Turns Down Inquiries

Bans Newspapermen's Queries
About Conference With
Hoffman

NEW YORK, March 17 (AP)—

Closely guarded by relatives and
friends, Dr. John F. Condon re-
turned to New York today from a
two month stay in Panama and
from behind his station door
issued a statement saying he
would have nothing to say on the
Lincoln case.

The Bronx educator, who at-
tended to his duties as a
companyman from Panama on the
Steamer Santa Rosa by his daughter,
Mrs. Myra Hacker.

A portion of Condon's state-
ment was devoted to Mrs. Hack-
er, who is a sufferer from periculi-
ous anemia.

"I have no comment whatever
to make about the case,"

Statement sent in
The case was not identified
by Condon but it was assumed he
was referring to the Lindbergh
matter, as newspapermen previ-
ously had asked him questions
through a friend of Condon's the
Jan. 26 statement of Gov. Harold
G. Hoffman of New Jersey in
which the latter propounded some
doubts about Jafie's story told
at the trial of Bruno Richard
Hauptmann.

After newspapermen sent in
Gov. Hoffman's statement, Greg-
ory Coleman, a friend of Condon's,
sent a few inches to tell the
press that Dr. Condon "wouldn't
look at it."

Queries Drawn Up
Thus a series of questions were
sent in to Condon by newspapermen
and they were answered as follows:

Phone Chief Denies High Profit Aims

WASHINGTON, March 17 (AP)—

Franklin D. Roosevelt, S. Clifford
of the American Telephone and Tele-
graph Co., snapped out a declara-
tion at a federal communications
commission hearing today that the
\$8,000,000,000 concern never at-
tempts to make an "unreasonable"
profit.

Apparently irritated by the ques-
tioning of Clifford, Clifford
denied the charge that the
company is making a profit of
\$100,000,000 a year.

Clifford, who said his salary was
\$200,000, was the leading witness
at the New Deal's \$750,000,000 in-
vestigation of the telephone mono-
poly—the reasonableness of tele-
phone rates.

Becker pounded Clifford with
question after question concerning
the history of telephone regulation
by the government agencies. Clifford
finally said long distance tele-
phone rates never have been regu-
lated by any federal or state body.

Davis Western Electric
Becker then switched the ques-
tioning to the status of the West-
ern Electric company, a 98.42 per
cent owned subsidiary of the AT&T
System, engaged in the manufac-
ture of telephone apparatus. Becker
asked Clifford to explain the com-
pany's financial statement.

Clifford said the company was not
more than 50 years old. He asked why
the reason was to have a

As Heavy Floods Ravaged East

As swollen rivers carried destruction across New England, New
York, and Pennsylvania, hundreds fled for their lives, as damage
of streams in the east was. With flood waters surging over the
Trenton, N. J., bridge, and adjacent lands, the fishermen's shack shown
in the picture was tied to prevent it from floating away.

WPA PICKETERS
LASH GOVERNOR

Threaten to Picket Wisconsin's
Executive for Refusal to
Be "Scared"

MADISON, Wis., March 17 (AP)—

One hundred WPA picketers
turned Wisconsin's state legisla-
ture hall into a battleground and
threatened today to picket the
office of Gov. Philip F. La Follette
because he refused to be "scared."

"We have no desire to hurt any
body," shouted Strike Leader, Le-
slayton to his followers in the as-
sembly hall where they were camp-
ed. "But the governor, who has
been very unkind."

Other picketers, dressed in their
legislation, threatened to picket
the governor's office.

Scanty Food
"My kids went to school five
times this year, with nothing in
their dinner buckets but bread
and peanut butter," Olson thun-
dered, pounding the speaker's rostrum
with a broom handle. "We might
just as well get a bullet in our guts
and get it over with."

POT SHOTS
WITH
The Gentleman in the Third Row

WHAT WITH THIS being good St. Patrick's day and all—and Pot being no mean shakes—an politician, should he'd better wear our shamrocks right up here on our lapels, so to speak. So here they are!

