POT SHOTS

The Gentleman in the Third Row

MEMO TO A CERTAIN DEER 'HUNTER'

I would like to use this means of imparting some information to M. K. Just Stand There a Little Longer, or Little Deer Because I Think I Have Some More Shells in My Pocket.

MEMO ON (1) A QUERY, AND (2) A SPORTS EDITOR. A fellow came into the Evening Times Friday afternoon and rocked the front office gals back on their heels with these perfectly sober queries:

Yes, by Gum, Pot Shots IS Impartial!

Some prominent gent over at Bull told me of our operations with considerable vigor (the Bull gent had the vigor, not our operative), but the paper was being impartial about the bond issue because they're printing lots of pictures of the hospital at Twin Falls.

Closeup of a Problem. Germany has had millions of men under arms for five years and more; for the past two years they have been actually in the field.

Ho Hum Dept. "Man Becomes Woman After Court Order"—Evening headline. The courts are getting too darned powerful.

THE GENTLEMAN IN THE THIRD ROW. Famous Last Line. "I've written him the check—mean to pay by the 10th."

MURDER IN PARADISE

BY MARGUERITE GAHAGAN

THE STORY: The suspicion of many readers at Paradise Falls that the body of sophisticated M. K. Just Stand There had been removed for two members, her mother, Marie, Miss Miller, Jeanie, and sister, applied to the attention of the police.

THE NUMBERS GAME. CHAPTER V. As soon as I saw the pencil and paper in the young man's hands, I realized what was happening.

It was hard to be firm with Tod Palmer, for the kid had a name according to Maudie, who said that he was editor of the Lake County Gazette, the little weekly paper that gave all the local news, had strawberry festivals to farm auctions.

Both he and Maudie seemed very allude about the incident, and Maudie hastened to soothe me. "He's a charming young man; not at all like the newspaperman you had about 25 miles away brown hair and steady brown eyes that were serious in his tanned, angular-jawed face. Maudie also had a small amount on this little animal's tail. I'm sure he would have had better luck.

Well, Denny had not told me when he was out this way on some state assignment, and the way young Tod looked at him I could see he was another puffer who had developed out of this little Jeanie Morris wouldn't be involved, and her faded romance with Cord wouldn't have to get blazoned across every front page.

KETCHUM

The summit of the Trail creek road has received the benefit of considerable work during the late fall. The road has been graded and the culverts and one mile on the other, has been completed with the exception of surfacing, and the gravel is being laid out that operation.

The Boy Scout movement has been revived in the area of the Twin Falls. The Boy Scout Council is now active and is planning a second annual camp.

The hum and buzz, and click of jackpot paying has materially lessened during the past few months. The idea is to meet all communities in Blaine County, in some instances the slot machines have been removed as a whole, in others the number of machines reduced.

Ho Hum Dept. "Man Becomes Woman After Court Order"—Evening headline. The courts are getting too darned powerful.

EDSON IN WASHINGTON

(One of a series of columns on government information service)

By PETER EDSON. Evening Times Washington Correspondent. WASHINGTON, Oct. 11.—How much is the federal government spending for its services of information to the public?

Bureau of the budget, which should know the answers to all such questions, has made several surveys to determine what the services of information cost the taxpayers.

Information services are publicly or privately owned, or they are justified as expenses required by law, and red herrings are thrown across the trail in the approved technique of all commercial press agents hired to make things look good for their clients.

“Top Flight” Publicity Scribes To Address Idaho Writers Meet

Neil T. Regan and Gertrude Regan, Sun Valley, who know more literary, socially and general celebrities than anyone in Idaho, will be among the speakers at the annual Idaho writers' conference in Twin Falls Oct. 17-18 at the Park hotel, sponsored by the Idaho Writers' League.

Having played major roles in making Sun Valley famous, they will speak on "big time" publicity at the Saturday, Oct. 18 sessions. Regan is publicity director for the Sun Valley resort, and his wife is cofounder of the Valley Sun, official resort publication.

Vardis Fisher Coming Vardis Fisher, internationally known Idaho novelist, and author of "Children of God" and numerous other books, will attend the conference, and contribute to the round table discussion, following the 10:30 section Saturday afternoon.

Among other featured speakers Saturday afternoon will be David Drew, Lewiston, author of several western novels and animal stories, and Dr. Jenny Brown, Albion, author of "Fort Hall on Oregon Trail," a Claxton publication.

