

# TATLER IN 1942—CHURCHILL

## RUSSIAN TROOPS DRIVE AHEAD IN BLINDING SNOWS

By HENRY SHAPIRO  
MOSCOW, Dec. 25 (UP)—Russian forces are driving ahead through snow storms and against stiffening German resistance along the front, capturing great stores of weapons and materials and leaving fields and roads strewn with German dead, communications and official dispatches reported today.

A communiqué reported the capture by the Russians of Oskue, 18 miles northwest of the key town of Volokoy on the Moscow-Leningrad railroad. In the area west of Moscow it was indicated that the Russians were preparing to chop off the deepest salient which the Germans had pushed toward the capital, and in the south the Russians were nearing Creil after capturing the entire Chir region, to the north of German forces.

**10,000 Killed**  
A communiqué issued that between Dec. 1 and yesterday the Russians on the front west of Moscow had killed 10,000 Germans and a German newspaper reported that 20,000 Germans had been killed in a German offensive in the Crimea.

The Sevastopol dispatch said some German units had lost half their effectiveness in vain attacks.

The communiqué which reported German losses west of Moscow also said that the Germans were not yet in the south of the Caucasus, and a considerable number of bodies and arms had been found.

**1,000 CIVILIANS  
ON WAKE ISLAND**

WASHINGTON, Dec. 25 (UP)—The navy revealed today that 400 men on Wake Island, there were approximately 1,000 civilians, including war workers, probably were captured when the Japanese took the island after a 16-day battle.

The disclosure was made in a navy communiqué which termed "indefensible" Japanese attacks on the island and marine personnel defied Wake against repeated air and naval assaults.

It was stated that the total strength of the garrison was fewer than 400 officers and men and soldiers.

There were approximately 1,000 civilians engaged in construction work on the island which may account for the enemy statement that 1,400 prisoners were captured.

**CAUGHT**  
CHICAGO, Dec. 25 (UP)—Police officers last night caught a burglar in the act of stealing a television set from a home in Chicago.

## U. S. Clipped Wings of This Jap Warbird

The sheared wing of a Japanese bomber, shot down in the Dec. 7 raid on Honolulu, rests in yard of the naval hospital there, as shown in this official U. S. navy photo, released in Washington.

## Japs Reject "Open City" Plea for Manila Sector

YOKOHAMA, Dec. 25 (Official radio recorded by United Press)—The Japanese military authorities said today it would be "almost-unthinkable" for them to consider Manila an undefended, open city.

"No one knows better than American authorities in the Philippines how well Manila is defended," military quarters were quoted. "It is well known that Manila has long been considered a typical base in the event of an American attack against Japan. If Manila is designated as an open city, Singapore, Chungking and Hong Kong could also be considered as open cities."

Japanese invaders were alleged to be steadily advancing the Philippines and "annihilating" the American defenders. A communiqué from the army section of Imperial headquarters summarized action in the Philippines and Malaya as follows:

**Occupied City**  
"Luzon Island—Japanese army units which landed in the vicinity of Aparri have occupied the city of Tuguegarao. Another large unit which commenced landing operations in the Lingayen Gulf on Dec. 23, is annihilating the enemy forces in cooperation with another unit which is advancing southward following its landing at Vigan. The Japanese unit which landed in the Leyte area occupying Naga West, which is less than 50 miles away and is now advancing northward. The army air force repeated bombing attacks on the enemy military establishments in the vicinity of Manila.

**Mindanao Islands**—The units of the Japanese army which landed on Dec. 20 have completely occupied Davao and are cleaning up the remaining troops of the enemy.

**Warning Issued on False Rumor**  
WASHINGTON, Dec. 25 (UP)—Declaring that false rumors to alarm the people are being spread from a fifth column activity, the war department today issued detailed instructions regarding air raid precautions.

By all means, the department warned, do not make requests for information about reports of enemy air raids to interceptor command headquarters or agencies in the interception command.

All agencies of the interception command must be left free, in event of actual air attack, to take necessary steps to repel the attack. It was explained.

## BRITAIN MOURNS HONG KONG LOSS BUT LAUDS MEN

By H. L. PERCY  
LONDON, Dec. 25 (UP)—Britons mourned the loss of Hong Kong today but took pride in the gallant defense by British, Canadian and Indian troops, and proclaimed that it would be restored to British sovereignty.

Military authorities here knew nothing of the fate of the men who were now prisoners of the Japanese, and had only Japanese reports of the surrender on Christmas day after a stand against odds which, it was known from the first, were hopeless.

"We have nothing to add to the Hong Kong government's message," British news has been reported of the fighting and it is questionable what we will get on it. Do know that one of the greatest difficulties at the end was water supplies."

**No Further Defense**  
Sir Mark Young, governor, had advised the colonial office that military action had been approved. He told him that no further effective defense could be made.

It was emphasized also that although the Japanese were attacked in Malaya and Borneo, Hong Kong, said from the channel islands of the English coast, which the Germans seized early in the war, was the only part of purely British territory under enemy control.

**Loss Striking Blow**  
Military experts said the loss of Hong Kong meant that after 100 years, during which Hong Kong had been a key point in the empire line of defense, it was now the scene of an important advanced striking base for the enemy when the allied general offensive was launched.

It was admitted that the British must re-vivify Hong Kong to make a real defense. The army of the island and other related data must be solid.

## AIRPLANES HALT JAP SUB ATTACKS

SAN FRANCISCO, Dec. 25 (UP)—United States patrol bombers and warships yesterday halted a Japanese search for enemy submarines today appeared to have halted, at least temporarily, the raids on American coast-wise shipping.

There had been no reported attacks on American ships since December 19, when a Japanese submarine attacked along the coast between Dec. 18 and Dec. 24, of which one was sunk and another damaged.

The last definite news of Pacific submarine warfare was the war department's Christmas day communiqué announcing that a U. S. army bomber had smashed one Japanese submarine off the California coast.

**COB ENROLLMENT QUOTA**  
BOISE, Dec. 25 (UP)—Civilian conservation organization officials here today announced that a U. S. army bomber had smashed one Japanese submarine off the California coast.

