

RUSSIAN STRIKES AT UKRAINE, CRIMEA

Full Protection For U. S. Ships Is Promised by FDR

WASHINGTON, Sept. 27 (AP)—President Roosevelt, scolding Americans "who preach the gospel of fear," promised full protection for the American merchant marine today as he made Godspeed to 14 new ships which slid down the ways of shipyards on both coasts in the largest mass launching since the first World war.

The President's address, transcribed in advance to be played for shipyard workers and launching guests at yards on the Pacific, Atlantic and the Gulf coasts, was the high spot of a "liberty fleet" day sponsored by the maritime commission in observance of the first launchings of units of the 312 new emergency type liberty cargo ships.

"We Americans as a whole," the President said, "cannot listen to those few Americans who preach the gospel of fear—who say in effect that they are still in favor of freedom of the seas but who would have the United States tie up our vessels in our ports."

"That attitude is neither truthful nor honest."

Mr. Roosevelt said that these ships will be the best of their ability to protect them from torpedo, from shell or from bombs.

Declaring that the growth and prosperity of the nation had been heavily dependent on high seas commerce and general freedom of the seas, the President dropped a pencil, unfastened his safety belt to pick it up, and was thrown from the cockpit.

James E. Leonard, manager of the Chicago airport, said Carter told him he had dropped the pencil, then he was hurled out. His next recollection, Leonard quoted the pilot, was floating seaward in his parachute. "When I appeared to be wings of the stars was hurrying earthward," Leonard said.

Leonard said that from the air the plane appeared to be wrecked and burned. Both wings had been torn off. The wreckage, leading to the belief Driscoll had perished.

However, Mather field authorities still held the hope that Driscoll had managed to take to his chute and might be lying injured near the wreckage.

Search Underway

Searching crews were attempting to reach the plane by automobile, but the high command reported the searchers could complete their investigation and rescue only if Driscoll had been at the Mather field advanced school for five weeks, after basic training at Moffett field military training at Tulsa, Okla. He was scheduled to graduate Oct. 31 as a second lieutenant.

Driscoll is president of the Security Bank of Boise.

SHIP SURVIVORS TAKEN TO SPAIN

LIBSON, Sept. 27 (AP)—Ten survivors of the Panamanian steamship Trinidad landed in Portugal and said today their ship had been sunk by cannon fire from a German submarine while en route to Dublin. The survivors said they had a Panama ship named "Trinidad."

The survivors said their ship was sunk miles northwest of Cape Finisterre.

They were landed at Lixoes and Cape Verde in the Spanish trawler Modesto Aguilera and the Portuguese schooner Oronandia, which picked them up in two boats 60 miles from Cape Finisterre.

FLANE TOLD

LONDON, Sept. 27 (AP)—A total of 21 German and 14 British fighter planes was reported shot down today over north France.

GOB CHIEF ASKS UNITED AMERICA

DETROIT, Sept. 27 (AP)—Gordon Allott, president of the Michigan Young Republicans, called for a United America today.

In his address to the Michigan Young Republicans convened to consider the issues involved in the present international situation.

The party, he continued, was "suffering" because of a "misconception" of the public mind in that it is both isolationist and interventionist.

"In this hour of crisis," he continued, "this opinion cannot prevail. Let all Republicans take a view our foreign position. And then let them arrive at a united conclusion."

"Let us to Britain and other nations necessary to stop the spread of tyranny and preserve our American way of life, let us stop quibbling and give it unequivocally."

The duke and duchess of Windsor, arriving in Washington for a two-day visit (above), are greeted by George Summerlin, right, chief of protocol of the state department. The duke waves to a cheering crowd of about 3,000 as he is rushed to the embassy.

WPA WAGES TO RECEIVE BOOST

WASHINGTON, Sept. 27 (AP)—The works projects administration plans today to raise WPA wages by 10 per cent and increase the number of work relief recipients in the face of one of the greatest industrial booms in American history.

Dislocation of non-ferrous industries due to war-time control over scarce essential materials is the cause of the anticipated upward trend of unemployment when winter sets in. Higher WPA wages are necessary, officials explained, to keep a subsistence level on a par with the skyrocketing cost of living.

WPA Commissioner Howard O. Hunter indicated the prospect of caring for more work relief clients may mean that congress may be asked for more money than provided for the current fiscal year—\$575,000,000. That sum, he has considered enough to handle an average of about 1,000,000 persons on relief rolls.

