

JAP SINGAPORE DRIVE LAGS

MacArthur's Forces Hold Lines Against Jap Drive

SUPERIOR ENEMY UNITS SMASH AT BATAAN DEFENSE

By HARRISON SALISBURY WASHINGTON, Jan. 17 (U.P.)—Gen. Douglas MacArthur's forces today fought stubbornly against a fierce Japanese attack by infantry, artillery and aircraft directed by superior enemy forces against the right wing of their northern Bataan province lines.

The American and Filipino troops, the war department communique admitted, are greatly outnumbered by the Japanese assault troops. A heavy Japanese attack against the right flank of the American and Philippine troops in the Bataan peninsula is now in progress, the war department reported. This attack well supported by aircraft and artillery.

Outnumbered Defenders The assailants greatly outnumbered the defending troops. However, our soldiers are stubbornly contesting the attempted advance. Mention by the communique of the "right flank" of MacArthur's lines indicated that the Japanese assault is being launched in the Hermosa area in an effort to drive down the eastern Bataan coastal road, toward Mariveles, the port through which MacArthur maintains contact with Corregidor fortress.

The language of the communique—particularly its failure to state whether MacArthur's forces were maintaining their forward lines against the Japanese—seemed to indicate that the heavy pressure of the Japanese in the past three days may have made some inroads into MacArthur's carefully prepared positions.

The Japanese are supporting their frontal operations by sending small infiltration groups into the hills and jungles in efforts to get behind the American lines and also have claimed their forces have made new landings on the Bataan shore in MacArthur's rear.

Japanese propaganda sources claimed MacArthur's withdrawal toward Corregidor has already been started and that some American forces already have been transferred from the mainland to the island fortress.

There was no American confirmation of the claim. A favorable factor to MacArthur's stand—but favorable only in a long-term sense—was the continued success of U. S. and united nation fleet and air forces against Japanese shipping.

A compilation disclosed that American warships, submarines and planes have sunk an official total of 32 Japanese ships since start of the war, including 26 sunk by navy and marine forces and six by army bombers. An almost equal number have been reported damaged. United nations forces are credited with about an equal number and the total sea loss of the Japanese is now running to figures which are bound to be felt sooner or later.

22 Believed Dead In Hill Crash of Big U. S. Airliner

LAS VEGAS, Nev., Jan. 17 (U.P.)—Ground searchers reported today they had sighted what they believed was wreckage of a two-engine airliner in which lovely Carole Lombard and 21 other persons, including 15 army men, were feared to have perished last night in one of the nation's worst aviation disasters.

Broken pine trees and what looked like the charred fuselage of an airplane could be seen with the aid of strong field glasses, the reports said. Patchy snow and areas of bare rock formed a pattern in which it was impossible to detect details from a distance.

By ROBERT C. MILLER LAS VEGAS, Nev., Jan. 17 (U.P.)—Cowboys and soldiers guided by Indians climbed towering Table Rock mountain today on the eastern slope of Death valley to recover the bodies of lovely Carole Lombard and 21 other passengers who were feared to have perished in a plane crash.

Clark Gable, husband of the blond actress, was reported to have flown here, almost in ignorance of the fate of his actress wife, and joined rescue squads at the foot of the mountain.

Snow-covered Table Rock mountain is an 8,000-foot elevation at the lower end of the Charleston range, separating Nevada and Death Valley. It rises nearly 5,000 feet above the valley on either side. The scene of the crash was approximately 20 miles north of Las Vegas-Los Angeles highway.

Area Inaccessible The area is inaccessible to all but men skilled in mountain climbing, horsemen and track-type tractors. At least a dozen horsemen had been recruited, several army trucks and a powerful tractor. It was believed the party would not reach the scene of the crash for hours.

The plane crashed into the slope of Table Rock mountain with a thunderous roar, and flames from its burning wreckage could be seen for miles.

Clark county, Nev., peace officers recruited Tweed Wilson, an Indian of some 75 years, to assist in the search. Army officers ordered big trucks and little "Jeeps" into the area. There were 15 officers and enlisted men aboard the ship when it left Albuquerque, N. M.

Wilson and his brother have lived on a ranch in the vicinity of Table Rock mountain so long time can remember where they came. Nearby is an old Mormon mine, opened in 1840 to provide the early settlers with lead for bullets with which to fight the Indians.

The transport left Las Vegas just at dusk and apparently was behind schedule. The course from Las Vegas to Los Angeles is not lighted, although beacons mark the path.

Saw Plane Bobbing Willard George, a Los Angeles furrier who owns the ranch where Tweed Wilson works, said he saw the plane passing over in the twilight.

(Continued on Page 2, Column 4)

MARTYR —INDIANAPOLIS, Ind., Jan. 17 (U.P.)—Carole Lombard, Indianapolis screen actress, won tribute as "martyr of the war" today by Gov. Henry Schricker of Indiana.

Miss Lombard left here yesterday after she had sold \$2,017,513 worth of defense bonds to open a state sales campaign.

Cameraman Who Made This "Shot" Was in Thick of It

An alert photographer had his camera focused on two dead axis soldiers when two British infantrymen rushed by to inflict more death on the Libyan desert. Photo was taken by Moviestone News during attack on Sollum, Egypt, which fell to empire forces Jan. 10.

Churchill Back In Britain With Report on Trip

LONDON, Jan. 17 (U.P.)—Prime Minister Winston Churchill returned to England by flying boat today after his momentous conference with President Roosevelt at Washington, to face an immediate show down with a critical parliament on the grave allied strategic position in the far east.

The prime minister was expected to take the earliest opportunity to address the house of commons on his united nations agreement with President Roosevelt and his talks with Prime Minister William Lyon MacKenzie King at Ottawa, and to review not only the far eastern position but the war as a whole.

It was believed also that one of his first official acts would be the most vigorous shake-up of his war cabinet and the high command since he entered office as the German entered the lowlands in 1940.

Churchill handed a Plymouth this morning from the great British airways flying boat in which he had crossed the Atlantic from Bermuda. Churchill said he had flown 3,287 miles in 18 hours.

This is the land-mile distance from Bermuda to Plymouth. In nautical miles the distance is 2,800.

In Churchill Party With him were Lord Beaverbrook, the war cabinet supply minister; Admiral Sir Dudley Pound, first sea lord and chief of navy staff; Air Chief Marshal Sir Charles Portal, chief of air staff, and Sir Charles Wilson, president of the Royal College of Physicians.

A few hours in advance of Churchill's arrival the foreign office had announced that Sir Stafford Cripps, British ambassador to Russia, had been succeeded by Sir Archibald Clark Kerr, ambassador to China.

REDS CLOSE ON INDUSTRIAL CITY

LONDON, Jan. 17 (U.P.)—The Russians were reported today to be within 10 miles of Kharkov the industrial, railroad and highway center of the Donets basin, and fighting the "trapped" Germans from house to house in its suburbs.

Reports from Stockholm said the fate of Orel, at the south end of the Moscow front, was in the balance; that the German retreat from Moshansk, before Moscow, was continuing under heavy artillery fire, and that Russian siege guns and Marshal Semyon Timoshenko's tank forces were pounding the defenses of Tuganov to pieces.

This morning's Russian communique told of great quantities of booty being taken, hundreds of German dead and "some" German prisoners.

The Daily Telegraph said: "The second battle of the Crimea is approaching its end and it's ending in a Russian victory."

It was reported that the Russians already were shelling the Simferopol-Kerekov road between Sarabuz and the village of Temesh, which again was in Russian hands.

Australian Units Halt Invaders in Big-Scale Battle

WITH THE ADVANCED IMPERIAL FORCES ON THE WEST MALAYA FRONT, Jan. 17 (U.P.)—Australian troops, smashing into the Japanese with everything they had from field guns to the bayonet, have broken the first wave of a new Japanese offensive and forced the enemy to send for reinforcements, reports to advanced headquarters said today.

Reconnaissance planes reported that the Japanese were massing thousands of men for a new attack and that about 1,000 infantry trucks were lining the roads for 32 miles behind the eastern flank.

The Japanese were stopped after they had forced a bridgehead on the south bank of the Muar river 80 miles from Singapore.

British airplanes, racing to the support of the Australian imperial troops and the British and Indian forces with them, rained bombs on Japanese invasion barges, and launches filled with troops which tried to land at the river mouth.

Heavy Casualties A general headquarters communique said the British planes inflicted heavy casualties. One barge was blown to pieces by a direct hit.

It was believed the Japanese landing force here had been smashed. The communique said British planes also attacked a concentration of Japanese shipping off Malacca, just up the coast.

Other British planes bombed and machine-gunned Japanese troops on the way to the front to meet the hard-fighting Aussies.

British bombing and low-diving fighter planes, destroyed many Japanese trucks.

Seventy Japanese planes, 50 in the first group and 50 in the second, raided Singapore this morning, the headquarters communique said, and caused about 150 civilian casualties.

Planes Damaged One Japanese plane was shot down, two were damaged, and two probably crashed on their way to the base.

The Australians are fighting without a quarter, their advanced units blowing up bridges after the last man crosses and their artillery hurling shells on roads, trails and concentration points reported by the planes.

Always faced with far superior numbers, the bronzed troops from down under, timber men, ranchers, miners, clerks and professional and business men, were fighting hundreds of battles, man to man and in groups, through the jungle and the rubber plantations along the north end of the Johore sultanate.

SENATE'S REPORT ON "LAXITY" IS DENIED BY ARMY

BY JOHN D. GONZALES WASHINGTON, Jan. 17 (U.P.)—The war department replied to a senate committee's charges of laxity in preparing the country for war today with the assertion that the department, in cooperation with the automotive industry, had been making preparations for such a contingency for 20 years.

Undersecretary of War Robert P. Patterson, without specifically mentioning the committee's scathing report to the senate Wednesday, said the war department had "kept itself informed of the available facilities in the automotive industry and elsewhere" for the production of aircraft and other war materials.

Paterson's statement was issued through the war department's bureau of public relations a few hours after President Roosevelt had announced that he would send to the senate Monday the nomination of OPM Director William F. Friedman as a lieutenant general charged with expediting the army's munitions program.

If the senate approves Friedman's nomination, which is almost certain, he thus will be accorded the second highest rank possible in the army. The executive order issued by the White House said the former General Motors executive would place "special emphasis on the production of airplanes, tanks, guns and ammunition."

Patterson paid tribute to the OPM, which was criticized severely in the senate committee report. He announced that \$3,500,000,000 worth of military supplies and equipment had been ordered from the automobile industry since the Japanese attack on Pearl harbor Dec. 7, and said: "The war department could never have arranged for these tremendous orders for items requiring such skill and high precision in industry had it not been for the cooperation of the office of production management and the fact that during the past 20 years the war department, in consultation with the automotive industry, has been preparing for this emergency."

Pays Tribute to OPM Patterson paid tribute to the OPM, which was criticized severely in the senate committee report. He announced that \$3,500,000,000 worth of military supplies and equipment had been ordered from the automobile industry since the Japanese attack on Pearl harbor Dec. 7, and said: "The war department could never have arranged for these tremendous orders for items requiring such skill and high precision in industry had it not been for the cooperation of the office of production management and the fact that during the past 20 years the war department, in consultation with the automotive industry, has been preparing for this emergency."

RATION UNITS TO HANDLE CAR PLAN Rationing of new motor cars will almost certainly be handled by the present setup in charge of tires and tubes, it was indicated today when the Twin Falls county rationing board received a notice regarding autos from State Chairman C. G. Anderson, Boise.

At present all new motor vehicle sales are "frozen." That situation, however, will be relaxed in the near future in favor of a rationing program.

The local rationing board was advised by State Chairman Anderson that all Idaho state and local government units are being instructed to prepare a list of essential new motor cars and trucks they will need to carry on their 1942 functions. Each governmental unit within any county is to submit its list to the ration board in that county.

No assurance was given that the governing bodies will be able to buy all they claim they need.

The lists to be turned in by the units (counties, cities, school districts, etc.) are to show essential new vehicles that would fall under present eligibility classifications in the ration program plus cars needed in other government work not covered in the existing ration order.

County rationing boards are then to forward to state headquarters the request made by the governmental units, which apparently will be the first organizations to receive consideration by the OPA.

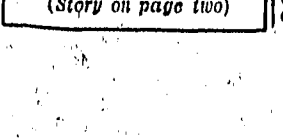

DANDITS KILL JAP VANCOUVER, B. C., Jan. 17 (U.P.)—A trio of bandits today was blamed for the murder of Hiroshi Uno, 21-year-old Japanese storekeeper. He died in a hospital last night a few minutes after one of the holdup men shot him three times in an attempted robbery of the store, police said.

GALAIS ATTACKED LONDON, 17 (U.P.)—British bombers attacked the Galais area on heavily last night that the heavy explosions rattled doors and windows on the English coast.

INVENTION

TOKYO, Jan. 17 (U.P.)—(By official broadcast recorded by United Press in San Francisco)—The Japanese navy ministry today branded as "pure invention" the United States announcement that an American war vessel had sunk a 17,000-ton Japanese liner of the Yawata Maru class in the far east.

THE BLACK FLAG FLIES

The first traffic death in Magic Valley for 1942 occurred Friday afternoon as result of a Jerome county highway accident. (Story on page two)

NATIONS DEMAND ECONOMIC HELP

RIO DE JANEIRO, Jan. 17 (U.P.)—A complete break of the American nations with the axis was understood today to depend on the ability of the United States to guarantee a definite schedule of defense and economic aid to Argentina, Chile and Paraguay at the emergency conference of American foreign ministers.

Those nations, and to a lesser degree, Peru, were said to feel that recurrence in a resolution calling for joint severance of diplomatic relations with Germany, Italy and Japan would amount to a declaration of war and the axis might immediately undertake reprisals.

As one prominent South American military figure put it: "We first want to know how and when we are going to get weapons to defend ourselves before we embark on such a dangerous step."

Summer Welles, United States under secretary of state and head of the United States delegation, was believed to be communicating with Washington about what military aid, including destroyers for convoy duty, he could promise.

Argentine Foreign Minister Enrique Ruiz Gutierrez said he would offer no resolution to the conference, but his terms for joining the

Hollywood Weeps Over Death Of Popular Carole Lombard

By FREDERICK C. OTHMAN HOLLYWOOD, Jan. 17 (U.P.)—Death of Carole Lombard, girl of the hard-boiled chatter and the tender heart, in the fiery wreckage of a transport plane saddened the sound stages today and caused many a fellow performer to weep.

No other current actress was so universally beloved; death of no other glamor girl since Jenn Harlow had such a profound effect on the movie makers, sentimentalists all.

Clark Gable, her husband of three years, was waiting at the Los Angeles airport last night for her to arrive with her mother, Mrs. Jane Peters, and their friend and press agent, Otto Winkler, from a defense bond selling expedition to Indianapolis.

Attendants told Gable the plane would be delayed. He returned to the ranch house he built for his bride in the San Fernando valley, only to hear the worst. He rushed blindly from the house, reed back to the airport and chartered a plane for Las Vegas, Nev., even as two

CAROLE LOMBARD

officials of Metro-Goldwyn-Mayer hastened to catch up with him. The slip of a coin apparently resulted in death for the actress. Miss Lombard wanted to fly to Indianapolis. The chubby Winkler, a one-time Los Angeles newspaper reporter, wanted to ride the train. They compromised, then flipped a coin.

Trails said they would go by train to Indianapolis and return by air. Heads would have told a different story. Hollywood—its sentiment is traditional—has suffered many another blow at its head, but it seemed none could compare with the sorrow generated by Miss Lombard's death.

There was Rudy Valentino, but his legion of mourners was recruited principally from his faithful fans. Hollywood in those days was small and remote and divided and unco-

There was Marie Dressler. Her passing was not unexpected and it brought her relief from a long and painful ailment.

There was the vivacious Thelma (Continued on Page 3, Column 3)

# GERMAN-ITALIAN GARRISON AT HALFAYA PASS SURRENDERS

## 5,500 TROOPERS TAKEN AS EAST LIBYA IS FREED

By WALTER COLLINS

CAIRO, Jan. 17 (AP)—The German-Italian garrison in Halfaya pass on the Egypt-Libya frontier surrendered today under the impact of relentless British land, sea and air bombardment, releasing large imperial forces for service against the main axis army 350 miles to the west.

First official reports said 5,500 enemy troops were captured, along with large quantities of guns and war material which were taken intact.

**Blasted From Pass**  
Axis troops entrenched in Halfaya pass for nine months, were blasted from the last position they held in eastern Libya.

El Agheila, on the border of Tripolitania, is now the one remaining battle front in Libya.

The surrender of the Halfaya garrison was unconditional, British general headquarters for the middle east said in a communique.

Halfaya, cut off from other axis defense positions when Soltum was taken this week, has been under constant day and night attack for two weeks. South African troops, sent from the Transvaal, British armored units and artillery and a Polish detachment have hammered at the strong Halfaya fortifications with support from the royal air force and British naval units at sea.