**THUNDER OF WAR**  
By United Press  
MANILA—Big tank battle raged with heavy casualties at Mauban; Lingayen coast invaders pushed east and south; Japanese landed near Manila; Manila destroyed openly but Japanese raid area six times; military and government activities withdrawn from Manila; Japanese transport lines sighted off Luzon's east coast directly across from Manila.

**CHUNGKING**—Allied war council for coordination of far eastern war efforts formed.

**BATAVIA**—Dutch submarine sinks Japanese destroyer.

## Defenders Battle Japs on 2 Fronts In Manila Sector

WASHINGTON, Dec. 26 (UP)—British Prime Minister Winston Churchill told an informal joint session of congress today that the United States, Britain and their allies will be ready to "assume the initiative upon an ample scale" in 1942.

Declaring that the war can and should be the overthrow of the three great dictator powers or in the overthrow of democracy, Churchill said:

"I think it would be reasonable to hope that the end of 1942 will see us quite definitely in a better position than we are now. And the year 1943 will enable us to assume the initiative upon an ample scale."

Churchill said that while "William is suffering in Libya is only a foretaste of what we have not to give him to every quarter of the globe."

"For the first time," he continued, "we have made him feel the sharp edge of what has been which he has not yet felt."

Churchill said he believed the people of the anti-axis powers would "rather see the truth about the fact they face a 'long and hard' war than a 'short and easy' one."

Churchill said he believed the people of the anti-axis powers would "rather see the truth about the fact they face a 'long and hard' war than a 'short and easy' one."

## LATE FLASHES

VICHY, Dec. 25 (UP)—The government expressing satisfaction at the American state department's "public condemnation" of the Free French action in seizing the French islands of St. Pierre and Miquelon.

It said that the government approved the proposals with which the United States made known its desire to continue the attack and for the return of the French islands to the control of the Vichy regime.

LOS ANGELES, Dec. 25 (UP)—The official radio at Saigon, in Japanese-dominated French Indo-China, said today that Japanese officials were recognizing Manila as an open city, in a broadcast picked up here by the NBC listening post.

CHUNGKING, Dec. 25 (UP)—The United States, Britain and China have created an inter-allied war council to direct strategy in the far east, it was disclosed today.

WASHINGTON, Dec. 25 (UP)—The navy announced today in a communiqué that a U. S. submarine has sunk a Japanese transport carrying 100 British troops and another transport and a seaplane tender.

WASHINGTON, Dec. 25 (UP)—Joint action by the United States, Great Britain, Canada and the Netherlands in the Philippines and the withdrawal of the Free French forces from St. Pierre-Miquelon was initiated today by Secretary of War.

MOSCOW, Dec. 25 (UP)—Russian air troops and paratroopers landed today on the island of Wake on a 100-mile front north from Volkhov today and won new ground in their drive to lift the Nazi siege of Leningrad.

REPORTS from the front line disclosed that Gen. Meretskov's "ruthless" German in the vicinity of Volkhov, smashing 20 Nazi Infantry regiments and regiments of four towns in a 13-mile advance.

CHENSHOPH AIDES  
WASHINGTON, Dec. 25 (UP)—Censorship director Byron Price today announced the appointment of John H. Borrell as New York executive editor of the Scripps-Howard newspapers, and John H. Ryan, of Toledo, C. O., vice president and general manager of the Fort Industry Co., as assistant censorship director.

First Casualties Return From  
Hawaii With Heroism Story

SAN FRANCISCO, Dec. 25 (UP)—The first casualties in America's new war were back home in the continental United States today, although for another crack at the Japanese.

They landed on Christmas day from ships in a convoy which brought them home through a marine air attack on the island where they were struck down by bombs and machine gun bullets in the thick fog.

MOSCOW—Russian advanced 40 miles west of Tikhvin; rumor Kaluga recaptured.

DUTCH BOMBERS SINK TWO MORE JAPANESE WARSHIPS

15 ENEMY CRAFT DESTROYED SINCE START OF BATTLE

BATAVIA, N. E. I., Dec. 25 (AP)—Dutch bombers today reported the sinking of two more enemy warships, boosting to 15 the number of enemy ships sunk by the bottom by Netherlands sea forces.

# ALLIES SCHEDULE ACTION TO RESTORE ISLANDS TO FRENCH

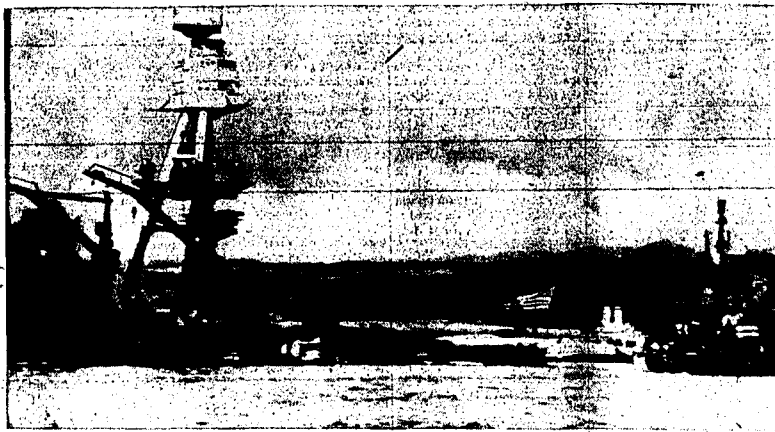

## Bloody but Unbowed, "Old Glory" Waves Over Stricken Arizona.

### NORTH ATLANTIC SEIZURE BY FREE FRENCH OPPOSED

**M. O. THOMPSON**  
 WASHINGTON, Dec. 25 (UP)—American, British and Canadian officials today were expected to act quickly to resolve a controversy over St. Pierre-Miquelon to the Vichy French government and thus end the many diplomatic problems caused by Free French occupation of those tiny north Atlantic islands.

Canadian Prime Minister W. L. Mackenzie King and his top advisers were scheduled to arrive here this afternoon to join conferences between French Premier Charles de Gaulle, British Prime Minister Winston Churchill and American Secretary of State Cordell Hull. The subject of the meeting will be the light on the agenda of those meetings.