SHIFFY SHIFF!
Dear Pot Shot:
Let me snuff a few contemptuous sniffs at Piggie Beggs and his list of his future wife's attributes.
So the girl he marries must be a combination of old-fashioned and modern, must she? Not to mention other qualities that any girl will tell you come only in the super-egoism of the dominant (7) male species. All Piggie Beggs desires is a mixture of Venus, Cleopatra, a cher, a workhorse, a mental dummy and a nursemaid.

FOUND—GENT WHO ENJOYS POT SHOOTING
When a man bites a dog, it's supposed to be news. And in the same principle, let me snuff a few contemptuous sniffs at Piggie Beggs and his list of his future wife's attributes.
So the girl he marries must be a combination of old-fashioned and modern, must she? Not to mention other qualities that any girl will tell you come only in the super-egoism of the dominant (7) male species. TIT FOR TAT
When Florida takes the mark, With Florida to vie;
"Tip n'p and tuck between the two,
Which tells the biggest lie.
First, Florida will take a cut at California's quakes.
Then California cures the hell A mad tornado makes.
And thus they spar and spout
And kick each other's pants,
But "jip" we pilgrims every time
There's half a chance.
Some day we'll sing that old
And this is what we'll say:
"We're going back to Idaho,
And going there to stay."

IF HE SOLD IT, HE'S A REAL SALESMAN!
Ask Harry Murgue what he was trying to do, anyway, when he sought to sell a police traffic ticket to a friend of his. He assured the friend that the tag was worth \$1, but he'd sell it to him for 50 cents. And you've got to be sure he assured the fellow, "In to take the tag in to the traffic judge and you'll collect your \$1!"
The friend didn't bite.

PAUL MALLON'S NEWS BEHIND THE NEWS
An Exclusive Evening Times Daily Report on the Fast-Moving Events in the Nation's Capital by an Expert Interpreter.
(Copyright, 1935, By Paul Mallon)

POLITICAL WHIRL
CHICAGO—The wind is always county leaders dominate has announced that he will support any man who people want. He knows his particular section is for Borah. He will therefore to the Cleveland, covered all a Borah delegate, but personally, everyone knows he is not a Borah man. How long he will stick to Senator Borah depends largely on his science. It will certainly not be more than two or three ballots. The same situation prevails to some degree within the Wisconsin state of Borah delegates. Thus, the main question may turn out to be not how many delegates Borah will get, but for how long.

EX-PALS
More indicative of the gusty wind of politics is the increasing number of ex-pals who are running for office. Governor Kelly and Democrat Governor Horner, said Mr. Kelly, "As a governor he is a good-bye carrier." Said Mr. Horner of Mr. Kelly: "I will carry Kelly's coat." Kelly carried 200,000 votes. The general consensus of the better judges here is that Governor Horner over-estimated his own ability and underestimated Mayor Kelly's.

FOOLING
The Borah-Knox contest for Republican presidential delegates is being fought in a most unusual way. Senator Borah is not here for a couple of speeches. Senator Knox is not here for a swing campaign next week. He will cover the state thoroughly before the primary day, April 14, but the subversive arrangements for delegates have developed a most unusual and equally as interesting as the Democratic one.

Revival of the Blue Card system of checking solicitation schemes here is meeting with widespread approval and should receive the encouragement of all business persons.
Worthy local enterprises will not be endangered by the plan which has for its chief purpose the elimination of unscrupulous solicitation proposals. The projects are examined by a competent committee and if worthy the solicitor is issued an official blue card which assures that he will be entitled to consideration. Lacking a blue card, it is an indication either that he has failed to present his project to the chamber of commerce committee, or that it has been rejected on one of several grounds.

The system is designed to protect business men and others against unworthy, expensive and unnecessary duplications of services.
In the past when the plan was in effect here it proved advantageous, but came into disuse after merchants and others failed to insist upon its enforcement.

The plan has merit and is eminently fair, because it protects the public against schemers, while the man with a worthy offer is given virtual endorsement by a chamber of commerce committee, members of which are appointed secretly to pass upon each proposition presented.

In tearing up the Versailles and Locarno treaties, Reichsfuehrer Hitler suggests a new pact: For convenience, this one might be performed.

