77 BILLION DOLLAR BUDGET PLAN FOR 18 MONTHS JOLTS CONGRESS

Japs Launch Savage Drive on MacArthur Troops

Invaders Open up Non-Stop Attack Of Ft. Corregidor

By HARRISON SALISBURY
WASHINGTON, Jan. 7 (U.P.)—The war department reported today that Japan has launched a savage offensive against Gen. Douglas MacArthur's "steady and valiant" Philippines defenders and has opened a virtual non-stop air bombardment of the fortress of Corregidor.

An official U. S. army communique indicated that the Japanese attack is developing increasing momentum, but it asserted that MacArthur and his men are fighting back coolly and bravely.

A brief lull in land operations— noted by the war department yesterday—appeared to be over, and it seemed likely that Japan is increasing pressure in an effort to smash MacArthur's strong defense positions in Bataan province and on the island of Corregidor.

A climax in MacArthur's stand—as gallant a battle as any American has fought since Custer—may be approaching. Japanese airpower was carrying the brunt of the intensified assault. The war department reported that American and Philippine troops in the "mountain-studded, jungle-drawn Bataan peninsula are holding out under a continuous rain of Japanese bombers interspersed with low-flying machinegun strafing.

Corregidor Bombardeed
Corregidor, the rock-rib island bulwark against Japanese use of Manila bay, underwent hour of air bombardment yesterday, the war department revealed.

The extent of damage and casualties inflicted by the attack in which at least 45 Japanese bombers participated, was not yet known. American anti-aircraft guns were reported to have damaged some of the Japanese planes.

The known toll of Japanese warplanes credited to Corregidor's guns already stands at 15 destroyed and probably as many more downed or badly damaged.

The war department communique—No. 49 issued since the start of hostilities just a month ago with Japan's treacherous Pearl harbor assault—indicated that heaviest Japanese air pressure is being directed against the key points of MacArthur's position in Bataan and Corregidor.

Corregidor itself has been under constant Japanese air bombardment each day since Saturday.

Pressure Increases
Today with the resumption of what the war department called "heavy fighting" and "increasing pressure" on the Bataan land front it seemed probable that the Japanese are attempting to soften up the strong points of MacArthur's positions in preparation for all-out assault, possibly by parachute troops.

Meanwhile, the importance of the attack by heavy U. S. bombers upon Corregidor was emphasized.

Ban Is Urged on Recapping Tires Of Pleasure Cars
SEATTLE, Jan. 7 (U.P.)—A ban on recapping and retreading of tires for pleasure automobiles is being sought by the teamsters' union (AFL), Dave Beck, international vice-president, disclosed today upon his return from Washington.

Beck headed a teamsters' committee which conferred with Priorities Director Donald M. Nelson and Leon Henderson on the tire-sale restrictions. The union suggested, however, that recapping and retreading be permitted for tires to be used on business vehicles.

Sally Fans Away All Opposition to Get Married—And Bubbles With Joy
By FREDERICK C. OTHMAN
GLENORA, Calif., Jan. 7 (U.P.)—Having fanned away all obstacles to her marriage to the cowboy, Turk Greenough, and having bubbled with happiness after the ceremony, Sally Rand prepared today to spend her honeymoon in a thick coat of talcum powder at the Los Angeles Orpheum theater—alone except for a dim blue spotlight.

While the bride entertains the customers for a week behind fans, spreading, and bubbles, patented, the groom will perform at a radio in Colorado Springs, Colo. "And then," reported Sally (who also looks beautiful in clothes), "we are going to heaven."
"Where, Mrs. Greenough?"
"To our family," she said. "If-

Win-the-War Plans to Cost \$88,083,000,000

By JOHN D. GONZALES
WASHINGTON, Jan. 7 (U.P.)—Cost of the win-the-war program today stood at \$88,083,000,000, and President Roosevelt warned that still more would be needed as the 1942-43 fiscal year begins.

The cost figure is calculated from July 1, 1940, immediately after the fall of France. It includes actual disbursements of \$9,301,000,000 for the fiscal year 1941; estimates of \$23,805,828,400 for the current fiscal year and projected spending of \$54,976,000,000 for the new fiscal year beginning next July 1.

These are contemplated actual disbursements by the treasury for army and navy lend-lease and other defense purposes. In addition, President Roosevelt said government loan corporations would lay out \$2,000,000,000 this year and \$3,000,000,000 in fiscal '43 for defense. These bring the grand total of now contemplated expenditures to \$88,083,000,000.

Allocated Already
Of the \$88,000,000,000-plus effort, congress already has made commitments to provide about \$78,000,000,000, much of which has not actually been spent. Mr. Roosevelt today asked appropriation of \$13,500,000,000 more, and warned congress:

"Large supplemental requests will be made as we move toward the maximum use of productive capacity. Nothing short of maximum will suffice. I cannot predict ultimate costs because I cannot predict the changing fortunes of war. I can only say that we are determined to pay whatever price we must to preserve our way of life."

Total war expenditures now are running at a rate of \$2,000,000,000 a month and may surpass \$3,000,000,000 a month during the 1943 fiscal year, the President told congress.

For the 1943 fiscal year, Mr. Roosevelt outlined nearly \$33,000,000,000 of war spending as follows: \$18,118,000,000 for the war department; \$6,849,000,000 for the navy; \$7,800,000,000 for lend-lease; \$2,818,212,000 for other expenditures and (Continued on Page 2, Column 2)

WAR BULLETINS
STOCKHOLM, Jan. 7 (U.P.)—A Berlin dispatch to the newspaper Social-Demokraten said today that German military circles had disclosed that the Germans in Russia had not yet reached their "winter line" and doubted whether such a line could be established at all in view of the continued Russian offensive.

CAIRO, Jan. 7 (U.P.)—A high command communique said today that British forces were steadily closing in on the isolated German-Italian garrison in the Halfaya pass sector on the Egyptian frontier, last stronghold of axis troops in eastern Libya.

SHEEPMEN HEAR WAR PROBLEMS AT BOISE MEET

BOISE, Jan. 7 (U.P.)—Members of the Idaho Wool Growers' association today settled down for a three-day conference on industrial problems brought on by war.

More than 300 sheepmen attended opening sessions after an optimistic keynote was sounded by H. B. Soulen, Weiser, president of the association, in his annual report on condition of the industry.

Soulen said prospects for future of the industry were good, although a price ceiling had been placed on wool and another order regulating meat prices was expected shortly.

Production Costs Climb
Production costs were going up, he reported, but feed conditions were promising.

One of the major problems up for consideration at the convention was the prospective labor shortage. Growers said a labor scarcity was felt this year as ranch workers left for the armed forces, and for employment in defense industries. A plan to enlarge labor forces will be discussed at an executive session tomorrow.

Along with discussion of war-time problems, sheepmen also considered impacts of the post-war period.

Ernest E. Henry, president of the Production Credit corporation of Spokane, advised sheepmen to anticipate conditions which will follow the war.

Four Things to Do
"There are four things livestock producers should do now to make their position secure," Henry declared:

"Market more breeding animals and young she stock; improve breeding herds and flocks by culling and selling undesirable animals while the demand is good; keep livestock numbers in balance with normal feed supplies, and pay off indebtedness now while prices and demand are good so as to avoid danger of having to pay big debts at low prices."

Harry Benoit, Twin Falls, will be toastmaster at the annual banquet scheduled for tonight. Principal speaker will be Chief Justice Raymond L. Givens of the Idaho state supreme court.

At a meeting of the Idaho Livestock Production Credit association yesterday purchase of \$500,000 in government bonds and \$10,000 in defense bonds was announced by the organization.

JAPS CLAIM WIN IN NAVAL BATTLE

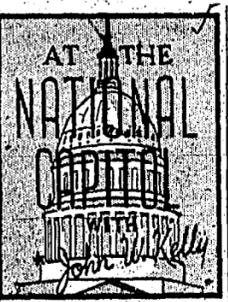

SAIGON, French Indo-China, Jan. 7 (U.P.)—(Official broadcast recorded by United Press in San Francisco)—Radio Saigon quoted Tokyo dispatches today as reporting one United States battleship was sunk and a second battleship was severely damaged in a violent naval battle 600 miles west of Davao in the Philippines.

