

OPM TERMS STRIKES GREATEST AGGRESSORS

PATRIOTIC HELP FROM LABOR AND OWNERS SOUGHT

WASHINGTON, Oct. 22 (Special)—The office of production management said today the interruption of defense production by strikes or slowdowns "is the greatest help the aggressors can get in these days when material on the battlefield is costing so much."

The OPM statement of labor policy was prepared by OPM Co-Directors William S. Knudsen and Sidney Hillman. Secretary of Navy Frank Knox and Secretary of War Henry L. Stimson. It was issued in Washington, which President Roosevelt said last week the OPM would make.

The statement said the expanding defense program "depends for its success on the patriotic support of labor and management" during the emergency.

Pressing Need
"Uninterrupted production is the pressing need."
"The interruption of work by strikes or slowdowns is the greatest help the aggressors can get in these days when material on the battlefield is costing so much."
"The OPM urged employees and employers that in event of a threatened impasse in labor relations they telephone the U. S. conciliation service of the OPM. The appeal will be given "immediate attention," the statement said.

"If settlement remains impossible, the OPM said the dispute then should be referred to the national defense mediation board for final recommendations."
Need Man-Hours
Pointing to President Roosevelt's recent statement that now is not the time to take chances with national safety by striking, the OPM said the United States must have "man-hours on the job."
"The OPM fully endorses the voluntary system set up to handle disputes," the statement continued, "and it expects all parties involved in the production of defense material to take no action which will impede production."
"We need man-hours; your country needs your strength and skill. Let us have all the cooperation and help possible."

Companionship Makes Friends

Companionship is one thing members of the Girl Reserves find after they join the organization and many lasting friendships are developed in this manner. Such companionship is exemplified in the picture above taken at Julia McBride (left) and Gwen Ehrlich were practicing a song in the headquarters in the Orpheum theater building. The Girl Reserves are connected with the Y. W. C. A. and benefit through contributions to the Twin Falls Community Chest.

YWCA Program Offers Real Benefits for Girls

Purpose of the Young Women's Christian association is to help girls and women grow into fine personalities and to make a better society in which fullness of life shall be possible for all. Mrs. Frank Wells, general secretary of the local Y. W. C. A., said this afternoon.

Mrs. Wells outlined activities of the "Y" in order to show what is accomplished by that organization. One of eight which benefit through Community Chest fund. Annual Chest drive is now underway with Carl N. Anderson as drive chairman.

Helps Society
"The Y. W. C. A. seeks to be a great cross-section of society, including girls and women from all nations, races and classes. But it also seeks to help these groups through the development of persons and society," Mrs. Wells said.

STRONG TREMORS FELT ON COAST

LOS ANGELES, Oct. 22 (UPI)—Two of the strongest earth tremors since the 1933 disaster in Long Beach shook a portion of southern California late last night, causing scattered minor damage and no injuries.

The quakes were felt at 10:58 p. m. just a few seconds apart. They were of about the same intensity, but lasted only a short time.

A lighter tremor was noted at 2:35 a. m. in Los Angeles and Long Beach. Like the first two, its motion was from east to west, indicating it originated in the Inglewood fault just west of Los Angeles.

The tremors were sharpest in Los Angeles, diminishing in intensity in all directions from the city. Santa Ana, about 40 miles south of Los Angeles, reported a slight jar. The San Fernando valley town north of Hollywood were shaken noticeably, authorities said, as was Long Beach, scene of the March, 1933, quake which killed more than 100 persons. Cities north of the Tehachan mountains escaped the tremors.

Reports from nearby towns indicated the area affected by the tremors was probably 80 miles long and 20 miles wide, with the center near downtown Los Angeles.

ESCAPER ORDERED HELD FOR COURT

JEROME, Oct. 22 (Special)—Alvin Johnson, 21-year-old Oklahoma resident who has a number of aliases, and who was charged with the felony of stealing a number of sacks of red clover seed from the Freeman warehouse here last Saturday, was brought before Probate Judge William G. Comstock yesterday to face the charge of theft and also for jailbreak. Waiting rights for a preliminary hearing, Johnson was remanded to Sheriff Lee S. Johnson until arraignment in district court. He was placed under bond of \$2,000.

Last Saturday Johnson was arrested for stealing the seed, and it was necessary to place him in the women's ward of the county jail until formal charges had been filed against him. He broke out of the cell by crashing the door and made his escape. Within a short time Johnson appeared at St. Valentine's hospital where he forced release of his wife, 20. The two caught a ride with Carl Geister to Boise, Johnson telling Geister that the woman accompanying him was his sister and that he wanted to go to Boise where she was to receive treatment. Authorities here notified Ada county police who arrested Johnson and removed him from the Geister car.

Johnson was reported to have one of the sacks of seed here at a local company for \$12.47. The remaining sacks of seed were found later hidden under a box car near the Freeman warehouse.

Motorist Jailed

Thirty-day sentence in county jail was ordered Tuesday afternoon by Justice Guy T. Swope for Lester V. Dillon, autoist who pleaded guilty to driving while under influence of intoxicating liquor.

Dillon must also pay \$5 costs or serve out that amount. He was arrested by city police.

HEAVY RAIN, NEARER COMES

ski weather. Overnight even now your car gets steely cold. These mornings, as your starter prods the engine to roll over, the precious inner parts that you want to keep fit are rarin' to claw each other. But not after they're WINTER OIL-PLATED by the quick simple change to your seasonally correct Conoco Nth motor oil. Conoco Nth is known for its magnet-like effect that holds a rich layer of OIL-PLATING clear up to the topmost piston rings, though your car may stand cold for days. Instead of all quickly draining down to the crankcase, Conoco Nth oil makes OIL-PLATING stay up on guard in advance—ready ahead of mere fast-flowing oil—to ease up the coldest starts.

Then when your engine's insides—even in Autumn and Winter—naturally warm up more than a brand new sunburn, your Conoco Nth oil shows you the type of mileage economy that won the sensational Death Valley Death-Test—certified. The industry hasn't got over it yet... 6 identical cars—6 widely advertised oils of quality, including Conoco Nth—were kept speeding over the desert, each on a different 5-quart fill—locked in—no oil ever added.

5 quarts of one big brand burned up—and the engine burned out—when the car with Conoco Nth still had the protection of 3.65 quarts! Even the runner-up's 5-quart fill was consumed, and the engine was junk, when the car with Conoco Nth still had 2.7 quarts in the crankcase. All impartially certified.

You can get the printed evidence at Your Mileage Merchant's Conoco station. There's where to change to this popular-priced Conoco Nth oil. Its economy is on record, and it OIL-PLATES your engine for protected prompt starting. That's more than a promise. It's backed by something real... OIL-PLATING.

EGAD! DONORS TO THE FUND REAP FOR THEMSELVES A FINE FUND OF GOOD CHEER!

Contributed to the Twin Falls Community Chest drive by the Evening Times and the Hoopoe boarding house.

FLIERS ORGANIZE 2ND GROUP HERE

Organization of a second flying club for Twin Falls is expected to be completed at a meeting which will be held at 7:30 p. m. today at the city hall. It was announced by John Garrett, president of the original club which was only recently formed.

Training plane purchased by members of the original group is now at the local field available for use of club members. No outsiders will be permitted to fly the ship, according to regulations.

The first club consists of 25 members and a like number is to be accepted for the second club. Garrett said that 12 of this number have said dues in the second unit. The balance is expected to sign up at tonight's session.

Mr. E. (Pet) Rountree, local pilot and graduate of the civilian pilot training program here, will serve as chairman at tonight's session.

Tarpon Springs, Fla., is the song capital of the world.

LIONS DONATE TO WELFARE PROJECT

JEROME, Oct. 22 (Special)—A net amount of \$119.38 was received from the recent comedy drama production, "Swing Out," presented there two evenings last week under sponsorship of the Jerome Lions Club. The production was given at the high school auditorium before large and appreciative audiences.

The total sum received will be placed in the community welfare fund, it was announced by officers who stated that the funds will go primarily for eye sight conservation, major project of the Lions club organization.

Ben Dawson, recently employed by the Jerome Lumber company, was today inducted formally into the organization as a new member.

Members discussed tentative plans for a concerted membership drive in the near future.

HEYBURN

Mr. and Mrs. Don Bennett, Blackfoot, were dinner guests Sunday of Mr. and Mrs. Chauncey Bixler.

Mrs. Marie Mautous, Willow Creek, was a guest of her daughter, Mrs. G. H. Swofford, Sunday.

Miss Anna Blyer, Salt Lake City, was an overnight guest of her sister, Mrs. Carl Merz, Saturday.

Mr. and Mrs. Fred Facke, Aberdeen, spent the week-end at the home of Mr. and Mrs. Earl Jordan.

Wagner Jensen, Payette, was here Monday on business.

Mr. and Mrs. Alfred Lee, Oakley, are visiting at the home of Mrs. Mary Lee.

Mr. and Mrs. Jesse Rasmussen, Ogden, visited last week at the home of Seymour Davis.

Members discussed tentative plans for a concerted membership drive in the near future.

