Hull, Japs Confer Again on Crisis

"Temper of the Times" Boosts Holiday Sales to Record High

By United Press
Christmas shoppers reflecting the "temper of the times" at crowded gift counters across the nation are boosting holiday sales to the highest level in history. Merchants from coast to coast reported in a United Press survey that sales volume averaged 20 per cent above the peak for 1939 and 35 per cent higher than last year. The comparison with 1939 did not show all the increase because retail prices still lag 12.5 per cent behind the 1939 level.

A record industrial payroll and booming farm prices reflecting heavy defense spending were regarded as major causes for the buying spree. Fears expressed by some purchasers over shrinking supplies of consumer goods also appeared to be an important factor.

New York merchants suggested "the temper of the times" as another factor reflecting a belief that 1941 may offer the "last chance Christmas" for many years. Some cities reported fears of shortages coupled with new federal taxes on luxury goods had shifted the emphasis from luxury items to refrigerators, radios, metal equipment and household goods expected to feel the priority pinch. The survey indicated, however, jewelry, furs and other luxury commodity sales were holding near the 1940 level despite new taxes.

Merchants reported fears of shortages had touched off Christmas shopping earlier this year. Washington with its population of 200,000 from last year expected Christmas sales to total \$80,000,000, an increase of 30 per cent over 1940. The No. 1 boom town of the west coast was San Diego, Calif., where merchants reported late shopping began earlier and more money was being spent on better quality goods.

Salt Lake City reported Christmas buying up 21 per cent for Utah.

British Answer to Japan—Singapore Defenses Grow

As wires reported additional Japanese troop movements into Indo-China and numerous warships flying the Rising Sun steaming to that area—suggesting a possible move into Thailand and a new thrust to Singapore—this picture arrived in San Francisco by clipper showing arrival of another batch of British troops to reinforce the Malayan garrison. Almost daily fresh contingents strengthen this Pacific outpost.

TOJO'S REMARKS SPEED FDR BACK TO WASHINGTON

By H. O. THOMPSON
WASHINGTON, Dec. 1 (U.P.)—Secretary of State Cordell Hull conferred with Japan's two envoys for one hour and five minutes today on the far eastern crisis.

While the Japanese were in Hull's office, President Roosevelt arrived back in the city after his dash from Warm Springs, Ga., and prepared to deal first-hand with the momentous problems arising from the far eastern tension.

Shortly after he finished the talk with the envoys, Hull went to the White House and conferred with the President in his study in the presidential part of the mansion.

The state department said no further talks with the Japanese had been arranged as of noon.

The Japanese envoys said they had discussed with Hull "some subordinate phases" of the situation. They left the state department in a very sorry mood.

Leave Doubt
Answers which the two envoys gave to questions raised some doubt as to the status of future talks with Hull.

Special Envoy Saburo Kurusu said there would be further talks if he was instructed to that effect. A little later he said he "expected" to continue the talks and that today's conference was not regarded as the end of the talks.

Ambassador Kichiburo Nomura said he was "very disappointed" to believe it was a statement of fact that he had no duty and responsibility, and it must be that way.

A state department spokesman made the only official American statement on the talk:

"The reply to the document which was handed to the Japanese representative some days ago has not yet arrived but is expected soon. In the meantime, there are discussions of the most appropriate phases of the matter pending."

Blames Tojo's Remarks
The President's dash back to the capital from Warm Springs, where he stayed only 24 hours—was attributed by the White House to dispatching four Japanese envoys on Saturday that United States and British interests in the far east should be safeguarded.

Prior to conferring with Hull, Kurusu, who generally like Nomura as his spokesman, said that Tojo was "badly misquoted" and that he had sent for a text of the premier's remarks, which he said were made in a 10-minute radio address.

Major week-end development was the Japanese withdrawal of their American influence in the far east. Shortly thereafter, Mr. Roosevelt addressing the patients of the Warm Springs hospital, said that "the Thanksgiving dinner warned that next year they might be looking back upon this as a 'Thanksgiving celebration,' that there was always possible that American forces 'may eventually be fighting for the defense of these American islands of ours.'"

Urges Firm Policy
Congressional leaders generally urged a firm policy. Although they plan a series of three-day recesses for the rest of the year after defense labor legislation is passed, probably this week—congress will remain on call in event an emergency arises.

Sen. Robert D. Thomas, D. Utah, a former malayan pan and an expert on far eastern problems, said he believed a peaceful solution could be reached.

Confer on "Collaboration"

MARSHAL PETAIN HERMAN GOERING

Petaim, Goering Hold Conference On Collaboration

By United Press
Paris, Dec. 1 (U.P.)—Marshal Henri Philippe Petain, aged head of the French state, conferred today with Reichsmarshal Wilhelm Goering, the No. 2 man in the government of his country's conqueror, and it was believed he was agreeing to details of France's entrance into the Nazis' "new order."

It was the culmination of a violent campaign of segments of the German-controlled Paris press, and the German-Frenchier in Paris extending over a year for full Franco-German "collaboration."

The government in Vichy announced that Petain was accompanied by Vice-Premier Admiral Jean Francois Darlan had left this morning for Berlin and it was understood in Vichy that they would confer all day.

Hiller May Attend
Reports emanating from Europe by various means had suggested Adolf Hitler himself was one of the conference. The Vichy announcement made no mention of Hitler. It was pointed out that Petain, always a stickler for correct procedure, was being subjected to humiliation if he had the head of state, made his journey to confer not with Hitler, the head of a state, but with Goering, Hitler's subordinate. Well-informed sources believed, therefore, Hitler probably would be the rendezvous with his No. 2 man as Petain went to it with his No. 1.

The state was set for an important development in what the Germans and the Vichy-French call "collaboration" had been made evil by a series of developments.

Useful to Nazis
Conquered France could be most useful to Germany in two ways—her fleet, and her north African territories.

In return for concessions in these directions, the Germans could offer to free some if not all of their 1,500,000 French war prisoners, withdrawn from the German-occupied metropolitan Paris, the capital, or ease the huge "maintenance" cost of the occupation army.

