# REDS MEET DAMAGING REVERSES

## 100F Lodges Hold Closed Business Sessions

### PARADE SLATED AS TOP FEATURE FOR WEDNESDAY

#### Drill Offers Feature at I. O. O. F. State Gathering

Lodge business was discussed in closed sessions here today as three-day activities of the Independent Order of Odd Fellows, jurisdiction of Idaho, meeting in session here followed set standards.

The sessions come to a close Thursday morning, but before that time many more business sessions will have been completed and a downtown parade will have been staged Wednesday afternoon.

Last night an estimated 200 persons attended the reception which was held at Radio Rendezvous and which was followed by ballroom dancing.

Today's Features

Features of today's program from the standpoint of lodge members, were the Rebekah memorial service

While an estimated 800 persons looked on, members of the drill team of Twin Falls High School girls club, No. 11, were going through intricate maneuvers when the picture above was snapped last night at Radio Rendezvous. The drill was one of the features of the general reception, social highlight of the annual meeting of the Independent Order of Odd Fellows, jurisdiction of Idaho, which will be in session here through Thursday morning. A full program was presented at the reception which was followed by a grand march and dancing. Dance music was furnished by Will Wright and his orchestra. A portion of the 800 persons viewing the presentations is shown in the above picture.

## HULL CALLS FOR FAST APPROVAL OF SHIP ARMING

By JOHN R. BEAL  
WASHINGTON, Oct. 21 (AP)—Secretary of State Cordell Hull today urged the senate foreign relations committee to approve speedily a house resolution to arm American merchant ships, the 100 American ships at self-defense come too late.

Hull was the first witness at hearings on the house-approved resolution. His testimony followed a White House conference with congressional leaders, who reported that they could press at this time only for the ship-arming bill rather than repeal of the entire neutrality act.

The hearings were closed, but Hull issued copies of a prepared statement which he read to the senate committee.

"Urgent and Important"

Hull said it was "both urgent and important" to pass the act of neutrality act, which prohibits the arming of merchant ships. He repeated but did not emphasize, his previous contention that congress should repeal section 2 which bans American ships from belligerent ports.

He testified that the condition of world affairs is such that "Unless it is promptly dealt with, efforts at self-defense may come too late."

"One of the greatest mistakes that we could possibly make," he said, "would be to base our policy upon an assumption that we are secure when, if the assumption should prove erroneous, the act of having so acted would lay us completely open to hostile invasion."

"Should Not Be Handicapped"

"We should not be handicapped by being unwilling and unlawfully attached with complete disregard of life and property to the act of having so acted would lay us completely open to hostile invasion."

"One of the greatest mistakes that we could possibly make," he said, "would be to base our policy upon an assumption that we are secure when, if the assumption should prove erroneous, the act of having so acted would lay us completely open to hostile invasion."

## Germans Report Victories Scored In North, South

By JOE ALEX MORRIS  
United Press Foreign News Editor

The German army claimed capture of the center of Russian war industries of the south and the conquest of the entire Baltic area on the north today as German reinforcements were shifted to the central front to bolster the lagging offensive against Moscow.

A fierce battle for the Soviet capital continued relentlessly along a 350-mile front which Josef V. Stalin reportedly toured in an armored train while the Red army defenses held back the Germans within 40 to 60 miles of Moscow.

Dispatches indicated severe Russian reverses on both the north and south ends of the eastern front, including:

**Claim Stalingrad Capture**

**SOUTHERN FRONT**—The German army claimed capture of the center of Russian war industries of the south and the conquest of the entire Baltic area on the north today as German reinforcements were shifted to the central front to bolster the lagging offensive against Moscow.

## BIGGEST

He's the biggest Odd Fellow in town.

That's what his delegate comrades call W. W. Johnson, 52 years old and tipping the scales at 285 pounds.

Johnson, here to attend the state sessions of the I. O. O. F., jurisdiction of Idaho, which is located near Grangerville.

which was held at the Elks hall 12 1/2 p. m. being conducted by Paul Rebekah lodge number 20, the junior I. O. O. F. lodge, which will be completed at the Elks hall at 4 p. m. by Marguerite lodge, number 20.

Both sessions are closed to the general public. All Odd Fellows are urged to attend the annual degree program. This will be followed by subordinate lodge initiatory degrees conferred by Jerome subordinate lodge. The Twin Falls Junior Odd Fellows will be in charge for the junior initiation.

Parade Route

T. J. Lloyd, Twin Falls, chairman of the parade committee, this afternoon announced the route which the parade will follow Wednesday and also the organizations which will take part. The parade will be held at 11:30 a. m. if weather favorable.

Groups participating, according to Mr. Lloyd, will march on Second avenue north and the parade will start from the corner of Main avenue and Third street north. From there it

## JAPANESE URGE FULL AXIS TIE-UP

TOKYO, Oct. 21 (AP)—The members of the house of representatives who comprise the "throne assisting diet members league" asked the new government today to "strengthen the axis alliance and eliminate changing acts toward those powers hostile to Japan," namely the United States and Britain.

They presented a resolution to Premier Fukuoka requesting him and his cabinet to support, and urging that a super-national defense state be attained so "the world mission of imperial Japan" may be realized.

The cabinet held its first regular meeting today, and Foreign Minister Shigenori Togo explained repercussions of the new government's formation in Britain, the United States and the United States.

Mr. Togo said that he had announced Minister at Large Haruhiko Nishi, who, having spent more than 10 years in Russia, is considered an expert on Russian affairs, had been appointed vice-minister, succeeding Kijiro Arai.