**Joined by Free French**  
The attacking forces were joined yesterday by Free French troops who took an intensely active part in the final assault.

Fall of Halfaya will greatly speed supplies to the troops fighting Gen. Erwin Rommel's Africa corps in the El Agheila area. Since the start of the imperial drive on Nov. 18 British troops and supplies have been forced to make a wide southward detour from Egypt into Libya because the Germans and Italians in the pass were astride the main road from Soltum to Bardia and Libyan coastal points westward.

**Attends Funeral**  
C. E. Herrick is expected to return today from Portland, Ore., where he went to attend the funeral of his mother, Mrs. E. Goodwin.

**Moose Meeting**  
Moose Legion will meet in Rupert Sunday with representatives from all parts of the district expected to attend. A dinner will be served at 1 p. m. All members are urged to attend the meeting, first of the new year.

**Special Service**  
John H. Breckenridge will conduct the service and study at the special international relations study meeting Sunday at 7:30 p. m. in the junior room at the Presbyterian church, using the textbook, "China Rediscovered Her West."

**Noted Writer Here**  
Jesse Rainsford Sprague, New York City, writer for such nationally known publications as the Saturday Evening Post, arrived in Twin Falls yesterday for an extended visit with Mr. and Mrs. George F. Sprague, his brother and sister-in-law.

**Fire at Store**  
Minor blaze which charred a part of the first floor at the Idaho Department store was extinguished by Twin Falls firemen at 7:45 p. m. Friday. The firemen used chemicals to halt the blaze, which occurred at the spot in which cleaning mops were kept in the men's department.

**At Carroll Theater**  
Mr. and Mrs. Harry Nelson, Twin Falls, were among the executives of the Farmers' Auto Inter-Insurance exchange and their wives who attended a dinner party at the Earl Carroll theater in Hollywood last Monday evening, concluding a four-day convention in Los Angeles.

**Defense Work Openings**  
MEN

The most current and urgent openings are for skilled men to work at Pearl Harbor and in Alaska. Jobs open are for plumbers, steamfitters, boilermakers, electricians, blacksmiths, machinists, etc. The age limit is 62. Pay ranges from 74c to \$1.74 an hour depending on skill and position.

On the coast there are calls for harness sewing machine operators, sewing machine repairmen-commercial machines. Experience in repairing of small home machines will not qualify. Auto mechanics to work in air plane factories as final assemblers.

To the men being laid off in the automobile industries because of the curtailment of products, we suggest they watch the civil service announcements closely.

Numerous inquiries have been received regarding work on the Magness plant at Las Vegas, Nev. According to recent information received from the Nevada division of the U. S. employment service this project is not now in operation. There are several hundred men at this location waiting for the job to reopen. Workmen are urged not to go down to Las Vegas seeking employment.

**WOMEN**  
Few calls are coming in to this area for women workers in defense factories: due, no doubt, to the fact that there are sufficient numbers in the immediate vicinity of the factories to fill the employers' needs.

Before attempting to run down every minor suggestion that pops up regarding work in other areas check with your nearest United States employment service.

Do you have a birth certificate or documentary proof of citizenship? If not we suggest that you start now to obtain one. We never know when we will be called upon to produce this evidence. The United States employment service can advise you how to obtain this certificate.

**THEATERS BOOST 'POLIO' CAMPAIGN**  
All motion picture theaters will cooperate in the 1942 campaign to fight infantile paralysis. Mrs. Lionel A. Dean, Twin Falls city chairman for the drive, announced this afternoon.

The three Twin Falls showhouses—Orpheum, Roxy and Idaho—will present a special "polio" campaign trailer starring Clark Gable, who was in the national limelight today because his wife, Carole Lombard, was killed in a plane crash, donated his time for the anti-paralysis trailer and the movie industry contributed more than 50,000 of the films for nationwide distribution.

The trailers will run at the Twin Falls showhouses Jan. 22 through Jan. 29. In addition, Mrs. Dean said, "washing well" containers will be in the theater lobbies that week for coin donations. Sunday, Jan. 25, the Camp Fire Girls will take turns standing in treaters' foyers, in service uniforms, holding the wishing wells and calling them to attendance of moviegoers.

Tomorrow, Jan. 18, is "ski Sunday" in the Twin Falls campaign, according to Mrs. Dean. Dick Hepler, city sports chairman, has installed a wishing well at the Magic mountain ski shelter. He will urge contributions Sunday by the hundreds of skiers who will visit the resort.

**OLD FASHIONED REVIVAL**  
Chas. E. Miller, Director  
Old hymns and songs  
KTVF—11:00 P. M.  
Sundays  
1170 Kilgore  
Continental International Gospel Broadcast

**CONNERLEY**—Funeral services for Fred Connerley, who died this week in Nebraska, while visiting a daughter, will be held Tuesday at 2:30 p. m. at the Twin Falls mortuary chapel, Rev. I. D. Smith, pastor of the Church of the Nazarene, officiating. Interment will be in Sunset memorial park.

## News in Brief

**Zenobia Club**  
Zenobia club will meet Wednesday at the home of Mrs. Joe Koehler for an all-day sewing session.

**Bicycle Taken**  
Bobby Bailey, 262 Lincoln, reported to city police today that his Ace bicycle, license 408, has been stolen.

**Methodist Men's Club**  
Methodist Men's club will meet Tuesday at 7:30 p. m. in the parlors of the Methodist church, W. S. Ellsworth will preside as president.

**Knitting Class**  
A knitting class for the women of the Church of the Brethren will be started Thursday evening, Jan. 22, at the home of Mrs. E. A. Moon, 165 Taylor street, with Mrs. E. L. Ikenberry as instructor.

**Tax Aid Jan. 26**  
Cecil A. Probst, deputy collector of internal revenue, will be out of his Twin Falls postoffice quarters on a business trip until Jan. 26. Federal income taxpayers may again visit the office starting that day for assistance in filling out their returns.

**Condition Unchanged**  
Condition of Frank Balls, Eden, who was injured recently in an auto accident, was "about the same" at the Twin Falls county general hospital at 1:50 p. m. today, according to hospital attendants. His wife, hurt in the same accident, was described as "a little better."

**Contracts Let for 632 Ships**  
LAS VEGAS, Nev., Jan. 17 (AP)—Passengers aboard the air liner which crashed last night were:

Afirine, M. B., corporal, air corps.  
Barham, James C., second lieutenant, air corps.  
Bielejick, A. M., sergeant, air corps.  
Brown, Hal, Jr., second lieutenant, air corps.  
Cook, Frederick P., sergeant, air corps.  
Crouch, Robert E., first lieutenant, air corps.  
Dittman, Frederick, undetermined rank, air corps.  
Donahue, K. T., second lieutenant, air corps.  
Gable, Mrs. Clark, (Carole Lombard) Hollywood.  
Hamilton, Lois, Detroit, passenger.  
Negren, Robert F., first lieutenant, air corps.  
Negren, Edgar A., sergeant, air corps, (brother of Lieut. Negren).  
Nelson, Charles D., second lieutenant, air corps.  
Peters, Mrs. Elizabeth, Mrs. Gable's mother, Hollywood.  
Swenson, Stuart, second lieutenant, air corps.  
Telrank, Martin W., private, air corps.  
Tigman, David C., sergeant, air corps.  
Vasamine, Nicholas, private, air corps.  
Voorhees, Burton K., first lieutenant, air corps.  
Winkler, Otto, movie press agent, Hollywood.

Williams, W. C., pilot.  
Olliette, Morgan A., co-pilot.  
Geiz, Miss A. F., hostess.

**22 FEARED DEAD IN LINER CRASH**  
(From Page One)  
Light and that it appeared to him the tail was bobbing up and down and acting in a peculiar manner.

"It seemed to be out of control for a time," he said, "as though someone was fighting in the cockpit."

A few minutes after the plane passed from view, it crashed against Tulebrook mountain not far from a beacon marking its course.

Fifteen of the passengers were pilot-officers and enlisted personnel of the United States army ferry command returning to their west coast bases.

**Crew Listed**  
W. C. Williams was the pilot. His co-pilot was Morgan A. Gillette and the hostess was Miss A. F. Geiz.

The crash occurred at approximately 7:30 p. m. (10:30 p. m. EST) last night. The plane was only 275 miles from its destination, the Los Angeles airport. It left its starting point, La Guardia airport, New York City, at 10 p. m. Thursday.

The plane took off from the local airport after a brief stop at 7 p. m. Seven minutes later it broke its radio contact with the local control station without explanation and the crash is believed to have occurred about 20 minutes later.

**Aboard Plane**  
LAS VEGAS, Nev., Jan. 17 (AP)—Passengers aboard the air liner which crashed last night were:

Afirine, M. B., corporal, air corps.  
Barham, James C., second lieutenant, air corps.  
Bielejick, A. M., sergeant, air corps.  
Brown, Hal, Jr., second lieutenant, air corps.  
Cook, Frederick P., sergeant, air corps.  
Crouch, Robert E., first lieutenant, air corps.

Voorhees, Burton K., first lieutenant, air corps.  
Winkler, Otto, movie press agent, Hollywood.

Williams, W. C., pilot.  
Olliette, Morgan A., co-pilot.  
Geiz, Miss A. F., hostess.

**Unbalanced tires are the cause of numerous automobile accidents.**

**26-DAYS WITHOUT DEATH**  
Death of six-months-old Jack Loren Kessler near Jerome Friday afternoon brought the initial traffic fatality of 1942 in the eight county Magic Valley area and ended a 26-day reign of the "white flag."

Last previous traffic death in Magic Valley came Dec. 21 near Shoshone, when Peter Peruna, 58, Shoshone, was killed as his pickup truck swerved into lava rock potholes alongside U. S. 93.

**Elks Service for Former Coroner**  
Funeral services for P. J. Grossman, 40, former Twin Falls county coroner, were held this afternoon at the Twin Falls mortuary chapel, members of the Elks lodge, of which Mr. Grossman was a lifetime member, officiating. Interment was in the Elks plot at Twin Falls cemetery.

Mr. Grossman, resident of Twin Falls since 1908, died Monday night at Jerome. He was a pioneer mortician of Twin Falls.

A son, Howard Grossman, Las Cruces, N. M., and a brother, D. R. Grossman, Elkhart, Ind., were here for the funeral.

## 22 FEARED DEAD IN LINER CRASH

(From Page One)  
Light and that it appeared to him the tail was bobbing up and down and acting in a peculiar manner.

"It seemed to be out of control for a time," he said, "as though someone was fighting in the cockpit."

A few minutes after the plane passed from view, it crashed against Tulebrook mountain not far from a beacon marking its course.

Fifteen of the passengers were pilot-officers and enlisted personnel of the United States army ferry command returning to their west coast bases.

**Crew Listed**  
W. C. Williams was the pilot. His co-pilot was Morgan A. Gillette and the hostess was Miss A. F. Geiz.

The crash occurred at approximately 7:30 p. m. (10:30 p. m. EST) last night. The plane was only 275 miles from its destination, the Los Angeles airport. It left its starting point, La Guardia airport, New York City, at 10 p. m. Thursday.

The plane took off from the local airport after a brief stop at 7 p. m. Seven minutes later it broke its radio contact with the local control station without explanation and the crash is believed to have occurred about 20 minutes later.

**Aboard Plane**  
LAS VEGAS, Nev., Jan. 17 (AP)—Passengers aboard the air liner which crashed last night were:

Afirine, M. B., corporal, air corps.  
Barham, James C., second lieutenant, air corps.  
Bielejick, A. M., sergeant, air corps.  
Brown, Hal, Jr., second lieutenant, air corps.  
Cook, Frederick P., sergeant, air corps.  
Crouch, Robert E., first lieutenant, air corps.  
Dittman, Frederick, undetermined rank, air corps.  
Donahue, K. T., second lieutenant, air corps.  
Gable, Mrs. Clark, (Carole Lombard) Hollywood.  
Hamilton, Lois, Detroit, passenger.  
Negren, Robert F., first lieutenant, air corps.  
Negren, Edgar A., sergeant, air corps, (brother of Lieut. Negren).  
Nelson, Charles D., second lieutenant, air corps.  
Peters, Mrs. Elizabeth, Mrs. Gable's mother, Hollywood.  
Swenson, Stuart, second lieutenant, air corps.  
Telrank, Martin W., private, air corps.  
Tigman, David C., sergeant, air corps.  
Vasamine, Nicholas, private, air corps.  
Voorhees, Burton K., first lieutenant, air corps.  
Winkler, Otto, movie press agent, Hollywood.

Williams, W. C., pilot.  
Olliette, Morgan A., co-pilot.  
Geiz, Miss A. F., hostess.

**Unbalanced tires are the cause of numerous automobile accidents.**

**26-DAYS WITHOUT DEATH**  
Death of six-months-old Jack Loren Kessler near Jerome Friday afternoon brought the initial traffic fatality of 1942 in the eight county Magic Valley area and ended a 26-day reign of the "white flag."

Last previous traffic death in Magic Valley came Dec. 21 near Shoshone, when Peter Peruna, 58, Shoshone, was killed as his pickup truck swerved into lava rock potholes alongside U. S. 93.

**Elks Service for Former Coroner**  
Funeral services for P. J. Grossman, 40, former Twin Falls county coroner, were held this afternoon at the Twin Falls mortuary chapel, members of the Elks lodge, of which Mr. Grossman was a lifetime member, officiating. Interment was in the Elks plot at Twin Falls cemetery.

Mr. Grossman, resident of Twin Falls since 1908, died Monday night at Jerome. He was a pioneer mortician of Twin Falls.

A son, Howard Grossman, Las Cruces, N. M., and a brother, D. R. Grossman, Elkhart, Ind., were here for the funeral.

## INFANT KILLED IN NORTHSIDE CRASH

JEROME, Jan. 17 (Special)—Jack Loren Kessler, six-months-old son of Mr. and Mrs. Reuben B. Kessler, Hazelton, was fatally injured here in a two car collision Friday afternoon 15 miles east of Jerome. The child sustained a fracture of the spine and died instantly.

The fatality marked the first traffic death in Magic Valley for 1942. The infant's body rests at the Wiley funeral home pending arrangements.

**Mother Hurt**  
Mrs. Mary Kessler, 24, the mother, is a patient today in St. Valentine's hospital, Wendell, where she was taken Friday afternoon, and is reported by attaches there as suffering from shock, slight cut on the head, a cut lip, scratches and slightly bruised knees.

The automobile accident, which took the infant's life occurred on highway No. 25 at about 1:15 p. m. when a car being operated by Mrs. Elsie McKay, 39, Boise, skidded in front of the eastbound Kessler auto. Mr. Kessler suffered cuts about the face.

Also riding with the Kesslers were two other children, Carol and Robert, who sustained only slight scratches. Mrs. McKay suffered shock and a cut over her eye. She was taken to a hotel here in Jerome and word of the accident was sent to the woman's husband who arrived in Jerome Friday evening from Idaho Falls. Damage to both machines was extensive, according to Milton G. Kohl, member of the Idaho state police who investigated.

The Kessler baby was born July 25, 1941, at Jerome.

**26-DAYS WITHOUT DEATH**  
Death of six-months-old Jack Loren Kessler near Jerome Friday afternoon brought the initial traffic fatality of 1942 in the eight county Magic Valley area and ended a 26-day reign of the "white flag."

## Seen Today

Boy on bicycle, pulling sled by very long rope and practically disrupting pedestrian traffic at one of the four-corner intersections . . .

Proof of something: Crowd waiting downtown to board that new city transit bus . . . Lady's heel "cap" lying on sidewalk . . . Piece of paper on courthouse desk, showing several different attempts by somebody to spell "Mississippi" . . .

And businessman on Main avenue looking pretty griped as he hauls cigarette package out of his pocket bottoms-side-up, thereby losing seven smokes on slushy sidewalk.

**NATIONS DEMAND ECONOMIC HELP**  
(From Page One)  
United American front were known to be similar to Chile's.

Chile, for "all facilities compatible with a state of active non-belligerency," wants:

**Chile's Wants**  
Ships; guns; a speeding of priorities for expansion of her dock facilities, electrification, railroads and enlargement of airbases; and, reportedly, a \$120,000,000 long-term loan for "direct" and "indirect" defense projects; benefits from the seizure of 350,000 tons of axis shipping in South American waters; abandonment of United States war plants—such as those for producing nitrogen—that would hinder Latin-American exports after the war, and a hemispheric monetary system based on gold.

Paraguay will do what Argentina does, Peru was bargaining to the best advantage.

There were 87 resolutions before conference committees, but the one calling for a total break of the American nations with the axis was of transcendent importance.

# COAST CITIES SPEED ACTIVITY FOR FULL DEFENSE

## INLAND SECTORS REFUSE TO JOIN IN PREPARATIONS

**By United Press**  
The fervor with which big cities are swinging into action in preparation for the day when enemy action may touch this country glows or cools with the proximity of the individual community to the coast line or to major defense projects, a survey by United Press indicated today.