The approach of France to "closer collaboration" with Germany was first suggested when Gen. Maxime Wegard, Petain's pro-consul in north Africa, was summoned to Vichy and dismissed.

LATE FLASHES

CAIRO, Dec. 1 (U.P.)—A bitter struggle between the British and Italian forces is raging in the Sidi Barrani sector, a British military spokesman today added, adding that the Germans failed to persist in their drive to capture encirclement in the Libyan desert.

LONDON, Dec. 1 (U.P.)—Russian troops, led by hard-riding Comack cavalrymen, are pursuing German troops through villages littered with German dead on the Rostov front, while other Soviet troops from the north have captured the German town of Gernik, the Tass official news agency said today in a broadcast from Moscow.

BATAVIA, N. E. I., Dec. 1 (U.P.)—The Netherlands East Indies army air force, which entered Java today and all active and reserve air force members, as well as radio operators and engineers, were called up by the official news agency Aneta said.

BUILDING TOTALS REACH \$893,438

Building operations in Twin Falls for the year to date represent an expenditure of \$859,428, or an amount far greater than the total for the entire year of 1940, a report compiled this afternoon by W. H. Bridgite, city clerk, shows.

Total for the entire year of 1940 was \$684,288, records show. Total for the first 11 months of 1940 was \$878,000.

In the report Bridgite showed that the total expenditure for private building in Twin Falls during the month of November was \$147,457. Of this amount \$106,702 was for new dwellings; \$17,600 was for all other new construction and \$44,990 was for repairs and remodeling.

NAZIS SEE FALL OF MOSCOW NEAR

BERLIN, Dec. 1 (U.P.)—Germany's armed forces, rallying in a determined push on the Soviet capital, have driven within sight of Moscow's center, an authorized Nazi military spokesman said today.

Moscow is visible to the Germans with good field glasses, the spokesman said.

He declined, however, to say how many miles actually separated the German front from the center of the Russian capital.

During the last two days, the battle of Moscow has developed very much in Germany's favor, he said.

Italian Tanks Destroyed in Libya Battle

CAIRO, Dec. 1 (U.P.)—Apparently the Italian Ariste divisions were destroyed east of Sidi Barrani, in Libya, in fighting yesterday, Gen. Maxime Wegard, Petain's pro-consul in north Africa, was summoned to Vichy and dismissed.

The Ariste division had previously suffered heavy losses in supporting the German 15th and 21st divisions in a three-pronged attack which resulted in their brief recapture of Ed Duda, immediately north of Sidi Barrani.

It was admitted German infantry, with tank support, had yesterday captured Italian Ariste divisions in the Sidi Barrani region again yesterday.

"Fighting continues in this area," the spokesman said.

Libya has now actually been divided into three main areas, the spokesman said.

"Firstly—the main front southeast of Tobruk, where our forces are engaged from the sea joined up with the bulk of our army."

Full Program Announced For Beet Grower Session

NATIONAL MEET OPENS DEC. 10
Full program for convention of the National Beet Growers' association, the first national convention ever to be staged in Twin Falls, was announced here this afternoon by officials in charge.

The convention, which will be held Wednesday and Thursday, Dec. 10 and 11, and also attract hundreds of growers and officials to the city, was obtained for Twin Falls through the efforts of the Twin Falls County Beet Growers' association and the Amalgamated Sugar Company.

M. E. Willis, Rupert, vice-president of the Idaho Beet Growers' association, is general convention chairman. Willis is also director of the national organization.

With all sessions slated for the morning, the convention will get underway Wednesday, Dec. 10 at 10 a. m. when Mayor Joe Koehler gives the address of welcome. Next order of business will be election of officers for the association's meeting and this will be followed by the reading of minutes of the previous meeting, which was held at Salt Lake City. The year prior to this the convention was held in San Francisco.

Name Committees
Next order of business will be appointment of committees including credentials, constitution and by-laws, national beet growers' auditing, purchase contract and marketing. The annual report will be given by President Charles M. Kearney, Morrill, Neb., will be followed by luncheon.

At 1:30 p. m. group singing will include the song "Idaho" and this will be followed by special committee meeting and the appearance of several special speakers.

"After a general reception, the convention will be held at the Radio Hotel, starting at 8 p. m. Pictures of Idaho will be shown during an appeal presentation of motion pictures and singing and Robert local professional dancers, will then conclude the convention."

Spending Auto Crashes; 4 Hurt

Four young persons were in the county general hospital today undergoing treatment for injuries sustained early Sunday when the car in which they were riding went out of control on the main highway and struck a tree six miles south and one-half mile west of Jerome.

The injured: Miss Jean Brady, 19, Twin Falls. She is suffering a fractured skull and other injuries. She is unconscious. Hospital attendance has been her condition at 1 p. m. today as "serious."

Driver Injured
Wallace Blundon, 20, Kimberly, driver of the car. A fractured ankle, fractured rib and torn ligaments in the right arm and hand.

Miss Vada Killian, 18, Buhl. Fractured pelvis, contusion and abrasion condition.

Miss Stella Vint, 19, Twin Falls. Lacerations and other minor injuries. Shock.

According to investigating officers the mishap occurred about 1:30 a. m. in front of the George Silver home, where Blundon was taking Miss Vint, an employee of the Jerome Co-operative Creamery company.

Excessive Speed
The officers said that because of excessive speed, the car failed to make a curve at that point. The machine went into the borrow pit and struck the head side of the road, then pulled back across the road and went into the pit on the left side. The machine came up on the road again and then overturned, rolling a distance of some 100 feet.

Blundon and Miss Brady were taken to the hospital here by Twin Falls ambulance. The other two were taken to Jerome by ambulance.

Rail Strike Near as Negotiations Totter

By JOHN L. STEELE
WASHINGTON, Dec. 1 (U.P.)—Chairman Wayne Lyman Morse of the special fact-finding board created by President Roosevelt to seek a settlement of railway labor's demands for increased wages, said today "the situation doesn't look so good" for immediate settlement of the dispute.

He made the statement after the board had conferred with representatives of railroad management and the 19 brotherhoods—the so-called "big five" operating brotherhoods and the 14 non-operating brotherhoods—for nearly 24 hours.