MILLION RUSSIANS HELD, SAY NAZIS

BERLIN, Sept. 27 (AP)—German sources today told 10 Russian divisions (approximately 1,050,000 men) had been "destroyed" in an unprecedented encirclement battle, which according to the high command, has ended east of Kiev with capture of 600,000 prisoners.

Not even signals of the encircled armies of Marshal Semyon Budenny were able to escape from the high command reported.

London dispatches recently said the Russians had performed a heroic feat in retreating and reforming new lines before the Doukha line.

The Germans said the Luftwaffe continued to roar up and down the eastern front, hammering at the Crimea and at Ukraine communication lines and bombing the Russian army works at Tuha.

In the battle it was asserted, 600,000 Russians were taken prisoner and 800 armored vehicles, 3718 cannon and an incalculable amount of other war materials was captured.

Thus the high command reported a victory had been won which was "unparalleled" and of which the best use was being made.

MINING CONGRESS TO OPEN SESSION

SAN FRANCISCO, Sept. 27 (AP)—New problems of the mining industry arising from the defense program will be studied by the American mining congress when it opens its eighth annual convention and exposition here Monday.

"Metals for defense" will be the theme of the convention, at which 2,000 delegates are expected. The relation of such metals as copper, zinc, lead, iron, ore, potash, molybdenum, antimony, gold and borax, to defense production will be studied.

Albert W. Hawes, president of the United States Chamber of Commerce, addresses the convention Monday on labor relations. Other speakers include Gordon Clark, speaker of the California state assembly; Howard T. Young, president of the American Mining congress; William C. Fawcett, chairman of the western division.

CAR TITLE RING IS UNCOVERED IN MONTANA PRISON

HELENA, Mont., Sept. 27 (AP)—Discovery of a racket in fraudulent motor vehicle title certificates at Montana state prison led today to a warning to motor vehicle registrars in other states to double-check all Montana certificates presented to them.

Governor Sam C. Ford said he had asked Warden Dudley Jones of the state prison, ex-officio registrar in this state, to send out the warning after it was learned an undetermined number of fraudulent titles were at large.

The governor said Jones discovered shortly after he took office last March that copies in the motor vehicle registration department had been "bootlegging" blank certificates of title and registration certificates, selling them for from \$30 to \$250 a set, and also had stolen an undetermined amount of motor vehicle registration.

The governor said headquarters of the fraudulent certificate ring apparently was Great Falls, and that Sheriff Andy Loberg there had covered some 30 sets of fraudulent titles and certificates in the past two months.

Until Loberg finished his investigation, added by a reporter on the spot, he either had turned the information on the racket was disclosed. The governor added that apparently nearly all of the fraudulent titles were used by automobile dealers in other states, probably north of this in Chicago.

The racket, according to the governor, worked something like this: A bank in Montana issues a blank Montana title and registration certificate, stole an automobile, changed the motor and serial numbers, then secured a certificate of title and registration card bearing the new number.

Then, he either borrowed money on the car, leaving the fraudulent title as security, and changed numbers again and wrote out a new title and registration card. In some instances, he said, the same car probably was mortgaged several times before it finally was sold to some innocent person.

So far as could be determined, the governor said the racket apparently was worked by a man named in Montana, but the number of stolen blank certificates and titles were not known.

He was arrested in Twin Falls, Idaho, and is being held in the county jail here on an open charge.

MYSTERY CLOAKS JEROME SHOOTING

JEROME, Sept. 27 (Special)—Sheriff J. Edgar McFarland and other officers today were investigating a mysterious shooting which sent a former St. Valentine's hospital inmate to the county jail here on an open charge.

In the hospital, police records show, McFarland was shot in the chest and one arm while he was sitting at a table in the dining room.

He was a charter member of the Twin Falls Rotary Club on Aug. 24, 1917, was elected to the city council.

Twin Falls Mayor

Because of the illness and death of Mayor F. F. Bracken, Mr. McFarland presided over the council sessions during the absence of the mayor, at which time he was named mayor by the other members of the council.

He was a member of the special waterworks committee of three members of the council that had charge of the construction of the new water system at that time.

Other members of that committee were W. H. Eldridge and C. B. Channing.

He was active in promoting the Rogerson-Wells railroad connection and also in the formation of the American Legion chapter here.

