

# WEST COAST DEMANDS INVESTIGATION OF PLANE CRASHES

## HUNT CONTINUES FOR FOUR ARMY PILOTS MISSING

SAN FRANCISCO, Nov. 4 (AP)—Search continued today for four missing army pilots while newspapers editorially demanded a full investigation of a series of disastrous crashes along the Pacific slope in the last few days.

Of the missing flyers, one is Lieut. M. H. Walker of Salt Lake City, pilot of a B-17 flying fortress that fell apart and crashed in the Sierra Nevada Sunday. Two others are Lieut. Robert A. Jones, 22, Donald B. C. and Pvt. Dan Pisk, former University of San Francisco football star and boxer, who disappeared on a B-17 flying fortress that crashed in California, and Moffet field.

The fourth is Richard M. Long of the 17th pursuit squadron from Windsor Locks, Conn., who has been missing since Oct. 24 when his flight of 19 planes broke up over the Tehachapi mountains, sending one pilot to his death.

The San Francisco Chronicle today carried a front-page editorial demanding the "full story behind the tragedies of pursuit group 17," to which Long belonged.

Of that original flight, five planes were lost over the Tehachapi and another was damaged in a forced landing. One pilot was known to have been killed, three others parachuted to safety, and Long has not been found.

Two Pilots Killed  
Sunday morning the same squadron flying over the weather from Medford, Ore. to Fresno, Calif., ran into difficulties and three planes crashed near San Rafael, Calif., killing two pilots and injuring a third who took to his parachute.

The Chronicle said it was convinced the public is entitled to a full investigation of the disastrous operations of the pursuit squadron flying in "dirty weather."

## ENROLLMENT FOR COLLEGES DROPS

BOISE, Nov. 4 (AP)—Idaho public and private high schools reported a decrease of about 15 per cent this year in enrollment in the state department of education.

Enrollment in eight schools this year was 4,842 students, compared with 5,678 for 1940. The enrollment figures for Northwest Nazarene college, a total of 484, was not included in the state figures because 1940 totals were unrecorded.

Induction of most students into the armed forces was cited as reason for the reduced figures.

University of Idaho led all schools in the state with 1,241 students. Southern branch had 832 students; Lewiston branch, 304; Albertson branch, 297; College of Idaho, 260; Boise Junior college, 440; Ricks college, 306.

## Jerome Unit Gets Jaycee "Hot Potato"

The "hot potato" of the Idaho Junior Chamber of Commerce was in Jerome today, taken there last night by a group of eight members of the local club headed by President Loy I. Perry.

The "hot potato" is used to increase vibrations between the various clubs. Within the next few weeks the Jerome club will take the torch either to Boise or the Wood River club.

The vibration to Jerome by the local delegation was made during the regular monthly night session of the northside unit. In addition to President Perry, others from here attending were Robert H. Warner, Joe Ovey, Max Phillips, J. C. Williams, Howard Whitman, Russell Thomsen and Alvin Young.

John Homan, president of the Jerome Jaycees, presided. The meeting was at Wood's cafe.

## News of Record Marriage Licenses

NOV. 3  
Bernie L. McVie, 30, and Kathleen Maxine Cockrum, 17, both of Twin Falls.  
OCT. 31  
John Junior Steidley, 26, and Emma E. Perry, 27, both of Twin Falls.

## Births

To Mr. and Mrs. Olen Heiber, a girl today at their home in Pocatello.  
To Mr. and Mrs. H. J. DeWard, a girl today at the Twin Falls county general hospital maternity home.

## PRIORITIES MEET SET FOR NOV. 10

(From Page One)  
day noon, he said. He added that any interested person in the entire Magic Valley is welcome to attend.

Many priority problems which have been "worrying" business leaders of this section are expected to be cleared up as a result of the meeting next Monday, Mr. Bristol said.

In the communication received that he would answer any and all questions on which decisions were now available.

He is expected to arrive in Twin Falls late Sunday evening.

## Charge Filed on Reckless Driving

Formal complaint charging Norman Robinson, 34, Hurley, with operating a motor vehicle in a reckless manner, was filed in probate court this morning.

Charge grew out of an smashup Robinson had in his car at the eastern end of Kimberly Sunday evening, after the complaint was filed.

The man suffered slight head injuries, bruises and a fractured arm when his car failed to make a curve, jacked a ditch, went over the railroad tracks at that point and was knocked down a utility pole.

## Charge Filed on Reckless Driving

Formal complaint charging Norman Robinson, 34, Hurley, with operating a motor vehicle in a reckless manner, was filed in probate court this morning.

Charge grew out of an smashup Robinson had in his car at the eastern end of Kimberly Sunday evening, after the complaint was filed.

The man suffered slight head injuries, bruises and a fractured arm when his car failed to make a curve, jacked a ditch, went over the railroad tracks at that point and was knocked down a utility pole.

## 3 GROUPS JOIN IN GREENE TRIBUTE

Three organizations in which Mrs. Greene was active, joined in a tribute to her memory. The organizations are the Business and Professional Women's club, the Ladies of the Grand Army of the Republic, with which Mrs. Greene was affiliated, attended the service in groups.

Paying tribute to Mrs. Greene's long record of service, Mrs. Alworth, president of the B. P. W. club, said in part: "We are honoring our courage to see what 'Us' can do. It is a tribute to her memory and a tribute to the purposeful group that was Mrs. Greene's."

## DAUGHTER BORN TO MARY MARTIN

HOLLYWOOD, Nov. 4 (AP)—A daughter, baby weighed 9 pounds 15 ounces and will be named Heller Halliday. Miss Martin explained that her daughter is named Heller because her mother was called Heller in her home town, where she was exceptionally pert and mischievous and that she and Halliday had decided to name their child Heller if it was a girl.

## NEW WALK-OUTS HAMPER DEFENSE

(From Page One)  
election. Its members now are represented by the AFL machinery union. Telephone Federation of Long Island, which is a union of telephone workers, voted to strike Nov. 14 because negotiations with the American Telephone and Telegraph company broke down.

A strike of the union's 16,000 members would interrupt the telephone service to the telephone service of the National Association of Telephone Workers, which claims 100,000 workers. They have been asked to take a sympathy strike vote.

## Three Named on Civilian Defense For Twin Falls

Two public officials and one Twin Falls attorney were appointed today by Gov. Chase A. Clark as members of a board for civilian protection in Twin Falls county. The board will be charged with the duty of promoting civilian defense, especially during troop movements in practice or if the U. S. enters actual war.

Word of their appointments came to the three today in letters from Governor Clark. The letters indicated that the civilian protection board was to be organized in conjunction with the previously appointed county council of civilian defense. Chief duties of the new group will apparently be to serve as public information sources in promoting civilian defense, especially during troop movements in practice or if the U. S. enters actual war.

## The Hospital

Twin Falls county hospital had a few ward beds available today. But no private rooms.

Patients admitted included Charles Walther, Kimberly; W. S. Kohl, Richfield; James Harrison, Shirley Jones, Mrs. H. Harrison, Twin Falls; Helen Talley, Eden; Mrs. Rex Hunsaker, Buhl.

Patients dismissed included Mrs. Hunsaker and Mrs. A. Thompson, Twin Falls.

## The Chest Today: \$10,000.93

## \$54,655 DIVIDED AMONG SCHOOLS

Apportionment of \$54,655.15 in state and county funds for schools of this county had been completed today by Mrs. Doris Birtney, superintendent of public instruction. Disbursement of the funds will be made at the regular time by the county auditor.