The "big five" have voted to strike beginning next Sunday if no settlement is reached by then. The non-operating also have voted to strike but have set no date.

Morse's statement came when the negotiators took a brief breakfast recess. He said talks would be resumed in a short while, however.

"Although I haven't given up hope, the situation doesn't look so good," he told reporters. "It hasn't looked so good for the last three hours as it did earlier in the evening."

No Settlement
He said a "general picture for a compromise settlement" had developed from the 24-hour meeting which began at 9:30 a. m. yesterday, but he did not believe the board would be able to report a settlement to President Roosevelt before late afternoon of this evening.

He revealed the President had authorized him to postpone the board's report until it has been submitted today—until tomorrow. He said he would keep management informed.

County Moves to Expand Number of Vote Precincts

Reorganization of the Twin Falls county precinct setup—a move which will expand the number of precincts from 25 to a probable total of 38—was being carried out this afternoon by the board of commissioners.

Chairman C. H. Lindsey said the board had approved the tentative precinct revision plan mapped by Walter C. Musgrave, county auditor, and Paul H. Gordon, deputy county clerk. Lindsey and Commissioner Ben C. Potter conferred with Musgrave and Gordon during the afternoon and action was expected by this evening.

The plan expected to be approved calls for addition of 13 new precincts at Buhl, Twin Falls, Kimberly and Pler. Several areas would remain unchanged.

Under the program Twin Falls would have 16 precincts instead of the existing seven; Buhl would have the total of four; now has, Pler and Kimberly would each be made into two precincts instead of

Red Counter-Drive Pursues Germans

LONDON, Dec. 1 (U.P.)—Russian troops led by Cossacks and strongly supported by planes are driving the Germans westward in a new counter-offensive in the Tula area, 100 miles south of Moscow, while Cossack units pursue fleeing German forces west of Moscow, Russian dispatches asserted today.

Such action would add 12 precincts in all.

Change in the voting boundaries will necessarily force re-registration of all electors in the precincts affected.

It is possible that the county board might at the same time order a complete re-registration throughout the county.

Specific choice of new polling places will be made by the board.

Bails out

PORTLAND, Ore., Dec. 1 (U.P.)—Lauri Arvi E. Malmstrom of the 37th pursuit squadron, Finland air base, parachuted to safety about 10 miles southeast of Ellensburg today and his plane a Republic parant, crashed in a field nearby, headquarters here announced. Cause of the trouble was not learned.

STRATEGIC AREAS ARE ORDERED ON WAR-TIME BASIS

By RICHARD C. WILSON
MANILA, Dec. 1 (U.P.)—Unprecedented precautions against a new Japanese thrust in the South seas were taken today by British and American forces on a war basis from Hongkong to Singapore and Australia.

American emergency steps were reported to have been taken following a secret meeting of Admiral Thomas C. Hart, commander in chief of the U. S. Asiatic fleet, and Lt. Gen. Douglas A. MacArthur, commander in chief of the U. S. army in the far east, and their staffs.

Official sources, however, declined to comment.

Foreign reports of Japanese naval operations, within striking distance of the British-Dutch Borneo and Sarawak, and developments were possible within a week, the military and naval commands of British empire forces in the far east believed that developments were any war danger in the far eastern area.

Da's Developments

Developments Included:
Declaration of a state of emergency and calling of volunteers and local militia for instant action in the Singapore and Malay areas.
Dispatch of reinforcements to Burma; facing any Japanese thrust to Thailand and adjacent to Japanese-occupied Indo-China.
Arrival at Olongapo naval base, west of Manila, of 388 British troops evacuated from Shanghai. Others are believed due tomorrow.
Announcement that Australia "now is a combat zone" and that an emergency war cabinet meeting Canberra, where Premier John Curtin is in session, will be held there to discuss the emergency and that war or peace will be decided by the cabinet up to Japan.

Ships Ordered Away

British warships were ordered away from the Shanghai sea area to avoid the possibility of seizure by Japanese forces.
American airmen, who remain from the United States army air force, were reported ready for action in a counter corps of ground troops in Burma, where they are to provide a supply route, against which Japan has renewed bombing attacks.

ACTION NEARS ON ANTI-STRIKE LAW

WASHINGTON, Dec. 1 (U.P.)—Speaker Charles McNary said today he hoped the house would complete action before the end of the week on legislation which would limit the right of workers to strike. McNary said he had declined to express preference for any of the three controversial measures which will be considered.

McNary told a press conference he would recognize Rep. Howard W. Smith, D. Va., to call up the rule which would limit the right of workers to strike.

Smith is a sponsor of the most drastic of the three pending bills. His measure is expected to encounter stiff administration opposition, despite McNary's non-committal attitude towards any of the bills.

OH, YEAH?

BERLIN, Dec. 1 (U.P.)—The German government today announced that it had received a letter from Joseph Goebbels, Reich minister of Propaganda, in which he said that the German people were "in a state of high spirits" and that they were "ready to sacrifice everything for the Fatherland."

The letter was said to have been written by Goebbels to the German people in the city of Berlin.

SENATOR JOINS IN PEAVEY TRIBUTES

A United States senator, scores of representatives of the sheep industry throughout Idaho and friends of the family from widely separated sections—particularly Boise and vicinity—joined in paying solemn tribute to the memory of Arthur J. Peavey, Jr., 35, at the graveside in Twin Falls cemetery at 4 p. m. Sunday.

Idaho's Sen. John Thomas and Mrs. Thomas, Gooding, parents-in-law of Mr. Peavey, were present at the rites, conducted by Rev. G. L. Clark, pastor of the Presbyterian church.

Recovered Saturday

Mr. Peavey's body was recovered Saturday from Snake river near Upper Salmon falls where he met death by drowning 13 days before. He was a well-known Twin Falls sheepman.

Active participants were Harry Elcock, Eugene Osterland, Mr. W. T. Cramer, R. S. Thomas, H. B. Berman, and J. H. Beaver, Jr., Twin Falls.

Honorary pallbearers were Roy A. Reed, L. B. Brockmeyer, R. S. Bacon, C. W. Collier, Dr. H. L. B. Stone, Dr. C. W. Johnson, E. C. Smith, Shoshone, Branch Bird, Gooding, and B. D. Burke, Jerome.

