New Nazi Drive Looms as Hitler Ousts Army Chief

FUEHRER TAKES FULL COMMAND OF ALL TROOPS

By FREDERICK KUH LONDON, Dec. 22 (U.P.)—Allied governments watched for signs of a desperate German offensive on a new front today, and neutral dispatches forecast a drastic new purge of the German high command, as the way of Adolf Hitler's assumption of direct command of the German armies.

Bag of 14 Axis Subs Listed by Secretary Knox

WASHINGTON, Dec. 22 (U.P.)—Announcement of the sinking or damaging of at least 14 enemy submarines in the Atlantic and several Japanese submarines in the Pacific was "good news" today to a capital that had just received navy department reports of enemy submarine activity off both the Atlantic and Pacific coasts.

LATE FLASHES

CAPE HENLOPEN, Del., Dec. 22 (U.P.)—Maj. Ralph S. Baker, commanding officer at Fort Miles, said today that sentries and officers reported hearing heavy detonations offshore which were believed to be gunfire.

LONDON, Dec. 22 (U.P.)—Canadian, British and Indian troops held out all at Hong Kong today in one of the most interrupted days of the war.

BERLIN, Dec. 22 (U.P.)—Official radio received by United Press in London reported that the German high command reported today that a Nazi submarine carrying a British aircraft carrier in the Atlantic.

SAO PAULO, Dec. 22 (U.P.)—The Batista radio today broadcast a communique from Singapore that declared British troops still are holding out in Sarawak, and that the British have inflicted heavy losses on the Japanese.

WASHINGTON, Dec. 22 (U.P.)—President Roosevelt today continued preliminary conferences for joint planning of action among the allied forces against the axis, the White House announced.

Secretary Stephen T. Early said the conference today was the first of a series of meetings with the British ambassador, Lord Halifax, were in line with the White House statement Saturday which said liaison between British and American military missions in Washington and London would continue "until the joint planning for unity of action can be extended to Russia, China, the Netherlands and other governments engaged in the common cause of defeating the axis."

Early said today's meetings were "preliminary" and that he was planning for unity of allied action was concerned, indicating more important meetings were to come.

Early said he did not know whether the President talks with the three diplomats would overlap but that the conferences had been scheduled separately.

Plans Under Way Following frequent reports that a supreme allied conference would be set up to coordinate conduct of the war against the axis nations on a world-wide basis, the White House announced today the work-end had stepped toward the objective of unified action were "under way."

Bond Selling Booms at Uncle Sam's Yule Party

WASHINGTON, Dec. 22 (U.P.)—The navy announced today that the steamship Lahaina was sunk by an enemy submarine on Dec. 11 while en route to San Francisco and that the steamship Samoa was attacked by a submarine off the coast of California on the night of Dec. 20.

Thirty survivors of the Lahaina were landed at Kahului on the island of Maui in the Hawaiian group. These attacks were reported in navy department communique No. 15, the text follows:

"Atlantic theater—There are no new developments to report. All other theatres—The S. S. Samoa was attacked by an unknown submarine off the coast of California during the night of Dec. 20. The attack was made at close range, and consisted of gunfire followed by discharge of a torpedo. All aboard missed their mark. The torpedo exploded in the vicinity of the ship. There were no casualties or damage to the Samoa.

"Central Pacific—30 survivors of the S. S. Lahaina have landed at Kahului on the island of Maui. The Lahaina was shelled and sunk by an enemy submarine on Dec. 11 while en route to San Francisco. Two of the crew are dead and two are missing.

Midway Quiet "There has been no enemy activity in the vicinity of Midway island recently. The enemy failed to show from what port Lahaina was en route, but it was believed the sinking occurred in the region of the Hawaiian Islands. The attack on the Lahaina occurred four days after the Japanese attacked Pearl Harbor.

The submarine that sank the Lahaina has intensified their activities off the west coast of the United States.

Fierce Conflict Reported Raging Over Luzon Area

MANILA, Dec. 22 (U.P.)—American battle forces, including the first tank units to see action against Japan, "more than held their own" tonight against a major Japanese attack launched "in great force" against Lingayen gulf, 135 miles north of Manila.

Gen. Douglas MacArthur reported that American and Philippine troops, backed up by the heavy guns of the coastal defense works, smashed Japanese landing attempts at one point and "more than held their own" in a day of fierce combat.

The Japanese used well equipped American and Filipino troops under the command of a seasoned commander, Maj. Gen. William M. Wainwright, former commander of the Philippines division.

The war department communique later in Washington estimated the strength of the Japanese expeditionary force on Lingayen gulf at 80,000 to 100,000.

The Japanese drive for the Philippines was believed tonight to be underway.

Despite indications that the Japanese have suffered heavy losses, they were reported pressing their assault on the Lingayen shores with vigor.

Japanese tanks have been spotted ashore at some points, the official communique indicated, and have been seen in battle. American tanks in the first United States-Philippine combat of the war.

And it is possible too, so say that far in the German rear the Russian parachute corps, long held in reserve, is now in action.

For the second time within a week American and British correspondents have been brought to the battle field, to find the front widening and the Germans being pushed back.

We came out from Moscow along the main Leningrad highway. From the village of Aseratay, 25 miles north of the capital, through Kirov, recaptured Dec. 14, and on for 50 miles to the west we found our path cut through a dense forest of German military equipment.

FDR Confers On Plans for Allied Unity

WASHINGTON, Dec. 22 (U.P.)—President Roosevelt today continued preliminary conferences for joint planning of action among the allied forces against the axis, the White House announced.

Roosevelt scheduled these separate conferences this morning with Soviet Ambassador Maxim Litvinov, Chinese Ambassador Ho Shih, and Netherlands Minister A. L. Liodon.

Secretary Stephen T. Early said the conference today was the first of a series of meetings with the British ambassador, Lord Halifax, were in line with the White House statement Saturday which said liaison between British and American military missions in Washington and London would continue "until the joint planning for unity of action can be extended to Russia, China, the Netherlands and other governments engaged in the common cause of defeating the axis."

YULE GIFT SPUDS GO TO 33 STATES

More than 2,000 pounds of gift-wrapped Idaho potatoes have been sent from Twin Falls to 33 of the nation's states, the Idaho Potato Commission and Professional Women's club, sponsors of the sale, announced today.

Wide distribution of shipments indicates the "universal appeal" of the Idaho spud, according to the sponsors, some of the 150 packages of the potatoes point to areas as wide as Massachusetts and Florida, New York and Texas.

Local merchants have cooperated by taking orders for the potatoes and displaying the B. P. W. posters urging residents to send the gift-wrapped spuds, designated as "the ideal family gift."

Also cooperating with the Business and Professional Women's club are the Beta Gamma club members and their sponsor, Mrs. A. L. Schureman, who are collecting orders and seeing that they are promptly turned in for shipment.

One Twin Falls patron is running free of charge until Christmas, an sliding yule log to send the potatoes as Christmas gifts. The yule log, being directed by Mrs. C. A. Stevens, chairman of the local committee of the B. P. W. club.

With final plans drafted for registration of blood donors in this region, call went out this afternoon to all Junior Chamber of Commerce members to complete their own registration in the first two days of the latest defense movement.

Jaycees Called to Sign Early in Blood Project

Volunteer women helpers who will handle the registration were asked to meet at 9:15 p. m. today to receive instructions.

Setup of prospective blood donors will be under way Tuesday at the Chamber of Commerce registration station at the Chamber of Commerce, and all men and women of the general Twin Falls service have been urged to stand ready to donate in case of an emergency.

At a special meeting this noon at Bigley's, the Jaycee directors called on the membership of their own organization to volunteer Tuesday at the Chamber of Commerce registration station.

GERMANS START SEVENTH MONTH OF RED BATTLE

By HENRY SHAPIRO WITH THE RED ARMY ON THE CENTRAL MOSCOW FRONT, Dec. 22 (U.P.)—Adolf Hitler's "six weeks" on Russia reached the end of its first six months today.

The Russians are advancing at from 10 to 12 1/2 miles a day over a vast, horrible jumble of German bodies, German tanks, German anti-aircraft guns, German aircraft, strewn back for 90 miles to Moscow.