Of the total amount the current state and county taxes supplied \$31,815. Payment of delinquent levies made up the remaining \$22,840.15. The apportionment is for the third quarter of the fiscal year.

Twin Falls city schools topped the list with \$23,872.38. Other independent districts followed: Buhl, \$8,002.22; Kimberly, \$4,572.39; Castleford, \$2,544.87; Pocatello, \$2,247.85; Mullanbach, \$2,108.74; Hilder, \$2,077.83; Marsa, \$1,837.30; Hollister, \$1,834.84; Pocatello high school, \$1,653.42; and Hollister high school, \$1,619.34.

Largest common district apportionment will go to Deep Creek, \$207. Next highest is Pleasant Valley, \$186.

## Gooding Driver Held To Face Drink Claim

A Gooding resident, John L. Mulkey, 30, was in the city jail today awaiting a hearing on charges of driving a motor vehicle while under the influence of intoxicating liquor.

Mulkey, a Negro, was arrested by local police at 3:50 a. m. today, records show. At noon today no time had been set for the hearing which will either be before Municipal Judge J. O. Humphrey or Justice of the Peace Guy T. Swope.

The man suffered slight head injuries, bruises and a fractured arm when his car failed to make a curve, jacked a ditch, went over the railroad tracks at that point and was knocked down a utility pole.

## AUDITOR SELECTS GIRL AS DEPUTY

Appointed as deputy auditor of Twin Falls county to succeed Robert F. Dickard, Miss Eleanor DeWard, Buhl, had taken over her new duties today in office of Auditor Walter C. Musgrave.

Mr. Dickard, after instructing Miss DeWard in her post, will leave Saturday for Boise. He has accepted a position as office manager of the General Mills establishment in the capital city. Dickard has been deputy auditor for the last eight months.

Miss DeWard has been employed by the J. E. White Insurance and Real Estate Agency, Twin Falls. She lives at Buhl with her widowed mother. Her late father was a business man in the west and community for many years. A graduate of the local high school, she now is deputy auditor studying accounting for three years at University of Idaho.

## Liquor, Plus Auto, Puts 2 Behind Bars

"Intoxication in an automobile sent two men to county jail today. Roman A. Kuylen, driver of the machine, was sentenced to 10 days, \$100 fine and \$4.00 costs after he pleaded guilty to operating the car while he was under 'influence' of liquor. He must serve out the fine and costs if those are not paid.

Mike Holman, passenger with Kuylen, was given 15 days in jail when he pleaded guilty to being intoxicated on a public highway.

Both complaints were signed by Constable Dave P. Hatch, who said the offense occurred Monday on a Flax street. Sentences were decreed by Probate Judge C. A. Bailey.

## \$35 Crash Damage

Damages were slight, totaling only about \$35 to both machines, when auto driven by M. A. Arver, 34, and Walter Prentiss, Jerome, collided one-fourth mile south of the Pocatello high school. There were no personal injuries. Prentiss was driving a machine owned by Carl Walters, Jerome, according to report of the investigating officer.

## Nason Services

Buhl, Nov. 4 (Special)—Funeral services for John Clark Nason, pioneer of Buhl, who died at the home of his wife, Mrs. Nason, at Buhl, Idaho, Tuesday, Nov. 3, at 10:30 a. m., will be held Wednesday at 2:30 p. m. at the Evans and Johnson funeral home.

Rev. Edwin Burch, pastor of the Episcopal church at Gooding, will officiate. Interment will be in Buhl cemetery.

## Coroner's Jury Fixes No Blame in Death Accident

Members of a coroner's jury yesterday afternoon fixed no responsibility for an accident at Hansen last Friday night which fatally injured two well known Twin Falls women and hurt a third woman less seriously. Killed in the mishap, both dead Saturday morning at the county general hospital, were Mrs. Belle Scott Greene, 52, and Mrs. Temple Chapman Dawson, also 52. The car in which they were riding was operated by Mrs. Mabel W. Belleville while the other car was being driven by Stephen S. Lynch, Twin Falls, who was riding alone.

After a slow start the hearing got underway following several delays. Scheduled for 2 p. m. it started about 2:30 p. m. One of the delays came when a member of the jury sent one of his clerks to "substitute" for him. The clerk was sent back to the store by Coroner Dr. A. A. Newberry and Prosecutor Everett M. Sweeley to inform his employer that it would be necessary he attend in person.

**Long Testimony**  
"Timony given" at the inquest took over two hours with members of the jury, the prosecutor, and two local attorneys asking questions. Marshall Chapman represented Mrs. Belleville at the hearing, and J. H. Blandford represented the Salt Lake Hardware company, the firm employing Mr. Lynch. The members of the jury deliberated about 40 minutes before returning the finding which fixed no blame in the fatal mishap.

Mr. Chapman told reporters after the hearing that Mrs. Belleville did not testify because she was in a state of collapse and her physician advised her not to attend.

One person, Mrs. Beale Weirich, who suffered broken ribs and bruises in the crash and was one of the passengers in the Belleville car, sitting beside the two women, told members of the jury that she could remember nothing about the crash and that the first thing she remembered was when she found herself sitting in a wheelchair at the county general hospital.

Carl H. Blandford, who tried awfully hard to remember something about it but just can't do it, Mr. Weirich said. Mrs. Ella George, a passenger in the Belleville car who was sitting next to the driver, said that she was certain Mrs. Belleville had stopped at the highway stop sign before she pulled out into the highway in front of Lynch.

State Policeman V. K. Barron told of the results of his investigation in the accident, which he reached from 20 to 25 minutes after it happened about 11:10 p. m. Friday. He said that the Belleville car was damaged only on the left side, near the back, while the Lynch machine was damaged along the entire left side.

**Put on Brakes**  
Lynch testified that he was traveling about 50 miles an hour as he neared the east end of a service station at that point and that he saw the other machine move onto the road in front of him. He attempted to avoid it while he applied his brakes. He said that he fell a slight jar and that he must have been knocked out for a moment because the next he remembers his car was rolling slowly down the middle of the highway. He pulled the car off the road then went back to assist the injured person.

Lynch said that when he saw the car going across the highway he also saw the "glare of light" of another vehicle parked at one of the service stations and heading east. Later investigation proved it was a Union Pacific bus which had stopped there on regular schedule.

Lynch said that he could not tell, at the time he saw the light, whether it was moving or not but when he saw it he turned away from it in an attempt to go between it and the car crossing the road.

The salesman testified that he had

### Marian Martin Pattern

Pattern 9880 may be ordered only in misses' and women's sizes 12, 14, 16, 18, 20, 22, 24, 26, 28 and 30. Size 16 requires 4 yards 38 inch fabric.

## VOTE UNDERWAY IN UTAH CITIES

**SALT LAKE CITY, Nov. 4 (UP)—** Polls in most Utah cities and towns opened today for off-year municipal elections in which voters were to cast their ballots for city officials for the next four years.

In all cases, issues were purely local—ranging from the ding-dong battle for mayor of Ogden between the incumbent, F. M. Abbott, and Herman Perry, former "cowboy" mayor, to the balloting on a \$200,000 bond issue in Murray for expansion of a municipal power system.

Salt Lake City was electing two city commissioners and an auditor. Candidates were the incumbent, William J. Rackham, and State Representative W. D. Wood, Jr.

Provo voters were deciding on a mayor and a commissioner. Mayor Maurice Harding and Commissioner Clarence H. Harmon were seeking reelection against Hilton Robertson and Joseph H. Swapp, respectively.