JEROME

According to a report made Monday by County public health nurse, Miss Elva Puumire, there are four suspected cases of diphtheria which have developed in the east end of the county, at Eden, and one definite case at the hospital.

Students Perform For Rotary Club

GOODING, Oct. 22 (Special)—Gooding Rotary club held a regular session Friday noon, with the program given by students of the Gooding schools. Billy Oakley, Billy Hill and Bill Krahn played trio selections on their concerts with Lyle Lettelle accompanying at the piano. Nadine Traeg gave vocal selections and also played the clarinet with Mr. Lettelle accompanying.

During the business meeting, with R. M. Robertson presiding, it was decided to invite two boys from the state school to one meeting a month and two from the Gooding high school at each of the other meetings. Visitors were Rotarians Sid Smith and Stanley Baer, Shoshone; Dr. R. C. Derr and E. J. Sawy, Gooding.

L. O. O. F. SELECTS WEISER FOR 1942

(From Page One)
Hagan, Moscow, grand treasurer, and T. J. Lloyd, Twin Falls, home board member.

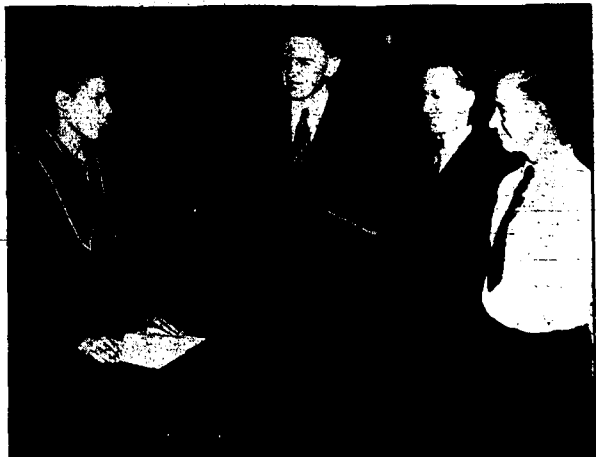

Executive grand encampment officials are headed by A. R. Bradley, Nampa, grand patriarch. Appointive officers named were L. H. Kirtz, Moscow, vice-president; grand marshal; Frank Lühr, Caldwell, grand sentinel, and Sam Cramor, Twin Falls, grand outside sentinel.

Rebekah Leader
As members of the Rebekah assembly met at the Elks hall yesterday afternoon, Mrs. Lulu Watts, Pocatello, was selected as president. Other officers include Mrs. Floy Naylor, Moscow, vice-president; Mrs. Grace Baird, Caldwell, warden; Mrs. Mabel Garland, Boise, secretary, and Mrs. Sarah Pemberton, Boise, treasurer.

Officers elected, together with leaders appointed, will be installed Thursday at 8 a. m., as concluding Rebekah sessions are held at the Elks hall.

Installing officer will be Mrs. Dorothy Kinair, Burley, officials announced yesterday afternoon.
Buhl is charged
The Rebekah lodge of Buhl was in charge of the ceremony of decorating the charter, which preceded the election. Mrs. Anna Tahn served as captain of the Buhl team while other members were Mrs. Harriet Cunningham, Mrs. Emma Fember, Mrs. Kitty Harrington, Mrs. Gertrude Parlinger and Mrs. Tempa Elnwood.

At Junior Odd Fellow Initiatory Ceremony

—Jim Williams, (left), past chief ruler of the Junior L. O. O. F., Twin Falls, was giving the past chief's lecture last night during execution of the initiatory degree when the above picture was taken. Three of the candidates at the initiation are shown in the picture. They are (left to right) Bill Stevens, David Dixon and Hoyt Dean. The initiation attracted a large crowd of some 500 members and the subsequent initiatory degree was conferred by Jerome subordinate lodge No. 123 following completion of the junior program. The junior group has taken an active part in the state session which end here Thursday morning, having started last Sunday.

Gov. Clark Meets FDR; Denies Seeking Judgeship

WASHINGTON, Oct. 22 (AP)—Gov. Chase A. Clark of Idaho conferred for five minutes with President Roosevelt today, but insisted his call dealt solely with state matters rather than his reported availability for a nomination to the federal bench.

Clark, on leaving the White House said: "I have not taken up and am not taking up the matter of a judicial appointment" while in Washington.

SUBSIDY SEEN ON MICHIGAN COPPER

WASHINGTON, Oct. 22 (AP)—Government agencies are formulating a plan to provide a subsidy for three Michigan copper producing firms to encourage production in high cost mines and to aid in alleviating effects of priorities unemployment.

Price Control Administrator Leon Henderson, who revealed that his office, the supply priorities and allocation board and the treasury are working on the plan, said negotiations are underway with Copper Range company, the Royale Copper company and Quebec Mining company, all of Michigan, to sell copper to the government at prices in excess of the present 12 cents a pound ceiling.

Pastor, Family Feted at Filer

FILER, Oct. 22 (Special)—Rev. F. A. Carlson, new pastor of the Filer Baptist church, with his wife and children, were honored at a reception Monday evening in the church basement by about 100 members of the Baptist congregation.

SCHOOL SET FOR MATTRESS WORK

Training sessions for supervisors in the cotton mattress program for Twin Falls county will be held Oct. 23 and 24 at the farm labor camp. County Agent Bert Bollingbroke announced this afternoon after completing arrangements with Roy C. Lane, camp manager.

BRITISH PLANES RAID NAZI BASES

LONDON, Oct. 22 (AP)—British planes struck at widespread areas of Europe during the night, bombing Bremen for the second consecutive night, raiding the docks at Erest and Lorent in France and attacking northern Denmark and French Brittany, the air ministry said today.

Bremen was the chief target in raids on northwest Germany. Coastal command planes raided Erest, where the German battleships Gneisenau and Scharnhorst still are berthed, and the submarine base at Lorent.

Continued Unrest Gives Grave Problem to Occupation Armies

By LOUIS F. KEEBLE
Continued unrest and terrorism in occupied and German-dominated Europe is confronting the Nazis with an increasingly grave problem and its bearing on the war is becoming daily more important.

It already is clear to open warfare in Yugoslavia, Greece, Bulgaria and to some extent in Rumania. In France it is taking the form of assassinations of German officers.

Seasonal Motifs To Be Featured At Guild Party

Halloween appointments will add to the attractiveness of the annual autumn benefit bridge party, planned by the Afternoon Guild of the Episcopal church next Monday afternoon at 1:30 o'clock...

Walker and Hutts Rites Announced

Mrs. Barbara Hutts, daughter of Mrs. Alvin Hutts, Twin Falls, and John Alvin Walker, Twin Falls, were married Oct. 16 at 8:30 a. m.

Marian Martin Pattern

Communities represented were Twin Falls, Jerome, Heiler, Gooding, Shoshone, Rupert, Burley, Wendell, Fairfield, Fairfield, Keetchum and Buhl.

Mrs. George Wachterle, Buhl, and president of the southern deanery and Henry Kohlman, president of Buhl, presided at the business meeting for the women during the afternoon.

Special program numbers included an instrumental solo given by Edna Oakey, music director at St. Catharine's, led dance by Marie Gregory accompanied by Dorothy Brown.

Faculty Women Start Card Club

GOODING, Oct. 22 (Special)—Gooding high school faculty women and wives of the faculty men have organized a card club which plans to meet weekly two weeks during winter. Defense stamps are to be awarded as the prizes for high and low scores at each of the meetings.

Mrs. Jean Harnett was hostess for the first regular meeting at her home last week with about 20 attending. Proceeding the bridge game, Miss Virginia Erdman and Miss Harnett will present a miniature garden party for the first session.

Present were Miss Patricia Anderson, Mrs. Katharine Grayson, Mrs. Emma Grayson, Mrs. M. J. Grayson, Mrs. Carl Hanson, Miss Elizabeth Jensen, Mrs. Elizabeth Miller, Miss Rose Jensen, Mrs. M. J. Lott, Mrs. Marie Tate, Mrs. Mamie Harrold and the hostess.

Tales of China Related During Civic Club Meet

JEROME, Oct. 22 (Special)—An absorbing and detailed account of her life in China was told Tuesday by Mrs. L. K. Kenberry, Catholic missionary, for members and guests of the Jerome Civic club.

Mrs. Kenberry began by explaining that she was wed in Virginia and "we spent our honeymoon in China," serving as missionaries in that country for 19 years and giving interesting incidents of the lives and customs of the people of that nation.

She also showed a pair of silver chopsticks and a ink Chinese brush, a complete set of a Presbyterian family of China which were dolls dressed to represent the family.

Included in the group was the elder male of the family, a scholar, who was dressed in a black cap and tiny red button at the top of his little black cap. There was the wife who was dressed in trousers which were black and bouquets of her ankles; a younger Chinese man and his wife and a Chinese boy, whose hair was cut from a bun and his threads which stood out from the head.

The tiny figures were all delicately made and the clothing, even down to the hand-embroidered shoes, were complete.

Mrs. Kenberry told of more sober circumstances also prevalent in China, especially at situations in the city of Shanghai where "business men" had a drop in the value of their money in their hands.

