U. S. Ships Sail Into War Zones Inside 96 Hours

IDAHO FARMERS ASK WIRE FOR STING BEANS. PRIORITIES WILL BE JUNKED

VESSEL ARMING TO BE STARTED FOR ALL CRAFT
By LYLE C. WILSON
WASHINGTON, Nov. 14 (UP)—President Roosevelt will order the arming of American merchant vessels within 96 hours and authorize their dispatch into war zones where the axis hopes to sink them on sight.

Trans-Atlantic convoys probably are just around the corner. The navy's practice is understood to have been to escort merchant vessels half-way across the ocean to a rendezvous with British warships. There seems to be no reason now why American escort vessels should not go the whole route into the Mersey or the Thames.

The navy is ready to put guns and crews aboard the merchant fleet. But that will be a gradual process, although faster than the very slow diversion of any major part of our 6,000,000 tons of shipping into battle zones.

Mr. Roosevelt will authorize for these further steps toward belligerency in a close house vote—215 to 194—taken yesterday after a chorus of bi-partisan warnings that sea-lanes act heavy shipments of canned string beans are to go to Britain.

Under the terms of the highway bill \$100,000,000 has been set aside for the army force to build flight strips. It is estimated that one strip will cost approximately \$20,000. The army will acquire a right-of-way adjoining a highway for a strip about 1,000 feet wide and 400 feet long, about 5,000 feet long.

MARINES WITHDRAWN World-Wide War Threat Gains After U. S. Moves

House Ballot Opens Chance For Conflict
By JOE ALEX MORRIS
United Press Foreign News Editor

The threat of world-wide war mounted swiftly today with emphasis on the role of America in the fight against axis aggression.

A series of developments in the Atlantic sea lanes across war-torn Europe and into the tense far east was viewed by every major capital as foreboding a spreading and intensified conflict.

Development included:
1. America's decision to carry war supplies, protected by U. S. naval guns, into the war zones was described by Berlin, Rome and Tokyo as meaning "inevitable" warfare and by London as meaning that "they're coming over."

2. President Roosevelt increased the pressure in a war of nerves with Japan by ordering "United States Marines out of China (where they would be trapped and helpless in event of a war in the Pacific). The Japanese increased their war funds by \$100,000,000 and revised their description regulations to expand the number of men eligible for army service.

3. The British acknowledged loss of the veteran 22,000-ton airplane carrier Ark Royal, torpedoed in the Mediterranean, probably by an Italian submarine. British sources said that American and British navy patrols have been ordered to search for the carrier in the Atlantic.

New Set-up Near on Milk, Meat Inspection For Twin Falls Area

Members of the city council next Monday night will be asked to approve appointment of a new city meat inspector and deputy inspector and to also authorize participation in a state department of public health setup whereby a full-time meat inspector would be stationed here.

The proposal will be made to other members of the council by O. H. Coleman, commissioner of public health and safety.

Coleman said this afternoon he will nominate Dr. H. H. Tronzo, pioneer veterinarian of this city, to be city meat inspector, and would ask appointment of Dr. M. K. Jarvis, also a veterinarian, to serve as deputy.

Whereas Dr. E. J. Price, meat and dairy inspector who left this afternoon to enter government service at Chicago, has served for the past six years as both meat and milk inspector for the city, the new setup under state and city arrangements would enable the new meat inspector to devote his full time to that job and provide a new unit to take over the duties of the meat inspector.

PRESIDENT CALLS ALL FORCES OUT OF CHINA CITIES

By MERRIMAN SMITH
WASHINGTON, Nov. 14 (UP)—President Roosevelt announced today that the United States would withdraw its 970 marines now stationed in China and declared, in response to questions, that it was impossible to say whether war with Japan can be avoided.

Mr. Roosevelt told a press conference that the withdrawal of the marines, who are stationed at Shanghai, Peiping and Tientsin, would begin shortly.

Other authoritative sources said the recall would not actually begin until American citizens in Shanghai had been given a chance to return to their homeland.

Americans in the far east have been advised repeatedly to return to this country and it was understood arrangements are being made to provide ships for the removal of those in Shanghai who wish to leave before the marine withdrawal.

Makes No Connection
Mr. Roosevelt would not connect the marine removal order with the status of U. S.-Japanese relations and the impending "peace" talks among officials here and Saburo Kuroki, Japan's ambassador who arrived in San Francisco today.

Damages High in Temblor Striking Near Los Angeles

LOS ANGELES, Nov. 14 (UP)—Two of the heaviest earthquakes to strike the Los Angeles area in years today wrecked at least 100 small buildings, a huge oil storage tank, broke gas and water mains and damaged homes in the suburban Torrance-Gardena area.

"The whole business district is a shambles," said Chief of Police J. H. Stroth of Torrance.

People Mill In Street at 'Quake Scene'
By ALEX TROFF
TORRANCE, Calif., Nov. 14 (UP)—Hundreds of residents of this industrial city of 10,000 milled about the streets in palamas, bathrobes and slippers this morning after two severe earthquakes had rolled them out of bed.

Some were on the verge of hysteria, others, old-timers who saw the city wrecked by another quake almost a year ago, were calm. Some refused to return to their beds. Merchants surveyed their wrecked shops and paged among the rubble.

There was plenty of rubble. Store fronts were caved in and bricks littered the sidewalks and streets. Many parked automobiles had been crushed when store fronts fell into the street.

Torrance, an industrial community of oil refineries and steel mills, has a population of 9,000. Gardena, an agricultural center with a population of 5,000 people.

A gasoline storage tank broke and flooded Torrance. Pueblo, a hamlet of about 160 Mexican families. The fire department ordered the Columbia Steel company to shut off its furnaces because the area was saturated with gasoline.

LATIN AMERICANS TIGHTEN LINE AGAINST GERMANY

NAZI EXECUTION OF HOSTAGES IN FRANCE OPPOSED

By LAWRENCE S. HAAS

United Press Latin American Editor
Germany's wholesale execution of hostages in occupied territories has caused a wave of revolution in Latin America and it may have the effect of neutralizing much of the gain made by Germany through the widespread workings of its high-gear propaganda organizations in most western hemisphere countries. The Chilean government took the lead in South America in expressing grave disapproval of the executions, and, then, through its ambassador in Berlin, made diplomatic representations to Germany, which, although not classified as a protest, carried the weight of one.

