

# ECCLES DEMANDS MORE TAXES TO CONTROL INFLATION

## WANTS CONTROL OVER WAGES AND FARM PRODUCTS

WASHINGTON, Sept. 29 (UP)—Chairman Marriner S. Eccles of the Federal Reserve Board declared today that the United States cannot escape runaway inflation without heavier taxes than those now provided and some form of control on wages and farm products.

Eccles also said the threat of inflation, near the "admirable" extension of the 40-hour work week to 48 hours.

Testifying on the administration's proposed price control bill before the house banking committee, Eccles implied the suggested legislation—which does not attempt to curb wages—does not go far enough.

Other administration spokesmen opposed wage control as a stringency agricultural price controls at this time. The administration bill would prohibit the fixing of farm prices at less than 110 per cent of parity.

Eccles told the committee all strikes are "intolerable in times of national peril" since the normal national economy, as well as the defense program, requires full utilization of the nation's manpower.

John Gresson fails to enact adequate tax legislation, particularly corporate and individual income taxes, will exacerbate the inflation. He said if we leave the credit doors wide open, the only alternative is to widen the tax net to which direct control must be applied if we are to avoid runaway inflation," Eccles said.

**Too Little Done**

"You cannot leave wages and salaries—which are the main factor in prices—to rise indiscriminately and be realistic about preventing inflation. You cannot in my judgment, realistically put a high floor under farm prices and no ceiling."

He said he believed the government was approaching the problem of inflation from the right end—"how we have done too little too late so far."

The administration already has imposed some curbs on installment buying—shortening the time in which such purchases may be paid in full and increasing the down payment in the purchase of certain goods. It also has ordered an increase in the amount of bank deposits that must be held as legal reserves. This was a move to cut down the amount of lendable bank funds.

In discussing the possibility the 40-hour week may have to be extended to 48, Eccles said:

**Urges Longer Hours**

"I am not saying that we are ready for it at this moment. But it does seem that during this period of the emergency a somewhat longer 40-hour week might be advisable."

"It seems to me that with shortages in many categories, and with the threat of inflation upon us, that purely as a temporary matter a suspending of the 40-hour week might be advisable."

Eccles made the statement in response to a question by Chairman Henry B. Steiwer, D., Ala., who asked whether the pending legislation should "set aside any benefits to agriculture or labor in legislation already enacted which represents the legislative purpose of congress."

Because of the peculiar construction of their monthly checks turn on their backs when attacking

## Grange Gleanings

By A. HARVESTER

### VISITORS

Kimberly and Hollister Granges are running neck and neck for the visiting championship of this county, and are having a good opportunity in Buhl Grange. The latter Grange has a most impressive record for attendance at the gavel contest meetings, but for visiting other Granges en masse, I believe the banner will go to one of the first two named Granges. And speaking of banners, we have three very strong contestants for the Banner Grange of the state for 1941, in these three Granges, all having outstanding records for Grange accomplishments this year, and they will all three doubt have the Booster night meetings Sept. 30.

### KIMBERLY

Kimberly Grange met Monday night in regular session, with members of Hollister Grange as special guests. Reports from the committee chairman of the fair were given, showing the results of the various entries by Kimberly Grange. This group was third in artistic arrangement and also in completeness of exhibit.

John Gresson was named as chairman of the national defense stamp and bond sales for Kimberly Grange. A representative of this Grange is to cooperate with the national defense nutritional council. Mr. and Mrs. Frank Ber are to represent Kimberly at the State Grange session at Lewiston, the last week of October. Mr. and Mrs. Fred Ber were named alternates.

The program was put on by the members of Hollister Grange and was under direction of Mrs. Ruby Jones, lecturer of that Grange, and was much enjoyed by all. Booster night will be observed Sept. 30, and a large crowd is anticipated, with a good time for all, if you are invited, don't miss it. On the evening of Oct. 1, the ladies' degree team will go to Eden and confer the third and fourth degrees on a class of candidates. What did I tell you? More visiting and helping the other Granges. Refreshments were served and a social hour followed and was enjoyed by all.

### BUHL

Down at Buhl they are having a time getting an assistant steward to stay put, and now Harold Harvey is going to California so the vacant position will be filled by H. A. Peterson, and it will stay put this time as Mr. Peterson is an old wheel horse of the Buhl Grange, and hardly misses a meeting. And by the way, it is the regulars, and not the visitors, who make the Grange organization or any other, for that matter, do the clicking.

A report from the fair committee showed that the Grange had taken \$93.33 in prize money at the fair. Mr. and Mrs. H. A. Peterson were elected alternate delegates to the state Grange session at Lewiston. This Grange is starting a building fund in a rather modest, but sure way, and put \$25 additional to the regular \$5 deposit they make monthly to the fund, and they now have more than \$100 in the fund since the first of the year. The Buhl Grange goes to Northview Grange, which in this case will be at the Methodist church in Buhl, on the shortest trip of any of the Granges in the current gavel contest series of meetings.