In Logan, it was a battle for mayor between the incumbent, William Evans, Jr., and Dr. W. W. Merrill, and for commissioner between V. B. Muir, seeking reelection, and M. Carl Puitler.

## THUNDER OF WAR

**By United Press**  
**BERLIN**—German report axis troops capture Feodosiya on Crimea peninsula and push eastward to within 60 miles of Sebastopol, straits, leading toward the Caucasus. Official sources claim sinking or damaging of 16 enemy ships, including two destroyers, in battle of Atlantic; three off Scotland, one off Dunkirk and 30 in two days of fighting in the Black sea.

**LONDON**—Red army, with estimated 200,000 reinforcements from Siberia, fight off strong German attacks on Tula sector of Moscow front.

**HELSINKI**—Finland likely to reject British-American pressure for peace with Russia as result of German denunciation of Washington as "arrogant ghetto gangsters."

**CANBERRA**—Australian Premier John Curtin disclosed British empire is considering decisions of "impense importance," apparently in regard to Japan.

**TOKYO**—Japanese, with 80,000 troops massed in Indo-China, urged by Tokyo press to speed up first of attacks on whether to attempt to break through "encirclement" by British and America.

## AUCTIONS OPEN AT OGDEN'S SHOW

**OGDEN, Nov. 4 (UP)—**Auction sale of prize entries in the 23rd annual Ogden livestock show started today after completion of judging of exhibits from 14 states.

## Greatest Aid Seen for Russia If Finns Should Accept Peace

**By LOUIS F. KERMIE**  
**Of the United Press War Desk**  
Military considerations of the greatest importance lie back of the pressure by Britain and the United States on Finland to call off hostilities with Russia.

London and Washington obviously are acting in close cooperation to force the chain of events started last Aug. 8, when Russia offered peace terms to Finland, including territorial concessions and guarantees which presumably would restore what Finland lost in the 1939-1940 war with Russia.

The offer, was transmitted by Washington to Helsinki. No reply has been received. Now Russia has demanded Britain declare war on Finland, along with Rumania and Hungary. London indicates the declaration will be issued.

**Hull Enters Play**  
At that juncture, Secretary of State Hull entered into the play with a strong admonition to Finland to end the war and get out of the Nazi orbit, lest she lose friendship of the United States.

For urgent reasons, British sympathy for Finland in this country, it is scarcely likely Secretary Hull would have taken such a step except for urgent reasons. But it would need a strong motive for a declaration of war against a nation which she would much prefer to have as a friend.

The reasons for the move are obvious. Finland's withdrawal from the war would have several extremely important effects.

It would free large bodies of Russian troops now on the front from the Arctic to the gulf of Finland for duty elsewhere. They are troops especially trained for winter fighting.

It would rid encirclement of Leningrad and make the fall of that key industrial center improbable.

World Open Murmansk  
It would open the port of Murmansk and its railroad connections southward to the flow of British-American aid for Russia.

The question arises, if Finland rejects the pressure and Britain declares war, how would the situation change? The answer is difficult, but the logical purpose of declaring war on another nation is to make war on it, military or economic.

Britain already is making economic war on Finland to the extent her blockade applies to that country and effectively prevents receipt of any supplies from the United States. Hence a British naval and air expedition to open Murmansk and the railroad by force might be in prospect.

Difficulties of such an expedition would be obvious, but if successful, it would be the greatest aid to Russia and might still the clamor in England for opening of another front against Germany.

For mayor—George W. Harman, Socialist party; Max Schindelman, Workers party, and James P. Cannon, Trotskyist anti-war party.

## Court Picks Trustee To Draw New Deed

Trustee had been appointed today for the defunct Farmers and Merchants bank of Twin Falls so that title to a Jerome county ranch can be cleared for James W. White. The trustee named by District Judge J. W. Porter is Walter C. Musgrave, county auditor. He was directed to deliver a new deed of conveyance to Mr. White.

The petitioner bought the north-side farm land in May of 1924 from Herbert F. Paul. The latter had bought it from the bank in February of 1915, but the deed it executed was clouded because the bank had inadvertently permitted its charter to lapse in December, 1914.

Frank L. Stephan is counsel for Mr. White in the title-clearance action.

## 30-Day Sentence

Pleading guilty to fraudulent procurement of board, Austin Myres, Kansas transient worker, was sentenced Monday to 30 days in county jail by Justice L. E. Ward, Kimberly. His companion, Morris Wilkenson, pleaded not guilty and will be tried later.

## They're here! '42 PACKARDS!

## Why Wait Till You Get "The Sniffles"?

**NOW'S THE TIME to Build Up Your Resistance**

It's an old story... fatigue, a run-down condition, low resistance, and then the "sniffles," particularly at this time of year when temperatures vary widely. This fall, instead of going through that same experience, why not try to guard against infectious colds? Why not attempt to compensate for these conditions by eating foods especially prepared to build strength and vitality? BUTTER-KRUST "Enriched" Bread contains an abundance of such vital elements intended for just that purpose.

## BUTTER-KRUST For Better Health

By "enriching" bread, science has found a simple way to supply vitamins and minerals that are vital in maintaining normal health. BUTTER-KRUST "Enriched" Bread contains 450 international units of Vitamin B1 per pound in addition to recommended amounts of iron, calcium and phosphorus. Two slices for each person at every meal provide substantial amounts of these required elements. Eat more BUTTER-KRUST Bread. It will help build up your resistance.

# NAZIS FAIL TO CALL ON JAPANESE FOR ASSISTANCE

## NIPPONESE PLAN OWN OPINION ON ENTERING FIGHT

**BY ROBERT BELLARE**  
TOKYO, Nov. 4 (U.P.)—Official government spokesmen indicated today Germany has as yet sent no call to Japan for action under the tripartite military pact, and emphasized any Japanese decision would be made on the basis of "our independent opinion."

However, the press called upon Premier Hideki Tojo to "make a grave decision" which will insure Japan vital raw materials from the south Pacific and achieve "more intimate relations" with the friendly powers. The press did not identify the "friendly powers."

The statement on the tripartite pact was made by Koki Ishii, the official cabinet spokesman, in response to inquiries as to Japan's attitude under the military alliance in view of Germany's official assertion that "America has attacked Germany."

**No Official Report**  
"We have not yet received any official report on any actual case," said Ishii. "We are waiting to get the correct information."

From Ishii's statement it appeared plain Japan has given no advance approval to Germany of any situation under which would call for Japanese action.

"Our position regarding article three of the tripartite pact," said Ishii "has been repeatedly stated. Article three will be interpreted with our independent opinion after getting the correct information in any case involved."

**Said "Last Word"**  
Ishii did assert, however, that Japan has said "our last word" in negotiations with the United States and indicated these conversations are in a state of virtual suspension although they have not yet been broken off formally. There has been only one contact between Japan and the United States since the Tojo government came to power, he revealed.

He indicated any further move is up to the United States.

"We have said our last word," he said. "Therefore we expect on the part of the United States a deepened understanding of Japan's position."

The Japanese press made plain that it expected Tojo's address to parliament 10 days hence to be of decisive character.

## COPPER MINE AT PEAK PRODUCTION

**SALT LAKE CITY, Nov. 4 (U.P.)**—Kennecott Copper company and its subsidiaries including Utah Copper company are now producing copper at the rate of 400,000 tons a year, 120,000 tons more than in the peak World War years, President E. T. Stannard reported here today.