Details of the new farm program, announcement of which is expected, this week, are looked forward to with considerable interest.
Start of soil conservation work throughout the country is to be undertaken at once. According to word from Washington, a program for the western wheat belt is to be ready to be put into operation within the course of a few days.

This activity follows a series of regional meetings, one of which was held in Salt Lake City last week.
It is believed that the program will be not unlike that which was in effect under the AAA, declared unconstitutional by the supreme court.

Whatever the provisions, it is to be hoped that the soil conservation program upon which benefits will be paid, will stand up under whatever legal threats are made against it.

THEATERS

SHAKESPEARE ON ORPHEUM SCREEN

Shakespeare's "The Merchant of Venice" will be shown on the Orpheum screen this evening.

The picture is having a special road show presentation with all-scale reserved. The matinee at 3 p. m. has been reserved for the Twin Falls "Bohemia."

James Cagney heads the all-star cast, with Joe E. Brown, Hugh Herbert, Frank McHugh, Olla Hara, Dewey Robinson and Arthur Treacher playing with him as the Italian manner who present a play before the Duke of Athens on the occasion of his wedding to the daughter of the Duke.

The leading romantic roles are played by Dick Powell, Jean Muir, Joan Alexander and Gloria De Hagen, who are introduced up to the affair to some strange pranks by the Duke's sister, Puck, portrayed by Mickey Rooney.

The spectacle is set to the beautiful music by Mendelssohn.

Adventure Picture At Roxy Tomorrow

The most thrilling adventure story of the season is "The Shipwrecked" which comes to the Roxy tomorrow only.

Jack Hall is starred in this exciting tale of the sea. As the ship's captain he is the center of a succession of dramatic adventures. His passenger ship takes fire in mid-Pacific and this gives rise to all the dramatic frenzy of a disaster on the high seas. Later Hall has command of another ship which is deliberately disabled by rascally members of the crew in an effort to collect insurance. In these sequences the excitement rises to a still higher pitch, while the vessel is on the verge of foundering in a raging storm, with the fate of all on board depending on the whims of a faithless woman.

"The Shipwrecked" was directed by Lambert Hillyer. The exceptional cast supporting Hall includes Robert Armstrong, Grace Bradley, Diana Gibson, and Charles Murray. "The Lone Wolf Returns" is a J. P. Smith story of the Roxy tonight. This closes at the Roxy tonight.

PLEDGES SOUGHT FOR BLUE CARDS

Harvey Circulates Petitions to Secure Signatures of Local Business Men

Petitions are now being circulated by Harold R. Harvey, Twin Falls Chamber of Commerce secretary, securing signatures of business and professional men to pledges regarding the proposed Blue Card method of solicitation control.

The pledge reads: To encourage worthy local enterprise and to protect ourselves and the community against unworthy, expensive and unnecessary duplication of services, we hereby pledge ourselves not to accept or consider any solicitation for funds, advertising, retail commodities or services unless the solicitor for the same shall display a blue card authorized by the Twin Falls Chamber of Commerce.

The agreement is designed to discourage outside solicitors, who furnish a mass of information before being issued a card, it is explained. His proposition and credentials will be examined by a secret committee.

Householders wishing to avail themselves of blue card services will be invited to either the solicitor for the display of the blue card, or may secure at the Chamber of Commerce office such notices as "No solicitors or peddlers," or "A Blue Card is Noted."

Solicitors whose propositions are rejected by the special committee may appeal to the board of directors of the Chamber of Commerce, under the agreement.

Final Tribute Paid

Burley Resident

BURLEY, March 17 (Special)—Funeral services for Helen Allen, Burley, were held Sunday afternoon at the Christian church. Cultures and prayer were given by Rev. J. S. Nelson and the sermon was delivered by Rev. H. J. Reynolds. Twin Falls music included a duet by Mrs. A. C. Gierman and Mrs. Wilson, vocal solo by Joseph E. Payne, accompanied on the piano by Mrs. Catherine Peterson and a song by a mixed quartet.