Chile followed these representations by summoning heads of diplomatic missions of all the American republics accredited to Santiago, where they were handed copies of a note, inviting their governments to make a joint statement "which might lead to the moderation of war measures regarding the treatment of civilians, war prisoners and hostages."

The note said that the American nations "must invoke" rules of war made in peacetime, "and that such rules cannot be permitted to be regarded as obsolete . . . as reprisals taken in the form of execution of hostages is 'contrary to the elemental principles of justice and humanity.'"

"Total War" Denounced

The sacrifice of hostages, said the note, cannot be accepted "as an element of what some people call 'total war' as none of the American countries professes such a theory." Meanwhile, the Argentine government was making representation in Berlin similar to those undertaken by Chile; and the Uruguayan chamber of deputies proposed to the Pan-American union in Washington that the American nations make a united protest against the executions, while President Alfredo Baldomir, of Uruguay, cabled President Roosevelt congratulating him for his condemnation of the executions.

The governments of Bolivia, Cuba, Ecuador, Honduras, Mexico, Panama, Paraguay, Peru and El Salvador also went on record as approving Chile's stand.

Latin American reaction to the executions can be primarily attributed to the shooting of French prisoners, rather than the executions in the Balkans and Norway and the Low Countries.

French Influence Strong
For many generations France has represented the spiritual guide for Latin America, and French culture and ideals have occupied first place in this sense, even above the mother country, Spain.

Selection of groups of French prisoners and their annihilation by Nazi firing squads are regarded by Latin Americans as major atrocities, and in this sense Germany finds itself occupying much the same position as it did in 1914, when atrocity stories from Belgium and Norway began to reach the New World. This time, however, the executions are uncontroverted fact, while in the World War there was always considerable doubt as to the veracity of the atrocity tales.

A large percentage of the executed French hostages were Communists and Socialists. Chile has the only Popular Front government and that fact may explain the government's promptness in protesting.

Chile has tried consistently to maintain friendly official relations with Germany. There is a large German colony in southern Chile and for many years its members have contributed to the country's prosperity and progress.

Relations More Strained
However, recently initiated judicial investigations, which are still in progress, were based on alleged evidence of Nazi subversive plotting in that and other regions of the country. There has been some deterioration recently in Chilean-German relations despite the tremendous German donation of the sailing vessel *Prinowal* (later renamed the *Leizor*), a training ship, and its acceptance by the government.

The government of Uruguay, one of the most democratic nations of the Americas, has shown a consistently anti-Axis tendency since the war started, and the move in regard to the executions, which have been made in Montevideo, caused no surprise.

The promptness with which Argentina acted in making known its views may be taken precisely at its value in reflecting the viewpoint of the people in the face of German reprisal methods. It may not necessarily result in definite steps leading to a worsening of Argentine relations with Germany. However, it will surely provide aid and comfort to the German Ambassador, Baron Edmund von Thiermann, who has been censured by the Chamber of Deputies for abusing his diplomatic privileges by engaging in unambiguously propaganda activities.

Here's How Farm Folk Stuff Own Mattresses

Throughout Magic Valley you'll find these scenes being duplicated as the cotton mattress program swings into high gear in most counties. In Twin Falls county the Murtaugh and Hollister units were first to get underway in the cooperative federal-state project. Above, view at the Murtaugh workshop as cotton is picked apart and laid on a table to be made into "batts," which are subsequently inserted into mattress covers. Left to right, Mrs. Frank Egbert, Elva Blackburn, Frank Egbert and Mrs. Melvin Walker, supervisor.

And here you see a mattress with several batts already laid together, the cover pinned on and the whole being beaten with long sticks to give it the necessary fluffiness. The beating process, say the farm families who are participating, is "plenty of exercise." Left to right, Mrs. William Adamson, Mrs. Claude Lee, Mrs. Ezra Shaw and Mrs. Melvin Walker.

OPM IMPOUNDS ALL MAGNESIUM
WASHINGTON, Nov. 14 (AP)—The office of production management today impounded all stocks of magnesium and ordered that the metal

be allocated only for use in such defense products as airplanes and incendiary bombs. Magnesium has been under priority control since March 24, but this order permitted some to be used for non-defense purposes. Under the new order, effective immediately, it will be used only to fill defense orders with ratings of A-1-J or higher.

The order provides for the freezing of stocks in "whatever form or

by whom held." Supplies will be allocated on a monthly basis by the OPM.

Priorities Director Donald M. Nelson said that magnesium scrap, finished and semi-finished products and discarded products, "must be located and acquired for defense purposes."

HERE'S A WAR

...YOU SHOULD KNOW ABOUT

Golden West Coffee

THE *flavor* COFFEE OF THE GOLDEN WEST!

It isn't an out-and-out rebellion—it's just one of those periodic kitchen "disagreements"! You think your coffee-maker is to blame for not producing delicious coffee day after day—and your ex-favorite coffee-maker KNOWS that is the coffee you've been using!

Golden West Coffee is a prime favorite in the kitchens of the West—because the moment it is entrusted with the coffee problem, these kitchen "engagements" vanish like magic, and your coffee-maker becomes a friend again.

Steadfast uniform quality is the basic ingredient, and Golden West Coffee has it—for: "To get an exceptionally delicious coffee into the cup—you must put an exceptionally flavorful coffee into the maker." As close as your grocery store you'll find Golden West Coffee—in either Regular or Silax Grind.

Episcopal Reception Honors Vicar, Wife

Rev. and Mrs. E. Leslie Rols were welcomed at an informal reception last evening at the home of Mrs. C. Russell Weaver, 1435 Eleventh avenue east. Rev. Rols is the new vicar of the Ascension Episcopal church. He and Mrs. Rols recently came here from Rupert.