Meanwhile, Minister of Commerce and Industry Shintaro Kishi reshuffled his ministry's personnel on an unprecedented scale. At least 12 department chiefs were introduced, and one of the major changes was the promotion of Yut Shusaburo Shima, director of the general affairs department to the vice-ministry, succeeding Shintaro Kishi.

Newspaper began to tender their attacks on the United States and Britain, and Hochi predicted the German-Russian war would be a long one.

## Receiving Decoration of Chivalry

Conferring of the decoration of chivalry on 11 Idaho women members of the department council, I. O. O. F., was a highlight at last night's program. Among the women receiving the honor, for outstanding lodge and community service, was Mrs. Jean Vance, Twin Falls, at the left in the above picture. She is shown receiving a complimentary bouquet of roses from Mrs. Vera Merrill, noble grand of Twin Falls Rebekah lodge. Mrs. Vance is the first Twin Falls woman in 11 years to be honored in this manner. Mrs. Fred M. Sutter, Rebekah commander of the department council, patriarchal minister, directed the proceedings at Radio Rendezvous.

## Oddities

**HUNTERS**

ALTURAS, Calif.—When Farmer Sam Merrill found two of his steers killed on the range, he blamed deer hunters, but when he found one of his fine milk cows shot yesterday he couldn't believe it had been mistaken for a goat, as the hunters claimed.

**BROKE!**

LONDON—The agriculture ministry made an error today in announcing a plan to "improve a considerable area of land in the neighborhood of Langford railway station." The name should have been spelled "Langford railway station."

**BUSINESS**

PUEBLO, Colo.—The state of Colorado entered the restaurant business today when last commission collectors selected one of the city's largest cafes for refusal to pay a large sales tax. The cafe was ordered under commission management.

**INSULT!**

BEAUFORT, N. C.—Thomas Beach, famed conductor, last night, invited a newspaper reporter to the concert hall midway in the second number of the opening concert of the Seattle symphony orchestra. The photographer, who was near the stage and using an infrared film and a coated flash bulb, stopped the orchestra and brandished his baton. "Leave the hall," he shouted. "That's an insult to the audience and this orchestra. Leave the hall at once."

**CLAIM ISLAND CAPTURE**

NEW YORK, Oct. 21 (AP)—The United States has today heard a German broadcast which said that the German high command had captured the island of Crete. The broadcast also said that the island had been captured by German troops.

## NAZIS ARREST 4 IN FRENCH AREA

VICHY, Oct. 21 (AP)—German occupation authorities arrested four French citizens, including the prefect of the department of the Indre, in the town of Nantes, and rounded up many French civilians throughout Brittany today in retaliation for the assassination of Nazi Lt. Col. Karl Friedrich Hols.

The prefect was released after being held all night. The other three were held in the department of which the big naval base of Nantes is the chief city.

The Nazis-Sit. Haines says is one of the principal German bases for possible attempted invasion of Britain.

German police who rounded up French citizens in Brittany charged most of them with concealing weapons. The round-up appeared to be a precaution against further attacks on occupation forces.

**URGES NEUTRALITY BREAKERS**

KEARNY, N. J., Oct. 21 (AP)—The secretary of War Patrick Hurley urged repeal of the entire neutrality act and a return to the traditional American policy of freedom of the seas today in a speech at the launching of a new tanker at the Federal Shipbuilding and Drydock Co.

## \$2,516 Received as Chest Drive Gets Started Here

Getting-off to an early morning start, following a "pen" breakfast at the Park hotel, Twin Falls annual Community Chest campaign at 1:30 p. m. today showed collections and pledges amounting to \$2,516.47 was announced by Carl N. Anderson, drive chairman.

Anderson said that this amount represented only the "very early" collections and reports by the members of the various teams working under the "captains" and "generals."

At the same time the Chest lead reported that first team to report a "complete drive" was made up of John Soden and R. J. Walton report.

Goal for the drive this year, if finance programs of the eight participating organizations for the next 13 months, has been set at \$12,000.

At the breakfast this morning principal speaker was Harry Henschel, attorney who pointed out the Community Chest drive, similar to the one now underway, are going on "throughout" the nation at the present time.

"Much pride attaches in any town in raising a set quota," Henschel said. "The money does not go

## BEAN-PRICE HELP EXTENDS TO 1942

Government support for the price of white beans will definitely be continued through next spring, Sen. D. Worth Clark said today in a telegram to Acker B. Wilson, Twin Falls.

Mr. Wilson, acting on behalf of Magic Valley farmers in the face of reports that federal support might not extend into 1942, contacted the senator for specific advice.

Clark telegraphed:

"Have called surplus marketing administration in regard to your bean price and glad to advise that present support of department of agriculture will continue until May 1, 1942."

Revelation that the government buying program is to continue means that the bean source for the year are assured of a minimum of \$3.50 to \$3.60 per hundredweight at home. The "buying" program, however, through government purchase designed to assure a minimum of four cents per pound at eastern seaboard.

The British source said U. S. war output is now roughly 14 to 15 percent of total capacity. It is estimated that production will be 18 to 20 percent.

The source said further expansion of British production is limited not only by physical capacity of plants and manpower and that the great burden of the proposed program is designed to assure a minimum of four cents per pound at eastern seaboard.

**Nazi Charge Denied**

WASHINGTON, Oct. 21 (AP)—A state department spokesman today described as "a complete fabrication" assertions made in the German press and radio that the United States was planning to send 100,000 male exiles to Germany from the United States.

## Armed Forces Test Defense Of Bay Area

SAN FRANCISCO, Oct. 21 (AP)—Army and navy planes roared out over the Pacific today to intercept and harass an imaginary enemy fleet approaching San Francisco Bay in a test of the bay harbor defenses.