Based Russian forces are rolling forward irresistibly along the entire battle line. Russian tank and cavalry forces are slashing into the German ranks, shelling in distant from the woods to surround and wipe out German troops.

And it is possible too, so say that far in the German rear the Russian parachute corps, long held in reserve, is now in action.

For the second time within a week American and British correspondents have been brought to the battle field, to find the front widening and the Germans being pushed back.

We came out from Moscow along the main Leningrad highway. From the village of Aseratay, 25 miles north of the capital, through Kirov, recaptured Dec. 14, and on for 50 miles to the west we found our path cut through a dense forest of German military equipment.

Half buried in the snow lie 70-ton German tanks, great motor transport trucks, files of all calibers. They clutter the roads and ditches and line the fringes of the woods. In one small village, Pavlovsk, east of Kirov, I counted 123 vehicles.

Lieutenant Gen. Vasily Kuznetsov told me at his staff headquarters that others had purchased some \$50 in defense savings stamps which they will save and apply to purchase of bonds at later dates.

It was the local way of saying "Merry Christmas" to Uncle Sam because in Twin Falls it was "Uncle Sam's Christmas Party."

The initial sale of the bonds and stamps up until early afternoon was above expectations, according to R. W. Walton, retail merchant chairman of the local defense drive committee, county chairman of the campaign, excepting for Buhl and Casland where individual drives are being staged.

Bond sales were particularly heavy this morning at both local banks and there were persons waiting outside to get in when the bank doors opened. Officials of both institutions estimated that a total of \$11,000 in bonds had been purchased up until 1:30 p. m. In another instance \$1,270 in bonds were sold in a "stamp booth" and other individual bonds were purchased over the city in stores where the "banks" have been located.

DAIRY CLEAN-UP TO START JAN. 1

BOISE, Dec. 22 (U.P.)—Dr. E. L. Berry, state director of public health, said today the voluntary "clean-up program" of Idaho's dairy industry will be launched Jan. 1.

Six inspectors of the state health department will make the rounds of creameries and establish clean milk routes for the 22,000 dairies in the state. Berry said milk processors had agreed to assess themselves right this side of a mill per pound of butterfat to defray expense of the program.

The increase in speed boosts the telegrams to 80 words per minute, another Evening Times service to readers is assured today being operation of higher speed United Press teletype machines.

The stores will remain open until 9 p. m. today and until the same hour Wednesday. The establishments in Christmas eve, the establishments will be open until 7 p. m.

Merchants reported that Yule business has been making and the overtime hours are expected to find most establishments thronged. The Wednesday closing at 7 p. m. gives shoppers one hour beyond regulation time but will still allow store workers to spend the bulk of Christmas eve at home.

teer women are needed to help with the registration. Mrs. George Detweiler, chairman of that work, urged Jaycees wives and other women of the community to attend a brief meeting at the C. C. at 8:15 p. m. today. Dr. H. L. Stowe, hospital medical staff chairman for the blood donation project, will explain registration duties to the women volunteers.

Blood donors will be assigned an appointment at the hospital or health unit, at their own convenience, for "typing" of their blood and taking of a Wassermann test. There is no charge involved.

Today's session of Jaycee directors approved set-up of a general defense committee to direct all Junior Chamber activities along that line. Membership of the committee includes President Loyd J. Perry, George Detweiler, Alton Young, Ray Robbins and Robert H. Warner.

The blood donation project, as first move of the defense committee, received unanimous approval. Directors also discussed other projects which are being turned over to the defense group.

Secretary Harold Lackey was instructed to call all committee heads, requesting them to direct all committee members register during the first two days so the Jaycee membership can be cleared by Wednesday night.

### IDAHO BLACKOUT IS "SUCCESSFUL"

BOISE, Dec. 22 (UP)—Civilian defense officials today began correcting "bugs" in air raid precautions systems after the first rehearsal test blackout was staged in southwestern Idaho and eastern Oregon.

The 15-minute test blackout, preceded by a week of preparations, was declared a "splendid success" by Homer Hudson, general chairman of air raid precautions.

Simultaneously, air raid alarms sounded in many communities from Glenn Ferry, 72 miles southeast of here, to Wells, Ore., 15 miles to the northwest. Farmers and city-dwellers alike cut off their lights as a result of the test.

Whistles were also sounded to sound the alarm but many residents reported they could not hear the outdoor signals.

An airplane circled overhead throughout the blackout but it was only a U. S. army bomber with a crew of civilian and military observers. They circled the area and said the lights went out in the region in almost an instant.

Police reported there were no traffic accidents or damage as a result of the blackout. Officers prevented a crowd from smashing the lighted window in a Boise store before a former employee pulled the master switch.

Air raid officials said another test blackout may be called and thereafter alarms may be sounded without warning.

#### URGES HELP FOR MAN WHO SEEKS DEFENSE WORK

Editor, Times:

I have a son in his twenties who has a wife and child, who wants to enter the defense work in California. He is a good mechanic, good clean honest man, and a good worker, but he is unable to take his family there and care for them until he is his own again.

I have heard of so many others in same trouble. Seems to me by keeping our boys out of the defense we are helping the enemy and are as disloyal as a traitor. How do the rest of you readers feel about it? We have plenty of good security.

Will not some good American come to his aid at once? Investigate and loan him the money, and we will start good for it. He wants to do his duty the same as every other loyal American.

I will sign myself as below but my name is on file with the Idaho Evening Times.

### Army Compiles List of Mules On West Coast

SAN MATEO, Calif., Dec. 22 (UP)—If you are a mule between the ages of three and 10 years, you can serve your country by joining the army.

Col. P. W. Koester, in charge of the war department's western remount area, announced today he was registering all horses and mules in California, Oregon, Washington and Nevada as a most desirable step in our defense preparations. He emphasized the army is not planning to draft animals at present. They will be purchased as needed.

Col. Koester asked horse and mule owners in the west to list with his county agent his information of each such animal: Age, sex, color, whether riding or draft type; whether broken or unbroken, and whether it is necessary for the owner's use.

### PEARL HARBOR ATTACK RATED TOP NEWS STORY

NEW YORK, Dec. 22 (UP)—The destruction of the legend that the Germans are invincible in land fighting was placed high today on the list of the 10 biggest news stories of 1941 selected by editors of the United Press.

In making the selection the editors took into consideration the military significance of the attack on the Hawaiian Islands and its heartening effect on the peoples of occupied Europe.

All the 10 stories dealt with some phase of the world war.

1. The attack on Pearl harbor and America's entrance into the war.
2. Destruction of the legend that the Germans are invincible on land as shown by the Russian successes after the Nazi drive to the gates of Moscow.
3. The United States' "all out short of war" program, including the lend-lease bill, the selective service law, repeal of the neutrality act, and defense production with attendant strikes and labor troubles.
4. Rudolf Hess' flight to England.
5. The meeting at sea between President Roosevelt and Prime Minister Churchill to draft the Atlantic charter.
6. American occupation of Iceland and the loss of U. S. warships that are attempting to keep the sea lanes open to that outpost.
7. The battle of Labya.
8. The battle of Crete, involving the first use of air-borne troops and climaxing the Nazi invasion of the Balkans.
9. The "V for Victory" campaign and the rising tide of unrest in occupied Europe.
10. The Hood-Bismarck battle.

### PLANE IS FORCED DOWN IN ALASKA

FAIRBANKS, Alaska, Dec. 22 (UP)—Efforts were underway today to rescue three men reported missing in a plane forced down Thursday by ice on its landing gear on a narrow frozen lake 300 miles northwest of Fairbanks.

The missing plane, on which were Pilot Archie Ferguson of Kotzebue, Dr. David Boehm of Fairbanks and Norman Anthony of Kotzebue, was sighted by Maurice King, flying a searching plane from Fairbanks.

King said he was unable to land because of the narrow lake. He said he would attempt to find a landing place nearby but that if none were found he would instruct the three men to walk 10 miles to a larger lake where a ski landing would be easy. Ferguson had radioed earlier his plane was damaged in the landing but that he and his two companions were not injured.