Loss to Community

Various civic leaders and pinners this afternoon said the death of Mr. McFarland was a "decided loss" to the community.

Mr. McFarland was a well known and respected citizen, and his death was a loss to the community.

Russians Report German Advance In North Halted

By JOE ALLEN MORRIS
United Press Foreign News Editor

Adolf Hitler's armed forces were reported striking eastward against the Red army defenses of the Ukraine and the Crimea again today but on the northern front the Russians claimed to have smashed elite Nazi reinforcements with thousands of dead in the battle for Leningrad.

At sea, the Atlantic warfare raged on with survivors landed in Portugal telling how a German submarine shelled and sank the Panamanian steamer Trinidad (unlisted in Lloyd's register).

Behind the German front lines, there are new reports of armed resistance as Budapest newspapers told of a series of battles in former Jugoslavia where at least 500 persons were killed and 100,000 of Uscip wiped out, by German divisions. Twenty Belgian hostages were released in exchange because unscaped terrorists dynamited German rail lines in Belgium and France.

Late FLASHES

MOSCOW, Sept. 27 (AP)—A big-scale and fierce battle is going on day and night outside the defenses of the Crimea, the official spokesman said today, and the Germans have suffered huge casualties in vain trying to achieve a breakthrough.

BUENOS AIRES, Sept. 27 (AP)—One hundred twenty-eight of the 1,046 interned officers and men of the scuttled German pocket battleship Graf Spee have escaped, the government announced today.

BOARD WILL SEEK FARM LABOR AID

With the specter of a serious labor shortage facing Twin Falls county ranchers when potato and beet harvests begin simultaneously the week of Oct. 6, a county farm labor committee was announced here today.

The committee will form a state-wide advisory body to help in farm employment service and the state farm labor committee advised as to what amount of labor should be shifted from other parts of the region if possible.

Boilingbrook announced, members of the committee are: Roy C. Boilingbrook, federal farm labor camp manager; Clyde Williams, manager of the Idaho state employment service here; and L. F. Wiseman, Buhl, county commissioner.

Not Conclension Board

"The committee is in no sense a labor conciliation board," Mr. Boilingbrook said, "and it will have no connection whatever with any wage matter. It's strictly a contact group to help arrange for farm workers at the three such labor is most urgently needed."

It was indicated that the employment service, the state farm labor committee and the FSA will endeavor to hunt surplus workers from other fields into this county for the harvest peak.

5 TO TEN YEARS FOR WEST ENDER

Five to 10-year penitentiary sentences were decreed here today for Bruce Harris, 20-year-old Buhl orchard worker who was convicted this week on charge of committing a crime against nature.

The sentence was ordered by Judge J. W. Porter, and state prison guards were notified to come after the prisoner.

YOUTH, 16, ADMITS SLAYING OF TRIO

KENNEWICK, Wash., Sept. 27 (AP)—John Joseph, 16-year-old Puerto Rican, confessed ambushing and slaying three members of a farm-hill posse around here last night, he said today.

Kenneth said the youth had made a "full confession" that he shot and killed Mrs. Cora Tobin, 68, her son, Edward, 16, and her nephew, Marvin Adams, 23, Thursday night.

Kenneth said he was 18, but lied 10 years older. He was arrested after a tip from a man seen around the farm before the slaying.

When Patrolman R. C. O'Connell was suspicious of an elderly man making a confession, he was taken to the police station.

Kenneth said he was taken through the police station and put in the county jail.

Three Sugar Plants Start Runs Oct. 7th

All three factories of the Amalgamated Sugar company in this section of Idaho will start processing operations on Tuesday, Oct. 7, it was announced this afternoon by Harry Block, Idaho manager for the sugar beet company.

The plants are the Buhl, located at Twin Falls, Prater (Paul), and Durley. They have been here and that everything is in readiness for the 70-day run. During the run the factories maintain a 24-hour shift.

The start of the sugar beet season will start on Monday, Oct. 6, with exception of the factory station area at Jerome and the station areas at Piler and Twin Falls. In these two localities the digging will get underway Friday, Oct. 10.

In announcing dates for start of the seasonal runs, Block declared that the beet is "ripening up fast" and that indications point to the fact that sugar content will be higher than last year.

A total of 20,000 acres of sugar beets has been harvested in the Twin Falls factory district. Of this total there are 11,700 acres in the 77th and 78th factory districts and 10,700 acres in the combined Buhl-Prater district.