W. Clyde Williams of the state employment service at Boise, present and spoke concerning the establishment of a branch at Buhl for the present emergency. The Grange went on record as favoring such a move. Other visitors were Masters Roland Harding of Fairview, Tom Holmstrom of Lucerne, and Fred Gresson of Deep Creek. A big Booster night meeting is planned for Sept. 30, to be held in the Presbyterian church, and guests and friends of the Grange are cordially invited to be present at the pot luck dinner at 7:30, and the meeting to follow.

It is revealed that at least 30 per cent of the members of this Grange are members of the Twin Falls county Pomona Grange. On the night of Oct. 14, the Buhl Grange will present the gavel to Cedar Draw at some place in Buhl to be designated later, as the regular meeting place is too small to accommodate the

crowd that these meetings draw. And for some strange and to me, unaccountable reason, the refreshments, long an institution in Grange circles, were omitted. Must look into this, for suppose I had gone there without my supper? I say just suppose.

At the Booster meeting of S. C. Orr will speak on the progress of the Grange in the past 75 years. Rev. J. A. Howard will tell of his mountain experiences. The program will also feature music and a reading. The choir of mixed voices that the Grange has been working up for some time will make its initial appearance at the gavel meeting on Oct. 14.

Hansen is holding his Booster meetings Sept. 30, and friends and interested neighbors are invited to come. Mountain Rock will hold its Booster meeting Oct. 1 and again the public is invited. Better arrange to attend some of these Booster meetings and find out about the Grange, for it is working for your interests, as well as those of the Grange members.

**GAVEL CONTEST**

The gavel contest is drawing to a very successful close. Only Buhl and Cedar Draw Granges are yet to receive the gavel and then it will be taken by Cedar to the Pomona Grange, where it started nearly a year ago. A lot of Grange progress has resulted from the gavel contest and some new means of stimulating interest will be devised to take over when the contest closes. And no doubt it will be discovered that those Granges that put the most into the contest got the most out of it.

The contest for the best "Grange Gleanings" correspondent has been rather pushed around, what with the fair and duty show taking the Grange interest for the past six weeks. Now that these are out of the way, it might be of some value to state the conditions of the contest. Perhaps we had as well start from Oct. 1, and the contestants will be judged on promptness, completeness of write-up and details. The prizes, again, will be a package of 250 sheets of stationery and envelopes, for first, and 250 envelopes for second, the winner's name printed on the same.

And don't forget that news in the column helps your Grange in the gavel contest. It's easy to win, as they say over the radio.

## MINING CONGRESS OPENS SESSIONS

SAN FRANCISCO, Sept. 29 (UP)—The mining industry—as vital to defense as an aircraft or munitions plant—must carry out a well-planned accident program in order that defense may not be retarded, James K. Richardson, safety director of the Clifton Molybdenum Co., Clifton, Colo., told the American mining congress here today.

The mining industry in 1940 had the highest severely accident rate of 31 industries listed by the national safety council, and ranked 20th in frequency of accidents, Richardson said.

It is logical to assume, he said, that a large percentage of those men killed and injured in the industry were skilled miners, timbermen, trackmen, slusher operators and haulage men.

"Those men cannot be easily replaced," said Richardson. "Our industry trained too few men to fill these jobs during the past 10 years with a consequence we have no reservoir to draw upon during these critical days. Whenever we are forced to replace experience with inexperience, we are materially increasing our accident hazard and by the same token, swerving our ultimate efficiency."

The mining congress, which opened its 8th annual convention and exposition here today, continues through Thursday with field trips to noted mining regions following.

## Youth, 13, Gets His Antelope to Keep up Record

Gerald Painter, 13-year-old son of Mr. and Mrs. Roy Painter, had added another trophy to his hunting list today.

Taking part in the Palmsmet antelope hunt Sunday, the youth brought down a young buck antelope. In previous years he had brought home another antelope, a deer and also a mountain goat.

If unsuccessful in getting a permit for the Soldier mountain area, Gerald plans to strike out for this year's deer on the middle fork of the Salmon river.

## Utility Tax Roll Gains in Jerome

JEROME, Sept. 29 (Special)—Charlotte Roberson, Jerome county clerk, auditor and recorder, has completed the compilation of the utility rolls for 1941 for the county of Jerome and has forwarded recapitulation to the state auditor's office in Boise.

According to the report, valuation increases totaled \$6,801, being \$2,179,458 in 1940, and \$2,186,259 in 1941.

## Chamber Donation Gets FFA Thanks

Future Farmer appreciation for the Twin Falls Chamber of Commerce assistance to Kimberly's state champion meat-judging team was extended today by Stanley S. Richardson, Idaho supervisor of agricultural education.