Burial in the family plot, beside the graves of Mr. Peavey's father and two younger brothers, was in charge of the Rev. Mr. Clark.

Mr. Peavey was regarded throughout the state.

man-sub-committee to study and report tomorrow legislation to prohibit "subversive" persons from representing employees in collective bargaining. Those banned as bargain-busters would be former or present members of the Communist party, German-American bond, or any organization advocating overthrow of the U. S. government by force.

The drive for house action on anti-strike legislation, long under way, came to a head with John L. Lewis' signing of the captive coal mine strike.

"Repressive" Legislation Fought

The Congress of Industrial Organizations seeks to use its influence to prevent enactment of "repressive" legislation. CIO President Philip Murray issued a call last week for representatives of all national and international CIO unions to be here today to discuss and take whatever action is necessary.

The administration apparently is supporting the proposal of the house labor committee for voluntary mediation of disputes with government seizure of plants in those that cannot be settled. President Roosevelt would be empowered to order a 60-day cooling off period during which strikes could not be called by individual employees to strike would not be enforced by court order.

16 FOODS PLACED ON STAMP SLATE

Sixteen items—including butter, pears and dry grapes—are on the "blue stamp" foods list for December, according to word received by the county surplus foods committee.

The December list is the same as that for last month except for grapefruit, which was not available for blue stamps during November.

The List

The current list, according to A. W. McCormick, committee chairman, are: Pork (salt or unsalt, including chilled or frozen, cured, smoked, but not cooked or packed in metal or glass containers); butter, corn meal, shell eggs, raisins, dried prunes, wheat and dry edible beans, hen and whole wheat (graham) flour, enriched wheat flour, fresh grapefruit, fresh pears, fresh apples, fresh oranges, and all fresh vegetables, including potatoes.

All food retailers who handle stamp plan business in this area will post the new list beginning today.

The stamp plan, an important part of the federal program to assist farmers in stabilizing prices, creates by free distribution of blue stamps to clients who purchase or sell farmers in stabilizing prices. The stamps are used exactly like cash for any food items; the blue ones are cash only for purchase of the food listed as surplus. In addition to adding farm prices, the plans provide for beneficial surplus goods free of charge to low-income families.

JUDGE COLLECTS \$255 IN MONTH

Municipal Judge J. O. Humphrey, in a report filed today with the city clerk, listed court collections for the month of November at \$255.

Of the amount collected for the month, \$215 was for fine, bonds and costs assessed and collected and \$39 was for traffic offenses.

Also making a report for the same period was H. L. Healy, city plumbing inspector, who showed fees collections amounting to \$187. Healy made 10 plumbing inspections during November and there were eight condemnations.

3 BOYS ACCUSED OF GAS STEALING

Juvenile court complaints were filed today against three minor boys from Kimberly, accusing them of stealing gasoline totaling \$90 in the east end area.

Citations were being served this afternoon by John A. Brown, probation officer. Probate Judge C. A. Bailey set hearing for 2 p. m. Dec. 8.

The three boys are facing the juvenile action in the same series of gasoline thefts for which two older youths, Ora Allen and Loren Eiler, were sentenced to serve 30 days each. Constable St. Ovens, Kimberly, apprehended the arrested blues and broke up what officers termed a "gas ring" that had been stealing motor fuel throughout the autumn months.

FIRE DEPARTMENT ANSWERS ONLY 2 CALLS IN MONTH

Only two fire alarms were answered by members of the local fire department during the month of November, Chief M. E. Zeke Bartlett reported this afternoon.

One blaze was at the city hall on Nov. 7 when a prisoner set fire to the bedding in cell No. 2. Other alarm came last Saturday night and was a dwelling on Park street.

Bartlett estimated damages from both blazes to be \$25—including \$5 damages to the mattress in cell three at the police station.

COUNTY SLATES MORE PRECINCTS

places needed in the county precincts had not yet been made today. Those choices probably will appear as a personal survey of available spots.

The reorganization, in addition to complying with law, will make voting considerably more convenient for electors in crowded areas, the commissions pointed out. In past elections the lineup at some polling spots has often been long.

EX-CONVICT HELD ON U.S. CHARGES

Because Castleford's constable was on the alert to nab a paroled California convict wanted by Sheriff Warren W. Lowery for investigation, the California faced federal charges this afternoon before U. S. Commissioner J. O. Humphrey.

The constable, Harley Harmon, spotted Bernard Jones, 28, Colton, Wood, Calif., and arrested him Saturday night. Harmon turned over the parolee Sam Quentin convicted of burglary and broke up what officers termed a "gas ring" that had been stealing motor fuel throughout the autumn months.

HANDY

Deputy Sheriff John Lelzer didn't have far to go to investigate this auto mishap.

The accident occurred on Fourth avenue north a few steps from the side entrance of the courthouse. Lewis C. Gillman, starting to drive away from his parking place at the curb, hooked his bumper into the right rear fender of a passing machine driven by Eugene K. Testick. The bumper pulled off the fender "clean as a whistle," the deputy reported.

The mishap occurred about noon Sunday.

DISGUSTED

Sgt. Frank Morris, officer in charge of the local recruiting station for the army, returned from a northern recruiting tour today and hadn't been in town for more than a few minutes until he announced "I'm disgusted."

Morris, whose headquarters are at the city hall, wanted to get the postoffice to get the army mail for the day. In front of the postoffice an army recruiting sign is kept out on the sidewalk.

The recruited thought that it looked peculiar. He investigated more closely and discovered that while he was out of town someone had stolen part of the sign.

Today he was making an effort to find the stolen part or to get a replacement.

RITES HELD FOR SHOSHONE CHILD

SHOSHONE, Dec. 1 (Special)—Funeral services were held last week at the Carl Kerker home on the North Shoshone track for Ardena Erma Braun, six-month-old daughter of Mr. and Mrs. Ted Braun, Dietrich, who died at Gregory, B. D., where the parents had gone on a visit.

On the trip to South Dakota she was ill, but following the doctor's opinion that it was not serious, her parents continued the trip. The child's condition developed into spinal meningitis after arrival at Gregory.