If you reside near the seaboard or in a community engaged in major defense work, you probably have enrolled for some home defense activity and your city fathers have appropriated considerable sums to carry on the work. If you live in the Midwest, it is likely that civilian defense is on a hit and miss plan, that you aren't worried about enemy warplanes and that your city coffers aren't being scraped for appropriations.

**Gotham Spends**  
In New York City, \$1,000,000 was appropriated for emergency defense measures and a few days later every cent had been expended. Fiorella La Guardia, mayor, and also national civilian defense head, said the money went for new light switches that wardens could flip, sirens, sand, stirrup pumps, asbestos fuses, light shields, blackout draperies and similar items.

In Tulsa and Oklahoma City, near the center of the country, not a cent had been appropriated. The same is true at Omaha, and Lincoln, Neb. In Kansas City, Mo., however, the city is more alert to possible dangers with Admiral Hayne Ellis, retired, in charge. There \$5,000 has been appropriated and \$30,000 probably will be asked of the city council. Thousands have been enrolled for emergency fire, police, air raid and decontamination work although few seem to think the city ever will be bombed.

**Connecticut Ready**  
Connecticut, dotted with plants working on defense contracts, has laid out several millions for defense work. The state defense council says each one of the state's 169 cities and towns has made appropriations and they range from \$500 to \$50,000. There have been voluntary contributions, too, but there's no estimate of them.

**Phoenix, Ariz., has set aside \$40,000, most of it for new fire equipment, and 10 horses have been volunteered for any role they will fit into. Madison, Wis., however, hasn't appropriated a dollar but Frank W. Starkweather, a retired businessman, is enlisting volunteer workers and paying minor expenses himself. Memphis hasn't worried enough to make an appropriation. Ogden and Salt Lake City are getting along with little expense, but the state defense council is in charge there and has \$22,500 to spend on mobile medical units, booklets and organizational expenses.**

**California Appropriation**  
Los Angeles, where blackouts and raid warnings have kept the citizens on the alert, has inaugurated a long-time program of defense with the state legislature asked to appropriate \$3,000,000 for the expansion of the fire and police departments, defense public works, equipping of air raid wardens and employment of guards for water and power sources.

Part of the \$10,000 appropriated in Fort Wayne, Ind., is being used for placards that go to those homes that enroll 100 per cent for volunteer defense work. Minneapolis and St. Paul have not appropriated funds but the state set aside \$750,000 for home defenses and has promised to provide funds for extra police and firemen in the Twin Cities.

Philadelphia has enrolled 87,000 volunteers—more persons than lived there when the declaration of independence was signed—and set aside \$65,000 for civilian defense activities and \$500,000 for defense materials.

## CAUTION NEEDED FOR ALL ROADS

Magie Valley motorists should use caution no matter where they travel in Idaho at present, according to the state bureau of highways bulletin received here.

Reminder that the speed limit is 35 miles per hour was issued by the bureau.

**Snow 48 Hours Ago**  
Road snow conditions as of 48 hours ago (delayed to comply with the request to all newspapers in regard to snowfall) showed the following:

U. S. 30—Wyonning line to Lava Hot Springs, slippery; Lava to McCammon, good; McCammon to Pocatello, some oil breaks and slippery in places; American Falls to Burley, good; Burley to state line in western Idaho, good but slippery in spots.

93 Open  
U. S. 93—Nevada line to Halley, good; use state 23 Shoshone to Carey state 23 Carey to Arco; state 27 Arco to Challis instead of U. S. 93 (because Galena summit closed).  
U. S. 61—Idaho-Montana and Yellowstone park highway, good; Idaho Falls north to Montana, good.  
U. S. 65 and 95 alternate—Slippery and icy in portions. Carry chains.

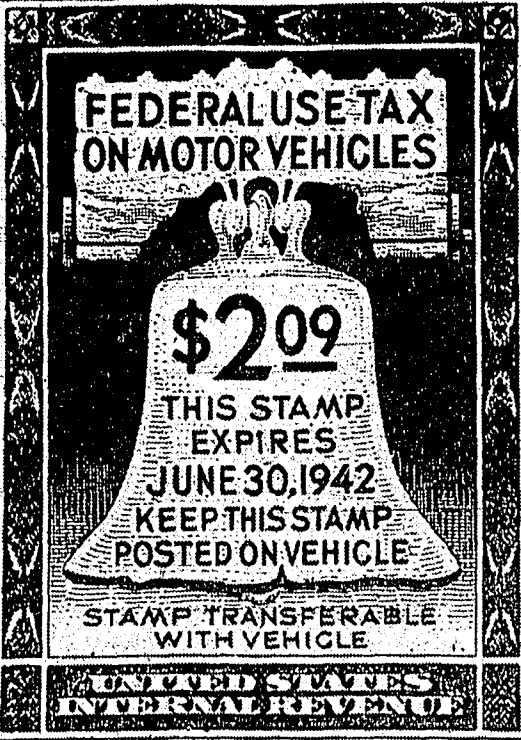

State 21, Boise to Stanley—Open to Idaho City, but closed beyond.  
Fairfield-Halley Closed

State 22, Idaho central—Mountain Home to Dixie fair; Dixie to Hill City, poor; Hill City to Fairfield, fair; Fairfield to Halley, closed; Bellevue to Craters of the Moon, good; Craters to Arco, fair. Use caution, slippery.

State 23—Richfield branch of Spawtooth park highway, good from Shoshone to Richfield, balance only fair.

State 24—Good; closed from Dietrich to Minidoka; good from Minidoka to Rupert; Slippery in spots.  
State 46, Gooding to Fairfield—Closed section fair; balance good.

## Introducing--The Auto Stamp

Here's the sticker with which all Magie Valley motorists (and truck owners, motorcycleists and motor-boters, too) are going to be well acquainted. It's the federal use tax stamp which must be affixed to the auto windshield by Feb. 2. It's to go on the right-center of the windshield as far as Idaho cars are concerned. Sale is now underway at postoffices. Price of the initial stamp is \$2.09 because it covers only part of a fiscal year. New stamps costing 55 must be purchased next June. Actual size of the stamp is about one and one-half inch by two inches. (Times Engraving)

## CAMP PROVIDES NURSERY SCHOOL

Nursery school facilities will be available free of charge at the Twin Falls farm security labor camp this winter for children of parents living in rural areas near the camp. Manager Roy C. Lane announced today.

"Until the present time we have not been able to provide this service to the rural people of Twin Falls because of the limited amount of equipment available," Mr. Lane said. "Facilities are now available to care for local families wishing to take advantage of the plan."

The nursery school was originally established by the department of agriculture to aid migratory workers who have been helping to harvest crops in this area, he explained. Children from two to six years of age can be enrolled at the nursery school at any time during the day. After they have been enrolled it is expected that they will arrive at 9 a. m. and remain at the nursery school until 3 p. m. Special care is taken to give the children every care possible. As soon as they arrive they are checked by the camp nurse who watches to keep illness at a minimum. During the forenoon

a midmorning lunch is served as well as scheduling regular play periods. A hot lunch is served at noon, with a rest period during the afternoon, he explained.

"Farm families interested in the nursery school program are invited to attend the camp where they can watch the school in action," Mr. Lane said.

## Son Asks Decree To Handle Estate

The son of a late Buil couple has filed probate court petition for administration of his parents' \$1,950 estate.

Petitioner is Oscar W. Lindau, Buil. His father, Robert Lindau, died March 5, 1940 and his mother, Mrs. Clara Lindau, died Dec. 15 of last year. Heirs include the petitioner, another son, William B. Lindau, Murtough, and a daughter, Mrs. Julia Loutzner, Buil. J. H. Sherfy is attorney for Oscar Lindau in the probate action.

## Farmer's Night Set

**JEROME, Jan. 17 (Special)**—Tuesday evening, Jan. 27, will be annual farmers' night, observed each year by members of the Jerome Rotary club. The party is being arranged under the chairmanship of Dr. Kenneth Walker, Jerome veterinarian.

**150 Units**  
If the proposed plan is approved, it will provide for the establishment of a farm labor camp of approximately 150 family units, residences principally built with wooden platforms, provided with cooking facilities. In addition the units will be provided with one large tent to be used as a recreation center. Sanitary

## JEROME MAY GET MIGRATORY CAMP

**JEROME, Jan. 17 (Special)**—A mobile farm labor camp is being considered for Jerome area, according to farm security administration executives, who released information to the effect that formal application was drafted and will be forwarded through the local FSA offices here to the head offices in Portland for final recognition and approval.

If Jerome is approved for such a camp site, various leaders of major civic and agricultural bodies, including Granges, Chamber of Commerce, sugar company officials and employment agency officials are of the opinion that with the anticipated labor shortage during the approaching planting and harvesting seasons, the labor problem will be reduced to a minimum.

**Labor Administers**  
In this section, landowners have been dependent to great extent upon migratory labor, which in former years took care of approximately 50 per cent of the seasonal work. Since the national emergency, hundreds of single men who were then available have been attracted to coastal sections to engage in national defense construction work, and many have been placed in armed forces of the United States.

Working in cooperation to bring such a camp to this area are representatives of the Granges, Chamber of Commerce, employment agency, the sugar company officials and many other interested persons who are working out a survey in this county to determine the seasonal labor needs. As a group they are drafting formal application to the FSA to have the migratory labor camp installed here the coming crop season.

It has been pointed out that the FSA, in placing these camps, must have assurance that school facilities, electrical and telephone service and water will be provided for. Jerome has assured the FSA that such provisions are available, together with a suitable tract of land in which the camp might be placed.

**Leader Confers**  
Last Monday, Jan. 12, W. T. Geurts, chief of migratory labor camp section, Portland, met with representatives of the agricultural and civic bodies here at the Jerome FSA office. He indicated that the FSA has some seven mobile migratory camps to be placed in areas in the Pacific northwest this coming year. He explained that from reports already received by his office, prospects were "very favorable" that a camp might be located in this area. However, final determination as to location will be forthcoming within a short time, depending upon the report which the civic organizations prepare and forward to the Portland office today.

Application is being prepared this week, the compilation being completed by the secretary of the Jerome Chamber of Commerce. It was stated.

The youth fired two bullets into his father's chest near the heart, wounding him fatally. Mrs. Brose said her son ran from the house crying hysterically, and drove off in the family car.

## Youth Shoots Father After War Debate

**MINNEAPOLIS, Minn., Jan. 17 (AP)**—James Brose, 19, high school honor student scheduled to graduate next week, shot and killed his father Thursday during a family argument over the war, then fled in his father's car.

Police learned from the youth's mother, who is a Swede, she had quarreled with her husband, John Brose, 44, who was Dutch, about war issues.

"Sweden's no good," she quoted her husband, "even Hitler doesn't want it."

She protested the statement, she said, and her husband, a railroad fireman, slapped her. James pulled his father's pistol from a drawer and leveled it at the elder Brose.

"Go ahead and shoot," the father challenged.

The youth fired two bullets into his father's chest near the heart, wounding him fatally. Mrs. Brose said her son ran from the house crying hysterically, and drove off in the family car.

## Honor Society at Heyburn Honors 2

**HEYBURN, Jan. 17 (Special)**—New members of the National Honor Society of the Heyburn high school were announced at a recent assembly session.

The new members selected for their scholarship, leadership, character and service, are Bernell McIntire and Floyd Peterson. The awards were made by Mrs. Athol Miller, the sponsor.

Judge Henry Tucker, Burley, addressed the students about the four points of national honor. Letta Speer sang two soprano solos, "Tonight We Love" and "Moonlight Madonna."

Activities, including portable showers for both men and women, health clinic, camp houses for a representative of the employment office, a camp manager, a nurse and home management supervisor will also be afforded. Such plan provides for enrollment of services of local physicians who will meet at regular intervals in the clinic where health surveys will be conducted.

## PROPERTY VALUE SOARS AT BURLEY

**BURLEY, Jan. 17 (Special)**—Burley has new homes, business places, garages and remodeling since one year ago which have increased the city's property value by \$110,553, according to records on file at the city offices.

Seventy-seven building permits were granted by the city council during 1941, which were valued approximately at the above figure. Of the 77 permits, 51 were for construction or remodeling of residences, at a valuation of \$74,348. Average cost of construction per permit was \$1,450.

Four new service stations added to the new business places permitted. The permits went to Kenneth W. Shotwell, Standard Oil company, Cooperative Supply company, and Union Oil company, and valuation was \$12,100 for the four. The remaining \$22,300 in new property is shown in remodeling and new fronts and additions.

## Woodmen Install Gooding Officials

**GOODING, Jan. 17 (Special)**—E. L. Hoodenyle was installed as consul of the local camp of the Modern Woodmen of America at installation ceremonies held Tuesday evening at the Odd Fellows hall. Installing consul was Carl M. Shauer, Erie, state manager of the M.W.A. Russell Rolfson of Gooding was installing escort.

Others installed were Neil Warrington, past consul; D. A. Chehey, adviser; L. A. Chehey, banker; William Kinkade, escort; Charles Winnett, watchman; Charles Wimmer, trustee for a three year term.

An oyster supper was served following the ceremonies which were held at an open meeting. Host committee were Mr. and Mrs. Kinkade, Mr. and Mrs. D. D. Hoodenyle and Mr. and Mrs. L. A. Chehey.

## Seniors Choose Play

**HEYBURN, Jan. 17 (Special)**—The play chosen by the seniors for production is the well-known stage production, "The Ghost Train," by Arnold Ridley.

## Jerome Will Try Saturday School

**JEROME, Jan. 17 (Special)**—Beginning Saturday, Jan. 24, and continuing as a trial plan for a period of five weeks, the schools of Jerome district, independent No. 33, will hold schools each Saturday in order that parents of this community may have the assistance of their children in the early spring to help with farm work.

The plan is one being adopted by many school districts and if it works satisfactorily in this community, schools will continue to be held Saturdays in order that children might be dismissed almost a month earlier in the spring, closing May 2 instead of May 22.

In that there is an anticipated shortage of farm labor, because so many youths have been placed in the armed forces of the United States, undoubtedly many families will need assistance of their children to assist in farm labor.

## Gooding Merchants To Close Earlier

**GOODING, Jan. 17 (Special)**—Gooding merchants bureau met Wednesday at a special session to consider the matter of closing hours for the winter months. It was agreed that all stores and business houses would close at 6 p. m. on week days and at 8 p. m. on Saturdays except the drug stores. Drug stores will close at 9:30 every night, Saturday's included.

The 8 p. m. closing hour will be observed this evening, Jan. 17. The shortened hours will have expense to business firms and enable them to devote more time to defense work.

## TRAILERS

We specialize in building 4-wheel rubber tired wagons trailers that may be used for either farm wagons or trailers... stock trailers... other special trailers. Let us design a trailer to fit your needs.

## BOISE MAPS 2ND BLACKOUT EVENT

**BOISE, Ida., Jan. 17 (AP)**—A second regional blackout test will be staged in eastern Oregon and southwestern Idaho "sometime Sunday evening," air raid precautions officials announced today.

Homer Huddelson, chairman of the ARP committee, said exact time for the blackout will not be divulged previously.

The blackout will last 30 minutes and will be preceded by a 15-minute alert period.

The committee reported that approximately the same area will participate in the Sunday test, as in the first blackout Dec. 21. The area extended from Glenns Ferry, Ida., to Huntington, Ore.

"We are attempting to make this blackout practice as nearly realistic as possible, and for that reason will not reveal the exact time," Huddelson declared.

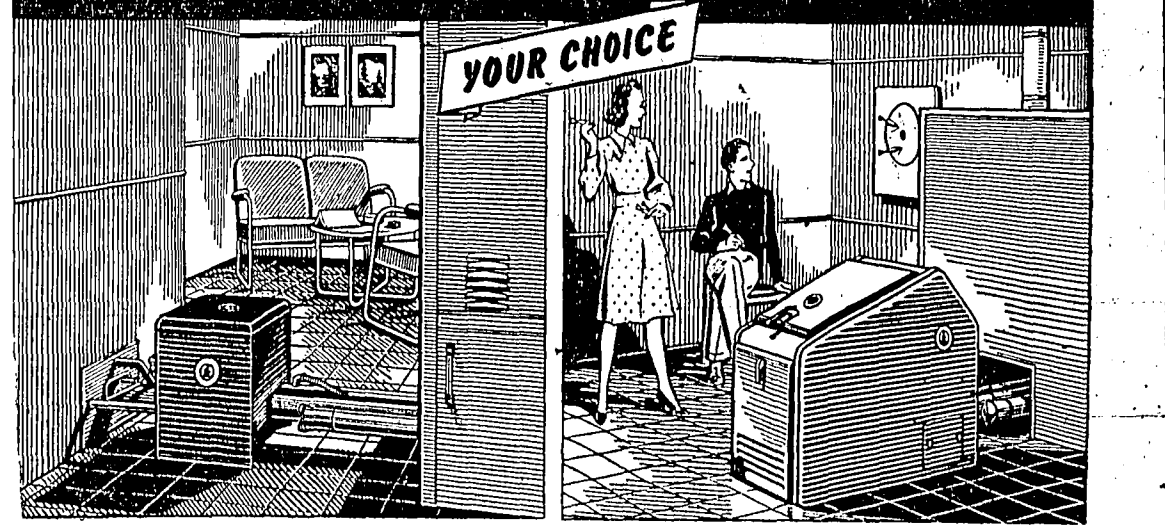

The same signals will be used as during the first test—a series of short whistle blasts for the alert, and short and long blasts for the blackout. The all-clear will be sounded with a series of long whistle blasts.