Members and friends of the church, including the members of the Twin Falls Ministerial association and their wives, attended the event, being greeted at the door by little Miss Margaret Weaver.

Receives Guests

Receiving the guests were Rev. and Mrs. Rols, Mrs. Weaver and the presidents of the three church guilds, Mrs. John Hayes, Altar guild; Mrs. John Yarle, Evening guild; and Mrs. A. L. Norlon, Afternoon guild.

Mrs. C. J. Hahn and Mrs. E. B. Williams presided at the services the first hour, and Mrs. Elizabeth Smith and Mrs. C. J. Siler the second hour.

Pink chrysanthemums in a silver bowl, between silver candelabra supporting pink lamps, centered the lace-covered table. Bronze chrysanthemums decorated the home.

Assisting in the dining room were Mrs. Howard Fisher, Mrs. E. H. Gyer, Mrs. Jack Frost, Mrs. Guy Roman, Mrs. Tom Hickey, Mrs. E. Ostrander and Mrs. B. Frank Magel. Members of the committee on arrangements were Mrs. Yarle, Mrs. Frank Hilly, Mrs. Ryman, Mrs. Margaret, Mrs. Ostrander, Mrs. J. Ted Davis, Mrs. Hayes, Mrs. E. Deiss and Mrs. Frost.

Club Discusses South America

FILER, Nov. 14 (Special)—Mrs. C. D. Clyde, Twin Falls, gave an interesting talk on South America Wednesday at a luncheon meeting of the Filer Woman's club, held in the Methodist church. Mrs. Clyde took for her topic "Our Southern Exposure."

Mrs. Philip Cory, with Mrs. E. A. Bern at the piano, sang "In a Lullaby" and "A Modern Lullaby." The club members had been discussing the club members of the birth-day club with luncheon and an informal social afternoon Saturday at her home.

As a further courtesy to the honoree, whose first name is Rose, a rose cake was served. The table decorations. Rose place cards indicated the honoree's name at a long U-shaped table. Table decorations were pumpkins filled with fall fruits, a horn of plenty, cornucopia and orange tapers in low holders. In charge of the luncheon were Mrs. T. S. Nicholson, Mrs. Earl O. Walter and Mrs. Edgar T. Vincent. Mrs. G. W. Anthony was in charge of the program.

Philo Bartlett's Will Mark Their 60th Anniversary

BUHL, Nov. 14 (Special)—Rev. and Mrs. Philo E. Bartlett, residents of Buhl since 1905, will celebrate their 60th wedding anniversary, Sunday, Nov. 16 with open house in the afternoon and evening at their home, 326 Eleventh avenue north.

Miss Charlotte Elizabeth Southwell and Philo E. Bartlett were married in Odell, Ia., Nov. 16, 1881. Four children were born to them during their residence in Sac county.

Minister Since '03

In 1903 Rev. Bartlett entered the Methodist conference in Iowa, accepting a supply pastorate at Arthur. He received his first appointment at Turin and later took a charge at Pearson, Ia.

In 1905 Rev. Bartlett and his son, Edwin, came to the Twin Falls area. He and his son, Edwin, were located one-half and one and one-half miles north of the Buhl-Bear Service station on highway No. 30.

The family moved to Buhl in 1908 when their son, Edwin, was surveyed and laid out and the branch line from Minidoka was being built, necessitating hauling all supplies from Twin Falls. From that time meant pioneering. The most memorable inconvenience was having to haul all their water from Mud creek.

Through the years the Bartletts gave generously of their time and talent to the community. Rev. Bartlett preached the first Protestant service in Buhl. He opened up a school in charge of the community, supplied church services in school houses wherever and whenever needed for many years.

Mrs. Bartlett's early years here were those of a pioneer mother. Young and old enjoyed her generous hospitality. In 1911 she organized the Home Culture club, later serving as its president; this year holding the office of secretary. For many years, "Mother Bartlett" was active in relief work handling the relief supplies donated by the Red Cross in conjunction with the war.

Her three daughters, Mrs. Elva Mason and Mrs. C. O. Smithson, and one son, Dr. Edwin Bartlett, and wife, San Francisco; and two grandchildren, Miss Muriel Smithson, Buhl, and Charles Smithson Richardson, Twin Falls, will be present Sunday to share the joys of their 60th anniversary with them.

Among Relatives The seven grandchildren and two great grandchildren who are unable to attend are Edwin H. Bartlett and two-year-old daughter, Anna-Maria, San Francisco; Thomas Mason and five-month-old son, Larry; Mrs. Anna Mason, Stockton, Los Angeles; Hubert, Hunt and John Smithson, Wooster, O.; Miss Helen Bartlett, a junior at Stanford university, and Robert Bartlett, a sophomore at Pomona college.

Dr. Edwin Bartlett, who is a prominent physician and surgeon of San Francisco and a member of the University of California Medical school staff, arrived with his wife Friday, for the occasion. Mrs. Charles H. Wooster, O., arrived last Thursday to remain for a longer stay. Mr. and Mrs. Thomas Mason and son, Larry, visited the Bartletts and family three weeks ago.

Rex Anderson and Norma Lish Marry

DEULO, Nov. 14 (Special)—Rex Anderson, Deulo, and Miss Norma Lish, American Falls, were quietly married Sunday at the home of the bridegroom's parents, Mr. and Mrs. Andy Anderson, Deulo.

The ceremony was performed by Bishop Winfield Hurst in the presence of members of the immediate family and a few close friends. Mr. Anderson is a graduate of Deulo high school and is employed by Jack Simpson.

The bride is the daughter of Mr. and Mrs. Riley Lish, Deulo. She is a graduate of Deulo high school and was graduated with the class of 1941 from the Allston State Normal school. She is teaching near American Falls, and will continue her school work until the close of the school year, when they will reside in Deulo.

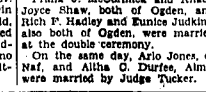

The young couple was honored at a wedding dance and shower given by the parents of the bride and bridegroom. The dance was held in the Deulo recreational hall. The gifts were displayed on long tables at the end of the hall. Refreshments were served; 200 guests were present.