"Tokyo reports violent naval battle 600 miles west of Davao between a division of Japanese destroyers and two American battleships," the broadcast said. "One American battleship was sunk and the other severely damaged. Several American planes were lost."

"A number of Japanese destroyers were damaged and two Japanese planes were lost."

Radio Saigon is operated in Japanese-controlled territory. Axis radios for the past week have been telling of a "great naval battle" in the Pacific. United States authorities have ignored the reports.

U. S. army communique Monday and yesterday told of an attack by four-motored American bombing planes on a Japanese naval concentration off Davao. The communique claimed hits on a Japanese battleship, sinking of at least one destroyer and damage to other Japanese vessels.

IDAHO AND U. S. MUST CHANGE LIFE-LONG HABITS IN NEXT 12 MONTHS

WASHINGTON, Jan. 7 (Special)—Life-long habits will be changed in the ensuing 12 months, the first full year of the United States at war. Residents of Idaho will be deprived of many things now common as usual.

The coming year will be unlike anything they have ever experienced. It will be military and industrial, for the army will have large forces in the west, new industries must be developed and the army air force will be increased and armed.

There is a fair prospect that Japanese raiders may sweep in from airplane carriers off shore, dropping bombs. Japanese submarines can be expected to harass merchant ships, as they have already. They may even attempt an invasion for, during 1942, the United States will be feverishly building its Pacific fleet, supply ships, transports, etc., and may not be ready before 1943 to contact a considerable enemy force.

Winston Churchill, last week warned against this country "clinging in a major offensive until it was thoroughly prepared and said take it on the chin until then."

However, communities of the northwest have had experience with blackouts; the various interceptor groups will be reinforced and the massing of troops now in progress will find every unit armed to the teeth. An enemy attack is among the possibilities of the coming year, but the defenders will not be caught flat-footed as they were at Pearl harbor.

After taking the island possessions of the Pacific, the Japanese are expected to move on the Pacific coast. By that time the navy may or may not be ready, for time is of the essence.

Given sufficient time, all the states of the northwest will bristle with troops, tanks, anti-aircraft guns, landing devices, interceptors, light and medium bombers. Raiders or attempted invaders will receive a blistering reception. Home guard units will be patrolling the water systems, dams, reservoirs, utilities and railroads. By next July the defense preparations will be complete. War and navy are already perfecting their plans; have some already in motion.

18 BILLIONS TO BE SPENT DURING FIRST 6 MONTHS

By LYLE C. WILSON
WASHINGTON, Jan. 7 (U.P.)—President Roosevelt jolted congress today with the biggest budget, tax and deficit program of all time calling for expenditure of \$77,000,000,000 largely for arms and munitions to smash axis militarism.

Approximately \$18,000,000,000 will be spent in the first six months of this year, with \$59,000,000,000 (B) budgeted for the new fiscal year.

Taxes are to be raised to increase treasury revenue by 50 per cent in the 1943 fiscal year which begins this July 1.

During that 12-month period, Mr. Roosevelt proposed in his budget message presented to congress today to spend approximately \$50,000,000,000, to collect \$27,000,000,000 in taxes and to raise the national debt to \$110,400,000,000.

Of the budgeted expenditures, \$53,000,000,000 would be for war in that one year. That includes \$7,500,000,000 for lend-lease aid to the united nations.

Now-war expenditures were budgeted at less than \$6,000,000,000—\$437,000,000 less than this year.

In addition to the \$53,000,000,000 budgeted for war, government corporations will spend a non-budgeted \$2,000,000,000 in the next fiscal year, bringing the over-all 1943 war cost to \$55,000,000,000.

Sales Tax Looms
His proposals for new revenue levels aggregated \$9,000,000,000, including an intimation of temporary resort to a general excise or sales tax. The President told questioners that he still was opposed to general sales taxation and that "selective excise taxes" were as far in that direction as he would be prepared to go. Corporate and individual income taxes and estate and gift levies on wealth apparently will be increased steeply.

For the 1943 fiscal year, he estimated a treasury deficit of \$38,600,000,000 which is only \$48,500,000,000 less than the net cost to us of World War I computed before war veterans' payments and interest were added. Of the \$37,000,000,000 aggregate tax revenue proposed for the 1943 fiscal year, approximately \$3,500,000,000 represents social security.

Nation Assures FDR Fullest Support for War Production

By United Press
"Let no man say it cannot be done. It must be done."

The strong determined voice of a united nation replied to President Roosevelt today: "It can and will be done."

As one man, officials, executives, skilled craftsmen, laborers of the east, the middle west, the south and the far west buckled down to the greatest armaments building program the world has ever known.

From cities, towns, and villages came evidences of the fulfillment of all to see that it was determined and more besides.

AIRPLANES
"First to increase our production rate of airplanes so rapidly that this year 1942 we shall produce 60,000 planes."
The rate of increase will be maintained... so that next year, 1943, we shall produce 125,000 planes...
John H. Jovett, president of the Aeronautical Chamber of Commerce: "The aircraft industry, aided by 80 allied industries, will produce them."
Robert E. Gross, president of Lockheed Aircraft: "We accept the goal without qualifications, but we're too busy to talk about it." Hugh Fenwick, vice-president of Vultee Aircraft: "Every man here is rolling his sleeves a little higher, working a little harder, and will do his part."
P. G. Johnson, president of Boeing Aircraft: "Last month we delivered 70 per cent more flying fortresses than the schedule called for. This is a sample of America at work in time of war."
AIRPLANE MOTORS
Allison motor division of General Motors: "We are meeting our quotas and will meet the new ones. We won't let Mr. Roosevelt down."
PROPELLERS
Curtiss-Wright propeller division: "We will do it."
HEAVY INDUSTRY
"Second, to increase our production rate of tanks so rapidly that this year, 1942, we shall produce 45,000 tanks, and to continue what increase so that next year, 1943, we shall produce 100,000 tanks."

GAME

SEATTLE, Wash., Jan. 7 (U.P.)—The 60 employees of the Union Electric company of Seattle had a new game today. They call it "slap a Jap" and the rules are simple. Each time an American pilot brings down a Japanese plane, each employee contributes 10 cents. The money goes for defense bonds.

JAP CLAIMS BIG

TOKYO, Jan. 7 (Official broadcast recorded by United Press in San Francisco)—Imperial army headquarters today claimed Japanese forces have shot down or destroyed 800 enemy planes on all fronts and have lost only 81 of their own aircraft in the Pacific war.

RUSSIANS CHARGE NAZIS WITH MASS MURDER, DESTRUCTION

CRUELTY, THEFT ARE CLAIMED IN NEW INDICTMENT

MOSCOW, Jan. 7 (AP)—Russia in one of the most terrible indictments in the history of modern warfare, charged the German armies and the German government today with cruelties and bestialities ranging from the stealing of children's toys through rape to mass murder and mass destruction.

It promised, in a formal note addressed by Foreign Minister Vlach, eslav Molotov to the envoys of all countries, that the Russian people would never forget and never pardon what the Germans had done and said.

"The government of the Soviet Union declares with unshakable confidence that the struggle of the Soviet Union for liberation is a struggle for right and liberty, not only for the peoples of the Soviet Union but for the rights and liberty of all freedom loving peoples of the world, and that this war can end only in the utter defeat of Hitler's troops and complete victory over Hitlerite tyranny."

7,000-Word Indictment

Molotov used approximately 7,000 words to describe "pillage, ruination of the people and monstrous brutalities perpetrated by the German armies everywhere on Russian territories they captured."

In an ominous reminder of the present march of the Red army toward Germany, he detailed the German manner of war as it has been revealed by reports of troops who had retaken villages and towns.

