# JAPAN RENEWS PROTEST ON U. S. SHIPMENTS TO REDS

## NIPPONESE MAY CREATE "SAFETY ZONE" IN PACIFIC

TOKYO, Sept. 2 (Special)—Premier Prince Fumimaro Konoye's government today made new preparations against American war shipments to Russia and promised to consider demands for stronger measures against interference with Japanese expansion in greater Asia, including creation of a "safety zone" around Japan's territorial waters.

The proposal for stronger action in the spirit of the Japanese plan for the axis was advanced by the East Asia league, which called upon the government to exercise the right of self-defense in Japanese territorial waters.

This was described by the Domei news agency as a plan for a "safety zone" (presumably similar to the American hemisphere safety zone patrolled by the United States fleet) but it was pointed out no definite limits for such a zone were suggested.

It was recalled that when the German-Russian war began there were proposals in Japanese military and naval sources for extension of Japanese territorial waters. These proposals for precautionary measures would have extended Japanese territorial waters to the sea lanes leading to Vladivostok, as Japan has emphasized that control of the sea of Japan is an essential defense measure.

The new Japanese representations to the United States and Russia, particularly against oil shipments now on route to Vladivostok, were made after receipt of "satisfactory" preliminary replies to earlier protests by Tokyo, a spokesman said.

## LEGION SPONSORS PROGRAM AT CLOSE OF LINCOLN FAIR

A large crowd was on hand to enjoy the closing features of the one-day Lincoln county fair. A musical program sponsored by the American Legion was given at the flood-lighted high school tennis court.

Between numbers award winners were announced by Harry S. Gault and Alfred Bandy, first-board secretary. Taking part in the evening program were Miss Alice Scheining, Mrs. Ala Mills, Miss Lorraine Hader, Dietrich, and the following, all of Shoshone:

Patty Oberig, Virginia Hansen, Josephine Wise, Arthur Werry, Ralph Mulliner, Richard Hatford, Ross Floyd, Byron Drixell, Louis Peck, Charles Crothers, Jack Murphy, Miss Beverly Croose and F. J. Harvick. Richard Hall of the Wood River CCC entertained the crowd with several tap dance numbers.

First prize for community agriculture exhibits went to Wood River Center Grange, second to Dietrich and third to Magic. The general comment was evidenced that these exhibits were finer than in past years. The quality of the farm products rated high and there was a good showing in all varieties.

Live stock exhibits under direction of F. H. Hall were the most extensive to the sea lanes leading to Vladivostok, as Japan has emphasized that control of the sea of Japan is an essential defense measure.

## 4-H, FFA GUESTS AT DAIRY PALACE

FLIKER, Sept. 2 (Special)—Magic Valley 4-H clubs, F. F. A. boys, their leaders, county agent R. A. Instructors and friends were guests of the Jerome Cooperative Creamery company at the dairy palace here Saturday evening with fully 285 people present. Some 235 guests were served a banquet at 8:30 with the Kennedy Orange preparing and serving the meal. The long tables were attractively decorated with containers of autumn flowers. Each guest received as a favor a small bottle of milk.

Eugene Whitman, county agent of Jerome, with Mrs. Whitman at his side, led the group in singing "God Bless America" and "Home on the Range" and other numbers during the evening.

A. H. Jagels, bull, gave the address of welcome and words of appreciation to the dairy products of the Jerome Cooperative Creamery, introduced the cows, telling their merits.

The creamery sponsored a radio broadcast from 9:15 to 9:30. J. F. Olds, general chairman of the board of directors of the creamery, answered a number of questions regarding the work of the organization.

Noel New Mr. McIntyre related that farm cooperatives have been in operation for 70 years, the movement being nothing new, but a well established business which sends at least 20 per cent of all farm products to market. The Jerome Cooperative Creamery was established in December, 1910, the 25th anniversary of which was celebrated in December, 1936. Mr. McIntyre stated that 80 per cent of the dairy products in this state are marketed by cooperatives.