Utah Couples Wed At Double Nuptial

BURLEY, Nov. 14 (Special)—Two Utah couples were united in marriage here Nov. 6 at a double wedding performed by Probate Judge Henry W. Tucker.

Frank J. McCormick and Rhonda Joyce Shaw, both of Ogden, and Rich F. Hadley and Eunice Judkins, also both of Ogden, were married at the double ceremony.

On the same day, Arlo Jones, of Naf, and Altha O. Durfee, Almo, were married by Judge Tucker.

Sgt. Pool, Wife First to Marry In Army Chapel

Sgt. John D. Pool, son of Mrs. Bertha Pool, Twin Falls, and Miss Laura Mae Caldwell, Caldwell, daughter of Mr. and Mrs. B. Colant, Carson, Wash., were the first couple to be married in the new Argonne chapel at Fort Francis E. Warren, Wyo., according to word received here.

They were married in a military ceremony, performed by Lt. Leut. Orville E. Stiles, Boise, chaplain of the 13rd field artillery.

Attendees were Mrs. Jack Sparks and Corp. G. A. Duncan, both of Caldwell; Sgt. Bill Rhodanough of Caldwell's regimental band, provided appropriate music on the chapel electric organ.

Sgt. Pool went to Wyoming with the Idaho national guard regiment last April.

He is a graduate of Twin Falls high school and was employed at a Caldwell department store before his induction into the service last spring. He previously served with the 18th engineers at Twin Falls.

The bride has been a beauty operator at the home of Mrs. G. E. Pool will make their home in Cheyenne.

Best Game Is Slated for Evanston, Ill.

By JACK QUENTHER
NEW YORK, Nov. 14 (UP)—A college football game between Evanston, Ill., and New Year's day bids get another chance to bolster their claims tomorrow in a banner program expected to settle the Big Six title, clarify the bowl line-up, and eliminate at least two more contenders for the mythical national crown.

"The top game of the day pits undefeated Notre Dame against Northwestern at Evanston, Ill., at 1:30 p. m. The game is the most complete in other contests which are almost as important. While Duke, Minnesota, Texas and Texas A. & M. will be liberally favored against underdog opponents, many another game appears headed towards rough waters.

Wildcats Favored
Although beaten twice, Northwestern is held a choice over the Irish boys to date have turned in the best season experienced by a Notre Dame team since the day of Knute Rockne. The condition of the gridiron may play an important part in this battle since the Irish offense is built on Angelo Bertelli, a passer who can't work best in mud.

Second hand-up midwestern embroglio is scheduled at Columbia, Mo., where Missouri and Oklahoma—each once beaten but not within the conference—fight for the right to the Big Six championship and the bowl invitation that has accompanied this title for the past three seasons. Missouri is a half-line favorite.

Another game which will heavily influence selection of the bowl team is that which matches Duke and Mississippi State, both undefeated. In Pittsburgh, each of these teams has been invited to the Orange Bowl twice before and the winner is certain to draw plenty of attention this season.

In other top-line battles, Texas A. & M. collides with Rice while the Texas Longhorns engage Texas Christian, Alabama meets Georgia Tech, North Carolina faces Duke, Stanford tackles Washington State and Oregon State meets California in the best attractions in the nation conferences and sections of the country.

Schmidt Banks on Great Array of Freshmen Grid Talent to Help Build Vandals in '42

By DOB LEIGHTON
UNIVERSITY OF IDAHO, Nov. 14 (Special)—"Next year" has long been the rationalization of Idaho students in regard to the Vandal football team of the past. They have been away from the gridiron since the university's defeat, but hopeful of years to come.

This year is no exception, as the Vandal yearlings just completed their first undefeated season in many moons and the freshman line-up is studied with stars of the future—especially in the backfield, the team's weak spot on Idaho grid machines.

Heading the list of outstanding first year men who are expected to carry a heavy load is the Idaho backfield team. Coach Schmidt's razzle-dazzle system next year is Dell Owens, the backfield man since the "golden days" of Skippy Silvers and Bob Fluke.

Owens, a former Lewiston high school athlete, has caught the eye of Francis Schmidt for his remarkable punting and hard running. Owens kicked six times out of bounds within the 10-yard line against the Washington State freshmen and got off long booms of 72 and 66 yards. An accurate passer, Owens will probably be shifted to quarterback next spring to work into a series of passing plays that Schmidt has been unable to use this year because of lack of material in the "back back" spot, as the former Ohio State member calls the position.

Chuck Thomas, former Twin Falls high school star, is expected to carry a heavy load in the Idaho backfield next year. Thomas is fast and showed a hard running style in his yearling season. Freshman Coach J. A.

"Babe" Brown called Thomas "the smartest man on the freshman squad."

Chuck Plasting, son of Felix Plasting, former Idaho grid "great," and Howie Manson, sophomore passer, this year are being groomed to handle the bulk of a fancy aerial attack against Pacific Coast conference foes next year. Plasting, former Jerome ace, was injured this fall and didn't see much action. His passing in practice sessions was lauded by the entire Vandal coaching staff.

Outstanding on defense and in blocking for the undefeated freshmen this year was Lyle Kirby, a pupil of Coach Brown when he was still senior at Moscow high school. Kirby weighs 180 pounds and is remarkably fast for his size. Other backfield men who are listed as early prospects are Larry Gwartney, senior; Lyle Kirby, sophomore; and Bob Williams, Lewiston.

Destined to become a future star under the flashy Schmidt style is Johnny Evans, speedy end from American Falls. Evans came to Moscow with intention of concentrating on basketball, but Coach Schmidt has talked him out of the basketball notion. Adept at pass catching and fast, Evans will fit nicely into Schmidt's wide-open play, which features passes, end arounds, and tricky reverses. Evans weighs only 185 pounds but defensively the end "flashes" in Schmidt's system and doesn't crash through as he does under Ted Bank's modified Minnesota system.