At the same time, an air raid alarm was sounded at the presidio, San Francisco on reports an "enemy plane" had been sighted near the Golden Gate.

A third report of naval forces hurrying toward Point Bonita where planes sighted an enemy submarine. It might have been the same one reported within seven miles of the Golden Gate at sunset on the Golden Gate yesterday.

The army, navy and coast guard forces assigned to protect the San Francisco bay area were on a warlike alert today. The navy was alerted to man the defense. The army was alerted to man the defense. The coast guard was alerted to man the defense.

**Picket Drowns**

SEATTLE, Wash., Oct. 21 (AP)—William H. Murray, 47, was drowned in Lake Union today when his row boat in which he was picking a gravel company plant overturned in a heavy rain.

Murray, business representative of the CIO, was heading the Picket Line for the day today, refusing to sell materials to a business project sponsored by CIO workers in the steel industry.

## THUNDER OF WAR

By United Press

LONDON: British report German 40 tanks and armor near Nara, Finland, fall back slightly around Moshak and Maloyarskaya; held line around Krasnodar and the German army held line in the vicinity of Moscow fighting; high command claims severe slips of Russian defenses in the vicinity of Moscow; Russian radio reports that the Red army had made important gains in recent counter-attacks around Leningrad.

These difficulties also were illustrated by the high command statement that larger percentages were being shifted from the Leningrad front to bolster other sectors, presumably the drive on Moscow.

SAN FRANCISCO: Army and navy planes roared out over the Pacific today to intercept and harass an imaginary enemy fleet approaching San Francisco Bay in a test of the bay harbor defenses.

At the same time, an air raid alarm was sounded at the presidio, San Francisco on reports an "enemy plane" had been sighted near the Golden Gate.

**TOPEKA, Kan., Oct. 21 (AP)**—A heavy rain today in Topeka, Kan., flooded roads today, joining their rampaging torrents to form gigantic lakes under which lay citizens, and a number of highways, railroads, and communication lines.

No fire had been reported but the city was under water and hundreds of homes of livestock were destroyed.

**BERLIN: High command claims capture of Stalino, 100 miles north-west of Moscow; Nazis insist vanguard approaching Rostov and complete domination of Donate basin; high command claims severe slips of Russian defenses in the vicinity of Moscow; Russian radio reports that the Red army had made important gains in recent counter-attacks around Leningrad.**

### BURLEY PLANNING C. E. CONVENTION

**BURLEY, Oct. 21 (Special)**—Plans are being forward for the annual state Christian Endeavor convention to be held in Burley at the Christian and Frohman churches Oct. 30 to Nov. 3 inclusive, according to Rev. Alvin J. Kleinfelder, in charge of local arrangements.

The theme this year will be "All ways for Christ and the Church," and Frank T. Carter, Idaho Falls, former pastor at churches in New Zealand, Australia, and the Hawaiian Islands, will be the featured speaker.

Mrs. L. I. Chamlee, Boise, known for her work among the young people of Idaho, will conduct the spiritual closing services each evening and on Saturday evening a banquet will be held at the Hotel Cole, Portland, northwest field secretary, as toastmaster.

Denominational luncheons will be held at the Christian church, and youth program will be given at each meeting. The intermediate and junior societies will have their own convention Saturday, Nov. 1, with a pot-luck luncheon at noon.

During the week-end services will be established at the Christian church. The local churches are cooperating in arranging lodging and breakfast for the young people.

### Son Takes Clipper Plane for Funeral

**BUHL, Oct. 21 (Special)**—Word was received by Mrs. Charles Busman from Mrs. P. F. Alquist that Mrs. Alquist's brother, Mr. Heffelfinger, Beatrice, Neb., died before Mr. and Mrs. Alquist could reach his bedside.

Three sons of Mr. Heffelfinger are in military service and plan to attend the funeral of their father. One son, who is stationed in the Philippine Islands, will arrive by clipper plane, and funeral services will await his arrival. P. F. Alquist returned to Buhl today.

Mr. and Mrs. P. F. Heffelfinger went to Beatrice, Neb., yesterday to attend the funeral of his brother.

### South Idaho Woman Head of Committee

**UNIVERSITY OF IDAHO, Oct. 21 (Special)**—Norma Lou McMurray, Oakley, was chosen chairman of a committee to lay plans by which university women will cooperate with the national defense program. The program is being sponsored by the Associated Women students and will embody plans to sponsor nursing instruction, knitting, and other projects for the national defense work.

Other Magic Valley women chosen on the board of directors for the project were Vera Nell James, Gooding, and Frances Hardin, Paul.

### Scouting Has Vital Spot in Boy Training

Once a Boy Scout, always a Boy Scout—in deed, and physical and mental setup.

This is but one of the objectives of the Scout program in the Magic Valley, carried on through the Snake river area council with head offices located in Twin Falls.

The Scout organization is one of eight groups which participate in the Twin Falls Community Chest, the annual campaign for funds getting underway today with scores of businessmen donating their time and effort to make the drive a success. This year's drive chairman is Carl N. Anderson.

### Community Service

Activities of the Scouts point toward better community service in addition to physical and character building. For instance, in the Snake river area council during 1941 they did, among other things:

Assist in the annual collection of Christmas toys which were "made over" by local firemen and then distributed to the more unfortunate children.

From collections among members of their own troops they gave out many Christmas and Thanksgiving baskets.

During the Easter sunrise service they aided in handling the bean traffic.

The Boy Scout drum and bugle corps has appeared in numerous parades and celebrations.