### STATUS OF ROAD WORK UNCERTAIN

Status of road work for 1942 in the Twin Falls highway district was clouded with "war doubts" today, but J. D. Simma, district engineer, said that the district will go ahead with its share.

The doubt comes from the state bureau of highways which, under the conditions, does not know how much money or materials will be available for its share of the work.

However, Gov. Chase A. Clark has informed Simma that "if we do our work in 1942 the Twin Falls highway district will receive favorable consideration."

Under the plan worked out before the war broke out the state was to furnish the balance of a \$136,412 program for 1942 in this district. That made the state's share \$52,492.

At a session Saturday afternoon members of the district board of directors approved work done by the Hoops Construction company on 27 miles of roadway. The improvement work started on Oct. 20.

### Approval Given To Street Work

Information had been received here today that presidential approval had been given a WPA project in Twin Falls calling for an expenditure of \$56,424 to improve streets and alleys in Twin Falls.

Under the plan, the WPA will provide for \$22,224 of that amount. City's share, mainly in materials, will come to \$34,202.

The improvement will include cleaning of streets, construction of concrete sidewalks and curbs and installation of a water main.

### Japanese Report New Isle Landings

BERLIN, Dec. 22 (UP)—German official broadcast reported by United Press in New York—Radio Berlin reported from Tokyo today that Japanese troops had made successful landings 160 miles north of Manila.

This apparently would fix the "new landings" which Tokyo claimed off the west coast of Luzon island between Vigan and the gulf of Lingayen.

### WARNING ISSUED ON TIRE SELLING

SALT LAKE CITY, Dec. 22 (AP)—Intermountain tire dealers were warned today that deliveries of new passenger car or truck tires now even if they're sold for—constitutes a violation of the federal ban on tire sales.

The warning came from Ralph E. Bristol, district manager of the OPM priorities field service, who issued it to "clear confusion in the tire situation."

Bristol said no tires are to be sold under any circumstances unless the purchaser has a priority rating of 3 or better. He said that no deliveries are to be made at all by dealers, regardless of whether the tires have already purchased for cash, on the installment plan or the so-called lay-away plan.

He also warned that exchanges of one set of tires for another are illegal under the federal ban.

At the same time, the state department recently reported that 29 county chairmen will be appointed by Jan. 2 to administer the proposed rubber rationing program. By the time the sales are permitted again—Jan. 7—a committee will have been appointed to work with them.

### Action Completed On Sugar Measure

WASHINGTON, Dec. 22 (AP)—Congress late Friday completed legislative action on a bill extending the life of the sugar act for three years and sent the measure to the White House.

Final action came on a voice vote after defeat of an amendment sponsored by Sen. Claude Pepper, D. Fla., to provide for post-war quota allotments to new producers.

The senate measure, a substitute for the house version, increases benefit payments from 80 to 80 cents per 100 pounds for beet and cane producers whose output is less than 350 tons.

The bill continues present processing taxes and benefit payments.

### New Grandson for Chief Executive

PHILADELPHIA, Dec. 22 (AP)—Mrs. Franklin D. Roosevelt, Jr., and her one-day-old son were reported "doing splendidly" at Lying-in hospital today.

The eight-pound, three ounce grandson to the President, his 11th grandchild, was born shortly before noon yesterday.

The father, Ensign Franklin D. Roosevelt, Jr., was somewhere on the Atlantic when his second son was born. He had been on sea duty aboard the Destroyer Mayrant since April 3.

### PETITION SEEKS PENSION OF \$40

BOISE, Dec. 22 (Special)—An initiative petition to furnish \$40-per-month pensions to Idaho aged was re-filed with Secretary of State George H. Curtis today after the original proposal had been withdrawn for corrections.

Two minor changes were made in the new measure to revise definitions of income and revenue. The major revision in the new measure was to limit medical aid to an average of \$8 per month for each pensioner.

### Retiring Staff Of OES Honored

JEROME, Dec. 22 (Special)—Mrs. Eva H. Smith, retiring worthy matron, and Louis J. Anderson, retiring worthy patron of the Northern Star chapter of Jerome, formally concluded their year of service in the Eastern star Dec. 18 with an impressive floral obligation ceremony, at the Masonic hall.

Each of her officers was presented a message by Mrs. Smith. She was assisted by her daughter, Mrs. Pearl Bartholomew.

Prior to the installation, in which the key of love ceremony was employed, regular chapter session was conducted.

Installation of new officers was conducted with Mrs. Eva H. Smith acting as installing officer, assisted by Mrs. Violet E. Francon.

Staff installed: Newly installed officers were Mrs. Virginia Atkinson, worthy matron; H. E. Harry, worthy patron; Mary Smith, associate matron; Archie Sinclair, associate patron; Anna Mae Hatzacker, conductress; Kitty Mariborn, associate conductress; Edna Davis, secretary, and Hannah High, treasurer.

Five little girls also participated in the key of love ceremony. Florence Masland, Ines Burkhalter, Patsy Albertson, Donna Lee Bartholomew, and Elizabeth Smith.

Each child was presented with a corsage from the chapter, the presentation being made to them as they were candles to the front of the hall.

Mrs. Edna Davis sang "Onward Worthy Matron" and Mrs. Marie Smith, representing "the new year," came forth to present Mrs. Albertson, the new worthy matron, with a corsage which contained the key of love.

Representing the old year, Mrs. Kitty Mariborn presented a corsage containing the key of beautiful appreciation, to Mrs. Smith.

"The End of a Busy Year" was sung by Mrs. Davis, followed by the acceptance address made by Mrs. Albertson.

Pin to Mrs. Smith. A past matron's pin was then presented to Mrs. Smith by Mrs. Violet Francon, with Mrs. Smith giving appropriate response.

An arm bouquet of chrysanthemums was presented to Mrs. Albertson from her family, and from her sister, Mrs. Henry Egels.

Louis J. Anderson as retiring worthy patron, was presented a gift from the chapter by Mrs. Mariborn.

Following the ceremony, a luncheon was served by the following committee in charge: Mrs. Leona Smith, Mrs. Louis Williamson, Mrs. Maude McConnell, Mrs. Ines Francon and Miss Phyllis Handy.

Mayer-Graff Wedding MURTAUGH, Dec. 22 (Special)—Mr. and Mrs. M. A. Graff, Murtaugh, today announced the marriage of their daughter, Miss Daisy Graff, to Clifford Mayer, at Hazelton, Dec. 17. Rev. Charles Hawley officiated.

### REGULATIONS SET FOR EMERGENCY

WASHINGTON, Dec. 22 (AP)—Civilian Defense Director F. H. Ladd today listed the following rules and practices to be followed by civilians during the war emergency:

1. Don't question air raid alarms as they are always given at the command of the army.
2. General rules issued from OGD headquarters must be modified to meet local conditions. Warnings given in some areas are inadequate in others.
3. Everyone must give unequalled support to the OGD program to prevent panic "which is our greatest enemy."
4. Air raid wardens must be trained every day or night to make them familiar with actual alarms.

### Elmore Teachers Talk Patriotism

GLENN FERRY, Dec. 22 (Special)—The December meeting of the Elmore County Teachers' association was held here Monday night.

One objective discussed was the stressing of patriotism and problems of teaching. Miss Kathryn Laub, Hammett, spoke on "The School Endeavor Funds".

Delegates to the state teachers' meeting to be held in Boise in the spring were elected. They are K. D. Redford and Howard Brunas as delegates, and Miss Laub, alternate.

### SCHOLARSHIP TO HELEN KORNER

GOODING, Dec. 22 (Special)—Miss Helen Korner, Gooding, daughter of Mr. and Mrs. Kohn Korner has been chosen as this year's winner of the Carl Johnson, Gray, Union Pacific scholarship from Gooding county. The winner is selected on the basis of outstanding work in 4-H club projects and activities, also scholastic standing and general leadership ability.

The amount of the scholarship is \$100, with \$50 to be paid at the time the winner enrolls for her first semester of work at the University of Idaho, preparatory to completing a two-year home economics course and the second \$50 to be given when she enrolls for the second semester.