Registration will begin Friday evening, Oct. 17, before the reception at the home of Mr. and Mrs. John E. Hayes at 8 o'clock Saturday morning. Other conference events are the poets' breakfast at 8 a. m. Sunday at the Park hotel; followed by the article section in the forenoon; the prose section and the round table discussion that afternoon; and the banquet at 6:30 p. m.

All persons interested in the "ups and downs" of the Idaho scene will attend the conference by paying the registration fee. The annual event is sponsored by five chapters of the Idaho Writers' League, which are Mrs. D. R. Johnson, with husbands, Twin Falls, Burley, Lewiston and Pocatello.

Registration fee will be \$2.50, and will cover all sessions of the conference, including tickets to the poets' breakfast and banquet.

Columbus' Men Sang Hymn to New World

"The old world greeted the new with a hymn" . . . from Columbus' diary, stresses that music as we know it today, really dates back to the settling of the colonies in America.

These details were among the facts presented in a highly interesting and educational address by Mrs. Robert Miller, whose talk, "Music and Religion" went back to the most primitive music, and traced its development to the present time, dealing in particular with religious music.

Mrs. Miller, who illustrated her talk with recordings of various types of music, including "Adeste Fideles," "The Lost Chord" and "The Holy City" sung by Richard Crook and Edna Day, and Carrie Jacobs Bond's "End of a Perfect Day," spoke during the meeting of Alice M. Othello of the Baptist church yesterday afternoon at the home of Mrs. J. C. Carson, 1407 Maple avenue.

This, opened her address by explaining the term music as a scientific combination of tones for the expression of anything possible by this means, chiefly the human voice, and defined religion as a belief in an eternal power.

Mrs. Miller told her audience that, because it was through the use of music in the worship service that modern music and harmony have been developed, she is sure that the products of Christian religion.

She described the ancestor of the present organ as a crude instrument played with the flats and elbows, and that the pipe organ, which she likened to the organist had to stand up and pound on them, then sit down and retrace the steps of the organist.

Mrs. Florence Luck directed a series of Hallowe'en games, which were played by Hymans and Mrs. Conant won prizes.

Directs Devotional Mrs. Miller's address was on the "The ultimate objective of the hymn is directed toward God, and must be scriptural and lyrical, and that the ultimate objective of the good song is the better, which effective statements which affect the address.

MISSION WORK IN CHINA TO BE TOLD AT PRESBYTERIAL

Rupert Rallies to Defeat Strong Gooding Club, 19-12

Stout Gooding Defense Halts Pirate Drives

By HAL WOOD
Evening Times Sports Editor
GOODING, Oct. 11 (Special)—The powerful Rupert Pirates nearly ran into a last-minute defeat in their last game here last night, but they rallied in the last half to come through with a 19-12 victory after trailing at one time by a 12-6 count.

Led by the hard-running Bob Crocker, the Solons put the skids under the Pirate performance for the first half of the game, but with a strong passing attack showing the way in the last half, the boys of Coach Jerry Dellinger came back strong.

However, the feature of the game, despite the power attacks of the Pirates, was the great defense put up by the Solons when the visitors were within striking distance. Three times the Rupert lads had the ball on the one-yard and one-foot lines, twice with four downs to go—and all three times the home folks held, although once they had the help of the half-time whistle.

Many Fumbles
The game was marked by many fumbles, with both teams allowing the other to harvest victories that were affecting the practice sessions of both clubs. However, the young crowd was something to brag about. Rupert compiled 15 first downs and 227 yards from scrimmage, and 81 from passes. Gooding compiled 10 first downs, 183 yards from scrimmage and 55 from passes.

The first quarter came in the opening minutes of the initial quarter when the Gooding club fumbled on its own 30 and Rupert recovered. Gene Georges made 15 on an end sweep and then the Solons' play came when Mike Rawson ambled 10 yards through tackle. He missed this time.

Rupert came back strong in the closing minutes of the game, with Bob Crocker packing the leather and a series of end sweeps and line plunges put the ball on the six, from where Bob scored. The attempted kick failed.

Gooding Goes Ahead
The home club went ahead in the second frame when Tom Tres passed for 20 yards to the one-yard line after Crocker had set up the play with an end sweep. The attempted kick was good and the score stood 12-6 for the Solons.