A cleverly designed Chinese garden, made by Mrs. Sharon Albertson, was the centerpiece of the refreshment table and bouquets of chrysanthemums decorated the chrysanthemum. Pouring were Mrs. Richard Seely and Mrs. Oscar Seely.

Hostesses were Mrs. S. H. Albertson, Mrs. R. H. Callen, Mrs. Dean Callen, Mrs. M. J. Callen, Mrs. Albert Martin and Mrs. H. R. Updegraff.

Chrysanthemum Growers Show Many Varieties

Outstanding among the choice chrysanthemums exhibited last evening at the Chrysanthemum show of the Twin Falls Garden club was the display of hybridized blooms, arranged by Mrs. A. J. Requa, T. M. Robertson and Frederic C. Sanborn.

Calendar

Grm State Study club will meet Friday at 8 p. m. at the home of Mrs. M. D. R. Hill, 1214 N. Main. Husbands will be guests.

Loyal Women's class of the Christian church will meet at 2:30 p. m. Thursday at the home of Mrs. C. C. Haynie, 311 Eighth street north.

All Methodist women who desire transportation to the state W. C. C. conference at Gooding Friday are asked to telephone Mrs. M. J. Jellison by Thursday afternoon.

Christmas club will meet at 8 p. m. Thursday at the home of Mrs. C. C. Haynie, 311 Eighth street north.

Women's Friendship class of the Methodist church will meet Friday at 8 p. m. at the home of Mrs. F. E. Haynie, 514 Third avenue west.

Emanuel club will meet at the home of Mrs. A. P. Roll at 8:30 p. m. Roll call responses will be given. Roll call responses will be given. Roll call responses will be given.

Pythian Sisters Social club will meet with Mrs. C. A. Gates, 225 Fourth avenue east, Thursday at 8 p. m. All members are requested to be present as important business will be transacted.

Faculty Women Start Card Club. GOODING, Oct. 22 (Special)—Gooding high school faculty women and wives of the faculty men have organized a card club which plans to meet weekly two weeks during winter.

Installed Rebekah Heads

Mrs. Nina Forstner, Orofino, retiring state Rebekah president, right foreground, presides at the meeting of the Idaho Rebekah assembly, held last evening at the Elks hall. Other new officers, left to right, are Mrs. Floy Naylor, Moscow, vice-president; Mrs. Sarah Pamberton, Boise; treasurer; Mrs. Grace Baird, Caldwell, warden, and Mrs. Mabel Garland, Boise; secretary. They were elected yesterday.

Three Clubs to Honor Pledges At Gala Dance

Pledges of Alpha Nu, MCF and Tri-O clubs will receive coronas from their respective clubs this evening and will be honored at the inter-club annual pledge dance, to be held at the Radio Rodeo, beginning at 9 o'clock. Music will be furnished by Will Wright's orchestra.

Each of the three girls' clubs is in charge of three girls for the affair, with the MCF responsible for the hall and orchestra arrangements; Alpha Nu responsible for the punch, and Tri-O to be in charge of programs. Pledges of each group will present a surprise skit during the intermission.

Tri-O girls in charge of the programs are Miss Doris Ann Sherwood and Julie Ann Ryan; Miss Mary O'Connell and Miss Cecile Wegener are responsible for the three punch girls from their club, and Miss Barbara Ball and Miss Erna Lee Skinner were appointed to take care of arrangements for coronas.

Miss O'Connell is in charge of punch arrangements for the Alpha Nu and Mrs. Max Phillips is to head the pledges for plans for their program. Alpha Nu honorees and officers will receive coronas of white roses and bouquets of white flowers.

Primrose Lodge Host To 600 at Initiation

Six hundred persons attended the regular lodge session of Primrose Rebekah lodge here last evening at the Elks hall. Out-of-Towners and out-of-state guests, here at the annual sessions of the Idaho Odd Fellows grand lodge and the state Rebekah assembly, brought the attendance record to a new high for the local lodge.

Mrs. Cora McMillan presided, conducted the initiatory work and the Gooding drill team and instituted five members from over the state.

Assembly officers were introduced and welcomed. Among other out-of-state guests to whom recognition was given were Mrs. Ethel Serdun, grand lodge and the state Rebekah assembly, and Mrs. Marie Stuart, vice-president of the Utah assembly.

Miss Frakes Weds In Maryland City

GOODING, Oct. 22 (Special)—Miss Dolores Frakes, Gooding, and Charles E. Wilson, Baltimore, Md., were married Oct. 4 in Baltimore according to announcement made by the parents of the bride, Mr. and Mrs. Hugh Frakes.

Couple Returns From Honeymoon

CASTLEFORD, Oct. 22 (Special)—Mr. and Mrs. Robert Leaper, Jr., are home following their wedding journey to Elko and Mountain City, N. J.

Bennett Recommends Maples for Planting

"Plant old-fashioned, hard wood, sugar maples and lindens," was one of the bits of advice R. R. Bennett, official of the state horticultural extension service, Boise, gave at the meeting of the Home and Garden department of the Twentieth Century club yesterday afternoon at the American Legion Memorial hall.

Mr. Bennett, in his talk on "Fall Landscaping of the Lot," aided his audience in visualizing proper plantings for new homes, particularly, by drawing an imaginary lot on the blackboard and then marking in the various types of trees and shrubs that would grow most advantageously.

The hard sugar maple is one of the trees that the Twin Falls Garden club has also recommended for local planting.

At the conclusion of his talk, he answered questions on all types of planting. In the discussion of planting, he said: "For slow growth, plant evergreens; for quick growth, arbutus and similar plantings."

National Leader Of W. S. C. S. to Talk at Gooding

Mrs. Helen B. Bourne, Nashville, Tenn., secretary of missionary education of the women's division of the Methodist church, will address the first meeting of the Idaho conference of the Women's Society of Christian Service of the Methodist church, in all-day sessions Friday at Gooding. Mrs. Roy J. Evans, Twin Falls, state president, appointed to take care of arrangements for the conference.

Officers attending include Mrs. Edgar L. Oakes of Caldwell, vice-president; Mrs. R. F. Tyler, LaGrande, Ore., corresponding secretary; Mrs. Edgar Moorhead of Missa, recording secretary; Mrs. Darrille W. Clark, Idaho Falls, treasurer.

GERMANS EXECUTE 50 FRENCHMEN FOR ARMY MURDER

MAJOR IS SLAIN AS ATTACKS ON NAZIS CONTINUE

By RALPH BENJEN... VICHY, France, Oct. 22 (AP) — A German army major was shot dead at Bordeaux last night 36 hours after the killing of a colonel as the Nazis which caused the Germans to execute 50 French hostages and to threaten the execution of 50 more, it was disclosed today.

It was announced the Germans had immediately arrested 50 Frenchmen connected with the killing of the major and execute if the killers were not caught.

Blames Foreigners — "We believe this terrorism is inspired by foreign powers who hope to poison relations between the (German) army of occupation and France, thus delaying peace."

Announcing 50 Frenchmen had been shot this morning, a statement from the German military command said the killing of the major had not been arrested, Petain said.

Under the armistice we laid down our arms and they do not have the right to take them up again and strike the Germans in the back.

"If the assassins are caught, 100 Frenchmen can be saved. Do not let harm befall France. Take a stand against the plot."

Credited Save 100 — Petain was believed, in speaking of 50 Frenchmen, to refer to the 50 more who are to be shot if Hitler's assassins are not arrested by tomorrow midnight and to the 50 seized at Bordeaux.

"Kiss for Victory" Sparks Special Welcome to 35th Division of Army

(By NEA Service) LITTLE ROCK, Ark. — A gold-fringed "welcome" mat has been set out here for the 35th division troops who are back at Camp Joseph P. Bowyer, near Little Rock, after two strenuous months of "warfare" in Louisiana.

"Let 'em eat cake!" decreed the friendly folk of this quaint-queerous capital. And for the first fortnight time in 20 years an American community rolled out the barrel and cast keys to the city in a Roman welcome for 20,000 boys in uniform.

General R. E. Truman, division commander, granted his troops two day passes and freedom from duties, debts, dowagers, defense-minded church and club members, dance bands, and dentists from all walks and stalks of Little Rock life.

The public and private homes and parties that fill every hall and overflow into bannered streets; the housing of maneuver-warrior warriors in homes and hotels and tourist courts; the free meals that will put a chicken in every buck private "stomach."

"Not all the soldiers have gone dancing. "Everything o. k. boys!" cheeks bared and smiling George Lantz, greeter, host and music man of the Gar Hole, private's paradise in the basement of the Grand Hotel, at the Ghees hotel, as he makes his beaming way among tables crowded for the first time in two months.

"The boys are coming. Pvt. John Barber. "Noah ah." And "George Lumbert on, halling French and straightening up arguments, grinning as he buys or bounces.

BLAST OF BOMB IS SELDOM FATAL

LONDON (AP) — A young English anatomist, Prof. S. Zuckerman, reports that his researches into the autopoietic capacity of the human body can resist bombs and their blast for more effectively than he has mortal and concrete.