They aided while hundreds of children participated in the annual Easter egg hunt held at Harmon park.

These are only a few things the Scouts do. Most of the things they do go down only in their record books but if printed they would show a wide range of activities and community aid.

### Only Veteran

**UNIVERSITY OF IDAHO, Oct. 21 (Special)**—Betty Detsinger, Hazelton, is the only veteran on the Idaho women's inter-collegiate debate squad this year as the women began practices last week. They will argue on the question, "Resolved, That the neutrality act should be repealed."

### BUSINESS

**BRIDGETON, N. J., Oct. 21 (AP)**—Rival dealers were convinced today that gasoline station proprietor Milton F. Champion is a hard man to dissuade.

Champion, who asserts there is no gasoline shortage, has refused to observe the 7 p. m. curfew.

So far two nights operators of 33 rival filling stations and hundreds of their friends, jammed Champion's station. Each bought one gallon of gas and offered a \$20 bill in payment.

They repeated the procedure last night—this time bringing \$50 bills. But this didn't take Champion, for he was well prepared with change.

"Business is swell," he chuckled. "It's good money, isn't it?"

### Classes in Home Nursing Offered

**BUHL, Oct. 21 (Special)**—Weekly classes in Red Cross home nursing have been taken up by the Buhl Camp Fire Girls, the 31 girls of Ee-da-how and Tanda Camp Fire groups participating in the lesson. Instructions are given by Mrs. Harry Wilson, county health nurse. As an introduction to the course of instruction, Mrs. Wilson told of the founding of the Red Cross and how it was brought to America. She also discussed general carriers and demonstrated the triangular ankle bandage, and the making of a bedside waste basket.

During the week, the girls have been earning an honor by investigating the municipal water and milk supply, and garbage and sewage disposal, every girl reporting on her findings at the home nursing class Thursday.

In addition to the general discussion on sanitation, Mrs. Wilson taught the girls how to properly fill a hot-water bottle and prepare an ice bag, and to make a bed.

Because of interest and large attendance at the classes it has been decided to have instructions for the Ee-da-how group Thursday and for the younger Tanda group Friday of each week at the Lincoln school building. Mrs. W. J. Ripplinger is leader of the Ee-da-how girls and Mrs. W. M. Canton is leader of the Tanda group.

### GET YOUR "APPROVED" STICKER TODAY

This Sign on Your Car Signifies It's **APPROVED** for National Defense

### JOIN TODAY!

SAVE NATURAL RESOURCES — SAVE ON YOUR CAR

Maybe gasoline, tire and even new car rationing will come to Magic Valley—and maybe it won't. We hope it won't. Nevertheless you can do your part to help conserve automotive supplies and at the same time save yourself some much needed money by joining the list of "Approved" auto owners.

"Approved" on your car means it isn't wasting oil—isn't burning an excess amount of gasoline—isn't heading for a dangerous accident that will call for high priced repairs. In other words for its year and model it is as safe, as economical in operation as good mechanics can possibly make it.

The "Approved" mark is just a little windshield sticker that you paste on your windshield—but we're going to make it stand for something. We're going to stand behind that little sticker with the full force of our complete service organization which is the largest in Magic Valley.

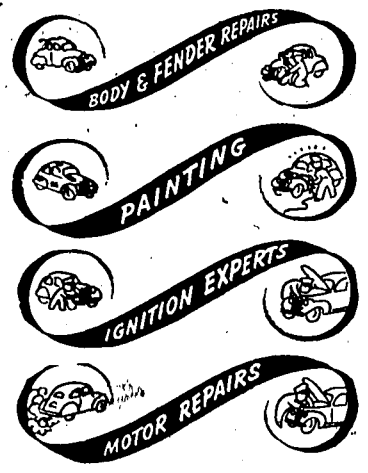

Bring in your car regardless of its make or model and let us tell you what it needs to satisfy us that we can guarantee it is in tip-top driving condition. If it doesn't need anything we'll tell you so and stamp it "Approved." If it does need something we will give you the terms you need to get it.

We Know Your Car Will Perform to Your Satisfaction When These Operations Have Been Approved by Our Factory Trained Mechanics.

At Your Service

The Union Motor is the place where you can always depend on courteous, reliable service. We count every customer a valued part of our organization; that's why you feel no much "at home" at our service corner.

Next time you're out driving, stop in. We'd like to demonstrate what we mean when we say—"At Your Service."

### PREVENT Wrecks Before They Happen

As a thought—thousands of tons of needed materials are wasted, thousands of man hours of work lost besides bringing painful injuries to auto passengers by needless accidents due to faulty automobiles.

Help prevent this loss by running on safe tires, keeping your brakes in condition, your wheels in line and your steering gear OK. Get them "Approved."

# U. OF I. ELECTION RESULTS LISTED

**UNIVERSITY OF IDAHO, Oct. 21 (Special)**—Four Magic Valley students last week were elected to class offices in the annual election in which the United Students party captured the majority of the posts. It was the first time in three years that the Independent party hadn't swept all the class offices.

Don Heals, Gooding, was chosen senior class president and Miriam Maier, Paul, was named senior class secretary. Ray Hoobing, Buhl, was the junior class vice-president and Betty Detweiler, Hazelton, was chosen junior treasurer.

Voters approved an amendment to give freshmen lending awards.

**Complete tabulations:**  
Seniors: President, Don Heals, Gooding, 157; Bob Wetherm, Boak, 142; Vice-president, Curt Clark, Bonners Ferry, 164; Jack Leithman, Postville, 133; Secretary, Miriam Maier, Paul, 171; Ed Benoit, Twin Falls, 121; Treasurer, Stan Jeppesen, Nampa, 158; Elizabeth Bracken, Boise, 142.