Rupert had a chance to score a moment later when Gooding fumbled a punt on its own five, but with the ball on the one, Rupert fumbled and Gooding recovered and kicked out. The Pirates ran the ball back to the two-yard line a moment later, but still couldn't punch over and the Solons took the fourth down game. A pass then, Staples to Rawson, knotted the score at 12-12 in the last minute.

Half Solos Rally
Gooding received with a minute to go and immediately tried a pass. The attempt was intercepted by the Pirates and they were ready to score again when the half whistle sounded.

Pirates Take Lead
The third quarter saw the Rupert club open its attack with a punt. They punched and passed the ball down to the one-foot line, but again the good Solons' defense held and Gooding kicked out to the 20. But the Pirates were back hammering away at the door a moment later on the strength of some nice pass snaggings by Ed Solenick, big end. With the ball on the one-yard line in the early moments of the fourth, Manu substitute full-back, punched over for what proved to be the winning counter. Rawson kicked the extra point.

Gooding threatened in the closing minutes of the frame on a running play, but the Solons' defense worked the ball to the 10, but a penalty allowed up the works and then Rupert held and carried the ball out of play.

The Pirates were back at their old tricks again when the game ended with a 19-12 victory. The boys of Coach Dellinger had a long drive down late to make the distance for the added touchdown.

Starting Lineups:
GOODING
D. Cliff E. Gilbert
F. Fagg T. Schmitt
H. Rogers G. Amos
H. DeH. C. Kirby
D. H. G. Kilbourne
E. Switzer T. Hawka
W. Winter A. Ewert
G. Cliff Q. Buhanka
M. Muncie P. Tres
R. Rawson H. Muncie

Rainiers Take Play-off Pot

SACRAMENTO, Calif., Oct. 11 (AP)—The Seattle Rainiers proved it was no fluke that they won their third straight Pacific Coast league pennant in a stretch drive against Sacramento Solons. They proved it last night by taking the seventh and deciding game of the Shaughnessy play-off from the Solons by a 3 to 1 score.

The victory not only brought the Rainiers the president's cup but the \$2,000 pot.

Tomasic Leads Temple Eleven

PHILADELPHIA, Oct. 11 (AP)—Not to all collectors' content, overlook Handy Andy Tomasic, Temple's bid for a return to football prominence. The lad with the jockey cap led the Owls to a 17-0 conquest of Georgetown last night and the way he did it kept 33,000 fans buzzing excitedly today.

Tomasic put Temple out in front in the first period by returning a punt 88 yards for a touchdown, set-off by a 25-yard pass to Tomasic, kicked a field goal in the second period, and then came back in the fourth with a 43-yard romp over tackle.

About Meridians

The earth's prime meridians is associated with Greenwich, a borough of London. Longitudes for the rest of the world are computed from the Greenwich meridian.

Georgia Held To Draw by Mississippi

ATLANTA, Ga., Oct. 11 (AP)—A Georgia football team touted as one of the strongest in Dixie dropped in to the ranks of tied eleven today, and the Bulldog rovers had Frankie Sinkwich and Lamar Davis to thank that their first major game ended in deadlock instead of defeat.

Albion Turns Back Raft River, 20-6

ALBION, Oct. 11 (Special)—The strong Albion high school football team struck with touchdown plays in the first, third and fourth quarters yesterday to turn back the leading Raft River high school club by a score of 20-6.

The invaders' lone counter came in the final period on a pass.

Writers Claim Hitler Is Not German Chief

Washington, Oct. 10 (AP)—Reports that Heinrich Himmler, chief of the German gестаapo, is the active ruler of Germany, were published today in a weekly "Foreign Correspondence" magazine.

The magazine's information reaching Washington, which they describe as "secret" information, is not official and otherwise.

Both Reichsmarschal Hermann Goering and Foreign Minister Joachim von Ribbentrop are in disfavor because of difficulties between the army and the Nazi party.

Propaganda Minister Joseph Goebbels still is an active "technician," they said, but with Rudolph Hess, former head of the party in England, "only Hitler has power."

The "Führer remains as a symbol but is not the head of the gестаapo," they said.

The writers said, it is because of the turn of events and has threatened that "when victory is won there will be a bloody purge in Germany headed with that of 1934 will be mere child's play."

State Purchasing Of Defense Bonds Proposed by Clark

BOISE, Oct. 10 (AP)—Gov. Clark said today he would ask the federal government to amend regulations to permit the state to purchase \$250,000 in defense bonds with state educational endowment funds.