Rev. K. K. Maier, Paul Congregationist minister, was in charge of services. Burial was in Shoshone cemetery. The child was born June 8, 1941, at the Braun home on the Dietrich track.

Surviving are the parents and three brothers, Herman, Leo and Roy.

TOWNSEND CLUBS HOLD UP PETITION

BOISE, Dec. 1 (UP)—Townsend club sponsors of a \$40-per-month old car plan to prepare it for action but withdrew a proposed initiative petition for revisions, Oriand A. Scott, Idaho national representative for the organization, said today.

The initiative form, filed a week ago by Secretary of State George H. Crane, is prepared for action at the 1942 general election, will be changed to limit medical aid to be granted to pensioners, and to project the amount paid to pensioned married couples, Scott said.

Other clauses

The two clauses on other minor changes will be worked out in a conference with representatives of Washington state Townsend clubs, who Scott reported were also drafting a pension law for presentation next year.

Scott also intended to have the changes completed in time to again file the initiative form the first of next week.

The original proposal's plan to issue "senior citizen grants" totaling \$400 annually to Idaho residents over 65 years of age will remain unchanged.

Plan Change

"We want to change the bill to set a limit on the amount of medical aid payments so there will be no abuse," Scott declared. The amount of medical payments and the grants for married couples haven't been worked out yet, but we are going to discuss them with Washington club representatives."

The proposal had been sent to Attorney General Earl H. Miller for review. Miller is believed to be holding it, he said, he was returning it to the secretary of state to await receipt of the revised clauses.

Although the process of cancelling the initiative to American in 1918, it did not become an industry here until 1900.

RITES SET TUESDAY FOR MRS. BEN ELDER

Funeral services for Mrs. Zora Elder, wife of Ben Elder, pioneer resident of Twin Falls, will be held Thursday at 4 p. m. at the Methodist church. Rev. H. G. McCullister officiating.

Interment will be in Twin Falls cemetery under the direction of the Twin Falls mortuary.

The body will lie in state at the mortuary Tuesday from 8 a. m. to the hour of service, and the casket will not be opened at the church.

It was Mrs. Elder's request that no flowers be sent, the mortuary announced today.

KEEP THE WHITE FLAG OF SAFETY FLYING

Federal engineers estimate that water leaking from a faucet in a stream the size of a pin wastes about 100 gallons a day.

JUDGE COLLECTS \$255 IN MONTH

Municipal Judge J. O. Humphrey, in a report filed today with the city clerk, listed court collections for the month of November at \$255.

Of the amount collected for the month, \$215 was for fine, bonds and costs assessed and collected and \$39 was for traffic offenses.

Also making a report for the same period was H. L. Healy, city plumbing inspector, who showed fees collections amounting to \$187. Healy made 10 plumbing inspections during November and there were eight condemnations.

HANDY

Deputy Sheriff John Lelzer didn't have far to go to investigate this auto mishap.

The accident occurred on Fourth avenue north a few steps from the side entrance of the courthouse. Lewis C. Gillman, starting to drive away from his parking place at the curb, hooked his bumper into the right rear fender of a passing machine driven by Eugene K. Testick. The bumper pulled off the fender "clean as a whistle," the deputy reported.

The mishap occurred about noon Sunday.

JAPS DECIDE TO CONTINUE NEGOTIATIONS WITH U. S.

LEADERS REPORT THAT AMERICANS 'MISUNDERSTAND'

By ROBERT BELLAIRE
TOKYO, Dec. 1 (Special)—The Japanese government has decided to continue negotiations with the United States for rapprochement in hope that a new Japanese ambassador and Saburo Kurusu, its ambassador and special envoy at Washington, may succeed in effecting a change of the American view, it was understood today.

It was emphasized in well informed quarters Japan would not modify its own view but would maintain its view that the United States misunderstands the far eastern situation.

The cabinet met in extraordinary session for 75 minutes today and Foreign Minister Shigenori Togo reported the result of a week-end series of consultations with various leaders.

Study Reports
Togo held his first cabinet session in a detailed report from Kurusu and Kurusu, it was understood, and as the result decided the negotiations should be continued.

It was Togo, according to Japanese dispatches, who summoned the cabinet for session today to deal with the divergence between Japanese and American views it would be to pursue negotiations in interest of peace.

The cabinet, it was indicated, approved Togo's decision.

Diplomatic quarters heard two weeks mentioned as the period during which Kurusu and Kurusu would be authorized to seek a medium of agreement with Secretary of State Cordell Hull.

'Fantastic Principles'
It was made known that Foreign Minister Togo, in a speech last night, accused the United States of applying "fantastic principles" to far eastern problems, thereby tending to "hamper the peace process."

Newspapers gave prominence today to reports of Togo's speech. It clarified the situation and called world attention to the critical state of Japanese-American relations.

Togo said it was regrettable the United States "shows a tendency to refuse to understand the actual situation in East Asia," and by applying "fantastic principles" shows inconsistency with present world conditions.

Ashton Man Heads Hotel Operators
BOISE, Dec. 1 (U.P.)—L. H. Ashton, hotel operator, today headed the Idaho State Hotel association after the group's annual meeting here.

Other officers were Ray Robbins, Twin Falls, vice-president; Clarence Harris, Burley, secretary-treasurer; Al Nelson, Lewiston; J. H. King, Boise; Winston McCrea, Sun Valley; P. O. Thompson, Pocatello, all members of the board of governors.

Audience to Take Part in Mystery
GOODING, Dec. 1 (Special)—Regular rehearsals are being held for the annual junior-senior play of the Gooding high school which is scheduled for the afternoon of Dec. 15 and the evening of Dec. 16.

The play, "The Night of January 16th" promises to be one of the best ever given in Gooding and it has the unique feature of using people from the audience as members of the jury in the play. The jury, chosen from the audience by the same method that regular jurors are chosen, will determine by the evidence presented whether the one on trial is guilty or not guilty.