Since the bombing of Britain's towns and cities by the Luftwaffe has been generally held that blast would destroy the lungs or other vital parts, but the main danger is due to bruising caused by the impact of the blast wave on the body's wall.

Some people have been killed by the blast itself, but hundreds have escaped even the slightest injury, while brick and concrete buildings have collapsed.

Other have been in rooms in which bombs have exploded. The buildings have collapsed around them, but they have escaped unhurt. One man was only 25 feet away from a 2,000-pound bomb.

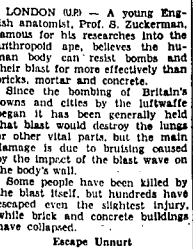

Research and experiment on this question of bomb blasts have revealed that once they arrived they had altered. Even if bombs fall immediately beside the shelters, the type of death through blast is considerably minimized.

A government laboratory recently designed a new type steel helmet for fire-fighters and civil defense workers. It was criticized on the ground that it was not as strong as the type used by the services.

It was tested. This is what happened. Live ammunition was fired at one of them at a velocity of between 350 feet and 400 feet a second. The helmet was only slightly dented.

Intensive research also has been made by government scientists into glass protectives. It has been found that the problem of finding a glass having the right strength and weight is being solved universally on all the glass windows of the trains, buses and underground railway trains of London.

Funny Business

"This is our famous razzberry model—little Boppo pops up and hands out the razzberry every time you pass a duplicate!"

CAPITAL HOUSING NEEDS INCREASE

WASHINGTON (AP)—This capital city, transformed by the emergency into the nation's No. 1 boom town, expects its already serious housing shortage to become even more acute during the next nine months with the arrival of 35,000 more government workers.

Causing equal concern to officials here is the problem of finding adequate office space for the thousands of new workers who arrive each week to take positions with the newly created defense agencies.

Available office space is far from sufficient to provide for all the new workers. To meet the problem the government is building a number of temporary office buildings in Washington and two in nearby Arlington county, Va., just across the Potomac river, for the army and navy.

Up to Private Builders — The government is doing virtually nothing to alleviate the housing shortage, other than providing quarters for some of the men in the armed services.

Private interests, however, have undertaken construction of hundreds of new homes and apartment buildings, most of which are leased months before they are completed.

COLLEGE OFFERS BUYING COURSES

BELLEVILLE, Ill. (AP)—A course designed to enable every consumer to fight his way through rising prices caused by the national defense program and still save money has been announced by Le Clero college.

The course is offered in night school and is open to men and women for both practical value as well as college credit.

Directed by Prof. Charles Walter of Le Clero college and St. Louis university, it will follow advice of the federal government in how to purchase. It will cover the intricacies of the new national defense laws and detailed operation of 12 federal housing agencies.

Students will be instructed in how to get the most for their money in virtually every type of consumer goods and will be shown the variety of government bulletins covering nearly every subject of interest to consumers.

"During the current national defense program there is a greater need for consumer education than ever before," Prof. Walter said. "I want every citizen to be as good as possible. I want to get the opinions of the people in the class, find out what they want to know, and plan the course for their needs."

Five thousand to 6,000 men comprise a brigade in the United States army, under command of a brigadier general.

SHOSHONE

Mrs. R. J. McMahon returned to Shoshone early this week following a visit of several weeks with her son, Dr. John McMahon, Spokane, Wash.

Dr. E. J. Potter returned Friday from a successful hunting trip into the Selway forest district in northern Idaho, bringing back a large elk. He was accompanied on the hunt by E. W. Sineclair and Felix Plastino, Jerome, each of whom returned with a miss.

Miss Beth Winner, who teaches school at Gardiner, and Miss Dorothy Simmonds, teacher at Excelsior rural school near Hatden, are spending harvest vacations at the homes of their parents in Shoshone.

Mrs. L. Barris was hostess to members of the Sew-What sewing club Saturday.

In 1940, United States exports to Latin America increased 31 per cent over 1939.

... a Roman welcome for 20,000 boys in uniform.

Little Rock lovelies doubly demonstrate the "Kiss for Victory" on happy Camp Bismarckman Wild Throat. It consists of three shot More Code snacks and a long "smoozassack."

BOUND TO BE READ

"The Dark Shore" (Ivan, Washington) by Philip Freund—A novel of the Spanish Civil War, including the outbreak of the revolution in Spain.

"Ship Anchor" (McBride), by Don Aspdren.—In his adventure in the 1800s, when youths shipped on sailing vessels in search of fame, treasure and thrill.

"Ariadne Spinning" (Doubleday, Doran), by Eleanor Green—An excellent portrait of a woman in the industrial revolution, with subtle and accurate descriptions of all the feelings that flood her heart and mind.

MACHINE FLAWS NOW VISUALIZED

PITTSBURGH (AP)—A visual method of photoelasticity designed to guard against breakdowns in the machines of modern industry by guessing against possible "Achilles heels," is the subject of a book by Dr. Max M. Frocht, of Carnegie Institute of Technology.

Photoelasticity has been used for the last 10 years of research at the Institute, during which time he has developed new methods, perfected new techniques, designed special equipment, and published research papers in the photoelastic field.

Photoelasticity is a method for determining the distribution of stresses in bodies by study of transparent models in fluids of polarized light.

The chief emphasis of Dr. Frocht's study is on exact analysis obtained by nominal mathematical stress calculations, but he has also been successful in proving that stress formulas of nominal stress continue to fail, he believes.

KETCHUM

George Rice, Lus Hill and Bob Cummins went down to the Snake River Thursday for the purpose of taking a look at the game. They saw plenty of the game, a mile high, and noted that five and then turned home a few days morning with several ducks.

Mrs. Oscar M. Elter were visitors in Twin Falls for several days during the week looking after business on several ranches in which they are interested. The onion crop was pronounced a big one throughout the district for which Twin is famous.

R. T. McDonald left the first of the week for Los Angeles, where his family has been for some time. Mrs. Nancy Brum and mother have moved to town and will occupy the Mike Perilly property, which was purchased by Mrs. Brum a short time ago, she having sold her residence and ranch property south of town to New York parties.

Duane Stranahan and wife, of Toledo, O., were arrivals Friday, and the following morning left for the Chamberlain basin area on a hunt under the direction of John Baumann. They have been frequent visitors to Idaho, and Mrs. Stranahan being a ski enthusiast.

During the past few days, while the storm in Selway game preserve marred a good many elk hunters, Russell Werry and his party from Ketchum were among the sports catching. They bagged their elk all right, but had difficulty in setting out of camp, eventually making it unassisted in any extent.

MOUNTIES' RAIDS AROUSE INDIANS

OYOGOSB, B. C. (AP)—The usually friendly relations between Canadian Mounties and natives living on the peaceful little Shopka Indian reservation in the American border here are somewhat strained.

The clash in relations are raids staged on homes in the reserve by the Royal Canadian Mounted Police in search of goods belonging to Chopka Indians without payment of duty and in violation of the "foreign exchange board" regulations.

Chopka is a little border post-office about 100 miles northwest of Wenatchee, Wash., and the Indian reserve is on the Canadian side of the border. For 34 years the Indian families have been getting their goods through mail-order houses in the United States.

Order Stop — Canadian authorities had no objection to the trade in peace-time, but when war broke out and it became necessary to conserve exchange, the practice was ordered stopped.

The Indians, however, continued to patronize the American mail-order houses, chiefly because most convenient. Finally the Mounted, aware of this practice, visited the peaceful little Shopka Indian reservation and seized large quantities of clothing, firearms, tools and other goods allegedly imported from the United States without payment of duty.

POWERFUL WOMEN

One expert says that the four most powerful women in the world, in no particular order, are: Queen Elizabeth, Madame Chiang Kai-shek, Mrs. Eleanor Roosevelt and Donna Rosalba Mussolini.

TRADITIONAL GAMES ON EASTERN GRID SLATE

Navy Tackles Harvard; Army Vs. Columbia

By WILLIAM TUCKER
NEW YORK, Oct. 22 (U.P.)—The top rungs of the eastern football ladder are fairly well supplied by Penn and the service eleven, and this week finds the old school for teams seeking honors in ancient rivalries.

Four members of the Ivy league dropped from the undefeated ranks last week, setting the stage for such traditional struggles as Dartmouth-Yale and Cornell-Colgate in which the principals all have been trounced. Other games with an Ivy note are Columbia-Army and Harvard-Navy. The Cadets may have a hard time preserving their perfect record against the Little Giants, but Harvard looks like easy pickings for the undefeated Middies.

Fordham at Top
The Fordham team, unbeaten and united in three games replaced Navy as leader of the Lambert conference standing on the heels of their 27 to 0 rout of West Virginia while the Middies were handing Cornell its first defeat in 10 years.

Improvement over their fairly close game with North Carolina and if they get past Texas during this week will over the hump in quest for a perfect season.

Penn, with triumphs over the Big Three, ranks just behind Navy and Cornell, a little trouble from Maryland this week, although the Old Liners turned in an upset over Florida.