The C. of C. donated \$30 to help pay expenses of the Kimberly team's trip to the national F.F.A. convention at Kansas City, Mo. Mr. Richardson said he will ask that the team members, after they return, submit to the chamber a report of their trip and activities.

# New tankers on the job for you!

Built by Union Oil Company, they are releasing ships for the Battle of the Atlantic, and helping to reduce threatened gasoline shortage on the Coast.

Seven great new tankers like the Paul M. Gregg—built or being built by Union Oil Company—will help to lessen the threatened shortage of petroleum products in parts of the West.

The shortage, as you probably know, is not in gasoline and oil but in transportation facilities.

Because it is bulky and hard to store, gasoline must be kept moving... must flow from oil wells, to refineries, to service stations, to you.

The tankers have kept it moving. One ship carries as much gasoline as 400 railroad cars—eight 50-car trains. In normal times, these tankers carry the bulk of petroleum products between Seattle, Portland, San Francisco and Los Angeles.

Now there is a tanker shortage.

As the war reduced Britain's tanker fleet, America came to her aid with ships from our oil companies.

The loss of these ships has seriously crippled Pacific Coast transportation facilities. In spite of valiant effort by the railroads and the trucking industry, the crying need is still for tankers.

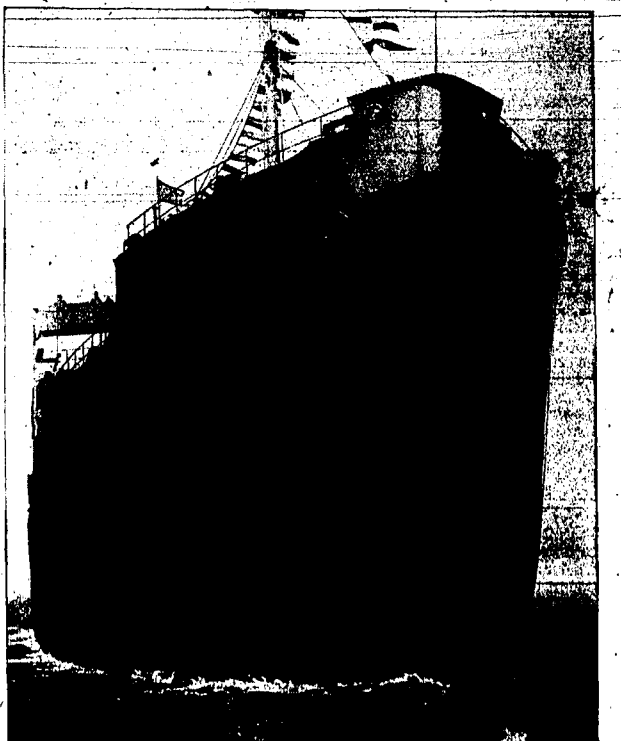

Union Oil Company is bending every effort to meet this need—has been doing so, in fact, for the last two years.

At that time, when the war first began, Union had ten tankers, ample for its normal needs. But anticipating a future shortage, the Company, on its own initiative—without government subsidy—ordered 7 new ones.

Building huge ships like these takes time, but three of the seven have already been delivered. The other four will be launched at intervals of six months.

Each of them is big, fast and modern. Each can carry more than 100,000 barrels of cargo. Each contributes to the defense, to the productiveness, and to the comfort of our citizens.

They haven't cured the transportation shortage, but without them the problem would be a lot worse.

The Paul M. Gregg, pictured here at her launching, is the latest addition to Union Oil Company's tanker fleet. She arrives in Los Angeles this week to start service on Pacific Coast and help alleviate petroleum transportation shortage.

Union Oil Company launched the first oil tanker on the Pacific Coast some fifty years ago. We were proud of that first one. And we're proud of the latest ones, and the part they're playing in the present emergency.

There may be temporary shortages and inconveniences. But we want to assure you that Union is making every effort, night and day, to see that normal conditions are restored just as fast as human effort—and the Battle of the Atlantic—permit.

POT SHOTS WITH The Gentleman in the Third Row. Illustration of a man in a suit and hat.

SERIAL STORY BRIDE FROM THE SKY BY HELEN WELSHIMER. The story begins with a man in a suit and hat, looking thoughtful.

EDSON IN WASHINGTON BY PETER EDSON. Washington, Sept. 29.—One of the most hopeful signs in Washington is the apparent consciousness of too much red tape and the desire of some parties to do something about it.

Brotherhood is Rising. On Sept. 1, 1939, Adolf Hitler unleashed tremendous forces in the world. His own forces he knew—the terror of fire and sword.

Statistics. We have had the Pot Shots research department busy lately. Today the department announced as follows: There were 1,001,009 June marriages in the United States this year.