Miss Evelyn Peterson, dramatics instructor, is directing the play and committees who have been named on the play production are: Advertising, Henrietta Knight, Shirley Rumpf, Sylvia Schreiber, Mary Barker, Carl Cook, Ken Dixon, Bob Dandridge and Mrs. Elizabeth Miller; stage, John Junker, Ednon Conn, Leigh Ingersoll and M. W. Tate; business management, Jean Verin, Jean Nordby, Bruce Eubanks, Betty Barrett and Mack Saunders; property management, Nina Francis, Ollie Perry, Helen Korner, and Patricia Anderson.

Reuben James' Survivor Visits Family at Boise
BOISE, Dec. 1 (U.P.)—Guy Grant, the merchant seaman who survived the torpedoing of the U. S. S. Reuben James, was back home today for a pre-Christmas visit with his family.

Graham said the only reason he escaped the attack was because members of the ship's engine crew were housed in the aft part of the ship. The torpedoes struck when Graham was asleep, and seamen and officers stationed in the forward part of the destroyer "didn't have a chance," he related.

The ship started settling so fast that he didn't have a chance to save any of his personal belongings but raced for a life raft as soon as he realized what had happened, he said.

Graham was visiting his wife and five-year-old son. He was granted a 23-day furlough soon after landing at New York from Iceland, where the 43 survivors were taken after being picked up at sea.

NEGOTIATIONS ON STRIKE BOG DOWN

(From Page One)
and brotherhood officials in session all day and night if it appeared a compromise could be agreed upon. If further efforts fail to effect a settlement, he added, the board "will make some recommendations of its own."

Bill Snags
It was learned shortly before dawn that management and the operating brotherhoods had agreed on a compromise which would require acquiescence of the non-operators to become effective. Morse declined to elaborate on this point but the plan apparently ran into snags.

This plan was said to have been a compromise between the 41 a day wage increase demanded by the operating unions and a 72 cents a day increase reportedly offered by management last night.

First Proposal
Morse declined to say if the board's contemplated recommendation of a 10 percent increase for the 200,000 non-operators who had demanded a flat 30 per cent raise—and an increase of nine cents an hour for the 900,000 non-operators, who had demanded a 30 cents an hour raise.

Management accepted the board's recommendation but the brotherhoods rejected them. The board estimated its recommendations would cost railroads about \$270,000,000 a year.

Morse said he still was hopeful for a negotiated peace.

Italian Tanks Destroyed in Libya Battle
BOISE, Dec. 1 (Special)—British forces which had made a successful assault on the fortress, "Secondly, the frontier area stretching from Libya to positions north of Sidl Omar."

"Thirdly—the southwestern or Gada area."

"On the main front of Ed Duda-Sidi Rezegh-Bir el Hamid intense fighting continued throughout yesterday."

"In the morning an enemy tank attack from the west was repulsed by our tanks firing due south of Sidi Rezegh."

Turn on Stations
"Later our armored forces turned on the Italian Artie division to the eastward and destroyed about half of the remaining tanks of this force, which then fled toward the east, pursued by British mobile columns."

"All day our air forces closely supported our ground forces by a heavy and persistent attack on enemy troops and concentrations of vehicles in the area between El Adem and Ed Duda."

Since the British launched the Libyan offensive, 176 enemy planes have been destroyed, including 92 in aerial combat and 84 on the ground, an RAF spokesman said.

India's Emissary POST WILL HEAD MILK INSPECTION

H. S. Post, district health and sanitation, today has been named temporary milk inspector for Twin Falls and will arrive in this capacity until such time as a milk expert can be found who can devote his full time to milk work in this entire district.

Post, who has been making milk inspections in Burley, Gooding, Jerome, Bull and Pier for the past six years, was named to the local post by Dr. E. L. Berry, state director of public health. In addition to milk inspections he also handles many other health problems in this section.

With appointment of a permanent milk inspector, Post will be able to devote his full time to other health details including sanitation. Terms of the agreement by which Post will inspect local milk city's worked out by O. H. Coleman, city commissioner of public health and milk sanitation. Since resignation of Dr. E. R. Price, former city meat and dairy inspector, Dr. H. R. Prescott has been named as his inspector. Price went to Chicago to accept a federal appointment.

Under the agreement, part of the cost of the inspection here will be paid by the city and the balance by the state. When the regular district inspector is named, the all communities served will share in the expense, together with state aid.

Post will maintain headquarters at the district health unit here.

Firemen Make Dash No. 2 to Dump Ground
Figuratively speaking, the Kimberly mutual fire truck is wearing a rut between its headquarters in Kimberly and the I. G. Prescott dump grounds west of Twin Falls.

Saturday morning the debris at the ground caught fire and threatened some hog sheds. The Kimberly department responded to an alarm and the fire was put out.

Sunday about 8 a. m. another call came in. Prescott reported the fire was going again and the same hog pens were threatened.

"This time," a Kimberly fireman said today, "I think we really put it out."

Graveside Rites For Infant Girl
Graveside services in charge of the Latter Day Saints were conducted today at the Sunset memorial park for Sharon Ruth Looney, infant daughter of Mr. and Mrs. Ray Looney, Jr. Hazelett, who died at birth Saturday at the Twin Falls county general hospital.

Bishop Carl S. George, Eden, was in charge of the services. A died, "I Know That My Redeemer Liveth," was sung by Mrs. Freda Juchau and Christine Romney. Invocation was pronounced by Elder Leslie Juchau.

Remarks were given by Bishop George; the junior class of the Eden rural high school sang "The Lord Is My Shepherd"; Elder Lee Hendrickson pronounced the benediction, and Elder Henry Schwab dedicated the grave.

Interment was in charge of the White mortuary.

DEATH SUMMONS COLORADO SOLON
WASHINGTON, Dec. 1 (U.P.)—Sen. Alva B. Adams, D. Colo., died early today of a heart attack. He was 66 years old.

He was stricken last Tuesday and his doctors then said the ailment had been aggravated by overwork.

Adams first came to the senate in 1923 to fill the unexpired term of the late Samuel D. Nicholson, but was defeated in 1924 when he ran for a full term. He ran again in 1932 and was elected and then was reelected in 1938.

As chairman of the senate appropriations subcommittee on deficiencies, he had been carrying a heavy load with the huge money bill for the defense program.

