# TIDE OF UNREST GROWS IN NAZI-HELD TERRITORIES

## 844 ARRESTED IN CHIEF, BULGARIA PORT BY POLICE

By United Press  
European reports said today a flooding tide of unrest and disaffection in German-occupied and German-dominated Europe has spread to Bulgaria, and police there had started a series of raids in an attempt to clean out dangerous elements.

A broadcast of Vichy radio heard in London reported from Sofia that police had made a close search of Varna, Bulgaria's chief port, and had arrested 844 persons.

Importance of the raid was emphasized by the fact Varna, Bulgaria's third city, is a main base for ships which Germany is mobilizing, apparently for land, sea and air operations against the Crimea and the Caucasus in Russia.

58 More Executed  
Berlin admitted 58 additional persons had been executed in Czechoslovakia and the total of executions since the German secret police imposed a state of emergency on Czech areas this month brought to 84.

A United Press Moscow dispatch reported that the "national unity" underground radio station in Czechoslovakia had been heard urging the people to organize a general strike in protest against German repression.

Repression Campaign  
Dr. Milha Ekrek, deputy premier of the Yugoslav government who is in London, asserted he had received information of an organized, merciless German repression campaign in Yugoslavia, where guerrilla activity is constantly increasing.

A Stockholm dispatch said a financial crisis was feared in Oslo because the Norwegian treasury was exhausted after the payment of enormous sums to Germany for "occupation costs."

## FIREMEN CHECK OIL TANK BLAZE

A blaze which centered in an oil tank at the rear of the Hoopland Fuel and Gravel company yesterday shortly after 9 p. m. was quickly extinguished by local firemen.

Fire officials said that the blaze was apparently caused by the overheating of a 2,700-gallon tank of road oil. The oil overflowed after becoming overheated and spread over the area. Such oil is heated before being transferred to trucks for distribution.

The blazing oil was spreading rapidly when firemen arrived but quick action checked the spread.

## GOP HEAD STOPS FOR BRIEF VISIT

Optimistic over the Republican party's chances in Idaho in 1942 and the "general picture" in the nine states through which he has traveled this far, Rep. Joseph W. Martin of Massachusetts, national G. O. P. chairman, stopped briefly in Twin Falls last night en route to a state party session at Boise.

Informal and affable despite a "man killing" schedule on his present tour, the national chairman was guest with others in his party at the home of Mrs. Emma Clouchek during his brief stop here. Mrs. Clouchek is Republican national committeewoman for Idaho.

Chairman Martin praised Rep. Henry C. Dworshak, Idaho's Republican congressman, as "among the most promising younger men we have at Washington today."

## IDAHO GOP PLOTS STRATEGY FOR '42

BOISE, Oct. 1 (UP)—Idaho Republicans today were completing organization plans to carry out the goal, declared by their national chief, of electing a Republican congress in 1942.

At a series of meetings yesterday afternoon, Rep. Joseph W. Martin, national GOP chairman, told state party workers to get their sights for election victories next year.

Martin left last night by car to catch a plane at Pocatello for his next stop at Butte, Mont.

Members of the state GOP central committee met in closed session to establish policies for the coming campaign and give a vote of confidence to the present state leadership. The committee decided to give a moving picture and Mrs. Carlyle Smith, state chairman, power to make arrangements for the coming campaigns. Another meeting was scheduled for Oct. 12 to continue strategy work, including establishment of permanent party headquarters and a publicity bureau in Boise.

## SOUTHWEST HIT BY NEW FLOODS

The second flood within a week in three southwest states today left damage running into the millions of dollars.

In New Mexico alone, where the rains fell to pour eastward into Texas and westward into Arizona, \$15 million was lost.

Thousands of acres of Gila valley farmland in New Mexico and Arizona remained flooded, with crop loss estimated at a quarter of million dollars.

No fatalities were recorded by this recent flood and two persons believed lost were found.

## Convict Hunted After Kidnaping

CONWAY, N. H., Oct. 1 (UP)—An ex-convict was hunted through the east today as a "kidnaping suspect" in connection with the search for five-year-old Pamela Hollingsworth who vanished Sunday from a White Mountain picnic ground.

## Hearing Set for Gooding Resident

JEROME, Oct. 1 (Special)—Edward Amnot, Gooding resident, arrested here last week after his car allegedly struck down a pedestrian, Jim Wray, pleaded guilty this week to charges of drunken driving.

Time of hearing was set for next week, officers here stated. Amnot was released this week from jail upon furnishing bond for his appearance.

Hearings was set for Tuesday, Oct. 7. Wray suffered a badly lacerated eyebrow and a facial bruise. He received treatment by a local physician. The accident occurred Friday at about 8 p.m. inside the city limits. Police said that Amnot was proceeding south when he allegedly struck Wray.

## FDR Points to Necessity of Defending Freedom of Press

NEW YORK, Oct. 1 (UP)—President Roosevelt said today that National Newspaper week, Oct. 1-8, "should awaken in the hearts and souls of all Americans a renewed determination to defend and maintain and perpetuate the priceless heritage of a free press."

"The maintenance of an unfettered press, informed by truth and guided by a courage and conscience and unshakable devotion to the public welfare," the President said, "is a fundamental obligation of patriotism."

"I trust as a result of the forthcoming observance that Americans elsewhere will have a renewed sense of the inalienable blessing which a free press confers, it must be maintained against all assaults."

The President's statement was released by the national newspaper week committee of the newspaper association managers, which is sponsoring educational programs in 5,000 communities of the nation, starting today, on the theme "The Newspaper Lights the Way of Freedom."

Observance of the week will include gifts to newspaper plants, civic club meetings on the subject of the press, newspaper exhibits, essay contests, and a variety of radio speeches, editorials and news stories on the part played by newspapers in the country's life and national defense.

Many prominent persons paid tribute to the press in statements. Secretary of State Cordell Hull said "a free and informed press is essential to a successful program for national defense."