When the first blackout was held here the exact time was announced nearly a week in advance.

**RIDE the BUS**

# SAVE WITH IRON FIREMAN AUTOMATIC COAL STOKER

**Bin-feed Models.** No coal handling with Iron Fireman "Coal Flow," the ultimate in firing equipment. Just set the thermostat... the Coal Flow does all the work of handling coal. Coal flows from bin at left to furnace. Clean, quiet, dependable. Coal Flow prices start at \$226.

**Ropper Models.** Iron Fireman "Standard" shown above, is the big-value stoker at the lowest price for a genuine Iron Fireman ever offered. Iron Fireman high quality automotive-type construction, plus exclusive Iron Fireman features, has made Iron Fireman the outstanding leader.

**Users Report Fuel Costs Cut 43% Under Other Automatic Fuels**

Yes, you actually can get better automatic heating at a big saving. Recently an independent research organization interviewed hundreds of families who formerly burned other automatic fuels, but who now have Iron Fireman coal stokers. The reports of these families showed an average saving in fuel costs, with Iron Fireman firing, of 43%. And, asked which gave them better heating, the families voted overwhelmingly for Iron Fireman! Don't let the high costs of other automatic fuels become a heavy burden on your home.

**HELP FIGHT INFANTILE PARALYSIS**

Check these Exclusive Iron Fireman Features:

- Exclusive Iron Fireman control instruments; sensitive, reliable Iron Fireman thermostat.
- Coal conveyor screw is cold-twisted from a cold-rolled bar of steel; welded to a solid-steel core. The strongest type of conveyor made. Stainless steel fire-tip resists corrosion.
- Exclusive "carburetor" with self-cleaning air-jets.
- Precision transmission; alloy gears, heat-treated for hardness.
- Capacitor-type motor with built-in overload protection.
- Quiet radial-vane fan.

Convenient Terms on All IRON FIREMAN Products

Product of the world's largest builder of stokers for homes, buildings and industrial plants.

**Nickels**

One of our filler sleuths tells us this:

J. Clyde Musgrave, hardware merchant and erstwhile mayor of Filner, marched in to Postmaster Gilbert Smith.

He dumped a mess of nickels in front of Postmaster Gil.

"Defense bonds and stamps, please," quoth J. Clyde.

When Gil got through counting, he found 880 nickels. That \$44 bought J. Clyde two defense bonds and a supply of stamps.

(Note: Every single one of the coins was a Jefferson nickel, no other kind.)

**OUCH! A LUSTY SLAP FROM PVT. JIM BOTHWELL!**

Dear Friends:

Was glad to receive from mother the picture that was in the Times when left. While it was not so good yet newspaper prints are always poor as compared to regular photographic work.

Just a word on the authorized proper abbreviation for headquarters. I notice on some of the slips that are on the newspaper that I am getting—hdqrs or some such word—the proper abbreviation is merely, hq. that means headquarters, militarily speaking.

My best regards,

—Pvt. James L. Bothwell

**EXPLAINING THE SIREN**

The siren she blew... and blow... and kept blowing... until our Twin Falls constituents got worried as all get-out... we understand some of them even began to fear the siren was signaling an air raid or blackout.

So we explain after sundry slouching—the siren kept blowing because it got stuck! Honest. The entire crew of firemen on duty around 7:45 last evening went out on the call. The non-professional siren crew that ended the station siren for good didn't know how to shut the dang thing off when it stuck. So, much noise.

For your future peace of mind, that fire siren won't be the air raid signal. Orv Coleman and Carl Ritchey are still hunting a different kind of noise-maker for that little chore.

**Whee!**

When Charley Brown of the Oakley Herald gets unusually emphatic, we tell you constituents about it. So we guess we might as well tell you about the Idaho Statesman, too.

The Statesman, momentarily forgetting the unrefined (if a bit stuffy) air it usually loves to parade, opened all its stops and let fly at the army bigwigs. It was blasting what was either a peculiarly saline piece of army censorship or a justifiable bit of army caution, depending on how you happen to look at it.

Anyway, pulling its hoary beard aside, the elderly Statesman spoke like this:

"A Bomber Crashed. Shhhhh!... hissing, vicious, nincompoop extremes to which censorship seems to diverge... silly, useless hush on information concerning the generally known crisis... disgusting!... idiotic censorship and the unfeeling of army brass-hats who don't know a valid secret from a swordfish foster demoralizing rumors... ridiculous shush-shush fabricates wild, exaggerated reports... by the most morose stretch of fancy, a generalized, verified newspaper report of this accident could not have divulged information of value to the enemy."

Whoops!

**THAT TRIANGLE AGAIN**

"... Yeah, he's doing road work training for the plug plug tournament..."

**THE GENTLEMAN IN THE THIRD ROW**

**Mission to Ankara**

A world which used to call Turkey "the sick man of Europe" today finds itself with a raging fever, and Turkey almost the only country with a normal temperature. To the next phase of the world-wide conflict Turkey, sitting astride the road to the lower Caucasus, to Iran and India, to Syria and the Near East, may hold the key. It is the road to oil, the road to a junction of German and Japanese forces, a road to prolongation of the war ad infinitum.

No greater task lies before the allied nations than to keep Turkey at least neutral and in the mood to fight if Germany's next drive should come her way. Turkey must be shown that it is to her advantage to cleave to the allied cause, for it is on advantage that the acts of nations hinge.

There are two ways to do this, talking and acting. As far as talking can go, the United States has made an excellent first move in sending to Ankara Laurence Steinhardt, a diplomat who has proved his worth by eight years of exacting service.

Steinhardt, an acute New York lawyer, was appointed in the early days of the New Deal. While not a career man, he has since that time served as ambassador to Sweden, to Peru, to Russia, and his appointment to a fourth ambassadorship, at Ankara, will give him a record equaled by few career men with a lifetime in the state department. His experience, compressed into a little more than eight years, is greater than that of many men with 20 years' service. He has made good at every job, and few diplomats ever faced a more difficult job than he when he was sent to Russia, a time when our relations with the Soviets were at sixes and sevens. He knows a great deal about Russia, about Europe and the world. We will be represented at Ankara by a man who sees clearly, talks plainly, and inspires confidence.

So much for that. However, such a mission can accomplish only so much with bare words. Action must back them up. Sufficient allied force to demonstrate to Turkey that north Africa, the Red sea basin, Iran and the Caucasus can be held are an important supplement to any words Steinhardt can speak. Arms to help equip the Turkish armies for defense are needed and recent extension of lend lease to that country must be made effective.

Just what active demonstrations will be required of allied good intentions toward Turkey, and the means to back up those intentions, we do not yet know. But this is one of the most important diplomatic missions of our time, and we trust that the competent hands to which it has been entrusted will be supported in such a manner as to insure success.

**Vision in Eyes That See Not**

Blind persons can see as well as you and I the vision of a free world, a world purged of war and oppression, devoted to the arts of peace.

More than 2,000 pair of such unseeing eyes must be fixed on such a vision these days, for 2,219 men and women in 54 workshops in 27 states are now turning out orders for government goods useful in defense. Quite aside from the fact that through the national industries for the blind, these people are enabled to earn their own way, and thus gain personal confidence in the future despite their handicaps, it must be a tremendous stimulus of hope for them to feel that they, too, are enabled to contribute to the effort to win through for freedom. It is a wonderful thing that these people, deprived of physical sight, are not denied a glimpse of the future.

**When Necessity Calls**

Now, after the complacency with which we exported scrap-iron to Japan for the past several years, we find that some American steel mills are actually on the point of shutting down for lack of scrap-iron.

No use to weep for past folly, no use to gloat, "I told you so!" Here we are, and every pound of scrap metal is badly needed. There's another place where every man can help. Round up all the scrap metal around the place, and get it into the hands of the junkman or scrap collector. Aluminum, copper, brass, iron, steel, paper—don't let any of these things accumulate around the place; put them to use.

So we lack scrap-iron, no matter why. The American way is to go out and get it, and not sit wailing about what we should or should not have done two years ago.

When the modern girl blushes you have to take her word for it.

**● SERIAL STORY**

**TAMBAY GOLD**

BY SAMUEL HOPKINS ADAMS

THE STORY: Mem Baumer sets up "Federal" lunch wagon at run-down Tambay plantation. Plans a party for the hillbillies with its aristocratic, imperishable owner, Jess Ann Jackson, last of the hillbillies, who for some mysterious reason is holed up in the world. Other characters: Loren Oliver, well-to-do, prof digging for Tadmor hills at Tambay; Judd, Mem's pet skunk; Old Swaby, Siwene scheggs "Doc" Oliver is harboring lawyer; Marjorie; Judd's love with Juddy; football star Ansel Todd, who wants to marry her; Angel; the Doc; "Doc" whose aristocratic course he is following; and Mem wonders if Juddy is falling for her. Sheriff Hollister is a wily, old-timer "left-handed" cousin of the hillbillies, believes Oliver after gold at Tambay.

**"TAMBAY TOURIST CAMP"**

CHAPTER XI

MAURIE SEARS did fix up the tourist camp contract, too. It didn't give me any the best of it, but that was all right.

On the way back I had an attack of jitters. Or maybe I'd call it conscience if I were sure I had one.

"Look, Juddy," I said. "It isn't too late to back-track. Say the word and I'll tear up this scrap of paper and forget it."

"What's your mind now, Mom?" Juddy said.

"It's this way. If it goes floozy, I've still got the Federion. How about you? Have you got anything to fall back on?"

She laughed, but it wasn't a pretty laugh. "More money than you ever thought of, Mom," she said. "If I want to fall in that direction."

"What's the catch?" I said.

"How would you get all this money?"

"She looked at me, and then away. "That's it, how!" she said. "How would you think?"

"I see," I said, though I wasn't too sure.

"Then we play ball?" I said.

"Yes; we play ball," she said.

After the final wash-up that evening the two of us sat back and built our tourist castle in the air with towers and a moated grange. Before we were through we had 30 livid cabins, a big central dining and dance hall with a giffle counter, a cigaret and soft drink shoppe, swindle boxes, jookeries and all the other nickel traps, a row of gas pumps, a raft in the stream with bathhouses for the summer trade, canoes for rent, and we'd worked up a banquet business with Chambers of Commerce, Rotaries and Kiwanises, with a sideline of Sunday school picnics, all through the countryside.

By midnight Judson and Baumer were a couple of millionaires.

WE rented a truck and ran in a squad of backwoods home-builders. Carpenters? They were mechanics. Those hillbillies made some passes, and waved a hammer and a saw in the air instead of a wand, and the two rows of cabins came right up out of the earth, complete with plumbing, and all inside of three weeks. They were undisciplined timber off the place, wadded with asphalt; the kind of thing tourists call "picturesque" and shuck out an extra dollar for.

The first cabin was rented before it was built. Loren Oliver took it, at \$10 a week. Juddy was suspicious of the Doc. Where Tambay was concerned, she was jealous of a mother-cat. You couldn't tell that Doc's being there was a University position, and if it wasn't him, it would be somebody else. To her, he was just a trespasser.

Besides, Angel Todd had tried hard to sell her on the proposition that Doc was a Grade A rat. He didn't wholly succeed. But he did convince her that Doc was determined to funk him out by fair means or foul.

Economy was our watchword now. Every penny we could make or save wasn't going to be too much to give Tambay Tourist Camp its start. Well, I soon found out that my notions of economy and Juddy's were two different things. Just as the hillbillies were finishing up, I heard a gentle scraping under my window one morning. There was Juddy with a cloth bag and a trowel.

"Now what?" I said.

"Bubs," she said.

"Yeah?" I said. "I thought we were economizing."

"They only cost five dollars and a half," she said. "And they'll be so pretty when they come out. I can't bear to have the house look so sad and neglected."

"Forget the house, Juddy," I said. "The thing for us to do, before the work-gang leaves, is to dig a little deeper and build ourselves a double cabin to live in. Modern and comfortable. Eight hundred dollars would do it."

She opened her eyes, wide and surprised, at me. "Aren't you comfortable in Tambay Mansion, Mom?" she said.

"No; nor you neither," I told her.

"I am too," she said, "except when the wind comes from the north or the rain from the east."

"Look," I said. "There's a dozen windows needing glass. The roof leaks. And a self-respecting sparrow wouldn't have our plumbing in his nest. Cabins are weather-proof."

"Build yourself one, Mom," she said. "But not for me. Leave the old house by itself!" she said. "Why, Mom, it would wake up in the night and cry for me?"

SO I paid off our hillbillies and they held a whoopee on white mule to celebrate the finish of the job—a swell job, too—and went back home, and Tambay Tourist Camp was set for business.

Juddy went out that night with Angel. They didn't get in till 2 o'clock, and next day she seemed a little down; kind of bothered in her mind.

"Mom," she said. "You told Angel I was your niece. Why?"

"Just a stall," I said. "He knows you're not."

"Was it because you thought I needed a guardian?"

"I might have, then. I've changed my mind."

"Maybe I do. But not as far as Angel is concerned." She stuck a bulb into the hole she'd scooped and smiled up at me. "I've been thinking I'd like to adopt you for an aunt or something."

"That's a thought," I said. "But what do you know about me? I might not even be respectable."

"Are you?" she said. "Not that I care."

"Now, I'll tell you, Juddy," I said. "There's just two kinds of people in the world, those that stay put, and those that keep moving on to see what's around the next corner. I'm the second kind. Curiosity is my weakness. Let your nose be your guide and keep close behind it. That's my motto. You have to loosen up on your principles a little to lead that kind of life. But I make out to hang onto my self-respect."

"I'll bet you do, Mom," she said.

"As for taking you on, gals are no news to me. I've had my crack at the family line."

Juddy opened her eyes wide at me. "Have you got children?"

"One," I told her. "And I've taken more chances than that. But Carnie's strictly legal."

"Carnie?" she said. "Is that her name?"

"Her name is Carnie. We were in that line of business when she was born. I'd run away from a jerkwater western college that you never even heard of, to marry a jolly sport of a tightrope artist. He was good until he slipped and crooked up his poor back, and then he took up the animals. We hung together till Carnie was 14 and Baumer was hitting up the bottle so hoavy that even his trained seal lost respect for him. A gal in Mexico snared him, which was O. K. by me."

(To Be Continued)

**With Kelly at Washington**

(From Page One)

have terminated the first World War quickly if the United States had not butted in, Hill promptly had the government printing office strike off reprints and then obtained the franked envelopes. Later tons of these speeches were sent, postage free, to a select mailing list in all parts of the United States. Of all the reprints, however, the one Hill liked best was Senator Clark's "England Expects Every American to Do His Duty." He bought twice as many of this as of any other.

**PACIFIC TIME IS URGED FOR IDAHO**

BOISE, Jan. 17 (UP)—The Idaho State Chamber of Commerce today was on record as favoring establishment of Pacific Standard time throughout Idaho.

A resolution which authorized a petition to be sent to the interstate commerce commission asking a change in time was among those approved in closing sessions of the chamber's annual meeting.

The resolution pointed out that part of north Idaho is on Pacific time and the southern portion of the state is on Mountain time. The greater geographical area of Idaho is now about 45 minutes faster than natural sun time because the dividing line between exact Pacific time and exact Mountain time runs just west of Pocatello, the proposal said.

In the event all of Idaho is placed in the Pacific time zone, clocks in the area now under Mountain time will not be changed when nationwide daylight savings goes into effect.

Other resolutions expressed need for curtailment of non-essential projects financed by taxation, support of the O'Mahoney amendment to control wages, urging federal aid for expansion of rubber production, and opposing use of social security taxes for the purpose of financing government.

R. S. Erb, Lewiston, was reelected president. Other officers re-named were W. L. Lloyd, Nampa, vice-president; Earl Murphy, Boise, secretary; Floyd West, Boise, assistant secretary; T. L. Martin, Boise, treasurer.

**Court Date Changed**

BURLEY, Jan. 17 (Special)—January term of the district court was scheduled to open here Monday, Jan. 12, but because of the absence of a majority of the bar association, Judge T. Bailey Lee postponed the opening until Monday, Jan. 26. Seventy cases are scheduled on the court calendar, including only two criminal cases.

dir farmer before he became head of the agricultural department.

With sheep, cattle, wheat, dairy, potatoes, sugar beets and a long line of vegetables, the backbone of Idaho, the secretary is the choice of that state and of neighboring states. Washington farmers shared the views of the other western states despite the adverse votes of its senators.

