## MUNITIONS QUIZ DIRECTORS BEGIN MAPPING REPORT

Summary, Ready by March 15,  
Will Outline Reasons for  
Arms Regulation

## INQUIRY FORMALLY ENDS

Airmail Lobby Suggestion Is  
Final Evidence Uncovered  
at Hearings

By RONALD G. VAN TINE  
WASHINGTON, Feb. 21 (UP)—The two-year-old \$32,338,000 munitions investigation faded into history today, but its sponsors remained the task of bolting down a record which "will" have wide implications of the international arms traffic.

Real, dark-haired Chairman Gerald R. Nye, R., D., deploring the lack of time and funds that forced the inquiry to a conclusion, predicted a final report would be made to the senate by March 15. It will summarize results of the investigation since public hearings began in September 1934, and set forth arguments for legislation to regulate the vast munitions industry.

**Famous Men Named**  
Since that uncomfortably warm day when Nye told CHAIRMAN COMMITTEE to order, the names of many famous men, living and dead, have figured in the inquiry under "Secret Zeppelin," "Europe's Mystery Man," King George V. President Roosevelt, and a host of others.

Embryos, graft, huge profits, lobbying, treaty violations, war time financing, smuggling, plans for "taking profits out of war," were mentioned by Nye, who was covered in the bulky record.

"The study of the munitions industry," Nye said, "is a study which could go on forever. Every phase we have explored has opened new avenues of investigation which, if followed, would lead to a complete knowledge of the industry."

**Quiz 'Well Rounded'**  
"However, the committee feels that today's report is a 'well rounded' one, and that it can count the inquiry well rounded and complete."

Nye said the inquiry would not be repeated unless the case (Continued on Page 10, Column 1)

## SPAIN CONSIDERS PRISON AMNESTY

New Left Wing Government  
May Free Political  
Prisoners

By LESTER ZIFFREN  
MADRID, Feb. 21 (UP)—A proposal for immediate amnesty of thousands of political prisoners was put before the parliament today by the new left wing government of Premier Manuel Azana.

The amnesty would end a series of disorders throughout the country since the last revolution, and at right wing, political, headquarter and the backing and burning of the church, burnings or newspaper attacks.

The disorders have occurred in victory to left wing celebrations of victory which put them in power, and to demands that the government free all 30,000 political prisoners at once.

It was estimated that since Spanish election, 30 have been killed and 20,000 injured. San churches were set afire and two of them destroyed. Fascist, right center and right wing newspapers were attacked in the streets.

Censorship prevented the publication of anything about the new government's policy.

Four persons were killed in disorders at Alcala, illustrating the government's move to free political prisoners. The government is now waiting for the amnesty decree, freed inmates of two jails, friends of the church, burnings or newspaper attacks.

## Congressman Arrested in Relief Riots

Led by Representative Vito Marcantonio, successor in congress to Mayor LaGuardia of New York, 12,000 relief demonstrators battled 400 police in Madison Square when they were denied a permit to parade. Scores were hurt by falling clubs and fists before the outnumbered policemen got the situation in hand. One of the demonstrators who went down in the struggle is pictured at left, trying to rise. Marcantonio (right) took little the worse for wear as he leaves the police station, freed only a few hours after his arrest with eight others.

## DEATH REPRIEVE DUE FOR BRITON

Alexander Mackay, Englishman  
in San Quentin, Granted  
Court's Aid

SAN QUENTIN PRISON, Calif., Feb. 21 (UP)—An Englishman, Alexander Mackay, who had been sentenced to death for the murder of a woman, was granted a reprieve by the California state court today.

Mackay, 30, was sentenced to death in 1934 for the murder of a woman named Mary. He had been in prison for several years.

The court granted Mackay a reprieve of six months. During this time, he will be allowed to work and receive visitors.

Mackay's lawyer said that his client was a good man and that he had been in prison for a long time. He said that his client was ready to accept his punishment.

## 'Tis Sad Sight As Citizens Throw Dollars to Fish in Attempt to Prove Washington Fable

By FREDERICK G. OTTMAN  
WASHINGTON, Feb. 21 (UP)—A sad sight was seen today as citizens threw dollars to fish in an attempt to prove the Washington fable.