Secretary of War Henry L. Stimson expressed a "high opinion of the part which the newspapers of the country can and are taking in the national defense effort."

## CHANGE DIM FOR U.S., JAPAN PACT

SHANGHAI, Oct. 1 (UP)—Information from usually reliable sources at Tokyo gave a pessimistic picture today of attempts to relieve tension between Japan and the United States, and predicted an early cabinet crisis in which Premier Prince Fumimaro Konoye must face a showdown.

These reports suggested the crisis would come in about two weeks, and the premier might again be forced to reorganize his cabinet if he has failed to make favorable progress in exchange with Washington.

## CHESH SETS NEW GOAL AT \$12,000

Goal for the Twin Falls Community Chest this year will be \$12,000 and the annual drive will get underway Tuesday, Oct. 21.

Drive goal and date were set last night at a board session held here.

Drive chairman will be Carl N. Anderson while adding him will be Frank L. Cook as chest president. The amount asked this year is \$2,000 above the results of the last year's successful drive headed by Harold Harvey.

Organizations participating in the benefits of the drive include the Boy Scouts, Camp Fire Girls, Children-Teacher association, Boise Children's Home Finding and Aid society, YMCA, Twin Falls Recreation association, the Salvation Army and the McClary-Heath camp at Bull.

## BOY ESCAPER, 16, BACK IN HIS CELL

Gerald Taylor, 16, who escaped from the Gooding county jail earlier this week by "digging out" under the cell window casing, was right back where he started from today.

Taylor offered no resistance when he was captured at Wendell late last night. Shortly before his capture he had been seen entering a chicken house, apparently with the expectation of spending the night there. This "lodging place" was disturbed, however, by officers who arrived on the scene shortly after receiving the tip.

Assisting Sheriff Clair King, Gooding, in the capture were several Twin Falls officers including Sheriff W. W. Lowery, City Patrolman A. E. Perkins and State Policeman V. K. Barrett. At the time of his escape the youth was being held on a burglary charge.

## Civilian Aid Asked In Fire Fighting

CLEVELAND, Oct. 1 (UP)—Officers of the local civil defense council today urged formation of auxiliary fire brigades at defense plants to fight such fires as that which yesterday destroyed the plant of the National Bronze and Aluminum Foundry company with an estimated loss of \$250,000.

The factory, which was said to be the third largest aluminum foundry in the country, had major defense orders for aluminum castings for plane, tank and ship parts.

Although the F. R. I. began an inquiry into the cause of the fire, Chief Fire Warden Patrick E. Barrett said he was certain there had not been sabotage.

## Sun Valley Line Shifts Schedule

Changes in the Sun Valley stage line service will put the buses on winter schedule Saturday and Monday, according to J. L. Schwinn, proprietor.

The Ketchum to Salmon portion of the run will be discontinued Saturday for the year. The other change will come next Monday when the morning schedule of buses leaving Twin Falls will be moved up an hour earlier. They will leave daily at 10 a. m. and will arrive at Sun Valley at 1:10 p. m.

Afternoon schedule of the line remains unchanged, Mr. Schwinn said.

Well Done!
Anyone who has carefully followed the first-hand accounts of the American army maneuvers this summer is bound to be considerably impressed with the progress that army has made.
These maneuvers have come about as close to the real thing as it is possible to come short of actual war.

Many observers believe that the American army today is, for its size, equal in training and quality to any army which has not actually been in combat. It is idle to argue that their training is, or can be, equal to the experience of the German veterans who have survived Poland, Norway, France, the Balkans and Russia.

Morale problems have declined to the maneuver period. When there is plenty to do, grouching falls off. If, when the maneuvers are over, the new equipment continues to pour in, inequalities of equipment at various camps are ironed out, and a thousand little sources of friction smoothed-out by the iron of experience, spirits (and the spirit) of the men in the camps will probably rise.

Politics and the Army
The relationship between the ordinary civil and political life of an American and his life as a soldier is interesting. In the early days of the republic, a sharp line was drawn against political activity by soldiers because of fear that a military clique might gain political power.

Judy alone, Judy did not remove the calico dress. She wrapped herself in the blanket and laid down on her cot. She looked at the slim watch set in blue and white enameled, a birthday gift from Phil. She had intended to remove it from her wrist but Miss Mattie's arrival had interrupted. The watch had stopped in the high altitude. She would not know that it was morning until the matron came again. Meantime a rat ran around the cell and escaped through a hole. She could hear it scratching somewhere near and moved closer to the wall.

# REPORT OF 1941 COUNTY FAIR SHOWS IMPRESSIVE SUCCESS

## ROBEO'S CROWDS AND 'PAID' CARS SET NEW MARKS

It makes no difference from what angle you look at it—the Twin Falls county fair this year was a success.

In fact it was such a success that after all the bills are paid there will be a substantial cash balance to be used in pushing the 1942 show.

All this, and more, was shown in a report which Tom Parks, secretary-manager, presented to members of the fair board.

Rodeo attendance this year set a new record as did the number of cars "paying their way" through the front gate. Paid admissions at the fair were also the second highest in the fair's history, exceeded only by the 1940 crowd and not much at that.

**Paid at Gate**

Paid admissions at the front gate of the grounds this year totaled 23,033 while owners paid to drive 4,379 cars inside the grounds. Total front gate revenue came to \$93,330.

Paid admissions at the rodeo totaled 17,113 and produced a revenue of \$11,897.50. Of the number of persons paying to see the rodeo, 5,822 paid out their cash for reserved seats and 12,091 for general admission seats.

Ed J. Cremer, rodeo director, received \$7,120.45 for putting on the show and the fair received the balance of \$4,776.50. For the money he received Cremer turned over to the stock all the free acts, all the rodeo help, the clowns and the trick riders. He also turned over to the railroad freight bill to get the animals in here and out again and paid the bill for the feature act presented nightly at the rodeo's intermission, \$4,622.87 expenses.

