## STOP ROOSEVELT CAMPAIGN LOOKS TO BRECKINRIDGE

**Conservative Anti-New Dealers Eye New York Lawyer as Key to Bolt**

**LANDON DRIVE IN OPEN**

**Republican Strife Indicated by Suspicion of Progressive G. O. P. Banks**

**By LYLE C. WILSON**  
**WASHINGTON, March 10 (UPI)**  
The conservative "Democratic" "stop Roosevelt" movement appeared to have found leaders who could head it toward nomination.

Political observers believed creation of a Jeffersonian Democratic third party in opposition to President Roosevelt's re-election would depend on the nomination of a presidential showing of Col. Henry Breckinridge, New York lawyer.

**In Three Primaries**

Breckinridge, 50, was chosen to oppose Mrs. Roosevelt in Ohio, Maryland and Pennsylvania. His anti-New Deal campaign is expected to extend into other states.

He is a well-known

political ally of the Democratic

billionaire and progressive bridge candidate.

But, a secret meeting between Alfred E. Smith and other prominent anti-New

Dealers in New York last week has been reported as indicating on "stop Roosevelt" plan.

**New Hampshire Votes**

The Democratic-party-split supporters today cast ballots in the first presidential primary election. As the ballots fell many observers were picking Gov. Alf M. Landon, the favorite, as the front runner.

Mr. Roosevelt's chances in the Democratic party last year and before repeated challenges Roosevelt

to non-office holding Democratic.

There has been a general "re-education" toward Roosevelt, and the Roosevelt campaign, after

Democrats who last year and before repeatedly challenged Roosevelt

police action.

**Supports F. D. R.**

But, the "progressives" joined on a Roosevelt-hand wagon front seat last week in Baltimore after an address to Maryland - young Democrats. The "progressives" consistent critics of such experiments as the late NRA and AAA.

## NEW HAMPSHIRE PROVIDING TESTS ON LANDON, KNOX

First of Primary Elections In States Will Reveal How Winds Blow

### F. D. R. CERTAIN TO WIN

**Knox Assured G. O. P. Majority But Informal Battle May Be Significant**

**CONCORD, N. H., March 10 (UPI)** — New Hampshire's presidential primary, first of the 1936 elections, will pit outstanding Republicans against each other and President Roosevelt against a volunteer favorite today.

It was reasonably certain that Frank Knox, Concord and Chester publisher, would win a majority of Republicans' convention delegates and that President Roosevelt's privilege "will not be seriously threatened," said George G. Germer, news bureau and German broadcasting system. His familiarity with German psychology is indicated by the fact that he is one man allowed to talk to the German radio audience without being censured first.

The excitement created by Hitler's speech and by the marching of German troops into the Rhine frontier, continued, a bold stroke and very different from the twin-individual-delegates-promised an indication of which way political winds are blowing.

Progressive voters were to elect seven delegates to the state district delegates. Democratic voters balloted for eight delegates, large and four small delegates.

Large and four Republicans voted three conventions about the 1932 representation by holding in the G. O. P. in that year's election.

Landon vs. Knox

Gov. Alf M. Landon of Kansas opposed Knox in the Republican convention. Jones will take the 26 candidates for the 11 convention seats formally pledged to a third party.

Sen. Senator Elliot A. Corcoran pledged himself informally to Landon and thereby created a test of Knox-Landon strength, because all the other candidates promised, in some manner, to support Knox.

Carter Higgs, vigorous campaign for election as a delegate-at-large, if he were elected, would be a shrewd negotiator.

Powerful Knox front, Landon adherents would interpret the victory as proof of a public sentiment for the Kansas.

Second Choice

Unusually strong Republican candidates would take Landon as second choice if Knox's candidacy collapsed in the convention.

Knox won their support largely because he published the Leader-Democrat, the state newspaper.

## Bruin-Shoshone Play-off Set At Murtaugh Friday

**Basketball play-off between the Twin Falls high school Bruins and the Shoshone high school quintet will be held in the Murtaugh high school gymnasium at 8 p.m. Friday. It was announced here this afternoon by R. V. Jones, coach of the Bruins.**

The game will decide the state central entrant in the state interscholastic hoop tournament.

Friday night, Coach Jones said, both will use the same squads that went through the district championship here Saturday night.

Both the Bruin and Shoshone teams will be playing their best.

Referee for the play-off game at Murtaugh will be Giff Davidson, American Falls, and M. W. Tate, Gooding superintendent of schools.

## FOOD SHIPMENTS CHEER WORKERS

**News of Coping Help Brings Joy to Nearly Starving Peapickers**

**NAPLES, Calif., March 10 (UPI)** — Shattered peapickers set up a fast food center today to help the fadista government "rush" a supply of food to Ward.

Merriam, who was announced to the public as a candidate for the presidential nomination, was welcomed by the "fastista" fast-food workers, stranded by a crop delay, throughout what a United Press correspondent said was the largest number of peapickers ever to work here from Los Angeles.