The United States already has put a question to Canada by asking her what steps she "is prepared to take to restore the status quo of the St. Pierre-Miquelon islands under her sovereignty over them to Vichy. King probably will give his country's answer to Mr. Roosevelt's query after his arrival.

Resting on bottom in the shallow waters of Pearl harbor after the treacherous Japanese attack Dec. 7 dealt her a

mortal blow, the U. S. battleship Arizona still proudly carries "Old Glory." This is an official U. S. navy photo.

### Free French Ships Sailed From East Canadian Port

**By HENRY HUMBERT**  
 ST. PIERRE, Dec. 25 (UP)—The Free French naval force which took over this Vichy controlled French colony Wednesday to the east coast of Great Britain, sailed from an eastern Canada port, it was revealed today.

Vice Admiral Emile Muselier, commander of the Free French navy, put out from here on Monday with four corvettes for "maneuvers at sea." The ships maneuvered Monday and Tuesday. Wednesday they sailed between St. Pierre and Miquelon, the chief islands of the tiny dots off the Newfoundland coast that have been French for more than 100 years, and only then did the crews learn their mission.

Four Free French frigates, three frigates and two destroyers were made public as Admiral Muselier and the population in general related over the results of yesterday's plebiscite to St. Pierre, Miquelon which showed 63 for the Free French and 10 for Vichy.

There was no indication whether a plebiscite had been held on Miquelon, but officials of the landing force expressed confidence the people of the island would vote to join the Free French forces.

The approximately 2,000 persons

### Wake Island Takes Place on Honor Roll for U. S. History

**WASHINGTON, Dec. 25 (UP)—**The defense of Wake Island has taken its place on the honor roll of unforgettable events in American history.

The 364 marines who fought against tremendous odds to keep the American flag flying over that Pacific outpost have become heroes.

It may be a long time before details of that heroic stand are known for almost two weeks are known. But the families of the men who were there, their marine colleagues and the nation know that those men gave everything they had before the island was lost.

The commander of the garrison was Maj. James H. Doolittle. The navy has not indicated whether it will release the names of the other men stationed on the island.

**Epitaphic Suspense**

Devereaux's family—his wife and eight-year-old son, and his mother and father and seven brothers and sisters—must epitomize for the present the agony of suspense that will be felt in many homes.

Devereaux's wife was in New York with her father, also an army officer. She said it was characteristic of her husband "to hold out valiantly and do his best for his fellow officers and men."

Devereaux's mother, Mrs. Joseph Devereaux of Chevy Chase, Md., said she has not been informed that the navy has abandoned hope for the garrison. Last week, however, she said she knew her son would give up while there was a single chance to fight.

**Devereaux's Answer**

The climax to the Wake Island saga came to a war-saddened country on Christmas eve. For days a familiar "resistance is continuing" had dominated navy communications. Devereaux's reported answer, "Send us more Japs," sent in reply to Hawaii, inquiry if there was anything he wanted, already had taken its place among famous American war cries.

The navy hasn't said, if it knows, how many men were killed, wounded or missing. But this much, the navy did say:

"The marines, to start with, had 12 fighter planes, six 5-inch guns, 12 3-inch anti-aircraft guns, 18 30 caliber anti-aircraft machine guns, 30 30 caliber anti-aircraft machine guns, rifles and pistols.

The marines lost of four separate

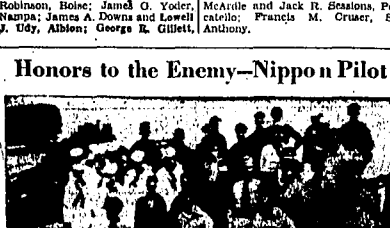

### EX-VANDALS AT NAVAL AIR BASE

**MOSCOW, Dec. 25 (Special)**—Twenty-three recent University of Idaho students are now in training at the United States naval air station at Corpus Christi, Tex. President H. C. Dale was notified this week.

This big naval establishment calls itself "The University of the Air." Its cadet contingent from the University of Idaho, one of 800 educational institutions represented there, includes the following:

Robert G. Long and Leonard S. Robinson, Boise; James G. Yoder, Nampa; James A. Downs and Lowell J. Udy, Albion; George R. Gillett, Moscow.

### Honors to the Enemy—Nippon Pilot Gets Military Burial

A Japanese pilot who crashed during the Pearl Harbor attack was given a military funeral here today.

### GRAZING PARLEY SET FOR JAN. 15

An advisory board meeting for Wood river grazing district parley was held here today. The parley will be held starting Jan. 15. It was announced here today by John A. Welch, district grazer, Rhoades.

Keith said that all applications for grazing privileges must be submitted to the regional office at Boise, Rhoades, prior to that date.

Investment expenses and other items were discussed, and the hope of this advisory board was expressed.

### WILE FEATURES COLDER WEATHER

**SALT LAKE CITY, Dec. 25 (UP)—**The intermountain west looked today on a successful Christmas celebration—one with all the utility of trudging through the snow and the roads to a number of ailing areas—including Alti—a were blocked. Ice-clogged highways caused numerous traffic jams, but there were relatively few serious accidents.

### Don't Waste Any Medical Adhesive Tape, U. S. Urged

**BRATTLE, Dec. 25 (Special)**—Don't waste any medical adhesive tape in the medicine chest to tape the front window as an air-raid precaution. It is unparliamentary—there is no emergency adhesive tape in the country to do the job, and a shortage may develop.

Joseph K. Carson, Jr., inspector general for the office of civilian defense, made this demand today following an appeal from the health supplies branch of the division of purchase of OPM. Carson recommended the use of ordinary gummed industrial, or Scotch tape.

"It is not only useless, but unparliamentary to tape windows with a highly refined product containing critical materials when the same purpose is served by a less vital material," said William M. Bristol, chief of the health supplies branch of the division of purchase, OPM.

The surgical adhesive tape containing critical materials needed for defense—rubber, zinc and cadmium, it seems hardly necessary to point out that in the event of a bombing such tape might be needed for surgical dressings, and it would be unfortunate if the supply in some bombed locality had been exhausted through purchase of surgical tape for use on windows.

Carson asked druggists to cooperate in the conservation of the surgical tape. "I am certain that you will be glad to see this surgical tape in the hands of the military."