All checks for premiums and awards for livestock, produce and other fair entries have been mailed out, Parks reported, and the expenditure came to the sum of \$10,000.

"It was interesting to note that out of the 23,033 persons who paid their way through the front gate, 17,113 continued right on and paid their way into the rodeo grandstand.

Aside from the working balance which will be left to aid toward the show next year, Parks pointed out that improvements on the grounds this year included the laying of 3,000 feet of new pipe for the water system. Of this amount, 1,500 feet was six-inch pipe which joins the pipe main in the place, making a complete circuit. Other work accomplished and paid for included the construction of the new dairy barn and the completion of the sheep barn.

**Will Revise Chutes**

For next year's rodeo it is planned to re-arrange the animal chutes so more people will be able to get a direct view of the work on this project will start this fall and will be completed next summer, Parks said.

In presenting his report to the fair board, Parks prepared additional data which showed "front gate" paid admission figures from 1928 through the fair year. These follow:

1928—12,941; 1929—19,203; 1937—22,857; 1938—20,718; 1939—18,299; 1940—23,440; 1941—23,033. It was pointed out by Parks that the gain in the number of cars passing through the gates this year and also the number of persons attending the rodeo more than offset the small loss in front gate paid admissions.

**Steady Increase**

From the lowest attendance in 1929, Parks' report shows that the crowds have been steadily increasing since that time. Following is a table he prepared showing general admissions, reserved seat admissions and revenue from 1928 through the present show:

1928: 14,728 general admissions plus 1,180 reserved seat admissions, for total revenue of \$9,254.

1929: 14,018 general admissions plus 3,228 reserved seat admissions, for total revenue of \$10,264.

1937: 11,956 general admissions, plus 3,677 reserved seat admissions, for total revenue of \$9,859.50.

1938: 11,946 general admissions, plus 4,001 reserved seat admissions, for total revenue of \$9,824.

1939: 10,836 general admissions, plus 3,079 reserved seat admissions, for total revenue of \$8,000.

1940: 13,192 general admissions, plus 4,208 reserved seat admissions, for total revenue of \$10,778.

1941: 12,991 general admissions, plus 8,222 reserved seat admissions, for total revenue of \$11,897.50.

**Total "front gate" paid admissions to the fairsgrounds for the seven years, 1928-1941, both inclusive, stands at 146,881 while total admissions (general and reserved) for the rodeo for the same period comes to 112,860.**

All in all the fair and rodeo have been successful all along. We haven't made much money but then we haven't lost a lot either," Parks opined.

**Services Held for Marion Miley, 27**

LEXINGTON, Ky., Oct. 1 (AP)—Marion Miley, 27-year-old Polish woman, was buried today as police worked for the fourth day with only fragmentary clues to find murderers who killed her and critically wounded her mother.

Her mother, Mrs. Fred Miley, 60, remained in the hospital for three successive weeks suffering from the shooting wound in the Lexington county jail, but investigating authorities were beginning to hope she might recover sufficiently to be questioned.

This is one of the few pictures of its kind to come out of the European war. It shows neighbors and relatives of a German Luftwaffe pilot who had visited a Russian town. ## SENATOR POINTS TO DICTATORSHIP

LOS ANGELES, Oct. 1 (AP)—Sen. Burton K. Wheeler, D. Mont., identified Hitler as a dictator today in the Senate.

"The essence of dictatorship" has been established in the United States in the name of democracy," Wheeler said at a Senate hearing yesterday, said the issue before the American people is a question "simply of whether we can preserve constitutional government in America."

"I'm opposed," he said, "to any one-man government, whether it be in the name of Communism or Nazism or Fascism or New Dealism—they all look the same to me."

## Libel Action Filed By Montana Solon

BUTTE, Mont., Oct. 1 (AP)—Jerry J. O'Connell, former Montana congressman, today had criminal libel charges on file in justice court here against D. M. (Tip) Reynolds, editor of a "Three Peaks" Montana political newspaper.

O'Connell's charges were based on an article in the Sept. 27 edition of Reynolds' paper, "The Pink Reporter," which purported to "repose" an alleged exchange of money in which O'Connell was said to have figured.

Reynolds, brought here for arraignment, pleaded innocent and a \$500 bond was set to await trial Oct. 8.

## MAROA

A. K. Reed and Howard Reed returned last week from Salt Lake City where they exhibited their pulling team at the Utah state fair. They placed second in the midweight division. The teams also won prizes at Kiko, Pocatello and Jerome.

Reed Hoffman returned Saturday from a successful antique hunt in the Okla. district.

Mr. and Mrs. Charles Smith left last week for Topeka, Kan., where Mr. Smith will undergo examination at the S. A. hospital and clinic.

Mrs. A. K. Reed returned Thursday from Seattle, Wash., where she spent 10 days at the home of her parents. Mr. and Mrs. T. F. Whitaker, while Mr. and Mrs. W. H. Whitaker, and Miss Florence Hawka, both of Woodland, were attending the wedding of her brother, Saul Whitaker, and Miss Florence Hawka, both of Woodland, in this district was completed Tuesday by Mrs. Ernest Reed.

Mr. and Mrs. Charles Horton, Bell River, Ill., are visiting at the home of their daughter, Mrs. Charles Crawford.

Mrs. E. E. Vaughn, Portland, left Monday for her home after spending 10 days at the home of her sister, Mrs. Sam McClintock.

## FBI Sends Bid to Chief for Fifth Column Control Study

J. Edgar Hoover, director of the federal bureau of investigation, again invited Chief of Police Howard C. Gillette today to attend the annual training session and reunion of the FBI National Police Academy, to be held in Washington, D. C., during the week starting Oct. 6.

Acceptance by the police chief, however, was doubtful today.