Miss Korner has been an outstanding 4-H club member for seven years, completing eight projects and having been leader of a group each of the past two years. She has been on several judging teams and demonstration teams and has received A or B rating on all of her project work. In 1941 she won the girl's record contest for the county.

In addition to 4-H club activities Miss Korner is one of the two first vice winners of Gooding. She has been active in Scout work during the last five years and in the fall attained the rank of first class Scout. She is a member of the high school band, playing the clarinet in that group.

### Cantata Offered By LDS at Buhl

BUHL, Dec. 22 (Special)—A choir of 42 voices presented a Christmas cantata entitled "The Messiah's Coming" at the Buhl L. D. S. church, Sunday, under the direction of H. C. Papenfuss, assisted by Clifford Hammond, Mrs. Wilda Carlson and Mrs. Patsy Cox as organists.

Soloists were Mrs. Mary Johnson, Mrs. Rosemary Poulter and Beth Dunn. A tenor and bass duet were sung by C. C. Stallings and Clifford Hammond. A soprano and contralto duet was given by Miss Louise Wright and Miss Rae Wright. A quartet number was given by Mrs. Rosemary Poulter, Mrs. Beulah Raife, Edson Wood and Francis Egbert. Four chorus numbers comprised the balance of the program.

### Room Mothers Will Distribute Baskets

Roll room mothers of Twin Falls junior high school, assisted by Mrs. Milo Cook, membership chairman, will deliver on Dec. 24 Christmas baskets filled by students. Twenty-six rooms participated in the Christmas project, and many of these filled two baskets.

Baskets and contents, appropriately decorated in Christmas colors, and containing greeting cards, will go to deserving families with children in the junior high school.

# Grange Cleanings

By A. HARVESTER

**CEGAR DRAW**  
 Cedar Draw met with a good attendance and four officers, Mr. and Mrs. Eric Jones and Mr. and Mrs. George Baxter. Four new members were given the degrees in making them members of Cedar Draw Grange. Mr. and Mrs. J. W. Worland and Mr. and Mrs. William B. Stone.

Election of officers was held and resulted as follows: Master, J. T. Creed; overseer, L. C. Cobb; lecturer, Fred Blens; steward, Frank Popalini; assistant steward, Lee Coblanic; chaplain, Mrs. L. Holman; treasurer, Mrs. G. Cobb; secretary, Mrs. L. T. Creed; gate keeper, Billy Zink; Ceres, Mrs. Kathleen Stone; Pomona, Mrs. Emma Blens; Flora, Mrs. Pannie Zink; lady assistant steward, Mrs. Flossie Coblanic; executive committee members, three years, Raymond Coblanic.

The charter was draped for Elmer Popalini, the first member to die in 19 years. It was voted to invite Northview to install officers with Cedar Draw, at the next meeting of Cedar Draw school house.

Pie was the chief part of the refreshments, and a social hour followed the lunch. Pomona Master Eric Jones administered the obligations to the new members.

**DEEP CREEK**  
 Deep Creek Grange also met with a good attendance. Grange cooperation and the war among them. This Grange is considering purchase of a new building but action was delayed until a more representative group is present. Next meeting will be held at the Richard McKee home, Dec. 26. Mrs. Shirner is still ill at her home. Many of the Grangers were unable to get to Grange because of slippery roads.

**DEFENSE BONDS**  
 Have you Grangers done anything about that defense bond you ought to buy? Think the young Grangers in the United States should buy as many bonds as it can spare the money for.

And say, won't you Grangers and everyone else be just as careful on the highways as you can so we may have as few accidents as possible? It is very likely there will be troop movements on the main highways, and more or less congestion is probable, so let's all use prudence and caution. There will be enough of address among us Grangers now. Fairview having its Christmas tree Friday night with treats for the children from one year on up to my age.

## BOMBER MAKES CRASH LANDING

**SAN DIEGO, Calif., Dec. 20 (UP)—**Four military "Liberator" bombers made a successful crash landing on Lindbergh field shortly after dawn today after losing a wheel during a night flight from Tucson, Ariz., and being forced to remain aloft all night.

Army officials said none of the crew members was injured in the landing.

The huge craft, a B-24 Consolidated bomber, circled the field for several hours, exhausting its gas supply and waiting down before attempting to come down.

Police and navy ambulances were summoned and two fire trucks from the San Diego fire department stood by as the pilot brought the heavy ship in for a belly landing.

The pilot set the craft down gently, tail first. After skidding some 200 feet on its belly the bomber came to rest in a cloud of dust and slowly tipped over to the left, coming to a full halt with the left wing raised. Army officials said "several" men had bailed out by parachute over Muroc dry lake, 150 miles north and east of here, when it was known that an emergency landing was necessary.

## Fund to Buy Airplanes Is Given Start

**HOLLYWOOD, Dec. 22 (UP)—**Pat O'Brien, Rosalind Russell and Billy Wilder have organized a "penny plan" fund—all 1,500 employees of Columbia Pictures kick in a penny a week for every axis plane our fleet knock down—it was learned today.

The idea came from Harry Adams of Marshall, Tex., and the movie stars gave it a start. They hope it will become nationwide in every industry to inspire American airmen.

O'Brien, Adams, O'Brien said.

"This penny a plane fund is one of the most inspirational defense fund drives I have seen," said Mrs. E. P. Browning was installed as pianist.

**About Asters**  
 The aster is a composite flower. Its blossom is made up of clusters of small blooms, organized into groups, so they may be a greater attraction to bees.

**HAVE YOU FORGOTTEN ANYONE?**  
 Buy Christmas Seals

James, Mrs. Lawrence Biel, Mrs. Glen Briggs and Mrs. Claude Lebia alone there are 1,500 employees who will be asked to donate a penny for every axis plane shot down by American aviators.

"Starting with this figure alone you can realize the enormity of the campaign when it spreads across the country. This will be a snowball that will become an avalanche of pennies in every city and hamlet."

Proceeds of the fund would be used for the purchase of fighter planes for the army and navy.

## Morris Quits Game Job for Federal Post

**BOISE, Ida., Dec. 22 (UP)—**The Idaho fish and game commission will convene Jan. 10 to consider a successor for Owen W. Morris, state fish and game director who resigned effective Jan. 15, George W. Grebe, commission secretary, said today.

Morris resigned to take a post with the U. S. fish and wildlife service as district agent for Wyoming. He will report for work at Cheyenne on Jan. 15.

Resignation of Morris, who took over the job of game director in 1939, had been expected for some time. He had been with the federal game agency for eight years before appointment to the state position. His resignation was accepted by Grebe and Walter Pisco, Potlatch, north Idaho game commissioner.

## BRITISH IN HONG KONG HOLD OUT

**LONDON, Dec. 22 (UP)—**A British military commentator said today, that according to the latest information, the beleaguered imperial garrison at Hong Kong still was holding out against a vicious Japanese offensive.

The commentator based his report upon information at 3:30 p. m. (7:30 a. m. MST).

The colonial office announced that a Hong Kong communiqué, issued late Sunday, said "The garrison has been very active all day and is being held."

## Measuring Earth's Crust

Scientists, in measuring the thickness of a star from the earth, it from two points 100,000 miles apart. The earth's crust has a diameter of 100,000 miles, so scientists place the position of a star, that wait six months until the earth is at the opposite side of the orbit, then plot it again.

Extra Pay Ordered For Women Workers

SAN FRANCISCO, Dec. 22 (UP)—The California industrial welfare commission, despite protests of the aircraft industry, today was on record as refusing to cancel a regulation providing women must be paid time and a half overtime for work between 11 p. m. and 6 a. m.

2 Pilots Die in Crash of Planes

RIVERSIDE, Calif., Dec. 22 (UP)—The fourth Interceptor command was informed today that two army airplanes had crashed in San Diego bay, apparently killing both pilots.

Manufacturers need female employees.

Aircraft industry representatives told the commission they planned to employ 10,000 women in the near future. They said they could not afford to pay time and a half wages to that number of women.

The regulation was regarded by aircraft industry spokesmen as giving women workers unnecessary privileges at a time when airplane manufacturers need female employees.

