

CANADIAN ARMY TO BE REDUCED

Dominion Plans Smaller, More
Compact Martial Set-Up
This Year

OTTAWA, Ont. (U.P.)—While nearly every other nation in the world is steadily rearming, Canada this year will reduce its army by 45,000 men.

Under a defense program drawn up by Minister of National Defense Ian MacKenzie, Canada's army will be reduced from 135,000 to 90,000 and will be reorganized completely to give the country a compact, co-ordinated service in place of the present straggling, loose organization.

Four Phases

Canada's future defense policy will be concerned with four possible developments, MacKenzie declared. They are:

1. Defense of Canada's coasts.
2. Possibility of Canada being compelled at any time to dispatch an expeditionary force to fulfill obligations under the terms of the League of Nations covenant.
3. Defense of Canadian nationality in the event of a war between other nations.
4. Transfer of an expeditionary force consequent upon any contingent developments in relation to Canada's position in the British commonwealth.

Cavalry to be Merged

On paper, Canada's military forces consist of 11 infantry and four cavalry divisions. Under Ian MacKenzie's scheme, the forces will be reduced to an actual strength of six infantry divisions and one cavalry division. The 136 militia regiments will be cut down to about 85, and the cavalry units will be merged and mechanized.

The active strength of the non-permanent militia at present is 48,761, but it is divided among innumerable regiments, none of which are up to strength and some almost moribund.

Regiments Strengthened

The traditional fighting regiments, with a long record of service, will be strengthened and given adequate equipment and compact administration.

The Royal Canadian Navy will be reorganized to provide greater opportunities for young Canadians to serve in it.

In addition, the Royal Canadian air force will be made more of a fighting unit. Civil aviation operations are to be transferred from the department of national defense to the new ministry of transport and communications, leaving the R. C. A. F. to its real task of training a combat fighting force for defense.

BONES TELL OLD BIRTH OF TWINS

Archaeology Agog Over Find of
Pennsylvania Bones of 15
Centuries Ago

HARRISBURG, Pa. (U.P.)—Discovery of the birth of Indian twins 15 centuries ago is as important an event to Pennsylvania archaeologists as the birth of the Bismarck quintuplets was to this world.

Skeletons of the infant aborigine twins, uncovered recently by W.P.A. workers in an ancient burial ground near Somerset, Pa., are believed to be the first of their kind in the United States.

Unearthing of the twins born among the Indian tribes which roamed what is now Somerset county opens a new chapter in archaeological research.

Dr. Donald A. Coutow, state archaeologist, who made positive identification of the skeletons, pointed out that while multiple births among the Indians 1,500 years ago were rare, to find the remains of Indian twins of that period is "without precedent in archaeological work."

SALE OF FAMED PALACE HINTED

Crown May Dispose of Noted
Buckingham Because of
Environment

LONDON (U.P.)—Buckingham palace, home of England's kings and queens for many years, may be sold as a building site for \$15,000,000.

Yours have surveyed the palace and its 40 acres of grounds. If it is decided to sell, part of the latter will be preserved as a public pleasure ground. It is understood a City of London syndicate is interested in the scheme.

George Argable

Owing to the changing character of the neighborhood, the possibility of giving up the palace as a royal residence first was considered by the late King George. He announced that he was agreeable to the sale of the site for public purposes.

It is well known that King Edward had no great love for the palace. He much prefers his present bachelor home at York house.

If Buckingham palace is sold, the "Court of St. James's" would become more an accommodation fact and not, as now, merely a term.

Business Center

A new business center in late years has grown up around Buckingham palace. Already offices and business premises virtually encircle it. Grosvenor place, Grosvenor gardens, Buckingham palace road, and other adjoining thoroughfares that were given over to the war, now have been converted into offices and business chambers.

The palace never has been really popular with any royal personages who have had to live there. It was settled on Queen Charlotte by George III, but she never liked it. During the reign of a state demanded. Nor did George IV and William IV.

During the whole of her widowhood, Queen Victoria used the palace as little as possible, while King Edward VII never ceased to regret leaving Marlborough house.

Miss Gail Bray, daughter of Mr. and Mrs. George Bray, left to attend business college in Los Angeles.

David Judd, local garage man, is in a Salt Lake City hospital where he underwent an appendectomy operation.

Edna Jackson, district forest supervisor, has been named chairman of the Idaho committee to attend the conservation conference at Portland July 2 and 3. It will leave here July 1.

Mr. and Mrs. Howard Kanan and son are in San Francisco on vacation. They will also visit the central coast of California.

Malvin A. Nielson, son of Mrs. A. P. O. Nielson, was graduated from Washington, D. C., from the George Washington university with the degree of bachelor of science.

Camels stimulate digestion in a pleasant, natural way... increase alkalinity

The human digestion responds unfavorably to nervousness and strain. It is definitely encouraged by smoking Camels.

Scientific studies show clearly the manner in which Camels aid digestion. Using tentative apparatus, it is possible to measure accurately the increase in digestive fluids—alkaline digestive fluids—that follows the enjoyment of Camels' costlier tobaccos.