Fact that Gillette, a graduate of the national academy, was invited to attend was announced in a communication from W. C. Banister, D. C., during the week starting Oct. 6.

Mr. Banister stated the FBI hoped that each of the men invited to attend the training session could do so because it will be devoted particularly to advanced instruction in the investigative and technical aspects of espionage, sabotage, and other internal security matters.

"Of special interest will be the instruction afforded by officials of the FBI who have made an extensive study in England of police duties under wartime conditions," Banister said. He continued:

"The emergency has not made us lose sight of the seriousness of the crime problem. The two per cent increase in major offenses last year emphasizes the need for continued study of scientific law enforcement procedure of the type that will afford those in attendance at the training session."

Began in 1935

Inaugurated by Mr. Hoover in 1935, the National Police Academy has graduated 591 selected police officers (including Chief Gillette) representing police personnel of over 92,000. While the training session lasts but one week, the original course covers 12 weeks of extensive study to equip the men to serve as instructors in their own departments.

The training session this year will conclude on the morning of Oct. 11, with the graduation exercises of the 18th session of the academy which has been in progress at Washington since July 21.

Among those by the 18th session who will receive their diplomas is Robert M. Pugmire, chief of detectives of the Pocatello department.

## Recreation Unit Turn-out Climbs In 'Friend' Week

Observance of "Bring a Friend" week at the Twin Falls recreation center resulted in an attendance of more than double the previous week.

Officials announced this afternoon. The observance was held last week and during that time special programs were in effect. Three prizes were awarded to those bringing the most participants with them during the week.

Wanda Loveland, first; Lois Bellers, second; and Harry Brice, third.

Officials today announced that Edward Granville, a new skilled leader, has been added to the staff and will be in charge of the wood work classes. Harry Matthews has been assigned as recreation center attendant.

On Mondays, Wednesdays and Fridays the team room, woodcraft and miscellaneous crafts are supervised by the recreation center. On Tuesdays and Thursdays plaster of paris craft is under supervision.

## Intoxication Charged

JEROME, Oct. 1 (Special)—J. F. Combs was floated out of the city after he appeared to admit guilt to charges of intoxication before Police Judge Clark T. Stanton Monday of this week.

B. M. Williamson, who also appeared on a charge of intoxication, was released upon payment of bond. He will pay his fine within a few days.

## NEW TYPE TANK RUNS IN WATER

NEW ORLEANS (AP)—A full-scale test model of a tank now being built here proves an effective in action as it floats on paper, the United States may have a self-contained amphibian.

Invented by Morris Poche, a 35-year-old mechanic, the tank is a trackless amphibian, designed to travel at 60 miles an hour on land, to churn along at 15 in water, to keep afloat if any one of the three wheels on each side is shot away and to give the turret gunner a 360-degree sweep.

Length will be about 16 feet and weight seven tons. Officials say it is planned for mass production, with an all-welded body to which armor plate may be riveted or bolted.

Poche set out six years ago, he said, to invent a new knee-action for automobiles, but the Japanese-Chinese war diverted him to tanks.

He has completed a 43-pound, 23-inch model of sheet metal, which he runs with an electric motor. But he expects the full-scale tank would be powered either by a gasoline or a Diesel engine.

Replacing the caterpillar tread with a trackless design, the tank is a tank with small steel paddles which afford grip in marshy land and serve as paddle wheels in water. Inside these clad drums are spiral ratchet rubber-tired wheels allowing the tank to take modern highways in stride.

"As for maneuverability," Poche said, "it'll turn in its own length on land or in water. Another feature is a new-type shutter and a revolving sleeve shield that will give the man in the turret a 360-degree sweep with his gun."

The model being built will mount one 37 millimeter gun and two machine guns, and will be manned by a crew of three.

## HELBURN

Staff Sgt. Layton Schrock, son of E. B. Schrock, Helburn, was graduated Sept. 20 from the electrical course of the Chanute field branch of the U. S. Army air corps technical schools at Rantoul, Ill., according to word received here. Schrock, who enlisted in the air corps March 11, 1937, is assigned to McCord field, Wash.

Mr. and Mrs. H. O. Pullman are spending a few days in Baker, Ore., at the home of Mr. and Mrs. Donald Martin.

Mr. and Mrs. Earl Price were visitors in Boise over the week-end. Elizabeth Smith, teacher in the Wendell school, spent the week-end here with her parents.

JEROME, Oct. 1 (Special)—The worthy grand matron of the O. E. B. of the state will pay an official visit to this chapter Friday evening. It was announced this week by Worthy Matron Mrs. Eva H. Smith of the Jerome chapter. School of instruction will take place that afternoon, beginning at 2:30 p. m.

## Boys' Club Opens Color Week Drive

With huge blue and white posters to advertise the fact, fourth annual "color week," sponsored by the Boys' Club of Twin Falls high school, was underway today and Charles G. Goy, general chairman of the week's activities, reported a sale of 375 of the 500 symbols.

Sale of "color week" badges began at noon yesterday and will close as color week concludes after the Twin Falls Bruins meet the Nampa Bulldogs at Lincoln field Friday evening.

Proceed from the sale of badges, in the school colors of blue and white, are used to finance Boys' Club activities throughout the year. This year's badges, to be worn throughout the week by students, are formed of a large white button with the word "Bruins" in blue letters across the center, and blue and white stripes around the edge.