The Jerome Cooperative Creamery, he said, is owned by nearly 3,000 dairymen in Jerome, Lincoln, Gooding, Elmore, Minidoka, Twin Falls and Cassia counties, each member holding one membership costing \$1, all having equal privileges.

During the broadcast, Helms DeVries on the accordion and Lewis Jennings on the clarinet, both of Twin Falls, played "There'll Be Some Changes Made," "Maria Elena" and "The Wise Old Owl."

Roy D. Smith, general manager of the Jerome Cooperative, was introduced and spoke of the interest

## RURAL TEACHERS MEET IN GOODING

GOODING, Sept. 2 (Special)—Gooding county Rural Teachers' association held the first meeting of the school year in the court room at Gooding Saturday with all rural teachers and the county superintendent, Mrs. Florence Hughes, in attendance.

Presiding officer for the meeting was Mrs. Paula Benrose, secretary of the association for last year.

Harold Benrose was elected president for the ensuing year, with Delbert Lambing as vice-president and Mrs. Lillian Barton as secretary.

There was general discussion of several problems, including the hot lunch program, methods of teaching spelling, report cards, achievement test and the course of study to be used by the teachers at the monthly association meetings during the year. The latter matter was deferred until the October meeting.

Clifford Bevington was present to explain the help his office could give in the school lunch project, and several teachers explained the method of preparing and serving lunches used in their schools.

Mrs. Hughes announced that there was material to aid in lesson planning in her office, also available to be checked out were units for actively work covering such subjects as food, clothing, transportation, conservation of human resources and natural resources, shelter and communication.

Use of the "reader" which each school district has purchased was discussed. The group voted to subscribe for the Educational Digest and Progressive Education and one other professional magazine and Mrs. Hughes stated that the Reader's Digest, Atlantic Monthly and Supervisor's magazine would be in the office for their use.

Plans were made for a meeting and picnic to be held Saturday, Sept. 20 at White Arrow. It was announced that Clear Lakes, Thorn Creek and Cedar Draw schools would open Monday with a half-day of school and all others would hold a full day on Tuesday.

After the meeting teachers certificates were registered by Miss Edith Frick of the superintendent's office.

Teachers present were Paula and Harold Benrose, Westport; Mrs. Fred Radermacher, Upper Clover Creek; Jack Martin, Lower Clover Creek; Miss Ellen Turner and Miss Dorothy Jones, Kelly; Mrs. Lillian

# Women and Juveniles Prepare Displays for Fair Sept. 9 to 12

How the women do talk these days! "But just look at the wrong side. The stitches are almost as good as those on the top side." And "Take a bite of this relish. Think it rates a blue ribbon!" Or more likely, "No, that's a cactus type of dahlias. See how the floral rays are rosette before the long end of the petals." And of course, "Yes, it was in my great-grandfather's family, and we prize it highly."

When conversation gets going in that fashion, you don't even have to look on the calendar to know that the Twin Falls county fair at Filer is practically ready to open its gates. The only people who are busier than the superintendents of the various sections of the women's department this year, are the women who are completing entries which they hope will bring first prizes at the fair, Sept. 9 to 12.

**Home Pastry Entries**  
There is every indication that the kitchen and pantry department will have more entries than ever before. A. W. Kenworthy, superintendent, said today. Mrs. Wilson, assistant superintendent, has been named as superintendent of that department, following the resignation of Mrs. F. S. Cappel, who has gone east.

**Community Church Ladies Aid Society** will meet Wednesday at the church parlors with Mrs. Edith Langh, as hostess. A pot-luck luncheon will be served at 1 p. m. **More Flower Prizes**  
Tending to "boom" the number of entries in the flower department is the fact that the premiums list has been increased approximately \$30 over last year, according to Mrs. John B. Pettibone, one of the flower show superintendents. Mrs. Ernest Peck, Filer, is the other department superintendent.

**Pythian Minstrel**  
Pythian Minstrel, a social club at Filer, is meeting last week at the home of Mrs. U. G. Johnson, Mrs. J. J. Eldred presiding at the business session and Mrs. H. A. Johnson winning the club prizes.