The fable, which is a well-known story, says that a man was told that if he threw a dollar into the water, it would come back to him. The man did this, and the dollar did come back to him.

The citizens in Washington today were trying to prove this fable by throwing dollars into the water. They were hoping that the dollars would come back to them.

The sight was sad because it showed that the citizens were desperate for money. It also showed that they were willing to believe in a fable.

# **TREASURY-FIGHTS GOLD SMUGGLING**

Two-Way Raids Revealed as Latest Headache Under Money Policy

WASHINGTON, Feb. 21.—The treasury today revealed another headache growing out of the New Deal monetary policy—gold smuggling.

Treasury troubles with gold were complicated this week by seizure by secret service agents of gold coins valued at \$338,000 in a New York safe deposit vault. But this, it developed, is just one in a whole series of difficulties growing out of the New Deal's changes in the nation's gold policy.

The principal cause has been the two-way smuggling racket. The government not only has to watch out for foreign gold being smuggled out of the country but they also have to guard the borders against efforts to smuggle in gold. The reason for this double smuggling is that some people have illegal gold hoards in this country and want to take the metal abroad. They have to smuggle the gold out.

On the other hand some foreigners want to bring gold into the United States in order to take advantage of the higher prices here. They smuggle it in.

Mostly From Canada  
The treasury has exact figures on this smuggling, but says most of the gold comes in from Canada. It was pointed out that the gold market has increased greatly. How much of this represents smuggled metal, treasury officials can't tell.

In 1933 only \$28,137 ounces of gold were delivered to the treasury in the form of gold coins. But in 1934, 2,180,000 ounces were sold. Much of this total represented gold brought in from foreign countries, and so on which people were selling because of the higher gold price.

Current case of smuggling gold in which the treasury discovered that a man found in Canada was carrying a quantity of gold coins, the treasury contained the coins, but the man was released, saying that a person who bribed the messenger to make delivery in the United States.

Seek Perfection  
Civil penalties seeking for the loss of the money are now underway. The Canadian government has agreed to make no further delivery of gold to the United States gold coin for the remaining. As a result, little gold is actually smuggled north.

Although some taken over the Mexican border, treasury officials believe the total traffic has been small. Secret service and customs officers have discovered fewer than 100 cases.

One recent instance was that of three men who were seized at Newark airport, as they prepared to fly into Mexico with \$9,000 in gold.

Owned By Swiss  
The \$338,000 discovered Wednesday in a vault of the Chemical Safe Deposit Co., was owned by Joseph J. Swire, Swiss international traveler.

The treasury is seeking to prosecute it in court but attorneys for Joseph Swire, claiming he is entitled to it as a foreigner, have obtained a restraining order.

A somewhat similar suit now pending in a New York federal circuit court involving \$1,250,000 in gold coins.

The money had been deposited with Ladenberg, Thauland and Co., New York bank, concern, previous to the enactment of the new gold laws.

The depositor, the Overseas Finance Corp., of Switzerland, is seeking to restrain the bank from turning over the gold to the New York Federal Reserve bank for its face value.

It also alleges that, as a foreigner, it is entitled to full value for ownership of the money.

## DOG DERBY AGES READY FOR RACE

Don Cordingley Defends Crown  
As Dog Drivers Eye \$400  
and U.S. Title

ASHTON, Idaho, Feb. 21 (AP)— Hoping to win \$400 in first prize money and a national championship, drivers of a dozen dog teams were ready today for a 24-mile race over deep snow in the 20th annual running of the American dog derby here Saturday afternoon.

Don Cordingley, the champion, was here with a finely trained team, prepared to defend his title. Cordingley, forced the association to put up a new cup this year as he gained permanent possession of the silver title cup last year by winning his third race.

Starts at 1:15

THE RACE WILL START AT 1:15 P. M. S. T. Saturday. The order of the starters will be determined just before the race by a drawing.

Experts said the race course, leveled by tractors and snowplows, was in the best condition in the history of the derby. It starts through Main street and ends at a bank five feet high, giving all spectators a splendid view of the finish.

Under derby rules, a contestant must finish with all four dogs.

Should a dog become disabled he may be pulled in on the sled.

