs. E. J. Jones and Miss Jeanne Wheelan.

There were also guests from Manila, P. I., San Francisco, Long Beach and Los Angeles, Calif.; Seattle, Wash.; Gooding, Jerome, Shoshone and other cities.

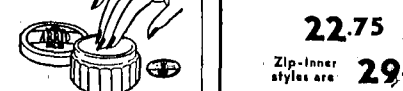

Pinkston-Brabb Vows Exchanged
CASTLEFORD, Aug. 28 (Special) — Of interest locally is the announcement of the marriage of Mrs. Ruth Brabb Brown, daughter of Mr. and Mrs. S. A. Brabb, Castleford, and Calvin Pinkston, son of Mr. and Mrs. Fred Pinkston, also of Castleford, Tuesday Aug. 19 in Los Angeles.

The ceremony was performed by a Baptist minister in the wedding chapel of a Baptist church in that city.

Both the bride and bridegroom are well-known here as they attended the local schools and both were active workers in the Baptist church.

The couple is now at home in Los Angeles where Mr. Pinkston has employment at the Lockheed aircraft plant.

Beckers Guests At Post-Nuptial Informal Party

Mr. and Mrs. J. G. Viehweg honored Mr. and Mrs. A. Becker, their son-in-law and daughter, at a reception for 40 relatives and friends last evening.

Mrs. Becker was formerly Miss Lolita Viehweg. They were married last Saturday evening at the Immanuel Lutheran church, Rev. M. H. Zagal officiating at the single ring ceremony.

Miss Thel Viehweg and Russel Rathburn were the bride and groom. The ceremony was witnessed by the immediate families of the bride and bridegroom.

Mr. and Mrs. Becker left for Elko, Nev., on a brief wedding trip, returning to Twin Falls this week. A three-tiered white wedding cake, topped by a wedding bell, was cut by the bride, assisted by the bridegroom.

At the close of the evening, Mr. and Mrs. Becker were chartered by a group of young friends. Mr. Becker is associated with the Union Motor company.

Nebraska Guests End Visit Here

Mr. and Mrs. A. W. Kettelhut have returned to their home at Lincoln, Neb., following a vacation visit with Mr. and Mrs. D. R. Churchill.

Monday and Tuesday of this week, the Churchills took their guests on trips to the Grandeur of the Moon and Sun Valley. Earlier in their stay, the guests had been taken on numerous outings trips to points of interest in nearby places.

Calendar

B. and club members will entertain at a picnic for their families at Nat-Spoh-Pah Sunday, Aug. 31.

Sixth district meeting of the Veterans of Foreign Wars and auxiliary will be held at Gooding, Sept. 1, Labor day. All members of the sixth district are invited to attend.

Pro-To Home Demonstration club will meet Monday at 2 p. m. at the home of Mrs. A. M. Walker. The session has been advanced one week on account of the Twin Falls county fair at Filer. Selection of foundation garments will be the topic of the program.

Haight and Robinson Rites Set for Sunday

Mr. and Mrs. R. P. Robinson, formerly of Twin Falls, now of Wenatchee, Wash., this week announced the engagement and approaching marriage of their daughter, Miss Jeanne DeVere Robinson, to H. Granville Haight, jr., Roselle, N. J., son of Mr. and Mrs. H. Granville Haight, Twin Falls, and grandson of I. B. Perrine, "father" of the Twin Falls tract.

The couple will be married Sunday, Aug. 31, at 5 o'clock at the Twin Falls Presbyterian church, Rev. G. L. Clark officiating. No formal invitations are being issued for the nuptial service, but all friends of the couple are invited to attend the church ceremony, members of the family announced last night.

The immediate families will attend an informal reception after the ceremony. The couple will leave Sunday evening for New Jersey, to establish residence.