Harold Bakston, Hudson Falls, N. Y., 205 pounds; Fred Johnson, Meba, 207; Wendell Hinchcliff, Athol, 223 pounds; Jerry Ede, Moscow, 222; and Merton Van Fredenburg, Post Falls, 241 pounds, all will be able to tackle replacements next fall. Bakston is ranked by Coach Brown as "better than any varsity tackle this year."

Hinchcliff had never played football before coming to Idaho this fall but has developed rapidly and was one of the fastest linemen on the squad, despite his weight.

Art Langlois, Hudson Falls, N. Y., and Milford Moses, Boise, who played all year with a broken hand, will strengthen the guard spots next fall. Moses weighs 222 pounds and Langlois weighs 220 mark.

Two centers, Harold Seeds, Burley, and Jim Swarbrick, Shelley—shared pivot post honors this fall and will amply replace Tony Aschenbrenner, varsity center who will graduate this spring. Swarbrick, 195 pounds, may be shifted to halfback to utilize his height for pass defense. Swarbrick played fullback in high school and is a shifty runner.

All in all, Vandal fans have a right to point to the freshman team and say, "Wait 'til next year."

field star, is barnstorming with his own professional football outfit and reportedly making more than he did when affiliated with the Brooklyn Dodgers of the National league.

The pot of gold at the end of the professional soccer rainbow will pass \$100,000 this season, more in the history of the game. It ran around \$85,000 last year.

Neither Tom Yawkey nor Manager Joe Cronin of the Boston Red Sox will take much about changes on their baseball team for the 1942 season but it's common gossip that there will be several new faces on the Sox team next season. Cronin may retire, and if he does, the man to fill his shoes will be Johnny Pesky, named by the Sporting News as the most valuable player in the American association for 1941. Pesky, only 21 years old, won out in a close race, garnering 40 out of a possible 64 points. He hit .325 and collected 105 hits. Boston purchased his release outright from Louisville.

Emil Bilgili, former pitcher for the St. Louis Browns, has retired to become a first-class fireman at Muncie, Ind. Bilgili was with Toledo of the American association for a part of last season and was called up by the Browns to finish out the 1941 campaign.

The 33rd annual yearly ICAA cross-country championships will be held in New York City on Nov. 17. Rhode Island State will defend the varsity team championship. The Rams won their first title last fall since the war was introduced in 1908. Les MacMillan, N. Y. U. distance star, will make an attempt to take the individual championship for the third time in a row.

End Nears in Tight Big Seven Race

SALT LAKE CITY, Nov. 14 (UP)—Big Seven conference teams were ready today for their next to the last sprint for the conference crown as sports writers argued the merits and demerits of a new system of ranking teams for this season.

Jack Carberry of Denver suggested that teams count the games as half won and half lost, a system which would probably favor the conference winner. However, his system appeared to be limited to his own school's willings and probably not have a great deal to do with the standings since Big Seven conference leaders had already selected the system for this season.

University of Utah Redskins and Colorado State—the two top scoring teams in the conference—were scheduled at Fort Collins, Colo., today. The Utah team must win the game if it is to remain in the running for the conference crown.

Throughout the season, the Utahs gathered 112 points and rank 1,000 in percentage standing in the conference.

Utah State and Wyoming universities—the two lowest teams in conference standings—were scheduled to meet at Laramie, Wyo. Neither team has won a game in the conference since the season started. Wyoming is in the Big Seven cellar and Utah State is just two or three steps above the bottom.

Brigham Young university was scheduled to take its chances in remaining in the 1941 race by meeting Colorado university, Coach Eddie Kimball of BYU said his backfield was functioning better than it had throughout the season. He said, however, a few big players had grown "too confident" of victory in the crown race.

Guest of Rotary
RUPERT, Nov. 14 (Special)—Forty-two football boys of the Rupert high school, with their coach, Gerald Dellinger, and the high school principal, Ray D. Armstrong, were noon luncheon guests of the Rotary club at the Hotel Idaho in downtown hotel Wednesday. Other luncheon guests were Rev. E. Leslie Rola, former pastor of Trinity Episcopal church of Rupert, now pastor of the Church of the Ascension in Twin Falls; and Hill Nitschke of the present time, who is a guest of Harry Colwell. Entertainment was provided by group singing with Mrs. Edna Biscuit at the piano, and talks by Mr. Dellinger and Dr. F. H. Kenney.

While we haven't contacted Twin Falls high school officials on the present time, we would very much like the Bruin boxes would be interested in a post-season game with the Hurley Bobcats, champions of the Big Seven—as suggested by Post Shola.

Not that the local boys have a superiority complex or any such ailment—but for the main and simple fact that the Twin Falls school has been running up the record with three conference games in the newly formed Big Six before the Christmas holidays.

That leaves only a little over a month with which to get in shape and Coach Dodge Cranney is anxious to get started.

Inasmuch as most of the basketball stars are also members of the football squad, there would be a big dent made in the advancement of the cage club if football practice were continued.

However, Burley and Twin Falls high schools had post-season grid games contracted for a few "axe back-games" there were called off by mutual consent at Burley's request.

The Bruins also had post-season play slated with Jerome Tigers from the same loop and these were also called off after one game by mutual consent at Jerome's request.

So it's doubtful that any other such contracts will be entered into by Twin Falls high school officials.

This little reminder:
To all coaches of south central Idaho who haven't yet sent in their all-star selections—please do so immediately. Announcement of the various all-star grid teams will be made in the immediate future.

Remember: You are helping honor some of your own players by participating in the ballot.

Looking over the Albion Normal roster that has been released for the Thanksgiving game at Burley, it's interesting to note that slotted through the line-up are seven of the south central Idaho high school stars who have been coping the headlines in grid play for several years.

ALL CREDIT DUE JIMMY O'BRIEN FOR SECOND CHAMPIONSHIP IN ROW AT POCATELLO—DOUBTS EXPRESSED ON BRUIN-BOBCAT GAME

The Southern Idaho Big Six conference championship is all wrapped and tucked away by the Pocatello Indians for the second consecutive year.