If eggs, milk and butter and other foodstuffs are beginning to soar in price it does not mean that farmers are becoming rich. Farm labor is at low ebb and hard to get, feed is higher and all the liens entering into farm production are rapidly increasing. Scarcity of farm labor is forcing mechanization on the farms, and machinery is hard to get; will be still more difficult, and in many instances if purchased will mean debt, and officials of the treasury are warning against going into debt for the duration. All these things are known to Secretary Wickard.

**HISTORY Of Twin Falls City & County**

As Gleaned from Files of The Times

**15 YEARS AGO**

JAN. 17, 1927

W. W. Powell, Berger, and Miss Ada Walkington, daughter of Mrs. R. J. Walkington, of this city, were married Thursday in Spokane, according to word received here. The couple will take a trip to California before returning to Twin Falls.

Owen Keefer, son of Mr. and Mrs. J. A. Keefer, was host to the members of his dancing club Saturday evening at the Keefer home on Third avenue north.

Ivan E. Lyons and Ruth Smith, both of Burley, received a marriage license here Monday.

**27 YEARS AGO**

JAN. 17, 1915

On Monday of this week the Ostrander Lumber company held their annual meeting at the office of the company in this city. The following officers were elected for the ensuing year: E. J. Ostrander, president; N. F. Ostrander, vice-president; D. C. Watson, secretary-treasurer. The company has a number of yards on the south side and north side tracts.

As a surprise on the occasion of his birthday, Mrs. W. E. Nixon invited all of Mr. Nixon's associates in the First National bank to a six-course dinner party last Thursday evening at their home on Eighth avenue east. Late in the evening the wives of the dinner guests were invited to attend the festivities and enjoy progressive five hundred.

**STUDENT WRITER ACCORDED HONOR**

Bonnie Jean Pigg, exchange editor of the Bruin, Twin Falls high school paper, recently won honorable mention for the mountain states area in the first editorial writing contest for the year sponsored by the Quill and Scroll, "International honorary society for high school journalists."

Miss Pigg chose from offered suggestions her topic of "Santa's Bag, With Its Gifts or Bombs." Other entries stressed the difference between war-shattered Europe and war-preserved America at the onset of the Christmas season; wrote treatments of the hemispheric tie-up with South America; drew parallels of bombs or gifts in Santa's bag, and reiterated the "peace on earth, good will toward men" adage.

Marjory Ramsey, of Burley senior high school, was a sectional winner for Idaho; she and Miss Pigg were the only Idaho entries to win acclaim.

**HONOR SEAL FOR GRANGE AT BUHL**

BUHL, Jan. 17 (Special)—The Buhl Grange met Tuesday evening at the Grange hall, with Frank E. Southwick as presiding master. Voted in as new members were Dr. and Mrs. Melvin A. Drake.

A second year seal to be placed upon the honor Grange certificate was received from the National Grange and denotes that the Buhl Grange has for the second year met the requirements of the honor Grange.

Requirements

Some of the requirements for this certificate are: Initiating a class of candidates using the full ceremony for all degrees, making the best net gain in membership for the full year, making complete reports and being active in community service.

One of the projects of the Buhl Grange in community service has been the cooperation with the 4-H clubs. Others are opening and closing of meetings on time, perfection of ritual work, prompt payment of dues and worthwhile programs at every meeting.

In ceremony commemorating the memory of Michael Homing, a recently deceased member, Mrs. J. A. Howard sang "One Sweetly Solemn Thought," accompanied by Mrs. Len Garner on the piano. The Grange charter was draped in memory of him.

Tells of Goss

S. C. Orr gave a sketch of the life of the new National Grange Master, Albert Goss, Kennewick, Wash., who is now at his office in Washington, D. C. His being chosen for this office is considered an honor to western Granges.

Several reports were given on the highlights of the National Grange convention held at Worcester, Mass., in November. Mr. and Mrs. I. E. Stansell were delegates at the national convention from the Buhl Grange and are now visiting in Florida.

Mrs. S. C. Orr stressed what can be done to assist the American Red Cross in a practical way in our own community. She discussed the raising of more vegetables in small home gardens and more home canning of vegetables and fruits.

Stunt Offered

Mrs. Earl M. Marlinger presented a humorous stunt in which all the men were given a needle, thread and buttons. They were asked to thread the needles and sew on the buttons. Prizes were awarded at the end of the stunt.

Guests of the Grange were Mr. and Mrs. Clyde Latham of a Grange near Seattle. Refreshments were served by Mr. and Mrs. Clyde Smithson, Mrs. Elva E. Mason and Mr. Grant Leader.

**CLEARING UP Federal Income Tax**

NO. 12

Time for Filing Returns of Individuals

Income tax returns of citizens are required by law to be made on or before the 15th day of the third month following the close of the taxable year, which for most individuals is the calendar year. Since March 15, 1942, will fall on a Sunday, such returns for the calendar year 1941 must be filed on or before the midnight of Monday, March 16, 1942.

Returns by nonresident alien individuals must be made on or before the 15th day of the sixth month after the close of the fiscal year, or on or before June 15, 1942, for the calendar year 1941.

If placed in the mail, the returns should be posted in ample time to reach the collector's office, under ordinary handling of the mails, on or before the due date. The envelope should bear proper postage and be addressed to the "Collector of Internal Revenue" at the correct address in the district where the taxpayer's legal residence or principal place of business is located. If he has neither, the return should be mailed to the Collector of Internal Revenue at Baltimore, Md.

The regulations grant an extension of time for filing returns of income up to and including the 15th day of the sixth month following the close of the taxable year in the case of American citizens residing or traveling abroad, including persons in the military or naval service on duty outside the United States. In all such cases an affidavit is required to be attached to the return stating the cause of the delay in filing, and taxpayers who take advantage of this extension of time will be charged with interest at the rate of six per cent per annum on the light installment of the tax from the original due date until paid.

**Women's Auxiliary Meets in Gooding**

GOODING, Jan. 17 (Special)—Perry Byam unit of the American Legion auxiliary met at the home of Mrs. Lora Brown on Tuesday evening with Mrs. Ione Felth presiding for the session. Miss Olive Hughes, treasurer of the Gooding county chapter of the Red Cross was present and gave an interesting talk on the Red Cross.

Mrs. Eva Shotwell reported on the committee which arranged treats for the convey of soldiers who passed through Gooding in December; in the convey were the boys of Battery A, most of whom were Gooding boys. It was reported by Mrs. Florence Craig that the unit had paid for one ton of clothing, recommended by the health council, at the cost of \$25.

Members reported 80 hours of work for the Red Cross during the past week and that other members had checked out garments to sew which would be reported later. Mrs. Lucille Ikard, Mrs. Erma Flack and Mrs. Ruby Clemons were appointed to assist the Red Cross chapter if the need arises for mass feeding in the community.

Arrangements were made to meet at Mrs. Jessie Palmer's, Thursday, Jan. 22, to sew articles for the Veterans hospital at Boise. A pot luck luncheon will be served at 1 p. m. Mrs. Palmer, chairman of the project, will be in charge of the project. Miss Hughes told of the purpose of the Red Cross and sketched briefly its history in the United States. She explained the set up of the organization and the financial program.

During a social hour a lunch was served from a lace covered table with Mrs. Ethel Nelson, junior past president, pouring. Mrs. Brown was assisted by Mrs. Mae Snively and Mrs. Lucille Ikard.

**Tire Rationing Rules Explained**

RUPERT, Jan. 17 (Special)—Judge H. A. Baker, chairman of the Minidoka county rationing board, spoke Wednesday to members of the Rupert Rotary club at the Caledonian hotel.

Mr. Baker explained the set up for the tire-rationing program, told who was eligible to receive tires and how they could be obtained. G. Warren Daigh, county agent, and John Remsburg, other members of Mr. Baker's committee, were also present at Wednesday's meeting.

Mr. Daigh and Earl Bell, were luncheon guests of the club. Dr. A. E. Johnson, club president, presided. Group singing with Mrs. Edna Sinclair at the piano completed the program which was in charge of John Remsburg, chairman of the program committee.

### "South of the Border" Motif for OAO Dance

First dancing party of 1942 for members of the O.A.O. Dancing club is scheduled for Wednesday evening, Jan. 28, at the American Legion Memorial hall.

Mr. and Mrs. Ben Keane will be chairmen of the event, and a "South of the Border" theme will be employed.

### Royal Neighbors Install Officers At Public Ritual

Presentation of Mrs. Lora Doss, installation officer, and Mrs. Effie Watkins, ceremonial marshal, began public installation services for the officers of the Royal Neighbors of America at 8:15 p. m. yesterday at the I.O.O.F. hall, following a pot-luck supper at 6:30 p. m.

Mrs. Gladys Thomas was installed as oracle, and Mrs. Lillian Wilson took her office as vice-oracle.

Mrs. Leta Kunkle, and marshal, Mrs. Mary Stearns.

Assistant marshal is Mrs. Vada Putzler; inner sentinel, Mrs. Suzie Pratt; outer sentinel, Mrs. Clara Kain; man of the hour, Florence Christopherson; and musician, Mrs. Dorothy Kieffer.

Mrs. Margaret Durlin was installed as Faith; Courage, Mrs. Goldie Fullmer; Modesty, Mrs. Helen Minnick; Unselfishness, Mrs. Genevieve Hollenbeck; Endurance, Cecelia Bartlett; flag bearer is Mrs. Angle Iron, and captain of the degree staff, Mrs. Lora Doss.

Mrs. Watkins and Mrs. Doss were presented corsages by Mrs. Genevieve Hollenbeck, and Mrs. Watkins, following her explanation of the kinds of Royal Neighbor insurance, presented Mrs. Thomas with a corsage.

A floor show followed the installation and featured a program by students of the Stoddard-Kenworthy dance studio, with Wayne Kenworthy as master of ceremonies.

First number was by Miss Betty June Tarr, who danced a skater's waltz. Four-year-old Gail Miles' military number was followed by a clever acrobatic number by Miss Bertina and Miss Lucille Langdon. Their dance was "Two by Two."

Floor Show Buddy Strop did a single time tap and the Rhythm Rockets, introduced by Miss Tarr, who sang "Chattanooga Choo Choo," presented their dance. Other members of that group, besides Miss Tarr, are Shirley Wilson and Genevieve and Doris Jean Crowley.

Announcements were made of a benefit card party to be held for charity at the O. O. F. hall next Tuesday, Jan. 20, at 8 p. m.

Refreshment committee for the next regular meeting of the Royal Neighbors, Friday, Jan. 23, is under the chairmanship of Mrs. Mary Stearns. Mrs. Suzie Pratt, Mrs. Angle Iron and Mrs. Kate George will assist Mrs. Stearns.

Two Lodge Groups Plan Benefit Party Primrose Rebekah lodge and Royal Neighbors of America will entertain at a joint benefit card party Tuesday evening Jan. 20 at the Odd Fellows hall, to assist a member.

Card games will start at 8:30 p. m., and both men and women are invited to attend. Handmade prizes will be awarded, and refreshments will be served.

Calendar Knoll Grange will meet Tuesday at 8 p. m. at the school house. Members are asked to bring sandwiches.

Meeting of the Orchular club, scheduled for Jan. 19, has been postponed, officers announced today.

Syringa Home Improvement club will meet Tuesday, Jan. 20 at the home of Mrs. George Johnson, Piler, for an all-day meeting beginning at 10 a. m. Sewing for the Red Cross is planned.

Twin Falls County Democratic Women's Study club will meet Monday at 1 p. m. at the home of Mrs. W. A. Babcock to sew for the Red Cross. Both knitting and sewing will occupy the group. No refreshments will be served.

Star Social club will meet Monday, Jan. 19, at the home of Mrs. Horace Holmes, 376 Buchanan. A dessert luncheon will be served, followed by bridge. Officers will be elected: Mrs. E. A. Landon, Mrs. R. E. Morehouse, Mrs. J. A. Johnson, Mrs. Paul Rowan and Mrs. A. S. Henson will be the hostesses.

Salmon Tract Homemakers' club will meet at the home of Mrs. A. E. Kunkle Wednesday, Jan. 21. In the absence of Mrs. Margaret Hill Carter, the women will spend the day sewing for the Red Cross. Pot-luck luncheon will be served at noon. Members are asked to come early and bring their thimbles and scissors, and a dime for the Red Cross.

Nutrition and first aid classes for members of the Business and Professional Women's club will start early in February, Mrs. Frankie K. Alworth, president, announced today. These classes are being held in connection with the national program, "Strengthen Democracy for Defense," which has now become a slogan, "Strengthen Democracy for Victory."

### Economics Unit Will Make Talks About Nutrition

Members of the Twin Falls Home Economics association will be available for brief talks on nutrition before interested groups during the observance of Nutrition week, Jan. 23 to 31, it was announced today, following a meeting of groups last evening at the home of Mrs. Harold Lackey.

The association voted to have associate members and Mrs. H. A. Bell was accepted on this basis. Mrs. Russell Miller presided at the business session, and the group voted to buy a special book on nutrition.

Miss Lucille Johnston spoke on "Frozen Foods" and also discussed the use of the Sterilamp, which is used for preservation of foods, especially meat, and the purification of air in offices, hospitals and schools.

The hostess served refreshments. Mrs. Harold Salsbury will entertain the group Feb. 6.

### Church Societies Plan Unification

Ladies' Aid society and the Women's Missionary society of the Presbyterian church will be consolidated into one group with general officers and the formation of smaller units for various church work, according to the vote of 70 women who attended a joint meeting of the two organizations yesterday at the church parlors.

Tentative plans call for reorganization in the spring, when the current year ends for both women groups, and for monthly meetings of the general organization and of the smaller units.

Mrs. A. D. Gillespie was in charge of devotional, and Mrs. D. R. Churchill, president of the Missionary society, presided at the meeting, during which Mrs. Millie Merrill gave a review of the qualifications and work of army chaplains, and Mrs. Emma Clouchek described the organization of the USO and its present functions.

Wilton Peck, who read two of his own poems, "Shoshone Falls" and "Syringa," led the group in singing "Idaho," and read the Ninety-First Psalm. Musical background was provided by Richard R. Smith on the violin and Fred Haruda on the piano. The program was arranged by Mrs. Charles R. Scott.

The tea table featured a patriotic motif in decorations, and Mrs. W. R. Haller and Mrs. G. M. Simpson, co-chairmen of the hostess committee, presided at the silver service.

### Dorothy G. Weeks Marries on Coast

JEROME, Jan. 17 (Special)—Mrs. Dorothy G. Weeks and Mr. Sherman Weeks have announced the marriage of their daughter, Miss Dorothy G. Weeks, to John H. Gregory, son of Mr. and Mrs. Gregory, Slaton, Tex., last Monday in San Bernardino, Calif.

The marriage took place at the residence of Rev. Jesse L. Smith, pastor of the Baptist church there. The couple was attended by Mrs. E. Hardwick and Charles Kelly. Mrs. Duke Parish and Mrs. Hiram Benton, also attended the ceremony.

A two-tone blue sports costume and matching accessories were worn by the bride. She also wore a garden-ia corsage.

The bride received her high school education here, having graduated with the class of 1941, and has been making her home with an aunt and uncle, Mr. and Mrs. Edgar W. Hardwick, 1220 Bellevue avenue, San Bernardino.

Mr. and Mrs. Gregory will live in San Bernardino, where they will be at home to friends at 963 Second street. Mr. Gregory is in the Santa Fe train service.

### Lovell-Robinson Rites Announced

BURLEY, Jan. 17 (Special)—Of interest to Burley people is the announcement of the marriage of Miss Laura Robinson, daughter of Mr. and Mrs. L. J. Robinson, Oakley, who became the bride of Edward L. Lovell, son of Lorenzo Turner Lovell, Oak City, on Dec. 27, in the L.D.S. temple at Salt Lake City, with Richard R. Lyman, of the quorum of the twelve apostles of the church, officiating.

The members of the two families celebrated the event at a wedding breakfast at the Hotel Utah following the ceremony, and later a reception was held at the home of the bride's parents.

The bride is a graduate of the University of Idaho, southern branch, Pocatello, and the bridegroom is a graduate of Utah State agricultural college at Logan, where he was a member of the Delta Phi fraternity.

They will make their home in Oakley, where Mr. Lovell is a member of the high school faculty.

Mrs. Ikenberry to Speak for B. P. W. A talk on China by Mrs. E. L. Ikenberry—who used to live there—; the serving of Chinese food, and special games will mark the Chinese New Year observances arranged by the Business and Professional Women's club for Monday, Jan. 19, at 8 p. m. at the Baptist bungalow. She will display her collection of Chinese dolls.

### Crusading Church Topic of Address At Mission Meet

Dr. W. C. Barclay, Blackfoot, here to conduct a revival meeting at the Baptist church, spoke briefly on "Crusading Church for This Crucial Hour" at a meeting of the Baptist Women's Missionary society Thursday at the bungalow.

He built his talk around three commandments, "Come unto me," "Tarry yet awhile" and "Go ye." Rev. Roy E. Barnett talked on the visitation program of the church.