It was not, he said, the mere excesses of isolated and undisciplined military units or individual German officers and soldiers.

"Abundant documentary material at the disposal of the Soviet government testifies to the fact that plunder and ruination of the population accompanied by bestial outrages and massacres are widespread in all districts which fell under the heel of the German Nazis," Molotov said.

"Irrefutable facts prove that the regime of plunder and sanguinary terrorism against the non-combatant population of occupied villages and towns represents a definite system devised beforehand and encouraged by the German government and the German command, who consciously let loose in their army among officers and soldiers the bestial instincts."

Burning Anger

Through the whole note, paragraph by paragraph, ran a burning anger and a determination to exact vengeance to the fullest.

"The Soviet government and its organs keep a detailed record of all the villainous crimes of Hitler's armies, for which the indignantly Soviet people justly demand retribution and for which they will obtain it," Molotov said.

The note said that over the entire front from Finland to the Black sea, the German armies "and their allies" had wreaked destruction and devastation.

It told of entire towns utterly wiped out, such as Istra, Klin and Roguchy in the Moscow front and many others; it detailed the number of homes burned in villages, "in Baklanovo 68 out of 69." It told how the Germans shot a 70-year-old man because he pleaded: "Don't burn my house."

Describes Mass Destruction

It gave names of German units and officers in describing a cold blooded mass destruction.

The note went on to tell how the Germans had robbed the people of their houses, cattle, grain, everything down to the last baby's shirt and last handful of grain, and left them to wander in the woods in the Russian winter. Men, women and children had been halted on streets and roads and stripped of poor garments which Hitler's proud Wehrmacht might wear to eke out its tattered-demon uniforms, how each new passing German regiment tried to find more to steal, and executed people because there was nothing left.

Conserved

DURHAM, N. C., Jan. 7 (AP)—Durham ministers have decided to take to bicycles on their pastoral calls to conserve automobiles, tires, oil and gasoline.

It was agreed at a meeting here yesterday that automobiles should be used less in the ministers' duties, except for funerals and longer trips.

beginning. The laboratory which took blood tests of Sally and Turk under the California marriage laws, got the records mixed and was unable to produce clean blood test health—and apologetic—just before the ceremony. By then the sheriff was on hand, serving Turk a subpoena in connection with an unpaid doctor's bill.

Sally arrived at her wedding nervous and 30 minutes late; but there was no doubt about the beauty of the 37-year-old bride, fully clothed. She wore a long-sleeved, high-necked, bustled, ground-sweeping frock of white wool, with pink rosebuds embroidered on it.

Turk, 36, who can wrangle a steer and break a bronc as well as any man and better than most, wore his best black cowboy suit. He made a noisy entrance, account of his high-heeled boots.

After the ceremony, the neighbors of Sally's mother, Mrs. Ernest Kissing, helped bring in some bridge tables and everybody sat down for a cup of coffee and a piece of Sally's wedding cake. She didn't get any herself, until later.

She was too busy kissing the groom for the benefit of those who were real fellows. They couldn't keep their signals straight. Sally had to kiss her husband seven different times before they were satisfied. We hasten to report she did not seem to mind.

3 Planes Make Boise Hop; Two Grounded There

Three planes took off from the Twin Falls airport in a cross-country trip to Boise yesterday, flying in formation. The ships were taken to Boise for inspection.

Mr. and Mrs. Don Hutchings, occupants of one plane, returned to Twin Falls last evening.

Mr. and Mrs. Maynard Craig took another plane, and Miss Marie Lockhart and Joe Stevens made the trip in a third plane.

Weather "grounded" their two planes today, and they are expected to return from Boise by bus this afternoon.

The two ships will remain here indefinitely, because of government orders grounding all planes Jan. 8.

a concentration of Japanese naval craft off Davao, 600 miles south of Manila in Mindanao province, was emphasized by additional revelations by the war department.

A communique revealed that the concentration included a battleship, five cruisers, six destroyers, 12 submarines and 12 transports. This constitutes a major force and suggested that still denied use of Manila—the Japanese are establishing a strong secondary base at Davao, presumably in preparation of strong assaults upon The Netherlands East Indies.

Damages Higher

The communique upped the damage estimates inflicted in the American air attack, reporting that a second destroyer was believed sunk in addition to the battleship damaged by three direct bomb hits.

Gen. Sir Archibald Wavell, chief of the allied southwest Pacific command, appeared to be moving rapidly to meet the growing Japanese threat to the Dutch East Indies. Reports from Batavia said Wavell has selected a site on the Dutch island of Java, the most central of the Dutch island group, as headquarters for his command.

RECORD LICENSE SHIPMENT COMES

Although it doesn't look like a good year for motor vehicles, Twin Falls county had on hand today exactly 16 more passenger car plates than the all-time record sale of 1941.

Long-delayed, the 1942 licensees arrived Tuesday afternoon at offices of Assessor George A. Childs. And there were 11,000 sets of passenger plates.

Bring 1941 Plates

Mr. Childs announced today that motorists who had applied for licenses before the shipment arrived may now come in and get their plates. They must bring their 1941 licenses with them since these are being collected as defense metal.

The 1942 sale up to noon today had reached 300. Big rush will come in March. Last day of that month is the deadline for use of the old licenses.

Comparison of the county's 1941 license sales in all brackets (the total led all Idaho counties), showed this afternoon that only two classifications were below the 1940 figures. Those were motorcycles and dealers.

The comparisons, with last year listed first and 1940 shown second:

Passenger cars—10,984; 10,563.
Private trucks—1,036; 915.
Farm trucks—1,527; 1,263.
Commercial trucks—373; 360.
Trailers—2,302; 2,351.
Commercial trailers—13; 12.
Farm trailers—75; 50.
Motorcycles—40; 51.
Dealers—20; 27.

Total revenue produced by motor vehicle license sales last year, Mr. Childs said, was \$111,530. For 1940 it was \$107,898.75.

These Arrived too

The shipment of new plates received yesterday in addition to the 11,000 passenger car licenses included 1,150 private trucks, 490 commercial trucks, 1,500 farm trucks, 60 motorcycles, 40 commercial trailers, 2,500 private trailers, 100 farm trailers.

Turn-in of old-plates for defense use is expected to produce licenses from as far back as 1918. Oldest plates brought to the assessor's office today, however, were dated 1935.

MAN DIDN'T PAY; HE ENDS IN CELL

Because he ignored court order to pay \$26 lodging bill and \$5.40 prosecution cost, Jerry Jess, 34, Twin Falls, was in county jail today to serve a 10-day sentence.

Jess was given a suspended sentence last Oct. 27 on condition that he pay his board bill and the court costs. He was given until Nov. 15 to comply. Checkup of the records showed he had not paid off so Judge C. A. Bailey this week ordered that Jess serve the 10 days.

RECruits HEAD FOR ARMY, NAVY

Seven more recruits from this section of Idaho left here by bus today for Salt Lake City and final examination before entering service for navy or army duty.

Of the men leaving today six were for the navy and one for the army. The navy also announced tentative acceptance of two more youths who will leave for the service in the immediate future.

Enlistments today follow:

For the navy:
Roland Werner Ulrich, 26, route two, Filer, son of Edward Ulrich.
Hershel Washington Wood, 24, Twin Falls, son of C. E. Wood.

Seen Today

Fellow grinning as he tells friend he "fixed" the rubber shortage by trading his practically new auto for substantial payment on new home. One lone man surveying ice-rink at Harmon park as snow blankets the ice that was used just one day. Small boy on Shoshone street tossing snowball at passing car—but hitting pedestrian across the street. Lady on Walnut street, trying to remove sidewalk snow with broom, finally giving up and returning with coal shovel. County official sitting at his desk wearing heavy new boots because he hates to don rubbers in snowtime. And Carl Anderson, rationing-board member, trotting to telephone every five minutes as anxious folk ask information about new tires.

KIMBERLY GIVES TEACHERS BOOST

KIMBERLY, Jan. 7 (Special)—Kimberly board of education this week voted an adjustment of teachers' salaries to offset the high cost of living, increase to take effect immediately.