# Brides at Late Summer Rites

## Melba Parker Is Bride at Temple Nuptial in Utah

BURLY, Sept. 2 (Special)—Miss Melba Parker, for three years secretary to Earl George Benham of the Burley, became a bride at the home of George Richard Hill, 24, in the D. S. temple at Salt Lake City, Utah, with Thomas E. McKay, uncle of the bridegroom, reading the ceremony.

Attending the wedding were Mrs. and Mrs. A. L. Parker, parents of the bride; Billings, Mont., Mr. and Mrs. E. Black, sister and brother-in-law of the bride; Dr. and Mrs. George Richard Hill, the bridegroom's parents.

Following the wedding, a luncheon was served for 16 members of the party in the Empire room of the Hotel Utah. A white decorated wedding cake and white gladiolus decorated the table.

The bride wore a long white satin gown, fashionable in style, with a diamond shaped neckline and long pointed sleeves, with old-fashioned ruffles over the shoulders. She wore a finger-tip veil, a strand of pearls about her neck, and a single-orchid corsage. Her hair was styled in waves, and the bride wore a black suit with blue accessories and a white blouse and flame colored sash. Following a week's honeymoon, they will return to their home in Provo, Utah, and both Mr. and Mrs. Hill will attend Brigham Young university in Salt Lake City.

# CARDINALS BOOST LEAD WITH TWIN VICTORY

# Youth Wins National Amateur

# Cowboys Split As Anderson Hurls 4-0 Win

# White, Pollet Give Cards Mental Edge in Flag Race

# Dodgers Win One 15-Inning Game; Yanks Near Title

**BY GEORGE KIRKSEY**  
**NEW YORK, Sept. 2 (U.P.)**—St. Louis Cardinals were in the driver's seat today in the National League pennant race and it was squarely up to the Brooklyn Dodgers to prove they have the stuff to fight back and dislodge them.

While the Dodgers battled nearly six hours in the Labor day holiday program to win, wacked the Pirates twice and increased their league lead to a half game.

Fighting lapses cost the Dodgers dearly yesterday and they were fortunate to walk off the field with one victory and on to the Braves.

The Dodgers finally won the first game, 6-5, after 18 innings and four hours and 11 minutes of play. Brooklyn's victory came on a double play and two-run homer by Fred Merkle.

**Cards Rally**  
The Cardinals spoiled the Pirates' game by coming out to win both games, 5-3 and 6-5 (4 innings, darkness).

Edward Pollet, Houston farmhand, won his third game in four starts in the nightcap. After giving up two runs in the first frame, the 20-year old southpaw pitched the Pirates to two hits in the last seven innings.

**Yanks Near Title**  
Any combination of three Yankees victories and two Philadelphia losses would mathematically clinch the pennant for the Bronx bombers.

**Ward Returns To Spokane With Crown**  
EPOKANE, Wash., Sept. 2 (U.P.)—Marvin (Bud) Ward brought the national amateur golf championship trophy back to Spokane today when he defeated his opponent by 10 holes in the final round of the tournament.

**Mehner Keeps Idaho Singles Tennis Crown**  
**BOISE, Sept. 2 (U.P.)**—Frank Mehner, Salt Lake City, today held the singles crown of the thirty-third annual Idaho state tennis championships for the third time.

**Boise, Sept. 2 (Special)**—Way back in the spring Manager Andy Harrington of the Twin Falls Cowboys promised:

"I don't know how far we'll go in this pennant race—but I can assure you that we'll have a fightin', hustlin' ball club that won't say quit until the last out."

Today Boise fans are just about ready to concede the part about the cowboy being a fighting outfit. Around the loop it is admitted that the Twin Falls club is considerably short on talent—but its admitted they still have the fight.

Yesterday's Labor day double-header saw the league-leading Pilots work overtime to get an even break in the two games with the cellar-dwelling Wranglers.

At the same time the league leading Boise Pilots were having a difficult time winning one game and an easy time losing another to the cellar-dwelling Twin Falls Cowboys.