The surgical tape helps out by explaining the situation and recommending the use of the material that will be equally effective.

### JAPANESE TROOPS SUFFER BIG LOSS

**SINGAPORE, Dec. 25 (UP)—**Japanese troops were reported suffering suicidal losses today in a desperate battle on the Perak river 200 miles north of Singapore. On the east coast the Japanese were approaching the Kemaman area only 225 miles from Singapore.

As Malaya command headquarters reported empire lines holding firm with the situation unchanged. It stated engagements between patrols in the Kuala Siput and Perak areas on the west side of the peninsula and north of Kemaman in Trengganu province of the east coast.

The positions cited indicated that the empire forces were holding still their new east-west line across the peninsula. The Japanese were in a real test of strength was imminent.

It was admitted that there had been no further news from Kuching, capital of Sarawak in Borneo, where communications had been cut off since Wednesday when it was indicated that the Japanese were landing troops in the area.

Devereaux reported a "resistance is continuing" in the area.

More than two-thirds of the men lost in the battle were reported to be Japanese. The Japanese have fought their way through the Japanese to the new front.

### NAMES in the NEWS

**By United Press**  
 The war department recommended to President Roosevelt today that the distinguished flying cross be awarded to Col. James H. Doolittle of the army air corps for leading a mass flight of heavy bombers from San Francisco to the Philippines.

Sen. Hattie Caraway, D. Ark., the first woman to be elected to the senate, said in Washington today that she would resign her place on the woman with a family was in the home.

President Roosevelt today awarded Prime Minister John Curtin of Australia the Legion of Merit. The president considered the safety of Australia essential to defense and offense in the war against Germany.

Florence MacMichael had a role in a play called "Out of the Rye" in Ellijah City, Md. The author thought she was his good, and when he took the play to Broadway he left her behind.

But when it threatened to flop, he wrote her a letter and she "popped it up" into a hit, and now she's signed a seven-year film contract.

Lt. Gen. John L. De Witt, chief of the western defense command, said in San Francisco today there is little likelihood that civilians will be evacuated from Pacific coast cities in the near future.

De Witt urged that definite plans be made for each city, in case it should be necessary.

Two pandas, the gift of Madame Chiang Kai-shek and her sister, and the American people, were scheduled today to the Bronx zoo in New York.

They arrived in San Francisco last night. The two pandas, a male and a female, were taken to the zoo from Hawaii.

Actresses Margaret Lindsay and Marion Marsh today headed contributors to the American Red Cross Christmas day drive in Hollywood.

Both turned over a day's pay to Vice-Chairman Fred Ritter.

Blanche Oelrichs, the former star, died at her home in San Francisco last night. She was 67 years old. She had suffered a paralytic stroke, but was being recovered recently.

Col. Oelrichs was a member of the National War Relocation Authority.

In Salt Lake City, Dr. Adam B. Bennion announced that Sylvia Bennion, his daughter, was appointed to the position of the leading soprano role in the Salt Lake opera's annual presentation of the "Naxos."

### 13,000 PRISONERS TAKEN BY BRITISH

**Cairo, Dec. 25 (UP)—**More than 13,000 German prisoners taken in Libya already have reached hospitals and prison camps and are being treated by British medical headquarters for the middle east today.

British imperial, who took Benghazi without opposition Wednesday and found it virtually demolished, reported that the bulk of retreating enemy forces must be in the Agadeya area, 60 miles to the south.

Isolated bodies of enemy forces in various stages of disorganization were around Barce, 60 miles northwest of Benghazi, and south of Benghazi between the Cyrenaica capital and Agadeya.

"North of Agadeya there is a certain amount of confused fighting in which our troops are taking a toll of enemy parties attempting to escape southwards," the communique said.

"During this fighting six enemy tanks were knocked out Thursday. In addition three Italian tanks, 11 Italian armored cars, 11 German light tanks and some German and Italian armor were destroyed. A considerable amount of material were found abandoned in the Barce area." Headquarters said that in the area around Barce 1,000 British prisoners were recovered from an Italian hospital.

### CHANGE ORDERED IN FBI 'SCHOOLS'

Local police officers today were informed by Kenneth Logan, special agent in charge of the Boise field division office of the FBI, that the declaration of war has necessitated a change in the schedule of the FBI six-day civilian defense course for police which are to be held in Idaho and Montana.

Logan, in the communication received by Chief of Police Kenneth Barclay, stated that "the actual declaration of war has necessitated a change in the schedule of the FBI six-day civilian defense course for police which are to be held in Idaho and Montana."

Logan, in the communication received by Chief of Police Kenneth Barclay, stated that "the actual declaration of war has necessitated a change in the schedule of the FBI six-day civilian defense course for police which are to be held in Idaho and Montana."

### TENTATIVE PLANS TOLD FOR TIRES

Although definite rules as to tire sales are not expected before the end of this week by the Twin Falls county rationing board, tentative plans were revealed today from the office for the county.

Two of the tentative highlights, if made final when the official rationing management plan is approved, are that (1) tire county quotas will be based primarily on commercial vehicle registrations in each area, and (2) that "maintenance of industrial efficiency and civilian health" will be the broad groundwork to determine who gets a ration card.

**General Exemption Classes**

General classes of vehicles expected to be included under the industrial efficiency and civilian health rationing plan are: (1) maintenance of public safety and health; passenger transportation equipment; management of emergency cases; and a limited group of essential truck operators.

Would-be buyers of new tires will be required to show their rationing board (each Magic Valley county will have its own board) that they have their own rationing card, and that new tires are essential for safe operation. They will then receive certificates allowing them to purchase tires.

It was indicated in the word from Seattle that controls are also being put on the sale of used tires, and for the retying of tires.

**Jan. 5 Deadline New**

Pending reports from the formal raters to the county rationing board, new tires may be sold until Jan. 5. Second-hand tires are not affected by the rationing plan, but are limited to one having run 1,000 miles. No transfers of tires from stock to rationing cards are permitted until the first of the year.

A firm, however, may take tires from its stock for use on its own trucks, but for no other trucks.