Plans were made to entertain at a birthday party in honor of the first anniversary of the organization of the Alice M. Gibbs circle, younger women's organization of the Baptist church, Thursday, Feb. 10, with further details to be announced later. Mrs. Herman Dodson presided at the meetings.

A dessert luncheon was served by Mrs. Walter L. Turner, Mrs. Noah Nichols, Mrs. Letha Malone, Mrs. Pansy Kingsbury and Mrs. Vernon Grimm, to the 30 women attending. Mrs. L. B. Tyler was in charge of the program, giving an address on "Love at Work in the Community."

### Guild Arranges Valentine Party

Members of the Junior Guild of the Church of the Brethren will attend a house dress and Valentine party Feb. 12 at the home of Mrs. Robert Hempleman. The party was planned when the group met Thursday afternoon at the home of Mrs. Ray Moon.

Roll call responses were Bible verses. Mrs. Verne Melton conducted the devotional, led in the singing of "Idaho" and the reading of the Lord's prayer, and also conducted the business session.

The group started to make a comfort for the civilian camp at Cascade Locks, Ore., and will do additional quilting on it next week at the home of Mrs. Clifton Smallwood.

Guests were Mrs. E. A. Moon and Mrs. Howard Munson. "Blest Be the Tie that binds" was the meeting, and the while attendant was won by Mrs. Melton. The hostess served refreshments.

### BPW at Rupert Honor Bride at Dinner Session

RUPERT, Jan. 17 (Special)—With the president, Mrs. Emma Easton, in charge, the Rupert Business and Professional Women's club met recently in the banquet room of Fred's club cafe in a dinner session.

In behalf of the club Miss Easton presented a wedding gift to the secretary, Mrs. Ed Miller, who prior to her recent marriage, was Miss Lois Vivian Steele.

Emergency Corps The club commentator, Miss Mirry Elizabeth Montgomery, spoke on the subject of "Lobbying for Defense in Time of War."

Mrs. Faye Katsarsky explained the Rupert emergency corps, a woman's defense organization recently formed here under her direction, and open to all women who wish to enroll in the nation's defense activities. A letter from the national B.P.W. president, Mrs. Minnie Maffett, on defense was read by the local club secretary, Mrs. Ed Miller.

Committees for the annual St. Valentine's day ball were named as follows: Hall and orchestra, Mrs. Fred Dickson, Mrs. Belle Trenhallo; tickets, Mrs. Zula Gregory, Miss Elaine Kinyon, Miss Anna Grace, Mrs. Rev. E. L. Ikenberry, Mrs. Ed Miller, Mrs. K. O. Sedgwick, Mrs. O. M. Mitchell, Mrs. Edna Whitnah, Miss Brownie Colwell.

Dance Committees Prizes, Miss Agnes Brockle, Miss Elaine Wheeler, Miss Lule Ray Robertson, checker, Mrs. O'Donnell, Miss Virginia Lewis, Mrs. Grace King, Mrs. George Hawley, talking tickets, Mrs. W. L. Reed, Mrs. Chris Hansen, Miss Evelyn Nelson, Miss Mary Elizabeth Montgomery.

Decorations, Mrs. Faye Katsarsky, Mrs. A. N. Snyder, Mrs. Henry Dunn, Mrs. Elmer Rosecrans, Mrs. Earl Goode, Miss Frances Giesler, Mrs. Minnie S. Rasmason, Mrs. Mary Goode, Mrs. G. F. Smith, Miss Mary Elizabeth Montgomery, Mrs. Earl Craig and Mrs. Belle Trenhallo.

### Men Take Charge Of Lincoln PTA

Nearly 400 persons attended open house at 7:30 p. m. this week, and the regular Lincoln Parent-Teacher association meeting which followed. Business meeting was conducted by Mrs. Ralph Elliott and the program was in charge of the men, with Howard Fisher as general chairman. Community singing was led by Chauncy Abbott, accompanied by Glen Boren, who later played "Piano Concerto in B Flat Minor" as a solo.

Following the presentation by boys of the first, second, third and fifth grades of a group of safety songs, Rev. E. L. Ikenberry spoke on "Schools in war-torn China, and his son, Ernest, gave a demonstration of Chinese writing.

Refreshments were served by a committee of men following the program. The group then attended an art exhibit arranged in the gymnasium, proceeds from which are to be used to buy a new picture for the school.

STARS ARE EFFECTIVE If it stars you like, you can do an unusual job on your ceiling by pasting glided or silver stars on plain ceiling paper or paint. Stars of varied sizes can be purchased in dime or stationery stores. Don't over do it, however. A few stars are effective; too many would be confusing and garish.

CAFE AU LAIT To make cafe au lait; add one-half cup cream and one-half cup milk to one-fourth cup coffee and bring it to a boil. This is coffee that lets the way they make it in New Orleans.

American farmers operate one-sixth of the nation's passenger car fleet—driving 4,731,159 automobiles—and 98 per cent of these vehicles are used for purposes connected with earning a living.

### Queens, Attendants Named as Candidates

Additional plans for the annual Gold and Green ball of the Twin Falls state, M. I. A. of the Latter Day Saints church, Jan. 29 at Radio Rondevo, were considered by stake officers and ward presidents at a special session this week.

Several wards have already selected their queen candidates and attendants, the others will do so next week, and from these, the reigning queen will be chosen for special honor at the stake ball.

Miss McNeely Chosen Twin Falls first ward, at the Gold and Green ball last evening, selected Miss June McNeely as queen. Her attendants will be Miss Verla Muri and Miss Gwendolyn Helfrecht. The event was staged at the first ward recreation hall.

Miss Louise Wright, queen, and her attendants, Miss Raye Wright, her sister, and Miss Thelma Taylor, Castleton, were presented at the Bull Gold and Green ball Jan. 8. Selected as queen of the Mountain and Green ball Jan. 14, was Miss Marion Walker. Her attendants will be Miss Leah Egbert and Miss Doris Egbert.

Kimberly Selections Kimberly queen will be crowned at a ward ball Wednesday, Jan. 21, in the ward recreation hall. Miss Grace McEwen has been chosen queen, and Miss Yvonne Morgan and Miss Neida Jean Peterson are her attendants.

Twin Falls second ward will hold the queen's ball Jan. 23 in the recreation hall. Miss Evelyn Cockrell will be queen and Miss Erma Gold and Miss Mona Hubert will be the attendants.

### Mrs. Benson to Lead Scribblers

Mrs. Florence Benson was elected president of the Scribblers' club last evening, succeeding Mrs. Alice Mae Smock. Session was held at the home of Miss Jean Dinkelacker, Colonial apartments.

Mrs. Smock was named as vice-president, and Miss Marjorie Byram was elected secretary-treasurer, succeeding Mrs. Ethel Gray. Mrs. Olive May Cook and Mrs. Harriet Jones were members of the nominating committee.

Plot Assignment Mrs. Benson, who took over the meeting following the program, announced that the all-member assignment for the next meeting Friday, Feb. 13, at the home of Mrs. Cook, would be a 300-word plot. Mrs. Alice Dygert will have the special assignment. Roll call responses will be unusual words, phrases and expressions.

Summarizing a course in short story writing which she recently completed, Mrs. Benson pointed out that the best length, for selling purposes, of a short-story, is 1,000 words. She also discussed the differences between objective and subjective story writing, and outlined requirements of manuscripts for the "secondary slick publications."

Mrs. Dygert read an article of a nationally known woman editor, "Fresh out of Lavender," in which the writer pointed out the type non-fiction and fiction that has been appearing in leading women's magazines during the past several years.

Up-to-Date Markets She recommended beginning writers for thinking that such publications still write of the days "when women swooned."

Mrs. Cook and Mrs. Smock reported publications. A dessert supper was served at 7 p. m. by the hostess, assisted by her mother, Mrs. H. L. Dinkelacker, preceding the meeting. Contest prize went to Mrs. Cook.

### Pythian Groups Install Leaders

Twin Falls lodge No. 46, Knights of Pythias, and Twin Falls temple, Pythian Sisters, installed officers this week. E. H. Mahan was installed as chancellor, commander, succeeding C. H. Eldred, and Mrs. Eunice Gates was reinstated as most excellent church.

A dinner for the two groups was planned for Wednesday, Jan. 21 at 6:30 p. m. at the Odd Fellows hall. Pythians authorized a donation to the American Red Cross war relief fund, noting the Knights of Pythias was the first American order ever chartered by act of congress of the United States.

Other Knights installed were D. Harvey Cook, vice-chancellor; R. C. Uhler, prelate; Albert Putzler, master of work; Mr. Eldred, master of exchequer; Charles O. Slack, keeper of records and seals, and master of finance; Clarence Wernick, master-at-arms; O. H. Coleman, G. A. Gates and C. R. Hawkins, trustees; John Barber, inner guard, and G. D. Johnson, outer guard.

Pythian Sisters also installed Esther Maher, excellent senior; Francis Minnerly, excellent junior; Deann Morrison, manager; Dorotha Putzler, mistress of records and correspondence; Angie Iron, mistress of finance; May Cook, protector; and Clemence Eldred, outer guard.

Mr. Coleman was installing officer for Knights at the Rogerson hotel, while Mrs. Eldred installed Pythian Sisters in the American Legion hall. Committees for the dinner-meeting are Mrs. Eldred and Mrs. Maher, kitchery; Mrs. Iron and Mrs. Minnerly, table, and Mrs. Cook and Mrs. Morrison, serving.

### Mariners Told of Progress of Artists

American art has developed at a place where it is surpassed only by Italian work, Miss Agnes Schubert, art instructor at the Twin Falls high school, and guest speaker, told members of the Mariners' club of the Presbyterian church, at a meeting this week in the church parlors.

Speaking on appreciation of American art, she illustrated her talk with many paintings. Mr. and Mrs. Robert Daeh were in charge of the program. Rev. G. L. Clark conducted a brief study period and devotional service, and during a business session, the group planned a "show" in honor of the Boy Scout cabin, to be held at the next meeting.

Games in the recreation hall were followed by a chili supper, served by Mr. and Mrs. Vernon Kildie.

### A. W. Morgan to Address Century Club Members

At a meeting of the Home and Garden department of the Twentieth Century club next Tuesday at 2:30 p. m. at the American Legion Memorial hall A. W. Morgan, superintendent of the Twin Falls schools, will speak on "Child's Life in the Home."

This topic is in keeping with this year's theme for the club, concerning "buying a lot, landscaping the lot, building the home and life in the home."

"Landscaping in the Fall" was the topic discussed for the club last fall by a guest speaker, and second topic for the year's program was "Building the Home," discussed by David Dickover, architect with the Boise-Payette lumber company.

Miss Lucille Johnston, home economist for the Idaho Power company auditorium, gave helpful hints on the subject of "Feeding the Family" at the following meeting.

Next meeting topic will be interior decorating, and following that, another speaker will discuss "Spring Landscaping of the Lot." Final meeting of the year will feature the discussion of "The Wife's Legal Rights."

Mrs. Bartlett Sinclair will preside at Tuesday's business meeting and Mrs. George Wilcox will be hostess chairman, assisted by Mrs. Harry Wilcox, Mrs. A. D. Gillespie, Mrs. Mallon Guest and Mrs. Robert Halter. Musical selections will be furnished by Twin Falls high school pupils, under the direction of Miss Marjorie Albertson.

### Filer Rebekahs Install Officers

FILER, Jan. 17 (Special)—At a meeting of the Filer Rebekah lodge Tuesday evening installation of officers was held with Mrs. Florence Cobb and Mrs. Doris Slerer as installing officers.

Mrs. Ruth Blass was installed noble grand; Mrs. Nell Blackley, vice-grand; Mrs. Blanche Brunet, recording secretary; Mrs. Alta Sikes, financial secretary; Mrs. Dorothy Macaw, treasurer; Mrs. Florence Cobb, right support to the noble grand; Mrs. Marie Brown left support to the noble grand; Mrs. Doris Slerer, right support to the vice-grand; Mrs. Victoria Winkle, left support to the vice-grand.

Mrs. Lella Reed, chaplain; Miss Ruth McDonald, past noble grand; Mrs. Anna Bandy, conductor; Mrs. Margaret Lux, warden; Mrs. Marie Gilliland, pianist; Mrs. Florence Cobb, district deputy; Mrs. Lois Lancaster, outside guardian; Mrs. Ora Creed, inside guardian; Mrs. Gerda Graves, Mrs. Madeleine Brown and Mrs. Dora Hamilton, trustees.

The committee on refreshments were Mrs. Edna Shaff, Mrs. Dora Hamilton, Mrs. Marie Greenwood, Mrs. Flossie Stewart and Mrs. Eula Pleistick.

### Pastel Floral Theme At Panhellenic Party

A floral motif was featured by Mrs. Frederic M. Sanger, Mrs. E. B. Tillery and Mrs. Thomas C. Peavey when they entertained members of the Panhellenic association at the January luncheon this afternoon at the Park hotel.

Accajias and snapdragons centered the tables and place cards, and tallies were in pastel flower designs.

Mrs. Howard Hall presented a report on the Panhellenic holiday dance, and the group discussed disposition of the proceeds.

Mrs. Robert D. Wornor presided at the business session, which preceded the contract bridge games.

Mrs. E. H. Oyer was the guest of Mrs. George Seidel at the luncheon.

### Dean Nichols to Speak at P.-T. A. Session Monday

"Development of a Sense of Responsibility in Youth" will be the topic of an address by John R. Nichols, dean of the University of Idaho, southern branch, who will be guest speaker at the meeting of the Junior-Senior Parent-Teacher association Monday, Jan. 19, at 8 p. m. at the Twin Falls high school auditorium.

The program is being planned by Mrs. C. H. Kregel, and musical selections will be presented by a Junior high school boys' chorus, directed by Ford Haruda.

All P.-T. A. members and any other interested persons were invited to attend the meeting and hear Dean Nichols speak.

### National Defense Parties Launched

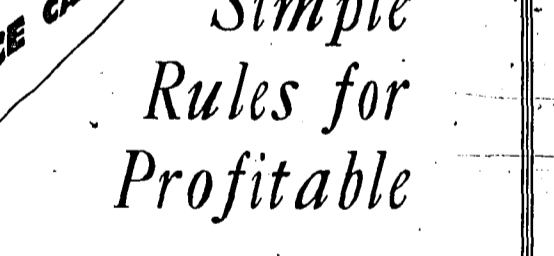

RUPERT, Jan. 17 (Special)—Mrs. E. E. Fisher, chairman of the Ways and Means committee of the Rupert Women's club, entertained Wednesday with the first of a series of "calendar" parties, which are given in the interest of national defense.

Mrs. Fisher, assisted by Mrs. Roy Cowell, also a member of the ways and means committee, entertained 12 women, representatives of the 12 months of the year. These guests will, in turn, entertain groups of "weeks" and the "weeks" guests will entertain the "days"—all in the interest of national defense.

At Wednesday's party honors in bridge went to Mrs. C. Warren Daigh for high score and to Mrs. P. H. Kenagy for low.

Decorations were of the victory motif, with V's placed on each pillar of the hall, and green and gold lanterns hung from the ceiling. Following the theme of "Ideals in Defense of Youth" words taken from the 13th Article of Faith were posted upon the V's about the hall: Honesty, truthfulness, chastity, benevolence and virtue.

Musical was furnished by members of Glen Bates' orchestra.

MEMO TO ADVERTISERS

1 GIVE NEWS and FACTS IN COPY

2 ADVERTISE REGULARLY

3 BUY SPACE CAREFULLY

Three Simple Rules for Profitable NEWSPAPER ADVERTISING

1. Make your advertising copy easy to read, friendly and informative. People read newspapers for the news. Give them facts and news about your merchandise and services.

2. Advertise regularly. Do what successful salesmen do—call on customers and prospects consistently.

3. Protect your advertising investment by insisting on audited circulation reports that tell you just what circulation you get for your money. Guesswork is wasteful.

\*In order that you may know just what you get for your money when you advertise in this newspaper, we are members of the Audit Bureau of Circulations. This is a national, cooperative association of more than 2000 publishers, advertisers and advertising agencies. Organized in 1914, the purpose of the Bureau is to establish and maintain definite standards of circulation, audit the circulation records of the publisher members and report this verified information to advertisers.

Annually, one of the Bureau's large staff of trained auditors makes a thorough audit of our circulation. The verified facts and figures thus obtained are issued in an official A. B. C. report.

Our A. B. C. report tells how much circulation we have, where the circulation goes, how it was obtained, how much people pay for it and many other facts that you should know when you buy newspaper advertising. Thus when you advertise in this newspaper your investment is in known and verified values.

The Idaho Evening Times

This newspaper is a member of the Audit Bureau of Circulations. Ask for a copy of our latest A. B. C. report giving audited facts and figures about our circulation.