Patent Contest Winner
Miss Robinson, who is a house guest this week at the home of Mr. and Mrs. R. J. Schwendman, will be honored by Mrs. Schwendman and Mrs. G. K. Hunt Friday evening at a miscellaneous shower and bridge party. Mr. and Mrs. Robinson will arrive this week-end from Wenatchee to attend the wedding.

Miss Robinson, the bride-elect, was the first girl to bear the title of Miss Twin Falls in a state-wide beauty

contest, placed second in the state contest at Sun Valley in 1939.

She is a graduate of Twin Falls high school and a former member of the MET club. She attended Linfield college, McMinnville, Ore., a scholarship; Woodbury college, Los Angeles, and the past year attended the University of Washington, Seattle.

Mr. Haight, a Twin Falls high school graduate and a Red Knights alumnus, was graduated from the University of Idaho, Moscow.

He has since that time associated with the industrial engineering division of the Dupont manufacturing company at Roselle, N. J. He is a member of Sigma Tau, national engineering honorary.

Doctors, Wives Attend Courtesy For Specialist

Complimenting Dr. and Mrs. B. Lyman Stewart, Springfield, Ill., their son-in-law and daughter, Mr. and Mrs. H. E. Vogel entertained at a buffet bridge dinner Monday evening in the recreation room at their home, 1410 Eleventh avenue east.

Twin Falls doctors and their wives were guests at the courtesy. Dr. Stewart is a specialist in Springfield. Sixteen guests were present. Accompanied by his wife and two sons, Dr. Stewart will leave later this week for points in Montana and will later visit in Boise, his former home. Mrs. Vogel will accompany the group to Montana.

Freida Perchal Weds O. Bland At Evening Church Ceremonies

Selecting the 22nd wedding anniversary of her parents, Mr. and Mrs. J. F. Perchal, as the date for her own marriage, Miss Freida Perchal, Twin Falls, became the bride of Orvin Bland, son of W. B. Bland, La Junta, Colo., Wednesday evening at 8 o'clock at the Christian church parlors.

Rev. Mark C. Cronenberger read the double ring ceremony. The fireplace, illuminated by lighted tapers in candelabra, and floral arrangements, formed the setting for the rites.

A wedding reception followed at the home of the bride's parents. The bride was given in marriage by her father.

Wears White Taffeta
The bride wore a white tulle taffeta floor-length gown and a finger tip veil. She carried a shower bouquet of gladioli and roses.

Mrs. Robert Peck, Welser, sister of the bride, was matron of honor. She wore a floor-length frock of blue satin and a carriage of gardenias. The bride's mother wore a dark green crepe dress and a corsage of gardenias.

Ivo Kuykendall was best man, and Ivan Jacobs, as usher, escorted the 50 guests to their places.

Miss Macy Kintner, Buhl, cousin of the bride, sang "I Love You Truly," Other out-of-town guests were Mr. and Mrs. H. M. Kintner and daughter, Patsy; Mr. and Mrs. R. J. Piper and son, Jimmy; Mr. and Mrs. Lawrence Robinson; Mr. and Mrs. Ernest Miller and Mr. and Mrs. Elvin Noh, all of Buhl, and Mrs. Harry Piper, Emmett.

Mr. and Mrs. Bland left on a brief wedding trip, after which Mr. Bland will return to a home site school in Virginia. He is with the United States navy. Mrs. Bland will join him soon.

Both are graduates of the Twin Falls high school.

Potucek and Hill Rites Announced

CASTLEFORD, Aug. 28 (Special)—Mr. and Mrs. Charles Hill have announced the marriage of their daughter, Miss Marilyn June Hill, to Charles Potucek, son of Mr. and Mrs. James Potucek, May 27, at Salmon City.

The ceremony was performed by Rev. Fitzgerald. Both Mr. and Mrs. Potucek are well-known locally as both are graduates of the Castleford high school, the bride receiving her diploma only a few days before her marriage.

Mrs. Riley Hill entertained at a bridal shower for Mrs. Potucek with 28 school friends and relatives present. Miss Dorothy Brown and Miss Jerome each each played piano numbers and the guests wrote their favorite recipes for the bride.