# White, Pollet Give Cards Mental Edge in Flag Race

**BY HARRY GRAFSON**  
**NEW YORK**—The injury-ridden Cardinals returned today confident that they will outslug the Dodgers in the run down the stretch.

Their right-hand pitcher can make the ball do just as many funny things and sling it just as swiftly," explains Warneke, "and the left-hand pitcher can make the ball over the plate in the strike zone."

Pollet has stood up admirably well under pressure. Remember that every hitter he looks at is a total stranger to him. He has to throw what we tell him to throw and let it go at that. He'll be better the second time around and can't miss improving. Maybe he'll find out something

**Howard Pollet** and **Erlis White** are shown in action during the game.

**White is the faster because he is so exceptionally fast.**

# BRITISH MOVE INTO 3RD YEAR OF WAR WITH HIGH HOPES

## ATTACK ON REDS BY NAZIS OPENS WAY TO VICTORY

By EDWARD BEATTIE  
LONDON, Sept. 2 (U.P.)—Britain moves into the third year of the war on a surge of hope that, together, the three greatest political units on earth could find the combination to beat the greatest military power in history.

By a strange paradox, it was not her own progress in beating the Nazis that gave Britain the surge of hope. It was the three greatest political units on earth could find the combination to beat the greatest military power in history.

## Scout Cabin in Hills Nears Completion

It was a holiday for most people yesterday, but not for 10 members of the Presbyterian church men's club and an equal number of Boy Scouts who worked on the Scout cabin (above) now being constructed in Bates gulch, near the Magic mountain ski area, up Rock creek. The two-story structure will be completed in about 30 days and is for use of members of troop 66, sponsored by the men's club. The cabin is being completed mostly by volunteer labor under the direction of D. R. Young, chairman of the troop committee. The truck shown is being used to haul rock for the large fireplace which will be one feature of the cabin.

## SCOUT CABIN TO BE READY SOON

The new Boy Scout cabin, for use by members of troop 66, sponsored by the Presbyterian men's club of Twin Falls, will be completed in about 30 days and will find extensive use during the coming ski season, it was announced today by D. R. Young, chairman of the troop committee.

The two-story structure is located on Bates gulch about one and one-half miles from the Magic mountain ski runs and site of the ski shelter. Construction has been made possible mostly through volunteer labor although one carpenter, John Sullivan, and a helper, have been stationed there since construction started about July 15.

Yesterday, on the labor day holiday, 10 volunteers as well as an equal number of Scouts worked from early morning until dark.

One of the features of the cabin will be a large fireplace which is to be constructed of native rock. Glassed rock, trucked in from Nevada, will be used as a facing. On

## DINNER

WINNIPEG, Man., Sept. 2 (U.P.)—A Chinese who came out of a restaurant with a stomach ache, told a doctor he had swallowed his knife and fork along with his dinner. X-rays proved him correct. It is a hospital, surgeons got the fork out but are still groping for the knife. They expected him to recover.

## NAVY RECRUITER ON VALLEY JAUNT

C. A. Edmonson, officer in charge of the navy recruiting station here, left today for a recruiting tour of various communities of the Magic Valley.

The Twin Falls office, in the federal building, will be open during the entire time Edmonson is away, it was announced.

Edmonson's travel schedule follows:

Burley, today through Friday; Gooding, Sept. 8 and 9; Fairfield, Sept. 9; Rupert, Sept. 10; Shoshone, Sept. 11; Jerome, Sept. 12 and 13; Bellevue, Hailey, Carey and Richardson, Sept. 26 and 27.

Before leaving on the tour, Edmonson said word has been received that registrants for selective service who have received orders to report for physical examination cannot be accepted for enlistment in the navy after notices have been sent out by the draft boards to selectees.

## Dairying Vital to Idaho, Expert Tells Rotarians

By EDNA CHILDS  
FILER, Sept. 2 (Special)—The dairy industry is a vital cog in Idaho's economic setup and lends all other agricultural pursuits, Ivan H. Loughery, extension dairyman, told Rotary clubs of Buhl, Jerome, Boise and Twin Falls and their guests at the dairy palace here Monday evening.