Such a feat is exceptionally hard to turn and we doubt that any one club ever before has won the league bunting two years hand-running in one of the toughest high school conferences in the nation.

Which brings us around to the type of football that Coach Jimmy O'Brien teaches.

We are of the opinion that O'Brien is the best offensive mentor in the state of Idaho. There's plenty of proof that in the scores his team has been running up the past couple of years.

But there's something else in the O'Brien style of coaching that leaves many another football boss shuddering.

It's out and gambling.

We watched Jimmy's teams in action now and then for 10 years—and we've never yet seen one that couldn't score. True, there were many of them that didn't have much in the way of defense—but they could nearly always score.

While other successful coaches like Hank Powers of Twin Falls, Darwin Burgher of Boise and Harold White of Nampa (the former pair, especially) teach strictly "percentage" football, O'Brien, like many of the big time college coaches, appears willing to spot you six points—with the chances he'll get back seven on the same set-up again.

That may not sound like good football—but you'll have to admit that it has paid dividends at the Pocatello institution since Jimmy took over the reins there.

Title at Stake In New York Fight Tonight

NEW YORK, Nov. 14 (UP)—The world's undisputed light heavyweight championship is "nearly an incidental tonight" as veteran Gus Lesnevich and young Tami Maurioli tangle for the second time at Madison Square Garden.

Each craves an impressive victory so he can graduate shortly into the golden heavyweight division with proper fanfare. Champion Lesnevich of Clifside, N. C., cares nothing about losing the 175-pound crown, nor does the 24-year-old Bronx Italian agog over winning it, as he is favored at 7-5 to achieve.

But each will go all out tonight for a triumph that will boost him into the heavyweight league because (1) there's much more money among the heavies, and (2) Lesnevich is ready to have trouble paring down to the 175-pound limit.

Weather Prediction Helps VSC in Stanford Battle

By JIM SULLIVAN
SAN FRANCISCO, Nov. 14 (UP)—If it comes up rain at Palo Alto today—and the weathermen say it's likely—Stanford University's basketball team is in for a lot of trouble against the multi-win Washington State Cougars.

In fact, a heavy rain might change the present prevailing odds of 3 to 1 on Stanford to even money.

Stanford's 7-foot-10-inch, smartest thing in football these last two years, has had two mud workouts this year. Last time the mud was thick and gooey, and Stanford lost to Oregon State for its first defeat in two years. The second time the field was more slushy than muddy and the T-bows ran away from Santa Clara.

A defeat for Stanford tomorrow would blow open the Pacific Coast conference race and make Oregon State and Washington title hungry again. Both northwest teams still have sliver hopes of a tie for the crown.

Oregon State knows all about rain as the Beavers aren't wily about the prospects for precipitation in Berkeley tomorrow when they meet California. The Beavers have an in-and-out aggregation, but even at their best they don't seem to match what Lon Britter can produce.

Here's Record Menu for One Griddier on New Mexico Team

By PAUL SCHEFFELS
NEW YORK, Nov. 15 (UP)—Press-box patter:

Talk about your well-fed football teams—meet the University of New Mexico eleven. Coach Ted Shipley feeds his men a pound of lean meat before practice. They also get four quarts of milk, 22 ounces of butter, one and three-fourths ounces of orange juice, 50 ounces of raw cabbage, 29 ounces of raw green beans, four yeast tablets and 500 grams of carrots. But—they don't sit down at any training table for all this. The above vitamin-filled menu is all contained in one mill-sized tablet the coach gives his players.

E. G. Schroeder, director of athletics at the University of Iowa, has been appointed one of six members of the wrestling committee for the 1942 United-Pan American games. He has been notified that the committee would hold its first meeting here Nov. 18 to formulate tentative plans for the participation of wrestlers in the games. The Iowa director and the other five men will represent the National Collegiate Athletic association on the group. Others are R. G. Clapp, Nebraska; John Rockwell, Cambridge, Mass.; P. H. Quinlan, North Carolina; Henry Stone, California, and John Maxwell, Lehigh.

Tackle Ben Aganjan of the University of New Mexico is the best placekicker in the Border conference which doesn't come under the heading of news but what is peculiar is that his feet aren't made anymore. He wears a size 7 shoe on his right, kicking, foot, a size 10 on his left foot. "Aggy" lost all of the toes on his right foot this spring in an elevator accident, but Coach Ted Shipley had shoemakers construct a special football shoe with a flat toe compressed with several layers of hard leather.

It hasn't been proved yet but they say that: Distance runner Earl Grey Rice takes a five-mile jaunt through Central Park in the dark every night after his day's toil is finished.

HANSEN

Mr. and Mrs. L. J. Prior and their son and daughter-in-law, Mr. and Mrs. Arthur Prior, returned Saturday from a week's stay at the Magic hot springs, south of Twin Falls.

The Sunday afternoon meeting, which will act as a prelude to the four-night evangelistic campaign being conducted by the churches of Kimberly, Hansen and Murtaugh, was held at the Hansen Community church, with Rev. S. D. Trefren and Rev. J. H. Coulter in charge of the school of instruction. Meetings will be held each evening continuing through Thursday, to partake of a dinner, during which further instructions will be given before the workers move out into the field of service.

Mr. and Mrs. Everett Johnson were week-end guests of Mrs. Johnson's father, Robert McCullum, of Seattle, who has been in the city since the past several weeks in Hansen, since being released from the U. S. army because of being over the 35-year age limit, left Saturday, planning to go to Nebraska for the corn harvest. He has been in the trunk farm since coming to Hansen for the apud and beet harvest.

Word has been received by relatives here that the late Herbert Hughes, son of Mrs. Stella Hughes, Hansen, who recently left Hansen for Oakland to spend the winter in the United States for foreign ports, in service with the United States army, 21st parent squadron, has been located in the San Francisco field, Calif., since joining up some months ago.

Mrs. H. T. Hansen, returned from a two weeks trip to Springfield, Mo., and New Orleans, La.

Miss Mary Geneva Williams, daughter of Mr. and Mrs. Lon Williams and Sterling Lane, Boise, were united in marriage Sunday evening by Rev. S. E. Smith of the Community church. The bride is a graduate of Camas high school and has been employed in Boise. Mr. Lane is in a branch of the army service.