The couple is at home on the Potucek ranch northwest of the village where the bridegroom is in partnership with his father and brother.

Western Styled Supper Served To Woodman Unit

Members and friends of the Supper Club, Woodman circle, entertained a "chuck wagon" supper last evening on the lawn at the home of Mr. and Mrs. John Dolton.

Arrangements were made to have a booth at the Twin Falls county fair at Ft. in September.

Paul Group Gives Shower for Member

PAUL, Aug. 28 (Special)—Members of Mary B. Helmsell camp of the Daughters of the Utah Pioneers met Friday at the home of Mrs. O. T. Miller, honoring her at a pink and blue shower. Twenty members and friends were present.

Mrs. Jesse Billington read some chapters from "The Pioneer Cook," "Heart Throbs," and "The Honoree." Mrs. Miller served refreshments.

TRAVEL GIFT

An appropriate going-away gift for the vacationist who is planning a trip either by train, boat or motor would be a travel pillow. A fitted cushion specially soft offers a travel pillow of fine, white goose down in a smartly-styled case of soft pin calf skin, in brown, black, blue or red piped with a contrasting color. The case is large enough to contain a knee-wrap as well as the pillow, and an outside pocket (which closes with a slide-fastener) is designed for magazines or books. The case is not bulky, and a handle at the top makes it convenient to carry.

CLEAN POWDER PUFFS

Using a rolled powder puff on the face to apply powder on the face is like wiping clean dishes with a dirty dish towel. Most powder puffs, except those of down, are easily washable. Shake out all the loose powder possible, soak for thirty minutes in light lukewarm suds, remove without wringing and place in more clean warm suds, wash gently and rinse in three clear warm rinses. Blot between thick towels and dry on a towel, turning occasionally. Brush up the nap gently when completely dry.

We-- The Women

By RUTH MILLETT (NEA Service)

A new frontier has opened up for college boys, and in increasing numbers they are deserting college campuses. The new frontier is Defense, especially to boys who until now have never earned anything more than pocket money for labor in a fraternity house.

And so they are letting themselves be taken for their one-time ambition of getting an education in order to start making some money now.

Has College Chance

Take Sam Smith, for example. Sam has finished two years in a midwestern university. Until June of this year he had every intention of finishing his liberal arts education and then going into one of the professional schools.

But when in June he heard that jobs were to be had in a nearby defense-boomed city, his ambition took a sharp change. He wanted one of those jobs—and got it.

He figures it this way: Here he has a chance to be entirely self-supporting, to earn a pay check that, for a boy used to scripping along on his checks from home, looks big, and having heard all the talk about hard times that will follow the present defense boom, he has decided that there isn't much future in preparing for a profession, anyway.

Short-Long Range

Even if Sam can always earn a living by his newly-acquired skill he has deliberately forfeited the right to a profession when he had the ability to make the grade. Besides that, he probably will never dig out for himself the cultural education college would have given him.

By the time he realizes how he has limited himself it probably will be too late to do much about it. By then he may have married and started a family, and will be responsible for that much future in preparing for a profession, anyway.

At Least It's something they should do

Some have been thinking about being deciding not to go back to college this fall.

Novel Kitchen Shower Honors Mildred Brose

Second of a series of pre-nuptial courtesies in honor of Miss Mildred Marie Brose, bride-elect of Robert Frederick Wilson, Oakland, Calif., was the surprise party and shower last evening at the home of Mrs. Henry Finke, with Mrs. Grover Wilson and Mrs. K. Duane Hodge as co-hostesses.

During the evening and presented to the honoree, with an accompanying poem of advice to the bride.

Contests in keeping with the kitchen motif were conducted, prizes going to Miss Dorothy Dolton and Miss Vera.

"Chestline" of Gifts

A doleful kitchen utensils, featured as a part of the decorations, was later presented to the bride-to-be. An attractive gift from the hostesses was also presented to Miss Brose.