REPORT OF BATTLE IN NOVGOROD SECTOR

FIGHT UNDERWAY TO DRAW ENEMY FROM LENINGRAD

MOSCOW, Sept. 27 (Special)—Red Star, official organ of the Soviet army, reported today a "violent battle" south of Lake Ilmen in the Novgorod district designed to draw German troops from the Leningrad district. Russians were reported to have scored a recent victory against picked German forces, including a storm troop division.

Reporting the success Marshal Konstantin Voroshilov, defender of Russia's second city, had thrown new forces into the battle there with the result that many German formations had been crippled or destroyed in counter-attacks.

The Novgorod fighting was placed by Red Star as the Staryan Russa, south of Lake Ilmen. The newspaper said the Russians there had been on the offensive for several weeks.

The German division which Red Star had been defeated in the front. Russian offensive operations were reported continuing south of Lake Ilmen north of the recent victory. Red Star said Russian held positions established on the east bank of the Volok river more than a month ago.

Red Star said savage fighting continued outside Leningrad itself with the result that fighting there was broken into shifts. They were unable, however, to smash growing Soviet resistance, Red Star said.

BLUES SEE EARLY SHREVEPORT FALL

By United Press

The Blue army claimed today that advance forces of its second armored division had entered Shreveport and that the fall of the city was expected soon, ending the army's greatest peace-time maneuvers.

Leon Kay, United Press correspondent who covers the Balkan blitzkrieg and is now with the Blue blitzkrieg of Lieutenant General Walter Krueger, said the Reds had been encircled by the Blue column which entered the city from across the Sabine river in Texas.

Meanwhile the Red forces—the second army of Lieutenant General Ben Lear—were massed on the southern front, opposing a relentless drive by the bulk of the Blue forces.

Richard C. Hotel, also a United Press war correspondent, said the Red army to which he is assigned is about 40 miles in front of Shreveport where it was expected to make a final stand.

He reported the Reds expected to enter Shreveport by the air, with parachutists who had dropped 120 miles behind the Blue lines. But Kay's dispatch revealed if the Red army was expected to disrupt the Blue advance by attacking Blue headquarters, they were to be directed to the city of Shreveport from Eunice, but Blue headquarters, to keep up with the rapid advance of the troops, had been moved forward out of Eunice before the Reds arrived.

Cobina Wright's Fiance May Lose His Auto Inheritance

By FREDERICK C. OTHMAN

HOLLYWOOD, Sept. 27 (UP)—Cobina Wright, Jr., the actress who has won a lot of match money for her work on acting after she married Palmer T. Brundette, the millionaire army corporal, today said she would like to see her fiance lose his auto inheritance.

About the time Miss Wright was announcing her engagement to the corporal, his friends were saying his family intended to keep his name out of the newspaper on penalty of being disgraced.

"I was his. He couldn't even look at a newspaper, without reading about himself, his automobile and his inheritance," she said.

She said she had a letter from Pontiac, Mich., his hang-the-cost wailing of the blond and beautiful Cobina, Jr., and the \$24 a month the army pays him.

The corporal marches with his squad at the presidio in San Francisco. Miss Wright displays her charms in movies here. He has become consequently the telephone company's best customer in the city.

Miss Wright said she had a consistent charter of private planes. Only three weeks ago he had been flying between Los Angeles and Hollywood, or hiring for \$100 a plane to escape being seen in Hollywood, except its elopements.

"He is a persistent young man," Mrs. Wright said. "But he has many good qualities. I love him, the marriage probably will take place in Hollywood. No, there will be no elopement. We like every minute of our life in Hollywood, except its elopements."

J. A. Campbell today had been named chairman of the plumbing committee which will direct apprenticeship work in connection with the program sponsored by the U. S. department of labor.

Campbell's appointment came last night as S. V. Lund, department apprentice representative, contacted the committee members.

Other members of the committee, in addition to Campbell, are J. J. Campbell and Fred Abbott, appointed by the Master Plumbers' association, and Pat Rile, George Clapper, and W. E. Hendon, appointed by the United Association of Journeymen Plumbers. Mr. Clapper was named secretary of the group.

Announcement was made that the union would entertain members of the committee at dinner at the Park Hotel on Monday, Oct. 1. A program to be followed will be worked out that that time.