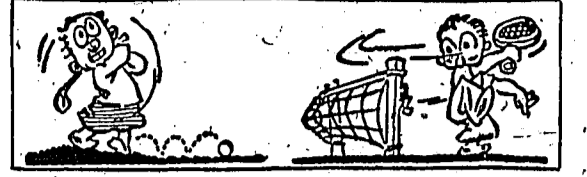

A. B. C. = AUDIT BUREAU OF CIRCULATIONS = FACTS AS A MEASURE OF ADVERTISING VALUE.

# ROBINSON SCORES 116th STRAIGHT VICTORY

# SPORTS

## Battling Bruins Edge Idaho Falls in Conference Cage Thriller

### Negro Battler Knocks Zivic Out in Tenth

By JACK CUDDY  
NEW YORK, Jan. 17 (U.P.)—Brown lightning streaked through the ring's smoke-haze, and Fritzie Zivic plumped on his face into the resin dust.

This knockout, one of the most dramatic ever registered in Madison Square Garden, paved the way for young Ray Robinson's technical knockout victory early in the next round—the 10th, thereby clinching a shot at the welter-weight crown and keeping intact probably the most amazing winning string in boxing history.

Brown-skinned Robinson, Harlem's dancing dynamite, gets a crack at Freddie Cochrane's 147-pound title Feb. 20 by virtue of last night's triumph over ex-Champion Zivic.

When Referee Arthur Donovan stopped the bout at 31 seconds of the 10th round, with Fritzie on the floor for the second time, 20-year-old Robinson won his 27th consecutive professional victory and his 116th straight triumph, including amateur engagements.

Veteran Zivic, who lost a 10-round decision to the slender, spring-steel Negro Oct. 31, was making a better showing in the scheduled 12-round bout than he was, blasted to the canvas in the ninth round.

### Gary, "Lefty" Get in Swing of Things

"Swingsters" in the groove are Lefty O'Doul, left, prescribing a rail-splitting course for actor Gary Cooper, who'll play the role of Lou Gehrig in the movie, "The Pride of the Yankees."

### Great Combination

Robinson, grandest combination of speed and punch since the heyday of Kid Chocolate, electrified the 10,775 fans late in that round by dropping rugged Zivic like a pole-axed steer.

The blow came out of nowhere—a thundering straight right that caught Fritzie squarely on the chin, just as he stepped sideways to throw a left hook. Zivic, who had been floored only once before in more than 180 battles, hunched forward convulsively. Right on his face he hit the canvas and when he rose at the count of nine his cheek and forehead were smeared with resin dust.

### Bell Ends Round

Robinson was after him like a brown fury, but the bell rang, ending the round.

Zivic was still groggy when he came out for the 10th and young Robinson tore after him, forcing him into the ropes where he barged Fritzie's head with stunning leather until he wilted. Both to count, merely waved to Robinson that the fight was over and reached down to help Zivic to his feet. It was the second knockout of Zivic's career. Mill Aron scored the first in 1939.

Robinson was out-weighted 148 pounds to 141 1/2.

### Gooding Nips Buhl With Late Rally

GOODING, Jan. 17 (Special)—Coach Dee Keeler's Gooding Seniors put on a strong finish here last night to edge the Buhl Indians by a score of 39-29 in a Big Six conference engagement.

Led by Pat Hamilton, who scored 13 points, the Buhl club held a lead most of the way, but the local quintet spurted ahead in the final frame with a 10-point scoring attack.

The game was rough all the way through, with a total of 22 fouls being called during the encounter.

Machacek of Buhl and Adamson of Gooding each collected nine points for their teams.

### Shoshone Cage Quint Loses to Hagerman Club

HAGERMAN, Jan. 17 (Special)—Defending Champion Class B Shoshone Indians took a drubbing from the Hagerman Pirates here last night by a score of 24-9 in a hard-fought and fast-played encounter.

The locals moved into the front at the start of the game and Coach Speed Rush's quintet could never catch up.

The Pirates led 5-2 at the quarter and the half-time found the count at 11-5. Third period score was 15-7 with the local defense working to perfection.

Scoring honors went to Gloré of the winners with six points, while Cannon topped Shoshone with four.

Preliminary saw the Shoshone junior varsity win by a score of 27-16 after taking a 13-10 lead at the half-time. Powell scored nine points for the winners while Dennis got six for Hagerman.

### Fight Results

By United Press  
NEW YORK—(Madison Square Garden)—Ray Robinson, 141 1/2, New York, scored a technical knockout over Fritzie Zivic, 148, Philadelphia, (10); Carlos Malacara, 130 1/2, Mexico, outpointed Harry Hurst, 137 1/2, Montreal (8).

HOLLYWOOD—Red Green, 143, Inglewood, Calif., drew with Cecil Hudson, 143, San Jose, Calif., (10); Gene Buffalo, 163, Philadelphia, dethroned Jimmy Casno, 161, Los Angeles (6).

SAN DIEGO—Al Smith, 152 1/2, Los Angeles, dethroned Kid Lester, 150, San Diego, (10); Dave Euna, 130, Los Angeles, dethroned Keyah Beggy, 130, Gallup, N. M. (6).

Jerome boxes vs. Wendell at Jerome Monday—Adv.

### California Ski Team Takes Lead at Resort

SUN VALLEY, Jan. 17 (U.P.)—Skiers from western states today competed over a slalom course in the fifth annual western interstate ski meet with California teams holding a firm lead in the competition.

Although Barney McLean of Colorado took individual honors in the downhill race yesterday, both men's and women's teams from California were on top in point standings. The California men had a point score of 272.1 and the women 278.2.

McLean's time for the double course was 1:46.1. He was followed by Mack Messer, Utah, 1:53.1; Bill Bowers, Oregon, 1:56.2; Bill Pletcher, California, 1:59; Roy-Mikkelsen, California, 1:59.1; Hank Dieckhuber, Washington, 2:03.2; and Bill Taylor, Washington, 2:03.3.

Kathleen Stratat of California toured the course in 2:16.2. Second was Audrey Roth, Utah, 2:17.4, and third, Catherine Henck, California, 2:20.4.

Utah was second in team standings with 263.3 points, followed by Colorado, 264.9; Idaho, 248.2; Oregon, 231.3; Washington, 245.7; Nevada, 210.3 and Montana, 204.6. Utah was second in women's standings at 262.3 and Idaho was third with 257.9.

### "Polio" Roll Of Honor

The fight against infantile paralysis in Idaho gained momentum today as sports leaders from throughout the state reported wide approval of plans to donate percentages of gate receipts from school athletic funds.

From Sports Editor Joe Blenkie of Idaho Falls Post-Register came word that he expected 18 schools in that territory to participate, while Sports Editor Ernie Stites of Pocatello Tribune-Journal was promoting the fund campaign in his section.

Here in south central Idaho the campaign was well under way with 10 schools already announcing their plan of participation.

Latest school to join in the drive is Jerome, which will give 10 per cent of the gross receipts of the Buhl-Jerome game of Tuesday, Jan. 20.

Yesterday many other schools got under the banner, with Heyburn, Dietrich, Murtaugh, Buhl, Shoshone and Hansen joining the previous list.

### Richfield Scores Win Over Hailey

RICHFIELD, Jan. 17 (Special)—Richfield high school's basketball squad last night handed a 20-16 trouncing to the invading Hailey quintet.

The locals took a wide 10-3 lead in the first half—the margin holding up in the second half. Smith of Richfield and Astorquia of Hailey each scored eight points.

Preliminary battle went to Hailey by a score of 17-12.

### Ecuador Net Star Advances In Tourney

CORAL GABLES, Fla., Jan. 17 (U.P.)—Francisco Segura, hard-striking South American tennis star from Ecuador, eliminated Billy Talbert of Cincinnati, fourth-seeded American player, 7-5, 6-1, to reach the semifinals of the University of Miami's annual invitation tournament yesterday.

Segura used his two-isted forehand in a baseline game and advanced with little difficulty to a match with Gardnar Mulloy of Coral Gables today.

Jack Kramer of Oakland, Calif., easily defeated Dick McCoe of Miami, 6-0, 6-1, and meets top-seeded Wayne Ebnin of Reno, Nev., in the other semi-final.

### New Ice Carnival Slated Sunday On Wilson Lake

HAZELTON, Jan. 17 (Special)—Second ice carnival in as many weeks will be sponsored here on Sunday when the American Legion backs another event at Wilson lake.

More than 2,000 spectators turned out last week for the special show, with proceeds going to the American Red Cross. This week the proceeds again will go to the Red Cross—although there will be no admission charge. Spectators may donate a small admission, if they wish, to help pay for sound truck expenses.

One of the features of the program will be a boxing match—on skates—between two Negro lads.

### Cranney's Club Comes From Behind to Win

By HAL WOOD  
Evening Times Sports Editor

Coach Dode Cranney's battling Twin Falls Bruins—and we do mean battling—went to work on the Idaho Falls Tigers last night and the result was the Magic Valley five stayed in the Big Six conference race—and the Tigers were pushed down in the standings.

The final score was 36-29 for the locals in a hectic battle that wasn't decided until the final minute of play—by which time most of the boys had renewed grid rivalry that they gloried in last fall on the football field.

Just as they triumphed on the gridiron, Glenn Gibb, Glenn Terry and Mel Hulbert, who performed in the Bruin backfield during the 1941 campaign, came through again—with the able assistance of Otto Florence, the six-foot, four-inch center.

### Tight Race

It was a face-horse affair from the opening gun with the Tigers holding the edge the first half—the Bruins' last.

Twin Falls went into a 4-0 lead in the opening two minutes of play, but the visitors came back strong and were in front 11-8 at the quarter as Karl Taked, the bustling Jay who performed in the Idaho Falls grid backfield during the fall, led the Ho scored eight points the first half to keep his team up in the running. However, when the pressure was on in the closing minutes, he didn't stand up so well and the Yanks—pardon us, we mean the Bruins—came through with a bang.

### Boxing

NEW YORK, Jan. 17 (U.P.)—Press-box sports patter:

BOXING—Bobby Ruffin of New York scored an upset decision over Chalky Wright at the Bronx Coliseum last night but it was the winner who went on the shelf today while the loser traveled to Los Angeles to appear in a benefit bout. . . Ruffin will be out of action for nearly a month because of a deep gash on his forehead which required four stitches.

Billy Petrolie, who reached fame as the Fargo Express under the canny tutelage of Jack Hurley, is operating a foundry in Duluth.

Maxie Rosenbloom is no longer in the night club business out in Hollywood, Calif. . . Ben Blue, movie comic, has taken over the place. . .

### Basketball

Purdue's teams have averaged better than a point a minute in Big Ten competition in five out of the past six seasons and despite the fact that they hold the all-time leadership in conference basketball, the Boiler-makers have had only two undefeated teams in Big Ten play—1912 and 1930.

Competition at Madison Square Garden resumes until Jan. 28 when West Texas State's quietest, tallest in the country, meets Long Island university and St. Francis plays La Salle. . . Speaking of LIU, Hank Beenders, lanky forward who captains the high-scoring Blackbirds, disproves the contention that skinny guys have no stamina by playing almost every minute of every game so far.

### Boise Braves Defeat Burley Bobcats, 39-24

BOISE, Jan. 17 (Special)—Coach Rulon Budge and his State Champion Class A Burley Bobcats were back in Cassia county today—suffering from a 39-25 defeat handed out by the Boise Braves here last night.

Coach Darwin Burgher's crew went to work on the state champions early, played a fine defensive game and held a 19-10 lead at the half-time.

Led by Bob Burbour, the home club took a 5-0 lead in the opening moments of play. However, the Bobcats came back strong to finish the frame just one point behind—6-7.

### Oakley Hornet Club Tames Jerome, 35-23

JEROME, Jan. 17 (Special)—Coach John Norby's Jerome Tigers dropped another hard-fought battle here last night—this time to the top-ranking Oakley Hornets.

The final score was 35-23—but the visitors had to put on a great, last-half rally to win the battle.

Both teams were "hot" the first quarter, but the Tigers held a 10-0 edge at the rest period. Oakley came back some in the second stanza, but at the half barely held a 15-14 advantage.

### Yale Ponders Return to Fast Football

NEW YORK, Jan. 17 (U.P.)—The main gun in a double-barreled campaign to bring big-time football back to Yale university next season will be fired today when the school's advisory gridiron committee meets here to complete plans for selection of a new coach with a national reputation.

The committee and Yale's director of athletics, Ogden D. Miller, have received many applications for the post vacated by Spike Nelson, who registered only one victory in eight games in his one-year regime.

On the possibility list are Lon Bliner of Oregon State, Don Foufay of Missouri, Frank Leahy of Notre Dame, Jim Crowley of Fordham, Red Black of Army and Lou Little of Columbia.

### Outstanding Sportsman of 1942: FDR for His Boost on Baseball

By JACK GUENTHER  
NEW YORK, Jan. 17 (U.P.)—The conservative element may consider Jan. 17 rather an early date to select the top figure of the 1942 sports year, but this corner's vote is hereby cast for the big guy with the big grin and Harvard accent. If further identification is in order, his initials are F. D. R. and his address is The White House, Washington, D. C.

Technically, his candidate has been on the sports inactive list for some time now because he has been preoccupied with other matters, but there will be no cry of ineligibility raised. For the big guy has just written a letter which qualifies as one of the most priceless documents in the history of baseball. It ranks no lower than second.

The most important one, of course, was written by Abner Doubleday. Abner invented baseball. Well, my candidate saved baseball and along with it he saved just about everything else that makes up what we know as sport. By just scratching his name on a piece of paper he gave the mob the green light and explained to the boys, in effect:

"Go to it lads, keep 'em flying on the playing fields, too. I've got a job to do and you have a job to do and they both are important. We have a war to win, but let's win it with a smile on our faces. Just don't get too far off base and I'll go along with you as far as I can."

This message constituted a tremendous uplift to the nation. Upon hearing them several hundred baseball men were so overjoyed that only sober reflection stopped them from rushing out and changing the names of the ball parks to Franklin Delano Roosevelt stadium, Hyde Park on the Mississippi or White House field annex No. 1.

The President's letter was extremely important to baseball men, but its benefits actually aren't restricted. It may serve as a precedent to guide all sportsmen everywhere. Mr. Big himself has gone on the record as believing all work and no play is a rather rough diet and not conducive to vigorous, healthy growth, either physical or mental.

His words may do much to stem a tide. In the past many many traditionally classic events have been scuttled. Among them the national golf tournaments, California turf meetings, the Indianapolis speedway race, and many track and field and football shows. A number of colleges have curtailed their athletic programs and reformers are sniping at racing everywhere.

Only today it was expected that the United States lawn tennis association would abandon its ma-

### Byron Nelson Boosts Lead In Oakland Open Tourney

OAKLAND, Calif., Jan. 17 (U.P.)—Byron Nelson, who hasn't won a California golf crown since he first invaded the coast nine years ago, held a four-stroke lead over the field at the halfway mark of the \$5,000 Oakland Open tournament today.

The former National Open and PGA champion from Toledo, O., added a one under par 69 yesterday to his first day's card of 67 to compile a 136 total for the first 36 holes, and the gallery decided he headed for his first west coast title "going away."

Tied at 140 for second place were Benny Hogan of Hershey Penn.; Lawson Little of San Francisco; Denny Shute, Chicago; Chick Herbert, Battle Creek, and Tony Penna, Dayton, O.

And one stroke back were Joe Brown, Des Moines; Paul Runyon, White Plains; Johnny Dawson, Los Angeles amateur; John Geerston, Denver; Mark Fry, Oakland, and Jimmy Hines, Great Neck.

### Former Champ Gets 4-Stroke Edge on Rivals

Casualties were many under the whipping wind and slick greens. Clayton Heafner quit after only two shots off the first tee. Jimmy Demaret, who once won the Oakland Open, was putting poorly and came home with a 73 for a total of 145. Ralph Gulda of Chicago could do no better than 148; Horton Smith turned in 147; Sam Snead and Johnny Bull had cards of 145, and Jug McSpadden counted 144 strokes.

"I just hit the ball down the middle, that's all," said Nelson in accounting for his finer display of golf.

Hogan, on the other hand wasn't his sharpshooting self. His approaches fell short and the fast greens deprived him of his usual number of birdies. His golf was far from the type he displayed in winning the \$10,000 Los Angeles Open. Heafner sent his first drive just 40 yards down the fairway. His next shot hooked off into the trees. He threw his club after the ball and walked off the course scowling.

Jimmy Thomson, who lost the Los Angeles crown to Hogan in the playoff, withdrew after eight holes because of a sprained thumb that has bothered him several weeks.

### Eden Grizzlies Trounce Hazelton

EDEN, Jan. 17 (Special)—Eden Grizzlies sank the casaba from all angles here last night to drub the invading Hazelton quintet by a score of 45-15. The local club led 13-0 at the half-time.

Eilers was top scoring threat with 10 points, while Gnie topped the losers with eight.

Preliminary encounter went to the local seconds by a score of 34-12.

### Jerome Boxes at Monday

Boxing—Wendell at Jerome Monday—Adv.