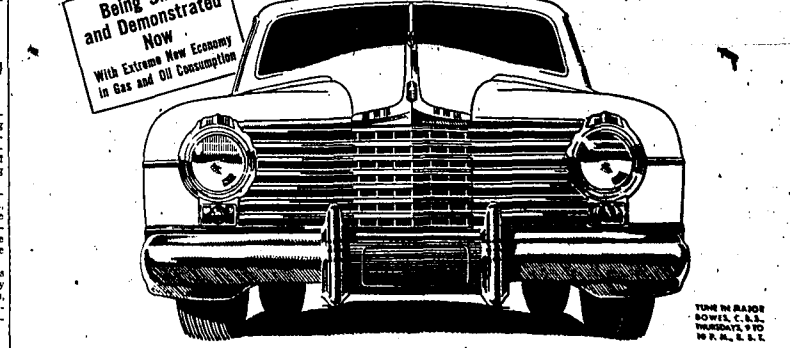

Better than a dozen hankies for opening STUFFY NOSTRILS

What's the use of sniffing in many hankies, trying to blow mucus out of your nostrils? It only gets on the laundry bill. And remember, a lot of colds are caused by sniffing, sneezing, coughing, yawning, and rubbing.

Mentholatum helps in many ways that you should always remember. For Decaying Gum, Canker Sores, and Cold, insert a little Mentholatum.

There Can Be No Curtailment of Dodge Quality... No Substitute for Dodge Dependability

Being Shown and Demonstrated Now With Extreme New Economy in Gas and Oil Consumption

Step Out in Clean FALL CLOTHES There's NO extra toll to the care we exercise in cleaning.

400 CLEANERS 241 Besshove N. Phone 438

EVERY MAN OR WOMAN who buys one of these new Dodges will get for his money the very finest car that Dodge has ever turned out. He will get it, of course, from a smaller total production, because the Government of the United States has first call upon Dodge factories and men. But, we repeat, every civilian buyer of Dodge motorcars will receive for his investment all of the traditional Dodge quality at higher levels of endurance, performance and economy than Dodge has ever supplied them before.

Power-Flow Engine—For All-Fluid Drive

He will get, literally, the climax value of twenty-seven years of fine car engineering. He will get the phenomenal success of Dodge All-Fluid Drive. He will get the new Power-Flow Engine, designed and adapted as the more powerful complement to the fluid smoothness of Dodge All-Fluid Drive. He will get a motorcar of lifetime lasting qualities, in which riding and driving have become almost the same thing—except that the driver gets the added joy of command.

Dependability—Forever the Watchword

It is unquestionably true that fewer cars will be built this coming year, according to your own defense requirements. But, above all, it is true that there will never occur any curtailment of Dodge motorcar quality—and no substitute, ever, for Dodge Dependability.

A new Dodge car is a basic investment for the future.

# NEW U. S. LEVIES GO INTO EFFECT

The tax is on today. Figuratively speaking, practically everything comes under the revenue act of 1941 which will aid in providing funds for national defense through taxation. The tax law became effective today.

Also speaking broadly, the new tax is divided into two parts—the one a retail tax and the other a manufacturers' tax.

The retail tax and "floor stock" were felt here immediately but, in some cases, the manufacturers' tax will not be felt for some time. That is because, officials point out, the manufacturers' tax will not apply to certain articles which local dealers now have on hand. Until they dispose of the articles on hand as of today, the tax will not come into effect. First taxes along this line will appear on orders received after today from the manufacturing plant. Some dealers have large stocks of such commodities on hand.

A list of articles which will carry a manufacturers' tax is obtainable from the local revenue office. Like wise a list of articles carrying the retail tax also is available. The consumers, however, will pay both taxes in the long run because the manufacturers' tax will be passed on to them.

# Achievements to Be Told Oct. 3rd

**GOODING, Oct. 1 (Special)**—Final plans have been made for Gooding county's annual achievement day which is scheduled to be held at the First Methodist church in Gooding Friday, Oct. 3.

"Building Strength in the Home" is the theme for the program which is held by university home economics clubs under the supervision of Mrs. Dorothy Neal Stephens, district home demonstration agent. "Building Strength" is the theme of the program; is presented as part of the need of the hour for individual integrity and national defense, and most of the talks and exhibits will deal with ways in which homemakers can make their homes, their communities, and themselves increasingly efficient.

"Through better nutrition, better household management, better family relationships, even through better grooming and better recreation, every homemaker can help build national strength," said Mrs. Stephens.

General chairman of arrangements for the day is Mrs. John Korchmar. Committees finally will be assisted by committees from the various clubs of the county who are co-operating with the county in the program. Luncheon will be served at the church and the style show will follow immediately after the luncheon. Exhibits will be displayed during the day.

# Shirley Temple Returns To Films as Glamor Girl

By PAUL HARRISON (NEA Service)

HOLLYWOOD is a little starting to see Shirley Temple in a full-length party dress and looking trim-figured as a diva straddling a room and into the arms of Archie Marshall. She exchanged a couple of enthusiastic kisses.

All this was strictly father-and-daughter business, yet the procedure also seemed a little disconcerting to the elder player. Ordinarily a hard man to fluster, Marshall blew up in his lines three times.

Miss Temple, glowing with the excitement of being back in the world of lights and dramatic tension, didn't make any mistakes.

The story of "Kathleen" is a good one for the reintroduction to the screen of the youngster whose career was almost wrecked by a lot of saccharin nonsense and cloying precocity. Miss Temple has been out of movies about 18 months, and the fans will want to see her in a vehicle that really puts her through her paces. This one does. Fun and despair, sweetness and devilry, singing and dancing are in it.

No Misad, 8be

One of the most interesting prospects is that audiences finally will get a good look at the star. During her last year or so at 20th-Fox, her growth was minimized by costuming, by casting her with extra-tall adults, and by means of various tricks in camera angles. These were responsible for the persistence of the myth that Shirley Temple was a midge.

Actually, of course, she was growing all the time. In the past six months she has added only about an inch, but fans who have been fooled by previous pictures will exclaim that she has shot up almost half a foot.

The Wonder Tot and Marvel Mite are gone. So is the babyish chubbiness. At 12, Shirley Temple stands an easy 4 feet, 11 inches and weighs as of this writing 101½ pounds.

Another thing: Her hair now is its own natural color—a dark brown, and getting darker. Her mother's hair is practically black, and she told me that it was quite blond when she was a child. Shirley wears here in a shoulder-length, loose bob. Gertrude and George Temple said they're very pleased with the script of "Kathleen," and also with the result.