RITES ARRANGED FOR W. J. SMITH

RUPERT, Sept. 27 (Special)—Funeral services will be conducted by Bishop J. Dean Schofield Monday afternoon at 2 p. m. in the first ward L.D.S. chapel here. The burial will be in the cemetery in the Rupert cemetery under the direction of the Gooding mortuary, where the body now rests.

Mr. Smith was born Aug. 10, 1868, at Grand Orchard, Neb. He came to Idaho in 1906 and lived in Gooding until 1920 when he came to Rupert where he has resided since that time. He was a member of the northeast part of Rupert where he had been ill for several months.

He is survived by two step-sons, Charles and John Connervey.

Students, Born in China, Will Speak To History Class

Two students who were born in China, Susan and Ernest Herberbery, are planning an interesting and unique collection display for students of Paul A. Jones' history classes at the University of Idaho.

These classes will also hear Ruthann Hayes' interesting observations while on her recent trip through the Far East. Hayes, who is now in New England, is now a member of the U. S. Navy.

NO HERO NEAR WAR ENTRY

TRUCKEE, Calif., Sept. 27 (UP)—Sven H. Berntson, no hero, paid a \$25 fine because he tried to prevent a "train wreck."

Engineer Robert D. Smith and fireman Frank Senguelner of the Southern Pacific train related Southern Pacific's no-hero conduct to Justice of the Peace C. E. Smith, who fined the defendant \$25.

They said Berntson galloped across the roots of the freight cars, and tried to stop the train by jumping on it.

"Stop the train! There's danger ahead!" he yelled.

He explained he had uncovered a pile of lumber that was blocking a tunnel between Truckee and Norden.

The trainmen showed they were unimpressed by Berntson's story, he tried to jerk the throttle. Senguelner said that Smith took the train "peeling" forward until they could turn him over to railroad police at Norden.

Berntson's district judge Smith, wasn't very sober.

MOVING CAMP UNDERWAY FOR FARM WORKERS

Opening of a 75-unit mobile farm labor camp, capable of housing 300 workers, is being announced today by Orin G. Marble, manager. The camp is located near Rupert and will serve the Rupert-Paul-Burley area.

The camp was established primarily to provide workers for the potato and sugar beet sectors. Farmers were urged to place calls for camp labor either through the Idaho state employment office at Burley or by calling the camp directly at telephone 132.

The units is expected to remain at Rupert until about Nov. 15. Facilities include 10 houses with showers and stoves, shower rooms, laundry rooms, a community kitchen, tent bases and a recreation hall. Medical service is available.

FORMER JEROME YOUTH, 22, DIES

JEROME, Sept. 27 (Special)—Friends in Jerome learned this week of the death of William R. Osborn, 22, who succumbed Sept. 19 at Bend, Ore. He was the brother of the late Osborn and pneumonia. He was ill only a brief time.

Funeral services were conducted Thursday at Jerome.

Mr. Osborn had many friends in Jerome and was better known here as "Bill." He was born Oct. 12, 1916, at Frankfort, Kan., and had lived in Jerome since he was 18 months old, coming here from Kansas with his parents. He is survived by a sister, the former La Verda Stumpf, and by a small son, Leroy 2. There are also two brothers, Glen Osborn, Bend, Ore., and a younger brother, Leonard, Jerome, Mr. and Mrs. B. Osborn, his parents, are Jerome residents. He also leaves a sister, Mrs. M. W. Miller, formerly of Jerome, now of Twin Falls.

Mr. Osborn had been employed in Oregon in a lumber mill for the past two months and was a patient at the hospital there only a few days.

Mr. and Mrs. E. E. Osborn and family are leaving this week for Washington, after having sold their place here.

Two Boys Face 5 Charges of Felony

KETCHUM, Sept. 27 (Special)—For two or three months past institutions in Ketchum, Hailey, Carey and other places in Blaine county have been somewhat puzzled at petty robberies. A depot was entered, slot machines disappeared, holes were made in walls, garages were gouged, liquor store was tagged, and so on.

But Sheriff Ward Beck figures and has the predators very much on the spot. The youngsters have been arrested, their names being omitted at the request of officials. The boys had admitted several of the depredations, and the sheriff's force has ample proof for the remainder, except the liquor store job. The boys face five felony charges, including a jail break.

The sheriff and his deputies have been working quietly while the thefts were going on, and assertedly have closed cases on all culprits involved. No action is yet filed.

11,500 FOR TOP HOGS