AGENCIES MOVED OUT OF CAPITAL

WASHINGTON, Dec. 22 (UP)—Removal of additional government agencies from Washington to other cities was considered probable today, following President Roosevelt's order that 12 federal offices be moved from the capital to provide space for war workers.

Budget Director Harold D. Smith is surveying all government departments to determine if they can function efficiently outside Washington.

The transfers and employees involved: Patent office, 1,400, to New York. Rural electrification administration, 1,100, and farm security administration, 900, to St. Louis.

Fish and wildlife service, 375; national park service, 175; office of Indian affairs, 300; employees' compensation commission, 500, and railroad retirement board, 1,600, to Chicago.

Securities and exchange commission, 1,400; bureau of old-age and survivors insurance of the social security board, 1,700; and the alien registration, certification, and the research and education divisions of the immigration and naturalization service, 500, to Philadelphia.

Wage and hour division and part of the office of the solicitor of the labor department, 545, to Pittsburgh.

The home owners loan corporation previously was moved to New York and three other groups of federal employees to other cities. The total of employees transferred outside Washington so far exceeded 11,000.

The transfers now in progress are expected to be completed within '30 or 60 days.

# NAVY PRESSES SEARCH FOR ENEMY SUBS OFF WEST COAST

## 2 AMERICAN OIL SHIPS ATTACKED NEAR SHORELINE

SAN FRANCISCO, Dec. 22 (UP)—The navy pressed today with every facility at its command—air, surface and underwater craft—a relentless hunt for the enemy submarines which dared to attack American shipping within 20 miles of the California coast.

The 4912-ton General Petroleum company tanker Emidio was shelled and torpedoed Saturday 20 miles off Cape Mendocino, 300 miles north of San Francisco, within an hour after the 6,771-ton tanker Agawicord of the Richmond Oil company, 80 miles south of San Francisco, was confirmed reports of an attack on the tanker.

The Emidio was damaged severely and the crew took to life boats, three of which were sunk by the submarine.

**Crew Description**

A brief navy communique said the Emidio had a crew of 84 of which 22 were missing, but west coast shipping experts said no tanker operating out of Pacific ports carried that large a crew, that the usual complement of a ship the Emidio's size was 37. General Petroleum said only five were missing from the Emidio.

The navy made no announcement of what it was doing to track down the submarine, which it presumed was Japanese. Likewise there were no indications what steps it might be contemplating to protect its coast-wide shipping which has been operating without convoy. But in Washington, Secretary of the Navy Frank Knox said "Our tank forces have already effectively dealt with several Japanese submarines."

Guarded by the navy were details of the fate of the Emidio. The last official report was from the coast guard that she was sighted nine miles north of Cape Mendocino "riding low in the water." It was believed she was in low en route to an undetermined port.

**All Shells Miss**

Eight shells were fired at the Agawicord but all missed, Captain F. B. Conclaves attributed his ship's escape to the heavy seas which "made the Japs aim a little too high."

"If we had a gun," he said, "there might have been one less submarine. All we had were two pistols."

"The submarine appeared suddenly out of the twilight at 7:15 p. m. Saturday. She was 500 yards to the west of us. She let go at once with four shots from her deck gun—long 18-inch. These shots were fired from the almost point-blank range of 500 yards. They missed because of the heavy seas."

"She fired four more shots but they were pretty wild. The first shot, however, was a dud. It splashed water on our deck."

## "Lost" British Column Sweeps 150 Miles Into Tripolitania

By WALTER COLLINS

CAIRO, Dec. 22 (UP)—A British "lost" column has swept 150 miles into Tripolitania, the greatest advance in two years of African fighting, while mobile units pressed forward rapidly for a final onslaught on Benghazi, a communique said today.

The advance apparently had been made by the "lost" column which had not been heard from for weeks. The column had cut westward, south of the coastal advance, and moved rapidly, using American-made equipment.

The communique made no specification of the point reached by the column. The farthest advance yet made by the British was when a unit under Gen. Sir Archibald Wavell reached Agadabia, 715 miles south of Benghazi, in the last British offensive before the fall of Greece.

**Surprise Attack**

The "lost" column was said to have opened a surprise attack upon an enemy airbase and forced it into submission.

"No less than 24 German and Italian aircraft were destroyed on the ground, and bombs demolished the entire airbase, which contained the raiders six to one," the communique said.

In the north, meanwhile, British

mobile columns were moving in for the attack on Benghazi, main axis base on the coast to which reinforcements and equipment had been shipped after the fall of Crete.

The momentum of the British sweep indicated the African imperial forces were determined to push westward to Tripoli and wipe out the last remnants of the axis forces in Libya.

**Benghazi Push**

The push on Benghazi, general headquarters said, was through and south of the rebel el Achdat area in northwestern Cyrenaica. The British pressed back axis forces holding covering positions east of Benghazi, the fall of which appeared to be a matter of days.

Adverse weather conditions hampered operations on both sides, particularly in the air.

"Nevertheless, our air forces again reaped a rich reward from extensive action against concentrations of enemy mechanical transports on roads and tracks along the seaboard," it said.

## ANOTHER "WAR"

LONDON, Dec. 22 (UP)—Netherlands declared war against Italy today.

(From Paris Des)

Hitler said the statement caused a sensation in Rome.

A Turkish report from Hungarian sources that practically all Hungarian troops on the eastern front had returned home, withdrawn because they had inadequate winter equipment and were suffering serious illnesses.

## Finn Reports

Reports that Swedish volunteers in Finland's army were almost all back home.

Reports that the Germans were leaving Finland to its fate.

A United Press Malta dispatch which said it was believed there that axis troops were filtering into French north Africa, that German war planes were being based there, and that axis troops were being sent to Tunisia and then relayed along the coast in small craft to Libya because the British navy had almost closed the Italy-Tripoli route.

A high diplomatic personality at Ankara was quoted by the United Press, Cairo correspondent as emphasizing the possibility if not the probability of a German winter thrust through Spain and Spanish Morocco and French north Africa.

The French high commissioner to Tunisia and Morocco arrived at Vichy yesterday for conference, a United Press Vichy dispatch disclosed.

A United Press Stockholm dispatch quoted Berlin dispatches as forecasting the removal of Field Marshal Wilhelm Keitel, chief of the German high command; Gen. Alfred Jodl, chief of operations of the high command, who is usually at Hitler's headquarters, and Gen. Franz Halder, chief of staff of the high command.

## Official Announcements

Berlin dispatches said today's morning newspapers carried an official announcement of Brauchitsch's dismissal in small type under a one-column headline. Hitler's order of the day to his troops, exhorting them to hold fast, was given great prominence.

British commentators saw the Russian military situation as direct-

## Flier Tells of Japs Shooting Own Soldiers

MANILA, Dec. 22 (UP)—Lieut. Grant M. Mahoney, Valjeo, Calif., returned today from a flight over southeastern Luzon with a story of how Japanese pilots strafed their own ground troops in their eagerness to open fire on him.

Mahoney, one of 12 heroes cited last week for distinguished service crosses, was flying over Legaspi at 12,000 feet when he encountered two Japanese pursuit planes.

Suddenly his guns jammed, so he dived low with the Japanese on his tail. Mahoney was hitless in the face of heavy machine gun fire, but he suddenly observed that the Japanese were mistaking his plane and strafing their own troops.

He put his ship into a sharp climb, then drew the Japanese ships behind him again. This time Mahoney swooped over Japanese ground troops and again the enemy planes poured machine gun fire into their own men.

After circling Mount Mayon, the Japanese planes fell behind and Mahoney returned safely to his own base.

Above is the Nativity scene, part of the exhibit, 17 by 25 feet long, which includes about 18 replicas of buildings on the hillside. The scene depicts Mary and Joseph with the Christ child, born in a cave because there was no room at the inn. The Nativity scene will be moved to St. Edward's Catholic church for the midnight mass Christmas eve. It has attracted considerable interest, according to Mrs. Theodore J. Gockner, state educational chairman of the Idaho Council of Catholic Women.