# GROUP NAMED AS CUB NEWS STAFF

Weldon Clark is to cover assemblies, while Mary Bankhead will report on clubs.

There are 14 "cub reporters" for this issue of the junior high school paper: Patricia Payne, Larry Wood, Ann McMillan, Charles Palmer, Lawrence Nelson, Nancy Ann Sprague, Jeanne Kline, Dick Harper, Janet Pettigrove, Andy Harrington, Blanche Leopold, Vera Hempleman, Donna Graham and Georgia Burgess.

# Novel Cartoon Idea Aids Yearbook Sale

He's red-headed, has floppy ears, roguish eyes, and in spite of it all bears a pleasantly comical smile. He's the mascot of the yearbook at the school. He's a little fellow drawn on the blackboards, advertising the beginning of the campaign for the sale of yearbooks.

"They're drawn by a committee of four: Grace Bruley, Ruthann Hayes, Hubert Padcock and Dean Joslin.

# GOODING

Six Gooding youths are doing without their bicycles for a 30 day period because they failed to comply with city ordinance. The boys were picked up by police officer Sherman Stump when they were found recklessly weaving in and out of traffic on Main street. They were taken before city police judge E. L. Stilson and answered various charges including no lights or reflectors, no licenses and riding double. The bicycles were confiscated for the 30-day period as sentence.

Annual fire prevention week Oct. 3 to 12, will be observed in Gooding according to E. L. Stilson. Arrangements are being made for Frank W. Lemi, Seattle, to give lectures and demonstrations to the school children of Gooding Oct. 7. Mr. Lemi will speak to both the junior and senior high schools.

Mrs. Jo Hodgins, Monument, Colo., visited in Gooding last week with her sister, Mrs. Molly Young, and her niece and nephews. Mrs. Herbert Clark, Earl Bolle and Robert Bolle, Mrs. Hodgins was called to Idaho by the illness of her brother, Frank Thomas, Jerome.

SCOREBOARD

By HARRY GRAYSON
NBA Service Sports Editor
Having reached the point of saturation, the few Cleveland fans just at in glancing at the windup.

They were built to a height unprecedented even in Cleveland, so crowded just as far.
But they haven't yet recovered from the shock.

Obviously, one Cleveland baseball writer hasn't, for after the vanishing Indians dropped a doubleheader to the White Sox, he suggested that Alva Bradley might have done himself a lot of good emotionally and practically by had he given the customers their money back.

This strengthens the suspicion that Cleveland baseball writers don't know what they are writing about. Surely, this one doesn't know President Bradley and his business manager, Cyril C. Spangenberg. If he did, he would write that they would keep their record unbroken by firing Roger Peckinpaugh but for the fact that they would have to pay the old shortstop for the second season of his two-year contract.

That after permitting numerous players to get rid of a pilot, who missed winning the pennant by a single game, they would appear to have an ever by dismissing the same manager twice wouldn't enter the heads of Landolf Bradley and Spangenberg. They have no idea of how funny they are.

Gerald Nugent is said to have put a \$50,000 price on the Phils. He paid the subscription of debt. Provided bills outstanding are not excessive, that is the fact existing tag for a franchise in a great city like Philadelphia, despite American league opposition and the considerable cost of rebuilding. If he was free, Larry MacPhail, baseball's top promoter and showman, would like to take a whack at the setup. He sees its possibilities in a burg starved for a winner. But money men are not buying baseball clubs today, even though under ordinary conditions they might be so inclined.

Nugent will get out of the barrel by selling an athlete or two. Ernest Lobert, probably will be named manager with Dr. Thompson Prethre taking the place formerly held by Jack O'Brien. That would place Doc Frothingo at the head of what passes as a farm system and with a minor league baseball.

The Phillies have looked better under Lobert because he lets them play. It would be perfectly o.k. with Doc Frothingo and a lot of other people if they ran right out of the National League.

Yanks Have Class--But You Can't Laugh off Brooklyn

NEW YORK, Oct. 1--Yankers have the balance in all-round class. No question about that. But the Beautiful Bums can't be laughed off.

After all, they comprise the best club Larry MacPhail could buy, and he spent \$881,000 of other people's money in the National in '38. They really should have beaten throughly-ruled Detroit in the big show, the breaks and a series of decisions went against them.

Perfect Condition
All the Bums are in perfect condition. Charley Keller of the New Yorks is still favored what was a severe sprain and chipped bone in his arm. Red Rolfe is recovering from colitis. They are key men even in such a powerful organization as the one guided by Joe McCarthy.

Brooklyn has Pitching Edge
Brooklyn is the National league's strongest world series entry since the Deans helped St. Louis repulse Detroit in '34. Off the records, they must be given a pitching edge, so important in a short series.

They have 22-game winners in Whitlow Wyatt and his slider and Kirby Higbe and his speed and curve. It repeatedly has been demonstrated that two great pitchers backed by a capable relief worker can outpitch to win a world series.

Deer Hunting on Middle Fork Is Reported as Tops
BOISE, Ida., Oct. 1 (UP)--Deer hunting along the rugged ridges of the middle fork of the Salmon river has been very good. In two or three weeks it will be very good, and just before the special two-deer hunt ends Nov. 6 conditions will be beyond description.

Those are the reports brought back by the first parties of Boise huntmen to go into the middle fork section of Idaho's primitive area, and the statements are being backed up by the best sort of evidence--two deer for every man.

Party Packs in
The party packs in his party packed into the hunting area. Flying traps are being favored by those who want to get in and return as soon as possible after shooting their deer.

ROBERT BREEDER SETS U.S. RECORD

A Rupert shepherd achieved the highest mark in the world for a single lamb at the Pocatello sale staged Saturday by the Idaho Wool Growers' association. Col. E. O. Walker, president of the association, announced the event, revealed this afternoon.