Stannard said the firm hopes to maintain this rate of production, and may even be able to increase it somewhat. He suggested that non-essential use of copper be curtailed to provide more of the needed metal for defense and create a backlog of business for the days after the war.

At the same time, Harris K. Masters, Washington, D. C., head of the OPM section in charge of obtaining strategic metals, visited mining industry leaders here and reported that this nation is still largely dependent upon imports for such minerals as tungsten, vanadium, molybdenum, cobalt and antimony. Masters will go from here to Mill City, Nev., to inspect the Tungsten properties of the Nevada-Massachusetts company.

## Nov. 6 Draftee Group Shows 2 Newspaper Men

With one Twin Falls youth deciding to be inducted from Pendleton, Ore., the group which leaves here next Thursday evening for the army induction center at Salt Lake City will total 16 registrants. According to Capt. J. H. Sullivan, chief clerk of area No. 1 board.

Five of the 16 will be youths who were transferred here from other areas and who will count on quotas of these boards. Twelve will be credited to the area No. 1 quota, and two of the dozen come from ranks of Twin Falls newspapermen.

The youth who decided to be inducted at Pendleton, where he has been residing for several weeks, is Kenneth E. Woodard, former Times-News advertising man. His transfer papers were sent to the Pendleton board yesterday.

The other newspaperman in the Nov. 6 quota is John B. Brownan, reporter-photographer for The News during the past two years. He is now visiting his parents at Moscow and will return Thursday. He will be leader of the induction group on the train trip to Salt Lake City.

In summer, the body temperature of a chicken often reaches 100 degrees.

## Farm Gains and Defense Boost Business

This map depicts current business conditions as compared with the same period last year. It will appear in the November number of "Nation's Business," published by the United States Chamber of Commerce.

Business conditions—Again, as the map shows, every reporting district shows conditions improved from a year ago, resulting from defense spending and higher agricultural income. The barometer shows that industrial output in September compared at high levels but the absence of seasonal gains in some lines caused a slight decline in the graph line after an almost continuous rise for about a year and a half.

## Red Cross Needs Support Comparable To World War Days, Leader Declares

Support comparable to that of the days of the first World War when enrollment ranged from 18,000,000 to 20,000,000 members must be given to the Red Cross this year in order that the organization can take the important part in strengthening the national defenses which it has been called upon to do. Mrs. R. W. Carpenter, annual roll call chairman for Twin Falls county, said this afternoon.

The roll call this year will start Nov. 31 and will extend through Nov. 30.

**Double Task**  
In calling for members of the organization, Mrs. Carpenter said that "today, the Red Cross task is twofold. First are the service to aid the morale of the armed forces and second are the services to safeguard the life and health of the civilian population."

"The Red Cross must go with the army into the field and to distant outposts and accompany the navy to outlying naval stations. It must be with the men in hospitals, wherever general hospitals are located. Through its field director staffs in military stations and its welfare and recreation staffs in military hospitals, the Red Cross provides the important link of communication between the service man and his family back home," Mrs. Carpenter said.

**Not Blue-Prints**  
She pointed out that all activities of the Red Cross in connection with national defense are no longer "in the blue-print stage."

"For this preparedness program the funds have come from the reserves of the national organization and the various chapters, including the Twin Falls chapter," Mrs. Carpenter said. "Funds now must be available in a sum beyond Red Cross resources."

She said that millions of dollars will be required for direct aid to meet the distress brought by modern warfare, in which the civilian population shares.

"For this reason it is particularly important that all persons support the annual roll call this year," she concluded.

## Gov. Clark Starts On Speaking Tour

**BOISE, Nov. 4 (U.P.)**—Gov. Chase A. Clark will set out tonight on a four-day speaking tour which will take him through north Idaho. He will speak tonight at Emmett.

## STOCK MEN TALK WAREHOUSE PLAN

**SHOSHONE, Nov. 4 (Special)**—Plans for a regional warehouse here which will accommodate offices and provide for storage of materials and equipment were discussed yesterday when stockmen of the Wood river grazing district met in session.

Announcement was made by officials that the plans, calling for a building which will be 40 by 100 feet and which will have a full concrete basement, are nearly completed. Construction is expected to start in the immediate future.

Among other business transacted at yesterday's session was the rejection to the district advisory board of two men. They were James E. Farmer, Gooding sheepman, and Scott Allred, Gannett cattlemen.

The 10-man board is headed by Fred Martin, Shoshone, chairman, while John A. Keith is district grazier.

Principal speaker at yesterday's sessions was C. C. Haynie, Twin Falls, secretary of the Southern Idaho Production Credit association. He discussed plans for the "Food for freedom" defense act.

## HEIRESS FILES DIVORCE SUIT

**WALLACE, Ida., Nov. 4 (U.P.)**—Anne Gould Elsbury Wogoman, great granddaughter of the late Jay Gould, financier and railroad magnate, today sought a divorce from her third cowboy husband, Ezra (Gus) Wogoman of Cody, Wyo.

Wogoman married the heiress at Jackson, Wyo., Aug. 23, the day after her divorce from Herman Elsbury, a cattleman from Cody whose name she asked the court today to restore to her.

The heiress said Wogoman had "failed to provide the common necessities of life" and had taken her to live in a dilapidated miner's cabin near Shoup, Ida.

"She does the craziest things," said Wogoman a week ago. "I can't get along with her. If she doesn't file for a divorce, I will."

Mrs. Wogoman's first husband was Frank Meador, a Texas rancher.

## 1,000 DANCE TO FIO-RITO RHYTHM

An estimated 1,000 persons danced to the music of Ted Fio-Rito and his band at Radio Rodeo here last night, the management announced today.

Fio-Rito's unit is one of several "name" bands which have appeared here during the past several weeks. Dancing started at 9 p. m. and continued until 1 a. m. today with a special 30-minute intermission program being presented. The orchestra is touring the country.

Specialty numbers by solo stars of the Fio-Rito band earned high applause last night.

While previously an estimated 80,000 were employed in aviation throughout the nation as of the first half of 1940, that figure was almost trebled to 237,267 by the first quarter of 1941.

# NATIONAL DEFENSE

## And How It Affects Home Building in Twin Falls

Many materials used in home construction are today important defense necessities. This will undoubtedly result in a curtailment of future supplies of some of them.

However, people who today want to build a home, or remodel their present home—or property owners who wish to make improvements as an investment—can proceed with those plans.

This is because we have on hand today sufficient materials to meet immediate demands; and are still able to secure all needed stocks except those listed as critical to National Defense.

**Construction Will Continue**

The U. S. Government in its Defense Program does not ask nor desire that we divert materials on hand to any other purpose than that for which they were acquired—the building and remodeling of homes and other local buildings.

It is true that we may find it impossible to replenish certain items when present stocks are exhausted. Territories where important defense industries are located may be given preference over this locality. This is a situation which you and ourselves shall naturally accept in the interests of National Defense.

However, neither shortage of materials nor government policy need stop any normal building requirement NOW. If you are thinking of building or remodeling, there are many reasons why you may wish to proceed immediately. Call upon us for a frank discussion.

We will give you our best advice and assistance, and be helpful to you in drawing plans that you can carry through.

All of us are eager to help meet the demands of National Defense. However, property owners and home builders can protect their own interests and carry through their own plans now without feeling that they are in any way hindering the Defense Program.