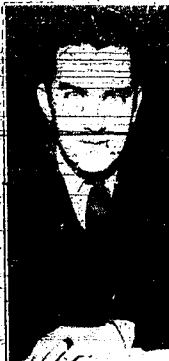

Stiff competition in the favorite, stiff competition from several drivers was expected.

Cecil Baum, Cordingley's classmate, Lloyd Van Sickle, entered by the Porcupine C.C. camp; Jack Neal, Jackson, Wyo.; Harry White, head, Idaho Falls; Leo Lewis, Rigby; Idaho; Mike True, Coeur d'Alene, Idaho; and "Freddie" Van Sickle, Lloyd's 10-year-old younger brother, competing in his first big race.

Entries will be received until noon Saturday, officials announced.

In addition to a leg up on the championship cup, which must be won three times, \$100 in prize money will be offered. First prize is \$400.

## SUPER-STUDENT

Student of Super-ability,

Last year Detweiler was given a Hamilton watch for his salesmanship and this year he will be given his choice of a group of valuable prizes.

Detweiler, together with C. H. and Harry Detweiler, John Flint and Charles Sleber, recently attended the annual spring Frigidaire sales convention at Salt Lake City where the new models were shown and 1936 plans reviewed.

Upon his return, Mr. Detweiler said the refrigeration industry is looking forward to the largest year in its history.

## THIS CURIOUS WORLD

By William Ferguson

THE LIGHTEST SOLID IN EXISTENCE IS FROZEN HYDROGEN, WHICH SOLIDIFIES AT 250 DEGREES CENTIGRADE.

The vulture plays a unique role in the world of nature. Due to its rapaciousness and the method by which it secures a living, the bird is despised by those who do not realize its true value. Disease would run rampant in many countries of the world were it not for the vultures, which pick clean the bones of unburied dead.

## MUNITIONS QUIZ REPORT STARTS

Summary, Ready by March 15,  
Will Outline Reasons for  
Arms Regulation

(Continued from Page One)  
military discovered it had not fully carried out all provisions of the senate resolution under which it was created.  
The last piece of evidence of error for the record was a suggestion by airplane manufacturers in January, 1935, that former Gov. Max O. Gardner of North Carolina might be of assistance in helping airlines obtain "proper" armament legislation from congress.  
Gardner was selected to have received \$75,000 as special counsel for the Aeronautical Chamber of Commerce, shortly after its master General James A. Farley cancelled all aircraft contracts in 1934.

Good Politician  
James P. Murray, eastern representative of the Boeing Aircraft corporation, suggested in a letter to C. L. Hagerman, director of the aeronautical chamber, that Gardner might be of assistance because he "is a politician of the first water."  
Murray wrote that the former governor and Democratic candidate for president in 1920, had been in congress in 1933 and added:  
"Personally I feel that Gardner can be of more help during this session of congress in order to get proper armament legislation passed than the industry itself."  
He came into the picture after the chamber had been organized.  
"He is a politician of the first water" and my observations tell me that in this administration, in order to get things done, Gardner simply has to be made to the use of politics.  
On this note the committee adjourned, with Mr. Hagerman, who had contributed suggestions for carrying out its purpose.

## HAGERMAN

The Hagerman Valley Grange met Monday at the Methodist church. Fifteen members were present. A pot-luck dinner was served at noon.  
Following meeting, Glenn Bell, secretary of the highway district, received Hagerman highway district out of debt and the tax levy for 1935 set at 24 mills, lowest levy in the state.  
The lowest in the county, J. E. Condit, district advisor for cattlemen, reported on the pro rata of stock grazing in district No. 1.  
A program was rendered.  
The P. N. G. club and the M. E. Aid society entertained Tuesday at a miscellaneous shower, in honor of Mr. and Mrs. Wilford Tupper, at the Old Fellow hall.  
Mrs. Mary Cook, a former resident of Hagerman, and Jack Gaston of Stevenson, Mont., were married Feb. 19, in Missoula, Mont. Friends have been advised: Mr. and Mrs. Gaston will make their home in Stevenson.

The Junior and senior troops of the Hagerman Girl Scouts held a Valentine party in the Civic club room, Monday evening. The game of "hearts" was the main diversion of the evening with high honors awarded Donette Barlogi. Later in the evening the girls gathered around the piano and sang popular songs. The Valentine theme was employed in the room decorations and refreshment menu. Thirty-five scouts attended. Honored guests were Mrs. P. H. Henshaw, Mrs. M. E. Pruitt, Misses Marion Snyder, Miss Evans and Miss Ruth Meyer, Neutnant.