## June Bartmess, W. Roberts Wed

Buhl, Dec. 22 (Special)—Miss June Bartmess, daughter of Mr. and Mrs. Guy Bartmess, became the bride of William Roberts, son of Mrs. Emily Roberts, at a pretty candlelight service at the home of the bride's parents, Wednesday at 8 p. m. Rev. J. A. Howard, pastor of the Presbyterian church, officiated at the single ring ceremony.

Members of the bridal party took

their place in front of a lighted Christmas tree on either side of which were placed two floor baskets of pink snapdragons. Lighted tapers throughout the room furnished the only additional light.

The bride wore a blue afternoon frock with black accessories and a shoulder corsage of pink carnations for her wedding.

Mrs. Albert Gabardi, as matron of honor, chose a navy blue afternoon dress with which she wore a shoulder corsage of roses.

Thane Roberts, a brother of the

bridegroom, was best man.

A reception was held immediately following the wedding. The refreshment table was graced with lace cloth and decorated with a center arrangement of pink and white carnations surrounding the two-tiered wedding cake which was ornamented with a miniature bride and bridegroom.

Mr. and Mrs. Roberts will make their home in Buhl on Eleventh street after a short trip to Salt Lake City. The bride is a graduate of Buhl high school with the class of '38.

**"Johnny,**

**where'd you GET your gun?"**

From the supply sergeant, of course. He got it from the Ordnance Department—and they got it from a factory. It's the finest Army rifle in the world.

But before one factory wheel could turn—for the first model or the finished job—there had to be power—and most of it is electric. Electric power helped put your Garand in your hands, Johnny.

It takes a tremendous lot of power to make all the guns, tanks, planes and ships we need—but America has a lot. Power reserves, built up well in advance by the business men who manage America's electric companies, have been able to meet almost every defense demand overnight.

Requirements keep increasing, of course—and the electric companies are working day and night to keep ahead of the nation's needs. In 1941, they built and installed almost 2,000,000 more horsepower in Democracy's busy arsenal!

You have the hardest part of the job, Johnny, but we're glad we can help by doing our share.

We're glad to pledge our co-operation with you, the government, and other industries—to make America so strong it can remain forever free and undefeatable.

# BEARS CRUSH GIANTS IN GRID PLAY-OFF

## 16 Members Will Leave Club to Join Armed Forces

By STEVE ENIDER  
CHICAGO, Dec. 22 (UP)—With at least half their crack personnel facing an early call to American armed forces, the fabulous Chicago Bears prepared today for their scheduled appearance as the unit that made the 7 formation famous of the 33 men who contributed to the Bears' 37 to 9 victory over the New York Giants in a brilliant defense of their National league championship indicated they would not be with the Bears next season.

They would come to pass what every club in the league has been getting for during two hectic seasons—a "breakup of the Bears." Owner Coach George Halas, who built his famous squad into deadliest offensive unit in professional football history, scrambled until the early morning hours at the league's annual draft meetings to land prospective replacements for the 10 lineman and six backs he expects to lose.

Last Appearance  
First appearance of the Bears will be in New York Jan. 12, against an all-league team selected by National league coaches and directed by Sport Steve Owen of the Giants. Owen had fair success in stopping the Bears yesterday but eventually suffered the same knockout blow of the morning hours at the draft. His Giants, in fact, were on even terms as late as midway through the third period.

Then the roof fell. Two long passes by Sid Luckman put hard-hitting Norm Stander in the position to score. Harold Gatty and Cliff Hoggan carried 67 yards with Stander plunging for the score.

Departed after these thrills the Giants made mistakes—a pass interference and a fumble—each which resulted in fourth period Bear touchdowns.

Playoff Records  
The playoff arena was an opportunity for more Bear records, nine of which already had been made during the regular season. They became the first team to win two straight titles since the playoff system went into effect in 1933. Both years three field goals tied the playoff record held by another Bear, Jack Manders. They even scored a defensive record—holding the Giants to 78 yards by passing, lowest of any playoff contender.

But the men who scored all Chicago touchdowns—Stanley (2), Ken Kavanaugh and George McAfee—are among the men who probably were facing their last league competition for the present. Other backs who soon may depart are Hugh Callahan, Young Hines, Harry Fanning and Joe Maniaci.

Linemen expecting a service call are: End—Dick Phelan; tackle—Ray Artoe, Ed Kuhn, Joe Mitchell, Joe Strychar; guards—Aldo Forte, Al Balal, Ray Bray; centers—Billy Hughes, Al Matzen.

## Only 13,341 See Bears Win Crown

CHICAGO, Dec. 22 (UP)—Among the many records the Chicago Bears contributed this season was a dubious distinction of playing before the smallest playoff crowd in history on their home field.

Only 13,341 watched the 37-9 victory over the New York Giants and from the net receipts of \$41,000.50, member of the squad received only \$20.84 compared to last year's split of \$27.90. Last year the Washington Redskins each received \$20.25 for 100,000 fans.

As losers this year the Giants each earned \$28.70. A total of \$1,563.97 went to Chicago and the western division runner-up, and \$1,564.00 to Brooklyn, eastern runner-up.

## DiMaggio Led League in Runs-Batted-In

NEW YORK, Dec. 22 (UP)—Joe DiMaggio, the big gun in the New York Yankee's hitting attack, and the most valuable player in the American league led the league in runs batted in last season, according to the official averages released today.

DiMaggio batted in 125 runs to nose out Jeff Heath of the Cleveland Indians who was the runner-up with 123. Charlie Keller, Yankee, came third with 122 and Ted Williams of the Boston Red Sox finished fourth with 100. Hank Greenberg, Detroit star who was drafted by the army, was the 1940 champion with 100 runs batted in. Jimmy Foy, Red Sox, drove in 105 runs to tie a record set by the late Lou Gehrig in driving in 100 or more runs for 13 consecutive years. Foy also tied the major league record for the most years finished fourth with 100 runs batted in, held jointly by Babe Ruth and Gehrig.

Foy, by striking out 103 times added another year to his feat of leading the league in whiffs and now holds the major league record in his department.

Williams drew the most walks, 146 in 148 games, and Dom DiMaggio, who led the league in hits, was picked by the voters as Pete Suder and Frank Hayes, Athletics, led for the dubious honor of hitting into the most double plays, each hitting into 23. Charlie Keller, Yankee, hit into the fewest double plays, only three in 146 games. The Athletics hit into the most double plays as a team, 141, and the Indians, the fewest, 94.

## Big Seven Cage Clubs Play on Both Coasts

SALT LAKE CITY, Dec. 22 (UP)—Basketball teams from the Big Seven conference were slated for games today which will take them from coast to coast.

Quintels go into the Christmas week games after the following results: Utah defeated Idaho 34-24; Wyoming defeated Montana State 30-23; Colorado defeated Oregon 35-24; and the former Brigham Young university defeated Montana State 46 to 34.

The Utah Aggies left last night for the Seattle area, where they will play the Pacific Northwest team, Wyoming, at the Atlantic seaboard, University of Utah is en route to Detroit, Mich., and Denver will remain at home for holiday games.

Following is a schedule of games to be played during the coming week by Big Seven teams:  
Tonight: University of Utah versus Wayne university at Detroit, Mich.; Utah State versus Oregon State at Baker, Ore.; Brigham Young university versus Montana State at Bozeman.

Thursday night—Utah Aggies versus Oregon College of Education at La Grande, Ore.; Brigham Young university versus Idaho Southern branch at Pocatello, Ida.

## Rice, Warmerdam Set New Track Records During 1941 Season

By PAUL SCHEFFELS  
NEW YORK, Dec. 22 (UP)—The twin giants of Greg Rice, unchanged ruler of the world's distance runners and Cornelius Warmerdam, the only 15-foot pole vaulter in history, ruled the track world in 1941.

Rice, the former Notre Dame ace now carrying the colors of the New York athletic club, won 15 races at two and three miles from January through June and broke his own indoor two-mile mark with an 8:11.1 performance on a Chicago track. This time was also better than the 8:07.2 set by world outdoor champion of 1932 set by Finland's Taisi Maki.

Warmerdam, clearing 15 feet seven inches in four meets, boosted his own record from 15 feet 11 inches to 15 feet 5 1/2 inches in a series of performances on the west coast.