Refreshments were served, each guest receiving a miniature bride as a favor.

Guests in addition to the honoree were Mrs. Walter Brose, Mrs. Sam Walton, Mrs. Ernest Pepp, Mrs. Leslie Burkhalter, Mrs. Ralph Gowen, Mrs. C. R. Dettler.

Also Miss Vera Barnes, Miss Mary Elizabeth Davis, Miss Betty Humphrey, Miss Arabella Brown, Miss Edna Hintz, Miss Dorothy Dolton, Miss Ruth Brose, Miss Virginia Brose, and Miss Mary Walton.

This evening Miss Arabella Brown and Miss Edna Hintz will be co-hostesses at a miscellaneous shower at the home of Miss Brown.

Rock Creek Party

Tomorrow evening the bride-elect will be honored at the home of her grandfather, Robert Brose, Rock Creek, with Mrs. Wanda Terrill and Mrs. Clara Erickson, her aunts, and Mrs. Carrie Crockett, an intimate friend of the family, presiding as hostesses.

The courtesy will be in the form of a shower, and 40 guests have been invited.

First of the series of parties was arranged Tuesday evening by Mrs. W. L. Goodfriend and Mrs. Isabelle Burkhalter at the Goodman home.

Walters-Guest Rites Performed In California

Miss Evelyn Guest, daughter of Mr. and Mrs. R. M. Guest, Twin Falls, and Donald Walters, Riverside, Calif., son of Mr. and Mrs. C. Frank Walters, Twin Falls, was united in marriage Monday, Aug. 18, at Riverside, according to word received here.

Mr. and Mrs. Walters are at home at 3777 14th street, Riverside. Mr. Walters, a graduate of the Hurley high school and the Utah State Agricultural college, Logan, Utah, is stationed at Camp Haan, Calif., a coast artillery unit.

Bishop William Taylor performed the marriage ceremony at his home at Riverside. A wedding breakfast followed at a Riverside hotel, and the couple left on a wedding trip to Los Angeles, San Diego and other coast points.

Mrs. Walters was graduated from the Twin Falls high school and served as secretary to Mrs. Vera C. O'Leary, principal of Twin Falls junior high school, for five years.

Mrs. Whitehurst Guest at Shower

Mrs. Russell Whitehurst and Mrs. E. K. Whitehurst entertained at a pink and blue shower at their home, 552 Fourth avenue north, yesterday in honor of Mrs. Newell Whitehurst. Fifteen friends of the honoree attended. Asters and gladioli formed the decorations.

Refreshments were served at the close of the afternoon.

M-Men, Gleaners To Attend Dance Friday Evening

Stake M-Men and Gleaner Girls will entertain at a dancing party at the stake recreation hall of the L.D.S. church Friday evening.

The recreation hall will be transformed into a garden setting for the occasion.

All M-Men and Gleaner Girls of Buhl, Murtaugh, Kimberly and Twin Falls first and second wards are invited to attend.

Special guests will be President and Mrs. Claude Brown, Mr. and Mrs. P. L. Lawrence and Mrs. F. L. Schenk.

Miss Mona Hulbert, Miss Merla Balmont, Miss Vera Enobel and Ronald Finney are in charge of arrangements.

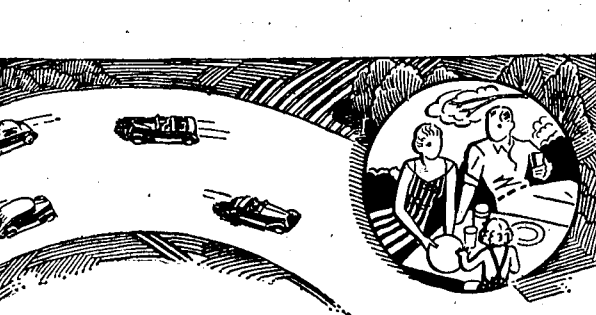

Door prizes will be presented, and a punch table will be arranged for refreshments.