Victor Lemon and Lucia Wilson, Boise, were issued a marriage license from the court house.

Mr. and Mrs. Glair Pond are the parents of a daughter, born Nov. 1.

RUSSELL LANE

Mrs. Ella Conant was hostess for her contract bridge club the last of the week, the members bringing their husbands. Mrs. Conant entertained them at a 7 o'clock dinner after which bridge was played. Prizes going to Mrs. Patterson, Mrs. Montgomery, P. A. Teater and Arch Miller.

Mrs. Charles Gambrell is convalescing at her home after a week at the Twin Falls county hospital where she received medical care.

Mrs. Everett Utz, assisted by Mrs. Barnett, Mrs. Ben Parrott and Mrs. Earl Parrott, was hostess Wednesday to the Russell Lane Harmony club. Thirty-seven members were present. Mrs. James White were presented with a handkerchief shower. Mrs. White is leaving soon for Iowa to make her home.

Mrs. Cora Woodward and Mrs. Cora Woodward to Boise. It was decided to help with the hot school lunches if necessary. Mrs. Oliver Phillips won the white elephant. Refreshments were served.

Mrs. and Mrs. L. A. Gambrell, California, accompanied by Mrs. Earl Parrott, returned home Tuesday from Logan, Utah, where they visited several days with Mr. and Mrs. Brimley's daughter, Irene, who is attending U. S. A. C.

Paul Legionnaires Install New Staff

PAUL, Nov. 14 (Special)—With O. Paul district commander serving as installing officer, Paul post American Legion installed officers last week.

Wheeler McCall was installed as commander, Roy Larus as vice-commander, U. U. Locander, adjutant and finance officer, Keith Merrell, chaplain, and Fay Conn, sergeant-at-arms.

Following the installation Legion officers and auxiliary met together for a social evening and oyster supper. Auxiliary officers were installed in September in joint meeting with Representatives.

MURTAUGH

Mrs. O. W. Johnson, president of W.A.C.B. of the Murtaugh community church, announces that due to Thanksgiving being on the date of the next regular meeting of the society, the meeting will be postponed two weeks. The meeting will be held at the church on the 22nd, and will be election of officers.

Miss Grace Brennan spoke to the girls of the junior and senior high Wednesday in a special girls assembly. At the same time John Dwyer gave the boys a report on his recent trip to Kansas City with the Kimberly F.P.A. team. The special assembly was followed by the second session on home nursing and care of the sick was conducted by Miss Brennan. Three new members joined the class.

Dean Earl, son of Mr. and Mrs. Claude Earl, left Wednesday for Los Angeles where he will be employed in the Lockheed Aircraft corporation plant.

Mr. and Mrs. LeRoy Lee entertained at an oyster supper at their home Tuesday evening. The evening was spent in playing contract games and prizes went to Mrs. Ivan Moyes and James Olawson.

Mr. and Mrs. John Stansley and children went to Boise Wednesday to visit Joseph Stansley, Jr., who is in the hospital there. He is recovering from an operation and at this time his condition is reported to be satisfactory.

JAPANESE LEADERS PROPOSE HUGE MILITARY APPROPRIATION

NIPPON EXPANDS NUMBER OPEN TO DRAFT BY ARMY

By ROBERT BELLAIRE

TOKYO, Nov. 14 (UP)—The government today proposed an extraordinary military appropriation of about \$874,000,000 and announced a big expansion in the number of men eligible for conscription into the armed forces.

The intensified war preparations came at a time when Japanese spokesmen said the nation must prepare for violent action because "front clash" between the United States and Germany now seems inevitable and Japan must "safeguard the Pacific."

Revises Regulations

In this situation, the government announced the regulations governing conscription for the army had been revised to expand greatly the number of eligible conscripts.

Estimates of the total strength of the Japanese army and reserves at present have been as high as 2,600,000 men.

The government of Korea said also the number of Koreans volunteering for service with the Japanese army next year would total 250,000.

Tension Increases

Tension over opening of the parliamentary meeting was increased by revision of the American neutrality act which was regarded by observers here as "seriously affecting Japan."

Joint Anglo-American two ocean naval operations were foreseen here and it was said that in view of Japan's mission to "safeguard the Pacific" she must watch developments most vigilantly.

There is a strong possibility, Japanese observers believed, that Britain will now shift whatever reserve warships she has available into the Pacific.

These observers said "a frontal clash between Germany and the United States is now inevitable."

British Merchant Seamen Will Get Exposure Suits

LONDON, Nov. 14 (UP)—Exposure suits for 100,000 merchant seamen will be ready for issue in a few weeks.

Designed by ministry of shipping experts, they will protect men on rafts or in open boats from cold winds and rough weather.

The suits are rubberized material, and are made in two pieces, with a zip fastener, a built-on hood and water feet. They are so made that one limb at a time can be exposed for massage.

Automotive Hint

Badly worn automobile engine cylinders, pistons, or rings, should be reground or replaced. It is much cheaper to do this than constantly to replace the oil burned as a result of this condition.

USO PUSHES AHEAD IN PROGRAM, DEWEY SAYS

Throughout the United States there will be 240 USO buildings ready for use by Christmas, Mrs. H. W. Clouche, Twin Falls county USO chairman, was informed here today in a letter received from Thomas F. Dewey, national campaign chairman.

Dewey, in the letter, pointed out that "financially, we are ahead of our original goal, but behind the needs of present budgets." He continued:

Dewey's Report
"We set out to raise \$10,760,000. We will total \$10,000,000 shortly. After local charities for direct needs, the citizens committee share for entertainment and campaign expenses, the USO will have net \$13,400,000 for operations. Because of the great army expansion we now need even more than this but we can all be proud that we so far exceeded the original quota and that we will be able to do much more than was originally expected for the army help."

The operation program, as you doubtless know, was delayed for three months by failure of the government agencies to progress rapidly enough with the building program.