IN REAL TROUBLE CHAPTER XVIII. JUDY pulled on the parachute with all her strength as she came down, a rising sound of the motors following her.

WASHTON. The incident inspired national archives officials to trace the origin of the term "red tape" back to its first use, shortly after the war between the states, when a veteran bawled out a clerk who was holding up a pension check.

China was disunited, a formless mass of opposing factions. Then came the Japanese invasion, and today—China united; her diverse peoples fused into a brotherhood of suffering whose strength is only beginning to be seen.

MEMO ON GAME DRAWINGS. IF YOU WANT IT! Pot Shots has finally managed to snare a more or less official explanation of those game department drawings wherein public announcements showed many husband-wife names listed one right after the other.

There were hundreds of people at the airport to watch her. Mrs. J. H. Kneeling was the first to greet her. She was smiling broadly and waving her hand.

Charles Thomas, one of the genial hosts of the airport club, was compelled to retire to the Sun Valley hospital, where he was operated on for a hernia. The course will include a hernia operation and then game.

Assist. Secretary of State Berle brought these examples down to modern times in a recent conference of science, philosophy and religion at Columbia university. In most of Europe today, he noted, the Nazis compel the Jews to wear the yellow Star of David.

It seems the stenographers happened to know them and therefore placed the names together after the drawing. In short, says our source of information, the game department did a bundle of additional work...

There were more words. Something about Jack's ball being arranged at the police court in the morning, and suddenly she was placed in a cell, the barred door closed, and the jailer turned his rusty key.

Charles Paulsen, who grazes his sheep in the Warm spring district here, was in town the early part of the week, and had just returned from his camp up the canyon.

By Opposing, End Them? The United States is squarely up against a Hamlet's choice in the matter of small industry: whether to lie back and moan that small industry is to be crushed in the impact of the defense program, or to get in and do something about it.

YOUR BIT OF A RAP FROM OUR SHIO-SHO-NEE CONTRIB. Your local broadcasting station's apologetic yet local announcer is world his predictions on the outcome of the games Friday night, made a double barrelled error in picking Jerome over Shio-nee.

MISS MARJORIE WOODS has been pledged to Janina Phi Beta at the University of Idaho. James Tucker has gone to Leland Stuntfort university to resume his work there.

DECLO. The Sunday school of the Presbyterian church is meeting each Sunday at 10:30 a. m. The worship service is meeting at 8 p. m. with Rev. M. H. Haver as pastor.

The Locusts. It is a weary story now, repeated over and over again, of the way in which the Nazis have stripped like devouring locusts every country into which they have come.

GOODING. Mrs. Otis Carrio is hostess to the members of the Ladies Guild of the Presbyterian church next Thursday afternoon at 2 o'clock.

SHOSHONE CLUB TO HAVE OPEN MEETING. SHOSHONE, Sept. 29 (Special)—The Shoshone club will have its first meeting of the year Friday afternoon at the Memorial building.

## 60,000 WILL SEE TITLE SCRAP TONIGHT

### Louis Is Still 13-5 Favorite To Beat Nova

By JACK CUDDY  
NEW YORK, Sept. 29 (U.P.)—Lou Nova's fantastic comeback campaign, from green-edge to glory, reaches its climax tonight before some 60,000 spectators at the Polo Grounds where he has his dream shot at Joe Louis' heavyweight crown.

It's climax night for Louis, the great Negro champion, who is making his last fight before going into the army—his 19th title defense, and against the man rated the most dangerous opponent he ever faced.

Determined to Win  
Nova is desperately determined to win. "This determination lifted him off his hospital cot 18 months ago when doctors insisted he was dying. It kept him along the Polo Grounds. Louis appears equally determined to pack his crown into the army."

Remo's scheduled 15-round battle will blossom into another Dempsey-Pirpo brawl, which was started at the same Polo Grounds in 1923. Like Dempsey and Pirpo, both of tonight's principals concentrate on attack and rather than on defense. Both are likely to be on the canvas in the early rounds.

Promoter Mike Jacobs expects a gate of about \$750,000, even if today's threatened rain causes a two-day postponement to Wednesday.

Forecast of showers early today indicated the weather might clear in time for the bout, scheduled for 8 p. m. (E.S.T.).

Betting Favorite  
Meanwhile Louis is the betting favorite at 13 to 5, despite Nova's apparent prowess at 20 years—age of a fighter—and his ascendance from the cosmology of Top Louis to only one year older, 37, but he has had 54 fights in the last seven years and he has been in almost constant training, factors which tend to burn out a fighter. The champion apparently showed "enough stuff" in training at Greenwood Lake, N. Y., to convince the smart-money boys that he still is capable of licking Nova.

Louis has suffered but one defeat in 46 professional bouts, and he knocked out 46 opponents, making him the most destructive champion in history.