Adams grew up in politics. His father, Alva, sr., was three times governor of Colorado and his uncle, William H. (Uncle Billy) Adams, served three terms as governor. The Adams family pioneered in Colorado and was one of the wealthy families of the state; the senator's uncle having owned one of the largest cattle ranches in Colorado and his father a chain of hardware stores.

The senator was president of the Senate and Trust bank of Pueblo, Colo., his home town.

Demonstrator

Miss Edalene Stohr, a member of the cooking school staff of the National Live Stock and Meat Board, Chicago, who will give a demonstration of meat cookery methods here Friday, Dec. 5.

Meat in Defense

To Be Discussed By Nutritionist

Timely topic of interest to all southern Idaho homemakers, will be the demonstration of meat cookery methods, "Meat in the Home Defense Program," which will be presented at 1:30 p. m. Friday, Dec. 5 at the American Legion Memorial hall.

Miss Edalene Stohr, a member of the cooking school staff of the National Live Stock and Meat board, will be in charge.

She comes here under the auspices of the Twin Falls county nutrition defense committee; the University of Idaho extension service, and the Twin Falls Livestock and Marketing association.

"The importance of the right food as a safeguard against illness and as a means of keeping every member of the family up to the highest degree of efficiency has been emphasized during recent months until women have become more nutrition-conscious than ever before," Mrs. Margaret Hill Carter, district home demonstration agent, said today, in announcing the appearance of Miss Stohr.

"Homemakers of this vicinity will find Miss Stohr's lecture and demonstration of the correct cookery methods for meat, of utmost practical value," she continues.

Meat is a prime source of high quality protein; of essential minerals, notably iron, and is also a good source of certain vitamins, especially the factors of the important vitamin B.

Gooding Resident Weds Missourian

GOODING, Dec. 1 (Special)—An impressive wedding ceremony at high noon Thursday, Nov. 27, united in marriage Opal Rice, Princeton, Mo., and Ernest J. Willis, Gooding. The ceremony was performed at the home of the bride's uncle and aunt, Mr. and Mrs. Charles Grove east Gooding, with Rev. Theo E. Milzner of the First Methodist church officiating at the single ring ceremony.

Miss Georgia Grove, cousin of the bride, was maid of honor, and the bridegroom was attended by his best man, Robert Willis. Wedding guests were members of the immediate family, and friends of the bride and groom.

Margaret Willis, daughter of the bridegroom, was ring bearer, with the ring cushioned in the heart of a floor length dress of aqua blue crepe with a corsage of roses.

Following the ceremony the wedding guests were served a dinner with Mr. and Mrs. Groves as hosts. The bride cut the three-tiered wedding cake in traditional fashion.

Guests in addition to the bridal party were Mr. and Mrs. Frank Grover, Mr. and Mrs. Lowell Willis, Mrs. Verma Glines, Mrs. and Mrs. Joel Brunnett and Mrs. Mitzner.

Job's Daughters Attend Services At Local Church

Excitement is stored up often in action, while defeat, too often, is the victory of the "enemies within," Rev. G. L. Clark told members of the congregation at the Presbyterian church Sunday morning.

Special guests were members of Twin Falls Bethel, Job's Daughters, whose honored queen, Miss Barbara Randall, is a member of the Presbyterian church. It was annual "Go to Church" Sunday for the organization, and members attended in their ceremonial robes.

Commenting that crowd-mindedness is a characteristic of today, Rev. Clark quoted a commentator in contemporary times as saying, "People are increasingly more concerned about the opinions of others than about their own convictions. Many people will not commit themselves to any definite proposition until they read the latest statistics of the latest Gallup poll."

"We are more concerned about keeping our ear to the ground than our face to the stars. We rarely drink water out of our own spring, and are disposed to carry a tin-cup to the pump of public opinion."

Miss Mary Jane Shearer, soloist, sang "My Redeemer Lives." She is a member of the local Bethel.

4 Lettermen Return to Buhl Squad

BUHL, Dec. 1 (Special)—Coach Rex Hunaker, who coached championship teams here at Downey in southeastern Idaho, today looked over a squad of 16 hopefuls and opined that "they'll do."

The successful young mentor announced that the 16 chosen were the cream of a crop of 62 hopefuls that turned out for practice and took part in a tournament that was staged as a sort of elimination of "unnecessaries."

Coach Hunaker, who succeeds Floyd Luft as head of the Buhl cack-squad, has four lettermen back—Eugene Sledco, Pat Hamilton, Dwane Machack and Shelly Halgeman.

To go with these he can add a dozen other boys who show promise of helping develop the squad in a tournament that was staged as a sort of elimination of "unnecessaries."

F. Leahy Is Named As Coach of Year

NEW YORK, Dec. 1 (AP)—Frank Leahy, in his first year at Notre Dame achieved an undefeated season today was named "coach of the year" in the New York World-Telegram's seventh annual award.

Leahy, whose team won eight games and was tied by Army, received 58 first place votes from the 374 coaches who voted.

Bernie Bierman of Minnesota, whose team was undefeated and untied, was second with 54 first place votes.

Sun Valley Gets International Downhill Ski Tournament

MILWAUKEE, Wis., Dec. 1 (AP)—Roger Langley, Barre, Mass., was reelected president of the National Ski association of America at final sessions of the organization's 37th annual convention Sunday.

Three of six national and international tournaments slated for 1943 were awarded. The national men and women's open downhill and slalom meet will be held by the Inter-Mountain association at Alta near Salt Lake City, Utah, either in February or March. The southern Rocky Mountain Ski association will conduct the national jumping contests at Steamboat Springs, Colo., in February, and the Pacific Northwest Ski association will hold the international downhill contents in Sun Valley, Idaho, in February or March.

Denver Will Be Offered Better Games

DENVER, Dec. 1 (AP)—A high athletic official of a Big Seven school told United Press today he had authoritative information the conference would prevent Denver univer-

sity from deserting its ranks by offering it a more acceptable football schedule for 1943.

The official, in a position to know sentiments of the six schools which decreed Friday night that D. U. must play a home-and-home slate in 1943, said he was positive public sentiment would force temperance of the issue.