### LONG BLACK-OUTS SLATED AT BOISE

**BOISE, Ida., Dec. 25 (UP)—**Col. Oelrichs announced today that Boise valley citizens make preparations for long periods in which blackouts may be ordered.

The colonel said citizens should prepare their homes so that they can get by with the simplest and sustained blackouts and suggested that the next regional blackout test be held on Monday.

The next test, he said, should more nearly simulate an enemy air raid. "It is our next duty to learn all we can about the use of incendiary and incendiary bombs," Col. Oelrichs stated, in commenting on the recent test blackout here.

Military authorities at the air base have received instructions that future blackouts can be conducted only by order of the commanding general of the second and fourth interceptor commands. Army officials said the interceptor commands will notify civilian authorities when a blackout is to be held.

### GOODING SCOUTS RECEIVE HONORS

**GOODING, Dec. 25 (Special)**—Court of honor for the Gooding Scouts was held Monday evening in the district court in Gooding with D. H. Stuppin, chairman, presiding. Dan Sullivan, acting chief, and Fred J. Troop 22 in charge of the program.

Opening ceremony was given by second lieutenant, Eddie Ryan, and Frank Bramblett.

Awards presented during the evening included Second Class advancement to Jimmy Farmer of Troop 22; Eddie Ryan of Troop 22; Ray Payne, Donald Huffaker, Jack Nelson, Oath Stover, Fred McCure and Bill Dunn all of Troop 22 of Wendell.

Merit badges awarded were to Frank Bramblett of Troop 22, awarding and first aid; Fred Huffaker of Troop 22, animal industry and personal health; Grant Huffaker of Troop 22, art.

Three selections were played on the accordion by Floyd Uria and one number on the cornet by Fred Farmer in addition to the opening and closing ceremonies.

The next court of honor is scheduled for Feb. 8 at 8 p. m. in Wendell.

A knife-like wedge on the hoofs of caribou enables them to travel over ice at great speed.

### Wool Growers to Hear West Expert

**BOISE, Dec. 25 (UP)—**Idaho wool growers will hear a talk by Prof. J. L. Wilson of the University of California at their annual convention here Jan. 8 to 8. M. C. Clear, association secretary, announced.

Means of gearing the industry to war-time conditions will be studied at the sessions, Clear said.

### Funds Sought for Tunnel at Galena

**BOISE, Ida., Dec. 25 (UP)—**The U. S. Bureau of public roads hopes to start construction of a quarter-mile tunnel through Galena summit, E. E. Kildner, senior engineer for the Galena project.

The tunnel will permit relocation of the present road over Idaho's highest traversable pass and will improve the route from Sun Valley to Stanley basin.

## CRAIG WOOD WINS "GOLFER OF YEAR" TITLE

### Benny Hogan Takes Major Part of Money

By JACK GUENTHER  
NEW YORK, Dec. 26 (U.P.)—To diminutive Benny Hogan, the mechanical man from Hersey, Penn., went most of the money, but to Craig Wood, a blond husky who waited almost 20 years for it, went the title of golfer of the year.

Wood was named as the most perfect caddy and caddy of the money, but to Craig Wood, a blond husky who waited almost 20 years for it, went the title of golfer of the year.

### Sports at War After Record-Shattering Year; DiMagg Alsab, Gophers Outstanding

BY BURTON BENJAMIN  
NEA Service  
NEW YORK, Dec. 26 — Sports felt the impact of the record-shattering year of 1941. As the United States geared itself for hostilities which flared Dec. 7, sports closed a pre-war era and prepared to take a new role.

Athletes made a real contribution to the war effort through the impetuous twenties, weathered the terrible thirties and entered the fateful forties as a vital force in American life.

Sports boomed in 1941 and face the task ahead with vigor and vitality. The highlights of 1941 provide an excellent example of the type of driving force that will bolster American war effort in manpower and morale.

Sports celebrities of 1941. Left to right, Alsab, starting juvenile, rated as greatest horse since Man o' War. Bruce Smith, Minnesota's fine back was football player of the year. Craig Wood capped National Open, golf's greatest prize. Yankee clipper Joe DiMaggio broke all records by swatting slugs in 56 consecutive games. Joe Louis belted out Billy Conn and all comers to reign supreme among heavyweights.

**56 Straight Games**  
BASEBALL: It was another Yankee year, a DiMaggio year, a Babe Ruth year. More than 10,000,000 spectators hooted major league umpires, munched peanuts and let off steam.

An incredible all-time 56-game big league consecutive hitting streak by Joe DiMaggio sparked the Yankees' march to the pennant. He hit 11 home runs and 100 runs batted in. He was named MVP.

**Boxing**: Joe Louis defended his heavyweight title seven times. Although pressed by Billy Conn and Buddy Baer, layoff all comers. Louis kept the game alive. It suffered through near-lights in other divisions.

**Racing**: Alsab became the 3-year-old Whirlaway and the 2-year-old Alsab.

**Whirlaway** established a new Kentucky derby record in winning by eight lengths. The little dark chestnut topped the triple crown by adding the Freshness and Belmont stakes. The colt accumulated earnings of \$775,880.

**Alsab** was declared the greatest runner since Man o' War. In winning the Champagne stakes, he ran the mile in 1:15 2-5, an all-time juvenile record.

**Don Meade** was the top jockey. New York racing smashed all records as 22,843 persons wagered \$113,952,274.

**TRACK**: New outdoor records:

**Stanford** were other sectional leaders.

**TENNIS**: Robert L. Riggs regained the tennis crown he had lost to Don McNeill in 1940. Mrs. Sarah Palfrey Fabian Cooke won the women's amateur crown. Riggs and clownish Frank Kovacs played the professionals in November.

**SWIMMING**: The Sensational Hawaiian natators capped major swimming honors. William Smith, Jr., remarkable 17-year-old of Honolulu, smashed world records from 220 yards to 800 meters.

**Amateur**: Hogan, although he didn't win any national trophies, won the Harry Truman Memorial trophy with a remarkable show of consistency which earned him \$11,333 and 524 points—almost more in both departments than the total of all other players.

**Financially** 1941 was the richest year in the history of the sport. Hogan's earnings were more than \$100,000.

**FOOTBALL**: Attendance swelled. Minnesota was the team of the year, blazing through a rugged schedule unblemished. Bruce Smith was its outstanding back and won the Helaman trophy.