Eighty Rotarians, wives and guests attended the 6:30 dinner served by members of Filer Grange. Dean Frank Rhea, Epile, district Rotary governor, was a special guest with Mrs. Rhea.

Emphasizing the importance of dairying to the Gem state, Mr. Loughery said: "We fail to appreciate so many small units of dairying as raising five and four-tenths cows per unit, but that there are a total of 37,000 such small dairies in the country, the products from which are largely exported."

Means Income  
"Fifty per cent of the dairy products of the State of Idaho are sent to Los Angeles. Twenty carloads of alfalfa hay are eaten each day by the people of Los Angeles in the form of butter. One million dollars is received each month from the sale of milk alone. Eighteen million pounds of butter are shipped to California."

These cows on demonstration are the cows we wish to be in every dairy. We grow great quantities of alfalfa hay. We grow luscious pastures in Idaho to produce cheap butterfat. Due to this condition, Idaho dairymen can produce butterfat as cheaply as any state in the union."

Businessmen, he said, appreciate what the dairy industry means in returns to the farmer.

"Dairy products are always salable and dairying is one of the most stable industries. During just one period, which was 23 years ago, unsatisfactory returns of 9c to 10c per pound for butterfat were received, but since that period the dairy cow yielded as much as anything produced. Throughout the world the dairy industry is old, but in Idaho it was not until 20 years ago that dairying assumed importance in export trade. Prior to that

### Thermo-Charged "RPM" Clings to Hot Spots Other Oils Leave Dry!

HERE you see illustrated Thermo-Charged "RPM's" unequalled power to stay put on hot spots, just as it was witnessed by Lewis A. Schroyer, Yellow Cab Company Maintenance Superintendent, San Francisco, and his staff.

In this test two piston rings slowly revolve on shafts. One ring passes through a trough filled with Thermo-Charged "RPM." The trough for the other ring is filled with Pennsylvanian Mid-Continent or Western oil—no matter which.

As the rings turn, they are hit by an open flame. Here is where Thermo-Charged "RPM" proves its amazing superiority. It hangs on—goes right through the flame and keeps the entire ring surface covered with oil!

As the other oil approaches the flame, it turns back—runs away! Results: over half of its piston ring— from the point of the flame clear, around to the oil trough—is left dry!

What does this mean in your engine? Greater protection against heat and wear than other oils can give!

If you haven't done so already—try Thermo-Charged RPM Motor Oil now.

## CITY CONSIDERS WATER PENALTY

Persons who fail to pay their water bills, thus forcing the city to turn that water off, may find in the future that the move will be a little more expensive than they anticipate when the bill is finally paid and the water is turned on again.

This fact was brought to light last night at the regular city council session when the matter of charging water users \$10 for turning on their water again after such a shutdown was discussed.

Action withheld  
Action on the new plan, however, was withheld until Monday night to give City Attorney George Paulson time to determine if there is such a law on the books at the present time. If no such ordinance exists, it was indicated last night that immediate action would be taken to put one there.

Also up for discussion at the session was the matter of priority on pipe which would be used for construction of a second water main from the filter plant to the city limits. Mayor Joe Kneiber announced that application for priority would be made to the office of production management this week. Priorities will be asked for pipe delivery on Nov. 1 of this year and May 1 of next year.

Airport caretaker  
On motion of Mayor Kneiber, Maynard Craig, commercial pilot at the airport and CPTP instructor, was named airport caretaker and night watchman. He and his family will move into the airport caretaker's house immediately. He succeeds T. T. Ogale, airplane and engine mechanic, who has moved to Pocatello to work at the airport there.

Among other business, councilmen approved application of Verne Gillman for operation of another lunch-cab in the city.

Likewise Mayor Kneiber and City Clerk W. H. Edgely were named by other members of the council to attend a meeting of the Idaho Municipal Officers association. The session is underway at Boise on Monday.