Juniors: President, Gordon Williamson, Boise, 191; Jay Casson, Idaho Falls, 152; Vice-president, Ray Hoobing, Buhl, 180; Leonard Brooks, Bonners Ferry, 181; Secretary, Joyce Tucker, Eugene, Wash., 160; Winifred Hart, Moscow, 181; Treasurer, Betty Detweiler, Hazelton, 188; George Binnaly, Nampa, 184.

Sophomores: President, Jack Numbers, McCall, 235; Egan Drenker, New York, 214; Vice-president, Bill Magnum, Moscow, 224; Jack Wing, Moscow, 214; Secretary, Edith Jones, Malad, 227; Howie Manson, Idaho Falls, 212; Treasurer, Arthur Idaho Falls, 235; Joe Gordon, Mulholland, 213.

# Congratulations to New Leader

George C. Leith, Buhl, at right, who takes over as grand master of the T. O. G. F. lodge, has been elected president of the lodge. He is shown here with Mrs. T. J. Lloyd, Twin Falls, past grand master. Mr. Leith has served as deputy grand master during the past year and automatically steps up to the highest post.

# KETCHUM SHEEP BUSINESS SOARS

**KETCHUM, Oct. 21 (Special)**—During the past few days the sheep business from Ketchum down the valley for considerable distance has been crowded with woolmen on their way to winter quarters in the lower areas. Having been fattened on grazing lands in the Sawtooth preserve and adjoining territory, according to officials of the Sawtooth forest this has been one of the most prosperous sheep years in the history of the preserve. The shipment from the Ketchum loading station consisting of 633 carloads. The lamb weights ran from 84 to 28 pounds, say shepherds, and exceed the former weight of 86 to 90 pounds, the exceptionally fine grading period accounting for it.

It is variously estimated that the return from this total approximates \$3,200,000.

The forest officials assert that 245,000 sheep and 5,000 cattle use the grazing lands of the Sawtooth each season, and that receipts for the past year reached \$20,000. Of this amount 25 per cent is allotted to the sheep raisers, 25 per cent to the schools and roads, and 25 per cent goes to the forest range improvement work, fences, corrals and the like. It was a record year.

Mrs. Jack Williams was program chairman, conducting a "humorous" contest on "Anatomy," which was won by Mrs. Ross Davis, Mrs. Edna Owens and Mrs. Dwight Blaker. There was a full membership of 25 women at the meeting. Mrs. Ed Ahim gave a reading.

**THE RECORD... Facts That Concern You** No. 33 of a Series

**THERE GOES A TIRE!**  
...but why junk the car?

Any car can have a blowout in a tire. But you wouldn't junk the car. You'd just fix the tire—or replace it.

That's very much like a situation that exists in the retailing of beer. Beer retailing has its "flat tires," too—retailers who disobey the law or who permit unsavory conditions.

To protect your right to drink good beer, we of the beer industry want to eliminate the few "flat tire" retailers. Here's another reason: Right here in Idaho, beer has provided employment for 5,276 persons, supports an annual payroll of \$5,665,101 and paid \$249,021 in state taxes last year.

The state, too, has an important stake in the beer industry's purchases—for material, equipment and services—from more than 100 other industries.

Those benefits are worth preserving. You can help us preserve them by patronizing only the reputable and legal places where beer is sold and by reporting any law violations you may observe to the duly constituted authorities.

**NATIONAL FIGURE CALLS FOR FOREIGN POLICY SUPPORT**

Editor, Evening Times:

I am a Republican, but I am an American first. (Not, however, an Americanist.) As a Republican American I would like to submit a few remarks in support of the President's position on the neutrality bill.

The present situation is too serious to fool with. We are part of a world war. This is not a time to play politics with the future of the United States.

Recent history is one long succession of peace pledges broken by Hitler, and of peace prophecies proved false.

Too many of us are belling our national safety against their guess that Hitler can't win. Too many of us are gambling that if he does win, it will make no difference.

Too many openly deny what in their consciences they know, that in these days of savage conquests everywhere is in peril, including our own.

Our greatest danger is not Hitler, but the failure to recognize and neutralize his danger. And after that comes "business as usual." Until we recognize what a Hitler victory would mean to us, and act accordingly, we cannot be safe.

Next to admitting the obvious facts, what we need most is to be united—united against our common danger behind the government the American people have chosen.

Too many persons are putting in their time opposing whatever Franklin Roosevelt is for just because he is for it. That is their privilege. But when it goes to the length of sabotaging the government of the United States in the face of a foreign enemy that is a horse of another color.

Suppose an epidemic threatened your town, and suppose you chose a doctor to deal with it. Would you charge him with being a disease-monger because he took vigorous measures to protect your safety? But that is exactly what the isolationists are doing about the war.

Talking as if Hitler's conquests get nobody anywhere. As a matter of cold fact, there is a war, and we are in it.

Fighting politics with this war is about the worst sin an American citizen can commit. And there is too much of it. There is too much of it in the congress of the United States.

Before we concentrate on politics, on trying to throw one party out and put another in, let us first make sure that Hitler will not prevent us from having any free political parties at all when this war is over.

If we are to be strong against enemies from abroad, our domestic quarrels must end at the water's edge.

The allies are fighting our fight. While they fight, it is our business to supply weapons and food. Weapons and food will do nobody any good if Hitler sinks them in the sea.

Hitler has subverted international law. He is forcing us either to abandon our rights, our interests, and our ships or to protect them against piracy.

United States merchant ships have been often been armed against pirates before this war. Why not now?