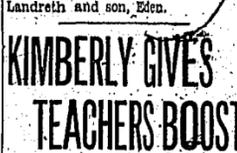

Amount of the flat increase was not announced, but the adjustment board is in line with that taken by other schools in this locality, according to Supt. L. A. Thomas.

Last fall Murtaugh school teachers received a blanket increase of \$50 each, and Burley teachers received a four per cent increase in the autumn. An additional increase

All Can Serve--Including Lindbergh

It is not a time to harbor past grudges, to brood over past mistakes, to moon over might-have-beens. A lot of slates were wiped clean on Dec. 7, 1941. In a sense everything began from the beginning of that day. It is what we do now and hereafter that counts.

In this war for our existence, every man and woman must bear a share; every hand will be needed.

A man named Charles Augustus Lindbergh trained 17 years ago as an army flier. Later the holder of a reserve commission which he resigned April 28, 1941, he now wishes to be of service again.

It would be a mistake to reject the services of any man today who can prove by action that he is willing to help. It is today's, not yesterday's word, that is the measure.

Nothing would be gained by making an issue of Lindbergh's case. As a matter of fact, it is not highly important.

Lindbergh trained as an army flying cadet at Kelly and Brooks fields 17 years ago. He flew the mail briefly. He became a captain in the Missouri National guard. After his civilian flight to Paris he was given a colonelcy which was largely honorary.

Lindbergh's experience, unique as it is, should be used, and used in whatever way the army authorities believe it most serviceable. The day war came, Lindbergh became just another man like all other men, with certain qualifications which the country should use to the best advantage.

Pearl Harbor and the Highways

The wounded from Pearl harbor are arriving in the United States. It is a spectacle to which the rest of the world has long been inured--China knows it, and Britain, and Germany, and Italy, and Russia. We must steel ourselves to this and like things. That is what war means.

The wounded from Pearl harbor, however, have given their lives or their bodies to a cause that is worth defending, worth suffering for. In the month in which they sustained their injuries or met death, a still greater number of people were struck down by traffic injuries which were no less terrible--and all for nothing. We are suffering nearly 4,000 traffic casualties a month, resulting in deaths as permanent, in wounds as ghastly, as those of Pearl harbor--and for nothing.

We cannot spare any more in these days the toll of the road; the dead who produce nothing, the wounded who suffer. The snuffed-out lives, the broken bodies, of those whom the automobile has crushed, are given for nothing at all, a mere sacrifice to our national Moloch of carelessness.

A lot of youths actually do step right into their father's shoes--when he gets tired of wearing them.

Smoker in India has 3187 pipes--almost enough to find one when he wants to smoke.

As near as we can remember, the Rising Sun has never failed to set.

One advantage in being a skier is that you quit regarding snow as just a nuisance you've got to shovel off the walks.

POT SHOTS

The Gentleman in the Third Row

Read It, Ladies, And Gloat!

As background to the squib herewith, Pot Shots explains that the only testing procedure involved in the defense blood donor plan at present is sticking a hypo needle into the arm. You feel something about like a pin-prick. Practically no sensation whatever as the technician takes a little blood for testing. Nothing particular to it.

FAIRY TALE

Dear Comrade Pot: Suggestion for the Famous Last Line department--"Certainly my car will start but I'm just being patriotic and saving my tires."

STEPPING-OUT INCIDENT

When four deponents testify to the facts in a case, we guess the facts must be okay. Therapeutic witness the incident of E. A. (Cap) Brenegar as of this morning's heavy snow.

FLASH ON ABOVE!

Seems four deponents plus the man in the case can be wrong. After Cap hunted for his rubbers, he telephoned home. . . and Mrs. Cap told him tartly that he hadn't put the blamed things on this morning!

HOG-TIED AND MARKED!

Dear Pot Shooter: Notices of accounts of three new weddings in the Times. And every one of the nuptials was a double bar ceremony.

CAR BUMP INCIDENT, VERY INCIDENTAL

Pot Shots saw Sheriff Warren Lower making frantic motions at us as we stood on the curb, apparently indicating he hopes we write something about the incident, so we hereby write something.

THERE'S A GAL LIKE THIS NEAR YOU!

Long she played the old piano Though the big song book--and back. Then commenced upon the hymn book And the music in the rack. Sang the song of "Indian Love Call."

CLEARING UP A VITAL MATTER!

Ever and anon, as we see in print the name of the handsome U. S. marine recruiting sergeant of these parts, Pot Shots practically wraps his tongue around his teeth.

TAMBAY GOLD

BY SAMUEL HOPKINS ADAMS

CHAPTER II "WHAT do I owe you?" I asked her. "Nothing." She set down a nice string of mottled perch.

"That isn't business," I told her. "I'm a business woman and this is a business call." "What kind of business?" She said it more to show polite interest than because she cared.

Well, I was prepared for whiskers, but this bird looked like the players bench of the House of David. Above the waist he wore a pair of sun-glasses. "Good afternoon, Prof.," I said.

"Ouch!" she said. "Feederial!" "Feed-EAR-la," I said. "Spanish accent but good; American cooking. Come over and look at the grubwagon."

"No, there's some sort of ancient lease that gives the university a right to dig holes in my property." "What say we go over and investigate him?" She shook her head. "Not interested. I don't like whiskers. You talk to him."

WELL, I was prepared for whiskers, but this bird looked like the players' bench of the House of David. Above the waist he wore a pair of sun-glasses. "Good afternoon, Prof.," I said.

"In that case," I said, "hail and farewell." He took off his glasses to blink at me. Nice eyes, I noticed. "You aren't by any chance one of my dear little pupils masquerading for an initiation stunt, are you?"

CLEARING UP Federal Income Tax

NO. 3 GROSS INCOME DETERMINES LIABILITY FOR A RETURN. A very arresting fact in the 1941 income tax law is the lowering of the personal exemption from \$800 to \$750 for a single person, and from \$2,000 to \$1,500 for a married person or the head of a family, and the change in the basis for determining liability for a return.

Gold and Green Ball Planned for Jan. 29

Date for the annual Gold and Green ball of the Twin Falls stake M. I. A. of the Latter Day Saints church, has been set for Thursday, Jan. 29, at Radio Rondevo, beginning at 9 p. m.

Plans for the dance, most elaborate social event of each year for M. I. A. groups of the five wards, Buhl, Kimberly, Murtaugh and first and second, Twin Falls, were discussed at a stake board meeting Monday evening at the stake tabernacle.

Queen to Reign
At preliminary ward Gold and Green balls queen candidates will be chosen, and they will be presented with their escorts at the stake ball later this month.

From the five queen candidates, one will be chosen to "reign supreme" at the stake ball. General chairmen will be M. O. Crandall and Miss Louella Tinsley. Mel Carter will be dance manager; Melvin Cutler and Mr. Crandall will be in charge of tickets, and the presentation of queens committee will include:

Among Committees
Miss Tinsley, chairman; Mrs. Bertha Mae Hansen, Mrs. Edith Corless, Mrs. Edith Baird, Mrs. Edna Luke, Mrs. Vivian Helfrecht, Mrs. Kate Jacobs and Mrs. Sara Yates.
To arrange the elaborate setting and decorations will be Yale Holland, Jay Farmer, L. A. Hansen, Lloyd Tyler, Russell Robertson and Gleyre Fredericksen.

Writer Predicts "Woman of the Year" in '42 Will Be "Everywoman"—New Pioneer

By RUTH MILLETT (NEA Service)

The year 1942 will test the loyalty, the courage, the patience of the American woman. And it's my humble bet that she will pass the test with flying colors.

1942 will show whether, beneath her smart coiffure, the modern woman has as much old-fashioned common sense as the women who helped their men build America.

Good as Ancestress?
It will show whether her carefully cared for hands are just as capable of performing any task that comes her way as were the work-hardened hands of her great-grandmother who could hold a rifle, guide a plow or rock a crying baby.

