Schools Plan "Open House" Teas To Observe U.S. Education Week

American Education week, Nov. 9 to 15, sponsored by the American League, the National Education association, the United States office of education and the National Congress of Parents and Teachers, will be extensively observed in Twin Falls this coming week, according to Mrs. F. G. Kleffner, president of the Twin Falls council, Parent-Teacher association.

The week's observance grew out of the first World War. Twenty-five per cent of the men examined in the draft during 1917-18 were illiterate; 20 per cent were physically unfit; many were foreign born and had little understanding of American life.

Continuing the historical background of American Education week, Mrs. Kleffner observed: "During the war schools were drained of teachers, especially men. In the fall of 1920 thousands of schools were closed for teachers. A program of public information was needed to correct this situation. Members of the American League, consulted with educators and the first American Education week was observed in 1921."

Since the best purpose of American Education week has become that of acquainting people with the needs, aims and activities of the school, the national publicity chairman, made a survey to ascertain how the local schools are being observed.

Twin Falls Junior and senior high schools will arrange open house teas in each building from 2 to 4 o'clock next Thursday afternoon. Single school's open house tea will be Wednesday from 2 to 3:30 o'clock. A student assembly that morning will have the subject, "Education for a Strong America."

Washington school will observe open house for two days, Tuesday and Wednesday, and a patriotic program will be given Armistice morning for the students. Each room will arrange to own tea.

Although Lincoln school is having open house and tea from 3:30 to 5 o'clock next Wednesday, parents are urged to visit the school the next day, according to Miss Beulah Way, school principal. Instead of an assembly, the school will feature Education week in some unusual way.

Week Significant "This year's observance of American Education week is particularly significant in the light of world conditions, for it gives the schools the chance to reaffirm their faith in American democracy, and to re-dedicate themselves to the task of working toward the peace of the world."

Parent-Teacher associations are encouraging the attendance of open house events, where parents and teachers may become better acquainted and schools may arrange exhibits of art work, social studies projects and home economics displays.

"If the dreams that are being dreamed for the American future are not to be in vain, our educational institutions must flourish," said Mrs. Kleffner, "for our basic ideas have their roots planted firmly in the soil of education. We are urging all Twin Falls citizens to visit the Schools and help them to be a lucky twelve."

Lucky Twelve Lucky Twelve club members will conduct a Christmas gift exchange at the next meeting at the home of Mrs. Roy Sweeney Dec. 18. It was planned when the group met for a desert luncheon yesterday at the home of Mrs. Ed Crawford.

Gardeners Given Advice on Plant Care for Winter

New and attractive centerpieces for Thanksgiving tables were exhibited by Mrs. P. H. Thayer, Mrs. C. B. Lindsey spoke on measures to be taken for the protection of gardens during the winter, when the home of Mrs. C. G. Haynie.

Emphasized by Mrs. Lindsey included: 1. Do not cover perennial and shrubbery with straw or other material after the ground is frozen, as too early covering usually results in their "smothering."

2. Cover or mulch plants to keep them from thawing when the weather breaks in the spring, rather than to keep them from freezing.

3. Evergreens, especially young ones, must be cut in winter through the snow, because after the ground is frozen, roots of the trees are able to absorb moisture in the ground below the freezing level.

4. A second table held a group of plants, including a variety of cabbages and mustard leaves, to form a centerpiece.

5. The arrangement was an upright group of celery stalks combined with aspidistra leaves, with a red pepper at one side.

TRAFFIC HALTED ON HANSEN SPAN

(From Page One) The highest of its type in the world was an engineering feat at the time it was placed.

An inspection this noon by the officials revealed that in addition to the snapped off piece of steel, other truss members were sagging while some were pulled so tight that they had stretched. By attaching to one side of the bridge the sag is easily noticed.

PRaises EDITORIAL ATTITUDE ABOUT FINLAND Editor Evening Times: Sincerely wish to congratulate you on your editorial appearing in the Nov. 6 Times, "Is There No Hero Left?"

I have been wondering how long it is going to take our Americans to awaken to the things that are today being done which are unworthy of America and American traditions.

It is my hope that a majority of the adult population will read Herover's articles currently appearing in the Saturday Evening Post and that such reading will start them thinking, just as I believe your editorial will do for my town, and I trust for the country as a whole.

Jap Note to Roosevelt May Contain Threat of Force

SPEEDING ENVOY. CARRIES SPECIAL MESSAGE TO FDR

TOKYO, Nov. 7 (AP)— Premier Gen. Hideki Tojo, informed sources revealed today, has sent a personal message to President Roosevelt declaring that if Japanese-American rapprochement is not achieved speedily Japan will be forced "to use other means" to protect her existence against economic and military encirclement.

The message is being taken to Washington by Saburo Kurusu, special envoy charged with making a final attempt to solve the issues threatening United States-Japanese conflict in the Pacific. Coincidentally, there was a marked worsening of Japan's relations with Russia.

Tojo's message was said to express eloquently a hope that Japan and the United States can resolve their differences and with dispatch.

"Spending on the part of the U. S. to achieve a settlement were backed by the warning that, lacking an agreement with the United States, her next blow" probably would be against the Burma road over which so many American supplies to China.

The warning was issued by the Japanese Times and Advertiser, semi-official organ of the foreign office.

BITE!

LOS ANGELES, Nov. 7 (AP)—When a woman bites a dog, what should the dog do?

It cost Rose Wolf \$10 because her dog bit Mrs. Sophie Koschinski after Mrs. Koschinski admittedly bit the dog first.

Just because a dog bit the dog, the court turned around and sunk his teeth in his lip.

It was Judge Orin Jean Shohitz in seeking \$60 damages.

"What did you say?" asked the judge. "It sounded like you said you bit the dog."

"That's my own honor," she replied. "But it was all a mistake."

She explained she was playing with the dog. It growled and barked. She said she growled, playfully, and snapped her teeth at the animal, biting it on the nose.

The dog, surprised, bit her on the lip.

Judge Shohitz awarded her judgment of \$10 and cautioned her about biting dogs.

Welcome to Bethel Temple Church

A revival campaign and convention will begin November 7th and continue until November 21st, in charge of Bishop G. B. Rowe, assisted by his wife, also Bishop Bradley and his wife.

This man of God has the message of the hour for us. His fine Bible study is of apostolic origin both in practice and principles. His teaching on charts will give a wonderful revelation on the Word of God, because of his great experience with God for over twenty-five years. It has given him great faith and power of God in his life. He is known in the United States as a man with power of God who knows how to bring souls to God. He has faith in God when he prays for the sick people with different kinds of diseases and they receive healing. Hundreds of men and women have been saved through his preaching and healed through his prayer in the Name of the Lord Jesus Christ. Do not miss this wonderful opportunity. Come, see for yourself. Bring the sick with you. There are no charges for prayer.

Bishop Rowe is pastor of Greater Midway Tabernacle in Mishawaka, Indiana. His visit is a great treat for our dear ministers and co-workers. You are all welcome. Our church door is open for both rich and poor. The meetings will be every afternoon between two and four, and at seven-thirty in the evenings.