Ticket chairmen include Miss Eunice Wood, Buhl; Miss Marie McGowan, Kimberly; Clyde Goodman, Murtaugh; and Miss Merla Balmont and Miss Vera Enobel, Twin Falls.

Jungst's Arrange Canyon Steak Fry

Mr. and Mrs. Carl Jungst entertained at a steak fry Tuesday evening, at a picnic spot up Rock Creek canyon. In honor of members of the Independent Meat company, their husbands and wives.

Eighteen guests attended the outing.

GRAYSON'S SCOREBOARD

BY HARRY GRAYSON
(NEA Service Sports Editor)

NEW SCORE, Aug. 26—There is a mad race in Grand Stand for Phyllis's madness.

No member of the Brooklyn club is permitted to enjoy complete rest. Larry MacPhail believes in the new broom.

Through holdovers—Wast, Camillo and Dick Walker among them—have done more than all right. Lookspeaker MacPhail is correct in saying that a half dozen, who were not with the club in mid-June of last year—Reiser, Herman, Medrick, Owen, Hibbs and the Dodgers where they are today.

MacPhail could include Lew Piest, the pinch-hitter being used in the inner, and make all his goals look good.

Pete Reiser has been the find of the year.

In addition to filling the managerial assignment in center field and being one of the swiftest men in baseball, the 21-year-old Reiser remains a strong contender for the National league batting championship in his first full season.

Honeymoon Is Over—Kovacs Returns to Screwball Ways

BY HARRY FERGUSON
NEW YORK, Aug. 28 (UP)—Frank Kovacs is back in the groove again.

Things are looking up for the national tennis championships at Forest Hills, for the king of the screwballs has forgotten all his promises to reform. He's going to be the same wacky, delightful guy that he always has been and the gate-at-the-West-side tennis club in Forest Hills ought to pick up at least 25 per cent.

It couldn't have been more than 10 days ago that Kovacs said his was going to cut out the clowning. Your agent composed 500 words of immortal prose announcing Kovacs's decision and stating it was a shame for such a genius to do nothing on a tennis court except play tennis. What a man he was in the good old days when he staged sit-down strikes on the court, waved at blonds while foreheading the press, his car, and, in general, indulging the spectators and infuriating the brass hats of tennis.

Recently Kovacs committed matrimony with Miss Virginia Walden, also a tennis player, and the general assumption was that marriage had calmed him down and impaired his superb sense of humor.

Well, the honeymoon must be over, for Kovacs announced the press in Boston yesterday and announced:

1. He was going to win the national singles championship at Forest Hills.

2. He had perfected a new and revolutionary forehand which would be mortal man could cope.

The new shot is called, so help me, "the cosmic forehand." It probably is from the same family tree as the "cosmic punch" with which Lou Nova has announced he will blast Joe Louis off the heavyweight throne.

Listen while Kovacs gets back in the groove and gives off in his best old-time form:

"I walk into the ball. The ball shoots straight across the net and drops on the far baseline when hit by the cosmic stroke. I borrow force from the other player's stroke and return the ball with little effort."

Atta boy, Frankie, pour it on 'em.

Sacs Split as Rainiers Are Rained out

By United Press
The Sacramento Cardinals split a double header with San Diego last night to hold their six-game margin in the Pacific Coast league. Second-place Seattle was rained out at Portland.

Yank Terry of San Diego, the league's leading pitcher, won his 22nd game of the year in the opener, 3-1, but not until the 13th inning. In the fourth overtime inning, with the score 1-1, Art Garibaldi doubled and Eddie Pellagrini and Hal Patchett scored to win. George Munger took the defeat. Sacramento squared it in the ninth, 3-2, as Al Hollingsworth held the Padres to five hits.