It will show whether a woman used to standing beside her man can step back to stand behind him—strengthening him with her own courage, her own faith, and her own serenity of spirit.

Yes, 1942 will test American womanhood. We think we're pretty good. We pride ourselves on how much more we know than did our feminine ancestors who never heard of vitamins, or balanced diets, or child psychology, and who had no notion of the importance of a woman's "keeping up" with her husband. But have we as much courage as those earlier American women? Have we the pioneer spirit?

Not Spectacular

We'll soon know. For there will be great sacrifices asked of American women in 1942. The greatest, of course, will be the cheerful, courageous sending of our men into the flight that has been forced upon us.

But there will be other trials in store for us. We will have to be both mothers and fathers to our families. Many of us will have both to support and care for small children. We may have to scrimp and save and struggle to keep our homes together. Some of us will have to put off marriage and the building of our homes until the war is over.

Must Learn Control

And always there will be the worry, the anxiety, the fear we must learn to control. Our role in national defense—at least at first—will not be spectacular. We will be called on to fill in wherever we are needed, more often set to doing humble tasks than exciting ones.

1942 will show us up for what we are underneath our make-up.

Knowing that, let's give an account of ourselves that will make our grandchildren as proud of us as we are proud of America's pioneer women.

"Modern" Woman Has Spirit, Stamina, Courage

Mrs. Block Installed Leader of Rebekahs

Installation of new officers of Primrose Rebekah lodge took place last evening at the Odd Fellows hall, with Mrs. Myrtle Ballantyne, district deputy president, and her staff as installing officers.

Mrs. Edna Block was installed as noble grand, succeeding Mrs. Cora McRill. As a token of appreciation for her work the past year, the lodge presented a flowering plant to Mrs. McRill.

Officers Installed

Other officers installed were: Vice-grand, Mrs. Gladys Shaw; recording secretary, Mrs. Viola Raines; financial secretary, Mrs. Lora Doss; treasurer, Mrs. Goldie Chapman; musician, Mrs. Jennie Crowley; right support to the noble grand, Mrs. Clara Anderson.

Left support to the noble grand, Mrs. Annette Mahnkun; right support to the vice-grand, Mrs. Ella Cogswell; left support to the vice-grand, Mrs. Maude Seal; inside guardian, Mrs. Alice Bowman; outside guardian, Mrs. Bessie Sims; warden, Mrs. Beverly Hickok; conductor, Mrs. Shirley Peck.

Assisting Mrs. Ballantyne with the installation ceremonies were Mrs. Marie Guttery, deputy marshal; Miss Myrtle Anderson, deputy vice-grand; Miss Iza Driskill, deputy secretary; Mrs. Clara Parks, deputy treasurer; Mrs. Clara Anderson, deputy chaplain.

Mrs. Ella Long, deputy inside guardian; Mrs. Effie Watkins, deputy outside guardian.

Benefit Planned

Plans were made to join the Royal Neighbors of America in conducting a card party Jan. 20 for the benefit of a member in distress.

Refreshments were served by Mrs. Clair Davis, Mrs. Anna Wilson, Mrs. Sigrid Smith, Mrs. McRill, Mrs. Sims and Mrs. Seal.

Cronin's Priest In Newest Book Great Character

Criticized throughout his life for his unorthodox views, Father Francis Chisholm was eventually recognized by practically every associate as a great person. Mrs. Loyal Perry said in summary of the book, "Keys of the Kingdom," which the discussor read for members of the Alice M. Gibbs circle of the Baptist church yesterday afternoon.

Mrs. Perry was guest speaker at the session, which was preceded by a dessert luncheon at the home of Mrs. Harold Lackey, with Mrs. Edward Skinner, Mrs. Fay Holloway and Mrs. Garth Reid as co-hostesses.

Character Sketches
Mrs. Perry gave well-defined character sketches of the various persons portrayed in A. J. Cronin's "story in retrospect" of a Scotch priest who spends almost a lifetime of service in China.

She brought out the bit of humor in the book, and the quality of humanity in Father Chisholm's deeds and philosophy. Among the passages she quoted were "Religions are many. The religion is we are all brothers, and a religion is judged by its adherents."

Mrs. Held gave as example of unselfish devotion, the episodes from the Bible concerning Ruth and Naomi; Peter and Paul, and Christ and Mary.

In keeping with the winter season, the hostesses served an all-white dessert luncheon, the cakes being fashioned like snowballs. Appointments were in white. Twenty-four members and guests attended.

Dorothy York to Wed Pvt. Burks

JEROME, Jan. 7 (Special)—Announcement was made this week by Mr. and Mrs. Charles D. York, Jerome, of the approaching marriage of their daughter, Miss Dorothy York, to Pvt. Richard A. Burks, son of Mr. and Mrs. W. Lynch Burks, also of Jerome.

The wedding will be performed Sunday evening, Jan. 11, at the Baptist church in Olympia, Wash.

Miss York left Tuesday for Washington and was accompanied as far as La Grande, Ore., by the bridegroom's parents.

Attendants Named
Attending the couple will be Sgt. and Mrs. Richard Overfield. Other guests who will attend the nuptials will be members of the 118th Ordnance company, Rev. Samuel Everton, pastor of the church, will perform the single ring rites.

Both are graduates of Jerome high school with the class of 1940, and both have been prominent members of Jerome's younger set.

For her wedding the bride will wear a dusty rose pink woolen frock, with brown trim and her accessories will be of brown. She will wear a corsage of white roses and sweet peas.

The couple will live in Olympia. Mr. Burks is stationed at Fort Lewis and has served with the United States army for over a year and is a private first class with a specialist's rating.

Bridal Courtesy

For the past two years the bride-elect has been bookkeeper for the M. H. King company here.

The bride-elect was honored at a pre-nuptial shower Monday evening this week at the Baptist church, a host of close friends honoring her with gifts. The occasion was arranged by Mrs. Spencer Lawlor and Miss Fatay Burks, Jerome.

Dinner Series Given At W. R. Chase Home

The home of Mr. and Mrs. W. R. Chase has been the scene for several attractive dinner parties recently. Miss Virginia Ann Chase, their daughter, who is here from the University of California on a vacation visit, was hostess at a dinner last evening.

She also arranged a dinner party during the holidays in honor of the 25th wedding anniversary of her parents.

Miss Handy and E. Stanley Wed

JEROME, Jan. 7 (Special)—Friends in Jerome received with interest this week the news of the marriage of Miss Phyllis Handy, daughter of Mr. and Mrs. Joe Handy, prominent residents to Everette Stanley, son of Mr. and Mrs. W. E. Stanley, also of Jerome.

The wedding took place last Tuesday, in Vancouver, Wash., at 1:45 p. m. in the Methodist church parsonage.

For her wedding, the bride was dressed in a blue velvet afternoon frock, with black accessories. Her corsage was of white chrysanthemums and fern.

Miss Faye Handy, teacher at Appleton school, and alister of the bride, accompanied her to Washington. Others present were Miss Bonnie Jean Wilham and Cole Reed, both residents of Jerome.

Before her marriage the bride had been employed in the office of the Idaho Power company, and was also formerly employed in the Jerome National bank.

She is a graduate of Jerome high school and received her business education in the northern part of the state.

The bridegroom is employed in national defense construction work at the present time. They will make their home in the Hilton apartment, Portland, Ore.

WAYSIDE CLUB TO BE FOR RED CROSS

Bowing for the Red Cross will occupy members of the Wayside club Jan. 20 at the home of Mrs. Carrie Jones, it was announced when the group met yesterday. Members are asked to bring a "lunch in a sack," and also, thimbles, scissors and needles.

Mrs. Jones was hostess to the group yesterday. Mrs. Roy Haverland and Mrs. L. J. Miller were in charge of the program on "Our Southern Neighbors." Roll call responses were New Year's resolutions.

The hostess, assisted by Mrs. Carlson, served refreshments.