Start your building plans TODAY with a visit to—

## Science Seeks Basic Cause for Allergy, Pathologist Tells Club

Homer Saxon, Twin Falls pathologist, presented the serious, scientific side of allergy, and Mrs. H. C. Schuriger, Mrs. Milton Powell and Mrs. Paul R. Taber, the more humorous aspects of the subject, at the November luncheon of the Twentieth Century club this afternoon. The event at the Park hotel was attended by 125 members.

The guest speaker, who discussed the increasingly interesting subject, "They Call It Allergy," was introduced with an original jingle by Mrs. Schuriger.

"The why and wherefore" of coughing, sneezing, breaking out with the hives, and other forms of irritation that allergies cause, were "exposed to view" by Mrs. Powell and Mrs. Taber, who cleverly correlated the table decorations to comply with the topic of discussion. This was one of a series of programs on "The Changing World."

**Basic Cause Sought**  
Mr. Saxon, in discussing some of the latest developments in the understanding of allergies, commented that only in the past 15 to 20 years have methods of their control been developed.

Quite a number of conditions are now recognized as being due to allergy, that up to 15 or 20 years ago were not diagnosed as such.

"The exciting factors in allergy are mostly proteins or protein-like substances," Mr. Saxon continued, "and the importance of food is one of the later recognized factors."

He pointed out that the methods of detecting and avoiding allergy are about the only means of control at the present time, although a person may be desensitized.

Innoculation is sometimes used, but is not used with the exciting factors. It may be avoided, he explained.

Research is now being directed to the basic cause of the allergic state, and future control will rest on that line of attack, he concluded.

Presenting an original verse, Mrs. Schuriger introduced Mr. Saxon with the lines:

"When ragweed makes our Mary sneeze,  
Of golden rods make Johnny wheeze,  
With millions of victims,  
All suffering from some common-  
place thing called allergy.

"One person's meat another's poison may be,  
A dreadful headache is often the price,  
Hay fever and asthma and eczema  
And hives

Are trying to take the  
Joy out of life—  
Due to allergy.

"Sometimes it is because of the  
food that we eat,  
Or it may be the pillow on which  
we sleep,  
The air that we breathe,  
Or the kitty we pet.

The extent of influence  
Honey bees can exert  
On this thing called allergy.

"I confess I'm non-plussed,  
So I've good plans,  
We shall turn to the person  
Who jolly well can  
Clear up these coughs and sneezes,  
Bring some facts to the light;  
Disperse the dark mystery  
And set us all right.

On the subject of allergy,  
In Decorations too,  
Representatives of those  
Who produce allergies, were found in an  
assorted array down the centers of  
the tables.

Interspersed weeds and vines,  
Placed first on the cloths, were toy  
swords and hats, rolled swatches of  
woolen rug, miniature feather pil-  
lows, doll clothes representing wool  
allergies, cat-tails, the bugaboo of  
the hayfeverer, spices, fresh straw-  
berries and cans of paint and food-  
stuffs, most common factors in al-  
lergy.

**Musical Numbers**  
Special musical numbers included  
two vocal solos, "One Fine Day,"  
from "Madam Butterfly," Puccini,  
and "A Heart Throb," Alfred  
G. Robyn, sung by Mrs. Albert Cor-  
bett, accompanied by Mrs. Russell  
Potter.

Mrs. Claude Brown led the  
community singing and Mrs. H. J. Wall  
gave the pledge to the flag.

Mrs. D. E. Olyde gave the infor-  
mational relations talk on "Our  
Southeastern Exposure."

Mrs. H. L. Hogsett presided at  
this business session.

At cards, Mrs. L. L. Linney, Duili,  
and Mrs. P. J. McLean, Twin Falls,  
won honors.

**RECREATION CENTER**  
**HAS HALLOWEEN PARTY**  
A progressive Halloween party  
was given at the Twin Falls recre-  
ation center Friday evening under  
the supervision of Jasper Stewart,  
recreation leader. The hall was de-  
corated in Halloween colors with  
leaves, corn stalks and pumpkins  
predominating.

Prizes were awarded to Tona Mor-  
genson, Dorothy Nelson, Glen Ora-  
shaw and Joan Beklin. Group prizes  
were presented. Refreshments  
were served to 32 children and 21  
adults.

The program was in charge of  
Mrs. O. T. Luke, Mrs. Robert Hal-  
frucht and Mrs. O. P. Jacobs.

Mrs. George Eldridge offered the  
opening prayer. Bee Hive songs  
were led by Mrs. Robert Halfrucht;  
Mrs. Halfrucht and Mrs. Jacobs di-  
rected relay and set-against  
games.

Instruction in dance etiquette and  
waltz and fox trot instructions were  
given by Mrs. Austin Green and Mrs.  
Paul Collins, followed by folk dancing,  
garden ball and table tennis, led  
by Mrs. Luke.

After refreshments were served,  
Mrs. H. J. Wall presented the  
closing prayer, and Mrs. Melvin  
Quiter furnished accompanying mu-  
sic.

Others present were Mrs. Leon  
Wadsworth, guardian Bee Keeper, Mur-  
rough, and Phoebe Oates, Alma Ours,  
Mrs. Halfrucht and Mrs. Jacobs.  
Mrs. Graham, Joyce Bolton, Nor-  
man Robinson, Della Jansson and  
Helen De Gorko.

## Home Economics Club Installs, Greets Members

The Home Economics club of Twin Falls high school held formal installation of officers and initiation of new members at the regular meeting in the domestic science rooms at the high school this afternoon, with the Elton Howard, former president, in charge.

During the candlelight ceremony, Miss Mary Frances Babin was installed as president; Madge Harward, vice-president; Miriam Murphy, secretary; and Bonnie Smith, treasurer.

New members of the group initiated were Miss Pat Graves, Miss Corrine McEach, Miss Virginia Campbell, Miss Norma Porter, Miss Jill Landkammer, Miss Miriam Murphy, Miss Melva Murrill, Miss Arlene Erickson, Miss Violet Rodman, Miss DeLois Winter, Miss Marjorie Har-  
din.

Miss Rosalee Lancaster, Miss Betty Toupin, Miss Miriam Centers, Miss Betty Fusselman, Miss Vera Lancaster, Miss June Newcomb, Miss Edith Jinks, Miss Mildred Ponce, Miss Mary Tadlock, Miss Murphy and Miss Smith.

Miss Charlotte Thompson, Miss Bonnie Busby, Miss Zola Bartlett, Miss Imogene Beath, Miss Doris Scherrup, Miss Evelyn Scherrup, Miss Edith Jinks, Miss Norma Porter, Miss Glims, Miss Joyce Mae Kimmel.

A discussion of matters concerning the club was held, and the installation ceremonies, and Miss Juanita Sutcliffe, sponsor, attended the session.

Following gifts to the club included the bride's pins, Mrs. P. R. Larrick, and the bridegroom's father, J. W. Shouse, Piler; also Mrs. Laura Feltbush, Mrs. and Mrs. Denny, Kimberly, Mrs. Lora Doss, Mrs. and Mrs. Baker, Mrs. Lora Doss, Mrs. R. E. Eldred, Mrs. and Mrs. Hill and Mrs. C. H. Eldred.

**Calendar**  
Russell Lane Harmony club will meet Nov. 5 with Mrs. Everett Utt.

Magpie-Y club will meet at 8 p. m. Monday at the home of Miss Mary Miller.

Degrees of Honor lodge will meet at 8 p. m. Tuesday at the home of Mrs. Fred Boer.

Kimberly Road club will meet at the home of Mrs. A. P. Olson Wednesday at 2:30 p. m.

Falls Avenue club will meet Wednesday at 8 p. m. at the home of Mrs. David Beus for election of officers.