Clark said the money was left and not used in the state's educational endowment funds.

PEACE RUMORS FROM GERMANY FLOOD EUROPEAN CAPITALS

NAZI EXECUTIVES REPORTED READY FOR STALEMATE

By United Press
A London Daily Mail Stockholm dispatch reported today that the British legation to Sweden has received vague peace feelers emanating from Germany and it was understood the British missions to Switzerland, Spain, Portugal, Turkey and Egypt had received similar ones.

This report following similarly vague rumors yesterday that Germany had proposed an armistice to Russia through Japan and Bulgaria. These rumors were denied promptly and emphatically.

The Daily Mail dispatch said British diplomats received the alleged feelers contemptuously but because it looked as if they were preliminary to another German peace offensive.

According to the Daily Mail dispatch, the feelers included confidential offers which purported to come from different Nazi leaders, each of whom offered something different.

"New Order"
It was suggested, the dispatch said, Hitler was expecting either to beat Russia or, more probably, be held to a stalemate for the winter, and he intended then to proclaim his "new order in Europe" as a working concern and possibly summon representatives of all countries which Germany dominates in order to proclaim a continental bloc system along Napoleonic lines.

Hitler's argument might be, the dispatch said, that Britain and Germany would be unable to fight the war to a decision without years of agony, and Hitler might think such an argument would appeal to the United States.

THREE WILL GIVE HOSPITAL TALKS

Three speakers will be heard over the local radio station tonight, Sunday and Monday discussing issues of the hospital bond election set for next Tuesday. It was announced this afternoon.

Speaking today at 8:30 p. m. will be Rev. M. H. Zagal, pastor of the Immanuel Lutheran church; Twin Falls. Dr. Ellwood Rees will speak Sunday at 1:30 p. m. and on Monday, Claude Detweiler will speak at 8:30 p. m.

Public Forum

CONVICTION PROFITERS
Editor, Evening Times:
I agree with R. T. Henage in his recent letter to Times Forum concerning strikes against our national defense program as being very unpatriotic, as also the high cost of living and other things which they use the national emergency as an excuse.

Some folks think the advance in food prices is due to the fact that we have so many men in training but if you'll stop to think you will know those boys all too good before they went to camp, so that's a very poor excuse by way of thinking.

I am sure during the recent maneuvers in the south the merchants in that particular place would raise the price of the soldiers, and to me that is about the "hittler" patriotism I ever heard of in any one. So I would suggest if we make a concerted effort during the coming year to the government, let's make the camp big enough (if that's possible) for our profiteers also.

Very sincerely,
MRS. GLADYS RUSSELL
Twin Falls, Oct. 9.

OBJECTS TO \$5000 HOME FOR SUPERINTENDENT

Editor, Evening Times:
I see that your paper has invited public expression on the hospital question.

I have thought about \$5,000 for the superintendent's residence and, considering that there would be no lot to be purchased and the heating system would probably be furnished from the hospital heating plant, it appears to me that this is an exorbitant sum, when there is no active county officer who has a residence, and when the governor of the state doesn't have a mansion, and when the majority of the taxpayers of this county are people of small means and many of them live in modest homes.

It is the little people to a large extent who support the county government, and I think that this kind of a proposal is unreasonable, and I cannot support such a proposition.

Sincerely yours,
OLIN E. BUCKENDORF
Buhl, Oct. 10.

URGES TOLERANCE FOR THOSE WHO HAVE ERRED

Editor, Evening Times:
I was thrilled to read the account where the little 5-year-old girl of Conway, N. Y., had been found. More than one reason I was glad. First the child was found and second but of less importance that unfortunate ex-convict was proven innocent.

What seems so sad to me is that whenever a man or woman is done wrong (and been caught), no matter how innocent they may be afterward they have the finger of suspicion pointed at them and the damage of gossiping tongues no matter what is done. If they can't prove their in-

SUSPECT NABBED AT GREEN RIVER

JEROME, Oct. 11 (Special) — Sheriff Lee B. Johnson of Jerome county returned late Wednesday evening from Green River, Wyo., where he accompanied Sheriff Earl Winters, Mountain Home. The two authorities returned prisoner Jack McCreaney, about 41, wanted at Mountain Home on a charge of obtaining property under false pretenses.