Navy Mothers to Install Officers

Installation of officers for the Magic Valley Navy Mothers' club will be held Thursday at 8 p. m. at the Idaho Power company auditorium.

C. E. Edmonson, navy recruiting officer, will be installing officer. Mrs. Yvonne Larson, as commander, and Mrs. Louise Hughes, as adjutant, will be installed in the principal offices. Other officers will also be installed at this time.

All members are urged to attend.

1st Ward Chooses Queen Candidates

First ward M. I. A. activities will resume with class sessions at 7:30 p. m. today at the first ward L. D. S. recreation hall.

Next social event for the group will be the ward Gold and Green ball, Jan. 16, when the queen will be chosen to represent the ward as a contestant for stake Gold and Green ball Jan. 29.

Ward candidates have been chosen on merit. They are Miss June McNeely, Miss Gwen Helfrecht and Miss Vera Murri.

A queen will be selected by popular vote Jan. 16, and the other two girls will be her attendants. The ward Gold and Green ball will be semi-formal.

SO-N-SAVE CLUB TO ENTERTAIN HUSBANDS

Song Contest Planned By High School League

During unit meetings of the Girls' league of Twin Falls high school yesterday afternoon announcements were made of a contest through the girls of the school for writing a song for the girls of America, and for their units. Each class was urged to win over the other two, and general instructions were given.

Senior unit meeting was under the direction of Miss Norma Dickey, president, and Miss Janet Pink, program chairman, and featured a talk on health, both mental and physical, by Dr. J. W. Marshall.

Personality Skit
Miss Marian Griggs, junior unit president, turned that class meeting over to Miss Celestine Salmon who presented a skit on the high school girl's personality and character.

Miss Rosie Sabala, Miss Evelyn Smith, Miss Ruth Adell Smith and Miss Rose Marie Harmon were "secretaries" to Miss Ruthann Hayes, manager of the "junior unit stores." They took their inventories on the qualifications of well-groomed and well-mannered high school girls. Miss Ann Ellisworth introduced the skit.

Mrs. R. K. Bonnett, instructor at the junior high school, spoke to the sophomore girls on her hobby, the collection of tiny toy dogs, and Miss Vera Babel told of art as a hobby.

Hobbies Studied

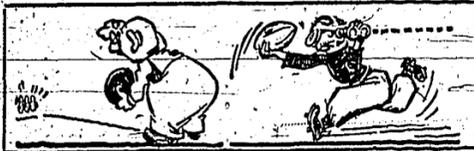

These talks followed the afternoon's theme for the sophomores, hobbies. Peggy Haggard, took charge of the program, and Joan Lindeman led the group in singing popular songs. Miss Shirley Hayes, president, reported Monday evening's Girls' league executive meeting, and announced plans for the Girls' league dance, Jan. 23. Other class presidents made similar announcements.

LOUIS PROPOSES SECOND BENEFIT CONTEST

Joe Would Meet Opponent to Aid Army Relief Unit

By GEORGE KIRKSEY
GREENWOOD LAKE, N. Y., Jan. 7 (U.P.)—If one didn't know that Joe Louis is ultra-patriotic, he might be considered slap-happy because of his desire to defend the heavyweight championship again for nothing—if he hicks big Buddy Baer at Madison Square Garden Friday night.

Jump Record Looms at Payette Lakes

McCALL, Ida., Jan. 7 (Special)—There's a new ski-jumping record waiting to be plucked in the Payette lakes winter sports area, and the club-house league and the boys are wondering if it will be garnered Sunday at the Idaho-state tournament.

It's a possible 200-foot leap into the wind down the Payette ski-jump, which has been rebuilt since last year so that now it's a standard 50-meter structure. Last year, as a 40-meter affair, it held promise of a 180-foot leap, but the best ever chalked up was Alf Engen's 179 feet, which the Olympic ski-man made last March.

The Idaho state tournament which starts at noon Sunday will be the first contest over the remodeled jumping course, and successful shooting of the precipitous slide and the cannon-ball flight through the air is one of the features of the elimination contest. The top five men in jumping and slalom running will represent this state Jan. 17-18 in the inter-state meet at Sun Valley.

Grayson's Scoreboard

By HARRY GRAYSON
NEA Service Sports Editor
NEW YORK — Before and since the Jeffries-Johnson tragedy in 1910, training camps have made interesting reading.

Nearly all of them have unusual characters. Joe Murchio is Joe Louis' host at Greenwood Lake, N. Y., nine miles long, one mile wide and 1,000-feet high in the Warwick range of the Ramapo mountains. Atop the bluff, on the side of which stands the big white house in which the champion is quartered, runs the famous Appalachian trail.

Murchio, a flier in World War I, made a forced landing on the ice of the lake shortly after the armistice, and remained there. He has a bar lined with a crazy assortment of strange antiques. He is a collector of antiquated automobiles, has a garage and showroom full of them. "That was Thomas A. Edison's first automobile," he points out, proudly.

Grayson's Scoreboard

Jeffries-Johnson camps outside Reno are remembered principally because they were so diametrically opposite. All the gaiety at Rick's Roadhouse, with Johnson dragging sour notes on the ball fiddle nightly. You felt the suppressed worry at Jeffries' headquarters at Moana Springs.

Accommodations were poor at the old ramshackle hotel on the edge of Saratoga lake, so pranksters following Jack Dempsey made life miserable for the proprietor, Old Tom Luther. Old Tom would complain about his heart and insist that he'd never have another fighter, but the welcome mat was out as quickly as a good one wanted to pitch camp.

There was Tunney and his 12-pound books at Speculator and Stroudsburg. There was Hans Ehmler, the one-time German army officer, and hisilly pop at Hostack Falls, where Paulino, Braddock and others camped. Tommy Gibbons lived not far from the hastily thrown-up arena in which he tackled Dempsey at Shelby. The day of the fight one of his children asked him where he was going.

Now it's apparently up to Ott.

Obituary: On Passing of The Great T Formation

By JACK GUENTHER
NEW YORK, Jan. 7 (U.P.)—Now that the football year has been duly dusted with lavender and laid away, it's time to set about burying a body. The corpse in question is that of the T formation, an applied sports science which has fallen somewhat short of fulfilling its gaudy billing as a workable gridiron panacea.

Beautiful Thing
Last year, when the T was beautiful as only young things can be. I talked to two coaches about its possible effect on football. They were pretty well known system sponsors themselves—Jock Sutherland and the late Howard Jones. Sutherland said that many a coach who adopted it would find himself in serious trouble.

Rain Spills Attacks
In the Sugar bowl Missouri could not pass because of the weather, so Fordham played a seven-man line against the T and held it rather convincingly. On the west coast it rained and Oregon State smothered Stanford. There is point one: A team which normally plays two or three games in bad weather gambles its chances on its style.

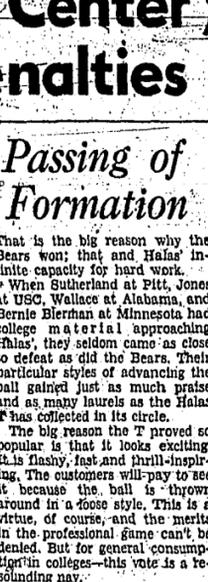

California to Play 10 Game Grid Schedule

BERKELEY, Calif., Jan. 7 (U.P.)—University of California today announced a ten-game schedule for the 1942 football season. There was one newcomer on the program—University of Montana which the Berkeley team will play in Memorial stadium Nov. 14. Montana replaced Washington State.

ARMY AIRPLANE LOST ON COAST

SACRAMENTO, Calif., Jan. 7 (AP)—A twin-engine army photographic plane with three men aboard was sought today in the Siskiyou mountains near Fort Jones, possibly forced down by bad weather.

The plane was due at McClellan field air port, Sacramento, at 12:11 p. m. yesterday from Gray field, Fort Lewis, Wash. Army authorities here said it "probably would have run out of gasoline" by 1

MECHANICAL BEET THINNER DEVISED

SALT LAKE CITY, Jan. 7 (AP)—Improvement of mechanical thinning and seed segmentation processes were described today at the American Society of Sugar Beet Technologists' meeting here.