Oakland's pitching staff presented Hollywood with an 8-2 victory. With the score tied 2-2 in the seventh Tom Ananics and George Darrow handed out three walks and a wild pitch scoring Ham Schulte, Fred Gray, French Uhlst and Johnny Barnwell.

San Francisco took another from Los Angeles, 3-0, as Tom Seals blanked the Angels on six hits.

HERE and THERE in the SPORTS WORLD

By United Press
Tommy Harmon, Michigan's All-American grid star, admits he is about ready to "top the question" to Elise Knox, 23-year-old Hollywood starlet, whom he met at the East-West tennis meet in Los Angeles and who was in Hollywood with him during the making of "Harmon of Michigan."

Detroit Tigers' bust who blossomed into the International League's pitching ace, Tommaso, was in the 24th game of the year for Buffalo last night... He is convinced he could continue his blistering pace in the majors—he gets "plenty of work" and "no long rests."

The National League pennant hopes of the St. Louis Cardinals received a new blow when it was announced that outfielder Terry Moore, beamed in Boston Aug. 20, will be unable to get back in the lineup for at least another 10 days.

VOCATIONAL PLAN ON SCHOOL LIST

The cooperative vocational program started last spring in Twin Falls high school will be made a regular part of the curriculum this year, according to Edward B. Rogel, principal, and students will receive one credit for a semester of this work.

The system is worked out through cooperation of local business men and students registering for the course will work two hours each school day at a local business of the type they prefer.

Addition of an intermediate group in both band and orchestra has been ordered to make a total of four instrument groups in each.

Another class in handicraft has been added Mr. Rogel announced, because of the popularity of this course last year. A tentative sign-up of 112 students has been received to date in three classes.

Mr. Rogel stated that entirely separate English, biology and chemistry classes will be taught this year for students planning to attend college and those not planning on further education.

Classes for the opening day, Tuesday, Sept. 2, will not begin until 9 a. m. A special schedule will be outlined for that day.

TWIN FALLS WELCOME IS 'UNIQUE EXPERIENCE'

Editor, Evening Times: We just returned from a 4,100-mile auto trip to Yellowstone, the Black Hills of South Dakota, and came back through Twin Falls, Idaho and down into Nevada, and can't help but comment on the welcome we received in the Wray cafe, by your charming Hospitality Girl, Mrs. Harriet Denton. This is something for the book; a unique experience.

We were very much impressed with what we saw of Idaho; a fine country, nice people; more power to you! It literally seems in approach your state expressed in the words: "A land of milk and honey." Farming may not be romantic, or a bed of roses, but they seem to be doing a good job up there.

If you come down to San Francisco, look us up; maybe we can reciprocate a little; this goes for Mrs. Denton too.

With best wishes and kind regards, we remain, yours sincerely, Mr. and Mrs. Charles J. Thompson

SUIT ASKS FUNDS FOR LAWYER FEE

Suit over an attorney fee in connection with settlement of a claim for wounding of a Twin Falls soldier in Mexico in 1916 reached district court today.

Mrs. Lulu Herriott, widow of George Herriott, late attorney, seeks \$2,800 in the action which names Mrs. Ethel Graham, widow of the late John W. Graham, attorney, as defendant.

The amount is asserted to be the fee Mr. Herriott was to receive for suit services with Mr. Graham in settling the claim of Dr. H. W. Wilson, Twin Falls, Dr. Wilson sought \$40,000 from the Mexican government and in 1931 was awarded \$10,000 because of a wound he received Oct. 1, 1916, from a Mexican soldier at Nogales, Ariz. The physician was then an officer in the Idaho national guard regiment on service in the border dispute.

The district court suit asserts that the attorneys agreed to divide one-half the amount recovered by Dr. Wilson. It is claimed that the doctor's widow shared \$5,000 but the Herriott share of the fee has not been paid.

Mrs. Graham, as administratrix of her late husband's estate, rejects the claim in probate court. Her attorney is Harry Benoit. Counsel for Mrs. Herriott is Frank L. Stephan.