Out of deep conviction, I urge every American to support the President in demanding modification of the neutrality law, for the safety and welfare of our country and the world.

Sincerely yours,

**GIFFORD PINCHOT**

P. S. If you care to print this letter, I shall be delighted. But, please, before the afternoon of Monday, Oct. 20, Millard Pike county, Penn., Oct. 16

**Oddity**

The southern California coastline cuts sharply; and Los Angeles is located approximately 100 miles farther east than Reno, Nev.

Mercury's controlled ventilation system allows the bar which supports the rear edge of the ventilator to "float" on oil. When the window is lowered, this floating construction to hand signaling.

# Women's Leader Outlines Plan To Wipe out National 'Apathy'

**By RUBY BLACK**

**WASHINGTON, Oct. 21 (UP)**—Mrs. John L. Whitehurst, president of the General Federation of Women's clubs and spokesman for its 2,000,000 members has outlined a program of "practical patriotism" for women to wipe out America's sixth column "apathy."

Mrs. Whitehurst suggested that American women stop organizing pressure groups, stop picketing and stop writing letters to congressmen. Instead, she proposed that they learn how to cooperate for "the physical, economic, moral and spiritual defense of America."

She has just completed a tour of mid-western and western states and complained she found too much "apathy" and "complacency"—"too many women believing nothing can happen to us because we are too big and too rich and too strong."

"People are not imbued with enough patriotic fervor to work for the defense of their country," she said, "but if our 2,000,000 club-women take the initiative we can wipe out that attitude and become effective in our fight to defeat Hitlerism with practical patriotism."

Here are some of the major suggestions in Mrs. Whitehurst's defense program for women: Emphasize a broad nutrition program; help eradicate the fifth column espionage and sabotage; help build army morale; and promote an adequate housing program—every American family should have a decent home.

Other factors which she said contributed to the apathetic attitude were participation and "change of the New Deal"; the American Third Committee; racial and religious prejudices; too much love of luxuries; and a general "softening up" of the people.

She said Sen. Burton K. Wheeler, D. Mont., and Charles A. McNamara were creating an "enormous amount of confusion in the public mind."

# Museum Paintings Loaned to U. of I.

**UNIVERSITY OF IDAHO, Oct. 21 (Special)**—A portion of the Steinhart art museum that has, gradually from a very small collection to a diverse group of masterpieces of southern Idaho and world-famous painters, has been loaned to the University of Idaho home economics department for exhibit.

The paintings are on display in the university administration building and were made available by Mrs. Esther Whiting, daughter-in-law of the museum's founder.

A large landscape picture painted by Ott Mueller, well-known Danish painter from Suptek, hangs in the center of the exhibit. One of the highlights of the display is the painting by George Schwabert, 1880.

# 90 Farm Families Will Help Defense

**JEROME, Oct. 21 (Special)**—An announcement was made today by Veri Chandler, supervisor of the farm security office here, that there are 90 farm families who are ready to do their part by cooperating in the department of agriculture's food for defense program, through increasing production of dairy, pork and poultry products.

Most of the 90 families in this district have already placed their farms on a balanced crop and livestock program and this diversification will enable them quickly to adapt themselves to the food goals being set up for the country.

Supplemental loans, he said, will be made available for sound expansion of livestock enterprises or for repairs and improvements necessary to bring livestock numbers up to the amount of feed available on the farm.

Financing for additional community and cooperative services to provide joint ownership and use of farm machinery, purchased sleds and other operating goods is available, and should meet prospective shortages next year in farm machinery and dairy breeding stock, he said.

# CIVIL WAR REPORTED RAGING IN JUGOSLAVIAN AREAS

## 700 CROATS AND SERBS REPORTED KILLED BY NAZIS

By United Press

The London Exchange Telegraph agency quoted Berlin press reports today that "civil war" was raging in Croatia and Serbia and that blood had been spilled there Britain had lost in all the war.

Since outbreak of the Russian-German war, more than 700 Serbs and Croats—including women—have been hanged and shot, not counting hundreds killed in fighting, Exchange Telegraph said.

"Hardly any days pass without acts of sabotage, burnings and killings by both sides," it said.

Situation "grave"

The Berlin report summarized, according to the Telegraph's Zurich correspondents, that the situation in Croatia and Serbia was "extremely grave" and that efforts to crush the guerrillas had failed. It was said they had fortified mountain hideouts from which they conducted surprise raids.

Reports from Vichy indicated that German reprisals—possibly the execution of more hostages—were feared because of the assassination of Lieut. Col. Karl Friedrich Holtz, German commander of the important Nantes area of the occupied French coast. He was killed yesterday while on a mission in the office near the Nantes cathedral.

4,000 Poles Arrested

The London radio, heard in New York, reported 4,000 Poles had been arrested in the Wilno area for espionage, and the Moscow radio, transcribed in London, said 30 Belgian journalists, civil servants, priests and teachers had been executed thus far in October, of a total of 400 arrested for anti-German activities.

The Rome newspaper Messaggero reported that 30 persons, including two British citizens who "formerly were diplomats," were being tried as "spies" in the Bulgarian capital.

## Isolated? No! Say Proud Folk of Camas Country

BY JEAN DINKELACKER

Some people might not object to being called "isolated" and "remote," but that isn't the way the people of Fairfield and the Camas Prairie feel about the town.

Ever since Jesse Rainsford Sprague came out in the Saturday Evening Post last week with the line that "Camas country is about the most isolated spot in the United States," there's been a rising crescendo of tenor soprano notes, chanting "How green is our valley" to the tune of Civic Pride.

Not Remote, Thank You!