Tom Bell, Rupert, sold a pen of eight Rambouillet lambs at \$100 each to set the highest mark ever paid in America, Col. Walker said.

South central Idaho breeders ranked high in the prices paid for the rams they consigned to the annual auction at the Idaho Wool Growers' association, held here last night. The top pen of Rambouillet, Robert L. Blalock, Pocatello, sold for \$100 per head.

Frank L. Stephens, Twin Falls, averaged \$35 on his ram lambs; R. E. Beatty, Pocatello, averaged \$30 on his ram lambs; Charles W. Hansen, sold his stock at a high level.

Edward and Brockie, Muldoon, entered the top pen of Panama yearlings, selling at \$50 per animal, according to Col. Walker. Col. Walker said the Pocatello sale was \$39 clear.

Col. Walker also called the Montana sale a success. Monday, where 400 head averaged over \$39 each. Top pen of Rambouillet, sold for \$100 per head, was the first in Montana for a number of years.

The Pocatello auction was recognized for both auction in 1942.

CHANGE MADE IN PLAN ON AIRPORT

Planned plans will be completed within a month and shortly thereafter work on the first step toward the field's improvement can get underway. Plans call for construction of the airport, not in one piece, but rather by taking it a section at a time.

Officials and members of the Chamber of Commerce were among those accompanying Puckey on the inspection tour this morning.

After the tour, Mayor Koehler drove the official to Pocatello where the engineer, planning to make plans for the Yellowstone park area where he will make other field inspections.

Puckey conferred with civic and city leaders last night during a dinner session at the Park hotel.

OFFICERS END RADIO 'EXAMS'

All but one member of the police and fire departments had completed the examination for third class radio operator permit as required by law today. The examination is operating two-way police radio equipment scheduled for use here.

Yesterday and today, records show, the required examinations were taken by Sheriff W. W. Lowery, Deputy Ed Hall, Deputy Virgil Borden, Deputy John Laiser, Deputy Kenneth Ridgeway and City Traffic Patrolman A. E. Perkins.

They were the first to take the test in Patrolman Laver's ratings, who only recently joined the city force.

Presiding at all business sessions will be the subdistrict governor, Don Clark.

DRIVER FINED IN FATAL ACCIDENT

JEROME, Oct. 1 (Special) - Because his reckless driving was blamed for the death of Dorothy Jean Trappen, 11-year-old Jerome school girl who was killed in an auto crash March 7, William F. Smith, Boise, Idaho, was fined \$100 by Judge William G. Constock today.

Smith, still confined to his bed at St. Luke because of injuries he received in the same crash, was also sentenced to 90 days in jail but that portion of the sentence was suspended on payment of the \$100 fine.

Attorney Appers Marshall Chapman, Twin Falls attorney, appeared in court on behalf of Smith.

The complaint charged reckless driving. "Smith's counsel entered a plea of guilty on behalf of his client. Dorothy Jean was killed when a car driven by her father was struck head-on by Smith's machine near Jerome. The child was the only daughter of Mr. and Mrs. Jerry Trappen. Her father was also injured in the accident. She was 11 years old at the time. Her mother was killed in the accident. Her body was struck into the rear of the car, as result of the terrific impact.

A coroner's jury, called the same day of the tragedy, agreed that Smith's reckless driving caused the little girl's death. The jury estimated that Smith was traveling at about 50 miles an hour when he struck the car. The jury also recommended that Smith be fined for reckless driving. Following investigation by police officers here, it was reported that Smith's car was traveling at 50 miles an hour when it struck the car. The car was "clear over on its own side of the highway, and nearly off into the borrow-pit," according to the coroner's report. Trappen drove his car over as far as possible to avoid being hit by the speeding machine.

TOT CONVICTS TO SEEK CLEMENCY

BOISE, Oct. 1 (UP) - A total of 101 petitions for pardon were up today for consideration by the board of the Idaho state pardon board today.

Board members opened their quarters today in October. The board interviews with friends and relatives of petitioning convicts. Among those seeking clemency are: William D. Hales, husband of a woman who was convicted of murdering her husband; William D. Hales, serving sentence as an accessory in the slaying of a woman; and other offenders.

Other offenders include: William D. Hales, husband of a woman who was convicted of murdering her husband; William D. Hales, serving sentence as an accessory in the slaying of a woman; and other offenders.

Police List Shows 25 Auto Crashes

Local police during the month of September investigated a total of 25 automobile accidents where total damages incurred came to more than \$5, a report compiled today by City Traffic Officer A. E. Perkins showed.

Perkins' report shows that four persons were injured in the accidents. The total amount of required hospital treatment.

Total property damages as a result of the crashes were estimated at more than \$100,000.

### SERVICES HONOR WILLIAM J. SMITH

RUPERT, Sept. 30 (Special)—Funeral services were conducted Monday in the first ward L. D. S. chapel for William James Smith, who died at his home here in Rupert last week after a long illness.

The ceremony was in charge of Bishop J. Dean Schofield. Music consisted of two selections, "Sometime We'll Understand" and "Bring Heavy Heart, Your Grief to Me," sung by a ladies' quartet composed of Emma Catmull, Marquette Patton, LaVere Judd and Fern Brown, accompanied at the piano by Anne Dixon; a vocal duet, "Beyond Today," sung by Mrs. Vic Kerr and her daughter, Joyce Brown, with piano accompaniment by Emma Catmull; and a vocal solo, "In the Garden," by Stanley Parravich, accompanied by Emma Catmull.

Invocation was given by Dr. L. P. Allen, first counselor to the bishop. William J. Stevenson gave the benediction. Speakers in addition to Bishop Schofield were Bishop Herald Barnes, Jackson ward, and O. J. Bateman.

Flowers were in charge of members of the first ward relief society. Interment, in charge of the Good-man mortuary, was in the Rupert cemetery.