Lucky Twelve club will meet at the home of Mrs. Ed Crawford Thursday afternoon for a desert luncheon at 2 p. m.

Church of the Brethren Missionary society will meet Thursday at 8:30 p. m. at the home of Mrs. E. A. Moore, Mrs. Taylor.

Washington P. T. A. room mothers will meet at 8 p. m. Wednesday at the home of Mrs. R. D. Harkness, 1345 Heyburn.

Twin Falls chapter, American War Mothers, will meet Nov. 14, at the American Legion hall, instead of Friday, Nov. 7.

All committees of the Women of the Moose will meet today at 1:30 p. m. at the home of Mrs. Norma Halverson, 416 Main avenue east.

B. and T. club meeting, originally planned for Wednesday of this week, has been postponed for one week, and will be held at the home of Mrs. W. D. Reynolds.

Bhamrock club will meet Thursday, Nov. 6, at the home of Mrs. Elsie Stafford with Miss Millicent Gilme in charge of the program. Roll call responses will be miscellaneous.

Executive board of the Women's Society of Christian Service of the Methodist church will meet Thursday at 2:30 p. m. in the church parlors for a regular session.

B. and T. club has postponed the bingo party, officially announced today. A special meeting is called for Friday afternoon, Nov. 7, at the home of Mrs. Leona Bodanah to make plans.

Twin Falls Garden club will meet at 2 p. m. Wednesday at the home of Mrs. C. O. Haynie, 312 Eighth avenue north. Mrs. Paul R. Taber will discuss "Festive Thanksgiving Table" and Mrs. C. Lindsey will discuss "Mulling and Garden Protection."

Past Matrons club will meet Friday, Nov. 7, at 8 p. m. at the home of Mrs. C. O. Kingsbury, 1104 Fourth avenue east. Mrs. Genevieve Dwight will be in charge of the program on "The Hymns of the Past." Mrs. J. A. Johnson.

Prizes were awarded to Tona Morgenson, Dorothy Nelson, Glen Orashaw and Joan Beklin. Group prizes were presented. Refreshments were served to 32 children and 21 adults.

The program was in charge of Mrs. O. T. Luke, Mrs. Robert Halfrucht and Mrs. O. P. Jacobs.

Mrs. George Eldridge offered the opening prayer. Bee Hive songs were led by Mrs. Robert Halfrucht; Mrs. Halfrucht and Mrs. Jacobs directed relay and set-against games.

Instruction in dance etiquette and waltz and fox trot instructions were given by Mrs. Austin Green and Mrs. Paul Collins, followed by folk dancing, garden ball and table tennis, led by Mrs. Luke.

After refreshments were served, Mrs. H. J. Wall presented the closing prayer, and Mrs. Melvin Quiter furnished accompanying music.

Others present were Mrs. Leon Wadsworth, guardian Bee Keeper, Murrough, and Phoebe Oates, Alma Ours, Mrs. Halfrucht and Mrs. Jacobs.

Mrs. Graham, Joyce Bolton, Norman Robinson, Della Jansson and Helen De Gorko.

## Doll Display Highlights Book Week

Famous book characters, such as Sambo, Little Red Riding Hood and the Sleeping Beauty are not exactly coming to life this week at the Twin Falls public library, but they are doing the next best thing—making their appearance as dolls in the Book Week display. Two of the thousands of children and adults who will view the display this week are Barbara and Bobby Hine, 10-year-old twin daughters of Mr. and Mrs. Clarence Hine, Highland drive, Twin Falls. Bobby is showing Barbara a "Panda Bear" and she is holding one of the "Scotch Twins." The other member of the pair of dolls is on the far right. In the background is the "Winged Pegasus and boy rider," official poster of the week. Miss Edith Dyer, in charge of Book Week activities at the local library, will conclude the activities with a story hour for all children at 10 o'clock next Saturday morning. Each room in the Twin Falls grade schools contributed a doll for the display.

## Presbyterian Women To Hold Union Meet

Union meeting of the Missionary and Ladies' Aid societies of the Presbyterian church will be held Thursday afternoon in the parlors of the church at 2:30 o'clock, Mrs. D. R. Churchill announced today.

Every member of both societies is urged to attend the session, when more definite and detailed information will be given concerning plans for the union of these organizations.

Plans for the meeting are being made by Mrs. Henry Mahlen and Mrs. C. H. Kregel, who will act as co-chairmen of the hostess committee, comprised of members of both organizations.

The Missionary society, through Mrs. H. N. Wagner, will have charge of the devotionals. The Ladies' Aid society, through Mrs. P. W. McRoberts, will present a special program.

The program will be patriotic in theme, members of the Twin Falls chapter, Daughters of the American Revolution, taking part.

**Legion Auxiliary To Hear Address By Rose North**  
Mrs. Rose M. North, dean of girls at the Twin Falls high school, will be the principal speaker at a meeting of the Twin Falls unit, American Legion auxiliary, Wednesday evening.

Session will begin at 8 o'clock at the American Legion auxiliary rooms at Legion hall.

Mrs. North will speak on the subject "Youth of Today."

All women eligible for membership are invited to attend.

Refreshments were served by the hostesses.

## Dental Survey Stated By Council of P. T. A.

A worthwhile project which was recommended to local Parent-Teacher associations when the P. T. A. council met last night at the home of Mrs. Lionel A. Dean, was an adult education program for dental hygiene.

Mrs. Eltha B. Given, city school nurse, called attention to the fact that the child's first set of teeth are just as important as the second set to the general health condition of the child, and that in cases where teeth must be pulled because they have been neglected, the second teeth often come fit out of line, causing either more expensive dental work, or a disfigured mouth in later life.

**Survey Started**  
Through discussion it was revealed that only 20 per cent of the people actually give teeth the proper dental care, and that one-fifth of the army rejects are due to bad teeth.

Mrs. Given, Mrs. Dean, representing Washington P. T. A.; Mrs. H. H. Burkhardt, junior-senior high school P. T. A.; and Mrs. Harold Deagle, Lincoln P. T. A., were named as a dental hygiene research committee to study local conditions and recommend a plan of action at the next council meeting.

Mrs. Albert Lanza, council radio chairman, announced that progress time for the P. T. A. broadcasts had been arranged at the local station, and asked that local parents select the months they wished to broadcast.

The council will broadcast in November; Washington in December; junior-high school each January and February; Lincoln selected March, and Bickell will have the month of April. Theme will be "Schools for Democracy."

Mrs. John E. Hayes, legislative chairman, stated that the national legislation under consideration at this time is the teacher retirement plan, the plan being subject to the approval of the Idaho Education association.

**Membership Report**  
Mrs. Scott Ellsworth gave the results of a survey of recent city-wide membership drives. Washington, 45; Bickell, 72; Lincoln, 95; junior-senior high school, 133. Three membership drives are held each year, and many more are expected to join before the next survey.

As the result of a request of the Twentieth Century club, school principals were asked to compile reports on the hot lunch program to ascertain whether or not school needs are being met.

Mrs. Paul Walker, record book chairman, reported the need for a new record book, and one will be purchased soon when the council meets at the meeting of the board of managers at Boise.

An outstanding high-style this year is the worn coat with big dolman sleeves and a skirt which the wearer clasps or holds quite snugly lapped.

**Bicknells Given Farewell Dinner**  
Veterans of Foreign Wars post and auxiliary entertained at a dinner last evening at the home of Mr. and Mrs. Ralph Quint in farewell to Commander Floyd Bicknell and Mrs. Bicknell, who are leaving the latter part of the week for Portland to make their home.