Others still unbeaten in the east are Temple, Villanova—which assure quite an inter-sectional feather to the second cap in defeating Baylor—and Duquesne.

INTACT

SUNNYVALE, Calif., Oct. 22 (U.P.)—Coach Ben Winkelman of the Moffet Field Flyers doesn't look forward to the game with Camp Hagan, anti-aircraft training center, next Saturday. "All I know," he said today, "is that the same team that played last year for Moorehead Teachers college in Minnesota. The coach took over when the team into the arms with him."

Penn's Mentor Is Chosen as Coach of Week

NEW YORK, Oct. 22 (U.P.)—Only twice in football history has a team risen up to topple Yale, Harvard and Princeton in a single season. Duquesne did it in 1938 and on Saturday Pennsylvania's Quakers followed suit, thereby earning George Munger the selection of United Press coach of the week.

The name of George Almond Mungler may be one you haven't heard before, because his brilliant, displaced red-head is one of the most under-publicized men in the big-time coaching ranks.

Quiet Fellow
He's a quiet, modest fellow who seldom makes his presence felt in a crowd, but on the record he rates just about as many prizes as any man in his business.

The experts all laughed when he moved into Philadelphia four years ago to take charge of a squad which had won just 11 major games in six seasons, but the smiles have long ago vanished in his three-year tenure. Mungler has lifted the Quakers from the Ivy league cellar to the top of the league, which he shapes up as a pretty strong challenger to repeat.

Perfect-Record Squad
Today his finely-tuned, versatile red and blue squad is one of the major perfect-record squads in the nation. The Quakers opened the season by humbling Harvard, 19-0. Then turned back Yale, 28-13, and on Saturday took the third leg of the big three by a seven-point margin, blanking Princeton, 23-0.

Munger was a prep school star at Episcopal academy at Philadelphia and at the University of Pennsylvania. He coached at Episcopal, where his team was unbeaten in three years. He then coached at the University of Pennsylvania, where he led the team to a 10-0 record in two years.

In 1938, Mungler moved upstairs to succeed Harvey Harman.

Bowling Schedule

WEDNESDAY, OCT. 22
Minor league-Alleys 1-2, Falks-Sears No. 4 vs. Green Cab; Falks 3-4, Consumers' Market vs. Falks-Sears No. 2; alleys 3-4, Times-News vs. Detweilers No. 2.

Commercial league-Alleys 1-2, Twin Falls Bank and Trust vs. Falks No. 3; C. C. Anderson Co. alleys 2-8, Idaho Egg vs. Interstate alleys 7-8, Saterway No. 339 vs. 20-38 club.

THURSDAY, OCT. 23
Magic City Ladies League - Alleys 1-3, R-G Jewelers vs. Buffers; alleys 3-4, Regerson Coffee shop vs. National alleys 5-8, Orange Transportation vs. Kimberly Boosters; alleys 7-8, Sterling Jewelers vs. Farmers' Auto Insurance.

FRIDAY, OCT. 24
Mercy-National vs. Newhall's; 1-2, Troy-National vs. Newhall's; alleys 3-4, Truck Insurance vs. News-Times.

ORIG STAR OUT
NEW YORK, Oct. 22 (U.P.)—Don Shaver of Mendocino, O., one of the greatest centers in Columbia university's history, was through with football for good today because of a knee injury he sustained when he was injured in the Brown game Oct. 4.

The 13th census in 1910, showed the United States had a population of 91,972,265.

Buddy Baer
"I suppose you will let me know one night after the other," said Mr. Hurley, "but I also say you will knock them out. All of 'em. If he can't do it, he'll be in the hospital with a broken neck. It will turn over his combined purse to the Community Chest."

Mr. Baer was in a legitimate mood. He not only was willing to donate money to the Community Chest, but he said he was eager to go to the ring with any one of all three of the warriors in the parlay. Already, he explained, he has offered a \$15,000 guarantee to Buddy Baer to climb into the ring with Franklin, but the biggest of the Baer boys declined because of "yellow fever."

"That was a good out for him," said Mr. Hurley.

He went on to say he would offer for Nora a \$10,000 guarantee and would boost the ante to \$20,000 for Oscar. He said he was the principle of the thing, not the money, with Mr. Hurley and Franklin.

Coming down from the theater

Curly Mechem, Pacific Coast Star, May Lead Oregon Into Rose Bowl

Southpaw Kick And Pass Ace Tops All Rivals

By HARRY GRAYSON
SEA Service Sports Editor
Oregon has a remarkable left-handed passing and left-footed kicking back in 6-foot, 188-pound, 21-year-old Curly Mechem.

In the Lemon-Yellows 20-6 defeat of Southern California under a brilliant Los Angeles sun, this is all the quiet, earnest, modest, and well-liked Curt Mechem did:

He threw all three touchdown passes into the hands of as many receivers.

He intercepted two vital Southern California passes and turned them into touchdowns. One ruckback was for 53 yards.

He kept the Trojans in hot water all afternoon with brilliant display of power and control punting. He averaged more than 40 yards with kicking and bounds inside Southern California's 10-yard line with monotonous regularity.

He was the outstanding runner on the field.

He also can throw a nice meal together in a jiffy, but stand back, Curt! He is the only married man on the Eugene squad, and in addition to attending classes regularly he manages an apartment house on the campus with the aid of his attractive wife, Gerry. They were hitched last Jan. 2 at Las Vegas, Gerry having seen Curt's junior college sweetheart in Bakerfield, Calif.

Does Everything
In the first three games against Pacific Coast conference opponents, Mechem, the hardest worker on the squad, scored two touchdowns and tossed perfect aerials for four others.

He averaged more than 40 yards per punt and his coffin-corner kicks were something to see.

He is the fastest and hardest runner on the team. He is the club's leading total offense star. . . . one of the finest blockers in the history of a school rich in football lore.

He is brilliant on pass defense. His quick analysis of enemy plays is a big asset. Curt's junior college is a team man of vast inspirational value.

Mechem, stationed at right half-back, does just about everything except take motion pictures of the games in which he plays.

Against Stanford, which repelled Oregon 19-15, in a great battle, Mechem put the Webboos in front in the last minutes of a perfect pass into the hands of Tommy Roblin his touchdown twin at left halfback. Roblin snared the ball over the head of Cardinal defender the play netting 50 yards.

Strategic Touch
Strategic Mechem snuffed any hopes Idaho may have entertained by keeping the Vandals on the defensive most of the time. His analytical mind allows 7-8, Saterway No. 339 vs. 20-38 club.

Curly Mechem really sails into the ball.

Substitution Ruling Fails to Slow Games

By PAUL SCHEFFELS
NEW YORK, Oct. 22 (U.P.)—The new rule permitting unlimited use of substitutes in college football has not and will not delay games to any appreciable extent. That was definitely established today by a United Press survey of last week-end's 14 top games.

When this latest legislation became public the gridiron Solomon's predicted manpower would flood the field in such quantities fans would not be able to see the game for the substitutions. A list of asserted contents would become so long drawn out the rule would be hooted out of existence.

Although during Saturday's games there were as many as 128 substitutions in a single game none of the contents suffered as far as pace was concerned. No contest ran longer than two hours and 30 minutes and the average playing time—two hours and 23 minutes—was not longer than that of games in the past.

Aid to Small Schools
The facts furnish no other result. The avowed intention of the rules committee was to ease the burden smaller schools with sparse reserves.

The results are inconclusive. North Carolina called on 72 players while being beaten, 52-6, by Tulane, but Pitt used only 28 while being trounced, 30-0, by Minnesota.

Here Are Figures
Here are the average figures: In the 14 games surveyed, coaches sent in an average of 88 substitutes, or a grand total of 1,232. The winners averaged 48 shifts apiece for a total of 678 while the losers were lower with 40, or a total of 561.

The rate of substituting is much higher than in previous years with coaches making more frequent use of "single play" specialists and also shifting men on offense and defense. However, because virtually all of these changes are being made when time is normally out, the

By United Press
SEATTLE—Jack Stackpool, two-year veteran fullback, apparently will be unable to start for Washington against Stanford Saturday. Coach Jimmy Phelan announced today. He groomed Nell Roberts, red-headed sophomore, to fill in for Stackpool.

FULLMAN, Wash.—Washington State's Cougars' scrimmage against the frosh squad under Greg

'B' Gridiron Clubs Again In Spotlight

For the second consecutive week, Class B gridiron clubs hold the stage in south central Idaho gridiron warfare, as the undefeated Class A clubs in the Big Seven again take a vacation, forced on them by the heavy harvest work.

With an un-matched record, Wendell tackles a fairly strong Fairfield club on the Trojan heading for a championship game Nov. 11 with Shoshone, has only Fairfield and Richfield left to hurdle before the title conflict.

The Trojans will be a slight favorite to take the Camas boys—If Coach Childs can keep his youngsters in the proper frame of mind.

The other top-notch Class B boys send Shoshone to Richfield and Kimberley to Glenns Ferry. Shoshone will be heavily favored to trim the Richfield club, but before the season is over Coach Joe Stokes' Tigers may spring an upset.

The Tigers boast a veteran club which hasn't had too much success this year to date.