At Pompton, Nova looked better than ever before in a workout, though never an impressive exhibition performer. His footwork was improved and his left jab and hooks were sharper.

Louis Seems Off  
Louis, who had the fight postponed 10 days so he could get into condition, took things so easy at Greenwood Lake, N. Y., it was difficult for experts to get a true line on his form. He seemed off during his preceding fight—a month campaign, and particularly in his last bout with Billy Wolfe in June. In training, he apparently lacked zest, and he appeared off in his timing and judgment of distance.

But when Joe, the absolute best punches much better. He has plenty of stamina, a world of courage and can punch hard enough with either hand to put Louis on the floor if he connects. Both are easy targets.

### Gets Title Shot Tonight

... Looks up at something that may be the world's heavyweight crown.

### Bears vs. Stanford Game Slated as Bowl Elimination

By JIM SULLIVAN  
SAN FRANCISCO, Sept. 29 (U.P.)—California and Stanford today gave promise of making their traditional "big game" Nov. 29 an elimination round for the Rose bowl.

Both teams won their opening games on the first big football week-end of the 1941 season and both looked good in beating major tenms.

Stanford, starting strong, Rose beat against mighty Minnesota, 42-7, was largely the same California team which a year ago was pitted 41-0 in its opening game with Michigan and "Jimmy Harmon" of Washington, possibly the best northwestern team in the Pacific Coast conference, made a strong stand against mighty Minnesota, although losing to the Cougars, 14-0. University of Southern California skinned past Oregon State 13-7, the Bruins ball-hunting wizard was a little rusty but still had enough zip to confound the heavy Oregonians.

Bears Victorious  
California humbled St. Mary's 31-0, running up 10 points in the first 14 minutes and coasting home. It was largely the same California team which a year ago was pitted 41-0 in its opening game with Michigan and "Jimmy Harmon" of Washington, possibly the best northwestern team in the Pacific Coast conference, made a strong stand against mighty Minnesota, although losing to the Cougars, 14-0. University of Southern California skinned past Oregon State 13-7, the Bruins ball-hunting wizard was a little rusty but still had enough zip to confound the heavy Oregonians.

Leading 10 bowlers in Twin Falls Bowling association leagues saw the average continuing to soar to stratospheric heights—instead of declining as had been anticipated.

Cory Carlson, who led the association last week with a 208 mark didn't bowl. But his average didn't hold the top, because Jack Ford boosted his to 207.

Generally speaking, averages in all leagues showed inclinations to advance. Walker Detsch led the City league with 181. Ford the Major with 207; R. S. Toftennier the Minor with 172; Ruth Rogers the Magic City Ladies league with 177; Fay Bruns the Merchants with 174, and L. L. Niccum tops the Commercial with 183.

Leading 10 bowlers in each league: City—Bertch 181, Prech 177, Parish 178, Bailey 170, C. Coleman 182, Wendling 168, Allan 168, Livingston 183, Cox 182, Olin 161.

Commercial—Nicum 183, Davis 176, Coughlin 171, Houtson 180, Hayes 169, Craig 180, Watson 184, Walker 182, Haskins 160, Handley 160.

Merchants—Brass 174, Handley 172, Wellborn 182, Loving 182, Lawson 183, Cubit 185, Thomas 183, Locke 181, Kuper 180, Williams 180, Magic City Ladies—R. Rogers 172, L. Vaques 168, D. Bertch 185, R. Henry 184, D. Cowan 184, L. Bullier 141, B. Bringer 144, J. Stewart 143, M. Gilkey 142, D. Minahan 142.

Minor—Toftennier 172, Mullen 170, Chung 181, Madison 180, Thomas 187, Duell Warner 186, Johnson 185, Ellison 180, Dillon 184, Miller 184.

Major—Ford 207, Orison 206, Brown 190, C. Coleman 189, Novak 187, W. J. Johnson 186, Jones 184, Ross 183, K. Coleman 179, Edwards 179.

### Rules, Regulations Set on Minidoka Special Deer Hunt

#### Sportsmen Warned On Activities

Warning that all sportsmen who received permits for the Minidoka special deer hunt must "follow the rules," Conservation Officer Grover C. Davis today issued a full set of regulations for hunters to follow for the big hunt that forest underways Oct. 2, closing Oct. 6.

In the new set of rules, Davis points out that officials will be strict "than usual this year."

"We are going to be more strict than ever before in asking sportsmen to follow rules and regulations," says Davis, "and those who find breaking the laws will be hustled into courts and punished."

He mentioned specifically that tags on deer must be "securely attached immediately after the deer is killed." Davis pointed out that in the past there has been a lax attitude on this, but this year all game wardens have agreed that they would "crack down" in that department.

Checking Stations  
Checking stations this year are at Trapper creek near Shaw ranch; Northwiler; on the road west of Oakley; Rock creek CCC camp south of Hansen; Crockett Spring near the boundary on Indian Springs road.