"My God, how we need it," exclaimed J. W. Carpenter, the camp boss.

Starved for weeks.

For six weeks the workers under 1,000 of them have been stranded without funds or food.

They had been paid only a minimum wage of \$10 a day, and the previous reports that San Luis Obispo county had been caring for the men were denied.

# FRANCE WAIVES SANCTIONS DRIVE

Lessons Tension by Abandoning Stand; May Drop Demands for Troop Removal

(Continued from Page One)  
cated today, to obtain British agreement for a four-point program against Germany which would entail a virtual ultimatum to Adolf Hitler to withdraw his troops and, if he refused, the withdrawal of diplomatic representatives from Berlin.

This action would be the beginning of other economic penalties. Military penalties were not contemplated.

French, British, Italian and Belgian delegations, as represented by George Clegg, British ambassador, and the telephone line to London for fresh instructions, because of the sternness of the original French attitude. He returned to the conference room with a "no information" meeting.

At the end of the morning meeting Finland had announced in a communiqué:

"In the opening session, M. Thuret, president of the delegations, made his signature and guarantees of the Locarno Treaty. He specified the meeting's purpose is one to exchange views and to study the situation, but no resolutions were to be proposed nor decisions taken before the council meeting at Geneva."

The procedure thus defined, the different delegations explained their viewpoints. This exchange of views will perhaps be continued at the conference room, but no resolution will be continued at Geneva where the delegates will meet tomorrow."

The delegates adjourned to attend a meeting of the League of Nations to continue discussion informally.

**Presented Program**  
"The morning session stands as a warning to all alarm of Finland as his program for the following:

1. A virtual ultimatum to Adolf Hitler, in the name of the League of Nations, to withdraw all of his troops.

2. A demand by the League of Nations to enter into negotiations to end the war in Germany so long as the troops remained.

3. If the troops are withdrawn, the powers could proceed under article VIII of the Locarno Treaty which states that the league council can denounce the treaty with the consent of all powers.

This could lead the way to a new Locarno, in which the Rhineland status may be changed.

**Waives Penalties**

4. If Hitler refuses to withdraw the troops the League of Nations would do a unit that the league council impose penalties on Germany, the first to be the withdrawal of ambassadors and other diplomatic representations.

5. France's gesture of disapproval of Germany's action.

While the Locarno conference was progressing, President Franklin D. Roosevelt and the chamber of deputies of France is willing to negotiate a future peace but will not do it in the face of threats.

"France is willing to negotiate under a regime of violence and renunciation of signatures freely exchanged," he said. "France remains ready to negotiate with Germany, my only request for international law is again assured."

# WESTERN TRACK STAR WINS MYTHICAL 5,000-METER CROWN

## BRIGHT DEFEATS EASTERN RUNNER

Stages Blazing Finish to Beat Joe McCluskey, Outdoor, Ace, by 15 Yards

SAN FRANCISCO, March 10 (UPI)—The Sunnyside school teacher, holder of the mythical national 5,000 meters championship today by virtue of a blazing sprint victory over Joe McCluskey, New York, in the club site in the final track meet season of the San Francisco indoor season last night.

Bright, holder of the American indoor record, 10.02, which he repeated through 37 laps of the race, then put on a blazing finish which the dean of outdoor performers could not match and finished 15 yards ahead. Bright's win was his winning margin in a wild sprint on the last three laps. Although McCluskey challenged gamely and brought the crowd to its feet, he could not catch up with Bright's stride.

**Third Noteworthy Victory**

Bright's time was 15 minutes, two seconds, and fastest on record for the event on a track with 13 laps to the mile. It was the San Francisco Olympic club's third noteworthy victory of the 1936 indoor season.

Bright repeated his performances by establishing a new American indoor record for the event at a New York meet several weeks ago, and then won the national Gleason Cunningham of Kansas in a race here recently.

Leroy Kirkpatrick, San Mateo junior, also from the indoor winning the 60-yard high hurdle race in 7.4 seconds, equalling the world record; Tom Moore, University of California, followed him closely and Paul Kingsbury of Stanford was third.

**OLYMPICS' FATE UP TO POLITICS**

Germany Fusses Plans Despite Possible Refusal of Some Nations to Compete

BERLIN, March 10 (UPI)—The fate of the 1936 Olympic games hangs on international decisions in the very more important field of politics.

Germany is continuing all her preparations for the international athletic carnival and will continue to do so, despite the report from Geneva today of the possibility that France, Czechoslovakia, Rumania and Yugoslavia might refuse to participate.

The refusal, justified as a result of the agitation for sanctions against Germany, would clinch the games but only war will stop them.

Dr. Theodore Lewald, president of the Olympic organizing committee, made that plain.

"War is the only thing that can prevent the games," he said.

Lewald said, "Sanctions as such could not do so, for the Olympics are neither an economic or political football."