McCreaney, according to Sheriff Johnson, purchased a car recently in Boise, for which he gave a bad check. He traveled on to Mountain Home where he traded the car in for another, and coming through Jerome he assertedly stole a pair of license plates from a Jerome county car at the Mecca service station, located east of Jerome.

On Oct. 3, McCreaney and a companion, whose name McCreaney "did not remember," were arrested in Green River on a charge of hit and run driving. Police in Wyoming traced the license plates to Jerome county and communicated here with Sheriff Johnson.

McCreaney will be tried in Mountain Home.

RUSSELL LANE

Mr. and Mrs. Edl Sowles have returned to their home at Bremerton, Wash., after several days visiting at the home of Mr. and Mrs. A. Bremers and friends at Hazelton.

Mrs. Earl Parrot has returned home from the Twin Falls county hospital where she recently underwent an appendix operation.

Hospital Board Endorses Bonds; Tells Background

Members of the Twin Falls county hospital board today, in an official statement, endorsed the proposed hospital expansion to a \$250,000 bond election next Tuesday.

The statement was released after members of the board met in session at the hospital yesterday with C. H. Compton, chairman, presiding. Included in the statement was a review of events which have led up to the call for the bond election.

Taxpayers Aided
"The hospital board's statement follows: In 1934 we, the taxpayers of Twin Falls county, organized and formed the 'Taxpayers' League, which is still in existence. Committees were appointed to investigate various tax-collecting bodies, and the committee on the county hospital found that institution as a whole in bad condition, particularly as to collections. The physical plant was run down, it was financially in the red and its general reputation was bad.

"The league came to the conclusion that in order to remedy the conditions it would first be necessary to remove the hospital from politics. (The politician holding office as a poor collector. As a rule he or she wants to be re-elected and collecting money makes for hard feelings, rather than friends who represent votes. Appointments are made on one condition only—that is by the party. Experience or business ability is not required, and the order of the day is 'take me only')."

Board Named
"A non-partisan five-man board was appointed. Its duties are: 'First, to look after the taxpayers' interests so that the tax money will be spent wisely; secondly, to assist the superintendent in making collections and handling other details; and third, to act as an advisory board to the county commissioners and make recommendations as to changes and improvements. This board, composed of representative men and taxpayers, serving without pay, has functioned ever since its appointment. We, as members of the present board, are proud of what has been accomplished.

"The problem of collections of due and past due accounts has been met in large part. In many cases accounts far past due, and in some cases even outlawed, were collected. Many improvements have been made in the buildings and surgical equipment has been modernized and augmented as much as possible. Beds, linen and supplies, insofar as they can be accommodated by the present building, have been provided and paid for. Reputation of the hospital has been raised to a higher standard.

"Although the problem of overcrowding continued to become more acute, nothing could be done because county hospitals were covered by engagement. Attempts were made as far back as 1936 to amend that law, but these failed until the last session of the legislature when it was amended to enable counties to expand hospital facilities by bond issue.

Recommendation
"So it came about that your present hospital board recommended to the county commissioners that a bond issue election be held. The \$250,000 bond issue election was accordingly called by the commissioners.

"As an advisory body, the board recommended that the expansion

NOVEL IDEA FOR H. S. PEP RALLY

Advertising "Twin Falls Vitality Pep Pills," Bud Olib announced a "Healthway to Happiness" program at a Twin Falls high school pep assembly yesterday afternoon.

The pep club presented the program, which was begun with Olib singing a jingle about the "Pep Pills," composed of 800 Twin Falls high school students, combined with enthusiasm, determination, good sportsmanship and rolled into a good-winner-good-loser pack.

Demonstrating the use of the "Pep Pills," Glenn Gibb, Mel Hulbert, Dick Anderson and Bill MacDonald were called to the stage to give pep talks on the non-conference Piler-Twin Falls football game last night. The pep band played "Comet," "Western March," and a "Football Medley," and led the student body at the close of the rally with singing of "Varsity." Bob Jones led the group in the pledge to the flag, and cheer leaders led several yells.

HONEST, THINKING VOTERS WILL BRING THIS IMPROVED HOSPITAL TO OUR COUNTY

Architect's Drawing of Proposed Hospital Construction

WITH THE BOND ELECTION but a few days off, taxpayers of Twin Falls county have an opportunity to secure for our county an improved hospital, one which will meet our present demands for adequate hospitalization. Thinking voters will VOTE YES... because they know when the smoke screen of argument, selfishness and petty politics has cleared away... this fact will still remain: WE DO NEED AN IMPROVED HOSPITAL.