"This has now been solved by transfer of the job to the army and 107 building contracts have now been actually let. We have been assured by the army that 240 USO buildings will be ready by Dec. 25."

Busy Program
"Meanwhile, the USO has not been resting on its laurels. Throughout the country, and in the Canal zone, Hawaii, Alaska, Newfoundland and the West Indies, we have 293 units in operation, with 181 as actual clubs for the men in service. More than 600 workers are now on the job, in rented quarters outside the camps, and on 24-hour duty with troops on maneuvers. In all this we hope you will find satisfaction."

Leaders here today recalled that the USO campaign in Twin Falls county was entirely successful. Anticipated drive for funds to carry on the program will probably be needed as the army expands.

POLICE DEFENSE MEET SET HERE

A civilian defense training course for police officers will be held here by the FBI from Jan. 12 to 17, it had been announced today.

Twin Falls is one of 260 cities in the United States where these special schools are scheduled for officers for subordinate officers who will be in direct charge of civilian defense work, will be followed up on schools for police chiefs and other police executives now underway throughout the nation.

WINDY

Paul Taber has officially received the title of "Windy" at Twin Falls high school. During a boys' club meeting yesterday afternoon, several of those students considered among the most "windy" were given balloons to blow up—Taber popped his first, and thus was the winner of the title.

Bill Robinson conducted a "Don't Get Personal" program, during which boys were selected from the audience, asked to answer questions without the use of any personal pronoun — If they succeeded (and chances were slim) they were given sick candy. Another questionnaire was conducted with balloons; when a boy failed to answer his question, the balloon before him was popped.

Following reading of the financial report by Ted Becker, treasurer of the club, Howard Allen made announcements concerning the Red Cross roll, which began at the high school today, and a boys quartet sang "Sing a Song of Cakes" and "When I Grow Too Old to Dream." Members of the quartet were Carlton McMullin, Glenn Terry, Bill Reynolds, Clarence Dudley, Mary Jane Shaver accompanied.

Otto Florence, president, conducted the business meeting, during which projects to be undertaken by the club were discussed.

FFA SWINE CLUB ORGANIZED HERE

Yale B. Holland, vocational agriculture instructor at the local high school and FFA club adviser, today had announced formation of a Durco Swine association in Twin Falls.

Twelve FFA members banded together to form the new organization and initial purchase was of a registered Duroc boar. The boys organizing the association will feed cooperatively and will stand to profit once the boar is made available for service.

Members of the new unit are Leroy Magoffin, Gilbert Fields, Franklin McMullin, Everett Ward, Vernon Smith, Howard Bean, John Bertie, Yarn Bollinger, Bruce McMullin, Don Dean, Junion Hansen and Ernest Rathbun.

Fields is president of the group with McMullin as secretary-treasurer.

Jenkins Selected To Handle Estate

Petition asking appointment of Glen O. Jenkins, Twin Falls, as administrator of the estate of the late Mrs. Ellen Carlson Murphy, Bill water, Okla., has been filed in probate court on behalf of Wyche B. Murphy, surviving husband.

Mrs. Murphy died Sept. 24, leaving community interest in an 80-acre farm in this county as well as a portion of lot 19, block 1, Twin Falls.

Her will gives \$100 each to three sons and one daughter, and bequeaths the bulk of the estate to the husband.

Frank L. Stepien is counsel for the petitioner.

Band Clinic Will Plan Music Event

With about 75 students from south central Idaho high schools scheduled to be on hand, a preview "band clinic" will be held in Twin Falls Saturday to arrange plans for the district music festival.

The festival is to be at Rupert April 24-25, 1942.

Bert Christianson, Twin Falls high school band director who is chairman of the clinic, said directors will scan the festival selections and a "clinic band" will be formed to play the numbers as a preview.

The gathering will open at 9:30 a. m.

TWO MEN KILLED IN COASTAL GALE

SEATTLE, Wash., Nov. 14 (UP)—Two men were dead today, victims of a gale that swept western Washington last night accompanied by heavy rains.

John H. Miller, of Wapato, and J. W. Miller, 35, of Yakima, died when a tree toppled across the cab of their truck as it crossed Snoqualmie pass. The truck burst into flames.

A 20-minute gale disrupted power and telephone service in the Tacoma area and caused the police radio and one commercial broadcasting station to go off the air. Trees were uprooted and numerous chimneys first broke out.

The wind reached a velocity of 57 miles an hour earlier in the day along the Oregon coast.

The weather bureau said the rains extended into western Montana.

TERRY SELECTED AS KIWANIS HEAD

Succeeding John Kinney who has served for the past year, U. N. Terry today had been elected president of the Twin Falls Kiwanis club.

The election was one of the highlights of the regular weekly session held at the Park hotel yesterday afternoon. Terry, an insurance agent, takes over his new duties immediately.

Other officers elected at yesterday's session included R. J. Schwendman, vice-president; Cecil Jones, treasurer; and Clarence Allen, Frank Cook, Rev. Mark C. Greenberger, Claude Deweller, Ray J. Holmes, Fred Meach and W. W. Thomas, all members of the board of directors.

New members of the club, introduced during the session, were Curtis Eaton, Dale Wakem and W. Rosvall.

Speaking briefly during the session, and asking aid in the present Red Cross roll call, was Tom Alworth, county Red Cross chairman. The club endorsed the roll call.

Students of the high school, under the direction of Gerald Wallace, vice-principal, talked on observance of National Education week. Speakers were Murray North, Bob Barnett, Harold Merritt and Elaine Durling.

Visiting Kiwanians included M. W. Hunt, Bill; Clarence Madson, Pocatello, and Allen Johnson, Salt Lake City.

2 Home Owners Plan Alterations

Building permits totaling \$800 were applied for at the office of the city clerk yesterday afternoon. Records show today:

W. K. Burton, 530 Elm, applied for a permit to cement a basement floor and also build a private garage. Estimated cost is \$600.

Ray Sims made application to construct an addition to a home at 1131 Eleventh avenue east at an estimated cost of \$200. Contractor is listed as E. F. Matson.