Among the others, Leslie MacMillan, N. Y. U. sensation, finally came to his own. He won the NCAA, NCAA and senior AAU titles in the 15-foot pole vault of the year, a 4:07.4 which equaled the great Glenn Cunningham's competitive record. MacMillan (held) also led N. Y. U. to its first NCAA team championship and won the 15-foot pole vault and 100-yard dash for the third and final year.

Prominent among world record-breakers were Grover Klammer, University of California freshman; Les Steers, University of Oregon freshman; Archie Harris, Indiana discus thrower; Al Blass, Georgetown shot putter, and Joe McCluskey, the New York A. C.'s veteran steepchaser. Klammer broke the world record for 400-meters with a 46-second performance at Philadelphia and equaled the 40.4 seconds mark for 400 yards. Steers scored over the high jump bar at 6 feet 11 inches, while Harris heaved the discus 174 feet 8 1/2 inches. Rice flipped the 16-pound shot 59 feet 4 1/2 inches and McCluskey, a top figure for a decade, brought the two-mile steepchase record down to 9:25.4.

Other world records were established by the University of California one-mile relay (8:08.4), a two-mile quartet from the same institution (4:07.4); John Borlan of Elizabeth, N. J., at 800 yards indoors (1:02.2); Rice at three miles indoors (4:13.1); Earl Meadows of Los Angeles in the pole vault indoors (14 feet 7 1/2 inches), and N. Y. U.'s medley relay (7:28.3).

Fred Wolcott, blond timber-topper from Snyder, Tex., equaled the world mark of 0:13.7 in the 110-meter and 100-yard high hurdles. Hal Davis of Salinas Junior college, of California, equaled Jesse Owens' 100-meter mark of 10.2 seconds.

The Olympic club dominated the national outdoor championships while the New York A. C. dominated the indoor championships. With the passing of Don Lash into active FBI service after winning the national title for seven straight years, Rice ascended to the vacated spot. The burly 117-pounder won the senior crown although his barrier pass never crossed that of MackUllo's. Rice led the N. Y. A. C. team to a national cross-country title while Rhode Island State repeated its victorious squad performance in the NCAA race, and went on to win the NCAA crown as well. Fred Witt of Indiana won the NCAA individual title.

Playing for the Coca Cola club will be several former college aces. These include Rocky Carlson, the southern all-around athlete who captained the basketball team while playing at Washington State college; Ray and Johnny Wells, both former University of Idaho, southern branch, athletes; Morrie Hertrich, ex-Twin Falls high school center; and Wayne Turner, another Twin Falls and USBF star, and a brother of Ray Turner, currently outstanding basket tosser on the University of Idaho Vandals club.

Picard fired a four under par 67 yesterday to match his spectacular opening round 68 and set a 36-hole total of 131. Byron Nelson of Toledo was in second place with a 135, after shooting a 70 yesterday.

The other battle went to the Hillas town team by a score of 22-20 over the King Hill Independents.

## Santa Clara, USF Tip USC And Stanford

SAN FRANCISCO, Dec. 22 (UP)—Basketball fans today agreed that at least two of the independents would heap a lot of grief this season upon the heads of Pacific Coast conference cagers.

The two, Santa Clara and University of San Francisco, Saturday night defeated Stanford and Southern California, respectively, in a comeback from Friday night's setbacks.

The Broncos downed the Indians, 31-21, and the Dons nosed out the Trojans, 51-49, in an overtime thriller. Friday night the Broncos had bowed to Troy and the Dons took a whipping from Stanford.

UCLA WINS  
JACKSONVILLE, Fla., Dec. 22 (UP)—University of California at Los Angeles defeated University of Florida, 30 to 27, here Saturday in a season wind-up game before a sun-baked crowd of only 5,000.

The Bruins out-paced the Gators in the last half to square across with the victory after trailing 20 to 13 at mid-game time.

## American Falls Cagers Tackle Cokes Here Tonight in SI Loop

Twin Falls basketball fans will get their first chance in many years to see the Southern Idaho Outlaw cage league teams in action here tonight.

The show will be staged on the high school gymnasium floor and the teams will be the Twin Falls Coca Cola and the American Falls Cokes. The game will start in the SI loop. Game time is set at 8:30 p. m.

Some of the finest college talent in the state will be present to participate in the game—and two of the biggest talents in the state of Idaho will play.

American Falls brings with it state man last year at the class B tournament.

He's the tallest of the visiting players and has several others well over the six-foot mark, including Buck Baller, presently coach at Rockland high school, and the former Idaho State Normal star, who towers at 6 foot 10 inches.

Others in the American Falls lineup include Fred Aguirre, the all-state independent man last year and later the Pittsburgh Steelers in the National Professional League. At 5 feet 11 inches, Stokos weighs in at only 200 pounds—20 less than he scaled for the Gooding and Burley tournaments last season.

Playing for the Coca Cola club will be several former college aces. These include Rocky Carlson, the southern all-around athlete who captained the basketball team while playing at Washington State college; Ray and Johnny Wells, both former University of Idaho, southern branch, athletes; Morrie Hertrich, ex-Twin Falls high school center; and Wayne Turner, another Twin Falls and USBF star, and a brother of Ray Turner, currently outstanding basket tosser on the University of Idaho Vandals club.

Rupert Cagers Turn Back Rigby, 23-18  
RUPERT, Dec. 22 (Special)—Rupert Pirates today were vacationing until after Christmas after turning back the touring Rigby club from the scoring Rigby club from a 23-18 victory.

Next games on the local schedule come Dec. 27 and 28 when the Pirates journey west to take on Nampa and Boise on successive nights.

Saturday night's battle saw the visiting Rigby club held by Ed Schenck to two points—but the rest of the Pirates showed they could carry the load when they went and they got together to pile up the points, with Berlin and Rawlin each counting six.

The Pirates took a 12-8 lead at the half, but trailed 15-16 going into the final stanza.

# Connie Mack Makes Two Predictions: "Watch the Yanks" at War, in Baseball

By OSCAR FREALEY  
PHILADELPHIA, Dec. 22 (AP)—Connie Mack finished another inning with Father Time by celebrating his 79th birthday today, the "grand old man" of baseball came up with a double-barreled prophecy.

"Watch the Yanks," he predicted that once again the New York American league club was the team to watch next season. "Watch the Yanks," he repeated.

On his 42nd year at the head of the Philadelphia club, Mack believes that baseball will be one of the national morale builders during the national emergency. He came here in 1901 and his teams have won the American league title nine times and the world's championship five times.

With the nation facing turbulent days, sports, and baseball in particular, are going to help relieve the pressure," he said.

CONNIE MACK ... 79 years old today.

ball such as there was in the last year," he continued. "I think they really are valid in building public morale."

Mack, who said he feels better "than I have for the last five years," believes drafting of younger players for military service may make the teams more even and the race tighter.

Connie, asked whether he was afraid to lay out money in view of the national outlook, replied: "I don't mind it. Maybe it will end overnight. But nothing ventured, nothing gained, and I have faith in my country."

Mack was born Cornelius McCullucdy, at East Brookfield, Mass., Dec. 23, 1862. However, through lack of a birth certificate he always believed that the 23rd was his birthday. He turned 79 years old today, but he said he was observing the wrong date.

Now, at 79, he is looking forward not only to next spring's training trip to California, but also to 1942. "I wait until the next year," he said. "I'm anxious to know how it feels to be the first 80-year-old manager to win a pennant."

## BOWL BRIEFS

By United Press  
NEW YORK, Dec. 22 (AP)—Fordham university's football squad, 96 strong, entrained last night for their Sugar bowl game at New Orleans.

With Missouri on New Year's day. Upon arrival at Bay St. Louis, Miss., Coach Jim Crowley plans to send his squad through two practice bouts per day. With the exception of Fullback Steve Filipowicz, who is nursing a bruised right hand, the entire team was in excellent shape.

CHICAGO, Dec. 22 (AP)—Oregon state's football team stopped in Chicago for a brief weekend today en route to the "Rose bowl" game against Duke at Durham, N. C. Coach Leon Stiner sent the squad through a drill on Stagg field at the University of Chicago.