Flower bearers were Ted Gochour, Donald Edwards, Robert Van Hook, and Fuller, Kemm and Mortimer. Flowers were given by members of the Christian Endeavor, assisted by Mrs. June Peck. Interment was in the Burley cemetery under direction of the Payne mortuary.

COURTHOUSE FOR BURLEY PUSHED

Board of Commissioners Sends Telegrams to Congress for Allocation

BURLEY, March 12 (Special)—Telegrams urging immediate action toward securing an appropriation from the contemplated new appropriation to the public works administration for the construction of a courthouse here were dispatched this week to Senators W. E. Borah, James P. Pope, and Rep. D. Worth Clark by the board of county commissioners.

An application for a grant to aid in the construction of a \$75,000 building was forwarded in August to J. Vernon Otter, state PWA director at Boise who after promptly checking the application rushed it to Washington. It is understood that the project has been approved and only awaits the appropriation of sufficient PWA funds to allow a definite allocation for the work.

No Courthouse

Cassia county does not own a courthouse. Formerly located at Albion, the county seat was moved to Burley in 1910 after a heated contest in which one of the features of Burley's bid was the fact that it would provide quarters in the city hall with free rental for 10 years. At the expiration of this period the county has been paying \$200 a month for offices and also housing some of its departments in business buildings.

The county owns its building just south of the city hall and in addition to the fact that it is now in a strong financial position with no bonded or current indebtedness the following points are being stressed in favor of a courthouse: Rental costs in the county including downtown quarters and emergency program quarters, all of which have been paid for by a separate building of its own, total nearly \$300 per month; utility bills due to the fact that only electric heat is available in present office, average another \$125 monthly; present office quarters are now too small, inefficiently arranged and with insufficient vault and storage space. With the attractive PWA grant and loan arrangement it is reasoned that possibility of a county courthouse are bright.

DRIVER LICENSE PENALTIES STIFF

Attorney General Says Persons Driving Minus Permit Are to Be Bound Over

Driving without a driver's license is a crime according to a law word given out at the office of the county sheriff.

Information received by Sheriff E. P. Prater from the office of Emmett Frost, state commissioner of law enforcement, declared that Attorney General Bert H. Miller has announced that all persons caught operating automobiles without driver's licenses are to be bound over to the district court. His opinion was given on request of a justice of the peace.

Miller based his decision on penalties involved, driver's licenses being subjected to maximum fines of \$500. Violations which carry fines of more than \$300 cannot be handled in justice courts, the officials point out.

Plan Services for Hagerman Woman

GOODING, March 17 (Special)—Relatives are making funeral arrangements for Mrs. Mary Leona, 55, Hagerman, who died last afternoon at Gooding hospital. She had been ill for four months. Surviving her are her husband and two children, all of Hagerman.

Her body rests at the Thompson mortuary here.

BRIDGE CITY ELEGANCE

BURLEY, March 17 (Special)—Lawrence Olson, infant son of Mr. and Mrs. Frank Olson, Bridge City, died Sunday, March 16, at his home. He was 1 year, 10 months and 10 days old. Surviving him are his mother and two other sons. Services were held at the home of Mrs. Olson Monday afternoon with the Payne mortuary in charge.

POMONA GRANGE STAGES MEETING

Large Attendance at Gathering in Filner; Talk Included on Program

FILNER, March 17 (Special)—Twin Falls County Pomona Grange met last Saturday in the new home at the Filner Grange, the building formerly owned and occupied by the Catholic church. There was a large attendance at the all-day meeting, which was featured by the serving of refreshments at 12:30 p. m. The program included a song by the Grange, reading by Mrs. Pierce, violin solo by Mrs. J. Roy, a talk on transportation by Carl DeLong of the Idaho Vegetable Producers, Inc., and a solo by Mrs. Dealey.

At the business session which followed, the master's report gave suggestions for building up the membership. Six resolutions were presented and endorsed and it was voted to hold the next two quarterly meetings at night. These will come in May and in September.

The purchasing agent announced the purchase of a car of twins.

Rupert Anniversary

Marked by O. E. S. RUPERT, March 17 (Special)—The 25th anniversary of the local order of Eastern Star was observed during the past week. On Tuesday afternoon a silver tea was given at the home of Mrs. Clyde Isenbarg, and on Thursday evening the order held a birthday party in the lodge rooms.