For a cheery "lift" and for digestion's sake, enjoy Camels. They never get on your nerves. They are gentle on your throat. You'll like the firmness of Camels too—no loose shreds annoy you.

WESTERN CREWS EVEN FAVORITES

Cornell Ranked Just Behind Bears and Huskies As Major Threat

POUGHKEEPSIE, N. Y., June 22 (AP).—The lure of modern "glory gliders" powered their slim racing shells down the Hudson river in one of the most gripping of all sporting events drew 80,000 spectators to this steep valley town today.

They came to see 18 frail crew boats manned by 144 undergraduate sweep-rowers—individually the most unknown figures in sport, weak in three races of the 25th Intercollegiate Rowing association regatta.

Fresh Start Shows
Six freshmen crews open the show at 9 p. m. (EST). Five junior varsity boats continue it an hour later. And at 8 o'clock, seven varsity shells will move down stream in an expectedly exciting race of all time.

Crews from California, Cornell, Washington, Syracuse, Columbia, Pennsylvania and Navy will start in the varsity race with the two varsity west coast boats and Cornell's "Big Red" crew favored to wage aavage fight for the trophy.

The Golden Bears of Berkeley, Calif., who have ruled the Hudson river since 1928, and the Huskies from the northwest lumber belt were once money favorites this morning to win with Cornell, runner-up last year, an eight-fifteen choice to break California's string of triumphs.

COAST LEADERS MEET SETBACKS

Top Clubs Suffer Walloping, On Disastrous Sunday Double Bills

By United Press
Pacific coast college leaders slipped down the standings today as they suffered a double bill of lower division teams who rose up to take three doubleheaders from the three first ranking teams.

Portland, meanwhile, improved its position with a double win over the San Francisco State. The Bears moved into fourth place and climbed to within striking distance of the leaders.

In taking both their titles, the Portlanders also grabbed the series against the Huskies and their record of 12 victories in their last 14 starts. They won 7-2 and 8-4.

The Oakland downed Seattle 5-2 and 5-1. Seattle, however, claimed the series, four wins to three yesterday.

Oakland apparently only a shadow of its former self, took another vigorous whipping from the up-and-coming San Diego Padres. Frank Schellenbach's resurgent team routed the Billy Meyers crew 20-1 in the opener, then skinned through with a 3-0 win in the final.

Retaliating for five straight defeats, the Sacramento Sluggers fought against the Missouri to win 10-5 and 3-0.

Mr. McLemore Plans Monument For McLemore "Pick" On Fight

BY HENRY MCLEMORE
NEW YORK, June 22 (AP).—Plans for the erection of a monument to Henry McLemore for his part of the famous "Pick" fight were well underway, it was announced today by H. McLemore, chairman of the Society for the reward of a Patterson-and-Hall-Luck.

As outlined by the chairman in the form of a letter of intent on his desk in a midtown studio, the monument will be patterned after the Stone Mountain memorial in Atlanta and the George Washington statue in the Black hills of South Dakota.

"The major problems of the project already have been solved," he enthusiastically declared. "All we need now is a mountain and lots of money. The monument for the mountain I will journey to it and establish a summer residence. Then, for the money, I will prepare it for the assault of the sculptor by shooting all the game off the place. As you know, I am a hunter."

He said he would like to see the monument in stone as to have a permanent by accident, but face of the mountain is a lot of eyebrows, say. If there doesn't happen to be any game on the mountain, he will have a statue for a site, for we're not interested in erecting our tribute on a hill of no birds with a live on. Besides, I just bought a new shotgun."

The chairman was asked how Henry McLemore felt about being immortalized in stone.

"Extreme modesty," he replied. "We had a little difficulty with him at first. H. McLemore admitted, 'His extreme modesty, you know, is a little bit of a problem. I thought a monument on a mountain was a bit vulgar, you know. He suggested a statue on a hill of no birds with a live on. Besides, I just bought a new shotgun.'"

GOODING WINS TO TAKE SOLE LEAD

Noses Out Hazelton, 9 to 7, As Wendell Defeats Buhl, 5-4, On Three Hits

HAZELTON, June 22 (Special).—Gooding stepped into sole leadership of the Southern Idaho baseball league Sunday by nosing out Hazelton, 9 to 7, while Buhl was losing a tight 5-4 battle to Wendell.

Dean Johnston, former Oregon State college hurler now performing for Gooding, held Hazelton under control for seven innings, allowing only one earned run and four scratch hits. He was relieved by Winnett in the eighth but was rushed back into the box to win a Hazelton spurge that brought in four scores in that frame.

Johnston struck out 12 Hazelton batters. He fanned six of the first eight men who faced him. Chief hitting stars of the Hazelton team were the slugging of Campbell's drive into the hole.

NICE BARGAIN

Henry Cotton, With Sub-Par .67, Leading at Time of Postponement

HOYLAKES, England, June 22 (AP).—Rain and stormy weather caused the tournament committee to make the almost unprecedented decision of cancelling all play in the opening qualifying round of the British open golf championship today.

When the officials decided to cancel today's play, Henry Cotton, Britain's professional representing a Belgium club, held the lead with a par-shattering 67, six under par for the 72-hole tournament.