**Wrestling**: The services' schools were stronger. Forham and Harvard were eastern powerhouses. Missouri captured the Big Six. Texas had tremendous latent power in the southwest. The Pacific coast was weaker.

**Baseball Leaders**  
**BASKETBALL**: Wisconsin, Big Ten champion, won the N. C. A. A. by defeating Washington State, coast title-holder, in the final. Long Island University won the Madison Square Garden Invitational.

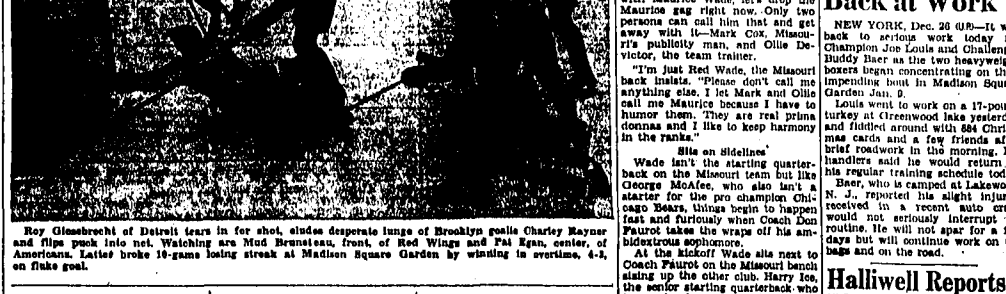

**Baseball Leaders**  
**BASKETBALL**: Wisconsin, Big Ten champion, won the N. C. A. A. by defeating Washington State, coast title-holder, in the final. Long Island University won the Madison Square Garden Invitational.

## Maurice Wade of Missouri Looks as Possible Star in Sugar Bowl Battle With Fordham

By GEORGE KIRKNEY

EDGEMATER PARK, Miss., Dec. 26 (U.P.)—Here's a name the keepers of the Sugar bowl archives might as well get acquainted with pronto—Maurice Wade. He plays quarterback on Missouri's Big Six champions and come Jan. 1, he may take his place with Charlie O'Rourke of Boston college, John Kimbrough of Texas A. and M., Davey O'Brien of Texas Christian and other heroes.

Feint—Looms—Goal! Roy Glasschick of Detroit leads in for shot, slides desperate lungs of Brooklyns goalie Charley Rayner and slips back into net. Watching are Bud Bennett, Frank Red Wings and Pat Agn, center, of American after broke 18-game losing streak at Madison Square Garden by winning a routine, 4-3, on five goals.

**Wade** is a sophomore at the University of Missouri. He is a native of St. Louis and has been a member of the Missouri team since his freshman year. He is a very good player and is expected to be a star in the Sugar Bowl.

### Record Entry List Ready For Ski Meet

SUN VALLEY, Dec. 26 (U.P.)—The largest entry list in the history of the Sun Valley Intercollegiate all tournament was being compiled this week with nearly 1,000 skiers expected to compete in the events set for Dec. 29 to Jan. 1.

Twenty-one universities, colleges and junior colleges have significant intentions of sending contestants to the four-day tourney.

### Magpie Slays Bring \$3,326.12

NEW ORLEANS, Dec. 26 (U.P.)—The honor of winning the first state event at the fairgrounds in more than a decade was accorded today to Junita Bell's Blue Bird.

The five-year-old first of Harry Baker galloped home first by three lengths in winning the \$2,500 Poinsettian handicap, which topped the opening day program of the Long New Orleans winter hunt meeting.

### Hansen NYA Pupil Passes Radio Exam

HANSEN, Dec. 26 (Special)—Ross Trunkley, an advance student at the NYA school at LaGrande, Ore., has informed his parents, Mr. and Mrs. Frank Trunkley, that he recently passed an examination whereby he is entitled to a radio operator's license, second class.

Mr. Trunkley is planning to take the higher examination at Portland soon. He, with his boss, will take his three-day holiday vacation at Seattle and Tacoma, Wash.

### Halliwel Reports Pioneer League Plans to Operate

POCATELLO, Ida., Dec. 26 (U.P.)—Jack Halliwel, president of the Pioneer baseball league, said today the organization of the league has not changed plans for league games next season.

He pointed out, however, that future league games may be of a different nature, if the government requests suspension of night baseball, the league will cooperate, Halliwel declared.

### Buddy Baer, Joe Louis Back at Work

NEW YORK, Dec. 26 (U.P.)—It was back to serious work today for Champion Joe Louis and Challenger Buddy Baer as the two heavyweight boxers began concentrating on their impending bout in Madison Square Garden Jan. 6.

Louis went to work on a 17-pound turkey at Greenwood Park yesterday and flitted around with the bird's regular training schedule today.

### BOWL BRIEFS

By United Press  
ATLANTA, Ga.—Heavy rains failed to dampen the spirit of Georgia supporters who gave the Bulldogs a rousing sendoff last night for their Orange Bowl game with Texas Christian university in Miami.

**TUSCALOOSA, Ala.**—Coach Frank Thomas' 41-man squad of Crimson Tiders leave Tuscaloosa Sunday morning for Dallas, Tex., and the Cotton bowl.

**EDGEWATER PARK, Miss.**—The Missouri Tigers settled down to heavy practice today for the Sugar bowl game. Because of a training advantage over Fordham, Coach Con Forrest let the team rest on Christmas.

### Professional Tennis Stars To Open Tour

NEW YORK, Dec. 26 (U.P.)—A professional tennis tour which awaits the cash instead of the "carry" will be introduced tonight when the world's best tennis players begin barnstorming junk through 85 towns and whistle-acts, rewarding the participants with just as much money as they are able to win and no more.

The barnstormers are three former world champions: Fred Perry, Don Budge and Bobby Riggs—and six feet, two inches of comic relief in grandeur, Frank Kovacs, the zany Californian who is better known for his slap-tick than his back-hand.

**BAY ST. LOUIS, Miss.**—Coach Jim Crowley today landed the Fordham Rams with a newspaper clipping extolling the merits of their Sugar bowl opponents. The Rams resumed practice with a pre-New Year's resolution to show Missouri.