The bond election is a sure, business-like way to bring about the needed improvement. The \$250,000, which may be needed on October 14 will do more than just purchase 60 new beds. Study this breakdown and you'll realize Twin Falls County will get its money's worth when it votes a big YES on October 14.

General Hospital Building, estimated construction cost... \$185,100
This expenditure will include the construction of a two wing addition with a one story addition to the present portion to bring the total floor space to the necessities demanded by our present needs.

Reconditioning of Boiler House and Equipment... \$16,200
This will include the installation of two new boilers, an addition to the present boiler house and the badly needed reconditioning of the present equipment. Under any circumstance, the present equipment is in bad need of repair.

Reconditioning of Present General Hospital Building... \$7,000
Relocation of room partitions on the third floor as well as the basement, new roofing and a new water system represent the above cost. All vital to an improved hospital, the cost is comparatively low.

Equipment for Contemplated Improved Structure... \$22,500
Necessary equipment for the new structure will bring the Twin Falls County Hospital to the requirements of the American College of Surgeons for a standardized hospital. In no sense is this "over-equipping" our hospital — but is simply a matter of equipping it to meet everyday and emergency demands upon it.

These three items constitute the major portion of the expense. Also included in the total estimate is a new administrative headquarters which will give needed room for nurses' and superintendent's quarters, as well as additional office space. This, plus the architectural fee, constitutes the whole amount.

Superintendent's Home... \$6,000
The superintendent, whoever he may be, now or in the future, is subject to 24-hour call and should live on the premises. If the county does not provide a place for the superintendent and his family to live, it should increase his salary at least \$70 per month for rent, lights, fuel, water and telephone. Accessibility to his duties is also an important factor. A better business for the county to provide him a home, or pay out the extra salary which in turn would pay for this home in about seven years?

Furthermore, this is only a suggested improvement. If the commissioners see fit, it can be eliminated.

Architect's Fee... \$10,715
This fee is determined by competitive bids. It includes not only preparing plans and specifications, but supervision of construction as well. This gives assurance that all building construction and equipment will meet specifications. The average fee for this type of service is from 6 to 7 1/2 per cent. This fee is only approximately a per cent, far under that average.

Miscellaneous Costs... \$2,485
This cost is merely set up for unforeseen incidentals, another item that may be entirely eliminated if found unnecessary.

It is the sincere hope that these figures as they are broken down will give the taxpayers an insight into the real value they will receive for a tax which in no case will amount to more than \$1 per thousand valuation per year for a period not to exceed 12 years. It has also been pointed out that this cost may be substantially less—and that hospitalization costs will be scaled down, NOT UP!

Remember that this work could not have been done under PWA—could not have been accomplished until enabling legislation was put through our state legislature this spring and that the whole cost (on a per bed basis) is only \$3,702 — as compared with Provo, Utah, which had a cost per bed of \$5,777; St. Joseph's Hospital at LaGrande, Oregon, which had a cost per bed of \$4,100. Other communities' costs for hospitalization range from \$4,200 to \$7,200 per bed. Twin Falls County will have a modern, improved hospital, designed to meet our needs, at a cost far below average.

Study the above figures!

These figures have been taken from the report of Twin Falls County Hospital Board — no hocus-pocus about them, they set out very clearly what the money you appropriate will be spent for. Twin Falls county needs the improvements suggested — the cost is NOT exorbitant — NOW is the time to protect our families' health and welfare!

In Coronado Coal and Wood Ranges!

CORONADO
—Bakemaster—
The Finest Range Money Can Buy!

We asked our Coal Wood range manufacturer to build for us, the finest, most modern Coal Iron range on the market—the finest that he knew how to build. Here is the answer. Its lines are modern, streamlined to the floor with toe space construction. It's extra heavy and extra large in fire pot and oven needed, yet graceful in lines as a fairy. Has a full 30x20x13 inch oven... 5200 cubic inches. You never baked as much in an oven at one time as this oven will hold. The huge fire pot 9 inches wide by 9 1/2 inches deep from rock top, will take 22 inch wood and the full opening lift top makes refueling easy. Has duplex grate, sliding damper, white opening feed door, 32 quart reservoir with tilt up water spout and a beautiful quadrant set. Trade in your old range now.