Bingo, pinocle and Chinese checkers were played. Ralph Quint presided as toastmaster. Fall flowers and blending tapers in crystal holders decorated the table.

Mrs. Bertha Peters, president of the auxiliary, presented gifts to the honorees in behalf of the organization.

Mrs. Armas, Mrs. Helma M. P. Bears and Mrs. and Mrs. A. W. McConnell were special guests.

**Decorate with LIGHT!**

Does your living room disappoint you at night—are your carefully-chosen curtains, rugs, furniture and pictures "buried" by poorly-distributed light? There's a simple, inexpensive way to fix that. New adaptor fixtures (a few are shown at the right) will put NEW light—GOOD light—into your present lighting equipment. A simple twist of the wrist, or a picture hook fastened to the wall—and, presto, your home is "redecorated" with adequate lighting. See these new-type conversions for old-fashioned lighting at a store dealing in LIGHT FOR SEEING.

## ARMY, NAVY TACKLE TOUGH GRID OPPOSITION

### Cadets Clash With Harvard Defense Giant

By JACK GUENTHER  
NEW YORK, Nov. 4 (AP)—The Army and the Navy dominate the football headlines again this week in top games of another jam-packed program which matches all 10 major undefeated squads against foes who are ready and willing—if not in all cases able—to knock them from their perches.

It's the Navy versus a traditional rival, Notre Dame, in the classic of the week and one of the top contests of the season while the Army tries to continue its own march against a Harvard team weak on offense but equipped with every trap and maze and snare that defense wizards have conceived.

In all cases, however, the importance of the games can't be measured by the records of the participants. Minnesota and Duke, for instance, draw no tougher assignments than Nebraska and Davidson while Fordham and Texas get a comparative rest in Pitt and Baylor. But from the lowly ranks of the beaten squad will come many a thriller.

Standout games include Alabama-Tulane at New Orleans, Texas A. & M.-Southern Methodist at College Station, Tex., Stanford-Southern California, and California-Washington.

For once, there isn't a single stand-out game in either the middle week. The big boys either take on little fellows in conference games in the Big Nine and Big Six or they meet non-conference opponents in contests which won't greatly help or hurt their records.

Duquesne, undefeated and untied, will risk its record Sunday against St. Mary's.

### Battle Rages Again Over Silver Creek

By CHARLES G. SUMNER  
KEITHVIM, Nov. 4 (Special)—Local sportsmen are of the opinion that the Idaho fish and game commission has pulled a fast one by announcing its inability to stop poaching in Silver Creek. That game warden's suggestion that poaching could be remedied by declaring the creek open. In the minds of fishermen at large the idea does not sound amenable in any item. It is a worn-out theme, following that of poaching in the closing of certain areas some time ago. The commission sections has worked to benefit, it is claimed.

The game department is quoted as saying to the Blaine and other sportsmen: "There is more talk, complaint and protest about this stream than any other stream more than about all other streams in District No. 4."

Silver creek is a favorite stream with sportsmen, from Boise to Orem. It is well stocked, a powerful stream, and teeming with trout. A size to call for any fly cast. Says the representative of a large sporting element of Idaho: "From Sun Valley to Carey there is a substantial discord over existing conditions."

The commission proposes that the main stream be opened or the line moved upstream, adding that "this would increase the open water in the main stream about three-fourths of a mile. The opening of this three-fourths of a mile would do away with the poaching."

Answer the sportsmen: "That the fish and game ward is charged with the administration of the game laws is beside the point. That game wardens are paid to stop poaching is of little moment. They may have to work at it, but we're willing to bet that John Mizer, Ted Davis, Ed Enderby, John Wright, or any of the other present and past state game wardens can stop the poaching on Silver creek."

More than 8,000 separate pieces of metal go into a single large airplane engine and all must be shaped to size with equal-cutting tools.

### Gophers Beat Wildcats—by One Small Point

Running true to form, University of Minnesota came from behind in the second half to beat out University 14-7 in Minneapolis Saturday. Here's a bit of action, with Bill DeCorrent, Northwestern halfback, picking up nine yards. In the first quarter, he was forced back over his own goal line to recover a bad pass from center, and a safety—two points for Minnesota resulted—to make the one-point win when Minnesota couldn't convert on its touchdown.

### SPORT SHORTS

**STANFORD UNIVERSITY**—Stanford's Indians faced another muddy workout today preparing for Saturday's encounter with USC. Coach Clark Spangshaven will take a squad of 40 men south. Bruno Banducci was not in uniform because of injuries.

**CORVALLIS, Ore.**—Although Coach Lon Stiner was pleased at the performance of his sophomores in walloping Idaho Saturday, he planned no major shakeup in his lineup. His Beavers face UCLA's Bruins here Saturday.

**MOSCOW, Ida.**—Irving Kenopka and Bill Locky were listed as doubtful starters against Washington State Saturday by Coach Francis Schmidt of Idaho. They were injured in the OBC game.

**PULLMAN, Wash.**—Early Brennels was shifted to right half on the Washington State squad and will be in the first lineup this week-end. The shift gives the Cougars three sophomore right halves.

**SALT LAKE CITY**—Quarterback Buck Adelt of the University of Utah **RECOVERED** an ankle injury today and will be in the first lineup this week-end. He was injured several days ago, and was kept out of the game last Saturday for a while due to the injury. However, he did see some action, but was limited since his ankle was still in bad shape. The Utes didn't play this week-end.

**BRIHAM YOUNG UNIVERSITY**—The Brigham Young University Cougars were preparing today to make a final sprint for the Big Seven championship game. Tied with the University of Utah, the Brigham squad was rated an even chance to win the title. BYU plays Wyoming at Laramie Saturday.

**LOGAN**—While Coach Dick Romney's spirited Utah Aggies were playing the Big Seven game, they were practicing with renewed energy today for their week-end game with Denver. Romney said the "Z" formation would probably be used throughout the game. He said he would concentrate practice during the next few days on signal calling and deception formations.

**HOORING IN ALL-STAR**—UNIVERSITY OF IDAHO, Nov. 4 (Special)—Tied Hooring, Idaho, was named on all-star lists of the football team as first string end. Hooring played for the Alpha Tau Omega team.

### 4 Teams in Running For Big Six Crown

There isn't a football game in the Southern Idaho Big Six conference week-end—but just the same, there are several coaches around the loop who are busy wishing Jimmy O'Brien and his Pocatello Indians nothing in the way of good luck when they travel to Idaho Falls on Armistice day.

Not that any of the members have any ordinary delirium for O'Brien. It just happens that four of the teams in the circuit could get a share in the title if the Indians should happen to get tripped up at Idaho Falls—as they did two years ago.

Tied by Nampa. Right now, the Pocatello gridgers rate far and away the best club in the state—despite the fact they "suffered" at the hands of Nampa. The Indians have won three and tied one game in conference competition.

But if they should happen to slip at Idaho Falls, then Twin Falls, Boise and Nampa could conceivably get a share in the title. Twin Falls would be unopposed champions of the circuit—if the Tigers won over the Boise club and the Bruins beat Boise here in the Armistice day engagement.

On the other hand, if Pocatello loses and Boise wins here, the Braves would only have to get by Nampa on Thanksgiving to clinch the crown. Nampa chance.