### Wendell Tips Filer Cagers By 32-18 Score

FILER, Jan. 17 (Special)—Class B Wendell high school basketballers played one of their best games of the season here last night to hand the Wildcats a 32-18 beating and gain an even break in the two games between the schools this season. Filer beat Wendell on the Trojan floor.

Scoring honors for the game went to Anderson, Wendell forward, who sank the basketball at will and counted 10 points. Blakeless topped Filer with six.

Preliminary encounter went to the Filer youngsters by a score of 32-18.

Lineups:

Wendell	Pos.	Filer
Anderson (10)	F.	Shuff
Lancaster (6)	F.	(4) Garay
Schouwer (4)	C.	(4) Walker
French (2)	G.	Malone
Wert	G.	(6) Blakeless
Substitutes:		Wendell—Suffa,
Prith, Eaton, Huey (1); Filer—		Slater (2), Blastock, Vincent (2),
Wood.		

### Hansen Scores Victory in Overtime Tilt

CASTLEFORD, Jan. 17 (Special)—Invading Hansen Huskies went in to an overtime period here last night and came out with a 23-22 victory over the Castleford Wolves in a thrilling game as has ever been played on the local court.

The two teams battled to a 20-20 deadlock at the end of the regular playing time. In the extra period Shaver of Castleford and Foster of Hansen each scored a field goal, but a Hansen gift shot turned the tide of battle.

Hansen held a 14-10 lead at the half, with the local club putting on a last half rally to knot the count.

High scoring honors went to Shaver of the losers with 11 points, while Foster topped Hansen with eight.

Preliminary game went to Castleford by a score of 23-20.

# Jockeys Exercise Horses At Deserted Santa Anita

## Thousands Put Out of Work On West Coast

By NEIL BURKHARDT  
 ARGADIA, Calif., Jan. 17 (U.P.)—Jockeys signed today as they exercised thoroughbreds over the vacant, windswept Santa Anita racetrack. Their thoughts turned to what might have been if the richest race meeting in the world had not been called off because of the war.

Today was to have been the running of the \$25,000 San Marcos handicap at a mile and one-sixteenth. It was to have been the first opportunity for the "name" horses—the Challeons and the Whirlaways—to step a stretch of ground in preparation for the \$100,000 Santa Anita handicap in March.

But instead only a few lonely jockeys clucked their mounts around the well-kept track at a slow gallop, with a handful of trainers, grooms and gardeners as an audience in place of the 60,000 fans that were expected to attend the San Marcos handicap.

2,000 still at work  
 More than 2,000 "horsemen" still work daily at the Santa Anita stables, while approximately 800 thoroughbreds, including the famous Whirlaway, are wintering at the "deserted" track. But every day the number of men and horses dwindles. Owners, giving up hope of a possible spring meeting, are sending their stables out to pasture on western and southern farms until the next convenient meeting.

Some of the larger stables, including Warren Wright's Calumet farm string of 46 ponies, Alfred Vanderbilt's 15 thoroughbreds, Louis B. Mayers' string of 38, and a dozen other big eastern stables, have chosen to keep their horses and trainers at the Santa Anita track "for a well-earned rest."

But the smaller stables were forced to pasture their horses or ship them to Hialeah or New Orleans in time for the winter meetings. To a few of them the army orders forbidding any large sports events or public gatherings spelled doom.

Ferocious Sell  
 Men who own three or four horses have been forced to sell their ponies rather than pay expensive feed bills for idle thoroughbreds.

Probably the hardest hit of the racing world were the jockey's agents who book races for their clients and handle their business matters. When the races stopped, many jockeys turned to the eastern tracks. Some riders have been drafted, and several have headed home to work in the southern California aircraft plants.

Late in December, following the installation of "backouts" on the west coast, half of the 1,700 thoroughbreds stabled at Santa Anita were shipped to Florida or New Orleans or were sent back to their owners' farms. W. L. Brann's stable, including Challeon, moved to Hialeah Jan. 8, while the Valdina farm thoroughbreds and many others went to New Orleans.

100 Stranded  
 About 100 apprentice jockeys, grooms and stable hands were stranded at Santa Anita when the exodus began. A few of them pooled resources and box-carred their way to the closest tracks, more than 80 were aided by the California Turf foundation, a non-profit benefit organization founded last year by California racers to help stranded horsemen.

Turfmen called the closure of Santa Anita the "greatest disaster in racing history," but all of them, from the millionaire sportsmen to the lowest paid grooms, took the blow in stride.

Little Jiggs Green, a colored groom who has spent his entire 31 years following the tracks, probably summed up the racing world's reaction:

"I hear this here whole thing happened over in England, too, but they're racing again there. Since we'll pull through, Oughta thank our lucky stars we're not at automobile salesmen and oughta think more about those fellows at Pearl harbor."

# Scholer Elected as Fish-Game President

Reorganization of the Southern Idaho Fish and Game association was completed today with the election of Dr. George Scholer, Twin Falls, as president at a meeting of the board of directors held here last night.

Scholer succeeds O. H. Coleman as leader of Twin Falls county's biggest fish and game organization.

Earl Davidson was selected as vice-president, succeeding Scholer, and Larry Basset was reelected as secretary. Mr. Coleman took the post as treasurer.

Three men from outside Twin Falls were named on the board of directors to serve for the coming year: Lee Fancher, Kimberly; Andrew Jean, Filer, and Grover C. Davis, district conservation officer, Filer.

Committees for the year were named as follows:

Fish planting, Lud Drexler, chairman, and R. Bailey Hansen; upland bird, Lee Leichter, chairman, and Mr. Bailey; big game, Mr. Basset, chairman; migratory bird, Max Spahr, chairman; publicity, Mr. Basset, chairman; membership, Mr. Coleman, chairman; projects, Ruel Stayer, chairman, Mr. Coleman and Mr. Davidson; legislative, Mr. Davidson, chairman, and Claude Stewart.

# Eddie Leishman Signs as Scout For N.Y. Yankees

SPOKANE, Jan. 17 (U.P.)—Eddie Leishman, pennant-winning manager of Twin Falls in the Pioneer league (1939) and Spokane in the Western International league (1940) today had been signed as a scout for the New York Yankee farm system.

Leishman was signed by Joe Devine, head Pacific coast scout for the Yanks, and will probably work through the Pacific northwest in search of talent for the big league club.

# Fairfield Scores Narrow Victory Over Dietrich Quint

FAIRFIELD, Jan. 17 (Special)—Dietrich and Fairfield basketball teams battled right down to the final minute here last night before the Camas high school club came through with a 33-31 victory in a hard-fought encounter.

The locals were in front 12-10 at the half, but the Blue Devils forged into the lead for a while in the third period—only to see it fade away.

The Dietrich club won the preliminary by a score of 21-16 in a froshoph engagement.

### Animal Circus

HEYBURN, Jan. 17 (Special)—Harry and Marie Mason will be at the high school Monday at 2 p. m. with their complete animal circus. They are widely known entertainers and members of the United States Zoological society.

# Nova Injured, so Pastor Will Meet Gus Lesnevich

NEW YORK, Jan. 17 (U.P.)—Lou Nova of Alameda, Calif., scheduled to meet world light heavyweight champion Gus Lesnevich Feb. 6 will be replaced by Bob Pastor of New York, Promoter Mike Jacobs, said today.

Nova, who was knocked out by Joe Louis several months ago, pulled a cartilage in his left side in training yesterday and will be unable to resume work for "three or four weeks." Nova was injured while pulling away from a punch during a sparring session.

# Waters at 3 Dams Closed to Fishing

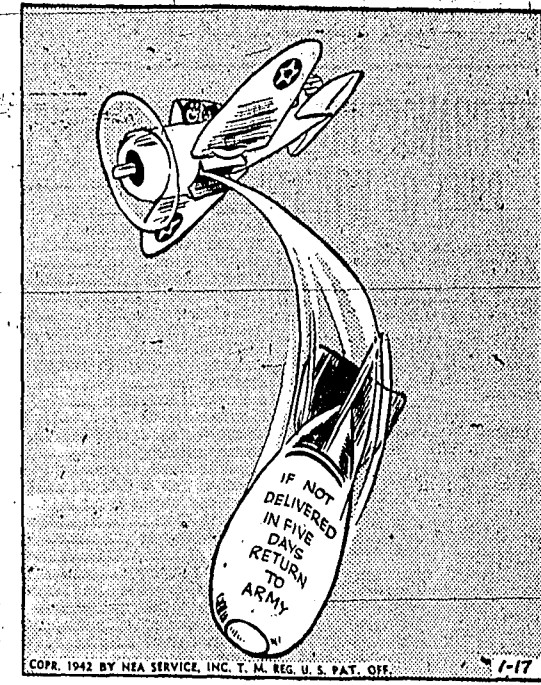

BOISE, Jan. 17 (U.P.)—Waters adjacent to Arrowrock, Black canyon and Deadwood dams were closed to fishing today by an order of the Idaho fish and game department.

Since the war started nearly all waters surrounding power and reclamation dams in the state have been closed to fishing.

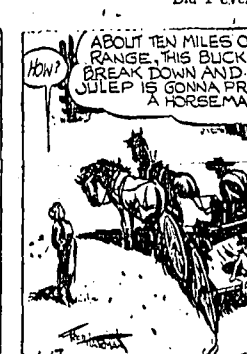

The order, closing waters 1,000 feet above and 1,000 feet below the three dams, was issued at the request of the U. S. bureau of reclamation.

To Keep the Old Car Rolling REPAIRS and ACCESSORIES

### On Convenient Terms

We might as well face the facts. To facilitate war production you're going to have to make your present car last and last and last... The national welfare requires that existing automobile transportation be maintained at the highest efficiency possible without interfering with the war effort.

In order to help you keep your car in good order, to help you maintain its even operation, we have made it possible for you to come in and get all the needed repairs your car should have and then pay your repair bill in small monthly payments. Now is the time to cut high operating costs on your car or truck. Let us make an estimate on repairing it. All work done by factory trained mechanics and guaranteed.

Flying Fact - At the first international airplane races, held in Chicago in 1912, St. Croix Johnston, flying a Dierdt XI Cross-Chalmers monoplane, died of a heart attack while in flight. The plane landed in Lake Michigan without being damaged.

# F. F. A. LOAN FUND PLANS GO AHEAD

Through the facilities of the Fidelity National bank, the Production Credit association and local F. F. A., the F. F. A. loan fund at Twin Falls high school will be maintained this year, according to Yale B. Holland, instructor and sponsor. This service is offered agricultural students at the school desiring to purchase livestock, but unable to do because of lack of security.

Nearly 75 Future Farmer boys have planned their project programs on a long-time basis and many of them develop large scale enterprises with over \$1,000 invested. Since September, 1940, about \$6,200 have been used for the purchase of livestock, feed and equipment for worthwhile projects that enable participants to get established in farming and set an example of good farming practices in the community. More than 42 boys have benefited in this program during that period, and it is declared to be one of the most extensive loan enterprises carried by any chapter in the country.

**Committee Decides**

Students make regular application for a loan and are judged by F. F. A. loan committee officers who are Hubert Hicks, president; Jack Glese, vice-president; Dean Jaynes, secretary; Don Ward, treasurer, and Mr. Holland, adviser. This group judges applicants on points of character, capacity, capital and credit. Final arrangements are made and the loan is carried out only when the applicant meets all requirements, as judged by the committee officers.

One student last year floated and met a loan of \$8,000. Such a program is termed of great importance to future farmers, as it enables them to carry projects on larger scale; to receive actual training in methods used in farm financing; build up credit standing; learn possible sources of credit; market products more advantageously, and buy better seed and breeding stock.

**Eight Goals.**

The F. F. A. chapter at Twin Falls high school has, as a whole, set up eight goals, or general phases of discussion, and published this plan in a pamphlet entitled "Future Farmers' Program of Work, 1941-1942." They explain their plans in this publication for supervised practice, cooperative activities, community service, leadership activities, earnings and savings, conduct of meetings, scholarships and recreational activities.

One of the steps in furthering of cooperative activities included plans for the making and selling of 200 concrete hog troughs. Another, which already has been accomplished, is the mixing and distribution of 4,000 pounds of livestock mineral feed. F. F. A. -ers plan to buy cooperatively \$3,000 worth of white-faced ewes, and have realized completion of plans for the purchasing of 3,000 trees, from the University of Idaho.

They cooperated with the Twin Falls county Pomona Orange in running "beano" stands at the Tyler fair, which netted \$300. Other plans include putting out four registered Duroc gilts on shares to needy chapter members, building of an F. F. A. trailer for use of the chapter members, buying of registered Duroc boar, the selling of 90 per cent of produce from sheep projects through county wool and lamb pool, and the lending of \$5,000 to F. F. A. students to finance projects through chapter loan fund. The latter project already has been accomplished.

## Band, Glee Club, Present Concert

**JEROME, Jan. 17 (Special)**—Jerome high school band and girls' glee club presented a joint-impromptu recital recently in the high school auditorium. Miss Anna Mae Olson and Jack Snodgrass, head of the Jerome city school music department directed the presentation.

The girls' glee club sang three numbers, with Miss Dorothy Carlton at the piano.

Miss Margaret Halbert sang a selection followed by songs sung by Miss Mary Ruth Ballow, and Madelyn May Sanderberg. Miss Olson was accompanied.

"White Cliffs of Dover" was sung by the girls' sextet, and the triple trio sang two numbers. Miss Dorothy Carlton was at the piano.

A cleverly arranged novelty number was "The Teddy Bear's Picnic," which later "turned into" the popular birthday song "Happy Birthday to You," played by the band in honor of Mr. Snodgrass. He was presented with a gift from the band members.

Band selections followed. A trumpet solo, played by Frederick Burkhalter was followed by a violin solo by Vernon Achenbach. Miss Lenore Jenkins accompanied. "The Star Spangled Banner" was the concluding selection.

## C. O. Fairfield Paid Last Honor

**BURLEY, Jan. 17 (Special)**—Charles Owen Fairchild, 82, miner and Oakley farmer who died Friday, was interred at Oakley cemetery Wednesday afternoon following last rites held at the Oakley L. D. S. tabernacle.

Loris J. Robinson, Jr., presided under the direction of Bishop Ivan W. Holt. Invocation was said by Joseph W. Wilson. Songs were "Beyond the Hilltops," "My Father Knows," "Lay My Head Beneath a Rose" and "God Be With You."

Speakers were William T. Harper, Bishop Holt, Roy Hall and Will Sagers. J. B. Fairchild said for benediction, and the grave at Oakley cemetery was dedicated by John H. Fairchild. Vern McCulloch directed the arrangements.

## Blood Typing

**BURLEY, Jan. 17 (Special)**—Thirty local residents have undergone blood testing and typing to date, according to Mrs. Jule Peacock who is in charge of the preparedness measure here. Typing will continue each Friday evening for the duration of the war and arrangements are being completed for more equipment.

# At the Churches

### Students Urged To Take Part in Oratory Contest

Students of Twin Falls high school, especially of English, history, debate and speech, were urged today to participate in the 1942 American Legion oratory contest. Local contests will be held on or before March 17, with Mrs. Rose M. North, head of the English department, in charge.

Topic of discussion is "The Statue of Liberty Faces a New Order of Tyranny," and each contestant is required to give a 10 to 12-minute prepared original oration, followed by an extemporaneous address of from four to six minutes' duration on some subject taken from the first 10 amendments or on the duties of the office of the chief executive.

Last year an Idaho boy, Frank Church, Boise, won the national contest and a \$4,000 scholarship to college. In Twin Falls high school English history and speech teachers will announce details and supervise the work in their classes.

## Heyburn G.A.A. To Give Dancing Party

# CLASSIFIED ADS

are constant friends to everyone!

Classified advertising is the friendliest advertising in the world... it carries the message of housewife, farmer, business man or professional person with equal faithfulness for all. And, what's more... it gets results! Classified is handed all sorts of jobs... to rent a room... to sell some pigs... to locate some insurance prospects... to lease a building... and it does each job well at a small cost, quickly and efficiently. Hundreds and hundreds of families throughout Magic Valley have called on the Times and News Classified Ads to help them. When you have a tough problem to handle — something to sell or rent; a new stenographer to hire; a home to rent for yourself — ask our Classified Department to help you.

**EASY-TO-READ and understand RATES**

Classified rates are easy to figure because they are based on a word rate — just count the number of words in your ad, consult the rate for the number of days you wish to run it and you have the complete cost. Costs, however, are based on a necessary ten-word minimum.

1 day, per word	5c
3 days, per word per day	4c
6 days, per word per day	3c

THESE RATES GIVE YOU BOTH PAPERS AT THE COST OF ONE

Users of Classified Ads find the cost is low because it doesn't take long to get the job done and you get the big circulations of both the Times and News at one low rate. Try Classified!

## BUSINESS & PROFESSIONAL PEOPLE ATTENTION!

During the current month, special emphasis is being placed upon the Business and Professional Directory of these papers. Three times a week "house ads," appearing on the front pages of the Times and News tell our readers about the many services they can locate through this handy directory. The cost is low — your ad appears in both papers at one low cost — \$2.50 per line per month.