**BATON ROUGE, La.**—The west team held another two-session practice day today in preparation for the Shrine's Jan. 2 11-12 game in the Sugar bowl stadium. Handicapped by showers, the team practiced indoors yesterday.

**BILOXI, Miss.**—Defensive play for Coaches and light scrimmaging filled the two workouts for the eastern team today under the direction of coaches Andy Kerr and Ben Barnhart.

**MONTGOMERY, Ala.**—Northern and Southern teams today rounded into shape today for the fourth annual Blue-Gray bowl game tomorrow.

**DURHAM, N. C.**—Duke's Rose bowl football team returned to the campus today from its Christmas holiday, and Coach Wallace Wade announced the team would meet each day from now until Jan. 1.

**CHAMPLAIN HILL, N. C.**—Coach Len Stiner of Oregon State today scheduled heavy scrimmages for his Oregon State team for today, tomorrow and Wednesday in preparation for the Rose bowl game with Duke.

### GRAYSON'S USED CARS NOW

**GRAYSON'S USED CARS NOW**

**SCOREBOARD**

By HARRY GRAYSON  
Special Advertising Section  
NEW YORK—With submarines taking potshots at vessels off its shores and blackouts predominating, motorists still upset about the loss of the Rose bowl game.

Bill Edwards contends the Chicago Bears have the slickest formations for beating the rules ever invented. "They're penalized more than any other team," stresses the coach of the Detroit Lions, and still the Detroiters penalized half enough. Officials simply can't catch them every time.

"When they do penalize them from five to 15 yards, they go 40 yards on the following play."

The Green Bay Packers rate next to the Bears, both in class and penalties. The tail-end Cleveland had the least penalties.

O'Brien, a cautious professional team is not a successful one.

Once more you hear the cry: "Break up the Bears!" Don't worry, the Army will take care of that. So what? In the football game, the guard, doesn't expect to play in 1942. George McAfee, Chief Standlee, Hugh Glassman and Joe Manchester back Ken Kavanaugh and Dick Flannan, and Joe Snyder, Ed Kolman, Joe Mihal and Lee Gandy are the only ones left. Forre and Ray Bray, guards, and Bill Hughes, the center, claim line items on the list.

Chicago's logjam (football) teams give the Japs far warning.

West Texas State college beat the Eastern New Mexico basketball team 31 (correct) to 22.

So what? In the New Mexico you may ask? The answer to that one is that Texas College of Mines, defending champion of the Border States League, beat Oklahoma State not half bad, 71-52.

The West Texans, explains Coach Ed Baggett, try for 100 or more lines and to make good on 80 per cent of their tries.

They averaged 71.8 in their first eight engagements.

By pressing the opposition on defense, the Bears' line ball on the backboard—may for mm f 3 is to feel it, the Buffalo team, the opposition's score beneath their own.

Simple, isn't it?

MUST sell immediately, 1934 Chevrolet master deluxe coupe, low mileage, radio, heater, six good tires, 1930 Buick main job, good condition. Save taxes and commissions, only \$195.00. Dick York, 225 Taylor St., Ph. 1962-N.

RADIO AND MUSIC

REPOSESSED New Spirit walnut piano. An excellent buy. Daynes Music Company of Idaho.

LEGAL ADVERTISEMENTS

NOTICE OF SALE OF REAL ESTATE

In the Probate Court of Ada County, State of Idaho.

In the Matter of the Estate of GEORGE G. CLONTZ, Deceased.

For cause of sale in the undersigned Executor of the last will and testament of George G. Clontz, deceased, will sell at private sale to the highest bidder for cash and subject to confirmation by said Probate Court, on Monday, the 9th day of January, A. M., or after said day, at the law offices of Chapman & Chapman, in the Burkholder Building in the City of Twin Falls, County of Twin Falls, State of Idaho, all the right, title, interest and estate of the said George G. Clontz at the time of his death, and all the right, title and interest that the said estate has by operation of law or otherwise acquired other than by the said George G. Clontz, in addition to that of the said George G. Clontz.

Twenty-one of the bus passengers were injured, most of them suffering from frostbite. The accident occurred at 8:40 a. m. involving a car driven by Charles Smith, who was headed east and one driven by Ed Wood, who was going north on Lincoln. The two machines came to collision and it was roughly estimated that 2000 gallons of gas were spilled into the street.

Another accident occurred 15 minutes before when it was being operated by Albert Bateman, Jerome, came out of the intersection at Pease and Main streets colliding with one being driven by John Polk. The Polk machine was reported to have been thrown up into the air and was being driven by John Polk. The Polk machine was reported to have been thrown up into the air and was being driven by John Polk.

One of the accidents occurred at the intersection of Lincoln and Main streets at 8:40 a. m. involving a car driven by Charles Smith, who was headed east and one driven by Ed Wood, who was going north on Lincoln. The two machines came to collision and it was roughly estimated that 2000 gallons of gas were spilled into the street.

Another accident occurred 15 minutes before when it was being operated by Albert Bateman, Jerome, came out of the intersection at Pease and Main streets colliding with one being driven by John Polk. The Polk machine was reported to have been thrown up into the air and was being driven by John Polk.

# WHAT TO DO IN AN AIR RAID

Official—by the U. S. Office of Civilian Defense

## 1. KEEP COOL

Above all, keep cool. Don't lose your head. Do not crowd the streets, avoid chaos, prevent disorder and havoc. You can fool the enemy. It is easy. If planes come over, stay where you are. Don't phone unnecessarily. The chance you will be hit is small. It is part of the risk we must take to win this war.

Until an alarm, go about your usual business and recreation in the ordinary way.

Think twice before you do anything. Don't believe rumors—spreading false rumors is part of the enemy's technique. Don't let him take you in.

Know your air-raid warning. In general, it is short blasts or rising and falling pitch, on whistles or horns. The "all clear" is a steady tone for 2 minutes. Watch this paper for description of the local signal. (This is subject to change.)

Await official information before taking any action. When the Air Raid Warden comes to your home, do what he tells you. He is for your protection. He is your friend.