The Big Seven conference in four short years has been successful, he said, "and we can't afford to let the end of more than 20 years of athletic effort in this area. All our schools would suffer heavy penalties if we were forced to start over again for the second time since 1927."

The spokesman said he was sure that athletic directors of the six other schools would be able to influence their schools' policies sufficiently to see that Denver was of-

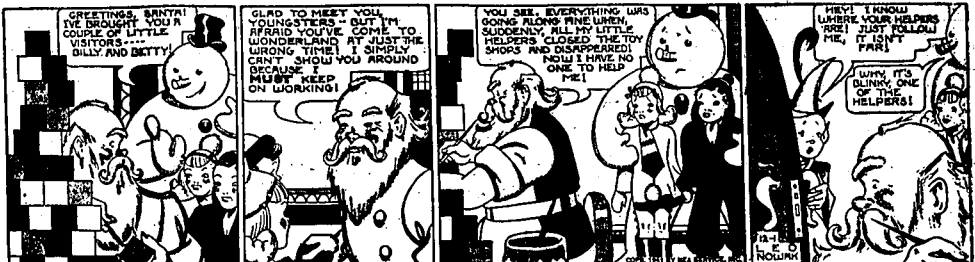

fered a "satisfactory" game arrangement at the special meeting at Laramie before March 1. Officials discarded the tentative 1943 slate Saturday and called the special meeting to give Denver a chance to reconsider its threat to withdraw and play a free-lance schedule.

R. E. McWhinnie of Wyoming university announced that approval of the 1943 basketball slate had been carried over to the May 13 meeting at Salt Lake City. He said a com-

mittee was working on a "combination revolving" schedule for basketball which would change only dates, leaving games in "the same order." Each year, he said, the bottom game would be boosted to the top for the succeeding season, with the rest being dropped down a peg.

In Alaska, a trip between Fairbanks and Nome that once cost \$500 by dog sled now costs only \$78 via the airways.

De Correvont, Jones Play as All-Stars Win

NEW YORK, Dec. 1 (AP)—Bill De Correvont of Northwestern and Ed Jones of Pittsburgh played as so-called Yankee All-Star team which defeated a Negro team 24 to 20 yesterday but neither proved a ball of fire.

De Correvont, who played most of the game, did all right in the first half but in the second, one of his punts was blocked for an opposition touchdown and one of his passes was intercepted for another. Jones, who played his final college game Saturday, was in the game only a few minutes.

The Yankee team turned out to be the Harvard Blues, an independent pro outfit, but De Correvont and Jones retained their amateur status because the proceeds beyond expenses of the game go to Catholic, Jewish and Negro charities.

Rancher Seeks State Aid in Beaver Fight

BOISE, Ida., Dec. 1 (AP)—Mill Hood, rancher on the remote middle fork of the Salmon river, today sought aid of the state fish and game department to combat beavers threatening to denude his ranch of trees.

Hood told Allen Miller, chief clerk of the department, beavers have "logged off" an island in front of his ranch house by gnawing through the brush and even cutting down a tree that held up the forest service telephone pole. Now, he said, the beavers have started work on shade trees around his house.

"I've been setting small traps around the ranch to kind of give the beavers a 'hot-foot' and scare them away but it doesn't seem to do any good," Hood said. "They still keep cutting the trees down."

Rabbit Business Booms at Shoshone

SHOSHONE, Dec. 1 (Special)—Shoshone has a new business center in operation, and is quite open for only two weeks. It is one of the busiest concerns in Shoshone, Idaho, driving into town on highway No. 93 are amazed at the lines holding hundreds of rabbit skins during dry weather. Ella Merrit, operator of the Idaho service station and his assistant Roy Wittke, have organized a rabbit market with the buying of dead rabbits for which they pay 6 cents each.

During the two weeks in which the business has been operating over 2,000 rabbits have been brought in, a corps of workers assisting with the skinning, the rabbit carcasses are hauled away to be used for hog-tending purposes, and the pelts hung to dry and cure, after which they are marketed for the manufacture of felt. Rabbit hunting has become a profitable pastime to shoshone sportsmen.

BLAZE DAMAGES RESIDENCE HERE

Causing a "head start" before being discovered, fire Saturday night damaged the home of George N. Kay, 233 Polk street.

The blaze started in a bedroom and heat from the fire there damaged two other rooms in the one-story dwelling. Bedroom fixtures

were destroyed and the interior of the room badly burned.

Cause of the blaze which occurred at 10:40 p. m. was not ascertained. Mr. Kay told firemen he had left the house about an hour before the fire was discovered by neighbors. Chief L. Z. (Zeke) Bartlett said the fire was "well underway before it was discovered."

Elks Arrange Southern Ham Dinner Dec. 4

Succulent Maryland ham—cooked in the traditional manner of Prince George's county, Md.—will be the dinner attraction for the Twin Falls Elks when District Deputy Jay L. Downing, Pocatello, pays his official visit to the local lodge next Thursday, Dec. 4.

J. H. Blundford, exalted ruler, said the lodge had secured the Maryland hams "after considerable negotiation." They will be roasted for the Elks by a local bakery which will use the Fritze George county recipe.

The banquet will start at 6:30 p. m. Thursday and will be November and December "birthday dinner." A \$25 defense bond will be given away. The Elks band under Director Bert Christensen will play "There's a Girl in the Heart of Maryland," "Lard, You Made the Night Too Long," "St. Louis Blues" and "Twelfth Street Rag."

Deputy Downing, who is also district judge at Pocatello, will supervise the activities of the Twin Falls Elks lodge and will offer "constructive criticism," according to Exalted Ruler Blundford.

HENRY'S LAKE SKI BASE ABANDONED

IDAHO FALLS, Ida., Dec. 1 (UP)—A skeleton crew of army engineers today started work of salvaging property and material used for preliminary work on the Henry's lake winter troop training camp.

The war department ordered all work at the proposed base abandoned, and instructed Capt. Merwin Smith, army construction quarters master, to dismantle remaining civilian personnel and dispose of buildings already completed at the campsite.

About 200 draftsmen were employed for several months on plans for the winter training camp. A temporary administration building at the base, built at a cost of \$60,000, will be disposed of along with other temporary buildings near the lake.