Thunder showers, which have prevailed the past three days, were in evidence when play started today. Later in the day the rain increased in intensity, drenching the players and making play extremely difficult.

The only American who played in the tournament was Frank Ball, of New York, who played the Hoyalakes course in 82, nine over par.

Henry Cotton, With Sub-Par .67, Leading at Time of Postponement

HOYLAKES, England, June 22 (AP).—Rain and stormy weather caused the tournament committee to make the almost unprecedented decision of cancelling all play in the opening qualifying round of the British open golf championship today.

When the officials decided to cancel today's play, Henry Cotton, Britain's professional representing a Belgium club, held the lead with a par-shattering 67, six under par for the 72-hole tournament.

Thunder showers, which have prevailed the past three days, were in evidence when play started today. Later in the day the rain increased in intensity, drenching the players and making play extremely difficult.

The only American who played in the tournament was Frank Ball, of New York, who played the Hoyalakes course in 82, nine over par.

Ethan Allen, who went to the Hoyalakes course in 82, nine over par.

THIS CURIOUS WORLD

By William Ferguson

LITTLE AMERICA,
WORLD'S SOUTHERMOST TOWN,
IS FLOATING ON A SHEET OF
ICE, 250 FEET THICK.

BANANA TREES GROW
FORTY FEET TALL, BUT HAVE
STEMS LIKE PLANTS,
INSTEAD OF TRUNKS.

IF THE
EARTH WERE FLAT,
IDENTICAL TIME
WOULD PREVAIL
IN EVERY CITY
OF THE WORLD.

Of course we know that the earth is round, but there have been doubters even up to the present century. The matter of time is one positive proof that the earth is not flat. On a flat earth, the sun would set at the same instant throughout the land. The Greeks knew the earth was a sphere, more than a thousand years before Columbus made his famous voyage.

ACCIDENT TAKES LIFE OF CHILD, 7

Funeral Being Arranged Today
For Duane Slater, Filer,
Injured Saturday

FILER, June 22 (Special)—Funeral arrangements are being made for Duane Slater, seven-year-old son of Mr. and Mrs. Ben Slater, Filer, whose death at 6:15 p. m. Saturday is ascribed to severe shock although the child suffered a leg fracture and a severe scalp wound after he had been struck by a Filer highway department road scraper, operated by his father.

The accident happened on a farm road near Filer. He died at Twin Falls General Hospital.

The boy had gone to work with his father. He reportedly ran in front of the scraper and died an hour after being brought to the hospital by Guy Shank.

Surviving are his parents, two brothers, Loren and Leroy; a sister, Donna Jean, and his grandmother, Mrs. L. M. Chapman, all of Filer.

Girl Reserves Are En Route to Lakes

Twelve delegates from the Girl Reserve of Twin Falls, high school left this morning by bus to attend summer camp at Payette lake. Delegates from Ellen, Filer, Burley and Kimberly were on the same bus. Miss Marjorie Throckmorton, sponsor of the Burley group, accompanied them.

They will return July 1.

Members of the Twin Falls group were Marie Nelson, president of the Maple Valley district; Virginia Brose, Loretta Belle Lopez, Myrtle Abiding, Edna Palmer, Carolyn Duffley, Jean Clark, Betty Hansen, Maxine Doss, Marjorie Holpin, Janet Fitterwater, and Alice Povey.

Seen Today

This contributed item, reminding of prohibition days: "While melting some ice cubes last night, a host who had turned his back on some gin poured into glasses, was dimwitted to hear a mighty 'puff' and then the smashing of one of his partially-filled cocktail glasses into anti-bubbles. Though at first, suspecting the state liquor with being particularly high-powered, he reasoned: next to the glass was a partially-iced bottle of lime rickey, with a rubber stopper in the top. The stopper evidently had been blown out from the shaking of the bottle, the stopper went into the air and came down on the glass doing the damage for which he was wrongfully was blamed." Happy voice, making his bonus money spread as far as they possibly can. Sun-battered national guardians, getting back to their jobs after their annual "vacation."

New shopping slogan: "Only 10 days until the Fourth of July."

Summer clothes for men, ranging all the way from sweat-shirts to black alpaca, and not only up expected hottest, they're the best, but forsworn, the longest one.

HAGERMAN

Honoring Mr. and Mrs. Roy Parsons, who moved to Jerome this week, members of their bridge club here entertained at a bridge dinner followed by four tables of bridge at the home of Mr. and Mrs. E. J. Powell, Wednesday evening. Out-of-town club guests were Mrs. C. Sweetland and Mrs. Dickenson.

Plans arranged under way and committee from Burley and Hagerman are busy arranging a Pioneer day celebration to be held here July 24. Plans include morning parade and program, and an afternoon of sports events including a league baseball game between Hagerman and Haxellon.

MANY IN PROGRAM

BURLEY, June 22 (Special)—Interest in the new recreational program under auspices of the big board of education, the W.P.A. and N.Y.A. is increasing daily and now there are 437 children and adults taking part. Miss Narrietta Haight and Bud McKinley are in charge.