A beautiful altar-flower holder and two candle sticks were presented to the order, and a large birthday cake, decorated in the colors and flowers of the order, was unveiled. The three charter members present gave talks and Mrs. George Moore read the cake. Mrs. Charles Burgher lighted the golden candle in memory of the order, and Mrs. Le Roy a green candle for the present and a rose colored candle was lighted for the future.

Mrs. Nettie Robinson gave a reading and Mrs. Nell Ross rendered a vocal solo in keeping with the event. At the close each member was served a small birthday cake centered with a small pigskin candle. About 70 were present.

IDAHO YOUTH, 14, DIES OF INJURIES

POCAHELLO, Idaho, March 17 (Special)—The 14-year-old son of Mr. and Mrs. Ralph Bennett of Virginia, Idaho, died here last night from injuries received when struck by an automobile driven by Ray C. Dalton of Pocatello.

The boy was struck as he stepped down from behind a wagon on the Yellowstone park highway. He sustained a fractured skull, concussion of the brain and numerous bruises.

Arthur W. Hall, coroner, said he would investigate further before deciding whether to hold an inquest.

Burley Junior C. of C. Ends First Year

Celebrating the end of the first year, the Burley Junior Chamber of Commerce staged a highly successful dancing party for members and friends at the Arcadia Thursday evening.

Under the leadership of Howard C. Pickett, president, the local organization has actively sponsored many community activities, including the first dedication day, city soft ball league, Alumni Normal-Westminster college Thanksgiving football game, community Christmas tree and Santa Claus treat. The group, working in cooperation with the senior chamber, has also advocated many civic improvement projects.

Membership now totals nearly 70 and the chapter is affiliated with both the state and national organizations. A large delegation will represent Burley at the Idaho-Oregon-Washington regional convention at Boise early in April.

Other officers who served during the first year were: Don Church, president; Dan L. McGrath, secretary; Harvey Rogers, treasurer; and the board of directors: George F. Scholer, Frank Kirmath, Roma Hamb, George South and Bryant Casler-Howard.

Richards also served as state councillor and Dan L. McGrath as a national councillor.

TRUSTEES URGED TO HEAR CARTIN

Slate Educational Official Will Explain Proposed Survey of Schools

—Announcement is made by Mrs. Maude F. Kleinop, county superintendent of public instruction, that William Cartin, assistant state superintendent of public instruction, will address all school trustees in the county in room 201 of the high school Saturday at 2 p. m.

He will explain a proposed school survey relating to finance, transportation, consolidation, being conducted as a WPA project.

The activity is under the joint sponsorship of the state planning board and the department of education. Trustees of both common and independent school districts are being invited to the Saturday afternoon session.

BURLEY NAMES HEADS

BURLEY, March 17 (Special)—The board of county commissioners has announced its selection of a supervisor and foreman for the PWA weed eradication project being sponsored by the county. The county has budgeted \$5,000 for materials and the federal government will expend \$50,000 for labor. J. B. Coleman, Burley, is named supervisor.

SALEN-BRAY, 52, TAKEN BY DEATH

GOODING, March 17 (Special)—Funeral arrangements are being made for Salen A. Bray, 52, who died here yesterday of spinal meningitis. He had been a resident of the Clover Creek community all his life with the exception of three years spent in Washington.

Surviving him are his wife, two sons and two daughters, a brother, the Rev. Washington T. Lewis, and sisters, Mrs. Ed Gibbons, Camas, Ore., and Mrs. Edith Calvin, Blaine.

The body rests at the Thompson mortuary.

BURLEY DIVORCE GIVEN

BURLEY, March 17 (Special)—Three divorces were granted by District Judge T. Bailey Lee here during the past week. Helen Millard, Burley, secured a decree from Wayne Hodge, and her maiden name of Wanda Hagedorn, was restored by the court. Hilda J. Paulson, Shoshone, was granted a decree from Bertis J. Paulson. The average age of those included in "Who's Who" is 51 years.