Or, if Boise and Twin Falls should play a game there, Pocatello loses at Idaho Falls and Nampa trip Caldwell, then the Bulldogs could get a three-way tie for the title by trouncing Boise in the final tilt. So it's a wide-open affair yet, being with the lone hope of course, being whether the Idaho Falls Tigers have enough stuff to put a halt in the high-powered attack of the Indians.

Last week-end, Pocatello dumped the Boise Braves, 22-0, while Twin Falls was turning back Idaho Falls, 10-7 and Nampa and Caldwell had open canvased.

The standings:  
Won Lost Tied Pts.  
Pocatello 3 0 1 375  
Twin Falls 2 1 0 275  
Boise 2 1 0 267  
Nampa 1 1 1 250  
Idaho Falls 1 2 0 250  
Caldwell 0 4 0 200

**HAILEY GRIDDER STARS**—UNIVERSITY OF IDAHO, Nov. 4 (Special)—Al Bonin, Hailey, snagged three touchdowns passes from John Shreve, Wallace, to lead Christian hall to its second consecutive triumph in football championship last week. Christian downed Phi Delta Theta 24-0 in the championship game.

place when he cast his vote. Nobody else had a big, hard-hitting first baseman lower than fourth and 10 of the 24 members of the selection committee had him No. 1. No one man can win a pennant, but Camilli came as close to it as possible. It was the guy who hit the long ball, the clutch for the Dodgers, he was the one who held the infield together during the dark days when it looked as though intramural football championship was going to blow sky high under pressure of the pennant drive and he was the one who made miraculous stops and catches around first base.

But his story goes far back and his value to the Dodgers is not confined to what he did in the 1941 season. He was the first man MacBee bought when he took over the Dodgers and alerted to rebuild a club that consisted of worn-out veterans and kids who were below big league standards.

His arrival at Ebbets field raised the drooping spirits of the Flatbush faithful. The MacBee policy of this team here to make money by spending money to make money began to bring in dividends. The customers wanted to see Camilli hit home runs, and the right field fence at Ebbets field is tall for a left-handed power hitter.

Under the laws of New York state the bats cannot open in Brooklyn until the polls close tonight. Maybe he's just as well, for this is the day the Flatbush faithful to bowl.

### Rain Spoils 21 Pheasant Hunt In This Area

It's starting to appear as though southern Idaho gun-toters will have to move to Europe if they expect to get much action with their weapons. Because warm weather rain has put a decided crimp in the sportsmen's activities over south central Idaho for the past week or 10 days.

For the second consecutive year, start of the pheasant season has heralded the commencement of an "unusual" stretch of wet weather that has made pheasant hunting anything but pleasant.

Nimrod's returning from the fields in a steady drizzle or under dark and cloudy skies have reported that getting a pheasant to fly these days is much harder than hitting 'em after they take flight.

On the few sunny days that have put in their appearance since the season opened, most sportsmen have reported in with the bag limit. However, the sunny days have been few and far between.

The season lasts until Nov. 23—when the pheasant season closes. While the dark and rainy weather should be perfect to keep the ducks flying, the big flocks haven't come in yet, and probably won't until there is a good stiff storm in the northern feeding grounds.

There is a good supply of local ducks reported around post-holes.

### THE SPORT SPOTLIGHT

By United Press  
The elite of the nation's football games clash in post-season bowl games slightly more than two months from now, but as of today, with the ranks of the unbeaten thinning rapidly each Saturday, Fordham unrelentingly raises with experts as the country's most popular bowl selection.

The Pacific Coast Baseball league has voted to continue the ghoulishness playoffs with a \$12,500 purse. Only two votes—Hollywood and Los Angeles—were cast against the playoffs for which no substitute was offered by opponents. The clubs also voted a 25-player limit with no restrictions. Previously, each club was limited to 20 veterans and five rookies.

Here's more about Coast league baseball. Bobby Coltrin, formerly of the New York Yankees system, has been signed as a scout for the San Francisco Seals. Arnold (Jigger) Stutz, one of the best defensive outfielders of all times, has been re-signed as manager of the Los Angeles team.

William J. (Ham) Lorimer, who gave Max Baer and Lou Nova their first bootie up the pugilistic ladder at Oakland, Calif., yesterday, Lorimer was an inspector for the California State Police until he was stricken last three months ago.

Over at Denver, Assistant Coach Dan Blum of Denver university warns that "Utah State football team always points for an upset victory a year, and this time I understand it's to be the 'Flonkey'."

And Head Coach Jim Yeager of the Colorado Buffs would like to know "just what happened" when his team was trounced 46-6 Saturday by Utah. Yeager said he was "very disappointed" but refused to blame any individual player for the smothering defeat.

Before the 1941 Pacific Coast conference football title is wrapped up, sealed and delivered to the Stanford Indians, the Indians must get over Washington State and California. It's no easy job.

Only two of Missouri's 19 touchdowns this year have started inside the 10-yard line.

**Magic Valley Girls On Sports Teams**  
UNIVERSITY OF IDAHO, Nov. 4 (Special)—Fourteen Magic Valley women last week were chosen on the Women's Athletic association speed-ball teams.

Chosen on the freshmen team were Margaret Burnside and Jean Schenckel. Junior members include Margaret Bacon, Twin Falls; Ruth Ellen Jackson, Bliss; Jean McEwen, Paul; and Jean Adamson, Carey.

Selected on the senior squad were Mary Jean Shipman and Joyce Miller, Twin Falls; Lillian Togan, Piler; and Erma Hall, Kimberly.

A hippopotamus has a stomach 11 feet long.

### Twin Falls Man Fined for Breaking State Fish Limit

GOODING, Nov. 4 (Special)—P. Brown, conservation officer at Gooding, reports the following arrest: Don B. Higbee, Twin Falls, arrested and when brought before Gilbert E. Brinton, Gooding, justice of the peace, entered a plea of guilty to the charge of possessing too many trout. Higbee was fined \$25 and \$3 costs but \$15 was suspended upon payment of \$10 and costs.

Only two of Missouri's 19 touchdowns this year have started inside the 10-yard line.

**Rating System Puts Navy Team at Top**  
LOS ANGELES, Nov. 4 (AP)—The Deke Houliatt football rating system today placed Navy as the No. 1 team of the nation, followed by University of Texas.

The middies were given top spot because of victories over stronger opposition than encountered by Texas. Duke and Minnesota were tied for third, followed in order by Fordham, Michigan, Stanford, Army, Temple and the Texas Aggies.

When starting an automobile engine, the throttle should be opened part way. Not only does this permit more gas to enter the cylinders, but makes it easier for the engine to turn over.

### Balloting Is All Over in Flatbush: Camilli Chosen as 'Most Valuable'

By HARRY FERGUSON  
NEW YORK, Nov. 4 (AP)—Our town's voting today to decide whether Leo Camilli shall be mayor, but so far as the borough of Brooklyn is concerned the balloting has been heard from, the polls are closed and the victory celebration has started.

It matters not who is going to be mayor. Dolf Camilli has been chosen as the most valuable player in the National league. The top of other is full, any over-throwing in Flatbush because the Dodgers not only took first place, but they had stolen that run for place and share too. A committee of baseball writers association of America voted three Dodgers into

the top places for the sporting news annual award. Camilli, Joe Judge and Whit Wyatt. Now there is going to be some fun when Maestro Leo Camilli sits a trying to sign those boys for next year.

The clean sweep the beloved bums made in the annual poll eased the pain in the hearts of the Flatbush faithful who sat and suffered through the world series. All's right with the world the other side of Flatbush bridge this morning, the sludgy Gowanus canal is a stream of hope and beauty and just you wait until next year.