River Pilots Favored
The Glenns Ferry-Kimberly battle may turn into quite a tight one because both have fairly strong teams—but both have none-too-impressive records. The River Pilots have been beaten by Wendell, Boise and Shoshone and tied by Buhl. Their only victory was over Richfield.

Measure that has been lost to DeLo and Hagerman, while trimming Halley and Fairfield. How-

ever, Coach Kenneth Barrett has a slightly stronger all-around club and his aggregation will be favored over the Builders.

In other Class B encounters Albion invades Malta and Halley goes to Hagerman.

Leaders Idle
The two leaders of the Big Seven conference are idle this week—both Burley and Rupert are being out of school for the annual stud vacation. Oakley, in third place, is also out so that leaves the second-division clubs left to battle. The traditional Piler-Buhl game at Buhl and another traditional tilt—Jerome at Gooding, are the highlights. All told, these four teams have won a total of two conference games, with Piler and Gooding posting three.

Hard-Fought Battle Looms
But records go for naught in conference engagements when gridiron games appear and hard-fought battles are in prospect on both gridirons. Gooding looks a wide edge over the new Jerome club, while Piler must be a very slim favorite over Buhl.

Most games this week are being played on Thursday to allow teachers to attend the teachers' institute in Twin Falls on Friday and Saturday.

Only exception is the Twin Falls-Caldwell game, which will be played on the Cougar field this week-end on Friday.

gon State plays in preparation for Saturday's game. The Cougars were said to be in the best shape since the season opened, with Bill Sewell, ace passer, fast recovering from bruises.

SALT LAKE CITY—University of Utah Redskins will be without a key man this week-end when they meet Denver university. Coach Ike Armstrong said that Chuck Kim, reserve quarterback, will be out of the lineup with a torn ligament. Kim, Armstrong said, was a master at finding defense for deceptive formations such as DU used in past games this season.

CORVALLIS, Ore.—Coach Lon Bunker drilled his Oregon State Beavers in pass defense today, aware that the Washington State Cougars, headed by Billy Sewell, will concentrate on an aerial offense. Bob Panagis held the best position spot with Quentin Greenough, regular center, Mill out with injuries.

LOGAN—Captain Marvin (Dingie) Bell may be lost to Utah State agricultural college football team for the remainder of the season. He suffered a severe ankle injury in the hand game last Saturday. Mel Manning has been named captain until Bell returns.

Len Franklin's Manager Talks Big on Future Plans for Fighter

By HARRY FRANKHON
NEW YORK, Oct. 22 (U.P.)—Any prize fight manager will hurt a challenge in behalf of his gladiator before he can get 50 per cent, but today a fight manager knocking at the door who toiled out something new—a parlay club.

It was Mr. Jack Hurley, manager of Len Franklin, a Negro heavyweight, who brought the parlay club to the course in Cleveland the other evening by scoring a technical knockout over Simon in five rounds. Par for the man-mountain know as Simon is a knockout in 18 rounds, said by the best shooter in the business—Joe Louis.

Mr. Hurley looked fine. He fell into his. Apparently he came out of the fight in great shape and, as is the custom with managers, he retained his powers of speech. He got right down to business on his first words.

The parlay Mr. Hurley offers is to send Franklin 50 per cent of the money, Lou Nova and

Harmon Won't Play Anymore on Pro Gridiron Fields

NEW YORK, Oct. 22 (U.P.)—Previous radio commitments will prevent Tomny Harmon, Michigan's All-American gridiron star of 1940, from playing any more professional football this year with the New York Americans. It was announced today.

Harmon, who describes college football games for a clear-cut career, made his pro debut last Sunday in his performance in the same backfield as John Kimbrough, formerly of Texas A. & M.

DON'T LOOK NOW, BUT THERE'S THAT BOURBON I'VE BEEN TELLING YOU ABOUT

THE BEST advertising we have (and it's the kind that can't be thought) are those many folks who, after trying several brands, have found Barclay's Gold Label Bourbon to suit them best.

It's not entirely a matter of price, however Barclay's reasonable price is one of its big features. If you aren't entirely satisfied with your present "favorite" why not give Barclay's a trial? It may be just the Bourbon you're looking for—at just the price you're willing to pay.

The Trojan Takes One From W. S. C.

Battered Trojans from the University of Southern California asked out a 7-4 win during the week-end's football fare on the Pacific coast when they took Washington State college into camp. Above, Paul Taylor, Trojan quarterback, romps for a gain in the second quarter. Coach Jackson attempts to fend him off.

USC Back Tops Coast Loop in Yards Gained

SEATTLE, Oct. 22 (U.P.)—An admittedly inferior Southern California football squad hasn't yet been ousted from the Pacific Coast conference race—and the answer seems to be Bob Robertson, the Trojans' workhorse.

Comparing him to Troy's past quarterbacks greats doesn't help Robertson's stature, but the American football statistical bureau's figures today credited Robertson with the best yardage of any conference back.

In four games he has gained 844 yards, placing him ahead of such glittering talent as Billy Sewell, Washington State's leading halfback, and the Frankie Albert, who quarterbacked the Stanford "T."

Against Sewell and WSC last Saturday, Robertson ran up 143 yards in passing and running. Today his tops conference ball-carrier, a third in passing and ninth in punting.

The figures read this way: Total offense — Robertson, 844 yards; Sewell, 481; Albert, 473; Meacham, Oregon, 271; Roblin, Oregon, 276.

Running — Robertson 232; Roblin, 229; Jones, Montana, 225. Passing — Albert, 223 completions in 38 attempts; Robertson, 29 in 43 attempts; Robertson, 21 in 43 attempts.

Punting — Phillips, U.C. L. A., 412 yards; Meacham, 410; Sewell, 391; Reinhard, California, 382; Albert, 38.17.

This left Albert as the conference's outstanding triple threat with Robertson and Meacham not far behind. Meacham was fourth in rushing offense and fifth in passing.

Leading pass receiver was Nick Susoff, WSC end, with 10 completions for 114 yards.

Bertelli, 30, hails from West Springfield, Mass. His parents came from a small town near Venice in the north of Italy.

For all his height, Bertelli weighed only 185 pounds in high school, and came in at no more than 171 now. But he was able to win all-circuit honors in football, hockey and baseball in the Western Massachusetts conference under the direction of Billy Wise, who was also recalled as a bit of a passer himself at Holy day—some 45 years ago.

A center in hockey, Bertelli abandoned his ambitions in this sport to fulfill an even bigger boyhood desire to go to Notre Dame. He rejected offers to play with the Springfield Indians and Boston Bruins. He left prep hockey player in New England.

He is a fine baseball catcher who bled his time at Springfield amateur team last summer. That is the mark of the great athlete — playing baseball.

Bertelli's passer from the outset, Bertelli's athlete here is Sammy Rauh, with the Washington Redskins since he wrote slinging his history at Texas Christian.

Milton Piepel, Bertelli's predecessor as a star at back, California's high of Springfield, as well as at Notre Dame, served as an intermediary between the youngster and Elmer Layton, Notre Dame's coach up to last February.

Moore Piepel finally convinced "The great Layton that there was a spot on his squad for a 165-pounder like Bertelli.

This is a judgment that Frank Leahy never doubts while thanking his stars that his invitation to Angelo Bertelli to enter Boston college was not accepted.

It was another of those bright sunny days when the ducks went up, and few shooters were out. Some of the boys sat early and late without much result for most of Sunday was a little different, as it was a day of drizzle and lower temperatures. The ducks were moving in a very satisfactory manner and some good bags were taken. It is noticed that the young mallards begged their parents for fish while, fat as they are, they are generally in a very good mood. With a squall in the north a varied assortment should head toward this section. Ducks raised in southern and eastern Idaho are in no hurry to leave, the food conditions including many of them here in the area around Coeur d'Alene. Consequently little worming is mentioned about good shooting for the season. Colder weather will increase the number of ducks, fat as they are. Though there is an admixture of teal, spoonies and a few scaup, the mallards are the mainstay of the season. Spring, blue-winged teal, northern birds have not yet returned to any great degree. A few geese are noted but are making early for the open water and feeding before they are closed out.

The pheasant shooting is ahead of the gunners in the lower sections, the season to open Oct. 25. This will again provide a full open season, for ducks and pheasants.

Fishing early and late has proved fine, owing to the dark nights, and big trout have been going upstream. Water is clear and low, and some beautiful strings have been created. Flies are being used against entirely, as October has for many years drawn upon the fancy of casters of the feathered lure. Stocking of trout in this area has been good many years, in the past summer showing results. Most of the fish were longer than four inches and a lot contained big trout having well over seven inches. So that the trout were well equipped to take care of themselves in good times.

The jords by predators are comparatively negligible, though some hawks, kingfishers and fish ducks have been stopped in their flight for a living. A good many predators are abandoned by campers for many years—have likewise closed their eyes to a bag, so to speak, in consequence of which and other birds, and fish, have little to fear from that source from here in. These abandoned areas are virtually wild, having drifted in the brush for several seasons. Rabbits, grouse and young animals and birds without number have not been heard to these furry marauders. A constant open season has been declared on all such predators.