## WELCOME, SEN. LONG, SAYS SEN. CARAWAY

Whatever the senator from Arkansas, Mrs. Hattie W. Caraway, left, said to the new senator from Louisiana, Mrs. H. H. Long, when the only two lady senators met in the capitol, there was real welcome in it, as the late Huey Long played a major part in Mrs. Caraway's election. Announcement that she was "100 per cent for the farmer and labor," and that her late husband's "Share the Wealth" activities would go on, Mrs. Long, smartly attired in black, with orchids at her shoulder, took her seat after being sworn in by Vice President Garner.

### DEVELOP CLUB-ORGANIZED

At a meeting in the Decker high school Feb. 19, 11 boys organized a 4-H club under the leadership of Devon Clark, agricultural instructor. Ross Anderson was elected president, Kelly Matthews vice president, Leonard Pappas secretary, and Jack Adams reporter. Other club members are Merle Braden, Frank Loh, John McArthur, Edsel Fisher, Melvin Davidson, Mac Noyes and John Smith. The club voted to postpone selection of a club name until next meeting, March 14. Meetings will be held on the second Friday of each month and a program of work will be followed as outlined jointly by the club leader and a program committee. The year's work will include selecting and caring for a pig project, a sow and litter of four market pigs, studying various phases of the hog industry in Idaho, and keeping records of the projects.

Ben Potter returned the first of the week from Boise where he has been visiting his mother, who is in the hospital.

The teachers' training class of the Christian church met at the home of Mr. and Mrs. G. I. Kline Wednesday evening.  
Tom Shook, who has been visiting in Kimberly for the past two weeks, returned to his home in Boise Monday.  
Mrs. Lee Howell and Mrs. May Duncan entertained the Kimberly sewing club at the home of the latter Wednesday afternoon. The afternoon was spent quilting. Dainty refreshments were served by the hostesses.  
Mrs. Peterson and Miss Dixon, both of Nampa, visited friends in Kimberly Monday.  
Miss Gertrude Sampson is suffering from a broken arm.

Clyde Brittain's famous ship building club, had its worst year in 1935. Business dropped 70 per cent below that of 1930 and 80 per cent below that of 1913, the best year on record.

## CABINET AIDE OF 'T. R.' SUCCEUMS

Metcalf, Commerce and Navy  
Secretary Under 'Teddy',  
Dies at Oakland

OAKLAND, Feb. 21 (AP)—Victor H. Metcalf, 52, secretary of commerce and later secretary of the navy in the cabinet of President Theodore Roosevelt, died at his Oakland home yesterday.  
His death, which came at the dawn of advanced age, followed that of his wife, Mrs. Emily Corrine Metcalf, by a month.  
Metcalf was congressman from what formerly was the third California congressional district when he was selected as a cabinet member by President Roosevelt, with whom he became very close.

Investigating Big Fire  
At the time of the San Francisco earthquake and fire in 1906, the president assigned Metcalf to make a full investigation of the disaster and report to him.  
"Am greatly gratified and relieved by your full report. I shall recommend to congress exactly as you suggest," President Roosevelt wired upon receipt of Metcalf's report.

He leaves a son, William Howard Metcalf, and two grandchildren, Victor Howard Metcalf and Barbara Bailey.

## Indians

Attorney General Says When  
They Are or Aren't

BOISE, Ida., Feb. 21 (AP)—When is an Indian not an Indian? Such was the question submitted to Attorney General Bert Miller by Robert Coulter, chairman of the Indian re-education control commission. Idaho statutes make it a misdemeanor to sell liquor to Indians and in an inquiry Coulter asked Miller what persons were included under the definition of the word "Indian."

In his reply Miller stated that Idaho statutes did not define the word, but from other state laws he drew the following interesting conclusions:  
Here's How  
"The son of an Indian father and a Negro mother for any other race is an Indian; the son of an Indian mother and a Negro father is a Negro. Therefore, liquor could be sold to the latter, but not to the former. The conclusion," he based on an opinion of a federal court.  
"It would appear then that