Mr. Smith was born Aug. 19, 1888 in Crabapple Orchard, Oage county, Neb. He has been a resident of Minidoka and Cassia counties since 1906. Here, on April 30, 1908, he and Maile Connervey were married. She died several years ago. He is survived by two step-sons, James Connervey and John Connervey, Rupert.

### Salmon Spawning May Be Revived In Idaho Waters

BOISE, Oct. 1 (UP)—Inter-state cooperation may revive spawning of salmon in Idaho waters, state fish and game director, declared.

After a survey of dams on the Snake, Payette, Salmon and Clearwater rivers—trunk lines for the "migrating" fish—Morris declared he was encouraged that methods will be devised for solving the problem which have reduced the runs up Idaho streams.

"Although it will probably be many months before definite action can be taken, there is increasing evidence of mutual understanding between representatives of the Pacific northwest states. I am sure definite advancement has been made toward solving the problem," Morris declared.

Morris visited the spawning rivers formerly used by the salmon with a party of fish experts from Oregon and Washington.

The party found that dams were preventing fish from making their way upstream to spawn but Morris said prospects for cooperation among Idaho, Oregon and Washington in regarding and retaining large salmon runs in the northwest were good.

### NEUTRALITY ACT REPEAL EXPECTED

WASHINGTON, Oct. 1 (UP)—House Democratic leaders are convinced today they can obtain majorities to authorize arming of merchant vessels and to repeal combat zone restrictions as well.

Democratic leader John W. McCreary, of Massachusetts, who was apprehensive of trouble on such a "repeal-amendment-of-improvement" bill, is understood to be working for a further change that President Roosevelt can obtain as much change as he wants.

Mr. Roosevelt refused a press conference yesterday to indicate extent of neutrality changes he would suggest, but it became increasingly evident the administration had the neutrality amendment situation better than will in hand.

Senator Fish, R. N. Y., one of the most vigorous of congressional isolationists, said he probably would not vote for American merchant vessels as long as the ships do not enter combat zones. And there has been no suggestion yet of serious obstacles in the senate.

### BABY INJURED IN THREE-CAR CRASH

JEROME, Oct. 1 (Special)—A six-month-old baby was treated at St. Valentine's hospital in Wendell for a head injury as result of a three-car pile up which occurred Tuesday on highway 23 a mile west of Jerome.

The infant is Donna Mae Summers, who was riding with her parents, Mr. and Mrs. Kenneth L. Summers, Twin Falls. Her other child, Kenneth, Jr., 2, was also in the car as were Donna Mae and John Gates.

Investigation showed that an auto driven by Mrs. J. V. Gates, 12, of Jerome, halted prior to turning off the highway. The Summers machine hit the rear of Mrs. Brown's car.

Coming behind the Summers vehicle was an auto operated by Roy Smith, 18, of Twin Falls. Gates, 12, fled the rear of the machine ahead of him. Riding with him were Pearl Smith, 10, and Billy Roy Gates, 14. Eva Dean Williams, Jerome, was a passenger in Mrs. Brown's car.

### SEATTLE STRIKE PLANS REPORTED

SEATTLE, Wash., Oct. 1 (UP)—A strike of AFL welders and burners would end the Puget sound shipyard and the vital Boeing aircraft plant was threatened today.

Ray Hamilton, executive secretary of the welders' and burners' council of Seattle, said that 1,500 members of the organization would strike next Monday if the American Federation of Labor metal trades department did not permit them to set up an union.

The welders now are scattered through eight or nine unions—in some cases they pay dues to more than one union—and they are demanding of the metal trades department, now holding its annual convention here, a separate brotherhood.

### WIFE ACCUSED OF MURDER ATTEMPT

JEROME, Oct. 1 (Special)—Facing charge of assault with intent to commit murder, Mrs. Elizabeth Kingscote, 25, Jerome, will have preliminary hearing next week before Probate Judge William C. Johnson.

Mrs. Kingscote, accused of shooting her husband at their farm home south of here was arraigned before Judge Johnson Tuesday and demanded the hearing. She is held in county jail for lack of \$1,000 bond. Her attorney is E. W. Bentley.

Complaint, signed by Sheriff Lee S. Johnson, bases the charge on the fact that Mrs. Kingscote shot her husband at their farm home south of here on Monday and demanded the hearing. She is held in county jail for lack of \$1,000 bond. Her attorney is E. W. Bentley.

### SOCIAL SECURITY TAX GAIN LOOMS

WASHINGTON, Oct. 1 (UP)—Secretary of Treasury Henry Morgenthau, Jr., was understood today in congressional quarters to be urging immediate increase of the social security payroll tax from two to six per cent.

Morgenthau may have made the recommendation to President Roosevelt at yesterday's White House conference on social security. Mr. Roosevelt told a press conference later that he would try to convey a message on the subject soon and that some increase in the payroll tax might be necessary. The move is designed to help defer inflation and absorb some of the post-war economic shock.

Mr. Roosevelt indicated that the social security system of old age pensions might be doubted by the addition of some 40,000,000 persons not now covered by the act.

### GIANT PLOW WILL KEEP ROAD OPEN

BOISE, Oct. 1 (UP)—State Highway Director Sam E. Johnson announced a new rotary snow plow, largest ever to be used in the state, will be stationed all winter to keep the highway open from Ashton to West Yellowstone.

The huge plow was purchased by the department to maintain an open truck route for use during expected construction of the proposed 630,000,000 Highway's lake army base.

The highway would be the main transportation link with the base.

The Yellowstone highway was kept open last winter for the first time with a smaller rotary plow owned by the state. However, Johnson said, the 1800-watt plow was light and the equipment was able to handle the job. During a more severe winter the snow may pile up as deep as 12 feet.

The plow will be operated almost day and night during the winter. Johnson said it was so big that "no snow storm could stop it."

It will be shipped to Pocatello first and then transferred to the Yellowstone park highway.