The thinning process, designed to alleviate a threatened labor shortage, was described by E. M. Mervine of the U. S. department of agriculture, who supervised experiments in Colorado and California.

The process, the said, brought a 10 per cent improvement over hand thinning and accomplished the task in one-tenth the time.

The seed segmentation improvements, designed to end a "habit" of unbroken beet seeds producing two or more plants, all unhealthy, were reported by Roy Balmer of the University of California.

Dean E. J. Iddings of the University of Idaho extension service said the value of the sugar beet industry rested not alone with the return to farmers from the sugar, estimated at \$86,000,000 a year, but in sale of by-products—fertilizer and livestock feed—which he valued at \$24,000,000 annually.

The 1944 bi-annual meeting will be in Denver. Wilford Y. Cannon, Salt Lake City, was elected president, succeeding J. E. Coke, San Francisco. New vice-president is Dr. H. B. Walker, University of California, Berkeley, while C. E. Cornany, Sheridan, Wyo., is new secretary-treasurer.

New members of an advisory council are J. W. Rooney, Oknard, Calif.; C. A. Lewis, Stockton, Calif.; H. A. Elcock, Twin Falls, Ida.; F. V. Owen, Salt Lake City; H. E. Brewbaker, Longmont, Colo.; H. E. Zilkowski, Denver; T. E. Gardiner, Colorado Springs, Colo.; M. J. Buschlen, Saginaw, Mich.; J. W. Calland, Deatur, Ill.; Lloyd Scott, Manitoba, Canada; T. George Wood, Raymond, Canada; J. C. Keane, Salt Lake City, and Eubanks Caltner, Riverside, Calif.

LEADERS CONFER ON ISLE DEFENSE

CANBERRA, Australia, Jan. 7 (AP)—Lieut. Gov. Hubertus J. van Mook of The Netherlands East Indies arrived unexpectedly in Australia yesterday to discuss with Prime Minister John Curtin problems of Pacific defense under the new inter-allied defense agreement.

In expectation of the adoption of a Pacific defense plan Van Mook had given up his post of colonial minister in The Netherlands government in exile last week to become lieutenant governor of the Indies, with headquarters at Batavia.

Prime Minister Curtin, announcing Van Mook's arrival, said it was the first tangible evidence of closest cooperation among the ABCD powers—America, the British empire, China and The Netherlands East Indies—under the new defense scheme.

It was disclosed today that both the islands in the Australian defense sphere and the north coast of Australia itself would be under the control for defense purposes of Gen. Sir Archibald Wavell, commander in chief of allied forces in the Pacific war zone.

ACTION DELAYED ON BRIDGES CASE

WASHINGTON, Jan. 7 (AP)—Final action on deportation proceedings instituted against Harry Bridges, CIO leader, on charges of membership in the communist party rested today with Attorney General Francis Biddle.

Biddle is studying a report of the U. S. immigration appeals board, which yesterday unanimously recommended reversal of a deportation order issued Sept. 26, 1941 by Judge Charles E. Sears, Buffalo, N. Y., presiding inspector of the immigration and naturalization service. Two courses appeared open for Biddle:

1. Acceptance of the board's reversal action which would quash all charges pending against Bridges.

2. Rejection of the board's recommendations which would make effective Sears' ouster order.

Congressional action on legislation to deport the 42-year-old Pacific coast maritime leader appeared stymied in the senate, although Rep. A. Leonard Allen, D., La., announced he would seek immediately senate action on his house-approved bill ordering Bridges' banishment to his native Australia. The house has passed two measures to deport Bridges, but the senate has declined to act each time.

Chairman Robert E. Reynolds, D., N. C. of the senate military affairs committee, who has introduced measures for Bridges' deportation which have failed of senate approval, said the reversal "throws the matter into the lap of the American public," indicating he would press for no further action.

Bridges said in San Francisco last night that he expected further deportation action despite the ruling in his favor. "The people who started this won't quit so easily," he said.

WELL

"Can't tell you any news, but I'm feeling well," is the gist of the letter received from Hubert Miller, received by his mother, Mrs. Gladys Miller, yesterday.

It is the first word Mrs. Miller has received from her son since the bombing of Pearl Harbor. Miller, was stationed at Hickam field when hostilities broke out in the Pacific.

Cheery Note—Don't Forget Tax by State

It's the federal income tax you hear most about these days—but don't forget the Idaho state income tax—hits, even more Magic Valley residents.

State tax blanks are now available at offices of Walter O. Musgrave, Twin Falls county auditor. They will be available also at similar offices in other counties. Assistance in filling out the state forms will be provided at Mr. Musgrave's office Jan. 16 through Jan. 23 when a state tax deputy will make his headquarters there.

The deputy will tour Magic Valley thereafter, and will return to Twin Falls early in March.

Deadline on the state tax is the same as on federal—March 15. Single persons with net income of \$700 or more (and gross of \$5,000 or more) must file returns. Married persons with net of \$1,500 or gross of \$5,000 must file.

REDUCTION MADE IN COST OF WPA

WASHINGTON, Jan. 7 (AP)—President Roosevelt today asked congress for a general public works program totaling \$578,231,000 for the 1943 fiscal year, a decrease of \$134,292,000 from the current fiscal year.

3 KIWANIS CLUBS TO INSTALL HERE

New officers to serve their respective clubs during the coming year will be installed at joint ceremonies for the Twin Falls, Buhl and Filer Kiwanis clubs at a session in the Park hotel here starting at 7:30 p. m. Thursday.

Installing officer is Wilbur S. Hill, Twin Falls, district lieutenant governor. R. J. Schwendiman, program chairman, will supervise entertainment which will include numbers prepared by members of each of the three units. General arrangements have been completed by W. W. Thomas, inter-club relations chairman.

Officers to be installed will be presidents, vice-presidents, secretaries and directors.

Today U. M. Terry, president of the Twin Falls club, announced appointment of committee chairman for his organization, the appointments to carry through 1942. They include:

Ribot Vallon, program; Claude Detweiler, boys' and girls' work; Cecil Jones, finance; Ray Holmes, public affairs and citizenship; A. W. Young, safety; Ray Robbins, achievement; John Garrett, civilian defense; Fred Meech, churches; H. H. Hedstrom, public relations.

Art Cederquist, reception and good-will; J. E. White, agriculture; O. T. Koster, attendance; Gerald Wallace, milk fund; O. P. Duvall, education; Roy Palmer, Kiwanis week; Harry Estlin, classification and membership; Tom Alworth, laws and regulations; Wilbur S. Hill, inter-club relations; James Reynolds, music, and Elmer Hollingsworth, house.

DEPTH OF SNOW SHOWS NO GAIN

Despite a slight added snowfall in the Halley area, total depths in the Sawtooth sector remained practically unchanged during the past week ending Monday, according to the report of Charles I. Daugherty, Sawtooth national forest supervisor.

Halley depth climbed to 15 inches Monday, a gain of one inch. Ketchikan lost an inch but Galena and the three Old Baldy levels were unchanged. All of these spots except Halley have more snow than at the same time last year.

Refrigerated gained three inches in aggregate depth but Soldier ranger station lost an inch. Mr. Daugherty's report shows Stanley, in the Salmon river country, gained two inches.

Cumulative snowfall at Halley advanced two inches in the past week, from 33.20 to 35.50. That total is above the 33.16-inch average and is more than four inches greater than the 31.3-inch level at this time one year ago.

Tribute Read at Leigh Services

BURLEY, Jan. 7 (Special)—Funeral services were held Friday at the Burley Odd Fellows hall for Mrs. Lillie Leigh, widow of the late Haven Leigh, with Rev. Raymond S. Rees, pastor of the Methodist church, officiating.