West forest boundary leading in from Rogerson; roving checker on Big Pine creek; one-half mile west of Elba store; and basin at forks of road near the church.

"We are going to be more strict than ever before in asking sportsmen to follow rules and regulations," says Davis, "and those who find breaking the laws will be hustled into courts and punished."

He mentioned specifically that tags on deer must be "securely attached immediately after the deer is killed." Davis pointed out that in the past there has been a lax attitude on this, but this year all game wardens have agreed that they would "crack down" in that department.

### Yankees Split Series Money in 31 Full Shares

NEW YORK, Sept. 29 (U.P.)—The Yankees, famed for their generosity in world series splits, lived up to their reputation today and voted 31 full shares of their world series money.

Full shares went to: Manager Joe McCarthy, Ernie Bonham, Stanley Bordagaray, Norman Branch, Marvin Brewer, Spurgeon Chandler, Frankie Crosetti, Bill Dickey, Joe Di Maggio, Alton Donald, Vernon Gomez, Joe Gordon, Tommy Henrich, Charley Keller, Johnny Murphy, Gerald Friday, Phil Rizzuto, Robert Rife, Buddy Rosar, Charley Ruffing, Maris Russo, George Selkirk, Ken Silvestri, Charley Stancu, Johnny Sturm, Steve Peck, Conch Art Fletcher, Coach John Schube, Coach Earl Combs, Dr. Earle Painter (trainer), and Paul Schreiber, hitting practice pitcher.

In addition, three-quarter shares were voted to Mark Roth, traveling secretary, and Rex Weyant, assistant traveling secretary, and \$1,500 each to Fred Logan, clubhouse man, Walter Owen, groundskeeper, Mike Sheehy, clubhouse boy, and Tim Sullivan, mascot.

### Yanks Lose, Dodgers Win Final Battles

By United Press  
The 1941 major league baseball season ended Sunday with the champion New York Yankees of the American league losing to Washington and the Brooklyn Dodgers, winners of the National league flag, making their 100th victory by defeating Philadelphia.

Sid Hudson blanked the Yanks with four hits for his 13th victory as the Senator whipped the Yanks 5-0, to tie for sixth place with the Browns who defeated the Indians, 6-4. "The loss left the Yankees' final margin over the runner-up Red Sox at 17 games as Boston divided with Philadelphia, winning a 12-11 decision in the first game and losing a 7-1 verdict in the nightcap.

Joe DiMaggio failed to drive in a run for the Yanks but led the circuit with a final total of 125.

The White Sox whitewashed the Tigers, 3-0, to finish third, 24 games away from the top. The loss kept the Tigers in a tie for fourth place with the Indians.

Larry French and Rookie Bob Chapman coupled their pitching skill to bring the Dodgers a 6-1 triumph over the Phils.

St. Louis defeated the Cubs, 3-1, ending the season 2½ games behind Brooklyn.

Cincinnati, 1940 champions, bowed to Pittsburgh, 3-2, to finish 12 games off the top.

Rookie Dave Koslo pitched the Giants to a six-hit, 2-1 victory over the Braves. The victory kept the New Yorkers in fifth place.

### Pioneer Loop Votes for Split Season

POCATELLO, Sept. 29 (U.P.)—Directors of the Pioneer League, meeting here Sunday, decided to drop the Shaughnessy playoff system in 1942, for the split season.

The regular season was shortened from 130 to 120 games. It will open May 1, with the first half ending around July 1. The second half 60 games will end about Labor day. Winners of the half-season will meet in a four-out-of-seven series to determine the league champion.

Directors of all clubs seemed optimistic over plans for next season, Twin Falls, which had a bad season both on the field and at the gate, will try for a major league tieup. Idaho Falls and Pocatello, other teams who had a bad year in attendance, said they were ready to go in 1942. Directors indicated the league would not be enlarged next year — and would be made up of the same six clubs.

### Ted Williams Finishes With Mark of 405

PHILADELPHIA, Sept. 29 (U.P.)—His name is Theodore Francis Williams, his age is 22 and although he measures six feet three inches in height, his weight only 175 after 60 games, he is Ted Williams, the lean southpaw swinger who plays for the Boston Red Sox ranked with baseball's immortals today.

Ted, whose prowess with a bat is exceeded only by a natural feat for the dramatic, played out his first eight times at bat in his team's last two games yesterday to finish the season with a batting average of .405, the first time in 11 years that any major league has batted that high.

When he was through swinging against four Athletics pitchers in the Red Sox split a twin bill he became the first major league player to hit a 400 batting average since Bill Terry hit .401 with the Giants in 1930.

Since the American league was formed in 1901, only four batters before Williams hit .400. Larry Riddle hit .405 in 1911. Ty Cobb .430 in 1911 and 410 in 1912. George Slusser .407 in 1920 and 420 in 1922 and Harry Heilmann .403 in 1923.