Big game is beginning to come down from the hills, and deer are seen every morning and evening in the meadows and along the streams, most of such territory being the protected areas of the sawtooth and other game preserves of central Idaho.

Willamette To Give U' Stiff Battle

MOSCOO, Oct. 22 (Special)—Idaho's home football fans are eagerly awaiting the second appearance of the 1941 Vandals on the field of Neale stadium Saturday against the visiting Willamette University, Salem, Ore. The game has been designated as the Idaho Dads' day for the year and starts at 2 p. m.

Coached by Roy (dick) Keene, the Willamette Bearcats make their first appearance on the Idaho gridiron and are fitting opponent of the Idaho eleven which has made a remarkable improvement since its first appearance of the season against the University of Utah.

Keene is a popular coach and is noted for his trickery and power with small quantities of material. His teams have won seven Pacific Northwest conference championships, thus far in the current season the Willamette team has steam-rolled over the majority of opponents by scoring margins.

Coach Fred Schmidt of the Idaho club is doubtful about the attack of the Willamette team though he has directed shots to each Willamette game this season. The reason for the worry wrinkles in his brow is that the Keene-coached club has not met with competition, and this season is to show its full power. The lack of powerful opponents has allowed the Bearcats to keep the majority of their tricks under wraps.

The Idaho team's improvement has shown greatly on the statistical charts for the season. At the end of the third week of competition, the Vandals were ranked as the No. 1 team in the Pacific Coast conference as far as pass defense was concerned. They are rated above Southern California, Washington and offensive rushing and Howard Hanson and Bill Micklich, left halfback and fullback, are battling their way into the starting line-up. Micklich led the scoring race at the end of the third week with 24 points.

He is Brother Idaho is not a fan of the Willamette contest in a light hearted mood. The game is considered by many fans as a breather for the improving Vandals but the boys on the squad and the Idaho coaching staff have never considered the tricky Willamette team as anything but a tough contest.

Idaho students under the chairmanship of Knox Craig, Lewiston, are making elaborate plans to entertain their ducks in the best of the game. Dads are admitted to the contest free with the exception of federal amusement tax.

Robertson Takes First Place in Gooding Tourney

GOODING, Oct. 22 (Special)—R. M. Robertson is winner of the championship flight of the golf tournament which has been in progress among the members of the Gooding Country Club during the past three weeks. Mr. Robertson won over Ralph Fletcher to attain this standing. Dr. R. H. Izard won from Jay Farmer to be winner of the consolation of the championship flight. Play has not been completed in the second flight.

Cups and other trophies which have been won at the tournaments this season will be presented at an annual banquet for all the men and women of the Country Club.

In the tournament for the women Mrs. Robert Lyon has claimed the championship of the first flight, having won over Mrs. Clark Williamson. Miss Helen Mitchell is winner of consolation in the flight after winning from Mrs. R. M. Robertson. Final games have not been played for the second flight.

BOALZO SCORES KAYO NEW YORK, Oct. 22 (U.P.)—Pete Boalzo, 181, New York, scored a technical knockout over Curley Nichols, 125, New York, in the fifth round at Broadway arena last night.

Coached by Roy (dick) Keene, the Willamette Bearcats make their first appearance on the Idaho gridiron and are fitting opponent of the Idaho eleven which has made a remarkable improvement since its first appearance of the season against the University of Utah.

Keene is a popular coach and is noted for his trickery and power with small quantities of material. His teams have won seven Pacific Northwest conference championships, thus far in the current season the Willamette team has steam-rolled over the majority of opponents by scoring margins.

Coach Fred Schmidt of the Idaho club is doubtful about the attack of the Willamette team though he has directed shots to each Willamette game this season. HOLD EVERYTHING

"Oh, Maw—I found out where your reducing tablets went!"

THE SCOREBOARD

By HARRY GRAYSON NEA Sports Editor

Frank Leahy is very happy that while coaching there he did not take Angelo Bertelli into attending Boston college.

For Leahy is now in his first year as the Notre Dame coach and Angelo Bertelli is in his first year there as a varsity player.

The two figures to go a long way together.

Bertelli is the new big football playing name at Notre Dame. He says Leahy the passing he needed.

Bertelli moves with the easy grace of the natural athlete. Though quite doesn't believe him in the least. He is not a fast runner, but he is especially tricky.

You can depend on him to lay out for that extra yard or two when he's backed. He blocks and punts with the same ease.

You might take him for a Norwegian or a Swede if you didn't know his name is Angelo Bertelli. He is fair-haired and blue-eyed and he stands six feet, one inch.

Bertelli, 30, hails from West Springfield, Mass. His parents came from a small town near Venice in the north of Italy.

For all his height, Bertelli weighed only 185 pounds in high school, and came in at no more than 171 now. But he was able to win all-circuit honors in football, hockey and baseball in the Western Massachusetts conference under the direction of Billy Wise, who was also recalled as a bit of a passer himself at Holy day—some 45 years ago.

A center in hockey, Bertelli abandoned his ambitions in this sport to fulfill an even bigger boyhood desire to go to Notre Dame. He rejected offers to play with the Springfield Indians and Boston Bruins. He left prep hockey player in New England.

He is a fine baseball catcher who bled his time at Springfield amateur team last summer. That is the mark of the great athlete — playing baseball.

Bertelli's passer from the outset, Bertelli's athlete here is Sammy Rauh, with the Washington Redskins since he wrote slinging his history at Texas Christian.

Milton Piepel, Bertelli's predecessor as a star at back, California's high of Springfield, as well as at Notre Dame, served as an intermediary between the youngster and Elmer Layton, Notre Dame's coach up to last February.

Moore Piepel finally convinced "The great Layton that there was a spot on his squad for a 165-pounder like Bertelli.

This is a judgment that Frank Leahy never doubts while thanking his stars that his invitation to Angelo Bertelli to enter Boston college was not accepted.

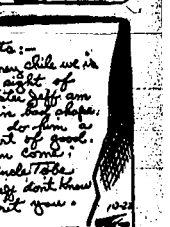

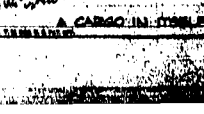

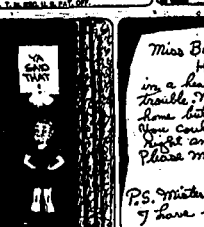

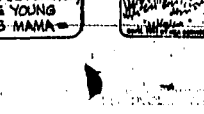

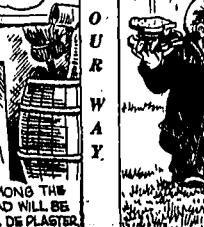

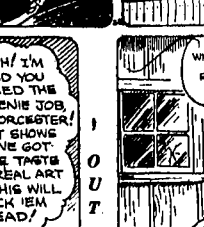

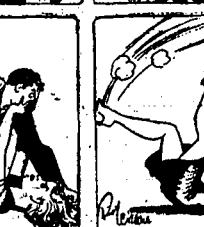

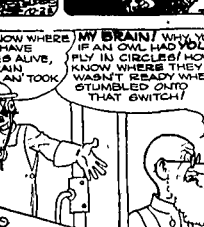

It was another of those bright sunny days when the ducks went up, and few shooters were out. Some of the boys sat early and late without much result for most of Sunday was a little different, as it was a day of drizzle and lower temperatures. The ducks were moving in a very satisfactory manner and some good bags were taken. It is noticed that the young mallards begged their parents for fish while, fat as they are, they are generally in a very good mood. With a squall in the north a varied assortment should head toward this section. Ducks raised in southern and eastern Idaho are in no hurry to leave, the food conditions including many of them here in the area around Coeur d'Alene. Consequently little worming is mentioned about good shooting for the season. Colder weather will increase the number of ducks, fat as they are. Though there is an admixture of teal, spoonies and a few scaup, the mallards are the mainstay of the season. Spring, blue-winged teal, northern birds have not yet returned to any great degree. A few geese are noted but are making early for the open water and feeding before they are closed out.

The pheasant shooting is ahead of the gunners in the lower sections, the season to open Oct. 25. This will again provide a full open season, for ducks and pheasants.

Fishing early and late has proved fine, owing to the dark nights, and big trout have been going upstream. Water is clear and low, and some beautiful strings have been created. Flies are being used against entirely, as October has for many years drawn upon the fancy of casters of the feathered lure. Stocking of trout in this area has been good many years, in the past summer showing results. Most of the fish were longer than four inches and a lot contained big trout having well over seven inches. So that the trout were well equipped to take care of themselves in good times.

The jords by predators are comparatively negligible, though some hawks, kingfishers and fish ducks have been stopped in their flight for a living. A good many predators are abandoned by campers for many years—have likewise closed their eyes to a bag, so to speak, in consequence of which and other birds, and fish, have little to fear from that source from here in. These abandoned areas are virtually wild, having drifted in the brush for several seasons. Rabbits, grouse and young animals and birds without number have not been heard to these furry marauders. A constant open season has been declared on all such predators.