A quartet, accompanied by Mrs. Jay Gaskill, sang "Going Home," and the Rebekah closing "Ode." Clarence and Randall gave the invocation, and Rev. Rees read a poetic tribute to Mrs. Leigh, written by Mrs. William Geyer, a Rebekah sister and life-long friend of Mrs. Leigh. Mr. and Mrs. Russell Hellig played the prelude and postlude.

Burial, under direction of the Payne mortuary, was in the Burley cemetery, with Rev. Wolfe, Frank Toner, Ed Holbrook, George Congleton, Willard Robbins, and J. E. Myers.

Firemen Dash on 2 Alarms in Hour

Local firemen responded to two alarms last evening both within an hour's time.

At 6:40 p. m. they were called to the home occupied by Lyle K. Weatherbee, 744 Main avenue south, where efforts were being made to thaw out a water pipe in the basement. Flame used had ignited a blanket which in turn set fire to the rafters. Damage amounted to \$100.

At 7:35 p. m. they responded to an alarm in the basement under the Todd hotel in the 200 block of Main avenue east. A stoker had "gone dry" and as a result the basement was filled with smoke. There was no damage.

SIX IN-FIVE OUT

Draft classification session of area No. 1 board Tuesday afternoon added six more registrants to 1-A, the draft front line, but removed five from that bracket. Two of those removed are already in military service; three were given defense occupation deferment.

Fire Alarm Halts First Aid Class; Instructor Dashes out

This is the story of a Red Cross first aid class.

Attending the class, which held final session at the fire station last night were members of the sheriff's force and special deputies, members of the police force and local ambulance drivers.

Fireman Ed Berryman, the instructor, was talking with one of the class members at 7:35 p. m. and the class was all ready to start.

"I guess you're glad the alarm didn't come in here earlier this evening, didn't you?" said the class member.

"Oh," said Berryman, "it wouldn't make any difference."

Berryman still had the word "diff-

PALS

CHICAGO, Jan. 7 (AP)—When George McLaughlin, 50, appeared at the Fullerton avenue bridge tower to relieve his fellow-bridge-tender, Michael Burton, 56, he nodded a silent greeting. Burton grunted.

Their friendship was a mellow one of 25 years standing, but a man who sits alone eight hours a day learns to eliminate non-essential talk.

McLaughlin mumbled through his locker, turned to Burton and asked: "Where's my new broom?"

Studying his pipe a minute or two, Burton replied: "What broom?"

Five minutes later, Burton was on his way to a hospital with a bullet wound in his right shoulder and McLaughlin was held by police on a charge of assault with intent to commit murder.

Arraigned in felony court yesterday, Burton refused to prosecute. He told Judge Charles S. Dougherty:

"Gun discharged accidentally."

McLaughlin's explanation was less worrisome. He said:

"Broom misplaced."

Judge Dougherty dismissed the case and two silent men left the courtroom arm in arm.

TRAFFIC DEATHS DECLINE IN IDAHO

BOISE, Jan. 7 (AP)—E. T. Spencer, state safety director, today reported Idaho's traffic fatality toll was about six per cent lower in 1941 than in the previous year.

Last year 180 deaths were recorded as the result of highway accidents, compared with 192 fatalities in 1940.

Ada county's death toll of 18 led the state and was six higher than the previous year. Canyon county cut its traffic death toll from 22 in 1940 to 13 last year. Twin Falls county remained unchanged with 11 deaths.

Seven counties—Teton, Caribou, Lewis, Butte, Clark, Gooding and Jefferson—had no fatalities last year, Spencer said.

DEFENSE SAVINGS DIRECTOR APPRECIATES HELP

Editor, Evening Times:

On several occasions we have taken notice of the splendid manner in which your newspaper has given space to the promotion of the sale of defense savings bonds and stamps.

We want you to know that we sincerely appreciate the space you have given to this and we know that this type of advertising accomplishes more than anything this staff can do. We thought the picture of Gary Hanel in your Jan. 1 issue was very pertinent. We also note the mat being used by you in the upper right-hand corner of the front page of your paper, as well as the fact that some of your advertisers are using lines concerning defense stamps and bonds in their ads.

All of this is sincerely appreciated by the defense savings staff and we know we can depend on you for continued assistance.

Yours very truly,

JOHN R. VILEY,
State Administrator
Defense Savings Staff

REV. ROLLS HEADS SUMMER SESSION

Rev. E. Leslie Rolls, vicar of Ascension Episcopal church, has been appointed commissariat and camp custodian for the Episcopalian summer conference at Payette lakes next summer. Dates of the conference are July 6 to 16.

His duties will include the lining up of program and speakers for the summer school work.

Rev. Rolls, at a meeting of the bishop and council, Episcopal clergy of Idaho, held Monday in Boise, was also appointed to represent the group as chairman of publicity again this year.

Monday's sessions were held at the parish house and St. Michael's cathedral.

FILER-RED CROSS UNIT UNDERWAY

FILER, Jan. 7 (Special)—A Red Cross unit was organized Monday evening at the Filer high school by 65 people, among them being representatives of the various clubs and organizations of Filer and community.

Rev. S. A. Carlson was elected chairman and Earl Johnson vice-chairman. Mrs. Lewis Hack secretary and Mrs. Raymond Thomas treasurer. The executive committee to carry on the business of this unit will include these officers and a representative from each Filer community organization.

Earl Ramsey was chosen as chairman for the Red Cross drive, which he hopes to open this week if he can perfect the arrangements. Mr. Ramsey will appreciate any volunteers for this drive either as individuals or from groups. Donations may be left at the Filer Fidelity National bank or at the post office, if desired. Every one on the Filer mail routes will be contacted.

A first aid class was organized Tuesday evening with A. E. McDermid as chairman. Anyone interested in joining this class should contact Mr. McDermid immediately. These classes will be held at the high school twice a week if desired.

The executive board will meet Friday afternoon of this week at 3:15 at Mr. Ramsey's office at the high school. Each club and organization is asked to send a representative to this meeting.

A home nursing class will be organized in the near future.

A production committee for home and war purposes, which includes sewing and knitting, and a disaster relief committee to assist the local medical unit will be set up later.

Red Cross Benefit Staged at Burley

BURLEY, Jan. 7 (Special)—Mrs. Nels O. Silnee, Mrs. Charles F. McDonald, and Mrs. James W. Smith, all interested Red Cross workers, entertained at a Red Cross benefit party Wednesday at the Smith home on North Oakley avenue, with all proceeds from the dinner-bridge going to the American Red Cross.

Decorations consisted of Red Cross posters and American flags. During the afternoon Mrs. Harry Harpster gave a talk on Red Cross, and Mrs. Sledge presented one of her personally dolls to be given away at a later date.

Another benefit party is being planned at the home of Mrs. McDonald. It is hoped by these women that this party will stimulate other groups to give similar benefit parties for the Red Cross.

Razing Begins on Pioneer Structure

BUHL, Jan. 7 (Special)—The work of razing the old structure on Broadway, which for many years has been known as Buhl's first school house has begun.

Built in 1907 it had stood as a landmark on Broadway across from the city hall. It was considered to be used as a temporary structure while the F. H. Buhl building then being built could be completed.

The pioneer school children were first housed in two temporary buildings. One group was placed in the building on Main street now occupied by Pat Joyce's shoe shop, the other larger division was housed in a building located approximately where the City bakery now stands. It was when this latter building burned that George Payne bought the lot and built the present structure which is now being torn down.

Funds were furnished by George Payne and The Milner Perrine Lumber company.

Since the district could not be paid for on a rental basis, later the property was given by Mr. Payne to the school district. The old building was used at intervals for over flow school classes until the Lincoln building was built. Shortly before the first World War it was used as a barracks for company K of Buhl. During the war it was used as a hospital and was filled to capacity with flu patients. About 1920 it was again used as a school building pending completion of the new high school.

Since 1920 the building was used as a storage place for school bus wagons and the rear of the building was converted into a residence.

The lumber from the old school building will be used by the Fairview Grange in the construction of a new Grange hall to be located on a corner of the Joe Tverdy farm in the Fairview district.