### Rain Delays Coast Play-off Series

By United Press  
The Seattle Rainiers still needed two victories to achieve the final playoff round of the Shaughnessy Series today while Sacramento's Solons were resting up for the seven game matchup to the Pacific Coast league season.

The Rainiers triumphed Hollywood 9 to 6 in a drizzle yesterday and now the second game of the scheduled double-bill washed out by rain. Seattle's win left the best four of seven game series at two games each.

Sacramento, on the other hand, took its fourth straight game from San Diego Saturday night, 6 to 3, and now can give its pitchers an extra long rest.

AMERICAN LEAGUE	NATIONAL LEAGUE
Chicago 3, Detroit 0.	Brooklyn 5, Philadelphia 1.
Washington 5, New York 0.	St. Louis 3, Boston 1.
St. Louis 5, Cleveland 4.	New York 2, Chicago 1.
Boston 12-1, Philadelphia 11-7.	Pittsburgh 3, Cincinnati 2.

# 17,000 RETURN TO WORK AFTER STRIKE IN ALABAMA

## 1,000 GO BACK TO JOBS ON U. S. SUBMARINE BASE

By United Press  
A strike of 17,000 CIO steel workers near Birmingham, Ala., ended today and 1,000 striking AF of L members resumed construction on a \$2,000,000 submarine and aircraft base at Key West, Fla.

A third strike appeared averted when 8,400 CIO United Automobile workers at the Bendix Aviation Corp. plant agreed to submit their dispute over a wage differential for women workers to an impartial referee.

An order by Gov. Frank Dixon of Alabama withdrawing home guardmen from the streets and the Tennessee Coal, Iron and Railroad company sent workers in the Birmingham dispute back to their jobs on the night of Sept. 27.

Furnaces Stay Shut  
The company's open hearth furnaces at the plant, employing 600 men, remained shut down, however, pending an agreement between the union and company on incentive payments to workers.

The strike began Saturday when 4,500 CIO unionists walked out of the Bessemer steel mill and other steel mills, coke works and tin mills of the T. C. I. Railroad company in protest against the dispatch of guardsmen to the Ensley mill.

A union spokesman said numerous grievances including one over incentive payments precipitated the original walkout. The company's plants are 30 square miles in Ensley and Fairfield, Ala., and hold defense orders.

## Bravery Award

**WILLIAM NOBLE, JR.**  
Twin Falls sailor awarded life-saving medal by the U. S. navy for saving lives of three naval fliers. He is the son of Mr. and Mrs. W. W. Noble, route one, Twin Falls.

## HERO MEAL FOR WILLIAM NOBLE

For saving the lives of three navy fliers whose plane crashed recently in San Diego bay, Calif., William Noble, Jr., Twin Falls, has received a life-saving medal presented by the U. S. navy. C. A. Edmonson, local recruiting officer, had announced today.

Noble's son of Mr. and Mrs. W. W. Noble, route one, Twin Falls, enlisted through the local station on Sept. 24, 1940. At the present time he is taking a special course at the U. S. naval torpedo station, Key Port, Wash.

Noble's rescue of the fliers, according to word received here, occurred as he was attending the training station at San Diego. Details of the rescue were not released by navy officials who wrote Edmonson of Noble being awarded the life saving medal.

## PARALYSIS UNIT SELECTS BOARD

Directors for the Twin Falls county chapter of the National Foundation for Infantile Paralysis today had been selected to serve for the year 1941.

The directors were selected at a session held Saturday afternoon in the library basement. Board organization will come next Friday.

Those elected Saturday include Mrs. Frankie K. Alworth, Filer, president; Mrs. E. D. Logan, Castleford; C. D. Boring, Dubi; Mrs. Mary Ann Reber, Twin Falls; Mrs. May Janks Guffy, Twin Falls; Mrs. Harold Koenig, Hansen; Clifford Tolman, Murtaugh; F. W. Slack, Twin Falls, and Mrs. W. R. Chase, Filer.

Among reports given Saturday was one by Miss Reber on progress being shown by one of the patients being assisted by the county chapter.

## Past Presidents Plan B.P.W. Week

JEROME, Sept. 29 (Special)—Business Women's week plans will be in charge of the past presidents of the Jerome B. P. W. club, with Mrs. Evelyn Giles heading the committee. The dates are Oct. 5-11.

The club is also planning to send a delegation to the district B. P. W. convention in Burley Oct. 19.

## Public Forum

### CONDEMN APPEARERS WHO DISRUPT UNITY

These men, like the great majority of the American people, do not believe in the Clark theory, that EVEN THE HOLLYWOOD ASSOCIATION DOES TELL AND PORTRAY THE TRUTH REGARDING THE NAZI SETUP. IT IS WRONG AND SHOULD NOT BE PERMITTED. LET BY REASON THEREOF, WE GET IN WAR.