For one thing, Fairfield isn't inaccessible. It's only 26 miles—of 50—from Gooding, and on an old highway, J. C. Barkley, manager of the Rexall Drug store here, will tell you.

"And only 32 miles to Haily and about 12 miles from there to Sun Valley, and THAT'S the cross roads of the world," Luther Koonce, prosperous Camas Prairie rancher, who was "born and raised" here about 40 years ago, will point out.

Too Bleak

Not that he would compare it to Sun Valley, you understand. But he does wish that Sprague's "Mountain-Country Merchant" article had given credit to "Camas" as a "bleak town" to Fairfield and the Prairie.

Mr. Sprague's story is primarily about Fay Jones, whom he chooses to call the merchant with the "big store in the little town of Sun Valley, and THAT'S the cross roads of the world," Luther Koonce, prosperous Camas Prairie rancher, who was "born and raised" here about 40 years ago, will point out.

They'd like for him to have included the other grocery store, operated by Levi Lord; the four garage and service stations; the shoe shop, the two hardware stores, the several saloons, the drug store, the printing office and "the best of the finest schools in the state," a brick high school building and a native rock quarry.

Wrong Impression, See?

Sort of stretched it in outline form, so that the reader didn't get the impression that everything was sagebrush and weeds except Mr. Jones' Big Store.

Sprague did mention the bank building, which is now the courthouse, for which the Camas Prairie readers are grateful.

They don't think it's that picture of Old Soldier at the top of the article. They don't think it does the old town justice.

"Camas Prairie's one of the most productive valleys in the world. When you suddenly drop down over the hill from Gooding into Fairfield, it's a sight to see. . . . In June, or even now, Farmer Koonce looks so earnestly, gratefully, of the place he loves and calls home.

"Inaccessible! No, indeed. Especially in the winter, the best of seasons, as any hunter will tell you," protests Barkley, with more humor than malice in his voice.

Zemendow Shipping

The amount of freight that goes over the Union Pacific branch line to the Shoshone is tremendous, commented Koonce. The freight agent backed him up.

"During the heavy shipping months of August and September this year, 327 carloads of wheat; 74 of sheep; eight of cattle and three of ore were sent from Fairfield and slidings, and for the same period from Hill City, 93 carloads of wheat; 12 of cattle and six of cattle," said C. W. Turner.

He is the freight agent for the Union Pacific railroad company at Fairfield.

## CLERGYMEN URGE HELP TO RUSSIA

WASHINGTON, Oct. 21 (U.P.)— President Roosevelt will receive an appeal today from 1,000 Protestant clergymen and editors for all-out aid to Russia, accompanied by a declaration that Communist infiltration in this country is exaggerated and that not one member of any "branch of our government is Communist."

Their petition and statement was made public last night 24 hours after Chairman Martin Dies, D. Tex., of the house committee on un-American activities submitted to the justice department a list of 1,124 alleged Communists, fellow travelers and sympathizers now on the federal payroll. The FBI is investigating Dies' list.

The Protestant appeal to President Roosevelt bore the names of such well known leaders as Bishop William Thomas Manning of New York, Bishop Henry Hobson of southern Ohio, and the Rt. Rev. William E. Mackinnon, bishop of Chicago. It was sponsored by Kenneth Leale, editor of the Protestant Digest, New York.

Signers of the petition also included: Rt. Rev. Thomas Jenkins, bishop of Nevada; Rt. Rev. Henry H. Daniels, bishop of Montana; and Dr. A. L. Grand, president of the University of Montana.

## Legislative Deaths

Thirty-four legislators of the United States died during the two-year period between 1938 and 1940; six were senators and 28 were representatives.

## Largest Ranch

The Victoria River Downs ranch, on the Weikman River of Australia, is said to be the world's biggest ranch. It covers an area of 16,000 square miles, or one-third the area of New York state.

## CAR STOPS; CRASH RESULTS

Because one auto stopped suddenly in the U. S. 30 W. and a half east of Kimberly, two machines were damaged but drivers, escaped injury. P. C. O'Malley, 58, Poacello, was the driver who stopped, according to Deputy Sheriff John E. Leland. An auto driven by William B. Tunney, 28, Seattle, hit the rear of the first car.

## SCOUTERS CHART YOUTH PROGRAM

Program which will be prepared for Boy Scouts for the coming year was discussed here yesterday as of-foicin, both summer and paid, from five regional councils met at the Park hotel.

Councils represented, in addition to the Snake river area council with headquarters in Twin Falls, included the Oreglia council, Nampa; Boise council, Boise; Tondoy council, Pocatello, and the Teton peaks council, Idaho Falls.

During the afternoon sectional meetings were in order and these followed a luncheon at which Judge R. L. Olivens, presided. Speaker at the luncheon session was Edward L. Curtis, regional Scouting executive, Portland.

At the evening banquet which marked close of the conference, R. H. Snyder, Albion, president of the Snake river area council, was speaker. President was Dr. R. C. Mission, Jerome.

In a special ceremony, Elaine Peterson, Boy Scout of age 16, was presented with the dedication plaque to good citizenship. The presentation was made by Scoutmaster L. T. Lundin.

CRASH AT INTERSECTION

Total damages of about \$775 were caused Sunday evening when auto driven by Christian Aude, North Dakota, and Howard E. Anderson, Twin Falls, crashed at the Piler avenue and Harrison street intersection. Deputy Sheriff Virgil B. Borden said the front of Aude's machine rammed into the rear of the Anderson car, which sustained \$250 damages. The Dakota auto was damaged to extent of about \$78.