Big game is beginning to come down from the hills, and deer are seen every morning and evening in the meadows and along the streams, most of such territory being the protected areas of the sawtooth and other game preserves of central Idaho.

ADVISERS TO AID ON SOLDIER JOBS

Assistance in reemployment of released soldiers will be provided in Twin Falls and in all other draft areas of Idaho by "clearing committees" composed of business, labor and civic leaders, according to word received today by Chairman Walter C. Murrave of area No. 1 board.

The committees will help the reemployment committees recently formed for each board. Mr. Murrave was advised by Gen. M. G. McConnell, state director of selective service, O. H. Goldman is committee man for area No. 1 board.

Gov. Chase A. Clark is expected to appoint the clearing committees soon. The groups will provide assistance in cases of ex-service men for whom draft boards are unable to find employment and after their release from the army. The boards and the reemployment committees work through the Idaho state employment service.

The notice from Boise pointed out that the new clearing committees, when appointed, will also help deal with any cases that may arise in which an employer refuses to restate a returned soldier. The draft law is mandatory requiring former employers to restate men. When an employer certifies that he is unable to accept his one time worker, the matter is to be turned over to the clearing committee for investigation.

What Joyce!

This is Brenda Joyce of the films and if you think any other information is necessary, why don't you get back where you came from?

HIGHWAY SAFETY CRUSADE MAPPED

Cooperating with law enforcement officials in an effort to achieve greater safety on the highways, the Junior Chamber of Commerce safety committee was ready today to launch an intensive crusade against accidents.

A weekly newspaper cartoon and a radio interview series will highlight the drive, according to Chairman Phillip Phillips. The cartoon series emphasizes safe lighting for automobiles and is furnished by the U. S. Junior Chamber of Commerce. The radio interviews will feature Prosecutor Everett M. Sweeley and State Officer V. K. Barron answering queries asked by a Jaycee committeeman.

First interview will come next Tuesday at 7:30 p. m. on the "Question Before the Accident Happens."

Barron will present a safety talk and film at next Tuesday's Jaycee noon luncheon.

Those who attended the safety conference at which plans were mapped last night included Phillips, Dr. O. W. Rose, Bill Edwards and Charles E. Phillips, Jaycee chairman, and Police Chief Howard W. Gillette, Prosecutor Sweeley, Sheriff H. W. Lowery, Officer Barron, and W. G. Walz, chairman of the first aid committee of the Twin Falls county American Red Cross chapter.

NAMES in the NEWS

Hedy's Lamar's would-be ex-husband—Sydney H. Buehler, 23, a Bullmore, Md., mechanic, has been sentenced to 18 months in a federal detention prison for sending extortion notes to the actress.

Gen. Robert E. Wood, national chairman of the American Red Cross, urges the American people to withhold judgment on the Kearny torpedoing. He warned against national indignation "aroused by incidents which may have been provoked by our own action."

At Hollywood, La. actress Jessica Hahn, 34, wife of Congressman George Jessel, gave birth to a girl weighing nearly seven pounds.

Sen. Arthur Capper, R., Kan., a member of the senate foreign relations committee, says the new ship building program may not have changed his opposition to the arming of merchant ships.

FULL NEUTRALITY REPEAL IS ASKED

WASHINGTON, Oct. 22 (AP)—President Roosevelt's White House spokesman, Stephen T. Early, today virtually invited congress to repeal immediately section two of the neutrality act along with section six to permit American merchant vessels to go anywhere on the seven seas under protection of their own guns and their own flag.

Adopting the strategy of placing emphasis on certain portions of Mr. Roosevelt's recently revision recommendations by reading them at press conference, Early pointed out that in his Oct. 9 message to congress Mr. Roosevelt said:

1. Called for repeal of section six of the act "with all speed" to permit guns to be placed on American merchantmen.

2. Asked that congress give "earnest and early attention" to section two, repeal of which would open dangerous ports to American merchant vessels.

Early explained he merely was clarifying Mr. Roosevelt's position by re-reading the message. His action came at a moment when the senate foreign relations committee is closely divided on the question of enlarging the house-approved neutrality revision bill to include repeal of section two.

AROUND the WORLD

LONDON—Lord Moyne, speaking for the government in the house of lords, today rejected demands that Britain open a second front in the west to aid Russia. Moyne implied that equipment, especially tanks, now in British hands was not sufficient to make the opening of a front in the west possible.

ROME—British planes rained Naples for five hours during the night and killed 14 persons and wounded 27, a high command communique said today.

BERLIN—Authorized quarters said today reports of the sinking of the American flag ship Leigh and the American officer hold Vernon could only be regarded in Germany with the deepest skepticism.

SALINA, Kan.—Additional rains in the watershed of the Smoky hill river brought new fears today to towns and cities in north central Kansas that will be the scene of the worst floods in the state's history.

BASQUE LEADER GOES TO CAPITAL

BOISE, Oct. 22 (AP)—William K. Hart, president of the Independent Order of Spanish-Basque speaking people of Idaho, was en route to Washington, D. C. today to plead the case of 64 Basques who entered the country illegally.

Hart will interview opponents of a bill, now before congress, which would permit the Basques to remain in this country. Most of the persons in the illegal entry reside in Oregon, Nevada, Idaho and California.

STRIKE AVERTED IN NEVADA MINE

ELY, Nev., Oct. 22 (AP)—A strike that threatened to close the world's fourth largest open pit copper mine was postponed indefinitely today to await arrival of a federal conciliator from Salt Lake City.

The strike, originally called for midnight tonight by 47 members of the brotherhood of locomotive engineers, would halt operations at the Nevada Consolidated Copper company's operations at nearby Kimberly.

G. W. Hurlbush, representative of the brotherhood, said a new deal would be set after a conference with the conciliator.

The \$50,000,000 corporation is a subsidiary of the Kennecott copper interests, and currently is turning out 11,000,000 pounds of finished copper monthly.

Patent Counselor Robert Mythen was due here today to sit H. N. Gibson, Nevada labor commissioner, in attempting a settlement of the dispute, understood to center over the moving of ore mined at Kimberly direct to the smelter at McGill, thus eliminating the handling of ore at the congested facilities.

The new system, it was understood, reduces the rail crew by one, but increases the pit crew by two.

Those threatening to strike include engineers, bulldozers and hauler helpers, working on the Nevada Northern railroad, a Kennecott subsidiary.

There are 2,500 men working in the copper mines and another who would be thrown out of work by a company merger, he said. The outlook was "not bright."

STATE INSURANCE MEET AT JEROME

Formation of a Jerome county advisory council for state insurance fund operation in that area will be carried out today by engineers according to word received here today from D. H. Horton, underwriter for the fund.

John O'Meara, fobes, fund manager, is expected to preside at the northside meeting Thursday. The session, probably to be held at the Jerome courthouse, was requested by employers after a similar session was held Oct. 15 in Twin Falls.

At the conference, there were J. C. Caradquis, Harley Williams and C. H. Kregel were named to serve as a central group to bring closer cooperation between Twin Falls employers and the insurance fund administration. The fund writes approximately 70 per cent of the workmen's compensation for small businesses of Idaho.

Patrol officials who will probably be on hand at Jerome Thursday evening in addition to O'Meara and Horton are K. W. Hay, chief claims examiner; W. A. Dunning, safety inspector; J. B. Benedict, northern district field auditor; T. A. Miller, southern district auditor; and P. A. Oster, auditor for the southeastern district.

Man Faces Court For Shop-Lifting

Accused of second degree burglary in suspected shop-lifting at the Paris store, Joe D. Brown had been bound over today to face the November term of district court.

Brown was held to answer after receiving preliminary hearing before Probate Judge J. C. Brown today to post \$500 bond fixed by the magistrate. Brown was remanded to county jail.

Complaint was signed by Milton Leitman, manager of the Paris store.

LAMB POOL

Cooperative lamb and sheep pool will be shipped from Twin Falls county next Friday, Oct. 24, County Agent Bert Behrman said today. Shippers are to have their stock at the Buhl and Twin Falls loading yards by noon.

Buhl Instructor Resigns Position

BUHL, Oct. 22 (Special)—Carl M. Curtis resigned his position as instructor in the commercial department of the Buhl high school Monday, a position he has held for the past 14 years to accept employment with the social security unemployment division with the state accident and industrial board.

He left Monday morning for Boise to work in the state office for two weeks. He will then assume his duties as field adviser with headquarters at Idaho Falls.

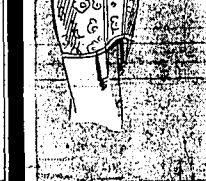

Mrs. Curtis and family will remain in Buhl for an indefinite period of time.

Placer Mines to Receive Priorities

BOISE, Oct. 22 (AP)—State civilian defense coordinator C. E. Arney said today Idaho placer mines will be certified soon for priority ratings for equipment and power facilities.

Arney said the placer operations were excluded from the clause which granted priorities to lone mines, but Wilbur A. Nelson, administrator of the mine priorities division of the office of production management, informed that mines not covered in the original order were included in another.

Arney said placer mine priorities will not come directly through him but would come from implement companies.