Lindbergh's advice to the American people, viz.: Britain, the Jew race and the administration at Washington are war mongers, that we better keep still, lest when Hitler wins his victory vengeance will be wrought upon us, is not their way of defending our country. They are not appeasers.

A true American patriot is not, and cannot be, a Hitler appeaser. Finland took of the Hitler medicine and she is now under the German (sp. Russ) Norway's appeasers humiliated by the Hitler command (through fear), and now Norway stands helpless under German control. Italy's appeasers kissed the hand of the Hitler garment and the Roman empire is naught but a Nazi pen, and now we have in our country a flock of milk stool appeasers, who under the guise of free speech and direction by the America first committee, endeavoring to lead us down this same inglorious path of destruction and dishonor.

Russia is holding the German war dogs at bay because, first:

## TWO CARS CRASH; 8 ESCAPE UNHURT

Although both machines were badly damaged, eight young passengers escaped serious injury late Saturday night as the cars crashed at the intersection of Fillmore street and Filer avenue on the northeast city limits.

The crash was investigated by Deputy Sheriff Ed Hall.

The machines were operated by Clifford Lemmon, 21, Buhl, and Richard Hancock, 19, Idaho Falls. Lemmon was on Fillmore and Hancock, who was en route to Boise, was on Filer.

The Hancock car was struck on the left rear fender and ended up with the arm of a mail box at the roadside sticking through the back seat. No one was hurt at the scene. Riding with Hancock was Delbert Thoren, Kimberly, who suffered a slight shoulder injury.

Passengers in the other car were Glenn and Wendell Lemmon, Byron Nelson, Francis Brannon and Lois Eason, all of Buhl; Gertrude Turnbaugh, Filer.

## Smallest Fish

Pandaka pygmaea is the smallest fish known in the world. Reaching a minimum length of 6/16 inch and a maximum of 7/16, it is found in the waters of the Philippines.

## SHARP FIRES AT RIVER AUTHORITY

Opinion that "those most vitally interested in reclamation in Idaho" are opposed to establishment of the Columbia river valley authority had been expressed today by N. V. Sharp, Filer, president of the Idaho State Reclamation association.

In making the statement, Sharp also pointed out that his views along this line are against the establishment of the authority. He declared that in his opinion the state should not surrender its priority of right over the control of the public waters within its boundaries and added that "present federal agencies have adequate means at hand to conserve and develop the state's water resources to the best interests of the state."

Sharp will be among Idaho delegates attending the national reclamation convention set for Phoenix, Ariz., Oct. 15 to 17.

## MASK AND WIG HOLDS INITIATION

MURTAUGH, Sept. 29 (Special)—The Mask and Wig club of the Murtaugh station at San Diego, Calif., held its party Friday evening. Invitations were issued to guests.

Members and faculty came commingled at 10:15. Each member gave a reading with criticism by Mr. Boden, club sponsor. The members then passed across the stage and received their membership cards from the Mask and Wig president, Betty Jane Pedersen.

Prizes for costumes went to Oliver Johnson, Jr., that as Mrs. Pili; Angelina Anderson and Dorothy Day that for Mrs. Pili.

Eight members imitated famous characters. Calvin Merrill received first place as Mae West; Clara Perkins, second, as "Old Time"; and Dorothy Day, third, as Molly McQueen.

The remainder of the evening was spent in playing games and dancing. Pop corn and ice cream were served.

## Appeal Looms in Suit Over Fees

JEROME, Sept. 29 (Special)—Justice of the Peace Clark T. Situation has overruled a demurrer filed by M. L. Lewis, Jerome attorney, asking that the case which was brought against M. Lewis by Sheriff Lee S. Johnson for collection of sheriff's office fees, be dismissed. Following action by Judge Situation today, Lewis sought his intention of filing an appeal.

The complaint claimed that fees due since Jan. 2, 1940, Jan. 20, 1940 and Jan. 31, 1940 had not been paid by the defendant, M. L. Lewis.

In answer, Mr. Lewis filed the demurrer Monday Sept. 22, asking that the case be dismissed on the grounds that it failed to specify whether or not Sheriff Lee Johnson is attempting to collect the fees for the sheriff's office or for the county.

## Nurse Accepted at Air Base at Boise

BIOSHONE, Sept. 29 (Special)—Miss Geneva Hickman, Lincoln county nurse for the past two years, has accepted a position as an army nurse at Gowen field air base at Boise, and will leave Oct. 1 for her new duties.

Her sister, Miss Dolis Hickman, stenographer in the office of County Attorney C. C. Shaw for the past two and one-half years has resigned to accept a position in Burley with the department of public administration. She will leave Oct. 1 for Burley.