He will help you do your part to whip the enemy. We can do it. We will do it, if we stay calm and cool and strong and alert.

## 2. STAY HOME

The safest place in an air raid is at home. If you are away from home, get under cover in the nearest shelter. Avoid crowded places. Stay off the streets.

The enemy wants you to run out into the streets, create a mob, start a panic. Don't do it!

If incendiary bombs fall, play a spray from a garden hose (never a splash or stream) of water on the bomb. Switch to a stream to put out any fire started by the bomb. Switch back to a spray for the bomb. The bomb will burn for about 15 minutes if left alone, only about 2 minutes under a fine water spray. A jet splash, stream or bucket of water will make it explode.

Under raid conditions, keep a bathtub and buckets full of water for the use of the fire department in case water mains are broken.

If you have a soda-and-acid extinguisher (the kind you turn upside down), use it with your finger over the nozzle to make a spray. Don't use the chemical kind (small cylinders of liquid) on bombs. It is all right for ordinary fires.

But above all, keep cool, stay home. Choose one member of the family to be the home air-raid warden—who will remember all the rules and what to do. Mother makes the best.

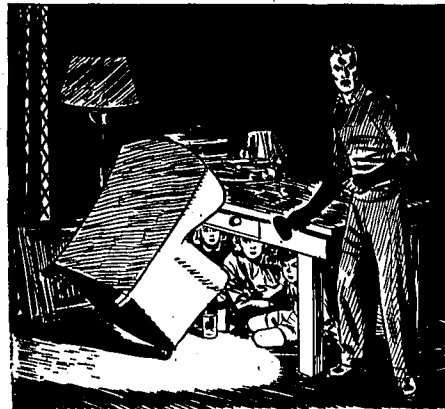

## 3. PUT OUT LIGHTS

Whether or not black-out is ordered, don't show more light than is necessary. If planes come over, put out or cover all lights at once—don't wait for the black-out order. The light that can't be seen will never guide a Jap. Remember a candle light may be seen for miles from the air.

If you have portieres, overdrapes, or curtains, arrange a double thickness over your windows. Blankets will do. If you have heavy black paper, paste it on your windows. Don't crowd or stampee stores to get it, however. You probably have everything you need at home. Be ingenious—improvise.

Should you get an air-raid warning, remember to shut off gas stoves, gas furnace.

Prepare one room, the one with the least window glass, in the strongest part of your house, for a refuge room. Put food and drinking water in it. Put a sturdy table in it. Put mattresses and chairs in it. Take a magazine or two and a deck of cards into it. Take things like eyeglasses and dentures with you when you go into it. Take toilet facilities, paper, a screen. If you have a portable radio, take that too. Above all, keep calm. Stay at home. Put out lights.

## 4. LIE DOWN

If bombs start to fall near you, lie down. You will feel the blast least that way, escape fragments or splinters.

The safest place is under a good stout table—the stronger the legs the better.

A mattress under a table combines comfort with safety.

The enemy may use explosive bombs or incendiary bombs, or both. If incendiaries are used, it's more important to deal with them than to be safe from blast. So defeat the incendiary with a spray (never a splash or stream) of water, then go back to safety under a table in a refuge room.

Most raids will likely be over in your immediate neighborhood in a short time. However, stay under cover till the "all clear" is sounded.

Know your raid alarms. Know the "all clear". Official news of these will come to you from your Air Raid Warden. Don't believe rumors. Watch this paper for air raid alarm description. Ask the warden when he comes.

Should your house be hit, keep cool. Answer tappings from rescue crews if you are trapped. (You most likely won't be either hit or trapped, but if you are, you can depend on rescue squads to go after you). Again—keep cool, and wait. Don't yell after you hear them coming to you, unless they tell you to. Keep cool!

Just keeping cool hurts the enemy more than anything else you can do. Keep calm. Stay at home. Put out lights. Lie down.

## 5. STAY AWAY FROM WINDOWS

Glass shatters easily, so stay away from windows.

Don't go to windows and look out, in an air raid. It is a dangerous thing, and helps the enemy. The Air Raid Warden is out there watching for you. Again we say, get off the streets if planes come over.

At night, there is danger of being caught in blast from explosives.

Antiaircraft fire means falling shrapnel. You are safe from it indoors, away from windows. It's more important to shell a plane than it is to see it from a window.

Stay in your refuge room, away from windows. That is the safest place. Go there at the first alarm; stay there until the "all clear".

Above all, keep calm. Stay home. Put out lights. Lie down. Stay away from windows. Do not say we are repeating; we would rather repeat until we bore you than have you forget.

You can do all those things without any special equipment other than what you have now in your home.

You can help lick the Japs, with your bare hands, if you will do just those few, simple things.

Be a good fellow and follow instructions and keep well. Do not be a wise guy and get hurt.

## 6. YOU CAN HELP

Strong, capable, calm people are needed to man the volunteer services. If you want to help, there are lots of opportunities.

If you know first aid, and have a certificate, there is an immediate job for you. If you are a veteran, or a former volunteer or regular fireman, or policeman, there is work for you. If you have no special skills but are strong and husky, there is a job for you in rescue squads, road-repair units, or demolition and clearance squads. If you have and can drive a car, you may be needed for drivers' corps. Older Boy and Girl Scouts over 15 can help as messengers. Both men and women are needed.

Here's how to get started: If there's a Civilian Defense Volunteer Office in your community, call there and ask where to report. If not, call your local Defense Council or Committee, or the Chamber of Commerce. Phone and ask where to report, rather than going in person.

There are people needed for—  
 Air Raid Wardens (men and women),  
 Auxiliary Firemen (men),  
 Auxiliary Police (men and women),  
 Fire Watchers (men and women),  
 Nurses' Aides (trained women),  
 Emergency Medical Forces (men and women with Red Cross First Aid Certificates),  
 Rescue Squads (men),  
 Road Repair Units (strong, husky men),  
 Demolition and Clearance Squads (strong, husky men),  
 Electrical Repair units (trained electricians),  
 Decontamination Squads (strong men and women),  
 Emergency Food and Housing Units (women who can cook and serve).

Above all, keep cool. Stay home. Put out lights. Lie down. Stay away from windows. You can help!