## Trio of Antelope Escapes Shelter; Reward Offered

SUN VALLEY, Ida., Dec. 22—Slightly more elusive than the graced pig at the picnic, the three antelope which escaped from their shelter here two weeks ago are still at large. So Bob Miles, Sun Valley sports director, is offering a reward of \$100 for their capture and return to the shelter. That means "rescue" of the antelope and return of the shelter to its former glory. The antelope were captured on Christmas morning. And anyone who captures all three antelope will be given the \$100. The shelter is located on the "Antelope" farm.

Rail falling on airplane resulted in temperatures above 23 degrees Fahrenheit.

## Here's Your Chance to Nail Down \$10,000 Job

By JACK GUNTHER  
NEW YORK, Dec. 22 (AP)—If you happen to be over 64 or under 18, have fallen arches, no teeth and myopic eyesight, then drop your books to the side, come aboard the very first train to Chicago.

If you manage to get there before 12 p. m. this evening, you'll never again be forced to hide from an installment collector, pre-date your checks to the day after tomorrow and ask the grocer to call back on Tuesday.

For if you qualify, there's a fine job waiting for you. It's a job which may pay as much as \$10,000 a year, one which provides nine months of vacation for every three months of work, and one which provides free meals and all the trappings of Detroit, Cleveland and Washington, D. C., that a man can ask.

All you need to do to clinch it once you arrive in Chicago is ask the nearest policeman to direct you to the hotel where the National Professional Football League is holding its annual draft of college players. Don't shy away at the mention of that word, college, for for it doesn't mean a thing. You don't need a degree; just a good, chronic disability.

Unique Draft

You see, this 1941 draft will be unique. In other years, the show was just a big bluff and the attendants spun a wheel and called out numbers and every so often the name of some obscure college "dingo." But no longer, thank you. Another draft—the army—has changed the course of the raffle.

The coaches and owners who will all turn tonight to divide the 1941 college player have not yet grabbed at a player merely because he was a unanimous all-American, weighs 240 pounds and can throw a ball like a sledge hammer and Blitzen. A great many more qualifications must be considered or the manager will flinch. But he's bid for boys who can't be delivered.

Where once the pro heads pressed their players flat, famous

## Reiser First Rookie to Take Crown

NEW YORK, Dec. 22 (AP)—Pete Reiser, 21-year-old center fielder for the Brooklyn Dodgers became the first rookie in National league history to capture the batting title, according to 1941's official averages released today.

Considering the only players who participated in 100 or more games, Reiser won the crown by 34 points with an average of .343 for 137 games.

Aging Johnny Cooney of the Boston Braves won the runner-up spot with .337. The veteran of the Veterans 1941 draft of the Cardinals finished in between them with .341 but participated in only 77 games.

Other stars of the most runs, 117; hit for the most bases, 299; made the most triples, 17; and tied with Johnny Jeter of the Cardinals for the most two-base hits, each with 38.

Dolph Camilli of Brooklyn hit the most homers, 34. That lack of the Cubs the most hits with 186 and the most singles with 141; Danny Murtagh of the Phils stole the most bases, 17. Marty Marion of the Cards made the most sacrifices, 23, and Johnny Rucker of the Giants had the most times at bat, 622.

## GRAYSON'S SCOREBOARD

By HARRY GRAYSON  
NBA Sports Editor

NEW YORK—Mel Ott did more for the Giants in 10 years than Bill Terry accomplished in the last four years.

Ott says there'll be change in the Yanks' lineup, which makes it clear that there, in addition to Harry Danning, Ott will not wholly approve of Terry's methods.

Ordinarily, the 1942 Polo Grounders as constituted at present, would be considered over-aged but, with the way Ott and the young hands rapidly being inducted, the fact that most of the Giants have been around for a spell may turn out to be a virtue.

The New York batting order will be topped with speed from Bill Terry and Johnny Rucker, who later isn't lost to the armed forces. Werber and Rucker will be followed by those who can't go to the front—Ott, Johnny Mike, Hank Lober and Danning, not to mention Babe Prina, who though just coming up from the American Association, is no Johnny-Come-Lately in the trade.

If the veteran Bill Jaffe clears his head for a good year at shortstop, and Camille Ryan, promising second baseman from Alton, Mo., is scooped by the military, the Giants easily could stir up trouble for the leaders.

That is, provided they get some pitching from other pitchers, including Carlos Hubbell, Kit Behnmeier, and the new recruit, Mike Melvin and Mickey Bill Moore.

Danning, who didn't get along with Terry, can help Ott to hit, especially with the young pitchers. Harry the Horse knows how to hit.

But, in reality speaking, youth isn't going to be served in baseball next year, which gives the old pessimists of the Polo Grounds a chance to help themselves.

There certainly have been changes in the Yankees—see coaching a Dodge.

And why the Yankees want to change is because Camille, especially when that pitcher is

and king size, tonight they'll pluck them for their physical unfitness, the number of their children and their advanced years. The reason is obvious: one aged tackle who can't block but can report for practice is more valuable now than seven Harmons who are liable to call to the services.

The Cardinals has fogged the entire professional game with uncertainty and the owners won't complicate their task unnecessarily. Ordinarily, Bruce Smith of Minnesota might be the first player gobbled up by the coaches. Tonight he'll probably be just a walk-off because we all know Smith's draft number is lower than a woman athlete's heels.

Ott hand-picked the first man tabbed tonight would be Bill Dudley of Virginia because he is only 28, but this youngster has said flatly he won't play as a professional. Frankie Albert of St. Louis may be taken on a gamble by the Bears of Philadelphia because he has been schooled in the T formation, but from there on it's anybody's guess how the boys will go.

Already Rejected

That is because players who are married, who are young or married, like Frank Blunk of Georgia, for instance—already have been rejected for military service, are certain to be available for football longer than the Smiths, the Westfalls, and the Lachs. The army has a big catch and it's common sense for pro owners to cover up wherever possible.

So instead of merely checking 12 ratings and picking the best, they've checked the boys for the happy possibility they may find obscure talents, large families or other skeletons in the closet. Obviously, there aren't enough grandkids or physics wrecks available in the college ranks to go around.

If you are old enough, young enough, physically smart and married long enough, you may be playing center for Pittsburgh or the Browns in Cleveland next season. But you can't have the right half put on the Bears.

That's for me, because, boy, am I decrepit!

## It's Not Too Late—Put up Your Christmas Lights Now

Dozens of additional lighting decorations were turned on over the week-end at Twin Falls residences as householders rallied to the call of America's down-town lighting industry. Christmas lighting displays now shine at homes in nearly all sections. Streets that hadn't boasted one outdoor decoration last Friday were gaily by Sunday night. And remember—any display that is not on by December 22 will be judged as a failure by the judges for the Times-Newspaper contest. Cash prizes total \$65.

Most residences are utilizing interior effects in conjunction with exterior displays. That's acceptable as long as the inside lights are visible from the street. Down town areas boast many impressive displays, too. First award is \$10 in the business division, with \$5 as second prize. Grand award for residences is \$25; second is \$15; third \$5; and there are five \$1 awards.

## E. B. DARLINGTON SUCCOMBS AT 67

BURLEY, Dec. 22 (Special)—Edward B. Darlington, 67, former principal of the Burley school and author on Snake River irrigation matters, died of pneumonia which followed a stroke, according to word received here today. He was born in the former Idahoan at Santa Monica, Calif., where he made his home since retiring in 1925.

During the period from 1923 to 1925 he was a member of the committee on the Snake River irrigation project, and earlier he was engineer on the Salmon River project. He was also engineer on the Horner North Side Canal company project.

Mr. Darlington came to the Boise basin in 1893 from Westchester, Penn. He did much of the planning work on the American Falls reservoir and the Gooding extension, Island Park and other works.

Survived by his widow, Mrs. Mabel Darlington, and four daughters and sons, Mrs. Esther D. Crites, San Francisco; Mrs. Virginia Crites, Santa Monica; Thomas D. Darlington, Pacific Palisades, and Brooks Darlington, Wilmington, Del.