## Marian Martin Pattern

Pattern 9288 may be ordered only in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 requires 3 1/2 yards of fabric and 1 1/2 yards ruffling. ## Stores Decide to Use Christ Theme in Christmas Display

The Christ-theme will predominate in Christmas window displays of Twin Falls stores, the merchants' bureau—has decided, today after hearing the Christmas Appeal on behalf of the Ministerial Association.

Father H. E. Heitman presented the suggestion at the Monday luncheon of the retailers in the Rogerston hotel.

Christ-child Theme

As result of his appeal, the store men decided that Christmas displays will centerize about the original meaning of the "Pis" — the Christ child, the Bethlehem nativity scene, the wise men and the other symbols of the first Christmas as Christians revere it.

Such displays, Father Heitman told the group, "will carry a deeper, more reverent meaning" than the customary tinsel and ornament motif.

The St. Edward's pastor emphasized that use of the Christ theme would be particularly timely in view of the "turbulm across the water."

On Committee

Ed Ehlers was announced as fourth member of the bureau's Christmas lighting and decorations committee. Robert B. Warner, chairman, reported selection of Mr. Ehlers and announced that the supply of fir sapling had been ordered for downtown streets. Other committee members are Merrill Shovel and Arthur E. Bookwitz.

Carl N. Anderson, Community Chest director, outlined last-minute details of the drive which opened today.

Harry Morgan, new manager of the Modern Shoe company, attended the merchants' luncheon. Voy Hudson presided in absence of Chairman Frank L. Cook.

## "Star Farmer" Award Won by Nebraska Boy

KANSAS CITY, Mo., Oct. 21 (U.P.)—Duane Munter, 18, Oeltinger, Neb., who earned \$5,500 while going through high school, today was named the "Star American Farmer," the highest honor a member of the Future Farmers of America can win. The designation also brought him a \$500 award given by the weekly Kansas City Star.

Munter made most of his money as a breeder of prize Duroc-Jersey hogs, but he varied his projects to include raising of corn, barley, poultry, potatoes, soy beans and sorghum. He also established a pure-bred Angus beef cattle herd.

Everett Struckmeier of Cloverdale, Ore., made the remarkable sum of \$10,000 during his career in vocational agriculture, to win the Pacific regional Star Farmer award of \$150.

Richard L. Jones, 18, who lives near Carrollton, Ala., won the national public speaking contest last night with a speech on "The Soil—a National Heritage."

The Lincoln line offers eight body types for 1942. — four for Lincoln-Zephyr and two each for Lincoln-Continental and Lincoln-Custom.—adv.

# ELECTRICITY...

does so much costs so little

"It's truer today than ever!"

For many years, the Idaho Power Company has carried this slogan in all of its advertising. Today — when prices are going up — it is truer than ever before. The price of electricity has not gone up, but IT HAS ACTUALLY GONE DOWN! Rates were reduced last spring, have been reduced nearly every year for the last fourteen years. More than ever before, ELECTRICITY "Does So Much — Costs So Little."

Never before was electric service such a good investment. As other prices rise, electricity becomes a better and better bargain. It's one service you can use more of, knowing that you're getting more value than ever.

GOVERNMENT TIGHTENS RESTRICTIONS ON USE OF COPPER

GREAT SHORTAGE SEEN IN METAL FOR NEXT YEAR

WASHINGTON, Oct. 21 (UP)—The government today tightened restrictions on non-defense uses of copper, proscribing the manufacture of such products as light fixtures, caskets and candeliers.

Predicting a 750,000-ton copper shortage for 1942, the copper prior-ties division tightened existing restrictions on copper and copper alloys, the largest amount of which is brass, for the manufacture of more than 100 less-essential civilian products.

Officials said it was the most drastic prohibitive order yet issued against civilian economy. Priorities Director Donald M. Nelson disclosed last week the move was in preparation.

SIMONSEN TAKES BOOSTERS' HELM

JEROME, Oct. 21 (Special)—C. E. Simonsen, Albion, has assumed the helm of Southern Idaho, Inc., today following the election and installation meeting conducted here last night at the Wood Cafe.

The election, installation and a talk by Mayor W. D. Boyer, Governor Albree, Boise, highlighted the October gathering of the regional booster organization. Major Bowler, of the U. S. army, also discussed the setup at Gowen field, outlined the manner of operation at that busy airport, and stressed the fact that a nation must maintain air supremacy to defend itself successfully.

Other new officers chosen in addition to President Simonsen are: D. A. Herlihy, Jerome, first vice-president; N. K. Jensen, Rupert, second vice-president; Richard Atwell, Albion, secretary; George E. Schwager, Richfield, treasurer. All officers were unanimously elected by acclamation.

Mr. Simonsen's acceptance speech broadened the scope of Southern Idaho, Inc. Declaring that objectives of the organization should extend beyond such matters as roads and advertisements, the new regional leader called for an enterprise which would include aviation, defense, education and conservation of vital resources.

CUT GRANTED ON SHIPPING OF OIL

BOISE, Oct. 21 (UP)—M. Heese Hattabach, president of the Idaho public utilities commission, announced today the interstate commerce commission has granted a reduction of five cents per hundred pounds on freight rates for crude oil shipped from Salt Lake, Mont., to Pocatello.

The freight rate was set at 26 cents per hundred pounds by the ICC action, Hattabach said. The Idaho Public Utilities Commission is a public utility commission.

Hattabach also announced the ICC has denied a reduction of market rates from Boise to Pocatello and Pocatello. He said the PUC opposed the five cent per hundred weight rate reduction because it would not add the consuming public and make it more difficult for Idaho's small meat processors to continue in business.
